

A Killer 1361

Chapter 1361: Crazy

Because now Tian Luo has been caught in the hands of the Yin and Yang person.

A thin hand of the yin and yang man tightly pinched Tian Luo's neck, and those fiery, bloodthirsty eyes looked at Tian Luo with a strange smile!

Tianluo's face was pale, like death, staring at the yin and yang people in front of him who was pinched almost asphyxiated.

"Senior Yin and Yang...no...don't kill me..."

"I... I am... I am... here to help you out..." Luo Zai begged the yin and yang man in front of him that day.

But seeing that monster Yin Yangren ignored him, just a pair of bloodthirsty eyes staring at the stainless steel key in his hand unblinking.

Then his other thin hand stretched out slowly, and then held the key.

With expectation and hope in his bloodthirsty eyes, he slowly inserted the steel key in his hand into the lock spring of the steel chain in his left hand.

After he inserted it, he twisted his hand slightly, but heard a slight click...The fine steel chain that had been fastened to his wrist was immediately sent away.

At the moment of releasing, he suddenly fell into a crazy state.

Chapter 1362: Night is coming

"It's really the key... It really opened the shackles on me..."

Hahahaha!

"I am free, I am free." The yin and yang man with crazy expression suddenly laughed strangely and miserably.

Although the face was laughing weirdly, but the sound seemed to be crying. Hearing people's ears shook the eardrums of people's ears to sting...In the mountains and forests in the distance, those birds and beasts were hearing Yin and Yang. After the terrible and weird laughter of the people, they all fluttered and hurriedly fled to the distant mountains and forests, as if even the birds and beasts were afraid of this monster in the devil's cave.

And what about the evil spirits in front of you? It was looking at the Yin and Yang people in front of him with horrified eyes.

But seeing that because the yin and yang man was too excited, he seemed to forget the Tianluo he was holding, and he sent it away at once, yelling frantically.

"I'm free... I finally got rid of the shackles that trapped me for decades..."

The vast voice filled the entire magic cave.

And Tianluo, who had escaped from the palm of the Yin-Yang man's hand, with a pale face, clutching his painful neck and quickly backed away, while the Earth Sha on one side was also looking at the Yin-Yang man in horror.

The yin and yang people are completely out of control.

The fine steel chain shackles on both hands and feet have been completely opened.

His burly body stood there. At this moment, he was a man, a bloodthirsty, violent man.

The yin and yang man with loose hair stood there like a demon.

"Senior Yin and Yang..." Suddenly Tian Luo here called out.

Following his voice, he saw the yin and yang man slowly turning his terrifying face and looking at the two.

"It seems that you two juniors really didn't lie to me..." The yin and yang man suddenly laughed wildly, his voice unpleasant and hoarse.

His face looks only in his thirties, but his person is already an old man.

Imagine that this yin and yang man has dominated the martial arts decades ago, and he is an extremely cruel monster. Now he has been trapped for nearly thirty years. How can he be considered young?

After the yin and yang man in front of him said this, Luo and the earth evil finally breathed a sigh of relief that day, looking at the yin and yang humanity and said, "Senior... how dare we two deceive you?"

"Senior, now that the shackles on you have been removed... Our two brothers are willing to take Senior down the mountain immediately..." Just listen to Tianluo over there.

But what about the yin and yang person? Suddenly a pair of bloodthirsty eyes turned around.

Then a strange smile appeared at the corner of his mouth.

"The old man doesn't need you two juniors to lead the way..." Yin and Yang said suddenly.

When Luo still had Disha that day when he heard the Yin and Yang people say this, he was taken aback: "Senior, what do you mean?"

"I mean....."

The yin and yang man turned his terrifying face and suddenly looked at the two of them with a smile, and then his body was ten meters away from Luo Di Sha that day, suddenly the figure flashed in front of Tian Luo Di Sha.

When this yin and yang person flashed in front of the two of them in such a fast speed, Luo and Earthsha were stunned for a moment.

"I mean, the old man is going to kill!"

A terrible voice suddenly came out of the Yin Yang man's mouth. After he finished speaking, his two ghost-like hands had been deeply inserted into Luo and Di Sha's heart that day.

Two **** hands pierced through their bodies!

Luo still had the ground that day, never expected this monster to be so cruel, so cruel...

"Senior...you..."

"you....."

When Tian Luo said these words in pain, his body was already trembling. Those eyes full of fear looked at the "ghost hand" in his stomach unbelievably, and then his whole body trembled... ...

Like Tianluo, the blood from his heart dripped on the ground drop by drop, his eyes were filled with pain and panic.

Unfortunately, everything is too late.

But seeing that after the yin and yang man's hands were inserted into the hearts of the two of them, he suddenly pounced, and his two **** hands were pulled out.

The blood was on his hand, and the two hearts of Rodisha that day were tightly held in the palm of his hand.

That day, Luo Disha's heart was pulled out alive by this monster.

The two of them fell to the ground for a moment, choking and painful.

Their hands were stretched... as if they wanted to regain their hearts.

But what about the yin and yang person? Holding two **** hearts in his hands, he suddenly showed white and terrifying teeth and smiled strangely.

"You know? The old man's favorite thing in his life is human heart...Haha, thank you two juniors for letting me be born..."

Accompanied by the sound of the yin and yang people's weird laughter, he grasped two living hearts with both hands, slid his body, and quickly swept out of the magic cave.

"I'm going to be born..." A demon-like sharp roar sounded from the Yin and Yang person's mouth.

His cry made the birds and beasts in Luan Mountain horrified... But seeing only a stern wolf roar in the mountains, then he heard the sound of those wild beasts running around.

And what about the two heartless Tianluo and Earthsha in the devil's cave?

The two of them were desperately lying in the cave...the blood of their bodies was flowing out bit by bit, and then their eyes closed in pain and died.

The two masters who were once regarded as first-class players in the gate of **** died in the magic cave in this way.

On the contrary, the monster that had been trapped in the Demon Cave for decades has now been born.

The night has come, and no one knows what horrible things will happen next.

Dark night enveloped the whole world.

But at this moment, in the Necropolis, there is a person sitting motionless.

He sat cross-legged, facing the cold, tall wall in front of him.

Engraved on the wall are rows of fonts... It's a pity that those fonts are not real words, but dense tadpoles.

If you look carefully, you will surely find that the densely packed tadpole texts are exactly the same as the tadpole texts on the heavenly book pill scroll on Li Tian's body!

What's going on?

How come the tadpoles on the Tianshu Dan scroll owned by Li Tian are engraved in the Necro Palace in the gate of hell?

And who is this man who sits facing the wall and exudes a strong dark aura?

"Why I have studied for so many years and still haven't seen the peerless martial arts hidden in the third volume of the Tianshu Danju?"

