

A Killer 3161

Chapter 3161: New enemies never stay overnight (3)

"Idiot! Obviously you are best at firearms, you have to **** be handsome and play with a knife in front of me!" Li Tian's "red cut" flashed, and he touched Liu Dong's neck directly.

Liu Dong fell to the ground, and he couldn't die anymore.

Li Tian took out two short guns from Liu Dong's waist, directly inserted them in his waist, and continued to walk in the direction of the village without looking back.

Alslan was completely stupid. Just when he was determined not to participate in the direct battle between Li Tian and the Sakura Legion, he suddenly heard a scream. When he looked up again, he found the Sakura Legion. Liu Dong of Liu Dong had fallen to the ground, and Li Tian, Li Papi, even took two short guns from Liu Dong's body.

After smelling the smell of blood, the circling eagle in the sky became more and more irritable, flying lower and lower, Arslan did not dare to delay the slightest, and immediately pursued Li Tian.

"My God! Wait for me!"

When the newcomers from behind arrived, they found that seven or eight mourning vultures were surrounding a corpse and eating a meal, and some zombies had gradually appeared in the direction around seven or eighty meters away!

"Opportunity! With so many third-level vultures, maybe a lot of third-level mourning crystals can be exploded. As long as these vultures are hunted, one of us can complete the bounty hunter level test!" One of the newcomers immediately He raised the gun in his hand without aiming, and fired at the gun.

There was a violent gunfire, and all seven or eight eagles flew up with a clatter.

After hearing the gunshots, the zombies in the distance suddenly adjusted their direction and accelerated towards the newcomer who opened the gun.

"Wow, there are so many zombies, among them there must be second-level zombies. This is our opportunity, as long as we kill five second-level zombies each, and then send a signal, there will be people with Seven Swords to pick us up! Brothers, What are you waiting for? Shoot!" Following the two hundred and five newcomer's order, the other newcomers immediately started shooting at the zombies.

In the distance, after Li Tian, who had walked hundreds of meters away, heard the gunshots, he immediately ran towards the nearest building, and Alslan was chasing him.

As soon as he ran into this abandoned building, there was a burst of rapid gunfire outside.

"Idiot, these guys are really seeking their own way!" Li Tian said, leaning against the wall, holding "Red Zhan" in his hand.

Fatty Alslan squatted on the ground, breathing heavily, and said, "No? There are so many of them, and the weapons in their hands are not bad. Besides, it's not dark yet!"

"You forgot the most important thing, that **** corpse! Any fresh corpse is a delicious food for zombies. Zombies have a natural sense of smell for this kind of food, and these new people don't

open it up. The gun is like beating the gongs and drums at these zombies, telling them that there is little fresh meat over there!" Li Tian said.

Before Li Tian had finished speaking, several screams of newcomers came from a distance.

Fatty Alslan poked his head out and saw that the newcomer in between had been scratched by a funeral eagle, and the body had fallen to the ground.

When the other newcomers saw more and more zombies, they were already distraught. When they saw that the leader had been scratched by the claws of the airstrike vultures, he immediately ran away without a master.

"Played, now they are all playing! At this time, there are zombies everywhere, they are really seeking their own death!"

At this time, Alslan was already a five-body cast against Li Tian.

"Brother Tian, you said we are not safe here? After all, they are too close here. What if the zombies are not full, what can we do?"

Li Tian took a look at the building he was avoiding, and found that the building was a masonry house with a stone wall as a surface and a brick roof. There are many auspicious clouds painted on the white walls on both sides of the house. There are some fairies with fluttering clothes on the auspicious clouds. There are a few cranes flying in the sky where the fairies are.

In the middle of the building are three wood carvings of Xianjia figures, but like the unfinished Xiangyun painting on the wall, the paint on the wood carvings Xianjia's body is only partially dyed and not completely finished.

"It looks like this should be an unfinished small temple. This kind of temple has no doors or windows except the front doors and windows. It is safe enough to hide inside tonight. If you don't have a better place to go, here Maybe it's the best place." Li Tian felt very grateful. Fortunately, although the internal affairs of this small temple were not completed, the doors and windows were all available, and although these doors and windows were made of wood, the wood was all solid wood, which was strong and durable. , Even against ordinary zombies, there is still a certain degree of defense.

The only thing that made Li Tian sigh was that originally the villagers in this village built a temple, hoping that a **** can protect the land of one party, but he did not expect such an accident to occur. I am afraid that even the people who built the temple have become zombies at this time. Up.

After Li Tian closed the doors and windows tightly, he sat on the ground, grabbed the fruit from the skin, and refused. Li Tian hastened to rest.

Fatty Alslan watched Li Tian eating the apple, his stomach rumbling.

Li Tian shook his head involuntarily, took out an apple from the skin and threw it to Alslan, saying: "Since you and I are teaming up, you need to follow my arrangements. From now on, we will take turns to watch the night. Keep it for two hours and rotate like this."

Arslan received the Apple and immediately smiled and said: "Thank you to rest first, please rest assured that I am here to ensure nothing is lost."

Naturally, Li Tian would not give his life to Fatty Alslan completely, and asked Fatty to work together to move the wooden body of the three semi-finished Xianzun to the door, blocking the windows and doors in half, and then found a corner in the innermost corner of the room. rest.

After entering the central tent of the free market, Li Tian always felt that there seemed to be something wrong with this bounty hunter level test, but he would not think about it for a while. Now he has time to rest. Li Tian will have all the things during the day. Recalling the experience, and calming down, Li Tian immediately found out what was wrong.

Slowly opening his eyes, another word "conspiracy" appeared in Li Tian's heart involuntarily.

Yes, it must be a "conspiracy."

Although the bounty hunter organization is a very loose organization, it should never be too casual for things like level testing. Otherwise, the level of this bounty hunter is too lacking in gold content, so how can it be recognized and discounted by major organizations? And today Li Tian participated in the level test of the bounty hunter. From registration to participation, everything feels too random.

It wasn't until the newcomers died in groups just now that Li Tian realized that there must be a **** conspiracy.

Thinking about this, Li Tian suddenly felt a strong sense of danger.

"No, we are in danger!" Before Li Tian's words fell, there was already a zombie's shadow in front of the window of this small temple.

Chapter 3162: fly a kite

Li Tian didn't hesitate, "Red Zhan" had already appeared in his hands, leaning against a wall, cautiously making a defensive posture. .

"Fatty, don't act rashly, just look at the situation!" Li Tian said softly to Alslan.

Arslan nodded heavily, his hand movement was very stiff, although he was scared, but after shaking several times, he still lifted the feather arrow to the zombie outside the window.

The zombie outside the window has two deep red eyes, like two small lanterns in the dark. The zombie is lying in front of the window of the small temple, with its claws on the edge of the window, and it creaks. The zombie's visual system is not developed, and this zombie is no exception, twitching its nose constantly, smelling in the small temple.

With a "click", the wooden window ridges under the zombie's claws had already been snapped. The zombie seemed to smell fresh meat, and suddenly became agitated, and the two claws began to grab the window ridges madly.

The wooden window is under the claws of the zombie, almost indistinguishable from the paper.

A large hole with a diameter of more than 20 centimeters was caught in a few clicks of the window edge. The sawdust flew around, and the expression of the zombies became more and more excited.

"Shoot him, shoot the head!" Li Tian said to the fat Alslan.

"Swish!" With a sound, a feather arrow passed through the window and hit the zombie's right eye.

I have to say that Fatty Alslan's strength is amazing. This ordinary feather arrow can directly penetrate the zombie's right eye, and the powerful strength makes the zombie back a few steps continuously.

But the zombie was not dead, and after a black liquid flowed out of his right eye, the zombie stood swayingly, and rushed towards the window of the small temple frantically.

