

A Killer 2121

Chapter 2121: Here comes the hunter

Tomorrow's competition is about to begin! What about Li Tian? Still sitting in the room blankly now.

Nearly 5 days have passed since his initial embrace stage. According to common sense, the vampire's initial embrace is basically about one week. I believe that Li Tian's initial embrace stage will pass in one or two days.

But now Li Tian's initial embrace stage has not completely passed. He still has no consciousness. To put it bluntly, he is a numb beast. Apart from instinctive attacks, he has no skills at all.

While Li Tian was alone in the room, that Mary walked in from the outside with a worried mood.

Her pretty face was full of worry, Li Tian staring blankly in front of her.

"Lee..." Mary who walked in said slowly.

Li Tian heard the voice and slowly turned his pale face, staring at Mary blankly.

Mary stretched out a slender hand and stroked Li Tian's pale face, worrying there: "Li, you will be challenged tomorrow... Hey, I am really worried about you!"

Then Li Tian looked at Mary in front of him as if he hadn't heard.

"Lee, I don't know if you can hear what I said, but I still want to tell you, tomorrow is the battle, I hope you will take care of yourself no matter what, remember, don't let others hurt you... Don't let others kill you either!" Mary in front of her said to the sluggish Li Tian.

What about Li Tian? It was a look that was completely incomprehensible, standing motionless there.

In fact, Mary knew that what she said was nothing, but at the moment, she could only comfort herself in this way.

"Lee, along the way, we have gone through so many hardships and so many changes, I hope this time, you can also get through the difficulties!"

"Regardless of whether you are the savior of our blood race or not, in this life, I will do everything possible to save you, to save you from becoming a human being, to be yourself!"

Mary said last.

The sluggish Li Tian didn't say anything from beginning to end, and his body didn't even move. Those sluggish eyes stared at Mary before him.

What will happen to the first battle tomorrow?

Whether Li Tian is the savior of the blood race, I am afraid no one knows at present.

...

In the twisted forest, huge towering ancient trees grow one by one, and the dense trees completely cover this area for hundreds of miles.

This is the forbidden area of the Torrido family, a territory that no humans or birds and animals can break into!

In the twisted forest, there are the guardians of the Torrido family. They are like primitive people to guard this ancient and mysterious forest every day and night to prevent other blood races from attacking or human intrusion!

It's quiet at night!

At this moment, I saw that in the westernmost part of the Twisted Forest, suddenly two figures were walking quickly.

Look carefully, the two figures are a man and a woman.

The man is about 30 or so, and he looks like that of Eastern Europe. He looks like a Russian or a Sloc. His thick black hair is slightly curled, and his eyes gleaming brightly look at the front carefully in the dark.

He has a weird tattoo on his right hand. The tattoo design looks like a sun. In his hand, he also holds a strange crossbow. The crossbow has already gone to the black, and the sharp arrow on the black is white and silver, very weird. It is tightly held in his tough hands, and he is carrying a backpack on his back. I don't know what is in the backpack. At this moment, he is slowly moving towards
Coming from the depths of the twisted forest.

Next to him was a young woman who was about 20 years old, with a sweet and lovely appearance, with flowing and beautiful red hair, following him closely, holding a delicate white pistol in her hand.

How could this man and woman come to the twisted forest? Broke into the territory of the Toredo family of the blood race?

Are they also vampires?

Do not!

they are not!

Because they are human!

If you look carefully at the skin color and gestures of this man and woman, they are not in line with the characteristics of a vampire, you can see that they are indeed human!

It's just that in this twisted forest, how could two human members suddenly come here?

At this moment, only the sweet girl with red hair spoke in a low voice.

"Brother, is this the territory of the Torrido family?"

The man called the elder brother had a cautious face and didn't dare to care at all. He glanced at the dense dark forest in front of him and said in a low voice: "Yes."

"We are now approaching the nest of the Torrido family...Tia, be careful!" The brother in front of him cared about his sister.

The girl named Tia was slightly immature, nodded slightly, and said, "Brother don't worry!"

"Tia, remember, once we meet a member of the Toledo family, we must not be ruthless, because they are not evil vampires..." The brother in front of him reminded Tia.

Nadia said, "Brother, what should we do if the vampire of the Torrido family attacks us?"

"No! Members of the Torrido family will not kill humans." The brother said there.

Tia seemed to want to say something in front of her, but in the end she thought about it and nodded silently there.

"Well, brother, I will listen to you."

The handsome man said, "Well, that's good, you follow me."

The handsome man who was talking then proceeded cautiously towards the dense twisted forest step by step, and the sweet girl behind continued to follow.

It turns out that they are the hunters who followed Li Tian and Mary before!

These hunters are born enemies of vampires!

Hunters are trained since childhood, and then taught martial arts and so on. Then when they grow up, they begin to travel around the world to catch vampires. Their life task is to catch cruel vampires, then kill them, and solve them.

Therefore, among the blood races, the evil Heiyi tribe, Gangelo family, and other neutral families hold very strong hostility to these hunters. Once they meet, it will definitely be a ***** fight.

And now these two hunters actually came to the twisted forest.

I saw the two walking towards the depths of the twisted forest step by step, and there was no sound in the deadly twisted forest.

As the two of them slowly walked into the twisted forest, suddenly a sharp iron spear flew over from the dark jungle. The speed was terrifying... and straight towards Tia, who was walking ahead. Stabbed straight.

Chapter 2122: Identity

Just when this extremely fast and sharp iron spear shot out of the dark jungle, the handsome man suddenly exclaimed, "Tia, be careful!"

Along with his words, I saw him suddenly jump forward.

Tia, the sweet girl, never thought that someone would attack them in the twisted forest. She was taken aback, and she was thrown to the ground by her brother before she could react.

The sharp and sharp iron spear banged on a thick tree behind Tia, making a humming sound.

At this moment, Nadia's brother rolled quickly from the ground, and then held his crossbow tightly in his hand, his eyes cautiously and coldly looking at the dark twisted forest.

What about the frightened Tia? At this time, he also quickly got up from the ground, holding the delicate golden pistol tightly in his hand and facing the dark twisted forest in front of him.

"Tia, come behind me." The man in front of him shouted.

Tia was very obedient, so she quickly flashed behind the brother.

At this moment, a rustling movement suddenly came from the dark twisted forest...

In the dark dense forest ahead, it seemed as if there was some terrible beast rushing toward them ferociously.

"Brother, what's going on?" Nadia's face was already showing fear and horror.

It turns out that this is the first time Tia has drifted away with her brother... She has never really participated in the action before... I didn't expect the hunting vampires outside to be so terrible.

After Tia said it, the handsome man calmly spit out a few words from his mouth: "The vampire is here!"

what?

"Is it the vampire of the Torrido family?" Tia asked in surprise.

The handsome man in front of him looked around and said: "It should be!"