"Hey... Is the third volume of the Heavenly Book Pill Scroll at all empty? Isn't there anything at all?" He sighed quietly, suddenly there.

Chapter 1363: Slaughter

As he finished speaking, he slowly stood up physically.

Although his body has stood up entirely, his upper body is still hidden in the darkness, unable to see his face clearly.

Facing the tadpoles on the wall, he glanced at it slightly, then turned and walked to other places.

After walking out of the stone wall room with the tadpoles in front of him, he saw two women in black robes standing on the left and one on the right.

"Have you heard from the two of them?" He only asked slightly.

After the two black-robed women standing at the door heard what he said, they hurriedly bent down and said respectfully: "Return to the master...So far, there is no news of Rodisha that day."

Known as the master, he raised his face slightly, looked at the dark distance, and said silently: "It seems that the two of them are more ill-informed..."

When the two black women in front of that heard their master said this, they were suddenly startled and asked, "Master, what should we do?"

He who was called the master suddenly laughed, and the sound of heroic laughter filled the room.

"Continue to do what you should do."

After speaking, he suddenly walked straight to the distance.

Dark night enveloped the entire Necropolis.

The entire hidden and underground Necropolis is the most important basis for the gate of hell.

Around the Necropolis, there are also many ***** gates guarded by masters. Most of these masters are figures of the world who were all-powerful at the time. The reason why they work for the ***** gates is so willing to be an unknown invisibility. Assassins, it's all because their lives are in the hands of the person called the master.

At this moment, seeing around the Necropolis, a group of birds suddenly seemed to be shocked and flew towards the distance.

The Necropolis is surrounded by a tomb. It was already extremely gloomy. At this moment, there was a group of flying birds in the dark. When suddenly they flew to the distance as if they were frightened in some way, the entire Necropolis was plunged into a cloud of darkness. Among,

And just outside the night of the Necropolis, I suddenly saw a dark figure approaching from far away like an electric beam.

His speed is very fast, as if he is not human.

Who dares to go to the Palace of the Necropolis at night?

Who knows where the base of the gate of **** is located?

In the Palace of the Necropolis, in a quiet room, but I saw the owner sitting quietly on a black chair.

There was no one in the empty room, he was just sitting there, not talking, not talking, not knowing what he was doing.

Suddenly while he was sitting still, his ears moved strangely... Then he closed his eyes slightly, and then listened carefully.

After listening quietly for about a few seconds, a smile appeared on the corner of the owner's mouth.

Suddenly he muttered, "Here is..."

As he said these words, he still sat there motionless.

Outside the Palace of the Necropolis, the earth is covered with darkness.

And in this black night like death, I heard the sound of Jin Ge Tieming fighting, and then some people screamed and screamed.

That was the sound of death, that was the last cry of the slain.

There was obviously unwillingness in the voice.

At the same moment, they saw two women in black running in from outside with panic on their faces.

"Report to the master that someone has rushed to the Palace of the Dead at night."

The two women in black said with ugly faces.

Obviously the opponent's strength has exceeded their imagination.

But seeing the master sitting on the black chair, he calmly said, "I know who the person is... Send my order and let our people stop... let him in."

When the two black women suddenly heard what the master said, they were taken aback: "But the master..."

Just when the two women wanted to say something, the owner in front of him suddenly roared coldly: "Didn't you hear me?"

After he roared, the two black-robed women's faces changed drastically. They knelt on the ground and said: "Subordinates heard... Subordinates will do it."

The two black-robed women who were talking then quickly walked out like a dog.

And this master? As if knowing who came, I sat there still, waiting, waiting for the coming person in the dark outside.

The night is getting darker and darker.

A strange sense of death suddenly appeared outside the palace of the Necromancer that was still golden.

In this silent night, one can feel a terrifying and eerie murderous aura.

At this moment, the powerful murderous intent has poured in from the outside of the Necropolis.

Darkness is coming!

I saw the master inside the Necropolis was still sitting there motionless, all the doors were completely opened, and all the masters in the **** doors almost heard the master's orders.

The master made them all hands-free, so even if they saw the enemy, they wouldn't do it again.

In the empty room, there was a sense of death-like silence at this moment.

And the master sat motionless on the black chair.

Suddenly a gloomy aura hits his face, and when that stern breath suddenly hit his face, the master who was closing his eyes suddenly opened his eyes.

It was a pair of eyes shining with exquisite light, and the eyes revealed a domineering and natural feeling. The moment his eyes suddenly opened, the corners of his mouth suddenly moved.

"You finally came to me." Suddenly he said with a sneer at the corner of his mouth.

As he said, suddenly a very fast black shadow hit him in front of him like a ghost, and a stern ghost cry came out of his mouth.

When the host in front of him saw the figure of "him" slamming at him quickly, he suddenly smiled coldly, shook his left hand, and then flicked in the air, an invisible force came out, blocking it. The black shadow... and then followed by a void fist with his right hand to attack the black shadow, the punching force was filled, at the moment of attacking the black shadow, the black shadow turned upside down, and then quickly swept back.

And the master didn't do anything again, just smiling at the person standing in front of him with his hands on his back!

His hair is scattered and slender, like an ancient savage, covering half of his face, and his two as thin ghostly hands are stained with scarlet blood.

Blood, of course, is the blood of others.

Only the two exposed eyes were filled with infinite hatred, staring at the master in front of him.

"Twenty years ago, you imprisoned me in the devil's cave... Twenty years later, you released me from the devil's cave... Hey... isn't it afraid that I will kill all of you?" The one in front of the master suddenly He said weirdly with a smile.

His voice was rough and unpleasant, his entire face was distorted, and his eyes were full of infinite killing at this moment.

It was a hungry and thirst-like killing light that had endured for a long time.

But seeing the master standing in front of him suddenly smiled after hearing the Yin Yang people say this.

"The reason why I let you out... is to make you kill."

Chapter 1364: friend

When the guy called the master suddenly said this, the yin and yang man suddenly looked at him with a fierce light. .

"What do you mean?" He suddenly asked coldly.

The man called the master smiled weirdly.

"Don't you want to take revenge for what happened back then?" A word came out of his mouth.

After speaking out, the Yin and Yang person suddenly exuded a terrifying cold killing intent.

More than twenty years ago, the four big families united with many masters on the rivers and lakes and forced him on Luan Mountain... Although the Yin and Yang people were extremely cruel, they could not match so many masters. In the end, he killed so many masters. , Was finally forced to jump off the cliff.

The hatred, **** hatred resurfaced in the minds of the Yin and Yang people before him.

As those old hatreds surged up scene after scene, his two skinny ghost hands suddenly clenched fiercely, as if he wanted to dig out the hearts and livers of his former enemies.

"I think!" Suddenly, the two words came out from the yin and yang person's mouth.

