

A Killer 3081

Chapter 3081: Thousand corpses shot

Seeing that the three demons of the Pluto were about to start working on the Gu Mu Xijue in front of them.

And what about Yuzue Gu Mu? At this moment, the breath of the whole body began to gather slowly! He didn't dare to underestimate these three people, after all, the Pluto Three Demons still have terrible power, especially when they join forces.

At the moment when the battle was about to break out, a loud bang suddenly came from the left.

Accompanied by the loud noise of "rumbling", then the entire ground trembled violently.

At the moment when the Underworld Three Demons felt that the ground was shaking, all of them frowned... and then quickly blinked to look.

The moment they all turned their heads, they saw a giant monster appear from the left.

I saw that the giant beast was extremely huge, with a tortoise shell... from afar, I could see a person sitting on the tortoise shell.

Yi turtle beast?

White God?

Yes, it is the white ***** who is riding the ancient beast "Yi Turtle".

Just after the appearance of the white ***** riding on the huge Yi turtle beast, he stood on the Yi turtle beast and said angrily: "Wooden god, deal with these three bastards...I am old white Will suffice."

The words were spoken, but the White God had already arrived.

The "Yi Turtle Beast" below is huge, like a hill, staring at those extremely spiritual green eyes at the moment, glaring menacingly at the Underworld Three Demons and the skeleton army over there.

But it said that at the moment the White God arrived, behind the White God were more than 30 guardians in black shirts, among them the "Xuandi" old man.

It turned out that they had also arrived.

Besides, when the white ***** riding on the huge ancient beast "Yi Turtle Beast" appeared, the brows of the Underworld Three Demons not only wrinkled.

"White?"

The Red Devil looked at the white ***** and said something coldly.

I saw that Bai Shen's body flashed, and he flew off the huge "Yi Turtle Beast".

At this moment, the White God glanced at the Hei Jue, the Red Devil, and the Thousand Corpses in front of him, and suddenly said: "You three bastards... didn't kill you hundreds of years ago! What a pity... I didn't expect you to dare today. Come to die?"

As soon as the Red Devils heard it, he snorted coldly: "Old Bai, it was your luck to defeat the three of our brothers hundreds of years ago! The three of our brothers are going to bloodbath the shame of the year.

When the white ***** heard it, he burst into laughter.

The red devil saw the white ***** laughing and yelled angrily: "You old thing, what are you laughing at?"

The White God said: "I laugh at you three bastards, how stupid!"

"Do you dare to scold us?" The red devil yelled out angrily, the ***** aura all over his body, revealing there.

But seeing that White God sneered there and said: "What's wrong with scolding you? I will not only scold you, but also beat you today even if your mother doesn't know you!!!"

When I heard that White God insulted them so much! How could the three demons of the Pluto bear it?

"Asshole old man, I killed you!"

There was a wild roar, but the red devil with long blood-red hair had already taken action.

This red devil is the head of the three demons of Hades, and his skill is naturally terrifying.

But at the moment he made a move, all the blood engulfed his whole body, and the whole person instantly turned into a ***** and hideous skull, and then swallowed it in terror to the white god.

Seeing the attack from the red devil, the white ***** raised his right hand slightly.

"Crystal Escape Technique!"

Suddenly, a triangular "crystal escape" quickly formed around the white god's body.

And what about the Red Devils? The ***** body that turned into a skull slammed on the "Jing Dun" with a bang, and the whole Jing Dun that resisted was shaken violently... but it was not broken! Stopped the terrible blow of the Red Devil.

The Red Devils missed a hit and roared angrily.

But seeing that White God laughed loudly.

"Red Devil, you idiot, you have the ability to hit the old man's crystal escape again. I want to see how hard your scalp is for your red-haired pervert? Come on, come on!" The white ***** was jokingly right there. To the Red Devil Road.

This white ***** knew that although the Red Devil was the boss of the three underworld demons, it was also the strongest! The worst temper!

At this moment, as long as the "exciting general method" is displayed, the red devil will lose his nature... his skill will be greatly reduced! So the white ***** was there to stimulate the red devil with words.

Seeing that the Red Devil could no longer stand the stimulation of the White God, suddenly at this moment, the second child of the Three Demons of the Hades flew to the Red Devil's side.

"Big brother, this old man is using the radical method...Don't get caught by him!"

"In this battle, let me do it for you."

The thousand corpses in front of them suddenly lifted the pale face that looked like a zombie, and faced the Red Devil Dao with those vicious and treacherous eyes.

Thousand corpses!

It is the most cunning among the three demons of the Pluto, and the illusion of alien space practiced is also the most evil.

The alien space illusion he practiced was "corpse speech", this evil illusion summons evil spirits from the Nine Heavens Hell to fight for it.

At this moment, after the "thousand corpses" said this to the red devil, the red devil calmed down, raising the blood-red eyes and glaring at the white god.

"it is good!"

"Second, kill this **** old man for me!" The Red Devil sternly said at last.

The Thousand Corpse heard the Red Devil say this, smiled grimly there, then slowly turned the ugly face like a zombie, and looked at the White God.

"Lao Bai, my eldest brother disdains a fight with you! To deal with your old man, my thousand corpses are enough." The thousand corpses sounded sharply on the scene.

The White God knew that this thousand corpses was the most treacherous one of the Three Demons of the Underworld, and he said coldly at this moment: "Zombie doll, just rely on your ability... dare to fight with you Grandpa Bai and me? I'm afraid. You become a real zombie."

Hearing that thousand corpses, he said with a sly smile: "Old Bai, Xiu is quick to talk! Who will die later? Who will live? I'm afraid it's not necessarily true."

The White God said: "Okay! Then I will teach you a zombie doll."

After speaking, the White God began to take action.

Suddenly, the White God quickly turned into a light curtain and hit the thousand corpses.

He knew in his heart that the corpse speech technique of the thousand corpses relied on mobilizing spiritual power, and then attracted the soul to summon "evil spirits"! But close combat is not the speciality of the thousand corpses, so the White God of this meeting will not give the thousand corpses the chance to attract the soul...a direct attack on the thousand corpses.

The Thousand Corpse saw the speed of the White God's attack, and his face became cold.

His right hand suddenly raised, and a strange spell rose from his hand.

"Li Guifu!"

As the talisman suddenly appeared from the hands of the thousand corpses, the thousand corpses suddenly threw away, and then I saw the "Ghost Talisman" suddenly screamed in the air, and then I saw an evil ghost with teeth and claws appearing in the air. In front of him.

Chapter 3082: Two Ghosts

The "li ghost" that turned out is hideous and bloody.

The whole body exudes a strange smell of corpse, the whole head is split, and it is impossible to see his face clearly, only two blood-stained arms are waving there.

hiss!

An extremely unpleasant voice came, and suddenly the "great ghost" directly grabbed the attacking White God, and the speed was extremely fast, no less than the average master.

Seeing that the thousand corpses used the technique of "drawing amulet" in the "corpse speech technique", Bai Shen said coldly: "Zombie doll, do you think you want to stop you Grandpa Bai and me by making these ghosts?"

With a roar, the White God shouted.

"Dragon Slash!"

With a shout, suddenly a group of crystal lights flashed in the white god's hand, and then a huge "ice crystal giant blade" appeared in his hand.

That huge blade is like a big knife! Exuding this surging light, then at this moment, he slashed towards the ghost.

The terrible giant blade fell from the sky!

boom!

Yi Zhan slashed towards the ghost with disheveled hair!

The Li Ghost let out a long and stern whistle, and his whole body was split in half...Then the dead body turned into a cloud of black energy and disappeared into the air.

