

A Killer 3201

Chapter 3201: False alarm

Wang Qiang felt nervous and interrupted quickly and said, "Master Alslan has misunderstood. Our Supreme King and Brother Tian are old acquaintances. How could it be unpleasant! There is no need to trouble Master Alslan with these things!"

Alslan frowned and said, "Is that really the case? If you dare to deceive my brother, be careful that I, Alslan, make you the Supreme King restless!"

While the fat Alslan was talking to Wang Qiang, Li Tian saw that the bearded gunman in the Sunset Fortress was bandaged all over, standing on the second floor looking down at himself.

Seeing the bearded gunman appearing on the second floor of the hospital, Li Tian immediately became a little nervous.

After all, the reason why you fought with the sunset fortress in Seven Swords in Eji Village last time was because of the nine-color corpse crystal on Li Tian.

Li Tianzheng was thinking about how to deal with the bearded gunner, and when he looked up, the bearded gunner had disappeared.

It's better not to have extra branches, and let Xue Ji be admitted to the hospital and begin treatment. Only when Xue Ji began to receive treatment would Li Tian be completely relieved.

"Alslan, my friend needs to go to this hospital for treatment because of tetanus, can you..." Before Li Tian finished speaking, he saw the entrance to the hospital and walked in with a soft hand in his hand. The whip's **** stunner, the mysterious female lily.

Li Tian felt bitter for a while, and if this mysterious female lily discovered him, he would definitely be entangled in it. Then, Xue Ji's illness would not be treated again!

Li Tian quickly turned around, not daring to look directly at the mysterious female Lily.

"Fatty, it's time to set off! If you let me find you a fat man who is lazy again, be careful that I **** up the fat on your body!" The mysterious female Lily said to the fat Alslan with a grin.

The fat man shuddered involuntarily, and said to Li Tian, "Brother, since I misunderstood you, then I should go! I will wait for this mission and get together with you after I come back. I have time to remember. Go to the Sakura Legion on Dongsheng Street to find brothers!"

The fat man didn't notice Li Tian's abnormality, and said that Li Tian was concerned with the patient Xue Ji's condition. The fat man was not angry at all, walked over to the mysterious female Lily, and said in a grumbling, "Hurry up, call Chun!"

The mysterious female Lily smiled beautifully, leaning half of her body on the fat man, and said softly: "My name is Chun, do you dare to fight?"

The fat man died immediately. Although he joined the Sakura Legion not long ago, Arslan still had a full understanding of the strength of the mysterious female lily.

Seeing the fat Alslan leaving the hospital laughing and playing with a woman, Wang Qiang exhaled a long sigh of relief. He looked back at the entrance of the hospital and confirmed that the fat had already left. Wang Qiang's momentum gradually changed. When he came back, he said, "Li Tian,

didn't you think you have a lot of friends? But I think you should have no important relationship? Otherwise, why didn't he arrange the hospital for you? Just use the name of the Sakura Army. No, you can directly find someone for treatment in this hospital, and you can avoid the trouble of queuing."

Seeing that Li Tian did not refute, Wang Qiang began to speculate whether Li Tian and the fat man were only in general friendship, or even just had a relationship, just like the Supreme King and Li Tian.

It seems just a false alarm. Li Tian, this big fat pig, I, Wang Qiang, has been slaughtered this time.

"Okay! I'm not talking nonsense. Since your Li Tian has such a relationship with the Sakura Legion, then I will give you some more discounts! Even forty second-level corpse crystals! As long as you put these forty Give me the second-level corpse crystal, and leave the rest to me Wang Qiang!" Wang Qiang said without embarrassment.

"Wang Qiang, don't go too far! When my brother Tiantian's friend was here just now, I saw that you were so scared that you didn't even dare to breathe, and you kept calling Li Tiantian, why now my brother Tiantian just left? , Are you brave again? Are you really not afraid that the Sakura Legion will take care of your Supreme King?" Two-dimensional said angrily.

"Friend? Have you ever seen a friend like this? Your brother Tian obviously asked him, but when he was good, a woman came and followed that coquettish woman, completely ignoring your Li Tian's feelings! From here In one point, I believe that our Supreme King is friends with you Li Tian. At least, our Supreme King collects money to do business!" The more Wang Qiang thinks about it, the more he feels that his analysis is okay, so he should not hesitate The speculation came out.

"Brother Tian!" Two-dimensional, Manzi hadn't said Wang Qiang before, but felt that what Wang Qiang said seemed to have some truth, and at this time he looked at Li Tian in unison.

"Give him the corpse crystal! As long as Xue Ji can be hospitalized for treatment as soon as possible!" Li Tian said.

"Brother Tian!..." Manzi and 2D were very dissatisfied, but they still had to implement what Li Tian said.

Wang Qiang took the corpse crystals that the barbarian handed him, and counted them proudly. While counting, he did not forget to mock Li Tiandao: "That fat man must be the one you asked for? To make me charge less commission, you too. Quite hard. But fortunately, Wang Qiang, my IQ, is not low, otherwise I must have been cheated by you."

"By the way, what is the name of that fat man just now, Alslan? Or Alstom? Please find a higher-end one next time, such as the cadre of Sunset Fortress or the cadre of Seven Swords. People impersonating them, maybe I will be really scared."

"Damn, how do I feel that I was really deceived by you? I really shouldn't have underpaid your ten second-level corpse crystals!"

"Li Tian, why are you here?" As soon as Wang Qiang's voice fell, an urn sound came from behind him.

Wang Qiang followed Li Tian's gaze and saw a man who was nearly two meters tall and carrying a giant axe on his shoulders. A little girl who seemed to be only fourteen or five years old was followed by the man.

Seeing that the giant man and the little girl had a sign of the Seven Swords on their chests, the sign of the Seven Swords was one inch higher, and the sign of the Sunset Fortress, Wang Qiang finally couldn't help laughing: ""Damn, Li Tian Are you really paying for it? This time I actually found two Seven Swords guys as support! "

Wang Qiang turned around, patted the sign on Shelipuding's chest, and said with a smile: "Brother, you are too careless. You are used to being Tudang, and you brought out the signs of the Seven Swords and the Sunset Fortress! If you are so unprofessional, how can you come out and **** in the future! Hahaha!"

I saw Shelipuding suddenly waved the giant axe against his shoulders, and the axe hit Wang Qiang's body heavily. Wang Qiang flew towards the distance like a kite with a broken line.

"Boom!" A sound. Wang Qiang knocked down several chairs and slammed into the wall.

"Fool! The youngest man is mad at sunset fortress to swallow Seven Swords, this **** fly actually hit him and died!" He Zhizhuo said with a sneer in his heart.

Chapter 3202: Abuse

"Why are you two here?" Li Tian looked at Shelipuding and He Zhizhuo in surprise, then pointed to the signs on their chests, and said, "What's the matter?"

Shelipuding frowned, but in the end there was no seizure, but he did not say a word and was unwilling to answer more.

"Fuck you!" Wang Qiang vomited blood, stood up tremblingly, drew out the gun that he was carrying, and shouted at Shelipuding.

"Wang Qiang, you have enough!" Li Tian couldn't bear this stupid fellow Wang Qiang.

"Swish!" With a cry, Li Tian suddenly appeared in front of Wang Qiang, stretched out his hand to grab the gun in Wang Qiang's hand, stretched out his hand, and slapped Wang Qiang's cheek heavily.

After this slap, Wang Qiang's cheek immediately swelled.

"Li Tian, you **** dare to hit me! Believe it or not..." Wang Qiang yelled at the slap of Li Tian and slapped him.

"Trust your mother!" Li Tian slapped Wang Qiang again.

This slap is a bit heavier than the slap just now.

As Wang Qiang fell on his cheek, a burst of blood spurted out.

"Li Tian, I want you..." Wang Qiang was still stiff, cursing at Li Tian.

"I want your mother!" Li Tian changed his hand gesture, and then returned the slap.

