

A Killer 2081

Chapter 2081: Bloodthirsty Li Tian

"blood?"

The two men were immediately depressed when they heard that Count Roger said.

They couldn't help thinking there: Why did Earl Roger suddenly use blood?

"What are you still stunned for? Go find some blood!" Count Roger in front of him said angrily after seeing the dumb and stunned two people there.

After seeing Count Roger getting angry, the two said quickly: "Yes, yes."

Then trot to look for blood.

Although the vampires of the Torrido family never drink human blood, they still have "blood" in the family.

So it's easier for the two guys to find "blood" at this moment.

After a while, they saw that the two had already got ***** blood.

They used a smaller transparent glass vessel to hold the blood there... and then quickly took it to Count Roger's side here.

"Earl Roger... the blood is coming." The two people in front of them walked quickly, and then passed the blood in the hand to the Earl Roger.

Count Roger took the blood directly.

"Open the prison door!" A word came out of the Count Roger's mouth again.

As Count Roger said so, the two men did not dare to neglect, and then quickly opened the indestructible prison door in front of them, and the huge iron lock key was opened with a "click" Afterwards, the iron cage door was opened.

The two men in front of him didn't know what the Earl Roger was going to do, let alone what he was going to do with the blood.

They both looked at Count Roger at this moment with eyes wide open.

I saw Earl Roger after opening the door, and then slowly stepping inside.

He didn't let the two subordinates follow up, but walked in alone, with the "blood" in his hand holding about a few milliliters.

After Count Roger walked into the iron cage in front of him, he arrived at Li Tian who was like death.

Then cautiously kicked Li Tian lying on the ground with his foot.

But seeing Li Tian motionless, there was no reaction at all... it was as if he had died.

Seeing that Li Tianguo really didn't react at all, Earl Roger slowly squatted down, then took the glassware with blood, and then sent it slightly in front of Li Tian's head.

It turned out that the blood that Count Roger brought was fed to Li Tian! ! !

It turned out that he did not want it himself, but gave it to Li Tian!

Why did Count Roger do this? The two guys in the iron prison outside were not only shocked after seeing Earl Roger's weird behavior, they didn't understand what Earl Roger was doing...they were both there at the moment. Curious eyes looked at the Count Roger.

After seeing Earl Roger put the blood in front of Li Tian's head, his body stepped back slightly, and then he raised his eyes and stared at Li Tian's body.

The blood placed in front of Li Tian's head slowly began to exude its breath in the air.

As the air spread, the blood breath quickly entered Li Tian's breath.

Blood, he smelled blood! ! !

What about Li Tian? He was the same as dead. Just after Earl Roger put the blood on his head, his body suddenly convulsed when he was silent for nearly a minute.

Moved!

Li Tian actually moved! He is not dead!

The moment he saw Li Tian move, the two vampires of the Torrido family outside the iron prison were all stunned, and the two of them stared at it in disbelief.

But what about Roger? At this moment, he just hugged his arms and carefully watched Li Tian's movement at this moment.

"It seems that the effect of blood has worked!" Count Roger whispered slightly in his mouth.

After Li Tian's body suddenly convulsed, suddenly his chest began to rise and fall violently...At the same time, he could hear the low growl in his throat.

He lived, and he really came alive.

I saw a terrible roar in Li Tian's throat, and at the same time his whole body was panting in the violent ups and downs, and suddenly his extremely injured body stood up at this moment.

His pale and distorted face appeared hideously in Count Roger's eyes.

The sharp and terrifying fangs, the rough blood vessels on his face, and his inhumane eyes, full of fierce, bloodthirsty rays, staring at the glass of blood in front of him unblinkingly !

There is no Count Roger in his bloodthirsty eyes...and no one...only the blood in front of him.

After seeing the blood, Li Tian suddenly resembled a hungry beast. Suddenly his whole body screamed, and then suddenly he rushed towards the cup of blood like a beast.

After he threw it over, he held the cup of blood with trembling hands, and poured it into his mouth.

Only a few milliliters of blood was poured into his mouth by Li Tianzi quickly, and he couldn't help but lick the blood residue stuck to the cup with his tongue.

He seemed so hungry and thirsty that he wanted to eat the cup.

The members of the Torrido family outside were not only stunned when they saw Li Tian's crazy behavior.

And Earl Roger? From the beginning to the end, I stood motionless in the prison, holding up those extremely cold eyes and watching Li Tian there.

At this moment, Li Tian screamed after he drank the glass of blood.

He still wants to drink!

He still needs to drink blood!

But the blood had been drunk by him, so he screamed, he was violent.

It's a pity that Li Tian is now tightly bound by fine steel chains, and his hands and feet cannot move at all.

"This beast is really bloodthirsty." Earl Roger in front of him said slightly after seeing Li Tian's actions.

What about Li Tian? At this moment, he was just screaming in pain, and at the same time his body was struggling violently, struggling with the iron chains that bound him.

He wants to drink blood! He must add blood.

Suddenly his eyes stared at the Count Roger, and then Li Tian frantically rushed towards Roger.

But because Li Tian's hands and feet were bound, but seeing Li Tian leaped hard, his feet were chained, and the whole person fell to the ground with a splash.

But even though he fell to the ground, he was still crawling towards Roger frantically and brutally, as if there were only prey in his eyes.

His long pointed fingernails caught on the cold stone ground, and his claws caught several deep hand prints on the extremely hard stone ground.

Chapter 2082: Help is useless

Li Tian is now extremely cruel, and there is no humanity in his eyes, and some are just killing and hunger.

He is now eating people and killing ghosts. I am afraid that even the vampires of the Toredo family in front of him will be killed alive by him.

However, fortunately, Li Tian's hands and feet are now tightly locked with fine steel chains, making him unable to move, but if Li Tian breaks free from the shackles, the consequences will be unimaginable.

Count Roger in front of him looked at Li Tian who was roaring, and he turned in his mind: Could it be that this beast once saved my daughter?

"Hey, no matter what, I, Roger, came to say thank you today. Thank you for saving my daughter when you were in China." Earl Roger suddenly yelled at Li Tiandao who was screaming.

Li Tian is unconscious, how can he hear the words of Lord Roger in front of him? He just screamed fiercely, clutching both hands on the cold stone ground, and scratching deep cracks after the hard stones.

"But, since you have been bitten by a vampire of the Gangelo family... then no one can save you!"

"Here, you only have a dead end!" Count Roger said last.

After speaking these words, Earl Roger glanced at the fierce Li Tian one last time, and then strode out of the iron prison in front of him.

After Count Roger walked out, he said to the two stunned subordinates outside: "Listen to you two... you must watch him well!"

"Remember, you must lock the iron jail tightly, never let him out!"

After Count Roger said so, the two guards under his hand nodded quickly and said: "Don't worry, Count Roger, we will definitely guard this beast!"

Count Roger gave an "En" in his mouth, and then left here in a stride, without looking at that Li Tian again.

