

A Killer 3181

Chapter 3181: Fallen Bounty Hunter (2)

"There are some, but I'm afraid it won't be enough for the people of you to eat, but it's not far from my site. If you don't dislike it, you can go to my place to rest for a while, and then it's not too late to leave with some dry food. !" Li Tian doesn't have much food on him. Besides, this little food is really not enough for so many people.

Although there is a shortage of food in the last days, and now food is more precious than golden jewels, it is fate to be able to meet living humans in the wild.

Hearing what Li Tian said, the other four men immediately hesitated. In troubled times, people's hearts are not ancient. Besides, there are more than a dozen second-level corpse crystals on the five of them, and they are considered rich. They are still very worried if Li Tian is a bad-hearted guy.

Li Tian saw their hesitation and did not try to force him, and said: "My place is in the small town in front, and it is only ten miles away from here. If you believe me, follow me. If you can't believe me, , You take these food!"

Li Tian took out all the food on his body and threw it to Wang Qiang.

"You are afraid of Mao! I'll follow him!" Wang Qiang said with a swearing expression, pushing the food directly back into Li Tian's arms.

"Okay! Let's follow you!" said the leader.

After getting acquainted with each other on the road, Li Tian knew that the leader of the Supreme King's team was Wang Rui, Wang Qiang's sister, and the strongest among the five.

In addition to Wang Qiang, the other three also had the surname Wang. They had escaped from a place called Wangjiacun before, and later passed the bounty hunter level test at Sunset Fortress and settled down in Sunset Fortress.

Wang Rui's weapon was a crossbow, while Wang Qiang's weapon was Xiaoguandao, and the other three had machetes. But these people are also equipped with short guns, which are only for emergency use.

"Brother, I know you look down on our Supreme Kings team, and feel we are very downhearted and shabby, but this is also impossible. Who will set off with a back of food when going out to hunt zombies?" Wang Qiang hugged Li Tian Said with a familiar face on his shoulder.

"Yes, the zombies near the Sunset Fortress are almost killed. Even if there are a few short-eyed zombies near the Sunset Fortress, there are more wolves and less meat, and they will be snatched away soon. This time we drove, originally planned It was hunting zombies in a small town not far from the sunset fortress, and as a result, an idiot, road idiot, actually drove the car the wrong way, and found out that he was driving in the wrong direction until there was no gasoline!" said a bounty hunter next to him.

"If you talk too much, it's tears! You are not careful about making friends! There is no way to manage! How big is the captain to make Lu Chi a driver!" Another bounty hunter immediately interrupted.

"If you are not poor, will you die? Maybe this is fate? We are not far away for hundreds of miles. We walked here and met Brother Li Tian. This was originally a fate. Maybe this is God's arrangement for us!" Captain Wang Rui explained dissatisfiedly.

Li Tian only felt blush for a while. As the captain, he could even say such things, which shows how unreliable this supreme king team is.

"Haha! The Lu Chi you mentioned just now seems to be like me, you say it again and I will listen!" The small Guan knife in Wang Qiang's hand was directly placed on the neck of the talkative man just now.

"Brother Qiang, you have misunderstood. How could you have made a low-level mistake like Lu Chi, that person is me, it is me!" The talkative man said with a smile.

"What you just mentioned about the management without any direction seems to be questioning my management ability? It sounds really sad. Who brought you little rascals out of Wangjia Village in the first place? Shoot the crossbow out and hunt the zombies. I am afraid that you little bunnies have already been eaten by the zombies! And after the sunset fortress, who is willing to have this skin..." Wang Rui did not finish.

Because several people in the Supreme King team stopped talking, the five of them were used to gagging together, but they rarely talked about the past.

The memories of the past three years are almost full of tears and sadness, rarely sweet.

Although Wang Rui didn't finish his words, Li Tian was so clever, he could naturally guess what Wang Rui hadn't finished.

At the end of the world, a woman brought four boys to the sunset fortress in the unfamiliar place of her life, and what she depends on to live, perhaps she can only betray her body.

For the same woman, Bai Jing's luck lies in Bai Jing's persistence. In any difficult time, Bai Jing is struggling with her destiny, and it also lies in her waiting for the appearance of someone who can change her destiny.

Although the dragon was about to reach out to Bai Jing's magical grasp, Bai Jing was resolved.

Although Bai Jing finally made the same choice as Wang Rui, it was rejected by Li Tian.

So Bai Jing is lucky.

What about Wang Rui?

But Wang Rui was also relatively lucky.

After all, so many people are killed in the end of the world, and it is a lucky thing to be able to live.

Because of Wang Rui's words, the next journey was a lot boring. Everyone was constantly on the road, and no one wanted to say a few more words.

It was Li Tian who broke the deadlock.

"My people and I are also going to live in the sunset fortress for a period of time. Can you introduce the situation of the sunset fortress, I am also psychologically prepared." Li Tian said.

Wang Qiang smiled bitterly and said, "You ask the right person. As the deputy captain of the Supreme King, I still know the Sunset Fortress very well. First of all, you must understand that the Sunset Fortress is more than just a fortress. An organization. How much do you know about this organization?"

Seeing Li Tian shook his head, Wang Qiang went on to say: "The organization of Sunset Fortress is very mysterious, how mysterious it is. Anyway, we have lived in Sunset Fortress for three years, and we have not seen any cadres in Sunset Fortress. Sunset Fortress is also very powerful, you think. Ah, can he build such a strong fortress, can he not be strong?"

It's all nonsense. Wang Rui couldn't see it and interrupted, "First, it's difficult to live in the sunset fortress, because the inside of the fortress is safer than the outside, so many people want to enter the fortress. But the fortress The capacity is limited, so there are some requirements for those who enter. It doesn't matter if the requirements are not met. You can live in the satellite fortresses of Sunset Fortress, but the safety factor of those fortresses is much lower. We spent three years in Sunset Fortress, I barely had my own shelter in the Sunset Fortress. Second, the Sunset Fortress is complicated and mixed. A fortress is equivalent to a small city with a population of 100,000, and all forces will infiltrate it. If one If you accidentally offend one of these forces, it is very likely that you will never come back once you leave the city. Third, the Sunset Fortress is very prosperous. In this newly built city, everything that was in the world in the past is here. . Including mobile phones, TVs, hot baths, etc."

Chapter 3182: Ready to do it

Seeing Li Tian's excitement, Wang Rui immediately plunged into cold water and said: "Don't be excited, I have already said very clearly. It is difficult to live smoothly in Sunset Fortress, unless you have enough. Strength and enough money can't sin against any organization. Otherwise, even if you are lucky enough to enter the Sunset Fortress, you will just change your environment and continue to live your difficult life."

Li Tian nodded. What he thought before was really too simple, thinking that as long as he sends Bai Jing and others to the sunset fortress, his mission will be completed. You can analyze according to what Wang Rui said. If Li Tianzhen did that It was tantamount to sending Bai Jing and the others from one fire pit into another.

Perhaps Bai Jing would choose Wang Rui's path for the second time in order to take care of those children.

"It's really lucky for me to know you. It made me understand a lot about the sunset fortress, and it made me mentally prepared, at least not to let me crash into the sunset fortress, hitting my head and breaking the blood!" Li Tian Said sincerely.

"Who else is my brother with whom? Today, our Supreme King is mixing up a meal with you. In the future, when you come to the sunset, we will definitely take care of you! Hahaha" Wang Qiang grabbed Li Tian's shoulders. , Said with a smile.

"Okay! You must take care of us then!" Li Tian said with a smile.

Soon, Li Tian and the others returned to the town.

Only a few days away, there is hardly any change in the town.

Before entering the town, Li Tian and the others heard a few shots.

