

A Killer 3231

Chapter 3231: You have been surrounded (3)

"Fire... rockets!" The barbarian swallowed in fright, stuttering. .

Li Tian is also a bit big.

In this case, unless Li Tian abandons the barbarian and runs away by himself, no matter how strong he is at this time, how can he be able to beat the rocket attack and take the barbarian out of here.

Moreover, there are two people, Situ Ningbing and Bai Jing, upstairs. If a rocket attack causes an explosion or fire, this is beyond Li Tian's control!

Li Tian stood up slowly, "Red Zhan" was already in hand. Since there is no way to escape, then solve it head-on. If any of the Barbarian and others have three long and two shortcomings, Li Tian will not hesitate to use "Red Slash" to cut a blood path.

Li Tian walked slowly to the gate of the commercial bank, and the captain followed him like a child.

"I think this is a misunderstanding!" Li Tian said: "At the time I went to the Bounty Hunter branch to take up the task, and accidentally clashed with Huerle, but our fight was only to the end, and each other did not hurt each other. How can it be said that I killed Hurle? Now, Sumari used a trick to trick us here, and even attacked the barbarian and injured the barbarian. I think this misunderstanding is enough to be wiped out!"

"Misunderstanding? Written off? Haha! Don't even say that we are coming to the city with a large number of people and bullying you. Now, as long as you can beat the knife in my hand, I can give you a chance to explain the misunderstanding, and I can also give you a chance to write off! "Li Zheng picked up the long knife in his hand and said coldly to Li Tian.

Li Tian could see that all the people in this army are all the same. They think they are chivalrous, but in fact they bully the weak. Only they make rules and they don't allow others to justify. The explanation was unnecessary. Li Tian only hoped that when he was fighting with Li Zheng, Situ Ningbing, Bai Jing and the barbarians would have a chance to escape here.

Li Tian raised his arm, crossed "Red Cut" across his chest and said, "Good! Let me, Li Tian, tell you, if I, Li Tian, want to kill someone, how simple it is, there is no need to play that kind of tricks!"

However, at this moment, a sudden change occurred, and one of the soldiers under the city ran over in a panic, and said to Li Zheng: "The commander, that daughter was not caught, and...and..."

"And what?" Li Zheng said angrily at the man.

"That woman is out of sight, we can't find her at all, and the other brothers who sent to catch that woman... are all dead!" the man said in a little horror.

"Dead! It's all ***** trash. You six took guns to catch a woman. Five people died, and you let the woman run away. Are you trash?" Li Zheng kicked the man away angrily Said.

Hearing this news, Li Tianxuan's heart finally landed, and the strength of the two-dimensional gradually began to show. Over time, Li Tian believed that the strength of two-dimensional,

barbarians, and Li Dan would gradually show up. At that time, even if there is really no Li Tian, they can live by themselves.

"Li Tian! You and your people have killed six of us in a row. What can you say now?" Li Zheng said angrily with a wave of a long sword.

A helpless smile appeared at the corner of Li Tian's mouth. What Li Zheng said when he was near the city was the logic of robbers. You are going to kill people, and you don't allow others to resist. When others resist and kill you, they become other people's.

Li Zheng also understood that he would have to pay it back sooner or later.

Since they can pull out the entire organization under the soldiers to hunt the Red Wolf, they have been prepared for sacrifice. However, this sacrifice can only be accepted when dealing with the Red Wolf. As for Li Tian, who has just been promoted to the fifth level. Bounty hunter, Li would never allow it.

With a wave of a long knife in Li Zheng's hand, he said to the short fat man carrying a rocket launcher: "Fat Dun, the rocket is ready to be launched! I want Li Tian and his people to die here one by one, for our brothers to bury them!"

Funeral? I don't know who will be buried with whom!

Li Tian's "Red Cut" had flown out, however, the bullet of Bai Jing's sniper rifle was faster than Li Tian's "Red Cut".

As soon as Fat Dun squatted down, a gunshot sounded on the second floor of the Commercial Bank Building. With this gunshot, a bullet hole appeared in Fat Dun's brow carrying the rocket launcher, and Fat Dun immediately fell softly to the ground.

Now that Li Tian's "Red Cut" flew out, how could he come back empty.

A red light flashed, and a bounty hunter beside Li Zheng became the dead soul of Li Tian's "Red Slash"!

"So fast knife shadow, so sharp blade" This bounty hunter only had such a thought in his head, and was immediately cut by "Red Slash"!

"Da da da!" The gunshot sounded, and the man behind Li Zheng holding the automatic rifle swept wildly at Li Tian. Suddenly a figure appeared in front of Li Tian, blocking Li Tian, the captain!

Although the captain was under Li Tian's control, the captain only listened to Li Tian's order and tried not to speak as much as possible, to control the nature of the zombie, and not to hurt people. But Li Tian did not expect that the captain would spontaneously block bullets for him in such a crisis.

"Da da da!" The automatic rifle bullet made several bullet holes in the captain's body, and the captain fell heavily to the ground.

However, Li Tian took advantage of the gap where the captain blocked the bullet for him, retreated sharply, and hid in the door of the commercial bank.

When a fat man fell down, another bounty hunter who was approaching the city immediately stood up. The bounty hunter picked up the bazooka that had fallen on the ground, and had not resisted his shoulders. The sniper rifle on the second floor of the commercial bank sounded again. .

"Bang!" With a sound, the bounty hunter also died straight.

"Da da da!" The bounty hunters under Bing Lin immediately launched a full counterattack, and the bullets hit the glass door of the commercial bank like raindrops. The glass on the glass door shattered to the ground.

"Da da da!" The glass of the windows facing the street on the second floor was also shattered. This is the advantage of soldiers approaching the city. There are many people and guns. When soldiers approach the city, they retreat and counterattack, which can completely suppress the sniper rifle on the second floor of the commercial bank.

Another male bounty hunter rushed to the side of the rocket launcher, trying to launch an attack with the launcher, but he was greeted by a red light. Like the bounty hunter just now, he was also cut by the red light.

This was repeated three times, and no bounty hunter dared to pick up the bazooka. In this way, although Li Tian and Manzi were blocked in the building of the commercial bank, at least there was no danger for the time being.

Chapter 3232: Red Wolf Appears

Li Tian's "Red Slash" shouldn't worry about being attacked by bullets at all. Seeing Li Tian's finger, Li Tian could counterattack unscrupulously. .

"Huh!"

"Huh!"

Every time a red light flashes, a bounty hunter screams, and his life will be "red cut"! Coupled with Bai Jing's sniper rifle shooting on the second floor, Li Tian had the upper hand for a while.

Situ Ningbing had also rushed down from upstairs and counterattacked with a pistol.

Situ Ningbing did not lose the true qualities of a killer, much better than Li Zheng's marksmanship of the bounty hunters under the city. Situ Ningbing's also continued to harvest the lives of the bounty hunters under the city.

"What's the matter?" Li Zheng was a little dizzy after being beaten.

Just now, there was still a one-sided overwhelming trend, how suddenly the wind changed, not only did not surround Li Tian and others, but was madly counterattacked by Li Tian and others.

What's the situation with that sniper on the second floor? The marksmanship was surprisingly accurate. Almost every shot would kill the life of a bounty hunter who was approaching the city. Although Li Zheng's people were also fighting back, they did not have a good effect.

And what happened to that blood red blade flying in the air? Every time a red light flashed, a soldier approaching the city would be cut in half or cut in half. Li Zheng no longer wanted to say anything about the sharpness of this strange blade. But why is this blade floating in the air? Could it be that someone is using Qi to guard the sword?

This is totally unscientific!

"Su Marie, tell me, what's the matter with the red blade?" Li Zhengsu asked, pulling down beside him.

Su Marie said with a bit of embarrassment: "This blood-red blade is Li Tian's weapon. I have seen him holding this weapon with my own eyes. But...but...I have never seen Li Tian make a move! "

"What? You haven't seen Li Tian make a move?" Li Zheng was completely shocked this time.

