

## A Killer 3321

Chapter 3321: Meet the ninth-level zombie again

Seeing his two true qi burrow into Tang Xiaolong's wounds, Scarlet Blood was shocked. He wanted to lift his two arms to control the two true qi he released, but found his arms. He was already numb, even if he wanted to control these two true qi, he couldn't do it at all!

"No!" Scarlet blood let out a scream, and rushed towards Tang Xiaolong!

If you lose these two true qi, then Scarlet Blood is an ordinary person who is slightly stronger than an ordinary person, let alone fighting for hegemony in the northwest region where dragons and snakes are mixed, it is a problem for survival.

Therefore, when Chi Xue saw that the two true qi that belonged to him were beyond his control, he immediately waited for the red eyes to rush towards Tang Xiaolong's side, trying to draw the two true qi into his arm at close range. .

But no matter how hard Red Blood worked hard, those two true qi still slowly flowed into Tang Xiaolong's wound.

"You can't treat me like this! That true qi belongs to my Scarlet Blood!" Scarlet Blood shouted at Tang Xiaolong angrily.

Immediately, Scarlet Blood swung his fist and opened his bow to Tang Xiaolong's body. He flicked, and the scarlet fist struck Tang Xiaolong's body, making a clear sound of hitting the metal.

"No..., I can't lose my true energy..." Scarlet blood muttered to himself, and his hand actually wanted to reach into Tang Xiaolong's wound, pulling the two true energy out of Tang Xiaolong's wound. !

And what about Tang Xiaolong

At this moment Tang Xiaolong closed his eyes unexpectedly, his face looked like he was enjoying, and he was not affected by the attack on him by the scarlet blood.

"Ten levels of refining, one level of heaven! I didn't expect that not long after I broke through to the third level, I am now the fourth level! Hahaha! What a powerful feeling!" Tang Xiaolong suddenly opened his eyes and laughed. Got up and said.

At the moment Tang Xiaolong opened his eyes, Scarlet Blood felt as if death was staring at him, making him feel uncomfortable and uncomfortable, and his cautious liver was trembling constantly at this moment.

But Scarlet Blood didn't want to give up, and he didn't dare to give up. If he loses his true energy, his Scarlet Blood enemy can eat the Scarlet Blood alive.

Tang Xiaolong only knew that he had broken through the fourth layer of the ten-fold refining body, and did not notice that Te's body had automatically absorbed the two true qi released by the scarlet blood.

Therefore, when Tang Xiaolong opened his eyes and felt the mighty power in his body, he found that Scarlet Blood, the dead monster, used two swollen arms that were like pigs' hoofs, hammering him against his chest!

"This dead ladyboy doesn't like my strong body like Tang Xiaolong, right!" Tang Xiaolong thought without discipline in his heart, and then Tang Xiaolong shuddered and felt a chill in his heart.

"Go away!"

Tang Xiaolong slammed his fist out and hit Scarlet Blood's chest with a heavy punch. With the crackling sound of bone fracture, Scarlet Blood flew out directly, and his whole body was plunged directly into the ice of the ice cave!

Ten-fold refining, every time one layer breaks through, the texture of the various skills of the body will change, which doubles the strength!

In other words, during the triple refining, the power of Tang Xiaolong's fist already weighed more than one thousand catties, but now that Tang Xiaolong has broken through to the quadruple refining, the power of this fist directly exceeded more than 2,000 jin.

What is the concept of the power of two thousand catties? Looking at the chest that Red Blood has completely flattened, you can imagine the power of Tang Xiaolong's punch.

However, Tang Xiaolong did not stop. After this punch was thrown, the power in Tang Xiaolong's body seemed to have found an outlet for catharsis.

After the scarlet blood flew out, Tang Xiaolong unexpectedly followed and rushed out.

"boom!"

"boom!"

"boom!"

Tang Xiaolong exerted all his strength and smashed his naked body with punches and punches.

Every fist hits Red Blood's body, it will smash a pit on Red Blood's body, and this force is directly transmitted to the ice layer, and the entire frozen hall trembles slightly with Tang Xiaolong's fist. !

"Perverted!" Fei Zhupo and the thin monkey man waited until Li Tian came in, they kept shrinking in the corner to avoid all kinds of intersection with Li Tian and others.

Now seeing Tang Xiaolong showing off again, the two couldn't help but say in unison.

Bloody death, Yang Qingyun is estimated to be dead soon, and the leaders of other organizations have died seven or eighty-eight. The organizations in the entire northwestern region are basically destroyed!

"It seems that this northwestern region will be unified by Li Tian! We are going down to Tianshan this time, and we have to send a message to the doorkeeper as soon as possible. The northwest region has become Li Tian's pocket!" Thinking of wrestling with Li Tian, but now seeing that Li Tian's brother is so fierce, he directly beat the red blood into meat sauce with his bare hands. The thin monkey man has forgotten his original thoughts.

After moving his gaze to Li Tian and Yang Qingyun, the skinny monkey man discovered that Yang Qingyun suddenly took out a large number of corpse crystals from a skin bag and threw it directly into his mouth.

"Li Tian, I want you all to die here! Hahaha!" After a few bites of corpse crystals were swallowed, Yang Qingyun looked at Li Tian contemptuously and said with a frantic smile.

After Yang Qingyun swallowed those corpse crystals, Li Tian felt that Yang Qingyun's temperament had undergone a drastic change.

"Puff!"

"Puff!"

The originally silent nine-color corpse crystals also began to beat after Yang Qingyun swallowed the corpse crystals, and the "Red Slash" controlled by Li Tian showed a feeling of extreme excitement.

The captain also felt Yang Qingyun's change. The captain immediately stepped back ten steps and avoided Yang Qingyun from a distance. Because he felt the powerful strength of Yang Qingyun, the captain's body was trembling.

"Level 9 zombies!" This is Li Tian's definition of Yang Qingyun.

That's right, after successively swallowing seven or eight level 7 zombie crystals, Yang Qingyun completely absorbed the power of the corpse in these zombie crystals into his body, allowing his body to break through the peak of the eighth level zombie in a short time. , Become a veritable ninth-level zombie!

"The power of ninth-level zombies! This is the power of ninth-level zombies!" Yang Qingyun said with a crazy smile, and his body was gradually changing.

The white bones that were severed by Li Tian's "Red Slash" earlier have either re-growth or healed completely, and Yang Qingyun's body with almost no flesh and blood gradually grows blood after swallowing these corpse crystals.

"Crack"

"Crack"

Yang Qingyun's two rows of white Sensen ribs grew out, completely wrapping Yang Qingyun's upper body, leaving only a few small gaps.

And the sharp white bones behind Yang Qingyun drilled out of his body, forming a row of white bone sword spurs behind him like a stegosaurus. A white-bone tail changed in an instant to be thick and long, and the length was almost two feet long, swaying from side to side!

Chapter 3322: Li Tian vs. Yang Qingyun

"Huh!" With a sound, Yang Qingyun hadn't changed completely before the Bone Tail suddenly drew towards Li Tian.

Li Tian's eyes narrowed slightly, and when he saw the tail was about to draw him, he stretched out the palm of his left hand and slapped it heavily on the bones of the tail.

Broken soul palm!

This palm was Li Tian's strongest palm since he recovered, but with this palm, Li Tian felt like he had hit steel!

"Boom!" With a sound, Li Tian's body leaped lightly, and backed more than ten steps continuously, avoiding the bone tail's continued attack.

But this white bone tail missed a hit, and when he pulled it back, he swept the small leader of an organization with his tail.

"Li Tian, I now have nearly the strength of a level 9 zombie, you can't help me! Hahaha!" Yang Qingyun said with a crazy smile.

Li Tian snorted and said with a smile full of contempt: "Why can't you? Even if you swallow more corpse crystals, you only temporarily raise your zombie level, you are not a level 9 zombie at all!"

"What about temporarily, even if it's only half an hour, that's enough! Now that Scarlet Blood is dead, I just have to kill you. As for these little guys, even if I have the strength of an eighth-level zombie, I can still take them away easily! At that time, the entire Tianshan Mountains, no, the entire northwest region is my sunset fortress, it is my Yang Qingyun! Hahaha" Yang Qingyun seems to have seen him standing on top of the highest king in the northwest region, Said with a smile involuntarily.