But what about the thousand corpses at that moment?

When he saw that the "Ghost Talisman" he displayed was useless to the White God, his steps quickly backed away.

"Burst Talisman!"

Suddenly, two yellow talismans appeared quickly on his left and right hands.

These two talisman are called "burning talisman".

Then he shot at that white spirit.

The huge blade in Baishen's hand swung out, and then blocked one of the "Burst Talisman". At the moment of blocking, the "Burst Talisman" suddenly exploded.

There was a loud bang!

Baishen was taken aback, and his body quickly flew back.

The other "Burst Talisman" also fell into the air, and disappeared without a trace with an explosion.

The "corpse speech" of the Three Demons of Hades is truly extraordinary!

Although the White God's skill was enough to beat him, but relying on the spells of the Thousand Corpse, it would still make the White God unable to get close for a while.

At this moment, the red devil standing outside the circle saw that the thousand corpses were equal to the white god, suddenly a wicked sneer appeared at the corner of his mouth, and said: "Second brother's corpse speech is really amazing!!"

Hei Jue on the other side also smiled strangely: "Yes! The second brother has not yet performed the ultimate technique... If the second brother can use the soul to summon the evil spirits and the evil spirits, I am afraid that There is no doubt that the old man will die."

When the red devil in front of him heard it, an evil smile appeared on the corner of his mouth!

It seems that they have already set the overall situation now, thinking that they will undoubtedly win.

But what about Yuzue Furuki over there?

On his face, he didn't worry about the white ***** at all, as if he believed in the strength of the white ***** very much.

But he said... After the White God evaded the explosion talisman of the thousand corpses, he suddenly shouted, and then suddenly and quickly condensed a curse mark with his right hand.

Then he hit the ground with a "bang".

"The crystal bound!"

Suddenly, chains of cold crystals rose up across the ground... The chains of cold crystals suddenly entangled toward the thousand corpses like a rope.

The thousand corpses were taken aback for a moment, and the body wanted to fly and dodge, but at this moment, the White God sneered: "Zombie doll, can you hide?"

With a loud shout of anger, the giant blade in his hand was suddenly cut out.

Under the shock of the thousand corpses, his body hesitated slightly...In this moment of hesitation, his legs were immediately bound by the "chain of cold crystals".

After the legs of the thousand corpses were suddenly bound by the "chain of cold crystals" of the white god, he was shocked and wanted to break free, but it was too late.

"what?"

At the same moment, the White God in front of him flew over, suddenly his right hand turned into a palm! Suddenly accumulating spiritual power... a heavy blow hit the chest of the thousand corpses!

A scream of wow... from the mouth of the thousand corpses!

I saw the body of the thousand corpses directly flew out... and then fell heavily to the ground.

Thousand Corpse is really not that white god's opponent!

"Second..."

"Second brother..."

The Red Devil and Na Hei Jue were stunned when they saw Thousand Corpses being knocked out by the White God's palm.

Then quickly flew over.

Quickly helped the thousand corpses up.

I saw that the face of the thousand corpses became paler, even uglier than the zombie... mouthfuls of blood came out of the mouth!

"Second, how are you?" The Red Devil asked worriedly after quickly helping the thousand corpses up.

That Heijue also looked worried.

I saw the tangled thousand corpses? After spitting out two mouthfuls of blood, he raised his arm with difficulty and wiped the blood from the corner of his mouth. The vicious eyes were full of anger.

"I'm okay...it's okay..." Thousand Corpse vomited blood there.

After the Red Devil heard it, he said: "Second, you rest, I will deal with the old man! I will kill him."

Who knows that thousand corpses, suddenly said: "No, no need!"

"Second brother? Are you still going to fight?" After hearing the Thousand Corpse say so, Na Hei Jue was taken aback, and looked at the Thousand Corpse Dao in front of him in disbelief.

No one thought that this thousand corpses would even say they wanted to fight after receiving such a terrible blow from the White God.

The Red Devil in front of him and the Hei Jue saw Qian Zuo's steadfast eyes, and then he nodded silently.

"it is good!"

"Second, try to get rid of that white god! As long as you can get rid of Old Bai'er, then the rest will be left to me and Hei Jue." The red devil arrived at the thousand corpses.

Thousand Corpse wiped the blood from the corner of his mouth, and then said in a hoarse and distorted voice: "En."

Then I saw that the Red Devil and Hei Jue in front of him quickly retreated.

They all looked at the scene at the moment in those eyes.

But what about White God?

He originally thought that the thousand corpses would retreat, but he didn't expect that the thousand corpses would even fight against him.

At this moment, the White God sneered at the thousand corpses and said, "Zombie doll, how dare you fight the old man? You are really looking for death."

The thousand corpses raised their dark eyes, and said angrily: "Old Baier, I will let you see and see the highest level of my corpse speech technique today."

After the words were spoken, the pale palm of the thousand corpses suddenly stretched out, and then a mouthful of scarlet blood was vomited in the palm of his mouth... After the blood was vomited in the palm of the palm, then the thousand corpses began to think in their mouths. Spell.

With the spell's movement, a string of characters began to appear all over his body... Those characters could not be seen clearly, blood-colored and weird, coming out of his body.

Then his two hands quickly made two different spell marks.

"Soul-inducing Dafa!"

With a scream, he suddenly pressed his hands on the ground, and then a blood-red x symbol appeared all over his body!

This is the spell that summons the evil spirits of "devil and charm".

Unexpectedly, this thousand corpses finally displayed his strongest evil illusion.

Chapter 3083: Thrilling time

"Two ghosts?"

Of course, the White God in front of him knew what sorcery the thousand corpses were performing.

At this moment, he didn't just murmur in his mouth.

Just after the White God said so, the Gu Mu Xijue who was standing aside suddenly spoke.

"Old Bai, don't be careless! This thousand corpses...the soul-attracting magic is the sorcery of sorcery, don't be careless." Gu Mu Xijue slightly reminded the Bai Shendao.

Baishen didn't listen to Gu Mu Xijue's advice, and sneered there: "Don't worry! This zombie doll, I will definitely make him regret it today."

As the White God said, the magical "big blade" in his hand swept directly towards the thousand corpses.

But what about the thousand corpses?

At this moment, he just lowered his head, "chanting" the weird corpse language in his mouth!

The sound was harsh and unpleasant...It was simply not a human chanting, because it was a corpse speech, but a speech heard by the dead.

With this unpleasant and piercing "corpse language", sang from the mouth of the thousand corpses continuously.

Then the entire ground suddenly shook violently...

Whether it is the guardian of the temple... or the Red Devil and Hei Jue, they are all blinking at this terrible scene.

"open!"

With a loud shout, he suddenly called out from the mouth of the thousand corpses.

Then the whole ground cracked and cracked, and at the moment it cracked, an extremely evil and gloomy air emerged from the cracked ground.

Then I saw a fire of ***** burst out... With a bang, a black "evil spirit" full of flames burst out of the cracked ground.

mountain elf!

He is the one of the two ghosts!

I saw 魑, more than 2 meters tall, burning with endless **** flames all over his body, holding a "tomahawk" in one hand, and even the wide "tomahawk" in his hand was burning with **** flames.

At the moment when the "Fun" appeared from the ground, suddenly a flame on the right side burst out directly.

Then, just like "Evil", another black "evil" also appeared.

His height is about the same as that of "Fun", and his whole body is burning with **** flames... A pair of pupils can't see the eyes, only the angry fire can be seen... In the hands of those thick skeletons, he is carrying a handful "Thunder Hammer!"

