

A Killer 2531

Chapter 2531: Slave without a name

Li Tian felt like he was going crazy!

He never expected that he would be sucked into another world that he didn't know at all by the door of the forbidden area, this is the Spirit Earth Continent!

Moreover, these people don't know the earth at all!

Did he really reach another world?

Li Tian was about to collapse.

"I really come from the earth...I don't belong here...Do you know the gate of the forbidden zone? It was the gate of the forbidden zone that sucked me in here?" Li Tian exclaimed.

It's a pity that Elena, and that group of people, completely think Li Tian is a lunatic!

Because they really don't know what earth, what China...

In this way, amidst the laughter of a group of people, Li Tian was drawn into the team of slaves!

"Let's go, let's go back to Stormwind City." With that Elena's last words, I saw everyone riding on the steed, and then began to take Li Tian and four other slaves towards Stormwind City. .

Li Tian is going to faint.

He was treated like a slave? And he was **** with the 4 slaves around him.

Li Tian was taken in this way, and walked step by step towards that distant place.

The slaves of them are relatively bitter, and they can only walk on foot... and the Elena in front, as well as the group of people, are riding horses.

Li Tian was silent all the way, thinking in his heart, what happened to all of this... At the same time, he was deeply worried about his favorite Situ Ningbing in his mind!

If you are sucked into this weird world by the door of the forbidden zone...what about Ningbing? Is she also sucked into this inexplicable world?

"Hey, buddy." Just as Li Tian was thinking this way, suddenly on the other side, a shirtless, very strong slave said to Li Tian.

The slave looked at Li Tian with his loose hair and jet-black eyes.

After hearing the sound, Li Tian turned his head and looked at the slave tied to him beside him.

"Everything you said just now is true? You really don't know where this is?" The slave suddenly asked Li Tian.

When Li Tian heard the slave say this, he said: "Yes, yes, everything I said is true! I really don't know where this is exactly... I only know that I am the gate of the restricted area. It's sucked in."

"A group of white light curtains... brought me here." Li Tian continued.

Hearing Li Tian suddenly talking about the white light curtain, the slave immediately said, "White light curtain?"

"You know?" Li Tian suddenly cried out in surprise.

But seeing the slave's dark eyes magnify right now...

"Don't tell me... just now... just now... we just saw the white light curtain descend from the sky... Then the Elena and their mercenaries brought you back."

"Did you fall from the sky?" The slave in front of him looked at Li Tiandao with a pair of horrified eyes.

Li Tianyi was completely dumbfounded!

what?

Did the white curtain of light descend from the blue sky?

Did you fall from... from the air?

"How could it be? How could it be?"

Li Tian screamed in pain while raising his eyes, looking at the vast starry sky.

As he looked towards the east, he saw a blue planet in the distant sky... Li Tian looked at that planet, and not only an unprecedented sense of kindness was born in his heart for an instant.

"My God, is that planet the Earth?"

"I'm really...really sucked into another world by the door of the forbidden zone?"

When thinking of all this in his heart, Li Tian stayed there at once.

Yes!

Li Tian never thought that he was sucked into another world by accident.

Since he was sucked into this world, Situ Ningbing must have been sucked here, but when Li Tian was awake, he did not find that Situ Ningbing.

Where is Situ Ningbing?

"Brother, I want to ask you something. Did you find a woman like me? Dropped from the sky?" Li Tian said to the guy who was tied to the chain.

After hearing Li Tian say this, the slave said, "No."

Li Tian was suddenly depressed, where did Situ Ningbing go?

No matter what, I am looking for Ningbing! Li Tian thought secretly in that heart.

The slave didn't speak any more, just lowered his head and walked slowly.

Li Tian followed closely like that. Along the way, he blinked his eyes and looked around. He passed by the river and through the forest. He also saw many strange creatures that he had never seen before, such as growing Weird birds and beasts...

He suddenly discovered that this world is really different from the earth! This is a completely different world! ! !

Li Tian was both horrified in his heart, but also secretly thinking: Oh my God, what should I do now that I have arrived on this weird planet?

After thinking about it for a while, Li Tian finally made up his mind, and muttered: "Since it comes, let it be safe! I can't control that much. Since I have come to this mysterious world, then look for it in this mysterious world. Freeze the ice."

After thinking about this in his mind, Li Tian suddenly turned his head and looked at the slave beside him and said, "Brother, may I ask, what is your name?"

The slave turned his head slightly, then blinked at Li Tiandao: "I don't have a name..."

"What, you don't have a name?" Li Tianyi shouted in surprise.

The slave lowered his head and said, "Yes! Don't you know, our slaves all have no names?"

Hearing what the slave said, Li Tian was suddenly depressed there, slave? What a rare word! Where on earth can such unfair treatment still exist?

Li Tian thought for a while and said, "Why doesn't the slave have a name?"

The slave thought that Li Tian's question was very idiotic, but he replied, "It seems that you really don't understand anything! Okay, let me tell you, our slaves are the lowest existence in the Spirit Earth Continent. ...So we don't deserve to have names, we only have numbers, and my number is number three! They all call me the third."

Li Tian couldn't help feeling full of emotion when he heard the slave who claimed to be the number three slave said so!

It seems that no matter in that world, there is extremely unfair treatment! ! !

After thinking about it, Li Tian looked at the third child and said, "Lao San, hello, my name is Li Tian!"

The slave, called the third child, looked at Li Tian and smiled, showing a very white tooth in his mouth.

Chapter 2532: Stormwind City

"The third child, can I ask you some questions?" Li Tian suddenly asked while walking, looking at the slave third.

The slave third nodded and said: "You ask, as long as I know, I will tell you."

"Thank you." Li Tiandao.

"Lao San, I want to know, what is this called... what kind of world is the world of Lingtu Continent?" Li Tian thought for a while and asked.

He must now figure out what the world is in front of him.

The old man not only frowned when he heard it, but it was clear that Li Tian's question was really too painful for the slave young man who was born and grew up in the land of the Spirit Earth.

But thinking that Li Tian in front of him didn't understand anything, he sighed and said, "Well, since you want to know, I will tell you!"

"Where is our Spirit Earth Continent? It is a country, and this country? There are many city-states in it, and now, the place where we are staying is called Stormwind City. This place a few hundred miles around is all from Stormwind City Range!" The third son said.

Listening to what the third child said, Li Tian blinked his eyes slightly, and said to himself: That's what happened.

After thinking about it, Li Tian then asked: "Then what about them? Why are they arresting us?"

Li Tian asked, raising his hand, pointing to Elena, who was riding a snow-white horse in front, and Taylor said.

After hearing Li Tian's questioning, the youngest said: "They are a mercenary group, of course they want to arrest us slaves...because they want to use us to go to the underground black market in Stormwind City to sell money!"

When Li Tian heard this, he was depressed.

"The mercenary group?" Li Tian heard this word for the first time.

"Yes, what about these mercenary groups? Under normal circumstances, they will perform tasks when they are hired. If there is no task to do, they will go to the battlefield outside the territory to capture the poor slaves... and then take the slaves. Go to the black market in Stormwind to sell."

