

A Killer 3171

Chapter 3171: Corpse tide

There is only one Nine-Colored Corpse Crystal, but the people who want the Nine-Colored Corpse Crystal are of different sizes, and there are a total of seven people in four organizations. These seven people are all human beings, and it is clear in their hearts that there are so many people now, no matter who takes the first shot or grabs the nine-color corpse crystal, it will not do them any good.

Watching Li Tian calmly bury all the corpses of the old zombies and his family, and used charcoal blocks to write tombstones on a few wooden boards, everyone present did not do anything.

After finishing his work, Li Tian pulled a small bench and sat in the yard, basking in the sun, looking boredly at the people around him.

"Everyone, can you fight or not?"

...

No one went to take care of Li Tian.

"Whoever wins, who owns the nine-color corpse crystal in my hand!"

...

Still no one answered him.

"If you don't speak, then I will go first?"

...

"Dare you!" said seven people from four families in unison.

"Li Tian, I brought Seven Swords here to take part in the bounty hunter test. Naturally, I will give priority to my Seven Swords! Please also sell our Seven Swords for a face!" said Shelipuding.

"Idiot! How much is the face of Seven Swords worth?" He Zhizhuo said Tianpujian disdainfully before others answered.

Indeed, among the four organizations present, Seven Swords is undoubtedly the weakest one. If it weren't for Seven Swords to be the host, and two more leaders were present, I'm afraid it would have already lost this qualification.

"I agree, I have no opinion!" Li Tian said immediately with a show of hands.

There were four families with seven people present, and none of them was good. What Li Tian thought was that the dead family was one family. Since Qijian was willing to pick this head, Li Tian would not refuse.

"Hey, Seven Swords is a great face, but who doesn't know that in these northwestern states, our Sunset Fortress is the absolute boss. If you are willing to give us the Nine-Colored Corpse Crystal to us Sunset Fortress, we will remember the Sunset Fortress. I live this kindness of you, but if you want to take the arrogance, then I will accompany you to the end of the Sunset Fortress." The bearded sniper said with a fist.

"I have no opinion, I originally planned to move my family to Sunset Fortress" Li Tian interrupted again.

"Jiejie, Sunset Fortress, it's such a big tone, don't you worry about this little nine-color corpse crystal making Sunset Fortress desperate? Boy, you should have heard of the strength of Yin Yang Gate. As long as you Bring the Nine Color Corpse Crystals to our Yin Yang Gate, I promise you will enjoy endless glory and wealth!" The short and thin man in Yin Yang Gate said to Li Tian after a strange laugh.

"No! You are too ugly! If I have to choose, then I choose the sister on the roof." Li Tian directly refused.

Being directly rejected by Li Tian, especially the ugliness of a man and a woman at the Yin Yang gate, made the two immediately jump into a rage, but they couldn't act rashly.

"Hahaha, yes, the strength of the Yin-Yang Gate is indeed good, but our Sakura Legion may not be weaker than you, boy, since you have chosen my Sakura Legion sister, I promise today that you can leave the village alive. As for the future, It depends on your own good fortune!" The mysterious woman Lily said with a smile.

"Boy, do you know who she is? Don't look at her looking young and beautiful now, like a fairy, but you have to know her true colors, and make sure you will run into mother's arms obediently in fright!" Yin Yang Said the tall and strong woman in the door.

Li Tian glanced at the lily, and did not find any horror in the lily, and then he smiled and said: "Dying under the peony is a good ghost. It's better than dying on your ugly and fat pig woman. ."

"Sister loves to hear you say this! Come on, come with your sister!"

With a "swish", a soft whip stretched out from the roof and wrapped it around Li Tian's waist, while the other end of the soft whip was in Lily's hand, and Li Tian didn't see how hard Lily used it, only Li Tian's feet were lifted off the ground. Floating quickly towards the roof.

Seeing that Li Tian was about to float on the roof, suddenly, "Bang!" a gunshot sounded.

The first shot turned out to be the bearded gunman at Sunset Fortress.

I didn't see how he moved the gun. The gunshots sounded, the soft whip in Lily's hand had been broken into two pieces, and Li Tian fell out of the air.

After Li Tian hurriedly turned around in the air, he adjusted a bit and landed smoothly.

Although it was a smooth landing, Li Tian's heart was really angry, and his favor with the Bearded Tree Gunner in the Sunset Fortress also plummeted.

"Nima forced it! What kind of hatred or grievance I have with you? Just hit someone, interrupt the whip and almost make Lao Tzu fall. Bad review!"

"Since you like these nine-color corpse crystals so much, I will follow you! See how I ruin you two bastards." Li Tian thought in his heart.

Li Tian walked directly between the beard of the sunset fortress and another man in the eyes of everyone's surprise, and said: "I decided to join the sunset fortress, and I will bring the nine-color corpse crystal and my talents I got to the sunset fortress. Now you can disperse!"

Li Tian said to others that you can leave, but others don't think so!

The bearded gunman saw Seven Swords, the mysterious female Lily, and the people at the Yin Yang Gate, who had already stared at them, and his face immediately became quite ugly.

But there is no reason for the fat in hand, even if everyone present besieges them, the two of the sunset fortress will not let go.

With a sound, the sniper rifle in the bearded gunman's hand has been loaded, and the other man beside the bearded general lays his baton in front of him, making a pose ready to attack.

Li Tian also took out "Red Zhan" and held it tightly in his hand, blocking him to protect himself.

"Huh!" With a sound, the mysterious female Lily suddenly acted, and the soft whip attacked the sniper rifle in the bearded gunman's hand. The soft whip moved like thunder, fast as lightning, and the mysterious female acted suddenly, the bearded gunman's sniper The rifle was dragged out by the goddess Lily.

"Pop!" It was another shot. I just felt the beard's clothes move, and I didn't see how he made the gun, but Lily's soft whip was interrupted by a shot from the beard, and his beard rolled on the spot. , Take the sniper rifle in your hand.

The man with a military baton in his hand ran forward two steps with one foot force, one jump, one foot waits on the fence, another jump, the other foot has already stepped on the roof, the man with the truncheon got on the roof and immediately Lily girl entangled.

It's really flying over the wall!

But this kind of trivial skill is commonplace in Li Tian's eyes.

"Boom!" With a sound, the male and female police batons did not hit the mysterious female Lily, but fell on the roof. And this seemingly common blow directly punched a huge hole in the cement floor roof!

Chapter 3172: Corpse Tide (20)

The soft whip in the mysterious female Lily's body flicked backwards, and the soft whip was wrapped around the trunk of a tung tree. With a light touch on Lily's feet, she flew backwards.

"Drink!" Shelipuding waved a giant axe towards the pig woman at the Yin Yang gate.

Shelipuding's giant axe definitely weighs more than a hundred catties. Once it hits a person, it can definitely smash a person into meat sauce. Facing the attack of Shelipuding's giant axe, the pig woman did not evade, she took out a blood-red scarf from her arms, and swiped the scarf, she even avoided the giant axe easily.

However, there was a hint of ridicule at the corner of Shelipuding's mouth. With the rebound of the pig woman, she galloped backwards. While she was galloping backwards, Shelipuding held a giant axe in one hand and pulled out the other. A pistol.

The pistol was not aimed at the fat woman, but at the sky.

The pistol sound rang.

"Whoo!" With a long sound, a red Seven Swords symbol exploded in the sky.

Fuck? It won't be a mistake!

"Boy, you still have time to look around! Take it to death!" The weapon in the hands of the thin, thin monkey man at the Yin and Yang gate turned out to be a zombie's arm bone and Bai Sensen's bone claws, full of breath.

The bones of the zombies are stronger than ordinary metal, and the bone claws are sharp, and there are zombie viruses on the bone claws. As long as the claws scratch a little bit of the skin and are infected with this virus, then the attacked person is a dead end.

"Wow!" Faced with the attack of the thin monkey man, Li Tian didn't have the slightest fear, and the "Red Zhan" in his hand flew out directly.

With a "click", the sharp "red cut" directly chopped the zombie bones into two pieces.

"Close!" Li Tian saw that the thin monkey man's weapon was split into two parts with one blow, and he immediately retracted "Red Cut".

"Presumptuous!" The bearded gunman raised his hand with a shot.