And here, when Earl Roger left the Dark Prison, the two guys in front of him hurriedly went to lock the iron prison tightly! They are also afraid of Li Tian, because Li Tian is indeed too cruel now.

...

"Hey, what should I do?"

"How should I save Li?" On the left side of the temple, Mary sat worriedly in her room.

She was worried about Li Tian.

She knew that her father never said empty words, and that once he said something, he would definitely do it.

And now, they say Li Tian must die! Then there is no doubt that they will kill Li Tian, if that is the case, wouldn't Mary be heartbroken!

She was worried there, upset.

After thinking about it, Mary still decided to ask her father, because now the only one who can save Li is Count Roger.

After Mary thought this way, she hurried to the room of Count Roger.

Count Roger's room was monotonous and dark, with only black and red tables and chairs, and the cold bookshelf on the left, nothing else.

And Earl Roger was sitting in the middle of the room.

Mary walked quickly into the room of Count Roger at this moment.

"Dad." A shout came from Mary's mouth.

Count Roger raised his eyes and glanced at his daughter, he just snorted indifferently, and then he didn't say much.

"Dad, I beg you, don't kill Li, okay? Please, save him..."

"Li, he is really a good person! The reason why he has become cruel and inhuman now is because he has just been embraced for the first time... His consciousness has not recovered... Once Li's consciousness is restored, he will definitely Become... he will never be as cruel as he is now." Mary begged her father there.

After hearing Mary's pleading, the Count Roger in front of him suddenly became angry.

There was a bang, but he saw his right hand hit the table in front of him fiercely.

"Mary, what's the matter with you?"

"Is that for a human being?"

"Besides, he was still bitten by a beast of the Gangelo family..." Roger said furiously there.

He is extremely dissatisfied with what his daughter is doing now.

But seeing Mary kneeling on the ground, looking at the Count Roger and said: "Dad, did you forget that my mother was also a human back then? Didn't you also make a huge sacrifice for your mother..."

After Mary said these words all at once, the tall and burly body of Earl Roger trembled suddenly.

Yes, Mary's mother was a human...I have already mentioned it in the previous chapter

Count Roger stared with ugly eyes when he heard Mary say this.

"Naughty!"

"How can he compare to your mother!!!" Count Roger angered.

"He is just a cruel beast... an inhuman blood-sucker... and your mother? She is so gentle and kind, so beautiful and flawless. Compare this beast to your mother, Mary, Are you crazy you?"

"Dad, Li is not what you think! Really..." Mary said.

Count Roger in front of him was like a donkey, saying: "Am I wrong?"

"Tell you, Mary, I went to see that beast an hour ago!" Count Roger suddenly said.

When Mary heard this, she was stunned: "Dad, have you been to see Li?"

"Did you kill him?" Mary was shocked. He thought Earl Roger had killed Li Tian, so he stayed there at the moment, looking at his father with his incredible eyes. .

Roger snorted coldly: "Kill him? No! His death needs to be executed in front of all the members of the Torrido family the day after tomorrow! Now is not the time for him to die."

Following Earl Roger's words, Mary's hanging heart eased slightly.

"Mary, I just saw that the beast is completely dehumanized... His body is flowing with the blood of the corpse king Uris... cruel and bloodthirsty..."

"So, no matter what you do, you can no longer save him!"

"Although I also know that he once rescued you, Mary, you must know that the safety of the family is greater than everything! The thousands of years of our Torrido family's history, I think you will not forget... Now that guy has No longer a human being... and also a vampire of the Gangaro family, no matter who it is, he can no longer be saved! He can only die! He can only be executed."

"But Dad, I promised him, promised his father.. I must save him!"

"Besides, don't our family elders know how to make blood sacrifices... Let the elders save Li!" Mary pleaded.

Count Roger in front of him suddenly said coldly: "Mary, do you really think the elders will implement blood sacrifices for this cruel vampire?"

"Your thoughts are nothing short of a fantasy, nothing more than a daydream!"

Chapter 2083: Mary's decision

When Mary heard her father say so all of a sudden, she was desperate. .

In fact, she knew before that it was impossible to pray for the family elders to save Li Tian using the blood sacrifice method. After all, all the vampires of the Toredó family knew nothing about Li Tian, and Li Tian What is still flowing in Tian's body is the blood of the Gangalo family vampires, which is an extremely taboo thing for the Torrido family! But she still didn't give up and was ready to come back and try, trying to save Li.

Now, following the words of Count Roger, Mary was suddenly there in despair.

Is Li Tian really not saved? Can I only die here?

Mary collapsed on the ground in despair, her eyes sluggish.

Count Roger saw his daughter doing this, not only a little distressed, he walked over slightly, and then slowly helped Mary in front of him.

"Mary, stop trying hard."

"No one can save that guy." Count Roger said as he helped Mary in front of him.

Mary's tears fell from her eyes, her heart was about to break, and she whimpered there, "Dad, but I'm sorry for him... I'm sorry for his brother and his father!"

"Mary, you have to know that sometimes, you have to learn to be cruel!"

"Now is the time for you to study." Count Roger finally said.

Mary was already crying.

Her heart died at this moment, she couldn't imagine what would happen to Li Tian if she was executed, she would go crazy? Still heartbroken?

...

The sad day finally passed.

For the Torrido family, this day is the most unsettling day among thousands of peaceful days.

Not only because of the arrival of Li Tian, but also because of the crimes committed by Mary!

Li Tian, with the blood of the Gangalo family, has undoubtedly become the most resisted figure of the Torrido family vampires. They can't wait to let Li Tian die immediately, because in the ancient blood war, the Gangalo family The members killed unknown members of the Toledo family. This is the ancient hatred, this is the hatred between their blood races, and now, Li Tian is regarded as the object of their vent.

Li Tian was sentenced to death by the Torrido family!

The execution time is in the early morning of tomorrow.

In the face of Li Tian's sentence, Mary has nothing to do, because she has tried her best.

Although her heart is so reluctant, so painful, but what use can her small and weak woman have in this huge family?

The night came again.

The firelight slowly loomed in the Forgotten Temple of the Torrido family.

The vampires who had rested throughout the day were out.

They start looking for food, or partying.

Only Mary didn't have these thoughts. From the moment she left her father's room, Mary seemed to be demented, sitting in the room blankly.

Her tears have never stopped, they have been flowing there.

Her eyes were red and swollen, but she couldn't care to wipe them.

At this time tomorrow, Li Tian will be executed...being executed in front of all the members of the Torrido family. Thinking of this, Mary feels like a knife.

What should I do? How to save Lee?

Mary was thinking over there.

Suddenly a bold and dangerous plan appeared in her mind.

After thinking like this in Mary's mind for a moment, even she herself felt crazy...but that method was the only way to keep Li Tian alive.

"Save or not?"

"For Lee!"

Mary is struggling there!

After she struggled for a long time in that room alone, her beautiful eyes suddenly became firm.

"save!"