After listening to Li Tian, he instantly understood.

Secretly said in his heart: It turns out that these guys who grabbed themselves are a group of mercenaries!

Hey! It's a pity that my internal strength didn't know what was going on, and suddenly all disappeared...If my internal strength hadn't disappeared, this small number of people would have been subdued by myself!

Li Tian said in that heart.

To be honest, the current Li Tianshi couldn't understand his internal strength, why it suddenly disappeared... After arriving in this world, his internal strength seemed to be useless at all!

Thinking of this, Li Tian felt depressed and angry.

"Now, they are going to take us to the black market in Stormwind City for trading, right?" Li Tian in front of him couldn't help asking.

The third child lowered his head, sighed slightly, and then stopped talking.

Li Tian looked at the youngest, and did not continue to ask!

He just wanted to see what kind of strange world this world was like... and that Stormwind City!

...

Along the way, Li Tian was led by the group of mercenaries and kept walking forward.

Li Tian saw a lot of strange creatures, flowers and plants along the way. He found that the world is much better than the earth's environment. There are vibrant green trees, flowers, and even the air is fresh.

"I'm about to enter Stormwind City, everyone is ready." Suddenly at this moment, the strong man in front of him suddenly yelled.

When Li Tian heard this, he looked up and saw that 23 kilometers ahead, he really saw a huge city wall building.

Those old and mottled walls are extremely magnificent... form a huge wall! !

On the top of the city wall, there are still many warriors in heavy armor standing on top of the city wall facing the strong wind.

One after another, we can see that some peasants dressed like crowds are walking towards Stormwind City in piles.

As their horse team began to move forward, they gradually reached the gate of Stormwind City.

The tall city gate was more than two feet high... The gate was wide open, and there were more than 20 warriors in heavy armor standing there, checking a passing person there.

Elena here has been riding a horse and has reached the gate of Stormwind City.

After arriving, she stretched out her hand to signal the team to stop, and then jumped down from the snow-white horse. Taylor behind her, and others after seeing her jump off the horse, all followed.

After seeing that Elena jumped off the horse, she led the horse and walked towards the gate guard.

"Commander Green!" Elena walked over with a friendly smile on her face, and said while looking at the leading gatekeeper.

The commander named Greene was tall and bear-like, with a beard at the corner of his mouth. After seeing Elena, his eyes flashed.

"Hey, great beauty, Elena!" He bared his yellow disgusting teeth and looked at Elena with a smile.

"Elena, what good stuff did you get in the extraterritorial battlefield this time?" Green looked at Elena with a wicked smile.

Then Elena smiled slightly, and Liu Mei raised her eyebrows and said: "Oh, how can our small mercenary group get anything good! Hey, we can only pick up the leftovers eaten by other big mercenary groups. thing."

When Commander Green heard Elena say this, he sneered: "Really?"

Suddenly he approached to fetch Elena, and sneered in a low voice: "But, how did I hear that your Sirius Mercenary Group dare to **** the slaves of the Scarlet Mercenary Group?"

When Elena heard it, her pretty face suddenly changed.

But he still said, "Leader Ge Lin, who said this? There is no basis for it. I'm afraid it is not good to say this?"

As soon as the leader Nagelin heard Elena say this, he suddenly grabbed Elena's delicate waist with one hand!

Elena's face changed suddenly, her right fist was suddenly clenched, and her left hand was directly pressed on the scimitar in her waist. She looked murderous.

Even a bunch of Mao Taylor behind him roared at this moment.

"Elena, you girl, are getting more and more rampant now, right?"

"I'm telling you, now the Scarlet Mercenary Corps has been eyeing you, hey, I think you should know the consequences better than me... With a few wastes of your Sirius Mercenary Corps, you want to fight against the Scarlet Legion with illusionists. ...You are looking for death!"

"Elena, don't blame me for not reminding you, if you want to leave Stormwind alive, hey, come with me tonight! If you comfortably serve me in bed, I might be able to help you and Scarlet's hire. The guys in the corps begged you...how about it? Yes?"

This dirty leader Ge Lin said, and suddenly touched Elena's plump buttocks with one hand!

Chapter 2533: Illusionist

Elena flashed abruptly, and then avoided the dirty movements led by Green.

There he said coldly: "Commander Green, thank you for being so kind to me! Don't worry, I will never die."

After speaking, Elena shouted angrily at Taylor behind him: "Taylor, prepare to enter the city!"

Commander Nagelin saw Elena, not knowing good or bad, and suddenly angrily said: "Hold on!"

"Lady Sao, dare to do this to me? Looking back at how you died." The leader of Ge Lin said angrily in his heart.

But on his lips, he said to the soldiers in heavy armor behind him: "Give me a severe search of them one by one..."

The warriors wearing heavy armor behind them all said, after hearing the command of Chief Ge Lin: Yes!

So, seeing that the soldiers began to search Alina and Taylor, they started searching!

Those soldiers, savage and rude, turned over all the mercenaries belonging to Elena and the others, and even threw all of their food and drink on the ground.

A few mercenaries couldn't bear it, they just wanted to do it, but they were stopped by Elena's eyes!

Finally, after the soldiers thoroughly checked all the mercenaries' things, it was considered to stop!

"Commander Green, everything that should be checked is checked, can we enter the city now?"

Elena, enduring the burning anger in her heart, looked at the leader of Greenland coldly.

The leader of Na Gelin sneered, "Yes!" "

"But, before I leave, I have to remind you... the guys in the Scarlet Legion are already waiting for you inside! Be careful, you have entered Stormwind City, don't get out then, hahahaha."

The sound of wild laughter came from Nagelin's mouth.

Elena didn't pay any attention anymore. The **** said to Taylor and all the mercenaries behind him: "Enter the city!"

Then she took her little mercenary group and walked towards Stormwind City step by step.

There is a wide main road in the middle of Stormwind City, with built houses on both sides. The houses are like medieval houses with unique and weird shapes, one by one.

"That **** Green! One day, I Elena, I have to cut off his head." Elena yelled after leaving the city gate.

Tyler, who was beside him, clenched his fist at the moment, said: "That **** is really hateful!"

"But, Miss Elena, shall we still go to the town center now?" Taylor suddenly questioned.

Elena said: "Go, why not go..."

Na Taylor, with a look of embarrassment on his face, said: "But, the guys in the Scarlet Legion are inside...I'm afraid...Let's...what if we encounter them unfortunately?"

Hearing the words Crimson Legion, Elena also showed an extremely ugly look on her delicate little face!

It turned out that a few days ago, Elena found a few slaves on the battlefield outside the territory, and then went after them, but she did not expect that at the same time, the team of the Crimson Legion also discovered those slaves. Therefore, both sides happened During the battle, Elena mistakenly killed a mercenary from the Scarlet Legion... and also took away these slaves... Therefore, this grievance was settled! Everyone knows that in Stormwind City, the Scarlet Mercenary Corps is the most domineering mercenary regiment. They are arrogant and kill, and the rest of the small mercenary regiments dare not provoke...nothing else, just because of the Scarlet Legion. Not only is there a large number of people inside, but there are also terrible illusions...