"But I want to kill you first..." Suddenly the yin and yang people in front of him stared at him with devastating eyes.

"Although you saved me more than 20 years ago... but trapped me in the devil for so many years... Hehehehe, you said, how can I not want to kill you?"

The yin and yang man suddenly smiled strangely and said to the master who was looking in front of him.

Weird, he is such a monster.

But seeing that after hearing what he said, his face was completely plain, as if he was listening to the most common words.

With a smile on his face, he looked at Yin and Yang and said, "Hey, if you kill me... I'm afraid there will be no one in this world to give you an antidote... Then you will be guilty. ... and then the death is ten thousand times more painful than me!"

After he said this, the yin and yang man suddenly roared, and his hostility suddenly increased.

"You threatened the old man with poison?" he roared there.

As he said this, he smiled slightly when he saw the owner in front of him: "I am not threatening you... I just want to tell you that you have no use at all for killing me... Besides, Yin and Yang people, you think you really have the ability. Can you beat me?"

After he suddenly said this, the yin-yang person's complexion changed strangely, and his bloodthirsty eyes blinked... Senhan looked at the guy called the master before him.

"The people who killed you back then belonged to the four major families...and the people on the rivers and lakes, not me. Your enemy is them. If I were you, I would seek revenge from them." The master suddenly turned again. Said with a grinning grin.

The yin and yang people in front of them said: "Don't worry, I will find them soon, and I will dig out all their hearts."

"That's the best." The host smiled slightly.

"Actually, I think the two of us can be friends... what do you think?" Suddenly the master in front of him looked at the Yin and Yang humanity.

When the yin and yang man heard what he said suddenly in front of him, he suddenly laughed weirdly, and his voice was harsh and unpleasant, echoing throughout the Necropolis.

The master in the gate of **** just looked at him unblinkingly with his hands on his back.

"Being friends with you? Hey... I'm afraid it's not that simple, right?" Yin Yang man suddenly asked strangely.

But listen to the master in the gate of hell: "Hey, if you don't want to be my friend... you can only be my enemy."

"The poison in your body now will recur in ten days... If there is no antidote at that time, you will undoubtedly die, and the state of death will be the most painful way to die in the world... and, If you want to fight with me now, if you want to get the antidote from me, it is up to you, but you must at least understand that if you really fight with me, there will be no room for retreat, my men, It will never leave a living mouth." The master of the gate of **** said domineeringly there.

The dark aura exposing all over his body seemed to suppress the evil spirit in the Yin-Yang person in front of him.

The yin and yang man, this monster who has been famous for decades, now looks helpless when he reaches the master of the gate of hell.

Is he the opponent of the master of **** gate in front of him? No one knows.

At this moment, the bloodthirsty eyes of the yin and yang people cast a cold glance at the master of the **** gate and paused for a while.

Suddenly his voice was hoarse and said, "What do you want me to do?"

After hearing the Yin and Yang people say this all at once, the master of the **** gate smiled.

"I want you to help me kill some people." The master of the gate of **** suddenly said.

As the master of the gate of **** said so, the yin and yang people in front of him suddenly asked gloomily: "Who to kill?"

"Kill me one of the traitors of the **** gate, Long Yin, and a few others." The master of the **** gate said slightly.

After the yin and yang man heard this from the master of the **** gate, the corners of his mouth smiled coldly and said: "I thought you were going to let me kill someone... it turned out to be just a few unknown characters."

Long Yin!

This person with the name Yin and Yang has never heard of it.

For the old monsters like the Yin and Yang people who have been trapped in the Devil's Cave for decades, he simply dismissed this rising generation, so when talking about the dragon Yin, the Yin and Yang people were completely disdainful.

The owner of that **** gate laughed when he heard the Yin and Yang people say so.

"No matter what, as long as you help me kill him... I will give you the antidote at that time... And no matter what you want at that time, I will satisfy you." The door of the **** gate said.

The Yin and Yang man laughed strangely.

"I don't want anything... I just want to get more blood on my hands..."

"I ask you, Ouyang Wujiang, and the old trash from Yuwen's house... are they still alive now?" The Yin Yang person asked suddenly.

After the yin and yang people suddenly asked, the owner of the gate of **** in front of him nodded slightly.

"They are still alive."

When the yin and yang person heard it, he smiled miserably: "Just stay alive, just stay alive..."

"I think back then, these old couples forced me to Luan Mountain... besieged me... Hey, they never thought that I was still alive and not dead.

"These old things, I should get them settled."

Listening to the yin and yang people, the master of the **** gate in front of him looked at him and said, "When are you going to leave?"

"Soon." Yin Yang said humanely.

"Then do you want me to send a few people with you?" Just listen to the **** gate master in front of you to continue.

But the yin and yang man suddenly laughed weirdly.

"Do you think I need it? Haha."

After the Yin Yang Ren suddenly laughed so strangely, suddenly his figure flashed outside the door, and then the figure flashed again, already flying into the night.

The last words of the yin and yang man came from a far dark place: "Soon, you will be waiting to hear the news of the demise of the four great families..."

After the figure of the yin and yang figure completely disappeared into the darkness, the corner of the mouth of the master of the **** gate slowly put away his smile.

Chapter 1365: Is Duguxie dead or alive?

Since Li Tian returned to the North China Field Military Region, now the brothers can finally have a good rest.

And the matter of Li Tian and Tang Feifei came to an end temporarily.

Feifei is now in the North China Field Military Region, and gradually got to know Li Tian's brothers. Although the brothers are not very familiar with Feifei, they think Feifei is a good girl through understanding.

Na Situ Ningbing was like a sister to Feifei.

Duanmu Sakura is the only possibility!

Duanmuying has been in the most embarrassing situation since she had a fight with Tang Feifei last time, and she also started with Situ Ningbing.

She almost doesn't go out very much now, and she stays alone in the room all day, angry.

And only her little girl, Xiaohuan, was with her all day long.

The one thing that makes my brothers most worried now is the disease of Duguxie.

Because so far, Duguxie, who was seriously injured and unconscious, has no breath at all.

His heart can only be maintained by the cardiac acupuncture all day long... and the rest of the body has no signs of life at all.

Now everyone is concerned about the safety of Duguxie.

Fairy Baihua and the servant of the ghost have been guarded in the hospital of the North China Field Military Region for almost a few days, but that Duguxie is a symbol of lifelessness.

The doctors in the military area couldn't help it, because they had never seen such a strange condition.

At the moment, in the corridor of the hospital, but seeing the doctor who had just gone in to check Du Guxie's body came out of the ward with a sigh.

I saw brothers and Li Tian and others gathered in the corridor.

After the doctor came out, Li Tian and his brothers hurried forward and asked, "Doctor, how is it? How is my second brother's condition?"