"For Lee, even if it's dead, so what!!!" Mary bit her lip tightly and made up her mind.

After Mary thought so for a moment, her whole body became excited.

Then she quickly stood up from the place in front of her agilely, then raised her sleeves, wiped her eyes, and walked towards the doorway quickly.

The door to her room was tightly closed. After Mary reached out and opened it, she saw two guards from the Torrido family guarding her outside.

These guards are all under Lord Roger's, they are here to guard Mary under the order of Lord Roger.

When Mary opened the door, the two guards' men called to Mary in awe: "Miss Mary..."

Mary nodded slightly, and then stepped to leave the door in front of her.

As Mary stepped out of the door, the two men in front of her immediately stopped Mary in front of her.

"Miss Mary...Where are you going?" One of the hands looked at Mary awkwardly and said.

Mary glared at the guy and said, "Where am I going, do I need to report to you?"

The subordinate was full of depression, and continued there: "But Earl Roger has told us...Miss Mary cannot leave this room."

"Huh, isn't it?"

"What if I want to leave here?" Mary said coldly.

As she said so, she didn't even look at the subordinates, and then stepped into the darkness ahead.

Where are these two guards? After seeing Miss Mary insisting on leaving, they were all embarrassed there!

They all know that Miss Mary is the most beloved daughter of Earl Roger!

So of course, I dare not be too presumptuous towards Mary at this moment... So the two guards could only watch Mary leave like this in the end.

After Mary left the room in front of her, she walked to the west around the pinnacle of forgetting in front of her.

This place to the west is where the general vampires of the Torrido family live, and most of them are female vampires. How could Mary suddenly come here?

As Mary walked towards this side, she could hear the silver bell-like female laughter and voice from a distance.

I looked carefully, but I saw several beautiful and beautiful vampire women of the Torrido family talking and laughing in the front place.

They all held a transparent and noble glass wine glass in their slender hands, and the inside of the wine glass was filled with bright red "artificial blood".

They were drinking there, talking and laughing, as if they were having a party.

After Mary walked in, the female vampires saw Mary at a glance.

After seeing Mary, they all put their smiles away, looking at Mary here in amazement...At the same time, they were whispering about something in their mouths.

Chapter 2084: Looking for Katherine

"Miss Mary, it's been a long time!" Suddenly a young woman with curly hair walked over to Mary and said with a smile.

She has a plump body and a body like a snake.

When Mary saw the woman talking, she just snorted coldly, and then said, "I'm here to find the Black Widow. Where is her?"

After the charming woman with curly hair heard Mary say this, the corner of her mouth smiled slightly and said, "Oh, it turned out to be for Katherine."

"However, Katherine is flirting with a man..." the curly-haired woman said there.

Mary said: "Don't tell her what she's doing, just tell me she's there!"

The charming woman pointed her finger to the place in front and said, "Well..."

"Kathena is over there."

After the charming woman in front of her told the specific location of the black widow Katherine, Mary didn't pay attention to her anymore, and walked quickly towards the front.

The few women in front of them with wine glasses in their hands couldn't help but say, "What are you pulling?" when they saw Mary walking past.

"Huh, isn't it the daughter of Count Roger? What's so great!"

"Don't worry, I heard that Mary has violated our family's taboo... Now the major counts are discussing how to punish her!"

"Punish? With Count Roger guarding his daughter, who can punish? Who dares to punish?"

"No, I heard that this time is different. This time it was the elder who spoke. Even Earl Roger himself would not dare to protect that Mary."

"Really? Then there seems to be a good show."

This group of female vampires from the Torrido family muttered and said with a smile.

...

But she said that Mary had already walked quickly in the direction pointed by the woman's finger just now.

This place is a closed room.

After Mary glanced at these rooms, she noticed a voice coming from the second room ahead.

So Mary walked over quickly.

After arriving at the door of the room, I heard a lewd and slutty moan from inside.

The voice is so ecstasy, you can hear the voice of the black widow Katherine.

The other voice was made by a man, and the voice was gasping violently, as if he was doing some violent exercise.

When Mary came to the front of the door, she became embarrassed when she heard the harsh sound...

She frowned depressed, and cursed in her heart: This sorrowful woman...

But even though Mary was scolding Katherine's coquettishly in her heart, she still tried to stay calm, and then reached out and patted the door of the room in front of her.

After Mary slapped the door outside, the sound of heat inside suddenly stopped.

"Who?" Suddenly a very impatient voice came from inside.

The voice was extremely angry, as if he was reluctant to be disturbed at this time.

Mary ignored the male's voice and continued to slap the door with her hand.

The sound of dong dong dong came in.

"Damn it!"

Suddenly a voice of anger came from inside, and following that voice, he heard rapid footsteps coming towards this side.

boom

With a sound of anger, as the door opened, a burly man with a naked torso appeared at the door sweating profusely.

His upper body was naked, and his lower body was wrapped in a scarf, looking angrily at Mary who was standing outside.

"Mary... is it you?" The man in front of him was stunned for an instant after seeing Mary.

I saw the guy who opened the door in front of him with a circle of screwed beards, his skin was extremely pale, his eyes were small and poisonous, and his eyes were brown, staring silently at Mary in front of him.

"Earl Cliff, you are here!" Mary in front of her suddenly looked at the guy called Cliff in front of her.

It turned out that this man was also the earl of the Torrido family.

Although his status is not as high as Earl Roger, he also has considerable deterrence in the family!

Because Earl Cliff's father was the Hess elder in that family.

At the moment, Mary's eyes were full of sarcasm.

This Earl Cliff has always held a high level of self-sufficiency in the family. Although he does not have much ability himself, because of the old Hess, in the Torrido family, everyone is afraid of him.

Now Earl Cliff was hit by Mary in front of him in the room of the black widow Catherine, and Cliff became embarrassed.

You know, Katherine is a famous "slacker" in the Torrido family.

But after seeing Earl Cliff being run into by Mary, he looked extremely embarrassed, not only hesitated and said: "Mary...you...you...you...how come here?"

Mary sneered and said, "I'm looking for Katherine!"

"But I didn't expect Earl Cliff, you are here too!"

Na Cliff looked ugly, and said: "I...I..."

Just as the Earl Cliff was embarrassed, a slutty laugh suddenly came from inside.

"Oh, Mary is here!"

As the voice came, I saw the extremely charming black widow Katherine flashing out of it.

Katherine was wearing a black gauze, gently wrapping her body, through the faint black gauze, she could clearly see her slender curves with unevenness.

At this moment, she was holding Earl Cliff in front of her with one hand, while looking at Mary in front of her with a charming smile.

Mary glanced at the Black Widow with disdain, and said coldly, "Kathena, I'm looking for you."

After Katherine heard what Mary said, she not only smiled suddenly: "Look for me? Is something wrong?"

"Nonsense, of course something is happening." Mary said.

Earl Cliff, who was standing there at the moment, heard their conversation and said quickly: "Since Miss Mary has something to do with you, you can talk quickly... I won't disturb you."

