

A Killer 3371

Chapter 3371: You are cheating

In Heaven, in front of the outpost in front of the outermost steel net, cars lined up for inspection by the guards.

Suddenly, there was a loud noise at the end of the whole team, and then there were waves of discussion among the crowd. I saw that these bounty hunters all had expressions of excitement that could not be suppressed, as if fans had seen a legendary idol.

Then, the bounty hunters who were lining up drove their cars to the side and gave way to a car behind. Even the bounty hunters stood straight in front of the car, facing forward slowly. The passing car pays attention.

"Who is this? It is so hanging?" a soldier standing on the guard asked with some confusion.

The last time I saw a similar scene was when Li Tianrong was promoted to one of the tridents of Sunset Fortress. At that time, the bounty hunters paid tribute to Li Tian and even fired their guns.

But now Li Tian is in the heaven, so who is the person in front of him? Is there anyone in the Northwest region who can compare with Li Tian?

The soldiers in charge of the inspection also stopped their work and looked at the car that was gradually approaching with suspicious eyes.

At this time, those talking voices have gradually passed over.

"Have you seen the badge? Although I haven't seen the real one, in the lobby of the Bounty Hunter Association, this badge is the most eye-catching!"

"Nonsense, that's a badge that symbolizes that the most powerful existence of the Bounty Hunter Association is qualified to wear it!"

"It turns out to be the twelve strongest in the legend, that is a powerful existence that surpasses the level 9 bounty hunter! Am I dreaming?" A bounty hunter said with excitement and trembling.

Speaking of this, the bounty hunter pinched the bounty hunter next to him. After hearing a scream, the bounty hunter almost burst into tears, and said excitedly: "It really is not dreaming!"

And the bounty hunter who was pinched by this person has forgotten to care about with this person, and said: "Our Lord Li Tian is only a sixth-level bounty hunter, and today we can see a bounty beyond the ninth level. The existence of the hunter! If I can wear that badge anytime, even if it makes me die, I will die without regret!"

"But, why did these three powerful big men suddenly appear in the heavens? Could it be that something big happened in the heavens?"

"Shooting the three strongest at a time, wouldn't it be for Liu Jun, the president of the Bounty Hunter Association? But he is missing now!" A bounty hunter said later.

In the car, General Jingtao, wearing a military green uniform, was driving the car and walked forward slowly.

Mo Jianyuan in the passenger seat showed a look of helplessness, and said: "It's really troublesome, for such a waste, let us run so far! Liu Lao really loves Sun!"

Sitting on the back seat was a woman with short hair. It was Xiao Qiuman. Xiao Qiuman looked at the front and said coldly: "That's not a waste, it is the president of the bounty hunter in the heavens, and it is also our dawn. people!"

"Okay! Okay! It's your Dawn people! You Dawn is great, okay! It's really troublesome!" Mo Jianyuan raised his hands and said with a helpless expression.

"Hey, Jing Tao, how could the president of this branch disappear for no reason? It stands to reason that there can be no one in this northwest that could harm your Young Master, right?" Mo Jianyuan jokingly faced him. Jiang Jingtao said.

Jiang Jingtao snorted coldly, and did not speak.

"Okay! Okay! It's really troublesome!" Mo Jianyuan said.

...

"Boom!" With a bang, Liu Jun was slapped into the raging flames by Li Tian's palm, and then stopped after breaking two pieces of wood that were already on fire. Liu Jun slowly stood up from the flame, panting heavily, looking at Li Tian outside the flame.

Liu Jun didn't expect Li Tian's strength to improve so quickly in just ten days.

The last time he fought with Li Tian and others, Liu Jun alone could compete with Li Tian, Barbarian, Tang Xiaolong and the captain, and even stood faintly in the upper hand. If it weren't for the Barbarian's fatal blow, Liu Jun might even kill Li Tian and others.

But now, there is only Li Tian, and Liu Jun seems to be fighting with three people at the same time, and the cooperation of these three people is seamless.

Li Tian's **** is like the bullet of a pistol. It's powerful, especially at close range, suddenly launching it, which can bring great danger to Liu Jun, and Li Tian's hand is equally terrifying, and the power of this palm has even exceeded He punched the black monkey with all his strength, and slapped his body with this palm, as if the bones of his body were about to be broken.

What made Liu Jun more chilling than **** and palming was the strange blade floating in the air.

The knife is extremely sharp, even stones and iron tools will be easily shredded by the blade. If the blade is cut on the body, the consequences can be imagined.

If Liu Jun is allowed to choose the arrangement, Liu Jun must first avoid the damage of "Red Slash", secondly avoid the broken soul palm, and finally avoid Xuantian fingering. Of course, if he can choose not to be injured, Liu Jun I would rather have never been to heaven.

At this time, Liu Jun has nearly ten wounds no less than the size of his body. Among them, Li Tian's **** left seven wounds on Liu Jun's body, and "Red Slash" left two on Liu Jun's body. In one place, Xue Ji's sniper rifle left on Liu Jun's body at the beginning.

These wounds were burning in the flames, and Liu Jun's skin was trembling.

With flames burning all over Liu Jun, he slowly walked out of the flames, roared at Li Tian, and pounced on Li Tian again.

"boom!"

"boom!"

"boom!"

The two figures fought in the small courtyard. One punch and one punch, each punch was a thousand pounds of force, one palm and one palm, and each palm broke the stone.

"Boom!" With a sound, Liu Jun beat him and flew out again.

The body hit the ground seven or eight times in a row before stopping.

Liu Jun slowly got up and shouted at Li Tian: "This is impossible! This is your **** cheating!"

Cheating, if you are playing a battle game, there may be a possibility of cheating, but this is a matter of life and death. How could Li Tian be cheating.

This is the result of Li Tianshi's practice. If it were three years ago, Li Tian wouldn't need "Red Slash" at all, and he could kill Liu Jun in a flash.

"Liu Jun! I want to torture you today! I want you to regret stepping into my heaven!" Li Tian sneered and slowly walked towards Liu Jun.

Chapter 3372: Can't kill

Tang Xiaolong looked at Li Tian with some admiration. In less than half a month, Li Tian once again demonstrated his enchanting talent for cultivation.

Last time Li Tian, Tang Xiaolong, Barbarian and the captain, the three of them dealt with Liu Jun in one corpse and tried their best to let Liu Jun run away. At that time, Liu Jun was absolutely in the upper hand, but now?

Liu Jun was completely beaten by Li Tian!

The soldiers who survived by chance had their eyes brightened and looked at Li Tian with an expression of incomparable worship.

"Yes, this is Li Tian! This is Lord Li Tian, this is Li Tian City Lord!"

"As long as Li Tian is still there, this celestial realm will not tolerate others to go wild!"

Situ Ningbing and the goddess Xueji looked at Li Tian affectionately. Li Tian has never let them down. No matter when, wherever, Li Tian is their most powerful spiritual support. The most powerful reserve force.

"Li Tian! Don't deceive people too much, do you really think that I, Liu Jun, are afraid that you will fail?" Liu Jun roared.

Li Tian didn't stop, he still walked towards Liu Jun slowly, and said calmly, "Fear? I never let you Liu Jun be afraid of me!"

"I said before that my heaven has the rules of the heavens, and in this heaven you have to follow the rules of my Li Tian! Since you don't abide by the rules of my Li Tian, you don't abide by the rules of the heavens, then you have to accept me. Li Tian is angry and ready!"

"Hahaha, I, Liu Jun, is a magnificent ninth-level bounty hunter and a supernatural power. How can I be afraid of you, a kid in the wild! Come on!" Liu Jun said with a smile: "Come on, let me Look at your Li Tian's methods!"

With a "huh," Liu Jun was swallowed by flames all over his body.