Charm!

Take the battle axe! Magical Thunder Hammer!

This is the "two evil ghosts" from under the Nine Heavens Hell.

According to ancient records, these two demons and ghosts were two Titans in the realm of Yinsi, in charge of one hundred thousand ghosts in hell... They were called the head of evil spirits!

Now, the two evil ghosts were summoned.

The moment they appeared, the situation changed and the wind was overwhelming.

Even the sky instantly turned into a dark color.

But he said that at the moment when the two evil ghosts with the "battle axe" in their hands and the "thunder hammer" in one hand appeared, the white **** in front of him couldn't help but frown slightly.

Although he had heard that the highest realm of "corpse speech" was to summon the two ghosts of hell... but he had never fought against it.

At this moment, after seeing the appearance of the two ghosts, he was not only slightly startled.

But the White God was not afraid of it at all. He was holding the giant blade that was transformed by the "crystal" in his hand, looking coldly at the thousand corpses and said: "Zombie doll, you think you have summoned this Two ghosts, will the old man be afraid of you?"

The thousand corpses smiled sullenly, and then said: "Lao Bai, you will know who is afraid of whom..."

After he finished speaking, he suddenly raised his right hand, and then said: "Hands."

At the moment of a loud shout, the two demons with a huge body of more than two meters made a harsh and unpleasant sound, and then rushed towards the white **** in front of them in terror.

The "Fun" held the battle axe in his hand.

Suddenly slashing through the mountain, directly facing the head of the White God, cutting off the mountain, really pushing the mountain! Terrifying.

The White God felt the gloomy breath of dead corpses, and shook his body, dodge the "dark" battle axe.

The battle axe of "Fun" did not hit the white god, but an axe hit the hard slate ground.

Click!

The entire ground was cut into a huge gully about ten meters long.

horrible!

so amazing.

At this moment, even the wooden ***** Gu Mu Xijue frowned slightly after seeing these two ghosts.

But what about White God? When I saw that the "dark" battle axe had cut a ravine of more than ten meters into the ground, not only did he frowned, he whispered inwardly: The two murderers summoned by the zombie doll's lock... really a bit meaning.

After he murmured, he suddenly stretched his body, and the "giant blade" in his right hand suddenly slashed towards the "dark".

The "Fun" that was burning with ***** flames didn't even have to evade... The giant blade banged on "Fun", but seeing a click, the "Big Blade" in the White God's hand was actually shattered! And look at the extremely tall and fierce ghost "Fun", which only shook his body twice.

"Damn... my giant blade is broken!"

When Bai Shen saw his "big blade" slashed on that "魑", the "魑" did not suffer any damage. After breaking the "big blade" in his hand, he not only let him He became depressed.

Even the dirty mouth was scolded for a moment.

Just as the white ***** yelled in his mouth, suddenly the "charm" on the other side struck the white ***** in terror.

This "magic" was holding a "thunder hammer" in his hand, and the moment the thunder hammer was shot, a thunder light suddenly appeared!

Then he hit the white god, and the white ***** quickly flew back...

The lightning hit the position where he stood just now, making a huge explosion sound! The ground was blown into a pothole about two meters deep...

Right now, the sword of the White God was shattered!

Facing the "Two Ghosts" with bare hands was really far-fetched.

I saw the two ghosts of "Demon", who were not afraid of any harm at all, and attacked the White God with such terrible moves.

The White God couldn't fight face-to-face with it, but could only avoid it!

After several times, Baishen was a little weak!

It seemed that he couldn't support it anymore.

Looking at the scene, the red devil over there suddenly smiled grimly: "The old man Bai is dead this time! The second one, kill him..."

Hei Jue on one side also said cruelly: "Second brother, kill the old man."

As the Red Devil and the Hei Jue shouted out, the Thousand Corpses here began to use the two ghosts of the "Demon" again, and began to put pressure on the White God!

Soon, Baishen really fell into a passive situation!

He was forced to be in a hurry by the two ghosts of the "Demon"... even, he was almost killed by the two ghosts.

Chapter 3084: Chaos

Seeing that White God had fallen into a completely passive situation.

Suddenly that Gu Mu Xi Jue exited at this moment.

"Lao Bai, don't attack the two monsters, these two ghosts are evil spirits, they can't be killed! Just kill the thousand corpses... to make the two ghosts disappear! Your enemy is only the thousand corpses now... .."

Following the reminder of Gu Mu Xijue's words, the White God suddenly woke up.

With a move of his head, he muttered: Yes! Why the **** am I so stupid? Did you forget that this evil spirit cannot be killed?

Then the white **** at this moment began to change the target of attack.

He wants to deal with that thousand corpses!

As long as he knocks down the thousand corpses, then there is no doubt that the two ghosts in front of him will disappear.

After Na Bai Shenma understood this truth, suddenly he changed the target of attack.

"Damn zombie doll, your Grandpa Bai has come to take your life."

With a roar, the direct sleeves of the white **** in front of him rolled up, and then a strong wind took the thousand corpses.

The Thousand Corpse saw that the White God suddenly changed the target of the attack and attacked himself, and was shocked... and hurriedly summoned the "Two Ghosts" to come over.

The White God quickly dodged after seeing the "Two Ghosts" suddenly swooping over with a weapon.

Now he is not stupid!

He would never go head-to-head with the "Two Ghosts".

The most important thing for him now is to get rid of the "Thousand Corpses"... He can only win the match if he kills the "Thousand Corpses".

I saw the body of the White God walking around quickly at this moment, and then looking for an opportunity to attack the thousand corpses.

Although the Thousand Corpse summoned the most ferocious two ghosts, the two ghosts, but the two ghosts were not human after all... so their movement speed could not be compared to the white god.

Suddenly, the White God stumbled back from the weak situation.

I saw the White God suddenly attacked the thousand corpses with a crystal magic technique.

The body of the thousand corpses quickly dodged... and then wanted to pull the two ghosts of the "Demon" to attack the white god.

But the white **** was extremely fast, and suddenly his body flashed to the thousand corpses' side. "Zombie doll, don't you admit defeat?"

With a word, the White God suddenly grabbed an arm on the arm of the thousand corpse.

Thousand Corpse was taken aback, and the palm of his right hand changed, attacking the White God.

But just as the palm power was released, the White God suddenly pulled his arm, and suddenly a strange force spread to the arm of the thousand corpses.

Thousand Corpse only felt a twisted tingling pain in his arm...

what!

A scream came out of his mouth, and then I saw that arm was instantly broken by the White God!

The Red Devil and Hei Jue were shocked when they saw Thousand Corpse's arm cut off by the White God.

"Second..."

The Red Devil exclaimed, and his blood-red body rushed directly into the battlefield! He wants to go up and help the thousand corpses!

But at the moment when the Red Devil was ready to go up and help, Gu Muxi suddenly snorted coldly: "Red Devil...pass the old man first!"

With a word, the gray robe of the Wood God suddenly floated, and then a powerful force rushed directly to the Red Devil.

The Red Devil was stopped by Gu Mu Xijue, and his mouth roared.

"Gu Mu, I want you to die."

After shouting, the terrifying hand suddenly appeared five blood-red paw prints in the air, and then directly grabbed the Gu Mu Xijue.

Gu Mu Xijue dodged slightly, and then dodged the blow of the Red Devil.

At this moment, the Red Devil was stopped by Gu Mu Xijue... He wanted to go up and help the Thousand Corpse... but he couldn't help.

After one arm of the thousand corpse was broken, he screamed in pain, and then cast a "symbol" with a trembling left hand.