The Earl Cliff hurriedly covered the scarf on his lower body with his hand, and then left here like a dingy mouse!

After all, he is the earl of the Torrido family!

If these romantic things of his were spread, it would still have a huge impact on him.

After watching the Earl Cliffe leave, Mary didn't even look at him again. She turned her head and looked at the black widow Katsena before her.

What about the black widow? With a nonchalant face, she continued to smile and looked at Mary in front of her.

"Come in." After Katherine finished speaking, she slowly twisted her body and walked into the room.

Although Mary disdain to be with Katherine, she still walked in for her "plan".

Chapter 2085: select

After Mary walked into the room in front of her, Katsena smiled and sat on a soft bed, looking at Mary with her charming eyes, "Mary, what do you want me to do?"

Mary glanced at Katherine and suddenly said, "I want you to do me a favor!"

After Mary suddenly said such a sentence, the black widow Katherine was not only taken aback, but then giggled.

"Help? Unexpectedly, the dignified Miss Mary came to help Kathena!" She said with a sarcasm in her mouth.

When Mary heard the sarcasm in Katherine's mouth, she said coldly: "Hmph, can you help me with a sentence, if you refuse, I will leave now, and I will bother you!"

As Mary said so stubbornly, Kathena smiled and said, "Help, why not?"

"Come on, what can I do for you?" Katherine smiled and looked at Mary in front of her.

But when Mary heard that Katherine agreed, she suddenly said: "I want to borrow your anesthesia darts."

"What? Use my anaesthetic dart?" The black widow Katherine in front of her was suddenly surprised and asked in a little bit of puzzlement with the cherry.

Mary nodded and said, "Yes."

When Katherine heard Mary say this, not only her head turned sharply.

"Mary, what are you doing with my anaesthetic dart?" she asked Mary, who was staring in front of her suddenly in confusion.

Mary said, "You can just lend it to me... Don't ask so much."

When the black widow Katherine heard Mary say this, she said, "That can't work!"

"If you don't tell me why, I won't lend it to you!" Katherine said with a smile there.

"You..." There was a fire in Mary's heart, but there was no way to send it out.

And what about the black widow Katherine? She smiled and looked at Mary in front of her. It seemed that she was vowing to know what Mary wanted to do.

"Do you really want to hear it?" Mary in front of her suddenly looked at the black widow Katherine in front of her.

Katherine nodded there and said, "Of course."

"Well, since you want to hear, then I will tell you!"

"But I said the ugly thing ahead. If I tell you, if you dare to tell others, I will kill you!" Mary in front of her suddenly looked at the black widow Kathena with a cold expression of killing intent. .

Katherine smiled indifferently: "It's so serious..."

"It seems that Miss Mary is going to do something big this time!"

Black Widow Katherine said and laughed there.

Mary said: "Are you listening? If you want to listen, just shut up."

Then Katherine smiled and said, "Well, you can talk."

Mary hesitated, then raised her eyes and looked at the black widow Kathena in front of her and said: "I borrowed your anesthesia dart to save someone!"

The anaesthetic dart of Black Widow Katherine is unique among the Torrido family! Once her anaesthetic dart is shot into the body of a member of their family, it will immediately produce an anaesthetic effect... and coma!

When the black widow Katherine heard what Mary said, she was not surprised at all. She just smiled and said: "It seems that there is nothing wrong with my guess! You really wanted to save that Gang. The beast of the Gro family!" Katsena said as she sighed slightly.

The beasts of the Gangaluo family they were talking about were naturally Li Tian!

When Mary heard Katherine say this, she was shocked and said, "You, how do you know?"

The black widow Katherine raised her eyebrows: "Do you think I am stupid? Don't I even see this?"

"Not only did I see that you were going to save the Gangaluo family beast, but also that Mary, you fell in love with the Gangaluo family beast." The black widow in front of me suddenly said.

After the black widow Katherine said these words all of a sudden, the Mary in front of her was stunned.

"You...you...what are you talking about?"

"I... I... How can I... fall in love with... him?" Mary said with a complicated and embarrassing expression in her eyes.

The black widow Katherine smiled coldly: "If I can't even see this, am I not the dumbest fool in the world?"

"Hmph, Mary, from the first time I saw you in the Blackstone Forest, and the Gangaluo family beast, I knew that you had fallen in love with the Gangaluo family beast! Although you don't admit it now, But what you do, and your heart, you know best."

Mary stayed there for an instant.

Her eyes gleamed complicatedly.

Is what the black widow Katherine said true or false? Is Mary really in love with Li Tian?

"Mary, I don't understand why you like a beast of the Gangelo family?" Black Widow Kathena said suddenly.

Mary said: "He is not a beast... he is not a vampire of the Gangaro family, he is a human! He is a human..." Mary said.

The black widow Katherine sighed: "Even if you say so now, will other members of our family believe what you say?"

"You have to know, once you make up your mind to betray the family this time, how terrible are the consequences? Needless to say, you should also know, Mary, as a member of the Torrido family, I have to remind you that if you really do this time To save the beast of the Gangelo family... You really betrayed our family completely! At that time, you will be regarded by the family as the biggest traitor... Maybe even your father, Earl Roger, Everyone will be terribly involved, so Mary, you have to think clearly."

Although this black widow Katherine has always been slutty, her words now are the real truth.

If Mary really wants to save Li Tian, she will be an enemy of the entire Torrido family.

At that time, even her father, Count Roger, is likely to be greatly affected.

"Mary, what should be said, I have already said!"

"Anaesthesia dart, I'll put it here..." The black widow in front of her said as she suddenly found her deadly anesthesia dart from the left side.

The triangular prismatic dart was placed on the black table in front of him by the black widow Katherine like a sharp head.

After the black widow Katherine took it out, she glanced at Mary in front of her and said slightly: "Now the darts are here, how to make a decision, you choose..."

After Katsena said so, she gently wrapped her graceful body in a pajamas, and then twisted and walked towards the innermost part of the room without looking at Mary again!

Chapter 2086: rescue

After the black widow Katherine put the "anaesthetic dart" on the table, Mary was there in a daze.

She looked at the dart with complicated eyes.

"Take it, or not?"

If she took it, she would truly betray the Torrido family! In this way, the consequence may be death! Maybe even her father, Count Roger, would be affected.

But if you don't take it, Li Tian will undoubtedly die!

She once promised Cthulhu, promised Li Tian's brothers to save Li Tian, desperate to save Li Tian, besides...her heart still loves Li, how should she choose?

Contradictions flooded her mind.

Her eyes were staring at the narcotic dart.

Suddenly, her eyes twitched violently, and the corners of her mouth moved slightly.

"Dad, I'm sorry... My daughter is sorry for you!"

Seeing that Mary said so, she suddenly grabbed the "anaesthetic dart" with one hand, and then her body flashed suddenly and left Katherine's room.

Mary finally chose to take it!