"We have now reached their territory, and they must have discovered us!"

After the handsome man finished speaking, he suddenly turned around and said to the younger sister behind him: "Tia, don't mess around... don't! Everything waits for me to give orders!"

Nadia nodded deeply, and then looked around with her horrified beautiful eyes.

The rustling movement is getting closer and closer!

Judging from the dynamics, there are definitely a lot of people coming!

Suddenly the rustling voice suddenly stopped when it reached the handsome man and the beautiful Tia.

After this moment of stillness, the surrounding suddenly became deadly silent, and the silence was terrible.

The handsome man subconsciously clenched the bow and crossbow in his hand, his mouth was waiting to speak, and suddenly a ghost-like black figure suddenly shot out from behind a thick tree on the left... Then he saw the black figure. Pounced at the handsome man.

"Brother!" Nadia screamed immediately when he saw the dark shadow rushing quickly like lightning.

The handsome man reacted extremely quickly. When he saw the black shadow rushing, his body flashed suddenly, quickly dodged, and then flew to kick the opponent, but he saw the black shadow faster.

With a howl, he suddenly rushed at the handsome man twice.

This time it was faster than the last time.

The handsome man saw the black shadow coming and had no way to avoid it. At this moment, he had no choice but to bite the bullet and block it. With a shake of his right hand, he attacked the left side of the black shadow, but the crossbow in his left hand was ready to go.

With a bang, the handsome man blocked the black shadow's attack, but what about his left hand? He didn't shoot the crossbow that could have been shot out. Instead, he clasped his fingers on the button of the crossbow and faced the dark shadow.

"Don't come here, I'll be welcome again..." The handsome man moved back and aimed at the head of the "beast" in front of him while holding his crossbow.

Tia also hurriedly ran behind her brother and looked at the situation in front of her with scared eyes.

What about the shadows? Originally wanted to attack, at this moment, seeing the crossbow in the handsome man's hand facing his head, the blood-red eyes burst out with endless anger!

Wailing

He screamed, and pointed fangs sticking out of his mouth.

vampire!

It really is the vampire of the Torrido family!

These vampires are the guardians of the Torrido family's twisted forest.

"Get out!" Suddenly at this moment, a cold scream erupted from the dark dense forest on the right.

After hearing the sound, the handsome man was taken aback and turned his head to see that four members of the Torredo family like that beast appeared.

Guardian, these vampires are all guardians of the Torrido family.

After all four appeared, the handsome man screamed badly in his heart, and Tia was already there, clutching the clothes behind his brother's body tightly, and staring at him with frightened eyes. situation.

"Humans who are not afraid of death... dare to break into the restricted area without permission!"

"Are you looking for death?" Suddenly a roar came from the tallest and strongest guardian.

He stared at the handsome man and Nadia with blood-red eyes.

The handsome man took a deep breath and said, "Are you members of the Torrido family?"

When the handsome man suddenly said the identity of these guardians, the vampire guardians suddenly burst into murder in their eyes, and raised their blood-red shocked eyes to look at him in front of him.

"Damn, how do you know the identity of our family?"

Vampires are already isolated from the world and never known to outsiders, but they didn't expect that the guy who was clearly two humans would recognize their identities. How could this not shock them?

"Quickly, don't say anything, I will tear you apart!" the vampire guardian roared.

The three vampire guardians over there have already taken a step forward, roaring in their throats, glaring at Tia and the handsome man in front of them.

But seeing the handsome man stepped back a little there and said: "You will understand after reading this!"

After he finished speaking, he saw his right hand slowly stuffed into the backpack, and then took out a weird thing like a token from it.

It was made of gold, shiny and reflective, and carved with a sun-like thing on it.

This pattern is exactly the same as the tattoo on a man's hand.

After he took out this thing, the Torrido family vampire in front of him saw what was in his hand.

After seeing them, the eyes of these vampire guardians changed in amazement.

"You are ancient... hunters?" Suddenly a surprised roar came out of the vampire guardian's mouth.

The handsome man in front of him nodded silently.

"Yes, we are indeed hunters!"

Chapter 2123: Meet the elders

After hearing the confession of the handsome man, the vampire guardian of the Toledo family in front of him said angrily: "Damn hunters, our Toledo family never hurt humans... Why do you want to break into our restricted area? Do you want to hunt us?"

After the handsome man heard him say this, he immediately said: "No, you have misunderstood!"

"Thousands of years ago, our Pope reached a peace treaty with your Torrido family. As long as you don't harm humans, we hunters will never harass you."

The vampire guardian of the Torrido family heard him say this and said, "Then why are you trespassing in our restricted area this time?"

Just listen to the handsome man: "Because we found some murdered humans in the Black Rock Forest... and this place happens to be your Torrido family site... So my sister and I want to find out!"

After the vampire guardian of the Torrido family heard him say this, his eyes rolled: "Oh, isn't it?"

"I can tell you responsibly that members of our Torrido family have never harmed humans! This was true thousands of years ago, and it is true now!"

After hearing what he said, the handsome man thought for a while and said, "Maybe!"

"But I still want to visit your lair. I want to meet the elders of your family... I want to ask about this." the handsome man said.

"Huh, do you want to see our elders?"

"Who do you think you are?" The vampire guardians in front of them furiously heard the handsome man's request.

And after the strongest-looking Torrido family vampire guardian heard what the men in front of him said, he slightly stretched out his hand to stop them, and then turned his cold eyes to look at Tia and the handsome man in front of him. man.

"Do you want to see our elders?"

The handsome man nodded and said, "Yes!"

"If you really want to see our elders, you must remove all the weapons from your body... Are you willing?" The vampire guardian of the Torrido family in front of you said.

After hearing what he said in front of him, the handsome man frowned slightly.

Then after he was silent for a while, he slowly raised his head and said, "Okay! I do!"

"Tia, give me your weapon... to them!" The handsome man in front of him turned his head and said to Tia behind him.

When Nadia heard that her brother really wanted to hand over the weapon in his hand, he was not only taken aback, but looked at the brother in front of him and said: "Brother, this is not appropriate... if they are in danger. What about us?"

Listening to Tia's words, the handsome man smiled slightly and said, "Tia, trust my brother! I believe that the members of the Torrido family will never do this kind of thing! At the same time, I also believe that they will never hurt you. Our human!"

After hearing what her brother said, Nadia obediently handed over all the weapons on her body, and even her favorite platinum pistol was handed to the handsome man in front of her.

After the handsome man took over all Tia's weapons, he then handed over all his weapons, including his powerful crossbow!

After handing them all to the vampire guardians of the Torrido family, but seeing that vampire guardian glanced at the handsome man and said, "For safety's sake, we will search your bodies!"

The handsome man thought for a while and said, "Yes!"

Then the vampire guardian of the Torrido family sent two vampire members to search for the body of Tia and the handsome man.