No, it was not that Liu Jun was swallowed by the flames, but that all these flames were released from Liu Jun.

"Hahaha! You forced me to Li Tian! I want your entire heaven to be buried in the sea of fire!" Liu Jun said with a wild smile.

Liu Jun suddenly turned around, plunged into the flame, and suddenly leaped out from behind the flame.

Li Tian was stunned. He didn't expect that Liu Jun would do something like this when he was at the end of his journey. In this way, Liu Jun didn't know how many people would be implicated and buried in the fire.

"This bastard! I must kill you!" Li Tian said angrily.

"Xiaolong, you chase Liu Jun with me! Ningbing, Xueji and Wang Rui, immediately stop the personnel from putting out the fire and helping themselves!" Li Tian said anxiously.

Situ Ningbing, Goddess Xueji, Wang Rui and others immediately began to stop the personnel from fighting the fire, while Tang Xiaolong followed Li Tian directly to the roof to chase Liu Jun.

I saw Liu Jun's whole body burning with flames, leaping rapidly between the buildings in this satellite city, and wherever Liu Jun went, as Liu Jun hit the flammable materials with a fist, it suddenly began to burn. . Although the houses in this satellite city are not all civil structures, how can they not burn if they can set fire to Liu Jun?

"The water is running, put out the fire!"

"Fight the fire!"

Screams, calls for help, and shouts were heard in the entire satellite city. Residents, bounty hunters, and soldiers who lived in this city began to fight the fire. Fall into chaos.

"Hahaha! Li Tian, what can you do with me?" Liu Jun laughed wildly at Li Tian while escaping, fired.

Li Tian chased after Liu Jun, "Red Zhan" had already flown towards Liu Jun, but Liu Jun did not run away in a straight line. Sometimes he ran straight, sometimes stopped, sometimes moved in a curve, and sometimes galloped in a straight line.

The bounty hunters in this satellite city also shot and arrowed at Liu Jun angrily, but Liu Jun moved fast, and bullets or arrows kept falling behind Liu Jun.

"Hahaha! Idiots, if Liu Jun wants to escape, what can you do to me!" Liu Jun smiled unscrupulously.

With thick smoke billowing and blazing flames, the entire satellite city is like a sea of flames.

Li Tian's anger at this time can be imagined.

kill!

Must kill the ***** Liu Jun!

Otherwise, how to explain to the residents of this satellite city!

Otherwise, how to explain to the whole heavenly people!

Liu Jun ran away with all his strength, even Li Tian had no choice but to take Liu Jun for a while.

Suddenly, a black shadow flashed out, the black shadow was as fast as lightning, and was fearless at all from the flames of Liu Jun's body, and directly rushed on Liu Jun's body. The black figure and Liu Jun fell down from a building, and slammed heavily on the lower houses nearby, and there was a loud noise.

"It's you? Aren't you afraid of being burned to death by me? You bastard, let me go!" Liu Jun had already seen clearly that it was Tang Xiaolong, the black monkey who had fought against him, that was rushing towards him.

Death, everyone is afraid of death, but Tang Xiaolong does not allow Liu Jun to be wild in this heaven, just like a barbarian does not allow Liu Jun to be wild in the heaven.

When Tang Xiaolong pounced on Liu Jun, his clothes had already begun to burn with the flames on Liu Jun's body, but Tang Xiaolong was not afraid at all, but hugged Liu Jun tightly.

Tang Xiaolong cultivated the ten-fold refining body, which can cultivate his body skin into a metal-like texture, but this is still human skin after all. In the flames, Tang Xiaolong's black skin began to fold and shrink, as if the next second it will start to burn in general.

But Tang Xiaolong's face didn't even show the slightest fear, and Tang Xiaolong muttered words, as if he was chanting some kind of spell.

Real gold is not afraid of fire, so how can Tang Xiaolong's ten-fold training be afraid of Liu Jun's flame.

But this is only a few seconds, if it lasts too long, even Tang Xiaolong will be burned to a pile of ashes by the flames.

"Whoo!" With a cry, "Red Zhan" arrived and flew directly into the flames on Liu Jun's body.

"Huh!"

"Red Zhan" flew out, and there was a blood stain on "Red Zhan" that was scorched and black, and Liu Jun let out a scream in the flames!

"Boom!" With this scream, Tang Xiaolong had already let go of Liu Jun and punched Liu Jun heavily. With the powerful force of this punch, Tang Xiaolong's body escaped from Liu Jun's flames. , And flew out.

"My God! Kill him!"

There was an extra ***** calf in one of Tang Xiaolong's arms. Needless to say, this calf is also Liu Jun's. Due to Tang Xiaolong's obstruction, Li Tian caught up with Liu Jun and immediately activated "Red Zhan" to cut Liu Jun's calf.

As for Liu Jun, his body weakened, he had fallen to the ground, and he was screaming and cursing Li Tian.

Can Liu Jun, who is missing a leg, escape from Li Tian's palm?

"Keep someone under the knife!"

"Unkillable!"

A car galloped over, and the voices of a man and a woman in the car shouted at Li Tian at the same time.

Chapter 3373: He scared me

The car went on a rampage, completely ignoring the bounty hunters and residents who were on the road with emergency fires.

"Can't kill? Why can't you kill? The crime Liu Jun committed in my heaven is no longer a simple death! Besides, this is my heaven, this is my Li Tian's territory, how many more are there? People want to point fingers at me, Li Tian?" Li Tian thought angrily.

Li Tian didn't have the two voices of a man and a woman from the car at the regular meeting. With a thought, "Red Zhan" flew directly to Liu Jun.

A fascinating red light flashed, and "Red Zhan" slashed directly on Liu Jun's shoulder armor.

The sharpness of "Red Zhan" was displayed vividly at this time, this Liu Jun was directly cut in two by "Red Zhan", naturally he couldn't die again!

With a "crunch", the car made a long mark on the driveway before it stopped.

"Why kill him? Didn't you hear what I said?" Jing Tao walked off the driver's seat angrily, staring at Li Tian angrily, and he had already pulled out a scalpel from his waist, slowly He walked towards Li Tian.

Jiang Jingtao, Mo Jianyuan, and Xiao Qiuman were investigating the cause of the corpse tide in Xiasha. They were about to return to Kyoto, but received an order from Liu Lao, saying that Liu Jun, the head of the Celestial Realm branch, was missing. Tao immediately rushed to the heaven to find Liu Jun's whereabouts.

After arriving in the northwest region, Jiang Jingtao knew that Liu Jun had openly challenged Li Tian's bottom line, beheading a lot of zombies at Li Tian's Zombie Research Institute, and Li Tian wounded Liu Jun and chased Liu Jun.

Originally, Jing Tao planned to come to heaven first and intervene in this matter as the Bounty Hunter Association.

But when Jing Tao drove here, he heard the news that Li Tian and others had gone to siege Liu Jun. Therefore, Jing Tao rushed to this satellite city, but they were still late.

Jiang Jingtao saw Liu Jun be beheaded by Li Tian!

Liu Jun is Lao Liu's grandson, and Jiang Jingtao is Liu Jun's confidant general, but Jiang Jingtao saw Liu Jun beheaded by Li Tian.

Li Tian's brow furrowed, his face showed an expression of displeasure.

Li Tian glanced at the badge on Jiang Jingtao's chest inadvertently.

"It's the badge of the Bounty Hunters Association! And it's the badge that the strongest in the legend is qualified to wear! Are they here to rescue Liu Jun?"

"What a murderous spirit!" Li Tian thought in his heart. "Red Zhan" had already flown around Li Tian's body. Li Tian was on guard and prepared to meet Jiang Jingtao's attack.