"Yes, during the two days and one night I was with them, only Barbarian, Two-Dimensional, Bai Jing, and Situ Ningbing had shots. When Li Tian was practicing the exercise that night, he almost became crazy and was already injured. This morning, when Li Tian and Situ Ningbing were rescuing the little girl, Li Tian's injuries were even more serious. Li Tian's injuries were what I saw with my own eyes! So I never put Li Tian in my eyes. In addition to Li Tian, I personally think that the strength of the Barbarian should be the strongest, followed by Bai Jing, so I chose to attack the Barbarian first. The Barbarian is also injured." Sumari said.

"The barbarian is the strongest? How about two-dimensional? Then a girl has killed five of us, what about the sniper Bai Jing? She has killed at least three or four of us. Now no one dares even a rocket launcher. Go and pick it up! And Li Tian, who has almost no sense of existence in your eyes, what's the matter with him? How can his weapons fly? Is he a legendary god? Will he use his Qi to defend his sword?" Li It was almost out of control.

Li Zheng felt that they were kicking on the steel plate this time, and the steel plate was thick and hard. There hasn't been such a fight, the soldiers will be killed and injured in the city, but come to see Li Tian and the others? In addition to killing a worthless little girl, it was just a sneak attack and injury to the barbarian.

"No! Zhang Kai, you take a few snipers to lurking upstairs on the opposite side, and you must kill the Bai Jing on the second floor opposite to me. Summary, you bring ten brothers and bring me back 2D I have to see what choice Li Tian will make when I pull the two-dimensional under the gun!" Li Zheng said coldly.

Zhang Kai is a sniper who is approaching the city and has a talent for sniping. Therefore, when this is important, Li Zheng immediately thought of Zhang Kai.

Zhang Kai immediately took a few people with sniper rifles and sneaked into the building opposite to the commercial bank, while Su Marie took ten bounty hunters to find 2D.

The building opposite the commercial bank is a life insurance company. This building has the same height as the commercial bank on the opposite side, and both are four stories high. After Zhang Kai returned to the building again, he quickly walked to the fourth floor.

Zhang Kai arrived on the fourth floor panting. The fourth floor was the insurance company's conference room. The window facing the street in the conference room was just across the street, including the second floor and part of the lobby on the first floor.

As soon as he boarded the fourth floor and opened the door of the conference room, Zhang Kai seemed to have seen him succeed in Bai Jing and attacked Li Tian. He seemed to have seen his bright future in the city.

"Jie Jie! It is really disappointing that Bing Lin is so wasteful! But Li Tian gave me a surprise, Jie Jie! Especially his weapons, which is really eye-opening!" Red Wolf felt his heart. The blood began to boil, and at this time he was eager to fight with Li Tian.

"Boom!" With a sound, the door of the meeting room was knocked open. Zhang Kai saw that there was an enchanting woman sitting in the chair of the meeting room. This woman was very enchanting and a little enchanting.

By the way, the clothes this woman wore can be said to be extraordinarily coquettish. A pair of strong and full white rabbits almost broke their clothes and jumped out!

How can it be said that there is such a woman in the meeting room of the last days?

"who are you!"

Wow, and Zhang Kai almost partly rushed to the fourth floor one after another. The snipers who opened the door of the meeting room raised their sniper rifles at the same time and aimed them at the red wolf.

"Hahaha! Kids, haven't you been looking for me all the time? What? Now that my sister is by your side, don't you even recognize it?" The red wolf pulled out the curved blade stuck in his leg and said with a smile.

The sound from this enchanting woman's mouth turned out to be a crude male voice. Once heard this sound, Zhang Kai and others immediately understood.

"Red Wolf!"

The woman in front of her turned out to be a red wolf, and the ever-changing red wolf would appear here.

There was some fear in Zhang Kai's heart, but more of excitement!

If the Red Wolf can be killed in this conference room, then Zhang Kai's name can be resounded in the Sunset Fortress. Maybe Zhang Kai might enter the core of Sunset Fortress and become a respected and admired core cadre.

"shot!"

When Zhang Kai said these two words, his hand had already pulled the trigger of the sniper rifle without hesitation. Zhang Kai and the Red Wolf are no more than ten meters apart, and Zhang Kai's sniper talent is beyond doubt. Zhang Kai believes he can kill the Red Wolf with a single shot.

"Bang!" A gunshot sounded.

As Zhang Kai had expected, the bullet directly penetrated the red wolf's abdomen, and then nailed it to the wall!

"Successful?" Zhang Kai looked at the shot Red Wolf in disbelief.

"It's interesting, hehe! My blood is already burning!" The red wolf touched the blood from the bullet hole with his hand, then licked the blood on his hand with his tongue, and said excitedly.

Chapter 3233: The strength of the red wolf

"How could this be?" Zhang Kai couldn't help but said in shock when he saw that the body of the red wolf that had been pierced by the bullet began to heal slowly.

I saw the muscles of the Red Wolf wriggling like a small worm, and finally the wound disappeared completely, and the Red Wolf as if it had not received any damage, slowly walked towards Zhang Kai and the others.

"Impossible! Shoot her to death! Start!" Zhang Kai had already raised the sniper rifle and aimed at the head of Red Wolf.

However, it was impossible for the Red Wolf to give Zhang Kai this kind of opportunity. With a hard effort on his feet, he was in front of Zhang Kai almost instantly.

"Puff!" With a sound, the curved blade in Red Wolf's hand directly chopped off Zhang Kai's hand holding the sniper rifle, and let the blood spray on his face.

"Hahaha! It's so cool!" Chi Lang stretched out his hand frantically to pinch Zhang Kai's neck, lifted Zhang Kai up, and laughed loudly.

The other snipers who saw this scene didn't even care about their guns, dropped their guns, turned around and started to escape.

As several people were crowded with each other, several people actually fell down the stairs at the same time. One of the men rolled down the stairs and fell down, hitting one head against the wall, and the head that was hit directly blossomed, and the dead could no longer die. .

Several other people also fell with swollen noses, broken arms and legs.

However, these people hadn't awakened from the dizziness before they found that Red Wolf had walked down the stairs in two steps and came to them.

"You can't run away! Let me be happy!" The red wolf stretched out his tongue and licked the blood on the cheek of a battered head, and said excitedly.

"No! Please let us go!" The mercenary who was near the city was almost scared to pee, crying and begging for mercy.

Hearing Binglincheng's begging for mercy, a trace of boredom appeared on Chi Lang's face, and said with a sneer: "This is the spirit of Binglincheng. It's really laughable. When the fight is over, you will be proud and begging for mercy if you can't! What use is it to stay in this world!"

"Huh!"

"Huh!"

"Huh!"

A few knife shadows flashed past, and several snipers who were approaching the city slowly fell to the ground in panic, staring at the red wolf with unsatisfactory eyes.

...

Sue Marie discovered that she was not looking for a person at all, but more like a ghost, an undead.

Sue Marie often saw the shadow of 2D, but when Sumie led people to chase him, 2D disappeared, and the people who fell behind the enemy would suddenly be severely knifed or shot.

"I should really kill this woman first, not the barbarian idiot!" Sumary regretted secretly in her heart.

When she left Li Zheng, Su Marie took ten people with her, but after an hour passed, only four people around Su Marie were intact, three were injured, and the other three had died heroically.

Two-dimensional assassinated in succession, stabbing several times. At this time, two-dimensional hand's pistol had no bullets, only the army thorn was still glowing.

"I don't know how Manzi is now! But with Brother Tian, Manzi shouldn't have any problems." Two-dimensional thinking of Li Tian, he felt a little bit more powerful. She felt that as long as Li Tian was still there, there would be infinite possibilities in her!

Two-dimension looked at the army thorn in his hand, the blood on the army thorn hasn't dried up, and said coldly: "It's all to blame for this **** woman, we kindly saved her, but she was snake-hearted and wanted to attack us! Fortunately, Brother Tian has repeatedly attacked us! Remind me to be careful of this woman!"

"Now, they are coming to me again. It should be temporarily helpless to Brother Tian and them, so they want to find a breakthrough from me! It's a pity that you chose the wrong person. Even if my pistol has no bullets, I will leave you all behind. Here."

After speaking, the two-dimensional figure flashed, and quickly rushed into a building from behind a car, and immediately behind the two-dimensional figure rang out with intense gunfire.

...