"dream!"

This sound was made by Tang Xiaolong. With this sound, Tang Xiaolong had given up the red blood that continued to attack and turned into meat sauce, and turned and rushed towards Yang Qingyun.

"Boom!" With a bang, Tang Xiaolong's fists hit Yang Qingyun's body heavily, and at this moment, Yang Qingyun's white bone tail also swept heavily on Tang Xiaolong's body.

"boom!"

Yang Qingyun and Tang Xiaolong backed a few steps at the same time before they stood firm.

"This little black monkey is so powerful! But you are useless! I now have the power of a ninth-level zombie and an immortal body. You can't help me at all!" Yang Qingyun was still quite surprised, he did not expect Tang Xiaolong's fist power turned out to be so strong, and Tang Xiaolong suffered from his heavy bone tail, and he was all right!

"Hmph, let me, Tang Xiaolong, take a good look at your immortal body! I can smash the scarlet sword to pieces, and I don't believe that you can't smash your rotten bones!" Tang Xiaolong sneered. Said.

"Xiaolong! This person is my opponent!" Li Tian immediately stopped Tang Xiaolong's thoughts.

What a joke, I, Tiancai Li, is the protagonist today and your eldest brother. If I let you do everything, how will I mess around in front of the barbarians and the captain in the future, how can I bring my little brother, and let the little brothers worship me!

"Red cut!"

Following Li Tian's hello, "Red Zhan" flew directly towards the two rows of ribs where Yang Qingyun protected Yang Qingyun's head!

"Haha! Idiot, the bones of the ninth-level zombie are harder than steel, how could you hurt me!" Yang Qingyun said with a smile.

But as soon as Yang Qingyun finished speaking, he heard a clear cracking sound from two rows of white bones.

Yang Qingyun was startled and looked at "Red Zhan" controlled by Li Tian in disbelief, and quickly swept towards "Red Zhan" with his white bone tail, while his body began to recede non-stop.

"How about? Is your bones hard? Or is my knife hard?" Li Tian looked at Yang Qingyun disdainfully, and asked with a disdainful smile.

"Red Slash" was originally extremely sharp. After several months of continuous evolution, the shape of the knife has undergone some changes, but the sharpness has also been continuously improved.

Sure enough, as Li Tian had expected, "Red Slash" could break through the defense of level nine zombies.

"Yang Qingyun, today is your death date!" Li Tian sneered as he controlled "Red Zhan" to chop Yang Qingyun's roots and bones!

"Crack!"

"Crack!"

As Li Tian "red cut" flying, Yang Qingyun's body was constantly cracking with bones, as if it were popping beans, there was a little more festive celebration in this frozen hall!

"No! This is impossible!"

"Li Tian! I won't let you go!"

While cursing Li Tian, Yang Qingyun controlled his bone tail to counterattack Li Tian, hoping to use his bone tail to kill Li Tian with one blow!

"Huh!"

"Huh!"

"Huh!"

Li Tian looked relaxed, and while controlling "Red Zhan", he kept cutting Yang Qingyun, while releasing the broken soul palm with his left hand, practicing his palm technique on Yang Qingyun's white bone tail!

Tang Xiaolong looked around for a long time, feeling that he was amazing, or his Heavenly Brother's skill regressed, and he was inextricably beaten with this white bone monster.

"Huh! Bullying my brother, I passed the stage of Tang Xiaolong first!" Tang Xiaolong rushed in again, and directly grabbed Yang Qingyun's bone tail with both hands!

After being caught by Tang Xiaolong's tail, Yang Qingyun couldn't help but feel anxious, but no matter how much he twitched his tail, Tang Xiaolong clenched the white bone tail in his hand, but there was no way to pull it out, and Tang Xiaolong's body seemed to be nailed. The same on the ground, not moving!

"Wow, what a powerful force!" The barbarian exclaimed in admiration!

"Everyone is better than you!" The captain retreated to the barbarian, and said lukewarm.

This sentence choked the barbarian silent for a long time.

"Hey!" Tang Xiaolong winked at Li Tian, as if to say: "Look, my Tang Xiaolong's power is more effective!"

Li Tianzhen wanted to kick the black monkey aside. You Tang Xiaolong is my Li Tian's brother, yes, but today you are enough to steal the spotlight. Why are you still here to grab the scene now!

But Li Tian won't be really angry!

Li Tian didn't need Tang Xiaolong's help, he directly controlled "Red Zhan" and slashed heavily at the white bone tail that Tang Xiaolong held tightly.

With a "click", Yang Qingyun's white bone tail broke in two.

Tang Xiaolong and Yang Qingyun retreated at the same time.

Tang Xiaolong stepped back more than ten steps, and even sat directly on the ground.

But after Yang Qingyun's white bone tail was cut off, he immediately used the white bone tail as a support, dragging the ground firmly, and the two long bones legs directly inserted into the ice layer on the ground.

"How could Li Tian be so good? The script shouldn't be played like this!" Yang Qingyun had already begun to retreat in his heart.

"I can't retreat! After I quit, Yang Qingyun has no way to retreat! Even if I die, I have to pull a few more cushions!" Yang Qingyun grabbed the skin with bone claws, and poured all the corpse crystals in the skin into his. In the mouth.

"Crack!"

"Crack!"

Yang Qingyun's body has undergone some subtle changes again.

Chapter 3323: Zombies are not human

Yang Qingyun was a last resort, and continued to devour the corpse crystal without hesitation. At this time, he was like Scarlet Blood, completely unintentionally estimating whether his body could withstand the power of so many corpse crystals!

"what!"

"what!"

As Yang Qingyun swallowed these corpse crystals, strands of light blue corpse origin power in the broken corpse crystals flowed out of the corpse crystals and quickly melted into Yang Qingyun's body and white bones, and Yang Qingyun's The bones are beginning to grow stronger!

But Yang Qingyun seemed unbearable to bear this kind of pain, and his body was trembling constantly, making a scream.

"Dead!" Li Tian didn't want to grow out of branches. Taking advantage of the changes in Yang Qingyun's body, he directly controlled "Red Slash" and struck Yang Qingyun's head.

"Crack!"

"Red Slash" passed, Yang Qingyun's head was split by "Red Slash", white brains flowed out along the cracked head, and a blue corpse crystal appeared on Yang Qingyun's head. between.

Yang Qingyun let out a scream, and with this scream, Yang Qingyun's bones collapsed.

"Wow!"

"Wow!"

"Wow!"

Several figures rushed towards Yang Qingyun's body.

"Red Slash", the captain, and the countless overly transparent silk threads released by the nine-color corpse crystal, there is even the thin monkey man at the Yin and Yang gate!

The goals of "Red Slash", Captain, and Nine Color Corpse Crystals are quite the same. They are Yang Qingyun's Corpse Crystals. However, this time Captain was well prepared, and when "Red Slash" struck Yang Qingyun's head, he already felt it. When the murderous aura released by Li Tian rushed directly to the corpse crystal.

The captain gave full play to the strength of her sixth-level peak zombie. The speed was lightning fast, and she rushed directly to Yang Qingyun's head. He stretched out two white bones to grab the blue corpse crystal, with a white body. Hu's brain was stuffed directly into his mouth.

"The corpse crystal is mine! Brother, I'm dying of poverty recently!" Li Tian shouted from behind.

But these foodies have completely ignored the feelings of Li Tian as the owner, and when Li Tian shouted this sentence, the captain pretended not to hear it, and had already swallowed the corpse crystal.

The transparent silk threads released by "Red Slash" and Nine Color Corpse Crystal were all stunned in the air for a while.

The captain had a triumphant smile on his face and kept chewing in his mouth, while a little white substance was still flowing from the corner of her mouth.

At this moment Li Tian is evil, but more disgusting!

"Zombies are really \*\*\*\* not humans, even eating corpse crystals with brains, oh, that corpse crystal is mine!" Li Tian really wanted to cry without tears!

Li Tian suddenly remembered that there was another figure who had just pounced on Yang Qingyun's corpse, and when he moved his eyes to the skinny monkey man's body, the skinny monkey man had already turned and ran with Yang Qingyun's two arms.

