

A Killer 2231

Chapter 2231: Thrilling moment

Roar.

A roar came out from the mouths of the 67 vampires of the Heiyi tribe.

I saw that the 67 vampires of the Heiyi tribe couldn't help but suddenly retreat after seeing their brothers coming in.

Obviously, they are a little scared, after all, there are more people on the Cthulhu side.

At first sight, the 67 vampires of the Heiyi tribe retreated suddenly, and the **** hurriedly said: "Don't let these monsters run, stop them."

Accompanied by this guy's utterance, he was the first to rush towards the vampire of the Black Yap clan.

The silver head in its hand drew a perfect arc, and pierced fiercely towards one of the Black Vampires.

The ugly vampire of the Heiyi tribe saw the gringe stabbed, and his body suddenly jumped forward, quickly avoiding the gringle's knife.

Then one of the huge vampires of the Heiyi tribe, roared sharply, and suddenly rushed towards the foreign guy.

The foreign guy is not weak, he saw the vampire of the Heiyi clan rushing towards him, his body suddenly turned, and then the silver head in his right hand suddenly pierced out from a strange angle.

Ow...

A stern scream came out of the vampire of the Heiyi tribe, and she took a closer look, but saw that the silver head in the hand of the **** had been slammed into the chest of the vampire of the Heiyi tribe.

After the vampire of the Heiyi tribe was stabbed in the chest by the silver head, he screamed, and then his body suddenly began to twist and convulse, and then "suddenly", the whole body suddenly turned to ashes.

After the brothers saw that the foreign guy pierced the body of the black vampire with his head, the black vampire suddenly turned to ashes, and they were all stunned.

Of course they wouldn't know that the foreign guy who claimed to be a blood hunter had the head in his hand made of silver.

This silver was specially designed to deal with vampires, so after the silver head was used to pierce the body of the Black Yap tribe vampire, it would naturally turn into ashes.

It was said that after the gringy had solved a vampire of the Black Vampire, the other ugly Vampires of the Black Vampire suddenly all rushed towards the Gingle.

The foreigner was taken aback now, and he quickly backed away.

A few vampires of the Heiyi tribe didn't pounce, but they pounced again.

And just at this moment, the evil **** broke out.

The body is like a dragon, and the whole figure suddenly flashes in the center of the field.

Invisible and innocent, the exercise is natural.

All the violent vigor filled the body of the evil god, with a bang, and the fierce vigor erupted from his whole body, suddenly shook towards the Heiyi clan vampires who pounced on the foreign guy.

Bang bang bang...

There were a few screams, but he saw that the Heiyi clan vampires who had pounced on the foreigners were all shocked by the internal force of the Cthulhu Wushuang and hit the surrounding walls.

The few vampires knocked down on the cold wall, and then got up from the ground in a swish, then raised the bloodthirsty and red eyes to look at the evil **** in front of them.

From their blood red eyes, it can be seen that the vampires of the Heiyi tribe are completely "cowardly".

They seemed to have never seen such a character before, and they were all roaring at the moment, and no vampire dared to go up again.

However, he said that with the Cthulhu's action, the foreigner in front of him was also blankly stunned, looking at the Cthulhu with his horrified eyes.

"so amazing."

"You are really amazing..." The murmured words of shock came out of the foreign guy's mouth, and he was also shocked by the unparalleled techniques of the evil god.

However, at this moment, the vampires of the Heiyi clan had already shown a timid look, and they suddenly began to retreat, jumping towards the dark corner.

When the evil **** saw that these vampires wanted to run, he roared and his body suddenly flew up.

Then the right hand accumulated endless palm power, facing the head of one of the Heiyi vampires who was about to flee, and hit it immediately.

With a bang, the terrifying palm force slammed the black vibe vampire's head.

Then the vampire of the Heiyi tribe didn't even react, and the head instantly shattered...black blood splattered from the inside of the skull, splashed on the white wall all of a sudden, and then fell on the body with a plop. On the ground, the headless body convulsed a few times and then died.

Once the head of a vampire is crushed, it will undoubtedly die. Even without silver, or holy water, sunlight, it can still kill the vampire.

So the evil **** in front of him shot and killed one of the vampires of the Heiyi tribe.

After the Cthulhu shot and killed one of the Black Vampires with the palm of the hand, the Gringo also shot, and he suddenly rushed to the Black Vampire on the left.

The vampire of the Heiyi tribe was about to flee. Hearing the ***** from behind pounced toward him, there was a scream, and he rushed back against the gringo.

The gringy dodged, dodged a blow, and stabbed out the silver head in his hand.

The vampire of the Heiyi tribe dodged, after hiding, but seeing the gringo, suddenly a silver arrow bow and arrow suddenly appeared in his left hand.

Then an arrow pierced fiercely towards the body of the Heiyi tribe vampire.

He snorted, but saw that the silver arrow in the hands of the gringe suddenly nailed the Black Vampire to the wall.

With a scream, the vampire of the Heiyi tribe twisted his face, and his body was also reduced to ashes.

And at this time, what about the evil god? He had already killed two vampires of the Heiyi tribe with his bare hands.

Their heads were all crushed by the Cthulhu with the extremely violent palm...the skulls were completely rotten, and the black blood stains that flowed out echoed the entire room with a rotten smell.

But it said that after the five Vampires of the Heiyi tribe died in an instant, only the one on the far right was left.

When the vampire of the Heiyi clan saw that all his companions were dead, he suddenly roared and fled to the left side of the wall...

It moved surprisingly fast and climbed to the roof in an instant.

Just when it wanted to flee towards here, Tang Xiaolong roared: "Damn thing, still want to run?"

Accompanied by this guy's voice, he suddenly grasped the Heiyi clan vampire on the top of the wall like a bear hug.

What about the vampires of the Black Yap? It was also quite brutal. Seeing Tang Xiaolong grabbing it towards him, the hideous face suddenly bit Tang Xiaolong's head with its mouth full of fangs.

"Little dragon, be careful." The ghost servant on one side let out an exclamation.

That Chen Qiaozhi and Xue Wuhen were so far away from Tang Xiaolong that they were also shocked at the moment, who was generally looking at the danger Tang Xiaolong.

Chapter 2232: The fall of the Pope of the Sun

But what about Tang Xiaolong?

Suddenly saw the vampire pounce on his head, and immediately roared, the whole person suddenly embraced the ugly body of the Heiyi tribe vampire.

"Little Dragon!" the ghost servant flying behind him exclaimed.

But it was too late at this moment, because Tang Xiaolong had already embraced the vampire of the Heiyi clan completely, and no one knew what their condition was.

At this moment, even Cthulhu was not only stunned when he saw this situation.

I saw Tang Xiaolong hugged the body of the vampire of the Heiyi tribe, and roared: "Bad son, go to hell."

Then I saw that Tang Xiaolong grabbed the Heiyi tribe's vampire and slammed into the door at the same time.

With a bang, the wooden door was smashed by Tang Xiaolong and the body of the Heiyi tribe's vampire, and then Tang Xiaolong and the Heiyi tribe's vampire all fell out of the room and fell into the empty outside. On the ground.

Just after Tang Xiaolong and all the vampires of the Heiyi tribe fell outside the room, the evil gods in the room, as well as the brothers like Chen Qiaozhi, have all been taken out...