"Li Tian..." Wang Qiang's mouth was already full of blood, and he said with a frothy mouth full of blood.

"God, dad!" Li Tian slapped again.

The intensity of this slap was another point, and Wang Qiang's two white teeth flew out with Li Tian's slap.

"Brother Tian! I was beaten!..." Wang Qiang began to beg for mercy.

"Hit your sister!" Li Tian continued.

Since this journey, Li Tian has been tolerating for Xue Ji, but this ***** Wang Qiang did not repent and became even harder. Originally thought that Alslan would let Wang Qiang converge a bit, Li Tian did not expect that Alslan's appearance would only allow Wang Qiang to converge for a few minutes, and then a small outbreak began.

Pop, pop, pop!

Every time Wang Qiang said a word, Li Tian would slap him fiercely, making Wang Qiang unable to finish his words.

Shelipuding saw Li Tian pumping Wang Qiang like this, and said to He Zhizhuo with an urn sound: "I didn't expect Li Tian to be quite ruthless. You see, that kid's teeth were blown away, and his mouth was full of blood. His cheeks are almost fatter."

He Zhizhuo sneered and said, "If Li Tian hadn't taken the shot and taught that kid for you, would you kill that kid!"

"Haha, yes! Damn, he really doesn't open which pot to mention which pot! Knowing that I was upset that Qijian was being annexed by the sunset fortress, he even sent them to insult me!" Shelipuding said with a smile.

The lobby of the hospital was full of onlookers, and several soldiers from the sunset fortress also entered the lobby.

"What are you doing? Get out, get out!" Several soldiers squeezed into the crowd with guns in their hands.

There was a sound of discussion from the crowd.

"Who the ***** is this beating? It's too arrogant! He dared to do it in the hospital in the Sunset Fortress! This time he must be dead!"

"Yeah, the soldiers have come! Now he can't run away!"

"Have you seen it? That beaten turned out to be a bounty hunter. He must be finished now!"

Seeing soldiers from the Sunset Fortress walking in, Wang Qiang was beaten into a pig's head with a smile on his face. He beat the residents of Sunset Fortress without authorization, and this resident was also a bounty hunter recognized by Sunset Fortress. This charge is absolutely Not light.

"Li Tian, you ***** dare to beat me for an outsider, it's ugly that I must make you die this time."

Wang Qiang shouted at several soldiers: "Several...cauldrons, don't worry about the rewards!"

Speaking, Wang Qiang pointed to the bounty hunter badge that was awarded to him by Sunset Fortress hanging on his chest.

When several soldiers saw someone in the hospital who even dared to beat the bounty hunter in the sunset fortress, they were angry.

Kacha loaded the gun and bullet in his hand, just about to take action on Li Tian. But she was stopped by Shelipuding.

"Two brothers, this badge is the badge of Li Tian, who is hitting people! For various reasons, we have not had time to issue it to Li Tian. Please also send this badge to Li Tian in person. Hands!"

"Five-level bounty hunter badge..." The two soldiers were immediately surprised when they saw the badge that Shelipuddin handed over. They looked up and saw that the badge that was handed to them turned out to be Shelipuddin. The two soldiers immediately stood at attention and faced each other. Shelipu Ding salutes.

"My lord, I don't know you are here! My lord, please forgive me!"

"No, give the badge to Li Tian, and then catch that noisy troublemaker!" Shelipuding waved and said.

"Yes!"

The two soldiers knew. Although Seven Swords were annexed by Sunset Fortress this time, the core members of Seven Swords remained unchanged, and the core cadres of Seven Swords were also the core cadres of Sunset Fortress.

Therefore, in front of Shelipuding and He Zhizhuo, the two soldiers did not dare to slacken their efforts.

The two soldiers came to Li Tian with excitement, and said to Li Tian: "Dear Sir, this is the bounty hunter badge issued to you by Lord Shelipuding. Please accept it! As for this in your hand. Famous guy, let us come out!" He handed the fifth-level bounty hunter badge to Li Tian.

"Five-level bounty hunter badge?" Li Tian was taken aback, but his face was very calm. He received the badge in his hand and put it on his chest without hesitation.

"Five-level bounty hunter badge..." Wang Qiang saw the badge worn on Li Tian's chest, frustrated, "Puff!" Kneeled on the ground.

"Brother Tian, please let me go! For my sister's face, let me go..." Wang Qiang knelt on the ground, crying to Li Tian.

The two soldiers did not expect that the assailant Li Tian and the beaten would still know each other, and they hesitated for a while waiting for Li Tian's statement.

"Idiot!" Li Tian said disdainfully.

"Fuck, make trouble in the hospital again, be careful I interrupt your leg!" When the two soldiers heard Li Tian's words, they were not even polite to Wang Qiang.

He Zhizhuo smiled and came to Li Tian's side and said, "Brother Li Tian, how come here? Is it because of the nine-color corpse crystal?"

Li Tian shook his head and pointed to Xue Ji who was holding on by Wei Wei and said, "No! Nine-color Corpse Crystal has no effect on me. It is a friend of mine who has a minor illness and must go

to the hospital for treatment. Who knows? Smashed into this sunset fortress, but know that there is so much attention to going to the hospital in the sunset fortress!"

"Hahaha, pay attention, that's for someone else's family! For my brothers, what are you paying attention to! Later I will take you to the dean of this hospital, Huang, let Huang personally arrange it for you!" Said with a smile.

Chapter 3203: Exchange terms

The dean of the sunset hospital is a fifty-something elder, wearing a white coat, wearing this pair of black-framed glasses, and in the chest pocket, the dean is not a pen, but a row of small Scalpel.

Since this old man can be the dean of the hospital, his position in the sunset fortress is naturally extraordinary.

Following Shelipuding to Dean Huang's office, Dean Huang can be regarded as giving face to Shelipuding and He Zhizhuo, and warmly entertaining Shelipuding, Li Tian and others.

"Tetanus is not an intractable disease, but Sunset Fortress does not have the ability to produce related medicines. Now most of the medicines used in hospitals are exchanged with other organizations through equivalent exchange." Dean Huang pushed his glasses. , Thought about the wording and said.

Li Tian said with some worry: "Dean Huang meant that there is no medicine for tetanus in the sunset hospital?"

"That's not true. There is this kind of medicine in the traditional Chinese pharmacy of the Sunset Hospital. Moreover, I can assure you now that your friend Xue Ji will enter the hospital immediately and receive the best treatment. However, I don't know. What help can Mr. Li Tian give to our hospital?" Dean Huang leaned back, leaning completely on the back of a chair and said.

"Old Huang! You are not kind? Li Tian is a friend of our Seven Swords, who was brought by me, Shalipuding. You are so threatening!" Shalipuding said dissatisfiedly.

"How many corpse crystals do you need? These are enough!" Li Tian gritted his teeth and untied the skin bag he was carrying with him from his waist. After he got up, he put it on Dean Huang's table and said.

Dean Huang did not even look at the contents of the skin bag, and pushed the skin bag to Li Tian and said, "I think you have misunderstood. If I really accept these things from you, then I will really threaten you!"

"Then what do you mean?" Li Tian asked unclearly.

"I mean equivalent exchange! I noticed that the badge on your chest is the fifth-level bounty hunter badge, so at least you have the strength of the fifth-level bounty hunter! And Shelipuding and He Zhizhuo are so important, then At least it means that you have a fighting power that is not weaker than them. As a bounty hunter, I will help you heal your friends for free. And you have to help me complete a bounty mission, just complete this bounty mission, bounty It's still yours! You won't lose!" Dean Huang said.

"Haha, Lao Huang, you are so insidious! For what you can think of, you let Brother Li Tian complete the task." He Zhizhuo immediately laughed.

Immediately, He Zhizhuo smiled and said to Li Tian: "This task may be difficult for others. Even if it is done by Shelipuding and I, it will be difficult. But for you, Brother Li Tian, there is nothing to do with this task. Difficulty."

