

A Killer 211

Chapter 211: Pick up

"Ya, do we still have a tourniquet? Find it quickly." Ouyang Shiqing said quickly.

Yaya was taken aback, and quickly began to fumble in the bag.

Daughters like them would always bring all the necessary items when they traveled. No, Yaya soon took out a tourniquet and handed it to Li Tian.

When Li Tian stretched out the **** hand and took it, Yaya couldn't help but step back, afraid.

Li Tian then pressed the tourniquet on his wound, smiled and looked up at the two girls: "Okay, it's all right." He said lightly on his face.

But that girl is looking at this guy with a pair of very contradictory eyes...

On the train, she never said that Li Tian was a waste... and also said that Li Tian is not worthy of being a man... But now? She just felt her face hot.

Ouyang Shiqing looked at Li Tian with beautiful eyes.

The crowd around who was supposed to be busy, saw that there was no more drama at this moment, and they all dispersed one by one.

"It's okay...Then let's see you again." Li Tian smiled and said as he looked at the two girls meeting by the water.

"Where are you going?" Ouyang Shiqing asked subconsciously, her eyes full of worry.

Yaya also looked at Li Tian with her beautiful eyes.

Li Tian couldn't help but froze for a moment, wondering: Yes, is he going there? He only knew that he came to Jinghai City in the south to get rid of the poison for his future wife. He only knew the people who were looking for the Duanmu family... But is he really going there now? Maybe he doesn't even know it.

Isn't this? When Ouyang Shiqing asked this question, Li Tian couldn't help but didn't say anything.

"Yeah, besides, you still have injuries... why don't you go to the hospital quickly." Yaya said, blinking caring eyes at the moment.

Li Tian seemed to be particularly shocked when the girl suddenly said that he cared about him, and smiled slightly.

"No need, just a little scratch..."

"But, that's also an injury, and your injury is for... to save us..." Yaya said.

As they were talking, suddenly two black cars drove quickly toward this side.

The front one is the domineering Bentley Motors Limited, like a whale head. The perfect curve line matches the pretty black surface. How do you look, how domineering.

The one behind is a slightly more conservative Mercedes-Benz C63, also in black, and drove quickly towards this side.

When he arrived in front of them, he stopped with a hiss.

"Uncle Fang, they are here."

Yaya said excitedly.

Following her voice, Li Tian also turned his head curiously.

But seeing the door on the left side of the European GTC Bentley slammed open, then a 50-year-old man walked out.

The old man has a pair of very deep eyes, his face is frowning over the vicissitudes of life, and he quickly walked towards Ouyang Shiqing.

Then a few men in black suits came out of the Mercedes-Benz car behind, and followed the old man towards Ouyang Shiqing.

Li Tian carefully looked at the old man who came out of the Bentley. His cheekbones were extremely high, and the calluses on his hands were even more layered.

A discerning person can tell at a glance, this old man is definitely not an ordinary character, and the sub-aurea that exudes from him contains an overwhelming aurea, and he can't help but look at the old man twice.

"Fang Bo...you are here." Ouyang Shiqing said lightly, looking at the old man who came by.

The old man called Fang Bo hummed.

Then he turned his eyes to stare at Li Tian next to him. When he saw the blood on Li Tian's waist, his eyes suddenly changed.

"Miss, this is...?" Fang Bo asked, staring at Li Tian suddenly.

"Friend." Ouyang Shiqing suddenly said two words.

"Someone attacked me just now... If this friend of mine hadn't helped me, I'm afraid I might have..." Ouyang Shiqing said slowly.

When these words were spoken, Fang Bo's face suddenly changed in shock, and even the face of the bodyguards behind him changed color at the same time. Then, the bodyguards quickly scattered around, looking around professionally.

"Assault you?"

"Who has such courage? Who has such great ability?" Fang Bo said in shock, and at the same time he looked at Li Tian strangely, full of doubts,

Ouyang Shiqing frowned and thought for a moment: "I don't know either."

"Oh, by the way, I forgot to introduce it to you. This is Uncle Fang... Our old housekeeper, this is my friend Li Tian." Ouyang Shiqing introduced with a smile.

Li Tian looked at that Uncle Fang and smiled slightly. After looking at Li Tian cautiously, Uncle Fang turned his head to look at that Ouyang Shiqing and said, "Miss, I think this matter is a little different. It's simple, you better go home first."

Ouyang Shiqing nodded, her beautiful eyes suddenly staring at Li Tian in front of her.

"I don't know if I can invite you to my house?"

After hearing Ouyang Shiqing's words, both Fang Bo and Yaya were taken aback.

But Li Tian shook his head.

"No, thank you for your kindness... but I still have my own business to be busy."

Hearing what Li Tian said, Ouyang Shiqing couldn't help being disappointed, but with a smile on her face, she said, "Well, that's good."

"It stands to reason that you saved me this time. I should be grateful... But you are busy now, and it is not convenient for me to disturb you... But luckily you will be in Jinghai city in the future. You can go anytime if you have the opportunity. Find me." Ouyang Shiqing said politely.

Li Tian smiled and nodded.

Li Tian didn't have too many thoughts about the big beauties who met in front of him. This time to rescue him, it can only be regarded as a coincidence.

This is not the case after Ouyang Shiqing said so, and after Li Tian said goodbye, he turned and walked towards the crowd.

The back figure disappeared step by step in the crowd, then Ouyang Shiqing stood there, watching him disappear with complicated eyes...

Where's the girl over there? At the moment, my heart is quite strange.

Looking at Li Tian who disappeared and walked away, he suddenly said, "Unexpectedly, this time we were both saved by him..."

Ouyang Shiqing didn't say anything, then turned and walked towards the European version of the GTC Bentley.

After getting in the car, the two cars turned around, and then drove quickly toward the bustling streets of Jinghai City.

After Li Tian left, he felt more or less stunned.

I don't know if it's because after knowing that the two girls who met by the water have parted, there may be no chance to meet again in the future? I don't know it is for other reasons...Anyway, Li Tiantian is a little bit disappointed in his heart.

Looking at this brand new southern city, Li Tian stood on the side of the road and watched.

Where is he going now? Where are you going? Maybe he doesn't even know it himself.

Chapter 212: Tracked?

On the streets of Jinghai City, two domineering luxury cars roared toward the most prosperous area in the city center.

Sitting in the car, Ouyang Shiqing frowned tightly, her eyes indifferent.

Yaya, who always likes to talk next to her, may not have recovered from the assassination just now, and she has been silent in the car at this moment.

"Miss, what was the person who assassinated you just now? Can you still remember?" Fang Bo asked suddenly.

Ouyang Shiqing shook his head slowly.

"Wearing a hat, I can't see my face clearly." Ouyang Shiqing said.

Fang Bo frowned slightly: "I don't understand, is there someone who doesn't have long eyes in Jinghai City who dares to move you?"

"Fang Bo, has nothing happened to the family recently?" Ouyang Shiqing asked suddenly.

"No." Fang Bodao said.

Ouyang Shiqing murmured, "That's weird."

"The assassin was clearly directed at me just now, as if he wanted my life... and the shot was definitely an extraordinary character, like a professional-level assassin. If it wasn't him just now, I'm afraid I would really die at the other Hands."

"And the other party actually knows when I came back from Kyoto City, the shuttle bus I took, and when I left the station. Obviously all this was planned in detail." Ouyang Shiqing blinked her beautiful eyes and said.

Uncle Fang was silent for a while.

Tao said: "Miss, don't worry, Fang Bo promises you that this kind of thing will not happen again in the future."