She wants to save Li Tian, swears to save Li Tian, because of her promise, because of the love in her heart.

And most importantly, Mary knows the importance of Li Tian! Although Li Tian is extremely cruel now, it is because Li Tian is currently in the initial embrace of vampires. Once this stage passes, Li Tian's consciousness will slowly recover.

Everything about him will be remembered by him. Although at that time, Li Tian would still be a vampire, but with Li Tian's kindness, he would definitely not slaughter humans, let alone **** human blood.

After Mary finally chose to save Li Tian, in the empty room, I saw the black widow Kathena slowly walk out.

She looked at the place where Mary had disappeared, and couldn't help sighing in her mouth: "Hey, Mary, this silly girl... is going to cause a big disaster!"

...

The black night shrouded the Temple of Forgotten.

The northernmost place in the Forgotten Temple is the Dark Hell of the Torrido family.

I saw that in the north at this moment, a very fast figure was swept towards this side at an astonishing speed.

Look carefully at the graceful and fast figure, and it is astonished that it is Mary.

She really came! Come to save Li Tian!

At the entrance of the Dark Prison here, two knights of the Torrido family in armor stood guarding the entrance of the Dark Prison.

The two people looked cold, burly and majestic, guarding them motionlessly.

In the darkness, that Mary had already sneaked into this dark prison at this moment.

It's just that she was in the dark, her body was against the cold stone wall, raised her beautiful eyes and glanced at the entrance of the dark prison first, and looked at the two knights standing at the door.

Then Mary moved.

Her speed was amazing, and when she flew over all of a sudden, she brought a strong wind.

The two knights are not waiting.

The two knights guarding the entrance of the Dark Prison were also extremely alert. When they heard the sound of the strong wind flying through, they suddenly yelled, "Who?"

Then I saw Mary jump over, the anesthetic prismatic dart in her right hand, piercing directly towards the knight.

The knight was stunned for the moment he turned his head and saw Mary.

"Miss Mary..." he called out in astonishment.

It's a pity that when he just recognized Mary, the narcotic dart in Mary's hand had already pierced the knight's left arm.

After stabbing the knight in the arm, the knight was instantly anesthetized.

She fell to the ground with a thump. It can be seen that the black widow Katherine's narcotic dart is still quite terrifying. I don't want to hurt members of her family. Second, she can use this dart to quickly resolve the battle without being noticed... So, this narcotic dart is the best weapon for helping Li Tian at this moment.

But he said that after the first knight was brought down by Mary, the other knight was also stunned for an instant.

He also saw Mary.

"Miss Mary...what are you doing?" At this moment, the knight roared.

After all, Mary's father, Earl Roger, has a very high status in the Torrido family.

As the knight said so, Mary in front of her shot suddenly.

She didn't care about explaining to these knights, she just wanted to bring him down quickly, and then went in to rescue Li Tian inside.

As she leaped over, the knight dared not be careless, and quickly retreated, then flew up and kicked Mary in front of him.

Mary's body flashed slightly, and then the anaesthetic dart in her right hand swished towards the knight.

After seeing the dart in Mary's hand, the knight was not only startled: "Narcotic dart?"

He recognized it. He recognized that this thing was the weapon of the black widow Katherine.

After seeing it, he didn't dare to be careless, his body was vertical, and he directly avoided Mary's blow.

"Miss Mary, although I don't know what you are doing... But you have violated our family's rules by rushing into the Dark Prison at night, and now I will not show mercy to you anymore!" The knight said coldly.

When Mary heard the knight at the door say so, she said coldly: "Stop talking nonsense, come on."

When the knight heard Mary say this, he roared immediately, and his long fangs protruded from his mouth, and then drew terribly at Mary.

Mary dodged, avoiding his blow, and then stab the opponent with her right hand.

The knight was really powerful. At the moment, a cold hand blocked the anesthetic dart in Mary's hand, and the other hand dreadfully grabbed Mary.

However, she said that with the fact that this fierce move was caught, Mary didn't avoid it this time, and the narcotic dart in her hand suddenly turned around and stabled at the knight.

The knight was taken aback, but he didn't expect Mary to use her body to block her own blow.

I didn't care about so much at the moment, and I grabbed it on Mary's arm, but after hearing a hiss, Mary's arm was caught with five deep blood marks.

Just as the knight caught Mary's arm, the anaesthetic dart in Mary's right hand had already pierced over.

With a flutter, the knight never expected Mary to stabbed him.

The body shook violently at the moment, and he didn't even have time to groan...Then the whole person fell to the ground with a plop.

He was also anesthetized!

At this moment, Mary finally brought down the two knights guarding the dark prison!

After being put down, although Mary suffered a few injuries on her arm, it did not affect Mary on the whole. I saw that she did not even look at her wounds, and flew towards the dark prison. Go in.

Chapter 2087: Shocking scene

Mary has entered the dark prison.

The long, dark passage is only more than two meters wide, and the surrounding stone walls are black.

On the hard black stone wall, I saw a flaming torch every ten meters.

There is no member of the Torrido family guarding this passage. Mary is still relatively smooth at this moment, and has now entered inside.

He walked quickly for about twenty meters, and seemed to have reached the end of the dark prison.

When she was about to reach the front, Mary slowed down, then put her body on the cold wall, and began to walk forward cautiously.

The place in front was shining with the light of torches, and the voices of members of the Torrido family could be heard.

After hearing the front voice, Mary knew that she had arrived.

At this moment, she catted herself, and then took a cautious look at the front, but saw that there were two sturdy naked backs talking and laughing in the front place.

Those two guys were obviously prison guards in the Dark Prison.

After Mary saw these two guys, her beautiful eyes glanced to the left side, but on the left side, she saw an iron prison studded on the wall.

The steel as thick as the wrist was inserted in the deep stone wall, and the place of the prison door was also firmly locked with a huge iron rope.

And also in that prison, lying motionless body at this moment.

The lying guy, his hands and feet were tightly tied with heavy chains, and he was bound there like a beast.

When Mary saw that moment, her heart throbbed.

"Li Tian..." she shouted in her heart.

After seeing Li Tian, Mary must find a way to rescue him.

Now the two guarded members of the Torrido family were talking and laughing. They didn't notice Mary's arrival at all.

"Ahem..."

Suddenly a coughing sound came from the passage here.

After the voice came, the two guys guarding the Dark Prison were taken aback.

"Who?" The two of them asked cautiously, and at the same time, both eyes turned towards this side invariably.

When the two guys called out, then they saw Mary stepping out of the narrow passage slowly.

When they were surprised to see that it was Mary, the two members who guarded the Dark Prison were not only taken aback.

"Miss Mary?"

"Why did you come here?" When they recognized that it was Miss Mary, they both asked in astonishment.

After the two guys asked, Miss Mary slowly walked towards them, and while walking over, she smiled and said, "I'm here... to see the prisoners!"