Li Tian still didn't understand the task of falling to the ground.

"The Bounty Hunter of the Sunset Fortress Sunset Fortress branch rewards the top-ranking mission, is it difficult? It has been more than a year since the mission was released, and there is still no one dared to take it. Is it difficult? But this task is definitely a task tailored for you!" He Zhizhuo said with a smile.

"What the **** is the task?" Li Tian was so curious.

"Capture the sixth-level zombies alive and bring them back to the Zombie Research Institute in the Sunset Fortress! There is no time limit for the mission, but the rewards are extremely rich. In addition to obtaining a complete garden villa, you can also get a sixth-level corpse crystal As a reward, you can also get 10,000 points for the bounty hunter. These 10,000 points are enough for you to directly upgrade the level of the bounty hunter to level six!" Dean Huang said.

"Why are they alive six-level zombies?" Li Tian was still a little puzzled, "Isn't it possible that the fifth-level or seventh-level zombies are?"

"After our research, we found that zombies above level 3 have begun to retain certain human characteristics, and although level 5 zombies also retain human characteristics, the characteristics of level 5 zombies still remain in the low-level stage. If you don't look at his eyes, he is almost indistinguishable from human beings. It is the best choice to study the cause and treatment of zombie viruses. As for level 7, first, level 7 zombies are rarely seen before, and secondly, seven Very few people at level zombies can catch alive. The most important thing is that level 7 zombies have undergone corpse transformation, and their bodies are no longer human to a certain extent!" Dean Huang said.

"Okay! I'll take this task!" Since both He Zhizhuo and Shelipuding said that this task is not difficult for Li Tian, then it is probably not difficult!

When Dean Huang heard that Li Tian agreed to take up the task, he stood up with excitement, walked out from behind the desk with a smile, stretched out his hands to hold Li Tian's hand and said, "Please forgive my waywardness. But you I can also see that I am not selfish. I just want to try my best to study the zombie virus, and hope that I can make an antidote to the zombie virus in the rest of my life."

Li Tian nodded, and stretched out his hands to hold Dean Huang's already dry hands. In this old man, Li Tian felt a kind of pure love.

For mankind, for this world.

Li Tian believes that there are still many old people like Dean Huang in the world. They are also looking for a solution through their own efforts.

And what can Li Tian do? That is to use your own strength to assist them.

Sunset in the intensive care unit on the top floor of the hospital, Xue Ji was lying on the white bed, and Li Tian was sitting on the edge of Xue Ji's bed, reaching out and holding Xue Ji's hand.

After Dean Huang's arrangement, Xue Ji's operation has been completed, and Xue Ji has been injected with anti-viral serum. Xue Ji is still under anesthesia, and she is sleeping Zhengxiang.

Bit by bit, it slowly flowed into Xue Ji's arm. Li Tian could feel a little coolness in Xue Ji's arm. He gently lowered her arm and covered Xue Ji's arm with a quilt corner.

"Don't worry. There is my old Huang here. I promise to keep your little girlfriend intact. It's just that I've always been a little surprised, why there is no antibody against tetanus virus in your little girlfriend's body?" Dean Huang stood. Opposite Li Tian, he said with some doubts.

Li Tian laughed and said, "I probably didn't get vaccinated when I was young! Haha, don't worry about this problem. Huang Lao, today is my first day to the sunset fortress. Let me arrange these people first. I will leave in three days at the latest. Finish the task you gave me as soon as possible! But before I go, I will recommend someone to you. Captive, come here!"

Barbarian, Wei Wei, and the captive have been following Xue Ji, standing behind Li Tian at this time. Hearing Li Tian calling him, the captive immediately took a step forward.

"Brother Tian, I understand what you think, but I will follow you!" The captive said immediately after standing up.

Chapter 3204: Hang Hu Ji Shi

"Are you stupid?" Li Tian originally wanted to recommend the captive to Huang Lao. Li Tian believed that in the sunset fortress, let alone the captive was once a subordinate of the dragon, even if he was a real dragon, he would absolutely have to stand up obediently. . .

The captive smiled and said: "Although I am a captive, I also know that I am a prisoner. I joined the dragon organization to save my life. Although my life is saved, I am not happy to live. Seeing the evil dragons do a lot of evil, and even if I don't help the evil to survive, I still close one eye, the whole person is like a walking dead."

"Later, Brother Tian destroyed the Dragon's gang, and I was captured by Brother Tian. In this world, this era, prisoners are basically synonymous with death. But Brother Tian agreed to let me go. Since then, I decided to follow Brother Tian. From now on, Brother Tian and everyone will call me a prisoner. I like this name, and this name can make me remember my past."

The captive continued with a serious face: "Dean Huang, as a doctor, my sincere heart has not changed. Although I cannot join the Sunset Hospital and dedicate my life to our great medical career, I still hope that I can use my weapons. Just like before the end of the world, I can open a small clinic for..."

Before the prisoner had finished speaking, he was interrupted by Huang Lao directly, "Tell you down! I still can't see your little thoughts? Li Tian boy, your actor's acting skills are really bad. Just entered the Sunset Fortress. It's a good idea to share a piece of Sunset Fortress, but yours must have this ability."

"Haha, Huang Lao is really wise! You can see through this," Li Tian slapped a little flattery.

Dean Huang was completely unmoved by Li Tian's little ass, and said: "Wise shit! It's not impossible to open an outpatient clinic in Sunset Fortress, but it needs to be reviewed by the strict Sunset Fortress medical management department. As this department The person in charge, I can help you sometime then. But I can't do anything else."

"First of all, you have the corresponding venue, and the medical management department still has high requirements for the venue. Second, you must have a formal drug exchange channel. I can also help you solve part of this; third, after starting the outpatient clinic, you There are many problems that have to be faced alone. This is up to you to solve it! With your current level 5 bounty hunter strength, it is not enough to stand alone."

"So, you'd better complete my task first. Hey, after you get the reward, you can not only solve the problem of the venue, but also help your bounty hunter level increase by one level, then you will be the entire Sunset Fortress The only sixth-level bounty hunter, with this reputation, will be enough for your clinic to open smoothly"

"Okay! It seems that I have no time to complete this task. Or my big plan to make a fortune is not going to come to nothing!" Li Tian said with a smile.

What happened on this day today made Li Tian understand that in the current sunset fortress, opening an outpatient clinic is definitely a way to make money. Therefore, after using the Seven Swords to catch the line of Dean Huang, Li Tian came up with this. One way, I didn't expect it to be exposed by Dean Huang.

Not to mention, at least Dean Huang had already spoken to Li Tian. Now it's time for Li Tian to complete the bounty hunter mission.

Say goodbye to President Huang and leave the sunset hospital.

Erhuizi waited for a long time at the entrance of the hospital, and followed Erhuizi back to a hotel in Shishi Street. Li Tian hadn't said anything yet, Barbarian Split and told Situ Ningbing and Bai Jing what happened in the hospital today.

Hearing that Wang Qiang was getting worse and demanding more corpse crystals, Situ Ningbing and Bai Jing both wished to give Wang Qiang a vicious meal. After hearing that the two cadres of Qijian suddenly appeared, they not only beat Wang Qiang, but also gave Li Tian the badge of the fifth-level bounty hunter, the two let out another long breath.

Later, Barbarian talked about Dean Huang personally arranging Xue Ji's surgery and arranging a free intensive care unit for Xue Ji. Both Bai Jing and Situ Ningbing felt incredible.

"Li, I didn't expect your magical powers!" Situ Ningbing said sweetly.

"That is, don't look at who I am, Li Tian! Haha" Li Tian immediately boasted.

"Manzi, don't listen to Brother Tian's bragging, just keep talking!" Bai Jing also said with a little sweetness on his face, smiling.