"Bang!" With a sound of gunshots, an eye-catching appearance appeared on the thin monkey man's chest, and the strong impact blasted the thin monkey man backward.

"That's it? The Yin Yang Gate is too weak, right!" Li Tian thought to himself.

At this moment, there were several violent explosions in the vicinity of the open-pit coal mine in Ele Village. The violent explosion made the ground of the whole village tremble, and the glass on the glass windows of the houses in the village was severely damaged. Shattered by the explosion.

"Wow!"

"Wow!"

With the sound of several violent explosions, the people who were still fighting together stepped back, returning to their original positions, looking at each other vigilantly.

Even the skinny monkey man who Li Tian thought was shot by the bearded gunman, swayed to his feet.

"What's the matter? The skinny monkey man didn't die? Is he immortal? And what's the matter with these violent explosions?" Li Tian was puzzled.

When everyone was surprised and wondering, Shelipuddin suddenly threw two grenade into it.

Facing the grenade, everyone present began to evade.

"burst"

The grenade exploded, but smoke rose in the small courtyard.

"It turned out to be a smoke bomb!"

"Go!" The moment Shelipuding dropped the grenade, He Zhizhuo had appeared next to Li Tian at the fastest speed, stretched out his hand to grab Li Tian, and whispered.

Li Tian could not tolerate resistance, so Li Tian was dragged out of the courtyard by the little loli He Zhizhuo.

Shelipuding followed the little Lori He Zhizhuo. After rushing out of the small courtyard, Shelipuding waved the giant axe in his hand and blasted it directly towards the gate and wall of the courtyard.

With a "boom", the courtyard wall and gate of the small courtyard were instantly hit by Shelipuding's tremendous force.

The gravel was splashing and the dust was flying.

"Swish! Swish!" Two sharp noises sounded, and then there was a violent explosion in the small courtyard.

"Damn, it turned out to be a tank!"

That's right, in Li Tian's eyes, two tanks appeared in the village of Ede Village.

With the advent of the tank, an armed helicopter appeared in the sky.

The gunship had dropped the rope ladder. He Zhizhuo took Li Tian and climbed directly up the rope ladder. Before Shelipuding could climb the rope ladder, the helicopter climbed directly.

Just when Li Tian felt the two tanks are mighty and domineering, the bearded gunman slowly walked out of the smoke in the small courtyard.

An accessory was added to the front of the sniper rifle in his hand, and the bearded man raised his hand with a shot, and a beam of light shot directly at the tank and directly into the tank's barrel.

With a "boom", this tank has become a pile of scrap iron.

Another tank saw this situation and immediately fired a second gun.

The howitzer shell fired by the tank was directly wrapped in a soft whip in the air, and then bounced back.

The second tank was also sadly reminded.

"Fuck, who are these people? When did the earth appear such fierce people?" Li Tian couldn't believe his eyes, but this kind of thing happened in front of him, and Li Tian had to Believe.

"hungry!....."

The smoke from the tank explosion slowly rose. After Li Tian saw the smoke, a large number of zombies appeared. No, it is difficult to describe the number of these zombies in large numbers.

"It's the corpse tide! The design of this corpse tide is our Seven Swords first in order to force ninth-level zombies, the second is to show other organizations hiding in the dark, and the third is we test your method! But now you should I feel fortunate, because now we have changed our minds!" With the delay of two tanks, He Zhizhuo and Shelipuding had already rushed far.

"Zombie tide? So many zombies! How many corpse crystals are there!" Li Tian said.

"Corpse crystal? Many of these zombies are zombies above level 4, level 5, and even level 6 zombies! If you don't want life, you can try it!" He Zhizhuo said rudely.

"You lied to me? Didn't you say that there is only one zombie of level 5 or above?" Li Tian pretended to be surprised and said angrily.

He Zhizhuo said with a sneer: "Pretend, continue to pretend! Then pretend I will directly throw you into the corpse tide pile."

"Okay! I won't pretend. Where are you taking me?" Li Tian asked seriously immediately.

"Open-pit coal mine, mine pit. At that time, you need to hand over the nine-color corpse crystal, you can choose not to hand it, I will kill you and take it out!" He Zhizhuo said.

"Is this not good? You are such a cute little girl, so violent, be careful not to marry, it is not good for you! Listen to the words of your brother, put down the butcher knife and become a Buddha. Let him go!"

Before Li Tian had finished speaking, He Zhizhuo was pushed directly from the helicopter.

"Your sister! Really push!" Before Li Tian's words fell, he saw a rocket flying directly to the helicopter, and then the helicopter exploded over Li Tian.

During the explosion, He Zhizhuo rushed towards Li Tian's arms like a cannonball.

"Hold me tight! Or fall to your death!" Little Lolita said softly in Li Tian's arms.

Li Tian will not refuse this request.

Li Tian tightly hugged little Lori He Zhizhuo in his arms.

With a "bang", Li Tian hugged Lori He Zhizhuo and hit the ground directly on his back. Hit a huge human-shaped pit.

Chapter 3173: Corpse Tide (3)

Li Tian didn't die, but it was almost the same as before. Li Tianzhi felt that the bones all over his body were falling apart.

But what made Li Tian's follow-up more uncomfortable was the sticky feeling under him. Needless to say, Li Tian fell from the helicopter and directly hit a few zombies. Li Tian received heavy damage, but the zombies that were hit more severely than Li Tian hurt.

Just like those who committed suicide by jumping off the building did not die, but smashed to death the passerby, Li Tian did not die, but smashed a few zombies in the tide of corpses.

He Zhizhuo jumped directly out of the big pit, and stretched out his left and right hands at the same time. The nails on his ten fingers turned out to be transparent steel needles like silk threads.

A zombie smelled the living person's question and rushed towards He Zhizhuo.

He Zhizhuo took a few steps forward, leaped forward, escaped the attack of the zombie, stretched out his hand to press on the zombie's head, and when he fell back to the ground, the zombie behind him was already dead.

There is no scar on the zombie's body. If you look closely with a magnifying glass, you will find five small holes like pinholes appear on the zombie's head.

This is He Zhizhuo's ability.

There were zombies all around rushing towards He Zhizhuo, and He Zhizhuo hid from left to right. He didn't mean to continue hunting these zombies.

After He Zhizhuo escaped a zombie's attack, he squatted down, clenching his open fingers.

The dozen or so zombies behind He Zhizhuo were confined in them as if they had been subjected to a hold technique. He Zhizhuo didn't know his head either, and he hugged both hands in his arms at the same time.

"Wow!"

The dozen zombies behind him immediately turned into a pile of meat.

"Boom!" With a sound, a wall in front of He Zhizhuo was knocked down, bricks were flying, and rubble was splashing everywhere.

In the dust, Shelipuding flew out backwards facing He Zhizhuo.

He Zhizhuo stretched out his hand and took Shelipuding smoothly.

"I'm paralyzed! That fat pig girl ghost is really powerful. She is stronger than me in strength, and that skinny monkey man can't beat him to death. It's really weird!" Shelipuding spit on her face. He Zhizhuo said.

"That's because you are trash!" He Zhizhuo didn't give Shashelip Ding any face.

Shelipuding seems to have become accustomed to it, and did not entangle it, but questioned:

"Where is Li Tian? The kid won't die on the helicopter, right? It doesn't matter if he is dead, don't destroy the Nine-color Corpse Crystal!"

He Zhizhuo pointed to the big pit, and said to Shelipuding: "In the pit, but if you don't die, you have almost half your life left. Riding the tide of corpses, they can't take care of us. You carry Li Tian on your back. Go to the Luotian Coal Mine."

At this time, there were zombies everywhere in the entire Forefoot Village. Thousands of zombies flooded into the Forefoot Village, frantically biting any creatures they saw. There were even zombies biting zombies, high-level zombies biting low-level zombies. Picture.

Zombies above level 4 have surpassed ordinary zombies. Not only can they control low-level zombies, but the attack power, speed, and defense power of these zombies themselves are not weak. In the village of Forefoot, the bearded gunners of the sunset fortress have been killed by the zombies. Surrounded, his weapon is a firearm, but as soon as the firearm makes a sound, the surrounding zombies will immediately swarm. The more the beard uses firearms to attack, the more surrounding zombies gather.

At this time, there were already several damages on the beard, blood infested the clothes, dripping to the ground, smelling the sweet blood, the zombies were even more crazy.

