

A Killer 2361

Chapter 2361: Battle of Fate (3)

Li Tian is about to use his true strength.

Ever since he killed Long Yin in the Huaxia Kingdom, Li Tian had already experienced the highest realm of the old man Mohe Wuliang.

Li Tian also personally understood the gods and demons.

The so-called gods and demons have no real moves.

The real power of gods and demons lies in people and hearts!

It's just that at the end of the gods and demons, there are a few weird tricks that Li Tian hasn't experienced!

According to the old man Wuji once said that the gods and demons were defeated by a few old monsters guarding the top of the restricted area when he rushed to the top of the Tianshan restricted area a hundred years ago, and the tricks of the gods and demons were those old monsters. Li Tian didn't understand the tactics he used back then, maybe because of that...

However, everything in front of this is not important!

The important thing is that Li Tian is now going to use Maha Boundless.

After he became the blood evil spirit, his skill increased as much as Long Yin, and accompanied by Angel Li came out to Maha Boundless, his horrible energy seemed to tear the entire space apart.

Destroy the world.

Then I saw Li Tian's right hand blasting the sky, turning into a cloud of blood, and then turning his left palm to form countless phantoms...

"The Devil's Hand!"

Thundering shot it, and the terrifying blood shadow palm attacked the demon-headed Long Yin from all directions.

No one thought that Li Tian used the boundless inner strength of Maha, but what he used was the clutch of the heavenly book pill scroll!

One is from the old man Wuji: Boundless Maha! The other one is: the ancient sacred book, the clutch of the heavenly book pill!

The two are combined into one, how fierce this power should be? How terrible?

When he hit the demon head Long Yin, Long Yin's devilish energy surged.

Looking at Li Tian's tricks, he was shocked: What kind of effort did this kid use? Why have you never seen him use it before?

While Long Yin was thinking about this in his mind, he saw that Li Tian's "devil palm" palm had already hit him.

Long Yin could not think about so much, yelled, and his body rose into the air, and then his body began to rotate uncontrollably. As his body began to rotate continuously, the turbulent black energy enveloped his whole body. Protecting him like a shield.

"Come on, boy named Li, I'll take you this trick."

There was a roar, but seeing that Long Yin was also preparing to take Li Tian's masterpiece.

Blood shadow is now, the palm is here!

The terrifying and boundless palms blasted the black devil qi in Long Yin's body, and Long Yin used all his strength to block the shock of Li Tian.

boom! ! !

The earth is shaking.

The entire mountain seemed to be shaking throughout, and the surrounding rocks were shattered by the supreme innocence of the two Supreme People.

In the sky full of devil energy and blood evil aura, they could not be seen clearly.

I just saw that after Li Tian's "devil's palm" hit, the wind and cloud changed color, the black sky screen flashed strangely, and then disappeared without a trace.

The devilish energy is gone!

The blood evil breath also disappeared.

After the blood and black all disappeared, Li Tian and Na Long Yin stood opposite each other on the top of the mountain.

Neither of them moved, but stood there, you looked at me, I looked at you.

A swishing cold wind blew, and suddenly Long Yin's body trembled slightly in the cold wind, and then he saw a trace of black blood on Long Yin's right arm flowing out, flowing down his arm and onto his hand, and then It dripped from the hand on the cold ground again.

"Worthy of being the son of an evil god!"

"As expected of Li Tian!"

"Okay, very good!" When Long Yin spit out these words in the cold wind, his body shook violently, and then took a step back.

Obviously, he was injured!

He was also injured!

It seems that he can't stop Li Tian's terrifying blow!

Unexpectedly, Long Yin, who had eaten the "Blood Nightmare" of the vampire, would still be unable to defeat Li Tian! What about Li Tian? Although it has transformed into a blood evil spirit, it is difficult to defeat the current Long Yin?

The two of them can't beat anyone?

Is it over?

Do not! Of course it will not end like this! In today's battle, the two of them must die.

Therefore, this battle will not end at all, it is only a short beginning.

"Since God arranged for the two of us to be together today, then one of us must die here today...hahahaha." Suddenly Long Yin laughed wildly.

His hideous face laughed, while looking up at the dark sky, the laughter was harsh and unpleasant.

What about Li Tian? Just silent, and like that Long Yin, he glanced at the dark starry sky and muttered: "Come on, today, we will end it!"

"Okay!" a loud shout came out of Long Yin's mouth.

After Long Yin said it, he suddenly stretched out his hands, and the turbulent devilish energy came out with his arms. At the moment when the devilish energy appeared, Long Yin shouted, his hands suddenly fell down and pressed against the cold. On the stone ground.

Then the entire rock surface began to shake violently...like an earthquake.

Li Tian saw this Long Yin, his body was vertical, soaring into the air.

At the moment when Li Tianfei got up, Long Yin suddenly flew the entire stone layer with his palms, and then the stone layers whizzed towards Li Tian one by one.

Li Tian flew with both palms, smashing all the flying stones.

Then Li Tian returned with two moves, and was also taken over by that Long Yin.

In this way, the two of them couldn't talk together on the mountain.

It's just that they can't kill anyone now, they just exhausted their true energy there and fought.

In the black sky, two old enemies are in a decisive battle.

The badly wounded Cthulhu could only watch the fateful battle between Li Tian and the devil Long Yin. He couldn't help or do anything.

In the cold wind, the muffled cry of the two came again!

Then they saw their figures flying back into the air.

It turned out that Long Yin and Li Tian just now, in order to seriously hurt each other, they did not hesitate to use their bodies to force each other's moves, and then they were injured and regressed!

Both were injured.

The wind continued to blow.

The battle is still going on.

Suddenly, the two screamed together, and then a group of black devilish energy and a group of **** evil spirit hit together...

When these two auras that destroy the sky and the earth collided, a thunder suddenly sounded above the sky. The thunder thunder resembled a bomb. There was a thunder, followed by a flash of lightning, which instantly turned the sky into daylight.

And just at this moment that Long Yin and Li Tian, both of them were shocked by the other's vast strength because of excessive force.

With a plop, the two of them fell heavily in the air.

Wow, both of them vomited two mouthfuls of blood from their mouths!

Both lose out.

Chapter 2362: The first "cooperation"

"Tian'er!" Looking at Li Tian who was hurting both sides, the evil ***** in front of him cried out distressedly.

On the top of the mountain, but seeing Li Tian as if he hadn't heard his father's call, he just struggled to get up from the ground.

Then he accumulated his energy again and prepared to deal with that Long Yin.

And what about the Devil Dragon Yin? Has also stood up from the ground.

The two seemed to be immortal this time!

"Come, come again! Li Tian, today, let's see, who of us will die first." Long Yin shouted angrily after standing up.

The corner of his mouth was bleeding, and that ugly and twisted face showed endless ferociousness and shouted at Li Tianchu.

Where is Li Tian? Of course he will not be afraid of this demon.

Today, he is going to kill this demon dragon Yin.

With a loud roar, the two were ready to fight again... But at this moment, the sky suddenly changed strangely.

I saw the dark sky, suddenly seemed to be blocked by something, and the bright moon suddenly disappeared entirely.

At this moment, the Immortal Mountains plunged into endless darkness.

"what happened?"

"Where is the moon?"

At the same moment, I saw Long Yin who was going to fight to death again, and Li Tian stopped at the same time! Even the Cthulhu who had a direct battle over there stopped.

Because the light disappeared at the same time!