"Burst Talisman!"

At the moment when the explosive talisman was shot, the body of the white ***** in front of him dodged slightly.

The burning talisman burst into the air with a bang.

Then I saw the white ***** kicked the thousand corpse on the chest, the thousand corpse screamed, and the whole person flew out...

"Second brother!"

Hei Jue on one side shouted!

But the thousand corpses have fallen!

At the moment when the Thousand Corpse was knocked down by the White God, suddenly the two ghosts summoned by the Thousand Corpse, the two ghosts of "Demon", then stopped moving!

The body that was originally burning with ***** flames... suddenly began to collapse!

Boom!

Two demons and ghosts over two meters high, suddenly turned into a pile of powder... and then turned into a cloud of black energy and disappeared into the world.

It turned out that as long as the thousand corpses were defeated, the two ghosts and ghosts would automatically disappear!

Thousand corpses are defeated!

In the end, he was defeated by the White God!

At this moment, the thousand corpses fell to the ground...the blood was spitting out...this time he couldn't stand up anymore! The injuries all over his body have made him unable to move anymore.

Just after the thousand corpses had been defeated, Hei Jue rushed up all at once.

The current situation has suddenly become that black absolute war white god!

And the red devil? It is to fight against Gu Mu Xi.

The densely packed army of skulls in the underworld is staring at the guardian of the temple... and the huge "Yi turtle beast".

The war is about to start!

"Tread the temple! Kill everyone..."

Suddenly the red devil couldn't bear the anger anymore... his scream came out.

At the moment he shouted, the terrifying underworld skeleton army rushed towards the guardians here like a ghost.

And the guardians of the temple here? At the moment when they saw the skeleton army rushing up, they all stood ready and attacked.

The square of the entire temple instantly turned into a square of war!

Kill shout!

Gorgeous illusions are flying in the air... From time to time, I hear extremely tragic screams from this square!

Then I saw a corpse fall down!

And at this moment, the Red Devil also broke up with that Gu Muxi... Hei Jue had gotten into hands with the White God.

In this battle, is the Jiugong victory? Or the temple wins?

Who will defeat whom?

Nobody knows!

At this moment, but seeing a light in the void flew toward the temple.

At the moment the light flew over, a human form suddenly appeared in the void.

He was wearing a navy blue robe... His dark hair was flying in the air... That handsome silhouette stared at the temple in front of him unblinkingly.

Suddenly the murmured words came out of his mouth.

"It's been so many years... I'm finally back!"

Following the moment his vast and deep words were uttered, suddenly his body flew towards the temple here.

he came!

The current owner of the Nine Palaces is "Yang Shen".

A man who rushed to the "Eleventh Heaven" more than 300 years ago!

Chapter 3085: Don't force me

Yang Shen is here. .

At the moment when the figure of the sun **** appeared, suddenly the sky thunder rolled and the sky suddenly changed.

Then Yang Shen's hands suddenly opened, his mouth seemed to be thinking something slightly... and then a series of invisible light curtains suddenly shot towards the audience.

"Great Seal Forbidden Technique!"

A low drink murmured from that Yang Shen's mouth.

The situation of the original war, after the arrival of Yang Shen, suddenly all stopped.

The wind seems to have stopped!

The cloud seems to have stopped.

The only thing I could see was that Yang Shen's body suddenly stepped into the void step by step, and the surrounding light curtains began to surround everyone in the audience with his body.

It seemed that they were all frozen...like the "Long Long's technique of sinking into the sky", everyone stopped.

Even the Wood God... and White God... the body can't move anymore.

Their bodies want to move, but the whole body is filled with layers of "forbidden technique" light! Terrible cold sweat appeared on his forehead.

Are they all "banned"?

Yes! All of them were used by that Yang Shen "seal forbidden technique," and everyone in this space was already unable to move.

They were all controlled by the Yang God, including the Red Devils, including everyone in the Nine Palaces.

Only that Yang God walked onto the temple step by step in the void.

"You...you...you... finally appeared?"

Suddenly, Gu Mu Xijue was sealed, taking a breath of effort... and then, with a cold sweat on her face, looking at the Sun God Dao there.

A faint smile appeared on Yang Shen's handsome silhouette.

Then he looked at that Gu Muxi and said, "I said...I will definitely be back!"

After he said this slightly, Gu Mu Xijue's face suddenly twitched violently.

What about the white god?

After being sealed with the whole body illusion, he suddenly gasped and yelled: "Chi Yang...you...you...little bastard...you deceive the master and destroy the ancestor! How dare you come back?"

It turned out that the real name of Yang Shen was: Chi Yang!

This name, from the moment he blinded his eyes, he was no longer useful.

He only remembers his name as: Yangshen!

Heaven and earth, the only Yang God!

Let's say that after hearing Bai Shen's anger, that Yang Shen suddenly raised an indifferent smile!

He didn't make a move... nor did he hurt anyone...

He just stepped into the void suddenly and walked to the top of the temple, and then looked down at everyone present like a "god".

Then he said: "From today! The temple is mine!"

Just an understatement! Has revealed endless domineering.

Then his hand suddenly waved, and an invisible breath suddenly filled the audience.

At the moment that breath rushed to everyone...their bodies that were originally sealed were all untied.

No one thought that after the Yang Shen had sealed their bodies, they would then unlock their seals...

I saw Yuzue Gumu and Shirasami present... everyone was free again! The seal was lifted.

At the moment when the Yang God lifted their seal, suddenly the Yang God continued to say: "Brother Brother, Brother Second Brother, you go...I don't want to hurt you! I don't want to hurt anyone!"

A word came out from that Yang Shen's mouth.

It turned out that the Yang God didn't want to hurt anyone!

After he unlocked everyone's seal, he muttered there.

The moment that Yang Shen said so...they couldn't help but Gu Mu Xijue, Bai Shen...They were stunned!

Even the Red Devil and Hei Jue were startled.

"You...you...what are you talking about?" Gu Muxi couldn't believe it, looking at the Yang Shendao standing alone on the temple at this moment.

But seeing Yang Shen smiled slightly: "I said, starting today, the temple is mine!"

"Bastard!"

Gu Mu Xi definitely heard it and shouted angrily.

Then suddenly his body soared into the air... cried, "I will never allow you to defile the temple!"

As he shouted angrily, suddenly his hand shot out two rays of light, and then hit the sun god.

However, that Yang Shen didn't see how he made his move. He could only see his figure suddenly flickering... and then the two rays of light were suddenly swallowed by an extremely vast force.

Then that terrifying force counterattacked towards that Gu Mu Xijue!

Gu Mu Xijue was immediately shocked by the extremely powerful backlash force, giving her body a few strides back and forth...then her chest hurt, and a mouthful of blood was spit out from her mouth.

"Big brother... don't force me!" The sun **** suddenly said at the moment that Gu Mu Xijue shook his mouth with a blow.

What about here?

The guardian of the temple was shocked when he saw that the wood **** was injured.

All of them quickly flew to the side of that Gu Mu Xizue.

"Wood God... Wood God... how are you?" I just listened to everyone who couldn't help but care about asking.

But he said that the wood **** was vomiting blood in his mouth, covered his chest with one hand, and gasped there and said: "I'm fine...nothing..."

After speaking, he suddenly stared at the Yang Shen in front of him and said: "Never...Never...allow him to defile the temple!!!"

"Even if we die... don't let him defile the temple!"

"Stop him...stop him!"

After Gu Mu Xijue suddenly said this, a dozen guards around him suddenly said, "We stop him!"

"Flush!"