"Trouble, it is really troublesome this time! Lao Liu's grandson died in the heavens, this is really too troublesome!" Mo Jianyuan shook his head and walked out of the car helplessly, leaning against the body. Ready to watch Jiang Jingtao take action on Li Tian.

"Stop!" Xiao Qiuman directly blocked Jiang Jingtao, and said coldly: "We are only responsible for accompany you to the heavens to find Liu Jun! Now that Liu Jun has been found, then our affairs should be over! As for Li Tian, he is also our Liming person and should be handed over to us Liming!"

"Get off!" Jiang Jingtao said angrily.

"If you want to do it, you can try it!" Xiao Qiuman said without flinching.

Xiao Qiuman is a well-known guardian. Li Tian and Liu Jun are both at dawn. If he can rush to Li Tian to kill Liu Jun, then Xiao Qiuman will do everything he can to organize the fight between Li Tian and Liu Jun. .

But now that Liu Jun is dead, then Liu Jun has no value to Liming, and Li Tian is still Liming.

"Trouble, this is really troublesome! But this woman is right. The task we received was to find Liu Jun. Now he has found it. Eh, although it is dead, our task is already It's done! Don't grow branches outside the festival!" Mo Jianyuan said with a helpless expression.

"Are you going to let it go?" Turning the scalpel in Jing Tao's hand a flower in his palm, he said to Xiao Qiuman.

Xiao Qiuman sneered and said, "Come on!"

When Mo Jianyuan saw Xiao Qiuman and Jiang Jingtao's sword drawn, they were ignited, and he didn't see how Mo Jianyuan's body moved, so he suddenly appeared between Jiang Jingtao and Xiao Qiuman, separating the two.

Seeing this scene, Li Tian was startled.

Mo Jianyuan was not in the slightest surprised that Li Tian was surprised by his casual exposure. He still said with an irritable expression: "It's really troublesome! I don't want to trouble myself! How much trouble!"

"What are you going to do with Li Tian?" Jiang Jingtao said to Xiao Qiuman.

Jiang Jingtao understood that if Xiao Qiuman really wanted to stop him, he would not really hurt Li Tian by Jingtao. Moreover, even though Mo Jianyuan was on the surface to prevent the fight between him and Xiao Qiuman, he must have born in his heart that he wanted to fight Jingtao and Xiao Qiuman to death and death.

No way, the five elders in this bounty hunter headquarters are not as united as the outside world seems to be, and their twelve strongest people are the five elders, naturally, it is impossible to be sincere.

Xiao Qiuman turned around and walked to Li Tian and said to Li Tian, "I am Xiao Qiuman, Liming's second person in charge. Because the person you killed Liu Jun is also a member of Li Tian, so I need You will come to the bounty hunter headquarters in Kyoto within a month! Accept Liming's trial against you!"

Xiao Qiuman said in a slightly mocking tone: "You can choose not to come!"

"Don't worry, I will definitely be in Kyoto within a month!" Li Tian said calmly.

Seeing Li Tian's performance, Xiao Qiuman nodded in his heart, and thought to himself: "Li Tian does not lose sight of the person Wu Lao likes. In this case, he is not afraid of danger, neither humble nor overbearing!"

"Li Tian, if I were you, I would not choose to come! How troublesome it would be to come to Kyoto City! In this northwest region, you are your soil emperor, what else can others do to you?" Mo Jianyuan faced Li Tian Said with a smile.

Taking Jing Tao away from the scalpel, he slowly walked towards Liu Jun's corpse, and then took out a steel needle and several red threads from his skin.

I saw that Jing Tao's hand holding the steel needle was like a butterfly flying, passing through Liu Jun's body quickly, and soon Liu Jun, who had been cut in two by Li Tian, was stitched together.

But Liu Jun's body is not complete, but a calf is missing.

Jiang Jingtao remembered that before he drove up, he saw a black monkey with a calf in his hand. Thinking about it now, that calf was naturally Liu Jun's. Turning his head to look at Tang Xiaolong, Jing Tao asked angrily, "Give me Liu Jun's legs!"

Tang Xiaolong made an expression of horror, and he involuntarily stepped back half a step, but the calf he held in his hand seemed to be thrown away in terror, and he flew directly into the raging flames and burned.

"Brother Tian! Hey, he scared me!" Tang Xiaolong started crying like a woman.

Chapter 3374: Old Liu is angry

"You..." Jiang Jingtao angrily looked at Tang Xiaolong, the black monkey who had been hiding behind Li Tian, wishing to tear him apart. .

Jing Tao hurriedly hurried, and when he came to the heaven, he still didn't catch up. Liu Jun is dead. As Mr. Liu's caressing general, Jing Tao would like to kill Li Tian now, but Xiao Qiuman protects Li Tian and Jing Tao can't do it.

Fortunately, Xiao Qiuman has asked Li Tian to rush to Kyoto within a month to accept Liming's trial.

Jiang Tao understands that if Xiao Qiuman said out, if Li Tian came to the heavens on time, Xiao Qiuman would judge Li Tian according to the procedure, but if Li Tian did not come to Kyoto City on time. Then, instead of shooting Jing Tao, Xiao Qiuman will send Liming's people to kill Li Tian.

In a month, Jiang Jingtao can wait.

Moreover, Jiang Jingtao had already settled his attention. After this month, no matter what kind of trial Li Tian was on by Li Tian, Jiang Jingtao would want Li Tian to die without a corpse, otherwise he would not be able to explain to Liu Lao.

Now, what makes Jiang Jingtao angry is that he can't save Liu Jun's whole body.

This **** black monkey actually threw one of Liu Jun's calf directly into the sea of fire. When Jing Tao rescued the burning calf from the sea of fire at all costs, the skin on that calf was already scorched. There was a disgusting smell of burnt on the calf.

Jing Tao quickly sutured this charred calf to Liu Jun's corpse with a needle and thread. In this way, although it was charred, at least Liu Jun still retained a whole body.

Jingtao walked towards Liu Jun slowly, ignoring Xiao Qiuman's obstacles, and said, "Li Tian, and this black monkey, I will give you two one more month to survive! After one month, we will be in Kyoto City. See, I hope you will be alive intact by then!"

...

One month is enough for Li Tian and others to do a lot of things.

For example, it is used for cultivation, but this time Li Tian did not choose to practice in retreat, but planned to practice in battle.

The overall situation in the northwest region is now certain. Only small stocks have participated in the strength to penetrate into the desert or the mountains, and they are still making stubborn resistance. But this is not something that Li Tian can consider now.

In only three days, Li Tian arranged all the things in the heavens one by one.

Li Tian's current strategy is to use three to five years to effectively control the zombies in the northwest region.

Li Tian has handed over the Northwest Celestial Realm to Bai Jinglai for full control. The mysterious female Bai Jing, He Zhizhuo, Shelipu Ding, 2D, Hao Chunjian, Wang Rui, Huo Liantong and others are responsible for assisting Bai Jing. Besides, there was the help of Liu Yihui captives and others in the heaven, and Li Tian was relatively relieved of the northwest region.

As soon as three days passed, Li Tian and others were ready to go.

Situ Ningbing, the goddess Xue Ji, Tang Xiaolong, and the captain followed Li Tian to practice.

The captain had said it before, and Li Tian felt that the captain also urgently needed to grow up, otherwise, with the current battle, the captain would basically be unable to participate.

Li Tian also brought a sick number, and that was Barbarian.

Li Tian originally didn't want to take the barbarian, because his injury was still quite serious. After half a month of training, he was only able to get out of bed and walk around. But when I heard that Li Tian took the captain, the barbarian was crying and making trouble. Hanging three times, I have to follow Li Tian. He also said that the patient can't stay in the ward all the time, go out and take a look, the mood is happy, the injury will heal soon.

