Ancient God

#5741 - Extremely simple

At this moment, hearing Su Ruoshui's very worried words, Ye Feng immediately laughed and said, "Of course, there's no need to guard the mountain here for a thousand years."

At this moment, after Ye Feng's voice fell, the majestic voice inside the mountain rang out again, saying, "Boy, you are confident, but it's useless. Although you are a soul master, I can sense that your soul power is not as strong as imagined. Your soul power is nothing compared to mine."

Buzz!

Almost at the instant when this majestic voice fell, a huge mountain-shaped soul giant suddenly condensed within the entire broken mountain.

This soul giant is obviously the mountain god of this mountain that Ye Feng mentioned.

It has to be said that the soul pressure emanating from this mountain god is terrifying to the extreme. Even Ye Feng has to sigh that this mountain god of the mountain where the ancient gods discussed Taoism is indeed much stronger and more terrifying than the mountain gods of ordinary mountains.

Because this mountain god is contaminated with the aura of the gods.

At this moment, this mountain god manifested his soul body, immediately stared at Ye Feng, and said, "I will let you guard here for me for a thousand years. After a thousand years, you can leave. This is the price you pay for obtaining these four super magic weapons left by the ancient gods."

Ye Feng laughed at this time and said, "How can you make us guard the mountain here for a thousand years?"

The mountain god immediately sneered, directly releasing his powerful soul power, and unexpectedly formed a huge soul prison, trapping both Ye Feng and Su Ruoshui inside this mountain.

At this time, Ye Feng directly transformed into his own soul giant and blasted towards the front.

The soul giant released by Ye Feng directly stretched out a soul fist and blasted towards this prison.

Rumble!

In the next instant, Ye Feng's soul giant's full attack did not break this soul prison.

Seeing this scene, Su Ruoshui's face suddenly became extremely ugly.

Because she knew that even if Ye Feng was a soul master, he could not be the opponent of this mountain god.

At this moment, Su Ruoshui already felt that their fate might really be imprisoned here for a thousand years.

However, when Su Ruoshui thought that Ye Feng was also imprisoned with her, she felt a little happier in her heart, because Su Ruoshui had a kind of inexplicable closeness to Ye Feng, and her sense of fear was also weakened a lot when she could stay here with Ye Feng.

But at this time, Ye Feng's eyes showed a look of surprise, and he said, "Your mountain god is indeed very powerful because it is contaminated with the aura of the gods, but this is still useless."

Almost at this instant, Ye Feng directly awakened the Chu Emperor who was sleeping in his mind, and said, "Chu Emperor, wake up quickly, I have encountered a very difficult mountain god, his soul power is very terrifying, help me deal with him."

For Ye Feng, soul-level danger is not dangerous at all, because there is a great god like Chu Emperor in his head.

Sure enough, just as Ye Feng's voice fell, Chu Emperor woke up again from his sleep.

Chu Emperor sensed the situation outside a little, and suddenly said with surprise, "This mountain god is indeed very powerful, it is a great tonic for me."

Almost at this instant, Chu Emperor directly released his power.

Shua!

In the next moment, a huge golden hand suddenly grabbed out from Ye Feng's head, instantly shattering the surrounding prison.

"What? How is this possible?"

The mountain god not far away immediately couldn't help but exclaimed in horror, as if he couldn't believe what was happening in front of him.

But at this time, the golden hand suddenly grabbed towards him.

In the mountain god's terrified scream, this golden hand stretched out from Ye Feng's head, grabbed the mountain god back into Ye Feng's head, and completely disappeared, without a trace.

Seeing this scene, Ye Feng's eyes suddenly showed a look of amazement. Chu Emperor's strength seemed to be getting stronger and stronger. Grabbing a mountain god was like grabbing a chick, it was extremely simple.

At this moment, Su Ruoshui stood beside Ye Feng, seeing this scene, she was already shocked to the extreme.

Because she had already despaired, thinking that they would definitely be trapped in this mountain for a whole thousand years.

Su Ruoshui even began to consider how to spend this thousand years in the future.

But unexpectedly, in the blink of an eye, a golden hand stretched out from Ye Feng's head, possessing terrifying power, and instantly grabbed this mountain god into Ye Feng's head and disappeared without a trace. The mountain god was probably dead in an instant.

This terrifying power made Su Ruoshui feel a deep shock.

Su Ruoshui suddenly understood at this time that Ye Feng was not just an ordinary soul master, there was a more mysterious soul power in Ye Feng's head, possessing terrifying power.

At this time, Su Ruoshui stared at Ye Feng, wanting to ask something, but in the end she didn't ask.

Because she knew that this secret must be Ye Feng's biggest secret, even if she asked, I'm afraid Ye Feng wouldn't tell her, it's better not to ask.

After all, everyone has their own secrets, and Su Ruoshui also has her own secrets, and she didn't tell Ye Feng.

At this moment, Ye Feng looked at Su Ruoshui beside him, smiled slightly, and said, "Senior Sister Su, the crisis has been resolved, we can leave here directly."

When Su Ruoshui heard Ye Feng say this, saw the relaxed expression on Ye Feng's face, she couldn't help but nodded, and then said, "This time, thanks to Junior Brother Ye Feng, otherwise, we would probably be trapped here for a whole thousand years. By the time we

leave this mountain, the outside world doesn't know what earth-shattering changes have taken place."

Ye Feng smiled and said, "A thousand years is also a very long time for cultivators. There must be changes in the outside world, but fortunately, this time I still have a trump card to dissolve the mountain god's conspiracy."

At this moment, Ye Feng did not hesitate at all, and directly took Su Ruoshui away from this mountain and flew quickly towards the outside.

When the two left here, they returned to the Valley of the Gods again.

At this moment, Su Ruoshui looked at Ye Feng and said, "My purpose of coming here has been completed, I should go back to the Dark Divine Court headquarters, do you want to go back with me?"

Ye Feng shook his head and said, "I still want to continue to practice in the Valley of the Gods. After all, there are not many opportunities to practice here. Since I have entered, I will look for a longer time to see if I can find other opportunities and good fortune."

When Su Ruoshui heard Ye Feng say this, her eyes flickered, and she said, "You have been asking about the Dark Divine Son, do you have a grudge against the Dark Divine Son?"

#5742 - The Land of the Fallen Gods

Hearing Su Ruoshui's words, Ye Feng's eyes widened slightly, as if he hadn't expected this senior sister to be so insightful.

At this moment, Ye Feng nodded, his eyes revealing a hint of coldness as he said, "I do indeed have conflicts with the Dark Divine Son, and they are irreconcilable."

"Hmm?"

Hearing Ye Feng's words, Su Ruoshui was silent for a moment, then said, "Then you must cultivate diligently. The Dark Divine Son's true strength is terrifyingly powerful, far more powerful than ordinary people imagine."

Hearing Su Ruoshui's words, Ye Feng immediately smiled and said, "As long as you give me time, not to mention the Dark Divine Son, even the leader of the Dark Divine Court will not be my opponent."

"Uh..."

Hearing Ye Feng's words, Su Ruoshui's eyes revealed a look of astonishment.

Then, thinking of Ye Feng's heaven-defying devouring ability, Su Ruoshui couldn't help but smile wryly and nod, saying, "Your ability is simply outrageous. Given enough time and enough cultivation resources, you can indeed surpass everyone. But the premise is that you must grow up. If you are eliminated by the Dark Divine Son using some special means before you grow up, then you will have no chance."

Hearing Su Ruoshui's words, Ye Feng nodded and said, "This time, when I return to the Dark Divine Court headquarters, the Dark Divine Son may have already received the news. Therefore, I need to continue to train in the Canyon of the Gods for a period of time, and return to the Dark Divine Court headquarters after I become stronger."

Hearing Ye Feng's words, Su Ruoshui nodded, then suddenly said, "I know you want to continue to train in this Canyon of the Gods because you want to find the inheritance of a true god."