"Boom!" With a sound, the wooden window of the small temple was directly knocked out of a large hole the size of a person, and the zombies had already rushed in.

This zombie seemed to have a certain amount of wisdom, and after rushing into the small temple, he went straight to Arslan.

Alslan backed back in fright, drew out the arrow, and did not put the bow and arrow on the string again several times in a row. Seeing that his face was covered with black liquid, his appearance was extremely terrifying, and Alslan wanted to pull it out of his waist. The scimitar, but failed several times.

As the zombies approached step by step, Alslan could already smell the rotten flesh on the zombies.

Seeing that Li Tian's body had moved to the side of the hole knocked by the zombies, Arslan's heart sank, and he was most worried about Li Tian leaving him to escape.

Arslan knew in his heart that people do not want to die for themselves, and if he encountered this situation, he would choose to escape without hesitation.

This is human nature.

Alslan was cold in his heart, and he shouted in despair: "Brother God! Save me!"

With a "poof", a knife blade emitting a dazzling red light was slashed diagonally. After the red light, the zombie's body was split into two parts, and the head fell to the ground with the body, and the mouth was closed, as if Still saying something!

"Save the words and wait for the next life to talk about it!" Li Tian knelt down, and "Hong Zhan" forcefully inserted into the zombie's head.

Along with the black brain, a light blue corpse crystal fell out.

"It's a second-level corpse crystal! This zombie is a second-level zombie! No wonder he will chase me! The biggest difference between a second-level zombie and a first-level zombie is that after a second-level zombie is attacked, it will counterattack the attacker."

After seeing the fallen corpse crystal, Fatty Alslan's eyes flashed with envy, but it disappeared quickly. He understood that this corpse crystal was not something he could use. If it weren't for Li Tian, his life would be explained here today, let alone obtain the corpse crystal.

Li Tian picked out the corpse crystal from the brains of the zombies, took out a piece of fur cloth to wipe the corpse crystal clean, took it in his hand and took a closer look, the corpse crystal of this zombie is indeed not used with the first-level corpse crystal, there are rules Geometry.

"Fat man, my purpose here is very clear. I want to hunt more zombies, get more corpse crystals, and take the bounty hunter level test by the way, and your goal is to take the bounty hunter exam, hunt zombies by the way, and get some corpses. Jing. So our two goals are almost the same, and there will be no obvious competition. Since you choose to follow me, I can guarantee that you will be

able to test the level of the bounty hunter at night, and I can also guarantee your safety. As for these corpses crystal....."

Li Tianhua didn't say wow, the fat man immediately interrupted and said, "It's yours. These corpse crystals are all yours. I am very happy to pass the bounty hunter level test. If I can get some dead crystals, I will be very happy. Satisfied! Haha"

What Li Tian wanted was Fatty's words, Li Tian is different from Fatty. Fat Alslan is a ranger. He is full and the whole family is not hungry, but there are more than 20 friends who are waiting to be fed behind Li Tian, and he has to give an explanation to the dragon after January, so he needs a lot of death. Need to quickly improve the strength of his partners.

Since the fat man is so on the road, Li Tian doesn't mind taking the fat man.

Throwing the corpse of this zombie outside the temple, Li Tian saw that there would be a zombie wandering around aimlessly every tens of meters outside the temple.

Li Tian immediately thought about it, and said to the fat Alston: "Do you want to complete the bounty hunter test mission tonight?"

Arslan nodded in excitement immediately, he really wanted to leave this ***** place quickly. As long as you complete the number of zombie hunting levels specified in the mission, you can leave this ***** place, and then return to the Sunset Fortress to be respected by others.

"Have you seen the zombie over there? Shoot him with a bow and arrow. After you shoot, you will run into the small temple. I will take care of the rest!" Li Tian said.

Arslan immediately understood that this kind of dispatch is called kite-flying, which is to use his long-range attack ability to attract zombies, and then Li Tian, a close to violent fellow, will solve the battle.

Only the combination of Alslan and Li Tian can use this kind of dispatch.

The bow and arrow used by Alslan would not make a huge noise like a gun when attacking, so as long as it hits a zombie, it will attract this zombie instead of other zombies.

Arslan immediately gained confidence, the excited expression on his face could not be concealed, he tiptoed out of the temple door, rolled up his large bow, hitched a feather arrow, swished at the zombie nearest to the small temple, and shot an arrow.

After shooting an arrow, Arslan immediately turned around and ran into the temple, while Li Tian hid behind the temple gate and gave a fatal blow to the zombies who rushed in.

Soon and again, the combination of Li Tian and Arslan quickly hunted down three zombies. The small temple was full of rotten flesh, and the entrance of the temple had become a slaughterhouse.

Arslan went out to fly a kite again. After Li Tian collected the zombies in the zombies' brains, he threw the corpses of the zombies out of the temple gate. Just last night, the fat man ran over like a wind, and shouted in a low voice: "My God! Get ready to do it, this time attracting a big guy!"

Chapter 3163: Tertiary loss

"Fuck, this is the big guy you brought in?" Li Tian couldn't help cursing when he saw the zombies that Alslan brought back.

Nothing else, just because the zombies that Alslang ushered in this time were indeed a lap larger than the zombies just attracted, but this size is definitely not the fat before the death of the zombie. What made Li Tian even more depressed was that there were two zombies behind the zombies that were a circle older.

The three zombies moved very fast, chasing the fat man in the shape of a product.

"Who the **** made you shoot three arrows at once? Don't you think I'm too relaxed and deliberately punished me?" Li Tian whispered at the fat man.

The fat man looked fat and didn't run too slow at all. He turned around and got into the temple and said to Li Tian, "No, how could I go and find death by myself. I only shot one arrow and hit it." The fat zombies were gone, and the two zombies behind the fat zombies also chased them!"

"Should it be a level 3 zombie?" The fat Alslan suddenly asked as if he wanted to understand.

The speed of the zombies was very fast. Before Li Tian could say a few more words with the fat Alslan, the three zombies had already arrived at the temple gate.

Li Tianyi turned around and got in from the hole, holding the "Red Slash" in his hand to make a defensive posture.

What Li Tian didn't expect was that after the three zombies surrounded the entrance of the temple, they did not continue to walk in. The two second-level zombies kept waving their paws and "clicked and clicked" to remove the windows of the small temple. A fat zombie stood behind two second-level zombies with **** eyes.

The fat zombie was still talking vaguely in his mouth.

"Zombies can talk?" Li Tian was taken aback, and asked Alslan back to ask: "This fat zombie can talk, what is he talking about?"

Arslan said without hesitation: "It seems to be, meat... delicious meat..."

Li Tianmantou has a black line. He didn't expect that the fat Alslan and the fat zombie would have a common language. It seems that ordinary people in the world of foodies are really hard to understand.

With "click, click" a few times, the wooden windows were damaged more seriously. One of the zombie instinctively rushed towards Li Tian, while the other zombie was still destroying the window.

Facing the claws of the zombies, Li Tian's body turned back slightly, avoiding the attack of the zombies, and the "Red Slash" in his hand turned around. If the fat Alslan looked carefully, he would find the "Red Slash" in Li Tian's hand "He didn't hold it tightly in Li Tian's hand, but was nearly a foot away from Li Tian's palm. This distance invisibly increased Li Tian's attack range, allowing Li Tian to face the zombie. Sudden attacks can be more relaxed.

"Puff!" With a sound, "Hong Zhan" directly chopped the paw that the zombie extended into two pieces, but the zombie didn't know the pain at all, and the other paw immediately grabbed Li Tian.

Li Tian controlled "Hong Zhan" to retreat and escaped the zombie's attack again. Then Li Tian turned around and stabbed, "Red Zhan" inserted diagonally in from the zombie's lower jaw and came out from the top of the zombie's head.