And what about the gringy who calls himself a blood hunt? Has also ran out quickly.

But he said that after Tang Xiaolong and the vampire of the Heiyi tribe all fell outside, something strange happened suddenly.

But seeing the Heiyi clan vampire that Tang Xiaolong was holding tightly in his hands suddenly screamed madly, and then its dark and ugly body suddenly seemed to be steaming, and began to smoke.

sunlight! It turned out that the sun's rays outside suddenly shone on the body of the Heiyi tribe vampire

Tang Xiaolong saw that the body of the vampire he was hugging was hot and began to take risks. He was taken aback at the moment and quickly let go, then his body rolled on the spot and rolled to the side.

The moment he rolled over, suddenly a stern cry came out of the vampire of the Heiyi tribe.

Then I saw its body suddenly started to burn, and then with a bang, the whole body turned into a mass of ashes.

died.

The vampire of the Heiyi tribe finally turned into ashes in the hot sun and died tragically there.

Seeing that the vampire of the Heiyi tribe was dead, the ghost servants here hurriedly reached the side of Tang Xiaolong who got up from the ground, and asked with concern: "Xiaolong, how are you? Have you been given by that ***** vampire? Bite?"

But seeing Tang Xiaolong smiled and said, "No...no."

As soon as the ghost servant heard Tang Xiaolong say this, he slowly breathed a sigh of relief: "If you don't have it, it scares me to death."

I saw Tang Xiaolong? Looking blankly at the Heiyi clan vampire that suddenly turned to ashes, he asked in confusion, "What happened to this ***** ugly vampire? Why did it suddenly turn into a mass of ashes?"

"Because of the sunshine." The gringy who claimed to be a blood hunter suddenly smiled there.

Then I saw him pointing at the sun in the sky to Tang Xiaolong and said, "Thanks to today's sun, otherwise, you were in a big trouble just now."

"You know, once you get bitten by a vampire, you can't save it anymore."

When Tang Xiaolong heard that, although he was indifferent on the face, he was surprisingly scared in his heart, and his heart was filled with that: Good deed, thanks to the vampire that he hugged at the time, and knocked down the outside of the room at the same time. The trouble is big.

Finally, all the black yams vampires that had fallen behind were all wiped out by the Cthulhu and his brothers.

Looking at the rotten body of the Heiyi clan vampire in the room, as well as the strange black blood stains, the brothers not only frowned.

Now they finally believed the gringy's words, and finally admitted that he was a blood hunt.

"Hey, Gingo, are you really a blood hunter? A person who specializes in killing vampires?" At this moment, Tang Xiaolong no longer doubted the Gingo, and asked him there.

The foreigner was so proud, he smiled and said: "Of course, I said earlier, I didn't lie to you, you still don't believe me..."

"I believe, I believe, I believe now." Tang Xiaolong said with a smile.

"Gringo, I ask you, how many people do you have in this industry? Or are you alone?" Tang Xiaolong continued to ask.

The **** said, "How come I am the only one? There are so many pope..."

At this point, the gringy's expression suddenly showed a strong sadness, and then he lowered his head and fell silent.

Tang Xiaolong saw that this guy's expression was not right, and he asked quickly: "Hey, gringo, what's wrong with you? Why didn't you speak anymore?"

Chen Qiaozhi and Xue Wuhen on one side also turned their heads, looking at the strangely changing foreign guy, they all looked at him in surprise.

After being silent for a long time, the foreigner suddenly reddened his eyes and whispered in a low voice: "Our Pope... have been killed..."

Suddenly a word came out of the gringo's mouth.

The moment he said these words, all the brothers were shocked, and even the evil **** not only turned his head and looked at the gringo.

"what?"

"You... you... the Pope's people have been killed?" Tang Xiaolong asked in surprise with his eyes widened.

But seeing the foreigner turned his head, his expression was sad, tears in his eyes gleamed and said, "Yes."

"Our Sun Sect originally had a history of thousands of years... but we did not expect that we suffered the greatest catastrophe in thousands of years..."

"It's all because of the **** Gangelo family! It was them, they were brutal vampires who attacked our rudder and killed our professor... There are many blood hunts by our pope!"

After the foreign guy in front of him said so for a moment, the evil ***** and his brothers were all shocked there.

No one thought that the ancient organization called Pope Sun would be completely slaughtered by vampires.

"Oh my God, that said, your pope now...you are left alone now?" Tang Xiaolong continued to ask.

Following Tang Xiaolong's question, he saw the foreigner saying in pain, "No!"

"In addition to me, there are two living members...they are Ron, and the Tia brothers and sisters." The gringy in front of him said.

Hearing this foreigner say this, Tang Xiaolong was not only taken aback, and asked, "Ron, Tia? What about them? What about them?"

"They were no longer our Pope... They were sent out by the professor to track down the vampires... Therefore, they both escaped this catastrophe," said the gringer.

After hearing what the ***** said, the brothers finally understood why the brothers and sisters named Ron and Tia could escape this catastrophe.

Chapter 2233: Follow Cthulhu

After the ***** in front of him had finished talking about his own experiences, the evil ***** and his brothers not only showed a trace of sympathy for the gringo.

"What's your name?" Suddenly the evil ***** looked at the foreigner in front of him and asked.

The foreign guy slowly raised his eyes and said, "My name is David."

"Then what are your plans for the future?" Cthulhu continued to ask.

The blood hunter named David, after hearing the evil god's question, suddenly an endless hatred burst out of his jewel-like eyes and said: "I want revenge, revenge for our Pope, and kill him for life. Those ***** vampires."

"I want them to pay blood for blood, life for life."

Listening to David's roar, the brothers didn't talk too much, but looked at him sympathetically.

But seeing the evil ***** glanced at this David and said, "We deeply sympathize with your experience, but we still have things to do, so we will leave."

After the Cthulhu finished speaking, he turned around and led his brothers toward the front.

At this time, the blood hunter named David hurriedly followed.

"Hey, wait..." David called from behind.

When this foreigner suddenly said "wait", the evil ***** and the brothers slowly turned their heads, and then they all looked at him with their eyes raised.

"Is there anything else?" the evil ***** looked at him and asked.

After the Cthulhu asked, he saw David in front of him saying, "Are you going to the Torrido family?"

After hearing David say this, the evil ***** in front of him nodded and said, "Yes."

"The Torrido family is now being attacked by darkness and evil. I'm afraid it's not appropriate for you to go now..." Then David said while looking at Cthulhu.

Listening to what David said, the evil ***** said: "No matter where it is, we must go."

"However, thank you for your kind reminder."

After speaking, the Cthulhu turned his head and walked forward with the brothers.

At this time, I saw that David quickly chased up: "Wait for me...wait for me...I will go with you."

Suddenly a word came out from the mouth of the blood hunter David.

When this guy suddenly said that he wanted to accompany the evil ***** and the brothers to the Torredo family, the brothers were not only taken aback, but looked at him in surprise.

"What? You go too?" Chen Qiaozhi in front of him looked at David in surprise and asked.

But seeing that David said: "Yes."

"Heiyi tribe, as well as the Gangaluo family bastards, attacked our Pope the Sun and killed our humans. I must repay this hatred, so I want to go to Torrido with you."