Ye Feng nodded and said, "The Dark Divine Son was able to find the inheritance of the God of Darkness. I think my luck shouldn't be that bad. As long as I work hard to grow, I will also be able to find the inheritance of a god."

Hearing Ye Feng's words, Su Ruoshui shook her head and said, "It's not that simple and easy. You need to know that the inheritance of a god is not something that everyone can find, nor is it something that can be found through hard work. It requires extremely good luck."

Ye Feng was slightly silent when he heard Su Ruoshui's words. In fact, Ye Feng also knew that it was indeed very difficult to find the inheritance left by the ancient gods. Sometimes, hard work alone cannot find it. You can only rely on chance and see how your luck is.

At this moment, Su Ruoshui suddenly took out a map from her storage ring, handed it to Ye Feng, and said, "This map marks a location. This location is a very special place in the Canyon of the Gods, called 'Godfall Land'. It is rumored that when the ancient gods died, they would go to Godfall Land. However, this place is very difficult to reach and very dangerous. Even though I have entered the Canyon of the Gods several times, I dare not go to this Godfall Land rashly. But I think Ye Feng, you can try it and take a risk. Maybe you can find the inheritance left by the ancient gods. After all, I have seen a lot of your abilities and trump cards. Although your cultivation level is far inferior to the top geniuses in our Dark Divine Court, and your foundation is still insufficient, your various methods, trump cards, and talents are the most amazing I have ever seen. That's why I gave you this map, because I think you have the ability to discover some opportunities and good fortune in Godfall Land. Otherwise, I would definitely not give you this map, after all, that place is extremely dangerous."

Hearing Su Ruoshui's words, a look of gratitude appeared in Ye Feng's eyes. He quickly took the map in his hand and said, "In any case, Senior Sister Su, thank you very much for your care for me all this time. This time in the Canyon of the Gods, if it weren't for Senior

Sister Su, I wouldn't have been able to get so many opportunities and good fortune. If I have the opportunity, I will definitely repay Senior Sister Su."

Hearing Ye Feng's words, Su Ruoshui immediately smiled and said, "We are helping each other."

After saying that, Su Ruoshui turned around and left the scene directly, while Ye Feng looked at the location marked on the map and quickly flew towards that direction.

For Ye Feng, the only regret this time in the Canyon of the Gods may be that he did not obtain the inheritance of a god.

Now Ye Feng naturally wants to go to the Godfall Land marked on this map to see if he can find the inheritance of a legendary god.

If he can obtain the inheritance of a god, then Ye Feng will really have a full harvest this time.

However, Su Ruoshui also said that Godfall Land is a very dangerous place, and it is not certain that he will be able to find the inheritance left by the ancient gods. It's just that this place is more likely to find the inheritance of a god than other places in the Canyon of the Gods, so Ye Feng naturally wants to go to this place.

At this moment, Ye Feng looked at the specific location of this Godfall Land marked on the map in his hand and quickly sped towards that direction.

Along the way, Ye Feng saw many other people training in the Canyon of the Gods, and felt a little emotional in his heart.

This kind of super sect, a top-notch force ranked among the top in the dark world, is indeed deeply rooted. There is such a magical and vast training ground in its headquarters. No wonder it can cultivate a steady stream of super geniuses.

At this moment, just as Ye Feng was thinking secretly in his heart, suddenly, a burly young man in a purple robe suddenly rushed from a certain direction in the distance.

When flying, there were flashes of purple lightning on his body, looking like a thunder god, and he came directly in front of Ye Feng.

The burly young man in the purple robe stared at Ye Feng with a indifferent expression.

At this time, Ye Feng felt a vast aura and powerful cultivation from the other party, which made Ye Feng feel quite suppressed.

This is definitely an extremely terrifying powerhouse, and he is definitely one of the top geniuses among the younger generation in the Dark Divine Court.

At this time, Ye Feng stared at the other party and said, "I don't know you, senior brother. Is there anything you need from me?"

At this moment, the purple-robed young man, who was exuding thunder and lightning all over his body, took out a portrait, glanced at it, then glanced at Ye Feng again, and said, "You are Ye Feng, right?"

Ye Feng nodded, his eyes showing a look of doubt.

Buzz!

And almost in the next moment, a overwhelming aura of killing suddenly erupted from the purple-robed young man, and he stared at Ye Feng in an instant, and said, "I am under the order of the Dark Divine Son to kill you, Ye Feng. Before you die, is there anything else you want to say?"

#5743 - True combat power

"It's the Dark Divine Son again!"

At this moment, a deep, icy look appeared in Ye Feng's eyes.

Ever since Ye Feng came to the Dark Divine Court, the Dark Divine Son had been constantly targeting him.

When Ye Feng first arrived at the Dark Divine Court, he was just a new disciple. At that time, the Dark Divine Son secretly sent several senior disciples to trick Ye Feng into going to a desolate place, intending to secretly execute him.

If Ye Feng's true combat power hadn't been much stronger than his apparent cultivation level, he might have already been killed.

He didn't expect that even during his trial in the Godsfall Canyon, he would encounter the pursuit of top geniuses sent by the Dark Divine Son.

At this moment, Ye Feng stared at the young man in the purple robe in front of him, his tone extremely cold, and said, "The Dark Divine Son is too eager for me to die, isn't he?"

Hearing Ye Feng's words, the young man in the purple robe immediately smiled indifferently, his tone devoid of any emotion, and said, "To be honest, not to hurt your self-esteem, but in the eyes of the Dark Divine Son, you are just an insignificant ant. It's actually an overkill for me to come and kill you."

Hearing what the young man in the purple robe said, Ye Feng remained unmoved, just smiled coldly, and said, "Since you think killing me is so simple, then try it. I want to see if you are as powerful as you say."

For Ye Feng, now that he knew that this purple-robed young man was sent by the Dark Divine Son to kill him, there was no need for Ye Feng to hold back.

Boom!

In that instant, Ye Feng burst out with his incomparably powerful cultivation aura.

At this moment, sensing the cultivation aura on Ye Feng's body, the young man in the purple robe immediately revealed a mocking look in his eyes. He stared at Ye Feng and said with great disdain, "Ye Feng, I thought you were so powerful. The Dark Divine Son even specifically ordered me to deal with you. Now, sensing your aura, it's only at the seventh level of the Totem Realm. Although this cultivation level is considered very good among the core disciples, it's nothing to a true disciple like me. My cultivation level is a full four major realms higher than yours. In my eyes, you are just an ant. I can kill you with one hand!"

Boom!

Almost in that instant, the young man in the purple robe stretched out a hand, truly preparing to crush Ye Feng to death with one hand.

In that instant, in the palm of the purple-robed young man, countless lightning flashes gathered, directly condensing into a huge thunderous hand, grabbing towards Ye Feng.

The terrifying lightning light seemed capable of destroying everything, and also possessed the great power to suppress everything.

Ye Feng clearly felt the pressure at this moment.

It had to be said that this purple-robed young man was indeed a remarkable top genius, otherwise, he wouldn't have such strong power.

It should be known that if the other party was just an ordinary cultivator, even if his cultivation level was a full four major realms higher than Ye Feng's, Ye Feng would definitely not be under so much pressure.

But the other party was a top genius, a powerful prodigy who could also fight beyond his level, so the purple-robed young man's true combat power was also very terrifying.

But at this moment, Ye Feng had no fear at all, because Ye Feng had already obtained many opportunities and good fortune in the Godsfall Canyon, his cultivation power had

greatly increased, and he had also obtained powerful inheritances and terrifying super magic weapons.

In that instant, Ye Feng directly activated the Saint King's Throne.

This Saint King's Throne was a powerful Saint treasure that Ye Feng had obtained before, containing the power of an ancient Saint, and was very powerful.