Li Tianjiang "red cut" with a draw, and the zombie immediately fell to the ground softly.

The corpse crystals on the head of the zombie were rushed away. Another zombie had already damaged the window and attacked in.

Fat Alslan sent an arrow in time. This arrow shooting technique can be said to have reached Alslan's highest water. The feather arrow passed through the zombie's eyebrows, and the zombie's brains flowed out along the arrow space.

With one arrow killed, the zombie also arrived on the ground.

"Meat...wow...meat..." The third-level zombie said vaguely and slapped the temple door. This solid wood door was completely slapped by the third-level zombies.

"So powerful attack power! If this slap on us, we probably don't even have a chance to react!" Fatty Alslan said, hiding behind the corner of the temple.

"Nonsense!" Ordinary people's bodies are swollen, and with such a gravitational blow, they will be crippled without death.

Li Tian leaped back, avoiding the splashing sawdust.

The fat zombie smashed through the dilapidated windows and door frames, staring at Li Tian with red eyes, and some dark gray saliva smelt from his mouth.

"Fatty, you should prepare your bow and arrows first. After a while, you will listen to my order. When I say that you will shoot arrows, this one will hit the zombie's eyes. Otherwise, we will be in trouble! Li Tian controlled "Hong Zhan" in his hands, cautiously, and whispered to the fat man.

"Understand!" Facing the third-level zombies, the fat man has no resistance at all. Now that Li Tian can charge and kill in front, the fat man has some confidence in his heart. Pulled up the bow gently, drew a feather arrow, and draped it on the bowstring.

Fatty's movements were very small, but the third-level zombies were still aware of it and looked up at Fatty. However, these third-level zombies seemed to understand that Li Tiancai in front of him was his greatest danger. They just glanced at Fatty, and then they looked It fell on Li Tian again.

At the moment when the zombie's eyes slowly fell on Li Tian, Li Tian shouted, "Hands".

Fatty Alslan's feather arrow "swish" and passed through the right side of Li Tian's head. With a "duh", it shot the third-level zombie in the cheek.

The third-level zombie even let out a scream, took a step back, and immediately rushed towards the fat man.

"Miss! I didn't even hit!" The fat man had all his heart to die at this moment. At this critical juncture, he unexpectedly missed. It is important to know that the visual system of a zombie is not developed. Once one eye of the zombie can be shot to death, it is extremely beneficial for close combat with the zombie.

Li Tian screamed and rushed forward, his legs knelt on a wooden board and slid forward, while Li Tian's waist naturally bends back, and the manipulating "red cut" in his hand slashed to the third level. The legs of the zombie.

At this critical juncture, Li Tian was already unable to save the fat man, and the only chance to save the fat man might be this one.

"Red Slash" is not a divine weapon. Li Tian's body was drawn two meters away. Looking back, the third-level zombie who had lost his legs had already kneeled one meter away from the fat man.

This is so, the third-level zombies did not give up, supporting their bodies with both hands and constantly moving toward the fat man.

"Wow!" The fat man was scared to death. In a panic, the bow and arrow in his hand shot another arrow. This arrow was unbiased and directly inserted into the zombie's mouth. The arrow feathers were still in the zombie's mouth, and the arrow was already taken. A string of black blood came out near the back spine of the zombie.

"Damn! I let you climb!" Li Tian stood up and manipulated "Red Slash" directly from behind the zombies. "Red Cut" red shadow flashed, and four third-level zombies had already lost four, leaving only their heads and bodies lying on the ground, looking at the fat man with his mouth closed.

Chapter 3164: Mystery lily

Li Tian cleanly chopped off the brains of the third-level zombies, and then cut off the heads of the zombies. As the black brains flowed, the third-level corpse crystals inside were looming.

The blue of the third-level corpse crystal is more intense, and the geometric shape is more regular.

"This is the third-level corpse crystal! It's so ***** beautiful!" Fatty Alslan squatted in front of the zombie's corpse, looking at the corpse crystal in the zombie's head, and said with some envy.

"It's very beautiful, but I need to pick out these three-level corpse crystals first!" Li Tian held the "Red Sword" in his hand and picked the corpse crystal hard.

With a "click", "Hong Zhan" actually shred this third-level corpse crystal directly.

The moment the corpse crystal was shredded, the light blue stored in the corpse crystal disappeared instantly, leaving only the corpse crystal's thin shell like transparent glass.

"How could this be?" Fatty Alslan said with a pity: "A third-level corpse crystal, even in the high-end places in the sunset fortress, it is enough to eat and drink for a month. Is it the way we opened it? wrong?"

Li Tian froze in place. He really felt distressed. It was just when the corpse crystal was urgently needed. Li Tian accidentally broke an expensive third-level corpse crystal. If Bai Jing and the barbarian knew, then They still didn't scold Li Tian to death.

"It must be the wrong way to open it!" Li Tian said following Alslan's words.

At this moment, Li Tian suddenly felt the "Red Zhan" in his hand beating. It was like a human heart beating. Although it was weak, it was obvious.

However, "Hong Zhan" only jumped, and when Li Tian held onto "Hong Zhan" again and waited for "Hong Zhan" to respond to him, "Hong Zhan" fell into silence.

Feel the "Red Slash" carefully, this alien weapon made of nine-star mysterious iron, Master Yang Shen's peerless demon soldier, but "Red Slash" doesn't mean to respond to Li Tian.

Is it an illusion?

So why did "Red Cut" beating just now? Is it because of that third-level corpse crystal?

Is this the reason? Just test it again to know.

"Fatty, go to attract a third-level zombie back!" Li Tian said to the fatty unwillingly.

The fat man knelt directly and said to Li Tian with a sad face: "Brother Tian, can we take it easy? Have you ever experienced the feeling of a person being chased by three zombies? Look at the fat on my body. Back, I fell out at least a few kilograms. You can let me take pity on me!"

"Fuck off, are you going? If you want to go, I will bring a few third-level zombies to play by myself. Don't blame me!" Li Tian said in shock.

"Brother, you won, can't I go? But you have also seen that many of the arrows that were shot out can't be found. I only have so few feather arrows left." The fat man pointed to the quiver behind him. Said Yu Jian.

Li Tian nodded, and said: "The last five, after these five are done, you will rest. We will go out for a morning hunt tomorrow morning!"

The fat man nodded in agreement.

With the cooperation of the fat man, the speed of hunting the zombies is much faster. As long as the second-level zombies with no brains are shot by the fat man, they will chase the fat man cooperatively, and Li Tian will stand by and wait for the rabbit. With Sangjing.

Unfortunately, the luck of the night was not very good. After the five feather arrows were shot, the fat man did not introduce the third-level zombies.

The fat man found a place in the temple to hurry up, sat down, panting heavily. Seeing that Li Tian wanted him to go out and lure the zombies out, the fat man immediately pretended to be dead and began to sleep on the ground.

Li Tian could only give up, put away all the corpses of the zombies, and threw the corpses of the zombies outside the temple gate.

The harvest this evening was quite good. On this evening, Li Tian and Fatty Alston killed at least ten second-level zombies and one third-level zombie. If only in terms of the number of zombies hunted, Li Tian and Fatty have reached the minimum requirements, and they already have the qualifications to obtain first-level bounty hunters.

Li Tian was even more excited. In addition to the five second-level corpse crystals distributed to the fat man, Li Tian now has ten more second-level corpse crystals in his hand, and he naturally feels much more happy.

In the dark night outside the temple gate, at this time there was already a fight, and there would be a burst of rapid gunfire from time to time, followed by the desperate scream of a man.

Li Tian put the "Red Cut" away, leaned his back against the wall, and rested quietly.

...