When searching, Tia looked quite unhappy, after all, she was a girl.

However, the vampires of the Toledo family didn't touch Nadia's body much. They just checked a little and then said to the leading guardian: "They are very clean!"

"En!" The leading guardian said oh.

Then he slowly turned his head to look at the handsome man in front of him and said: "Let's go, follow us!"

After speaking, several vampire guardians of the Torrido family took the handsome man in front of them and Nadia step by step towards the depths of the twisted forest.

The handsome men and Tia followed closely.

...

"Report elder, our members have found ancient hunters in the twisted forest!!!" In the middle hall of the Forgotten Temple, only a vampire knight rushed in to face the Elder Archid.

Elder Alchide was sitting upright in the middle chair at the moment. Hearing what the knight under him said, he was not only slightly startled: "Ancient hunter?"

"Our Kindred Justice League signed a peace treaty with their pope thousands of years ago. Why did they appear in the twisted forest?" Elder Archid said depressed.

There is also a huge pope behind the hunters of the senator!

The name of this pope is: Sun Cult!

They existed thousands of years ago. I heard that the Sun Sect has always existed to deal with that vampire. For thousands of years, the Sun Sect has been hunting down those vampires who **** human blood... They are tireless and never stop!

But now that the hunters of the Sun Sect have come to the Torrido family, how can this not make Elder Archid wonder!

Just listen to the knight saying: "Elder, the two hunters have been controlled by us! If the elder wants to interrogate, you can bring them in."

Then Elder Archid thought for a while and said, "Well, take them into the temple."

After Elder Alchid said so, the knight in front of him said: "Yes!"

Then the knight quickly retreated, and soon saw the handsome man and Tia from the outside of the Forgotten Temple were brought up, and behind them were several knights of the Torrido family!

After the handsome man and Tia were taken into the vast Forgotten Temple, Tia couldn't help looking at the surprised surroundings.

Along the way, her whole person was shocked!

Never thought that the vampires of the Torrido family should have such a vast place, especially this Forgotten Temple, which is like an old castle.

What about the handsome man? She was calm, and was brought up step by step by the knights of the Torrido family.

"Elder, it's them!" Just listen to those knights who are facing the elder Alchide after bringing up the handsome man and Tia in front of them.

Elder Alchide raised his sharp gaze and glanced at the handsome man in the hall and Tia, and then gave a slight benevolence in his mouth.

The handsome man and Tia also saw Elder Archid of the Torrido family.

At the moment they saw it, their faces changed slightly.

Chapter 2124: Cooperation

"The hunter of the ancient Sun Pope?" The Archid in the hall of the Forgotten Temple suddenly asked, looking at the handsome man in front of him and Nadia.

"Yes!" the handsome man whispered.

"My name is Ron, this is my sister Tia!" The handsome man reported his life.

After hearing Ron's identity, Elder Alchid asked, "Tell me, why did you break into the territory of our Torrido family? Didn't your Pope's deacon tell you how we were? Is it a peace treaty thousands of years ago?"

After Elder Alchid asked this, then Ron said: "Elder, you have misunderstood!"

"This time, my sister Tia and I came to your site without authorization because we discovered that some humans were killed by vampires in the Black Rock Forest! And the Black Rock Forest is close to your Torrido family, so my sister and I wanted to investigate. Check things out clearly."

After Ron said this, Elder Alchid finally knew why these ancient hunters had come to the Torrido family's territory. They must have come here because of Mary's affairs in the Blackstone Forest.

Elder Alchid who thought about it for a while said: "No need to check!"

"Let me tell you, those human deaths have nothing to do with our Torrido family at all." Elder Alcid said directly.

After hearing Elder Alchid say this, Ron hesitated slightly, and then said: "Since the elders have said so, then it seems that we don't need to inquire too much!"

Elder Alchid smiled slightly.

"Of course you don't need to check it again!"

"By the way, you, Pope Sun, and the Justice League of our blood race are of the same kind... We all existed against the dark and evil forces. This time, you came to the territory of my Torrido family abruptly. Don't blame you, so let's take a rest in my Torrido family for a day. Tomorrow, you will leave soon..." Elder Archid said there.

When Ron heard Elder Alchid say this, he could only nod silently, and said; "Thank you Elder, then!"

"you are welcome!"

"Come on, arrange the guests!" Elder Alchid ordered there.

When Archid was about to ask the knights to arrange for Ron and Tia, when he saw Ron suddenly said, "Elder, wait..."

Elder Alcid sat down slowly at this moment, which had already stood up.

Looking back at Ron in surprise, he said, "What? Are you okay?"

But seeing that Ron said: "Yes, elder."

Elder Alchid heard him say this, and slowly sat back on the chair in front of him, and then asked, "Let's talk, what's the matter?"

"Elder, let's not hide it. This time my sister and I came from South Africa... In South Africa, we have witnessed other races of your blood slaying the same kind, and also hurting many innocent humans... As far as we know, Those who killed your kind are the terrifying Heiyao vampires who have disappeared for hundreds of years."

"Presumably, elder, you also know that the Heiyi tribe is the most despicable, ugliest, and most evil underground race among the blood tribes. They have disappeared for nearly a thousand years. Regarding the sudden birth this time, and the wanton killing of you are in the alliance Vampire members, I don't know what they want to do..."

"However, elder, I still want to remind you that your Torrido family is the most powerful clan in the Zhengyi Alliance. Now in South Africa and Africa, your Zhengyi Alliance has been completely

destroyed. Now... If my guess is right, the terrifying Heiyi tribe should attack you soon... So please be careful as well." Ron said these words in one breath.

After Ron said it, Archid was slightly surprised!

He was not surprised by the appearance of the Black Yap Clan, because Elder Alchid had already learned the news from Ka Suo, and he was surprised because the hunters in front of him told him the news.

After Alchid listened, he looked at Ron with a smile and said, "Thank you for telling me this!"

Ron said: "You're welcome... Our Pope the Sun is already on the same front with your Toledo family."

"Well, very good!" Elder Archid said.

Ron continued: "Elder, most of the members of our Pope Sun have come here from South Africa... and our old professor also feels the imminent crisis of the kinship, for hundreds of years The calmness seems to be finally broken... Elder, if you have anything to do with our Sun Sect, please tell us! After all, everyone exists to deal with those evil vampires." Ron said.

When Elder Alchid heard that the human sun sect was actually going to help their Toledo family, he was not only surprised, but he was still extremely surprised.

But seeing Elder Alchid laughed and said, "I am extremely relieved to have these words from you!"

"Let's do this, you first live in our Torrido family, and let me and family members think about it. If you really want your Pope Sun to help, then I will definitely trouble you..."

Ron said, "You're welcome!"

"Okay, then let's settle it!"

"Come here, arrange for our distinguished guests to take a good rest!" Elder Alchid ordered at last.

The knights here respectfully said to Ron and Tia, "Two, please..."