"Stop him, don't let him defile the temple!"

With a cry, the dozen guardians suddenly wanted to go up and block the Yang God in front of them.

More than a dozen figures suddenly flew towards that Yang God.

The moment Na Yang Shen saw these people flying over to stop him, he couldn't help but smile slightly.

"This is what you forced me to..." With a cold shout, suddenly bursts of murderous aura emerged from his whole body.

Then, after seeing the dozen or so guards flying over, before their bodies reached the Yang God's side... Suddenly, they encountered an extremely powerful aura! That breath carried the breath of burning the sky, completely swallowing them.

Puff puff!

One by one, the fleshy bodies that flew over, were swallowed by the terrifying force of the burning sky, and suddenly their bodies exploded into blood clots...

One, two, three... more than a dozen guardians have not yet reached the side of that Yang God! Then their bodies exploded to pieces...and then fell to the ground.

blood!

It dyed the entire ground completely red like rain... and dyed the square of this temple into a terrifying blood.

Chapter 3086: Forced away

All dead!

The guardians of more than a dozen temples all died.

The dead didn't even have a corpse... became a pile of blood clots that couldn't be put together.

There was a scarlet rain of blood in the sky.

He is too strong!

Strong can't fight one at all!

The Gu Mu Xijue and the White God in front of them couldn't help being stunned when they saw this tragic moment of killing... The moment they watched their guardians die tragically under the hands of Yang Shen, they In his heart, there was a pain like a knife twisting the heart.

All dead!

All were killed alive by that Yang God.

Yang Shen stood on the top of the temple, looking down like a "god".

Looking at everyone in front of me.

"Fine, nothing..." Suddenly a desperate sigh came out of Gu Mu Xijue's mouth.

There was endless desolation in his voice... endless pain.

"Don't fight anymore... No one is his opponent! Facing him, only death." A desperate word came out of the mouth of Gu Mu Xijue in front of him.

After that Gu Mu Xijue said this all of a sudden, the White God in front of him... and all the guardians of the temple around him were stunned for an instant.

"Wood God... Did we just give up like this?"

"Wood god, we can't give up! Even if we die, we have to guard the temple!" Just listen to the guardians in front of you, and the white **** facing the Gu Mu Xi Jue.

Hearing what they said, a bitter smile suddenly appeared on Gu Mu Xijue's face.

"Do not!"

"Everyone don't have to make unnecessary sacrifices..."

Furuki Xiue really gave up.

He knew that no matter what effort he used, he could no longer stop that Yang God.

Because so far, no one can beat him.

After Mu Shen said these words in despair, he suddenly raised his eyes there, looking at the Yang Shen in front.

"Chiyang...Although you have occupied the temple! But don't even think about possessing the godhead...you won't break through the thirteenth heaven in your life." Gu Mu Xijue was there facing Nayang Shendao.

After Na Yang Shen listened, a smile appeared on the handsome silhouette.

"You don't need to worry about this!"

"From now on, you are not allowed to step into the temple again!"

The tyrant's words came out of that Yang God's mouth.

Gu Mu Xijue's wrinkled old face suddenly twitched violently... and then said nothing.

Turning his head, a cold wind blew on his body.

His subconsciously old body shook twice suddenly.

"Let's go... Lao Bai, let's go." A trembling word came out of his mouth.

When the White God heard it, he looked at that Gu Muxi silently and said: "Wood God, we really... just gave up resistance like this?"

Gu Mu Xijue suddenly smiled miserably: "Can we still resist?"

The White God's mouth was open... as if he wanted to say something, but the words reached his lips and swallowed abruptly!

Looking at the aloft Yang God, at that moment, Bai God's eyes were full of endless grief.

"Let's go!" Finally, in the sad words of the Wood God, he silently walked forward.

The White God... and the rest of the temple guardians... glanced at the desolate back of Gu Mu Xi Jue... Then he didn't say anything, and followed them silently.

Everyone!

All followed that Gu Mu Xijue left the temple...

They were as embarrassed as stray dogs being driven away... just like that, they left the temple silently.

This was once their home! But now, he was completely occupied by Yang Shen.

...

On the endless seashore, I saw Gu Mu Xijue with the white **** and all the people in the temple standing there.

"Wood God, where are we going now?" Only listen to the temple guards behind him who are looking at Gu Mu Xijue in front of them one by one.

The wrinkled old face of Gu Mu Xijue twitched violently. At this moment, he didn't know where to go.

Looking at the endless scene around... he didn't know where to go...

"Wood God, or else, let's go to Qianxue Peak for now." Suddenly the White God on the other side muttered.

Qianxuefeng?

When the White God suddenly said this, Gu Mu Xijue was slightly startled.

Yes, Qianxuefeng is their only place right now!

And that Qianxuefeng is far away from the temple...If you live in Qianxuefeng first, it is indeed a good thing.

After hearing what the White God said, Gu Mu Xijue finally nodded silently and said: "Okay! Let's go to Qianxue Peak for now..."

Speaking, but seeing them, he walked in the direction of Qianxuefeng.

"I don't know what Xue Ji is doing? Huh, the temple has been occupied by that ***** Chi Yang... She doesn't know where she went?" Bai Shen said in a depressed voice.

Gu Mu Xijue sighed deeply and said, "Even if Xue Ji is... it won't help!"

"Don't you see... how terrible Chi Yang's strength is now?"

After Gu Mu Xijue said so, Bai Shen mumbled in his mouth and stopped speaking.

That Yang God's strength is indeed terrifying!

It was terrible to the point where they couldn't imagine.

With every gesture, there is the power to destroy the world... can it be scary?

...

While talking, they saw them flying towards the direction of Qianxue Peak.

Qianxuefeng.

In the dense green forest, Situ Ningbing led the eldest sister, Qingluan, and others in the direction of the temple quickly.

The closer you get to the temple, the more you can feel an incomparable devilish energy..... as if it is steaming.

"Did everyone feel...it's weird here?" Suddenly the front Situ Ningbing blinked a pair of beautiful eyes, looking at the direction of the temple in front.

The eldest sister said: "Yes, I also feel it... It seems that the farther you go, the more gloomy you can feel."

After hearing what the eldest sister said, Situ Ningbing nodded quickly and said, "Not bad!"

"What's going on?" Qing Luan on the other side suddenly blinked her beautiful eyes and asked in panic.

Suddenly, Situ Ningbing raised her beautiful eyes, looking at the temple in the direction... and then muttered: "If my guess is correct, something seems to have happened to the temple."

what?

"Something happened to the temple?" The eldest sister and Qing Luan in front of them were startled when they heard what Situ Ningbing said, and said in a puzzled way.

But seeing that Situ Ningbing explained there: "Yes!"

"This gloomy breath... came from the direction of the temple! I think something must have happened to the temple."

Chapter 3087: The temple is occupied

"But what can happen to the temple?"

"There are powerful wood gods, white gods, and so many temple guardians in the temple...it's impossible for something to happen." The big sister on the other side said.

It can be seen that they are very confident in the temple!

But they didn't know that the temple had now fallen.

After Situ Ningbing heard what they said, he didn't say much.

I just thought about it and said there, "Forget it, let's rush to the temple first... other things, wait until the temple."

Saying that Situ Ningbing took the eldest sister, Qing Luan, and another beautiful woman in white to continue walking in the direction of the temple.

...

On the way to Qianxue Peak.

I saw more than 20 figures flying towards the Qianxue Peak quickly.

Look carefully, these twenty-odd fast figures are shocked to be the guardians of the wood god, white god, and temple.