Several of the Supreme Kings immediately became nervous, and unanimously took out their short spears. Wang Qiang held Li Tian with his pistol already on Li Tian's waist and said, "Brother, I hope this is not your welcome ceremony! "

Li Tian was not surprised by Wang Qiang's performance. If you think about it in another way, maybe Li Tian has already started directly.

"If it were me, I would understand it as a welcoming ceremony, not a horror!" Li Tian said calmly.

Wang Rui nodded, and said to Wang Qiang: "Qianzi, don't be ashamed. If Brother Li Tian really wanted to lead us into the circle, he wouldn't do that!"

"Hahahaha, I'm joking with my Li Tian brothers!" Wang Qiang explained with an awkward smile.

"Open your sister, put the gun away, don't let others laugh!" Wang Rui pulled a crossbow on Wang Qiang's back, and Wang Qiang immediately yelled.

There was a cold sweat in Li Tian's heart, and this woman didn't use her brain. You said that if you smoke Wang Qiang, if Wang Qiang pulls the trigger with excitement, then isn't I Li Tian lying down?

No, you have to send these no-brainer goods quickly! Li Tian immediately made a wise decision.

"Brother Tian is back!"

"Brother Tian is back!"

The first person to see Li Tian coming back was Li Dan. After seeing Li Tian leading people into the town through the telescope of the sniper rifle, Li Dan immediately shouted excitedly.

As soon as Li Dan shouted, many boys and girls rushed out of every corner of the town. These boys and girls surrounded Li Tian and the people of the Supreme King, and asked excitedly: "My God, the bounty hunter tested it. What was the result? You must have passed!"

"Sure, if Brother Tian fails, then everyone else must be out of play!"

"Wow, my god, are they new recruits from you? Let me take a look, one level two bounty hunter, and the other four are level one bounty hunters!"

"My god, you quickly bring out your bounty hunter badge!"

"That's right, Brother Tian should be a bounty hunter of level three or above at least!"

Seeing so many boys and girls looking at him in admiration, Li Tian also hoped that he could take out a bounty hunter badge to make these boys and girls excited for a while.

However, this is really not there.

Li Tian showed a trace of embarrassment, coughed, and said, "Everyone, I'm sorry, some accident happened. I didn't get the bounty hunter badge!"

"No? Brother, you must be joking with us!"

Seeing that Li Tian didn't mean the slightest joking, the faces of these boys and girls showed uncontrollable loss.

Li Tian is their sky now. Only when this sky is high enough and wide enough can they have enough stage for these birds flying under the sky to play and show.

"Barbarian, let the children go back!" Bai Jing walked over with a black sniper rifle on his back and said to the somewhat disappointed children.

Xue Ji and Situ Ningbing also followed.

Seeing the three goddesses appearing in front of Li Tian at the same time, Wang Qiang immediately showed a humble expression and said, "Brother, this is heaven. With so many beauties, what kind of sunset fortress are you going to!"

Hearing what Wang Qiang said, Bai Jing's face turned red.

After a brief greeting, Li Tian introduced them to each other again.

Hearing Li Tian said that Wang Rui and the others' team of supreme kings was a bounty hunter team living in the sunset fortress. Situ Ningbing and Xue Ji didn't feel anything, but Bai Jing was envious to death, and immediately pestered Wang Rui to demand the king Rui told her about the situation at Sunset Fortress.

Back to the hotel on the second floor of the base, the five Supreme Kings were arranged, and the two-dimensional was responsible for the food and safety of these five. Seeing that Li Tian's base was both safe and sufficient in food reserves, Wang Qiang once again proposed his paradise theory.

Li Tian can only haha.

The base has a special room as the base's meeting room. At this time, in the base's meeting room, Situ Ningbing, Xueji, Bai Jing, Manzi, and Li Dan are among the core figures.

Li Tian glanced across the faces of several people, and said with a serious face: "This time I participated in the bounty hunter test. I encountered many accidents and met many powerful characters."

Situ Ningbing's face couldn't help showing some worry. For Li Tian, Situ Ningbing and Xue Ji, this world is quite strange. But Situ Ningbing and Xue Ji knew Li Tian's strength, especially Situ Ningbing. If Li Tian said they were strong, then it can be seen that those people's strengths are really not weak.

Li Tian did not see Situ Ningbing's concern, and continued: "In this test, due to various accidents, I did not receive the level approval of the bounty hunter, which made our companions and those who admired me a little lost and some injured. But, also because of this bounty hunter test, I deserve a blessing in disguise, and my strength has also been greatly improved."

"You have also seen the five people who followed me back today. They entered the Sunset Fortress three years ago, but they barely settled now." Li Tian seemed to be talking outside the body, but then Li Tian's voice changed. , Said: "Get ready, I'm ready to do something against the dragon!"

Chapter 3183: Decided

"What?" Bai Jing and Manzi couldn't believe their ears, they stood up almost at the same time and asked in unison. .

"You heard that right! To survive better, we must strengthen ourselves, but we must not let the enemy sleep soundly on the side of our couch! Especially the guy like the dragon!" Li Tian said calmly.

"But, why is this? Isn't it a month later? And now we rush out, I'm afraid our human strength will not meet this requirement!" Bai Jing said bluntly.

Li Tianbai bowed his hand, motioned Bai Jing to sit down, and then calmly said: "It was very sudden, but I also had my consideration. This time the bounty hunter level test, various accidents happened, I thought it was just seven swords. Organized an ordinary bounty hunter level test mission, who knew that the Yin and Yang gates of the sunset fortress Sakura's Legion were involved. It was also through this matter that made me understand a truth. Our enemies, our opponents are not kind-hearted Old man, they won't give us enough time to prepare to deal with them, just like the Dragon's organization. Who can guarantee that they will give us a full month? What if they suddenly launch an attack? Or next time Do we surprise us when we go to the free market?"

The entire conference room is quite quiet, yes, who can guarantee that the enemy will play cards according to the rules.

Li Tian paused for a while and continued: "Furthermore, how can we see the rainbow without experiencing wind and rain, how can we grow up without the baptism of gunfire. I feel that we are still too doting on these children. We can't let them continue like this. They have to be baptized by fighting and attacking blood, only then can they grow up quickly! What do you think?"

Xue Ji showed a pampered and eager look, learning the way the earthlings spoke, and said: "Then go out and fight! Just like when we grabbed back the temple!"

"Temple?" Bai Jing asked suspiciously.

"Bai Jing, what do you mean?" Situ Ningbing immediately changed the subject.

"I don't have any opinion! It may be a good thing to let these children experience wind and rain earlier!" Bai Jing said.

Manzi patted the table heavily and said with a simple smile: "Brother Tian, I only have one request! Let me go alone!"

"And me!" The door of the conference room was squeezed open, and Li Dan fell through the crack in the door and fell to the ground. Li Dan said immediately after he got up from the ground.

"I'll go too! Could the dragon be more scary than the zombie?" Xin Yan, the little loli, also said with an expression of reluctance.

"I want to go too, this kind of showy thing can't let you guys take over!"

"That is, now we all feel that we are raised by stepmothers, this time let us participate anyway!"

The other children immediately geared up and said.

When Bai Jing saw this scene, he felt a little bit dissatisfied in his heart. At the same time, he was a little bit more pleased. Once Jiji, these children were alive numbly, but after Li Tian, Situ Ningbing and others less than half a month After the impact, these children seemed to survive.

"It will die!" Bai Jing said crying.

"Not afraid!"

"We are not afraid of death!" a dozen boys and girls replied at the same time.

Seeing that the childish faces of these dozen boys and girls were full of fortitude and confidence, Li Tian knew that his goal had been achieved.

Li Tian is not a fool, how could he let so many children who are armed with short knives and the thugs who stabbed the dragon to go shopping, it is really the point, or it is Li Tian himself that ultimately decides the victory.