After Na Ron and Tia bid farewell to the elder Alchid in front of them, they saw Elder Alchid sitting comfortably in the hall of the Forgotten Temple.

At this moment, a knight next to him looked at Elder Archid curiously and said: "Elder, can we believe this human sun Pope?"

"They will really help us deal with Nagangaluo and the Heiyi people?"

But see Elder Alchid said: "Of course I can believe it!"

"The Pope Sun is an ancient pope that existed thousands of years ago. The Pope had been hunting vampires until more than three thousand years ago and he entered into a peace agreement with our Justice League. For so many years, Pope Sun has never I haven't dealt with the blood members of our Justice League. Based on this, I should believe them."

"Furthermore, our family is currently in extreme danger. It would undoubtedly be a good thing if there is the help of Pope Sun!" Elder Archid said.

Listening to Elder Alchid's words, the knights stopped talking.

Chapter 2125: Before the test

Besides, Ron and Tia at this moment were led by the two knights in front to quickly walk towards the house.

When I arrived outside, I saw that there were a lot of Torrido family vampires standing in the square outside. There were some stone shelves in the center of the square. Those stones built a huge platform. I didn't know what they were doing. use.

Ron, who glanced at it, felt a little curious. He looked at the knight of the Torrido family who was walking in front and asked, "Excuse me, what are your members doing here?"

The knight replied, "Oh, this is a ring for tomorrow's competition!"

"Competition, ring?" After hearing the knight in front of him say this, Ron was not only taken aback, obviously he didn't understand what it meant.

The knight didn't explain to him too much, but said, "You will know by the early hours of tomorrow morning."

When Ron saw the knight in front of him, it was inconvenient to talk too much, so he nodded and said, "Okay!"

Then he took Tia and walked quickly towards the room over there.

...

"The two people are humans!!!" The Toredo family vampires here asked not only in amazement when they saw Ron and Nadia.

Vampires have a strong sense of smell, they can smell the human breath, so when Ron and Tia walked by them, they felt it.

"Yes, it is indeed human!"

"Damn, how could humans invade our Torrido family?" The Torrido family vampires in front of them said in horror, with terrifying expressions on their faces.

"Don't get excited, our elders personally agreed to let these two humans stay." The vampire who listened only to some guidance around him explained.

what?

"How could the elders allow humans to enter our family? It's incredible!" The vampires doubted.

"What do you know? These two people are not ordinary people! They are the people of the ancient Sun Pope, they are hunters..."

Hunter! ! !

When they heard the hunter, the faces of the vampires in front of them suddenly changed!

After all, among the blood clan, everyone knows that the hunter is their mortal enemy! Hunters exist for hunting vampires all their lives, so for some ordinary vampires, they are quite afraid of these hunters!

"Why do hunters come to our Torrido?"

"I heard that these hunters are about to fight with us! Deal with the terrible Black Lac and the Gangelo family!" said the vampire of the Torrido family.

"Really? Will these human hunters have such a good benevolence?" Some members who didn't believe it questioned.

"Really, this is what our elder said personally. How can it be false?"

As the vampire in front of him said so, but seeing the skeptical members of the Torrido family, they were all there in a daze.

Although they were still extremely skeptical in their hearts, they believed in the words of their family elders, so no one dared to say more at this moment!

...

"Roger, do you know about the hunters of the Pope the Sun?" In the innermost part of the Forgotten Temple, Elder Archid was in a dark residence and asked Count Roger before him. Tao said.

Roger also just heard about the hunter. At this moment, he nodded slightly and replied: "Report to the elder, I know some."

"Well, it's good to know. What do you think of this matter?" Elder Alchid asked, looking at Count Roger.

But seeing Earl Roger frowning for a moment, then he said slightly: "Pope Sun has not been an enemy of the blood members of our Justice League for thousands of years, so I think if the elders really If you want to unite with the human beings of Pope Sun, I think it is possible!"

"Furthermore, it is currently at an extraordinary stage. The Heiyi tribe and the Gangaluo family have been eyeing our family. If at this time, we can get the help of the human hunter of the Pope of the Sun, of course it will be a good thing to send charcoal in the snow!" Roger The count agreed there.

When Count Roger said so, Elder Archid in front of him smiled slightly.

"Very good! What I want is your words!"

"Actually, I also think it is a good thing to unite with them humans!"

Roger nodded.

"Well, let's arrange it like this. Starting today, our Tored family and the hunters of the Pope of the Sun have begun to stand on the same front and jointly resist the attacks of the Ganggro family and the Black Lap Clan! "

Under the wise decision of Elder Archid, the Torrido family in front of him really joined forces with Na Ron and Pope Sun, whom Tia played for.

After Na Ron received the reply from Elder Alchid, he also knew the dangerous stage of the Torrido family at the same time.

After he learned the news, he immediately sent a message. His message was to inform more hunters, and then rushed to the Torrido family to fight against this disaster together.

...

Time passed by every minute.

The time of this day flies quickly!

The Torrido family has also become extraordinarily lively in the past few days, because they all know that in just a few days, not only members of the Bren family with supernatural powers have arrived, but now they are even humans. The ancient sect of Sun Sect is also in the Forgotten Temple.

All of this is because the Torrido family is currently in an extremely dangerous stage!

Because no one knows when the ugly members of the Heiyi clan hidden in the darkness and the Gangaluo clan with the strongest fighting power among the blood clan will appear to attack them.

However, today, what happened will attract everyone's attention!

Because there is a competition today!

This competition may not be a big deal to others, but for the Torrido family who is now in danger, this competition is very important!

Because this is related to the fate of the entire Torrido family, Regarding the survival of the blood clan members of the Alliance!

Savior!

Today I want to prove whether the "Li Tian" with the blood of the Gangelo family in his body is really the savior of the blood race.

If the savior really exists, then Li Tian will undoubtedly become the only savior of the entire blood clan!

But if the result is the opposite, if Li Tian is not a savior, then it is very likely that even a **** today will not be able to save Li Tian anymore! Li Tian must be executed alive by Elder Alchid!

Chapter 2126: Waiting to start

The choice is instant, isn't it? Is not it?

No one knows at present.

In the huge square directly in front of the Forgotten Temple, there were already many Torrido family vampires crowded.

They were yelling, talking, and clamoring there.

Surrounded by one after another blazing fire torches, the reflected light brightens the entire space. In the center of the square is an arena with a width of about 10 meters. All around the ring is climbing with iron nets. There is only an arc-shaped exit, once that exit is blocked, no one can get off the ring.

This ring is for Li Tian!

This ring is also about to witness Li Tian's strength and whether he is really the savior of the blood race.

Among the many vampires of the Torrido family, I saw Ron, who is a human, and Tia were also invited to watch this game!

Regarding this competition, Ron and Tia had a little understanding...They knew that today was the time to witness the identity of the savior of the blood race, but they didn't know who the witness was.