"How can you say that Brother Tian is bragging! Don't you know, in the end Dean Huang went to Sister Xue Ji's ward to check her condition. It's a pity that Brother Tian and the prisoner brothers planned to open a clinic. The plan was seen through by Dean Huang. Otherwise, we would really be able to settle in the Sunset Fortress! But fortunately, Dean Huang said that as long as Brother Tian completes the bounty hunter mission he released, he can help the captives achieve the world Dream!" Manzi said with a simple smile, sitting on the ground with his legs crossed.

"What bounty hunter mission?" Bai Jing asked suspiciously.

The barbarian scratched his head and said with a smile: "I don't know, but the reward for this task is quite generous. As long as you complete it, you will be rewarded with a garden villa, which can also increase the level of Brother Tian's bounty hunter by one level. Long said that this task is very easy to complete!"

Hearing what Manzi said, the faces of Situ Ningbing and Bai Jing became a little serious.

"Lee, this task is not easy! Or let the rewards not be so rich. You must know that this sunset fortress is now an inch of gold. The corpse crystals consumed by so many of us for a night are not small, let alone direct Give you a reward for a garden villa!" Situ Ningbing said worriedly.

Li Tian said calmly: "There are some dangers, but it is not impossible to complete. Moreover, completing this task is one of the conditions for Dean Huang to take the initiative to treat Xue Ji. So I can't help but complete it. And now that they have completed this task, they You can really settle down here."

"Then I will go with you, with me there, so I can take care of each other," Situ Ningbing said.

"I want to go too!" Bai Jing said.

"And me!" Barbarian also interrupted.

"Eh, I won't go. In case Xue Ji needs help, I can do a little favor!" The captive said with a bit of embarrassment on his face, with a wry smile on his face.

"Knowing that you are afraid of death, I didn't plan to take you there!" Li Tian sarcastically said to the prisoner.

"Now that it's settled, let's plan. Tomorrow, let 2D follow Erhuizi to find a place in the sunset fortress, rent it and settle down first. Then we plan to complete this mission!" Li Tian said.

"Boom, boom, boom!" Saying that Cao Cao was there, two-dimensional knocked on the door and walked in.

"Brother Tian, Wang Rui, the captain of the Supreme King, has been waiting for you for a long time. Would you like to see you!"

Chapter 3205: Let him take a lesson

"Wang Rui!"

Hearing this familiar Li Tian's heart sank. This kind-hearted girl probably heard about today's affairs and hopes to come to Li Tian to resolve the arrest of her brother Wang Qiang.

"Bring her in!" Li Tian said.

Although it was only ten days after Li Tian and Wang Rui were separated, when Li Tian saw Wang Rui again, he still felt a little strange to Wang Rui.

The woman in front of her was somewhat different from the giggling, carefree Captain of the Supreme King's Bounty Hunter. Li Tian always felt that Wang Rui seemed to be suddenly old.

Wang Rui followed Weiwei into the door and sat on a chair, somewhat restrained.

"How is your brother Wang Qiang?" After Wang Qiang was captured by the soldiers, Li Tian was busy with Shelipuding to find Dean Huang, not knowing what happened next.

"Suffering some skin and flesh, we have spent some money, and people are now released! But the injury is a bit serious, and I am recovering at home now." Wang Rui said sadly.

Li Tian didn't know how to comfort this kind woman, but it was always because of him.

"Sorry, I didn't expect this to be the result! At that time, my hands were a little heavier. Please forgive me!" Li Tian said.

Wang Rui was a little panicked, waved his hand quickly, and said, "I have heard about what happened today. I came here to apologize to you on a special trip. When we met you, you kindly entertained us. And you personally sent us to the Free Bazaar. Originally, you came to the Sunset Fortress when it was a good time for our Supreme King to repay the kindness, but my brother Wang Qiang was fascinated by the corpse crystal and could not recognize the face of the benefactor. En will revenge. In the hospital today, he ran into an adult of Seven Swords. If the Li Tian brothers took action to stop him, he might have caused a catastrophe at this time. I still want to thank the Li Tian brothers for saying this. Today he He deserved all his suffering. I just hope that he can learn from his mistakes. If he can really recognize his mistakes, he will not forget to give Li Tian brothers good care for him."

"This is today Wang Qiang took your corpse crystals, and I took them all back. Brother Li Tian, please count them and see if there is anything missing!" Wang Rui took out a skin pouch from her body and took the corpse crystals in the pouch. They all poured out, and said to Li Tian one by one.

At the end of the count, Li Tian saw Wang Rui's hands turned out to be first-level corpse crystals one by one, and there were even some first-level death crystals that were already emitting a light yellow light.

Wang Rui was a little embarrassed and said embarrassedly: "The corpse crystals on Wang Qiang's body were searched and confiscated by the people who arrested him. These are the ones I got together urgently.

Li Tian only felt a little uncomfortable in his voice, and even more uncomfortable in his heart.

With such an unbelievable brother, Wang Rui felt so miserable and suffocated. But in the last days, it is a kind of happiness to have a loved one by your side. Compared to Wang Rui, it is also because of this reason that he has been struggling to support it!

"Enough!" Li Tian put all the corpse crystals and zombies that Wang Rui poured out into Wang Rui's skin, and said: "Wang Qiang is lucky to have a sister like you. These corpse crystals are mine. For your sister, please put all these up and take it away!"

"Let's put it away!" Bai Jing also said to Wang Rui: "Wang Qiang is lucky to have a sister like you, and we are also lucky to meet Li Tiantian. In these last days, there are such A family affection can move us to each other, this is enough. Let us protect this touch together, and don't let people become zombie-like indifference. I believe that after this incident, Wang Qiang will understand this truth. He will mature too!"

Situ Ningbing smiled and said: "Li Tian always talks about you in front of us, always saying that you are a kind girl, saying that you are a good sister, and he especially envy Wang Qiang to have a sister like you. You just accept it. This piece of his mind!"

"Yes, take it! Haha, do you still remember the dragon gang that blackmailed you four second-level corpse crystals? That gang has been destroyed by Brother Tian. So now Brother Tian is a local tyrant, he won't care about it. Corpse crystal!" Manzi said with a simple smile on his face.

"Thank you! Thank you!" Wang Rui said softly, crying.

"Train Wang Qiang and them well, and you will earn more corpse crystals than you do for them!" Li Tianyu said earnestly.

Sending away Wang Rui, Weiwei came back angrily and said: "Brother Tian, the owner of the small hotel said that he wants to meet the legendary level five bounty hunter. He also wants to bribe me with a few bottles of good wine, so I am angry! "

"Bring you a few bottles of good wine, why are you angry?" Li Tian asked puzzled.

"The myopia called to my little brother, isn't this girl not enough feminine? Look at this girl who wants to breast...

With a smirk on his face, the barbarian interrupted and said, "He has no breasts, he wants his **** and butt, and he has short hair. He is still fierce all day long. It's strange not to treat you as a man!

"Barbarian, I'm fighting with you!" With a sigh of two-dimension, the army stab was revealed, and he pierced the barbarian's face.

But the barbarian flicked the machete without giving way.

The owner of the old hotel just pushed the door in, and saw Wei Wei holding a military stab and a barbarian holding a machete. The two were fighting fiercely. The wine was thrown down and the scared fart poured out.

...

Sunset in the conference room of the fortress headquarters.

There was no light in the dark conference room. The projector projected a picture onto the huge screen. A man in a 27-year-old man with long hair and a high-collar tunic was standing in front of the screen and pointed at the screen. A person on the above said: "This is the third person in the Red Blood Organization named Red Wolf. Red Wolf is both a level 7 bounty hunter certified by the Bounty Hunters Association and a name named by the Bounty Hunters Association. The most wanted criminal for him is now as high as ten seven-level corpse crystals! This shows that his strength is strong. In this battle between the Seven Swords and Scarlet Blood, I was fortunate to fight him. We each have a victory and defeat. And this scar on my body was left to me by the Red Wolf!"