The first one to go up quickly was the Baihua Fairy.

After several days of hard work, her glamorous face was obviously thin and yellow.

But she didn't care at all, all she cared about was the safety of Duguxie.

The ghost servants in front of him also quickly gathered around, looked at the doctor and asked, "Doctor, is my second brother's injury better?"

After so many of them came around, the doctor in front of him slowly took off the white mask he was wearing, and then looked at the human in front of him and said, "Hey, there is still no response..."

After hearing the doctor say this, the brothers' hearts not only shook, but at the same time everyone's faces showed pain.

"How could this be?"

"Doctor, how could this be?" The ghost servant couldn't calm down at this moment, and shouted sharply there.

He was emotional, after all, for so many days, so many days, that ghost servant had been worried about Duguxie.

He has the same siblings with Duguxie. Now that Duguxie has been waiting for so many days, when Duguxie still has no signs of life, of course he is going crazy.

But seeing the doctor hurriedly said, "The patient's body has no physical response at all... Hey, only the heart is still beating... This situation is unprecedented in our hospital... Sorry , There is nothing we can do."

As the doctor said so, the ghost servant on one side suddenly reached out and grabbed the doctor's arm: "What did you say?"

"You mean my second brother is not saved?" When the ghost servant roared, his hand suddenly pressed hard.

How could the doctor as an ordinary person withstand the strong hand strength of the ghost servant in front of him, and his face suddenly became painful, and at the same time he exclaimed in his mouth, "It hurts... It hurts... You pinch me... "

"Ghost servant!"

Li Tian saw the excited ghost servant over there and quickly stopped talking.

The ghost servant also felt his gaffe at this moment, and quickly released his hand.

"Doctor, are you okay?" Li Tian looked at the doctor and asked.

The doctor looked pale, looked at his pinched purple arm, and groaned in his mouth... Then without saying anything, he turned around and left here.

Then Li Tian didn't say anything when seeing the doctor leaving.

Then he quickly walked towards the ward.

In the ward filled with the smell of medicine, but seeing that Duguxie was lying motionless on the bed like a dead person, the heartbeat next to him was still beating slightly, but it was obvious that the rhythm had become very slow, and Duguxie's whole body The top and bottom are also filled with infusion needles.

"Second brother..." The ghost servant on the other side cried out in pain, walked over, and stretched out his hand to hold the cold hand of Duguxie tightly.

The brothers on one side are also watching.

"Second brother, you must live...you must live."

"Our brothers have to find Big Brother together...you must not go first." Ghost servant said.

Hearing what the ghost servant said, the brothers were all moved there.

However, Duguxie lying on the hospital bed seemed to be dead, without any reaction at all. His face had gradually turned black, and even his lips were covered with a deathly pale color.

After the brothers stayed in Duguxie's ward for the last ten minutes, Li Tian took the lead in going out.

He looked ugly to stand outside alone.

Sitting quietly in the hallway, thinking about things.

When he was thinking about something, Old Monster Ge and Chen Qiaozhi also came out.

Old Monster Ge fumbled out a pack of crumpled cigarettes from his pocket and lit one.

Li Tian was very upset, looking at the old stranger Ge and said, "Come and follow me."

So Old Monster Na Ge also sent a cigarette to Li Tian.

Li Tian held it in his mouth, the lighter jumped out of a flame, then took a deep breath, lit it, and vomited white smoke from his mouth.

"Hey, Senior Dugu doesn't know if he can pass this level this time." Old Monster Ge on the other side sighed while smoking.

Li Tian took a deep breath and said, "It must be possible."

"There is absolutely nothing wrong with him."

"But what if?" Old Monster Ge said again now.

Li Tian suddenly turned his head and said: "Nothing in case..."

"I will never let him die."

After saying this, Li Tian suddenly took two breaths of the smoke in his hand, and then suddenly he walked towards the ward again.

Old Monster Ge was taken aback, blinking curious eyes at Li Tian who walked in, and said to Chen Qiaozhi beside him: "What's wrong with him?"

"Duguxie is so close to him... Now that something has happened, Li Tian is of course very uncomfortable... Besides, Duguxie has the same brotherhood as Li Tian's father. To put it bluntly, this Duguxie is also half of Li Tian's relatives, you think Do you think his heart hurts?"

Hearing Chen Qiaozhi's words, Old Monster Ge said, "Yes, too."

"It's really embarrassing for him, I hope Duguxie can survive this time!" Old Monster Ge said finally.

Chapter 1366: Li Tian is in a coma

Now Duguxie was seriously injured, whether he was alive or dead, no one knew.

The ghost servant and Baihua Fairy in the ward were all looking at the badly injured Duguxie who couldn't wake up.

Suddenly this time Li Tian walked in.

"Ghost servant, Xiaolong, you all go out first," said Li Tianzai who suddenly walked in.

After Li Tian said this, the ghost servants in front of him and the brothers around him were not just a moment of stunned, they all raised a pair of surprised eyes at Li Tian who was looking in front of him.

"Little boss..." Tang Xiaolong shouted in confusion.

But listening to Li Tianzai said: "I want to be alone with Dugu for a while...you first go outside and wait for me."

After Li Tian said this, the ghost servants and Tang Xiaolong were strange in their hearts, but they still listened to Li Tian's words.

At this moment, they went out one by one.

After they left the room, the only people left in the room were the unconscious Du Guxie and Li Tian.

Li Tian glanced at the Duguxie lying on the bed, the black face covered with death, and the closed eyes, and then walked towards him step by step.

"I must save you..."

A word suddenly came out of Li Tian's mouth.

When he finished saying these words, his violent hands slowly helped the unconscious Duguxie up. After the support, Li Tian slowly lifted both hands, and then began to slow down. Slowly accumulate the strong energy of your body.

It seems that Li Tian is going to use his true energy to force that Duguxie to rescue.

In fact, even Li Tian himself didn't know if he did it. It was useful or useless?

The only thought in his mind was to save the Duguxie in front of him, so at this time, after his hands were infused with powerful true energy, his hands suddenly pressed against that Duguxie's back, and Li Tian began to source the source of his body. The constant energy flowed into that Duguxie's body bit by bit.

A vast amount of true energy emerged from Li Tian, and even a white gas appeared slowly over his entire head.

But no matter how Li Tian used his powerful true energy to input Duguxie's body, that Duguxie's body did not react at all, just like a corpse, no matter what.

Li Tian didn't care about this, he just poured all his mellow internal energy toward that Duguxie body.

Just as Li Tian watched Duguxie's body input with his powerful internal energy, suddenly Li Tian thought of the immeasurable key to Maha.

The first layer: bleed!

"The way of entraining qi, accumulate the power of qi, and return it to the dantian, travel the meridians throughout the body, and activate the power of the body..."