"Li Tian, I will lend you two arms, so Lu Zihou owes you a favor!" The voice was called out by the thin monkey man as he ran.

Li Tian is full of black lines.

"Your sister, Lu Zihou, you Lu Zihou is like a dog seeing the bones, and treats Yang Qingyun's white bone paws as treasures. Only your Yin-Yang Sect's death metamorphosis needs these bones. Why do I Li Tianyao?" Li Tian thought in his heart.

Seeing the lean monkey man suddenly ran away, the leaders of the other two or three organizations that survived were taken aback, then turned around and ran with the lean monkey man.

And the fat pig woman said to Li Tian: "Li Tian, when I was in the village of Ezha, each was the owner. How offended you are. Please Haihan. Now you are the strongest person in the northwest region. , There are more things to deal with than you. I won't bother you here. When you are taking over the Sunset Fortress, our Yin and Yang Gate will definitely give a generous gift!"

The Fat Pig Po was beautiful, but she was even more beautiful when she escaped. Li Tian hadn't reacted yet, the Fat Pig Po had already ran out of the ice cave!

"Brother Tian, chasing you?" Manzi is full of ambitions now, seeing that Yang Qingyun and Scarlet Blood of the two strongest organizations in the northwest region have died in the hands of Li Tian and his brothers. Kill a few leaders of the organization to show his strength.

"Forget it! I didn't want to kill! They just happened to go out to publicize for me. And the people of Yin and Yang gate, for the time being, we have not directly conflicted, let alone they are members of the Ten Army, so let them go first. They!" Li Tian said with a smile.

"Then what about him?" Situ Ningbing kicked Zhou Wen, the head of Qiang Shen Zhan Ji, and asked.

If this kid hadn't been controlled by Situ Ningbing, he might have escaped long ago. At this time, people who saw Li Tiangeng stared at him, knelt down on the ground with a puff, and begged for mercy: "Brother Tian! Brother Tian! Let me go, I will definitely publicize your wise martial arts when I go back, and I promise to spread your wise martial arts to every corner of the northwest region, so that every human being still alive will be bathed in your sunshine !"

Zhou Wen, the guy who flattered him, was very comfortable, and Li Tian was really reluctant to kill him.

"Brother Tian! This kid is sucking you up! You are not the sun, where does the sun come from!" The barbarian kicked Zhou Wen and said displeasedly.

Li Tian finally enjoyed the flattery, and was pierced by the barbarians, and he was really sad. When will this barbarian get his brains!

"Kill it!" Li Tian directly sentenced Zhou Wen to death and said lightly.

After Li Tian finished speaking, he walked to Tang Xiaolong and carefully observed Tang Xiaolong's changes. As for the trivial matter of killing Zhou Wen, of course Barbarians did it.

"Xiaolong, in just a few minutes, you have changed a little. What kind of skills are you practicing?" Li Tian asked curiously.

Tang Xiaolong said with some embarrassment: "It's a magic skill called Ten-fold Refining Body. It took me three years to cultivate to the third level, but by chance, I broke through, and now it's the fourth level. !"

"If you cultivate, Brother Tian, you can cultivate to the top ten perfection in less than three years!" Tang Xiaolong said with a smile.

Li Tian didn't deny or admit that Li Tian's talent was naturally justified, but since returning to Earth, he has not even recovered his previous skill.

"My dear brother, you can tell me a lot about what kind of non-human treatment you have been subjected to by the Sixiang elder in the past three years, and how did you become like this?" Li Tian asked sadly.

Tang Xiaolong smirked and said, "Actually, this is a side effect of cultivating the ten-fold training body. The ten-fold training body is a magic skill. If you cultivate to the extreme, your body will exceed the limit of human beings and even become a metal or other material body. !"

Li Tian took a breath. He knew that magic power has its own uniqueness, but he didn't expect this magic power to be so overbearing that it could cultivate the human body into another substance!

"what!"

A childish cry suddenly sounded from behind Li Tian, the captain. Li Tianyi turned his head and found that after swallowing Yang Qingyun's corpse crystal, the captain finally broke through, reaching the strength of a seven-level zombie!

Chapter 3324: Sixiang old man is missing

As mentioned before, once you enter the field of seventh-level zombies, zombies will undergo some changes. After the captain became a seventh-level zombie, her body grew a few inches taller, and her figure became a little better than before.

In this way, the previous little loli zombie became a little bit like a daughter.

And the captain's short black hair started to grow wildly, growing at a speed visible to the naked eye, and in a flash, it turned into long hair to reach the waist.

"Brother Tian! Is this... Is this the captain? Why do I feel a little bit different! It seems not as cute as before..." The barbarian said to Li Tian with reddish cheeks.

Before, the captain was a standard and cute little loli zombie, and suddenly turned into a slender and beautiful zombie. Such a big change made the barbarian's heart a little unacceptable for a while!

"Huh!"

As soon as the barbarian finished speaking, he found that the captain's long hair struck him directly with a "swish". Before the barbarian had time to resist, he was completely wrapped in these long hairs.

As the captain shook his head, the barbarian was dragged to her side by the captain.

"Who do you think is not cute?" The captain stared at the barbarian coldly and asked.

"Haha..." Barbarian said in a cold sweat, "You got it wrong, I mean you are getting cuter and cuter! More and more cuter! If you don't believe me, I didn't lie!"

Li Tian turned his head directly, pretending not to hear.

Li Tian wanted to ask how Tang Xiaolong was resurrected and how he cultivated in the past three years.

Li Tianyi turned his head, only to find that Tang Xiaolong, who had just been chatting with him about brotherhood, had appeared next to the mysterious female Lily.

Tang Xiaolong also has the opposite \*\*\*\*\* and inhumanity.

As soon as the battle was over, after hearing Li Tian say that Lily was not his woman, Tang Xiaolong had already appeared next to Lily. The air-conditioning, evil, and demonic energy on his face had disappeared, and he was replaced by a warm man.

Tang Xiaolong picked up Lily, who was injured because of saving him, with a caring look on his face, asking long questions and short questions, wishing to stretch out his hand on Lily to rub Lily's injured liver!

It's a pity that Tang Xiaolong turned into a black monkey, this warm man looks more or less weird in Li Tian's eyes!

Li Tian opened the few pages of letters that Tang Xiaolong handed him just now, saying that it was left to him by the elder Sixiang.

After reading the letter, Li Tian knew that when Li Tian and Situ Ningbing passed the gate of the restricted area, the huge suction force caused the gate of the restricted area to shake.

After Li Tian and Situ Ningbing disappeared, three corpses suddenly appeared in front of the gate of the restricted area.

As soon as the three corpses appeared, they immediately attacked the old Sixiang. The old Sixiang who hurriedly challenged was attacked by the three corpses. The old man Qinglong and the old white tiger were relatively seriously injured.

However, the old man of the four elephants was the most powerful existence on the earth after all. With the cooperation of the old man Wuji, he wounded the three corpses and beat them away.

Before the three corpses ran away, they even plundered Ouyang Shiqing.

Afterwards, the old man of the four elephants and the old man Wuji searched the vicinity of Tianshan Mountain, but did not find the footprints of the three corpses, but went to find Tang Xiaolong's body.

The old man of the four elephants decided to stay in Tianshan, resurrect Tang Xiaolong, and investigate the appearance of the three corpses. As a result, the Sixiang elder and others discovered that a crack had actually occurred in the door of the restricted area.

The old man of the four elephants and everyone guessed that the three corpses came out of this crack.

The elders of the four elephants are responsible for guarding the gates of the restricted area, so they decided to continue to guard the gates of the restricted area and conduct deep exploration of the gates of the restricted area.

The old man Wuji and Duanmuying went down the mountain and continued to hunt down the whereabouts of the three corpses and Ouyang Shiqing.

Li Tian collected the letter and said, "Everyone, we need to go to the gate of the restricted area! Otherwise, the mystery in our hearts may not be solved!" Li Tian said to the crowd suspiciously.

...

The car was speeding across the wilderness, Jia Youlong looked relaxed, humming happily while driving. The corners of his mouth are almost hanging on his eyebrows, which shows that Jia Youlong is happy at this time.

Jia Youlong touched his pocket and said regretfully: "It's a pity that there are no cigarettes at this time. Otherwise, light a cigarette and take two puffs, it would be perfect."