In the middle of Ele Village, there is a seemingly magnificent building. This yard has three entrances and three exits. It was originally the property of the owner of a nearby open-pit coal mine. However, after the outbreak of the last days, this place has become a paradise for zombies.

However, at this time, the three-in-three-out yard was full of zombies. If Li Tian were here, Li Tian would find that these zombies were all Level 3 zombies without exception.

On the innermost two-story building, heavy cotton curtains and curtains tightly cover the windows and doors of the second-story building. At this time, on the second floor facade of the small building, a pair of lit red candles were placed at both ends of the bedside table in a room on the second floor.

In the dim light, a pair of naked bodies on a big bed were tightly tangled together. The room is full of spring.

The woman in the room is slightly full, especially the pair of white murder weapons on her chest, which can definitely make many men sleepless at night.

If Li Tian were here, he would definitely find that this woman was the woman from the Army of Sakura who followed Liu Dong.

This woman's name is Lily. She is also a peripheral member of the Sakura Legion, but the strength of her peripheral member is completely different from that of Liu Dong.

The man underneath the woman is sturdy, and his muscles look like this man is a lion.

As the woman's body kept twisting, the man's face showed a fluttering expression.

Suddenly, the man let out a scream, with a frightened expression on his face. The man tried to push away the woman who was pressing on him with both hands deep, but he did not succeed. The woman was like a snake, her legs wrapped around him.

This man is like a leaking inflatable doll, his sturdy body dries out quickly at a speed visible to the naked eye in a moment.

Soon, the man became a mummy.

The woman deliberately walked down from the corpse unwillingly.

"Bah, don't live on porcelain without a diamond drill. You don't even have the ability to make your old lady comfortable, and you have no meaning to live!" The woman shook the bed sheet, rolled the man's body with the sheet, and opened it. The window, threw the man's body out.

The woman draped a veil that was as thin as a gauze, and slowly admired her beautiful body in the mirror. She said with a self-pity and self-love expression: "No one can have a beautiful body like me. Conquer, hey, this is really the greatest sadness in this world!"

"And Liu Dong's trash, won't it be killed by Li Tian so easily!" The woman said to herself: "Li Tian, it looks delicious! Haha, I really want to try it. The feeling of small fresh meat!"

Chapter 3165: s-level task

Half asleep and half awake, Li Tian suddenly shuddered.

This chill made Li Tian feel uncomfortable and never sleepy anymore.

Under the black night, the outside world was finally quiet, and gunshots could no longer be heard, but the sound of "click, click" beasts biting their bones from time to time.

Needless to think, it must be the zombies eating the unlucky humans, or the zombies like the zombie dog cleaning the zombies killed by the humans.

In the mine pit of the open-pit coal mine in Ele Village, there are corpses of zombies everywhere. The corpses of some zombies do not seem to have any wounds all over the body, including their heads, are all intact. If it weren't for these zombies lying motionless on the ground, you would definitely wonder if these zombies were already asleep.

And some zombies' corpses could not be seen to be intact at all, their limbs were all chopped off and shattered, especially the brain, which was smashed into meat sauce.

"In Seven Swords, I hate to perform tasks with you the most. I don't even have a bit of killing artistry. You will look at the zombies you killed. Don't you feel sick?" He Zhizhuo walked slowly in the mine. .

Shelipuding was holding a giant King Kong axe, which was covered with zombies' dark meat and blood stains, which looked disgusting.

"What do you know is art? My killing is the ultimate art, especially the crisp sound of smashing the bones and brains of zombies, it is absolutely unstoppable!" Shelipuding said.

He Zhizhuo didn't argue with Shelipuddin. He looked at the watch on his wrist and said, "It's already three o'clock in the morning. Let's look for another five minutes. If we can't find that guy again, we'll go back today and we will continue to come tomorrow night. !"

"Oh, by the way, that Li Tian should be able to survive tonight? If you can't even survive tonight, it would really disappoint me." He Zhizhuo continued.

Shelipuding shook his head and said, "I still don't see Li Tian, but I heard the information that he has slaughtered Liu Dong from the Sakura Legion. From this point of view, his strength already meets the requirements for joining our Seven Swords and becoming a cadre."

"Liu Dong? He is a waste. I really don't understand why the Sakura Legion collects such waste. What really scares us should be the poisonous scorpion Lily. That woman is a figure who was killed in Kyoto!" He Zhizhuo said.

Shelipuding nodded and said, "This time it's just an unfounded rumor. The Sakura Legion shouldn't queue their core characters here so soon. Besides, I have already made our fifth-level bounty. Hunter Abdo has gone to follow her. If there is any news, Abdo will pass it to me as soon as possible!"

"Idiot, since the organization can set this task as an s-level difficulty task, and sacrifice so many bounty hunters and newcomers to participate in this task, then it is not an unfounded rumor." He Zhizhuo After seeing the time, he gave up the search, turned back and said as he walked.

"It's a pity for these bounty hunters, but as long as that kid Li Tian can live and be used by us, then even if they all die, we are worth it!" said Shelipuding.

"Are you so sure that the kid is the evolutionary of the immune?" He Zhizhuo asked.

Shelipuddin nodded, put the giant axe in his hand against his shoulder, and said, "You know the power of my attack, but after pinching my power on his body, he was absorbed by him? Could it be that this is the case? Can't it be said that he is an evolutionary?"

"Okay! I'm not arguing with you. If everything goes well, when we get down tomorrow night, we will get a corpse tide out to test his strength, and then we will understand everything!" He Zhizhuo said lightly.

"The corpse tide? Is it too much? Liu Dong did not test his strength today. We can find another way. If the corpse tide is not well controlled, it will also be a danger to us." Kanae shook his head and said.

"To you! Not to us!" He Zhizhuo said with a smile: "That's it. Don't try to say me, you know my temper!"

...

In the early morning, before the first ray of sunlight came down, Li Tian had already walked out.

The "Red Slash" in his hand was spinning at a distance of one foot away from Li Tian's palm. As long as it was a zombies or zombies, Li Tian did not hesitate to harvest their lives.

Mosquito legs are also meat, and first-level crystals are also money.

Fat Alslan followed Li Tian with his face all asleep, watching Li Tian's performance alone.

Occasionally, the fat man would pick up a leak, kill one or two bereaved dogs that Li Tian had missed, vent his anger, and pick out the bereaved crystal by the way, which is a small gain.

"Brother Tian, our task has been completed. In a while, shall we kill all the way back by ourselves? Or send a signal for the person from Qijian to pick us up?" Fatty asked.

Li Tian kept an excited smile on his face and said: "No hurry, no hurry, there are still some zombies waiting for us to besiege, we can't live up to the kindness of those stupid zombies. Haha, again It's a first-level crystal."

Li Tian's smile grew thicker as he felt the weight of the corpse crystal and the dead crystal in the skin pouch around his waist heavier.

"My God! Just let the poor bereaved, is it easy for them to come out to search for food at night? Finally, after eating something, they have to harvest all their lives. Wouldn't it be too cruel? You too. Save some goods for the other brothers!" said the fat man.

The sun had been shining on the earth, and Li Tian stopped his work and threw "Red Cut". He looked up and found that there were almost no mourners in the sight.

"Well, you can take out the signal and launch it first. I will take advantage of this time to check the zombies I killed again to see if there are any corpse crystals that have not been picked up. Damn, remember the third-level corpse crystals last night, I still feel distressed now." Li Tian has no new zombies to kill, so he can only go back and check the zombies he has already hunted.

The fat man immediately took out the signal transmitter excitedly, pressed the launch button, and then sat on a rock with his back leaning on a big tree, waiting happily for the members of Seven Swords to pick him up.

Li Tianze had put away "Red Cut" and used a wooden stick to pick the zombie's brain to play.