Your sister, do you really think Li Tian is stupid?

Li Tian can't tell that Manzi's goods are heavy taste, just like the captain.

Hey, but this is the difference between humans and corpses after all. If you put a good two-dimensional and don't choose, why do you look at the captain.

The captain's attitude towards the barbarian was quite ambiguous, and said to Li Tian: "If he wants to die, let him follow! When necessary, the barbarian can also be my war preparation."

Speaking of the captain facing the barbarian, two rows of white teeth were exposed.

Li Tian was too lazy to refuse, given the strength of their team, one more barbarian wouldn't be a burden.

The route was set by Li Tian in advance. Starting from the Celestial Realm to Kyoto City, if you drive at a normal speed, all kinds of unexpected situations will be considered, and it will take about five days at most.

But this time is not a sightseeing tour, but a training tour. Therefore, Li Tian has a series of more than 20 large and medium-sized cities on this route. Li Tian believes that the number and level of zombies in these large and medium-sized cities It can achieve the purpose of Li Tian and others' cultivation.

Maybe these large and medium cities still have level nine, or even level nine zombies, when the time comes, the strength of the captain can quickly improve.

There are two cars in total, one for Li Tian, Situ Ningbing, and the goddess Xueji, and one for Tang Xiaolong, Captain, and Barbarian.

...

The car was driving fast on the highway, and a thin-skinned coffin was tied to the top of the car. Jiang Jingtao drove the car. Naturally, lying in the coffin was Liu Jun, who was once incomparable.

Coming out of the heavens, Jiang Jingtao didn't say a word, with a gloomy face, and drove the car intently.

Xiao Qiuman closed his eyes and fell asleep in the back seat, while Mo Jianyuan was sitting in the passenger seat, muttering to himself with a helpless expression on his face, his catchphrase was: "So troublesome. This is really troublesome!"

It's trouble! And it's a big trouble!

Jing Tao remembered the content of the conversation he had with Liu Lao on the satellite phone before leaving the heaven.

When Lao Liu learned that Liu Jun had actually damaged the heavens, he didn't speak for a long time, but Jiang Jingtao knew the anger in Liu Lao's heart at this time.

Before hanging up the phone, Mr. Liu only said two words. The first sentence was: "Jian Jingtao, don't go back to Kyoto City! First send Liu Jun's body to the Yin Yangmen headquarters! We, Liu Jiahe The Yin-Yang Gate still has some origins, and the master of the Yin-Yang Gate will accept Liu Jun! As for the following things, you don't care about it."

And the second sentence is: "If Li Tian can go to Kyoto City alive, you will not return Jingtao alive! As for Dawn? Let Dawn go to hell. Who dares to stop me from killing Li Tian this time, I will let He will not see the dawn of tomorrow!"

Jiang Jingtao did not expect Lao Liu to make such a decision, but Jiang Jingtao did not have the slightest anger or dissatisfaction in his heart, he could only implement it.

It was more than half the distance to Kyoto City, Jingtao suddenly stepped on the brakes and the car suddenly stopped.

"Jing Tao, why did you stop suddenly? Did you encounter any trouble?" Mo Jianyuan asked impatiently.

Sleeping Xiao Qiuman directly took out his weapon and prepared for battle with a guarded look.

"Get off!" Jiang Jingtao said coldly.

Chapter 3375: Yin and Yang Secret Technique (1)

After placing Mo Jianyuan and Xiao Qiuman in front of a small county not far from Beitang City, Jingtao drove towards Beitang City. .

As for Mo Jianyuan and Xiao Qiuman, Jiang Jingtao didn't have to worry about them being eaten by zombies or not going back to Kyoto City. What should really worry about is those zombies who have no vision.

Beitang City, located in the hinterland of the Central Plains, is a large city with an urban population of more than seven or eight million.

Compared with the vast northwest, Beitang, located in the hinterland of the Central Plains, is already early summer. Green plants occupy the entire Beitang City, and vine plants cover the ruins like a blanket.

And the once skyscrapers cannot escape the fate of being covered by plants. The vines and green plants have climbed three or four stories high, and the top of the building has become a paradise for various plants.

On the street, the empty shells of burnt cars were piled together. Seven or eight zombies wandered back and forth on the street like a zombie. Not far away, a slightly higher-level zombie caught a sika deer and was tearing it. Biting this deer.

In the empty city, there will be a howl of wild beasts from time to time, making the whole city even more terrifying.

However, Jiang Jingtao's car did not directly enter Beitang City, but walked along the former secondary road towards the imperial mausoleum.

After three years of wind and sun, this secondary road has potholes and pits. From time to time, a small sapling will grow out of the potholes of the road and grow strongly. Especially on this highway, there will be several completely abandoned cars from time to time, making it even more difficult to drive. There are also the dead and alive zombies who will slowly walk towards the car after hearing the sound of the car. Jiang Jingtao still had to spare some time to deal with the zombies, so Jing Tao didn't drive fast.

The imperial mausoleum, the loess here once buried ancient emperors, but at this time the emperor mausoleum has become the headquarters of Yinyangmen. The Yin Yang Gate is one of the few ten legions that did not have their headquarters in Kyoto.

Yin Yang Gate, one of the ten legions.

To many people, the master of the Yin-Yang Gate is a man who is like a fan. Because he was the only man who had integrated ninth-level corpse crystals before, and the master of the Yin-Yang gate appeared a few times, wearing a mask of bones and skeletons, and the Yin-Yang gate behaved strangely. The disciples in the gate were the same. , And this puts a veil of mystery on the Yin Yang Gate.

The master of Yin Yang Gate has never been on the Forbes personal strength list.

But this is not to say that his personal strength is not strong, but because his personal strength is very strong, stronger than many expected. He is like the invisible rich people before the end of the world, and he does not bother to board it to show himself. Power list of fame.

Of course, this is also related to his seldom exposed to the public eye.

But whether it is the 12 strongest of the bounty hunters or the commanders of the other ten legions, no one dares to underestimate the master of the Yin Yang gate, and even everyone is quite jealous of the strength of the master of the Yin Yang gate.

Don't understand, it is the most terrifying.

According to the few battles collected by the Forbes intelligence team, the master of the Yin and Yang gate was analyzed and speculated that the strength of the master of the Yin and Yang gate could at least be ranked in the top three of the top ten army commanders.

Therefore, before reaching the imperial mausoleum, Jiang Jingtao put away his contempt and looked at his car intently.

At sunset, the twilight has not completely settled down.

From a distance, a mound as large as a hill appeared at the end of the road. If you regard this mound as a hill, then you are very wrong, this mound is the imperial tomb.

If you look closely, you will find that this grave-like mound is full of dense coffins, large and small, and half of these coffins are buried in yellow soil, while the other half are exposed.

It is the Liangjieshan of Yinyangmen, and in the coffin in the Liangjieshan lies the Yinyang mourning soldiers of Yinyangmen!

These zombies are not zombies, because they don't have corpse crystals and zombies in their minds, but they have some attributes of zombies, that is, they are not afraid of death. And these Yin-Yang zombies gain strength by constantly devouring the bones of the zombies and the corpse crystals of the zombies, and become a powerful fighting force.

Therefore, the Yin Yang Gate has only a thousand undead soldiers, but it can become one of the ten legions.

And the thin monkey man and fat pig woman who appeared in the northwest at the beginning are not mourners, but they have practiced the Yin and Yang secret technique. After the transformation of these techniques, they also have the attributes of some zombies.

For example, the thin monkey man, in the village of Ewa, the gun ***** Han Gang couldn't help him.

Suddenly, two rows of red lanterns were lit from top to bottom on the mound. The two rows of red lanterns were slowly rising like a huge Kongming lantern, and each of the red lanterns was written with Yin and Yang gate. Three characters.