The reason why Jia Youlong is so relaxed is precisely because he met the leaders of the organization who were released by Li Tian from Tianshan. The news they told Jia Youlong was: Scarlet Blood was killed while fighting a mysterious black monkey man. He was killed, and Yang Qingyun in the Sunset Fortress was also fighting Li Tian and was killed by Li Tian!

Hearing this news, Jia Youlong didn't mean to be angry or angry because the boss was slaughtered. Instead, he felt that he had waited for a long time, and the opportunity for the rise of Seven Swords was finally coming.

Yang Qingyun is dead, and more than 90% of the core cadres in the Sunset Fortress are still in the Tianshan Mountains. The entire Sunset Fortress is in a situation where there is no leader.

And now the sunset fortress is presided over by He Zhizhuo of Seven Swords.

This is really good time, place and people, all occupied by Jia Youlong.

But Jia Youlong didn't dare to be careless.

When Yang Qingyun died, there were two people who were most qualified to become the new city lord in the entire Sunset Fortress, Jia Youlong and Li Tian.

Jia Youlong was once the boss of Seven Swords, and now as the second in command of Sunset Fortress, he is naturally the most qualified to inherit Sunset Fortress.

But in the same way, Li Tian has risen strongly recently and has become one of the tridents, faintly already ranking the third in the sunset fortress.

That's not to say, and Li Tian killed the Red Wolf and broke the Tai Sui Bar, and Li Tian was also the only level six bounty hunter in the Sunset Fortress, which made Li Tian very popular in the Sunset Fortress, even among the core cadres of the Sunset Fortress. Many of them are fans of Li Tian.

And now Li Tian killed the scarlet blood and the zombie Yang Qingyun, and he had far surpassed Jia Youlong.

Therefore, Jia Youlong must rush back to the Sunset Fortress as quickly as possible, and before Li Tian returns to the Sunset Fortress, he will firmly control the Sunset Fortress in his hands.

"Li Tian, you are really my lucky star! I didn't expect Jia Youlong to lose the Seven Swords Organization, but got a more powerful Sunset Fortress. Hahaha, it is really gratifying! But since Li Tian is you You killed Yang Qingyun, City Lord Yang, then I'm sorry! As long as I return to the Sunset Fortress, I will say that you have attacked the City Lord in the Tianshan Mountains, and then you will not be able to clean up by jumping into the Yellow River. And I will comply. Public opinion, taking over the Sunset Fortress, but to you, I am really embarrassed, I can only wrong you to become my stepping stone to Jia Youlong's summit at Sunset Fortress." Jia Youlong smiled happily.

Chapter 3325: Forbidden area door mutation

Tianshan, the bottom of Piauxue Peak, the gate of the restricted area.

Li Tian came here again with the corpses of Situ Ningbing, Tang Xiaolong, and the mysterious female Lily.

Seeing the gate of the restricted area, the faces of Barbarian, Tang Xiaolong, and the captain were full of shock.

"God... Brother Tian, is this the gate of the forbidden zone? It's... it's really shocking!" Manzi stammered.

Yes, no matter who it is, seeing the gate of the restricted area under the Tianshan Mountains will be deeply shocked. If the apocalyptic era had not arrived more than three years ago, human archaeologists would have discovered the gate of the forbidden zone, and they would definitely list it as the greatest miracle in human history. All eight miracles would be weak before the gate of the forbidden zone. Up.

It's just that when the gate of the restricted zone was built and by whom, even the elders of the four elephants don't know. This has become a mystery in human history.

"Brother Tian, are you saying that the gate of this restricted area is the gateway to another world? And you and Sister Bing Ning have been to another world? And you brought Sister Xue Ji back from another world? Brother Tian, you really are. My barbarian idol!" The barbarian said to Li Tian with a look of excitement when he saw the gate of the restricted area.

Tang Xiaolong heard what the barbarian said, and looked at Li Tian admiringly, and said: "Brother Tian, you can bring back a woman from another world? I... I really admire you! You are not my Tang Xiaolong's little boss, please take my knees!"

Li Tian's face was full of black lines, and he really felt that the hearts of the people were distracted, and the team was not good enough to carry the connotation of this sentence.

"Ahem!" Li Tianyang coughed twice, and said to the crowd with a serious face: "We are here to find clues to the disappearance of the old four elephants, not to visit!"

In the earth world, the four elephant elders were definitely at their peak, but he was actually injured by the three corpses, which shows how powerful the three corpses are.

And since the three corpses can escape from the crack in the door of the restricted area, maybe something else will come out of the door of the restricted area.

"Li, come here quickly and look over here!" Situ Ningbing had already arrived at the door of the restricted area, and pointed to a crack in the door of the restricted area and shouted at Li Tian.

Li Tian and others immediately surrounded him.

I saw the door of the restricted area, I don't know when a crack of the thickness of the chopsticks appeared.

Li Tian dared to guarantee that before he and Situ Ningbing crossed to another world, there was absolutely no such crack. In other words, this crack was caused by violent energy fluctuations when Li Tian and Situ Ningbing crossed to another world!

"Did the three corpses come out of this crack? How is this possible?" Li Tian still said with some uncertainty.

"Li, if you look at this crack carefully and carefully, what will you find?" Situ Ningbing said.

"Looking at the crack? Isn't this ordinary...Huh?"

Li Tian suddenly realized that as he watched the crack longer, the crack on the door of the restricted area started to produce a slight change in his eyes. What he saw in this crack was not the material constructed by the door of the restricted area. , But the endless black space.

It's like being inside the gate of the restricted area, containing a passage to another space!

"This crack actually leads to another dimension?" Li Tian was puzzled.

"No! To be precise, it should be said that the gate of the forbidden zone was built on this cracked space. It can be boldly guessed that the spaces we see now actually belong to our earth! A different space inside the earth. "Situ Ningbing interrupted Li Tian and said solemnly.

Different space, a different space belonging to the earth.

Everyone present was shocked by Situ Ningbing's bold speculation.

"You mean that this space is below the earth's surface? But how is this possible? The earth can be so developed, it has already been detected that the inside of the earth is just some rock formations!" Li Tian said.

Situ Ningbing shook his head and analyzed: "Yes, the science of the earth has already ascertained the inner layers of the earth, but this does not mean that this alien space does not exist. Besides, you can use science to explain this forbidden zone. Why does the gate exist here? Can you use science to explain that we passed through the gate of the forbidden zone to another world? Can you use science to explain that Tang Xiaolong was resurrected from the dead? Can you use science to explain the existence of the four elephant old man?"

Situ Ningbing asked several questions in Li Tian's heart.

Many things experienced by Li Tian have long gone beyond what science can explain, and science inherently has certain limitations within a certain time and space.

Based on this analysis, even at the foot of the Tianshan Mountains, it is not impossible to have a different space.

Situ Ningbing continued: "The Three Corpses came out of this different space. This incident should have been experienced by Duanmuying and the old man Wuji. When we meet Duanmuying, you can verify with her. Based on this information to speculate, I even suspect that there are other creatures in this alien space that we don't know exist! For example, the Three Corpses!"

"In fact, there is no need to meet to confirm. Although it is the end of the world, our branch still has its own dedicated satellite network. Then Li Tian, you can use this network to contact the legion commander!" said the mysterious female Lily.

Li Tian nodded.

A word suddenly popped out of the barbarian's head, and he immediately said: "Is it eighteen layers of hell?"

Situ Ningbing glanced at the barbarian approvingly, then nodded, and continued to say to Li Tian and others: "Although we can't judge what exactly exists in this space, we might as well understand this: what we said The gate of the forbidden zone is the gate of hell, and this space is the eighteen layers of hell. And the three corpses are ghost soldiers who ran out of hell!"

"Haha, ghost soldier, if the three corpses are ghost soldiers, they are already strong enough to injure the four elephant elders, then the ghost general in hell, the ghost king, don't kill us in seconds!" Tang Xiaolong said with a smile.

"Do not rule out this possibility!" Li Tian said.

The captain, who has not spoken, said with doubts on his face: "I don't know if you have this feeling? This gate of the restricted area gives me a very familiar and familiar feeling, and the space in this crack is more It makes me feel comfortable, as if it was...mother's embrace. I have an urge to enter this crack to find out!"