Above the sky, the moon that was originally shining with light seemed to be blocked by darkness for an instant, and disappeared!

Among the three, no one knew what happened to the sky and why the bright moon suddenly disappeared at this moment.

Just when Long Yin, Li Tian, and Cthulhu wondered why the moon had disappeared, a ray of light suddenly shone from the sky.

The moon was faintly visible beginning to emerge from the black clouds.

It's just that when the moon emerged from the black clouds, Long Yin, Li Tian, and the evil **** were all stunned! They all looked at the weird moon with unbelievable eyes.

Oh my God, the whole moon turned blood red!

Become a blood moon! ! !

Its blood color is completely different from the **** evil color that Li Tian exudes. It is a scarlet blood color, as if the moon was stained red with blood...The whole sky is covered with blood.

Looking at the moon weirdly changed its color. At this moment, both Long Yin and Li Tian looked at the starry sky dully. Of course, they didn't know what happened.

Just when they were terribly horrified, the Heretic God's eyes suddenly twitched and changed.

"The blood moon is here?"

"Could it be that the legendary blood moon has come?" A muttering horrified muttering came out of the evil god's mouth.

After he said so, the demon head Long Yin and Li Tian all turned their heads to look at the evil **** in front of them.

"Father, what are you talking about?" Li Tian finally couldn't help but ask, looking at the evil spirit there.

Along with Li Tian's questioning exit, the demon head Long Yin also turned his twisted face and looked at the evil **** in front of him.

The evil **** looked at the whole **** moon, and said in horror: "Tian'er, don't you know the ancient rumors spread by their blood family? Once the blood moon comes, they will open it with the key of fate Immortal coffin, and then resurrect the vampire demon that has been sealed for thousands of years?"

Cthulhu knows the truth.

Of course Li Tian knew that he had heard Mary talk about the key of destiny before, and the cause of this blood family change, but he would forget about the blood moon for a while. At this moment, when the evil **** in front of him suddenly reminded , Li Tian was stunned.

"The blood moon is really here? Does it mean that the ancient demon in the vampire legend really wants to resurrect?" Li Tianzhen horrified.

Li Tian and the Cthulhu in front of him already knew about the blood clan's shocking changes, but the big demon-headed Long Yin still didn't know anything.

I saw the devilish Long Yin suddenly turned the ugly face full of scars, glaring at the evil **** and Li Tiandao and said: "Damn, what are you talking about? Why can't I understand?"

Then Li Tian coldly glanced at Long Yin in front of him, and then slowly stood up.

"Long Yin, there is something I want to tell you." Suddenly a sentence came out of Li Tian's mouth full of blood.

Long Yin in front of him looked at Li Tiandao: "The kid surnamed Li, don't you think?"

"Can you and I wait and fight again?" Li Tian suddenly looked at that Long Yin.

After that Long Yin suddenly heard Li Tian say this, he suddenly laughed wildly: "What? Are you afraid? Are you afraid of dying under my hands? Haha."

Facing Long Yin's arrogant laughter, Li Tian's face suddenly became extremely ugly, and said angrily: "Will I be afraid of you?"

"I just want to stop some things from the blood race, so I don't want to fight with you anymore!"

"You know in your heart that today's battle between you and me cannot be solved by a few tricks...so I want to make a deal with you! If you agree, I will find you in person in the next day, and then we will fight again. !"

"You and I will always die under the other's hand." Li Tian looked at Long Yin in front of him and said his words.

After Li Tian said these words, the corner of Long Yin's mouth smiled and said nothing.

Li Tian looked at him and paused for a while: "How is it? Do you agree?"

As Li Tian said so in front of him, the big devil Long Yin suddenly raised his head slowly and looked at Li Tian.

"Okay, I promise you." Suddenly a word came out of the devil's dragon Yin's mouth.

To be honest, Li Tian didn't expect this demon-headed Dragon Yin to promise so readily!

Even the Cthulhu over there, after hearing that Long Yin had agreed to Li Tian, he was not only slightly startled, but he couldn't believe it.

This demon actually agreed?

In fact, the devil Long Yin has his own little abacus in his heart. Although he doesn't know what will happen to the blood moon, he doesn't have much favor for vampires in his heart! And most importantly, his own life is still in the hands of the corpse king Uris.

Blood Nightmare!

Although "Blood Nightmare" made Long Yin's strength multiplied to a terrifying level, after eating the Blood Nightmare, the corpse king said that he could only live for ten days!

What should I do once the ten days have passed?

Is it possible that a generation of devil dragon Yin will die again?

Can Long Yin be willing?

No, of course not willing! This is definitely not in line with Long Yin's personality!

So he helped Li Tian indirectly for himself.

But he said that Li Tian was not only extremely happy in his heart after hearing this demon actually agreed.

"Long Yin, did you really agree?" Li Tian asked again incredulously.

But seeing that Long Yin sneered and said: "Nonsense, what did Long Yin say when I regretted it?"

"But, the kid surnamed Li, let me tell you, after this time, I will still kill you!" Long Yin looked at Li Tian and said evilly.

But seeing that Li Tian raised his face coldly and looked at that Long Yin and said: "Don't worry, even if you don't come to me, I will find you! I will definitely let you die in my hands again. "

"Okay! Then let's make an agreement!" Long Yin laughed wildly.

In this way, Li Tian and Demon Dragon Dragon Yin stopped fighting!

They all have their own plans in their hearts, so at this moment, they did not attack each other.

Chapter 2363: Rescue begins

After Long Yin had decided, Li Tian in front of him was ready to go to the cave.

Don't forget, there are still Mary in the cave, as well as the poor fellows such as Count Roger, Ice Lady and Fire Lady, so Li Tian must go to rescue.

What about Long Yin?

At this moment, he glanced at the evil ***** over there, and suddenly said with a gloomy smile: "If this is the case, then I won't disturb you..."

"Hey, as for your waste man father, I will give it back to you! Hey, a waste man, for my Long Yin, it is too worthless to kill." The demon head Long Yin in front of him said these malicious After the words, he suddenly flew up, and then turned into a magical shadow, laughing wildly and flying towards the foot of the mountain.

Looking at the shadow of Long Yin leaving, Li Tian hated his blood!

He really wanted to kill that ***** Long Yin! Want it so so much!

But now, he must control his emotions, because some things are more important than killing Long Yin.

After that Long Yin disappeared, Li Tian hurriedly flew to the side of the evil god.

The current Cthulhu has been abolished... he has completely become a cripple.

His whole body skills were completely abolished by that ***** Long Yin, and now the Heretic God didn't even have any strength.

Looking at the heretical ***** whose whole body of skill was abolished, Li Tian cried out in pain, "Father, I'm sorry, I didn't protect you."

But what about that evil god? After a slight gasp, a kind smile appeared on his face, looking at Li Tiandao: "Silly boy, don't say that!"

"It should be said that I did not protect you..." Cthulhu sighed.

"For more than 20 years, for more than 20 years, as a father, I have never protected my own children... Hey, my father, Li Kua, will live in vain!" The evil ***** said as he was there. Lamented.

Li Tian in front of him heard the evil ***** say this, and said with comfort: "Father, don't say that. You couldn't help yourself back then."

Listening to Li Tian's consolation, the eyes of the evil ***** Ruju burst into tears.

He didn't know what to say at the moment, he was just excited!

Holding Li Tian's hand tightly, the Cthulhu said: "Child, no matter what, it's fine to see you for my father! Even if I die, my father Li Kua will have no regrets in this life."