After hearing what Miss Mary said, the two members of the Toledo family were not only stunned for a moment, and then glanced at Li Tian who was locked in the iron cage.

One of them asked, "Miss Mary, I'm sorry, Earl Roger has ordered...no one can enter here!"

"So, please also Miss Mary...leave here as soon as possible."

When Mary heard what they said in front of her, a smile suddenly appeared at the corner of her mouth: "Oh, that's it... okay!"

The moment she said the word "Okay" came out of her mouth, Mary suddenly moved right in front of her.

The triangular prism-shaped anesthesia dart hidden in her sleeves stabs at the body of one of the completely defenseless Toredo family at this moment.

The guy was completely unprepared, and with a flutter, the anesthesia dart in Mary's hand was suddenly pierced into the body.

His pupils began to widen, and there were still unbelievable gazes in his eyes...

Then, the body softened, and the whole person fell to the ground with a plop.

Was anesthetized.

When another member of the guard of the Dark Prison saw Mary suddenly start her hands, she was taken aback and roared: "Miss Mary, what are you doing?"

Mary Liu brow rolled and said angrily: "I want you all to fall."

As Mary said so, suddenly her delicate body slammed straight towards the member in front of her.

The majestic and burly guy saw Mary rushing, and immediately picked up the iron table next to him. After he picked up the huge and heavy iron table, he smashed it towards Mary.

Relying on her agile posture, Mary quickly dodged the blow, and then her body suddenly flashed behind the guy, and then the narcotic dart in her hand stabbed into the guy's back.

There was a painful cry from the member's mouth...turned his head, his body shook a bit, then his eyes rolled, and the whole person thumped and fell to the ground under the same anesthesia.

All dizzy! They were all anesthetized by Mary.

After Mary numb the two guards guarding the iron prison in front of her, she squatted down quickly and searched for the keys on them.

After a while, I saw that Mary found a bunch of keys on one of the guys.

After searching it out, Mary quickly ran to the iron prison, and then quickly opened the iron rope in front of her.

With a click, the huge prison door chain was opened.

After opening it, Mary screamed.

"Lee!"

As she yelled out, but seeing that Li Tian lying on the ground did not move at all, he seemed to be dead.

Seeing that Li Tian didn't react at all, Mary's heart became scared.

"Li...Li..." She yelled and ran to Li Tian who was lying motionless.

Just as Mary screamed and ran to the side of Li Tian, Li Tian in front of her screamed wildly.

Then Li Tian looked like a beast, and suddenly rushed towards Mary.

Mary did not expect that Li Tian would suddenly pounce on her, and immediately let out a scream of "Ah" in her mouth.

Unfortunately, it was too late.

Because Li Tian had already thrown down her entire body, two cold and cruel hands suddenly pinched the slender neck of Mary in front of him...

At the same time, his face was filled with endless twists and hideous, fangs stretched out, roaring, facing Mary in front of him in terror.

He wants to eat Mary! He is going to kill Mary.

Mary was pressed to the ground by him, her body trying to struggle, but unfortunately she was still struggling, she wanted to scream, she was pinched tightly by Li Tian's hands, and she couldn't make a sound. At this moment, she could only watch Li Tian in front of her. ...Looking at him helplessly.

Li Tian has lost any humanity. He only knows to slaughter. Anyone, anything will become an enemy in his eyes...

And now, Mary has become his worst enemy!

Will he kill Mary in front of him?

Chapter 2088: Escape

Mary in front of her was pinched tightly by Li Tian's neck, and she had no strength to shout.

Her pupils could only stare at Li Tian who was cruel in front of him and attacked her.

She was dying, killed by Li Tian, whom she loved.

Tears slowly fell from Mary's eyes, and she closed her eyes slightly, waiting for death to come.

The moment Mary was about to accept death, the two cold hands that had held her neck tightly suddenly relaxed.

And what about Li Tian, who was originally brutal and bloody? The gasping voice at this moment is also getting lower and lower.

His ferocious eyes stared at the teardrops in Mary's eyes unblinkingly, and stayed there.

When Mary felt the cold hands slowly let go, she couldn't help but opened her eyes slightly... and then she saw Li Tian staying there in shock, looking at her.

His eyes have returned to their original gazes, they are no longer cruel, no longer bloody, and although they are still panting in his nose, they are not as strong as before.

He seemed to recognize it, recognized Mary.

"Li..." After seeing Li Tian regaining her true colors, Mary in front of her suddenly became excited.

Her eyes were rosy, looking at Li Tian in front of her in disbelief.

But what about Li Tian? But it seemed to be stuck, motionless, just standing there slightly, and then staring at the crystal teardrops at the corner of Mary's eyes.

Suddenly Li Tian slowly stretched out an icy hand, and touched Mary's pretty face.

Mary did not move, staring affectionately at Li Tian in front of her.

But seeing Li Tian's hand slowly stroked Mary's pretty face, and then slowly touched the corner of her eye, touched the teardrop on the corner of her eye, and then he even wiped the teardrop from the corner of Mary's eye.

Mary could no longer hold back the excitement and affection in her heart, and at this moment she hugged the cold Li Tian tightly.

The two people hug each other like this.

After being hugged tightly by Mary, Li Tian remained motionless, like a log.

"Li, do you know me?" Mary was suddenly excited with her ruddy eyes staring at Li Tiandao dazedly in front of her.

Li Tian's pale face showed no expression, and he looked at her like that, without even moving the corner of his mouth.

Seeing Li Tian's sluggish expression, Mary's heart trembled: It seems that Li Tian has not recovered his consciousness.

After Mary thought this in her mind, she suddenly stood up quickly.

"Li, I must save you out!"

"I believe it will not be long before your consciousness will fully recover." Mary in front of her was facing Li Tiandao while taking out the key in her hand.

Li Tian just sat there blankly, motionless.

At this moment, after Mary took out the key, she hurried to unlock the chain key that was tightly tied to Li Tian's hands and feet.

As Mary slowly opened Li Tian's hands and feet, Li Tian was completely free again.

But now Li Tian didn't move, he just set his sights on Mary.

After Mary untied Li Tian's chains, she hurriedly pulled Li Tian towards the outside of the iron prison.

"Lee, follow me!"

"We must escape from here!" Mary said, quickly pulling Li Tian forward.

Li Tian was also obedient, and immediately followed Mary in front of him, quickly out of the iron prison in front of him, and then quickly ran toward the narrow passage in front of him.

There is no figure in the passage of the Dark Prison.

Mary and Li Tian left the narrow passage smoothly. When they reached the gate of the Dark Prison, the two guard knights lying outside were still lying motionless.

Mary glanced at the two knights, then glanced at the dark place behind the hill.

"Lee, follow me!"

"We flee from behind the Forgotten Temple..."

The reason why Mary did not choose the front entrance of the Forgotten Temple was because the vampires of the Toredo family guarded the front entrance of the Forgotten Temple, and even if Mary could pass through the front entrance, she would probably be discovered.