Fortunately, this beard itself is also a natural immune person, otherwise, there is no need for zombies to bite, he has become a zombie.

"Go away!"

With a loud shout, a dozen zombies in front of the bearded gunman were knocked out by the baton man. The stump had a broken arm and fell to the ground.

"Boom!" There was another loud noise, and the baton man knocked down with a stick, and the ground collapsed in a big pit, and dozens of zombies fell down immediately.

The baton man was invincible, and wherever he went, the zombies immediately flew in flesh and blood. These second- and third-level zombies, under the hands of the core cadres of the sunset fortress, are really like chickens.

Soon, there were very few zombies around the beard, and with a few shots, the beard finally got out.

"It must be the **** of Seven Swords, in order to obtain the nine-color corpse crystals, they even thought that they would create a tide of corpses! Fortunately, the zombie level here is not very high, otherwise it will definitely cause catastrophe. Malabazi's, but I did not let Seven swords earned it and destroyed one of their tanks and an armed helicopter!" The beard said with a grin, holding back the pain.

"Beard, do you know why I like to partner with you? You are an ordinary person, but your face is definitely one of the best. Seven swords can naturally send tanks and gunships here, so I didn't even think about bringing it back! Besides, Jiu Color The corpse crystal is the key to the big secret. Even if you destroy a few more tanks and a few more helicopters, what can you do?" The baton man said disdainfully.

"But you are not too embarrassed. After all, the two heads of the Seven Swords, the cadres of the Sakura Legion, and the two non-male and female guys at the Yin Yang Sect are all very difficult to entangle."

"It's not necessarily who will die! Even if Seven Swords use the smoke bomb to test the bounty hunter level, they will not hesitate to use two tanks, an armed body, and even make a corpse tide, but in the end, can they get the secret? , It depends on good luck!" Huo said dissatisfied.

The baton man nodded and said: "Yes, after all, this is the strength of Seven Swords. They have far more information than our Sunset Fortress. I believe this situation is not what Seven Swords hopes to see now! There are at least tens of thousands of zombies from this village. It takes a lot of effort to kill them from here. It is obviously impossible to chase them. I believe the boss will not blame us! Killing a few high-level zombies, Get some corpse crystals to make up for the trauma of the soul, and we can go back! Let them work hard!"

In another place of Ele Village, there are at least hundreds of zombies at the feet of the fat pig girl and the thin monkey male in the Yin Yang gate, but the zombies are still coming to them from far away.

"It's really unlucky that I encountered the corpse tide. I didn't expect the little Seven Swords to have this courage! If they were allowed to get that big secret, perhaps their strength would increase further. It seems that it is time for us to go back and tell the sect master The news!"

The mysterious woman hid the place where she hid last night, and the corpses of the zombies in the yard were already covered with a layer.

"Li Tian, this man is so good, but very lucky. The most important thing is that he has the same name as the man before the legion commander. Interesting, really interesting, when you have the opportunity to return to Kyoto, you must tell the legion commander!"

Chapter 3174: Nine-color Corpse Crystal Mutation (1)

The open-pit coal mine has collapsed in half. I don't know how many zombies were buried where it collapsed, and the broken limbs of these zombies can still be seen vaguely. .

Li Tian followed He Zhizhuo, and Shelipuding was behind Li Tian. The three of them walked in front of each other, one in one, and one in the other.

The corpses of the zombies hunted by He Zhizhuo and Shelipuding last night have disappeared. Although it is daytime, there are very few zombies in the mine. Occasionally a few low-level zombies appear, and they are easily hit by Shelipuding or He Zhizhuo. kill.

For these two people, two completely extreme hunting methods, Li Tian appreciates He Zhizhuo even more.

After all, a lot of low-level corpse crystals can be taken out of a complete zombie's head.

Mosquito legs are also meat, so you can't violently throw away these corpse crystals! It's a pity that Li Tian's skin is limited in stock, and the skin has already been swollen. If there is no other way, Li Tian can only discard all the first-level zombies and first-level corpse crystals and replace them with higher-level second-level corpse crystals.

As for the third-level corpse crystal, Li Tian was very sad, he almost didn't get such an opportunity, so he was snatched by Shelipuding.

"As for? Are you as for? Isn't it just a third-level corpse crystal? You two masters, still care about these third-level corpse crystals? What to grab with me!" Li Tian is very disgusted with He Zhizhuo. Satisfied, this perverted woman can use him as a meat mat to jump off the helicopter. How can Li Tian be satisfied with all such outrageous things.

But Li Tian didn't dare to be too much with this perverted little Lolita, especially after seeing He Zhizhuo start to divide the corpse of the zombie.

But Shelipuding was different. Because this liar tricked Li Tian into taking part in the bounty hunter level test, it is still a big secret to help build a big treasure. He still feels a little guilty in his heart, so he still bears it.

But for the corpse crystals, especially the corpse crystals above the third level, the Shelipuding would not let them.

"You better not mess with him! This time the destroyed tanks and gunship helicopters are all in his hands. You know, the third child is just so cheap, he doesn't even have a second-level corpse in your hands. Jing also snatched it over, it's already giving you face!" He Zhizhuo's words immediately calmed Li Tian a lot.

To make a fortune in a muffled voice is a serious matter.

The open-pit coal mine in Ele Village turns in a bend, and I don't know where it leads to. The more you go down, the darker it is inside. This darkness will not have any effect on Li Tian, but for Shelipuding and He Zhizhuo, it is somewhat influence.

With a "click", He Zhizhuo turned on a military flashlight.

With the dim light, Li Tian found that the mine was dark everywhere, and as he went down, the height of the mine became lower and lower.

Suddenly a dozen fiery red eyes appeared in the mine.

He Zhizhuo hit the light of the flashlight to the fiery red eyes, and found a dozen black bats over one meter old hanging upside down on the roof of the mine.

With a flash of light, those zombie bats immediately showed two sharp teeth, and flew towards He Zhizhuo and others.

Accompanied by the screaming of the bats, there was a cold wind in the mine.

The two fist-sized red eyes of the zombie bat looked terrifying, and the white bones on a pair of fleshy wings looked extremely sharp, and while flying, they could even splash the gravel from the stone in the pit.

These are five-level zombie beasts, zombie bats, these bats have maintained the habits of bats and still like to be out at night. But don't underestimate these bats. After being infected with the zombie virus, their genetic mutations are only stronger than those of the zombie.

Before the bat flew over, He Zhizhuo had already laid a net in front of her.

Those invisible threads, even if bats use sonar to perceive them, still feel slowly.

When the bats realized that they were not good, they had already hit the death trap arranged by He Zhizhuo and were instantly divided into pieces of meat of different sizes.

The more time Li Tian spends with He Zhizhuo, the more powerful He Zhizhuo feels.

I continued to walk for less than a hundred meters. Suddenly, the roadbed suddenly sank, as if the mine tunnel was suddenly broken.

With He Zhizhuo's flashlight shining through, Li Tian found a huge mine pit in front of him, which was as large as a thousand square meters. With the light shining, Li Tian finally saw the scene in the mine clearly.

A whole piece of zombies appeared in the mine pit that was more than 1,000 meters in size.

They are densely packed and neatly arranged, just like terracotta warriors.

Yes, it is the terracotta warriors. When Li Tian thought of the word, Li Tian realized that these zombies are completely different from the common zombies outside. Although these zombies' clothes are ragged, the colors and patterns on all the clothes are almost the same. More importantly, these zombies and terracotta warriors. Their size and height are almost the same, and these zombies and terracotta warriors have weapons in their hands.

This is the first time Li Tian has seen zombies who can use weapons, and he doesn't know what level these zombies are. If the level of each zombie is the same as the level of the old zombie of Li Tian's Nine Color Corpse Crystal, Li Tian will turn around and run without hesitation.

Li Tian immediately became nervous.

"Don't be afraid, these zombies have not been fully activated. As long as you don't enter this mine, they won't attack easily." He Zhizhuo looked at the zombie mine in front of him, and said involuntarily with excitement on his face.

"Activate? What do you mean? Is it possible to activate these zombies with nine-color corpse crystals?" Li Tian asked incredulously.