"Haha, don't make fun of you, but still in the arms of your mother! If you lack warmth, come to your brother's arms!" The barbarian said to the captain with a mocking expression.

"Huh!"

The captain threw out a black hair, wrapped the barbarian in the black hair, and then pulled directly on her chest, let the barbarian's head rest on her slightly raised chest, and said coldly: "You dare to say another word , Believe it or not, I made you my zombie baby!"

#### Chapter 3326: Alien space

The barbarian had no temper at all in front of the captain, so he could only surrender on the surface, and then viciously cursed that the captain was not a human being.

Li Tian stopped the fight between the captain and the barbarian, rescued the barbarian from the three thousand troubles of the captain, and said to the barbarian with a serious face: "Do you remember the name of the organization of the three corpses?"

"It's called... the kingdom of corpses! I have never heard of such a weird organization name before! Who doesn't want to name their organization so domineering, like our world, sister Wang Rui and their supreme king, etc. How can there be anyone What about the perverted name of the Kingdom of the Dead?" The barbarian followed Wang Rui to eavesdrop on Cai Longquan, and naturally followed Wang Rui to hear the name of the organization Ouyang Shiqing said.

"Yes, it is called the kingdom of corpses, because the three corpses are not humans at all, they are corpses! What I am worried about now is that if we completely destroy the gate of the forbidden zone, if there is a corpse in the space suppressed by the gate of the forbidden zone. Kingdom, then we humans are really not far from extinction!" Li Tian said his guess and worry!

Tang Xiaolong nodded his head and said: "There are still old people from the four elephants who have left a letter saying that they have come to the gate of the restricted area to find out, but there is no trace of them here. Could it be that they have entered this space?"

"It's totally possible!" Situ Ningbing nodded and continued: "The four elephant old man guarded the gate of the restricted area for thousands of years. After finally waiting for Li Tian, he opened the gate of the restricted area. Li Tianhe crossed to the other world. It was a solution. A mystery was opened at the door of the restricted area, but the three corpses suddenly appeared, which made the four elephant elders fall into another mystery. With their persistence, they will definitely enter this space to completely clarify the mystery in their hearts."

Li Tian also nodded, and said to Situ Ningbing and the others: "Now we think about so many problems, we can't solve any problems at all. We dare not damage this forbidden zone door, and we

dare not enter into a different space. Zombies are rampant in the earth world. So far, apart from Duanmuying and a few others, no one has seen the true face of the three corpses. Instead of facing the river and envy the fish, it is better to retreat to the net. Now, the most important thing is to improve the strength of us. Things! Only when we have improved our strength and made ourselves qualified to fight against the three corpses, even behead the three corpses, and behead all other zombies that still endanger humanity, we are qualified to consider this issue."

Situ Ningbing, Manzi, Tang Xiaolong and others nodded at the same time.

"Yes! When I was on the top of the Tianshan Mountains, when I was fighting the Hell Sect Master, I deeply felt that my strength was insufficient, and I was even directly killed by the Hell Sect Master! If I had these ten refinings at that time The body magic skill can train the tenth level of body training to the tenth level. No, even if it is to the sixth or seventh level, I have the power of a battle!" Tang Xiaolong clenched his fists, and suddenly released his body. Said endless evil spirit.

"Brother Tian, tell me how to practice! I'm a stupid person. I didn't practice cultivation when I met the fairy grandfather. After following Brother Tian, my strength has also improved a lot, but compared to Brother Xiaolong, I feel that I am far from enough!" Man Zi mentioned Qinglong Dao and said to Li Tian.

"Even this female corpse can easily bully me." The barbarian showed an awkward expression, and continued: "Brother Tian, I want to become stronger too. How you let me practice, I will practice like this!"

"And me! I need more advanced zombie corpse crystals to keep evolving!" The captain also said.

Seeing the expressions of Manzi, Tang Xiaolong and the captain, Li Tian's heart began to burn again.

That's right, even if Li Tian wants to enter the gate of this restricted area, he will always handle everything behind him!

The matter of the sunset fortress, the Baijing organization, the matter of Tianmen, Tianxia, and Ouyang Shiqing, that is not speaking with strength.

Since returning to Earth, although Li Tian has gradually recovered some strengths, these strengths are simply not enough to make Li Tian dominate the chaotic end times before him. Instead, he is restrained everywhere. In a word, Li Tian's strength is not strong enough!

Now Li Tian has basically settled the matter in the northwest region, but next, Li Tian needs to face the people of the top ten legions, face all kinds of high-level zombies, and face the three corpses and the zombies controlled by the three. Li Tian could not pin all his hopes on Hong Zhan.

"Okay!" Li Tian yelled out such a word, then glanced across everyone's faces, and slowly said: "Xiaolong! You ten-fold body refining, it can be said that you are also ranked in the top of the magic power. It's a great skill. You will continue to practice these ten levels of body refining, and now your strength can basically be tied with the eighth-level peak zombies, and when you break through to the fifth level, even the ninth-level zombies will not be with you. If so!"

"Barbarian, Ningbing, and Lily, we will return to the ice cave in a while, then I will select a suitable exercise for you to practice for a few of you!" Li Tian knows in the cold In the ice cave, the Sixiang old man has a small secret room, and in that small secret room is stored the various exercises

collected by the Sixiang old man over the past thousand years, and Tang Xiaolong's ten-fold refining body naturally comes from where.

Manzi's eyes lit up, and he looked at Li Tian in disbelief and said, "Brother Tian, is what you said is true? Can I also practice for Manzi?"

Li Tian nodded heavily, and then said: "It's not just you, anyone from my heavenly gate can practice. Even if you are a bounty hunter in the world, as long as you make important contributions, Li Tian will not hesitate to use the technique. Take it out for everyone to practice."

Then Li Tian said to Situ Ningbing: "Ningbing still has you! Since returning to Earth, our illusions in other worlds cannot be practiced. But we can practice the exercises that belong to our earth. We can still return to the peak when we have cultivated these methods to great success."

Situ Ningbing also nodded slightly.

Once upon a time, Situ Ningbing, as a killer, could be said to be a vertical and horizontal city, but as more and more powerful men appeared around him, Situ Ningbing had become a weak woman who needed Li Tianlai's protection. And now in this world, even Duanmuying has become the commander of the top ten legions, so Situ Ningbing has any reason not to work hard.

"As for you, Captain, I will wait for us to go down to the Tianshan Mountains. I will go to Kyoto City once in the near future. We can't always curl up in the relatively safe area of the Northwest Region. We always need to go out for some experience and go to Kyoto, which is full of Go to the \*\*\*\* of high-level zombies!" Li Tian said to the captain.

The captain followed Li Tian without having to consider the existence of danger.

The captain seemed to have seen countless high-level zombie crystals beckoning to her, with a smirk on his face.

Chapter 3327: Exercise choice

Tianshan, Piauxuefeng, a secret room in the ice cave. .

Although very unkind, Li Tian still had all the secret exercises preserved by the elders of the four elephants.

Li Tian chose a technique for the barbarian, named Qinglong Crazy Sword. This sword technique was created by a master swordsman in the Northern Song Dynasty. It emphasizes fast, accurate and ruthless.

According to the description of the sword technique, this sword technique is practiced to the extreme, and even a blue dragon sword energy can be released between swinging the sword, causing damage to the enemy.

This sword technique requires extremely high cultivators' power and weapons, especially weapons. According to the creator of this sword technique, since the sword he used was an ordinary Mo sword, the Mo sword was not able to withstand the huge destructive power produced by the sword's energy in several times the strongest blow.

However, there is no need to worry about this. Manzi is holding a seventy catties Qinglong sword in his hand as if nothing. Although this power is not comparable to the power of Tang Xiaolong punching more than two thousand catties, it is natural to use the knife. Said, and Barbarian's

Qinglong Knife is the heirloom of Cai Longquan's family of weapons, and it is also one of the few well-known good knives in the entire history.

It can be said to be one of the best knives in the world today.

What Li Tian chose for Situ Ningbing was a book of thorns, called hermit killing technique.

This stab book also has a great background.

The wind is slack and the water is cold, and the strong men never return.

That year, Jing Ke failed to assassinate King Qin and was killed by King Qin.