Speaking of this, the man turned his collar back, revealing a bright red wound on his neck. The wound is completely healed, but the scar is still eye-catching.

Seeing this wound, many people attending the meeting involuntarily took a breath at the same time.

Jia Youlong, the boss of the dignified Seven Swords, was injured by the Red Wolf! How strong this Red Wolf is, it is no wonder that after the head-on conflict between Seven Swords and Scarlet Blood, Seven Swords actually retreated steadily, and finally had to accept the annexation of the Sunset Fortress.

Chapter 3206: Red wolf's goal

"Although everyone present is the core cadre of the Sunset Fortress, and everyone is absolutely strong, the Red Wolf is definitely one of the most difficult guys in the blood. This guy is cruel, cold-blooded, warlike, and likes killing. I still advise everyone not to be careless, especially when going out, it is best not to place orders to avoid accidents." Jia Youlong said earnestly.

"Hahaha, I think Seven Swords has been shattered by the scarlet blood! You guys who are afraid of Seven Swords, our Sunset Fortress may not be afraid of him!" A sharp voice sneered in the darkness.

With a sound, Shalipuding slapped the table heavily, and the round table in the center of the meeting room was immediately pierced by Shalipuding's palm, revealing a big hole.

"What are you talking about? Have the ability to stand up and speak! Don't hide in the dark and speak coldly!"

"Youngest, sit down!" Jia Youlong didn't care about being laughed at by others, and taught Shalipuding a lesson.

Jia Youlong calmed down and continued: "The purpose of the Red Wolf entering the Sunset Fortress this time is not very clear. So far, our Seven Swords have not caught him."

"That's your Seven Swords incompetence. If this task is entrusted to the assassination department of our Sunset Fortress, the red wolf head must have been placed in the conference room at this time!" In the darkness, the sharp voice sounded again.

There was laughter in the meeting room immediately.

The Sunset Fortress annexed Seven Swords, but the core members of the Seven Swords survived completely independently and became an independent department of Sunset Fortress.

The other core members of Sunset Fortress were still a little dissatisfied with this decision, so they laughed at Qijian several times in the meeting.

"Cough..." A rapid cough sounded in a glass room at the end of the conference room. This glass room is completely isolated from the meeting room, independent of the meeting room, but the two are connected by a voice and video call system. Therefore, the cough in the glass room is quite clear in the conference room.

Hearing the cough, the meeting room immediately became quiet.

"I know you all have arrogance in your heart. That's good, cough cough, but you should have seen the appearance of the gun ***** Han Gang! This is the result of the truncheon male martial arts style arriving in time. If you also want to enter the hospital for training, You can take Jia Youlong's words as a deaf ear. If you don't want to go to the hospital for training, and if you don't want our sunset fortress face to be shamed by you, give you three days to find the Red Wolf! Cough cough... .."

"Yes!" In the meeting room, all personnel stood up and shouted to the man in the isolation room.

The bounty hunter sunsets in the fortress branch.

Although it was already night, there was still an endless stream of bounty hunters who came to view, accept, and submit bounty tasks.

The president of the Bounty Hunter Branch was sitting at his desk. As the president of the Bounty Hunter Branch, he was sitting on the chair with horror, looking at the man in front of him with horror.

The man in front of him was a man in his early twenties. At this time, the man licked the blade of his hand with his tongue abnormally. The sharp blade had cut the tip of the man's tongue into a small opening, and the bright red blood was constantly flowing out of the small opening. Risk. The man greedily sucked the blood from the tip of his tongue, his face showed a trace of excitement and madness.

"Presumably the president has recognized me! Jie Jie, it doesn't matter, my purpose of coming to the Bounty Hunters Association branch this time is very simple. I just want to increase my bounty ten times! Directly to 100 A seven-level corpse crystal, and I need you to expose my whereabouts to all bounty hunters, and let them come to me and hunt me!"

"Jiejie, this game is not bad! I can't wait to feel the thrill of being besieged by so many bounty hunters. Hahaha!"

"Oh? When did a level five bounty hunter appear in Sunset Fortress, Li Tian? A familiar name! Let me think about it, where did I hear this name?"

"Oh, I remember. It was the little guy who killed the Dragon Organization! I didn't expect that he had the strength of a level five bounty hunter! I couldn't help but want to shoot him! Jiejie!"

"Mr. Red Wolf, I have fulfilled your requirements! Do you have any other requirements?" The president of the Bounty Hunter Sunset Fortress Branch did not dare to look at the perverted man in front of him, lowered his head and said in a low voice .

Watching the president of the Bounty Hunter Sunset Fortress Branch increase the Red Wolf's bounty in the computer to one hundred seven-level corpse crystals, the Red Wolf's face showed a happy expression and said, "Will you make up a woman this time? Come and play with that kid Li Tian? Jie Jie, it is quite pleasant to think of!"

"Ding!" In the lobby of the Bounty Hunter Sunset Fortress branch, a new bounty message appeared on the huge LCD screen.

"Reward target: Red wolf, reward amount: one hundred seven-level corpse crystals. Task requirements: kill the red wolf and bring the head of the red wolf to the bounty hunter organization. Reminder: the red wolf will appear in three days In Fancheng, one hundred kilometers southwest of the Sunset Fortress. Warriors, please prepare actively."

Seeing this bounty message, some bounty hunter squads surrounding the screen immediately started talking about it.

"It turned out to be Fancheng. The zombies on the periphery of that city are all level two or higher. For small bounty hunter teams like ours, it's enough to go to the periphery for a little play."

"Yes, I heard that in the inner city of Fancheng, there are almost all zombies above level 4 and 5. I heard that zombies above level 6 and 7 have appeared!"

"What's weird about this, after all, Fancheng was a big city with a population of one million before. There are millions of zombies in a city, and there is nothing strange about having high-level zombies!"

"Woo, a hundred seven-level corpse crystals, a lot of money! If we have this amount of money, it will be enough for us to spend our lives in the sunset fortress!"

"Then you have to have your life to make so much money, and you have to have your life to spend! Don't you have not done anything to the Red Wolf, you have become the Red Wolf and have been slaughtered by the Red Wolf!"

"Probably only those five-level bounty hunters are qualified and capable to try this task!"

"Speaking of level five bounty hunters, I heard that our Sunset Fortress has newly certified a level five bounty hunter named Li Tian!" someone said.

"I really hope that Li Tian can take this task and win glory for our Sunset Fortress!" said a bounty hunter who hadn't met Li Tian and started to follow Li Tian.

"Don't dream! Maybe the target of Red Wolf is those high-level bounty hunters!"

Chapter 3207: Accept the task (1)

Li Tian naturally did not know what happened in the Bounty Hunter Sunset Fortress branch.

After finally staying in the hotel, Li Tian took a hot bath beautifully. After cleaning all the dirt on his body, he took a good night's sleep.

When I woke up, my whole body was shaking.

When Xue Ji left the hospital last night, Li Tian sent little Lori Xinyan to be her escort. This morning Bai Jing took the initiative to ask Ying to accompany Li Tian to the hospital.

Walking from Affairs Street to the Sunset Hospital, although not very far, there is still some distance.

The sun rises in the east, and the weak sun shines on the ground, and the people's hearts are warm.

Looking at the spacious roads of the sunset fortress and the prosperous shops on both sides of the street, Li Tian thought to himself that when this mission is completed and the prisoners set up a clinic here, then Bai Jing and others will have the ability to protect themselves. At least it will not fall to the point where Wang Rui is like the Supreme King.

Bai Jing followed Li Tian, looking at Li Tian's back, there was a warm feeling in his heart. Bai Jing felt that even if the man in front of him never wanted himself, as long as he could see his back and feel his body temperature, heartbeat, and breathing, this was a kind of happiness.