Li Tian said slowly: "Children! I know that you are not afraid of death, it is good! We live in this harsh environment. We want to survive and develop, so we can't just sit back and let others bully us. We can't wait for others to give us alms, and look at other people's faces stubbornly."

"What will happen to you when facing zombies? Do you choose to close your eyes and sacrifice calmly? Or take up the weapon in your hand and fight the zombies? The answer must be obvious. Because of what? Because we don't want to die. , Because we don't want to be a delicious meal in the mouth of zombies!"

"Then facing the dragon? The same thing! I believe you should have heard such news more or less? That is because the dragon has coveted your big sister Bai Jing for a long time, and even went to the free market last time. At that time, I was thinking about taking the heads of Bai Jing, Xue Ji, and Wei Wei back to their bases, and the barbarians and I will be beheaded by them! Facing such a one will cut off the heads of all our men at any time. The evil gang that will take away our women, do we have to fight? For dignity! To survive!"

"fighting!"

"fighting!"

"fighting!"

A dozen children shouted loudly at the same time.

"Okay, then let's get ready! Tomorrow we will go and serve the nest of the dragon. Tonight, I opened it up to eat and drink! Tomorrow we will go out and have a good fight!" Li Tian immediately Said.

When the Supreme King was in the room, Wang Rui, Wang Qiang and other Supreme Kings were all in this room. Since they haven't eaten food for a long time, several people are gorging their food. They heard what the children shouted just now, but because of the long distance, they didn't hear clearly.

Seeing Li Tian coming in, Wang Qiang, a person who didn't speak but his brain, immediately asked, "What are you shouting? Fortunately, during the daytime, otherwise you would shout like this, and you wouldn't call the zombies!"

Li Tian did not explain the content of the meeting just now, but said bluntly: "I am going to send you to the free market tomorrow. I believe that many of your problems can be solved when you arrive at the free market! By the way, we also Go to the free market to change something!"

"In fact, there is no need to be so troublesome. Today, we are very grateful for your hospitality to our Supreme King. How can you send us off again!" Wang Rui said embarrassedly.

"It's nothing, but there is a small town between our small town and the free market. There are some gangsters in that town. If you rush over, I'm afraid there will be some surprises, and I and that gangster have some My friendship, I will send you there tomorrow, he will sell me some face and won't embarrass you!" Li Tian explained.

"That's really great! But, do you have a car? We have so many people!" Wang Qiang asked.

"Don't worry! Cars are still necessary! Don't talk about a few of you, it won't be a problem to have more." Li Tian said.

Just when Li Tian was about to leave, Wang Rui followed and said to Li Tian, "Do you want us to help?"

Chapter 3184: World

"Help? What is it?" Li Tian asked puzzledly. .

Wang Rui smiled and said, "Perhaps you don't believe it, but my ears have been very sharp since I was a child. Even if we are so far apart, I can still hear what you say in the conference room."

"No need! Some things, we still have to solve it ourselves!" Li Tian refused.

Li Tian didn't expect this woman to have such an ability, and he secretly rejoiced in his heart. Fortunately, Li Tian didn't intend to murder the Supreme King, otherwise it would be really troublesome.

"Okay! Then I will wait for you to enter the sunset fortress to entertain you!" Wang Rui returned after speaking.

Back in the room, Situ Ningbing and Xue Ji were already waiting for Li Tian in his room.

"Miss me?" Li Tian asked.

"En!" Situ Ningbing and Xue Ji nodded at the same time and said.

"Okay! It seems that my husband's charm is still the same as before! Hahaha" Li Tian immediately showed a look of ambition and said with a smile.

"Li, what do you think?" Situ Ningbing asked.

"What do you think?" Li Tianyi sat on the mattress, stretched out his hand to pull Situ Ningbing and the goddess Xueji into his arms, and asked the two of them.

"These children, and Bai Jing! We can't take care of them forever, and the Sunset Fortress will definitely not be a utopia, and those who go there may not be better." Situ said in Li Tian's arms.

Li Tian said: "You saw the Supreme King Bounty Hunter team that you met on the road today. One of the five of them is a second-level bounty hunter and the others are first-level bounty hunters. There is no problem with people's self-protection, but it took three years for them to stand up in the Sunset Fortress. If these children are not baptized with blood and tears, even if I send them all to the Sunset Fortress, It's also difficult for them to survive in that place. So, I have to make them stronger by themselves. As for Bai Jing, haha, with your two beauties in the company, what am I not satisfied with!"

"Have you ever thought of completely subduing these children? After all, if you want to develop better in this world, you still need your own city!" Situ Ningbing asked.

Li Tian shook his head and said, "I haven't thought about such a problem, but they are too weak. Remember Xiaolong and the others? I don't want this kind of brotherhood of life and death to be staged a second time, even if I am a hardhearted man, I can't bear it! Therefore, I will not accept them. Unless they show enough strength and let me recognize, then I will accept them. But if I want me to use them as a tool for my development, I can't do it either. Come. So, I can only help them as much as possible within my abilities. Help them grow and help them settle in the Sunset Fortress."

Speaking of Tang Xiaolong, Situ Ningbing's face became more serious.

In that battle on the Tianshan Mountains, Li Tian lost a lot. Among them, the loss of Tang Xiaolong and others left Li Tian's heart lingering.

Outside the door, Li Dan and Two-dimensional, who heard the conversation between Li Tian and Situ Ningbing and others, looked at the barbarians with a little disappointment. They were going to let Li Tian tell the story of the bounty hunter test, but they did not expect them. As soon as I walked to the door, I heard Li Tian say something.

Seeing Manzi holding back the tears, Wei Wei and Li Dan felt very uncomfortable, the tears swirling in his eyes, and finally fell.

It was only then that they understood what kind of feeling the insult Bai Jing had said at the beginning.

Manzi resisted the tears and pulled Li Dan and Wei Wei back to their room.

The three little guys sat in the room without saying a word, just sitting like this.

For the three of them, Li Tian can be said to mean a second life. If you didn't meet Li Tian, the three of them would definitely take another path.

It was Li Tian who made them understand what life is and what self-esteem is!

"Yes, our strength is too weak, not even the strength of Tian Ge's subordinates!" Li Dan wiped away the tears from the corners of his eyes, and said unwillingly.

"Just forget it? I'm so unwilling!" Two-dimensional gritted his teeth, and the corner of her mouth had been bitten by her at this time, feeling the faint **** smell in his mouth, two-dimensional said word by word.

The barbarian stretched out his hand and said to Two-dimensional, "Two-dimensional, take out your stab!"

Two-dimensional stunned, and asked, "What are you doing? Do you want to kill Brother Tian?"

The barbarian shook his head and said: "Brother Tian can not accept us, but we can't just give up on ourselves like this. We can imitate mother-in-law tattoos. I want you to tattoo on my back with military thorns, so that others know we are Brother Tian. People. Even if Brother Tian doesn't approve, we have to understand it ourselves!"

Hearing Manzi say so, two-dimensional and Li Dan's eyes lit up.

Li Dan burst into tears and said with a smile: "Yeah! We will stab us as Li Tian's subordinates, haha, barbarian, you are so smart!"

"You are smart! How wide your back is, can you stab so many characters? We will stab the two characters under the sky to prove that we are Li Tian's subordinates!" Two-dimensional explained.

"I have no objection to the word stabbing the world, but I don't think so about the interpretation of these two words. I mean, we are the dogs under Li Tianmen, a group of dogs, a group of mad dogs, more than a lost dog. A powerful group of mad dogs. Brother Tian does not recognize us as his subordinates, and we cannot claim to be his subordinates. Only when Brother Tian recognizes us and is acknowledged by him personally, we can be regarded as his subordinates!" Said.