Tia's sweet face and her red hair are very eye-catching, and many men from the Torrido family have their eyes on Tia.

Tia pretended to be blind, and looked at Ron there and said, "Brother, who is the savior of the blood race?"

Then Ron smiled bitterly and shook his head, "I don't know this either."

"Huh, I think the members of the Torrido family are too stupid... They still believe the prophecy? If there is a prophecy, does this war need to be fought again?" Tia did not believe the so-called prophecy. , And the legendary things like the savior.

But when he saw Ron, he said, "Tia, don't say that!"

"Among the blood races, the Buren family is indeed the strangest family. They have special abilities that the world doesn't have... This is absolutely not to be said."

Tia said in front of him: "Brother, do you mean that this disaster of the blood race really depends on the savior to save it?"

"No one knows this. You can only know it until the end."

"Tia, we still don't want to express too much opinion. After all, here, only the two of us are humans... We can just look at it." Ron said to his sister who had never seen the world.

Nadia was also obedient, and after hearing Ron say this, he nodded slightly.

At this time, many members of the Torrido family were crowded around the square, and there were also those knights...

It's just that Elder Alchid hasn't arrived, Earl Roger, Mary and Li Tian haven't arrived.

After five minutes had passed, I finally saw Elder Alchid walking out of the Forgotten Temple with a group of members.

I saw Count Roger standing behind Archid, beside him were a glamorous fire girl, and the ice girl who was full of coldness, and the prophet blind Casso.

After they came out, the members of the Torrido family in the audience began to cheer.

Elder Alchid led the crowd slowly to the middle seat in the center of the square, then sat down slightly, stretched out a hand and waved slightly at the shouting members of Toledo, those Tory The members of many families suddenly became quiet one by one.

Then Elder Alchid sat down slowly.

The Fire Girl, Ice Girl and Na Ka Suo also sat down slowly.

"Brother, are the women around the elder the vampire members of the Buren family?" Tia asked curiously.

Especially when I saw the extraordinary beauty and temperament of Ice Girl and Fire Girl, I couldn't help being shocked.

Then Ron said: "Yes."

"Are those two female vampires capable of abilities?" Tia continued to ask.

Ron said; "It should be."

"Oh!" Tia finally replied and did not ask any more, but her beautiful eyes were staring at the fire girl and the ice girl from start to finish.

After the fire girl and the ice girl sat down, they saw the fire girl with a beautiful smile and said, "We will start the competition later!"

"I hope that handsome guy will not let me down...hehe." The fire girl in front of her said with a smile.

Caso next to him joked: "Huo Nu, didn't you say that that guy is an ugly guy? How come he became a handsome guy in a blink of an eye?"

The fire girl turned white and the blind Caso said with a glance: "Who said he is ugly...he is not ugly! I didn't see it clearly before."

Caso laughed, and said nothing more.

Only the ice girl had been sitting there quietly like Hanshuang, and didn't speak much from beginning to end.

Her surroundings were dignified, and the knights of the Torrido family standing next to her felt a suffocating icy feeling forcing them.

What about here? After seeing that all the family members have basically come together, Elder Alchid said to Roger beside him: "Roger, what about that guy? Why haven't he arrived yet?"

Just listen to Roger next to him: "Mary is leading him! I believe he will come soon!"

"Oh, okay!" Elder Alchid knew that the beast listened to Mary, and he didn't say anything when Roger said it.

"Elder, that guy is still in the initial stage of support, I hope the elder..." Roger wanted to ask for some words for Li Tian.

But I have not finished speaking, but I saw Elder Alchid said: "Roger, you also know that this competition is related to the fate of our entire Torrido family, so you must not take it lightly. This time, I have to Send the strongest knight in our family to fight him...If this is not the case, how can we know that he is the savior of our blood family?"

After Elder Alchid said this, Lord Roger was speechless at the moment.

I just listened to Elder Alchid continuing to say there: "Although I also know that this guy is still in the initial embrace stage and his consciousness has not recovered at all, I believe that if he is really the savior of our family, He must be able to survive this competition!"

After hearing Elder Alchid say this again, Roger nodded silently and said: "Everything depends on the elder."

Elder Alchide smiled, and said nothing.

At this moment, the only thing the audience is waiting for is the arrival of Li Tian and Mary!

What about Li Tian and Mary? What are they doing?

"Li, I can't be by your side today, you must take care of yourself!"

"Who wants to hurt you, you must fight back...understand?" In the room, but seeing that Mary looked at Li Tiandao who was looking at dementia with a worried face.

Chapter 2127: Hercules Patch

Li Tian still didn't have any consciousness, and his eyes were filled with a dull light.

"Li, you must defeat all the challengers today! Otherwise, you will be executed by the elders... Li, do you understand?" Although Mary spoke to Li Tian painfully, Li Tian ignored the news. .

Finally, Mary who talked about the meeting was finally helpless.

The square outside is waiting for her and that Li Tian, if she doesn't come out, things will happen!

So the last Mary can only take Li Tian out of the room slowly.

Her heart was full of worry. From the moment she walked out, she held Li Tian's cold hand tightly. She was afraid that if Li Tian was not the savior of the blood race, then all that was waiting was the fate of death.

Where is the square? The many members of the Torrido family around there were already waiting impatiently.

Some members even booed in it, "Is that beast scared? Dare to come out?"

"That's right, can he save our kinship? It's a joke!"

"Let him come out... come out..."

The members of the Torrido family shouted around.

The Elder Alcid, who was sitting at the forefront, and the Fire Girl Ice Girl of the Buren Family not only frowned slightly when they heard the unpleasant roar of these guys!

But just at this moment, a sound suddenly came out from the westernmost place.

"Come out, that beast is out!"

Following the sound, the surrounding members of the Torrido family vampires turned their heads.

Even the human Ron and Tia on this side turned their heads quickly and looked over there.

Among the many eyes, she saw Mary holding Li Tian's hand and walking step by step from there towards the square.

What about Li Tian?

At this moment, when seeing so many eyes looking at him, a horrible scream burst out in his throat. At the same time, his face became ***** and ugly, staring at the whole support with his staring eyes. The vampire of the Rido family.

As if he was angered.

When Mary felt Li Tian was angry, she hurriedly whispered to Li Tian and said, "Li, calm down, calm down..."

Li Tian heard Mary's words and roared in his mouth, and then continued to follow Mary step by step towards this side.

"Is this the blood savior in the prophecy?" Tia couldn't help but curiously asked the moment he saw Li Tian.

Ron frowned slightly and then nodded.

"Something's wrong! Something's wrong!" Suddenly Ron stared at Li Tiandao who was walking over.

Nadia did not understand the meaning of her brother's words, and couldn't help asking: "What's the matter, brother? What's wrong?"

But he saw Ron staring his eyes and saying, "The breath of that guy!"