"That's right! These nine-color corpse crystals are only owned by zombies above level 9. Any zombies above level 9 can control a thousand zombies below level 9. The batch of zombies in front of you are all six. Level zombies. Although the level of these zombies is not particularly high, there

are 1,000 level 6 zombies that are not afraid of death and will not die. This is what any organization hopes to get. As long as you have this one, you are not afraid of death. Death Legion, the strength of the Seven Swords organization will inevitably be greatly improved. In the northwest region, it can even compete with the sunset fortress. So, now is the time for you to perform. You are willing to join Seven Swords and become Seven Swords. The cadre? Or should I do it myself?" He Zhizhuo said coldly to Li Tian, saying that the transparent steel wire in his hand was aimed at Li Tian's head.

"I'm kidding. Of course I joined Seven Swords." As long as the Nine Color Corpse Crystal is still in Li Tian's hands, He Zhizhuo will not close Li Tian to hand it over, Li Tian is still willing to cooperate.

Li Tian touched his hand into his arms, and the nine-color corpse crystal given by the old zombie was placed in Li Tian's arms.

"How could this be?"

Li Tian found that some white silk threads had grown in the nine-color corpse crystal, and these silk threads had grown completely with Li Tian's skin before Li Tian knew it.

Pulling open the clothes on his chest, Li Tian saw the nine-color corpse crystal camped in Li Tian's heart, shining with a faint low light, and had become a part of Li Tian's body.

Chapter 3175: Nine-color Corpse Crystal Mutation (2)

"How could this be?" Li Tian asked in surprise when he saw that the nine-color corpse crystal had been combined with his body. Even Li Tian had already taken out the "Red Slash" and wanted to remove the nine-color corpse crystal from his body. Dig it out.

"How could this happen?" Shelipuddin asked equally puzzledly.

He Zhizhuo looked indifferent, and said to Li Tian: "You better stay still! Otherwise you will die soon!"

Seeing Li Tian stopped his movements, He Zhizhuo continued: "Nine-color corpse crystals are a strange thing, something that zombies above level 9 have, and these zombies above level 9 are all retained without exception. The consciousness and wisdom of humans, they seem to be the same as humans, but these ninth-level zombies have more attributes of zombies, have more powerful attack power, and have more powerful combat power. Even these ninth-level zombies can be deformed, it can evolve and control low-level zombies. Any ninth-level zombie is a very strong existence. This is why the "Seven Swords" knowing that other organizations are involved, will open one eye and close one eye. ."

"Other organizations hope to use the power of Seven Swords to defeat the ninth-level zombies, and Seven Swords also hopes to use other organizations to defeat the ninth-level zombies. As for whoever will die in the end, the nine-color corpse crystals can fall into the hands of others, then it depends on their own ability. !"

"I just didn't expect that this time there was an accident like yours. You could make the ninth-level zombies commit suicide and automatically hand the corpse crystals into your hands! In fact, from the moment the nine-color corpse crystals leave the ninth-level zombies, if you don't When it comes to the sacrifice of blood, it can only be the nine-color corpse crystal. But once the nine-color

corpse crystal gets blood, then it will quickly find a new host. In other words, the current you, Li Tian, is this nine-color corpse crystal. The host of the corpse crystal."

"But I have never sacrificed the nine-color corpse crystal with blood?"

"No! Have you forgotten that you fell from the helicopter? At that time, you were seriously injured, a few bones were broken, and all blood was on your body. I just didn't expect this nine-color corpse crystal to be so powerful. The ability. After getting the sacrifice of blood on your body, since it can feed back to you, let your body quickly recover."

He Zhizhuo shook his head gently, and continued: "This may be God's will. When our Seven Swords regained this open-pit coal mine in Ewa Village, we accidentally discovered that this village had a level 9 zombie in order to obtain this nine-color. The corpse crystal, Seven Swords has been in business for a year, and it has lost no less than a few hundred people. However, with the Seven Swords alone, let alone taking down the nine-color zombies, it is difficult to lock the traces of the ninth-level zombies. Here Prior to the second mission, Qi Jian deliberately or unintentionally revealed clues to the ninth-level zombies to some organizations, in order to use their power to eradicate the ninth-level zombies. Then Qijian is sitting on the reaping benefits."

"It's just that under the circumstances, these nine-color corpse crystals fell into your hands, and finally they were accidentally combined with your body. Since the human world entered the end of the world, no more than ten nine-level zombies have been hunted by humans. , And the nine-color corpse crystal combined with humans is the fourth one!"

"Who is the first?" Li Tian interjected and asked.

"The first? That hapless experiment? Who would remember his name, but because of his existence, people later knew that the nine-color corpse crystal would look for a new host and become a new host after sacrificed with blood. Part of the body. And that unlucky test object, because after peeling off the Nine-Colored Corpse Crystal, it died very quickly! Now, any organization will remove the Nine-Colored Corpse Crystal as fast as possible after getting the Nine-Colored Corpse Crystal. Put it into an airtight container!" He Zhizhuo said with a cold face.

Li Tian's heart was cold, shit, it seemed that these nine-color corpse crystals could only stay on his body temporarily.

"Where is another person? What about the result of the second person?" Li Tian asked quickly.

"Oh, that guy is even more unlucky! He is also a test subject. After his body is combined with the nine-color corpse crystal, because his own perseverance is not strong enough, it didn't take long for him to become zombie, but after that guy became zombie It turned out to be a first-class zombie! Except for a little test data, only a first-class corpse crystal was left behind!" He Zhizhuo said as if it seemed to Li Tian.

This feeling made Li Tian very upset.

Did my Li Tian die because of this nine-color corpse crystal?

No, the old zombie voluntarily handed the nine-color corpse crystal to me, clearly saying that I could get his powerful combat power and powerful attack power. How could it just become a first-degree zombie?

"Where is the last person? Isn't he..." Li Tianxin asked unwillingly.

"The last person is much luckier! The last person is the sect master of the Yin and Yang gate. This person is strong and tenacious. In order to get more powerful strength, he actually integrated a nine-color corpse crystal completely! Now! He possesses the indestructible ability of zombies, and possesses the powerful combat power of human beings. He is the most difficult person among the ten legions. So, you may become a first-level zombie, or you may be with the nine-color corpse crystal. Completely merge and become a super power with zombie attributes."

"Although this opportunity is very slim."

He Zhizhuo is not optimistic about Li Tianneng's complete control of the nine-color corpse crystal, so he continued: "Before you become a first-level zombie, you still have use value! Now only you can control the thousands of sixth-level zombie teams, and only You can let thousands of level six zombie teams push open the stone gate behind the mine. As long as you can help Seven Swords complete this task, our Seven Swords can help you complete your unfinished wishes. For example, help you take care of Bai Jing and Her children. We can even let them join Seven Swords"

"Remember, your time is limited. Once you become a first-level zombie, your control over these high-level zombies will become invalid. At that time, you may become a delicious snack for these high-level zombies. At that time, maybe Seven Swords The anger of the failure of this mission will be blasted on you, oh, by then you will be just a poor first-level zombie, then the anger of Seven Swords will vent on your favorite girl Bai Jing and her lovely children "He Zhizhuo said.

"Since it is a zombie warrior, why don't we just open the door behind the warrior?" Li Tian asked suspiciously.

He Zhizhuo smiled slightly and said: "The several terracotta warriors pits that have been ascertained now have extremely powerful mechanisms. These terracotta warriors seem to be motionless, but their positions are all specific. Here, here you are. Do an experiment! The third child, go and move a few zombies."

Soon, Shelipuding came over with a few corpses of zombies.

"Throw it down, throw it away!" He Zhizhuo said.

Shelipuding came directly and threw the corpses of two zombies at the terracotta warriors in the pit.

With a sound, a purple light flashed across the bodies of these terracotta warriors. Then, the purple light gathered together and shot at the corpses of two zombies.

The corpse of the zombie was wiped out before it fell to the ground.

Li Tian swallowed involuntarily.

This is too **** powerful. It is more powerful than laser weapons. If there is no reminder by He Zhizhuo that one accidentally falls, then Li Tianzhen has gone bye to the world.

"Okay, I promise you!" Li Tian said without hesitation.

According to the method He Zhizhuo taught Li Tian, Li Tian tried to feel the nine-color corpse crystal. Sure enough, Li Tian soon felt the Nine Color Corpse Crystal start beating at the same frequency as Li Tian's heart.