"No, father, don't say that. Below the world, Li Tian swears that no one can hurt you anymore!" Li Tiandao.

Cthulhu smiled comfortedly, raised his hand and wiped his red eyes slightly.

"Child, what happened to you? Why did your whole body become this color?" The evil **** in front of him suddenly looked at that Li Tian and asked.

He saw that Li Tian was exuding terrible blood, and he didn't understand at the moment.

But what about Li Tian? Hearing his father's question, he also shook his head.

"Actually, I don't know... I only know that there seems to be an inexplicable force in my body that urges me... to make me stronger, stronger!"

"Oh, by the way, I don't know why in my chest, suddenly a blood-red evil character formed in the meridians." Li Tian told the truth to the evil god.

After Li Tian said this all of a sudden, Cthulhu suddenly frowned deeply.

"Sha?"

After the Cthulhu murmured this word, he stared at Li Tiandao in disbelief: "Tian'er, lift up your clothes for your father to see."

Li Tian nodded and agreed, then lifted his shirt.

As Li Tian lifted the placket on his chest, his bronze chest was exposed, but on Li Tian's chest, a blood-red and hideous "Sha" font appeared on Li Tian's body.

When the Cthulhu saw this weird "Sha" character, he was immediately stunned.

"Blood evil? Oh my God, is it really blood evil?" The Cthulhu screamed in shock after seeing it.

Then Li Tian was stunned and looked at the Cthulhu in front of him: "Father, what are you talking about? What is blood evil?" Of course Li Tian didn't know what happened.

I don't even know what the "Blood Fiend" in the evil god's mouth is,

But after saying that the evil **** only knew about Li Tian's "Blood Fiend", his brows furrowed deeply for a while.

"It seems that this is really a calamity... a calamity!"

Cthulhu groaned and sighed suddenly alone.

This situation makes Li Tian very puzzled, what is going on with him? What is the meaning of "blood evil" that my father just said?

Just when Li Tian wanted to ask, the Cthulhu in front of him suddenly raised his eyes and looked at Li Tian in front of him.

"Tian'er, don't ask! You only need to remember one thing..." Cthulhu said suddenly.

After the Cthulhu suddenly said this, Li Tian asked, "What's the matter?"

"When you return to China, remember to find your Master Wuji." The evil ***** in front of him suddenly said.

Li Tianyi heard, "Old Man Wuji?"

The evil ***** said: "Yes, it is him! He is father's master..."

"I am afraid that only the master understands your blood evil world... so you must go back and find him, let him tell you the mystery of the blood evil." Cthulhu said.

After hearing what Cthulhu said, although Li Tian was extremely suspicious, he did not ask too much.

He just nodded silently and said, "Well, father, I will listen to you."

"Well, very good." Cthulhu said.

"Remember, don't tell anyone about your blood evil." Cthulhu finally told Li Tiandao.

Li Tian nodded.

Just when the evil ***** was still talking with Li Tian, but seeing the red blood-like moon above the sky has become more and more bloody.

The whole land seemed to be stained with blood, looking weird and scary.

"The blood moon is getting closer." The evil ***** in front of him exclaimed.

Li Tian suddenly jumped up at this moment, looking at the weird scarlet moon, and said in horror: "Father, it seems that I have to stop the demons of the Gangaluo family."

After he finished speaking, he turned his head and looked at the direction of the earliest cave.

Cthulhu said: "Yes!"

"By the way, Dugu, Ghost Servant and Xiaolong were also caught in the cave by the vampires of the Gangaluo Family...After you enter, you must not save Dugu and Ghost Servant." Cthulhu reminded Li Tiandao.

When Li Tian heard that his brothers were also caught in the cave by the ***** Gangeluo family, his anger soared.

"Father, don't worry...Tonight, I will kill all the vampires of the Gangaro family!"

As Li Tian said so, his whole body was fierce!

The horrible blood began to surround his body.

"You go..." The Cthulhu finally faced Li Tiandao.

Li Tian looked at the evil ***** and said, "But, what do you do, father?" Li Tian couldn't let go of the evil ***** now!

But seeing that evil ***** smiled bitterly: "I'll be fine."

"Just do your thing and rescue those who should be saved... As for being the father and me, you don't have to worry!" Cthulhu said.

Listening to the evil ***** saying this, Li Tian felt a little pain in his heart, but he must listen to the evil god's words now!

Chapter 2364: The killing begins

Because if it is delayed, then the time will be really late!

So after thinking about it, Li Tian could only look at his father and said: "Father, then I will save Dugu and Xiaolong first... You stay here again. After I save them, I will find you soon."

After Li Tian said so, the evil ***** in front of him nodded.

"Go, go quickly." Cthulhu urged.

In this way, Li Tian slowly stood up.

He glanced at his father, and finally left reluctantly.

But seeing Li Tian's body stretched, his body turned into a ***** rainbow, and then flew towards the cave where the Gangelo family vampire stayed at the speed of light.

The Cthulhu looked at Li Tian's flying away blood shadow, suddenly raised his head and sighed slightly at the boundless sky.

"Why does God want Tian'er to become the fiercest life of blood evil among evil stars?"

"Is it destined to end my Li Family?" strange words came out of the evil god's mouth.

After speaking out, his face became so ugly, and then the whole person plopped on the hard rock wall, his eyes filled with pain...

No one knows what the evil god's words mean! I don't know why he has become so depressed at the moment.

...

What about Li Tian?

At this moment, I was extremely worried about Mary, Earl Roger and his brothers.

Since he became "Blood Fiend", he has ignored the Mary and Earl Roger and the others. I really don't know, what would happen if they were locked in that cave?

By the way, there is that damned corpse king Uris!

That bastard, I don't know what method he would use to deal with Mary and others in front of him.

Thinking of this in his heart, Li Tian quickened his figure, and saw his body wrapped in a mass of ***** light swishing toward the direction of the stone cave extremely quickly.

He must hurry to rescue Mary and Earl Roger and them.

Li Tian's speed was very fast, and he could almost only see a ***** light flashing from the sky!

With a blink of an eye, I saw that Li Tian had already reached the cave.

But I saw that the cave had been tightly sealed.

The location of the cave entrance was blocked by a huge bluestone, and it seemed impossible to enter.

Looking at the stone cave in front of him, Li Tian frowned slightly, and his heart was secretly lined: Remember when this stone cave was not sealed? Why would it be blocked now?

Thinking of this in his heart, Li Tian glanced at the huge stone wall with cold eyes.

Then slowly raised his right hand, a group of ferocious blood gathered from Li Tian's right hand, and then Li Tian violently slammed his palm towards the huge rock wall!

The terrifying blood and energy brought Li Tian's strong energy to directly hit the rock wall, but after hearing a loud bang... the extremely hard rock wall directly heard a "click" sound.

Then I saw Li Tian slowly retracted his right palm and looked at the giant rock wall with his cold and terrifying eyes.

But seeing the hard rock wall intact, after Li Tian's palm, cracks suddenly appeared on the rock wall, and then the entire huge rock wall banged, and it was all shattered.

With just one palm, Li Tian easily smashed the giant rock in front of him.

At the moment of crushing, a dark stone hole appeared in Li Tian's eyes.

Li Tian patted the dust on his hands slightly, and then walked step by step towards the cave.

The moment I stepped into this cave, a violent stench suddenly rushed towards him. The stench was so unpleasant and disgusting!