Li Zheng felt that something was wrong, and Bai Jing's sniper on the second floor opposite was still so fierce, he had already attacked three players in a row. And Zhang Kai, who he sent out, hasn't responded yet. Could it be that Zhang Kai and the others had an accident? Li Zheng suddenly had such an idea in his mind.

Impossible, the building behind Li Zheng was the place where they hid before. They scanned almost everything in the building, not to mention zombies, even a zombie dog could not appear inside.

But Li Zheng's unpleasant feeling became stronger and stronger.

Li Zheng turned his head involuntarily, wanting to see the situation in the building behind him. He knew that even if he looked back, it was no use, because Zhang Kai had already entered the building, how could he see Zhang Kai!

However, when Li Zheng turned his head, he saw a coquettish woman walking out of the building behind the **** ground.

Zhang Kai must have suffered misfortune! So who is this woman? Li Zheng had already guessed the result, but he had no memory of the woman in front of him.

Suddenly, the woman smiled. As the woman's smile became brighter and brighter, Li Zheng felt that the woman's movements were getting faster and faster, "Huh!" "Huh!" A few steps, he appeared behind the other bounty hunters.

"Be careful..." Li Zheng wanted to remind the bounty hunter, but only halfway through what he said, he found that the woman had already killed the bounty hunter who had dealt with Li Tian and others with a single blow.

"Puff!" A blood splattered high, even on the woman's face.

But the woman didn't avoid the slightest, but licked the blood and went to kill the next target.

Li Zheng left Li Tian and Bai Jing and rushed towards the woman with his long knife, but he still took a step slower, and another bounty hunter fell softly to the ground.

"Animal! I must kill you!" Li Zheng said gritted teeth.

Li Zheng felt that he was fast, his moving speed had surpassed his limit, and his shot speed seemed to be faster. The woman barely reacted, and Li Zheng stabbed her in the chest.

But Li Zheng didn't stop. He drew his sword, stepped back, picking, stabbing, slashing, and chopping. He used a set of knives to be fierce and exquisite. With every cut, every time, Li Zheng's knife hit the key of the woman. .

With every cut, Li Zheng would feel the temperature and rain of blood brought out of the woman by the long knife. Li Zheng seems to have found the status at this time.

Li Zheng took the long knife, turned and kicked, kicking the woman directly out of seven or eight meters, and then said lightly: "You should not provoke an already angry level 5 bounty hunter."

In the next second, Li Zheng immediately became stunned.

I saw the woman with more than a dozen knives in her body, but she seemed to be okay, she slowly got up from the ground, and then stretched out the index finger of his right hand toward Li Zheng and shook it gently.

Chapter 3234: Run away

Red Wolf was very disappointed, quite disappointed.

This trip to the sunset fortress, including these days in Fancheng, disappointed him completely. Who are these people? With these native chickens and dogs, also want to kill the dignified number three Red Wolf?

Li Zheng was once a famous martial artist. After the end of the world, his martial arts finally came into use. After his continuous practice, summary. Li Zheng can now attack at least ten times in a row in just a few seconds.

And every time, it is often a fatal attack. If ordinary people meet Li Zheng, just give Li Zheng a chance and they will be surrounded by Li Zheng's stormy attacks.

But now, after Li Zheng's most proud set of combo attacks was finished, the woman in front of him was unscathed, and the woman was very dismissive of Li Zheng's attack.

Li Zheng finally realized that the woman in front of him is not a simple person, maybe he is in danger today!

Li Zheng took a few steps back in succession, and drew a distance of more than ten meters from the woman. He put the long knife across his chest and made a defensive posture. He stared at the red wolf with some caution, and said, "You are an evolutionary. What is the feast between our soldiers and you, why should we suddenly attack our soldiers?"

The red wolf laughed loudly: "Festival? No need! I just want to tell you that I killed the waste in Huerle! I killed the waste in Zhang Kai too! To kill you waste, do we still need to celebrate the festival?"

"You are not worthy!"

Hearing a rough man's voice from the enchanting woman in front of him, Li Zheng's eyes flashed with a light, and he said coldly: "Are you the Red Wolf? The third character of the Red Blood Organization, Red Wolf?"

Red Wolf nodded slowly, and said with a smile: "You are not the stupidest, but your strength has disappointed me too much. In addition to a few people like Jia Youlong, your Seven Swords Sunset Fortress has some small strengths. Besides, other so-called cadres have disappointed me too!"

"I was thinking that the five-level bounty hunters in Sunset Fortress should still have some strength. I went to the Bounty Hunter branch to increase my rewards and let you pretentious level five bounty hunters come. Fancheng besieged me. It's a pity that the strength of the fourth and fifth teams and fifth-level bounty hunters I met has disappointed me."

"When I think of you spineless wastes, living under the same sky as me and breathing the same air as me, I feel that my heartbeat is about to stop! Let me kill your wastes one by one. Right!"

After Li Zheng heard the Red Wolf personally say that he killed Huerle, he knew he had misunderstood Li Tian.

Now that he saw the true strength of the Red Wolf, Li Zheng also understood that it would be more fortunate for them to come to the city. And if you want to leave Fancheng alive, the best choice is to join forces with Li Tian.

Joining forces with the two powers and attacking the Red Wolf together might have a chance to survive.

After hearing what the Red Wolf said, the bounty hunters who were approaching the city gave up Li Tian and others, and aimed their guns and blades at the Red Wolf.

Li Zheng shouted to Li Tian, who was hiding in the lobby of the commercial bank: "Brother Li Tian! Before, I, Li Zheng, oversight. The misunderstanding was that you killed our soldiers and caused many misunderstandings. Li Zheng apologizes to you. This talent is the culprit, and I also ask Brother Li Tian to join forces with our enemies and join forces with us to kill this man, so as to wash away the grievances of our dead and injured brothers."

"Join together, hehe, this may be a good choice! Let's go together! Let me kill a good one!" The Red Wolf suddenly launched an attack, and a few steps came to a bounty hunter under the city. In the horrified eyes of this bounty hunter, he lightly waved the curved blade in his hand, and directly cut the man's throat.

"Gudong"

"Gudong"

The bounty hunter's throat had been severed, and blood kept flowing out of the wound. Before the bounty hunter had time to escape, he fell softly.

The Red Wolf attacking with all its strength, like a **** of death, kept reaping the lives of bounty hunters under the city.

"Li, what do you do now? The Red Wolf is a lunatic. After killing the people who are in the city, he will definitely take action against us. If we don't join forces with the city, I am afraid we are really in danger today!" Situ Ningbing walked to Li Tian's side Said.

As soon as the red wolf appeared and began to kill the bounty hunter who was approaching the city, Bai Jing, who was sniping on the second floor, knew that something had changed, and immediately rushed to the first floor lobby to meet with Li Tian and others.

Hearing Situ Ningbing's words, Bai Jing and Barbarian were also waiting for Li Tian's decision.

Li Tian heard everything that Red Wolf said, and Li Tian heard everything that Li Zheng said.

Li Tian didn't want to join forces with people like Li Zheng, but Li Tian didn't want to be the target of Red Wolf.

Today's situation is already obvious. Whether it is Li Tian or Li Zheng, there is only one enemy in this matter, and that is Red Wolf.

But Li Tian understood that the current Red Wolf was more terrifying than invulnerability, and there was no weakness at all. In this case, even if they joined forces, it would only delay time.

"Actually, you also understand that even if our two join forces, we cannot be the opponents of the Red Wolf! But we will be the next target if we are just standing under the city. Therefore, I want you three to listen clearly, and I will go out and join forces with Bing Lin. However, after I went out, the three of you immediately separated and fled! Don't allow any hesitation!" Li Tian said.

"Escape?" the three asked questioningly.

"Run away!" Li Tian gently hugged Situ Ningbing, kissed Situ Ningbing's forehead gently, and said softly, "Trust me, I will be fine!"

Situ Ningbing's expression was slightly stunned. Since Li Tian knew each other, Li Tian and her have rarely had such intimacy actions, and when Li Tian made this intimacy action, it showed that Li Tian was really aware There is danger.

Bai Jingdi turned her head again, feeling a little sour in her heart. At this time, she also hoped that Li Tian would treat her like Situ Ningbing.