Below the red lantern, the mound resembling a tomb, and the densely packed coffins on the mound, looked very strange.

Before Jingtao steered the car slowly through the mound, I saw the bottom of the mound. It was another scene. The bottom layer of the mound was a reinforced concrete building, but the building was already open except for two. Outside of the giant steel door, there is not even a window.

"It's really a ***** pile!" Jiang Jing Tao thought in his heart.

Only then did Jing Tao see clearly in front of these two giant doors, there was a skinny and skinny man waving like him, beckoning him to park his car outside the graveyard, and don't go on. Driving.

Jing Tao parked the car and got out of the car. The thin, skinny man had walked in front of him.

"The guest is Jiang Jingtao, right?" The man said to Jiang Jingtao with a voice like two stones rubbing.

When Jing Tao heard this voice, although he was not afraid in his heart, the goose bumps on his body still came out. He nodded and said: "According to Mr. Liu's instructions, hand over the corpse of my son to the master of the door!"

"Come with me!" The skinny man said without the slightest facial expression or emotion, as if he were a dead body.

Jing Tao untied the thin-skinned coffin from the car, and followed the man into the grave-like building with one hand on his shoulder.

Passing through the two huge steel gates, inside is also a sloping corridor constructed of reinforced concrete. Except for a light that appears every few steps, it is really like a tomb.

Walking along the corridor all the way down, and the skinny man had no other words, even if Jingtao asked the man, the man wouldn't talk.

Jing Tao accidentally glanced at the man's eyes, but was surprised to find that the man's eyes were closed tightly, and there was no pupil at all!

Chapter 3376: Yin and Yang Secret Technique (2)

There is no double pupil, but it is not like a blind man. With the flashing of lights and shadows in the entire corridor, the whole picture looks very strange.

But Jiang Jingtao didn't have many surprises, because he knew that this man was mostly a mourner, and whether he had double pupils was the same for him.

The corridor is about twenty-five degrees inclined, but it is not exactly a straight road. It seems to be a circle, going all the way down, and it took about a thousand meters to reach the end of the corridor.

And the lights in the tunnel are dim, not even as bright as the lights in the tunnel.

"Pretend to be a god!" This is Jiang Jingtao's evaluation of Yin Yang Gate.

"Here! Go in!" The thin-skinned man walked to the end of the tunnel but did not continue to walk in, and said to Jiang Jingtao.

Jiang Jingtao was not afraid, shrugged, stabilized the coffin containing Liu Jun, and walked in.

After walking in, Jing Tao found out that the end of the tunnel was a huge space. This huge space was thousands of square meters on the ground, and the top seemed to be an endless sky. You can even see the stars. Really It's like the night sky. But the ground seemed to be paved with transparent glass, and under the transparent glass was a shining liquid flowing slowly.

Jiang Jingtao looked at the headquarters building of Yinyangmen in surprise. At this moment, there was a coffin flowing over the radiant liquid, and the coffin was not covered with a coffin plate, and it was empty inside.

The coffin floated to the feet of Jiang Jingtao not far away.

"Kacha!" With a sound, the transparent glass not far from Jiang Jingtao opened slowly, and the coffin rose slowly.

"Put the corpse in the coffin!" A voice sounded in the dark firmament.

Without violating the meaning of this voice, Jing Tao placed the coffin on his shoulders on the ground, lifted Liu Jun's corpse, and slowly put it into the coffin rising from the ground.

Fortunately, on the way back from the heavens, the weather was still not warm, so although Liu Jun's body was slightly swollen, it did not rot.

After Jing Tao put Liu Jun's corpse into the coffin, the coffin slowly fell, and slowly flowed away with the radiant liquid, and finally disappeared into Jing Tao's sight.

"Where are you going to get the body of my young master?" Jiang Jingtao asked.

"Didn't Old Monster Liu tell you? You didn't even ask this clearly, so you dare to send the corpse to me! Tsk tsk!" There was a disappointed expression in that voice.

But that voice didn't sell off, but continued: "I had some connections with Old Monster Liu before. Since his grandson died, Old Monster Liu is willing to send his precious grandson to me. Then my headquarters was able to waste such good materials for nothing. The grandson of Old Monster Liu will definitely be used as my Yin Yang Sect secretary to become the most powerful slain soldier!"

Jiang Jingtao could probably guess the purpose of Lao Liu who asked him to come here. Now that he heard this voice personally say it, it also confirmed his conjecture.

Although he knew that Liu Jun would be resurrected in the future, no, it was not a resurrection, but a mourning, but Jiang Jingtao didn't have the slightest fluctuation in his heart. He simply implemented Liu's order.

"Then say goodbye!" Jiang Jingtao said blankly.

"Don't worry! Old Monster Liu gave me such good materials, I can't take such good materials in vain! I don't care what you are going to do next, the man in the tunnel will be treated as a gift to Old

Monster Liu. He replied! His name is Forty! It's the fortieth mourning soldier I made with Yin and Yang Secret Art, and his strength is not bad!" said the voice.

Jiang Jingtao was not polite, nodded, thanked him, then turned and walked on the corridor.

Jiang Jingtao will have to fight Li Tianyou. Although Jingtao did not put Li Tian in his eyes, it is always good to have a helper by his side. Besides, this is a gift from Yin Yang Sect, and Jiang Jingtao can't refuse it.

...

The city is also a city. This is a small city in a gully, with a small area and a population of hundreds of thousands before the end of the world.

The apocalypse suddenly broke out, and the residents in this city didn't even know it. Therefore, the damage in this small city was not serious, but there were quite a lot of zombies.

Tang Xiaolong's gloves were covered with black slime. He could not remember how many zombies he had killed, but every time he killed these low-level zombies, he used all his strength, and a punch could bite him. Hit his zombies directly.

If the intensity is not in place, it can even blow these zombies into rotten flesh.

Tang Xiaolong felt that he was exhausted, and he even felt that his whole body was hot, as if the blood in his whole body had been on fire. Tang Xiaolong wanted to stop and find a place to take a good rest.

But Tang Xiaolong can't. He can only continue to insist, because every time he feels that he has reached the limit, there will be a trace of power in his body. It is this trace of power that seems to tell Tang Xiaolong that the strength of her is increasing little by little.

"If I meet someone like Liu Jun next time, the strength of two thousand catties is far from enough! Even if I can only increase my strength by one or two, or even half, with every punch now. Will gradually break through the fifth level of body refining!" Tang Xiaolong thought in his heart.

Tang Xiaolong raised his head and glanced at the captain not far in front of him, Tang Xiaolong's eyes were filled with determination.

Tang Xiaolong couldn't understand why the captain was carrying a barbarian on his back to hunt zombies in this city, but when Tang Xiaolong watched the captain carrying a barbarian on his back, his movements were still not at all slow, but he seemed to be worried about the barbarian behind him. Being injured, as if constantly stimulating her potential, Tang Xiaolong was relieved.

The captain was very excited because this was the first time she stepped into the city again in more than a month.

No, this is no longer a city, but a hunting ground for the captain!

Although the power of the original corpse contained in the corpse crystals of those low-level zombies was very small, the captain was still very happy, feeling that the corpse crystals were like peanuts, and it was especially comfortable to eat.

The captain wrapped the barbarian a few more layers with her long black silk hair, and his body swiftly shuttled through the city streets like an arrow.

"Puff!" With a sound, the captain's sharp bones were inserted into the head of a low-level zombie. With the claws, a blue corpse crystal was grabbed from the head, and the corpse crystal was immediately He asked the barbarian behind him, "Do you want to eat?"