"Blame me today. I was delayed on the road and didn't pick you up in time." The uncle Fang in front of him rebuked himself.

Ouyang Shiqing smiled faintly, not particularly concerned.

"It's okay, Uncle Fang, am I not good..."

Uncle Fang sighed lightly without speaking.

"By the way, Miss, that young man really saved you today? Who is that young man? He can save you?" Fang Bo's words were filled with doubts, as if he could hardly believe Ouyang Shi Love was actually rescued by someone?

"To be honest, I was surprised too."

"Along the way, I always thought that he was just an ordinary person, but I didn't expect him to save me here today... and I saw his shots, definitely not an ordinary person."

"You can't avoid even the eldest lady's assassination moves by the assassin. He is a young man hiding in it? I think this young man has some background." Fang Bo said secretly.

"What does he do? How did you meet?" Fang Bodao asked.

Ouyang Shiqing briefly talked about the situation.

Then said: "He is really not easy."

"Because he still has something on his body that can shock the whole world." When Ouyang Shiqing said this, there was a strange light in her eyes.

What is she talking about? Is it the book Li Tian brought?

Ever since Ouyang Shiqing watched the ancient "Book of Heavenly Book Danjuan", she has been astonished. What can make her so surprised?

Could it be that the "Book of Heaven Pill Volume" really hides any great secrets?

On the one side, Fang Bo was slightly taken aback: "Really?"

"Yes, Uncle Fang..."

"If the four big families know that the book is really circulating in the world, I believe that Jinghai City will soon reappear." Ouyang Shiqing said with a serious expression in front of him.

Uncle Fang asked closely, frowning and looking at Ouyang Shiqing. She grew up watching Uncle Fang. This girl has never looked so serious... Could it be that what she said was true?

"I have to go back and tell the old man about this as soon as possible... Maybe only he knows what happened."

After Ouyang Shiqing finished speaking, she looked out of the car window.

After Li Tian first arrived in Jinghai City, apart from feeling that the weather in the south was very melancholy, and the local dialect, he really didn't feel any other difference.

The same high-rise buildings, the same vehicles are constantly flowing.

The rich continue to drive the sports car to the coffee shop to the jazz bar Yangchun Baixue, while the poor still work hard to make money with large bags.

Standing in a crowded street, Li Tian suddenly felt hesitant.

Suddenly a charming woman's voice came.

"Brother, do you live in a store?"

Li Tian turned his head and saw that she was a plump woman in her 30s.

Woman's figure two words: hot.

Although he is already in his 30s, that face does still have charm, especially after dressing up, with heavy eyeshadow, and a low-cut short sleeve on his upper body, revealing a piece of white flowers... that deep The gully is really full and plump.

Below the tight-fitting Qi B skirt are two thin legs in black stockings... stepping on a red high heel, looking at Li Tian and smiling.

When Li Tianyi said this, she knew in her heart that this should be the person who solicited passengers at the train station.

He shook his head slightly and said, "No."

He knew that this railway station was the most chaotic place, and seeing the more coquettish appearance of the woman, he didn't have much favor for the woman in front of him.

The fiery woman couldn't help hearing Li Tian's words, and did not leave because of it, but suddenly took a step forward: "Brother really can't live? The service in our shop is very good!"

Li Tian hates this kind of woman who pulls the job, waved his hands and said, "I can't help but... sorry."

Li Tian was about to get out of the way.

However, the woman with a fiery figure suddenly stretched out a thin hand painted with red nail polish to grab Li Tian's arm.

Li Tian couldn't help feeling a little disgusted, and was about to turn his head to sigh about this somewhat...shameless woman.

But when he turned his head, he suddenly heard the woman with a fiery figure, and suddenly said to him in a low voice: "Leave this place quickly...Someone is following you. If you don't leave, you don't want to leave the train station alive. "

Suddenly, Li Tian was startled when he heard this strangely said by the hot woman in front of him.

Looking at the charming woman in front of her again, her expression was serious and she didn't seem to be joking at all.

This shocked Li Tian there.

Blinked and looked at her: "Who are you? Who is following me?"

The woman said coldly in a low voice, "Don't ask who I am, I will contact you, you just need to remember that you have to leave this place quickly."

"Others are already watching you... You go quickly, it will be too late if you don't leave." said the fiery woman.

Li Tianyi was taken aback.

"Who is following me?"

The woman said, "Did you see me behind? That black Santana..."

Li Tian was taken aback and looked in the direction the woman said. He really saw the black Santana. To be honest, when Li Tian came out of the train station just now, he noticed that the black Santana had been behind. Follow... But never thought that this car would follow him.

At this moment, hearing this strange woman say so, she was shocked.

Chapter 213: I take you to find her

"Don't look at them, don't be discovered by them." The hotly dressed woman suddenly whispered cautiously.

Li Tian was slightly startled.

Who is the woman in front of you? Why tell yourself this?

"Quickly leave here...If you don't leave, it will be too late..."

As the hot woman finished speaking in a low voice again, she took Li Tian's arm and slowly sent it down, and then changed to that charming look, smiling and saying, "Big brother, really Can't help it?"

When Li Tian heard this, he waved his hand cleverly and deliberately said: "No, no, no."

Then he turned and walked quickly to the other side.

As he walked, he silently looked at the black Santana behind him.

As the mysterious woman said, the Santana behind was indeed following her.

Li Tian was stunned.

Why would someone follow themselves suddenly?

When I first arrived in Jinghai City, I didn't know anyone, so what happened?

After Li Tian passed through the train station, he did not walk the wide street. Instead, he walked quickly toward the crowded residential areas around the train.

And the black Santana behind has been following him.

After arriving in the residential area, Li Tianshen suddenly turned around in the lane, then hid in an inconspicuous corner, and began to look at the black Santana that was following him.

At this moment, he blinked his eyes and looked, but saw that the black Santana had really quickly drove towards this side.

But after there was no trace of Li Tian, he stopped suddenly.

After the black Santana stopped, three people in black clothes suddenly emerged from the car.

Blinking around there, looking for Li Tian's figure.

Li Tian hid in the dark and took a closer look. He didn't know anyone.

Why should these strangers follow themselves?

Is it a coincidence? Still premeditated?

When I just arrived in Jinghai City, someone who has not realized that he has offended others now? What's going on?

With these questions in mind, Li Tian blinked his eyes and watched several people in black walking out of the car.

I saw a man with a cold expression on his face suddenly said angrily: "Find him quickly for me."

"He can't run away."

After he said these words coldly, the people in black behind him began to search everywhere.

Li Tian frowned and said inwardly, "It seems that these people are really following themselves."

After thinking for a while, he walked quickly toward the narrow aisle on the other side, and soon disappeared into the crowded residential area.

After Li Tian successfully avoided the strangers who followed him, he took a sigh of relief.

Standing on the street, he couldn't help thinking, what is going on?

Who is the weird woman who suddenly came out to help herself in the train station square just now? How could she help herself for no reason? Do you know her? What kind of secret is there?

Li Tian thought for a long time without trying to understand what happened.

After all, when he first arrived in this southern city now, he didn't even know anyone. How could someone help him suddenly? Is it kind? Still say that premeditated has already been made.

Standing on the street, Li Tian bought a newspaper in the small newsstand, and after inquiring about the surrounding environment, Li Tian was about to leave this place.

The first thing he needs to do now is to find a place to settle down first.

Just when Li Tian was about to take a taxi to find a house.

Suddenly, a gray van drove straight toward him, and then stopped firmly in front of him.