After hearing this David say this, the brothers were all looking at the evil ***** at this moment.

Because only Cthulhu has the right to take this guy or not.

But he said that after the brothers' eyes slowly focused on the evil god, they looked at the David and said, "You really want to follow us to Torrido?"

David nodded vigorously and said, "Yes."

"The Torrido family is actually the allies of our Pope the Sun. Although they are vampires, they never consume human blood. On the contrary, they have dealt with the evil vampire for thousands of years. Therefore, I am going to Nato Rido, help them."

"Moreover, it seems that you don't know much about the Torrido family. If I lead the way, you definitely don't have to take too many wrong paths." David said.

After hearing this suddenly said by David, the evil ***** secretly said: This guy is actually right.

Although the Cthulhu and the brothers knew that Toledo was on the Nicholas Mountain side, the specific address was really unknown, so if someone could really help them lead the way, of course it would be best.

So after the evil ***** listened to David's words, the evil ***** in front of him thought about it slightly.

During that time, David opened his eyes and looked at the evil ***** in front of him.

After thinking about it for about a minute, the evil ***** suddenly raised his eyes and looked at David and said, "Well, since you want to follow us, then come with us."

Hearing that Cthulhu suddenly agreed, David immediately became happy.

"Great."

"Thank you for accepting me." The David said excitedly.

The brothers also laughed at this time. After all, this guy named David is not bad.

"Our car is parked in the small town..." Just listen to Tang Xiaolong pointing to the small town in front of it.

Then David said: "I don't need to take a car, I can drive my motorcycle."

While talking, he saw him running quickly to the back.

The mighty 250 motorcycle is still parked there, and that motorcycle is what David rode.

But after seeing David ran over, he rode on the motorcycle neatly, then turned on the fire, slammed the accelerator under his feet, and then the car flew toward the brothers with a whistling sound.

When the brothers saw this David coming on a motorcycle, they all looked at him with a smile.

In this way, Cthulhu and his brothers took in this blood hunt called David.

They were going to take this guy to the territory of the Torrido family.

After Cthulhu and his brothers all arrived at the bus here, David who was driving a motorcycle also followed him at this moment.

Outside the bus, I saw the beautiful Baihua Fairy, Situ Ningbing and Ouyang Shiqing and other beauties standing in surprise, and then everyone's eyes were cast on the motorcycle-riding David, wrinkled Looking at him frowning.

Fairy Baihua then walked quickly towards the evil ***** and asked: "Brother, who is this guy? Is it a living person in the town?"

"How to follow us?"

Listening to Fairy Baihua asking like this, the evil ***** said slightly, "No, he is a blood hunt."

"A blood hunt that specializes in killing vampires."

When the fairy Baihua heard the words "blood hunting", he not only frowned.

On the contrary, the ghost servant over there quickly explained the situation to Baihua Fairy. After the ghost servant finished the explanation, the Baihua Fairy in front of him finally understood what is called "blood hunting."

"Then he will follow us?" Fairy Baihua continued to ask at this moment.

Cthulhu nodded and said, "Yes."

"He is familiar with the Toledo family, and knows that the old nest of the Toledo family is there. If he leads the way, we will not need to go too many wrong ways. If this is the case, we will also be able to find it as soon as possible. God." Cthulhu Road.

After listening to what Cthulhu said, the fairy Baihua thought for a while, nodded in favor and said, "Big Brother has a good idea."

Chapter 2234: Walking on foot

In this way, David followed the evil gods.

After Cthulhu and his brothers got on the bus, they saw David riding a motorcycle in front.

As he walked in front, he turned back to the evil gods in the bus and said: "I will lead the way, and you will follow me behind... Before dark, we try to reach the twisted forest."

After hearing David say this, the brothers here nodded slowly.

Then I saw that David, who was riding a motorcycle in front of him, stepped on the accelerator like the wind, and then drove away.

And what about the back? The **** who drove followed closely in the bus.

In the car, the brothers all sat quietly.

At this moment, I suddenly heard that Baihua Fairy ask, "Brother, are all the residents in that small town dead?"

The evil **** nodded silently and said, "Yes."

"My God, it's all done by vampires for being so cruel?" Fairy Baihua continued to ask.

Cthulhu said: "It should be."

"This town has been completely abolished...The people in the town have all been slaughtered."

Hearing what the Cthulhu said, the Fairy Baihua and the beauties like Situ Ningbing in the car showed shocking faces in their beautiful eyes.

At this moment, the car gradually became quiet, everyone sat quietly in the car, and then followed David who was riding a motorcycle in front of him.

Time passed by minute by minute.

The bus just followed David on a motorcycle in front of him.

An hour passed quickly.

At this time, David, who was riding a motorcycle in front, had already taken his brothers to the Nikolai Mountains.

Surrounded by layers of mountains one after another, the brothers in the bus looked up at the scenery outside the window. Not only were they fascinated by the undulating mountains.

"The mountains here are so big." Tang Xiaolong exclaimed with his mouth open.

Xue Wuhen in front of her also exclaimed in her mouth, "Yes."

"Is the Torrido vampire family here?" Tang Xiaolong asked suspiciously.

The ghost servant over there said: "It should not be. It is said that the Torrido family is on the side of the Nicolas Mountains, and there is a place called the Twisted Forest."

After Tang Xiaolong heard the master say this, he said, "Oh".

After walking for a while, the bus suddenly stopped in front of it.

After the car stopped for an instant, the brothers in the car were not only taken aback, but at this moment not only asked the **** driving in front: "How did you stop?"

But seeing the gringer frowned and said: "There is no way ahead..."

"My car can't get past."

After speaking, I saw that my brothers all raised their eyes and looked out of the bus, and saw that there was indeed no road ahead. The road that was originally rugged was winding and twisting at this time, and the road was deep. Potholes, this bus simply cannot pass.

I saw even David who was driving a motorcycle in front stopped.

After the Cthulhu and the others looked at the situation, they got out of the car and glanced at the mountains and rivers in front of them, and couldn't help but yelled, "David."

The blood hunter David heard the evil ***** calling him and walked over quickly.

"I ask you, how far is it from the Torrido family?" The evil ***** looked at the David and asked.

David frowned slightly, then pointed his finger at the Nicholas Mountains in front of him, and then said: "It's quite far, passing through the Nicholas Mountains from here, and then you can reach the twisted forest. After twisting the edge of the forest, we are almost reaching the old nest of the Torrido family."

After David said this, the evil ***** frowned slightly, then raised his eyes and looked at the distant mountains. After a few glances, he said: "It seems that I can only go on foot. "

After Cthulhu said this, he turned his head and suddenly said to the brothers: "Let's walk on foot, the mountain roads here cannot pass vehicles at all... We try to go as fast as we can, and hope to reach that twist before dark. forest."

After the Cthulhu said so, but seeing the brothers and the women such as Baihua Fairy, they walked out of the bus.

And Tang Xiaolong and Chen Qiaozhi went to pay the bus driver that drove.

After the granny bus driver got the money, he smiled and said, "I wish you all the best of luck, I'm leaving."

After speaking, he turned the car around when he saw him, and then drove away.

At this moment, only David and his brothers are left together.

"Everyone follow me from now on, I will definitely bring you into the Torrido family." I saw David standing in front and smiling to the brothers at this moment.