Although the words are unpleasant, what about those who live at the lowest level of this end-time era and can't even maintain their lives.

"That's it! We will be the World Organization in the future, and we will be the dog of Brother Tian, who specializes in biting people who oppose him!" Wei Wei said.

"In this way, are we the veterans of the world! Haha, who else wants to join the world in the future and must be recognized by the three veterans of us?" Li Dan said with a smile.

"That's natural! But I hope this matter is our secret for the time being. Another thing is that we must perform well in the battle with the Dragon tomorrow! We must not lose to anyone else!"

"Inevitable!" The three friends put their hands together and reached a consensus.

The world was born.

As the great man said, a single spark can start a prairie fire. Who would have thought that the world-famous Tianxia would be established under such circumstances by these three little guys.

Chapter 3185: New body

Li Tian didn't know that Manzi, Weiwei, and Lidan had already established such an organization.

At this time, Li Tian was lying on the soft mattress, hugging the goddess Xue Ji and Situ Ningbing, his heart was already a little surging.

However, the two goddesses obviously did not intend to give Li Tian this kind of opportunity, because the battle was about to come, and the two goddesses flirted with Li Tian for a while before returning to his room, which made Li Tian very aggrieved and injured.

Fortunately, Li Tian has more important things to do, and that is to get acquainted with his new body.

Since the nine-color corpse crystal is attached to Li Tian's heart, Li Tian has felt that his body has some connection with the nine-color corpse crystal.

During the two days and three nights of the return journey, as Li Tian hunted down the zombies, Li Tian found that the excitement was not just "Red Slash", but even he began to get a little excited.

It was an inexplicable excitement about the zombie crystal.

At first Li Tian thought it was because of the joy of getting corpse crystals when hunting zombies. But with the continuous hunting, Li Tian found that this kind of excited eating was purely like corpse crystals, as if corpse crystals were a delicious thing.

But Li Tian couldn't control this joy.

The difference between Li Tian and "Hong Zhan" is that "Hong Zhan" likes zombies, and he will express himself, such as the third-level corpse crystal, "Hong Zhan" will break the shell of the third-level corpse crystal without hesitation. Just like sucking the marrow, the corpse original energy contained in the third-level corpse crystal is sucked clean.

But Li Tian would not be like this. Li Tian also tried to smash a second-level corpse crystal, but when Li Tian found that the corpse crystal was only some liquid similar to a gel, Li Tian had lost the most of the corpse crystal. Primitive interest.

Li Tian took out a third-level corpse crystal from his skin and held it in his hand. Li Tian could immediately feel the desire for petting in his heart germinating.

"what on earth is this kind of happenings?"

According to the old zombies, these nine-color corpse crystals can definitely be cultivated.

But after the nine-color corpse crystal was in Li Tian's hands, Li Tian unexpectedly took the blood to sacrifice it again, and Li Tian almost lost his life because of the backlash of the nine-color corpse crystal.

Up to now, Li Tian still had to accept the reality that the nine-color corpse crystal had invaded a part of his body, but as for the power of the old zombie, Li Tian had not seen the half-centre relationship.

Lying on the bed and looking at the ceiling, Li Tian kept combing through clues in his mind.

"After the end of the world, those zombies survive by devouring humans or other creatures. What about mutated zombies? They not only treat humans as food, but even use zombies and their brains as food. The reason why mutated zombies are ranked The level is higher than ordinary zombies, just because they are mutant zombies? But if this is the case, how did those mutant zombies appear?"

"Is it a corpse crystal?" Li Tian suddenly thought of a key point.

"That's right, it should be the corpse crystal. This corpse crystal contains a lot of corpse crystals. When those high-level zombies swallow the brains of similar zombies, they will swallow the corpse crystals directly, so that the corpse crystals in the corpse crystals The power is possessed."

"But this corpse crystal, this thing was dug out of the zombie's mind, we can't try it. Let alone success or failure, just nausea is enough!"

Li Tian sat up and took out a third-level corpse crystal from his skin to prepare for research.

When the third-level corpse crystal was in hand, Li Tian immediately felt that "Red Slash" was already in love, but Li Tian would never give the third-level corpse crystal to "Red Slash".

Just as Li Tian was suppressing the desire to "Red Slash", the transparent silk thread released by the nine-color corpse crystal on Li Tian's chest slowly began to float outwards like tentacles.

One of the tentacles seemed to purposefully test the third-level corpse crystal. When this tentacle was placed on the third-level corpse crystal, something strange happened.

I saw that the blue substance in this third-level corpse crystal began to move quickly toward the transparent thread released by the nine-color corpse crystal, and was directly transmitted to the nine-color corpse crystal through the transparent tentacles.

Soon this third-level corpse crystal was sucked clean by the tentacles, and the third-level corpse crystal became a transparent empty shell.

Suddenly, there was a touch of satisfaction in Li Tian's heart.

It's like a person who has been hungry for a long time suddenly eats a delicious meal.

"Is this the way to cultivate nine-color corpse crystals?" Li Tian was puzzled, and immediately took out another corpse crystal from his skin, but this time it was a second-level corpse crystal.

The second-level corpse crystal appeared in Li Tian's hands. Li Tian found that "Hong Zhan" seemed to have no interest in this low-end product. Therefore, Li Tian should not be able to suppress "Red Zhan".

The same performance as "Red Slash" is the nine-color corpse crystal.

That's right, the nine-color corpse crystal can't help you at all. You didn't even release a few transparent silk threads, let alone actively touch the second-level corpse crystal.

Li Tian used his mind to control the transparent silk thread of the nine-color corpse crystal.

The transparent silk thread showed a feeling of extreme boredom, and reluctantly put it on the second-level corpse crystal.

To Li Tian's satisfaction, although the transparent silk thread was unwilling this time, it was still sucking the blue substance in the second-level corpse crystal. But the speed of smoking was very slow. After about half an hour, the second-level corpse crystal in Li Tian's hand also turned into a transparent empty shell.

This feeling is like encountering an unpalatable meal. The Nine-Colored Corpse Crystal is not willing to taste it, but due to Li Tian's powerful lust, the Nine-Colored Corpse Crystal has to make sacrifices to eat the second-level Corpse Crystal. , And the nine-color corpse crystal has to show disdain for this substance.

Seeing the two performances of Nine Color Corpse Crystal, a mystery in Li Tian's heart was finally solved.

With these two performances, Li Tian understood that these nine-color corpse crystals, like "Red Slash", were more interested in advanced corpse crystals.

"It's really going to be a big head now! I had to take care of the twenty-something people in Bai Jing's family, which is enough for me to worry. Now I have two more foodies on my body, and these two guys are still lazy. The guy who picks up the mouth is only moved by the high-level corpse crystal. How many high-level zombies do I have to hunt to satisfy the appetites of the two of you, Li Tian! The most important thing is that you still can't see any changes! Said.

That's right, Li Tian can see the changes in "Red Slash", at least some slight changes have taken place in appearance, but what about good strength? Except for sharpness, there is almost no change.

And the nine-color corpse crystal is completely a foodie!

"Long-term plan, long-term plan!" Li Tian could only comfort himself in this way.

What Li Tian didn't know was that after Li Tian fell asleep, the Nine Color Corpse Crystal began to spit out transparent silk threads. These transparent silk threads entered Li Tian's body again, and

released from the Nine Color Corpse Crystal like a rainbow. The color of the substance, these substances also entered Li Tian's body.

Chapter 3186: Superiority

In the early morning, the sky was still dark, and there was already a sound of fighting in the town.

Li Tian has long been accustomed to such things.

The Supreme King and the other five slowly got up after the sun was already on their buttocks. Through the window, they saw Li Tian and seven or eight boys and girls scrupulously hunting down a dog, Wang Qiang's face Involuntarily showed a sneer.