So Mary decisively chose the back of the Forgotten Temple.

Mary grew up in the Forgotten Temple since she was a child, but she is the most familiar with it. After she made a decision, she immediately took Li Tian at the moment and ran towards the back of the Forgotten Temple.

After quickly bypassing the huge fort of the Forgotten Temple, they arrived at the back of the Forgotten Temple.

But seeing the chaos and rocks here, there is no road at all.

And the place in front is still a huge waterfall, and below that waterfall is a terrifying cliff tens of feet high.

Looking at it this way, it was really shocking.

Where should I go?

I saw Mary glance at the waterfall in front of her calmly, and then pulled Li Tiandao: "Go here."

While talking, she pulled Li Tian and walked quickly towards the rugged stone road.

The rocky roads are hard and rugged and erratic.

After Mary led Li Tian through this stone forest, she then spared the rapid waterfall.

After bypassing, I saw a dark forest ahead.

This forest is the twisted forest before that, but here is the position behind the twisted forest.

After the two quickly jumped into the twisted forest, Mary could finally breathe a sigh of relief, because it was finally a little safer now.

Looking at this dense jungle and the Forgotten Temple of the Torrido family behind, Mary said with emotion, "Finally escaped."

"Lee, let's go."

As she spoke, she pulled Li Tian, who was sluggish in front of her eyes, and then quickly began to walk towards the depths of the dark twisted forest.

escape!

Can you escape?

...

A dark night shrouded the Temple of Forgotten.

Suddenly in this deadly night, I suddenly heard the voice of "Dangdangdang" emanating from the Forgotten Temple.

Siren!

Yes, this is the terrible signal that sounds when something dangerous happens in the Torrido family. With the sound of this signal, many knights and vampire members of the family suddenly emerged from the quiet temple of oblivion.

The vampires were all pale, with a strange light in their eyes, and ran out of the Forgotten Temple.

"What's wrong? What happened?" Suddenly, a man with a circle of screwed beard came out and said.

"Return to Earl Cliff, I don't know what happened right now!"

"But the sound of this alarm bell seems to be coming from the Dark Prison." I saw the vampire of the Torrido family next to him reporting there.

Chapter 2089: Hunt down

It turned out that it was Earl Nacliffe who was questioning just now, the second earl of the Torrido family, and the only son of the Elder Hess in the family.

"Dark Prison?" Earl Cliff frowned slightly after hearing the words of his men in front of him.

Then, Earl Cliff suddenly exclaimed: "No!"

"Follow me!" Following the roar of Earl Cliff, he led more than 30 vampire knights behind him and ran to the dark prison in a very fast speed.

He seems to already know what happened!

When the Earl Cliff in front of him led the many vampires behind him, and the knights of the family hurried to the dark prison, they were shocked to find that they were lying motionless by the gate. Anesthetize the knight guarding the gate of the Dark Prison.

After seeing this, they were all stunned for an instant.

"Damn it, who did it?"

"Who dares to rob the dark prison?" Earl Cliff in front of him roared there.

The knights of the Torrido family behind him were all stunned.

"Report to Earl Cliff, that this dark prison is imprisoned by a beast of the Gangaluo family...couldn't that beast escaped?" A vampire member over there suddenly reminded Cliff in front of him The earl said.

When Earl Cliff heard him say this, his eyes changed in an instant.

Then he didn't say anything, his body flashed suddenly, and he swept toward the dark prison at a terrifying and astonishing speed, and the vampire knights behind him quickly followed in.

I saw that when Earl Nacliffe reached the dark prison in front of him at an alarming speed, he first discovered that the two members of the Torrido family guarding the iron prison were also lying limply on the ground, and the prison The iron door has also been opened.

Upon seeing this scene, Earl Cliff's face instantly became distorted.

"Asshole!"

"Someone broke into the family turf!" A roaring word roared out of this guy's mouth.

His voice is so angry, so angry.

After the members of the Torrido family and the vampires rushed over, they were shocked to discover everything in front of them, and they were all stunned there.

I saw one of the vampires quickly ran to the two guard prison members who had passed out and collapsed on the ground.

Taking a look at the movements of the two of them with his hands, he suddenly stood up and looked at the Earl Cliff in front of him with extremely surprised eyes: "Earl Cliff...Our people are numb..."

When he heard what his subordinates said suddenly, the Earl Cliff in front of him instantly roared in disbelief: "What did you say? Anesthesia?"

"Yes, your Royal Highness!"

"The two of them are the anaesthetic darts used by Black Widow Katsena, so that's why." The men in front of them said.

Count Nacliffe was stunned when he heard it.

"Kathena?"

"Could it be that Katherine did it?" Earl Cliff in front of him instantly spread a fierce intent from his body.

All the knights and vampire members here stood there, staring at Cliff in front of them.

But seeing Earl Cliff suddenly turn his head, he said: "No, it's impossible..."

"It was definitely not Katharina." Earl Cliff in front of him suddenly said.

The vampire member beside him said: "But your Royal Highness, there are traces of her weapon..."

Earl Cliff did not take care of his men!

Because he knew better than anyone else that he came out of Katherine's room just an hour ago...so he definitely knew in his heart that it wouldn't be Black Widow Katherine's.

But did Katherine do it? How could there be traces of her exclusive weapon here? And it was obvious that the two members of this dark prison fell to the ground only when they fell to the ground after hitting her exclusive weapon.

"Could it be..."

The Earl Cliff in front of him suddenly remembered. He thought of Mary. He thought about an hour before that Mary went to Katherine for no reason. He also knew that it is said that the beast of the Gangaro family was brought back by Mary. of.

When Cliff suddenly turned his mind like this, Huo Ran understood.

"It's her! She did it!"

"Mary... it's Mary!" A roar came out from the mouth of Earl Cliff in front of him.

He finally guessed who was robbing the prison, and finally knew why Mary would look for Katherine at that time.

When the vampire members and the knights in front of them heard Cliff yelling out Mary's name all of a sudden, they were all stunned.

"Ah? Miss Mary...?" They all looked at the Earl Cliff before him in disbelief.

Earl Cliff didn't have the time to explain to them. He roared: "Hurry up and block the entire Temple of Forgotten Temple. You should report to the elders...Tell the elders that Mary has betrayed and betrayed our family. The beasts of the Gro family have been let go!"

The vampire members and the knights in front of them were not only stunned when they heard the words of Earl Cliffe.

"Why are you still stunned? Why don't you go quickly..." Earl Cliff shouted at the group of knights who were still in the dark without knowing what was going on.

The knights heard Earl Cliff's roar and nodded quickly: "Yes!"

Then ran out quickly.

Seeing that Earl Cliff turned his head slowly, looking at the empty iron prison, suddenly a strange and evil smile appeared on the corner of his mouth.

"Roger, I see how you can save your daughter this time... I see how you have a foothold in the Torrido family this time..." The evil voice laughed treacherously from Earl Cliff's mouth. .

...