Li Tian felt a familiar breath upon hearing it. He knew that this smell was the breath of the ugliest Heiyi tribe vampire among the blood...

At this moment, after walking into this cave slightly, Li Tian felt strong hostility.

In the dark surroundings, endless roaring sounds emerged. As Li Tian entered the stone cave, those terrible roars got closer and closer, and the faint light of light could see a pair of bloodthirsty and ugly eyes in the dark. Staring at him tightly there.

Heiyi!

It is indeed a vampire of the Heiyi tribe.

These huge numbers of Heiyi tribe vampires were sent by Uris, the corpse king of the Gangaro family, to guard the cave entrance... But now Li Tian has broken in. It seems that Li Tian has to face such a huge number. The Heiyi tribe vampire.

I saw that the ugly vampires of the Heiyi tribe in the darkness had slowly emerged.

One by one, they raised their bloodthirsty eyes, bared their fangs there, and then stared at Li Tian.

The limbs squeaked on the ground, his mouth roared and faced Li Tian.

Li Tian glanced at these ugly and hideous vampires of the Heiyi tribe, and suddenly shouted angrily: "Do you ugly monsters want to stop me?"

The moment the cold shout sounded from Li Tian's mouth, those Heiyi tribe vampires roared in their mouths, as if they were responding to Li Tian's words.

It's a pity that Li Tian couldn't understand the words of these vampires of the Heiyi tribe.

"Well, since you are looking for death, I, Li Tian, will bloodbath here today."

The words roared out, and Li Tian suddenly swelled in blood and energy, and his whole body became violent and abnormal in an instant.

And those ugly vampires of the Heiyi tribe? At this moment, they also rushed towards Li Tian without fear of death.

The crowded members of the Heiyi tribe rushed in like this, like a flood, turbulent and terrifying.

But Li Tian is not afraid, he will bloodbath here today.

Therefore, he is going to kill.

With both palms stretched out, the air of blood shadow burst out from the palm of the palm, and the energy of tearing air echoed in the air.

Hiss!

The vampires of the Heiyi tribe only saw endless blood rushing forward, and they hadn't noticed what was going on yet, but their bodies began to crack.

Puff puff!

One by one, the body of the Heiyi clan vampire shattered like an explosion.

The disgusting smell intertwined with black blood began to echo violently in the air.

In the space, the air of death is permeating.

The terrible cry of the Heiyi people sounded one after another.

Li Tian was killing frantically.

His hands were stained with the blood of Heiyi tribe vampires, and Li Tian, who had transformed into a blood evil, yearned for cruel killing. At the moment, these Heiyi tribe vampires are completely like fish on the pallet to him. He slaughtered.

What about the vampires of the Heiyi tribe?

Although they died a lot, they were still there.

There were already a huge number of them, and at this moment one by one crawled from the stone wall towards Li Tian.

Li Tian let out a loud shout, and used the Ten Jue Sword Qi, and the ten Jue Sword Qi is the Qi slave sword. It can be said that it can play a huge role in this small stone cave.

Chapter 2365: Enchantment seal

The sword aura was filled, and the screams suddenly sounded.

In the space, the vampires of the Heiyi tribe were chopped into pieces by ruthless sword aura, and their flesh and blood flew across.

It was full of blood and the stench of corpses.

The vampires of the Heiyi tribe have been piled up like a mountain, and the fragmented limbs of the vampires of the Heiyi tribe can be seen everywhere in the entire aisle.

But what about Li Tian? The whole body was stained with blood, and his hands, clothes, and legs were covered with the flesh and blood of the Heiyi tribe vampire everywhere.

Too cruel.

Too ruthless.

Li Tian was killing like that.

Those Heiyi people who killed were afraid.

...

Endless slaughter is going on on the periphery of this cave, but where is it inside?

I saw the dense black knights of the Gangelo family standing there at the altar. At this moment, the altar had been activated, and the fire around the altar was shining on the cave.

In the bright cave, every black knight of the Gangaluo family looked at the altar with endless respect on his face.

I saw the corpse king Uris standing in the middle of the altar, and his left and right were Antonio, and Berwick.

"The blood moon is here!"

"Our great master is about to be resurrected tonight." Zombie King Uris whispered from his mouth.

As he said this, the surrounding black knights of the Gangaluo family were all there clamoring: Master resurrected, master resurrected.

The mighty voice filled the entire cave.

Amid their shouts, the corpse king Uris suddenly flew up and flew towards the highest place of the altar.

Berwick in front of him and Antonio Breath of Death followed closely behind them, and the two of them flew up immediately afterwards.

The top of the altar pierced the top of the cave.

And what about the cave? It had already been broken by the corpse king Uris, and saw the **** moonlight shining in along the broken place.

It just so happened that all the **** moonlight shone on the bronze coffin that exuded endless evil.

I don't know why, when the light of the blood moon shines on this ancient coffin that has been preserved for thousands of years, this coffin exudes a very weird aura fiercely.

But seeing, after the light of the blood moon shone on this coffin, the corpse king Uris in front of him showed a weird smile.

"Berik, take out the key of destiny... we are going to open the immortal coffin." A word came out of the mouth of the corpse king Uris.

After the corpse king Uris in front of him said so, Naberik nodded quickly and said: "Yes, elder!"

Then he took out a purple-black noble box from one side.

It must be the "Key of Destiny" in this purple-black box.

After Berwick took out the purple-black box, he handed it to the corpse king Uris in front of him.

"Elder, here." Berwick said while passing it.

The corpse king Uris in front of him stretched out his thin hands, and then slowly took over the noble box.

After taking it over, he slowly went to open the box.

Skeleton fingers fiddled with the lid of the box, and then opened the purple-black box. At the moment it was opened, a simple western key appeared in the box.

The key of destiny!

This was the key of fate that was unintentionally taken away by the Cthulhu that year, and it was unexpected that it fell into the hands of the corpse king Uris.

After the key of fate appeared, the corpse king Uris in front of him raised the fingers of the skeleton and slowly held the key of fate in his hand. He smiled evilly, and then glanced at the immortal coffin beside him.

Now, he will use this key of fate to open this immortal coffin.

Just as the corpse king Uris in front of him was about to open the immortal coffin sealed with the devil with the key of fate in his hand, a sudden cry of shock came from below.

"Scorpion King, do you really want to open the immortal coffin? Are you not afraid of bad luck?" The voice came from below.

Look carefully, it was Count Roger who was in the iron prison who called out.

It turns out that in the legend of the blood family, opening the immortal coffin can release the ancient demon, but there will also be terrible bad luck.

Therefore, after the Earl Roger of the Torrido family yelled out, the corpse king Uris in front of him suddenly stopped his movements.

Then he turned his ugly face and looked coldly at the Count Roger who was in the iron prison.

"Roger, you should take care of your own life! Nothing else, you don't have to worry about it." The Corpse King sneered.

Count Roger shouted there: "The King Corpse, if you open the immortal coffin, you will regret it...you will definitely be condemned by the heavens."

The corpse king did not even pay attention to the clamoring Count Roger, but slowly walked towards the immortal coffin.

After reaching the immortal coffin, he picked up the key of fate in his hand and inserted it into the ancient key.

With the insertion of the key of destiny, all the vampires of the Gangelo family widened their pupils and looked at the immortal coffin that exuded evil.

Even Mary, Earl Roger and others who were imprisoned in the iron prison not only looked up at the immortal coffin.