When suddenly recalling the first-level qi-inducing decisiveness of the Maha Boundless in his mind, Li Tian was suddenly moved.

"With the power of qi, penetrate the whole body, and then travel through the meridians throughout the body to activate the power of the whole body..."

After Li Tian suddenly realized the true meaning of the first layer of Yin Qi Jue, Li Tian suddenly discovered that this Qi Yin Jue was actually more like a method of overcoming catastrophes.

Except for the heart, all parts of Duguxie's body now had no signs of life.

But if it stops, it doesn't mean that he is dead. After all, he still has a heartbeat. If he uses Yin Qi Jue to infuse his whole body energy into Duguxie's body, he will walk his whole body with the power. In terms of meridians, doesn't it mean that it can activate all the "dead" parts of his body?

After Li Tian thought so for a while, he suddenly felt unusually excited.

Then he began to really use that maha's boundless first-layer key, Yin Qi Jue, to slowly infuse his body energy into the body of Duguxie, and then began to drop those abundant in The powerful energy of Duguxie's body is guided to all parts of his body.

Although this Yin Qi Jue is simple to say, it is quite troublesome to do.

Not only should all the messy energy be guided into Duguxie's body, but also there can be no mistakes, because if one is careless, Li Tian will flow back in energy. At that time, it will be in trouble. .

Therefore, Li Tiansi did not dare to be impatient, and slowly input his true energy into the body of Duguxie to red, and then began to guide bit by bit, first to his internal organs, and then to his hands. , Feet...

Li Tian just consumed his body's energy to help that Duguxie evacuate bit by bit.

As time passed by, he was there to save Duguxie.

On the corridor outside the ward, the brothers were all standing outside.

No one knew what Li Tian was doing in the ward.

At this moment, almost two hours have passed.

Then Tang Xiaolong, who had been waiting outside for more than two hours, finally couldn't help but said: "Hey, what the **** is the little boss doing? Why haven't he come out for so long?"

"I don't know." The brothers all said there.

Everyone of them now has a puzzled expression on their faces.

"Or, let me take a look." Tang Xiaolong said there.

After he said this, the brothers did not object, after all, now they all want to know what Li Tian is doing in the ward.

After everyone had no objection, Tang Xiaolong slowly walked toward the door of the ward, and then gently pushed the door of the ward in front of him.

After he gently pushed open, a gap was opened in the door of the ward, and then the guy catted his body, and his eyes were on the gap in the door, and the whole person looked at the situation there like a thief.

The other brothers also stood behind curiously.

When Tang Xiaolong looked in, he suddenly felt something was wrong, because he saw Li Tian lying on the bed as if dizzy.

"Not good." Tang Xiaolong exclaimed suddenly after seeing this situation suddenly.

At the moment Tang Xiaolong exclaimed, the ghost servant in front of him and Chen Qiaozhi hurriedly walked over and asked urgently: "What's wrong? What's wrong?"

"Little boss... Little boss... seems to have passed out." Tang Xiaolong said with eyes wide open.

what?

"What? Young Master is unconscious?"

The ghost servant exclaimed, and then slammed the door of the ward in front of him with one hand.

After pushing away, a shocking scene appeared in the eyes of the brothers.

Not bad, but seeing that Tang Xiaolong said nothing wrong, Li Tian was indeed in a coma and fainted beside that Duguxie.

"Little Lord....."

"Big Brother..."

"Li Tian..."

When he saw Li Tian fainting in the ward, Du Guxie and Li Tian's brothers exclaimed together.

Then he ran to help Li Tian, but saw that Li Tian's face was a little pale...There were many beads of sweat on his forehead, and his whole body seemed to be wet with sweat, lying weakly on the hospital bed. .

Chapter 1367: Duguxie is alive

"How could this happen? What happened to the little boss?" Tang Xiaolong asked in horror. .

Chen Qiaozhi hurried over, took a look at Li Tian's affection, and then said: "He seems to be tired..."

"what?"

"What is tired?" The brothers in front of them all said depressed.

But seeing Chen Qiaozhi in front of him, he stretched out his hand and slightly took the pulse of Li Tian, and he frowned.

"Hey, I know how Li Tian fainted." Chen Qiaozhi said suddenly there.

Then Tang Xiaolong hurriedly asked: "Sick ghost, then you should talk quickly, what happened to the little boss?"

At this moment, Chen Qiaozhi slowly said: "Li Tian was in a coma because of excessive consumption of true qi..."

"Excessive consumption of true energy?" The brothers were even more stunned after hearing what Chen Qiaozhi said in front of them.

"Well, he must be trying to save Senior Dugu, so he input the mighty true energy of his body to Senior Dugu...Because the body was consumed too much, Li Tiancai passed out in a coma." Chen Qiaozhi said slightly in that direction. Say.

When Chen Qiaozhi said this suddenly, the brothers were all stunned.

Looking at Li Tian who was in a coma, not only did they feel moved in their hearts.

"Hey!"

"Sick ghost, is the little boss okay?" Tang Xiaolong asked worriedly.

"Well, it will be fine, it's just overwork...it should get better soon after taking a break." Chen Qiaozhi.

Listening to what Chen Qiaozhi said, the brothers finally let go of their hearts.

At the moment, Li Tian was watching the unconscious.

"Hey, Young Master does not hesitate to use his physical strength to save my second brother... It's really hard for him." Ghost servant said distressedly.

He knew in his heart how difficult it is for a person to use his true qi to save another, so he sighed like this.

"First help Young Master to rest." The brothers at the moment were all worried about Li Tian's health.

While all the brothers were focusing their attention on Li Tian, suddenly no one saw the heartbeat next to Duguxie at this time, and suddenly, dripping, dripping sounded.

It is a symbol of vitality, and it is the sound of a fast heartbeat.

At the moment the sound came, Duguxie's body, which had been silent for so many days, suddenly trembled at this moment.

The brothers hadn't noticed this tiny move, because his body was just shaking suddenly, but Xue Wuhen, who was sharp-eyed, saw it there with a glance.

The moment he saw it, the whole person was stunned.

"Senior Dugu...Senior Dugu moved..." Suddenly an exclamation sound came out from Xue Wuhen's mouth.

At the moment he suddenly called out, the brothers over there who were worried about Li Tian were all stunned, and then turned their heads all of a sudden, looking at Xue Wuhen in disbelief.

"Wuhen, what are you talking about?" The ghost servant suddenly looked at Xue Wuhen and asked, "Yes, brother, what are you talking about?" Chen Qiaozhi, who had his back to Xue Wuhen in front of him, suddenly turned his head and looked at Xue Wuhen in surprise and said.

But seeing Xue Wuhen's eyes wide open, pointing to the body of Duguxie with her fingers, she said excitedly: "I...I saw Senior Duguxie's body moved just now!"

what?