When Ye Feng used the Saint King's Throne at this time, the Saint King's Throne floated under Ye Feng's feet, directly forming a thick golden barrier, protecting Ye Feng's entire body.

Rumble!

The thunderous hand condensed by the purple-robed young man bombarded the golden barrier condensed by the Saint King's Throne, and immediately burst out with a huge roar, but it did not blast the golden barrier open.

"Hmm?"

Seeing this scene, the young man in the purple robe immediately revealed a look of surprise in his eyes.

He stared at the Saint King's Throne under Ye Feng's feet, and said with some surprise, "Oh? I didn't expect that a small new disciple like you would have such a powerful magic weapon in your hands, but this is useless. After I kill you, your magic weapon will be mine, and I want to tell you one thing, and that is that you can't defeat me by relying on magic weapons."

Almost in that instant, the young man in the purple robe suddenly took out a purple sword from his storage ring.

This purple sword immediately burst out with 滔天的 lightning light. Coupled with the thunderous power that the purple-robed young man cultivated, it burst out with terrifying thunderous sword light, directly and fiercely bombarding the golden barrier around Ye Feng.

Crack!

Crack!

In that instant, the golden barrier released by the Saint King's Throne, like glass, appeared with cracks, as if it would completely shatter in the next moment.

Seeing this scene, the purple-robed young man immediately laughed loudly and said, "Boy, you can't possibly be my opponent. After I shatter the golden barrier condensed by

your magic weapon, you will instantly be torn into countless pieces by my long sword and die completely! Hahaha!"

Ye Feng smiled coldly at this time and said, "I don't just rely on the super magic weapons I own."

Boom!

Almost in that instant, Ye Feng directly used the incomparably powerful inheritance he had learned before, the Nine Suns True Fire Art.

Whoosh!

In that instant, infinite flame power burst out from Ye Feng's body.

Ye Feng's comprehension was very strong, and he had already comprehended the Nine Suns True Fire Art to the Great Perfection state.

So at this time, when Ye Feng used the Nine Suns True Fire Art, he actually directly connected with the sun above the sky.

Rumble!!

At this moment, a very shocking scene happened.

I saw that the sun in the sky actually sprinkled a piece of solar divine fire, falling on the top of Ye Feng's head, directly condensing a huge solar divine fire dharma form behind Ye Feng, like an ancient fire god appearing behind Ye Feng, giving Ye Feng the great power of an ancient fire god.

Rumble!

In that instant, Ye Feng directly urged the solar divine fire dharma form, stretched out a flame hand, and bombarded forward, instantly blasting the purple-robed young man's thunderous sword light to pieces.

"What??"

Seeing this scene, the purple-robed young man was finally completely shocked.

If Ye Feng had used the Saint King's Throne to block his thunderous hand just now, it was Ye Feng who used the power of his magic weapon.

But now, Ye Feng was completely relying on his own inheritance and his own powerful mana to condense such a terrifying dharma form, which could actually resist his thunderous sword light.

The purple-robed young man exclaimed in astonishment, "Impossible! Your cultivation level is so much worse than mine, how can you have such powerful combat power? Even the most powerful inheritance, if used by a weak person, cannot exert such great power. How can you, kid, have such strong true combat power??"

Ancient God

At this moment, the powerful genius sent by the Dark God, the young man in purple robe, was shocked to the extreme by Ye Feng's real fighting power.

Originally, he thought that Ye Feng was just an ordinary new disciple, and even if he had become a core disciple, he would never be his opponent.

But now it seems that almost all his methods were disintegrated by Ye Feng.

This made the young man in purple robe feel deeply horrified.

Because he had never seen such a terrifying existence.

You know, this young man in purple robe is not an ordinary cultivator.

His cultivation is four realms higher than Ye Feng!

And the real fighting power of this young man in purple robe can also fight at a higher level than his own cultivation level.

This means that the real fighting power of this young man in purple robe is comparable to that of ordinary cultivators who are six or seven realms higher than Ye Feng.

But this still doesn't work, and he still can't fight against Ye Feng.

At this moment, the purple-robed young man's eyes suddenly showed a trace of madness, and he said: "The Dark God wants you to die, and sent me here, so you must die. This time, even if I am seriously injured, I will kill you completely. Ye Feng, you will definitely die today!"

Boom!

At this moment, the purple-robed young man directly stimulated his extremely powerful bloodline, which was the thunder bloodline.

At this moment, Ye Feng immediately saw that the purple-robed young man's body was full of endless lightning and thunder light, which looked very dazzling.

Almost in the next moment, the purple-robed young man immediately shouted: "Ye Feng, taste my strongest natal bloodline inheritance, the Nine Heavens Thunder Art!"

Boom!

At this moment, the moment the purple-robed young man's voice fell, he used this inheritance and actually connected his own thunder bloodline with the power of the Nine Heavens Thunder above the Nine Heavens.

At this moment, the sky was changing, and countless thunders were bombarding from the depths of the sky, covering all directions, turning the whole world into a sea of thunder, bombarding Ye Feng madly.

Seeing this scene, Ye Feng was not panicked at all, and immediately laughed out loud and said: "The power of thunder and lightning in the deepest sea of thunder and lightning in the Canyon of the Gods did not kill me, so your Nine Heavens Thunder is nothing."

Rumble!

Almost at this moment, Ye Feng directly released the magic weapon of world attributes that he had obtained before, the Picture of All Living Beings.

Crash!

At this moment, a huge picture immediately rolled up quickly above Ye Feng's head, and directly collected all the thunder bombarding from the Nine Heavens into Ye Feng's Picture of All Living Beings.

At this moment, Ye Feng immediately laughed and said: "The power of your Nine Heavens Thunder will not only not harm me, but it can also enter my world attribute magic weapon, the All-Things Picture of All Living Things, and provide the power of the Nine Heavens Thunder for my small world in the All-Things Picture of All Living Things, which can evolve the world power in my All-Things Picture of All Living Things."

Ye Feng is very clear that this kind of thunder system above the nine heavens has destructive power and also has the power of rebirth.

So Ye Feng used the All-Things Picture of All Living Things to collect the Nine Heavens Thunder into his small world in the All-Things Picture of All Living Things. Not only can it resist damage for himself, but the Nine Heavens Thunder can also strengthen the world power in the All-Things Picture of All Living Things, making the small world in the All-Things Picture of All Living Things more stable, and maybe it can reactivate the vitality in the small world in the All-Things Picture of All Living Things.

"What?"

At this moment, seeing that Ye Feng only used a picture to collect the Nine Heavens Thunder that he had desperately displayed, without causing any harm to Ye Feng, the young man in the purple robe can be said to have completely doubted his life.

At this time, he even froze in place, not knowing how to attack Ye Feng.

Because Ye Feng's own means and combat power are too powerful, and he has all kinds of magical super magic weapons.

Especially the magic weapon of this world attribute, the map of all living things, which is comparable to the legendary artifact. After it is directly used, it is a dimensionality reduction attack for the attack of the young man in the purple robe.

The Nine Heavens Divine Thunder of this young man in the purple robe can be instantly collected into the small world by Ye Feng's world attribute magic weapon, and it can't cause any harm to Ye Feng.

And when this young man in the purple robe was stunned, Ye Feng would not give him a chance to stop.

Boom!

At this moment, Ye Feng burst out with golden light all over his body, and used all his strength to drive the power of the immortal body of the god. He rushed directly in front of the young man in the purple robe, and slammed out with his golden fist.

"Puff" sound!

The young man in the purple robe didn't even react, and his chest was instantly smashed by Ye Feng's golden fist.

A huge bloody hole suddenly appeared on his body.

"Ah!!"

At this moment, the young man in the purple robe couldn't help but scream in pain.