"Brother, what happened to his breath?" Tia continued to ask.

"He is not a vampire of the Torrido family! He is a cruel member of the Gangelo family!" Ron said in front of him. It turned out that Ron had noticed that Li Tian's aura was different.

"Huh? A member of the Gangelo family?"

"Brother, isn't it possible? Didn't you tell me that the vampires of the Gangaluo family are mortal enemies with the Torrido family? How could the members of the Gangaluo family be the saviors of the blood race? Isn't this a complete contradiction?" Tia asked wisely.

Ron in front of him couldn't figure out the situation, because he didn't understand what was going on either.

I saw that he was just frowning deeply there and said: "I don't know this too!"

"But I am absolutely certain that the blood shed on that guy is definitely the blood of the beast of the Gangelo family!"

In the conversation between Ron and Tia, Mary had arrived at the square with Li Tian.

"Elder!" Mary handed Li Tian slowly to reach Elder Alcid, and then bowed.

What about Li Tian? He raised his bloodthirsty and cold eyes and looked at Elder Alcid in front of him, as well as the Buren family members sitting beside him.

Elder Alchide glanced at Li Tian, who was cruel, and said to Mary, "Mary, is everything ready?"

Mary nodded silently and said, "Ready!"

Elder Alchide said: "Now that you are ready, take him into the ring."

After Elder Alchid uttered the words, Mary looked at Li Tian distressedly, and then said at the end: "Yes!"

Finally, helpless Mary could only hold Li Tian to walk towards the ring step by step.

The unconscious Li Tian was dragged by Mary like that, and walked towards the ring step by step. After reaching the iron net gate of the ring, Mary looked at Li Tian worriedly: "Li, you must take care of yourself! "

"You, you, go in!" Mary slowly let go of Li Tian's hand.

The unconscious Li Tian was slightly startled when he saw Mary let go of his hand, and then stepped into the iron net gate step by step. The moment she walked in, Mary slowly Closed the iron net door in front of you!

After closing, Li Tian was stunned for a moment, and then lay his hands on the iron nets and looked at Mary suspiciously, while screaming in his mouth... as if he was wondering why Mary didn't come in with him. of!

Where's Mary?

Seeing Li Tian couldn't bear to leave by himself, my distress was about to break!

Her beautiful eyes are ruddy! It was a pity that there was no way. In the end, she could only ruthlessly ignore that Li Tian and walked straight towards Roger.

After Li Tian was sent to the ring all at once, the vampires of the Torrido family screamed and shouted.

Hearing these voices, Li Tian's temperament suddenly became cruel, his roaring voice became strong, and his eyes were bloodthirsty and brutal staring at the members of the Torrido family around him... as if very angry.

Here, Archid, the Bren family's ice girl and the fire girl are all looking at Li Tian.

Ron and Tia were also there to observe Li Tian.

"Savior?"

"He is the so-called savior?"

"Today, we have to see if he is the savior of our blood family? If he is not, he will be beaten to death in the ring!"

...

The frantic shouts of those members of the Torrido family sounded around.

I saw that Archid looked at the scene of the audience, smiled slightly, and said in his mouth": "The time is almost there, it can start! "

After he said it, Count Roger raised his voice to the members of the Torrido family and said, "Everyone, be quiet, the game is about to begin!"

"Today is the moment for our Torrido family to witness miracles, and it is also a moment to witness the destiny of our family. I hope that the true savior can be born in our family! Hope that he on the stage can become the only savior of our family!"

As the words of Count Roger fell, the audience burst into applause.

"Below is the first challenger of our family!"

"Hercules, Patch!

Chapter 2128: inhuman

As Count Roger's voice fell, a giant man appeared in the eyes of everyone on the right side!

He is more than two meters tall, his dark skin looks savage and rude like a savage, his arms are worthy of a thick tree, a pair of fists can smash hard rocks, and his muscles are covered. Rise like a rock.

The head is like a brown bear, and the cruel gaze of a vampire flashes in those brown eyes. At this moment, he stepped out of the crowd step by step, extremely brave!

He is the very famous Hercules in the Torrido family: Pachi!

Patch, is definitely the number one macho in the Torrido family!

His ability to withstand and suppress is absolutely terrifying!

In the kinship war hundreds of years ago, this Hercules Paqi made great contributions to the Torrido family!

And now the first hunk sent by Elder Alchid is such a terrifying pervert!

It seems that today's Elder Alchid is really going to be real!

However, the members of the Torrido family under the stage couldn't help cheering when they saw the Hercules Pachi came out. They cheered and cheered for Hercules... They all wanted to see a terrible scene of massacre.

And the slaughter must be that Li Tian.

"Brother, that challenger is really strong..." Even Tia couldn't help feeling shocked by the mighty body of the Hercules.

And where is Ron here? The moment he saw Hercules Pachi, he couldn't help but frowned slightly.

But what about Mary?

Mary never thought that Elder Alchid would arrange for Pachi to join the battle!

This Pachi is famous in the family for his cruel temperament... Coupled with his overbearing power, after Mary watched it, she was not only worried about Li Tian.

But worries belong to worries, and the test will finally begin.

The moment when the Hercules Paqi came out, he yelled up to the sky, and his rough voice resounded through the audience.

Then the whole giant stepped on the ground and walked towards the top of the ring step by step.

His brutal brown eyes stared at Li Tian in front of him, as if to tear Li Tian to pieces.

And what about Li Tian on the ring?

At this moment, of course, I also saw the Hercules Paqi behind, and then Li Tian slowly turned around and faced the Hercules Paqi!

The iron nets were locked.

On the huge arena, only the Hercules Pucci and Li Tian were standing on the stage, and they looked at each other.

That Hercules, Paqi, has a rough image like a brown bear, but what about Li Tian? In front of the Hercules Paqi, he has become a weak lamb! As if waiting to be slaughtered.

"Are you the beast of the Gangaluo family?" Suddenly, the Hercules on the stage, Paqi, said rudely. As he said, he raised his cruel gaze and stared at Li Tian in front of him.

What about Li Tian? I don't know what he is talking about, but the Hercules Paqi who is waiting in front of him is angered!

His throat erupted with hiss.

"It's you beast that wants to be the savior of our blood family?"

"I'm going to tear your body with my own hands today... I want to see how capable you are as a beast!" Hercules Pachi roared there.

Those members of the Torrido family in the audience have already begun to want to watch a tragic slaughter game.

They were screaming and drinking.

"Hercules, kill that beast!"

"Pachi, throw that beast off the ring..."

"Kill him, kill the beast of the Gangelo family."

The turbulent sound came from all directions, and the battle began!

The Hercules, Paqi, suddenly leaped forward amidst the shouts of the crowd, and the mountain-like body rushed directly towards Li Tian.

At the same time, I saw that the strong hands of the Hercules Paqi were like iron claws and grabbed Li Tian.

