

## **A Killer 1071**

Chapter 1071: I'm late

When the captain Liu heard Li Tian's shocked voice, he frowned slightly and said, "Yeah!"

"Xiao Zhang and Xiao Li were sent by me an hour ago. If there is no delay on the road, they must have arrived by now." Captain Liu said,

"What's the matter?" Captain Liu looked at Li Tian and the others with wonder.

Hearing that Captain Liu suddenly admitted that someone had indeed rushed to the place where the family of the deceased lived, Li Tian suddenly said, "Broken!"

Then Captain Liu suddenly heard Li Tian's scream, and he was depressed. He was surprised and said: What happened, what happened?

"Captain Liu, you...you broke our major event!" Wang Zhen suddenly roared there.

After Wang Zhen let out an angry roar, he then just listened to Li Tiandao: "Go...I hope we can still make it in time now!"

After speaking, he didn't even pay attention to Captain Liu in front of him, and ran directly to the outside, and Wang Zhen also quickly followed at this time.

Only Captain Liu of the Criminal Investigation Team stayed there with a depressed look, and said to himself: What's wrong? What happened? What do you mean by ruining them?

He certainly would not understand Li Tian's thoughts in their hearts.

At this moment, Li Tian and his brothers outside got on the military off-road vehicle parked at the gate very quickly, and drove directly to the place of the family of the deceased.

In the fast-moving car, but the ghost servant said with an ugly face, "I'm afraid we will be late!"

There Li Tian and Duguxie did not speak, but from the expressions of the two of them, it can be seen that their current mood must be extremely bad.

Finally found a clue, if someone from the Criminal Investigation Squad really stunned the snake in advance, it would fall short!

So Li Tian was very worried, and at the same time very impatient inside.

The car quickly reached the so-called Hirado district.

This Hirado community is a residential area with residential buildings in residential areas on both sides.

"Building 39, Hirado Ward, Room 406."

Wang Zhen in front sat in the car and said, looking at the number on the building.

"Here." Suddenly, the political commissar Zhou sitting in the car pointed to a floor over there and said.

Looking up, it turned out to be the 39th floor, and there was a police car parked there.

"Look, where is the police car?"

"Could it be that criminal investigation team's car?"

"It seems that they have really arrived!" The brothers in front of them pointed to the police lane in front of them and said.

After seeing this situation, Li Tian and his brothers suddenly knew in their hearts that it seemed that the criminal investigation team had really arrived here early, so they jumped out of the car quickly.

"It's here!" Wang Zhen said after he got off the car, pointing to the 39th floor in front of him.

After Li Tian and the others got out of the car, they quickly walked to the police car parked in front of Building 39, and after a glance at the police car that there was no one inside, a hazy shadow suddenly poured over everyone's hearts.

"Go, come with me!" Just listen to Li Tianshou running ahead and swiftly towards the floor in front of him.

He must now go and see the situation in Room 406...because he already has a bad premonition surging from his heart.

The Duguxie and the ghost servants behind him also followed at a strange speed. Then Wang Zhen, Political Commissar Zhou, and the two soldiers with them also ran toward the floor quickly.

As they approached Room 406, Li Tian suddenly motioned for them to lower their voices. After seeing Li Tian's motion, the brothers behind him quickly became slow.

Then he tiptoed slowly towards the door of No. 406.

The Duguxie and the ghost servant behind him were closely following Li Tian at the moment, followed by Wang Zhen's people.

The door of No. 406 is a red iron security door. Although it is closed at the moment, it is not locked from the inside.

Li Tian slightly gestured to Duguxie behind him. Of course Duguxie understood what it meant, and then moved to the other side of the security door.

After Li Tian slowly nodded, then he stretched out his hand and opened the anti-theft door in front of him. At the same moment, I saw Duguxie's body suddenly swish in, and Li Tian also used the fast Shenfa first flashed in.

Just when Li Tian and Du Guxie rushed into Room 406 in front of them, a strong smell of blood poured into their noses.

Then they looked up and were completely shocked there!

Gosh!

But seeing the two \*\*\*\* corpses on the ground are lying in a pool of blood,

Two men in casual clothes are dying on the ground alive.

Their eyes were wide open, and one of them was still holding a gun that hadn't had time to pull the trigger... but their bodies had fallen into the blood.

After Li Tian and his brothers saw such a weird situation, Li Tian, Duguxie and Ghost Servant, their hearts shook.

late!

It seems that they are really late!

After thinking like this in his heart, Li Tian hurriedly started searching around in each room, but everything became futile...because the gangster had found a clue...and he would definitely not stay here stupidly.

Looking at the \*\*\*\* ground with his eyes, everyone who came in was stunned.

"Damn bastard!"

"It seems we are late!" Tang Xiaolong said suddenly, clenching his fists tightly.

What about Wang Zhen? Also the whole person was stunned.

Looking at the two \*\*\*\* bodies on the ground, his face was extremely ugly.

At this moment, Duguxie squatted down and gently touched the blood on the ground with his hand. Suddenly he raised his head and said: "Young Master, the blood is still warm... It seems that their killer did not go too far !"

Listening to Duguxie saying so fiercely, Li Tian then looked out the window coldly.

"Brigade Commander Wang, quickly notify the troops in Binjiang City... let them seal off this area as soon as possible."

Listening to Li Tian suddenly saying this, Wang Zhen suddenly understood, and then quickly nodded, and said to the soldiers behind him: "You now hurry to contact the troops in Binjiang City... tell them to be tight Block every road...especially in this area. Remember that the requirement is a complete blockade. Every road will be guarded by me."

After receiving the order from Brigadier Wang Zhen, the soldier under his command nodded quickly: "Yes!"

Then I trot all the way down to post information.

Chapter 1072: I will solve it myself

Li Tian didn't expect this great situation to be destroyed by the criminal investigation team.

Originally, Li Tian and the others could deal with the group of people personally, but they didn't expect that they were still a step too late, and two police officers from the Criminal Investigation Team were killed.

Looking at the two corpses of policemen on the ground, Li Tian sighed deeply.

Suddenly when Li Tian and the others were about to withdraw from the room, they suddenly heard the ghost servant screaming.

"Young Master, come and see, there is a note here!"

At the moment when the ghost servant screamed, Li Tian and Du Guxie in front of them rushed towards the ghost servant.

But the position of the ghost servant is above the position of the left room.

And in his hand is a bright and cold head, and a note is stuck on the blade of the head.

"what?"

"When did you find the ghost servant?" Du Guxie suddenly walked over and asked.

Just listen to the ghost servant said: "I just found it."

"If I didn't guess wrong, this should be left by the other party." The ghost servant looked at the note in his hand.

Li Tian walked over quickly and said, "Let me see."

"Yes, Young Master." As he said, the ghost servant in front of him handed the slip of paper inserted on the blade to Li Tian.

Brigadier Wang Zhen and Political Commissar Zhou also walked quickly over there at this time, looking at the note in Li Tian's hand with a pair of surprised eyes.

After Li Tian reached out his hand to take the weird note, he opened it quickly.

What catches your eye is the scarlet font.

It turned out to be written on that note with blood.

"Shiliping!"

There are only three \*\*\*\* words on a piece of white paper: Shiliping.

Shiliping? Is it a place or something? How come there are only these three words? The Duguxie and the ghost servant in front of him looked at Li Tian inexplicably.