But at this time, the young man in the purple robe was not completely dead yet. He immediately retreated quickly and said in horror: "You can't kill me! I am a high-level existence among the true disciples, and my master is the ninth-ranked inner elder in our Dark God Court, Lei Xiaotian! If you kill me, my master will definitely find a way to find the real culprit who killed me. At that time, Ye Feng, you will also become the public enemy of the entire Dark God Court, because if you become the enemy of the Dark God Son and my master Lei Xiaotian at the same time, you are equivalent to being an enemy of the entire Dark God Court."

Boom!

However, at the moment when the young man in the purple robe finished speaking, he didn't even have time to wait for Ye Feng's response. Ye Feng directly smashed his head with a punch.

The young man in the purple robe, dead!

At this time, looking at the body of the young man in purple robe, Ye Feng just smiled coldly and said: "A dark god son and an inner door elder can't represent the entire dark god court."

Now Ye Feng and the dark god son have long been mortal enemies, and he is not afraid of offending a so-called inner door elder again.

Although this inner door elder is ranked ninth and is very powerful, it seems to be called Lei Xiaotian, but now that Ye Feng has become a mortal enemy with this young man in purple robe, if he doesn't kill him directly on the spot, it will definitely be a huge disaster in the future.

So Ye Feng didn't care about the threat of this young man in purple robe, and killed him directly on the spot.

"Buzz!"

At this time, Ye Feng released the devouring field and began to devour the power of the young man in purple robe, and took the extremely powerful inheritance of the Nine Heavens Thunder Art on his body directly into his hands and began to comprehend.

This Nine Heavens Thunder Art can enable practitioners to draw the power of thunder above the nine heavens. It is still very powerful. It is definitely a very precious high-level inheritance in the Dark God Court. Ordinary disciples cannot access it at all. Only true disciples are qualified to choose such a powerful inheritance.

Ye Feng is now equivalent to picking up such a high-level thunder attribute inheritance for free.

"Boom!!"

At this moment, along with Ye Feng's swallowing, Ye Feng's power also skyrocketed by one level, directly from the seventh level of the Totem Realm to the eighth level of the Totem Realm!

At this time, Ye Feng quickly left the scene and continued to fly quickly towards the most dangerous God Falling Land in the Valley of the Gods.

The Skeleton of the God

At this time, Ye Feng killed this young man in purple robe, and his cultivation level broke through again, and he also obtained a powerful inheritance of the thunder attribute, the Nine Heavens Thunder Art.

So at this time, Ye Feng naturally had more confidence.

At this moment, Ye Feng was moving forward quickly. In less than half a day, according to the map given to him by Su Ruoshui, Ye Feng had already arrived at the place of God's Death.

Ye Feng immediately saw a vast land in front of him.

There is no life on the earth here, not even a single grass. Obviously, this is a forbidden zone of life that no one has arrived all year round.

When Ye Feng approached this deserted area at this time, he could immediately feel a very huge wave of ancient gods emanating from it, giving people a very depressing feeling.

Because this kind of fluctuation of the gods is not divine, but full of death.

In other words, this indicates the death of the gods.

However, this is very consistent with the legend of the Land of Death.

Because the place where the gods died was originally the place where the gods came after their death, so the aura of death was everywhere, which made Ye Feng feel that his vitality had been eroded for a while.

However, Ye Feng's blood energy is very huge, enough to fight against this rich death energy.

Ye Feng straightened his teeth and walked into this barren land.

The moment Ye Feng walked in, he could immediately feel it, as if there were dead spirits wandering around the entire desolate land, but Ye Feng could not see it, which means it was an illusion.

Ye Feng took a deep breath and knew that this place was very strange, but if there was a place in the Gods Canyon that had the greatest possibility of encountering the inheritance of gods, it would undoubtedly be this place where gods died.

Gods fall, and Gods fall, which means that there are the fall of gods everywhere here.

At this moment, Ye Feng exuded his huge soul power and covered the surroundings, trying to find out if there were any traces left by the ancient gods after the death of them.

Sure enough, Ye Feng's huge soul power soon sensed unusual energy fluctuations.

Ye Feng immediately rushed in that direction quickly.

Soon, Ye Feng came to the place where the energy fluctuations he sensed were emitted, and he immediately saw a very shocking scene.

I saw a skeleton skeleton lying on the desolate land ahead, which looked very shocking.

When Ye Feng saw this scene, he immediately couldn't help but speak out in surprise: "Is this the skeleton of a god?"

At this moment, Ye Feng finally understood why this place was called the Land of God's Fall.

At this time, Ye Feng could see that there were actually many demons and beasts looking for something in the skeleton of this towering god like a mountain.

And there are many other demons who are using tools to smash one of the bones directly, trying to get the bone marrow of the gods contained in the bones.

This has a huge effect on these demons.

They swallowed the bone marrow of the gods, which could transform their own physique into a more powerful and sacred way.

Seeing this scene at this moment, Ye Feng immediately understood that in this place where the gods fall, in addition to the practitioners from the Dark Divine Court, there are also many local creatures living in the small world of the Gods Canyon, such as These demons are stealing what remains after the fall of ancient gods.

Swish!

Ye Feng immediately flew over and wanted to find out if there was anything special in the skeleton of this ancient god, such as divine matter.

Ye Feng knew very well that being able to become a godlike existence, even if the skeleton that had been dead for many years would definitely contain rich divine substances, which was of great benefit to the transformation of his immortal body of the god.

However, just as Ye Feng was approaching the bones of this ancient god, the many demons who were smashing bones inside suddenly united and directly blocked Ye Feng's path.

Leading is a demon wearing a red robe with a bear-headed and human body.

This demon with a bear head and human body immediately held the black axe in his hand, blocking Ye Feng's way, and said, "We discovered this skeleton of the gods first, and now we have control over it, even if you are dark. The disciples of the Divine Court are not allowed to come here."

At this moment, when Ye Feng heard these demons say this, he looked surprised in his eyes.

It seems that these local creatures know that most of the people who come here are basically disciples of the Dark Divine Court.

Ye Feng immediately laughed and said, "No one stipulates that the things here belong to you local demons. Whoever discovers them will be qualified to get these things. If you dare to stop me, don't blame me for not being able to blame me. polite."

"Um?"

When these demons immediately burst into laughter when they heard Ye Feng say this.

The demon in the head of the bear head and human body immediately stared at Ye Feng, with a surging demonic aura on his body and said, "Boy, we have given you a chance, but you don't know how to cherish it, so you won't hurry up and run away. Now look I can only take action and kill you completely on the spot."

At this moment, the demon with a bear head and human body rushed to Ye Feng instantly, holding the black axe in his hand, and slashed hard towards Ye Feng, wanting to give Ye Feng a moment of instant Smash.

But in the next moment, what shocked all the demons in the audience was that Ye Feng had no fluctuations at all when facing this terrifying axe, but he stretched out a finger very calmly.

Ye Feng's finger immediately turned into a golden finger and pointed it on the black axe.

The black axe is the most powerful weapon of this bear-headed demon, but at this time, Ye Feng pointed it on the axe with one finger.

immediately.

Click!

Click!

The entire black axe was broken and completely turned into countless pieces.

"What??"

This demon with a bear head and human body was shocked to the extreme.

And in the next moment, he didn't even react. Ye Feng's fingers were as fast as lightning. After shattering his black axe, he directly pointed it on his forehead.

A "puff" sound!

This powerful demon with a bear head and human body didn't even have time to make a scream, and a blood hole appeared on his forehead, completely dead.

"What??"

Seeing this scene, the many other demons present were extremely shocked and fled in an instant, and disappeared in a blink of an eye, and all of them escaped.

At this moment, Ye Feng swallowed the blood and energy of this bear-headed and human-body demon, increasing his skills a little, and not breaking through his realm.

After all, this demon with a bear head and human body is too weak. Of course, compared with Ye Feng, in the eyes of other demons, this demon with a bear head and human body is the most powerful existence.