Some people even sneered in their hearts, "It's a waste. There are so many people besieged for a lost dog! I really don't understand that guy named Li Tian, so courageous to participate in the bounty hunter level test! "

"Sister, you said that we ate and lived with others, do you want to reach out to help them! It would be exhausting to watch them kill a bereaved dog!" Wang Qiang said with a mocking face.

After being blocked by Wang Rui, Wang Qiang could only give up.

After a night of calming down, Wang Qiang and the others were less grateful to Li Tian. Like Wang Qiang, his heart was more as it should be.

In the apocalyptic era, it is normal for the weak to eat and the fittest to survive.

Because the supreme king bounty hunter team is stronger than the **** organization of Li Tian and others, Li Tian and others should provide the best accommodation conditions and provide the best food supplies. Even Wang Qiang thought in his heart that their supreme king was so polite to Li Tian and the others, it was very kind to Li Tian that he didn't **** Li Tian and others.

This is the human nature.

Wang Qiang and others, who had had a hard time living from the sunset fortress, came to this dilapidated town, but a sense of superiority would grow in their hearts.

Although Wang Qiang looked down on the strength of Li Tian and others in his heart, he was still very satisfied with Li Tian's handling of others. At least they slept together, and the girl named Weiwei would deliver the prepared food to their room. .

On the streets of the town, Li Tian stared at the barbarian with a serious face.

"Barbarian, let me tell you again, what you are facing is a zombie, a zombie. In this kind of battle, you can't have any distractions, because once you are distracted, you are likely to be zombies and zombies. When the beast attacks, you may lose your life! If you continue to behave like this, you should not participate in today's mission."

Li Tian is not very satisfied with the performance of the Barbarian today. He always feels that his actions are a bit weird. Sometimes an action is clearly coherent, but the Barbarian suddenly stopped and missed an excellent opportunity to attack. It will make the barbarian seem very passive.

Barbarian did not say a word, because last night he and Li Dan two-dimensional pierced the word "Tianxia" on their backs with a military thorn. Although the latter had been smeared with ointment

and bandaged, they still pulled when they moved. His back hurts, and even the barbarian has felt blood oozing out of the bandage on his back.

"Understood!" The barbarian returned heavily.

"The rest of you are optimistic too! I'm rehearsing this set of actions. Whether you can master it or not depends on you!" Li Tian took out "Red Slash" and began to practice a hunting and killing in front of these boys and girls. Dog's routine.

Although the lost dog tried his best to attack Li Tian, but Li Tian was fast, accurate, and heavy. Before the lost dog attacked Li Tian, Li Tian didn't know how many kicks he kicked.

"Remember, the fist movement just now can be replaced with a weapon in your hand, creating a killer effect. The latter kick is completely subconscious, and you don't need to learn it." Li Tian explained earnestly.

"My God, this bereaved dog has been beaten by you so badly. It can no longer play the role of practice. Let me personally end his life!" One of the unremarkable boys saw the loss. The look of the dog, said eagerly.

"Okay! End the battle quickly! After the lazy pigs of the Supreme King get up, we are ready to go!" Li Tian said.

Speaking of the Supreme King, the other boys and girls immediately laughed.

In the eyes of these boys and girls, there is only one king and the strong, and that is Li Tian.

The seemingly unremarkable boy cleanly beheaded the lost dog, and the teaching course that these boys and girls strongly requested to add is finally over.

The course is over, the dog has been killed, the others immediately applauded and cheered.

After eating, Wang Qiang looked at Li Tian and others through the window, and said: "So many people have consumed so much time to kill a bereaved dog, and I am embarrassed to cheer. Although I am very grateful to them, I still want to say something. To be honest, staying in this small town with their strength may be their best choice. If they enter the Sunset Fortress with their current strength, it will not take long before they will be eaten even with bone scum!"

"Let's just say a few words! It is definitely not easy for them to take root in such a small town, to live on, and to establish their own base!" Wang Rui said.

"Sister, don't you see how beautiful Li Tian's little white face is, you're thinking about it! Our Supreme King can't take care of ourselves, but we can't take them to the Sunset Fortress!"

Wang Qiang's words were immediately recognized by others.

Wang Rui expressed helplessness, is she such a hungry person? Although she also wanted to help Li Tian, Li Tian did not accept her help at all.

When the supreme king saw the pickup truck driven by the barbarian, the supreme king team had a better understanding of Li Tian.

"Brother Li Tian, your car is too windy, right? Can this car seat the five of us?" Wang Qiang said mockingly when he saw the little pickup.

"You think too much, how can this car have five people!" Just as Wang Qiang looked around looking for other cars, Li Tian changed his voice and said, "With the driver in and out of the car, you have to sit in and out of the car today. One, two, three... Probably sixteen or seven people! It's pretty good to be able to squeeze into the car. You see, some of us have to follow the car on foot!"

"No? Your little broken car..." Wang Qiang was already a little broken.

Wang Rui interrupted his younger brother Wang Qiang and said, "It's great to have mobility tools. Do you want to walk to the free market or walk back to the sunset fortress. Besides, we are not princes and nobles, nor did the Li Tian brothers? The obligation has been to help us free of charge. If you don't want to, you can choose to run with the car on foot!"

Wang Qiang stopped talking immediately.

Wang Rui said to Li Tian again: "Brother Li Tian, I'm sorry, my brother is not sensible, please forgive me."

Li Tian is sulking in his heart!

"What the **** is this? Eat Lao Tzu for free, drink Lao Tzu for free, and ride Lao Tzu's ride for free. You have a ***** sense of superiority. I really don't understand where your superiority comes from. Here?"

However, seeing Wang Rui's sincere apology on his face, Li Tian's anger had disappeared a bit.

Chapter 3187: The so-called friendship (1)

Because of Wang Qiang's delinquency, Wang Qiang's place was naturally not available in the pickup truck, and the other three people with the Supreme King were also implicated.

The driver Manzi and the co-pilot were Li Tian, and Situ Ningbing, Two-Dimensional, and Wang Rui were in the carriage.

For Wang Rui, Li Tian did not have any disgust or resistance, but Li Tian respected this woman in his heart.

However, Li Tian also felt worthless for Wang Rui.

If Wang Qiang and others don't get rid of their problems, sooner or later they will cause trouble to the upper body, and then it will be Wang Rui, a woman who suffers.

In the carriage, Wang Rui's expression was a bit embarrassing. She knew that her younger brother Wang Qiang was not bad at all, but he just couldn't speak, and she offended others without knowing it. But Wang Rui didn't know what to say to Li Tian in order to resolve this misunderstanding.

The people in the carriage, including Li Tian, were all thinking about how to do it for a while.

The car pocket was full of people. Wang Qiang was squeezed into the car pocket near the front of the car, and the scene in the cockpit was just visible through the glass behind.

Seeing Li Tian sitting in the co-pilot's seat with a very remarkable appearance, Wang Qiang couldn't help cursing Li Tian in his heart. He felt that if Li Tian was acquainted, he should give up the position of the co-pilot and let him, the deputy captain of the prestigious Supreme King, sit.

Even Wang Qiang felt that his sister Wang Rui was too polite to Li Tian and the others. According to Wang Qiang's idea, he should give Li Tian and others some color and let Li Tian and others give them the pickup truck wittily.

The more Wang Qiang thinks, the more angry he thinks, the more he thinks, and he feels deeply worthless to Situ Ningbing, the goddess Xue Ji, and Bai Jing who are following Li Tian.

Especially for the two goddesses Xueji and Bai Jing, Wang Qiang couldn't understand why Li Tian would have the heart to let such two beautiful beauties crowd in the pocket of the pickup truck.