I saw that after the key was inserted into the immortal coffin, with a click, the key fruit on the immortal coffin was really opened.

With the crisp sound of life, Earl Roger, Mary, Fire Girl and Ice Girl were all dumbfounded.

My God, the devil is about to be born!

It is said that the ancestor of the Gangaro family is really going to be born!

After the corpse king Uris opened the immortal coffin, he slowly raised his hands and then went to uncover the coffin lid of the bronze coffin!

Just as the corpse king Uris was about to uncover the lid of the coffin, a layer of golden seal appeared on the bronze coffin, and then the golden seal suddenly exuded the power of the vast world, directly squeezing the hands of the corpse king Stinging...

The corpse king screamed, and then he retreated suddenly!

"Elder, are you okay?" Berwick in front of him saw that the corpse king was shaken back by the golden seal, and he quickly came up and asked with concern.

But seeing the corpse king Uris' whole body trembling slightly, especially those two hands shaking with pain.

"I... it's okay!" Zombie Wang Qiang resisted the terrifying tingling from the palm of his hand and snorted there.

Then raised his ugly eyes and looked at the golden seal appearing on the immortal coffin!

"Hey, this seal... is it the barrier seal set up by the blood elders of the Twelve Clan back then?" A weird word came from the mouth of the corpse king Uris.

Chapter 2366: Slaughter (1)

Enchantment seal?

Everyone in the blood clan knows that this seal is the most powerful seal.

Legend has it that this enchantment seal can only be displayed by the vampire-level characters of the ancients. Once the enchantment seal appears, no one will be able to open this seal between heaven and earth.

And now, this enchantment seal really appeared!

To be honest, none of the vampires present, whether it was the vampire of the Gangelo family, the vampire of the Torrido family, or the vampire of the Brun family, had never really seen the enchantment seal!

They only saw the legendary story about the enchantment seal in the ancient books of the blood race. They did not expect that they actually saw the legendary "enchantment seal" with their own eyes today.

Looking at the barrier seal in front of him, Uris, the corpse king in front of him, showed a terrifying gaze.

"Elder, this is the barrier seal that forbids our master?" Berwick looked at the golden seal in front of him in surprise.

The corpse king Yuris nodded with an ugly expression.

"Yes."

"In the legend, the master of the Twelve Clan used this seal... to seal our master."

As the corpse king said so, everyone raised their eyes and looked at the weird golden seal.

However, the enchantment seal of Difficulty is entirely on the bronze pipe, forming a giant net, and this net-like golden seal cannot be approached by anyone!

The corpse king just now, if it hadn't pulled out his hand quickly, I am afraid that his skeleton hands would be abolished in a while.

"Elder Corpse King, what should we do now? How do we lift this seal?" Belek looked at the barrier seal in front of him.

But seeing that the corpse king was silent for a while, he said: "Don't worry, legend, the blood moon can open this seal."

"I hope the blood moon tonight can open the thousand-year seal."

After the corpse king Uris finished speaking, everyone looked up at the blood moon.

I saw that the blood moon was getting redder... the blood-red light shone from the sky, and then shining on the seal on the coffin.

After the **** moonlight shone on the barrier seal, the golden barrier seal began to undergo weird changes. The change was that the golden light shone.

Looking at the shining golden light, the corpse king Uris, Berwick, and the surrounding vampires of the Gangelo family were watching with wide eyes.

They all want to see if the blood moon tonight can really unlock the legendary barrier seal.

Just when the corpse king Uris, Berwick beside him, and the vampires were all staring at the "enchantment seal" with golden light, a scream of exclamation suddenly came from behind.

"Elder Corpse King... Elder Corpse King... It's not good! Something big happened." A panicked voice came, but a black knight from the Gangaluo family came running from a distance with a panic face.

The corpse king Uris, Berwick and Antonio beside him were concerned about the barrier seal on the altar.

At this moment, I heard the scream from behind, but saw that the corpse king's face was full of anger and turned around the extremely terrifying face.

"Asshole, what are you talking about?" The Corpse King yelled at the panicked guy and asked.

Accompanied by the voice of the corpse king Uris, the black knight of the Gangelo family who ran in quickly knelt to the ground with a thump of legs.

"Report to the King of Corpse that someone has broken into the cave..." he said, panting violently.

what? Someone broke in?

After hearing the news suddenly, the face of the corpse king Uriston in front of him became extremely ugly, and even Berwick and Antonio, who was beside him, with the breath of death, instantly became savage.

"What nonsense are you talking about? Who broke in? But seeing the corpse king Uris in front of you burst out.

The subordinate quickly replied, "Yes...yes...it's the Asian boy...he killed him..."

"Moreover, the vampires of the Black Yap clan can't resist it anymore," said the black knight of the Gangelo family who was kneeling on the ground.

Hearing this guy in front of him said so, the corpse king was taken aback.

"Li Tian? Could it be that kid with the surname Li?" After knowing that it was Li Tian, the king of the dead roared with endless anger on his face.

Berwick and Antonio were also slightly startled.

None of them expected that Li Tian would actually enter this cave at this moment.

"Yes, that's the **** Asian boy." The black knight of the Gangaro family knelt on the ground and said.

When the corpse king heard it, he was furious.

"Bastard! Damn bastard! I want to kill him! I must kill him." He roared there.

But the corpse king changed his mind. Today, he absolutely can't mess around, because today is the day to resurrect the ancient master of their Gangaluo family! So even if the corpse king in front of him is angry, he still has to control his emotions.

I thought of this in my mind, but seeing the corpse king took a deep breath and looked at the black knight who was kneeling under the altar and said, "That kid named Li, where is it now?"

The black knight replied; "We have almost broken the barrier of the vampires of the Heiyi clan."

"Heiyi blood clan, it's just a bunch of waste!" When he heard that Heiyi clan could not stop Li Tian at all, the corpse king cursed.

After the corpse king finished speaking, he suddenly raised his head and said, "Which one of you will send someone to stop the **** surname Li Xiaozhi? If you can prevent the master from resurrecting, my corpse king will definitely reward him. ."

After the corpse king said so, the surrounding black knights bowed their heads one by one.

Dare not? Or what's going on?

Why are all silent?

Even the Berwick and Antonio standing next to the corpse king bowed their heads at this moment, as if they hadn't heard.

Don't even the two of them dare to stop Li Tian?

Yes!

Don't forget, that Li Tian personally broke a blood wing of the corpse king Uris in this cave! All the Gangaro vampires who were present at that time had seen it with their own eyes!

Of course they dare not stop Li Tian, whoever stops Li Tian will of course die.

Including Berwick and Antonio, Breath of Death.

The corpse king Uris looked at the family members with their heads down and couldn't help snarling.

"Trash, it's all a bunch of **** trash...Are you all afraid of that kid named Li?" The corpse king yelled.

But no matter how the corpse king roared, the black knights under him were still bowing their heads one by one, and no one wanted to be the first bird to come out.

Chapter 2367: Slaughter (2)

At this moment, the corpse king in front of him suddenly placed his angry eyes on Berwick and Antonio beside him.

"Berrick, Antonio." A cold drink yelled from the corpse king's mouth.

After hearing the roar of the corpse king, Berwick and Antonio, who were standing next to him, quickly took a step forward, then raised their faces and said, "Elder.

"Why did you two lower your heads too? Are you even afraid of the kid named Li?" The Corpse King glared at Berwick and Antonio in front of him with murderous eyes.