At this moment, Ye Feng's focus was on the skeleton left behind after the fall of this magnificent and boundless ancient god.

Ancient God

At this time, Ye Feng directly stretched out his hand to sense whether the skeleton left by the gods still had divine substances.

The moment Ye Feng stretched out his hand and touched it, Ye Feng immediately felt a very powerful divine energy hidden in this divine skeleton.

"Um?"

After sensing all this, Ye Feng's eyes suddenly showed a look of surprise.

I didn't expect that this skeleton of gods has been so many years, and it still contains the energy of such a powerful god.

At this moment, Ye Feng naturally did not hesitate at all and started to swallow it directly.

"Boom!"

A very huge amount of remaining divine energy was directly injected into Ye Feng's dantian, quickly strengthening Ye Feng's skills.

Ye Feng's cultivation aura began to rise step by step at this moment.

boom!

The ninth level of the totem realm!

boom!

The tenth level of heaven in the totem realm is great perfection! !

At this moment, Ye Feng's cultivation level suddenly broke through two small levels and entered the Great Perfection level of the Totem Realm.

At this moment, Ye Feng sensed the huge skill of the tenth level of the totem realm, and a deep look of surprise appeared in his eyes.

In the skeleton left by this god, I didn't expect that so many years have passed, so much divine energy has been gathered, which makes Ye Feng pick up a big advantage.

At this moment, Ye Feng continued to explore the skeleton left by this god without any hesitation.

After Ye Feng's careful exploration, Ye Feng immediately discovered that the bone marrow contained in this divine skeleton is indeed a very powerful divine substance.

These divine substances have a huge effect on Ye Feng's immortal body of the god.

At this moment, Ye Feng continued to absorb the divine substance contained in the skeleton of this divine spirit without any hesitation.

For Ye Feng, if his physical strength is enhanced, it will be of great help.

After all, since entering the path of cultivation, Ye Feng's most powerful trump card is not just a powerful skill and powerful inheritance. Ye Feng's extremely powerful physique is also one of Ye Feng's powerful trump card.

So at this moment, Ye Feng did not hesitate at all and directly began to absorb the divine substance contained in the marrow of the skeleton of the divine spirit.

At this moment, Ye Feng could immediately feel that as the divine matter was constantly integrating into his body, the power of Ye Feng's immortal body and Ye Feng's physical strength were growing rapidly.

At this moment, Ye Feng Tianshen Immortal Body was in the fifth level of the eighth stage, and immediately began to transform.

In the end, Ye Feng fused all the divine substances in the skeleton of this divine spirit into his body, which immediately made Ye Feng feel that his immortal body of the gods had once again been greatly improved.

His immortal body of the gods was finally promoted to the eighth stage and the tenth level of perfect state.

Just one step away, Ye Feng can complete his immortal body from the eighth stage and the tenth level to the ninth stage of the immortal body of the heavenly god.

At that time, when Ye Feng's immortal body of the god has entered the ninth stage, he will definitely be able to activate an extremely powerful natal companion talent once again.

Ye Feng was naturally very happy at this time. After all, he could improve his physical strength so much at once, which was naturally a huge opportunity for Ye Feng.

Because Ye Feng knew very well that it was very difficult to improve his immortal body of the god.

Before, during Ye Feng's cultivation process, it was difficult to discover rare things like divine substances.

But this time he found a body left by an ancient god and obtained the divine substance contained in the bone marrow, which naturally made Ye Feng very happy.

This time, both my cultivation skills and the physical strength of the immortal body of the gods have been greatly improved.

This made Ye Feng feel that this place of divine falls is like a paradise for him.

Perhaps for others, this place is very dangerous, but for Ye Feng, the more dangerous the place is, the more it contains huge opportunities and luck, which naturally plays a greater role in Ye Feng.

And just as Ye Feng was about to leave this skeleton of the god.

Rumble!

Suddenly, a large area of powerful aura rushed over not far away.

Ye Feng looked closely and saw that the monsters who had escaped before, calling friends, had formed a total of thousands of demons, and surrounded him in an instant.

At this moment, the leader was a demon like a weasel. He immediately stared at Ye Feng and said, "Everyone is right. This kid suddenly came to our territory and plundered our god skeleton. I guess this Next, the boy will continue to explore other opportunities around him. These are our things and cannot be used by this outsider."

At this moment, Ye Feng smiled slightly, suddenly stretched out his hand and bounced, and the entire body of the divine skeleton that was more than 100,000 meters long collapsed and completely turned into ashes.

"What?"

Seeing this scene, the thousands of demons present suddenly widened their eyes, as if they did not expect that Ye Feng would use all the skeletons of the creatures that they had used for decades.

At this moment, the group of demons suddenly screamed in anger and said, "Bare this outsider to death and let him get out of our territory."

"Yes, I have to cut off this kid's head and hang it at the door of our territory so that everyone knows that it is not something they can step into."

Rumble!

At this moment, thousands of demons rushed towards Ye Feng, wanting to rely on the human sea tactics to kill Ye Feng.

But what they probably never expected was that Ye Feng, a young man who looked ordinary, could not be defeated through human sea tactics.

Ye Feng was very powerful before, not to mention that Ye Feng has used the entire skeleton of the gods to enhance his cultivation and physical strength than ever before.

At this moment, watching thousands of demons rushing towards him, each of them was full of murderous aura, and Ye Feng suddenly stretched out a hand.

The next moment, Ye Feng's hand immediately turned into a golden big hand.

When Ye Feng's immortal body of the gods was transformed greatly, Ye Feng's physical strength was also enhanced unprecedentedly.

At this moment, Ye Feng's golden hand contained the powerful power of the immortal body of the gods, covering the sky and the sun, covering a radius of tens of thousands of kilometers, and suddenly enveloped thousands of demons.

A boom!

Ye Feng's golden hand was like an ancient mountain, shaking down from the sky, and directly slapped thousands of demons to death on the earth in an instant.

Even a demon's scream did not sound.

Because there is no time to scream.

Thousands of demons were wiped out by Ye Feng in an instant with one hand.

Ancient God

At this time, Ye Feng immediately released the devouring field and swallowed all the blood, energy and energy of thousands of demons.

However, it only increased Ye Feng's skill a little, and did not even make Ye Feng's cultivation breakthrough.

After all, these demons are too weak and provide very little energy to Ye Feng, which only increases Ye Feng's skills a little.

At this moment, Ye Feng left the scene directly and continued to move towards the deep area of the Divine Fallen Land.

Soon, Ye Feng discovered ancient mountains in the distance, rising and falling.

Seeing this scene, Ye Feng suddenly showed a look of surprise in his eyes. He didn't expect that there were such vast mountains in the depths of this land of the Divine Fallen.

At this moment, Ye Feng immediately flew over and suddenly saw that there were ancient buildings among these continuous mountains.

However, most of the buildings are basically destroyed.

After Ye Feng came here, he flew directly to the first mountain he flew to.

An ancient hall was built on the hillside of the first mountain.

However, half of this ancient hall has collapsed.

Ye Feng immediately flew into it.

Ye Feng felt that since there are so many ancient buildings in this area, it seems that most of them were built by ancient gods back then, and there may be good opportunities and luck in it.

However, just as Ye Feng just walked into the collapsed hall, a violent light suddenly lit up in the entire hall.

This violent light turned out to be an ancient formation.

However, this ancient formation is not a formation that hurts people, because when this formation appears for the moment, Ye Feng did not feel any threat or see any attack.

The next moment, Ye Feng suddenly stared at it. The light in the formation actually condensed into a beautiful woman with white hair.

This beautiful woman with white hair, her body was completely condensed by light. She stared at Ye Feng and said, "Outsiders should not easily step into the resting place of ancient gods, as it will disturb the gods' sleep. will."