Thinking of the terrifying illusionist in the Scarlet Legion, Elena not only had a numb scalp!

Elena thought for a while, and finally said: "Then...what do you say?"

She blinked her beautiful eyes and said to Taylor with a pinch of hair on her head.

Taylor's twinkling eyes turned around twice, and then said: "Miss Elena, or else, let's find a tavern to rest and rest. Anyway, my brothers are all tired! When we rest until the evening, Let's go to the black market secretly and sell these slaves... After we get the gold coins, we will leave Stormwind City quickly! I believe that the guys from the Scarlet Legion would never have thought that we were so Leave soon..."

After hearing Tyler's words, Elena flashed her beautiful eyes and blinked, thinking: Normally, the Crimson Legion would disdain to go to a place like the black market to trade... If she is really at night If you go to the black market and sell the captured slaves, I believe you will not encounter those guys!

Elena, who thought this way in her mind, immediately said: "Okay! Just do what you said."

"Everyone, go, let's find a place to rest first." After Elena finished speaking, she said to the mercenaries behind her.

After speaking, the 67 mercenaries in armor behind them followed that Elena and Taylor in front of them, walking forward step by step.

What about Li Tian?

At this moment, when he saw the scene that happened at the gate of Stormwind, his brows not only frowned deeply.

"Lao San, I want to ask you something. What happened to the Scarlet Mercenary Corps they were talking about earlier?" Li Tian looked at the slave Lao San and asked.

The youngest slave is also very nice. He answered whatever Li Tian asked, so he said: "The scarlet mercenary group, but the most powerful mercenary group in Stormwind! This mercenary group is cruel and innocent. , I heard that many slaves were tortured to death by these **** mercenaries... Hey!"

Li Tianyi suddenly understood.

Presumably, their small mercenary group has now offended the mercenary group called the Crimson Legion.

"Is that scarlet mercenary group really that scary?" Li Tian asked curiously.

The third slave in front of him said, "Of course it's terrible. In their mercenary group, there are two terrible illusions!"

When Li Tianyi heard the word "illusionist", his brows not only frowned.

Illusionist? Li Tianke has never heard of it.

After thinking about it, Li Tian couldn't help asking: "Illusionist? What is an illusionist?"

The third child was asked by Li Tian, "Illusor, you don't even know? Illusor is the most powerful existence in our spiritual land!"

"A most advanced illusionist is enough to destroy a city-state!" The youngest said, with a frightened look in his eyes.

When Li Tian heard this, he was depressed.

I secretly lined up: Really?

Can one person's power destroy a city-state? This is not realistic!

Chapter 2534: Elena

Li Tiandao said, "I don't believe that the illusionist you mentioned is so powerful."

Old Trinity heard: "Don't you believe it?"

"I can tell you that back then, the power of the illusionist was the greatest existence in the Spirit Earth Continent. Do you know the black soil of the outer battlefield...the barren dead zone?" The slave third in front of him faced Li Tiandao.

When Li Tian heard this, he thought about it and said, "Could it be that barren land where no grass grows?"

When Li Tian was sober, he was sober there! Of course he knew that a strange place with black soil and no grass.

The third son said: "Yes, it's there!"

"Do you know where and why the soil turns black? Why is there no grass growing there? I tell you, all this is because, the Spirit Earth Continent, one of the greatest thunder and lightning illusionists, used the technique of thunder and lightning, and then took that huge The area was exploded... which

caused that area to become a dead area now! As long as the creatures in that area were all burned to death, even the land was burned to black."

When Li Tian heard this, he couldn't help but feel horrified, and said, "Oh my God, it turned out to be true? Is the power of the illusionist really so powerful?"

The third slave said: "Of course!"

"In Lingtu Continent, the identity of an illusionist is extremely respected!"

After hearing the slave third say this again, Li Tian not only became curious about the identity of the illusionist in this world.

When he was on earth, he had never heard of an illusionist!

Moreover, even if a person possesses the ability to reach the sky, it is impossible to destroy a city-state... But now in this world, he heard the slave third who actually said that a great illusionist could actually destroy a city. When he was in the city, his heart was inexplicably excited.

That excitement, even Li Tian himself did not know why!

In this way, Li Tian did not continue to ask any more, he followed Elena and the others step by step towards the urban area of Stormwind City.

Walked one road after another.

I have encountered all kinds of strangely dressed characters... Li Tian has only now realized that this is a strange world!

Soon, Elena took the mercenaries behind her, and Li Tian and their slaves to a remote tavern.

The tavern is not very big, but there are a lot of people in it, most of them are residents of Stormwind.

After arriving here, I saw that Elena jumped down from the snow-white horse. After jumping down, he said: "Let's go, let's rest in this tavern for one night today!"

Elena, who was talking, walked towards the tavern.

Taylor here and the mercenaries all followed in.

After seeing them all walk in, Li Tian dragged the locked iron chain at this moment, ready to enter... But at this moment, he was suddenly stopped by the staff at the entrance of the tavern.

"Hey, hey, stop! You **** slave, is this tavern where you can enter?" The guy who looked like a little second said fiercely to Li Tian.

It seemed that if Li Tian took a step forward, that little second would clenched his fists and beat him.

Li Tian was taken aback, and was about to speak, but was suddenly pulled from behind by the slave's youngest third: "Fool, this tavern, our slaves are not allowed to enter!"

While talking, he said that Li Tian brought it back!

Li Tian was extremely angry, and said angrily: "Why? Is the level of slaves so low in this world?"

The third slave in front of him, pulled Li Tiandao: "Hey, why don't you know anything!"

"I tell you, our slave status is the lowest in the Spirit Earth Continent. We have no freedom, no dignity, and we only have to survive and live!"

"Listen to me, don't go in... If you go in, they will kill you." The slave third in front of him kindly persuaded Li Tian.

After listening to Li Tian, he glanced at the fierce tavern little second, not only a fierce anger burned in his heart!

"Damn thing! Sooner or later, I will let you taste the pain of the lower class!"

Thinking like this in Li Tian's heart, he finally suppressed the anger in his heart.

As a result, I saw Li Tian, the third slave, and the other three slaves, chained to the thick pillars. They squatted like animals... outside the tavern!

In the tavern, the number of people is reasonable, there are a total of three or four tables of guests!

At this moment, Elena and Taylor, and their mercenaries also found a table and sat down.

"Secondary, serve wine, serve." Elena said to the younger of the tavern.

The little second responded, and after a while, he brought food and drinks!

After serving the wine and food, the second person in the shop looked at Elena and they suddenly asked, "A few guest officers, are the slaves outside yours?"

Taylor, who was holding a bowl and drank a long sip of wine, heard Xiao Er's words like that, and suddenly said, "Yeah, what's up?"

The second person in the shop pointed to Li Tiandao: "Your slave is simply too shameless. You just wanted to enter this tavern...Guest, I hope you have time to take care of these low-level things."