"Eat you ghost! Put me back in the car! You are a pervert!" The barbarian did not expect that being carried by the captain is not a happy thing, but a torment, especially when the captain asked him When eating or not, there is still a corpse crystal with a sticky brain.

"It's really no good luck!" The captain ignored the barbarian's protest, and threw the corpse crystal directly into his mouth, as if he was eating peanuts with pleasure.

Chapter 3377: Mutant Bat (1)

There was no more than a few taels of meat left on the body. Except for the head, almost all the bones of the whole body were exposed. The zombie shook its body, opened its mouth, and the zombie with sharp teeth pounced on Li Tian.

This is a fifth-level zombie, and it can be regarded as a relatively powerful character in this city, but under Li Tian's "Red Slash", the skin of this zombie was almost cut off by Li Tian.

Li Tian shook his head slightly, stretched out a palm, and patted the zombie's head.

Broken soul palm!

"Boom!" With a sound, the zombie's corpse crystal spouted out from behind the zombie's head with a sticky brain.

The nine-color corpse crystal released several transparent silk threads, "Whoo!", wrapped around the slightly broken corpse crystal, the transparent silk thread got into the corpse crystal, and sucked the blue liquid in the corpse crystal. Clean.

Li Tian did not object to the small movements of the nine-color corpse crystal, it was just a fifth-level corpse crystal. For Li Tian, who now owns the entire northwestern region, this is nothing.

However, what made Li Tian slightly uncomfortable was that these nine-color corpse crystals are now beginning to pick and choose. Previously, the nine-color corpse crystals above the third-level corpse crystals would start. Now is the fifth-level corpse crystals? I'm not interested.

Now the broken soul palm is recovering well. Li Tian estimates that before he enters Kyoto City, the broken soul palm should be able to recover completely, and Xuantian ***** should be the same.

However, Li Tian now cultivates with one heart and three purposes, using the broken soul palm and Xuantian ***** with "Red Slash" at the same time. However, when Li Tian faced this fifth-level zombie, he still found his "red" There was a slight time difference between "Zhan" when it was cast and when he used his palm and ***** techniques.

If you don't deliberately think about this gap in time, you can hardly find it.

But Li Tian does not allow him to have this time gap, because Li Tian understands that this time gap will become a fatal weakness when fighting a master. Once any master finds this time gap, they Will magnify this infinitely, and in this way, Li Tian's single-mindedness and triple-use become a joke.

Especially when he arrives in Kyoto this month later, Li Tian will face the strongest bounty hunters like Jiang Jingtao, and maybe he will fight against the top ten legions.

Li Tian didn't want to leave his shortcomings at that time.

"No, come again!" Li Tian shook his head and expelled all the distracting thoughts from his mind, his eyes immediately filled with determination.

Li Tian rushed directly into a group of low-level zombies. This time Li Tian needed to face more than a dozen low-level zombies at the same time. Although these low-level zombies' attack capabilities were not strong, they were superior to a large number and still present a certain degree of danger. Li Tian's ultimate goal is to practice exercises, not to kill zombies. Therefore, Li Tian does not always have killers.

I saw Li Tian flashing back and forth between this group of zombies with their teeth and claws, and those zombies were either hit by Xuantian's fingering, their bodies shook, and they moved back a few steps, or they were the arms slapped by the broken soul palm, fragmented. , And at the same time, the "red cut" of waste kept cutting meat on them, and these zombies were like lambs to be slaughtered.

"Huh?" The nine-color corpse crystal on Li Tian's chest suddenly throbbed.

"Could it be that there are still high-level zombies in this small city?" Li Tian couldn't help but looked up at a large auditorium in the distance.

There was not even a low-level zombie outside the auditorium, and many zombies seemed to avoid the auditorium deliberately. This instead strengthened Li Tian's judgment, "Well, since the Nine Color Corpse Crystal has sent a signal, then I will go in and take a look!"

"Huh!"

"Huh!"

Li Tian did not hesitate, and easily killed all the dozen zombies surrounding him, and quickly dug out the corpse crystals of these low-level zombies one by one. She was politely collected into the skin.

After collecting the corpse crystals, Li Tian walked a few steps to the entrance of the auditorium. Before entering the auditorium, Li Tian smelled a strong smell of rotten flesh.

Li Tian frowned involuntarily at the smell.

The gate of the auditorium is made of vermillion wooden doors inlaid with transparent glass, but at this time the red paint on the wooden doors has fallen off, and the glass is covered with a thick layer of dust. It is not possible to stand outside the door. See what's going on in the auditorium.

Li Tian pushed open the wooden door, and the wooden door creaked.

"Fluttering!"

"Fluttering!"

The sharp sound of the wooden door stunned hundreds of bats that fell on the top of the auditorium. These bats immediately circled and flew on the top of the auditorium.

Seeing that these bats are actually the size of an owl, their eyes are crimson red, and their white fangs are exposed, especially on a pair of fleshy wings, with white bone spurs as thin as steel needles exposed, and a pair of sharp claws. Shining cold light.

After these bats felt that someone entered the auditorium, they immediately "squeaked" and "squeaked" strangely.

Hundreds of bats overwhelmed the sky, with great momentum, and the stench and **** smell, they attacked Li Tian.

"Okay!" Li Tian yelled okay, and instead of retreating, he broke his soul palm with his right hand, and Xuantian fingered his left hand, and rushed to the mutant bats. Following Li Tian's thoughts, "Red Slash" also flew towards These bats.

"boom!"

"boom!"

One by one air bombs arrived first, hitting these bats, but this Xuantian **** technique, which was almost the same as bullets, hit these bats, just knocking out a few bats from the flight. Many bats pounced on Li Tian without fear.

Even the bats that were struck down by Li Tian's Xuantian **** method did not die. I saw white spots appearing on their fleshy wings, and these bats fluttered their wings a few times and then flew again. Xiang Litian.

"Huh?" Li Tian was also quite surprised. Although Li Tian's Xuantian **** has not fully recovered, this finger is almost as powerful as a bullet. Even if it is a level five or six zombies, Li Tianyi can point them over. Open your head to the flower! However, when Li Tian's Xuantian **** hit the wings of these bats, he only hit white spots, and he failed to even shoot through these wings.

Are these bats even more powerful than level five or six zombies?

Li Tian could not tolerate any random thoughts, and "Red Zhan" had already touched those bats.

"Puff!" With a sound, "Red Cut" crossed the bat's head, which was the size of a cat's head. The bat fluttered a few times before falling down from the air. Fortunately, these bats still don't have much defense power under the slash of "Red Slash".

However, although "Red Slash" is strong, this knife can only kill one bat, and those bats have already rushed towards Li Tian.

Chapter 3378: Mutant Bat (2)

Avoid it, that's impossible!

Li Tian burst out with a shout, and used Xuantian **** with his left hand. One gas bomb flew out of Li Tian's left hand, hitting the flying bats with "puff", "puff" and "puff". Angel Li took out the broken soul palm, facing the black-pressed bat with several palms, and "Red Slash" didn't need to choose the target politely, and galloped back and forth among the bats. .

"Boom!" A palm was passed, and the palm hit directly on a bat's head. The bat's head blossomed, and a crystal clear crystal the size of a mung bean fell out.

"puff!"

"puff!"

"puff!"

There are already dozens of bats galloping past Li Tian's body, and sharp claws have been caught on Li Tian's body. The clothes on Li Tian's body were smashed, and blood began to seep from the fragments of clothes.

Those dozens of mutant bats had nearly a hundred sharp claws, and they caught Li Tian's body. This kind of pain seemed to be a thousand swords, and Li Tian took a breath.