If it weren't for Bai Jing's cold face and his face with a sniper rifle on his back, Wang Qiang would really like to go up and have a close contact with Bai Jing.

The pickup truck was seriously overloaded and swayed all the way.

Before arriving at the town controlled by Dragon Dragon, Bai Jing, Xue Ji, and Li Dan jumped out of the car one after another, and went to the direction of a half-hill **** not far away from the people who followed the car on foot. .

"Why did they leave?" Wang Qiang asked with a little lilt in his heart, and some reluctance.

A boy next to him said: "The land of the dragon is ahead. The dragon has set up a checkpoint on the road. If you want to cross that road, you need to charge according to the head! They won't go there!"

"Isn't it said that you Li Tianli and the head of the dragon group have some friendship? Will the dragon still charge you?" Wang Qiang seemed to have discovered something and asked quickly.

The boy looked at Wang Qiang with a strange expression on his face, and said, "Who did you hear? Our head is Sister Bai Jing!"

Wang Qiang did not continue to ask anything, but he despised Li Tian even more in his heart.

This pretender is probably Bai Jingyang's little white face, and he must have conquered the little girl Bai Jing with her bed skills, and then took the opportunity to take the lead. Bragging to outsiders that he is the boss of this organization and that the town is his territory, but in reality he is just a face. As for Bai Jing and their pretenders, they must brag about how amazing he is. They participated in the bounty hunter level test, and the result must have been out for a few days to hide.

The pickup truck did not directly enter the town of the Dragon, but chose the auxiliary road, danglely stopped to the mobile castle of the Dragon, and modified the bus in front of it.

Seeing Baijing's iconic pickup truck coming over, the dragon came out of the modified bus with a smile, and after waiting for the car to stop, he immediately said as he walked: "Hahaha, I know that brother Li Tian I will take this route today, so I prepared it early in the morning!"

However, Kuolong's expression soon became a little unnatural, and he said with a serious face: "Brother Li Tian, you have been dating for a month, but what do you mean by bringing these bounty hunters to me? Do you think these few? A mere bounty hunter can deal with it, I can't do it!"

The dragon blew a whistle. The fourth and fifth youngest immediately walked off the bus with two machine guns, and several black hole muzzles protruded from the bus's perforation.

The people present swallowed their saliva, somewhat worried.

Li Tian opened the car door, smiled and walked out, and said, "Brother Dragon really misunderstood. Do you think our people have weapons? We are almost bare-handed. And these few people with weapons are The Supreme King Bounty Hunter Squad in Sunset Fortress"

"Don't talk about the **** bounty hunter squad, even if the cadres of the sunset fortress come in person, I may not be afraid of him!" The dragon spit out thick sputum and said disdainfully.

Seeing the fierce look of the dragon and the equipment under the dragon, Wang Qiang and others were so afraid that they did not even dare to breathe. Wang Qiang still resented Li Tian in his heart, resenting Li Tian shouldn't bring them here. Place to come.

"Brother Dragon, they just passed by here and took a ride of mine. They definitely didn't mean to embarrass Brother Dragon. I understand the rules of Brother Dragon, and we don't want to break the rules of Brother Dragon, I There are ten people here, including me. This second-level corpse crystal is considered our toll, and I hope the dragon brother Haihan. As for the five members of the Supreme King Bounty Hunter team, they will pay their toll!" Li Tian smiled and stuffed a second-level corpse crystal into the hand of the dragon.

Seeing the second-level corpse crystal and the dragon's eyes lit up, this second-level corpse crystal is definitely a good thing.

Li Tian approached the dragon gently, and said in a low voice: "This supreme king's bounty hunter team is definitely fat. Brother, I sent someone here to let you rip off. You can't treat me badly! But I'm afraid it is. This supreme king's bounty hunter team is very arrogant and will not hand over things easily. Especially their deputy captain Wang Qiang, Brother Dragon, you have to be entertained."

Kunlong immediately understood, winked at the fourth child, and said to the fourth child: "I heard that the liuyou of the sunset fortress is rich. Even the beggars who sleep on the roadside are much richer than us gangsters. The bounty hunters of these supreme kings don't have to be too polite, and each person can charge a second-level corpse crystal as a toll!

"One person, one second-level corpse crystal, why the **** don't you grab it." Hearing that one person had to pay a second-level corpse crystal, Wang Qiang immediately jumped out of the car and cursed at the dragon.

Wang Qiang took out his short gun while cursing, and he had already confronted the fourth child.

Chapter 3188: The so-called friendship (2)

"Grab? Grab your mother! Please don't insult our profession, we are people with professional ethics. This small town is our site, and this high-speed dirt road around the town was built by our Dragon Organization at a huge cost, and we charge a little toll Shouldn't it?" The dragon went up and slapped Wang Qiang directly. This slap was not weak, and blood stains leaked from the corners of Wang Qiang's mouth.

Seeing that Wang Qiang was very dissatisfied, the dragon took a pistol directly from his arms, and directly pressed the gun against Wang Qiang's head, and said with a sneer: "Believe it or not, I have turned you into a stray dog today. food!"

Wang Qiang was beaten, and the other supreme kings dared not say anything, but Wang Qiang's sister, Wang Rui, got out of the car.

Wang Rui pressed Wang Qiang's pistol down, and accompanied Dragon Dragon with a smile and said, "My little brother is not sensible, so please take care of the boss. It's just that this second-level corpse crystal per person is really beyond our Supreme King. You also know the hardship of life in the last days. The five of us came to hunt zombies nearby. After seven or eight days of hard work, it was possible to get five second-level corpse crystals! Can you pay less!"

"Come less? What do you let my brothers eat and drink? I have dozens of people waiting to eat with their mouths open. You can't let our brothers go and drink Northwest Wind! Besides, you are from the dignified sunset. The big fortress, the so-called skinny camel is bigger than the horse, no matter how difficult it is for you, it is better than us!" Tuanlong glanced at Wang Rui and said disdainfully.

Li Tian immediately came up to complete the game and said: "Brother Dragon, you are looking at the face of your brothers. Give your brothers a face, and give the Supreme King a face. Let's take a little less. Maybe someday we go to the Sunset Fortress and it will be useful. When you are the Supreme King."

"Yes! The mountains do not turn, the water does not turn, the water does not turn to people. I stay on the sidelines, I really want to see you in the future..."

"Pop!" Another slap sounded.

"See Nima, how come your grandson speaks so badly and makes people feel very uncomfortable, why, do you mean I still have one day in your hands? Believe it or not, I will kill you in minutes!"

"The dragon poked Wang Qiang on the head angrily.

"Wang Qiang, shut up!" Wang Rui scolded Wang Qiang, and immediately changed a smile and said to Weilong: "You misunderstood the head of the dragon. My brother meant multiple friends and multiple paths. Maybe in the future, the head of the dragon Come to Sunset Fortress, although our Supreme King cannot help you, at least we will treat you with a cup of hot tea!"

The dragon looked at Wang Rui and was quite satisfied with Wang Rui's performance. He said, "Today I saw Brother Li Tian and your face, spare this kid. The tolls of the rest of you are halved for the four of you. Two second-level corpse crystals, but this kid has to double, he can get two second-level corpse crystals by himself. In this way, you can give four second-level corpse crystals!"

Li Tian snickered in his heart. This dragon seemed to give the Supreme King a great discount, but because of Wang Qiang's doubling, the total amount was only changed from five second-level corpse crystals to four second-level corpse crystals.

"That's it! We have to hurry to the free market" Li Tian said with a chuckle in his heart.

Wang Rui was in pain for a while, but still had to deliver the four second-level corpse crystals into the hands of the dragon.

"Let go!" Yaolong shouted to the fourth.