If she did so, even if Bai Jing lost her life here, Bai Jing would feel worth it!

After Li Tian let go of Situ Ningbing, he took Bai Jing's hand, and in Bai Jing's expectant eyes, Li Tian handed Bai Jing's hand to the barbarian's hand, and said, "Barbaric, my good brother, take good care of him. Bai Jing."

Some tears flickered in his eyes, Barbarian nodded heavily.

Bai Jing looked disappointed, looking at Li Tian idiotically, tears were already in his eyes.

"Run away!" After Li Tian finished speaking, he rushed out with "Red Zhan" in his hand.

Chapter 3235: Li Tian shot

Seeing Li Tian rush out, Li Zheng's heart was finally at ease!

As long as Li Tian takes action, Li Zheng's chances of survival are much greater.

"Li Tian, join forces to attack the Red Wolf! Take down the head of the Red Wolf, and we will win you five to five points!" After seeing Li Tian rush out, Li Zheng rushed directly to the Red Wolf, and immediately followed him. , Shouted loudly.

Then Li Zheng shouted to the bounty hunters under Binglincheng: "Brothers, we Binglincheng has joined forces with Li Tian! Let's attack together, take down the red wolf, and share a hundred seven-level corpse crystals!"

Li Tian's strength is so strong, the bounty hunters who are approaching the city have the most say.

Seeing the head but not the end, the dragon uses the Qi to defend the sword, killing and invisible.

Seeing that Li Tian had also joined the battle, the bounty hunters who were approaching the city were immediately full of confidence, rubbing their fists, and rushing towards the red wolf.

Li Tiancai wouldn't pay attention to what this idiot said. He paid it back at this time, thinking about the bounty. I really don't know if Li Zheng is an idiot or treat others as an idiot.

Sure enough, the swords and guns of the bounty hunters who rushed up and screamed hardly occupied the body of the red wolf, and immediately became the fallen souls of the red wolf.

Li Tian didn't dare to be careless, as he came up with the strongest attack, "Red Zhan" broke out, like a flying sword, directly attacking the vitals of the Red Wolf.

"Puff!" With a cry, the Red Wolf did not evade "Red Slash", but accepted the full blow of "Red Slash" and made "Red Slash" pass directly through his abdomen.

"What a sharp demon sword! What a powerful swordsmanship with Qi! Not bad! Not bad! Li Tian, you really didn't let me down! My blood has begun to boil, let us fight happily!" Chi The wolf said with a big laugh.

The skin pierced by "Red Slash" in the abdomen of Red Wolf was healing quickly, but the irritating pain caused by "Red Slash" piercing the abdomen made Red Wolf very satisfied.

Seeing that the wound left by "Red Zhan" to the Red Wolf could heal quickly, Li Tian couldn't help but sink.

The monster like Red Wolf in front of him is more difficult to deal with than the others like Shelipu Ding, He Zhizhuo, and Baton Guy that Li Tian saw. Probably only the monkey guy from the Yin Yang gate can compete with Red Wolf.

But the difference between the monkey man and the red wolf is that the monkey man is resurrected from the dead, while the red wolf simply cannot be beaten.

Li Tian saw that after the blow, the Red Wolf was not hurt at all, so he immediately retracted the "Red Slash" and held it in his hand to block. After avoiding several consecutive attacks from the Red Wolf, his body kept moving back. !

Taking the opportunity of Red Wolf's attack to focus on Li Tian, Li Zheng used his proud stunt to attack Red Wolf continuously.

The Red Wolf only felt that Li Zheng was flying around him like a fly, which seriously affected his mood in the fight with Li Tian. He was about to kill Li Zheng with a knife, but he was shot in the arm. The impact of this gun happened to allow Li Zheng to escape the fatal blow. The curved blade in his hand slashed Li Zheng's arm, and a deep blood mark was shed on Li Zheng's arm.

"Get away!" The Red Wolf turned around and kicked, kicking Li Zheng away.

Li Zheng injured his arm and was kicked in the abdomen by the red wolf again, and his body flew back quickly.

"Bang!" With a sound, Li Zheng slammed into a scrapped car, half of his body had fallen into the iron sheet of the car door.

Li Zheng only felt the burning pain in his arm, and he didn't know how many bones had been kicked off all over his body.

"No, I am going to die! I will definitely die if this continues!" Li Zheng's heart became more and more panic.

"Yeah! I'm dead!" Li Zheng kept hypnotizing himself in his mind, and then he really tilted his head, closed his eyes, and sat on the ground motionless.

Hearing the gunshots, Li Tian turned his head abruptly and saw Bai Jing holding a sniper rifle, facing the Red Wolf. The barbarian was carrying a half machete, guarding Bai Jing's left, while Situ Ningbing held military spikes in both hands, the two military spikes crossed, and stood on Bai Jing's left side across his chest.

"Why don't you run away?" Li Tian looked at the three of them angrily.

Manzi showed a simple smile, looked at Li Tian triumphantly, smirked, as if saying: "We won't leave Brother Tian and run away alone!"

Bai Jing's face was full of stubbornness, as if he was telling Li Tian with an expression: "Don't even give me a kiss, and want me to go away, no way!"

Situ Ningbing saw Li Tian's eyes full of tenderness, and he seemed to be saying, "How could I leave you alone!"

Red Wolf stood on the spot, watching the wound on his arm gradually healed, and slowly moved his gaze to Bai Jing's body, with a satisfied smile on his face, and said: "Beautiful woman, perfect body. Li Tian, I really envy you. It's luck to have two such beautiful beauties together, and what about me? I can only become such a disgusting and disgusting woman to entertain myself!"

Suddenly, the red wolf frantically slashed the curved blade of his hand across his plump left chest, then stretched his hand directly to the **** wound, grabbed it hard, and then grabbed a **** mass from his wound. Something comes.

"Plap!" The red wolf threw the **** thing to the ground, and then repeated the action he had just done again, and also threw a **** thing from his right chest.

If you look closely, these two **** objects are originally a pair of women's breasts.

Soon, the wound cut by the red wolf gradually healed, and the naked red wolf showed his masculine side.

Losing the two masses of meat on his chest, the red wolf still has long hair, and the whole person's transformation from a enchanting woman to a man is only a matter of two swords. But these two knives left everyone stunned.

Variety of Red Wolf, it turned out to be just using his special ability to switch between men and women directly.

Of course, this is also because of this terrible healing ability, it has long been a red wolf seven-level bounty hunter, and the red blood organization ranked third.

"Woman! I hate women who are more beautiful than me! Let me destroy you by myself! Let you be a part of my body!" The red wolf suddenly rushed towards Bai Jing!

"Snapped!"

"Snapped!"

With two gunshots in a row, Bai Jing launched an attack without hesitation.

However, the bullet of Bai Jing's sniper rifle passed through the body of the Red Wolf, which only slowed the movement of the Red Wolf.

Li Tian's "Red Slash" rushed towards the Red Wolf, but the Red Wolf lost the **** of the two **** of meat on his chest and seemed to have become more flexible, although "Red Slash" could also leave scars on Red Wolf, But it can't stop the Red Wolf from attacking Bai Jing!

Bai Jing retreated several steps continuously, but how could Bai Jing's retreat pass the Red Wolf quickly.

"Go to hell!" The curved blade in Red Wolf's hand slashed a cold light in the air, slashing towards Bai Jing!

Chapter 3236: Li Tian's attitude

"Qiang!" A cry.

Although Bai Jing could not escape the chase of the Red Wolf, the barbarians appeared on the road leading from the Red Wolf to Bai Jing in good time, and the half machete blocked the curved blade of the Red Wolf.

"Hey!" Chi Lang sneered, and suddenly kicked the barbarian away.

The red wolf's movements were fast and brutal, and before the barbarian could make a second movement, his body flew out five or six meters.

"Hey!" It was another shot. Although Bai Jing retreated continuously and his heart was full of fear of Red Wolf, Bai Jing still raised his sniper rifle and fired a shot at Red Wolf without hesitation.

The bullet directly pierced the red wolf's cheek, leaving a bullet hole in the red wolf's cheek.