Although in history, many people praise the courage of Jing Ke, the most famous assassin in history, but the descendants of Jing Ke are deeply ashamed. The most famous assassin praised him for his courage and righteousness, which is absolutely unacceptable to the descendants of Jing Ke.

Therefore, in the long years that followed, the descendants of Jing Ke began to study and practice the art of assassination. Finally, in the Jin Dynasty, the descendants of Jing Ke produced a peerless genius and finally created this hermit killer. Surgery.

This book of thorns not only contains the most powerful set of thorns, but also contains a set of breath training formulas. Practicing this set of Qi training formulas to the third level can make the practitioner almost reach the realm of hermit.

With the continuous improvement of the level of cultivation, the power of the hermit killing technique has gradually increased. This peerless genius even described in the hermit killing technique that he once entered the Zhongnan Mountain to assassinate the immortal!

However, this peerless genius did not write about the result of his final assassination of the immortal, but according to the last name of the hermit killing technique: sword refers to the immortal. Li Tian speculated that this guy should have successfully assassinated.

After all, they are so-called immortals, and there is a great possibility that they are at the level of Elder Wuji, and people at the level of Elder Wuji are not invincible.

And this hermit killing technique is no more suitable for Situ Ningbing.

Although Lily is not Li Tian's person, Lily is Duanmuying's subordinate after all, and has a life-saving grace to Tang Xiaolong, so Li Tian also chose a set of exercises suitable for Li Tian.

Li Tian chose a set of whip technique for Lily. This set of whip technique is called autumn killing. It is intended to kill the flowers in autumn. This set of whip technique begins to show its power after the first level of power. When the whip is pulled out, it will be in the whip. Several bright red flowers appeared around, and as the level of cultivation increased, when the cultivation reached the ninth level, a whip was pulled out, and ninety-nine bright flowers appeared.

And each blooming flower will become a killer weapon. With the withering of the flowers, the life of the person who was drawn by the whip will wither with the withering of the flowers, and eventually become a pile of dead bones.

What surprised Li Tian was that this set of whip techniques was obviously a magic whip technique, but it was placed on the shelf of normal techniques.

When Li Tian handed over the three sets of exercises to Barbarian, Situ Ningbing, and mysterious female Lily, they were immediately shocked by the introduction of the exercises.

"Brother Tian, this Azure Dragon Crazy Sword seems to be tailor-made for me. Thank you so much!" Manzi said excitedly to Li Tian, holding the secret book of this set of sword techniques.

Li Tian patted Barbarian on the shoulder, and said with earnestness: "Barbarian, there is no shortcut in one path of cultivation. Only by studying and practicing hard can you achieve something. Like Tang Xiaolong, after three years in Tianshan, his tenfold training is only the third one. It's only heavy, and the further you go, the more difficult it is to cultivate! And your barbarians are the first disciples in my heavenly gate, so my expectations of you are very high, I hope you can become the pride of heavenly gate! Only your qualifications are average, So, if you want to achieve something, you can only work harder, otherwise you are like now, the little loli zombie, the captain, can bully you!"

The barbarian nodded vigorously, and said to Li Tian: "Brother Tian, please rest assured, I will definitely practice the Azure Dragon Crazy Sword and I will never let down your expectations of me!"

When Situ Ningbing saw the hermit killing technique, he was completely shocked, especially the record of killing immortals in the technique, which made Situ Ningbing's heart beat wildly.

Over the years, Situ Ningbing followed Li Tian around, and even in other worlds together, but Situ Ningbing's strength has not been very high. In many cases, Situ Ningbing still needs Li Tian's protection.

A killer woman like Situ Ningbing was still somewhat unwilling in her heart. Situ Ningbing hoped that she could also grow up and become Li Tian's right-hand man, not that everything needed Li Tian's help.

"Li! Thank you for the exercises you gave me! I like this exercise very much!" Situ Ningbing gave Li Tian a light kiss on the cheek with some embarrassment.

After the mysterious female Lily received the exercises given by Li Tian, the expression on her face was very complicated.

"Li Tian, you know that I'm from Duanmuying, and you can't buy me from metering at all! You should take this whip method back!" Lily said to Li Tian again.

Li Tian smiled slightly, but did not receive the exercises of the mysterious female Lily Land. Instead, he smiled and said: "Do you think I have to buy you? In fact, you also know that Duanmuying is my woman, and you again It's from Duanmuying, so I don't have to buy you! The reason why I gave you this exercise is to thank you for saving my brother Tang Xiaolong of Li Tian! If you feel guilty, then you will A good whip technique can help Duanmuying all the way!"

The mysterious female Lily really saw the power of this whip technique, and she was eager for the whip technique in her heart. Now that she heard Li Tian say this, she was welcome, she took the whip technique into her arms and faced Li Tian. Said: "Then I will be welcome, thank you!"

"Okay! Now that we have all obtained the exercises of our minds, let's start practicing! The time limit is one week, and in a week, we will return to the sunset fortress," Li Tian said to everyone.

Chapter 3328: Got a reward

Among the ice caves of the Tianshan Mountains, only the captain was playing with her long hair boredly. As a zombie, the biggest advantage of the captain was that he did not need to practice, and he only needed to eat corpses of the same level as her, or even more than her level. Crystal, you can upgrade the level.

Others, such as Li Tian, have all begun to practice a week-long retreat.

The captain is waiting for Li Tian and others to break out of the coffin!

Seven days ago, Li Tian used "Red Slash" to open up a practice area of tens of square meters for everyone on the ice layer around this ice hall. At this time, Li Tian and others have already entered these training places and are practicing with great concentration.

Although Li Tian also hopes to have more time for cultivation on the top of the Tianshan Mountains, as the food and drinking water brought by Li Tian and others are limited, even if the food and drinking water searched from the dead bodies are added, It was barely enough for everyone to eat for eight days.

For this reason, Li Tian specially set the time for retreat practice to seven days.

However, fortunately, since Tang Xiaolong had cultivated the ten-fold training body, his body had undergone tremendous changes, and he could practice for a long time without eating food and drinking water.

The best food for this zombie is the corpses of other humans like Scarlet Blood.

In Tang Xiaolong's training place, Tang Xiaolong sat quietly on the ice like an old monk entering Ding.

Tang Xiaolong had just broken through to the fourth level of the Tenth Heavy Refining Body, and it was impossible to break through again in the short term.

But just as Li Tian said to Manzi, Tang Xiaolong also understood the truth of diligent study.

After practicing for a long time, Tang Xiaolong will naturally not let go of such seven days and devote himself to cultivation.

Tang Xiaolong has also gained a little in the past few days. Tang Xiaolong felt that the two true qi that his body had absorbed the red blood were actually inside his body, and kept squirming up and down. And with the squirming of these two true qi, Tang Xiaolong found that his body was fiery, and a rush of heat flowed in his body.

As Tang Xiaolong continued to figure out, Tang Xiaolong found that his control of power had improved a lot.

For example, if he throws a punch, Tang Xiaolong's punch would be more than two thousand jin before. But now, after these seven days of cultivation, Tang Xiaolong can control the power of each punch within two thousand jin.

"boom!"

"boom!"

"boom!"

Tang Xiaolong continuously bombarded the air, his fist brought the fist wind into the air to make a crackling sound.

At this time, Li Tian was sitting on the ice, feeling the flow of spiritual energy in his body! As the aura slowly flowed within Li Tian, a smile gradually appeared on Li Tian's expressionless face.

"Hong Zhan" was slowly rotating around Li Tian's body with the flow of spiritual energy in Li Tian's body. The spiritual current controlled by Li Tian reached the acupuncture points above his head, and "Hong Zhan" was suspended in Li Tian's body. Above his head, Li Tian controlled the acupuncture points on the back of the spirit flow, and "Hong Zhan" immediately galloped to Li Tian's back.

After several days of training, Li Tian now controls "Red Slash" without moving his fingers, he can do whatever he wants, just like controlling a zombie, and he can control it perfectly with just a thought.

Li Tian did not lose his name to the few geniuses at the time. If he only learned to control "Red Slash" as he pleased, then he would be ashamed of Li Tian's genius name.

Li Tian pays more attention to the recovery of kung fu while on earth. After these seven days of cultivation, Li Tian's broken soul palm and Xuantian \*\*\*\* have been greatly recovered.