When Li Tian saw these three characters, he was also slightly taken aback, then quickly looked at Brigadier Wang Zhen in front of him and asked, "Brigadier Wang, is Shiliping a place?"

Brigadier Wang Zhen frowned and thought for a while and said, "Oh, I remember..."

"It seems that there is such a place in Binjiang City."

"It's just that this place is on the outskirts of Binjiang City... It seems to be quite deserted. Because there was an explosion in a chemical plant in Shiliping before, the radiation there was quite serious. The surrounding citizens moved away for their own safety. local."

After listening to Wang Zhen's words, Li Tian's eyes suddenly lit up.

"Young Master, are we going to Shiliping?" I only heard Duguxie suddenly ask.

Li Tian nodded silently.

Said: "Since the other party has made an appointment, how can we not go there?"

Listening to Li Tian and Duguxie saying this, Wang Zhen said depressed: "You are going to Shiliping? Do you mean that gang of gangsters left this note on purpose to wait for you?"

"No... Didn't they throw themselves into the trap? I think it might be a trap!" Wang Zhen said there. Because he felt that the gang of gangsters did not have the courage to face them upright.

But seeing Li Tian shook his head slightly and said, "Shiliping, it seems we have to take a trip!"

"As for whether this is a trap, I think everything will be revealed when we arrive." Li Tiandao.

After hearing what Li Tian said, Wang Zhen thought for a while, then raised his head decisively and said: "Well, since you are so persistent, then I will call and transfer troops and set off to Shiliping. If those \*\*\*\* The \*\*\*\* is really there, and I must kill them all this time."

After Brigade Commander Wang Zhen said so, Li Tian in front of him suddenly turned his head and looked at Brigadier Wang in front of him.

"Brigadier Wang, no..."

When Wang Zhen heard Li Tian say this, he was puzzled, and looked at Li Tiandao in front of him: "What's the matter?"

"Brigadier Wang, I don't want your troops to interfere this time." A word suddenly came out of Li Tian's mouth.

Just after Li Tian suddenly said this, Wang Zhen was stunned.

"What do you mean?"

"What does it mean that people who don't want us to interfere?"

"Do you mean that you are going to go by yourself?" Wang Zhen looked at Li Tiandao before him in shock.

After Wang Zhen said so, but seeing Li Tian in front of him nodded suddenly.

"Brigadier Wang, yes."

what?

"How is this possible?" Wang Zhen said speechlessly in shock.

Of course he was depressed. He couldn't figure out why Li Tian in front of him suddenly told the army members not to intervene, and asked his own people to deal with this matter. Could it be that the people on the army side dragged them?

"Why don't we let people from the army intervene?" The brigade commander Wang immediately looked at Li Tiandao.

Li Tian smiled bitterly, "Brigadier Wang, please don't get me wrong!"

"First, I think this is my business, and second, no matter who the other party is, it is obvious that one thing is for me, so the other party is only looking for me. If you go, I am worried. The other party may not show up, so the army members have gone, and I am afraid they might be self-defeating."

After listening to Li Tian's words, Wang Zhen felt that it seemed to be the reason.

After thinking about it, I just listened to him saying: "Li Tian, how about this? I'll send someone to help you secretly. Isn't it all right?"

But when he saw Li Tian, he suddenly smiled and looked at Wang Zhendao in front of him and said: "Brigadier Wang, I understand your kindness, but I hope I will solve this problem myself!"

"And if you really send someone to go in secret, I believe they will be able to detect it based on the intuition of the other party. If this is the case, then it will fall short, and we will never be able to find it so smoothly. Their whereabouts."

After Li Tian said so, Wang Zhen was stunned.

"That..." Wang Zhen tried to say something with his mouth open, but was suddenly stopped by Li Tian in front of him.

"Brigadier Wang, please listen to me this time!"

"I assure you that if the person who left the note this time is really the one who kidnapped my grandpa, I swear that I will save my grandpa even if I fight my life today! I will definitely let you The commander-in-chief returned to the headquarters safely."

After Li Tian said this, Wang Zhen who was still trying to hesitate finally gave in.

"Ok....."

"Hey! Since you insist on solving this matter yourself... Then I won't force you!"

"But I still hope that no matter what, you will protect yourself. The gangsters are so vicious...Please protect yourself." Wang Zhen said kindly.

Chapter 1073: Shiliping

Hearing what Wang Zhen said so kindly, Li Tian smiled and nodded there: "Brigadier Wang, don't worry."

In this way, Li Tian decided to personally take Duguxie and Ghost Servant, and Tang Xiaolong by his side to Na Shiliping.

He did not intend to let the brigade commander Wang Zhen in front of him help him, nor did he intend to use the strength of the army, but to attend the appointment alone.

He didn't know who left this note, let alone how many people the other party had... And whether the other party kidnapped his grandpa, Li Tian in front of him is not sure, he is going to go now. To be honest, he doesn't even know what kind of date it is...

The only thing I know is that the opponent must be his enemy! Maybe he is still his enemy.

After Li Tian made this decision, Wang Zhen could only obey Li Tian's instructions.

Wang Zhen and Political Commissar Zhou left the house in front of them with the two soldiers next to them. Before leaving, Wang Zhen also specifically told Shiliping's location and address.

Finally he took Li Tian's arm and said, "You must protect yourself."

Li Tian also smiled and looked at Wang Zhen in front of him and said, "Brigadier Wang is relieved."

In this way, Wang Zhen left with his own people!

Only one cross-country military vehicle remained, Li Tian, Duguxie and Ghost Servant, and Tang Xiaolong.

Looking at Wang Zhen's car going away, Tang Xiaolong said, "Little boss, shall we go to Shiliping now?"

Li Tian nodded: "Go, let's go!"

Speaking of lunch, he got into the cross-country military vehicle in front of him. The Duguxie and the ghost servants beside him quickly got into the car in front of him, and Tang Xiaolong got into the car.

Tang Xiaolong drove the car. After turning on the car's navigator, Tang Xiaolong started the car, followed the off-road vehicle with a roar, and then drove quickly into the distance.

Shiliping!

A place that was once completely blown up by a chemical plant, and a place called the death place of Binjiang City, not because of anything else, but because there was too much radiation in the air at Shiliping, so people in Binjiang City It is said that there is a place of death.

And now Li Tian and his brothers are going to the so-called "land of death."

Li Tian sat quietly in the car along the way, and did not speak, while Duguxie and the ghost servant were even more unwilling to speak. Duguxie just held the bronze sword in his hand tightly, that one. The bronzed face always seemed to be frozen.

And the ghost servant? He closed his eyes slightly, as if sleeping softly, as if he didn't care at all about the upcoming death covenant.

It didn't take long to reach the Shiliping from Binjiang City, and it only took more than an hour to die.

Tang Xiaolong drove fast, and this time was almost almost here.

"Little boss, we will reach the so-called Shiliping in two miles!" Tang Xiaolong, who was driving in front, turned his head and said to Li Tiandao in the car.

Li Tian nodded.

He had already noticed it, because as it got closer and closer to Shiliping, the more he could feel the so-called barrenness.

Along the way, apart from two rows of cold old buildings, there are some elderly people sitting in the sun and children playing around... There are no shops in this suburban area, large places like supermarkets... On the contrary, It is extremely desolate.

As the car drove forward, Li Tian realized that something was wrong, because all he could see were some weird old people sitting under the sun...one by one looking at their car with extremely strange eyes.