A terrifying killing intent appeared all over his body, as if Berwick and Antonio would be killed on the spot if they didn't pay attention.

Of course, Naberik and Antonio are not fools. At this moment, they have already felt the terrible killing intent from the corpse king Uris, but seeing the two hurriedly said there; "No, no, elder, we are not I'm afraid of the kid surnamed Li, but we want to accompany the elders and wait for our master's resurrection." The two murmured there.

Hearing Berwick and Antonio say so, but seeing a grim sneer from the corner of the corpse king's mouth: "No need."

When the corpse king Uris said so, Berwick and Antonio suddenly felt a little in their hearts.

"Berrick, Antonio..." The Corpse King suddenly called out the names of the two again.

Naberik still has the breath of death, Antonio suddenly whispered there, "Subordinates are here."

"Now I order you two to take 40 black knights to stop the **** Asian boy..." A word came out of the corpse king Yuris's mouth.

The corpse king knew Li Tian's strength in his heart, so Naberik and Antonio brought more than 40 black knights.

After hearing the command from the corpse king Uris, Naberik and Antonio were all ashamed.

Seeing that the two of them were not talking, the king of the dead snorted: "Why don't you two talk? Are you trying to disobey my orders?"

After the corpse king finished speaking, he suddenly raised his bloodthirsty pupils and looked coldly at Berwick and Antonio in front of him.

But seeing that Berwick and Antonio looked at the corpse king's bloodthirsty pupils, they couldn't help but step back because of fear.

"The subordinate dare not, the subordinate will lead someone to stop the **** Asian boy!" Berwick and Antonio said there.

After the two of them finished speaking, their bodies flew off the altar at the same time. After flying down, they saw the vampires of the Gangelo family around and said: "You come with me... "

Accompanied by Berwick and Antonio said this, but seeing the forty black knights of the Gangelo family around him, they followed Berwick and Antonio and quickly ran towards the cave entrance.

The corpse king Uris in front of him looked at Naberik and Antonio's leaving figure, muttering in his mouth, "I hope you can stop the boy named Li..."

After the corpse king said so, the eyes of Mary, Earl Roger, and others who were imprisoned in the iron prison suddenly widened.

"Li Tian is here?"

"Is it true that Li Tian came back to save us?" The Fire Girl in front of her said happily.

The ice girl beside her and Mary also showed infinite excitement on their faces.

But Count Roger, who was on the sidelines, said there, "It should be!"

"Li Tian must be here."

Where are Duguxie and ghost servants here? At the moment when they heard Li Tian appear, both of them were speechless with excitement.

"Young Master, Young Master finally appeared?"

Duguxie and the ghost servants have been following the evil ***** to search for Li Tian, they have been in Italy for so long, so they have been searching for that Li Tian. Unexpectedly, they finally found it this time.

"Second brother, the young master is here, the young master is here to save us." The ghost servant said excitedly there.

Mary, Earl Roger, and the Dugu evil ghost servant who were being held in the iron prison were filled with speechless excitement and excitement.

They are all looking forward to the arrival of Li Tian.

But what about Li Tian?

At the entrance of the cave, the corpses were filled with blood and blood.

The entire entrance of the cave had all been piled up with decomposing corpses, but it was seen that these corpses were all fragmented corpses of the Black Vampire.

They die too much.

The corpses were almost piled up into hills, where the fragmented corpses looked scary.

But Li Tian was still killing frantically, and the Heiyi clan vampires who died under him couldn't help screaming again and again.

To be honest, even Li Tian himself has forgotten how many **** Heiyi vampires he killed... He only knows that killing, infinite killing, every Heiyi vampire who rushes over can hardly escape his vicious hands. .

The Heiyi vampires here were already terrified and horrified, and the remaining dozens of Heiyi vampires no longer dared to rush.

Every vampire of the Heiyi clan stared at Li Tian, who was covered in blood, with horrified eyes. They roared in their mouths, and they never dared to fight again.

In the end, after Li Tian tore a huge Heiyi tribe vampire in half with both hands, the corpse was thrown into the air, and black blood was spilled over the sky.

Looking at the dead body of the Heiyi tribe, those ugly vampires suddenly screamed and ran away from the side like crazy!

They no longer dared to fight Li Tian, and no longer dared to stop Li Tian at this moment.

No way, Li Tian was too fierce and the killing was too heavy.

Looking at the dozens of Heiyi vampires who eventually escaped, Li Tian didn't chase them again, nor did he look at them.

He knew in his heart that these ugly vampires of the Heiyi tribe had already been killed by himself, and that they had lost any courage to fight... Presumably in the next hundred years, these few remaining Heiyi tribe vampires will take Li Tian to look at the sky as the biggest demon in the world.

The smell of death permeated the space, the ground and walls were full of bloodstains left by the vampires of the Heiyi tribe.

Li Tian slightly wiped the foul blood stains sputtered on his face, and then, without even looking at the corpse of the Heiyi clan vampire he had killed, he continued to walk towards the cave.

He is going to save Mary, Roger, Dugu, and the ghost servants, and he also wants to prevent the resurrection of the strongest ancient of the Gangaro family.

Just as Li Tian was walking towards the stone cave step by step, a hissing wind suddenly came from the place in front.

As soon as he heard the voice, Li Tian knew that there was a backup.

Chapter 2368: Slaughter (3)

It must be the vampire of the Gangaro family once again to stop him from coming.

Li Tian stopped and stared at the cave in front with his cold and scary eyes, waiting for someone to come.

Tonight, no one can stop Li Tian's footsteps.

He wants to see the gods kill the gods, meet the demons and slaughter them.

So he is waiting here, waiting to see who is going to die.

As the sound of the strong wind approached, soon a team of Gangelo family black knights wearing black cloaks and hideous masks appeared.

And the front place was still Berwick who came and Antonio, Breath of Death.

Li Tian watched them standing there motionless, his whole body filled with blood, terrifying and suffocating.

But what about Berwick and Antonio who came here?

Of course they all saw Li Tian at this moment.

"The kid surnamed Li..."

"He's here."

With the voice coming, I saw Naberik and Antonio and his Gangelo family vampires began to surround Li Tian.

Li Tian didn't make any movements, just stood there as cold as a rock.

After the black knights of the Gangelo family and Berwick Antonio arrived, they only saw Li Tian standing there alone covered in blood.

And what about the vampires of the Heiyi tribe who had been sent to guard the cave entrance before?

Why are all missing?

Berwick and Antonio raised their eyes suspiciously and stared at the surroundings, but there was no member of the vampire of the Black Yap clan.

Something is wrong!

We must know that there were more than 300 people in the Heiyi tribe before, and it is impossible for them all to disappear!

Thinking of this in my heart, I saw Berwick coldly looking at Li Tiandao who was covered in blood in front of him and said: "The kid surnamed Li, you really have a kind, how dare you come here to die?"

Li Tian lifted Sen Han's pupils and glanced at the talking Berwick.

A terrifying fear was passed directly towards Na Beirik, Beirik's pale face was startled, and he felt a terrible killing intent...

"The kid surnamed Li, let me ask you, where are the Heiyi vampires we sent? Where are they?" Suddenly Antonio over there couldn't help but finally asked.

Accompanied by that Antonio's voice, Li Tian suddenly raised his face coldly, and then spit out the words coldly in his mouth.

"Dead." The answer was direct and straightforward, making people feel chills.