After a while, the fat man said, "My God, why didn't I feel wrong? I have been sending a signal for a long time, why there is still no response?"

"It's not that your signal transmitter is broken? Let me try mine!" Li Tian took out his signal transmitter and pressed the red transmitter button.

Chapter 3166: The lonely old man (1)

"It seems that my worry last night has become a reality. Fatty, what do you decide to do?" Li Tian, seeing that there was no signal to reply for a long time, said his worry to Fatty.

Fatty Alslan didn't answer in a hurry, and asked, "My God, what are you going to do? Should you go back first?"

Li Tian shook his head and said, "Since I have reached this point, I plan to continue walking around the village and get in touch with zombies of level 3 or above. After all, as a bounty hunter in the future, I will accept various dangerous tasks. You have to face all kinds of difficulties and accidents alone. Experience more now, it will only bring more benefits to the future."

"I don't have the ambition of Brother Tian. Before the crisis of the end times broke out, I just wanted to raise a large herd of cattle and sheep, then marry a beautiful girl, have a large group of children, and live a peaceful life. After the crisis of the end times broke out, my idea is much simpler. I can buy a house in Sunset Fortress, have some money, a little honor, and live my life peacefully. Now the five second-level corpse crystals in my hand are enough. So, I decided to go to Qijian's temporary base outside the village first. If it goes well, I will go straight back." The fat man began to organize his equipment and said.

"Okay! Then let's stop here and wish you well. If we have a chance, we will see you at Sunset Fortress!" Li Tian and the fat Alslan hugged tightly and said.

Waving goodbye to the fat man, Li Tian continued to move in the direction of the village.

Walking from the periphery of the village to the village, passing through a small piece of farmland, you can see the approximate appearance of the village. It is almost the same as other small towns. From outside the village, it can be seen that many houses in the village have collapsed.

Walking along the road in the village, several zombie dogs were biting the corpse of a zombie. Seeing Li Tian walking towards the village, several zombie dogs stopped to bite and gnawed at Li Tian.

As soon as Li Tian held "Red Slash" in his hand, the lost dogs seemed to be able to feel the powerful lethality of "Red Slash", turning around and ran away with their tails in between.

Ele Village is adjacent to the Ele Open-pit Coal Mine. There should have been many coal carts passing by in the past, so the roadside soil on both sides of the road in the village is also black.

The houses on both sides of the road are obviously flatter than the houses elsewhere. From the semi-collapsed ruins, Li Tian can see many signs such as massage rooms, shampoo rooms, sauna rooms, and restaurants.

You can see the prosperity of the original service industry of this generation.

Li Tian saw that the sign of the International Hotel in Ele Village had not fallen off yet, and this ordinary two-story bungalow with the sign of the International Hotel was just one more parking lot than other places.

Several blue semi-trailers were parked in the parking lot. Li Tian saw a chubby zombie hovering in front of the semi-trailer with his head low, as if he was looking for something.

Li Tian held the "Red Cut" in his hand, and walked along the chubby zombies in the direction of the front of the semi-trailer.

The chubby zombie also smelled Li Tian, and walked towards Li Tian directly. For a moment, Li Tian was at the rear of the car, and the chubby zombie was at the front of the car, one person and one corpse were facing each other like this.

Suddenly, the fat zombie grabbed the door of the semi-trailer with a paw, and twisted the handle to open the door.

"Boom!"

"Boom!"

After two consecutive noises, a female zombie jumped out of the front of the car, and a little zombie who seemed to be only thirteen or fourteen years old.

"Meat...wife...son...meat..." the chubby zombie said.

It was another third-level zombie, and Li Tian finally discovered that the third-level zombies could say some simple words, and that the third-level zombies could control two low-level zombies.

Listening to the simple words of the Level 3 zombie in front of me, it can be inferred that the female zombie controlled by the zombie is his lover, and the little zombie is his son.

Li Tian could guess that this chubby man drove his wife and children for transportation. Although it was hard work, it was a happy family together.

However, a sudden accident turned this happy family into a zombie.

For unknown reasons, the chubby man became a third-level zombie, while his wife and children became ordinary zombies. But that's it, this chubby zombie is responsible for the duty of guarding his wife and children, letting his wife and children hide in the compartment of the semi-trailer, while he wanders back and forth outside the front of the car to guard.

After the female zombies and the little zombies jumped out of the car, they immediately stretched out Bai Sensen's paws and rushed towards Li Tian one after another.

Last night, Li Tian played against the Level 3 zombies, and did not carefully observe the process of the level 3 zombies. It is now in broad daylight. Li Tian discovered that the female zombies and the little zombies were attacking, the chubby Level 3 zombies. The zombies did not attack together, but froze in place.

At first Li Tian didn't understand the reason for this, but when Li Tian came into contact with the female zombies and the little zombies, Li Tian noticed some differences.

For example, when the female zombie's claws were grabbing Li Tian's face, the little zombie madly stretched his sinful claws to Li Tian's crotch.

Although he didn't know whether this was an accident or a coincidence, Li Tian didn't dare to be careless, and immediately stepped back a few steps, leaving the female zombies and the little zombies a distance of five or six meters.

After retreating and pulling away, Li Tian rushed forward again.

This retreat was only completed between the electric light and flint, "Red Slash" drew a shadow in the air, sliding along the direction of the little zombie's neck.

Li Tian's speed is fast, and "Red Slash" is even faster. The little zombie is already in a different place between Li Tian's advance and retreat.

With a "click", the little zombie's head fell to the ground.

The chubby Level 3 zombie moved suddenly, let out a scream, and rushed towards Li Tian.

The female zombie actually knelt directly on the ground, holding the body of the little zombie in her arms.

"What a touching story! But now that you are dead, let me help you to super live!" Li Tian did not accept mercy because these zombies showed a human side, but instead urged "Hong Zhan" "The female zombie's head was also harvested directly before the third-level zombie came over!"

After the son harvested the female zombie's head, the third-level zombie suddenly went crazy. Two white paws slammed into the car, abruptly tore out a piece of iron sheet, and threw the iron sheet at Li Tian.

Although this iron sheet is a solid object, it is not worth mentioning in front of "Red Zhan". Li Tian urged "Red Zhan" to divide the iron sheet that had flown in front of Li Tian into two.

With two sounds of "Papa" and "Papa", two iron sheets fell on the ground, splashing dust.

The dust was blown away by the wind, and Li Tian saw the chubby Level 3 zombie holding the female zombie in one hand and the corpse of the little zombie in the other, and there was a whining sound in his throat that resembled a beast wailing.

Chapter 3167: The lonely old man (2)

The "Red Slash" controlled by Li Tian stayed on the back of the head of the third-level zombies for a long time, and the third-level zombies were completely undetected. They maintained the previous posture and continued to hold the corpses of the female zombies and the little zombies. .

"You will be together again in your next life!" Li Tianchang sighed, and after inserting "Red Cut" into the head of the third-level zombie, he said softly.

Perhaps it was a coincidence. At the moment when "Red Slash" inserted into the head of the third-level zombie, Li Tian heard a crisp sound of the broken body crystal.

"Damn, I won't be so unlucky, am I? This third-level corpse crystal was broken by my red cut again!" Li Tian was thinking in his heart, he saw the third-level zombies in the dark brain, one A strand of light blue material floated out, and as soon as this light blue material floated out of the thin shell of the corpse crystal, it was absorbed by "Red Slash".

"Puff!"

"Red Zhan" once again issued a beating similar to a human heart.

Li Tian was startled, and when he wanted to feel the beating of "Red Zhan" again, "Red Zhan" returned to calm again.

But this was enough, Li Tian was already ecstatic.