"You said the second brother is awake?" The ghost servant suddenly exclaimed.

"Yes, I saw it... I really saw Senior Dugu's body move just now." Xue Wuhen said excitedly there.

When Xue Wuhen in front of him said this again, the ghost servant and the brothers around him looked at the Duguxie in front of him with incredible eyes.

Duguxie's body was lying there stiffly, with no sign of movement at all.

"Is it true? Second brother really woke up?" The ghost servant said excitedly.

The brothers on one side also raised their eyes to look.

But when they watched, that Duguxie didn't move at all.

"Brother, are you dazzled...Are you wrong?" Tang Xiaolong over there looked at Xue Wuhen and said.

Xue Wuhen himself was embarrassed at the moment. In fact, even he himself wondered if he was really dazzled just now.

After hesitating for a while, Xue Wuhen said, "I...I...I actually saw..."

"But why is Senior Dugu not responding now?"

The brothers in front of him were all talking, and obviously they all thought that Xue Wuhen might be dazzled just now.

Just when they all thought so, suddenly the body of Duguxie suddenly trembled again.

At this moment, Tang Xiaolong and the ghost servants saw them.

At the moment they saw it, they were completely stunned.

"Oh my God..."

"Second brother, second brother moved, second brother came back to life." The ghost servant in front of him said with excitement.

Tang Xiaolong beside him suddenly said with joy, "Senior Dugu moved... moved... really moved... I saw it, I saw it with my own eyes."

Just in the two of them screamed, the brothers quickly climbed down to observe the Duguxie.

I saw that Duguxie did move, but his eyes were still tightly closed, and he couldn't fully wake up yet.

"It seems that Senior Dugu really came alive..."

"Great, great."

"It's the little boss! It was the little boss who saved Senior Dugu." Tang Xiaolong said suddenly.

"Yes, yes, yes, it was the young master who saved my second brother." The ghost servant said with excitement on his face.

In fact, what they said was not wrong at all. It was indeed Li Tian who had just used his own powerful true energy to save the dying Duguxie.

According to the truth, even if Li Tian uses all his true qi to enter that Duguxie's body, it will not save him, but Li Tian uses the Mahe Boundless Yin Qi Jue to be able to use his own body's strength. Little by little, the qi got through that Duguxie's body that had stopped functioning, which caused Duguxie's "dead" body to slowly resurrect.

"Call the doctor...Call the doctor and tell him that your second brother is sober."

The ghost servant in front of him shouted suddenly.

After he yelled out, the brothers in front of him rushed outside like crazy, shouting in the corridor: "Doctor, doctor..."

In the shouts of the brothers, the chief doctor was already running over quickly in a white coat.

After these doctors rushed in, they hurriedly said to the brothers: "You go out first... let's treat the patient first."

After the doctors said so, the excited brothers could only wait in the corridor one by one, worried.

Chapter 1368: What are you doing?

"Unexpectedly, the eldest brother could save Senior Dugu." Xue Wuhen said in shock.

The brothers beside him were also full of excitement.

To be honest, they never thought that Li Tian could use his own strength to save the dying Duguxie back. For the brothers, it was a miracle.

"First help the young master to rest, the young master must be exhausted." Only the ghost servant in front of him said quickly.

Excited, they almost forgot the unconscious Li Tian, and the ghost servant was the first to think of it, so they will quickly order the unconscious Li Tian to be taken away.

A group of doctors are in the ward at the moment, and indeed the brothers in the corridor are all waiting here anxiously.

The news of Duguxie's sobriety spread quickly throughout the North China Field Army like bacteria.

After a while, I saw that Baihua Fairy and Situ Ningbing and others rushed over.

"Second brother is awake? Second brother is alive?" Fairy Baihua asked quickly after running over.

But seeing the ghost servant in front of me excitedly said: "Sister, second brother moved... the body moved."

When Fairy Baihua heard that Duguxie was really awake, he suddenly became excited, and the gloomy mood of so many days was completely wiped out at this moment.

"That's great... Great, second brother finally came alive." Fairy Baihua's eyes flushed and said excitedly.

The ghost servant said: "All this was saved by the young master! The second brother was saved by the young master."

what?

"My God?"

"Tian'er really saved the second brother?" Baihua Fairy asked in horror.

The ghost servant nodded there.

"Where is Tian'er now?" Fairy Baihua asked there quickly.

As she asked, only the ghost servant in front of her said: "The young master is exhausted because he used his body to save the second brother with infuriating energy, so he is exhausted...just taken by Xiaolong and they went to rest."

Hearing what the ghost servant said, the fairy Baihua suddenly became worried.

"Is it okay that day?" Baihua Fairy asked urgently.

Just listen to the ghost servant in front of you hurriedly: "Sister, don't worry, the young master is nothing serious, just overworked..."

"Oh, that's good, that's good."

At this moment, Baihua Fairy, Ghost Servant, and a bunch of brothers were all waiting for the doctor in the ward to come out, all of them waiting there with anxiety.

After about half an hour, the door of the ward finally opened.

The moment it opened, I saw a doctor in a white coat coming out from inside.

As soon as I walked out, I saw my brothers quickly surrounding him.

"Doctor, how is my second brother?"

"Yes, is Senior Dugu sober?"

...

With so many people babbling in their worried questions, the doctor slowly took off the white mask.

After the doctor took off the mask from his face, he was also excited and said: "Congratulations... that patient's condition has finally improved."

After the doctor said a word, the brothers finally heard the first happy news in so many days.

"My second brother is all right?"

"Second brother is sober?"

...

The doctor shook his head slightly: "No, he is not awake yet."

"But his body has slowly begun to return to normal operation... I really don't understand how the body that was completely dead this morning suddenly regained its full vitality... and his body seems to be powerful. It's incredible that the energy is supported there."

Of course, this doctor didn't know that Li Tian used his own true energy to completely pass into that Duguxie's body.

"Now you don't have to worry about it. If all parts of his body can be restored to life, then it should be a matter of time before he wakes up." The doctor said there.

"Great! Second brother is finally saved."

After the brothers listened to the doctor's words, they all said excitedly there one by one.

But the doctor reminded him there: "However, the patient has just returned to life. Don't disturb him... I suggest you all go back to your respective residences, calm down first, and let the patient calm down. , In this case, it is very good for his body."

After the doctor said so, although the brothers wanted to see the Duguxie again, they could only do what the doctor said in order to wake up the Duguxie.

So he nodded there and said: "Well, then we won't bother here."

"However, if my second brother wakes up, please inform me as soon as possible." Ghost servant and brothers said there.

The doctor smiled slightly and said, "Don't worry, as long as he opens his eyes, I will notify you in time."

"Thank you, doctor."