"Brother Li Tian, you are really interesting. In this way, we easily got four second-level corpse crystals. When you return from the free market, I will return your second-level corpse crystal to you! Brother Waiting for twenty days, you come to my brother's side!" The dragon whispered to Li Tian.

"Good talk, good talk!" Li Tian smiled and got into the car!

The pickup truck started driving again, and Li Tian let Two-Dimensional change places with Wang Qiang, so that there was another Wang Qiang in the carriage.

At first, Wang Qiang was fairly honest, but after the car gradually moved away from the small town of Yilong, Wang Qiang's frustration gradually turned into resentment. He resented Yilong and Li Tian. When the free market was already visible, Wang Qiang felt that he could finally get rid of Li Tian and couldn't help but burst out.

"Li Tian, this the ***** is your so-called friendship? The Dragon will sell you face, if I really sell you face, I will be beaten like this?" Wang Qiang cursed.

Li Tian didn't bother to take care of this incompetent boy.

Guys like Wang Qiang, who are full of other people's shortcomings, are owed to him by others, and will never look back at their own shortcomings. When encountering a problem, he will shirk all the faults to others.

"Wang Qiang, shut up. If it wasn't for you today, we would be in trouble? If it weren't for Li Tian, do you think we could leave here alive?" Wang Rui scolded.

"Otherwise, because of these wastes, our Supreme King would have already killed the Quartet, and we wouldn't be wronged like this!" Wang Qiang said unconvinced.

Li Tian frowned and said to Wang Rui: "I feel worthless for you! If your brother continues to be so unobtrusive, sooner or later he will get into trouble. It will be more than just a simple matter of being beaten and beaten! "

"It's not your turn to interrupt our supreme king!" Wang Qiang did not listen to Li Tian's words, but said sarcastically.

"Slap!" Wang Rui directly slapped Wang Qiang angrily.

As the applause sounded, Manzi also stopped the car.

The free market is here.

"Sister! You hit me because of this little white face! Li Tian, you are still a good way to buy a woman's heart! But don't let me see you in the sunset fortress in the future, otherwise I will make you dead and ugly!" Wang Qiang pushed directly away The door slammed out.

Wang Rui smiled awkwardly, and said to Li Tian: "In any case, thank you very much for your care and hospitality. If you have the opportunity to come to the Sunset Fortress, you must come to us." "

After that, Wang Rui went after Wang Qiang.

Situ Ningbing, who had been silent all the way, saw the backs of the people of the Supreme King Bounty Hunter team turning away and finally speaking: "It seems that you were right to let the two-dimensional monitor them last night, except for Wang Rui. The unfamiliar white-eyed wolf. It's also because of your design that Wang Qiang can wake up through today. What happened? People still resent you!"

"It's a pity that a good woman like Wang Rui was ruined by these guys! Let's not think about other things. According to our division of labor last night, we will quickly purchase food, drinking water, guns and ammunition. I believe Bai Jing and Xue Ji's sniper rifle is already a little bit hungry and thirsty!" Li Tian said with a smile.

Chapter 3189: War (1)

The dragon is in a good mood today. This is the first time since they occupied this small transportation hub, they have easily obtained five second-level corpse crystals.

Lying on a recliner of the modified bus, and reaching out to stroke the naked woman with chains on the left and right sides, Kun Long's heart would inevitably be a little triumphant.

"Brother Long, you said that Li Tian is a dragon and phoenix among people. In twenty days, will he really come and join us willingly?" the fourth child asked untimely.

The dragon held a woman's sagging rabbit paws in his hands, and felt that the rabbit lost its elasticity and moisture due to old age, and said with some regret: "Don't worry! I think Li Tian is a person of love and justice, if He dare not take refuge in me, then I will ***** her woman! Bai Jing, tsk tsk, imagine that woman's small waist, full double peaks, straight buttocks, the fire in my heart is coming up!"

"It's a pity that Bai Jing is such a good chick. If Li Tian takes refuge in us, we will only have a long-distance view!" The fourth child licked his lips and said.

"Hahaha, the biggest principle of our organization is to have the blessings and the difficulties, the money to spend together, and the women to go together. I believe that Li Tian will not break our rules because of a few women! If he does not, then Speaking of the rules, can't we still kill him!" The dragon squeezed the rabbit in his hand vigorously.

The woman was sore, she couldn't help screaming, the huge fire under the dragon's crotch had already been murderous, at this time, how could she bear the woman's screaming, she immediately withdrew her clothes and turned on her horse.

"Hey! Long brother, you play a trick first, brothers cheer for you!" Old Wuyi said with a lewd smile.

On the other side, fully armed Li Tian and others drove a small pickup truck and quickly entered the town of Dragon.

"Situ Ningbing will execute according to the plan on our road. You will bring the two-dimensional, and then bring five people in ambush on the road of the town and the modified bus. When the gun goes off here, someone will definitely be sent there. Rushing to help here, then you will cooperate with Bai Jing and the others to sniper the rescuers. Barbarians, follow me and kill them." Li Tian said.

"understand!"

"set off!"

With an order, Situ Ningbing and Two-dimensional led five young girls with military thorns, pistols, or machine guns to get out of the car quietly, and got into the grass, slowly toward the modified bus and the town. The trail moves.

Barbarian drove the pickup truck back to the modified coach of the dragon again.

The little pickup was getting closer and closer to the bus, but the barbarian did not see the dragon.

I only heard the screams of women and the cheering of men from inside the modified bus, mixed with some men's gasps.

As the bus swayed slowly, Li Tian didn't need to look at it. He already guessed what was happening inside the bus.

The heartbeats of the boys inside and outside the car couldn't help speeding up, while a hint of flushing appeared on the faces of the girls.

"These beasts!" Barbarian couldn't help cursing.

"Barbarian, get ready to do it. After I get out of the car, you just honk your car horn, and then when they lift the horse away, you drive over. As long as they get out of the bus, you will beat me to death!" Li Tian said.

After Li Tian got off the car, Manzi vigorously honked the car horn.

Hearing the sound of a car horn, the fourth child saw Li Tian's pickup truck through the shooting port, and said loosely: "It's a **** disappointment! It's rare to see Brother Long, a dragon fighting five mothers alone. tiger!"

"Fourth, don't worry about him, just go down and lift the horse away by two people! Do I still have to do this kind of trivial matter?" Shun Long's mouth scolded Huan, and his movements changed.

At the peak of the scene where all the men are watching the show, their hearts are full of fire, and who wants to go out and do such trivial things. It was the fourth child who kicked the two men who were close to the door, and the two men reluctantly opened the door and jumped out of the bus, scolding and screaming.

"Li Tian, you kid, why don't you join our Dragon Organization directly? What are you tossing back and forth? Like our Dragon Organization, there will be such wonderful blockbusters from time to time. As long as you join our organization, after you participate in the last time, you guarantee You are reluctant to think about Shu!" said one of the men.

Another man suddenly remembered that the head of the dragon had said that after Li Tian joined, he would share that little girl Bai Jing, and his heart immediately began to surging.

"Trouble the two little brothers!" Li Tian also slowly walked towards Juma, and said to the two men with a smile.

Li Tian waited until the two men lifted Juma away, then suddenly took out the "Red Zhan" and slashed at one of the men.

As a blood-red knife shadow flashed past, the man's head and half of his body fell to the ground.

Another man was stunned by the scene in front of him. Before he could make any response, Li Tian's figure appeared in front of him.

"Huh!" With a sound, a blood-red shadow of a knife directly ended the man's life.

"Your sister, what about joining our organization?" This was the man's thoughts before his death.

Li Tian didn't stop at all, waved to the manzi, and immediately rushed towards the bus door. At the same time, seeing Li Tian's signal, Barbarian also increased his horsepower and drove the pickup truck towards the bus.