When he left another world, Yangshen once said that "Red Slash" was a legendary artifact in that world. However, after "Red Slash" was found in the deep sea by the master of Yangshen, he began to study and penetrate it, but after all his life, still did not understand the secrets in "Red Cut".

And Yangshen's master only used "Red Slash" as a sharp blade.

Now, after "Hong Zhan" followed Li Tian back to Earth, after successively killing two third-level zombies and shattering two third-level corpse crystals, he finally behaved somewhat differently.

Li Tianneng could feel a powerful force around the corner in "Red Slash". This force was extremely powerful, almost capable of destroying the world. If it hadn't been for the sun god's divine power left in "Red Slash", Li Tian estimated that "Red Slash" could explode to a certain extent at this time.

Leaving the "Red Slash" behind for the time being, Li Tian controlled "Red Slash" to dig two large and one small three pits on the hard parking lot and buried three-level zombies, female zombies, and small zombies side by side. Together.

Li Tian did not take the corpse crystals of the female zombie and the little zombie.

"You can rest in peace, and you will become a family in the next life, stay away from suffering, stay away from struggle, and live happily!" There is only so much Li Tian can do. Instead of taking the corpse crystals of female zombies and little zombies, the family will be three. The zombies were buried together.

He also used "Red Chop" to engrave the words "Tomb of Fat Zombie, Tomb of Female Zombie" and "Tomb of Little Zombie" on the three stones.

"Woo"

Li Tianzheng squatted in front of the zombie grave, but heard the cry of an old man behind him.

Li Tian turned around abruptly, his eyes quickly searching for the source of the cry.

Just across the road, under a big tree in the rugged alley, an old man over 70, with all white hair and wearing a gray linen clothes, was crying in Li Tian's direction.

It seemed that Li Tian was watching him, and the old man suddenly stopped crying, looked up at Li Tian, and quickly disappeared into the alley.

"This is actually a living person?"

Li Tian remembered that the oldest person who came to test the bounty hunter level this time was not fifty years old, and there was no such old man.

And such thinking that the old man appears in this village can only show that the old man is a person in the village.

And in this village, zombies and zombies are rampant, even in the daytime, zombies or zombies can be seen every hundred steps. Even if all the armed soldiers of the Seven Swords enter, they can't retreat all over, so why can this old man survive here.

Is he also immune?

But why does he cry again? Could it be that the three zombies of the family I killed just now were his relatives?

A lot of thoughts and speculations suddenly surged in Li Tian's heart.

"Don't go!"

Li Tian retracted the "Red Cut", held it tightly in his hand, and pursued it in the direction where the old man disappeared.

Li Tian's speed is not unpleasant, but after chasing into the alley, Li Tian only saw the old man, and no matter how he chased afterwards, he didn't see the old man.

After searching in the village for another half day, he never saw the old man. Li Tian could only give up and continue hunting zombies in the village to earn corpse crystals.

In the courtyard of a residential house, Li Tiangang hunted and killed a second-level zombie, and was taking the corpse crystal out of the zombie's head. Suddenly, a man's scream came out from the courtyard of the residential house next door.

Li Tian immediately took out the corpse crystal from the zombie's brain.

Li Tian immediately came to the wall in the middle of the two yards, "Hong Zhan" made a circle on the brick wall, and the whole wall began to collapse.

The moment the wall collapsed, before the dust in the sky fell, Li Tian saw a man in the yard next door slowly falling to the ground.

Li Tian jumped over the collapsed wall and looked around the entire yard, but did not find any traces of zombies.

Before coming to the man's body, Li Tian found that the man was one of the bounty hunters in this mission. He heard that this man's bounty hunter level had reached level five, and he was one of the few in this mission with level five Bounty hunter of the title.

However, these five-level bounty hunters are now dead and can no longer die. And death was extremely tragic. There was a fist-sized hole in the center of his head, and the hair around the hole was stained with wet blood. Through the dark hole, Li Tian found that the man's skull was actually empty. Empty, the brain inside has disappeared.

Reached out and touched the man's cheek, there was still warmth on the cheek.

"How is it possible?" Li Tian asked puzzled.

From hearing the man's screaming to Li Tian breaking through the wall, it took less than thirty seconds at most. However, in these thirty seconds, what kind of zombie can easily treat a man with a fifth-level bounty hunter Kill, and can ***** this man's brain clean.

Li Tian immediately held "Red Zhan" in his hands and walked carefully toward the residential house.

The residential house in front of him is a row of three. Before Li Tian opened the door, Li Tian smelled a strong smell of rotten flesh. He opened the door and walked in gently. The living room was in the middle, and the room was still kept. In the previous display, there was only a thick layer of dust on the ground, with footprints, bloodstains, hair, and rotten meat all over the dust.

"Crack"

"Crack"

In the room on the right, there were sounds similar to wild beasts biting their bones.

Li Tian gently pushed open a crack in the door of the room on the right, and a smell of rotten meat rushed out instantly, almost making Li Tian spit it out. When he saw the scene in the room through the crack in the door, Li Tian was completely stunned.

Chapter 3168: The lonely old man (3)

There is no furniture in this house, dozens of ropes hang down from the beams of the whole house, and under each rope is an iron hook, and these iron hooks are not bacon, but a damaged corpse. Among these damaged corpses, there is clearly the corpse of Liu Dong who was slaughtered by Li Tian yesterday.

These corpses hung down to form a fleshy forest, and among these fleshy forests, there were five or six zombies biting these corpses "click" and "click".

"How could this be?" Li Tian didn't believe that these zombies would still store food.

The moment Li Tian opened the door, these zombies suddenly stopped their movements and looked back at Li Tian. What surprised Li Tian was that the eyes of these zombies did not eat red, but were gray and black. luster.

After taking a look at Li Tian, these zombies immediately moved, making a vague sound of "Woo" in their mouths, and rushed towards Li Tian.

"Huh!"

"Huh!"

"Huh!"

Several red lights flashed in succession, these zombies were all beheaded to the ground without exception.

After beheading these zombies, Li Tian thought about digging the corpse crystal. Li Tian squatted beside the head of a zombie, and was about to start, but was surprised to find that the head of the zombie was actually empty, just like the outside. The corpse of that level five bounty hunter is average.

Li Tian immediately changed the head of another zombie to check. It was still the same as the zombie just now, and the head was empty.

After continuously checking the heads of six zombies, they turned out to be all the same.

"How could this be?" Li Tian couldn't believe his eyes. "Zombies without their brains can move? It's impossible, right? But how did I kill them just now?"

"Woohoo!"

An old man's cry came from outside the house. Li Tian was familiar with this voice, and Li Tian immediately rushed out.

In the middle of the spacious yard, the old man just now stood in the middle of the yard, crying with his head down, and unceasingly wiped his tears with his sleeve. The old man's feet was the body of the fifth-level bounty hunter.

Combined with what I saw in the room just now, the whole picture looks very strange.

"Why is the old man crying?" Li Tian asked "Red Zhan" in his hand and questioned.

"Dead, all dead! The son is dead, the daughter-in-law is dead, the grandson is dead, and the wife is dead too! Uoo...I'm the only one who lives..." the old man said while crying.

Li Tian knew in his heart that after the end of the world, such families were not uncommon. Some families may have their whole family turned into zombies, while in some families, only one or two people may survive.

"Old man, people are already dead, no matter how sad it is, it won't help. Please keep your grief and change!" Li Tian comforted.

"Sorrow and change? If you are me, how can you be sorrow and change?" The old man suddenly raised his head and said.

Li Tian's eyes widened, his stomach was tumbling, and he almost vomited. I saw the old man grasping the white brain with one hand and stuffing it in his mouth, leaving some brain pulp at the corner of his mouth, dripping "patter" and "patter" to the ground.