The blood began to flow out along the bullet hole, and the red wolf stretched out his tongue, licking the blood flowing to the corner of his mouth, and said with more and more excitement on his face:

"This is the feeling, I just like this feeling! Come on! Let you Become part of my body!"

Step by step, the red wolf slowly walked towards Bai Jing.

"puff!"

The military thorn in Situ Ningbing's hand directly pierced the heart of the Red Wolf. Situ Ningbing succeeded with a single blow and kicked his feet backward. The general thorn was pulled out of the Red Wolf's chest and backed a few meters away.

Seeing that the red wolf did not fall to the ground because of the stabbing in his heart, Situ Ningbing's face became more solemn.

The red wolf moved his gaze to Situ Ningbing, and the excited expression on his face became stronger. At this time, the expression of the red wolf was like a wild beast seeing his favorite prey, and the red wolf could no longer suppress the excitement in his heart. , Laughed loudly, and said: "Happy, today is so happy! I want to make these two women a part of my body, and then slowly kill Li Tian, let you feel The fear from my Red Wolf!"

The red wolf suddenly exerted strength, and the movement under his feet was a little faster.

Bai Jing retreated continuously, staggered, and directly fell to the ground. At this moment, the red wolf had already arrived in front of Bai Jing, and Bai Jing could feel the murderous aura from the red wolf's body.

Chi Lang looked at Bai Jing condescendingly, and excitedly raised the blade in his hand.

"Am I going to die?" Bai Jing reluctantly shifted his gaze to Li Tian, seeing Li Tian moving quickly toward the Red Wolf while controlling "Red Slash" to slash towards the back of the Red Wolf.

"Do not!"

Li Tian let out a scream, waved his finger, and before the red wolf waved his knife, he controlled "Red Zhan" and slashed towards the back of the red wolf.

A stream of blood spurted from the back of the red wolf. Li Tian saw "Red Slash" pass by. The skin of the red wolf's back had been completely cut open, and even Li Tian could see the white wolf's bones in the skin of the red wolf. .

However, Li Tian found that everything he had done was in vain, even if the Red Wolf's back had been chopped in this way, the Red Wolf still did not stop swinging the knife.

"Huh!"

A cold light still flashed in front of Bai Jing.

"puff!"

A spatter of blood spattered, but the blood was not from Bai Jing, but from the barbarian who swooped in!

The barbarian swooped and blocked Bai Jing's body, blocking the attack of the Red Wolf with his back.

"Big sister, run! We are not his opponents!" The barbarian pushed Bai Jing hard and said, holding back the pain.

"The world!"

Although Li Tian is still more than ten meters away from the Barbarian, when the Red Wolf's blade cut a nearly one-meter cut on the Barbarian's back, Li Tian still saw the two huge carved on the Barbarian's back. word.

These two characters are not beautiful, or even a bit ugly, especially when the lettering was improperly handled, and after the wound had condensed into scars, the two characters were crooked and ugly.

However, there was a warm current in Li Tian's heart at this time.

World.

Who is the sky, naturally it is Li Tian.

What about barbarians?

Li Tian suddenly thought of the original scenes of Manzi, 2D, and Li Dan begging for him.

It goes without saying that the world is Li Tian's sect!

"Barbarian is my Li Tian's person! My Li Tian wants to protect my person!"

"I, Li Tian, want to protect Situ Ningbing, Bai Jing, Xue Ji, Barbarians, and everyone in Li Tian! Whoever wants to hurt them is the enemy of Li Tian!"

"The dragon can't do it, so can you red wolf!"

Seeing the barbarian falling in a pool of blood, Li Tian's fingers trembled slightly, and as Li Tian's fingers trembled, the frequency of "Red Zhan" shaking increased.

Li Tian felt that "Hong Zhan" seemed to feel his Li Tian's anger, and he was becoming more well-behaved, and the control of "Hong Zhan" by Ten Jue Sword Qi became more sophisticated.

"Puff!"

"Puff!"

Suddenly, Li Tian felt the nine-color corpse crystal on his chest beating quickly.

At this time, Nine Color Corpse Crystal also felt Li Tian's anger, and was willing to bear Li Tian's anger.

"Fight! Don't you want to fight with me, Li Tian? Then I, Li Tian, will satisfy you! I want to see if your red wolf's skin heals faster, or my Li Tian's red cut is faster !" A small smile suddenly appeared at the corner of Li Tian's mouth.

"What a powerful murderous aura!" Red Wolf felt the murderous aura after coming to him, and turned around abruptly, staring at Li Tian steadily.

"Very good! Very good! I finally felt the aura of the strong in you. I only felt this feeling in Jia Youlong! Now I want to treat you as a real opponent!" Chi Lang gave up After chasing Bai Jing and Situ Ningbing, he walked towards Li Tian step by step and said to Li Tian.

Li Tian didn't speak, it's useless to say anything at this time. It truly reflects strength, and it's time to speak with strength.

"Huh!" With a sound, Li Tian suddenly controlled "Red Zhan" and flew towards Red Wolf.

Seeing a red light, the red wolf immediately retreated to the side.

"Puff!" With a cry, although the Red Wolf avoided with all his strength, "Red Zhan" still left a wound on his arm.

"How is this? Why is this? Obviously I have avoided with all my strength, why would I still get scratched by this ***** weapon?" Red Wolf looked at the wound on his arm, his face full of anger.

These are two feelings. Before, the Red Wolf was enjoying the excitement brought by the injury, and did not try to avoid other people's attacks. But now, the Red Wolf was facing Li Tian squarely, trying his best to avoid Li Tian's attack, but he didn't even escape.

Li Tian's fingers trembled slightly. Although the "Red Slash" just now caused some damage to the Red Wolf, Li Tian understood that this kind of damage would not help the Red Wolf's ability.

In order to really hurt the Red Wolf, Li Tian only thought of one way, and that was to chop the Red Wolf into meat.

"Huh!"

"Huh!"

"Huh!"

"Hong Zhan" knife shadow kept flashing, and small wounds gradually appeared on the red wolf's body.

"Useless idiot!" Red Wolf suddenly laughed loudly and said.

Amidst the laughter, the figure of the Red Wolf kept avoiding the attacks of "Red Slash", and as blood was splashed, the distance between the Red Wolf and Li Tian kept getting closer.

Chapter 3237: Important people missed

Li Tian wanted to distance him from the Red Wolf, and then used the Ten Jue Sword Qi to control "Red Slash" and attack the Red Wolf, but his idea was obviously unrealistic.

The distance between the Red Wolf and Li Tian was not only getting closer, even Li Tian could already smell the blood on the Red Wolf.

"Huh!" The curved blade of the Red Wolf slashed in front of Li Tian. Li Tian tried his best to avoid it, but Li Tian's coat was still cut open, and a very shallow wound in the mouth of his clothes began to ooze blood.

Li Tian's heart tightened, "Red Zhan" immediately appeared in front of him and Chi Lang.

"Hong Zhan" was a little closer to Li Tian's arm, and "Hong Zhan"'s attack speed was also a little faster.

"puff!"

"puff!"

There were a dozen more wounds on Red Wolf's body, and Li Tian also had two shallow wounds on his body.

It can be said that since Li Tian was angry, Li Tian has always had an absolute advantage, Li Tian has only two shallow wounds on his body, and Red Wolf has at least hundreds of wounds on his body.

But Li Tian's body won't heal quickly, but Red Wolf's body will heal quickly.

In this case, Li Tian is completely at a disadvantage.

Changing blood and meat, Li Tian couldn't stand on the same platform as Red Wolf to talk.

"Hahaha! Stupid, stupid!" After the red wolf injured Li Tian twice in a row, his face was full of crazy smiles and he couldn't help but yell loudly.

"How to do?"

Li Tian originally wanted to chop the red wolf into meat sauce, but when the red wolf got serious, Li Tian found that this idea was not realistic at all.

Li Tian's "Red Slash" can hurt the Red Wolf, but it's only hurt. Unlike Li Tian's imagination, "Red Zhan" could seriously injure the Red Wolf, or even dismember it.

Li Tian quickly calculated the way to deal with the red wolf in his mind.