Then the car door slammed open.

After the gray van stopped in front of Li Tian, a man with a mustache jumped out of the van.

"Brother Li, right?" Li Tian was shocked when the man who jumped out of the van called Li Tian's surname so suddenly.

"Are you...?" Li Tian looked at the mustache man in front of him in surprise.

The man is in his 30s, with small eyes and a beard on the corner of his mouth. He looks very personal.

The mustache man smiled suddenly.

"Sister Liu came over and asked me to pick you up." The mustache in front of her suddenly said.

"Sister Liu?" Li Tian was even more depressed.

What's this all about?

Why did so many people suddenly recognize me after I suddenly arrived in this strange city? And someone just followed him inexplicably? What happened to all this?

"Oh, I forgot to tell you. Sister Liu is the woman who asked you to stay in the store just now..." The mustache man suddenly laughed.

After he said so, Li Tian suddenly understood.

Secretly said in his heart: So it was the woman who told me that someone was following him?

Who is that woman? And why did she send the mustache man in front of her?

Li Tian said in surprise.

"I'm a little confused... Excuse me, who is Sister Liu? I don't seem to know her? Did she admit the wrong person?" Li Tian asked depressedly.

The mustache in front of him smiled: "No, absolutely not."

"Brother Li, what's going on in the middle? I won't tell you clearly for a while, but you can rest assured, after we meet with Sister Liu, she will naturally tell you all of this." Beard said with a smile.

"oh, I see."

"Where is she?"

"Go, get in the car, I will take you to see her."

"Sister Liu asked me to come and pick you up."

The mustache man said with a smile.

Li Tian was taken aback for a moment.

Looking at the mustache man, he was quite wary to be honest, but looking at the mustache man as if there was not much malice, he nodded slowly.

"Ok."

Then Li Tian followed the moustache in the car.

After he got into the van, the bearded man introduced himself and said: His name is Zhang Yong, and everyone calls him Dayong.

When Li Tian heard him say this, he just smiled faintly, wondering in his heart, what is going on with him? Isn't someone following? Is there someone who knows himself in a daze?

This made him more and more confused. It seems that all this must be done after seeing the woman who secretly talked to him at the train station before Li Tian could understand what happened, right?

The van drove swiftly all the way through the bustling urban area, and then drove quickly towards an ordinary residential area in Jinghai City.

After entering the residential area, the van stopped in front of the building in front.

After stopping, the bearded man smiled and said to Li Tiandao: "Brother Li, right here, go... let's go up together."

After speaking, he jumped out of the van in front of him vigorously, and Li Tian followed him down.

Chapter 214: reason

The floor in front of you is quite high, there are 18 floors in total.

After the two entered the floor, they got on the elevator.

After pressing the button on the 7th floor, the elevator slowly moved upward.

During this period, Li Tian remained silent, and at the same time looked around cautiously, because he still couldn't figure out whether the mustache in front of him and the woman at the train station were friends or foes.

It's a friend, but if it's an enemy, then he will be in trouble.

The elevator quickly reached the 7th floor.

After reaching the 7th floor, Li Tian followed the mustache man out. In the quiet corridor, Li Tian followed the mustache to the door on the far left.

Then he reached out and knocked on it.

Li Tian followed, his eyes full of surprise and caution, his hands clenched uncontrollably in order to be fully prepared for an emergency.

After the mustache man knocked on the door, there was a charming voice of a woman.

"Who?"

"Sister Liu, I'm brave."

Following his voice, the door slammed open.

After the door was opened, I saw the charming woman at the train station, standing at the door with a smile and looking at Li Tian.

The woman has a very familiar and beautiful face, and her figure is even hotter. A **** lips painted scarlet is blinking at the door and looking at Li Tian.

"I took Brother Li." Dayong said with a smile there.

Li Tian smiled slightly after seeing this woman called Sister Liu.

"Please come in."

Then he invited Li Tian in.

Li Tian didn't politely walked in, blinked and looked around the room. It was obviously not a room where a woman lived, because there were many cigarette butts and beer bottles, and there were men's clothes in the bedroom over there.

Li Tian listened to her carefully and said, "Why?"

"Because someone asked us to do this." Sister Liu said suddenly.

After this sister Liu said so suddenly, Li Tian couldn't help but froze slightly: Someone asked them to do this? Who?

"Who?" Li Tian asked in surprise.

"The enemy of Kyoto City." Sister Liu said suddenly.

When Qiuye's name came out, Li Tianbujing was shocked.

"Old Qiu? Are you talking about Qiu Si from Kyoto City, Qiu Lao him?" Li Tian was suddenly shocked there.

Sister Liu in front of her smiled and nodded.

"Ok."

"A few days ago, Mr. Qiu called us and said that you might come to Jinghai City to find someone, but you are not familiar with Jinghai City, so Mr. Qiu would call us and let us help you."

Hearing what Sister Liu said, Li Tian immediately understood what was going on.

It turns out that these people turned out to be the old man who asked them to help themselves.

The former Qiu Si was a fierce man at the leading level in Kyoto City. Even though he had been retiring from the rivers and lakes for so many years, his prestige, Dao friends, and former subordinates were still everywhere.

So after Li Tian left at that time, Old Qiu felt that this kid might really go to Jinghai City to look for his goddaughter alone, so he arranged for these people who he knew before in Jinghai City to help Li Tian.

Hearing what Sister Liu said, Li Tian finally understood. He was a little wary, finally letting go of a big rock in his heart.

At this moment, he couldn't help but smile and said, "So it's like this."

"Yes, we have been waiting for you at the train station since we got the order from the enemy, but I didn't expect to finally wait for you." Sister Liu said with a smile.

"thank you all."

"No, this is what we should do. The enemy's order is to let us die, and we absolutely dare not say a word." The Liu sister said with a serious expression.

Li Tian was shocked, it was hard to believe that these people were so desperate for the old man.

Li Tian knew that the lives of these people were given to them by the old man, so now they are so devoted.

"I want to ask, who is it that followed me at the train station? How did you know that those people were following me?" Li Tian asked.

Blinking and staring at that sister Liu.

Then Sister Liu said, "The one who followed you wanted to kill you..."

"Kill me?" Li Tian was taken aback.

"I didn't seem to provoke anyone in Jinghai City?" Li Tian said depressed.

Sister Liu smiled faintly, but shook her head.

"Remember that when you came out of the train station, the assassin that prevented the eldest lady of the Ouyang family assassinating it?" I heard Sister Liu say so.

Li Tian frowned suddenly.

"Could it be that I prevented that killer from assassinating Ouyang Shiqing, so they held a grudge against me?" Li Tiandao said.

"Well, you guessed it all right."

"Why did they assassinate the eldest lady of the Ouyang family?" Li Tian asked suddenly.

Sister Liu and the mustache and Dayong's face suddenly became ugly, and the two seemed reluctant to talk.

"This...this matter...I think it's better for us to avoid mixing up this matter." Sister Liu said embarrassedly.

As she said this, Li Tian felt more and more wrong.

The moustache Dayong next to him also said, "Yes, Brother Li, the road in Jinghai City is now on the cusp of the storm. You haven't stayed in Jinghai City before and are not familiar with this place. I suggest that we still leave those big families alone."

Listening to Dayong and Sister Liu saying so, Li Tian was puzzled.

What is going on?

Why did those people assassinate the eldest lady of the Ouyang family? Could it be that what happened in the arena of Jinghai City?

Since people don't want to say, Li Tian can't ask too much.