"Then what about your motorcycle?" the brothers behind him looked at him and asked.

Yes, now Cthulhu and his brothers have no means of transportation. The only thing they have is David's motorcycle.

Could it be that brothers walk? And he rides a motorcycle?

After the brothers asked, David smiled awkwardly, then looked at the motorcycle on his side with his jewel-like blue eyes, and suddenly frowned.

"Hey, my beloved brother motorcycle, you have been with me for so many years, it seems that I have to leave you behind this time." David muttered while looking at his beloved in his eyes. Said the motorcycle road.

Listening to what David said, the brothers were not only taken aback, and said in amazement: "Are you going to leave your motorcycle?"

But seeing David slowly turned his forehead and said, "Yes."

"If I don't lose my motorcycle, who will show you the way?"

"Besides, the mountain road ahead is getting harder and harder, and I must be impassable on my motorcycle. This time I can only reluctantly give up." David said.

After David said so, the brothers in front of him not only looked at him with weird eyes.

What about David? I murmured with my motorcycle for a while, then took my salute and important things from the motorcycle, and then looked at my beloved motorcycle, eyes full of dismay.

The Cthulhu and his brothers looked at him and did not speak, nor did they persecute him.

What about David himself? Finally, after looking at his motorcycle, he suddenly turned his head and said: "Let's go, I will take you to Torrido."

After speaking, this stubborn guy never even looked back at his beloved motorcycle.

He knew that once he turned his head, he would be a little bit reluctant, so he turned his body straight, and then stopped looking.

The brothers watched this guy walking forward, so they all followed in his footsteps, along the winding and rugged mountain roads, bit by bit, they began to march forward.

Chapter 2235: Cthulhu's choice

The mountain road in front is rugged, difficult to walk, and there are dripping rocks everywhere.

The brothers followed the "blood hunt" David step by step.

David led the way. As he walked, he suddenly asked the brothers behind him: "Right, I don't know what you are doing?"

"Why are you looking for vampires from the Torrido family? And how do you know about vampires?"

David in front of him finally asked curiously.

After he inquired, but seeing that the evil god's face became deep and ugly, the brothers also calmly did not answer his words.

That David was considered a smarter person. When he saw the expressions on his brothers, he was not only taken aback, but he knew in his heart that there seemed to be something in the brothers' hearts, so after thinking about it, he didn't ask too much.

Just as David turned his head and walked forward, the evil ***** suddenly spoke.

"Because we are going to the Torrido family to find someone." Cthulhu suddenly said.

Then David became excited when he heard the evil ***** speak, and he quickly continued to ask: "Looking for someone? Who do you want to look for? Are you looking for a vampire from the Toledo family?"

The Cthulhu said coldly: "No! No."

"Who is that looking for?" David asked curiously.

Cthulhu said: "Look for my son."

Accompanied by Cthulhu's sudden words, David was instantly shocked.

what?

"Your son?" David said in surprise.

What about Cthulhu? But his face was cold, and there was a strange and sad look in his eyes.

After thinking for a while, David looked at the evil ***** and asked, "Why is your son in the Torrido family? Isn't it...your son is a vampire from the Torrido family?" David was there. Guessed.

But when he said these words, Cthulhu suddenly became angry.

"nonsense!"

"Who said my son is a vampire?" The Cthulhu suddenly appeared murderous, and the invisible and terrifying hostility instantly filled his whole body.

When David heard that the evil ***** suddenly got angry, he closed his mouth tightly and didn't dare to ask too much.

He could feel the terrifying murderous aura in Heshen's body, as well as the rage in his voice, so he didn't dare to ask too much.

At this moment, the evil ***** no longer pays attention to David in front of him. What about David, at this moment is just silently leading the way.

Crossed the rocky mountain road and walked the extremely narrow mountain road.

At this time, they finally reached the foot of Nikolai's mountain range.

Looking at the towering clouds and rolling mountains, a different feeling rises in everyone's heart.

David led the way, and suddenly raised his head to look at the sky and said: "It's getting dark soon...We need to step up and try our best to reach the twisted forest before dark."

After hearing David's words, the brothers later nodded silently, and then quickly followed.

Then they passed through the narrow cliffs at the foot of the Nicola Mountains.

The narrow cliff is very narrow, and the narrow one can only move forward by one person.

So the brothers lined up in a line, and then followed David to the front.

But when they were walking towards the front, they suddenly saw a lot of rotten things thrown away in the narrow passage... and dirty black rotten things, thrown everywhere, on the stone walls, and under their feet. Have.

David walked in the forefront, looking at the dirty rotting thing at the moment, then slowly squatted down and sniffed.

Then he covered his nose with an ugly expression.

The brothers behind saw that David suddenly stopped, and couldn't help asking, "Hey, why aren't you leaving?"

But seeing that David heard the voice of the brothers behind him, he quickly got up from the ground and said, "Everyone, wait..."

"What's the matter?" Tang Xiaolong asked with a throat from behind.

Then David said: "I'm checking some things, these things seem to be left behind by vampires."

"What? Vampire?" The brothers not only looked up and blinked their eyes when they heard it.

But what about David? At this moment, I carefully observed the rotten objects on the stone walls and the passages, and finally said with certainty: "It's really a vampire."

"The evil vampire army has already attacked Torrido in advance." David suddenly said with an ugly face.

At this moment, the brothers later did not know the situation, and continued to urge him to ask: "Hello, how is it? Have you checked it out?"

David stood up and said with an ugly expression, "Check it out."

"This thing is indeed left by the evil vampire army." David said with his throat.

Hearing this guy suddenly say so, the brothers were taken aback.

I saw David hurriedly squeezing his body at this moment, and quickly walked towards the evil **** from the front.

The Cthulhu watched David walk over, and not only looked at him coldly and said, "What's the matter?"

Then David hurriedly said: "There is something, I must tell you."

"What's the matter?" Cthulhu asked.

David said: "I found a lot of things left by the vampire army just now. According to my estimation, the Torrido family is likely to be facing a big war... I am thinking, if we go now, it will be very good. You may run into the evil vampire army, and once you hit it, it will be extremely troublesome...So I want to ask you, what do you think you should do now?"

David's worry is not unreasonable.

They are now following the same path as the evil vampire, to Toredon!

If Toledo is being attacked by evil vampires, then if Cthulhu and his brothers come from behind, they will inevitably encounter dark vampires. If they do, the battle will be about to start, so David must tell the actual situation. Cthulhu in front of him.

As soon as the Cthulhu heard it, he was silent for a while, then raised his cold eyes, and looked at the distance tightly and said: "My decision is to keep going."

After the Cthulhu spoke a word, David opened his mouth as if he wanted to say something, but he finally held back.

He glanced at the evil ***** and said, "Well, since you choose this way, then I will continue to lead the way."

After speaking, he turned around when he saw David and started to lead the way in front of him.

Is it a Cthulhu? At this moment, he was thinking about something in his heart. He was thinking about the safety of Li Tian, and at the same time thinking about the vampires of the Toledo family. He still doesn't know what the situation of the Toledo family is? Are you stubbornly resisting, or are you doing it?

All of this, only after the evil **** arrives there personally, I'm afraid it will be known.