"Bai Jing, when I complete this task and get the reward, you will have a place to stay in the Sunset Fortress. Then the captive will be responsible for opening an outpatient clinic, and you and the barbarians will be responsible for fighting. The other children are also seeking a place in Sunset Fortress. Working. For you, I'm relieved!" Li Tian looked back at Bai Jing and said.

Bai Jing was taken aback and stopped.

"What's the matter? Isn't this the life you have been looking forward to? Although I can't let you live a rich life, but as long as you work hard, life will not be miserable. At least at Sunset Fortress It's much safer than the previous town!" Li Tian saw Bai Jing stop, he stopped too, walked a few steps back, touched Bai Jing's head and said.

"Brother Tian, are you thinking about leaving us?" Bai Jing said reluctantly.

"Stupid girl, don't leave for now, at least I will leave after you are all settled! I'm sorry I lied to you when I met you. You should have seen it too, both Situ Ningbing and Xueji It's my woman, but I have two other women who are missing now, and I must find them. Therefore, I can't stay in the Sunset Fortress for too long!" Li Tian said bluntly.

Bai Jing bit his lip lightly, thinking in his heart that there are other women in Brother Tian's heart.

Immediately, Bai Jing felt a moment of sadness. Li Tian could hold so many women in his heart, but why couldn't he hold another Bai Jing?

Could it be that Bai Jing is really unbearable?

I remembered that Li Tian took care of Xue Ji almost every step after Xue Ji fell ill. In order to heal Xue Ji, Li Tian immediately led everyone to the Sunset Fortress, also to heal Xue Ji, Li Tian could bear Wang Qiang. Bai Jing's heart felt sour after repeated insults.

How Bai Jing hoped that the sick and injured was herself. Bai Jing didn't dare to ask too much. Even if Li Tian could hug her for a while and could say a few words of relief, Bai Jing was already satisfied.

"Silly girl, are you okay?"

Seeing Li Tian looking at him with strange eyes, Bai Jing immediately smiled, drove off all Li Tian in his mind, and put his arm around Li Tian's arm and said: "It's okay... Let's go quickly, don't let the snow Sister Ji has been waiting for a long time!"

When she came to Xue Ji's ward of the hospital, Xue Ji was already awake, and Xin Yan was sitting in front of the bed while cutting a fruit while chatting with Xue Ji.

"Where did the fruit come from? I was careless, but I forgot to buy some fruits and flowers!" Li Tian said embarrassedly.

"Dean Huang sent it here!" Xinyan thought of the respectful expression of the people sent by Dean Huang towards her, her face filled with a happy smile.

"Then I have to thank Dean Huang later! Xinyan, take care of the whole night, too tired. Go back to rest soon, let Bai Jing do you." Li Tian said.

"I'm not tired at all, I actually like to smell this smell in the hospital, hehe! Please Brother Tian don't drive me away!" Xin Yan said coquettishly.

"Okay then! But pay attention to rest! If you are tired, Brother Tian will feel distressed!" Li Tian said with a smile.

Xin Yan blushed and buried her head deeply.

"Goddess, how do you feel?" Li Tian sat beside Xue Ji, stretched out her hand and asked gently.

Xue Ji nodded and said, "It's better, just now the wound is numb and itchy! What hidden weapon was used by the doctor yesterday? I put a needle in my leg and I lost consciousness in my leg!"

Xue Ji's memory of yesterday's operation only stayed before the anesthesia injection, and asked suspiciously at this time.

"Hidden weapon? You are talking about anesthesia needles!" Li Tian said with a smile.

"Anesthesia needle? What a magical hidden weapon!" Xue Ji said with a puzzled face.

Bai Jing was a little puzzled, whether Xue Ji was a human being on earth, even people in the most remote and backward places on earth should know the anesthesia needle.

Is Xue Ji pretending to be stupid? By the way, men like those silly girls. Should I study like Sister Xue Ji?

That's it. Recently, I have to take care of Sister Xueji more and learn from Sister Xueji how to grasp Brother Tian's heart.

Humph, Li Tian!

Li Tian didn't have any special functions. He really didn't know that Bai Jing's ideals were so complicated. If he knew that Bai Jing's mind was like this, Li Tian would definitely be happy to blossom.

It doesn't need you Bai Jing to make so much effort. I, Li Tian, just lay on the bed and let you do it.

After chatting with Xue Ji for a while in the ward, Li Tian retired.

I went to Dean Huang's office to find Dean Huang and wanted to express his gratitude, but Dean Huang was not there. It seems that I have to thank you again next time.

"It's better to go early and pick up Dean Huang's bounty mission, so that he can rest assured. Prepare to leave tomorrow." Li Tian came out of the hospital and asked as he walked all the way, and came to the bounty hunter sunset. Fortress branch.

The Bounty Hunter Sunset Fortress branch was prepared by Sunset Fortress and managed by the branch president of the Bounty Hunter organization.

The branch is located on the main street of Qinglong Avenue. The emblem of a rifle and a long sword is hung outside the magnificent building. From a distance, the whole building gives people a majestic and magnificent feeling.

In the square in front of the branch, the bounty hunters of each team were holding various weapons in their hands, bodies, and backs, and shuttled back and forth in the crowd.

"Boy, what are you looking at?" a brawny man with a three-star bounty hunter badge, carrying a big knife, knocked Li Tian staggered, and then stared at Li Tian condescendingly.

Chapter 3208: Accept the task (2)

"I'm sorry, I didn't look at anything!" Although Li Tian was staggered, he did not fall. He apologized to the strong man with the attitude that more is worse than less. .

"What are you looking at if you didn't look at it?" The strong man was reluctant.

"Okay, that's it!"

Li Tian smiled, without intending to entangle the strong man, turned and left, and walked towards the branch.

"I hit someone and was apologized for being paralyzed, and want to leave?"

Li Tiangang took two steps, but was directly grasped by the strong man from the stretched hand, and the strong man's hand moved so much that he almost pulled Li Tian down!

Li Tian finally got angry!

"Let go of your paw and apologize to me. I can assume that nothing has happened, otherwise the consequences will be at my own risk!" Li Tian said coldly.

The brawny laughed, but he grabbed Li Tian's shoulders hard, and said with a smile: "Apologize, you **** apologize to the bounty hunter who made soldiers near the city? My ears didn't get it wrong, right!"

At this time, seven or eight bounty hunters had gathered around. After seeing Li Tian and the brawny man, these bounty hunters began to talk about them.

"This young man, I don't mind if you apologize to him! The soldiers are in the three-star bounty hunter corps. At least half of the bounty hunters in their corps are level three or above. You can't afford to offend !" A young bounty hunter spoke to persuade him.

"There isn't a big deal at all, both of you should step back! If the soldiers who provoke the sunset fortress step in, things will not look good!" An old man urged.

"The commander of the Bounty Hunter Corps under the Binglin City seems to have a pretty good relationship with Captain Li, who is responsible for security on Qinglong Street. Even if the soldiers from the Sunset Fortress step in, it will not do you any good. You should be soft and apologize!" Said a man who knew the strength of the Bounty Hunter Corps under the city.

The brawny laughed loudly: "Kid, do you understand. We are not a small corps under the soldiers, but we are one of the alternate corps of the sunset fortress. If you are sensible, apologize to me and take out dozens of corpse crystals to compensate me. , I can let you go! Otherwise...huh!"

The strong man sneered.

"What if you refuse?" Li Tian stretched out his hand to open the paw of the strong man, and said with a sneer.

"Reject? Hahaha, in the sunset fortress, there are not many people who dared to refuse our soldiers coming to the city, but you are not included!" As the strong man squeezed his knuckles, he bounced, showing a fierce expression, Li Tian walked over slowly.

The corner of Li Tian's mouth turned up slightly, revealing a cold sneer.

This sneer completely angered the strong man, and the strong man rushed up with his fists.

Regardless of the strong body of the strong man, but the movements are not slow at all, a punch is blasted toward Li Tian's face, Li Tian can feel the wind on the strong man's fist is a bit painful. This shows that this brawny man does have some abilities.