Hearing this woman condensed entirely from the light of the formation say this, Ye Feng smiled slightly, without any panic, and said, "I came here to find the wealth and inheritance left by the ancient gods. Even if it disturbs the gods' sleep, there is no way. After all, this is the place of trial for our dark gods. Nothing can stop me from looking for opportunities and improving my strength."

Hearing Ye Feng say this, the beautiful woman with white hair immediately showed a look of surprise in her eyes and said, "Your martial arts heart is firm."

Ye Feng stared at the figure of the woman condensed from the light of the formation and said, "Who are you? Why do you show up here to remind me?"

Hearing Ye Feng say this, the woman with white haired hair, condensed entirely from light, immediately spoke out: "It is because of the divine aura on your body that triggered this formation, so that I can manifest it." Come out and you are practicing. The physique you are practicing should be the physique of the ancient gods, but you are a human being. I have never seen any human being able to integrate the physique of the gods into his own human body. It is really magical."

Hearing the white-haired woman condensed into light say this, Ye Feng's eyes suddenly showed a look of surprise. He didn't expect that the divine substance of his immortal body could actually produce a divine aura, which triggered this ancient Formation.

At this moment, Ye Feng immediately understood that as his immortal body of the god was about to transform towards the final tenth stage of Great Perfection, he gradually possessed the immortal body of the god in the Great Perfection state, and naturally it would be emitted from the god clan that year. The divine aura is like the physique of a god.

At this moment, Ye Feng immediately smiled slightly and said, "It seems that you regard me as a passing god."

The white-haired woman nodded and said, "I thought it was the will of an ancient god who suddenly passed by here, inspiring the formation, and reviving me. I didn't expect it to be a human boy like you. This is fate."

After saying that, the white-haired woman suddenly walked to Ye Feng and said, "I want to follow you next."

"What?"

Hearing the white-haired woman say this, Ye Feng suddenly showed a look of surprise in his eyes. He didn't seem to have thought that this white-haired woman with a mysterious origin and a mysterious identity was also an existence completely condensed by the light of the formation. Just say you follow yourself.

Ye Feng was stunned for a moment and couldn't help but say, "What are you doing with me? I don't even know you, and I don't know if you are harmful to me."

Hearing Ye Feng's words, the white-haired woman suddenly smiled softly and said, "Don't worry, if I want to harm you, I can attack you in the moment. I just feel that there is something inexplicable between us. I believe in fate very much and feel that many things are destined, so for so many years, I have been in a deep sleep, and you are the only one who awakens me. Whether you are a god or not, I am willing to follow me you."

Hearing the white-haired woman say this, Ye Feng originally wanted to refuse, after all, strangers are not trustworthy.

But at this time, the white-haired woman suddenly said, "I have lived in this land of divine fall in ancient times, so I am quite familiar with everything around me. If you are willing to let me follow you If you say that, I will guide you based on my own memory where there may be wealth left over from ancient gods around you."

"Um?"

Hearing the white-haired woman say this, Ye Feng suddenly showed a look of surprise in his eyes. He didn't expect that the white-haired woman would actually help him find the wealth left by the gods.

At this time, Ye Feng only felt that his luck was a bit too good. As soon as he arrived at the deep area of the Land of God, he met a white-haired woman who wanted to help him for free.

Ye Feng stared at the other party vigilantly and said, "What is your purpose? Why do you want to help me?"

The white-haired woman immediately smiled slightly and said, "I have said just now that I believe in fate very much. God is destined to allow us to meet here, so you are the one I am destined to be. Of course I will help you."

"Forehead....."

At this time, when Ye Feng heard the white-haired woman's words, he didn't know what to say for a while. He just felt that the white-haired woman's thoughts were indeed a bit pedantic. She believed that she was destined and felt that she was destined by him. people.

At this moment, Ye Feng felt that no matter what, if this white-haired woman was really willing to help her find the wealth left by the gods in this place of death, then there was no need for her to refuse.

After all, this white-haired woman was completely condensed by the power of the formation, and Ye Feng had no worries about the formation, and was not afraid of the other party's conspiracy. After all, his eyes of heaven and earth could see through the veins of any formation.

At this time, Ye Feng immediately smiled slightly and said, "Since you are so willing to help me, then I have nothing to refuse. My name is Ye Feng, where are you."

The white-haired woman smiled slightly and said, "Ye Feng, since you are my destined person, can you call me "Madam"?"

Ye Feng: "..."

The white-haired woman chuckled and said, "I'm kidding, just call me "Fantasy Moon".

Relics of the Kingdom of God

At this moment, looking at the white-haired woman in front of him named Huanyue, Ye Feng's eyes flashed.

At this moment, Ye Feng didn't know whether Huanyue, who suddenly appeared, really thought that he was her destined person, so she chose to help him with all her might and wanted to follow him.

In other words, the appearance of this phantom moon here may have other purposes.

But no matter what, as long as the other party helps him to search for the wealth left by the gods in the deep area of this land where the gods fell, Ye Feng will naturally be very happy.

At this time, Ye Feng looked at the phantom moon in front of him that was completely condensed by the formation, and couldn't help but ask: "So how can you follow me now? After all, your entire body is completely condensed by the power of the formation."

Hearing Ye Feng say this, Huan Yue immediately smiled and said, "This collapsed hall itself is a special magic weapon, and the formation that condensed my body is this hall magic weapon, so I just need to take this hall with me."

After he finished speaking, Huanyue stretched out a hand, and with a wave of his hand, the entire hall immediately shrank rapidly, then became the size of a palm and appeared in Huanyue's hand.

At this time, Huanyue stood in front of Ye Feng, smiled and said: "As long as you carry this hall magic weapon with you, I can follow you at any time."

Hearing what Huanyue said, Ye Feng's eyes immediately showed a look of surprise, and he directly put the magic weapon in the hall into his storage ring.

At this moment, Ye Feng was still a little curious and couldn't help asking, "Huanyue, what is your true identity? Are you an ancient god?"

Huanyue immediately shook her head and said, "Of course I'm not an ancient god. I'm not that powerful. It's just that my identity is quite special. It's better not to tell you for now."

After hearing Huanyue say this, Ye Feng became even more curious and confused, but since the other party was unwilling to say, Ye Feng didn't want to ask any more questions.

At this moment, Ye Feng just said: "Then take me to the deep area of this God's Falling Land to see where the ancient gods left their wealth. Since you have lived here before and are very familiar with the surroundings, it depends on you whether I can find the wealth left by the ancient gods."

Huanyue immediately smiled and nodded, saying, "I'll take you to the first place first. That place might have the wealth left by the ancient gods. But many years have passed now, and things have changed a lot. So I can't guarantee that the place I know of still has the wealth left by the ancient gods."

Hearing Huanyue say this, Ye Feng immediately smiled and said, "It's okay. Without your guidance, I'd be like a headless fly running around here. It's much better to have you guiding me than to run around here alone."

At this moment, Huanyue nodded immediately, and his body, which was completely condensed by light, immediately flew quickly in a certain direction ahead.

Ye Feng hurriedly followed.

At this time, Ye Feng looked around and found many collapsed buildings. He wanted to explore them.

But Huanyue said, "Don't go explore. There is nothing good in these collapsed buildings. They are basically empty. There are even some very scary and dangerous formations. Once you mistakenly enter one, you may be instantly destroyed by the formation. There is nothing worth exploring. It's just a waste of time."

Hearing Huanyue say this, Ye Feng nodded and continued to follow Huanyue, flying quickly towards the deep area of this God's Falling Land.

Soon, Ye Feng and Huan Yue arrived at a very deep place. There were no collapsed buildings here and the land was barren.

At this time, Huanyue pointed in a certain direction ahead and said, "There is a relic of an ancient kingdom of gods ahead. The ancient god is called the Black Snake God. It is the territory of the ancient snake god clan. They established an ancient kingdom of gods in this desert, but now it must have become a desolate ruin. There is a high possibility that there are treasures left by the ancient gods here."