Chapter 2236: The invincible evil god

David continued to lead his brothers forward.

As the brothers continued to cross the Nikolai Mountains, the sky was getting darker and darker.

With the dim sky getting darker and darker, the face of David who led the way became dignified. As he walked in front, he muttered in his mouth, "Darkness is here, and the time for the evil vampire is here. ..."

Just finished speaking, suddenly there was a weird cry of "uuuuuu" from a long distance ahead.

The scream cut through the silent Nikolai mountain range and drifted from the front.

"What sound?" When the marching brothers heard the terrible cry, they suddenly asked in a daze.

The Cthulhu also had a solemn expression, listening carefully to the weird cry.

But what about David? After hearing this weird cry, he suddenly said: "This is the sound of vampires blowing the battle horn, the voice of the Gangelo family vampire."

When the brothers heard what David said, not only did they all frown, and then stared at him.

"David, do you mean that the vampire of the Gangelo family is in front?" the brothers asked in surprise.

I saw the Blood Hunter David slowly nodded and said, "Yes."

"Moreover, they are about to attack Torrido soon." David said with an ugly face.

When the brothers behind him heard what David said in front of them, they were all taken aback, looking at him in surprise, "You, how do you know?"

"Because the cry just now was the sound of a vampire fighting horn..."

"I'm sure that the Gangaluo family and the ugly vampires of the Black Vampire must be aggressively attacking Toledo."

After David said so, all the brothers were shocked there.

"If you don't believe me, follow me."

That David suddenly ran towards the front place. Seeing that guy ran towards the front, the brothers behind him immediately followed one by one.

No one knows what this David is going to do.

But after seeing him running to the front, his whole body suddenly climbed towards one side of the mountain wall.

Is he going to climb up? Climb to the high mountains of Nikolai?

Yes!

David is preparing to do this, because the Nicholas mountain range is extremely high, if you can really climb to the top of this mountain, you should be able to see what is happening in the twisted forest ahead.

"Follow me and climb up. After you climb up, you will see everything." The David shouted there.

But seeing a hillside in front, although it is very dangerous, there are still uneven stone walls that can be climbed. The speed of David's climbing is still relatively fast, and soon he will see that he has already climbed towards the mountain. go with.

What about Cthulhu? Looking coldly at the towering mountains in front of him, he suddenly said to the brothers behind him and the fairy Baihua and others: "You stay, wait for me here, and come as soon as I go."

The words said that the Heretic God suddenly got lucky all over his body, and then his body suddenly swayed like a goshawk, and his body suddenly swept toward the mountain range in two ups and downs.

His speed is too fast, as fast as lightning.

In the blink of an eye, he saw that the figure of Cthulhu had suddenly reached David, who was trying to climb the mountain.

Then David heard the sound of the strong wind and just turned his head, he saw the evil ***** flying up from below, and his excited mouth opened...He couldn't believe that a so-called human could have this. High-strength light work.

And climbing the hillside as if walking on the ground.

Let's just say that when David opened his eyes wide and shocked the evil god's unparalleled kung fu, he saw that the evil ***** suddenly picked up the skirt of David's clothes with one hand, and then in David's scream, the evil ***** was like As if holding a chicken, he flew up and down, and climbed up the extremely high mountain again.

It turned out that Cthulhu thought that this guy was climbing too slowly, so Cthulhu performed a light skill that is unparalleled in the world: Cloud Zongshu.

Besides, after Cthulhu performed the unparalleled light cloud movement technique, this society has already brought David to the middle of the mountain range.

The brothers in the deep canyon, looking up at the evil ***** flying towards the top of the mountains, can only see that their figure has turned into a black spot, and then continue to swell there.

"Senior Cthulhu is really number one in the world." Tang Xiaolong couldn't help but admire.

On the other side, Xue Wuhen and Chen Qiaozhi not only showed respect for the evil god.

After a while, but the brothers below can no longer see the evil ***** and David.

Obviously, they have flew over the high mountain.

At the top of the Nicholas mountain range towering high into the clouds, at this moment, only a swift figure was seen, suddenly flying up with a screaming guy in his hand.

They are here!

I reached the top of the mountain so soon.

After arriving, Cthulhu loosened the lapels of David's clothes, David flopped, his legs softened, and his body fell to the ground, yelling in his mouth.

The Cthulhu didn't even look at him, just raised his eyes and looked at the dark forest in the distance.

"Oh my God, who are you, how can you fly?"

"How capable do you have?" The five-body, who David completely admired the Cthulhu at the moment, opened his eyes wide and stared at the domineering Cthulhu who carried his hands in front of him in shock.

The Cthulhu suddenly turned his head and glanced at him coldly. David saw the cold eyes of the Cthulhu, and instantly closed his mouth and dared not speak any more.

He slowly got up from the ground, and then looked at the height of the mountain range. At this sight, he almost fell to the ground with fright.

"The twisted forest you are talking about is the old forest in front?" Suddenly the Cthulhu asked.

Then David took a few deep breaths, then walked to the evil god's side, nodded there and said:

"Yes, there is a twisted forest in front of him."

"The Toledo family you are looking for is behind this twisted forest...There is a Forgotten Temple, and inside that Forgotten Temple is the Toledo family's nest site."

Cthulhu heard this David say so, raised his deep eyes and looked at the ancient and huge twisted forest in front of him.

The twisted forest is shrouded in black clouds. When you blink, it looks like it's deep in the mist... You can't see everything at all, the only thing you can see is a layer of weird mist. With.

"That forest looks weird." Cthulhu said suddenly coldly.

David in front of him said: "Of course weird, if I guess right, there are dark vampires everywhere in that forest."

Chapter 2237: Blood Stained Toledo

"How do you know that there is a dark vampire in that forest?" the evil **** asked coldly.

Then David pointed to the weird fog floating above the twisted forest and said, "If you don't believe it, look at the ghost fog. Those weird fog represent evil."

After David suddenly said this, the Cthulhu looked at the strange fog, which was indeed extremely rare, and the fog filled the entire twisted forest.

Cthulhu didn't say much at this moment, just raised his eyes and looked at it.

Suddenly a cold wind blew from the front.

When the slight cold wind blew on the face of the evil god, the evil ***** suddenly moved his nose.

"Bloody breath."

"I smell the smell of blood." Suddenly a word came out of Cthulhu's mouth.

After the Cthulhu suddenly exited, David in front of him was taken aback: "Did you smell it?"

The Cthulhu ignored him and continued to smell the breath in the cold wind.

At this moment, he not only smelled a **** breath from the cold wind, but also smelled a tangy, rotten breath... This breath was exactly the same as the Heiyi vampires in the previous town. Obviously, the twisted forest in front really has A member of the Black Vampire.

After the Cthulhu smelled the **** smell, he suddenly said to David: "Now, don't say a word, don't even get angry. I want to use the wind listening technique and listen to the movement ahead."

After the Cthulhu said so, David in front of him was taken aback and said in amazement: "Huh? Listen to the wind technique?"

But seeing the evil **** hearing this guy suddenly speak, and staring at him coldly, then David knew he shouldn't speak, and quickly covered his mouth.

Listening to the wind? It is the unique skill of transmitting different sounds of different songs and equal work.

This kind of exercise requires strong internal support.