Li Tian stepped back several steps in succession, while the strong man attacked forward several times in a row.

"call!"

"call!"

The brawny man's movements are not slow, Li Tian's movements are faster, dodging left and right, backing a few steps in a row, easily dissolving the brawny's attack.

The strong man felt that he could attack Li Tian every time he punched, but he would easily avoid him every time. The brawny man hasn't noticed that Li Tian's strength is stronger than him. There is only an illusion in his heart. Every time it's a little bit different, and then a little bit closer. As long as he punches a little bit forward next time, he will definitely be able to beat him. This kid is full of peach blossoms.

"You are paralyzed, don't hide if you have the ability, let Lao Tzu teach you a good lesson!" The strong man attacked a dozen punches in a row, but was completely missed by Li Tian. He couldn't help but feel a little worried and shouted.

In the process of avoiding Li Tian, there was a kind of understanding in his heart, and the familiar feeling in his body became more and more obvious. Yes, it is Xuantian fingering.

After returning to Earth, Li Tian tried his own exercises, but found that it might be due to some discomfort when he came back, and all the exercises such as Xuantian **** were not displayed.

Later in the village of Eji, Li Tiancai began to gradually recover his ten tactics sword qi, but compared to Li Tian at his peak, the current ten tactics sword qi was still somewhat different.

Now, after a month of adaptation, after the warm-up exercise just now, Li Tian feels that his Xuantian **** should be able to be displayed.

Li Tian felt that Xuantian's **** began to have a feeling of eagerness.

"Okay! Complete you!" Li Tian shouted, facing the brawny man with a punch in front of the door, Li Tian flicked the brawny man's arm slightly with his right hand.

Xuantian fingering, Li Tian bent his right middle finger, flicked it, snap! A sound hit the strong man's right arm.

The brawny man only felt his arm being poked by Li Tian, and his arm immediately began to numb.

As a result, the brawny man was shocked, not daring to pursue Li Tian, quickly stopped, took a step back, and looked at Li Tian vigilantly.

The strong man's arm was still in a state of numbness, and he smashed his arm casually. The numbness did not disappear.

"Is it acupuncture?" The strong man looked at Li Tian with some surprise in his heart.

As for Li Tian, he was also stunned at this time. He thought that Xuantian's **** had returned, but he didn't expect that the power of Xuantian's **** would not be as good as before, let alone using **** to kill people, it would be difficult to point people acupuncture. Do it.

"Boy, leave your name! I, Huerle, will come to ask for justice later!" The strong man called Huerle, and he said softly when he could not beat Li Tian.

"Just want to go? Either you apologize like me and pay me dozens of corpse crystals, or I will abolish your arm!" Li Tian was angry at this time, how could he easily let Hu'erle leave.

Huerle hesitated a bit. Now he knew he was not Li Tian's opponent at all, but he could not do so by asking his mercenaries who were standing in front of the city to apologize to Li Tian and compensate the corpse crystal.

"Forget it! Young man, since you didn't suffer, let's just forget it! Besides, the Bounty Hunters under the Binglin City is not something you can offend!" The old man who had just persuaded Huerle turned around to persuade Li Tiandao.

"Haha, if it wasn't for my strength to protect myself, I apologized to him when he came to the city, would they easily let me go? Since they want to talk to me about strength when I talk to them politely, then don't want me to talk about strength You will be polite to me when you come." Li Tian said with a sneer.

Immediately, Li Tian's eyes were gloomy, and he slowly walked towards Huerle and said: "You are out of this corpse crystal, or are you not going out!"

"I'm out!" Huerle saw Li Tian walking towards him step by step. Although he felt aggrieved in his heart, he took off the skin on his waist and threw it to Li Tian.

After speaking, Huerle turned and walked outside the club hall without looking back.

After Huerle turned and left, a tall, glamorous woman among the bounty hunters also turned and walked out.

Chapter 3209: Accept the task (3)

Walking out of the branch, Huerle looked back and found that Li Tian did what he said, but did not follow up. He let out a long breath.

"Boy, wait, wait until I return to Binglin City to find some friends to help! At that time, I will definitely let you kneel on the ground and beg for mercy!" Huerle said with a sneer.

"I'm afraid you no longer have this opportunity!" A man's voice suddenly sounded in Huerle's ear.

Huerle turned around alertly and found a delicate female face appeared in front of him, and the man's voice was exactly what the woman said.

"You..." Hu'erle wanted to say something, but he opened his mouth, but the woman in front of him put something into his mouth.

The stuff that was stuffed in was very silky. With a sound, Huerle swallowed it directly.

"What did you eat for me?" Huerle only felt sticky in his throat, and immediately felt a nausea in his heart.

"Good baby, just enjoy it slowly!" The coquettish woman said a word in Huerle's ear, then turned and disappeared into the crowd.

"No..." Huerle felt a strange thing squirming in his body, and then, Huerle felt a sharp pain in his stomach, as if the squirming thing had been bitten. His stomach.

Huerle let out a scream, and a stinking blood flowed from his mouth, and then Huerle knelt on the ground weakly and died.

"Dead!"

"Look, it's dead..."

"Isn't this the brawny man under the city who had a conflict with that kid in the meeting place? Why did he die when he came out?"

"Isn't he killed by that kid?"

"Who knows the man who is near the city, go report it quickly"

...

Li Tian sent Hu'erle away and continued to walk inside the branch venue.

The outer floor of this bounty hunter branch is like the ticket hall of a train station. On a wall, there is a huge electronic display screen. At this time, some tasks are constantly refreshing on the screen, and each task will be marked with a task. The content, the difficulty of the task, the reward of the task, and the level and number of bounty hunters required.

And those junior bounty hunters can only stand in the lobby, constantly looking up at the big screen, looking for tasks that suit them, and when they find that there are tasks that suit them, those who deal with bounty hunters immediately rush to the registration desk. Register and receive tasks.

After walking into the branch venue and crossing a piece of railings, there is a divided VIP area. This is more like the Internet cafe before. There is a sofa in front of each computer instrument. Some are single sofas, and some are more. People sofa. These computer instruments are separated one by one, forming a relatively independent space.

There are two ways to enter here. The first is to apply for a bounty hunter organization club card, which requires a one-time payment of twelve second-level spars. This club card is valid for one year. The other is that bounty hunters with level 4 and above can enter for free, which is permanent. However, just as the level needs to be assessed annually, if the bounty hunter level is not maintained during the next level assessment and falls below four stars, this right will be deprived.

When Li Tian came here, he was blocked by two staff members.

"Stop!" said one of the two blankly, pointing to the text on the guide board nearby.

The two have been working here for more than a year. They have seen too many newcomers who want to enter here rashly, but without exception, they will be scared off by the high card fees.

Therefore, after seeing Li Tian, both of them thought Li Tian was just a rookie. He didn't show Li Tianhao's face, he even lazily did the explanation, just pointed to the sign erected next to him.

Li Tian just remembered that his bounty hunter rank badge was pulled on another piece of clothing when he changed his clothes in the shower last night.

"I'm really sorry, my bounty hunter level badge is at home. I am Li Tian, a fifth-level bounty hunter, can I go in if I report my name?" Li Tian asked.

"Haha, you are the seventh guy to pretend to be Li Tian, a level five hunter this morning. If you know a little bit, stay away, don't make us angry!" said one of the men.

Although I was rejected, Li Tian was still complacent, thinking in his heart, I didn't expect that Li Tian had just come to the Sunset Fortress two days ago, so I would have such a great reputation, and someone pretended to be Li Tian.

Li Tian chuckled, with a smile that he thought was beautiful and said: "I really am Li Tian. I am completely different from their fake guys!"

"I'm Li Tian, look, there is still my previous ID card here? I really forgot to bring my badge!" At this time, a man of the same age as Li Tian was holding an ID card facing two people. Said the man.