But Li Tian doesn't have time to think about these pains, because there are hundreds of mutant bats in this auditorium. These bats are like tides, flying towards Li Tian, even though Li Tian's Xuantian **** is flying ten. A few bats, Broken Soul Palm "boomed" and killed a dozen bats, and "Red Slash" killed a dozen more bats. But for hundreds of bats, this number is like a fraction of a cow, and it can't be solved at all. problem.

But Li Tian had no choice. These bats had been awakened by Li Tian, and Li Tian could only bite the bullet and fight these bats to the end.

Of course, Li Tian is not a fool either, it is impossible to be stunned in place like a wooden stake, just waiting for these bats to catch him.

Tide-like bats flew towards Li Tian. Li Tian rolled on the spot and escaped a wave of attacks. However, the broken soul palm of his right hand hit two bats, blasting the heads of the two bats into slag, and "red cut" Also took the opportunity to harvest the lives of several bats.

But Li Tian didn't completely avoid the bats. Seven or eight of these bats were caught on Li Tian's body.

"What to do? If this state continues, let's not say whether I will be killed by a bat, and I can't accept the bleeding!" Li Tian thought anxiously.

And at this moment, Li Tian discovered that the nine-color corpse crystal had released hundreds of transparent silk threads, to wind up the bat crystals the size of peas, and gorged them up.

"Damn, I'm fighting desperately here, you scumbag is actually picking up the spoils in the back. When I win this battle, see if I don't take care of you!" Li Tian thought angrily.

"Huh? What's the matter?"

Li Tian suddenly discovered that although "Red Cut" was constantly harvesting the lives of the bats, the bats seemed to be totally unaware of fear and kept flying towards the bats.

"I understand!" Li Tian suddenly wanted to understand.

Although Li Tian did not go to school for a few years, Li Tian also knew that although bats have a visual system, bats can hardly see anything. Instead, they use echoes to locate them.

Therefore, even though "Red Slash" was flying back and forth in the air, the bats still rushed up one after another.

Wanting to understand this, Li Tian directly stretched out his hand to pull down several seats in the auditorium, and threw them out into the air.

Sure enough, a part of those bats flew towards the chair that had already flown out. Li Tianwu began to attack his bat and rushed forward, while his left and right hands kept pulling down the auditorium seat and throwing it on. In midair.

"boom!"

"boom!"

"boom!"

After the seats flew up in the air one by one, they landed on the ground one by one. In the process, fewer and fewer bats attacked Li Tian, while more and more bats were harvested by "Red Slash".

However, Li Tian's wounds are getting more and more. Li Tian does not stop with him. He keeps shuttle back and forth between the seats, and keeps throwing them into the air outside the seat to disperse the attacking targets of the bats. .

Ten minutes later, Li Tian felt that his body was slimy, about to be stuck with blood.

There are fewer than ten bats left in the entire auditorium.

What made Li Weather angry was that the nine-color corpse crystal had been sneaking and eating for ten minutes within these ten minutes.

"puff!"

"puff!"

"puff!"

"Red Slash" killed several bats again, so there were only six or seven bats remaining.

"These bats are really good. If they can be used as pets, they should be good! Yes, you can't let the Nine-Color Corpse Crystal light eat, don't deal with it!" Li Tian immediately controlled the transparency released by the Nine-Color Corpse Crystal The silk thread flew to the heads of those bats.

The targets of these bats are much smaller than that of zombies, and these bats are still flying in the air. It is even more difficult to control these bats with transparent silk threads.

But at this time these bats had given up their attack on Li Tian, and Li Tian was not in a hurry either.

As for "Red Slash", after feeling that Li Tian was not in danger, he even accelerated his killing speed. In a blink of an eye, four or five more bats were beheaded.

"Damn! You are going to rebel!"

Li Tian is not happy anymore. Whether it is the Nine-Colored Corpse Crystal or the "Red Slash", these are all Li Tian's, how can they turn the guest?

"Boom!" With a sound, a transparent silk thread suddenly got into the head of a bat, and Li Tian felt as if he was riding a train, and suddenly the train got into the flash, his eyes were black.

But this feeling was only for a moment, and then Li Tian felt that the train he was riding had left the cave, and his eyes suddenly became clear.

In an instant, Li Tian had a new understanding of bats.

It turned out that this bat was not an ordinary bat, it turned out to be a mutant bat. These mutant bats turned out to be a mutant bereavement of up to level four, and Li Tian also obtained a message that

this mutant bat has evolved very fast. As long as there are enough dead birds and crystals, the level of these mutant bats can continue to increase.

"Wow, haha, this time I caught the baby! As long as there are enough beasts and crystals, my mutant bat will soon become an effective combat force!" Li Tian pulled his mouth and smiled regardless of the wound on his face Said.

And the bat that was controlled by the Nine Color Corpse Crystal flew slowly over Li Tian's shoulder with flapping wings, and stopped.

"Shut up! You two prodigal stuff, save me a little!" Li Tian was still happy, but found that the nine-color corpse crystal and "Red Slash" had speeded up to swallow these mutant bats!

Chapter 3379: Mutant Bat (3)

Li Tian grabbed and looted slowly, and in the end only five mutated bat crystals fell into his hands. The two foodies, "Red Slash" and Nine Color Corpse Crystals, even ate the remaining hundreds of crystals.

"This is a mutant death crystal, why are you two foodies so violent!" Seeing the five mutant death crystals in Luoshou's hand, Li Tian was heartbroken.

The ordinary crystals are light yellow, and the crystals of these mutant bats are pea green, so it can be seen that these crystals are mutant crystals.

Because there are inherently fewer mutant zombies, and they are stronger than ordinary zombies, the probability of encountering mutant zombies is very low, and like Li Tian today, the probability of encountering hundreds of mutant zombies at a time It is even less.

Moreover, the power of the original corpse contained in the mutant zombie crystal and the mutant corpse crystal is more pure, whether it is used for cultivation or for the development of medicine, it is more valuable than ordinary zombie crystals and corpse crystals. Therefore, on the market, there are very few mutant zombie crystals and mutant corpse crystals. Once mutant zombie crystals and mutant corpse crystals appear, they will inevitably become the content of various legions.

Of course, this mutant death crystal and mutant corpse crystal are not easy to obtain. For example, today, if it is not Li Tian who enters the auditorium, but other bounty hunters, even twenty or thirty people will not escape to become a mutant bat. food.

Even Li Tian, the sashimi body is bloody.

Sitting on the ground, Li Tianyi took out the potion bandage gauze from his backpack to treat the wound on his own body and check the harvest by the way.

Five mutant mourning crystals, Li Tian, have been put in the skin. Li Tian is going to take out one and give it to the captain to see what effect will be achieved after the battalion swallows the mutated bat. As for the other four, Li Tian prepares Give one to Liu Yihui and one to Dean Huang for the research of the medicine, but Li Tian hasn't figured out the usefulness of the remaining two.

"Red Zhan" had already flown back to Li Tian, flying around Li Tian like a docile fish.

But at this time "Red Zhan" was not a small fish.

The "Red Slash" that swallowed so many crystals has changed very clearly. The blade is more than an inch longer. At this time, the length of "Red Slash" has exceeded one meter, and it is full of domineering and imposing flying in the air.

And on the blade of the "Red Slash", small particles the size of rice grains grew densely. These small particles are like goose bumps that grow on humans after being cold.

However, these small bumps have a metallic texture, which is somewhat different from the goose bumps on humans.

Li Tian stroked the blade of "Hong Zhan" with his hand, feeling that there was still some temperature on these little bumps.

"Huh?" Li Tian suddenly felt an illusion, as if the little bumps he had touched just now seemed to be alive. As Li Tian's hand stroked them, those little bumps were trembling slightly.

This was not the first time Li Tian felt that "Red Zhan" was like a living thing, but Li Tian was still quite surprised.