As for the Cthulhu, he possessed peerless martial arts more than twenty years ago. Although he has been trapped in the ice and snow for more than 20 years, it has not damaged the Cthulhu's internal strength. Therefore, the Cthulhu is going to do the best: listening to the wind technique.

He has to listen to what is happening in that distant twisted forest.

But he said that when David was tightly shutting his breath, he didn't even dare to breathe out, the evil **** in front of him began to use his own wind listening technique.

He lifted his hands slightly, then steaming white energy emerged from his palms, and then slowly folded his hands together.

At the moment of hesitation, his energy reversed from his whole body and went straight to the top of his head. Then his ears began to tremble violently. What about the Cthulhu? The deep eyes slowly began to close...

With the sound of the cold wind, the sound of the ears suddenly spread in the direction of the twisted forest.

In the endless air of cold wind, the Cthulhu suddenly heard the sound of Jin Ge and Iron Horse, and then heard the sound of fighting and screaming... Those sounds were fighting and killing cruelly...

The sound of blood splashing, the sound of dead people falling to the ground, and the cruel roar of vampires all passed into the ears of the evil god.

Just when Cthulhu heard the endless fighting sounds coming from the twisted forest, his body trembled violently, and then opened his shocked eyes for an instant.

"The war really started."

"The dark vampire is really attacking Torrido." The words of shock came out of the evil god's mouth.

Accompanied by Cthulhu, he opened his eyes suddenly and said those words in horror, David beside him hurried over.

"Did you hear it? Did you really hear it?" David asked with wide eyes.

Cthulhu didn't care to tell him so much, and said, "Yes."

One side quickly said to the David: "Let's hurry, hurry down, and rush to the Torrido family."

Then David was horrified when he heard it: "Go to Torrido now? Isn't that just looking for death?"

"Don't forget, there is a big war ahead." David said.

But seeing the evil **** grabbed David's lapels, his eyes were blood-red and grimly and said angrily: "I can't take care of that much. I must go to my son and find Tian'er."

As the evil **** said these words coldly, he grabbed David in front of him, and then his body flew down directly from the towering mountains.

The body, like a big Peng, swept straight down from the mountain.

When the brothers below saw the figure of the evil **** flying down, they were immediately excited, raising their eyes and looking at the evil **** flying down there.

Suddenly, he saw that the evil **** had fallen steadily from the midair.

After the Cthulhu flew down, the Duguxie and the ghost servant in front of them rushed over, shouting, "Big Brother, how is it? Did you see what happened?"

Cthulhu said with an ugly face: "I see, the Torrido family is now under a huge attack."

"What?" When the brothers in front of me heard the evil **** say this, they were instantly stunned.

"So...say...Young Master...he...is dangerous now?" The Ghost Servant said suddenly.

Yes, Li Tian was taken away by Mary. Of course, he was deep in the Toledo family. Now the Toledo family is being attacked by evil, which obviously means that Li Tian is in danger.

When I thought in my heart that Li Tian was dangerous again, my brothers couldn't take care of that much anymore.

Just listen to that Duguxie suddenly said: "Brother, then we should hurry to save the young master now..."

"Yes, Senior Cthulhu, let's go save Brother Tian." Tang Xiaolong and his brothers also said afterwards.

After all the brothers said so, the evil **** suddenly said: "Okay, we will set out to Torrido now."

As the evil **** finished speaking, the brothers in front of him immediately followed the evil **** and swept forward.

What about David? Seeing that the brothers followed the evil **** to Torrido, he could only sigh at this moment, and then followed closely.

Here comes Cthulhu and his brothers.

It's a pity that they don't know what the Torrido family has become! ! !

The flames of war are permeating.

The sky was already dark, and the evil vampire had come.

When the horn of battle was sounded, hundreds of vampires of the Heivil tribe in the twisted forest leaped towards the Forgotten Temple that had completely lost their resistance like beasts.

The flames burned and the earth seemed to be trampled on.

Endless roars and killings filled the Torrido family's last fortress, the Forgotten Temple.

But seeing that the tall gates of the Temple of Forgotten Temple have been completely breached... the originally indestructible gates have now become completely rotten...

One by one, densely packed Heiyi tribe vampires rushed towards the Forgotten Temple like beasts.

The tall and solemn Forgotten Temple, now the fire is burning...The screams of screams are constantly coming from the center of the Temple.

Chapter 2238: The last despair

The Forgotten Temple has been occupied.

However, hundreds of vampires of the Heiyi tribe surrounded the entire Forgotten Temple.

In the last place, the Gangaluo family, the most powerful of the thirteen blood clans, led the army and slowly began to march towards the Forgotten Temple of the Torrido family.

The Gangelo family's strongest, most ruthless, and most fierce army of death knights is at the forefront.

The death knights are riding on death horses with **** flames in their mouths. Their bodies are covered with black cloaks, and their faces are all wore fierce golden masks. The only thing that is exposed is the bloodthirsty and reddish. His eyes and the sharp white fangs in his mouth.

What they hold in their hands is a unified weapon, a sharp steel spear.

Magnificently headed towards the direction of the Forgotten Temple.

In the middlemost place, more than two dozen vampire slaves are carrying the golden sedan chair. On both sides of the sedan chair is the breath of death at the moment: Antonio, the Serpent, and the most brutal earl of the Gangelo family: Earl Berwick.

Earl Berwick, who had a pale face and a venomous look, always had a tepid smile on his face. At this moment, looking at the Forgotten Temple that had been occupied in front, his pale mouth suddenly smiled at the sedan chair. Middle: The corpse king Earl Uris said: "Tell the earl that the Torrido family has taken them all."

After Earl Naberik finished speaking, the corpse king Uris suddenly uttered a roar of weird laughter. The voice was unpleasant and harsh, and he said slightly, "Where is the old thing Archid?"

Count Berwick replied: "I am trapped in the center of the Forgotten Temple."

"However, no matter how much he struggles, it is just a fight between trapped beasts."

After Earl Berwick said this, the corpse king Uris sitting in the sedan chair in front of him suddenly grunted and said, "Very good."

"Step up, I want to personally see that old thing dies in front of me." The corpse king Uris in the sedan chair suddenly made a terrible voice.

As the corpse king Uris said so, Earl Berwick shouted to the dead knight army in front of him: "The army listens to the order, and quickly head to the Forgotten Temple."

After Earl Berwick finished speaking, the Gangelo family vampire army in front of him began to stride forward.

The mighty Gangelo family death knight army cleared the way in front.

What about the Forgotten Temple?

The flames of war are burning.

At this moment, the majestic Forgotten Temple has been completely occupied by the vampires of the Black Lac clan. Those ugly-looking Vampires of the Black Lac clan lie on the walls of the Toredo clan, screaming and making extremely strange voices.

But in the innermost part of the Forgotten Temple, the tall cobblestone pillars were overthrown by those **** Heiyi vampires, and the left side of the temple was burned with flames by the Heiyi vampire.

This group of brutal **** is now exterminating the buildings of the Forgotten Temple for thousands of years.

Where is the central square of the Forgotten Temple? Then I saw densely packed members of the Black Vampire clan surrounding a group of Torrido family knights who swear to resist.

But seeing that there are only a dozen knights of the Torrido family who are still alive...