Chapter 215: The beginning of horror

"Brother Li, what do you think of this place?" Sister Liu in front of her suddenly smiled and asked Li Tian.

Li Tian was taken aback and looked at the room in front of him.

"Very good." Li Tiandao.

"That's good, Brother Li, if you don't mind, just live here first." Sister Liu said suddenly.

"Huh?" Li Tian was taken aback.

Sister Liu said, "This house is my brother's house. He moved to the United States last year... This house has been vacant. Didn't you come here? So I thought, if you don't mind, You can live here."

"In this case, Dayong and I must have an explanation with the enemy." Sister Liu in front of me said with a smile.

Li Tianyi heard her say this, and said: "But how troublesome you are."

"Don't talk about trouble... this little thing we did is nothing at all." Sister Liu said.

Hearing the generosity of Sister Liu and Da Yong, Li Tian, who arrived in Jinghai City for the first time, couldn't help but thank him very much. Knowing that he had just arrived in Jinghai City, he had to find a house first.

It's pretty good now, the sister Liu in front of him has actually found the house for him, which is a lot easier for him.

"Well, then I will thank you." Li Tian said with a smile.

Then sister Liu and Dayong also laughed happily.

"Brother Li, is it convenient to ask what you came to Jinghai City for?" Sister Liu suddenly asked.

Li Tiandao said: "Look for the Duanmu family."

"Duanmu family?" Sister Liu looked embarrassed suddenly, as if she had heard a ghost.

The moustache Dayong next to him also turned pale.

Seeing such changes in their expressions, Li Tian asked strangely, "What's wrong?"

"No...nothing..."

"It's just... it's just... I didn't expect Brother Li that you would come to the Duanmu family, one of the four largest families in China." Sister Liu even said her tone hard.

This made Li Tian depressed and thought: Is it true that the Duanmu family is so terrifying in the south?

"How much does Brother Li know about Duanmu Family, one of the four largest families in China?" Na Dayong asked curiously.

Li Tian said truthfully: "Not many."

"No wonder..." Dayong said with a sigh.

"Brother Li, I don't know if I should say it improperly." Dayong said suddenly with a strange expression.

Li Tian smiled and said, "It's okay, you say."

"That's... it's the Duanmu family... I personally think that if it's not a particularly important thing, it's best not to provoke the Duanmu family... the people in that family are monsters... one is stranger than the other." Dayong said so.

Li Tian frowned suddenly.

"monster?"

When Li Tian was in Kyoto City, he heard someone say that the Duanmu family is a dark family, but no one has ever said that the Duanmu family are monsters... Is that Duanmu family so mysterious?

"Well, Dayong is right. The Duanmu family members are stranger and cruel. No one has ever dared to offend this mysterious family in Jinghai these years."

"And here even they dare not say bad things, because no one knows they will show up at any time and then kill you."

Li Tian couldn't help becoming more and more curious when he heard Sister Liu and Dayong say so.

I wonder if this Duanmu family is really so powerful here?

"Brother Li, I suggest you better not provoke the Duanmu family..." Dayong said at last.

Li Tian smiled and nodded slightly, expressing his agreement, but he became more and more curious about the mystery of the Duanmu family.

Seeing Li Tian nodding, Da Yong and Sister Liu were relieved.

"Brother Li, here is the key to this room, here you are." Sister Liu said as she took out a key and handed it to Li Tian.

Li Tian reached out and took it and said thank you.

"Yes, there is also a cell phone. It has the phone numbers of Dayong and I. Brother Li, if you have any needs, please call us and we will come over at any time."

While talking, Sister Liu handed a brand new Nokia 800 to Li Tian.

It can be seen that the Nokia 800 has just been bought.

Li Tian was flattered and looked at the Liu sister there and said, "This...how should I thank you..."

Then, Sister Liu still had a big smile.

"Don't say that, all we do are small things."

"You know, if it wasn't for the enemy, we two would have been drowned in the Bund Sea in Jinghai City. So don't mind..." Sister Liu said with a smile.

Hearing what they said, Li Tian realized that both Liu Jie and Dayong were for repaying their favor. Of course, this is all because of Si Ye from Kyoto City.

After receiving the brand new Nokia 800, Li Tian couldn't help saying thank you.

After Dayong and Sister Liu said something more, they were ready to leave, saying they were going to work.

It is not convenient for Li Tian to stay longer.

So Dayong and Sister Liu went downstairs and left here.

Li Tian was sitting quietly in this three-bedroom room, with his first brand-new mobile phone in his hand, and he was very excited and excited.

After all, he was so kind to him abruptly, he would still be a little unacceptable at this moment.

But after Sister Liu and Dayong went downstairs, the two of them quickly got into the van with an uneasy expression.

"Sister Liu, are you okay today? Didn't help those people discover your identity?" Da Yong looked at Sister Liu anxiously and said,

Who is that group of people he is talking about? Of course it was the group who followed Li Tian.

Sister Liu said, "I shouldn't find it."

"That's good, that's good." Dayong, who had spoken twice, began to start the car.

"I also know that we can't afford to offend those people, but after all, this is what the Lord Enemy ordered us to do. After so many years, don't you and I just look for another opportunity to repay the old man's life-saving grace? I can't let those people hurt this brother."

Dayong nodded silently.

"you're right."

"Our lives should have disappeared more than ten years ago. It is all the merits of the enemy that we can live up to now. Since the enemy has spoken this time, we have to do even the hard work."

"Hey! Let's be more careful."

"Now that group of people is determined to fight the Ouyang family desperately, I guess the Ouyang family will act immediately... It seems that the roads of Jinghai City will soon be bloody."

"Yes, they dare to assassinate the daughter of the first Ouyang family of the four major families in China so boldly, isn't this obviously a war?"

"It doesn't matter, let's just ask ourselves to be blessed." Sister Liu smiled and said.

"It's just that I didn't want to understand that Brother Li dared to come to Jinghai City to find the Duanmu family... Maybe he really didn't understand the horror of the Duanmu family." Sister Liu said at last.

Chapter 216: I am back

Li Tian never expected that such a big change would happen after he came to this southern Jinghai City.

And I will meet such a good person, sister Liu and Brother Yong.

Not only did he find him a good three-bedroom apartment, but he also gave him his first mobile phone, Nokia 800.

Touching the Nokia 800 in his hand, Li Tian only found it new, playing with it,

The phone numbers of Liu Jie and Dayong are still kept on it.

After playing with his cell phone for a while, Li Tiancai began to pay attention to this room. The three-bedroom room was well decorated and furnished with all kinds of furniture, including refrigerator, air conditioner, washing machine, TV, and everything.

Looking at this room, Li Tian felt like he was dreaming.

Sitting on that soft sofa, thinking about what happened today.

Everything is so weird.

Who is tracking himself?

What is going on in Jinghai City?

The Ouyang family, one of the four major families in China, is so powerful? How dare someone blatantly assassinate the first lady of the Ouyang family at the train station?

Li Tian wondered about these questions,

In the end he came to the conclusion that people will not offend me, and I will not offend people.

Now he is looking for the Duanmu family to heal the poison on his future wife, so now he has no time to think about other things.

The Ouyang family is located in Jinghai City.

The mansion is in the Ouyang Family Villa District in Jinghai City.

The Ouyang family property written in the name of this huge villa area, there is no doubt that this huge villa area is all owned by this big family.

This is the first domestic house to own so many luxury houses and such a large family.

In the villa area, there is a European-style villa which is the largest and the same as a European manor.

You can see from afar, two security guards stand on each side of the door of the villa.

Outside the gate of the electronic precision system, at this moment two cars drove over here.