After thanking the doctor one by one, the brothers went back with excitement.

Now they can only wait, waiting for Du Guxie to truly wake up.

No one thought that this time it was Li Tian who used his own true energy to completely pull that Duguxie from the edge of death.

Li Tian was still in a coma at the moment because he consumed his body's energy.

Situ Ningbing was worried about Li Tian's safety and had already visited Li Tian.

At this moment, Li Tian was lying weakly on the bed, breathing heavily in his nose...Apparently he was lying there with a tired look.

Situ Ningbing just sat next to him and looked at him like that, her beautiful eyes filled with concern.

I don't know how long it took before Li Tian finally woke up slowly.

His eyes opened slightly...Then he moved his body a little, and took a look. At this moment, he was stunned in the room.

Li Tian, who was just awake, heard a pleasant voice from his ears.

"You finally woke up..." The voice was naturally his favorite woman's voice, Situ Ningbing.

After Li Tian heard Situ Ningbing's voice, he opened his eyes, looked at her favorite in front of him, and asked in surprise: "Ningbing? Why are you here?"

"You are in a coma...so I will come to take care of you." Situ Ningbing said.

Li Tian thought in his mind, yes, at that time, because he used excessive true energy to treat Du Guxie, he was so tired that he passed out, but he didn't expect that he was in the room now.

After thinking about this, he wanted to get out of bed as soon as he moved, but when he was weak, it seemed a little strenuous to get out of bed at this moment.

"What are you doing... You just woke up, you still need a lot of rest." Situ Ningbing said quickly.

Chapter 1369: Where is Li Tian?

But seeing Li Tian's stubborn body stepped off the bed, he said, "No, I'm going to see Duguxie... I must save him."

Hearing what Li Tian said, Situ Ningbing said quickly: "Fool, you have saved Senior Dugu."

After Situ Ningbing said this suddenly, Li Tian was stunned.

"Ningbing, what do you mean?" Li Tian didn't know that Duguxie was sober, so when he heard Situ Ningbing suddenly say this, he was stunned.

Just listen to Situ Ningbing: "Senior Dugu has recovered...The doctor said that his body has begun to function normally. As long as he is properly recuperated and rested, he will wake up almost soon."

After Situ Ningbing finished saying this, Li Tian stood up excitedly.

"Really? Is it true?" Li Tian asked Situ Ningbing's soft shoulders.

But seeing Situ Ningbing saying there, "Of course it is true."

"Don't you know that you saved Senior Dugu."

Li Tian was extremely excited when he heard that Duguxie finally recovered his body slowly.

"It's great... it's really great, he finally recovered." Li Tian said as he sat on the bed weakly.

Li Tian, who was over-consuming his true energy, didn't dare to move too much at this moment.

"Li Tian, don't move around... lie down quickly." Situ Ningbing said worriedly there.

"Well, I listen to you."

As Li Tian said this, he slowly lay on the bed in front of him, but his heart was still extremely excited.

Duguxie was finally healed. This was a happy thing for anyone, especially Li Tian.

Li Tian did not expect that the Maha Boundless Yin Qi Jue he had cultivated had such an effect. At this moment, he was not only excited about the soberness of the Duguxie, but also shocked the peerless secret book Maha Boundless. If he is not physically too weak, I am afraid I will think of it now and take a look at the Maha Boundless.

Duguxie is finally recovering gradually.

His body, which had already stopped functioning, was used by Li Tian to swim through the meridians of his whole body with Yin Qi Jue. He completely activated all parts of his body with

vast true qi, so now the heartbeat of Duguxie is basically stable, and all aspects of his physiology are basically stable. It is gradually recovering.

Apart from guarding outside the ward every day, the brothers are more concerned about when Duguxie will wake up.

Finally, a few days later, Du Guxie became sober.

When he was treated by the doctor, his body suddenly moved violently, and then his whole body changed.

When the doctor saw that Duguxie was about to wake up, he hurried out of the ward and shouted to the brothers that he was awake.

After the ghost servants heard them, they all flew towards the ward.

"Second brother..."

"Senior Dugu."

After so many of them ran in at once, they shouted quickly.

But seeing Duguxie's face on the hospital bed has slowly changed. The face that was shrouded in death and blackness before has now become like a normal person, with his tightly closed eyes crying out from the brothers. In the sound, he finally opened slowly.

"Second brother...Second brother, you finally woke up." The moment he saw Duguxie awake, the ghost servant in front of him almost jumped with excitement.

The brothers next to him were also very happy to look at the sober Duguxie: "Senior Dugu, you finally woke up...great,"

But seeing Duguxie after waking up, his eyes were bloodshot, and he blinked at his brothers there.

"Ghost servant..." a weak sentence came out of Du Guxie's mouth.

"Second brother." The ghost servant who called the second brother quickly grabbed the hand of Duguxie.

Duguxie's bloodshot eyes looked around...weakly said: "This...Where is this...Why am I here?"

"Second brother, we are back, we are already back, this is the North China Field Army." The ghost servant said there.

When Duguxie heard it, an incredible face appeared in his bloodshot eyes: "North China Field Army? Aren't we in the Dark City... how come here?"

The ghost servant said: "Second brother, you have been in a coma for a long time."

"We have returned from the Dark City."

Hearing what the ghost servant said, that Duguxie gradually understood.

"Young Master...Where is the Young Master...did the Young Master find it?" Although Du Guxie had just sobered up, she still didn't forget Li Tian in her mind.

After Duguxie was beaten to death again, he did not see Li Tian's arrival at all, so he did not know that Li Tian had reunited with his brothers, let alone Li Tian brought his brothers back to the North China Field Army.

Following Du Guxie's question, the servant ghost quickly said: "Second brother, the young master has returned safely."

"And, second brother, do you know? It was Young Master who saved you with his own qi..."

"Young Master saved me? Young Master saved me?" Du Guxie said in disbelief.

The ghost servant nodded deeply there.

"Yes Yes."

"Second brother, do you remember? We were in the Dark City that day, and you were seriously injured by the **** Long Yin... In the end, the young master rushed there, and then helped us fight back that Long Yin, and then our brothers Back here."

"All this is done by the young master alone." The ghost servant said there.

Listening to the words of the ghost servant, the bloodshot eyes of Duguxie blinked slightly.

"No matter what, brother, as long as you are awake, it is better than anything." said the ghost servant in front of him.

The doctor walked over quickly at this moment, and suddenly said to the brothers and ghost servants in front of him: "Everyone, don't disturb him to rest... He just woke up and his body is still very weak... So I suggest Let him recover from his illness first."

Following the doctor's words, the ghost servant quickly said, "Well, the doctor is right."

"Xiaolong, let's go out first... Let the second brother take a good rest."

After the ghost servant said so, the brothers also nodded there.