Chapter 3176: Nine-color Corpse Crystal Mutation (3)

"Try to control those transparent silk threads, let those silk threads control the level 6 zombies in the pit!"

According to this method, Li Tian tried to control the transparent silk threads that floated out of the nine-color corpse crystals. At first, the silk threads were not under Li Tian's control at all. However, after several consecutive failures, Li Tian actually used God's consciousness to be true. Control a transparent silk thread.

Li Tian controlled this transparent silk thread to continuously float towards the sixth-level zombies in the pit. After drifting to the head of the sixth-level zombie, Li Tian controlled this transparent silk thread to pass through the sixth-level zombie's skull, and then penetrated into the skull. The sixth-level corpse crystal of the sixth-level zombie was found in the brain.

Then, just like electric welding, let the transparent silk thread hang on the sixth-level corpse crystal.

"Puff!"

"Puff!"

As Li Tian's heart kept beating, the nine-color corpse crystal also kept beating, but the sixth-level zombie was not controlled by Li Tian.

"How could this be? Isn't my method the right way?"

Suddenly, Li Tian felt an electric current flowing out of the nine-color corpse crystal. This substance flowed along the transparent thread to the sixth-level corpse crystal in the sixth-level zombie's skull.

"Puff!"

"Puff!"

Li Tian only felt the corpse crystal of the sixth-level zombie alarm clock also beating, and then Li Tian saw the sixth-level zombie opened his eyes and moved his body.

"Successful?" Li Tian couldn't believe it, he was really successful.

Li Tian immediately controlled the sixth-level zombie to move around for a few laps. He felt that when he controlled the zombie, he did not need to control it. As long as he thought about it, the zombie controlled by Li Tian would follow Li Tian. His intentions come to my heart.

Running, jumping, biting, proficient in everything.

"Success!" Seeing Li Tian quickly mastered the method of manipulating zombies, He Zhizhuo and Shelipuding both showed shocked and unexpected expressions.

Li Tian did not stop, continuing to control the transparent silk thread to control other zombies.

This time Li Tian chose to use two transparent silk threads at the same time, as if he were controlling the left and right hands at the same time, without any difficulty.

Soon, Li Tian controlled two transparent silk threads and put them on the heads of two sixth-level zombies.

The transparent silk thread has entered the zombie's head, and immediately established a connection with the corpse crystal of the ninth-level zombie.

"Puff!"

"Puff!"

The corpse crystals of the zombies were beating with Li Tian's heart, and these two zombies were also completely controlled by Li Tian.

"Do you feel uncomfortable?" He Zhizhuo asked suspiciously.

Li Tian shook his head and continued to control the zombies.

This time, the four transparent silk threads were controlled at the same time, and the four transparent silk threads were controlled at the same time. The difficulty was not only doubled than the two at the same time.

Soon, four zombies rushed around in the mine.

He Zhizhuo let out a long sigh.

Seeing that Li Tian quickly controlled the nine-color corpse crystal, Li Tian did not show any discomfort when controlling four zombies at the same time, He Zhizhuo had a little more expectation in Li Tian's heart.

Eight...

Sixteen...

Thirty-two...

Sixty-four...

Li Tian worked tirelessly to double the transparent silk thread. As the number of zombies controlled by Li Tian increased, He Zhizhuo became more and more shocked.

According to rumors, the master of the Yin-Yang Gate, when he controlled thirty-two silk threads at the same time, had already begun to be backlashed by the nine-color corpse crystals, and when he was manipulating sixty-four threads at the same time, the master of the Yin-Yang Gate trembled. His complexion had turned waxy yellow.

One hundred and twenty-eight...

Control one hundred and twenty-eight at the same time, when one hundred and twenty-eight silk threads are placed on the corpse crystals of 108 zombies at the same time, and when the corpse crystals of these one hundred and twenty-eight zombies accompany Li Tian's heart at the same time. When he was beating, Li Tian's heart suddenly felt a tingling, as if someone had pierced Li Tian with a needle.

But Li Tian didn't care.

Two hundred and fifty-six...

When the two hundred and fifty-six transparent silk threads activated the 256 zombies, the tingling sensation just now became much stronger, and Li Tian couldn't help but snorted.

"Do you feel it?" He Zhizhuo already recognized Li Tian's performance in his heart at this time. According to the current trend, if nothing happens, Li Tian will quickly control the more than 1,000 zombies in the pit.

Not to mention that Li Tian controls so many zombies, but Li Tian's fusion of the nine-color corpse crystal is enough for He Zhizhuo.

He Zhizhuo has decided that once Li Tian completely integrates the nine-color corpse crystals, then she must do everything possible to develop Li Tian into a member of the Seven Swords.

Li Tian waved his hand, wiped off the sweat from his forehead, and started his last attempt.

Five hundred and twelve...

When Li Tian controlled 512 transparent silk threads, Li Tian clearly felt that these transparent silk threads were very restless, and even Li Tian could feel that the frequency of the nine-color corpse crystal beating was obviously faster than Li Tian's. The heart, and the nine-color corpse crystal released more transparent silk threads at this time, and these silk threads directly entered every vein of Li Tian.

A violent pain hit Li Tian, and Li Tian's mind was almost lost.

Seeing Li Tian's performance, He Zhizhuo knew that the nine-color corpse crystal had begun to eat Li Tian.

If Li Tian can control and support it, then Li Tian will rebirth from Nirvana and become the owner of the nine-color corpse crystal, enjoy the zombie attributes brought by the nine-color corpse crystal, and even practice the hidden skills in the nine-color corpse crystal. Fa, become a stronger existence than a ninth-level zombie.

But once Li Tian loses his mind and is successfully backlashed by the nine-color corpse crystal, then Li Tian will become a first-level zombie without consciousness and strength just like the second hapless experiment.

Once Li Tian becomes a first-class zombie, He Zhizhuo will kill Li Tian on the spot without hesitation.

Quiet, the mine is extremely quiet, I only hear Li Tian panting heavily, and more than 500 transparent silk threads controlled by Li Tian are floating without a clue.

"Puff!"

"Puff!"

Li Tian felt his heart beating faster and faster, Li Tian could feel the blood flow in his body getting faster and faster, and with the heart beating, the blood flow faster and faster, Li Tian felt like his whole body It's going to boil.

The pain has long been numb.

"The third child, prepare yourself. If Li Tian can't completely fuse the nine-color corpse crystal, but is successfully backed by the nine-color corpse crystal, then our mission will be considered a failure! Only when the second ninth level is born here The zombies are here again! Li Tian just..." He Zhizhuo said blankly.

Shelipuding nodded heavily and held the giant axe in his hand tightly.

"Ah" Li Tian suddenly let out a scream, and saw that more than 500 transparent silk threads controlled by Li Tian suddenly madly attacked Li Tian's body, and the zombie transparent silk threads that had been controlled by Li Tian also started one. One piece broke.

Li Tian was panting heavily. At this time, Li Tian's body skin was like a red soldering iron. Li Tian's body was sizzling, and the moisture on his body began to evaporate.

Soon, Li Tian's eyes turned crimson, and the skin on his body had lost its moisture and luster, and turned into a dark gray color like a zombie.

He Zhizhuo shook his head and said, "It seems that he still hasn't taken the last step! Get ready to do it! The third child!"

Chapter 3177: Red cut changes

Shelipuding didn't have any expressions. She was surprised that Li Tian was able to make it to this point, but after all, the only person who could control the nine-color corpse crystal was the master of Yinyangmen in the past three years.

Shelipuding slowly raised the giant axe in his hand, preparing to take the final blow to Li Tian.

"Do not!"

Suddenly, Li Tian screamed loudly at Shelipuding.

"Stop!" After He Zhizhuo heard Li Tian's shout, he immediately stopped Shalipuding.

With a "boom", He Zhizhuo ejected a steel wire from his hand and wound it on the great axe of Shelipuding. With He Zhizhuo's hard work, the giant axe that had been swung was immediately torn apart by He Zhizhuo, making Shelipudding feel uncomfortable.

"No! I can control the nine-color corpse crystal!" Li Tian gasped heavily, said hachi hachi.

At this time, the nine-color corpse crystal on Li Tian's chest began to release more transparent silk threads. After these transparent silk threads came out of the corpse crystal, they immediately penetrated into Li Tian's skin. Gradually, Li Tian's entire naked upper body was already Surrounded by this transparent thread.