The front is a European GTC Bentley, and the back is a black Mercedes.

After stopping over, I saw Ouyang Shiqing and Fang Bo who came back from the car.

After returning to Ouyang Shiqing, when the security guard at the door saw the eldest lady, they all showed respectful eyes.

The corners of their mouths shouted, "Miss is back."

Ouyang Shiqing walked straight towards the mansion.

Entering the mansion, you will see a clear and huge swimming pool.

There are many rockery and fountains nearby, which looks quite artistic.

The hideous building in front is her home.

While Ouyang Shiqing was walking towards the inside, suddenly a hearty voice from the side smiled and said, "Shiqing is back."

Then I saw a middle-aged man in his 40s.

The man wears a gray suit, giving a sense of grace. You can see from the Yksuit suit and the platinum Rolex on his wrist that men are definitely not ordinary people.

"Sanshu." Ouyang Shiqing in front of her turned her head, and greeted the man with a smile in her reputation.

The man in front of him is a member of the Ouyang family, the third uncle of Ouyang Shiqing, the same generation as her father.

"Poetry, how are you playing in the north?" The man looked at her with a smile and asked.

Ouyang Shiqing smiled faintly: "Not bad."

"That's good."

"Just come back?"

"Hmm. Just now Uncle Fang went to pick me up."

"Oh."

"Go, I happen to see your dad something? Go in together."

"it is good."

Speaking of Ouyang Shiqing in front of her, she followed the man towards the place inside.

"Did something happen to our family recently?" Ouyang Shiqing suddenly looked at the third uncle in front of him and asked.

The man called Sanshu asked Ouyang Shiqing, his face was slightly startled, and then blinked at Ouyang Shiqing: "How do you know?"

Hearing him say this, Ouyang Shi was secretly emotional: It really was a family accident.

"Maybe you don't know yet, when I just came back from Kyoto City today, someone assassinated me." Ouyang Shiqing said slowly.

"What?" When the man heard Ouyang Shiqing's words like this, he was taken aback by a poisonous snake, and almost jumped up.

"Are you not hurt?" The man quickly asked Ouyang Shiqing with concern.

Ouyang Shiqing smiled and shook his head: "No."

"Lao Fang, what did you do? Someone dared to assassinate poetry?" The man in front of him suddenly said to Fang Bo, the old butler of the Ouyang family.

Uncle Fang was awkwardly silent there.

"No matter what happened to Uncle Fang, someone assassinated me as soon as I got off the train. Fortunately, others saved my life..." Ouyang Shi said, thinking of Li Tian.

"Who will save you?" The man looked at Ouyang Shiqing in surprise and asked.

Ouyang Shiqing smiled lightly: "A friend I met on the train."

"Oh, that's how it is."

"That bunch of bastards... dare to do something to you and see how I pulled their skins when I turned around." The man in front of him suddenly said with a fierce look.

"Go, go in and find your father, I happen to be here for this too."

The man in front of him said and strode forward.

On the contrary, Ouyang Shiqing was slightly taken aback, but what happened to the family? Who was the one who assassinated himself?

"Uncle San, what has happened to the family?" Ouyang Shiqing asked while following the man.

The man was silent with a face full of murderous aura.

"A bunch of people looking for death."

Having said that, he strode towards the main hall of the Ouyang family.

When entering the villa, the first thing you see is the gorgeous crystal chandelier, hanging in the middle.

It is not an exaggeration to describe this room in the words of majestic and magnificent. As one of the four major families in China, the Ouyang family may lack everything in this life, except for money.

When the old servant saw Ouyang Shiqing, they all smiled and said hello.

In the middle of the main hall, on a soft sofa made of real rhino leather, a man with a face with Chinese characters wearing eyes is reading a newspaper.

There was a good cup of Longjing tea that the servant had just brought next.

"Dad..." A clear voice called out from Ouyang Shiqing's mouth.

The man who was reading the newspaper heard the voice, then raised his head and looked at Ouyang Shiqing.

"I know I'm back..." There was a hint of complaint and miss in his voice.

Ouyang Shiqing smiled and ran over, holding her father's arm.

"Dad, why do you drink this kind of strong tea again? Don't you know that your sleep has been poor? Aunt Liu quickly gave my dad another cup of light tea."

Ouyang Shi said with emotion.

The man laughed haha and said, "You girl, just take care of me as soon as you come back... even more nagging than your mother... hey!"

"That is, who made you my father." Ouyang Shiqing said with a smile.

Chapter 217 : One word: die!

The man who gave people a sense of anger and prestige, with a domineering dominance all over his body, was naturally the current helm of the Ouyang family, Ouyang Zhengtian.

The Ouyang family is a huge family, and it has always been a big family.

There are four brothers in Ouyang Zhengtian's generation.

Ouyang Zhengtian is the boss.

On the other side, the man in his 40s who came in with Ouyang Shiqing was the third.

"It's fine when you come back... You just came back tired? Go to rest as soon as you are tired."
Ouyang Zhengtian said distressedly, looking at his daughter.

Shiqing shook her head and said with a smile: "Not tired."

"Lao San, why did you come to me when you are free today?" Ouyang Zhengtian suddenly cast his eyes on the man next to him.

The man in front of him is called: Ouyang Hua, the half-brother of Ouyang Zhengtian.

"It's not because of those bastards." Then Ouyang Hua said angrily.

"Furthermore, Shiqing said that when she just got off the train, she was almost assassinated by those people..."

Suddenly hearing Ouyang Hua say this, Ouyang Zhengtian suddenly sat up on the leather sofa.

"what?"

Then a pair of deep eyes suddenly turned to look at the poetry in front of them.

"Poetry, what happened?"

"Your third uncle said that what happened to you just getting off the train? Was assassinated?"
Ouyang Zhengtian asked with an ugly look at poetry.

Shiqing said slowly: "The third uncle is not bad at all."

"I was stabbed when I got off the train, but it didn't hurt me."

When Ouyang Zhengtian heard what Poem said, he immediately exuded a sharp murderous aura.

"Bold!" A roar roared from his mouth.

There was a cold light in his eyes, like a lion trying to eat people.

"Do they really think I dare not kill them all?" Ouyang Zhengtian suddenly lined up on the red sandalwood table in front of him.

When the huge and hard red sandalwood wooden table was slapped with his palm, the whole table trembled, as if it were about to break.

"Brother, as long as you say something, I will take someone to kill him now."

"Even if the king of heaven came here this time, it won't save their lives." Ouyang Hua said fiercely.

It is said that the Ouyang family has two dragons and two tigers

Yihu: Ouyang Lie. Second Tiger: Ouyang Hua.

One Dragon: Ouyang Zhengtian, Two Dragons: It is the fourth child, a strange man known as the legend of the Ouyang family, but the fourth child has disappeared more than twenty years ago. No one knows his whereabouts now, twenty years Earlier, I heard that the heir most favored by the Ouyang family is actually the fourth child, but the fourth child suddenly disappeared that year. If it weren't for the disappearance of the fourth child, who was called the legend of the Ouyang family back then, it is estimated that the current The helm of the Ouyang family is definitely not the poetic father, but the fourth child (this is something later)

"Dad, what happened to the family? Who the **** is having trouble with us this time?" Ouyang Shiqing asked suddenly.

After asking about the poetry in front of him, Ouyang Zhengtian said coldly: "You ask your third uncle."

Shi Qing was startled slightly, and cast his eyes to Ouyang Hua.

Ouyang Hua looked a little embarrassed, as if he had done something wrong.