"Inferior slaves like them are not worthy of entering our tavern."

Chapter 2535: Mask man

Elena, who gave the shop's second child a hard lesson, picked up the wine bowl and took another sip.

Taylor in front of him looked at Elena, haha said with a smile: "Miss Elena, I Tyler admire you as a good-hearted person! Come, I toast you!"

Talking Taylor raised his glass and took a sip of wine.

Elena smiled slightly, and a smile appeared on her wild and beautiful face.

In fact, this mercenary queen Elena can be regarded as a more kind-hearted person. Although she also catches and sells slaves, she will never abuse her slaves!

Unlike other mercenary regiments... most of the other mercenary regiments will severely abuse their slaves! Sometimes, they would kill those poor slaves... but Elena never did. She felt that although these slaves were inferior, they were also human! Since she is a human, she should have her own dignity... So she never abused her slaves.

I saw that after taking a sip of wine, Elena suddenly turned her face and suddenly turned around, looking at the pitiful Li Tian and the slaves who were squatting on the ground outside.

After taking a look, Elena said to Taylor next to him: "Taylor, bring some wine and food out..."

When Na Taylor heard this, he was stunned for a while, then glanced at the slaves outside, and suddenly understood, so he smiled and said, "Okay!"

Then he brought a plate of fragrant beef and grabbed a large tank of spirits, followed Elena, and walked towards Li Tian outside.

After coming over, Elena blinked her beautiful eyes and glanced at Li Tian, the third child, and their slaves, so she said to Taylor, "Taylor, share these things with them..."

When Taylor heard this, he said, "Yes."

Then he handed a plate of fragrant beef in his hand to the slaves, and then gave them a jar of wine.

"Yes, these are rewards for you guys by our Miss Elena... eat them quickly."

When the slaves saw Miss Elena and gave them the fragrant beef and spirits, they all started to eat like crazy.

They gobbled it up like a starving ghost!

Dirty hands, grabbing the beef and stuffing it in his mouth...like a savage.

Only that Li Tian squatted there, just watching everything in front of him, he never did! Did not eat either.

Elena, when she saw that Li Tian didn't eat, she couldn't help being curious.

At the same time she also noticed Li Tian.

"Hey, why don't you guys eat?" Elena in front of me suddenly asked Li Tian.

Li Tian slowly raised his head. He wore that weird bronze mask and looked curious to Elena.

At this moment, Taylor also saw Li Tian, and couldn't help saying: "Hey, isn't this guy the guy who resurrected the dead body?"

Elena said, "Well, it's him!"

"I almost forgot about him!"

Taylor smiled and said, "He may be a fool... and he said he is from... what Huaxia... the earth? It's so funny!"

When Li Tian listened to them saying this, he didn't say a word or talk, just raised the pair of cold eyes and looked at Elena and Taylor in front of him.

Elena looked at Li Tian's eyes, she suddenly felt that this look did not look like a fool's eyes!

After thinking about it, Elena asked Li Tian, "Hey, let me ask you, who are you? How could you appear on the battlefield outside the territory?"

Li Tian heard Elena asking herself this, and suddenly said: "I have already said it! I am from Huaxia."

"Hua Xia?" When Elena heard this, Liu frowned.

"Why have I never heard of this place?" Elena said.

Li Tiandao said: "China is not a place, it's a country, it's the country I was in before."

When Elena heard it, she laughed immediately.

"Oh my god, are you kidding? On this continent, there is no Chinese! You are really crazy." Elena said in front of her.

Na Taylor glanced at Li Tiandao at the moment: "Miss Elena, don't pay attention to this guy, this guy is nervous and talks nonsense. I guess he has a broken brain!"

Elena thinks about it too!

This guy doesn't even know the Spirit Earth Continent, or even Stormwind City. He is not a fool, what else can he be?

Elena looked at Li Tian last and said: "I don't care if you are really stupid or pretending to be stupid, but from now on, you are my Elena's slave."

Elena looked at Li Tiandao while smiling.

Li Tian glanced at Elena, one glance, and said nothing.

Elena said: "By the way, as a slave, there should be a number... Let me get you a number... I think about it..."

Elena, who was talking, was thinking with her beautiful eyes there.

Suddenly she saw the bronze mask on Li Tian's face, and suddenly she laughed and said, "Since you have a mask on your face, I will call you a mask man from now on!"

Mask man?

Li Tian heard this Elena call herself that! Still silent there, without speaking.

"Hehe, mask man, can you tell me, why do you wear a weird mask?" Elena suddenly looked at Li Tiandao.

Li Tian suddenly said, "Because my face is so ugly... I am afraid of being scary when I show it!"

Hearing Li Tian say this all of a sudden, the Elena in front of him said half-believingly: "Really?"

"I don't believe it! I want to take off your mask and see... I want to see how ugly you are!" Elena, who was talking, really wanted to uncover Li Tian's mask.

Li Tian didn't even move.

Because he knew that his face had already been ruined!

At the moment that Elena was about to uncover the bronze mask on Li Tian's face, suddenly, Taylor beside her suddenly screamed.

"Miss Elena...Miss Elena..."

Na Taylor's voice screamed there with a strange feeling.

When Elena heard this, she gave up her plan to uncover Li Tian's mask, blinked her surprised eyes, turned her head, and asked, "What's the matter? Tyler?"

But seeing that Tyler opened a pair of horrified eyes, looking at a place tens of meters in front, suddenly shouted: "Elena, we are unlucky! Look...the Scarlet Mercenary Group!!!"

After Na Taylor called out, Elena suddenly raised her beautiful eyes and looked up in horror...

At this look, she was speechless at the moment!

I saw 89 people wearing armors and blood-red cloaks standing several tens of meters away.

There is no doubt that they are the mercenaries of the Crimson Legion! !

Chapter 2536: War

"Damn it! How come the Crimson Legion's detachment came here?" The moment Elena saw the Crimson Legion member, her face changed suddenly.

It turns out that these are not the main force of the Crimson Legion, but just one of several small teams! The number is not very large, only 89

I saw Li Tian not only turning his face, blinking his eyes and looking at the 89 Scarlet Legion mercenaries wearing armor and blood-red cloaks not far away.

It turns out that this is the red mercenary group! Li Tian secretly lined up.

I saw that at this time, the members of the Scarlet Mercenary Corps had already seen Elena and the others...

Suddenly all the 89 people rushed over here on horses.

When Alina saw the situation, she whispered in her mouth: No!

Then he turned his head to face Taylor behind him and said quickly: "Notify the brothers inside, prepare to fight."

Taylor yelled: "Yes!"

Then he ran into the tavern extremely quickly.

At this moment there is only Na Elena, holding the scimitar inlaid with dazzling green gems in her left hand, while staring coldly at the members of the Crimson Legion who rushed over, and at the same time, she is constantly calculating. What should I do today? Is to fight? Or run away?

At this moment, the 89 members of the Crimson Legion riding a horse galloped over.

After arriving at the entrance of the tavern, they all stopped, and then they slid down from the horse one by one, vigorously.