Hearing Huanyue's words, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but say: "I didn't expect that there is a kingdom established by ancient gods here. It seems that it is fate to meet you, Huanyue. If it weren't for you, I'm afraid I would never find the remains of such an ancient kingdom of gods in this boundless desert."

At this moment, Ye Feng flew forward happily.

Sure enough, after flying for a while, Ye Feng saw an endless ancient ruins at the front of the desert.

This piece of ancient ruins was built by an ancient god called the Black Snake God, who was a god among the snake clan.

Swish!

At this moment, Ye Feng immediately flew in, and Huanyue followed beside him.

Ye Feng looked at Huan Yue beside him and asked, "Have you been here before?"

Huanyue nodded, thought for a moment, and said, "I probably came here to play hundreds of thousands of years ago."

"Forehead....."

Hearing Huanyue say this, Ye Feng's eyes immediately showed a look of surprise.

How long has this Huanyue lived?

It actually existed here hundreds of thousands of years ago.

At this moment, Ye Feng didn't think much and flew directly into the ruins of the ancient kingdom established by the black snake god. He shuttled quickly and emitted soul power, covering the surroundings.

At this moment, sensing the soul power emanating from Ye Feng, Huan Yue's eyes moved immediately, and she couldn't help but say, "It seems that my guess is right, you are indeed a soul master. It is so rare for a human cultivator to practice soul martial arts. I didn't expect to really meet one."

Hearing Huanyue's words, Ye Feng's eyes flashed slightly, but he didn't say much.

Because Ye Feng had already sensed it at this time. Inside a building among the ancient ruins of the kingdom of God, Ye Feng sensed a fluctuation of energy.

Ye Feng immediately flew over and soon arrived at a ruined ancient temple among the ruins of the ancient kingdom of gods.

At this moment, Ye Feng came to this ancient temple. After walking in, he immediately saw that inside this ancient temple was an extremely huge statue of an ancient black snake.

This statue of a giant black snake looks very solemn and majestic.

At this moment, the energy fluctuations that Ye Feng sensed were emitted from the eyes of this ancient black snake statue.

Ye Feng saw that the eyes of this ancient black statue were actually inlaid with two gems emitting black light.

The energy fluctuations that Ye Feng sensed were emitted by these two black gems, and seemed to contain ancient divine power.

Ye Feng's eyes suddenly lit up.

These two black gems definitely contain enormous divine energy from ancient times.

At this time, Huanyue, who was standing next to Ye Feng, looked at everything in front of him and couldn't help but said with emotion: "The ancient kingdom of God created by the Black Snake God, which was so prosperous back then, could not withstand the erosion of time and became a desolate ruin today."

Ancient God

At this time, Ye Feng came directly to the statue without any hesitation, stretched out his hands, and wanted to dig out the two black gems in the eyes of this ancient statue.

But just when Ye Feng approached this ancient statue.

Buzz!

Suddenly, a very strong energy wave burst out from this ancient statue.

At this moment, Ye Feng immediately saw that a huge black snake shadow suddenly flew out from the ancient statue.

The phantom of the black snake instantly opened its bloody mouth and swallowed Ye Feng directly, wanting to swallow Ye Feng's soul.

At this moment, Ye Feng smiled coldly and said, "I have sensed you a long time ago."

At this moment, Ye Feng did not hesitate at all and immediately burst out with his extremely powerful soul power.

At this moment, an extremely huge black soul giant suddenly condensed above Ye Feng's head.

This black soul giant is the manifestation of Ye Feng's own soul power.

At this moment, Ye Feng did not hesitate at all. He directly used his soul giant to punch the shadow of the black snake's will into pieces.

Seeing this scene, Huanyue, who was standing nearby, suddenly showed a look of surprise in her eyes and said, "What a powerful soul power! I didn't expect that you are so young and yet have such a huge soul power. It is really rare."

Hearing Huanyue beside him say this, Ye Feng smiled slightly and said, "What's so rare about this? There are so many beings with stronger soul power than me."

Hearing Ye Feng say this, Huan Yue couldn't help but shook her head and said, "There are indeed many people with stronger soul power than you, but they are all simply cultivating soul power, while Ye Feng, you are practicing soul martial arts, and your martial arts practice power is also very strong. People like you are really rare."

When Ye Feng heard what Huanyue said at this moment, he didn't say anything else. Instead, he directly dug out the black gems between the two eyes of the ancient statue, and then immediately began to devour them.

“Boom!”

At this moment, Ye Feng was immediately able to sense that huge amounts of energy were being absorbed by him and quickly injected into his body, strengthening Ye Feng's skills.

Ye Feng's cultivation aura began to increase rapidly and continuously at this moment.

Ye Feng's guess was correct. These two black gems did contain ancient divine power. They should be the power left behind by the black snake god in the ruins of the ancient kingdom of gods.

Ye Feng guessed that this ancient statue should be the statue of the Black Snake God, a god-level being, that was built for his people to observe and worship.

So over time, these statues contain the power of faith of many believers, as well as the divine power that the black snake god has transmitted to each of his statues to help his people.

At this moment, the energy from the two black gems absorbed by Ye Feng contained the power of faith and the divine power of the ancient black snake god.

At this moment, after Ye Feng absorbed it, his cultivation level, which had just broken through, quickly grew again.

Before this, Ye Feng's cultivation had already reached the tenth level of the Totem Realm.

Boom!

At this moment, with the help of the ancient divine power and the power of faith in the two black gems, Ye Feng's cultivation level broke through suddenly, and he directly stepped into a new level of cultivation above the Totem Realm from the tenth level of the Totem Realm, the Half-Step Heavenly Road Realm!

Tianlu Realm, this is a whole new level of cultivation.

When a practitioner enters the Heavenly Road Realm, it means that the practitioner begins to walk towards the road to heaven, which is the Heavenly Road Realm.

At this moment, Ye Feng sensed the powerful strength he possessed after stepping into the Half-Step Heavenly Road point, and his eyes suddenly revealed a look of deep surprise.

Although Ye Feng has not yet entered the true Tianlu Realm, he has only stepped one foot into the new level of Tianlu Realm.

But even though Ye Feng is now in the Half-Step Heavenly Road Realm, he can still feel that the gap between the Half-Step Heavenly Road Realm and the Totem Realm's tenth level of perfection is too big.

Now that Ye Feng has entered the Half-Step Heavenly Road Realm, he feels that his strength has increased hundreds of times.

At this moment, Ye Feng immediately looked at Huanyue beside him, and said with a smile: "I am very satisfied with this ancient divine kingdom relic. The things inside are really treasures."

At this moment, Ye Feng's eyes were naturally full of excitement.

Originally, Ye Feng felt that he was at the tenth level of the Totem Realm. If he wanted to break through this bottleneck, he would probably need to accumulate a long period of time, or get a huge opportunity, before he could finally break through.

But now it seems that he did not expect that these two small black gems would allow him to make such a breakthrough. He directly broke through a big bottleneck and stepped into a new level of cultivation, the Half-Step Heavenly Road Realm.

Huanyue's eyes showed a hint of smile at this time, and she said, "Look, isn't it better if you take me with you? I can guide you on the way here, and as long as you take me away from this land of divine fall, I can help you with many things in the future. The formation that condensed my body is a very ancient and profound formation, with tens of thousands of layers of formation mysteries. If you can take me away from this land of divine fall, when I get out, I can control the formation and absorb the spiritual energy between heaven and earth to make it more and more powerful. At that time, I can exert a stronger power by controlling the power of the formation in this ruined hall."

Hearing Huanyue say this at this moment, Ye Feng's eyes showed a look of surprise, as if he had not expected that Huanyue could actually absorb the spiritual energy of heaven and earth to make the formation that condensed her body and the formation that coexisted with her play an increasingly important role and help him when the time comes.