The speed is amazing, and the speed is incredible!

Who could have imagined that such a large-sized Hercules, Paqi, could have such a speed that was faster than unparalleled.

Frighten the audience!

I saw that everyone's eyes were on the Pachi of the Hercules, and they all looked at his majestic figure.

Only Mary looked at the unconscious Li Tian extremely worried.

But what about Li Tian? When I saw Hercules rushing, I didn't know how to avoid it. In addition, the speed of the Hercules Paqi was too fast. No, the unconscious Li Tian also rushed at the Hercules Paqi. past!

court death!

The moment Li Tian rushed past, both arms were suddenly grasped by Hercules Pachi.

The moment the thick arms grabbed Li Tian's arms, it seemed to crush Li Tian's arms...

After Li Tian was caught, he screamed, but it was too late.

Immediately afterwards, when the Hercules Pachi yelled, suddenly the whole person lifted Li Tian to alive majestically. At the moment when he lifted Li Tian, the audience burst into enthusiastic cheers.

And what about Roger and Mary? When he saw that Li Tian was not able to withstand a blow, he was not only stunned.

"Fall him to death..."

"kill him....."

"Pachi, kill that beast..."

Among the shouts of the Toledo family in the audience, the Hercules Pucci screamed and threw Li Tian on the cold stone ground with both arms abruptly!

what

A terrible cry of pain came out of Li Tian's mouth.

The body he was thrown down directly cracked the hard rock ground to pieces.

He fell there, trembling in pain, screaming in his mouth.

"Hey, why is this guy so stupid? Can't dodge at all?"

"How could I be beaten like this?" The fire girl in front of her was full of confidence and wanted to see the stunning battle of Prince Charming in her heart, but when she saw Li Tian suddenly beaten like this in the first round, She couldn't help muttering inwardly.

What about the ice girl who has been frosty beside her? When he saw that Li Tian couldn't withstand a single blow and didn't know how to fight, he couldn't help but frowned slightly.

Just when the fire girl was speaking, she saw that the Hercules Pachi had launched a second round of offensive!

He lifted the thick right foot and stomped Li Tian's chest, which was lying on the ground in pain.

Wow...

Li Tian's chest was stepped on and almost sank into the cracked stone!

This kick is so powerful that it almost smashes Li Tian's chest!

When Mary saw that Li Tian she loved was tortured in such a cruel way, her heartache almost collapsed, and she looked at the ring with tears.

Chapter 2129: Abuse

Ron and Tia could not help looking at the scene in surprise.

They thought it would be a close match, but they didn't expect that this scene would be a brutal massacre!

Because everyone can see that Li Tian hardly has any consciousness! Just like an angry beast!

I saw that after the Hercules Pachi stepped on Li Tian's body, Li Tian desperately grabbed the Hercules' ankle with both hands... He stared at the **** eyes and screamed in his mouth .

The Hercules Pachi saw his feet being caught by Li Tian, and suddenly flew the other foot and kicked directly on Li Tian's body.

Li Tian's body was kicked into the air, hit the iron net with a bang, then bounced back and fell heavily to the ground.

The members of the Torrido family in the audience continued to scream at such a scene.

Elder Alchid in the middle had already shown a depressed look on his face.

After listening to Elder Alchid taking a look at the situation on the ring, he not only said discouragely: "It seems that this guy is not the savior of the blood race!"

The blind Casso of the Burren family heard Elder Alchid say so, smiled slightly, said nothing, and continued to remain silent.

What about here? Huo Nu not only frowned Liu Brow to observe the abused Li Tian.

"Hey, too weak, too weak...he doesn't know anything at all!" Huo Nuo said while looking at the beaten Li Tian.

Where is the ice girl next to? At this moment, I no longer watch the competition on the ring! Because she felt that she didn't need to see it anymore.

In the ring, there really is no need to go to see anything!

Because that Li Tian was being abused at all, but the Hercules Pachi seemed to be performing there, tormenting Li Tian constantly.

Li Tian had no power to fight back at all!

In addition to pounced, he would only pounce, but every time Li Tian pounced like a beast, he was evaded by Hercules. In turn, Hercules beat Li Tian violently.

Li Tian's body had been beaten, and his body was incomplete... his body was lying on the ground trembling.

Looking at such boring abuse, Elder Alchid had completely lost interest, and saw him say to the blind man next to him: "Mr. Casso, do I need to look further down in this situation?"

"It seems that Mr. Caso's Time Pupil's prediction is wrong this time..."

After being said so by Elder Alcid, Naka Suo remained silent and sat there without saying anything.

After Elder Alchid finished speaking, he suddenly stood up from his seat and said, "I don't want to watch anymore... Keep watching!"

Elder Alchid, who has finished speaking, is ready to leave here!

Obviously he felt very disappointed with the prediction of Ka Suo using the Eye of Time.

After Alcid left, the Fire Girl and the Ice Girl of the Bren family in front of them couldn't help but frown slightly, and then both beauties not only focused on the blind Caso.

"Caso..." But seeing the fire girl whispered the blind Caso!

The silent Caso suddenly finally said a word at this moment!

"Elder Alchide, my prediction is absolutely not wrong... If you can, please sit down and watch for a few minutes... If my Caso is really wrong, then please punish me arbitrarily!"

When Ka Suo finally uttered a word, the Elder Alchid who had stood up and was about to leave was not only slightly startled.

"Mr. Caso? Do you still insist on your prediction?" Elder Alcid asked.

But seeing the blind man Caso silently nodded, his mouth said: "Yes!"

Elder Alchide saw that Caso was so stubborn, and suddenly reluctantly smiled and said: "Well, since you are so stubborn, then I will see today, how capable you call the savior of our blood race! "

After saying this, Elder Alchid suddenly sat back in the chair just now.

After he sat down, he saw Elder Alchide suddenly shouting to the Hercules Paige on the ring:

"Paige, now I want you to deal with the beast of the Gangelo family within 5 minutes... Until it is killed!"

The cold voice came out of Elder Alcid's mouth.

When he suddenly said this sentence, the audience was shocked!

What about Hercules Paige? After hearing Elder Alchid's order, a ***** killing intent burst into his eyes. It seems that he can no longer "perform" like this. He wants to tear this beast into pieces as soon as possible and kill it on the ring. .

But said yes here? After hearing Elder Alchid's order, not only were all the members of the Brun family in front of them shocked, Mary and Roger were even more shocked.

Especially Mary...

"Kill Li Tian?"

"They want to kill Li Tian?"

Mary suddenly felt like she was going crazy.

Suddenly ran to Elder Alchid, and knelt down with both legs: "Elder, please, let Li make a living...I beg you!"

But seeing Elder Alchid looking at Mary who was interceding in front of him, he coldly snorted, "Today, it's useless for anyone to intercede!"

"Get out!"

A cold anger roared from Elder Alcid's mouth.