These old people are weird because they are deformed old people...

Some old people have distorted faces... and weird shapes, and some have broken hands and feet... What's more, those old people have broken hands and feet, as if they were shrinking!

They just sat under the sun, looking at Li Tian with desperate eyes one by one and their strange military vehicle whizzed past... There seemed to be no emotion in their eyes, as if they were a group of walking corpses. of.

What's going on?

Why are the old people here so weird and deformed?

If Li Tian can know the history of Binjiang City, he must know why these old people are so deformed and ugly.

It turns out that since the chemical plant exploded in Shiliping a few decades ago, radiation has begun to spread. Those citizens who moved out of the Shiliping area early have escaped...but there are still many citizens who have not avoided the radiation in the past. However, those citizens have all turned into this weird and ugly appearance due to radiation, and some have even become disabled.

To put it bluntly, these weird old people living near Shiliping were caused by the chemical plant explosion in Shiliping...

Looking at these weird and deformed old people, Tang Xiaolong who was driving only felt his scalp numb.

"Grandma, how come these people all the way are so weird? Isn't there a normal one?" Tang Xiaolong muttered while driving the car.

"It seems that our trip is not a good thing."

"Little dragon, don't talk nonsense." The ghost servant sitting behind suddenly said.

When Tang Xiaolong heard his master say this, he quickly closed his mouth.

"Actually, what Xiaolong said just now is pretty good... the old people here are all weird-looking. If I'm right, it should have something to do with the Shiliping place we are about to reach." Li Tian sitting in the back of the car Suddenly said.

After listening to Li Tian finished, Tang Xiaolong said with a smile, "Little boss, why do you say that?"

"What does Shiliping have to do with those weird old people?" he asked.

Li Tian smiled and said: "Don't forget, when we were here just now, Brigadier Wang Zhen personally told us that there was a chemical plant explosion in Shiliping a long time ago! There was also a legend about the amount of radiation in this area. The height is amazing...presumably the poor old people we saw just now were the victims of the radiation explosion that year."

After listening to Li Tian's analysis, Tang Xiaolong finally woke up, and said in a loud voice, "The little boss still makes sense! I think it's the same."

"Hey, these old people are really pathetic..."

Tang Xiaolong sighed while driving quickly.

"Xiaolong, how far is it to reach Shiliping?" Duguxie asked suddenly.

Hearing Duguxie's question, Tang Xiaolong quickly glanced at the navigator in front of him: "Senior Dugu, I will be there soon..."

"After turning this intersection, you should arrive at the so-called Shiliping!"

Chapter 1074: Mysterious people appear

As Tang Xiaolong said so, Li Tian and Duguxie both raised their eyes and looked out of the car window, looking up at a deserted area.

This is indeed worthy of its name!

It really deserves to be called the "place of death" in Binjiang City.

After the off-road military vehicle turned a turn, it saw the sign of Shiliping.

It was a stone signboard with only half left. I don't know if the stone signboard was destroyed by someone or what happened. At this moment, only half is left, and the stone has turned purple, as if it looked like it was taken out of the flames, with traces of erosion by the years.

"Shiliping..."

"This is Shiliping, we are here." Duguxie in front of him suddenly glanced at the incomplete stone sign and said.

Tang Xiaolong, who was stunned on the other side, nodded with a dull expression.

He looked at the abandoned tall buildings in front of him... suddenly dumbfounded.

Barren place, ruined building...

Who can imagine that Shiliping used to have such high floors, but what a pity that these floors are now? It has been mutilated, has become a so-called ruin...

Although the buildings are still built there, they are empty holes. There used to be people and shopping malls, but now? It has become a so-called ruin.

Through the streets on both sides, you can clearly see the shadow of Shiliping before. Both ends of the street are under-floor, but now they have become abandoned buildings.

Cold and dazzling.

The asphalt road is full of fragments of stone, as well as messy garbage, flying all over the sky.

As a cold wind blew gently, a wind with a breath of death blew those on the ground, and some old garbage cans were rustled by the wind.

The place of death was filled with a gloomy feeling.

And now Li Tian, Duguxie and the ghost servant are sitting in the car like this, looking around with a pair of eyes cautiously.

Suddenly a sharp cry cut through the silence of the air, and then I saw a dark wild cat suddenly jumped out of the abandoned building... suddenly it reached the middle of the road, that The bizarre cat eyes with yellow hair looked at the huge "car" approaching in front of him.

After screaming for a few seconds, he screamed and returned to the empty building again.

Looking at everything in front of me gave people an extremely ominous premonition.

Tang Xiaolong carefully looked around with his eyes while driving the car.

"Little boss, this Shiliping is so desolate, will those \*\*\*\*\* fool us?" Tang Xiaolong asked.

Li Tian looked around and said, "I don't know either."

"Then what to do now?" Tang Xiaolong asked.

"Continue to drive forward." Li Tiandao.

"Oh, OK."

Then Tang Xiaolong in front of him continued to drive the cross-country military vehicle in front of him, and continued to drive on this deserted and silent highway.

The disused floors on both sides looked at Dugu's car like ferocious beasts, like monsters waiting for Li Tian and the others.

Suddenly the whole road was cut off while the car was looking ahead!

The entire highway was blocked by a collapsed rusty gate in the front, and the front was also blocked by a huge stone.

It seems that these are caused by man.

"Wipe, the car can't get through." Tang Xiaolong muttered with a depressed foot in his mouth after seeing that the road ahead was blocked.

After the car braked, Li Tian and Duguxie in front of him also watched the situation ahead.

"Little boss, there is no way ahead, what should I do?" Tang Xiaolong turned his head and asked.

When he asked this sentence, Li Tian suddenly stared at the front left side.

"Little boss..." Tang Xiaolong cried again when he saw Li Tian in a daze.

Then, following Li Tian's eyes, he saw that in the ruin-like building, there was no idea when a person was standing...a dead man was standing motionless in the ruins and watching. they.

"Who?"

"Someone!"

"There are people there?"

"who?"

"Could it be those gangsters?"

Tang Xiaolong screamed, and then the Duguxie and the ghost servant in front of him turned around at the same time.

At this moment, they all saw the indifferent man standing in the ruins like a ghost.

The standing man was motionless, just like a corpse. With a cold expression, he raised a pair of expressionless eyes and stared at Li Tian and others in front of him.

Just after Tang Xiaolong and his brothers saw the weird man, they saw the guy standing in the ruins suddenly beckoning to Li Tian and the brothers in front of him...

At the moment he beckoned, his body suddenly walked towards the ruins, and then his body flashed, and he was gone!

Li Tian in front of him suddenly opened the door of the car with a bang.

"Young Master." After seeing Li Tian suddenly open the door of the car, Du Guxie suddenly stretched out a hand and took Li Tian's arm.

"Young Master, in case you get caught!" Du Guxie looked at Li Tian and said with concern.

Such a barren place, a place full of death, suddenly appeared a ghost-like man, of course Duguxie was afraid of being caught!

Don't forget that now they don't know how many people the other party has, and they don't know who the other party is... So Duguxie is still a little worried.

But Li Tian turned his head slowly: "Even if it is Longtan Tiger's Lair, I have to make a break!"

"For my grandfather... even if it's dead, I have to go."