They were expelled from the temple, and the only place they could go now was the Qianxue Peak. Therefore, all of them were flying towards Qianxue Peak.

"It's almost here!" Wood God said slightly, floating in the air.

The White God also nodded there at the moment: "Yes! Don't you know that Xue Ji is at Qianxue Peak?"

While talking, the White God suddenly glanced down from the high air... Suddenly saw several white-clothed figures walking in the direction of the temple in the dense forest.

When he saw these beautiful figures in white clothes, the White God was startled.

"Huh? Those images of white clothes are... Qianxuefeng girls!" Suddenly a word murmured from the white god's mouth.

When the White God suddenly saw those white shadows, he suddenly called out a voice.

Then hurriedly said to the Mu Shendao beside him: "Mu Shen, look down...the shadows below seem to be the little girls of Qian Xuefeng!"

When he heard that the white **** in front of him suddenly said this, Gu Mu Xijue, who was flying in the air, frowned slightly, and then lowered his head to look. At this sight, he really saw the white clothes underneath...

"It seems to be the maids of Qianxuefeng!"

After Gu Mu Xijue said so, the white **** in front of him said: "Wood god, let's go down and take a look..."

"OK!"

"Go, go down!"

Following the Mu Shen's order, more than twenty flying figures, all flying downwards at this time.

Whoosh whoosh!

Under the leadership of the wood god, after more than twenty figures all shot down, but saw Situ Ningbing walking in the direction of the temple in the woods...and Qingluan and others all saw it from the air And so many figures descended.

At this sight, they were taken aback.

"Who?"

Situ Ningbing gave a cold drink, and quickly pulled out the "Ice Death" in his hand.

At the moment when Situ Ningbing pulled out the "Ice Death", Qingluan and Big Sister... at this time also all pulled out the long swords in their hands one by one.

Then they all watched cautiously at the more than twenty figures descending from the air.

As the twenty-odd figures flew down more and more... that Situ Ningbing and the eldest sister were all stunned for an instant!

Because they can see clearly... it turned out to be the wood god... the white gods!

"Ah? Are they Mu Shen?" The eldest sister called out first.

At the moment when he called out, Qing Luan in front of him also said silently: "Yes! It is indeed the Wood God and them..."

While they were saying this, they saw that Gu Mu Xijue and the White God had taken all the guardians of the temple and flew straight down from the sky.

After flying down, Situ Ningbing saw them.

"Sure enough, they are the maids of Qianxuefeng!" After seeing the eldest sister and others, Mu Shen smiled there.

The eldest sister and Qingluan hurriedly saluted after seeing the wood **** and them flying down, "Subordinates knock on the wood ***** and the white god!"

Gu Muxi waved his hand slightly: "You are welcome!"

"Xie Mu Shen!" The eldest sister and Qing Luan stood up.

"I ask you, where are you going?" Gu Mu Xijue asked slightly.

The eldest sister then replied: "Return to the Wood God, we are now rushing to the temple..."

When the eldest sister uttered the word "temple", the old face of Gu Mu Xijue suddenly twitched violently.

Then he said: "Go to the temple?"

"What are you doing?" The Wood God asked.

You know, the temple is now completely occupied by the Jiugong! They go to the temple?

The eldest sister was taken aback for a while, and replied: "We are looking for the goddess...that's why we want to go to the temple."

amount?

When she heard what the eldest sister said, Gu Mu Xijue was slightly startled.

"The goddess is not in Qianxue Peak?" Gu Mu Xijue asked in doubt.

The eldest sister then replied: "Yes! The goddess has never come back since she went to the temple last time..."

After hearing what the eldest sister said suddenly, Gu Muxi felt a little depressed.

"Wood god, don't our goddess no longer have the temple?" the elder sister suddenly asked curiously.

But seeing that Gu Mu Xijue there shook his head and said, "Yes, she is not in the temple!"

what?

"Then I'm depressed, where did our goddess go?" Qing Luan on the other side murmured in that mouth.

Situ Ningbing on the other side also wrinkled his eyebrows deeply at this moment, and said in his heart, "Where is the master?"

"By the way, Mu Shen, Bai Shen, how did you come to Qianxue Peak?" Qing Luan on the other side suddenly looked curiously at the Gu Mu Xijue and the Bai Shendao in front of him.

After being asked so by them, the face of Gu Mu Xijue in front of him suddenly turned into a haze.

As for the other people in the temple, all of them bowed their heads at this time.

The eldest sister, Qingluan, and Situ Ningbing couldn't help feeling violently puzzled when they saw their appearance, and said secretly, "What happened to the Wood God? How come their faces are revealed With such a weird look?"

"Mu Shen, what's the matter?" The eldest sister on one side suddenly couldn't help asking.

The Wood God stood there and was silent for a long time, then suddenly raised his gloomy eyes and said, "The temple...the temple...is occupied by the demons of the Nine Palaces!"

what?

The moment that Gu Mu Xijue's words were uttered, the eldest sister, Qing Luan, and Situ Ningbing in front of them were all speechless.

"What? The temple is occupied by Jiugong?" Qing Luan asked in shock.

Situ Ningbing, the eldest sister, and another maid in white were all stuck there.

Chapter 3088: His master

The temple is occupied by Jiugong?

When they heard the news of the bad news for an instant, they were all stunned.

"How can this be? Oh my God, how can this be?" Qing Luan over there said silently.

The eldest sister raised her eyes and looked at the wood ***** and asked: "The wood god...then we have lost? We lost to Jiugong?"

Gu Mu Xijue nodded in despair.

Although he didn't want to accept this fact, he couldn't help it. He couldn't change this fact.

After seeing that Gu Mu Xijue nodded, the elder sisters here stopped talking, and a look of pain appeared on everyone's pretty faces.

"We were driven out of the temple...so, come to you Qianxuefeng!" Gu Mu Xijue said suddenly.

After the eldest sister heard this, she suddenly understood why this Gu Mu Xijue, White God, and the others would lead so many temple guardians... they came to Qianxuefeng! It turned out that they were driven out of the temple.

"Wood God, White God, it doesn't matter! We will take back the temple one day!"

"Yes, Wood God." Qing Luan over there also said.

A bitter smile appeared at the corner of Gu Mu Xijue's mouth.

"Forget it, let's go to Qianxuefeng first..." Finally, Gu Muxi said absolutely.

After Gu Mu Xijue said so, the eldest sister and Qingluan in front of them nodded silently.

In this way, Situ Ningbing did not go to the temple again! Because the temple is now completely occupied by the Nine Palaces! And that temple did not have the goddess Xue Ji they were looking for.

So they took that Gu Mu Xijue back to Qianxue Peak!

Now Gu Mu Xijue can only take everyone to the Qianxue Peak, because there is no other place to go!

...

Temple!

Clouds shrouded, and the huge idol at this moment has been completely destroyed.

All that is occupied here is the army of skeletons in the underworld, densely packed.

And what about Yang Shen?

It is already in the main hall of the temple.

In the magnificent hall, the sun ***** stood there in a blue robe, looking at the temple where he had lived, suddenly his handsome silhouette rose with an indifferent smile.

"The temple is finally in my hands." A word murmured from his mouth.

After that Yang Shen said these words, suddenly, his body flashed, and the whole person had reached the temple.

Sitting alone on the top ***** position, a brilliant cold light shot from Yang Shen's eyes.

At this moment, the voice of the Underworld Three Demons came from outside.

After a closer look, I saw that it was the three demons of Hades rushing over.

After the Underworld Three Demons arrived in the main hall of the temple, they then saw the Underworld Three Demons kneeling down first.