Count Roger hurriedly pulled Mary who was kneeling on the ground back quickly, because he was afraid that Mary would cause trouble again.

What about Mary? My heart is broken at the moment! The whole person sat limply on the ground, looking at Li Tian who was about to die on the ring.

And here?

The fire girl was also shocked by the words of Alchide just now. At this moment, she not only hit the blind man next to Caso with her arm, and whispered: "Caso, what the **** are you doing?"

"If you talk like this, you will kill the guy on the ring?" Huo Nu was also worried for Li Tian.

But what about Caso? Indeed, his complexion has not changed at all, just sitting there straight.

He held the heavy sunglasses on the bridge of his nose slightly with his hand, and suddenly raised his head there, looking at the distant sky with strange eyes, and suddenly said: "Don't worry... he is about to wake up... .."

"He, after all, will be the only savior of our blood!"

The strange words came out of Na Ka Suo's mouth.

After he finished speaking, there was another enthusiastic cry on the court. It turned out that when Li Tian threw over again, he was thrown back heavily by the Hercules Pachi.

Looking at Li Tian being abused in this way, any vampire might have been unable to support it, but what about Li Tian?

But still trembling his body slowly climbed up.

Chapter 2130: Awakening

He roared in his throat, and black blood came out from the corners of his eyes... Above that pale face, blood vessels were lying there, with pointed fangs stretched out, staring at the person in front of him. Hercules Patch. .

But what about Pachi? I didn't expect that Li Tian could stand up again after being beaten like this by himself. He was angry right now!

The brown eyes suddenly turned into weird and terrifying gazes, and the face was completely distorted for a moment, turning into the face of a vampire. The long and terrible fangs stretched out from the mouth, and the grasping of both hands became like Monster claws.

Suddenly whistling and rushing towards that Li Tian fatally.

And what about the unconscious Li Tian?

At this moment, there was a roar, and suddenly the whole person rushed towards the Hercules Pachi in silly anger.

With a bang, I saw a terrifying giant claw of the Hercules Paqi suddenly grabbed Li Tian's chest, and with a hiss, a piece of flesh on Li Tian's chest was directly torn off by the Hercules Paqi!

Ah screamed out of Li Tian's mouth.

Then he saw that the Hercules Paqi directly hugged Li Tianji with his whole body, and then severely slammed his body to the rocky ground.

With a bang, Li Tian's body directly hit the hard rock.

Battered!

Black blood flowed out of Li Tian's head... His body fell there stupefied.

died?

Not moving?

The audience was completely dead at this moment...

"Lee!"

In the audience, only the poor Mary called Li Tian's name miserably!

What about the remaining vampires of the Torrido family? They also saw Li Tian's "death" situation!

Li Tian is dead! Was it finally **** by the Hercules Pachi?

In the silent audience, only the Hercules, Paqi, roared there, and he cheered for his victory.

And here? Roger was stunned. The Fire Girl and the Ice Girl of the Burren family were also stunned. Even Ron and Tia over there were speechless...

They all saw Li Tian's death! I saw the situation of being "beaten to death" in the ring.

But is Li Tian really dead?

In the entire square of the Torrido family, perhaps only the face of Caso, who has the pupil of time, has not changed from beginning to end.

What about Elder Archid? At the moment when he saw Li Tian's "death", he couldn't help but sneer in his mouth: "Mr. Caso, can I go now? Do I need to keep watching?" Elder Alchide said in his voice. With a sense of sarcasm.

After speaking, Elder Alchid stood up suddenly, ready to leave.

And what about Caso? However, he slightly took off the heavy sunglasses on the bridge of his nose.

His weird double pupils were finally exposed under the eyes of everyone, but he saw that his double pupils were black, even the pupils were black, but there were circles on the weird pupils. Weird pattern.

The pupil of time!

These eyes are the legendary pupils of time.

The moment Caso took off his glasses, he slowly raised the pupils of time, and then looked at the dark sky... He murmured suddenly: "It's started... He finally awakened! "

At the moment when his strange words came out, there was a thunder in the sky suddenly dark!

Click!

The terrible lightning, bright as daylight, suddenly shot out from the sky.

Thunder and earth move, black clouds swarm!

Above the dark sky, there was an ear-splitting thunder that sounded like a terrifying demon, accompanied by layers of dark clouds suddenly surging toward the top of the Forgotten Temple.

The thunder that resounded through the world, the horrible and surprising lightning, all filled the audience of the Forgotten Temple.

This scene is weird!

Everyone was stunned, looking at this terrible change in the sky, no one knew what happened to the dark sky!

At this moment, even the elder Alchide who was about to leave, not only frowned, but looked strangely at the black clouds above the sky.

"The sky has changed!"

"what happened?"

"What the **** is going on with this strange celestial phenomenon?" The vampires of the Torrido family screamed in surprise.

At this moment, there was another thunder that resounded through the world and struck Li Tian, who was lying "dead" on the ground in the middle of the ring.

Click!

The thunder flashed by, and the lightning was dazzling.

And what about Li Tian who was originally dead? But at this moment, the body suddenly moved.

Live, he lives!

"Oh my God, look, that beast is resurrected?" The Toledo family didn't know the vampire exclaimed at this moment.

Accompanied by this exclamation, everyone looked up and saw that Li Tian, who had been "dead" just now, had indeed been completely resurrected.

His body stood up in the thunder and lightning.

There was blood bleeding on his face, and blood came out of his eyes and mouth. The blood was black blood.

The terrifying body stood up and stood on the ring.

At this moment, he looked like a devil who had died and resurrected!

At this moment, his body looked so terrifying, with a figure of endless destruction.

"Elder Alchid, that beast actually stood up again!" The knight standing next to Elder Alchid who was about to leave suddenly said to him.

Elder Alcid himself? He was also completely astonished, frowning, looking at the back of Li Tian who stood up on the court...At this moment, his heart was slammed.

"Could it be...Could it be... he is really the savior of our blood?" When he murmured these words in his mouth, his footsteps could not help but walked back again, back to him Seat.

And what about the fire girl over there? But the beautiful eyes blinked with excitement and stared at Li Tian like an idiot.

"That guy is alive again?"

"Caso, he is alive again... Isn't he really guessed by your prediction? Is he really the savior of our blood?" Huo Nu said, her beautiful eyes filled with love. Looking at Li Tian in that field.

Where's Mary and Roger over here? The moment he saw Li Tian come back from death, he was shocked.

There was a glimmer of hope in Mary's desperate eyes, and Li Tian, who was looking up and standing up there, called out: "Li..."

But Li Tian couldn't hear it.

All Li Tian could hear at this moment was endless thunder, and what he saw in his eyes was terrible lightning.

He stood there, thunderous.

But what about the Hercules Pachi? He never thought that Li Tian could stand up alive under his own devastating blow, he was extremely shocked, and at the same time it made him angry!