With a move of Li Tian's mind, with the flow of Li Tian's spirit, "Red Zhan" galloped towards the ice wall in front of Li Tian. Li Tian casually pointed, and a gas bullet followed "Hong Zhan" and flew towards the ice wall.

"Duh!" With a sound, "Red Slash" rolled directly on the ice layer, and the gas bomb that followed it directly blasted on the ice layer with "Red Slash".

"Boom!" With a sound, the gas bomb exploded on the ice wall, exploding a bowl-sized pit on the ice wall.

Ice \*\*\*\* splashed everywhere.

But Li Tian had already moved at this time, and he saw Li Tian leapt lightly in front of the ice wall, and slapped a palm directly against the heavy ice wall.

Broken soul palm.

There was another loud noise. The thick ice wall swayed slowly, and unexpectedly exploded a pit larger than the size of a washbasin.

Li Tian nodded slightly. After these seven days of almost endless practice, Li Tian's Xuantian \*\*\*\* and soul-broken palm have improved. More importantly, Li Tian has learned to make "Red Zhan" and the other two. The fusion of various exercises.

Only the Xuantian \*\*\*\* and Broken Soul Palm produced by Li Tianzhi caused limited damage to the ice wall. That was because Li Tian had been controlling the strength he released.

Cultivating in this ice layer, Li Tian just tried his best to control the released power in two or three layers.

Moreover, the ice wall in this ice cave has been accumulated over millions of years, even tens of millions of years, and its hardness exceeds that of rocks.

If Li Tian attacks with all his strength, Li Tian believes that even without "Red Slash", his strength has recovered to a reasonable level with the ninth-level zombies. If "Red Slash" is added, Li Tian feels that he can already kill the ninth level in seconds. Zombie.

"Yes, yes! These three exercises complement each other, and make the original powerful attack more powerful. First, Hong Zhan Pathfinder, then Xuantian Fingering Induction, and finally Broken Soul Palm to complete the final blow. , Can greatly increase the success rate of the attack. And if the opponent is oversight and has not escaped the attack of Hong Zhan, Xuantian \*\*\*\* and broken soul palm will become a continuous attack, which can definitely cause the greatest damage!" Said confidently.

But this is not enough, Li Tian's strength has not fully recovered.

"Poetry, waiting for me, this day will not let you wait too long!" Li Tian thought, "Hong Zhan" swish directly! Flew over with a sound, directly inserted into the ice.

...

Sunset fortress, satellite city Luoxing.

Xinyan stood in front of a simple bulletin board with a surprised expression on her face.

In the bulletin board, originally posted a variety of messy paper bounty tasks, but now these tasks are completely butchered by another bounty task. And this reward is the head of Li Tian, and Li Tian's reward amount has reached a hundred seven-level corpse crystals, which is the same as the original red blood reward.

"Unexpectedly, Li Tian was still the pride of our sunset fortress a few days ago. He is one of our great tridents. Why has he become a wanted person in a few days?" One of the bounty hunters was somewhat Said incredulously.

"Who said no! Even the owner of Sunset Fortress has been replaced by Jia Youlong of the original Seven Swords, so there is nothing to be curious about Li Tian being offered a reward!"

"Hey, I am afraid that the world's bounty hunter team is in trouble. Before they played the banner of Li Tian, they have offended many other bounty hunter teams in this satellite city." Another bounty hunter sneered. Said.

Chapter 3329: "Tianxia" is in trouble (1)

Luo Xing is one of the four satellite cities of Sunset Fortress.

The area of Luoxing is not large, that is, seven or eight streets. Seven or eight streets crisscross and outline the overall layout of the small city of Luoxing. The buildings of Luoxing are somewhat similar to those of Sunset Fortress. Qi, from the overall feeling alone, Luoxing is the worst of the four satellite cities.

But Luo Xing is not simple. As the first satellite city of Sunset Fortress, this small satellite city, which looks more like a small county seat, has gathered nearly 60,000 people. The population density even exceeds that of Kyoto before the end of the world.

Luo Xing has a large population and naturally all forces have infiltrated it. In this small city with a population of 60,000, there are more than 1,000 bounty hunter organizations. The secret branches of various organizations in the Sunset Fortress will also choose here. .

This is why Li Tian let Bai Jing choose to take root here.

But now it turns out that not every decision of Li Tian is correct.

After Xinyan brought back the information that Li Tian was offered a reward, the newly established bounty hunter organization in the world became uneasy.

Luo Xing, in the compound of the headquarters of the World Bounty Hunter Organization, hundreds of bounty hunters in the world are crowded here at this time.

"Let them go!" Bai Jing, as the head of the world's bounty hunter, sat on a chair with a gloomy look and shouted to Huo Liantong.

"Big sister, if you let them go like this, wouldn't it be too cheap for them? When they first came to Luo Xing, they didn't even have a place to eat. If we didn't take them in, maybe they would have been starved to death. These days, Sister Tou provided them with food and lodging, and led them to hunt zombies, and Sister Tou gave them the zombies obtained from hunting zombies. But in just a few days, I saw a little bit of the world. Crisis, now we are clamoring to leave! You can leave, but at least let them spit out those lost crystals!" Huo Liantong said angrily.

"Brother Liantong, what you said is wrong! A few of our brothers came out of Luo Xing, and the world can take in our brothers. Our brothers are also grateful. But after all, this world is just a bounty hunter organization, we Brothers are not sold to the world, they still have the freedom to come and go! Besides hunting zombies, our brothers are also adventurous with their heads on the waistband! As for the corpse crystals, this is more or less the strength of our brothers. Come on!" A man in his thirties showed a haughty face, reached out his hand to touch the big knife hanging around his waist, and said to Huo Liantong.

This man in his thirties touched the knife, meaning it couldn't be more obvious.

If Bai Jingfang and the others are gone, and they remember Bai Jing's kindness to them, then everyone can get together.

If Bai Jing and the others have to play sideways, the big swords at the waist of this man are not vegetarian.

"You \*\*\*\* call me old brother Liantong, I don't have a perfidious brother like you, and we don't have such a perfidious person in the world!" Huo Liantong said angrily.

"Huo Liantong! I called you a brother because I gave you face, don't be shameless! Do you really think that the world is still the same as before? Your backstage Li Tian is now on the reward list, and I don't know how many rewards there are. The Golden Hunter is now thinking of asking Li Tian's head for money! It's just that we are still thinking of the kindness that the world has taken over us, this is just asking to withdraw from the world!" The man said with a sneer.

"You..." Huo Liantong was still angry, but was interrupted by Bai Jing's words!

"Shut up Liantong!" Bai Jing said sternly to Huo Liantong, and then moved his gaze to the face of the man in his 30s, sneered and said to the man: "If you want to quit the world, you can force it. The melons are not sweet, and our world will not force anyone to stay in the world. However, if you leave the world, even if you kneel in front of my Bai Jing, our world will not accept your return!"

"Hahaha, come back? Please stop teasing you? Now the city lord Jia has issued a reward for Li Tian in the Bounty Hunter Association, a reward for one hundred seven-level corpse crystals. I don't know how many desperadoes will be caused. He will attack Li Tian and let Li Tian die without a place to bury his corpse. Do you still think the world has a chance to turn around?" The man sneered.

"Brothers, the world is dead, and the yellow sky shall be established. Today, I have established the Yellow Sky Bounty Hunter Organization in Tubaru on the grassland. Anyone who is willing to follow me Tubaru can follow me now." Tubaru Shouted at the many bounty hunters who surrounded the hall.

For a while, there was a lot of discussion in the hall. Many bounty hunters were still observing their words, waiting for the development of the next thing. Several bounty hunters had already taken off the bounty hunter badges worn on their chests. Into the pocket.

What's more, directly dropped the world's bounty hunter badge on the ground.

"You! Bastard!" Huo Liantong's anger was unbearable anymore. He saw a man who had thrown the World Bounty Hunter badge on the ground and stepped on it a few times. He rushed straight up, facing the man's face heavily. Give a punch.

Huo Liantong's punch directly knocked the man into the air. The man tremblingly climbed up from the ground, and with a "bah", a pool of blood came out from his mouth, and the pool of blood could be seen vaguely. To a few white teeth.