After Li Tian resolutely said this sentence, the Duguxie in front of him took Li Tian's wide hand and slowly sent it away... Then he said nothing, his left hand suddenly grabbed his bronze sword, and followed Li Tian in front of him got out of the car, and the ghost servants in the car and Tang Xiaolong also followed him down at the same time.

After all of them got out of the car, Li Tian looked at the place where the man appeared just now and said: "Brothers, I am not sure what will happen in the past...maybe it will be dangerous, maybe it will be terrible... but....."

Just when Li Tian was about to say something later, Tang Xiaolong interrupted Li Tian's words all at once.

"Boss, you're like a wife now... Fuck, who are our brothers afraid of? Grandma's... isn't it just a bunch of bastards... Go, let's just go and \*\*\*\* them!"

After Tang Xiaolong said this with a big grin, Li Tian smiled, he smiled sincerely, and then reached out and patted Tang Xiaolong's arm in front of him.

"Good brother!" Three words came out of his mouth.

Chapter 1075: "He" appeared

Then Li Tian and his brothers quickly ran towards the ruined building over there.

They want to chase after the mysterious man just now, the man standing in the ruins like a ghost.

No one knows who he is? No one knew what he meant by asking Li Tian and the others to come over, but Li Tian, Duguxie and others around him felt a breath of death permeating here.

Following Li Tian in front of them, after they ran over, they saw that the ruined land was full of broken large stones, and the front was a long and narrow alley. The buildings on both sides were empty and deserted cold buildings. These buildings All in ruins.

There were a lot of messy \*\*\*\* inside the alley, all of which fluttered with the wind.

Looking at this barren alley, Duguxie in front of him tightly grasped the bronze sword in his left hand and looked around.

"Ghost servant, you guard the left..." a word slowly came out of his mouth.

After the ghost servant responded, his body speed went to the left, while Duguxie was on the right. In this case, they just left Li Tian and Tang Xiaolong in the middle.

"What about people?"

"Where is the \*\*\*\* just now?" Tang Xiaolong muttered in his mouth while blinking while looking at the deserted alley in front of him in a puzzled manner.

But there was no figure in the lonely alley, not even a ghost.

At the moment when the brothers were wondering, suddenly a black figure flew out of the abandoned building in front of him... and then flew into the abandoned building at an extraordinary speed.

"Over there." Li Tian said with a scream of surprise, pointing at the dark shadow, and then quickly chasing there.

The Duguxie and the ghost servants in front of them also slammed their body skills to chase the dark shadow over there quickly.

After the brothers suddenly entered the deserted building in front of them, they found that the black shadow just now disappeared again.

"Damn, run so fast..."

"What is it?"

"People! Definitely people." Li Tian said, looking around the barren building.

Judging from the abandoned layout of this building, it should have been a huge shopping mall before, and it was quite high. Li Tian didn't know how many floors there were in total.

In the empty abandoned building at this moment, if someone is hiding, it must be upstairs, because the whole hall has nothing but messy stones and garbage.

"It seems that the other party should be waiting for us on it." Suddenly Li Tian raised his head and looked at the floor in front of him.

"Little boss, shall we go up?" Tang Xiaolong asked.

Li Tian smiled slightly, then said nothing, and walked quickly toward the top of the stone steps.

The footsteps on the icy stone stairs made a crisp sound.

As for Li Tian and Du Guxie, they walked cautiously to the upstairs place step by step.

One floor, empty!

The second floor is still empty.

...

When Li Tian and the others reached the sixth floor, just when they just stepped on the sixth floor, they suddenly banged, and several thick and thick steel pipes fell from above, and they smashed them head-on. Come here.

"Be careful!" Duguxie screamed, and his body quickly dodged to one side.

And after that Li Tian and the ghost servant and Tang Xiaolong reacted for the first time, their footsteps changed rapidly, and then they dodged the steel pipe that fell from the sky.

With a bang, the steel pipe hit the slate floor to make a crisp sound, and the terrible sound reverberated for a long time throughout the empty building.

"Oh shit....."

"Asshole bastard, what a sneaky thing is, I have the ability to come out with Lao Tzu." Tang Xiaolong looked at the empty building and couldn't help but yelled.

The strong voice echoed throughout the building.

Just as Tang Xiaolong screamed, a weird laugh suddenly came from above the seventh floor. The laughter was harsh and unpleasant, like a screaming ghost.

In such a deserted place, suddenly heard such a terrible sound, people who don't know may think it is a ghost!

But Li Tian and Duguxie, after hearing that weird laughter, looked at the floor above their heads at the same time.

"On top." Li Tian said suddenly from his mouth.

The Duguxie and the ghost servant in front of them all nodded quickly, and then they hurriedly chased the place above.

Is there anyone on the seventh floor?

After they came up quickly on the cold stone steps with their footsteps, they saw people at a glance!

A tall and thin man like a zombie was standing motionless on the far left.

He turned his back to Li Tian and them.

After Li Tian and the others stepped onto the seventh floor of the stairs, they did not walk directly over, but stood here.

"who are you?"

"Why led us here?" Suddenly a sentence came out of Li Tian's mouth.

Just after Li Tian asked these words, the terrifying laughter came out of the man with his back facing them again.

"Aren't you looking for me all the time?"

"I took the initiative to send it to you, wouldn't it be bad?"

Following his weird voice, his body slowly twisted around.

Long Yin!

This person is no one else, but Dragon Yin in the black gate of \*\*\*\* gate.

Just after Long Yin slowly turned his head, Li Tian stared at him in front of him, and the Duguxie and the ghost servants beside him also stared at Long Yin in front of him.

I don't know why, Duguxie suddenly moved in his heart, because when he saw this guy for the first time, he was so familiar...but when he saw it, this Duguxie couldn't remember, he just wrinkled deeply at this moment Frowning at the guy in front of him.

"Are you the one who kidnapped my grandpa?" A word suddenly came out from Li Tian's mouth.

Just after Li Tian said these words, he only heard that Long Yin smiled softly.

Then he shook his head weirdly: "No...no...no...you shouldn't say it was a hijacking, it should be said that I asked Commander Mu to follow me."

Long Yin directly admitted that he had touched the old Commander Mu Yunlong.

Just after Long Yin confessed this, the fiery Tang Xiaolong beside Li Tian suddenly became angry.

"Mom, you bastard, you dare to touch my old commander Mu, I think you are tired of being crooked!"

Chapter 1076: Grace and hatred

Listening to Tang Xiaolong's insult, that Long Yin suddenly let out a cold snort.

"What are you? It's not your turn to speak here yet!"

Just after the cold voice of Long Yin rang, Tang Xiaolong almost jumped up.

"Damn..."

Tang Xiaolong, who was about to scold again, was suddenly stopped by the ghost servants around him.

"Little dragon, don't talk too much." Ghost servant said.

So Tang Xiaolong could only hold back all the anger, but the fire burning in his stomach became stronger and stronger, and his fists were also tightly clenched, as if he could not wait to go up and take that Long Yin. It's like being beaten to death.

But what about Li Tian? But he looked at Long Yin coldly.

The other party dared to stand face to face with him, which is enough to show that the character in front of him is definitely not an idle person...so Li Tian did not dare to take it lightly.

"Who are you?"

"Why are you kidnapping my grandpa?" Li Tian raised his icy eyes and stared at Long Yin in front of him and asked.

But seeing Long Yin suddenly laughed.