Ordinary attacks have no effect on the red wolf at all, and the only way to chop the red wolf into meat sauce is to dismember the red wolf in the shortest time, and cut all of the red wolf's legs and arms. Fall, so that the red wolf loses the ability to act in a short time.

And if you want to complete this idea in the shortest time, the only thing you can do is to control the actions of the Red Wolf.

For example, someone keeps the Red Wolf! Then use the sharpness of "Red Slash" to cut off the two legs of Red Wolf directly.

But in this case, it is very likely that the legs of the person holding the red wolf will also be chopped off, and now only Bai Jing and Situ Ningbing can take action.

But no matter whether these two people are allowed to do this dangerous action, Li Tian cannot accept it.

Moreover, the Red Wolf will definitely take precautions. When the time comes, don't steal the chicken and lose the rice, and you haven't dismembered the Red Wolf until you get Bai Jing and Situ Ningbing into it.

"Puff!"

"Puff!"

The nine-color corpse crystal on Li Tian's chest jumped quickly, and the nine-color corpse crystal automatically released a transparent thread, which was constantly floating.

"Yes, how could I forget the existence of the captain!" Li Tiandi suddenly thought of the captain.

Before, the captain voluntarily protected the owner and shot Li Tian at the moment, while the captain fell in front of the commercial bank. And Li Tian never continued to control the captain.

In the eyes of others, the captain is already dead, but Li Tian understands that the captain is a zombie and a level six zombie.

As long as the captain's head is not fatally attacked, the captain is immortal.

The "Red Zhan" controlled by Li Tian continued to fight with the Red Wolf, while retreating continuously toward the place where the captain fell. At the same time, Li Tian used the transparent silk thread to control the captain.

There is only one chance to kill the Red Wolf, and Li Tian must ensure that all preparations are foolproof.

"I thought you would let me pretend to be dead! I'm almost boring to death!" From the transparent silk thread, the captain's dissatisfaction with Li Tian came.

Li Tian chose to ignore the dissatisfaction with the captain.

Now, at this important moment when life is critical, Li Tian can't be distracted.

"Hahaha! I didn't expect you Li Tian to be as stupid as everyone else, and you chose to exchange blood with me! What a stupid thing!" Chi Lang laughed disdainfully.

Getting closer, Li Tian had already led the Red Wolf to a place only five steps away from the captain.

Li Tian didn't speak, and his movements became faster and faster.

"puff!"

"puff!"

Li Tian was hit by the red wolf on his arm and thigh again, and the injuries he received were obviously much heavier than the previous one.

Li Tian's evasive movement seemed to have been greatly affected, and his retreat movement was much slower.

The Red Wolf was less than three meters away from where the captain fell to the ground.

"puff!"

"puff!"

There are two more wounds.

Seeing that the wounds on Li Tian's body were getting more and more severe, the excited expression on his face became even stronger!

"Li Tian, you are one of the few people who make me so happy. When I get enough, I will give you a happy one! Slow! Slow! Your movements are getting slower and slower!" The curved blade kept scratching Li Tian, and kept talking.

one meter.....

"puff!"

There was also a new wound on Li Tian's waist. This wound was so heavy that Li Tian even fell directly to the ground, covering his stomach with one hand.

"Is it over? It's really boring!" The Red Wolf saw that Li Tian, who had fallen to the ground, had a significantly slower attack speed. He acted indifferently and took a step forward slowly!

"It's about to end!" There was a sneer from the corner of Li Tian's mouth.

"Dare to sneer at me when my death is near..." No..." A strong sense of crisis suddenly developed in the heart of the red wolf, and at this moment, the captain suddenly jumped from the ground beside the feet of the red wolf and pressed hard. Hugging the legs of the red wolf.

Scarlet Wolf was shocked and stab the curved blade in his hand against the captain's back.

"Puff!" With a bend of the blade stabbing the captain, the red wolf saw that the little girl holding him turned out to be black mucus on the back.

Zombie?

How could this little girl be a zombie?

But did this zombie help Li Tian or did the zombie's nature suddenly attack?

Countless thoughts and guesses popped up in Chi Lang's heart.

"Huh!"

A red light flashed, and "Red Zhan" drew a dazzling red light at the base of Red Wolf's legs.

"Ah!" Chi Lang let out a scream and fell heavily to the ground, while his two legs were still tightly hugged in the captain's arms.

Regardless of the severe pain from the wound on his body, Li Tian jumped up abruptly, and controlled "Red Zhan" to continuously attack the Red Wolf.

The captain suddenly got up from the ground and ran away holding the legs of the red wolf.

"Give back my legs!" The Red Wolf, who had lost both legs, collapsed to the ground and shouted angrily to the captain.

Chapter 3238: roll

Although the Red Wolf who lost his legs would automatically heal his body, without the support of his legs, Red Wolf would have no way to confront Li Tian head-on.

At this time Li Tian was the sword, and the red wolf was just the fish on the sticky board, so Li Tian could only kill him.

"Red Slash" kept flying around the Red Wolf body, and every time it flew over the Red Wolf, it would take away a piece of flesh and blood from the Red Wolf. At this time, the ground around the Red Wolf's body was already splattered with blood.

The red wolf felt the fear of death.

"Li Tian, you can't kill me! I am the third master of Scarlet Blood! If you kill me, you will be madly retaliated by Scarlet Blood!"

"Huh!"

A red light flashed, and Li Tian cut off one of the red wolf's arms directly!

"Brother Li Tian, everything is easy to discuss, you let me go, I will give you one hundred seven-level corpse crystals! No, I will give you two hundred seven-level corpse crystals! I also recommend that you join the scarlet blood and become the core of the scarlet blood Cadre!" The eyes of the red wolf who had lost the ability to resist showed fear of death and began to beg for mercy.

There was a sneer on Li Tian's face. In front of death, it turned out that the third master of scarlet blood would be afraid of death and would beg for mercy! Just now I didn't see others begging for mercy, I didn't see that others were afraid of death, saying that others were rubbish, the Red Wolf also looked like this.

Will Li Tian let go of the Red Wolf?

"Hong Zhan" swiftly revolved around Red Wolf's body, a dazzling red light flashed, and Red Wolf's head grunted and fell to the ground, rolling several meters before it stopped.

"Li Tian...you will...regret..."

The cut off Red Wolf's head even said something to intimidate Li Tian, and he was breathless.

Li Tian made a look of horror, and said: "I was scared to death. I thought that if I cut my head, the red wolf will still be alive! Seeing the red wolf and the zombie is no different, using the head to control the body, after losing the head, The body naturally loses its vitality!"

The bounty hunters who came to the city for the rest of their lives looked at Li Tian dumbfounded. At this time, they really wanted to pinch the cheeks of their companions to see if all this was a dream.

But soon, they wake up.

This is not a dream, this is true. The Red Wolf is really dead, and it was killed by the newly promoted Level 5 bounty hunter Li Tian!

"Great! We are still alive!"

"Woohoo! It's great, I never want to participate in this dangerous mission again!"

"Let's go and thank Li Tian! If it weren't for him, we would all have died here today!"

Seven or eight bounty hunters surrounded the city and said thankful words to Li Tian.

Li Tian didn't feel in the mood to entertain these bounty hunters, who seemed to have a vengeance just now, and walked a few to the barbarian.

Bai Jing is holding the Barbarian, and Situ Ningbing is dealing with the Barbarian's wound!

"How is it?" Li Tian asked with some worry.

Bai Jing shook his head whimperingly in tears, and said, "Still in a coma! The wound is too deep and there is still a lot of blood left..."

Situ Ningbing also said with a worried look: "Although the blood has stopped temporarily, the wound is too long and too deep. It must be treated with needles in time and injections to prevent infection, otherwise..."

Li Tian also understands this truth.

However, at this moment, a very discordant voice came from behind Li Tian.

"Brother Li Tian, we are indeed invincible together! I will help you put away the head of this red wolf. When we all return to the sunset fortress in exchange for the bounty, I will definitely give you half as agreed. Fulfill my promise!" I saw Li Zheng stepping on the corpse of the Red Wolf with one foot and holding the head of the Red Wolf with the other, and said with a smile to Li Tian.

Upon hearing Li Zheng's words, both Bai Jing and Situ Ningbing's expressions turned ugly, and both looked at Li Zheng with cold eyes.