When Li Tian in front of him was spitting out the cold words, that Berwick, Antonio, and the more than forty Gangelo family vampires they had brought with them started screaming when Li Tian said this.

"What? You... guy...what did you say?"

"Heiyi people are all dead?"

All the vampires of the Gangelo family in front of them were stunned.

Oh my god, those are hundreds of vampires from the Hei Ya clan!

How could they be all killed by Li Tian in front of them in an instant?

true or false?

"No, it's impossible! There are three or four hundred members of the Heiyi Clan... How can you... how can you kill to death by your own strength?" There was a timid voice in the voice of Antonio in front of him. Tao.

Berwick next to him also roared there and said, "Yes, you **** is lying..."

Li Tian looked at Antonio and Berwick coldly and said, "You don't believe it?"

"Then you see for yourself."

After speaking, Li Tian suddenly stood to the side, then raised his right hand, and a blood-red light flashed behind him.

As the blood-red light flashed, the stone cave behind Li Tian was instantly illuminated.

Also when the **** light was shining, a terrifying scene completely appeared in the eyes of Beirik and Antonio Li Tian.

Shocked, horrified.

Who can imagine that there are hundreds of **** corpses piled up ten meters behind Li Tian...

Through the faint blood-colored light, Berwick saw clearly that the dead bodies were the limbs of the vampires of the Heiyi tribe.

All dead?

Could it be that all the vampires of the Heiyi tribe were actually killed by Li Tian?

An unimaginable feeling of horror and shock surged from the hearts of Berwick and Antonio.

The two felt their scalp numb for a while, and the fear and fear that had never happened before surged from deep in their hearts.

"You...you...you...really killed all of the Heiyi clan's...?" Berwick asked in shock.

An "evil" cold smile appeared at the corner of Li Tian's mouth, and he nodded slowly there.

"Whoever blocks me today will have to die!"

The vicious words came out of Li Tian's mouth.

Listening to Li Tian's words, Berwick and Antonio couldn't help taking a step back. What about the black knights of the Gangelo family behind them? They are also scared.

Among the blood clan, everyone knows that the black knights of the Gangaluo family are brave and good at fighting, extremely powerful, and fearless of anything! But now after seeing what Li Tian had done, they were all shocked, and they were all scared.

Li Tian suddenly took a step forward. Li Tian, who was covered in blood and light, cast a cold look at Berwick and Antonio.

"What about you? Do you want to die? Or do you want to live? If you want to die, stop me, if you want to live, just get out of me!!!" A cold, suffocating voice came out of Li Tian's mouth.

After speaking out, the two of Berwick and Antonio were dumbfounded, you look at me, I look at you... Both of them have extremely embarrassed expressions on their faces.

To be honest, they were completely softened by Li Tian!

Invisible fear has penetrated their bodies, but do they dare not fight? Dare to let Li Tian go? If Li Tian were really let go, would the corpse king let them go?

The cruel corpse king is what they fear!

So at this time, Berwick and Antonio were dumbfounded, and no one knew what to do at the moment.

Li Tian looked at Berwick and Antonio standing there indifferently, and shouted angrily: "It seems that you are really going to die today!"

"Since you want to die, then I, Li Tian, will fulfill you... Anyway, you **** vampires are inhumane. Killing one is killing, killing 10,000 is killing... Today, I will bloodbath you." Angrily yelled from Li Tian's mouth.

The moment Li Tian called out, Naberik suddenly gritted his teeth and stared at Li Tian fiercely.

"Damn boy, do you think we are afraid of you?"

"Members of the Gangelo family, today, we are fighting this kid for the honor of our family... let him know how powerful our Gangelo family is."

Chapter 2369: Slaughter (4)

Finally, Berwick made a decision unbearably. .

Since war is dead, if not war or die! Then it is better to fight to the death for the honor of the family! That's what Berwick thought in his mind.

What's more, there are more than forty black knights who are brave and good at fighting, and there is an Antonio beside them. In general, their winning rate is a bit higher, so Naberik made this decision.

When he roared out, the black knights also clamored.

"Kill him! Kill that **** kid."

Their passion was all ignited.

It seems that they all want to kill Li Tian alive.

But they didn't know, they shouted like this, but they just angered Li Tian at this moment.

At this moment, Li Tian saw these unwilling members of the Gangaluo family yelling fiercely at him one by one, immediately bursting out, and a burst of unparalleled blood and evil aura suddenly filled his body.

The terrifying blood made the whole cave tremble.

"Kill!" The black knights of the Gangaluo family saw Li Tian's whole body become terrible, and couldn't help it anymore and rushed over.

I saw 56 black knights rushing up first, and those 56 black knights had long spears in their hands and sharp blades, and they slashed at Li Tian fatally.

Just as they swooped over, and the weapon in his hand was attacking Li Tian, Li Tian suddenly showed a vicious and cruel smile.

Then his hands suddenly lifted, two powerful blood cells accumulated in his hands slowly appeared in his palm, and then he shouted "Broken!"

The blood ball that appeared in the palm of his hand suddenly shot at the black knights who charged at an extremely terrifying speed.

The 56 black knights only saw a blood-colored ball hitting them, and had not had time to evade, but saw those blood-red vigorous **** suddenly reach them, and then the whole burst open.

There was a boom.

The terrible blood exploded, and the vast force directly blasted the 56 black knights who rushed over to pieces, and their limbs flew across.

died.

With one move, all the 56 black knights of the Gangaluo family were smashed into pieces, and even the corpses were not even one piece.

Berwick and Antonio in front of them were not only dumbfounded when they saw that Li Tian's skill was so powerful.

"Oh my God, this guy... is he still... or... human?"

"He's a monster... a demon..." Antonio said with wide eyes.

And Berwick? Turning his head to look at the family black knights beside him, but seeing those black knights all seeing their comrades go up, they couldn't help but step back in fear when they were killed like this because they couldn't catch a move.

"Asshole, punch me... don't be afraid, kill that kid..."

Berwick certainly does not allow the members of his family to retreat!

He suddenly grabbed the two black knights backing with both hands, then shouted angrily, then pushed the two towards Li Tian.

The two poor black knights swooped in front of Li Tian like this. Li Tian appeared with both hands, holding the head of a black knight with one hand, and then Zizi's voice came from Li Tian's palm. .

With the force of his grasping with both hands, the two black knights whose heads were pinched by him suddenly shed terrifying blood from the top of their heads... Then Li Tian pressed his claws, and with a click, he directly slammed the heads of the two poor black knights. It was twisted.

The remaining two headless corpses trembled, and then fell to the ground with a plop.

died.

He was killed by Li Tian again.

These vampires of the Gangelo family were completely like ants in front of Li Tian.

When seeing the two black knights being killed by Li Tian again, Berwick panicked.

He changed hands and prepared to catch the black knight beside him again, but the black knights all backed up... Obviously, the black knights were not stupid fools, and they would not go up and die again.

When Berwick saw that the black knights didn't listen to him at all, he immediately roared: "You craving for life and fear of death...you don't deserve to be a member of the Gangelo family."

"I want to tell Elder Corpse King and grant you a death." Berwick roared.

But seeing the black knights of the Gangelo family who were retreating, they suddenly said: "Earl Berwick, we are not greedy for life and death, let alone waste, we just can't understand what you do!"

"You didn't dare to rush yourself, so you let us die... Do you think we are all fools?" The black knights of the Gangaluo family gathered together and said to Naberik.