"Who am I important?" Long Yin said.

Facing the sneer of Long Yin in front of him, Li Tian asked again: "Are you in the gate of hell?".

The gate of hell!

Just after Li Tian asked this question, he saw that Long Yin laughed wildly: "It seems that you know quite a lot...It's okay to tell you, but this seat is a person in the gate of hell."

"It seems that you are indeed my enemy!" A word suddenly came out of Li Tian's mouth, and then you can see the fierce murderous intent in Li Tian's eyes.

As long as Li Tian heard the three words of the gate of hell, he would burst into flames, wishing to slash the opponent with a thousand swords, because that was his enemy, \*\*\*\*\* enemy.

But now Li Tian can only endure it, because his grandpa is still in this guy's hands.

"Haha..."

"Yes, I am indeed your enemy..."

"If the gate of \*\*\*\* is your enemy, then I must be the one you hate the most among the gates of hell...and I must be the one you want to kill the most. Li Tian, do you know why?" Suddenly, Long Yin Said to Li Tiandao with a grimly smile.

Li Tian endured the anger in his heart and asked, "Why?"

"Because I broke your father's hands and feet...I turned him into a completely useless person."

"Hey, who can imagine that the famous Cthulhu goddess of the previous second, after being cut off by me, was lying on the ground like a dead dog... It is pitiful, sad, haha..."

Gosh!

It turned out to be him. It turned out that the \*\*\*\* who broke the evil god's hands and feet more than 20 years ago was actually him in front of him?

After Long Yin confessed the evil things he had done all of a sudden, he suddenly heard a roar.

"I killed you \*\*\*\*\* and avenged my big brother."

The roaring sound exited, but saw a ghost image hitting that Long Yin with a very fast speed.

Ghost servant!

The ghost servant actually made a move.

The ghostly black shadow Mi with a murderous aura swept the dragon in front of him like a mad dragon.

Domineering blow!

Called a blow to death.

But that Long Yin didn't even move, only a cold, weird smile swept from the corner of his mouth, and then his arms suddenly rose, his hands criss-crossed, and then a black circle appeared on his palm. The ball, the black round ball was like a huge vortex, and it suddenly sucked towards the ghost servant with a suction.

The ghost servant's swift figure swished in front of him, his left palm suddenly and quickly attacked a series of five moves in the dark shadow.

Ghost boxing.

But that Long Yin quickly blocked the past, and at the same time, the black ball in his hand slammed into the ghost servant's chest.

"Ghost servant, be careful of his Hunyuan Yi Qigong."

Duguxie's face changed in shock and shouted.

Hun Yuan Yi Qigong?

Just at the moment Duguxie screamed, the ghost servant in the dark shadow also felt something wrong with the other party at this moment. Then his body flashed quickly, barely avoiding the attack of the black ball, and his body retreated again and again, quickly. Dodged aside.

The ghost servant is actually at a disadvantage?

It actually poses no threat to that Long Yin! !

Seeing that the ghost servant was actually forced to retreat by the other party, Tang Xiaolong in front of him was shocked there suddenly, obediently, who is this \*\*\*\* bastard? How could the strength be so strong that he actually forced his master back with one move?

And Li Tian looks extremely ugly at this moment.

Because this is the most powerful master among the \*\*\*\* gates he has seen so far!

Except for the previous ecstasy, and the twin old ghosts... Li Tian discovered that these characters who came out of the gate of \*\*\*\* were more powerful than one, just like the current dragon!

Who is he? How can Kung Fu be so terrifying.

"Are you Long Yin?" Du Guxie suddenly stood there with his cold face spit out his name, and at the same time his face changed greatly.

Li Tian and Tang Xiaolong beside him didn't know the name of this "Long Yin" at all.

But the ghost servant's eyes became eye-catching and ugly for an instant, and at the same time he was secretly shocked: it turned out to be him, it turned out to be this \*\*\*\* guy...

After Na Long Yin heard his name being said by the Duguxie, he suddenly laughed wildly.

"It seems that my name has not been forgotten..."

After Long Yin suddenly admitted his identity, the bronze sword in Duguxie's left hand suddenly burst out with a strong killing intent, and the surrounding air seemed to be filled with mighty sword energy in an instant...

"Aren't you dead?"

"Why are you still alive?" The weird words came out of Duguxie's mouth.

That Long Yin coldly glanced at the Duguxie in front of him.

"Duguxie, do you really think it is so easy for Long Yin to die? Do you think the Evil God really stabbed me to death with a sword...?"

"Tell you, the reason why Long Yin didn't die was to come back and take revenge!"

"Cthulhu, Cthulhu, haha, no matter how good his martial arts is, no matter how great he is, but after all? After all, it was not my Long Yin who broke his hands and feet!"

"I want him to die. I want him to live more pain than death. This is my revenge."

Long Yin cursed there like crazy.

What's going on? Why is Long Yin so cruel to the evil god?

It turned out that Long Yin was a terrifying and terrifying figure in the rivers and lakes a few decades ago. As long as he went to the place, he would be bloody, and he was extremely cruel, and he never left a single killer.

Chapter 1077: Angry flame

Although everyone in the arena hates this demon, no one dares to deal with Long Yin in an upright manner!

Not because of anything else, just because this dragon is too powerful.

In the Qing Gang rebellion more than 30 years ago, everyone knew that Long Yin's ability alone brought back the heads of several major rudder owners. Therefore, the name of Long Yin's slaughter was feared by everyone, even though they Fear, but no one dares to deal with it.

But no matter how terrifying and powerful Long Yin was, in the end he met the evil god.

Maybe it was Long Yin's bad luck, maybe it was time for him to be unlucky, anyway, when he was on the border of Yunyang, he encountered the most undesirable character, Cthulhu.

The Cthulhu, after seeing this long Yin who was punishable by everyone, wanted to kill him.

Cthulhu has always done things according to his preferences, and the people he wants to kill, even if the gods want to stop him, can't stop him.

Therefore, at the boundary between Yunyang and Yang, the two surprising masters started a duel.

This Long Yin was called a beast in the underworld at that time, while the Cthulhu was called a madman who was both righteous and evil by people on the road. Such a confrontation between two people was undoubtedly a thrilling battle.

No matter what the battle was, the years had completely flooded the past, but the final result was the death of Long Yin.

According to legend, in the end Long Yin was stabbed with two swords by the Cthulhu, and Long Yin fell to the ground and died. The Cthulhu also admitted the news of Long Yin's death.

But no one thought that Long Yin was still alive now!

And if Long Yin was right just now, he must have been involved in the murder of the evil \*\*\*\* more than 20 years ago, and he personally admitted that he had selected the evil god's hands and feet.

After Li Tian suddenly heard the news, his whole body became violently trembling...

The hatred in his eyes seemed to bleed.

What Long Yin said is right. He is his enemy and the one he hates most. His father was broken by him.

Looking at Long Yin in front of him, Li Tian almost couldn't help the anger in his heart.

He was about to explode, and his anger was burning him thoroughly.

But he can only hold back, can only hold back, because now saving his grandpa is the most important...

The clenched fists rattled, but Li Tian could only endure the hatred in his heart.

"So you haven't died!"

"Hidden in the gate of \*\*\*\* all the time?" Du Guxie said coldly.

Long Yin sneered: "Of course I am not dead. The reason why I am not dead is for revenge."