"Second brother, then you should take a rest and heal your injury. We will see you later."

Duguxie's weak eyes blinked twice, and then the brothers all walked out of the ward.

After walking out of the ward, they couldn't hide the excitement and joy on their faces.

"Hey, that's great, Senior Dugu finally wakes up." Xue Wuhen said over there.

"Yes." Tang Xiaolong sighed there too.

"Hey, how about the eldest brother in the past two days? Why haven't you seen the eldest brother?" Xue Wuhen said curiously, the eldest brother in his mouth was obviously Li Tian!

Chapter 1370: So murderous

Originally, after Li Tian was sober, he came to the hospital to visit Duguxie once or twice. After hearing that Duguxie needed a quiet rest, Li Tian was relieved, but the brothers did not see that Li again for nearly a day or two. God, no one knows what Li Tian is doing.

When Xue Wuhen suddenly said this, the brothers were also puzzled.

"Yeah, why did the little boss disappear in the past two days?" Tang Xiaolong couldn't help but ask there.

After they asked, the ghost servant in front of him thought for a while and said, "I'll go to the young master and see what he is doing."

"Well, that's fine."

So the ghost servant in front of him walked all the way to the room where Li Tian lived.

The door of Li Tian's room was closed tightly.

No one knows if anyone is inside.

In the quiet room, I suddenly heard the sound of strong wind, and I looked through the crack of the door carefully, but I saw that Li Tian in the room was sitting cross-legged, full of steaming white gas. The steaming white gas is no doubt It is extremely powerful and powerful.

Moreover, a faint golden light filled Li Tian's whole body. He placed his hands flat on the pubic area, his eyes were tightly closed, and the true energy of his whole body wandered around him.

He is practicing martial arts!

Yes, since Li Tian used the Yin Qi Jue of the Maha Wuliang to cure the Duguxie, Li Tian also deeply realized the power of the Maha Wuliang the old man taught him.

Therefore, for these two days, Li Tian has been tightly shutting himself up in the room, not asking about world affairs, carefully practicing the first-level key of the immeasurable Maha: Yin Qi Jue.

It draws the breath of nature, gathers the veins of the whole body, and then penetrates the body.

This is what Li Tian is practicing now.

He has reached the state of selflessness in the quiet room alone, and the innocence of his whole body has completely filled his whole body, and the golden light glowing around him has also exploded, as the golden light continues to flash, At this moment, his Qi-inducing tactic can be mastered as he wants. Once he lifts his qi, the energy of his whole body's muscles and veins will immediately reach all parts of his body.

Suddenly following the movement of Li Tian Zhou's true energy, he suddenly roared, and the powerful true energy that erupted from his mouth flew forward like an invisible sharp arrow...and his hands lying flat in his dantian, At this time, it also slowly put it down.

"I've become...I've become the first layer of Maha's forehead." Suddenly, Li Tian burst into laughter.

Yes, after these days and nights of his daily practice, the first level of Maha Wuliang: Yin Qi Art has been fully mastered by him.

His whole body also added a powerful and extremely powerful force.

At this moment, Li Tian was very excited when he was practicing the first level of Maha Wuliang: Yin Qi Jue.

He held the Maha Boundless Key in both hands with excitement and watched there.

At this moment, suddenly the party banged.

"Come in." Li Tian slowly put away his Maha Boundless Key, and then said to the door of the room.

As the voice came out, but the ghost servant slightly pushed the door open, and then he saw Li Tian sitting cross-legged on the ground.

"Young Master." When he saw Li Tian sitting cross-legged on the ground, the ghost servant was slightly taken aback, shouting there.

Li Tian saw that the ghost servant was coming, and his body jumped up from the ground. He looked at the ghost servant and smiled and said, "You are here."

"Ok."

"By the way, how is Duguxie's condition?" Li Tian asked.

"Second brother is awake today." Gui Pu said.

Li Tianyi became excited at this.

"Really? Sober... is he awake?"

"Yes." Ghost servant said.

"All this is because the young master saved the second brother." The ghost servant said gratefully.

Li Tian heard that Duguxie was finally awake, and said in his heart, "It's great, as long as he is awake."

"Young Master, I feel that your martial arts are getting more and more refined." The ghost servant suddenly looked at Li Tian and said.

To be honest, when the ghost servant was far away from Li Tian's room, he felt a strong energy permeating around Li Tian's room. This will be even more felt after arriving in Li Tian's room in person. The domineering aura that came out of Li Tian's body.

But seeing Li Tian heard the ghost servant say this, he smiled slightly: "Really? You feel it?"

"Ok."

"Is the young master practicing some powerful martial arts?" the ghost servant in front of him asked curiously.

Li Tian then told the ghost servant honestly.

He told the ghost servant in front of him all the things that the mysterious old man had taught him kung fu.

After the ghost servant heard Li Tian say this, he couldn't help but said with excitement:

"Congratulations, young master..."

"It seems that the mysterious senior really wants to teach the young master peerless martial arts." The ghost servant said with emotion from your heart.

But seeing Li Tianyou said: "Yes, I really have to thank that senior."

"Young Master, did that senior tell you his name?" Ghost servant suddenly asked.

Li Tian thought for a while and said, "He should be the old man Wuji..."

"The old man Wuji?" When the ghost servant heard the four words old man Wuji, he was shocked.

"The legendary old man Wuji is really alive?" The ghost servant said with his eyes wide open.

Li Tiandao: "It should be. The old man claimed to have lived for more than two hundred years... so I guess he is the outsider, the old man Wuji."

Upon hearing this, the ghost servant said excitedly: "Young Master, that's really great."

"If it is really the old man Wuji, then the kung fu he taught you will definitely be invincible."

Li Tian smiled slightly and said, "It doesn't matter, the only thing I just want to do is revenge."

"Now, I just want to kill Long Yin by myself, and the master of the gate of hell, in order to avenge my blood."

The wilderness is filled with darkness.

But in the dark jungle, there are two people sitting there quietly, and their faces can be clearly seen through the faint starlight.

One of them was Ouyang Longyan with a sword scar on his face, and the other was a seducer.

It turned out that after the two people left the North China Field Military Region, they began to run around.

The two of them have betrayed the gate of hell. In order to help Li Tian track down the clues to Long Yin and the gate of hell, they can be said to be running around.

Now they are resting in the wild woods in this dark night.

Both of them closed their eyes slightly, leaning against the big tree on one side.

While the two were resting quietly, a very hostile figure suddenly swept over from a distance, then swept over their heads, and continued to swoop towards the distance.

The figure was extremely hostile. When it swept past Ouyang Longyan and the Ecstasy, the Ouyang Longyan and Ecstasy not only opened his eyes suddenly.

"What a murderous spirit!" A word suddenly came out of the ecstasy.