The surviving bounty hunters who were near the city couldn't help frowning slightly.

"You are not dead?" Li Tian asked coldly.

Hearing Li Tian's question, Li Zheng's face was a little embarrassed, but this embarrassment was fleeting, and Li Zheng was soon overwhelmed by the joy that he and Li Tian joined forces to kill the Red Wolf.

"How could I die? I'm a magnificent level five bounty hunter! The attack of the red wolf is fierce, but it only knocked me out." Li Zheng would not admit that he was pretending to be dead, but Bragging without changing face and heart.

"Put down the head of the red wolf! Get out!" Li Tian said coldly to Li Zheng.

"What? You actually let me go?" Li Zheng suddenly sneered and said, "Although you killed the Red Wolf, don't forget that we are a joint relationship, and now, there are far more people in our army than you Li Tian People! Since you, Li Tian, have torn your face, then I have to calculate the account of your killing our brother just now!"

With a ferocious expression on his face, Li Zheng shouted at the bounty hunters who were in the city, "Brothers, copy guys! Li Tian, they are all outside now, this final victory belongs to our soldiers!"

Quiet, the other bounty hunters under the city were hesitant.

That's right, Li Tian and Bai Jing killed a lot of them just now, but in the final analysis they were all the traps of the Red Wolf. After the appearance of the red wolf, the soldiers approached the city without the strength to protect themselves.

If it weren't for Li Tian, everyone here would have died in the hands of Scarlet Wolf, but what about Li Zheng, the head of the army who was under the city? He even used an excuse to stun here to play dead.

"I want to quit Bing Lincheng!" Suddenly a bounty hunter said.

"What? What did you say?" Li Zheng looked at the bounty hunter who had betrayed the soldiers in front of him in surprise. Li Zheng continued coldly: "You have to think clearly about the consequences of withdrawing from our soldiers! And now The red wolf's head is in my hands. If we get a hundred seven-level corpse crystals, everyone present can say that they can eat and drink without worry!"

"I also want to quit Bing Lincheng!" At this time, another bounty hunter also whispered.

"Okay, okay! Since you two choose to withdraw, I will let you withdraw completely!" Li Zheng waved the long knife in his hand and said to the other bounty hunters: "Brothers, rectify these two traitors on the spot. I will give you the two extra copies!"

No one moved!

To be precise, no one dared to move!

Because these bounty hunters saw that Li Tianzheng was controlling the "Red Slash", and they were following Li Tian step by step towards the front of Li, floating in front of Li Zheng.

"You...what do you want to do?..." Li Zheng was a little frightened. As Li Tian took a step forward, Li Zheng took a step back and said in a trembling voice.

"I said, put down the head and get out!" Li Tian said with anger on his face.

Chapter 3239: kill

In the corridor opposite to the gas station where the huge explosion occurred, He Zhizhuo, Shelipuding, the gun ***** Han Gang, the baton male martial artist, and a core cadre of the sunset fortress all appeared here.

After carefully inspecting the scars on the corpses lying on the top of the building, Han Gang, with some bandages still wrapped around his body, said: "Ken Yi must be the method of the Red Wolf! The blade in his hand is very distinctive. These wounds are not the same as before. The wound on my body basically matched."

"It's a pity that we are still late, otherwise these bounty hunters wouldn't have died so miserably!" said one of the core cadres of the Sunset Fortress unbearably.

"Wei Wu, when did you become so sad? I remember you killed more bounty hunters than you killed zombies!" The policeman said contemptuously.

The man called Wei Wu has a public face, and he is about one meter seven years old. No one will notice his presence in the crowd.

But this man is a real master at Sunset Fortress and one of the core cadres of Sunset Fortress.

"Those I killed are all people who deserve to die. In the era of the collapse of the law, there is always someone to enforce justice, and justice is my butcher knife in Wei Wu's hand. As long as my butcher knife is convicted, whether it is a zombie or a bounty hunter, I will kill them all!" Wei Wu said domineeringly.

"Stop talking nonsense, it's already the third day! The date given by the boss is today, don't you want the boss to get angry?" It was He Zhizhuo, little Lolita.

Regardless of He Zhizhuo being the youngest of these people, but these people are also quite afraid of He Zhizhuo.

This fear does not come from He Zhizhuo being the person in charge of this Fancheng Wolf Hunt operation, but from the recognition of He Zhizhuo's strength.

After all, they understand that they still need to rely on He Zhizhuo's ability to hunt the Red Wolf.

At the meeting three days ago, the boss of the Sunset Fortress was angry.

In the base camp of the Sunset Fortress, Han Gang, the cadre gun ***** of the Sunset Fortress, would be attacked. Had it not been for the appearance of martial arts, Han Gang would have encountered accidents.

This kind of face slap is unacceptable to the boss of Sunset Fortress.

Therefore, the owner of the Sunset Fortress gave a three-day time limit.

The five talents including He Zhizhuo will come to Fancheng according to the task prompts in the bounty hunter branch. In Fancheng, the five of them are not afraid of any zombies, and can almost be said to be aggressive, but they have not found the red wolf for a long time.

They didn't track it until the big explosion, but they were still a step slower.

The Red Wolf had already killed people and left.

"At present, the bounty hunter teams of the people killed by the red wolf have one thing in common, that is, the leader of these bounty hunters has a level five bounty hunter. Therefore, according to my guess, the target of the red wolf is still Will choose level five bounty hunters. Now how many level five bounty hunters are in Fancheng?" He Zhizhuo asked suddenly.

Shelip Ding Urn said angrily: "No matter how many level 5 bounty hunters he has, I only know that Li Tian has also come to Fancheng! But Li Tian did not take on the task of hunting the Red Wolf!"

"Li Tian?... Instead of us chasing the red wolf, it is better to guard only a level five bounty hunter. I suggest we go to Li Tian now!" He Zhizhuo said.

Except for Wei Wu who didn't know Li Tian, everyone else had an intersection with Li Tian, and they agreed with Li Tian's strength. According to Jia Youlong's analysis of Red Wolf, the purpose of this lunatic is to kill those level 5 bounty hunters who have the potential and strength to make him crazy, then Red Wolf must go back to trouble Li Tian.

"Good!" everyone else agreed.

...

Li Zheng was shocked by Li Tian's aura, and fell to the ground. The hand holding the head of the red wolf trembled slightly, and the long knife in his hand fell directly to the ground.

Seeing this scene, the faces of the bounty hunters who were approaching the city showed disappointed expressions. Many bounty hunters secretly shook their heads, and some even chose to leave.

They are also bounty hunters, some are not afraid of death for honor, and some can also regard death for money, but as the commander of the army, Li Zheng's actions and Li Zheng's current performance have deeply hurt those who used to be. Looking up at his bounty hunters.

Disappointment filled the hearts of these bounty hunters.

"Li Tian... I have something to say. The commission for Red Wolf's head is only 40% for me. As long as Red Wolf's head is kept by me..." Li Zheng was still not giving up. At this time, he was worried that Li Tian would do it, but Li Zheng was even more worried. Yes, I lost my soldiers and approached the city.

This time almost all the soldiers were sent out to hunt down the red wolf, but now the soldiers came to the city to fight against Li Tian, and after the red wolf's killing, there was not much left.

As for the remaining bounty hunters, Li Zheng also lost his restraint and control over them.

If you want to make a comeback, you can only rely on the head of Red Wolf.

As long as the head of the Red Wolf is still in Li Zheng's hands, Li Zheng believes that he can rely on the false name of hunting the Red Wolf, and after reasonable operation, he can build another soldier near the castle in the sunset fortress, even more powerful than the previous soldier near the castle. Times the team of bounty hunters.

"Three..." said a number from Li Tian's mouth.

"Huh?" Li Zheng didn't hear Li Tian's words clearly, but soon he completely misunderstood Li Tian's meaning.

"Thirty percent, I can also consider..." Li Zheng said with a trace of ecstasy on his face.

"Two..." Another number was uttered from Li Tian's mouth. At this time, "Red Zhan" had left Li Tian's palm and began to levitate around Li Tian's body.

"Twenty percent? Li Tian, don't make an inch..." Li Zheng mistakenly thought that Li Tian was bargaining with him.