"It's a pity that I haven't seen the tragic death of Cthulhu with my own eyes. If I can see his death in my lifetime, I will be satisfied." He said with a treacherous smile.

"I am afraid you will not escape the second life today!"

Duguxie said while pulling out the bronze sword in his hand.

The cold light of the bronze sword was exposed, but seeing the sharp edge of the sword, the entire surroundings were suddenly filled with powerful sword intent.

Just after Duguxie pulled out the sword in his hand, that Long Yin sneered.

"It is said that your Duguxie's sword is an evil sword...I want to learn it, but unfortunately I am not interested today." Long Yin said suddenly.

Duguxie looked at Long Yin in front of him with a cold look: "What? You dare not?"

Long Yin smiled slightly and said, "Duguxie, don't use agitation to arouse me... No matter what you say, I won't do it with you."

"The reason why I brought you here today is entirely for him." Long Yin said as he suddenly stretched out his finger to point to Li Tian in front of him.

At the moment when he pointed at Li Tian, everyone was taken aback.

What about Li Tian? This will also be a little puzzled, and my heart is secretly, why this \*\*\*\*\* is looking for himself? Does he want to catch himself like the twins?

"The kid surnamed Li, I know you hate me now, and I can't wait to take my skin, eat my meat, and avenge your father, right? Haha." That Long Yin suddenly turned his eyes to look at the person in front of him. Li Tian said.

"What you said is pretty good!"

"I will kill you, and I will cut off your head by myself." Li Tianxue said with his pupils red.

Na Long Yin sneered: "Okay, I'm waiting for you, I'll give you this opportunity."

"It's a pity that you don't have this opportunity now." Long Yin continued.

Li Tian stared at Long Yin with a pair of hatred eyes.

"Tell me, where is my grandpa now?"

"How is he?" Li Tian asked.

What he wants to know most now is the safety of his grandpa.

But seeing that Long Yin smiled strangely: "No hurry, no hurry, Commander Mu is very good... very good."

"He is there?"

"Look over there." After hearing Li Tian say this, Long Yin suddenly pointed his hand to the left.

With his finger pointing like this, Li Tian and Du Guxie saw a shocking scene at a glance.

Gosh!

But in the middle of the seventh floor, a person's body is tied tightly by a rope and hung in the air. His two hands are tightly tied by the rope, and his whole body is suspended in the air. .

Who is the man who was hung in the air? Look carefully, isn't he the commander-in-chief of the North China Field Army: Mu Yunlong?

My God, this group of people was so vicious that they actually hung the body of Commander Mu in the air.

But seeing that Commander Mu seemed to be in a coma, and the blood stains all over his body, being hung by him, it looked like he was hanging a dead body.

But one end of the rope was pulled by a person.

That person was one of the two weird twins, and the other appeared and stood beside him.

Just after Li Tian suddenly saw such a situation, he suddenly screamed.

"Grandpa..."

Following his scream, he then wanted to rush over.

"do not move!"

"The kid surnamed Li, you'd better calm down, otherwise, your old Commander Mu will fall! When he is dead or alive, then I can't tell." Long Yin in front of him With a sneer, threatening Li Tian in front of him.

The man in \*\*\*\* who was pulling the rope at one end, sent the rope with a whistle and bang, but saw that the hanging body of the old Commander Mu suddenly fell downward... but he did not dare to push it. Commander Mu was smashed to death, and after his body fell a certain distance, he then tightened the rope again. Commander Mu who was hanging in the air was played like a monkey.

Li Tian looked at his grandfather being cruelly mutilated like that, the anger in his heart had already made him extremely angry, his eyes seemed to be bleeding, and he looked at Long Yin in front of him with burning flames and hatred.

"You bastard... you better let go of my grandpa... or I will tear you apart by myself!"

Chapter 1078: transaction

But seeing his grandfather being hanged alive in the air, there is a 67-story hole below him.

If you really want to fall, you still have to smash people to pieces or die?

Facing such an evil Long Yin, Li Tian was bloodied with hatred, but at this moment there was nothing to do.

With bloodshot eyes staring at Long Yin in front of him, Li Tian endured the hatred in his heart and said, "What are you going to do to let my grandfather go?"

I saw that Long Yin glanced at Li Tian and Duguxie and others in front of him. He smiled and said: "Today I don't want to kill people, I just want to make a deal."

Hearing Long Yin in front of him talking about the transaction, Li Tian and Duguxie behind them both looked confused, and they secretly said: What does this \*\*\*\* want to do?

"The transaction is completed, then I think everyone will be happy today, but if the transaction fails, then the consequences are hard to say." He smiled and said while looking at Mu Yunlong who was hanging over there, obviously. He is threatening Li Tian in front of him.

"What deal? Say it." Li Tian roared.

He didn't know what conspiracy this \*\*\*\* Long Yin wanted to engage in. Now Li Tian's only hope is to rescue his grandfather quickly, so even if Long Yin makes any request now, I am afraid Li Tian will agree.

When Long Yin saw that the timing was almost the same, he finally said, "If you want to keep your grandpa alive today, just hand over something obediently."

"A thing?"

"What?" Li Tian asked.

Na Long Yin said: "The supreme thing among the ancient relics, the heavenly book pill scroll."

Just when Long Yin uttered the four words of the Tianshu Danjuan, Li Tian in front of him and Duguxie in the back were completely stunned.

Tianshu Danju?

He never thought that Long Yin turned out to be threatening his grandfather for the ancient book Heavenly Book Pill scroll on his body.

"Don't lie to me that the thing is not on your body, hehe, everything was investigated when I came." Long Yin looked at Li Tiandao slightly.

"Do you want a heavenly book pill scroll?" Li Tian suddenly raised his eyes and asked that Long Yin.

Long Yin smiled weirdly: "Yeah."

"How? Are you willing to change?"

"Use your Celestial Book Pill Roll for your grandfather's life? I think it's a good deal to find a business, right?" Long Yin said, looking at Li Tian.

Li Tian didn't even hesitate, and said directly: "Okay! I'll change it for you."

After speaking so decisively, Li Tian took out the heavenly book pill scroll he carried with him. Since Li Tian learned about the great effect of the heavenly book pill scroll, to be honest, the heavenly book pill scroll has never left his body. , Has been hiding in his arms, and now in order to save his grandfather, Li Tian took out the heavenly book pill scroll in his arms without any hesitation.

The ancient book heaven book pill scroll was in Li Tian's hands at this moment, and that Long Yin looked at the heaven book pill scroll in Li Tian's hand, and his eyes suddenly released a brilliant light.

"Give me..." Just listen to that Long Yin's direct words.

Li Tianwang held the Heavenly Book Pill Scroll, and then looked at his grandpa who was hung in the air.

"Young Master, in case that evil thief cheats." Duguxie Pagoda stepped beside him to remind Li Tian.

Of course Li Tian is not stupid. Naturally, he knew that he held the heavenly book pill scroll and looked at Long Yin in front of him and said, "You let my grandfather go first, and I will give you the heavenly book pill scroll.

When Long Yin heard Li Tian say this, he suddenly laughed.

"Do you think I'm stupid?"

"Do you think I really believe you?"

"If I believe you let off Commander Mu, if you all come to deal with me, wouldn't I be in big trouble?"

Listening to Long Yin saying this, then Li Tiandao: "Then what do you want?"

"Well, let's hand in the book, and I will also hand in hand!"