"No! I can! I will never become a zombie, and I will never allow myself to die in this place." Li Tian said to himself in his heart.

After finally returning to Earth from another world, I haven't seen Ouyang Shiqing, I haven't seen Duanmuying, and I haven't brought Xueji to see the prosperity of the world. How can I become a zombie without any consciousness?

Heavenly evil lone star, Li Tian's life is fighting against heaven and fate.

Against the sky, Li Tian is neither humble nor overbearing.

Fighting with life, Li Tian was unyielding.

Now Li Tian was fighting with the backlash of the Nine Color Corpse Crystal again.

Li Tianle is among them.

Li Tian suddenly smiled.

At the beginning, Li Tian only showed a small smile at the corner of his mouth, and then Li Tian laughed, and then Li Tian began to laugh wildly.

The backlash of this nine-color corpse crystal is indeed powerful, but Li Tian has always overlooked a small detail, that is, "Red Slash"'s love for the corpse crystal.

Before, Li Tian broke through the third-level corpse crystal twice in a row, but the corpse crystal was absorbed by "Red Slash".

Now, when Li Tian's life is backlashed by the nine-color corpse crystal, the long-silent "Red Slash" automatically becomes active. The transparent silk threads that have entered Li Tian's body are immediately "Red Slashed". "absorb."

"Hahaha"

"Come on more!" Li Tian felt that after "Hong Zhan" absorbed the transparent silk thread, there was a slight change.

"Red Slash" had a total of several beatings before, but this kind of beating sometimes did not happen, but now, after "Red Slash" has continuously absorbed the transparent silk thread spit out by the nine-color corpse crystal, the beating is more cheerful and more stable. .

At this time, the hearts of "Red Zhan", Nine Color Corpse Crystal, and Li Tian were beating at the same frequency.

And Li Tian found that "Red Zhan" had grown up.

That's right, Li Tian felt that "Red Zhan" seemed a bit longer than when he first got it.

"Boom!"

"Boom!"

"Boom!"

When "Red Slash" showed excitement, the nine-color corpse crystal gradually began to sink. The transparent silk thread that the nine-color corpse crystal spit out of Li Tian began to break apart, and then the transparent silk thread spit out the nine-color corpse crystal. He didn't dare to enter Li Tian's body.

"Stop it? I didn't expect the backlash of the Nine Color Corpse Crystals to begin to weaken in this way." He Zhizhuo said puzzledly.

That's right, at this time the transparent silk thread spit out of the nine-color corpse crystal was back under Li Tian's control, and Li Tian controlled the broken transparent silk thread on the sixth-level zombies here.

After controlling all the zombies that he had controlled, Li Tian let out a long sigh, and began to control the 512 transparent silk threads at the same time to control the last more than 500 zombies.

The entire mine was extremely quiet, and only Li Tian's gasp was heard.

When these five hundred transparent silk threads were put on more than five hundred six-level zombies, Li Tian was ready to be backlashed by the nine-color corpse crystal again.

Anyway, "Red Zhan" likes it, Li Tian didn't mind taking the pain again to strengthen "Red Zhan".

However, Li Tian was disappointed. After more than five hundred and transparent silk thread were placed on the bodies of more than five hundred six-level zombies, the corpse crystals in the minds of more than five hundred zombies just throbbed. This time the throbbing was very calm, far from it. The zombie corpse crystal beating so violently before.

"Is it so easy to subdue?"

He Zhizhuo couldn't believe his eyes, and at the same time controlled 512 zombies, plus the previously controlled zombies, by this time Li Tian controlled more than a thousand zombies.

"It seems like this! It doesn't seem to be too difficult to speak of! Next time if I have the opportunity, I will sacrifice a nine-color corpse crystal to play! I can't say that my strength will be doubled. Then, I won't need it. I'm being bullied by you, the seventh!" said Shalipuding.

"Haha!" He Zhizhuo didn't even bother to strike back at Shalipuding.

If offering sacrifices to the Nine-Colored Corpse Crystal is really that simple, why don't those new-generation powerhouses in this world go to sacrifice? Since the beginning of the end times, has one and only one person succeeded?

However, at this moment, mutation occurred suddenly.

Li Tianzhi felt that a powerful suction suddenly appeared in his body. This suction was transmitted to the nine-color corpse crystal through Li Tian's body, and then to the zombie through the transparent silk thread spit out by the nine-color corpse crystal.

Li Tian could feel that the root cause of this suction was the dissatisfaction of "Red Slash". It seemed that this solitary and arrogant soldier had a special liking for Corpse Crystals.

"Papa!" With a sound, a zombie closest to Li Tian was suddenly sucked up by this suction and collapsed to the ground, turning into a pile of powder.

"Patter!"

"Patter!"

A series of voices sounded in the mine, and those zombies controlled by Li Tian all lost their moisture and turned into piles of powder.

At this time, He Zhizhuo could hardly appear calm on his calm face.

His eyes widened, and he stared intently at the changes in the mine.

"It's weird! What if this happens to people?" He Zhizhuo didn't dare to imagine.

No matter how powerful a person is, once he is wrapped in this kind of transparent thread, he loses moisture and immediately loses his vitality.

She is still not quite sure whether this situation was caused by Li Tian intentionally or unintentionally. If it is unintentional, it means that this situation is just an accident. Although Li Tian has great potential, he is still not afraid. But if it is intentional, then Li Tian's combat effectiveness will increase exponentially.

As the zombies lost their moisture and fell to the ground one by one, the skin on Li Tian's body gradually recovered its original appearance.

"Boom!" With a sound, and the last sound, 512 zombies collapsed to the ground at the same time.

But at this moment, the change took place.

Chapter 3178: Corpse Worm

"Hong Zhan" broke free of Li Tian's control, flew out with a "swish", and nailed it to the huge stone gate behind the mine with a "duh".

"Hong Zhan" was sharp and went straight through the stone gate one foot thick and disappeared inside the stone gate.

Both He Zhizhuo and Shelipuding looked at Li Tian in surprise.

"With Qi Yujian?" the two said in unison.

Li Tian spread his hands and made a helpless expression.

With the Qi Yujian, Li Tian's Ten Jue Sword Qi before can do this, but Li Tian, who has just returned to Earth, can do it now, but at best he can only control the "Red Slash" away. The distance of one foot from the body, like the current "Red Slash", flew out directly, more than ten feet away, this kind of Li Tian can't do it now.

However, even if he could not do it, Li Tian would not deny it.

Seeing Li Tian's performance now, Shelipuding became a little bit jealous of Li Tian.

When he was in the free market, Li Tian had a strange kind of suction, which caused Shelipuding to suffer a dark loss. Just now Li Tian sucked up more than a thousand zombies, making Shelipuding even more sure that Li Tian was an evolutionary among those who were immune. And this move with the Qi Yujian made Shalipu Ding even more fearful.

He Zhizhuo also felt quite surprised.

In just under half a day, Li Tian gave He Zhizhuo several consecutive surprises.

Fusion of nine-color corpse crystals succeeded.

This has given Li Tian the opportunity to stand at the top of the world with his personal cultivation strength, and become one of the ten most powerful people in the world.

Using Qi to defend the sword, this kind of move that only exists in the legendary sword fairy has surpassed He Zhizhuo's knowledge.

He Zhizhuo can hardly imagine that if Li Tian suddenly releases such a move while he is fighting with Li Tian, how many people can survive such a powerful move?

Whether it was the successful fusion of the nine-color corpse crystals or Li Tian's qi sword, you can see that Li Tian is destined to be no ordinary person.

In an instant, He Zhizhuo had given up his plan to win over Li Tian. This kind of strong is not something that a small organization like Qijian can win over.

"It seems that I will have a better relationship with Li Tian's organization in the future!" He Zhizhuo secretly decided in his heart.

"Li Tian, there is a big secret in this open-pit coal mine in Ede Village. This big secret is very important, and it may even affect the current distribution of various forces. I was kind to you before, and only It's to let Seven Swords get this secret. Please bear with me. Now that thanks to you, all the zombies and terracotta warriors in this mine have been destroyed, so it's time to uncover this secret!" He Zhizhuo Said sincerely.

Li Tian didn't notice He Zhizhuo's change, and said: "Let's test it first! I don't want to be like those zombies, in a blink of an eye!