"Go and tell Earl Roger that Cliff is going to catch Miss Mary!" I saw that at Earl Roger's side, one of the knights ran over in panic and said to the other member who was a relative of Earl Roger. .

It turns out that these knights are all subordinates of Count Roger. They have followed Count Roger from the beginning, so they are loyal to Count Roger!

At this moment, when they heard that Earl Cliff was about to arrest their eldest lady, they were of course extremely shocked.

In the Torrido family, Earl Nacliffe has always wanted to defeat Earl Roger, because Earl Roger has a high status in the Torrido family and is very popular among family members, so Nacliffe The earl was so jealous that he had always wanted to find a chance to trip that Roger, and now Cliff's opportunity came

Having said that, the knight was stunned immediately after hearing these words.

"What? Cliff dare to catch our eldest lady?" he said in shock.

"Yes!"

"So go and notify Count Roger."

"it is good!"

After listening to his words, the knight rushed towards the house of Count Roger.

As he ran, he yelled: "Earl Roger...it's not good...something has happened!"

But as the knight rushed over, the residence of Count Roger in front of him was empty, and there was no response at all.

"Earl Roger?" I saw that the knight had already rushed into the room in front of him.

Glancing around, where is the shadow of Count Roger?

Count Roger is not in the room at all! This time, that knight was depressed...

"Earl Roger is not here!!!" Where did Roger go?

Chapter 2090: Roger is here

The Temple of Oblivion has been completely closed, and Earl Cliffe has taken many knights and vampires in the family to carry out a carpet hunt.

What about the dark twisted forest?

Mary is still running with Li Tian there, she must escape if she wants to escape.

The silence in the twisted forest was extremely silent, and there was no sound. Then Mary just started running with Li Tian in front of her.

Just when they reached the middle zone of the twisted forest, suddenly a figure appeared in front of them, standing motionless for no reason.

As if waiting for them all the time.

The turbulent breath of suffocation came from that guy's body, suddenly rushing towards Mary and Li Tian.

When Mary saw the dark figure ten meters in front in amazement, she was stunned, and then quickly grabbed Li Tian with one hand, looking at the front with her eyes open in disbelief. The dark figure...

The familiar breath came from Mary's breath. The moment she smelled the breath of the other person, Mary's heart collapsed.

"Dad..." Two words that were unbelievable came out from Mary's mouth. She raised her eyes and looked at the figure ten meters in front of her, completely stunned.

father?

Is it Mary's father, Earl Roger?

Look carefully at the dark figure standing in front of him. He is indeed the Count Roger of the Torrido family.

I saw Earl Roger at this moment, full of anger and sadness, watching Mary and Li Tian ahead.

Suddenly he walked over in strides step by step.

"Mary...you really make me chill." Just like that, a word came out of the Count Roger.

"You actually betrayed the family and betrayed me for a beast of the Gangelo family...!!!" Count Roger said in pain.

But seeing Mary knelt on the ground with a thump of legs after hearing her father say this.

"Dad, I'm sorry! I didn't mean it!"

"I really never thought about betraying the family... I never thought about betraying you... I just don't want Li Baibai to die in the family." Mary in front of her said guiltily to Earl Roger.

Count Roger sighed deeply: "Hey, blame me, I blame you for spoiling you since childhood."

"Dad." Mary cried out sadly.

But seeing Count Roger raised his head and suddenly looked at the place of the Forgotten Temple, he muttered in his mouth: "The family members are coming after you, hey!"

"Mary, while there is still a way to turn back... You give up quickly, maybe so, I can still beg a way out for you in front of Elder Archid..." Earl Roger in front of him said while looking at his daughter.

But what about Mary? Kneeling on the ground, eyes red and shook his head.

"Do not....."

"Do not....."

"Dad, I beg you, let Li make a living, okay?"

Count Roger died instantly when he heard his daughter was so stubborn.

"Mary, you...you...are you going to **** me off?" Count Roger suddenly roared.

"Are you really willing to die to keep this mutated Gangelo family beast?" Count Roger roared in front of him, unable to control his anger.

But what about Mary? But insistently nodded there.

"Dad, I'm sorry, my daughter has made up her mind."

Listening to Mary said this, Count Roger was really angry.

The anger had completely burned him, and he couldn't believe that his daughter, who had been obedient since he was a child, was now so against him...

"Well, since you decide to betray the family and betray me, I, Roger, will make you an unfilial daughter today!"

The words roared out, but he saw Earl Roger in front of him suddenly rushed towards that Mary at a terrifying speed.

Mary saw that her father was really angry, and she was heartbroken, but it was a pity that her heart had already made up her mind.

So when Earl Roger rushed over fiercely, Mary in front of her moved instantly.

"Dad, I'm sorry!"

The words roared out, but seeing her also jumped over and fought with Count Roger.

Count Roger saw that his daughter dared to attack him, and became even more furious.

Suddenly, the cold right hand grabbed Mary against the wind.

Mary knew that her father was very powerful, so she didn't dare to fight with him and dodged quickly.

With a click, Count Roger's right hand grabbed onto the big tree with a thick mouth next to him for a moment, but saw that the big tree broke directly from the middle of the waist.

Just as Mary and Earl Roger were fighting fiercely, Li Tian, who was originally stupid, suddenly changed his eyes, becoming fierce and terrifying.

The extremely pale face was also slightly distorted at this moment... the breathing became heavy... staring at the bloodthirsty and cruel eyes staring at the Count Roger before him.

But she said that Mary here was still shaking with Count Roger.

But how could the weak Mary be her father's opponent?

Earl Roger is the most powerful member of the Torrido family!

But after a while, Mary was already in a weak position and could not compete with Count Roger at all.

One didn't pay attention, but saw that Mary was caught on the arm by the Count Roger.

With a hiss, Mary's entire arm was scratched, and there was a **** bloodstain on her arm.

Mary let out a muffled cry in pain, and she backed away.

But what about Lord Roger?

After hitting his own daughter, he sternly said: "Do you still fight? Can you be my opponent?"

Mary in front of her was holding her right arm with one hand, supporting it there, while gritting her teeth there and said: "Dad, no matter what, I will not go back to the family with you today! I must take Li Tian away from the family. Never let him die."

"you....."

"You...you unfilial daughter...Today I will ruin you on behalf of the family!" Count Roger was completely angry.

With a loud roar, the Earl Roger in front of him fatefully rushed towards Mary, as if he was really going to kill his daughter by himself.

Mary endured the pain in her arm at the moment, seeing her father rushing forward, she didn't dare to be careless at the moment, turned her head and quickly said to Li Tiandao who was still standing stupidly on the side: "Li...you go quickly...you leave here!"

Mary said quickly while pushing Li Tian in front of her.

Mary knew that she could not defeat the Count Roger, her father before her, so she had to hold on to Roger for the present and let Li Tian escape.

But what about Li Tian? After hearing Mary's words, she stood there like a wood, and Mary used all her strength to push him still.