Li Tian took a closer look and found that the name on the ID card he was holding was Li Tian.

"Get away. If the ID card is still swimming now, what do you use the badge for? If you dare to tease the two of us, you will be at your own risk!" the man cursed unceremoniously.

"Haha, don't be angry, let's go now!" The man named Li Tian faintly pulled Li Tian and said, "Brother, let's go! Let's take the task outside honestly! There are those who have money inside. Only those with strength can enter!"

"But I'm really Li Tian!" Li Tian said depressed.

"Yes, no one said that you are not Li Tian. I am also Li Tian, and there were seven or eight Li Tian just now." Li Tian said with a smile.

"You can't just leave! Follow me, I must go in! Isn't it just twelve second-level corpse crystals! I can still pay!" Li Tian didn't want to go back and get a bounty hunter level badge again, Said.

"Hey, you are so awesome, as if you are really Li Tian! If I didn't know you were not Li Tian, I would really believe it!" Li Tian said with a disdainful smile.

"If you want so much money, you still need to pretend to be Li Tian. Even if you are Zhang San Li, Si Wang Er Mazi, as long as you have money, you can apply for a meeting card. They will stop you from entering?" Li Tian continued.

What Li Tian said seemed to make sense, but Li Tian was speechless.

"Wait, I'm going to apply for the card. I want to slam the card on their faces so they dare to stop me from entering!" Li Tian said to the cottage Li Tian.

Seeing Li Tian turn around and go to the front desk to apply for the meeting card, the cottage Li Tian said with a helpless expression: "Hey, this person must die if he doesn't brag! I'm not stupid, and I have to wait for you here. !"

Chapter 3210: Accept the task (4)

When Li Tian returned to the VIP area, the cottage Li Tian had disappeared.

Li Tian didn't care either.

Looking at the club card presented by Li Tian, after swiping the card, the two men did not dare to stop Li Tian.

Seeing Li Tian swaggering in, one of the men said, "That kid wouldn't be the real Li Tian, right?"

"How is it possible? If he is real Li Tian, wouldn't he not show his level 5 bounty hunter badge? He has to buy a club card for Huashijing, is there something wrong with his brain?" Another man analyzed.

"That's right, but what if someone is rich and self-willed?" The man still said a little bit worried.

"It doesn't matter, you can check for a while and see what tasks he has taken, and then you can judge whether he is Li Tian or not."

After Li Tian entered the VIP area, he found an empty area and sat down.

Log in to his username and password and enter the bounty hunter mission system. Li Tian found out that he was a level five bounty hunter in this system.

Moreover, the system also reminds Li Tian of the range of tasks that can be received very humanely, and reminds Li Tian of the top tasks.

Open the list, Li Tian opens the number one task.

Reward target: Red Wolf, the third person of the Red Blood Organization.

Reward amount: one hundred seven-level corpse crystals;

Mission requirements: kill the red wolf and bring the head of the red wolf to the bounty hunter organization.

Reminder: The Red Wolf will appear in Fancheng, one hundred kilometers southwest of the Sunset Fortress, three days later.

Note: The bounty target Red Wolf is a seventh-level bounty hunter, who is a natural immune person, and has unknown abilities. The most recent battle of the Red Wolf was a duel with the gun ***** Han Gang and the male martial artist with a baton. Among them, the gun ***** Han Gang was seriously injured and the baton male was slightly injured.

Mission requirements: level five bounty hunter or level three or more bounty hunter team of 100 people;

Number accepted: 71.

Li Tian couldn't help but tremble when he saw this task. The gun ***** Han Gang and the baton male martial artist. Li Tian had seen them in the village of Forefoot. The strength of the two is still very strong. Strength, Li Tian can guarantee victory, but if one is two, Li Tianke is not sure of winning. However, the Red Wolf was able to fight one against two without falling into the wind, and also seriously injured Han Gang. Li Tian had to pay attention to this point.

To pick up or not to pick up?

Li Tian thought about it, but chose to give up.

One hundred seven-level corpse crystals are definitely a great fortune, much richer than the courtyard of the sunset fortress provided by Dean Huang.

But the difficulty of the task is too much too much. Just let the guys who want money and don't die to pick it up!

Li Tian opened the second-ranked task.

Mission objective: Level 6 zombies;

Reward amount: a set of sunset garden villas, a sixth-level corpse crystal. Additional reward: 10,000 bounty hunter points.

Mission requirements: capture any level 6 zombie alive and return to the Sunset Fortress Zombie Research Institute;

Reminder: There are six-level zombies in Fancheng, a city with a population of one million people closest to the sunset fortress. Because the sixth-level zombies have strong attack power, you need to bring your own cage!

Note: There are many zombies in Fancheng, and the level of zombies in the city is basically above level 4.

Mission requirements: five-level bounty hunter or a three-star or higher bounty hunter team.

Number accepted: 101 times.

Li Tian was still a little surprised to see this amount. He had already been accepted one hundred and one times, but no one could complete this task. No wonder this task has been suspended in this system for more than a year.

Li Tian chose to accept this task without hesitation.

Li Tian took another look at the third-ranked mission. After seeing this mission, Li Tian's eyes lit up. This is an object-finding mission. The mission was released a month ago.

The mission location is also Fancheng, which is to let people find a folder left by the owner in a room of the Fancheng Xuri Building.

The reward for this quest for finding objects turned out to be a weapon.

Yes, it is a weapon.

The photo of this weapon was also posted to the system.

But when he saw this weapon, Li Tian first thought of the barbarian. Because this weapon turned out to be the Azure Dragon Sabre.

It may be because the reward for this task is not the corpse crystal but the Azure Dragon Sabre. This task has been released for a month and no one has accepted it.

Li Tian accepted this task without hesitation.

Li Tian took two missions, both of which were located in Fancheng. When he thought that the location of the first mission was also Fancheng, Li Tian had a big head.

The Red Wolf appeared in Fancheng, and there were so many bounty hunters and bounty hunter teams in the sunset fortress who took on this task.

It's really people who die for money and birds die for food.

Li Tian looked for a few more tasks, and other tasks were not suitable for Li Tian to accept.

Log out of his account password, Li Tian walked out of the VIP area.

Seeing Li Tian leaving the VIP area, the two men responsible for guarding the entrance of the VIP area immediately opened the backstage and checked. Seeing the two tasks that Li Tian accepted, the two immediately confirmed Li Tian's identity.

"He turned out to be Li Tian! That's the newly promoted level 5 bounty hunter!"

"Why didn't he take the number one task? That task is the most important task! And the amount of reward is amazing enough!"

"Perhaps he is self-aware! After all, Red Wolf is a seventh-level bounty hunter. Whether it is level or strength, he should be crushed!" The two guessed.

Shanzhai Li Tian just took a task and just passed by the VIP area. They saw Li Tian coming out of the VIP area, and the two looked at each other. Shanzhai Li Tian immediately rubbed his eyes and looked at Li Tian's back in disbelief.

"Damn, isn't this kid really Li Tian? Impossible! I must have read it wrong!" Li Tian thought in his heart.

"Li Tian?" The cottage Li Tian was thinking wildly, and heard someone calling him behind him.

"Who the **** called me?" Shanzhai Li Tian turned around and had just said half of the words, and immediately swallowed the rest.

Shanzhai Li Tian saw more than a dozen men wearing uniforms approaching the city, staring at him wickedly, as if Li Tian was their father and enemy!

Among them, the eyes of a few men were full of anger and hatred. Looking at their expressions, they wished to rush over and smash the corpse of Li Tian in the cottage.

Shanzhai Li Tian involuntarily took two steps back.

A man with a mustache and a mole on his right eyebrow came out and looked at the man with a three-level bounty hunter badge on his chest. The man in front of Li Tian in the copycat was already a three-star bounty hunter. .

Shanzhai Li Tian involuntarily swallowed his saliva and said, "I don't know how many big brothers are there!"