Shelipuding immediately threw the corpse of a zombie into the pit again. After turning a few times in the pit, the corpse of the zombie fell to the ground with a "bang".

Thousands of zombies and terracotta warriors in the mine have all been destroyed, and the institutions imposed on the corpse warriors no longer exist.

"Okay! Let's go down!"

Li Tian was anxious to find "Red Slash" at this time, and immediately flew down into the mine.

When he came to the two huge stone gates, Li Tian found that the craftsmanship of these stone gates was very simple, not at all like the products of the current mechanization, but more like ancient things.

"It's strange, isn't it? We also feel strange. This mine has been here for more than ten years. If there is such a thing in this mine, it might have been exposed before the end of the age. Then there is only one. Explain that this stone gate was born later, and it should be said that it was born at the same time as the end times. As far as the information shared by various organizations is concerned, almost every place where ninth-level zombies appear, there will be corpse figurines, and there will be this A huge stone gate. What lies behind the stone gate is an internal secret between the various organizations. We also don't know the Seven Swords!" He Zhizhuo explained to Li Tian like an instructor.

"Don't talk nonsense, no matter he is a product of that era, as long as you open this stone gate, the secret will be revealed!" Shelipuding immediately pushed the stone gate, only to find that the two huge stone gates weighed more than a thousand yuan, even if he Exerting the strength of feeding, the two stone gates did not move at all.

Shelipuddin was quite confident in his strength, and immediately furious, raising the giant axe in his hand and slashing at the stone gate.

The weight of the stone gate is indeed heavy, but it is made of stone after all, and it still has no resistance to the great axe of the upper relic.

For a time, rubble flew across.

He Zhizhuo shook his head helplessly, and said apologetically to Li Tian: "The third child is such a stupid man, there is no artistry in doing anything."

He Zhizhuo's words just fell, "Boom!" With a sound, a one-meter-large stone fell suddenly at the corner of the huge stone gate. While speaking, the stone gate had been blasted out of a cave as high as one person by Shelipuding.

"Art has a fart. What works is king!" Shelipuding said unconvincingly.

Li Tian smiled bitterly, and this Seli Puding was more or less similar to the barbarian.

Thinking of Manzi, Li Tian also had his expectations.

If the barbarians can grow up to the strength of Shelipuding that day, then Li Tian can rest assured.

Without thinking about the gossip, Li Tian shook his head quickly, followed He Zhizhuo through the cave and walked into the stone gate.

After walking into Shimen, Li Tian found that no matter how he thought about it, he wouldn't have thought of the scene in front of him after Shimen.

After Shimen, there is no gold or silver treasure at all, and there are no peerless weapons.

Behind the huge stone gate is an exceptionally empty cave. The cave is full of spider webs. Except for dozens of completely skeleton bodies lying on the ground, there is nothing in the cave.

And "Red Zhan" is stuck on a spider web.

"Nothing?" Shelipuddin searched the cave several times, and found that there was nothing in the cave except for the dead bones of some skeletons, and asked puzzledly.

He Zhizhuo said nothing.

This time the Seven Sword sacrifice was so great that he even sent two masters to come here for the sake of this secret. However, when the secret appeared in front of He Zhizhuo, He Zhizhuo couldn't believe it.

If the secret behind Shimen is really nothing, then why do other organizations keep it secret.

If there are really no secrets behind Shimen, then why would other organizations come to the village of Ezhe to take it.

Li Tian didn't know what the so-called secret was, he was more concerned about his "Red Slash".

Li Tian hurriedly walked over, trying to get "Hong Zhan" off the spider web, but unexpectedly discovered that there was a weird bug nailed under "Red Zhan"!

"Huh? What kind of bug is this?" Li Tian was puzzled.

Chapter 3179: If you don't pretend to force us to be friends

This bug is less than the size of a pinky finger, and the whole body is transparent, without tentacles and feet. In terms of appearance, this bug is similar to a silkworm. .

The difference is that in the transparent body of this worm, Li Tian saw a dozen small light blue crystals. These crystals are like blood in the body of the worm. As the worm moves slowly. Flow slowly.

However, "Red Slash" was nailing the bug at this time. Although the bug was wriggling, everything that the bug did under "Red Slash" was futile.

Li Tian saw that the blue crystal covered by the transparent insect's body quickly disappeared after flowing onto the blade of "Red Cutter".

Then, the worm gradually dried out, and finally turned into a thin transparent skin.

Li Tian felt very surprised. He knew that "Red Slash" had a special reaction to corpse crystals, especially advanced corpse crystals. But this "Red Zhan" reacted more violently to this worm than it did to the corpse crystal. When facing this worm, "Red Zhan" got rid of Li Tian's control and flew out.

Li Tian took "Red Zhan" back and found that there had been some changes in "Red Zhan" at this time. Li Tian could see the changes very clearly. He saw that "Red Zhan" was not only longer by a point. , And a tiny blue line appeared on the handle of "Red Zhan", just like a capillary on the human body.

"It seems that there is no result!" Although He Zhizhuo didn't want to admit it, after she and Shelipuding's serious search, she still found nothing, and He Zhizhuo had to accept the result.

But how could this result satisfy the boss of Seven Swords? This question caused He Zhizhuo a little headache.

"Impossible? There is a ninth-level zombie guardian, and there are a thousand zombies' pits, how can there be nothing behind this stone gate?" Shelipuding still couldn't accept this reality, dragging the giant axe in his hand and said with an annoyance: "I Find it again!"

He Zhizhuo was unwilling to give up, and again began to look for the results they wanted in the cave.

Li Tian didn't know what was in the cave, so he couldn't help at all. At this moment, he was feeling the changes of "Red Slash".

After "Red Zhan" started again, Li Tian immediately felt that "Red Zhan" was a little different from before. Before, Li Tian tried to control "Red Zhan" with ten tactics sword energy, but he found that "Red Zhan" was essentially It is against this kind of control. Therefore, Li Tian can only control "Red Slash" at a distance of about one foot from his body. But this time, "Red Slash" started, Li Tian felt that "Red Slash" was against Li Tian. There was a hint of flattery, and there was not so much resistance to Li Tian's use of Ten Jue Sword Qi.

"How is this possible?" Li Tian was somewhat puzzled.

Li Tian tried to control the "Red Zhan" with Ten Jue Sword Qi.

"Zheng", "Hong Zhan" let out a contended voice.

Immediately, under Li Tian's control, "Red Zhan" flew out, and saw that as Li Tian's sword fingers moved, "Red Zhan" was slowly flying around Li Tian.

"Wow!"

"Wow!"

"Wow!"

As Li Tian's sword finger movements became larger and larger, "Red Zhan" had already exceeded two feet, three feet, four feet from the distance of more than one foot from Li Tian's body...

He Zhizhuo looked helpless when he saw Li Tian performing "Fighting the Sword with Qi".

"Is there a problem with this kid's brain? We have already seen your Qi Yujian, so don't just show it off blindly?" He Zhizhuo thought in his heart.

Shelipuding was even more direct. He slammed the giant axe in his hand to the ground, and said with an annoyed voice: "Li Tian, we know your skills are high, but your level of pretence is too high! Why are you? When surrounded by our four major organizations, you didn't resist? Why didn't you resist when we arrested you? How come you've come to the show and stopped playing? Borrow a popular sentence on the Internet to give you: If you don't pretend to be forced, we can still be friends!"

When Shelipuding said so, Li Tian immediately put away the "Red Cut".

Li Tian also had misery in his heart. After returning from another world, Li Tian's Ten Jue Sword Qi, Xuantian Fingering, and Soul Breaking Palm seemed to have something wrong, and it was difficult to display them.

After a week of adaptation, Li Tian was able to put the "Red Slash" out about a foot, and it was difficult to achieve the current level of ease, regardless of distance or proficiency.

Otherwise, in the face of the siege of the four major organizations, how could Li Tian's temperament and personality be defeated, and when facing He Zhizhuo and Shelipuding, how could he not want to escape.

Hey, just because this "Red Zhan" change came so late for a while.

However, Li Tian was already satisfied at this time, and now the Ten Jue Sword Qi was gradually recovering, and Li Tian believed that his Xuantian ***** and soul breaking palms would gradually recover.