"I will let my people put your grandfather down... what do you think?" Long Yin said, looking at Li Tian.

Li Tian thought for a while. There is no other way at this moment. For his grandfather, he has no other way. At this moment, he can only say: "Okay! I promise you."

Li Tian, who was speaking, really slowly walked towards Long Yin with the ancient Tianshu Danju in his hand.

At this time, Long Yin also waved his hand slightly at the guy over there, but seeing that guy slowly began to pull the rope in his hand, he also lifted Commander Mu who was hanging in the air.

Everyone's movements are very slow, and everyone is afraid that the other party will play with their hearts.

At this moment, when Li Tian saw his grandfather finally being pulled up to the seventh floor by the rope, he finally let out a sigh of vain in his heart, and at the same time, the ghost servant's body was also slightly facing. Move in the direction of Commander Mu.

"Give me...Give me the heavenly book pill scroll!" He just listened to Long Yin looking at the heavenly book pill scroll in Li Tian's hand.

When the Heavenly Book Pill Scroll in Li Tian's hand was about to be delivered to Long Yin's hand, he suddenly raised his arm and threw the Heavenly Book Pill Scroll all at once...throwing it forcefully behind Long Yin.

"take it!"

In order to obtain the heavenly book pill scroll from this ancient relic, Na Long Yin would naturally spare no effort to get the heavenly book pill scroll, so his body suddenly rushed back to get the heavenly book pill scroll.

What about Li Tian?

At this moment, he was only in the safety of his grandfather in China, so he rushed towards his grandfather for the first time.

"Do it!"

Duguxie also let out an angry roar in his mouth for the first time.

Immediately afterwards, he saw that the ghostly ghost figure, which was like an electric shot, rushed towards one of the twins in the black door over there quickly.

When the man saw a dark shadow attacking him, he couldn't control Mu Yunlong beside him, immediately drew out the curved blade from his body, and wickedly slashed towards the ghost servant's figure.

And just in the moment of this electric light flint, that Long Yin has reached out his hand to get the heavenly book pill scroll.

After he took what he wanted to get in his hand, his whole face suddenly changed.

Then raised those evil eyes, looked at Li Tian and the others who rushed to save Mu Yunlong over there, saying, "Kill them."

After saying a word from his mouth, he suddenly saw a man who was exactly the same as the one pulling Mu Yunlong's rope from the ruins of the building on the left, and then he slammed on the Mu Yunlong just now. Above the body that was pulled up...

Then Mu Yunlong's body, tied with his hands, fell again towards the 7-storey floor.

"Grandpa..."

Chapter 1079: Go to hell!

Li Tian exclaimed, but he didn't expect that another guy would pop up at this juncture, shouting loudly, and desperately grabbing the rope beside him.

At this time, Duguxie also directly pulled out the bronze sword in his hand, and the air suddenly filled with sword aura, and the vigorous and domineering sword aura directly slashed towards the man who had just done it.

Seeing that Mu Yunlong was about to fall alive and fell to death at this moment, Li Tian rushed over, and then fell to the ground with a bang, both hands tightly grasped the rope on the ground, but because of the fall The strength was too fierce, and then his body was dragged down by the falling Mu Yunlong...

Li Tian even fell from the seventh floor, but his hand was firmly grasped, and he didn't mean to let go.

"Little Lord!"

"Little boss."

There were Duguxie and ghost servants, and Tang Xiaolong had no chance to come over and grab Li Tian.

Watching Li Tian fall, they were all shocked at the same time.

But what? It was at this critical juncture, but seeing Li Tian suddenly stretched out a hand like an iron hook and suddenly grasped the edge of the broken stone, and dragged his falling body abruptly,

as did the other hand. He tightly grasped one end of the rope, and the bodies of the two people who fell were all caught in the air, hanging in the air.

It didn't even fall, almost, almost.

His hand was strangled with blood from the rope, and it flowed down the rope in front of him.

But he did not let go.

The Duguxie and the ghost servant over there are entangled by the twins in the two black gates. They have no effort at all, but what about Tang Xiaolong? The distance from Li Tian was too far, and he was rushing over at this moment.

Li Tianyi saw that he could no longer hold on, and looked back at his grandfather who was covered in blood hanging in the air. Then his whole person changed. At this moment, he exhausted all his body's strength, and then infused again. There was a violent dragon roar on his hand, and the vast real qi gushing out of the profound door of life and death in his body reached its extreme. The majestic qi made his fallen body abruptly flying, directly He flew up from the place where he fell, and Mu Yunlong, who was grasped by the rope, was also pulled up at the same time.

With a plop, the bodies of the two people settled on the cold slate floor.

Looking at Li Tian who was reborn from the edge of death, Duguxie and the ghost servant were extremely excited, and Tang Xiaolong was even more happy, and ran towards Li Tian all at once.

"Little boss."

What about Li Tian? He didn't care about the injuries on his hands or everyone. He only cared about his grandfather's life and death, and quickly visited the old Commander Mu who was dragged up.

"Grandpa, grandpa..."

He hugged his grandfather covered in blood and shouted.

The blood on Mu Yunlong's body seemed to be in a coma at this moment. After Li Tian called out a few times, he finally opened a pair of eyes weakly and looked at Li Tian in front of him: "Tian... Tian'er..."

"You came....."

After spitting out a few words hard, he fainted again.

"Grandpa." Li Tian shouted distressedly.

But Mu Yunlong was unconscious.

Tang Xiaolong here has already ran over.

"Little boss, are you okay?"

But seeing Li Tian didn't speak, he was just holding his grandfather tightly with two \*\*\*\* hands!

Suddenly, his body abruptly stood up, and his pupils changed at this moment. They all became red, red like blood...like a ferocious beast, Tang Xiaolong beside him suddenly saw himself When the little boss suddenly turned into this appearance, his whole person instantly felt a terrible strange feeling, just like a crazy beast, completely enraged at this moment.

This is the "Brother Tian" Tang Xiaolong has never seen before, and it is also the most "horrifying" Tian Brother Tang Xiaolong has ever seen.

"Help me take care of my grandpa." A word hissed from his mouth.

Just after Li Tian screamed out these words, his blood-red eyes full of animality and horror suddenly bet on the two twins in the \*\*\*\* gate that was fighting Duguxie and the ghost servant on the field.

Then a breath of horror that had never happened before filled the audience, and the air seemed to be filled with that wild breath.

Even the two twins, Duguxie and the ghost servant who were fighting against the black gate felt the sense of fear that they had never experienced before. After they felt this powerful breath, they were instantly stunned. Up.

Then they saw a black figure that looked like a maniac, whistling like a dragon with endless flames of destruction, attacking the twins in one of the black gates.

Destruction like hell.

Along with the anger in his body, the vast and powerful energy shook his palm towards the twins in one of the \*\*\*\* gates.

When the guy saw Li Tian attacking like a demon, his whole person was stunned...The Moon Blade in his hand seemed to start to tremble slightly, as if suppressed by the dark and destructive aura, even moving and flicking. Not like it.

Death, the breath of death!

Hearing a loud bang, Li Tian's demon body was hit \*\*\*\* one of the twins.

Then a scream came out of the guy's mouth, and with a bang, his body hit the hard wall, and even the hard wall was shattered alive.

died!

One move killed the guy in the black door.