"What's wrong, Sanshu? What happened?" Poetry asked in surprise.

After asking about poetry, Na Ouyang Hua sighed and said, "It's not because of that little animal."

Suddenly hearing Ouyang Hua's poetic expression of such curse, he knew who it was all at once.

The little beast in Ouyang Hua's mouth is naturally his son: Ouyang Xiaofeng, nicknamed the little prince.

This little prince has a bad reputation in society, except for picking up girls and female celebrities all day long.

In the Ouyang family, this little prince was only Ouyanghua's only child, so everyone didn't say anything about him, and sometimes turned one eye off.

On the contrary, this kid relied on being a prince-level figure of the Ouyang family, and he was making waves in Jinghai City.

"This beast actually fought with a woman for a woman some time before his death, isn't it? The other's legs were scrapped. Who knew that the man whose legs were scrapped was Tu Wei's son." As Ouyang Hua said, Ouyang Shiqing suddenly understood what happened.

Tu Wei?

Maybe this name is not very famous in other cities, but in Jinghai City and the surrounding area, it has a resounding name.

Crazy Tiger: Tu Wei! It's him.

There are several establishments in Jinghai City, and Tu Wei, who is also involved in pornography, gambling, and drugs, has had some contacts with Thai drugs in recent years.

Black money is getting more and more.

People, once you have money, you will get fat and you will not know yourself.

Tu Wei is such a person.

Because the force he dared to hold the egg is now coming to touch the stone-like force of the Ouyang family.

Although it is said that his son was abolished by the little prince, he dared to send someone to assassinate Ouyang Shiqing, the daughter of the Ouyang family. Isn't this an obvious death?

"It turns out that Tu Wei did it." Ouyang Shiqing said lightly.

"Niece, don't worry, if the third uncle doesn't pay you justice, I'll...I'll..." Ouyang Hua blushed and said thickly.

"Uncle San, I'm fine."

"Isn't it good now?" Ouyang Shiqing said with a smile.

"Big brother, what do you say? I thought that this was wrong with my little bastard, and when I thought of the time I would sit down and have a tea with him and talk about it, but now this **** dares to be poetic? Big brother, as long as you In a word, I will take people now so that the **** Tu Wei can't stay in Jinghai City."

Ouyang Zhengtian made a gloomy face and was silent for a while and suddenly said, "Yes."

"This Tu Wei has done many things that hurt the truth in the past two years. Some time ago, Deputy Director Wang of the Metropolitan Police Department still called me to tell Tu Wei to keep a low profile, but it seems that this guy is relying on himself and Thailand. The drugs over there made some money after being connected, and it has become increasingly crazy in the past two years."

"The third child, you are like this, take a few people over, see what he means, and ask him whether he was the master of the assassination of Shiqing? If he admits, let him come over and apologize to me. I'll finish the matter with him. If he dares not to admit it, if he dares to play yin for me, if he wants to know my patience, don't talk nonsense with him, just kill it and throw it to Jingjiang."

Listening to Ouyang Zhengtian saying so domineeringly in front of him, Ouyang Hua smiled and said: "Okay, I will do it now."

As he said, he strode out to the door.

On the contrary, Shiqing frowned slightly and looked at her father: "Dad, you really want to move Tuwei? You don't know the temper of the third uncle. It is estimated that he will not ask more questions, and will directly kill people."

Ouyang Zhengtian turned his head slowly, looking at his daughter with kind eyes in his eyes, and said, "When Tu Wei dared to move you, he was already dead."

"So if the third child really kills him, I won't say much."

"Also, Tu Wei has not done any evil in the past two years... How many people died in Jinghai City from taking his drugs in the past two years... People like him should go to **** long ago."

Chapter 218: Ouyang Lie

After Ouyang Zhengtian said so.

Shiqing wanted to say something, but the corners of her mouth moved, but she didn't say anything.

"Are you okay? The killer didn't hurt you, right?" Ouyang Zhengtian looked at his daughter worriedly.

Shiqing smiled and shook his head.

"It's okay, but it was really dangerous at the time. If it weren't for him, I might have done something." Ouyang Shiqing said slightly in front of him.

"he?"

"Who? Didn't you hide by yourself? Someone helped you?" Ouyang Zhengtian asked in surprise.

First, I was worried about my daughter's situation at the time, and second, I was shocked that someone helped my daughter.

"Is it Lao Fang?" Ouyang Zhengtian asked.

Shiqing smiled and shook her head: "It's not Fang Bo, but a friend I met on the train."

"Friend?" Ouyang Zhengtian was even more puzzled.

Shiqing said, "In fact, he is quite strange. Really, Dad, I have never seen someone like him, do you know? When I was on the train, I met a group of people who couldn't adjust. The car guy, he didn't even make any moves at the time, and even if the things were robbed, he didn't do anything. Moreover, Ya-Ya said that they were a waste of money along the way, but he didn't even say a word, let alone quarrel with Ya-Ya. But when I got out of the train station, I didn't expect him to help me out of this disaster! And the shot was so sharp and so fast, Dad, no one knows my skills better than you, just imagine, at In the situation where I couldn't escape at all, he escaped the catastrophe for me and saved me once..."

Ouyang Zhengtian laughed as he listened to his daughter talking about "him" so happily.

"Dad, what are you laughing at?" Shiqing asked in surprise.

Ouyang Zhengtian said: "Listening to you, Dad seems to see this strange person in your mouth."

"Haha, girl, I have never seen you praise someone so eloquently, is he really so good? Better than my daughter? Or is it because of other reasons?" Ouyang Zhengtian suddenly blinked. The eyes said.

Hearing her father say so, Shi Qing blushed suddenly.

That beautiful face that was so exquisite to the utmost, when there was a touch of blush, it was so charming and alluring.

"Dad, what people are telling you is serious." Ouyang Shiqing said in a sudden anger.

It was the first time to see this frosty beauty blushing and speaking, it was really useful: the word fox.

When the father and daughter were talking, suddenly the voice came in like thunder.

"I heard that my smartest, most beautiful, most wise, and most lovable poetic niece is back? Is it true?"

With the thunderous voice and loud laughter, I saw a man with a height of 185 cm, a huge head, a face of scum, and a flushed face, and a pair of large Senhan eyes walked in. .

The man is very burly and strong. Although the suit he wears conceals his strong figure, it is still difficult to conceal his muscular curve of the man. He is masculine and domineering.

Ouyang Lie.

If you know that there is a fierce man in the Ouyang family who is as fierce as a lion and as strong as a wild bear, you must know his name is Ouyang Lie.

As the name suggests, a fierce man, Ouyang Lie, the second most powerful man in the Ouyang family.

As the tough man walked in with a laugh, Shiqing smiled and walked up.

"The second uncle's mouth is always so sweet. How many people only know that the second uncle is very powerful and man, but it is difficult to know that the second uncle is actually the sweetest-mouthed man in the world. It seems that I am the only niece. Only then are you blessed to enjoy the special ability of your second uncle."

"Haha." Ouyang Lie burst into laughter.

"Okay, okay, the second uncle can't tell you...but you..."

"My good niece finally came back, and I want to kill my second uncle." Ouyang Lie said.

Since childhood, Ouyang Lie has always loved poetry and love poetry the most. On the one hand, because Ouyang Lie is still childless and childless under his knees, and on the other hand, because poetry is indeed smart and cute enough, she has always been at home since childhood. The pearl in the palm.

Even among the people that the old man loves the most, except for the son who has disappeared for almost 20 years, the fourth child, all that remains is this poetry.