At that time, when facing the zombie again, Li Tianzhi needs to wave his finger, "Red Slash" out of the sheath, and directly take the zombie.

Let's talk about the forced dress, Li Tian is still very satisfied.

Although Li Tian didn't deliberately pretend to be coercion, he was able to bluff the two heads of Seven Swords and gradually change their attitude towards Li Tian. Li Tian knew that he was safe.

"Haha! I'm really sorry! I didn't suppress the excitement in my heart for a while, and unconsciously began to pretend to be forced! I also asked the two Haihan, it is really my honor to be able to make friends with the two heads of Qijian!" Li Tianjiang "Hong Zhan" held it in his hand and said.

"Not looking for it! I'm afraid that the secret here has already been dealt with by other organizations! It's just that I still don't understand what is going on? I can only throw this question to the boss! Let him think about it. !" He Zhizhuo had heard that Li Tian was willing to have a good relationship with Qi Jian, and he was already a lot more calm in his heart.

For any organization, having a strong friend is to enhance its strength from the side.

"Okay! Let's get back to the organization first! It's a pity that my tanks and gunships! And my brothers who died in battle!" Shelipuding felt a little unhappy.

"Brother Li Tian, we are now going back to the headquarters of the Seven Swords Organization to report this incident to the organization elder brother. I don't know what Brother Li plans to do?" He Zhizhuo said.

Li Tian said, "I won't go with the two of you. If there is a chance, let's see you!"

Li Tian can see that He Zhizhuo and Shelipuding mean that they want to follow them to the Seven Swords headquarters, but Li Tian still has concerns in his heart, and Situ Ningbing and the goddess Xueji need to protect, how could it be possible? Leave them alone and go outside for a happy life.

"If this is the case, then let's leave it here!" He Zhizhuo said.

Shelipuddin patted Li Tian on the shoulder and said, "Brother Li Tian, if you have any needs in the future, come directly from the market to find me! There is my site! No matter what you want, I will give you a discount!"

Li Tian nodded. Although the two did not take any good intentions at the beginning, they are still living and dead together along the way. Li Tiandao is not opposed to really establishing a friendship with the two.

After the three of them left the cave, the insects that had turned into a layer of shriveled skin became fatter as if they were blowing air. Immediately the worm began to shed its skin, layer by layer, and finally became a small worm the size of a rice grain with a pair of small fleshy wings.

"Fluttering"

The little bug spread its wings and flew out of the cave.

Chapter 3180: Fallen Bounty Hunter (1)

The magic city, once the most prosperous place in the East, has now become a ***** on earth. .

The prosperity is not there, and there is decadence everywhere.

In three years, the once spacious streets have been covered with weeds and trees, and on the streets filled with all kinds of cars, there will be a few zombies hanging out from time to time.

A group of zombie dogs, more than a hundred heads, stared at the few low-level zombies in front of them, as if thinking about where they should utter their mouths, turning these few low-level zombies that came out and turned them into delicious food in their belly.

A gunshot sounded with a "pap", and then there was a series of "dada da da" gunshots. A few low-level zombies and hundreds of zombie dogs had no time to counterattack and escape, and they had been swept into a sieve.

A team of a dozen people, holding the most advanced weapons in their hands, and well-dressed combat squads appeared in the street. After swiftly cleaning the zombies and corpse crystals of zombies and dogs, they immediately hid in the nearby building. Things.

This building is definitely one of the best in height in the entire city. Once the busiest place in this city is now full of desolation.

Due to the loss of electricity supply, this tallest skyscraper is already a dead city. Before the end of the world came, the people here had almost escaped, so there were hardly many zombies on the floor.

The team carefully walked through the fire escape and walked quickly to the upper floors.

For ordinary zombies, few zombies can climb more than 20 stories above the height of a building. When this team, as long as they go up one more floor and reach the team base on the 21st floor, they absolutely It's safe.

Thinking of this, these people involuntarily breathed a sigh of relief.

However, when they returned to the twenty-first floor, they immediately became nervous when they saw the thick steel plate defense door with their thumbs in front of them.

The guns in the hands are loaded at the same time.

Pushing open the steel door, the team was immediately dumbfounded.

There was blood everywhere, stumps and arms everywhere, and none of the team members staying behind in the team base were alive!

A zombie man sat on a single sofa, facing the entrance, and various parts of the human body were placed on the coffee table in front of him. The zombie man was holding a thin white arm in his hand, biting and chewing.

"Fire!" The captain of the team saw the scene before him and immediately ordered an attack.

"Da da da!" The machine gun sound echoed throughout the building, and the zombie man sitting on the sofa was sifted by the machine gun.

Seeing the zombie man lying motionless on the sofa, the team leader mustered up the courage and slowly approached the zombie man.

Suddenly, the zombie man shook a few times, sat up slowly, and continued to bite the arm in his hand, as if nothing happened just now.

"Retreat! I'll take cover!" The team leader knew that this zombie was not easy to deal with, and immediately issued the order.

"Da da da!" and the gunfire sounded, the team leader slowly walked towards the zombie man with a machine gun, and the other members of the team immediately fled downstairs.

The zombie man completely ignored the bullet's attack on him, hiccuped, and threw the stump aside, suddenly his body moved, and he appeared next to the team leader in an instant.

"Puff!" With a sound, the zombie man had inserted his claws into the team leader's body, and pulled hard, a heart that was still beating appeared in the zombie man's hands.

"Heart, what a delicious heart!" The zombie man licked the blood on the heart with his tongue, and an intoxicated expression immediately appeared on his face.

At this moment, the expression of the zombie man suddenly changed, even a little distorted. As soon as the zombie man pressed his hand, he immediately squeezed the beating heart into a pile of meat sauce.

"My bug! That **** human moved my bug! I'm going to eat you!" The zombie man said grimly.

...

"Hong Zhan" is in hand, I have the corpse crystal.

After Li Tian got out of the open-pit coal mine, he was not in a hurry to go back. He was now eager to test the power of the new "Red Cut".

Seven-in and seven-outs from Ewa Village, Li Tian's skin also has a lot of third-level corpse crystals, but none of the fourth-level corpse crystals is intact. Every time Li Tian comes to dig out, "Red Cut" His sister was so excited and flew out directly.

The result is naturally self-evident, "Hong Zhan" eats meat and Li Tian drinks soup.

But Li Tian doesn't care about having so many corpse crystals. Even if "Red Zhan" eats more, as long as "Red Zhan" is in Li Tian's hands, doesn't it mean that Li Tian's strength has become stronger?

Head north from Ele Village to the town where Situ Ningbing and Xueji are located.

Maybe it's because of Li Tian's strong aura. For two days, Li Tian stopped and walked, and almost never encountered any powerful zombies along the way. They were all zombies of level two or so, even level three zombies. Also rarely encountered.

However, Li Tian's luck was good. Li Tian didn't encounter many zombies. When he was about to return to the Baijing base, he encountered a team of bounty hunters.

There are five people in this team, four men and one woman, and the captain is a woman.

By observing the bounty hunter badges of five people, Li Tian found that these bounty hunters are not of high level. Only the captain who looks like a woman in her early thirties is a second-level bounty hunter, and the others are first-level bounty hunters. hunter.

The five bounty hunters saw that only Li Tian appeared in front of them, and after confirming that Li Tian was not a zombie, they relaxed their vigilance.

One of them, who claimed to be the deputy captain, was named Wang Qiang, and a man in his early twenties greeted Li Tian enthusiastically.

"Hai, brother, you are lucky to meet our Supreme Kings Bounty Hunter team! Go with our Supreme King team to ensure your safety, maybe you can still kill one or two lost dogs. ! But brother, let's talk about the serious things first."

Seeing that Wang Qiang held back for a long time and couldn't even let out a fart, Li Tian felt uncomfortable for him.

"It's not a shame! Let's talk!" The other people immediately booed beside Wang Qiang.

Wang Qiang did not want to say it, nor was he embarrassed to say it. Wang Qiang asked others to say it, and others did not want to.

The whole scene looks very embarrassing!

"Is there anything to eat? Let us have some! If our Supreme King squad lends you, we will definitely pay you back when we return to the Sunset Fortress!" The female captain said calmly.

Li Tian is full of black lines, your sister, are you not the Supreme King Bounty Hunter Team? Isn't Li Tian lucky to meet you? How come so many of you don't even have food on your body?