Looking at the old man's eyes, there were no tears in his scarlet eyes. This ***** was not wiping tears with his sleeves at all, but was devouring human brains.

"Zombie? The old man in front of him turned out to be a zombie?" Li Tian's heart jumped wildly, besides being surprised, it was more of a kind of fear.

Li Tian's knowledge of zombies only stays at level three. Level three zombies can speak some simple language and can control two low-level zombies, but Li Tian has not seen zombies above level three.

Li Tian didn't know what kind of zombie the old man in front of him was. He was almost wearing ordinary human clothes. Except for his red eyes, his skin did not appear, and he could speak human language.

Although Li Tian had a sharp artifact like "Red Slash" in his hand, facing the old zombie, Li Tian didn't know if he had such a chance of winning.

"Boy, have you entered that room? Have you seen everything inside?" the old zombie asked.

Li Tian nodded.

"Those are my family! There are my wife, my son and daughter-in-law, and three grandchildren. Do you know how they died?" the old man asked sadly.

Li Tian knew that the brains of those zombies were gone. Seeing some actions of the old zombies in front of him, Li Tian seemed to understand something.

"It's you?"

"Woo" the old zombie made a crying expression, but no tears fell out of his scarlet eyes.

"Yes, I did it! I can't even believe that I did this kind of thing. My wife, my son, my daughter-in-law, and the death of two lovely grandchildren, I actually did it all. Now I can still remember how my little grandson died in my arms!"

The elderly zombie raised his palms, made a gesture of holding the child, and continued: "At that time, my little grandson died in my arms like this. I used to be a miner in an open-pit coal mine. I worked hard every day. Mine digs coal to make money, but my wife, my son and daughter-in-law, they don't like me. Only my little grandson likes me the most. On weekdays, he likes to be so tired of me in my arms. Tang Chi, I want me to tell him a story. Oh, the only grandson in this family who likes me, the one who likes me the most, and my grandfather actually ate the brains of my grandson!"

Speaking of the old zombie crying again, this time, two lines of blood and tears flowed out of the old zombie's red eyes, and the blood and tears fell down the old zombie's cheeks, and finally fell on the old man's palm.

"It's been three years. Can you understand how a zombie who preserved human wisdom, a zombie who ate the brains of the whole family spent these three years?"

"Haha now, they all like me, as long as I bring back the ***** human bodies every day, they will like me! But, you kid, you took my loved family away from me." The old zombie suddenly widened his eyes and shouted at Li Tian: "Even my last thoughts are ruined!"

After saying this, the old man's zombie started to mutate, and his skin swelled up with small meat buns. These meat buns grew higher and higher, and in the end, bones came out of the flesh.

These Bai Sensen's bones continued to grow from his body. The ribs on the front of his chest passed through the flesh and crossed two by two, completely enclosing his chest. On the back spine, there were 13 sharp three inches long. The bone spurs are like the back of a stegosaurus, lined up in sequence. The knees of the legs and the elbows of the arms have a sharp bone. The legs are constantly elongated because of the white bones. Behind the old zombie, one is more than one zhang. The long white bone tail formed impressively.

The mutated old zombie smiled "Jie Jie" as Li Tian said, "I want you to die!"

Chapter 3169: The lonely old man (4)

Mutant zombies?

Li Tian could feel the powerful death aura on the old man's zombie, and he rushed to his face. Li Tian knew that with his current strength, he could not be the opponent of this old man's zombie at all.

Li Tian hurriedly urged the "Red Zhan" in his hand and used his divine consciousness to communicate with the magical power left by the "Red Zhan" Zhongyang God. At this time, it is only possible to protect himself by relying on the magical power of the Yang God. .

But how could the old zombie give Li Tian more time? Before Li Tian and Yangshen's consciousness could be established, the white bone tail of the old zombie came with the whistling wind like Li Tian attacked.

"Hong Zhan" got out of his hand and slashed towards this white bone tail.

A series of sounds of "Zi La La" sounded on the bone tail, "Hong Zhan" did not break the defense of the bone tail, and the powerful force even knocked "Hong Zhan" back.

Li Tian took the "Red Zhan" and rolled to the side.

"Huh!"

"boom!"

As soon as Li Tian hid, the hard ground was blasted by a bone tail into a trench more than three meters long and one foot wide.

Dust splashed everywhere, and a lot of splashes came in Li Tian's mouth.

"Bah! Bah!" Li Tian vomited several mouthfuls, spitting out the mud in his mouth.

"Huh!"

The old man's zombie's tail was like a white bone whip, constantly pulling towards Li Tian, and Li Tian fell aside again. Although he escaped the attack of the old man's zombie again, he looked extremely embarrassed.

"You can't be passively beaten in this way. First try the attack to see if you have a chance to hunt the zombie. If you can't, then you can only escape." Li Tian quickly thought of a countermeasure.

"Jiejie! Kid, you can't escape, take your life!" The old zombie said with a smile at Li Tian.

Li Tiankan was able to escape an attack, kicked his feet backwards, and slammed forward. The "Red Slash" in his hand escaped and attacked the face of the old zombie.

"Heh!" The elderly zombies yelled suddenly, and two rows of white bones grew rapidly from behind the elderly zombies' twins, forming a bone mask in front of the elderly zombies, just blocking the "Red Slash".

With a "clang", "Red Slash" had reached the bone mask, making the sound of the metal plate, but there was no way to move forward.

"Receive!" Li Tian immediately retracted "Red Slash", kicking his legs heavily on the chest of the old zombie, his body leaped back, and escaped from the encirclement of the two claws extended by the old zombie.

The old zombie in front of him didn't know how many levels of zombie it was. In the past, Li Tian's unfavorable "Red Slash" could not even break the defense of the old zombie's bones. Li Tian was panting heavily, facing the old zombies, Li Tian had nothing to do now.

"Jiejie!" The old zombie gave a weird smile and said, "Boy, how do you feel about my body? It's very powerful, great, right? Haha, the guys in Seven Swords even sacrificed to get my body. The lives of dozens of living people! Hahaha"

The old zombie laughed wildly, and then showed a sad expression on his face, saying: "In this world, whether it is before the end of the world or after the end of the world, for ordinary people, their lives will never be worth money, and their lives will always be in the hands of a few people. Hands."

The old zombie suddenly withdrew from the bones of the whole body, restored to its original appearance, and said: "Boy, do you want this body of mine? With such a powerful force, protect and

defend the things in your heart that are still worth protecting and defending. ! Tell me, boy, are you willing?"

"What?" Li Tian couldn't believe why the old zombie would suddenly ask.

"Are you willing? Tell me what you think!" The old zombie continued to ask.

"Yes, but...Why me?" Li Tian asked.

The expression of the old zombie fell for a while, like an old old man, and said in a low voice: "In the past three years, although I have mastered such a powerful force, whenever I see my family, I see They died tragically because of me, and they turned into the present look of human beings, ghosts and ghosts. Every day relying on me to hunt humans and maintain the state of zombies, my heart suffers. Especially the Ye Shengren. When I was quiet, this sense of self-blame made me want to go crazy."

"Boy, do you know the feeling of loneliness? When the night comes and darkness surrounds you, besides a pile of corpses and a few zombies that have lost their lives, you even feel the ability to talk to yourself I'm about to lose it! It's this feeling, this feeling is terrible, terrible, I have had enough!"

"Originally, I wanted to kill all the people who entered this village. Let these pesky mosquitoes, flies, and the bugs peeping at my body all die in this village."

"But, I saw you, boy, I saw you buried a family of three zombies."

Li Tian did not expect that a small thing he had done unintentionally would be completely seen by the old zombie in front of him, and that the old zombie could recognize him.

"Boy, I can give you this body of mine, so that you have the strength that I am now. However, you need to promise me a condition to bury me and my family together." The old zombie said.