"How is your second uncle? Although I am in Kyoto, I think about you second uncle every night. I also wonder when my second uncle will take me to Luotuo Mountain Villa for another visit!" With Ouyang Poetry said that Ouyang Lie couldn't help but laugh from ear to ear.

"Niece, I heard that someone dared to move you at the train station? You are now quickly telling your second uncle that I immediately made the person regret that he had grown two hands." Ouyang Lie suddenly became hot-tempered in front of him.

A pair of eyes widened, looking like cannibalism.

Especially after that burly face turned red, like an angry lion.

When Ouyang Lie said so, Shi Qing frowned slightly.

This Ouyang Lie loves her most. From elementary school to high school, Ouyang Lie didn't know how many boys had big mouths at school, and how many naughty boys he almost got fractured. Because those boys harass Poetry, write love letters to Poetry all day long...

It is said that 1688 love letters from elementary school to junior high school were stuffed in the pool behind Ouyang Shiqing... They were all thrown into the pool decisively by her.

Although I don't know if this matter is true or false, it is enough to see who this Ouyang Lie is? If anyone dares to touch his niece with a vellus hair, it will definitely be a violent beating. If the situation is more serious, he may even die.

But don't doubt what this fierce man dare not do!

There is nothing in the world that Ouyang Lie dare not do.

So after hearing Ouyang Lie say this, Shiqing quickly persuaded him and said: "Second Uncle, Third Uncle has already gone out to do it, there is nothing serious."

"Really? The third child did it? I called and asked him." Ouyang Lie started to pick up the phone.

Ouyang Zhengtian smiled next to him: "Second, what poetry says is true."

"It was Tu Wei, who was not afraid of death, who asked someone to do it! I have asked the third child to take someone to deal with this matter."

Hearing Ouyang Zhengtian's words, Ouyang Lie took back the phone, but still an unstoppable expression on his face said angrily: "It's Tu Wei again!"

"I think this Tu Wei is simply impatient? I knew I had killed him three years ago." Ouyang Lie said angrily.

Three years ago, that Tu Wei offended Ouyang Lie and was almost killed by the angry Ouyang Lie. Unexpectedly, now that Tu Wei dared to act on the Ouyang family's first daughter?

Really don't want to live anymore?

You know, he is facing the largest family in the country, the Ouyang family.

The skinny camels are bigger than horses, not to mention that the current Ouyang family is still in full swing.

Is Tu Wei really not afraid of death?

Chapter 219: Silly

"The third child can't do things, not ruthless enough!"

"Boss, I think it's better to let me go. Tu Wei's ***** has to do me to clean him up, not to mention that he dares to send someone to assassinate my precious niece..." Ouyang Lie, who is getting more and more angry, can't wait to go there and personally now. Slaughtered that Tu Wei.

"Second Uncle, it's okay. If you want to do this again, I will ignore you."

Poetry said with a bright red and ***** cherry mouth.

Ouyang Lie in front of him heard what Shiqing said, and immediately said: "Don't, don't, don't, the second uncle is not going, not going, can't you?"

"Is that my good second uncle?" Shiqing said with a smile and took the arm of Ouyang Lie.

Ouyang Lie grinned and laughed.

This crude hunk, maybe only poetry can persuade him, right? It is estimated that even her father may not be able to dissuade it.

"Shiqing, you just came back, take a break, and take a look at Man'er at the same time."

"Man'er has been thinking of you for so long since you walked for so long." Ouyang Zhengtian said kindly.

When Ouyang Shiqing next to her heard the name "Man'er", her face showed a happy expression.

"Well, Dad, Second Uncle, I'll go see Man'er."

As he said, he walked inside.

Who is Man'er?

Perhaps the entire Jinghai City, as well as those who know the Ouyang family, know that Ouyang Zhengtian, the head of the Ouyang family, has a son and a daughter under his knees.

Female, smart and beautiful: fairies are like dust, naturally Ouyang poetry.

The man is stupid, his name is Ouyang Man, and everyone in the family calls him a silly man!

Legend has it that that silly man would only speak at the age of 6, which can be regarded as a wonderful work in the history of human evolution. Until now, Dou Da does not know a single character, but he is born with great power. Ouyang Zhengtian has not less to look for domestic and foreign famous doctors. Experts have come to see that stupid man's disease, but unfortunately none of the so-called expert doctors can cure it.

The silly man's foolishness is famous in the Ouyang family.

But he never dared to provoke him.

That is not only because his father is the Patriarch of the Ouyang Family, but also because this person is extremely brave, if in ancient times this stupid man would definitely be a first-class Xiaoqi general.

Ouyang Shiqing passed through the corridor and quickly arrived at a delicate bedroom.

"Man'er... Sister is back."

"Man'er, where are you?" After Ouyang Shiqing's sweet voice called out.

But there was no such silly man in the exquisite room.

After searching a circle carefully, I couldn't find Ouyang Shiqing in front of me. Suddenly he cast a glance, but he saw a figure squatting in the backyard garden outside.

My eyes fixed on the dirt on the ground... I seemed to look with gusto.

When Ouyang Shiqing came over, she smiled.

"Man'er, sister is back."

As Ouyang Shiqing spoke again, the guy named Shaman'er slowly turned his face.

The first feeling that that face gives people is dull, expressionless, the face can be called the two words of grace, but I don't know why, those eyes are dull and absent, staring at Ouyang Shi in front of me. Love, no words, no words.

But the body suddenly rose from the ground.

Good deed, what a burly body, it is more than two meters above sea level.

Huge like a savage running out of Shennongjia.

The hands are covered with dirt, obviously because the silly guy just played with the dirt on the ground.

Ouyang Shiqing felt sorry for her brother, walked over, grabbed his burly and powerful hands, and patted the dust on it: "Man, how come you are playing with the dirt... how dirty it is, let Dad see it, Dad again I want to talk about you."

The silly man didn't speak, his mouth was taut, and a pair of eyeballs stood there silently.

"Go, go into the house." Said Ouyang Shiqing was going to pull this silly man towards the room.

But the silly man's feet remained motionless, as if his feet were nailed to the ground.

Ouyang Shiqing can't pull the silly man, his strength is comparable to that of a cow. When he was 8 years old, he lifted the stone pier in front of the door. You must know that the stone pier weighs 80 kilograms, but But he was lifted up abruptly by a child under 8 years old.

After that, no one dared to provoke him.

Although everyone only knows that silly man is stupid, no one has ever dared to mess with him.

While Ouyang Shiqing was looking at her own brother helplessly, the figure of Ouyang Lie strode in from outside.

He had a beard and a big grin, and he could hear his hearty laugh as soon as he came in.

"Man'er, come here!"

With a wild roar, that silly man's originally demented and honest face suddenly turned his head to look at Ouyang Lie and smiled silly, then shook off Ouyang Shiqing's arm and ran towards that Ouyang Lie.

Ouyang Lie saw that Silly Man'er ran towards him.

His expression suddenly became serious, and his hands couldn't help guarding him.

With a simple smile, the silly man rushed towards Ouyang Lie like a tiger.

Ouyang Lie blocked his hands and grabbed the silly man's arm.

He laughed and said, "Good boy, it's like a sneak attack on your second uncle..."

Then Ouyang Lie grabbed both of the thick hands of Silly Man'er.

But the silly man's left foot kicked the ground fiercely, and the muddy ground was sinking a little bit by his huge force.

At this moment, his whole body was like a calf with tremendous strength, and his entire head suddenly slammed into Ouyang Lie's chest.