"Sirius mercenary group? Hehe... I finally found you!"

I saw a fierce man with a wolf helmet on his head looking at Elena in the Red Army Corps.

He was holding a thick and frenzied giant axe in his hand, but the handle of the giant axe was as long as a large knife, and on the other end of the giant axe, it also carried a sharp blade.

When Elena looked at this guy, she said inwardly: Why did you meet this fierce guy today?

It turned out that the fierce man in front of him wearing a wolf-headed steel helmet and armor was from the Crimson Legion, one of the five tigers: Murid!

Behind that Murad, I saw 8 members of the Crimson Legion wearing heavy armor, all of them holding extremely vicious weapons in their hands, looking at Elena in front of them fiercely.

At this moment, Taylor had led Alina and their mercenaries out of the tavern.

These mercenary members, when they saw the members of the Scarlet Legion, at the moment, everyone's face showed an indescribable ugly look.

But seeing that Elena was still quite calm, looking at Murad, who has one of the five tigers in the Crimson Legion, Elena in front of her smiled and said, "Who do I think it is? It turns out to be a famous name. One of the five tiger generals of the Crimson Legion: Murid! Haha, I don't know what you are looking for with our little Sirius Mercenary Group?"

One of the five tigers of the Crimson Legion, Murad burst out laughing when Elena said so.

"It is said that the Sirius Mercenary Corps, although small, but the leader Elena is an extremely smart and fearless beauty. Seeing it today, it really deserves a reputation." Murid laughed.

"Miss Elena, I believe you should know why our Scarlet Legion is looking for you all over the city, right?" Murid said, while looking at Elena gloomily.

When Elena heard it, she pretended to know nothing, and said, "Why? I really don't know."

"Less garlic!"

"Hmph, Elena, don't think, you pretend to be a fool, I'll let you go today, tell you, our boss has already let out a word, as long as you are willing to follow me back obediently, kneel in front of our boss three Ring your head, then admit that you are wrong, and give you a chance to survive!"

"Otherwise, today, Murred will personally let you Sirius Mercenary Corps disappear permanently on the Spirit Earth Continent!"

Murid's ferocious voice rang out from the audience.

When Elena heard Murid say this, her heart secretly said: It seems that today's battle must be fought!

Looking at the situation, it is indeed a bit difficult to deal with! First of all, one Murred is enough for them... plus the 8 Scarlet Legion soldiers behind, Elena has a headache!

She never thought that she would meet the Crimson Legion here!

I didn't expect the people of the Scarlet Legion to look for them desperately.

After thinking about it, Elena looked at Murid and said: "I know that there is a small misunderstanding with you Scarlet Legion, but I hope that your large mercenary army can give us some opportunities to explain!"

When Murred heard this, he laughed wildly.

"Explanation?"

"Explain the shit! Your Sirius Mercenary Corps, such waste, dare to kill the members of our Scarlet Legion? You dare to take our slaves? What else can you explain?"

"Elena, I'll say it again, if you don't want to die or let your Sirius mercenary group disappear from now on, then follow me obediently, or else, hehehehe..." Then Murid turned his hand With his great axe, threateningly sneered there.

Obviously, if Elena doesn't agree, then Murred will kill.

When Elena heard it, she knew that she couldn't reconcile today anyway!

Can only fight!

After thinking about it, Elena said to Taylor beside him: "Taylor, we can only fight today."

Tyler nodded there, holding the machete in his hand tightly and saying, "Well!"

After speaking, Taylor turned his head and stared at the Murad and the members of the Crimson Legion with widened eyes, and shouted: "Crimson Legion, do you think your Grandpa Taylor will be afraid of you? Have the skills to come? See who is lying on the ground today."

Accompanied by Na Taylor yelled out.

Murid over there sneered immediately, and a cold killing intent appeared in his eyes.

"Good! You asked for this."

"Kill me! Don't keep one!"

The cruel words roared from that Murad's mouth.

The members of the Scarlet Legion behind them, after hearing Murad's screaming words, suddenly raised their weapons towards Elena, and they rushed forward.

Elena, at this moment, also "cang", pulled out the curved blade in her waist, and then screamed: "Fight!"

Then the body rushed into the enemy's formation first, and with a sound of the scimitar in his hand, he slashed on the huge sword in the hands of a member of the Crimson Legion...

The member of the Crimson Legion, with the giant sword in his hand, blocked, and then attacked Elena with his right hand.

Elena lifted her thin legs, and then a high-whip leg slammed into the face of the member of the Scarlet Legion. The member screamed in pain and moved back.

Chapter 2537: Thrilling moment

I saw all the members of the Crimson Legion rushing over here.

A guy in armor with a big knife in his hand suddenly slashed towards Elena. Elena was relatively agile. At this moment, he swished and avoided the past, and then he slashed out with a scimitar in his hand. The guy in the armor cut his arm.

After the member of the Crimson Legion was stabbed, he screamed in pain and quickly backed away.

Elena pursued the victory and continued to attack others.

Tyler, who is holding a machete in his hand, yelled at this moment while waving the machete in his hand.

"Come on, try Lao Tzu's knife."

Tyler in front of him kicked a member of the Crimson Legion, while holding a big knife to the 23 Crimson Legion around him.

At this time, that Murid had not taken any action, just raised those extremely vicious eyes, and looked at the situation in front of him, with an extremely evil smile on his mouth.

But he said that Li Tian had been observing these battles.

"People in this world fight... why don't they seem to be so tough? Except for some physical abilities, it seems that they don't have any tricks?" Li Tian thought to himself.

Yes, there are indeed very few people who come to practice martial arts on this spiritual land continent!

Most of them are practicing illusions! It's just that Li Tian doesn't know it yet.

I saw that the gang of Elena had already fought against the mercenaries of the Crimson Legion. Except for Elena and Taylor, the remaining members of the mercenaries were obviously inferior to the powerful Crimson Legion. Mercenary.

In a blink of an eye, a mercenary member of the Sirius Legion had been stabbed in the stomach by a member of the Crimson Legion.

The man screamed miserably, and scarlet blood flowed out of the sharp blade.

Elena in front of her screamed after seeing the death of her members.

He rushed forward suddenly, and kicked the member of the Crimson Legion.

"Uss!"

After Elena kicked the fellow of the scarlet member, she suddenly supported the mercenary member who was stabbed in the stomach and shouted.

But seeing the member of the Sirius mercenary named Youss, his eyes blinked at the moment, and his face was pale and bloodless: "Elena...Miss...I...I can't do it!"

After speaking, his head tilted and he died there.

Elena's eyes turned blood red when she saw that her member was dead.

"Assholes! You assholes!"

Elena in front of her suddenly screamed.

Then he rushed into the crowd of the Crimson Legion with a scimitar in his hand, facing a fellow of the Crimson Legion, and he went up with a clean knife.

This fierce knife was directly wiped on the neck of the mercenary member of the Crimson Legion.

The member of the Crimson Legion whimpered and screamed, then fell to the ground with a plop and died.