Before Li Tian rushed to the modified bus, there was a rush of machine gunshots from the modified bus.

Facing the machine gun, as brave as Li Tian didn't dare to be careless, he rushed to the side of the road and hid under the roadbed.

When Barbarian's car was halfway through, he couldn't rush through. Barbarian slid the car, and the four others hid behind the car, panting heavily.

"Li Tian, I treat you so badly, you actually killed my people! Look at how I killed you today!" The dragon was riding a horse and shooting arrows, and halfway through, gunshots rang out from the bus. As soon as the gunshot rang, he was immediately frightened. After hearing that the two men he had sent out to lift the horse were killed by Li Tian for some reason, he immediately furious and shouted at Li Tian.

Li Tianlan's nonsense, this kind of life-and-death, it is impossible to solve the problem by saying one more sentence, and to expose your hidden place. Only those fools on TV will do this.

If you have the ability, come with a real sword.

"Fourth, fifth, you two will take two of you, go out for me to bring Li Tian's head back! It's paralyzed! Who will kill Li Tian's first? Then I will make Bai Jing this little girl cool first! "团龙 said angrily.

"Brothers, follow me out to kill Li Tian!" With an excited expression on the face of the fourth child, he yelled: "Fifth, you cover me, don't let the barbarian on Pickup put a cold gun! I must capture Li alive. day!"

The old fourth carried an ak47 and two men with soil guns. After rushing out, he first released a shuttle bullet in the direction of Barbarian's pickup truck.

The fifth snorted coldly, and rushed towards Li Tian with an ak47. He rushed and shouted, "What are you going to do to let Lao Tzu cover you? Bai Jing is Lao Tzu's first! Haha"

Chapter 3190: War (2)

Lao Wu rushed out and walked slowly in the direction where Li Tian was hiding, while shooting frantically towards the roadbed where Li Tian was hiding.

"Da da da"

The machine gun bullet hit the dirt road ground, splashing dust.

"Li Tian, get out for Lao Tzu, and let Lao Tzu give you a good time!" Lao Wu said with a crazy smile.

"It's your sister, I'm not a fool!" Fortunately, Li Tian hides it deep enough, or stray bullets are enough for Li Tian to drink a pot. But hiding like this is not the answer, Li Tian's mind turned, and his finger moved, "Red Zhan" beat slightly, and immediately flew in the direction of the fifth.

Lao Wu was excited, and suddenly a knife flew out from under the roadbed.

Although "Hong Zhan" was fast, the fifth child's reaction was not slow.

"Da da"

"Da da"

The machine gun directly hit the "Hong Zhan", but the "Hong Zhan"'s blade was shot several times. Although it shook a few times, the castration remained unabated, and it flew straight towards the fifth.

"Impossible!" Old Wu had an illusion. He felt that the knife in front of him was thrown out in a panic by Li Tian, but was controlled by an invisible hand.

The red light flashed, and the old fifth felt a heat on his chest, and then a curtain of blood spurted out of his chest, the old fifth smiled, and fell to the ground.

After "Hong Zhan" captured the fifth in one blow, he immediately flew back into Li Tian's hands.

At this time, the barbarian riding on the guns in the modified bus began to become rarer, and immediately led several boys and girls to fight back against the modified bus.

Although the marksmanship of several people is very poor, they still have a bit of momentum in the fight.

The fourth child was frightened by the death of the fifth child, and ran into the modified bus with fear.

After seeing the boss 团龙, he immediately said tremblingly: ""Brother Long! The fifth child is dead! The two younger brothers brought out by the fifth child were also killed by stray bullets! "

"Fuck! Li Tian, this is your own death! Don't blame me for being cruel!" Yulong picked up a walkie-talkie placed in front of the car and shouted into it: "Are you all **** dead? I can't hear you. Gunshots? All the **** guys, rushed to the checkpoint side! Give me the **** Li Tian."

The fourth child stood in front of the dragon at a loss, and cowered and said: "Brother Long, that... in order to save money, the battery of this walkie-talkie has not been changed for more than a year, and it is dead!"

...

In the small town of Dragon, there is a small building with four floors. Up the stairs, there are three households. But now one of the three houses is a warehouse, one is the room of the boss, and the other is from the living room. In the bedroom, there are beds everywhere, just like a dormitory.

At this time, there were only twelve people in the room, four of them were sitting together playing cards, and three others were sitting nearby and watching. The playing cards in their hands have worn out and have some rough edges.

"Damn, the boss of the dragon is thinking about when will he go to the sunset fortress, we really have enough of this bird place." One of them threw the card in his hand and threw the pile of first-level crystals in front of him. Push and say.

"Do you think the sunset fortress is so good? The emperor is far away from the sky. Although our life is a bit boring, the big brother of the dragon here is the emperor of the earth. There is no shortage of food, drink, and women. Right! But once you enter the Sunset Fortress, I heard that there is a small apartment that is as big as we live now, and the monthly rent is a second-level corpse crystal. If the location is better, it may be higher! You! Said so many of us passed by

"Damn, where did the gunfire come from?" said a thin, skinny man in a pair of red shorts wrapped in a quilt.

"Brother Long must have been angry and murdered again!" one of the core members said: "Boss Long Long has been in a bad mood recently because of the little lady Bai Jing's affairs. I can only blame this buddy for being unlucky today. At the boss's muzzle."

"Damn it, don't die a little further, disturb us playing cards." The shorts man said displeasedly.

"But are the gunshots a bit more intense? Could something happen to Brother Long?" one of them said alertly.

"No! This is a radius of tens of miles, who doesn't know the strength of the dragon boss, a few machine guns, a dozen long and short guns, even if the Seven Swords rashly wants to use their hands, they must weigh them carefully." The shorts man said, shaking his head .

"Let's go over and look at the subtleties! In case something really happened, Brother Long will blame it afterwards, but there is no good fruit for the few of us!" The core figure just now dropped the card in his hand and dressed casually Putting on a piece of clothing, he took the ak47 and walked out the door.

The others didn't dare to neglect, and threw down the cards in their hands, put on their clothes in a hurry, kicked all those pretending to be asleep, and rushed out with guns in a panic.

When I went out and went downstairs, the gunshots had become sparse.

"Hurry up, don't wait for Brother Long to finish everything, let's rush over!" a cadre shouted displeasedly.

Twelve people, with disheveled clothes, hurriedly rushed towards the checkpoint.

"It's not good! There is really a firefight over there! Brothers are ready to fight!" This cadre put the ak47 in his hands, ready to rush to help Brother Long at any time!

At this moment, there were two consecutive sniper rifles on the distant hillside.

The two men who fell in the back were shot in the heads at the same time, and immediately rushed to the street.

"Damn, there is an ambush! Hurry up and hide!"

For this decision, Bai Jing had to say something beautiful! .

Bai Jing, Xue Ji, and Li Dan have been lurking on the hillside opposite the town for quite a long time. In the process of lurking, there was a first-degree zombie who was looking for a dead end to ask for trouble. The boys and girls who were the core were easily slaughtered.

When Li Tian and Manzi had already fought and angered the sky, Xue Ji couldn't hate and rushed down immediately to fight to the death with the dragons. Had it not been for Bai Jing's eagerness to dissuade, Xue Ji might have rushed down.

The idiots who saw the Dragon Dragon didn't know where the sniper was hiding, so they fled in a panic, and a few even turned their backs to Bai Jing and others.

For this kind of dish delivered to the door, Bai Jing and Xue Ji naturally took care of them.

"Pap" "Pap!" There were two more gunshots, and the two lively lives disappeared again.

"Damn, what are you waiting for, they have sniper rifles, we run faster, they can't hit us! Follow me to the direction of the level!" One of the members of the Dragon Dragon was affected by the online shooting game. Said with a judgment.