Ouyang Lie didn't expect this silly boy to come over with his head, quickly let go of his hands, and then put one hand on his chest.

With a bang, the silly man's head was fixed on Ouyang Lie's palm. Fortunately, Ouyang Lie covered his chest with the palm of his hand. Otherwise, he would be hit by this silly man and he wouldn't vomit blood?

That's the case, Ouyang Lie was still hit by the stupid man's tremendous force and kept back a few steps.

Hahahaha.

A series of laughter came from Ouyang Lie's mouth.

"Man'er, if your brave strength was born in ancient times, it would definitely be a first-class charge to attack the general. If that ***** says you are stupid in the future, you will beat him up. As long as you are not from our family, you can fight and make trouble. If you die, Second Uncle, I will stand for you."

Hearing what his second uncle said, this stupid man lit his head vigorously, with a silly smile on his mouth.

Ouyang Shiqing, who had been watching by the side, couldn't help but show a bitter smile at the corner of his mouth. The smile seemed to be a little sad... looking at the silly man who was more than two meters high.

She knew that Ouyang Lie loved their siblings the most, especially the silly man. Every time only Ouyang Lie could bring that silly man a smile...

Ouyang Lie never cared about how stupid Man'er's shots were...According to him, being beaten up by Man'er was better than anything else.

Ouyang Lie broke one of Ouyang Lie's arms once again with a silly spleen. Ouyang Lie didn't care. Ouyang Lie never complained in the hospital for half a month.

One is the brave and fiery Ouyang Lie, and the other is the silly and honest silly man, maybe only they can find happiness together... Ouyang Shiqing is thinking there silently.

Chapter 220: Tu Wei

Jinghai City in the south can be regarded as a first-class city in China.

The four major urban areas surround Jinghai City like a square, namely the west, east, south and north of the city.

The place in the west of Jinghai City is the place belonging to the Tuwei, most of the entertainment venues, this Tuwei is mixed.

And he basically mixed up with underground pornography, gambling and drugs.

Tu Wei has several high-end nightclubs in the west of the city, and several D bars.

This can be regarded as his territory.

Inside a secret box, but saw a few people sitting there.

Standing at the door is a man with bronze skin. A man is supposed to be burly. The muscles on his body are raised one by one, not like the flashy muscles of a gym, but a kind of explosiveness. muscle.

Every inch, every piece contains an explosive explosion.

Standing there, with a vicious and indifferent face, and a familiar scarlet viper tattooed on the arm of his right hand, it looked dazzling and dazzling.

On the sofa opposite him sat a man.

The appearance of the man in his 40s, with a pair of stinging eyes, with a cigarette in his hand and gently smoking it, his face was a solemn expression, as if he was carrying something big in his heart.

A man standing behind wears eyes and is gentle, but if he smiles, he will give people a sinister and cunning feeling, looking like an old and cunning fox.

"Boss Tu, the Ouyang family has obviously begun to take action on us, what do you think we should do?" Suddenly a voice came out of the treacherous man with eyes standing behind him.

The figure known as Tu Boss is naturally a fierce man, Tu Wei, who is rampant in the west of the city.

Tu Wei sat on the sofa with his eyebrows raised, and the corners of his cold mouth uttered a few words: "Do it, do it...If they dare to come, I will dare to play with him."

The man with military spectacles standing behind him couldn't help frowning.

"Boss Tu, it is definitely not a wise move to fight the Ouyang family."

"Speaking of what you don't like to hear Boss Tu, we really don't have that power to fight the Ouyang family." The glasses man in front of him said.

Tu Wei obviously belongs to the kind of person who has a grumpy temper and a cruel personality.

Hearing the words of the man with glasses like a military officer behind him, his face suddenly became ruthless.

"Then what you mean is that Lao Tzu's son was beaten and crippled by someone from the Ouyang family. He deserves the **** bad luck? Don't even fart?"

"What's the matter with you, if this thing spreads out, how come I, Tu Wei, are still in Jinghai City?"

"Others can't laugh at me. Tu Wei is a tortoise with a shrunken head?" Tu Wei said angrily.

Na Tu Wei shouted at that with a pair of blood-red eyes open, and looked like he was angry about to eat people.

"Boss Tu, I know that if we don't move anything, people in the outside world will definitely think that we are more useless. But Boss Tu, if you look back, think about the consequences if we really do it. I think you should be clear."

When the glasses man finished saying these words, Tu Wei's face became extremely ugly.

Because what the eye man said is pretty good.

With such big powers as the Ouyang family, it's hard to beat, it's just two words: looking for death.

Tu Wei in front of him was silent and his two hands were tightly clasped together, his face gloomy and he didn't speak.

The man with glasses continued, "Boss Tu, if we want to report the whole body now, we still have a chance. If we continue to do this, we really don't even have a foothold in this Jinghai City."

Tu Wei stared without speaking, and remained silent.

The room was silent as stagnant water, and no one spoke.

After being silent for about a minute, Tu Weimeng said, "No!"

"This matter is already on the line, I have to do it!"

"I have sent someone to assassinate the daughter of the Ouyang family... It's a pity that the assassination was not successful!" Tu Wei said suddenly.

At the same time, his eyes looked at the man with bronze skin standing at the door.

The man looked so familiar, especially his figure.

It turned out that he was the man who assassinated Ouyang Shiqing at the train station! !

After hearing Tu Wei's words suddenly, the face of the man with glasses changed color.

"Boss Tu, you won't really want to fight Ouyang's family?" The man with glasses in front of him suddenly asked in surprise.

"There is nothing in the world that Tu Wei dare not do."

"What about the four big families? What about the Ouyang family? They abolished my son's two legs. If I don't avenge the revenge, how will I get ***** after Tu Wei is his mother?"

"But..." The man with glasses was still thinking about saving something.

But he only listened to Tu Wei angrily said in front of him: "Shut up! Don't say it."

"I have decided on my idea!"

Hearing Tu Wei's words, the man with glasses in front of him did not dare to say a word.

I saw Tu Wei sitting on the sofa with scarlet hatred in his eyes, staring at the front fiercely and saying: "The Ouyang family...I must make you pay for my son's legs this time."

It seems that Tu Wei is really ready to fight with the Ouyang family.

Although he knows that this fight with the Ouyang family is to hit the stone with the pebbles, but after all his son's legs were alive and destroyed, and they are still crippled.

"Artest! Was the ***** intervening at the train station? Have you found the ***** now?"

Artest?

It was the man with bronze skin at the door.

Artai, Thai.

Since Tu Wei took over with the underworld in Thailand, he has been in contact with the drug business in Thailand, and he has made no little money in the past few years.

Half of the underground drugs in Jinghai City are basically sold by Tu Wei.

Isn't this? Artest in front of him was the cold-blooded killer Tu Wei hired himself.

This time, Na Artai had already prepared for the assassination of Ouyang Shiqing, but he didn't expect that when he almost succeeded at that time, Li Tian would actually get a kick in the side.

So now Tu Wei is depressed.

Na Atai stood at the door, with a bronze face, slowly uttering a few substandard Mandarin from his mouth, and said stiffly and staidly: "That person has not been found yet."

"However, after I didn't succeed in one blow, someone followed him, but unfortunately he seemed to be helped by someone and then escaped."

After hearing Artai say this in substandard Mandarin, Tu Wei frowned.

"What do you mean? Who will help him?"

"I have sent someone to investigate, and I believe I will be able to find out soon." Artest said.

Tu Wei said with a hateful face: "Find out as soon as possible that it was the ***** who broke my good deeds...If I were to find him, I would have to skin him alive."