"Today, we, the Black Knight, will leave your leadership...We will not follow you anymore."

"Yes, we won't follow him, we won't follow the corpse king anymore."

"Go, let's leave here... we won't die here for nothing."

...

These vampires of the Gangaro family suddenly started fighting.

No one wants to die! And the death is so cruel, including these vampires of the Gangelo family.

Especially, when they saw that Berwick was not on his own and let the innocent black knights under their hands to die, these black knights finally resisted.

Hearing these black knights resisted, Berwick was stunned. He never expected that things would change like this.

"Damn things, you are all looking for death."

"I am going to kill you."

Berwick roared and was ready to attack the black knights.

But seeing those more than 30 black knights is also a little scared, after all, that Berwick is the most powerful earl of the Corpse King! I saw that they all retreated backwards unanimously, and the weapons they were holding were aimed at Berwick in front of them.

But he said that when the angry Berwick was about to do something, Antonio who was beside him suddenly grabbed him.

"Berek, don't do anything stupid! Now, what we have to deal with is this **** kid." Antonio grabbed the angry Berwick and said.

After the angry red-eyed Berwick was pulled by Antonio, he glared fiercely at the black knights of the Gangaro family, and said, "I will let you go to death-threatening waste...waiting for us to solve it. I'll settle the account with you again after this kid."

Berwick in front of him said, turning his face angrily, and then vented all his anger on Li Tian.

Now, only Berwick and Antonio are left to stop Li Tian.

As for the black knights of the Gangelo family, they don't help Berwick fight anymore, because they know that no matter what, it is a dead end.

Chapter 2370: Slaughter (5)

At this moment, Li Tian coldly glanced at Berwick and Antonio in front of him.

"Do you two want to stop me?" Li Tian suddenly said with a sneer looking at Beirik and Antonio.

Antonio shouted: "Boy, don't be crazy, we two are enough."

"Hmph, do you think you can really pass this level of the two of us?" Antonio said.

But seeing Li Tian suddenly looked up to the sky and laughed.

"Since you want to die, then I will fulfill you."

Then Antonio saw Li Tian preparing to attack, and said to Berwick, "Berwick, you are from the left and I am from the right. I believe that the strength of the two of us will be able to delay this **** kid."

"Once we hold him, Elder Corpse King will definitely resurrect our ancient master. After the master is resurrected, this damned kid will die without a place to bury him." Antonio in front of him said to Naberik.

Antonio is more treacherous. It turns out that he was going to delay Li Tian with Berwick.

After he said so, Naberik nodded quickly and said: "Okay!"

Then he flew around and attacked Li Tian from the left.

And Antonio? At this moment, his body flew up and down, accompanied by his body flying up, his whole body of death aura immediately surrounded his body, and then all the death aura shot from the air, straight towards that Li Tian.

Li Tian faced the attack of two terrible vampires, unmoved at all, just stood there coldly.

After seeing the two attacking quickly, Li Tian's body suddenly moved.

The speed was incredible, and even Berwick and Antonio could not see clearly.

After a swish, he disappeared from the sight of Naberik and Antonio.

The two attacked Li Tian with a sudden blow, but as soon as the blood shadow flickered, the figure of Li Tian suddenly disappeared, which made the two of them suddenly stunned.

The two rushed for nothing, and stood there.

"What about people?"

"What about that **** kid? Why is there no one in a flash?" But seeing Berwick and Antonio there was horrified.

Just when the two were extremely surprised, suddenly a voice came from behind them: "Are you looking for me?"

With the voice coming from behind Berwick and Antonio, the two of them were shocked, and their complexions changed drastically at the moment.

Then the two hurriedly turned their heads, and at the moment when the two of them turned their heads, the palms of Li Tian behind them surged, and a **** hostility spread from both of them.

Then the terrible hostility directly hit Naberik and Antonio's body.

The turbulent energy, although it hasn't reached Antonio and Berwick's body, but the terrifying aura has already rushed to the two.

I saw that when the air tearing energy hit the two of them, the hissing wind directly made their faces aching.

"Go away! Dodge..." Antonio saw the fatal part of Li Tian's palm, and couldn't help but slurp.

He yelled out, but saw that Antonio had exerted all his abilities, and then dodged Li Tian's terrifying blow in a panic.

And what about Berwick? After hearing Antonio's reminder, he quickly dodged.

After Antonio and Berwick dodge in this way, there was a loud bang, but Li Tian's two vital powers hit the cold rocky ground...

After the icy rocky ground withstood Li Tianganglie's **** palms, the entire ground was hit to reveal a pit more than one meter wide!

Antonio and Berwick looked dumbfounded at the pit that was shot out.

Good deed, what a terrifying force is this?

After Antonio and Berwick saw the pit, both of them were chilling.

"Damn boy...we're fighting with you today!" Berwick couldn't bear the anger in his heart, screamed, his body turned into an afterimage!

He used his own unique knowledge, Phantom Blood Sovereign.

The so-called Phantom Blood Sovereign is that the whole body is transformed into a few true and false afterimages, and then these afterimages will attack Li Tian like the entity.

In the previous battle against the evil god, this Berwick had used this trick.

At that time, the true and false remnants caused Cthulhu's headache... but in the end the Cthulhu found his true body, and this time, this time, Berwick once again showed the Phantom Blood Sovereign, but I don't know if Li Tian can win him This trick.

However, at the moment the Phantom Blood Sovereign was on display, Berwick's body transformed into 5 different shadows. These 5 shadows were exactly the same as his own. It was completely invisible to attack Li Tian from different directions. .

At first glance, Li Tian realized that this guy could change into 5 different figures to attack him.

At the moment, he backed away with a cold shout, avoiding the attacks of the 5 true and false figures.

Who knows that Berwick saw that he was gaining momentum, and immediately pursued Li Tianqong again.

When the five figures attacked Li Tian this time, Li Tian was angry. He didn't avoid it anymore. He burst into a loud shout, and his whole body turned into a cloud of blood. Suddenly there was a roar, and the body immersed in the blood mist suddenly Shoot 5 figures at Naberik like a ghost.

Berwick was taken aback for a moment, but hadn't figured out what was going on.

But seeing that all his five figures were entangled in Li Tian's blood mist, and then the figure on the right exploded first. With a bang, the afterimage burst under Li Tian's blood mist attack. , Became a mass of air.

fake!

Fake body.

Following the explosion of the first afterimage, the blood mist began to surround the second Berwick's shadow.

Berwick couldn't avoid the haze of Li Tian's blood at all, so he could only stand firm at the moment.

When the body of Li Tian's blood mist entangled the second figure of Naberik, suddenly there was another explosion, and the second afterimage was also blown up and turned into air.

It's also fake!

In this way, Li Tian has been entwining the shadow of Beirik with his blood mist.

Boom, boom!

After the last two false afterimages all exploded, Naberik's real body finally appeared in Li Tian's eyes.

"You are the one!"

Li Tian yelled, suddenly like a **** mad dragon attacking the last figure of Berwick.

Berwick was shocked and backed away instinctively.

He wanted to avoid the heavy blow of Li Tian in the past and wanted to survive, but unfortunately he couldn't avoid it because Li Tian's speed was so fast.

In the blink of an eye, Li Tian had already bullied Naberik's side, and grabbed with his right hand. The grasping move turned out a few weird tricks in the air and grabbed Naberik's head with supernatural speed.