"Knock to see the sun god." The Pluto Three Demon said.

Na Yang Shen hand waved slightly: "Get up."

Then all the three demons of the underworld stood up.

"Have you found out? Gu Mu, Yu Bai, where did they leave the temple?" Yang Shen suddenly asked.

After the Yang God suddenly asked this question, the Red Devil of the Underworld King's Three Demons suddenly replied, "Return to the Yang God, it has been found out now! The old man Gu Mu... has fled to Qianxue Peak with someone! "

"Oh?" Na Yang Shen said slightly.

"Yang Shen, may I ask, why don't you slaughter Gu Mu and Bai Lao? Why do you want to let them live?" The Red Devil in front of him suddenly asked.

Yes!

According to the truth, Yang Shen should be able to kill the Gu Mu Xijue and the White God with his gestures!

But why would he let them live?

Just expelled them from the temple? Without killing them?

Following the red devil's question, he saw the Yang God in front of him suddenly saying, "Because, it is not them that I am going to kill!"

When the red devil heard it, he was not only stunned: "Yang Shen, who is it that you want to kill?"

The Yang Shen suddenly sneered, "You have to know this... You just have to remember one thing, and that is to do it according to my instructions!"

After that Yang Shen's cold words uttered, the Pluto Three Demons really didn't dare to speak any more.

"Retreat!"

The Yang God in front of him said suddenly.

Following the words of the Yang God, the three Hades in front of them could only quickly retreat.

After the underworld three demons withdrew from the temple, the faces of these three demons showed a gloomy color.

"Big Brother, what does this Yang God mean? Why don't you kill the old man Gu Mu... and the old Bai Er? And let them live?" Hei Jue, who saw him on the side, asked with extreme anger.

The red devil in front of him stared with a pair of hideous and blood-red eyes: "I don't know what he wants to do!!!"

"Second, what do you think?" Suddenly the red devil asked the thousand corpses on the side.

This thousand corpses is the smartest and the most treacherous among the three demons of the underworld.

The Thousand Corpse at this moment was seriously injured by the White God, so the complexion at this moment is not very good...

I saw that Thousand Corpse blinked those sly eyes, and said in the dark, "I personally think that the goal of the Yang God is no longer Gu Mu Lao Er... them."

Hearing what the thousand corpses said, the red devil asked with a gloomy face: "Then what does he want to do? Who is his goal?"

But seeing the thousand corpses there said, "I can see that the Yang Shen seems to show mercy to Old Man Gu Mu, and Old Man Bai, and his special subordinates!"

"Since his goal is not these two people... it should be someone else."

"Big brother, do you remember the earliest time when the Yang Shen was injured when he went to Jiugong?" Suddenly the thousand corpse asked.

The Red Devil was suddenly startled when asked so.

"Ah? That was all three hundred years ago... I remember that time, he was extremely injured! Or our three brothers kindly took him in! If not, he would have died." Just listen to the red devil. .

"Yes!" Hei Jue on one side also said.

It turned out that three hundred years ago, after Nayang Shen was severely injured in the 13th Heavenly Layer, he reached the Nine Palaces... has been to the present.

The thousand corpse in front of him said: "Big brother, I clearly remember that when we asked him who was hurt by him... He replied that he was his master!!"

"Eh? His master?" The Red Devil in front of him was stunned.

"Second, do you mean that the Yang Shen returned to the temple... to find his master? To kill his master?" The Red Devil in front of him said suddenly.

The thousand corpses in front of them raised their treacherous eyes, then slowly nodded and said, "Yes!"

Chapter 3089: Weird sound

Master of Yangshen?

It is said to be the legendary figure who created the temple!

"But... Didn't I hear... that man is dead?" Suddenly the red devil asked in astonishment.

The thousand corpses held those gloomy eyes and said, "No! No one had ever seen whether he was really dead..."

"Even Lao Gu Mu and Lao Bai are just guessing... so they don't know if their master is still alive." Qian Shidao.

The red devil said: "Second, what do you mean, this Yang God only occupied the temple... just to find his master? To kill his master?"

Hearing what the Red Devil said, the thousand corpses nodded silently.

"Most likely."

When the Red Devil heard it, he said depressed, "But, why on earth?"

"Why is Yang Shen killing his master?"

The thousand corpse shook his head and said, "I don't know this!"

"Maybe, only they can explain the reason."

After listening to the Red Devil, he said depressed, "Damn, so troublesome!"

"Forget it, it doesn't matter what the **** is our brother's business anyway." Hei Jue on one side said that too.

"En! Yes, we don't need to be nosy for the time being." The thousand corpses also said grimly.

"Then since we don't care about our bird affairs, we don't need to worry too much." The Red Devil said there.

The Pluto Three Demon walked out of the hall while talking.

...

The thirteenth heaven.

He only heard a "roaring loud noise", but saw a light directly flying out.

"I finally broke through the eleventh heaven! Hahaha."

Following the moment that the figure flew straight out, a closer look showed that the man was Li Tian who had cultivated in thirteen days.

Looking up at this moment, I saw a layer of golden light filled Li Tian's body.

Since he has practiced the "light system" illusion technique, once the spiritual power of the body is stimulated, the whole body will show this golden and dazzling light.

At that moment when Li Tian flew out of the thirteenth heaven, suddenly another fiery red figure flew out quickly.

"Li Tian, you have completed your cultivation? Have you broken through the eleventh heaven?" I saw that the fiery red figure that flew out was the "Goddess Xue Ji, who has the beauty of the country and the city."

Seeing the goddess Xue Ji at this moment, she reached the side of Li Tian.

Li Tian smiled slightly and said, "Yes!"

"I have practiced the Earth Escape Technique, and now I have broken through the Eleventh Heaven!" Li Tian said in that voice with unparalleled domineering.

It turned out that Li Tian not only broke through the tenth heaven but also broke through the eleventh heaven during this period of time.

Since on the tenth heaven, after washing bones, strengthening tendons, building bodies, transforming gods, all parts of Li Tian's body have been terribly improved.

The whole body seemed to be completely transformed, and the whole body was filled with a surge of energy.

That energy is the so-called power of "transforming gods".

After Li Tian broke through the tenth heaven, he continued to practice in the eleventh heaven. After reaching the eleventh heaven, he chose to practice the strongest "earth illusion" "Earth Escape Technique", this earth Escape Technique is also the most powerful skill in the illusion of alien space... Now Li Tian can already say that besides the so-called Yang God, he was the first to board The strong of the eleventh heaven!

What level of strength has he reached?

No one can say clearly now.

After the goddess Xueji heard Li Tian saying that she had broken through the eleventh heaven, an excited smile appeared on the pretty face of the allure.

"Really fast... your speed has surpassed the Yang Shen of the year!"

"It turns out to be faster than his speed!"

Just listen to the goddess Xue Ji standing beside that Li Tian, looking at that Li Tiandao without blinking with her beautiful eyes of appreciation.

Li Tian suddenly smiled indifferently after hearing what the goddess Xue Ji said.

"Really? My speed surpassed the Yangshen of the year?" Li Tian said curiously.

The goddess Xue Ji nodded there and said: "Yes! It has been surpassed!"

"Even Yang Shen, he didn't have the speed of entering the territory like you back then." The goddess Xue Ji said.

Li Tianyi laughed.

"To be honest, I really want to see that Yang God..." Li Tian suddenly muttered there.

The goddess Xue Ji said, "Didn't you have seen him in the dense forest?"

After Li Tian heard this, the face of the middle-aged man with the "pipe" in his hand suddenly appeared in his mind... and said slightly, "Could that be the Yang God? That is him?"