"One..." Li Tian said the last number!

Li Zheng was startled, he suddenly realized that the data he understood and the words Li Tian shouted had nothing to do with it. Li Tian was counting down three numbers to him and giving him three seconds to think about it, but Li Zheng misunderstood that Li Tian was talking about the red wolf brain commission share ratio.

"Huh!"

"Huh!"

Several figures suddenly appeared at the street.

He Zhizhuo, Shelipuding and others are galloping towards Li Tian and others.

A gunshot sounded, and Han Gang, the gun god, saw Li Zheng holding a head in his hands, while Li Tian stared at Li Zheng closely, and Han Gang immediately fired his shot.

Seeing that some of the core cadres of the Sunset Fortress came from far away, Li Zheng's face immediately showed a burst of ecstasy.

"It's saved! It's saved!" Li Zheng kept repeating these few words in his heart!

"puff!"

A dazzling light of blood flashed, and "Red Zhan" struck Li Zheng's neck. A stream of blood sprayed from Li Zheng's neck. As the blood-red light of the knife disappeared, Li Zheng's head grunted from his. The neck fell off!

Chapter 3240: presumptuous

Ignoring the warning shot by the gun ***** Han Gang, Li Tian strode to Li Zheng and lifted the head of Red Wolf!

"Li Tian, you dare to ignore Han Gang's warning shots! Killing innocents indiscriminately? Isn't it too presumptuous?" Wei Wu rushed to Li Tian the fastest and accused Li Tiandao angrily.

innocent?

If it weren't for Li Zheng, would 2D be unclear so far? This is called innocent?

If it weren't for Li Zheng, would Manzi still be unconscious to protect Bai Jing? This is called innocent?

presumptuous?

If killing such a person is called presumptuous, then Li Tian is really presumptuous, and will continue to be presumptuous!

Li Tian glanced at the stranger in front of him and said coldly: "Why do you want to feel it too?"

"Okay! What an arrogant kid! I would like to see how high the so-called master's strength is in Shelipuding's mouth." The butcher knife in Wei Wu's hand is really a butcher knife, an eight-inch slaughter knife with a blade. It is made of cold iron, and the handle is an ordinary locust wood handle. However, the hilt of Wei Wu's butcher knife was wrapped with layers of white cloth, and the white cloth was wrapped around Wei Wu's arm.

Wei Wu held the butcher knife back in his hand, crossed his chest, and yelled at Li Tian.

Although Li Tian killed Li Zheng, his anger was not completely dissipated. Being so clamored and provoked by Wei Wu, Li Tian didn't say a word. The "Red Zhan" in his hand flew towards Wei Wu without hesitation.

Wei Wu was startled slightly. He didn't expect Li Tian to really dare to do it, and he released the blade without even saying a word.

Seeing "Red Zhan" hovering in the air and flying towards him quickly, Wei Wu secretly said, "I use Qi to protect my sword! As expected, I use Qi to protect my sword!"

I have heard Shelip Ding and He Zhizhuo talk about Li Tian before, saying that Li Tian is a rare talent. He has the ability to fight the sword with qi, and also incorporates nine-color corpse crystals. Personal strength is climax, and the future is unlimited. In this case,.

However, Wei Wu proudly believed that it must be Shelipuding and He Zhizhuo who had exaggerated the facts, and would not believe what Shelipuding said about using Qi to protect the sword.

However, at this time Wei Wu had seen Li Tian use the Qi Yujian with his own eyes, which made him have to believe that at this time, Wei Wu already regretted his recklessness.

I saw that "Hong Zhan" had already reached a distance of less than three meters in front of Wei Wu in an instant, and Wei Wu had already felt the chill of "Red Zhan" even more.

A cold sweat appeared on Wei Wu's back.

However, Wei Wu's cruel words have already been said. As the core cadre of the Sunset Fortress, Wei Wu also has his pride. He gritted his teeth and threw the butcher knife in his hand as Wei Wu's body turned.

At this time, the butcher knife was like a flying knife, and flew out directly at the "Red Slash".

The white cloth wrapped around the hilt of the butcher knife and Wei Wu's hands became the tie for Wei Wu to control the butcher knife. Although Wei Wu could not use the Qi sword, but with this hand, Wei Wu can also control the attack direction and focus of the butcher knife at close range, and can also control the butcher knife to fly back and forth between the attack target and Wei Wu's arm.

With this hand, in close combat, Wei Wu rarely encounters opponents, and can also gallop into the Sunset Fortress.

However, Wei Wu's hand must not be a real sword, and how could the butcher knife in his hand be the opponent of "Red Slash".

The butcher knife flew out, and the moment it intersected with "Red Zhan", with a "click", the butcher knife was directly smashed into two pieces by "Red Zhan".

The butcher knife was fragile, but the "Red Zhan" was unabated and attacked directly at Wei Wu's front door.

Wei Wu was shocked. He didn't expect that his butcher knife would be so vulnerable to a single blow, and he didn't expect Li Tian's tight move would make him so embarrassed.

At this moment, several shots were heard from a distance.

"Snapped!"

"Snapped!"

At the moment, the gun **** Han Gang immediately raised his hand with a few shots. The bullets of these bullets were all fired, and every bullet hit "Red Cut".

If the blade in Li Tian's hand is just ordinary goods, these few shots can at least destroy the blade.

But "Red Slash" is "Red Slash". It was hit by bullets and swayed a few times in the air. The speed became a little slower, but the target of the attack remained unchanged.

"Red Zhan" was a bit more advanced from Wei Wu.

Wei Wu was shocked and hurried back.

"Li Tian, stop!" He Zhizhuo was talking this time.

He Zhizhuo didn't expect Li Tian to kill Wei Wu directly without even talking, and with one move, he directly killed Wei Wu's butcher knife.

Even after Han Gang shot continuously, he still made a gesture of swearing to kill Wei Wu.

He Zhizhuo understood that if it hadn't been for Li Tian's follow-up to control the "Red Slash" with the Qi Yujian, the attacks of Wei Wu and Han Gang would have resolved the previous attacks.

It is wrong for Wei Wu to speak insultingly, but Li Tian wants to kill another sunset fortress core cadre Wei Wu in front of the four sunset fortress core cadres He Zhizhuo, Shelipuding, Han Gang, and Wu Shi. This is too presumptuous!

While He Zhizhuo yelled, the truncheon man directly threw out his weapon. The cleverness of the truncheon man's martial arts style is that his weapon did not face Li Tian's "Red Cut", but the baton after flying, The bombardment hit the "Red Zhan" face.

This is also the cleverness of the baton man.

"Boom!" With a loud noise, the baton man's baton collided with "Red Zhan", and after a loud noise, it bounced back and fell back into Wu Shi's hands.

And "Red Cut" was hit by the baton and deviated far from the scheduled route.

"Wow!"

"Wow!"

A total of ten steel wires flew out of He Zhizhuo's ten fingers. After these steel wires flew out, they seemed to be alive. They directly entangled the handle of the "Red Slash" and then forced the "Red

Slash" out of the suspended mid-air. Pulled to the ground. Then, He Zhizhuo controlled the other end of the steel wire in his hand and plunged directly into the concrete floor.

Seeing that He Zhizhuo took the shot, Li Tian did not continue to control "Red Zhan" and let "Red Zhan" fall into He Zhizhuo's hands.

"Li Tian, you are too presumptuous! Do you know who he is?" He Zhizhuo also felt that Li Tian no longer controlled "Red Slash" at this time, but she still said with some dissatisfaction.

Shelipuding put the giant axe in his hands on his shoulders, and said in an annoying voice: "Li Tian, you are fighting against Wei Wu, the core cadre of Sunset Fortress!"

He Zhizhuo and Shelipuding pointed out the identity of Wei Wu in one sentence, and then the two did not continue to talk, leaving Li Tian to think about it.

Li Tian also understood that if Wei Wu were to be killed, then he would completely offend Sunset Fortress. By then, the children of Bai Jing might not be able to gain a foothold in Sunset Fortress, and he would also be hunted down by Sunset Fortress.

Thinking about it this way, Li Tian understood the good intentions of Shelipuding and He Zhizhuo.