Then Elena in front of her hit another member of the Crimson Legion with another punch in the face. The member of the Crimson Legion staggered and fell to the ground after being beaten.

Just when Elena wanted to deal with the member of the Crimson Legion in front of her with a single knife, suddenly Murred, who was in a visual battle, suddenly shot.

"Elena, die."

Murid suddenly rushed over with a roar, and the terrifying giant axe in his hand slammed directly at the top of Elena's head.

Sturdy and powerful.

It really deserves to be one of the five tigers of the Crimson Legion!

Accompanied by that Murad's great axe, it slammed at that Elena, Elena retreated quickly, and the scimitar in her hand quickly stretched out to block.

With a bang, Murid's terrifying axe slammed into the scimitar in Elena's hand.

The terrifying power directly shook Elena's arm in pain, and her body staggered back...The scimitar in her hand almost couldn't be held...

It seems that Elena is obviously not the Murad opponent of this Scarlet Legion!

Seeing that Elena was stunned by his axe, Murred sneered at the corner of his mouth: "My little lady, I think you can still catch me!"

The words roared, Murid rushed in front of him again, and the terrifying giant axe in his hand swept directly!

Elena didn't dare to take this move anymore, her body quickly backed away, and at the same time she walked sideways, and the scimitar in her hand slashed at that Murad twice!

However, Murred easily avoided the past. After dodging, Murred rushed to the front of Elena.

Murid grinned, and then suddenly stretched out his left hand, grabbing Elena's tender shoulder, Elena only felt a pain in her shoulder, and a painful cry in her mouth...

Then the scimitar in her hand wanted to force Murad back, but when her scimitar cut it, Murred suddenly flew and kicked the scimitar in Elena's hand!

After the scimitar in Elena's hand fell, the whole person was suddenly extremely dangerous.

"Elena!"

Taylor on the other side, seeing that Alina was in danger, immediately rushed over to save Elena.

However, just as Taylor rushed over, the two members of the Crimson Legion here suddenly rushed towards him. Taylor had no way to get out, and at this moment he could only watch Elena in danger.

However, it is said that Elena at this moment has been grasped by Murad's huge palm...

Murid's other great axe was forced in front of Elena's thin white neck.

"My little lady, do you finally know that our Scarlet Legion is powerful?" Murid suddenly grinned there.

Elena stared her eyes and said nothing.

That Murad suddenly touched Elena's chin with a hand: "To be honest, you little lady is indeed in good shape, I really want to get you on the bed and play with you."

Murid suddenly showed a sense of shameless insignificance in his eyes, staring at the plump body of Elena.

Elena in front of her suddenly "pooh", spitting out a spit and reaching Murred's face.

"You shameless bastard."

That Murad was sprayed on his face by Elena in front of him, and his whole body was full of murderous aura.

"Smelly lady, I think you are toasting and not eating fine wine, I will kill you today! Let your Sirius mercenary group completely disappear from today!"

Murid roared in front of him, and the giant axe in his hand slashed towards Elena's head.

At the moment of this critical moment, a figure suddenly rushed over at an extremely fast speed.

Then, his palm slammed forward, and then his right hand used a sword technique, aimed at that Murid's left arm, and struck it terribly.

Chapter 2538: Borrow a knife

His movements are too fast!

So fast that Murred did not react at all.

With a swish, the sword tactics pinched out by the fingers directly poked at the shoulder of Murred, ah... a painful cry came out of Murid's mouth.

Murid retreated instinctively, and a terrible tingling suddenly came from his left arm!

And here?

What about Elena, who thought she might be killed by Murred with an axe?

At this moment, he also opened his beautiful eyes, looking at the person who saved him in front of him unbelievably!

Oh my god, is it him? It turned out to be him?

Tyler, the strong man of the Sirius Mercenary Corps, and the remaining 45 Sirius mercenary members, including the shirtless slaves over there... all opened their eyes wide!

Li Tian?

It turned out that Li Tian rescued Elena.

Although Li Tian couldn't use his internal skills for a while, he still remembered all his tricks, and his own martial arts was not weak, so in this different world, it was more than enough to deal with these guys.

"slave?"

"It was the slave wearing the mask who rescued Miss Elena? Oh my god, it's incredible? My eyes are not wrong, right?" Those Sirius mercenaries who followed Elena saw Li Tian suddenly took action. At that moment, I couldn't help screaming.

Even Elena screamed "Ah".

"It's you?"

"Mask...Mask...male?" Elena shouted in front of her.

No one thought that a "slave" would rescue Miss Elena!

On the Spirit Earth Continent, the status of slaves is the lowest!

Because of their poverty at home, they have been sold by wealthy employers from the bottom up... Some slaves will be exhausted and beaten to death when they are very young. Moreover, slaves are forbidden to learn martial arts on the land of the Spirit. There are illusions! Because their identity is the lowest existence in this world!

So at this moment Li Tian suddenly shot, everyone's eyes widened! Look at him!

What about Murred? He even stared at Li Tian with his calf-like eyes: "You...you... are you a **** slave?"

A word from Murad, one of the five tiger generals of the Crimson Corps, called out angrily.

But seeing Li Tian wearing a bronze mask, shrugged helplessly!

He was also very depressed that he was a "slave".

Because I just arrived in this world, I was **** by Elena's gang... and they were treated as slaves... Hey, since they all think they are slaves, then let themselves be slaves. .

"So what?" Li Tian suddenly said a word.

That Murred was mad.

"A **** slave, dare to stop me?"

"Are you looking for death?"

Murid, who roared, couldn't bear the anger in his heart! One of the five tiger generals of his dignified Crimson Legion, now he is facing a slave? How can he not have the atmosphere?

The roaring Murid directly raised the terrifying giant axe in his hand, and a fierce axe slashed directly at the top of Li Tian's head.

Li Tian saw this terrible giant axe slashing, and his hands suddenly wanted to accumulate true qi, but at the moment of raising his qi, suddenly the dantian was empty, which made Li Tian depressed!

"Damn! I forgot that my internal strength has not recovered!"

After Li Tian felt it, his body quickly dodged!

Fortunately, he dodges quickly, otherwise, he would definitely be killed by an axe by that Murad!

After seeing Li Tian dodging embarrassingly, Murad thought to himself, this **** slave was originally vulnerable to a blow? I really looked at him too highly just now!

Murid, who was thinking so in his heart, suddenly swept the new moon with the giant axe in his hand!

The terrifying axe cut directly towards Li Tian's waist.

However, at this moment, Li Tian suddenly walked away... and then with a clenched fist in his hand, a quick straight fist hit that Murad.

Murid was stunned. He didn't expect Li Tian to be so fast. He quickly dodged his body. He roared at the same time, and the giant axe in his hand slashed towards Li Tian again.

But this time, Li Tian's speed was simply too fast.

I saw that Murred's majestic body was quickly bullied, and then when Murred hadn't reacted, suddenly, his right fist hit Murred's chest directly.

Murid let out a pain in his chest and a muffled hum in his mouth... staggering back!