Li Tian didn't know how to answer the old zombie's words.

Li Tian naturally wanted this powerful force that could not even break the defenses of "Red Slash", but because of his own desires, he deprived others of their lives. Although the old man was a zombie, Li Tian still couldn't pass this hurdle in his heart.

On the left and right fingers of the old zombie, slender white bones suddenly grew out, forming bone claws one by one. The old zombie slowly raised his left and right claws and grabbed his head.

"Puff!" With a sound, the old zombie tore his head directly.

"Gudong Gudong" blood was constantly coming out of the torn opening in an instant. The old man's face was stained red with blood. There was no brain pulp in the torn skull, but a corpse with various colors of light. crystal.

Some silky white light entangled on the corpse crystal, and grew completely with the old man's flesh and blood.

"Boy, put away my corpse crystal!" The old zombie walked towards Li Tian step by step. Suddenly, the old zombie tore the corpse crystal from the skull with force, stretched out his hand, and staggered towards Li Tian. Walked a few steps forward and fell to the ground.

The body of the old zombie quickly withered, like a flower being barbecued by a fire.

In an instant, the old zombies turned into a pile of black ashes, leaving only a crystal clear corpse crystal.

Li Tian picked up the corpse crystal from the ashes, but couldn't be happy in his heart.

"What a wonderful battle, so touching dialogue. Hahaha!" A woman's voice came out from behind the door of the small courtyard.

Chapter 3170: Nine Color Corpse Crystal

From behind the gate of the small courtyard, it turned out to be Seven Swords Old Seven, He Zhizhuo, the little loli of the Heavenly Waterfall Sword, and He Zhizhuo was naturally followed by a Shalipu Ding carrying a giant axe.

He Zhizhuo glanced at the corpse of the fifth-level bounty hunter on the ground, with a disdainful expression on his face, then smiled and said to Li Tian: "It's really surprising that you can't find a place to break through iron shoes. In order to find this **** old ghost, our Seven Swords sacrificed at least hundreds of people. You didn't expect this old ghost to be the first to be obtained by you! But it's good, the suicide of this old ghost saved us a lot of trouble!"

"Boy, hand over the nine-color corpse crystal in your hand. I can give you the title of level five bounty hunter, and I can also grant you permission to join our Seven Swords and enjoy the treatment of the core cadres of the Seven Swords." Shalipu said in an utterly voice.

With the title of level five bounty hunter, you can also join Seven Swords and enjoy the treatment of its core cadres. These things may be attractive enough for others, but for Li Tian, how can these things commit suicide with an elderly zombie? Use the corpse crystals handed to him for his life.

Moreover, Li Tian could feel that since the corpse crystal was held in his hand, "Red Slash" in the other hand was extremely excited, and "Red Slash" had a rare sensation similar to a heartbeat.

Although this feeling is very weak, Li Tian is still very happy.

"How is it? This is a once-in-a-lifetime opportunity. Becoming a level five bounty hunter allows you to enjoy respect in many places, and the core cadres of Seven Swords can make you valued by the core team of Seven Swords. People, money, honor, women, rights, you can all get it!" Shalipuding continued to persuade.

Li Tian shook his head slowly and said, "What if I refuse?"

"Reject? I believe you won't choose this path!" He Zhizhuo sighed, already pulling out a serpentine blade.

He Zhizhuo took a knife, and Li Tian immediately felt the cold around this little loli, it seemed that little loli He Zhizhuo had moved murderously.

"I believe you will choose to hand over the Nine Color Corpse Crystal to Qi Jian obediently. Even if you don't think about it for yourself, you have to think about it for other people in the small town of Baijing! If you Offended Seven Swords, I'm afraid you don't even have one of the most dilapidated shelters!" said Shalipuding.

If there is no one else, Li Tian will refuse without hesitation.

Even when facing the youngest three Relip Ding and the youngest Seven He Zhizhuo at the same time, Li Tian would not frown. If he wins, he will fight. If he doesn't win, Li Tian can still escape. However, involving Bai Jing, Situ Ningbing, Xue Ji and others, Li Tian could not choose to escape.

Angry, Li Tian felt deep anger.

But in addition to anger, Li Tian has a more determined decision.

Since you have cut my back, then I will cut your life.

Li Tian put the nine-color corpse crystal close to his chest, and the "Red Slash" in his hand was crossed on his chest.

Even if the ray of divine power left by the "Red Slash" Zhongyang God is exhausted, Li Tian will have to leave the two of the Seven Swords in the village of Eji, and only in this way can he never suffer from future troubles.

"Yeah, yeah, yeah! Is this the way you Seven Swords treat newcomers to participate in the bounty hunter test? Aren't you afraid to let others hear the chill? But it seems that you have chosen the wrong person. This person belongs to the Sakura Legion !"

On the roof, the mysterious woman Lily did not know when she came here.

Lily was sitting on the roof with her legs cocked on the edge of the eaves, looking at Li Tian with a smile on her face, and said: "You kid is not cute at all. What hatred and hatred Liu Dong and you, you actually killed him Do you know that Liu Dong is a member of the Sakura Legion. Although this guy is greedy, lustful, and sparse and ordinary, but he wears the logo of the Sakura Legion. If you kill him like this, you are beating us. The face of the Sakura Legion."

Damn, Li Tianzhi felt that his head was really big.

Li Tian already felt very difficult to deal with the two Seven Swordsmen, and now there is another woman from the Sakura Legion.

And Li Tian could feel that neither He Zhizhuo nor Lily was an easy woman to deal with.

"Hahaha, it's really lively! I didn't expect so many good players to appear here. Let me have a look. The two heads of the Seven Swords and the cadres of the Sakura Legion, but after all, this is the foot of the Tianshan Mountain, and it is our sunset. The jurisdiction of the fortress. You can't think about not considering the feelings of the fortress on the day of the fall!" After the gate of the small courtyard, two men walked in, one of them was with a beard and the other was carrying a sniper rifle. , And another man held a military baton tightly in his hand.

Nima, when did Lao Tzu become sweet and sour pork, and so many people like it.

The beard's words were not finished yet, and a tall and strong bald woman and a short and thin man with long hair came out from the collapsed courtyard wall.

"How can we lose the Yin and Yang gate in such a lively?" It was the tall and strong woman who said the man's voice.

At the Yin Yang Gate, upon hearing these three words, some expressions of fear appeared on the faces of the people who came in front at the same time.

It is also one of the top ten legions. The Yin Yang Gate is considered the most bizarre legion, and what is even more daunting is the blood and cruelty of this legion. What makes this legion most famous is that this legion is the only one. A legion that treats zombies as food.

Li Tian felt that the whole world seemed to be confused.

Who the **** are these people? Lao Tzu has only been away from the earth for a few years, and all cats and dogs have jumped out.

Well, you guys fight first, I'm busy first! When there are too many lice, it is not itchy, and when there are too many debts, Li Tian calmed down since so many people wanted the Nine Color Corpse Crystal.

In the strange eyes of everyone, Li Tian put the "Red Cut" away, found a rusty shovel from the corner of the courtyard wall, and started digging a hole in the corner of the wall.

"This kid knows he's a dead end, and he understands it, and he knows how to dig a hole for himself!" Everyone present thought so.

Li Tian dug one after another, digging seven pits in a row.

"Seven? One, two, three,... seven, this kid is not in his head, does he want to kill the seven people in the Seven Sword Sakura Legion Sunset Fortress and Yin Yang Gate?"

Seeing these people around him look bad, Li Tianli said hurriedly: "You are busy, don't get me wrong!"

Speaking, Li Tian used a **** to shovel the remaining ashes of the old man's corpse into one of the pits, and then pulled out six zombies from the house and buried them in a pit.