The goddess Xue Ji said: "If he has a flute in his hand, it should be him 80%."

When Li Tian heard this, he was slightly stunned.

"If that person is really him, it would be too unexpected for me...In my heart, he should be a vicious person! I didn't expect...Unexpectedly...he didn't look so vicious! "

Li Tian told the truth there!

To be honest, if it hadn't been for the previous Yang Shen to experiment with Li Tian's kung fu with the song "Li Hun Song"... Li Tian might really be able to make friends with Yang Shen!

Because of the extraordinary vitality exposed from the body of that Yang God! It's the kind of natural king's breath.

Li Tian recalled the Yang God in his mind.

But after seeing that Li Tian said this, the goddess Xue Ji on the other side suddenly said coldly, "No, he is a wicked person!"

"Although he doesn't look as fierce as he imagined... but his heart... is indeed very vicious! So, Li Tian, you must not be blinded by the appearance of my junior brother!"

When Li Tian heard it, he smiled slightly and said: "Don't worry! I'm not that stupid yet..."

"I just feel...feel... he shouldn't be the kind of person who deceives his master and destroys his ancestors!"

Li Tian murmured.

Just after saying these words, suddenly there was a loud noise from the temple.

The sound was like something collapsing... It was terrifying! It looks like a mountain is cracked.

After hearing the extremely loud sound, Li Tian and the goddess Xue Ji were all taken aback.

"Uh? What sound?"

The two cried out in shock together.

After they shouted in unison, then they blinked together and looked in the direction of the temple.

After their eyes looked over, they saw the back of the temple... billowing dust and smoke! It was as if a mountain collapsed at the back of the temple.

"That voice came from the back of the temple." The goddess Xue Ji suddenly said there.

Chapter 3090: Come to the temple

After the goddess Xue Ji suddenly said so, Li Tian in front of him was startled.

"Eh? You mean something happened to the temple?" Li Tian in front of him looked at the goddess Xue Ji in surprise and asked.

The goddess Xue Ji looked at the back of the smoky temple and said: "It should be!"

"Or, let's see the situation?" Li Tian looked at the goddess Xue Ji and said.

The goddess Xue Ji in front of her nodded there.

To be honest, she has been staying with Li Tian in these thirteen heavens for the past few days, and she doesn't know what the state of the temple is now... so she is indeed worried!

After all, she knew in her heart that if the Yang Shen really took the evil spirits of the nine palaces into the "temple" in front of her, then there was no doubt that the temple could not stop their invasion!

So at this time, the goddess Xue Ji nodded quickly and said: "Okay! Let's go over and take a look now."

"Yep!"

Li Tian also nodded quickly at this time.

Then the two of them turned into long rainbows, and then they flew quickly towards the back mountain of the temple.

The position of the mountain behind the temple is filled with smoke...

It looks like a mountain collapsed! No one knows what happened.

At this moment, two flying rainbow figures can be seen from far away, flying towards this place at an unparalleled speed.

The two flying rainbow figures were shockedly the Li Tian and the goddess Xue Ji.

Besides, after that Li Tian and the goddess Xue Ji flew over here all of a sudden, they looked up, but they saw that in the smoke-filled place, it was a huge half-collapsed idol!

I looked carefully, but I saw that this huge collapsed idol was the master of the goddess Xue Ji, the wood god, and the white god!

This magnificent sculpture was carved by the three of them to commemorate their teacher... Unexpectedly, it collapsed now!

what?

"Master's idol... actually collapsed?" An exclamation exclaimed from the cherry mouth of the goddess Xue Ji.

When she called out, her fiery red shadow flew straight over.

Although Li Tian didn't know this "big" idol, who was it carved? But seeing this extremely towering idol... the moment it collapsed, I couldn't help but feel a shock!

How did this idol collapse?

Then she quickly followed the goddess Xue Ji and shot down from the air.

When the goddess Xue Ji flew down, her pretty face was full of shock and anger.

Looking at the half-collapsed idol... she was stunned for a moment.

"My God, how could this be?"

"Master, how could the old man's idol collapsed?" The goddess Xue Ji said in astonishment.

Li Tian took a closer look at the moment, looking at the huge incomplete idol, and suddenly saw the traces on it... These traces seemed to be broken by a very powerful palm!

The moment he saw this incomplete place, Li Tian muttered there suddenly: "Xue Ji, this idol seems to have been deliberately destroyed!"

what?

"What are you talking about?" When the goddess Xueji suddenly heard what Li Tian said, she was taken aback for a while, and she looked at Li Tian in surprise with her incredible beautiful eyes.

But seeing that Li Tian was pointing with his finger, the incompleteness said to the goddess Xue Ji: "Come and see... this broken corpse is clearly broken by someone with great palm strength! If I guess If yes, this idol should have been deliberately destroyed."

After Li Tian pointed out the suspicion, the goddess Xue Ji quickly walked over and blinked her beautiful eyes to look.

After the beautiful eyes opened, she then saw the "fracture", and then she was stunned for a moment.

"Sure enough!"

"Really! Damn it! It was the bastard... who destroyed my master and his old man's idol, who did it?" The goddess Xue Ji suddenly roared there.

It can be seen that she has great respect for her master.

Li Tian stood by silently! Because he can't guess now.

"Up and down the temple, who hates your master the most?" Suddenly Li Tian thought for a while and asked while looking at the goddess Xue Ji.

After the goddess Xue Ji heard Li Tian suddenly say this, Liu brows frowned and said, "Who hates my master?"

"Except...except...Little Junior Brother...no one dares to disrespect our master." The goddess Xue Ji suddenly said there.

When Li Tian heard this, his brows furrowed deeply.

"Could it be that the one who ruined the statue of your master in front of you... really did it by God Yang?" Li Tian suddenly said a word.

After that sentence was uttered, the goddess Xue Ji in front of her was shocked and said: "Impossible!"

"If it's really the little junior brother who did it... then... then... he has broken into the temple?" The goddess Xue Ji asked there with a speechless expression.

Then Li Tian suddenly held up those extremely cold eyes, and then glanced at the direction of the temple...

Then the mouth suddenly murmured, "It's very possible!"

what?

"No way!"

"The temple, but there are wood gods, white gods... they guard it! Besides, there are so many guards!" said the goddess Xue Ji.

Li Tian looked at the direction of the temple... and did not directly answer the words of the goddess Xue Ji.

But a pair of cold eyes, looking at the direction of the temple, suddenly said: "Maybe... the wood god... the white god... they can't beat the sun ***** at all!"

"Xue Ji, I don't know why, I have a very unknown premonition!"

"Moreover, that feeling came from the direction of the temple." Li Tian suddenly said to the goddess Xue Ji there.

Upon hearing what Li Tian said, the goddess Xue Ji also raised her beautiful eyes and quickly looked at the direction of the temple.

"Go! Let's rush to the temple! Take a closer look." The goddess Xue Ji said suddenly.

Li Tian said "En", and then followed the goddess Xue Ji directly to the place of the temple.

...

Above and below the temple, clouds shrouded.

On the square outside the temple, I saw a dense army of skeletons from the underworld!

The underworld army in these nine houses has completely occupied the temple in front of them.

At this moment, I suddenly saw two figures flying towards here from the air.

Those two figures are Li Tian and blood stains...

Besides, after the two figures flew towards here all of a sudden, Li Tian who was in the air suddenly looked down, but saw that the evil spirit was enveloped under the temple...the evil spirits...at that moment, he suddenly screamed.

"Xue Ji... look down!"