They were surrounded by the vampires of the Heiyi clan alive in the middle of the field. Their bodies were trembling, and there was a sense of despair and pity in their eyes.

And what about the middle place? Then you can see the aging Elder Archid.

It turned out that he also stood with his family members to fight together to resist the evil invasion.

It's a pity that they have been completely surrounded now, and now even if it is God, God can't save them.

Elder Alchide held a sharp blade in his hand. The blade was like a sword or not a sword, and it was curved, but it had blades on both sides, and there were serrated thorns on it.

At this moment, I saw that the weapon blade in his hand was covered with black mucus. Those were blood stains, the blood stains of the Heiye tribe vampires. At the same time, there were more than a dozen Heiyi tribe corpses under his feet. He slaughtered.

He was still holding his fighting eyes, looking angrily at the vampires of the Heiyi clan that surrounded them.

"People of the Torrido family, today, we are going to make the final battle."

"We fought with these bastards." Elder Alchid suddenly said to the dozen or so surviving Toredo families beside him.

After the dozen or so knights heard the elder's heroic voice, they all took up the sword in their hands and once again rushed to the dense black yams vampires.

But how can their dozen knights fight against the dense black yams vampires?

As they rushed lifelessly with weapons in their hands, in a blink of an eye, they heard the screams again and again, and then they saw several Torrido family knights being abruptly torn their heads by the Black Vampire. , The body, then the blood was flowing, fell to the ground and died.

But what about Elder Alchid?

No loss is the elder.

The weapon in his hand swept towards the surrounding Heiyi vampires like a violent wind. Several ugly Heiyi vampires were instantly swept into their bodies by the weird weapon, and their flesh and blood flew across and screamed again and again.

But Elder Alcid couldn't help it, even if he was brave, there were too many vampires of the Heiyi clan.

With a flutter, Elder Alchid didn't pay attention, and the Vampire of the Heiyi tribe behind immediately attacked him from behind.

The sharp claws pierced into Elder Alchid's arm fiercely. Elder Alchid roared in his mouth, enduring the sting, and the weapon in his hand slammed the head of the vampire who attacked him.

With a bang, the skull of that sad Heiyi tribe vampire shattered in an instant, and then fell to the ground and died.

Seeing this elder Alchide continuously killing the vampires of the Heiyi tribe, all those dense vampires of the Heiyi tribe were angry.

Roaring and rushing towards the elder Alchid.

But at this moment, the strange sound of "uuuu" came from behind.

What about the vampires of the Black Yap? I wanted to pounce on the elder Alchid, but after hearing the horn-like voice, he suddenly stopped, and then turned his ugly face and looked back.

What about Elder Alchid, and the 56 knights of the Torrido family still alive by his side? At this moment, he also raised his desperate gaze and looked forward.

But seeing that after the sound of "uuuuu" came, a large group of death black knights riding on death horses was rushing toward this side with shaking steps.

The Gangaro family.

It was the army of the Gangelo family coming.

Chapter 2239: Corpse king shot

At the moment when Elder Alchide glanced at the Black Knight Legion of Death in front of him, his eyes suddenly showed endless despair. He knew that the family would finally be destroyed on this day.

"It's over... everything is over..." The muttered words came out sadly from his mouth.

But seeing the death black knights of the Gangaro family in front, they came over here like a ghost army.

The Gangaluo family's army, wherever they went, the ugly Black Vampires dodge and evade!

It seems that these low-level and ugly Black Yap clan vampires are not worthy of standing with the vampires of the Gangaro family.

coming.

finally come.

The Gangelo family's army finally arrived in front of Elder Alchid. After arriving, their army began to slowly disperse, and then a majestic and majestic golden sedan chair, in front of more than two dozen vampires The slave held it down and came towards this side.

With a bang, the golden sedan chair slowly fell to the ground, with a heavy voice like a sledgehammer hitting Elder Alcid's chest.

I saw at both ends of the sedan chair, there were three ghastly guys. They also rode death horses. If you look closely, they are the Breath of Death, Antonio, and the big snake girl, and the cruel shell. Earl Rick.

When Elder Alchide saw this scene, his heart was desperate. The few still alive knights of the Toledo family around him were also ashamed. No one knew what was sitting in the golden sedan chair. What a character.

The only thing I saw was a strange black crow on the top of the sedan chair.

The black crow, with blood-red eyes, stared at the Torrido family knights and Elder Archid, suddenly screaming, which cut through the sky and pierced people's ears.

"Old stuff, we met again." Suddenly, a low roar came from the sedan chair.

The moment Elder Alchide heard the hoarse and distorted voice, he suddenly shook his heart, staring at incredulous eyes, and muttering in horror in his mouth: "The King of Corpse... King of Corpse..."

"Old stuff, do you remember me?"

The moment the roaring sound was the exit, the golden sedan chair swished open, and then a monster with wings on its back and a zombie-like face flew out of the sedan chair.

He is the corpse king Uris, the most cruel and violent elder of the Gangelo family for thousands of years.

His body was suspended in the air, holding up those bloodthirsty eyes, looking at the elder Alchide in front of him with that ferocious look.

Elder Alchid, and the members of the Torrido family behind them, couldn't help taking a step back when they saw this terrifying corpse king.

No way, the face of that corpse king Uriss is really horrible and terrifying.

His skin was dry and distorted, wrinkled piece by piece on his face, as if it had been stitched up. On his distorted face was a pair of bloodthirsty pupils, and the hell-like beast's mouth also had two long

pointed eyes. His fangs, with disgusting yellow mucus vomiting in his mouth, looked at Elder Alchide in front of him in the air.

But seeing the dark and strange crow, at the moment when the corpse king Uris appeared, it suddenly flew over the shoulder of the corpse king Uris, and then fell on it.

"The corpse king, I didn't expect even you to come." Elder Alchid raised his angry eyes and looked at the corpse king Uris.

But seeing the corpse king Uris suddenly laughed out a terrible voice hoarsely.

"Old thing, how can I not come on the day of your death today?" The Corpse King said with a weird smile.

Elder Alchide suddenly raised his eyes and looked at the Forgotten Temple of his family, but saw that the Forgotten Temple had been completely occupied. The wall on the left was burned by flames, and the huge gates were also destroyed. It was originally solemn and majestic. The Temple of Forgotten, at this moment became like ruins.

Elder Alchid saw everything, and his heart was suddenly cut.

His old eyes sighed deeply with despair: "Today, although my Torrido family is defeated and the Forgotten Temple is destroyed... But I Archid firmly believe that one day, your evil will be destroyed. "

The corpse king Uriss suddenly laughed weirdly.

"On the basis of the rats you ran away?" Corpse King Uris snorted coldly.

"Tell you, this time, none of your Torrido family can run away."

"Those rat generations who run away will soon be caught by me, and then I will personally take out their hearts...to destroy them." The Corpse King said cruelly.

After hearing the corpse king Uris in front of him say this, Archid suddenly burst into laughter.

When the corpse king Uris heard Alchid's sudden sneer, his **** eyes suddenly angrily said: "Old thing, what are you laughing at?"

"I laugh at you." Elder Alchid suddenly angered at the corpse king.

When the corpse king heard Elder Archid suddenly say this, he furiously said: "Just you, an old thing about to die, dare to laugh at me?"