"Hey! What a big anger! I don't know how many people Huo Liantong can beat? Do you want to leave the bodies of all of us in the world?" Tubaru saw his own people be beaten, and slammed his waist. The sword in the room was drawn out and said with a sneer at Huo Liantong.

Tubaru once participated in the hunting of zombies with Huo Liantong, and was quite jealous of Huo Liantong's strength.

"Shut up!" Bai Jing stood up abruptly, shouting angrily.

Bai Jing's angry voice echoed in the hall, and the hall that was as noisy as a vegetable market just now became quiet.

"When we are rich, those who stay with us are not necessarily fakes. When we are in trouble, those who stay with us are real people!"

"We also have an old saying that we can see the truth in adversity. Now we have experienced some small sufferings, but we are still far from adversity. If you choose to stay in my world, then I welcome you, Bai Jing, and the world also welcomes you, you are Real people in the world. If you want to go, I will not stay, Bai Jing, and other people in the world will not be allowed to stay! Xinyan, give everyone who wants to leave the world a second-level corpse crystal! Huo Liantong, put The door is open!" Bai Jing said to Xin Yan.

"Big Sister..." Xin Yan was also full of anger, a little dissatisfied with Bai Jing's decision, stomping said.

And Huo Liantong could only hold back his anger and went to open the gate of the compound.

"Bang!" With a sound, Huo Liantong just pulled out the door bolt. The wooden door of the compound was kicked open from the outside. The door leaf hit Huo Liantong's nose. Huo Liantong stepped back seven or eight steps before stopping. Huo Liantong covered his nose with his hands, and his nosebleeds immediately came from his fingers. Blood flowed out between the slits.

Chapter 3330: "Tianxia" is in trouble (2)

"Who is the head of the world, stand up for me! People who dare to accept my Tianshan Wonderland, I really don't know how to write dead words!"

The person who broke in was a sixty-year-old man with a childlike face. This old man was dressed in a black suit and a pair of linen cotton shoes. Judging from his appearance alone, this old man is a bit fairy. Crane bones, looking like a master, and looking at the door kicked by the old man, many people present couldn't help but take a breath.

I saw that the old man kicked a deep footstep on the wooden door that was an inch thick wrapped in iron. This shows how strong the old man's kick is, and Huo Liantong is such a strong man. The old man took a few steps back with a kick, the bridge of his nose was also severely injured, and the nosebleeds flowed out. The whole look was still quite miserable.

"It turned out to be the head of the Tianshan Wonderland, I don't know how the world provokes the Wonderland!" There was already a circle of onlookers outside the courtyard. Some of these onlookers recognized the person and immediately sucked up. Take a breath, whispered in surprise.

Tianshan Wonderland, the bounty hunter organization that has existed since the establishment of Luoxing, the satellite city, can be said to be the oldest bounty hunter organization among Luoxing.

The bounty hunters in Tianshan Wonderland are diverse, a mixture of dragons and snakes, and they have always been always willing to come. As long as you can pay a membership fee, you can enter this bounty hunter organization and become a member of this bounty hunter organization. For this reason, this Tianshan Wonderland Bounty Hunter Organization is a super-large bounty hunter organization with more than 5,000 people.

The head of the Tianshan Wonderland, the old man in front of him, was super strong, and was a famous martial artist in the Tianshan region before the end of the world. After the end of the world came and the law collapsed, Duan Chaoqiang immediately entangled a group of warriors and established the bounty hunter organization of Tianshan Wonderland.

Relying on his super strength value, Duan Chaoqiang gradually developed Tianshan Wonderland into the most powerful organization in Luoxing City, Sunset Fortress.

"Now the world is really reckless, and even the Wonderland under the Heavens dare to provoke. You know that in Xingluo, the Wonderland of Tianshan Mountain is even better than the sign of the Sunset Fortress!" someone next to him immediately said.

"Yeah! Since Li Tian was offered a reward, the world has begun to thank guests behind closed doors and ceased all activities. It is rumored that some people have begun to flee the world, and now they have provoked the Tianshan Wonderland. As a result, it is estimated that those who left the world this time there will be more people! After all, no matter who it is, I don't want to provoke the behemoth of Wonderland!"

"At the beginning of the creation of the world, it was domineering. I thought that among the stars, there was finally an organization that could wrestle with the Tianshan Wonderland. But in just a few days, I lost the big tree Li Tian. The tiger has fallen into the Pingyang."

"That's right. When Li Tian gains power, the world will naturally rise, and now Li Tian has been offered a reward, and the world is naturally also a tree fallen macaque! No one is a fool, how could it be a tree in the world? Hanged!"

"Did you say that Li Tian really killed Yang Qingyun and Yang Chengzhu? I always feel that this time, City Lord Jia returned to the Sunset Fortress and suddenly mastered the Sunset Fortress shouldn't be that simple!" Someone first said the doubt in his heart.

The person next to him immediately moved a little away from this person, and said vigilantly: "Don't talk about this, be careful of your head!"

Seven or eight days have passed since Yang Qingyun was beheaded by Li Tian.

In the past few days, the core cadres of Sunset Fortress have returned one after another, and these core cadres have also shown a surrender attitude towards City Lord Jia.

Those core cadres who did not surrender or questioned had been killed by Jia Youlong with various secrets, or were directly sent to the four satellite cities, and it would be difficult to enter the core cadre circle of Sunset Fortress.

And not only that, Yang Qingyun also set up a new organization, specifically responsible for inquiring about others' attitudes towards him taking over the sunset fortress among the four satellite cities. Once someone is found to be questioning, these people will immediately be targeted by the new organization.

Therefore, talking about Li Tian now is tantamount to talking about tigers!

Bai Jing slowly walked down the steps and said to Duan Chaoqiang: "I am the commander of the world. I don't know where I offended the Tianshan Wonderland to make Commander Duan so angry!"

"Hmph! Dare to ask if Liu Dahong is in your world bounty hunter team now?" Duan Chaoqiang asked with a sneer.

"Liu Dahong?" Bai Jing couldn't remember that there was such a bounty hunter in the world.

"Sister, I'm sure there is no such person in our bounty hunter team!" Xin Yan said with certainty.

"Is there anything you say, I have to believe Duan Chaoqiang!" Duan Chaoqiang's gaze slowly swept across the bounty hunters in the compound, and said with a sneer.

Suddenly, Duan Chaoqiang took a few steps forward quickly, and the bounty hunters on the left and right gave way. Duan Chaoqiang didn't mean to stay at all, and suddenly stretched out his iron claws to grab a man behind Baturu.

A closer look revealed that this man was the man whose teeth were just beaten by Huo Liantong.

The moment Liu Dahong was caught by Duan Chaoqiang, his legs were already weak, and he was dragged away by Duan Chaoqiang like a dead dog, with a look of fear on his face, and he begged Duan Chaoqiang for mercy:

"Leader for mercy! Chief for mercy!"

Duan Chaoqiang completely ignored Liu Dahong's begging for mercy. He lifted Liu Dahong over his head with one hand and threw him to the ground with all his strength.

"Bah!" With a sound, Liu Dahong was smashed by this fall, and his ribs were also broken!

Duan Chaoqiang stepped on Liu Dahong's calf, his face was full of murderous intent, and said to Bai Jing and others: "The world is really bold! You dare to accept the traitors who have ordered the killing under my Tianshan Wonderland. I really am Tianshan Wonderland. Is the killing order a fart?"

"Liu Xiaoqiang, isn't his name Liu Xiaoqiang? How could it be Liu Dahong?" Xinyan was temporarily in charge of the recruitment and review of the world's bounty hunters. Now there is a problem, she asked anxiously.

Bai Jing stopped Xinyan from continuing to speak, and said: "This Liu Dahong alias Liu Xiaoqiang has mixed into our world. We really don't know that this person is a traitor to Tianshan Wonderland. Moreover, before Head Duan came, this Liu Dahong had already withdrawn from the world. This person has nothing to do with me in the world, let it be the head of Duan how to deal with it!"

"Hey! Do you want to get rid of the relationship without knowing one sentence, one sentence to quit the world? You have to ask me Duan Chaoqiang's fist agrees or not!" Duan Chaoqiang sneered.