At this time, Ye Feng couldn't help but said in surprise: "How did you manage to coexist with such a mysterious and profound formation back then?"

Huanyue smiled slightly, with distant memories in her eyes, and said: "I had no choice at that time. If I had not merged with this ancient formation, I might have died in the chaos of gods and demons that year."

Hearing Huanyue's words, Ye Feng's eyes flickered suddenly. He looked at the huge ruins of the ancient kingdom of God around him and couldn't help but say, "It seems that my guess is correct. The Canyon of the Gods was not only a place for the ancient gods to

practice and discuss Taoism, but it may have also been the site of a tragic war, which led to the desolate scene today."

Hearing Ye Feng say this, Huanyue nodded, but didn't say anything more, as if she didn't want to mention that tragic past.

Ye Feng didn't want to delve into the past at this time. After all, it had nothing to do with him.

At this moment, Ye Feng just emitted his soul power and continued to look for opportunities and fortune in the ruins of the ancient kingdom of God established by the black snake god.

At this moment, Ye Feng was still very grateful in his heart that he could meet a native resident of the Divine Falling Land like Huanyue, who could guide him and help him avoid many detours.

Ancient God

At this moment, Ye Feng continued to emit soul power, covering the surroundings, preparing to thoroughly explore the ruins of the ancient divine kingdom created by the Black Serpent God.

Whoosh!

Ye Feng flew into the air and looked around, discovering that this ancient divine kingdom's ruins stretched as far as the eye could see, appearing extremely shocking.

Seeing this scene, even Ye Feng, a latecomer, couldn't help but sigh with emotion, saying, "How prosperous this place must have been back then, building such a vast and boundless immortal divine kingdom, but unexpectedly, it has all turned into ruins."

Speaking of this, Ye Feng suddenly looked at Huan Yue beside him and couldn't help but ask, "Huan Yue, did a god-level figure like the Black Serpent God fall during the ancient war between gods and demons?"

Hearing Ye Feng's question, Huan Yue nodded slightly and said, "It is estimated that he has fallen, because in his ancient idol, I could not sense any divine aura, only some power of faith and some remaining divine power, so the Black Serpent God has fallen, otherwise, his will would definitely manifest again through his ancient idol."

Hearing Huan Yue's words, Ye Feng couldn't help but nod, and then his eyes seemed to reveal a trace of loneliness, his tone was quite vicissitudes, and he said, "Huan Yue, how strong do you have to cultivate to be considered truly strong?"

Hearing Ye Feng suddenly ask such a question, a look of surprise suddenly appeared in Huan Yue's eyes, and she couldn't help but chuckle and said, "Ye Feng, I didn't expect you to be sentimental sometimes."

Ye Feng nodded slightly and said, "I am human after all, not heartless, is it not normal to feel a little confused and emotional sometimes?"

Huan Yue nodded and said, "Of course it's normal, and the question you asked is also the ultimate question pursued by cultivators of our generation. To what extent of cultivation is considered truly strong? Because when you step into a new level and go to a new place, you can always find that there is always a higher mountain. Even if you cultivate to the legendary level of gods, you will eventually fall. Above the gods, there may be even more powerful existences."

Hearing Huan Yue's words, Ye Feng immediately couldn't help but nod and said, "In any case, let's work hard to improve ourselves first and do what we can at the moment. No one can say for sure what will happen in the future. Living in the present is truly meaningful. The future is too far away, so let's seize the day."

Whoosh!

At this moment, Ye Feng immediately flew quickly towards the surroundings.

Following the exploration of soul power, Ye Feng quickly discovered another place with energy fluctuations.

When Ye Feng arrived at the place where the energy was fluctuating, he immediately saw that there was an ancient hall here.

This hall is still very well preserved and has not collapsed at all.

However, there are many traces of battle around the hall, with traces of knives, guns, swords, and halberds colliding and scratching on the walls.

Ye Feng walked over and immediately felt that this hall contained very rich energy, much stronger than the energy that Ye Feng had sensed in the ancient temple before.

Sensing all of this, Ye Feng's eyes suddenly lit up, and he immediately walked in.

Huan Yue also followed beside Ye Feng.

After all, Ye Feng has now put Huan Yue's source of power, that is, the magic weapon of the hall engraved with ancient formations, into his storage ring.

So wherever Ye Feng goes, Huan Yue will naturally follow, and Huan Yue doesn't even need to follow on her own.

The power of the formation is in Ye Feng's storage ring. Wherever Ye Feng is, Huan Yue will definitely appear.

At this moment, Ye Feng walked into the ancient hall in front of him, and his eyes suddenly froze slightly.

Because Ye Feng discovered that there were no energy gems or cultivation resources that he had imagined in this ancient hall.

The energy fluctuation that Ye Feng sensed actually came from the paintings on the walls inside this hall.

When Ye Feng saw these paintings, a look of surprise suddenly appeared in his eyes.

Because Ye Feng discovered that the power emitted from these paintings was the same as the power emitted from the Myriad Beings Diagram containing an entire small world that he had obtained before, which was the power of the world.

At this moment, Ye Feng suddenly had an amazing guess in his heart, and couldn't help but say, "Could the paintings on the walls inside this hall also be a painting world? Otherwise, how could it emit such a strong fluctuation of world power."

Huan Yue's eyes flickered for a moment, and she said, "The ancient divine kingdom established by the Black Serpent God back then did produce many special cultivation techniques. Perhaps there are really powerful existences who can depict a small world within a painting through paintings. The paintings depicted on this wall may really have a painting world."

Ye Feng nodded and directly walked to this wall, reaching out and touching it.

Buzz!

In the next moment, Ye Feng immediately sensed that the paintings on this wall did contain a small world inside.

This discovery made Ye Feng's eyes suddenly show a look of surprise, and he directly walked into this painting world.

When Ye Feng passed through the painting on this wall and entered the painting world, he immediately saw that a small world of not too big or too small appeared.

However, what disappointed Ye Feng was that there were no living beings in this small world, nor were there any opportunities for good fortune.

It seems that after the war between gods and demons happened here back then, before the destruction, even this kind of painting world carved on the walls, this kind of secret place was affected and completely destroyed, leaving only an empty painting world.

But at this time, Huan Yue suddenly said, "Ye Feng, if you have a magic weapon similar to this kind of painting world, you can completely absorb the power of the small world in this painting world and inject it into your world-attribute magic weapon, which can make your magic weapon even more powerful."

"There is such an operation?"

Hearing Huan Yue say this, Ye Feng's eyes suddenly moved, and then he nodded and said, "I'll try it."

It has to be said that Huan Yue is indeed a figure who lived in the age of gods and knows a lot.

At this moment, Ye Feng directly released the Myriad Beings Diagram that he had obtained before.

Buzz!

A huge scroll slowly unfolded above Ye Feng's head, and a scroll world appeared.

At this moment, Huan Yue's eyes suddenly moved when she saw this scene, and she couldn't help but say, "Is this the Map of Mountains and Rivers in the hands of a certain god back then?"

Ye Feng shook his head and said, "It's not a divine weapon like the Map of Mountains and Rivers. My magic weapon is called the Myriad Beings Diagram, which is much worse than a real divine weapon like the Map of Mountains and Rivers, but it is also a very rare world-attribute magic weapon."

Hearing Ye Feng say this, Huan Yue nodded, and then said with a smile, "Divine weapons are also slowly transformed. The foundation of this Myriad Beings Diagram is not bad. As long as you can constantly find various small worlds, absorb the power of the small worlds, and integrate them into this Myriad Beings Diagram, perhaps one day, you will also be able to transform this Myriad Beings Diagram into a real divine weapon level. At that time, when a scroll is unfolded, it will be an entire vast world, whether it is dealing with enemies or for your cultivation, it will be of great benefit, and you can even use it to prove the Tao and achieve the position of a god."