Then Li Tian just as Murid retreated, one leg suddenly a gorgeous whip leg, directly thrown directly on that Murid's cheek!

what

With a sound, Murred's huge body was directly shaken to the ground.

"it is good!"

The members of the Sirius Mercenary Group here all cried out excitedly, even Elena and Tyler were completely speechless!

God, is this their slave?

How... how is it so powerful?

Where are the members of the Crimson Legion here?

Seeing that Murad was knocked to the ground by Li Tian, the members of the Crimson Legion were all stunned.

After stunned for a few seconds, he hurriedly helped Na Mured!

After being helped up, Murred's face was blue and purple, and he shouted at the members of the Crimson Legion around him: "Go away, I don't need your support!"

The words roared out, and he once again held the giant axe in his hand tightly with both hands!

"Asshole slave! I must kill you today!"

Murad looked at Li Tian with endless anger in his heart! He can't wait to chop off Li Tian's head with an axe!

Murid roared like this and rushed towards Li Tian with endless anger.

But seeing Li Tian, at the moment when he saw Murid rushing over like this, he suddenly stepped back and reached the beautiful Elena who was in a daze behind him.

"Hey, miss, lend me your knife!"

A word came out of Li Tian's mouth!

As Li Tian finished speaking, Elena hadn't fully reacted yet, and the curved scimitar inlaid with gems in her hand suddenly reached Li Tian's hands.

After Li Tian "borrowed" Elena's blade, he suddenly used the "Ten Jue Sword Qi" in his hand. He replaced the sword with the sword...

The Ten Jue Sword Qi was originally used to transform the sword to invisible sword energy, but now Li Tian can't accumulate the true energy in his body at all, so he can only use the real blade, and then use the Ten Jue Sword Move!

I saw that after Li Tian used the Ten Jue Swordsmanship, the scimitar in his hand suddenly turned into a long rainbow, and then with a weird trick, he directly smashed the sword... At the same time, his body quickly avoided Namu. Reid's axe!

warehouse!

The sharp machete blade rested on Murred's neck.

With one move, Li Tian subdued that Murad!

What about Murred? Li Tian used a sharp blade to force him in front of his neck...At that moment, he only felt a chill...The giant axe in his hand fell to the ground with a creak.

He was stunned, dumbfounded!

Chapter 2539: help

Not only that Murred was stunned, but even the members of the red mercenary group behind him were all dumbfounded. .

"Oh my God, a slave actually defeated one of the five tiger generals of the Crimson Legion,?" The members of the Crimson Legion looked at the scene in front of them with unbelievable eyes.

Elena and Taylor here are also completely depressed.

But seeing that at this moment, Li Tian couldn't help holding the knife in his hands, his hands were still tied with iron chains, and the sharp blade was resting on Murid's neck.

As long as Li Tian exerts a little effort, Murred will definitely be killed by Li Tian with a single knife.

Looking at Murid with his wide-eyed eyes, Li Tian looked at him and said: "If you don't want to die, take your people as soon as possible and get out of here."

After Li Tian said this, Murid was shaking all over his body!

But he glanced at the blade on his neck, and he could only step back silently.

With unwillingness in his eyes, with endless anger, he stared at that Li Tian.

After taking three steps back, Murred suddenly said angrily: "Damn slave, should you report your name?"

Hearing Murid asking for his name, Li Tian suddenly smiled and said, "Why not dare?"

"Please remember my name, my name is Li Tian."

As Li Tian finished speaking, that Murad repeated Li Tian's name.

"Li Tian?"

"Okay! My Scarlet Legion remembers you!"

"Boy, don't be overwhelmed. One day, Lao Tzu will double you back to today's scene."

Murid yelled and said, after finishing speaking, he yelled at his subordinates: "Let's go!"

Then the whole Murred finally left with all the members of his Crimson Legion.

After that Murad left with the members of the Crimson Legion, the members of the Sirius Legion stood here with wide-open eyes.

Especially Elena!

Especially Na Taylor!

They all opened their eyes wide, looking at Li Tian in front of them.

But after seeing Li Tian chasing away the members of the Scarlet Legion, he was holding the knife that he had just snatched in his hand, and then slowly walked to the front of Elena who was standing behind him dumbfounded.

"Miss, here, return your knife!"

Speaking, Li Tian handed the scimitar inlaid with dazzling green gems to Elena in front of him.

Elena took the scimitar silly, then blinked her beautiful eyes and looked at Li Tian in front of her.

"you....."

"You..." Elena suddenly spit out two words, but she didn't know what to say next, she was speechless.

Li Tian turned his head to look at Elena, who was gazed, and said, "What's wrong with me?"

Elena finally called out: "Oh my god, who are you?"

After Elena asked, Taylor and the members of the Sirius Mercenary Group all ran over and asked Li Tianzai curiously.

When Li Tian heard Elena asking himself this, he not only let the iron chains on his hands go in front of Elena: "Am I not your slave?"

When Elena heard this, an extremely embarrassing expression appeared on her face!

Yes, their group of blind-eyed guys actually regard the "superior" as slaves!

Seeing Li Tian's hands still tied with iron chains, Elena yelled in embarrassment, "Taylor, you guys, don't hurry up to unlock the chains for our benefactor..."

When Na Taylor heard this, he was stunned, and then ran over quickly and smiled at Li Tianxin and said, "I'm sorry, I'm sorry, I'm so sorry!"

"Benefactor, we really have no eyes! We even treated you as a slave... I'm sorry."

Taylor, with a pinch of hair on his head, apologized while helping Li Tian untie the iron chains in his hands.

After Li Tian was unlocked by them, he slightly moved the bones of his hands.

After seeing Li Tian being untied, Elena ran over with a smile: "Hey, hey, I didn't expect you to be so powerful... This time you saved so many brothers from our Sirius Mercenary. I must I will thank you!"

Then Li Tian not only smiled bitterly when Elena said so.

"How do you thank me?"

Elena stunned: "What do you want, as long as our Sirius mercenary group can get it, we will definitely give it to you!"

Li Tian heard Elena say this, and suddenly his head turned: "Well, since you said this, then I will ask you about one thing."

"What's the matter?" Elena asked curiously.

Li Tiandao: "Have you ever seen a girl as weird as me? She is very beautiful, very beautiful..."

Li Tian wants to ask Situ Ningbing!

Coming to this other world, Li Tian only wanted to find Situ Ningbing in his heart!

But until now, he had no idea where Situ Ningbing was? Or maybe you don't know if Situ Ningbing is in this world at all?

After Elena and Taylor heard them, they were not only stunned.

"A girl as weird as you?" Elena asked in surprise.

Li Tiandao said: "Yes! Like me, from China, from the earth! I tell you, I don't belong here, I really don't belong here."

Hearing that Li Tian said that he was from China again, from what earth...

This Elena, and Taylor are speechless!

I thought to myself, why did this "beneficiary" speak quite normal just now, and why suddenly became abnormal!

After thinking about it, Elena couldn't help asking: "Benefactor, what is the Huaxia and Earth you mentioned? Is it a place name? Or something?"