But seeing that Elder Alchide was not afraid, and said: "Mine is indeed laughing at you. I laugh at you. The dead king is cruel and asexual. You will definitely enter **** in this life and will never turn back."

When the corpse king Uris heard it, he was furious.

"See who goes to **** first."

With the roar of the corpse king Uris, this time he shot himself.

But seeing the corpse king Uriss with wings on his back, his arms suddenly shook, and his body leaped towards the elder Alchide.

The speed reached a terrifying point.

However, it was said that Uris suddenly shot out in a rage, and the 56 knights of the Torrido family beside the Elder Archid quickly stepped forward to help.

While running over, he shouted, "Elder..."

But seeing a few members of the Toledo family just rushing over, but seeing a huge wing of the corpse king, suddenly swept over the 56 members of the Toledo family.

With a bang, the six Torrido knights had not figured out what was going on. Their bodies had been rolled into the air by the wings of the corpse king Uris, and then the icy claws of the corpse king Uris shot.

With a flutter, blood splashed.

Several members of the Torrido family, whose bodies were beaten up into the air, suddenly shattered and fell from the air.

Their blood fell from the air like rain.

Blood rain.

They were shattered, and even the wailing sound was too late to make a sound, and the whole body was destroyed by the corpse king Uris in such a blow, and then fell into pieces from the air.

died.

All dead.

In a blink of an eye, a few surviving knights of the Torrido family died under the hand of the corpse king Uris.

He is too powerful, it is too terrifying, and the level of horror is simply heinous.

Chapter 2240: Family collapse

Looking at the members of the Torrido family who were killed before him, the elder Alchid's body was trembling, and his eyes were filled with endless hatred and anger.

"Scorpion King, you bastard, the old man is fighting with you." Accompanied by Archid's sharp roar, he can no longer care about so much. Now he just wants to fight the terrifying monster in front of him.

But seeing the corpse king soaring in the air, he gave a gloomy smile, and the weird crow falling on his shoulder suddenly screamed, and then threw at the face of Elder Archid like a sharp arrow.

Elder Alcid never thought that the black crow on the shoulder of the corpse king Uris was so fast, and immediately, the weapon in his hand quickly shot.

Unfortunately, it was too late.

The speed of the weird crow was so fast, it was unexpectedly fast.

That's it, but seeing that weird crow whizzed to Elder Archid's face, and then the sharp claws pierced into Elder Archid's eyes fiercely.

With a flutter, Elder Alchid called out miserably.

Take a closer look, oh my god, the eyes of Elder Alchid were uttered alive by the strange crow.

The blood was flying wildly and it was terrible.

Elder Alchide was crying in pain, but saw that his eyes had turned into holes... His pale face was stained with blood flowing from inside.

Ah... Ah... Ah... the painful cry came out of Archid's mouth.

His eyes were gone, so they were ruined by the ***** crow.

The current Elder Alchid, who looked like a lunatic, waved the weapon in his hand and roared: "The king of corpses...you bastard...come out...come out?"

"My Torrido will always be at odds with you."

The sound of the blood curse came from Elder Alchid's mouth, and he was waving the weapon in his hand frantically, screaming fiercely like a madman.

But what about the corpse king Uris? With a sneer, his body soared in the air, looking at the terrible Elder Alchide.

Here, Earl Berwick, the Serpent Girl and Antonio, Breath of Death, are also looking at Elder Archid.

"Kill him!"

Suddenly, the corpse king Uris snorted.

As his voice said, the Earl Berwick, who was riding the death horse, suddenly smiled grimly at the corner of his mouth: "Yes, elder."

Then I saw him riding a death horse towards the blind elder Alchide.

Elder Alchide was waving the sword in his hand like a madman. His eyes were blind, and scarlet blood flowed from his blood-hole-like eyes...

After Earl Naberik arrived at Elder Alcid's side, he suddenly strangled Elder Alcid's neck with one hand.

Elder Alchid was strangled in an instant.

"go to hell."

As the cruel Berwick said this, his arm suddenly moved, and then with a click, the elder Alchide's neck was forcibly taken from the shoulder by the Earl Berwick.

The headless body of Elder Alchide plopped and fell to the ground like a tree stump. After a convulsion, there was no more movement.

he died.

The elder of the Torrido family died tragically under the iron cavalry of the Gangelo family.

Looking at the body of Elder Alchide in front of him, he fell into a pool of blood, and all the vampires of the Heiyi tribe around him suddenly howled.

Their voices were full of excitement, full of excitement, as if killing the Elder Alchid made them very happy.

The Torrido family was really destroyed.

The Forgotten Temple was also completely occupied by the Gangaluo family and the army of vampires from the Heiyi tribe.

But seeing the corpse king Uris looking at Elder Alchide who fell in a pool of blood, a cruel smile appeared on the corners of his hideous mouth, and then his body fell from the mid-air and looked at this moment with those bloodthirsty eyes. That towering temple of oblivion.

"Elder, what about the Forgotten Temple in front of you?" Earl Berwick suddenly looked at the corpse king Uris and asked.

But seeing that corpse king Uris took a look, then he spit out a word coldly: "Burn!"

After the corpse king Uris said it, Count Naberik grinned gloomily and said, "Okay."

"Come here, burn the Forgotten Temple in front of me..."

Along with Berwick's roar, the vampires of the Heiyi tribe immediately ran towards the Forgotten Temple with torches.

The fire began to burn in the entire Forgotten Temple, and the raging flames gradually spread to the entire Forgotten Temple.

This building for thousands of years, the symbol of the spirit and leader of the Torrido family, was unexpectedly burned by the Gangelo family at this moment.

Everything is ruined.

The soaring fire completely burned the Forgotten Temple.

Endless flames soared into the sky, and in the twisted forest, the flames shone in all directions, reflecting everything around.

...

To the east of the Twisted Forest, a deep canyon in the past mass graves.

But it was the place where Li Tian, Lord Roger and the remaining knights of the Torrido family stayed.

Suddenly, a knight of the Torrido family saw the direction of the Forgotten Temple from the gorge. The smoke was everywhere, and the fire was so bright, his eyes were stunned.

"Earl Roger...Earl Roger... Come and see."

"Our family... we forgot that something happened to the temple..."

Accompanied by the exclamation of the Torrido family knight, the Earl Roger, Li Tian, Fire Girl, and Ice Girl who were still in the canyon all ran towards this side.

After they all ran out, then they saw the terrifying scene in their eyes.

OMG, the direction of the Forgotten Temple is burning with endless flames.

"How could this be?"

"What happened to the family?"

The skyrocketing fire light seemed to illuminate the entire sky curtain, and a raging smoke rose from there.

"That...that...isn't that our family? Is it our Forgotten Temple?"

"Oh my God, why is it on fire?"

"Could it be that...could it be that...Gangelo's vampires and Heivil clan vampires attacked our temple? They captured our Forgotten Temple?" The Toredo family members in front of them were suddenly shocked The extreme Tao said.

At this moment, Earl Roger stared at the direction of the Forgotten Temple with wide ugly eyes.

Li Tian and the ice girl and the fire girl also saw the blazing flames...it was indeed the place of the Forgotten Temple, and there was indeed a raging fire burning there.