The dead guy was bleeding from his seven orifices, his chest was smashed into pieces by Li Tian's vast palm, his eyes widened and he died there with an unbelievable feeling.

terrible.

fear.

Everyone present was looking at Li Tian who seemed to have been completely enchanted.

His eyes were blood-red and hideous, and then with burning hatred in his eyes, he looked at one of the twins in the other black door in front of him.

The guy was so frightened that his body couldn't help but back, and the moonblade that was tightly held in his hand was full of cold sweat at the moment.

A huge meaning of death enveloped him.

Finally, it seemed that he could no longer bear the depressed feeling in the air, ah, with a scream, the Moon Blade in his hand stabbed towards Li Tian fiercely.

Fight hard!

But seeing Li Tian who had entered a state of madness, he didn't even evade, his body was standing there stiff like a wood.

With a flutter, I saw the Moon Blade in that guy's hand stabbing Li Tian fiercely.

The blood flowed down Li Tian's chest.

But what about Li Tian? Didn't even move? It also seems to feel no pain.

And the guy who stabbed Li Tian? He didn't feel joy either, because he had already felt death approaching him, he had already seen the flames of Li Tian's eyes suddenly burning...

Suddenly Li Tian stretched out a hand, and then suddenly pinched his neck. After that guy was pinched by Li Tian, he suddenly felt suffocated and his body was struggling, but Li Tian's hand looked like iron. He pinched his neck tightly like a hoop, and abruptly lifted his whole body...

The pinched pupils began to dilate, his face began to turn purple, and his feet couldn't help struggling hard.

"Go to hell!"

Chapter 1080: Life

Howling roar.

Cruel killing.

Then Li Tian clicked, his five fingers smashed the guy's neck vigorously, and the holding corpse suddenly threw it forward, but after hearing a plop, the corpse was thrown four or five meters away. died!

Li Tian killed the second twin again.

In a blink of an eye, it was just a blink of an eye, and the master among the two black gates just died in the hands of the furious Li Tian.

Looking at Li Tian who was slaying frantically, even the ghost servants and Duguxie at this moment felt terrible, not to mention Tang Xiaolong. Looking at Li Tian at this moment, he only felt his back cool.

Just after Li Tian killed the guys in the two black gates, he suddenly turned his \*\*\*\* eyes and looked at the position of Long Yin just now.

"Where is the person?" Suddenly his mouth screamed.

Looking at it shockingly, Long Yin's figure disappeared without knowing when?

"Where is the person?" Li Tian screamed again.

Inside the empty ruined building, there is no shadow of Long Yin.

The ghost servant looked at Li Tian in front of him, and walked over worriedly.

"Little Lord."

Then he wanted to walk over to comfort Li Tian, but found that Li Tian suddenly turned his head, and the terrifying killing intent in his eyes suddenly surged towards him.

"Young Master, I am the Ghost Servant." When the Ghost Servant felt the horrible killing intent rushing towards him, he quickly reminded Li Tian in front of him.

Li Tian's head shook violently at this time, and then the terrifying killing intent on his body slowly faded.

After Duguxie saw that his young master was safe and sound, he said: "Ghost servant, Xiaolong, take good care of the young master, I will chase Long Yin!"

The words uttered, but when he saw his body stretched, he quickly ran downstairs to search for that Long Yin.

Long Yin disappeared.

He didn't care about the lives of his two subordinates at all. For Long Yin, he only needed to get what he wanted.

But when things came to an end here, Tang Xiaolong looked at Brother Tian in front of him, but he didn't even dare to step forward. He just walked to the side to help the unconscious Commander Mu, who was covered in blood.

What about Li Tian? There are still blood stains on his chest, and his body is still filled with hostility, even the ghost servant dare not get too close to him.

At this moment, Li Tian's killing aura seemed so strange that he could hardly recognize his brother in front of him.

"Little boss... Little boss... Are you okay, are you okay?" Tang Xiaolong paused for a long time before testing his reputation and asked Li Tian.

Li Tian has been standing there in a daze, holding his hands tightly, the scarlet eyes finally slowly dissipated in the passage of time.

Then his body shook suddenly, and he knelt on the ground with a thump of two legs.

"Little boss." Tang Xiaolong, who saw Li Tian look like this, ran over and looked at Li Tian in front of him at a loss.

"What's wrong with you?"

The ghost servant over there quickly ran over.

"Young Master, Young Master."

But seeing Li Tian kneeling on the ground with two legs, his fists pressed against the cold ground, he gritted his teeth and said: "I didn't expect to see my most hated enemy today, but let him run away. ...I am not willing!"

"I hate!"

The roaring words roared out of his mouth.

Tang Xiaolong and the ghost servant looked at Li Tian in front of them, and quickly comforted them: "Little boss, don't worry, that \*\*\*\* will definitely not live long, we will definitely make that \*\*\*\* pay all the price."

"Yes, young master."

"For so many years of hatred, we have endured it, and if we endure it again, we can finally kill them one by one." The ghost servant also said comfortingly.

"But, it was he who broke my father's hand and foot muscles!" Li Tian suddenly had eyes and tears.

I imagined the scene in which his father was cut off in his mind, and Li Tian's head felt like it was going to explode. He couldn't bear that kind of hatred. He would only be willing to let him kill the enemy now.

"Young Master, we will repay all the blood and hatred."

"And when the time comes, I want all the \*\*\*\* to double back."

In the end, the furious Li Tian finally slowly began to calm down under the comfort of the ghost servant and Tang Xiaolong.

But the anger in his heart is estimated to be completely burned from this moment.

In the rest of the time, in addition to taking care of the unconscious Commander Mu, Li Tian and them were waiting for the Duguxie who was chasing Long Yin.

Commander Mu was seriously injured, not covered in blood, and extremely weak, he was in a coma at this moment.

Li Tian has been hugging his grandfather tightly.

Finally, after waiting for a long time, Duguxie's figure appeared.

It just seemed that he was a little frustrated.

"Second brother... how's it going?" The ghost servant asked, looking at Duguxie who came back step by step.

But seeing Duguxie shook his head slightly.

The ghost servants and Tang Xiaolong certainly understood what it meant, and they didn't ask too much.

"Young Master." Duguxie came over, looked at Li Tian in front of him, and called out.

Li Tian immediately stood up, holding his unconscious grandfather and said: "Forget it, let's go back first."

"Take my grandpa home first."

After Li Tian said so, the brothers nodded.

So the three of them walked out of the ruins step by step with the heavily injured Commander Mu.

After getting in the car, Tang Xiaolong drove a sharp turn around, and then hurried away towards the road when he came.

After they left the ruins of Shiliping, they saw a black figure slowly walking out of the ruins of a building, holding an old book with yellowed paper in his hand. , The cover of the book was made of some kind of animal skin. Looking at the car driving away with evil eyes, a silver smile suddenly appeared at the corner of his mouth.

"I finally got the heavenly book pill scroll from the ancient relics!"

"The gate of the forbidden zone on the top of the sky, legend has it that can open the mighty gate of the ancient forbidden zone, haha, it seems that I, Long Yin, can finally break the secret!"

"The gate of hell? Cthulhu...I want all of you who are in the limelight to be defeated by my Long Yin!"

After he uttered these horrible words in the ruins with a wild laugh in his mouth, the crows around suddenly soared into the sky.

Then he saw his figure flashing quickly towards the cold ruined buildings, and disappeared, and disappeared without a trace.