As soon as Li Tian heard this, the egg broke immediately!

He knew that when he asked these people, he was playing the piano to cows!

After thinking about it for a while, Li Tian could only sigh deeply and said, "Hey, forget it! I won't ask you anymore!"

"But I want you to do me a favor now..." Li Tian said there.

After hearing what Li Tian said, Elena and Taylor asked, "What can I do for you?"

Li Tiandao said, "Help me find out if there is a girl with weird behavior recently found here... Remember, he is the same as me... You may not understand what you say... But she is what I was looking for. girl!"

After Li Tian said this, Elena and Na Taylor in front of them could only nodded silently.

"No matter what, benefactor, if you save us this time, we will do our best to help you." Elena said there.

Li Tiandao said, "Thank you."

Elena smiled and said, "We should be thankful! If it weren't for you, our Sirius mercenary group, I'm afraid it would really disappear from the Spirit Earth Continent today!"

Chapter 2540: What is an illusionist

"Benefactor, shall we invite you to drink?" Tyler grinned at Li Tiandao who was in front of him.

Li Tianchu came to this world with an empty belly. He was really hungry at the moment, so he said, "Okay!"

In this way, Elena, and Taylor hurriedly led Li Tian towards the tavern.

After taking two steps, Li Tian suddenly stopped, and Elena and Taylor beside him were not only taken aback.

But after seeing Li Tian stopped, he suddenly turned his head to look at the other slaves behind him who were like him before, especially the slave named the third one. After taking a look, Li Tian said: "Help, take them Untie the chains too...they are also human, let them come in too and have something to eat."

Hearing Li Tian's words, Na Taylor and the mercenary members behind him were not only taken aback, but also embarrassed on everyone's face.

After all, in Spirit Earth Continent, the status of this slave is too humble.

Then Elena said there, "Listen to the benefactor, everyone's life is saved by the benefactor...what is it to do this thing?"

After hearing Elena's words, Na Taylor nodded there and said, "Okay!"

"Go and untie all the slave chains... Follow us into the tavern."

The mercenaries who were talking hurried to untie the iron chains of the slaves.

After the slaves were unlocked, they all knelt on the ground with a plop and thanked Li Tian.

Li Tian smiled, and then said nothing, turned around, followed Elena and the others towards the tavern.

"Benefactor, please here." Taylor said with a grin while leading the way.

At this time, the people at the other tables in the tavern were watching. When the Sirius Mercenary Group brought in a few slaves, they were not only looking at them with a pair of surprised eyes.

It was as if their eyes looked at Li Tian, and those slaves looked like monsters.

But he said that at this time, Xiao Er from the tavern also ran over.

At first sight, the slaves actually entered the tavern, and their faces changed immediately.

"Damn slaves, who let you in?"

"You inferior things, get out of our tavern." The shopkeeper yelled to Li Tian who came in and the slaves over there.

As soon as he called the exit, Taylor suddenly rushed over, grabbed the little second of the shop's clothes, and then directly lifted his body like a chicken, and said angrily: "You bastard, you have the ability Say it again?"

"I tell you, today, you tavern I have packed! I want to let anyone in. If you **** dare to say nothing, I will smash your tavern today." Taylor said angrily.

The shopkeeper turned pale when he heard Taylor say so.

"Okay, okay, okay... I listen to you, listen to you."

Xiaoer Dian finally didn't dare to dare those slaves anymore.

After Tyler heard this, he flicked his arm and threw the second person to the ground. The second person staggered and fell back, raising his scared eyes and panting violently.

"What the **** are you doing? Don't hurry up to serve good wine and food." Taylor yelled at the shopkeeper.

"Yes, yes." Dian Xiaoer was like a pug at this moment, and didn't dare to speak anymore and ran in quickly.

In this way, Li Tian and the other slaves all entered this tavern and sat down, and the arrogant shop Xiaoer no longer dared to speak or be presumptuous.

Soon, Xiaoer came up with fragrant beef and good wine.

After the good wine and good food were served, everyone ate and drank.

Li Tian sat at one table with Elena, and Taylor. As for the slaves, they sat at another table.

"By the way, what is the source of those mercenaries just now? Why do you want to deal with you?" Li Tian took a sip of strong wine and looked at Elena and asked.

Elena suddenly sighed when Li Tian said this.

"They are the Scarlet Mercenary Corps. They belong to the largest mercenary regiment in Stormwind. Because we had some conflicts with their members a few days ago. The people under our hands accidentally killed a member of the Scarlet Legion. That's why they don't forgive us."

After hearing Elena say so, Li Tian basically understood.

"Can't it be reconciled? You have to do it?" Li Tiandao.

"Hey, we also want to reconcile, but you have also seen the situation today. Their Crimson Legion clearly wants to completely destroy our Sirius Legion." Elena said.

Taylor also said: "Yes, the **** of the Scarlet Legion are bullying! In Stormwind, many mercenaries as weak as ours have been destroyed by the Scarlet Legion."

When Li Tian heard this, he secretly said: It seems that the Crimson Legion guys are really not fuel-efficient lamps.

"Is the Crimson Legion really that powerful?" Li Tian questioned.

To be honest, through today's battle, Li Tian feels that people in this world are not very good at martial arts!

But seeing that Elena was facing Li Tiandao: "You may not understand that the most powerful thing about the Scarlet Legion is not because of their large numbers of people, nor because of their high martial skills... but because they have the most terrifying illusionist. ."

"An illusionist?" Li Tianyi's brows not only frowned. He had heard people talk about this illusionist several times, but he still hadn't figured out what an illusionist was.

When Elena mentioned the word illusionist, a slight fear appeared in her beautiful eyes, and nodded there and said: "Yes, the most terrifying thing is the illusionist."

"Tell me? What does the illusionist do? Why are you so afraid of them?" Li Tian asked.

Elena said: "The illusionist is the most extreme existence in our spiritual land continent. Their power is immense. In the whole spiritual land continent, everyone respects the illusionist! Everyone wants to become an illusionist!"

"But it is extremely difficult to become an illusionist, because the necessary condition for becoming an illusionist is that the body must first have a certain amount of spiritual power! If there is no spiritual power, you will never become an illusionist. ."

"The illusionist is divided into five categories: wind, thunder and lightning, water, fire, air, and air. The top powers of each category are well-known existences. As far as I know, there are currently only three that have reached the highest level on the Heavenly Spirit Continent. The existence of top illusion."

After hearing Elena's words, Li Tian finally understood a little bit.

I couldn't help but secretly lined up: It turned out to be such a thing.

"The illusionist is divided into three levels in total, one is a low-level illusionist, one is an intermediate illusionist, and the other is a high-level illusionist. These three levels, each level is divided into three levels, gradually, Then practice one by one! The apprentices of the illusionist will be tested for the spiritual power of the body from the moment they are born. Once a child with spiritual power is discovered, they will be taken away by the special illusion school, and then they will be specially Adopted, and then trained, according to their physical and spiritual attributes, and then began to practice illusions of their respective attributes!"