"Forget it, the knowledge of Hong Zhan is still limited now, and it seems that I will only slowly discover Hong Zhan's secret in the future! Let's take a look at the changes in the foodie Nine Color Corpse Crystal!" Li Tian said to himself.

Li Tian carefully uncovered the blood-stained clothes on his body. Every time he pulled the clothes, he would pull the wound on his body, and Li Tian had to relive the pain.

Take off the clothes and apply them all over the body.

On Li Tian's chest, the small vortex formed by the nine-color corpse crystal was still spinning. Since the vortex was formed, Li Tian also tried to understand the purpose of this vortex, but Li Tian found nothing. Now this swirl is like an ornament, with no purpose at all.

But as the power of the corpse crystals sucked by the nine-color corpse crystals became more and more, the whirlpool gradually had some light blue crystals, just like the broken corpse crystal fragments on the corpse worm, but the small crystals before The number is not much, that is, seven or eight, but today after swallowing so many mutated bats, there are a dozen light green broken crystal particles in this small whirlpool, which has to be surprising.

But the whirlpool is still a whirlpool, and Li Tian also doesn't know what purpose those small fragments are.

Looking at the nine-color corpse crystal, Li Tian was also quite surprised.

The nine-color corpse crystal in the center of this vortex is now all shining fascinating red, as if it has been infested by blood, and a transparent **** layer grows on the cracks caused by the breaking of the nine-color corpse crystal. The matter is gradually wrapping up the entire nine-color corpse crystal.

This nine-color corpse crystal is like a part of Li Tian's body. Li Tian can feel the change of this nine-color corpse crystal. If a level 8 zombie comes now, Li Tian feels that his nine-color corpse crystal can be completely controlled. live.

Looking at the mutant bat controlled by Li Tian, the mutant bat has been controlled by Li Tian and landed on Li Tian's arm, leaving Li Tian to observe carefully.

Li Tian found that there was a thin layer of fluff on the meat wings of this mutant bat. If you don't look carefully, it is very likely that these little fluffs will be missed. Reaching out and touching these little fluffs, Li Tian found that these little fluffs looked soft, but the feeling when they touched them was another feeling.

"My Xuantian **** can't break the defenses of these little things. It seems that these little things are quite weird." With that, Li Tian controlled the mutant bat to fly, releasing several gas bombs to attack the mutant bat. Body.

As seen before, the mutant bat was only attacked by the gas bomb and rotated a few times in the air before it fell down.

But looking at the mutant bat again, the mutant bat shook his head, flapped its wings a few times, and flew again.

"The wings of these mutant bats are good things! If the wings of these mutant bats are used to make armor, the effect of resisting ordinary sword bullets is quite good!" Li Tian thought in his heart.

"Do another test!"

Li Tian picked up the dead body of a mutant bat from the ground. The mutant bat he controlled used its claws to grasp the wings of the mutant bat, but found that the claws of the mutant bat only left a scratch on the wings.

Li Tian was secretly happy. Although Li Tian is brave and strong enough, even in front of a dozen ordinary bounty hunters with guns in hand, Li Tian can surprise them, avoid attacks, and take these bounty hunters one by one.

But after all, the human body is fleshy. If you don't keep the balance, there are guns like Han Gang, the gun god, who become Li Tian's opponents. With the armor made of these bat wings, Li Tian will have an extra layer of protection and combat effectiveness. Nature can also be fully utilized.

Suddenly, the nine-color corpse crystal beat a few times, and Li Tian couldn't help but feel alert.

"Oh!"

Suddenly a crisp female laughter came from behind the stage of the auditorium.

Chapter 3380: The best female zombie

"I'm hiding, you're looking for me!" A slightly playful female voice continued from behind the stage.

The woman's voice is very nice, like the crisp cry of a bird in the early morning.

But Li Tian understood that in this auditorium, especially in the dangerous auditorium with so many mutant bats, the owner of this voice could never be a woman, only a female zombie.

Who wants to play hide-and-seek with a female zombie? Since the female zombie can't come out and is still hiding, what can Li Tian have to hesitate to pick up the corpses of those dead bats faster, and even use the "red cut" to kill the dead bats His wings were cut off one by one, wrapped neatly in canvas, and packed into the backpack.

Maybe the female zombie was waiting impatiently, and she walked out of the background by herself. As the female zombie came out, Li Tian immediately smelled a strong pungent smell of rotten flesh.

Li Tian could only put down the things at hand, raised his head, and looked at the female zombie. Seeing this female zombie, Li Tian almost didn't vomit.

The face of this female zombie still kept the way it was before it became a zombie. She was about twenty-five or sixteen years old, and her hair was covered with some slimy things, and she could barely see the original color.

The female zombie's face is an awl face. This type of face is a popular face before the end of the world. It looks pretty, but the female zombie's face is covered with a lot of rouge gouache, just like an actor acting on stage.

However, seeing the actress wearing a phoenix crown and Xia Ling costume, Li Tian was relieved that this female body should have been an actor before she died.

If you just see some, Li Tian won't feel like vomiting. What really makes Li Tian want to vomit is that the female zombie's abdomen bulges like a ball, as if the female zombie's waist is put on here. One crude oil barrel.

In this way, this female zombie has a slender little woman on the upper body and legs, and the abdomen is an old sow. This is an extremely weird figure that would never appear in a normal person.

"Why don't you come to me? Why don't you come to me! You stinky men are all the same, throw people aside when you get tired of playing with them, just take care of yourself!" The female zombie stood on the stage, acting like singing a play. The figure and posture of the performer babbled.

"Hey, hello! Can you speak well? You are a zombie, don't think of me as a heavy taste like a barbarian, okay?" Li Tian defended in his heart.

"You used to like listening to me singing the most. You said I was the most beautiful woman in the world when I was singing! My figure is the best figure in the world, and my voice is the most beautiful voice in the world. I am now Let's sing a drama you like!" The female actor's zombie's face has a bit of joy, completely ignoring the existence of Li Tian, and said to herself.

The female actor zombie began to babble on the stage. Whether it was singing skills or her figure, it was clear-cut. It can be seen that the female actor zombie was definitely a pillar of the troupe before it became a zombie.

But no matter how the female actor zombie sings or ignores Li Tian, Li Tian understands in his heart that a zombie is a zombie, and once the zombie shows its fangs, it will not be as gentle as it is now.

And the strength of this female actor zombie has definitely reached the seventh level or above, and it may even be the eighth peak!

Although this female actor's zombie figure makes Li Tian want to vomit, Li Tian still won't give up the opportunity to control the female actor's zombie with the nine-color corpse crystal.

"Wow!"

"Wow!"

When the female actor zombies were singing, Li Tian controlled the nine-color corpse crystal and released several transparent silk threads. After these transparent silk threads were given out, they were quite happy and slowly flew to the female actor zombies.

"Eh!" The female actor zombie stood still on the stage, twisted her body with her orchid fingers, stretched her voice and sang.

Seeing this situation, Li Tian cried to himself in his heart: "This is the opportunity!"

Several transparent silk threads suddenly speeded up and rushed towards the head of the female actor's zombie.

Without any accident, as soon as the transparent silk thread rushed into the head of the actress, the corpse crystal was found in her mind.

As Li Tian guessed, the corpse crystal of the female actor zombie turned out to be an eighth-level corpse crystal, indicating that the female actor zombie was an eighth-level zombie.

At the moment when these transparent threads penetrated into the head of the female actor zombie, the female actor zombie seemed to have discovered something, and a deep smile appeared on the corner of his mouth, but the female actor zombie did not stop, and continued to babble. With.

At this time, Li Tian didn't have time to estimate the meaning of the deep smile of the female actor zombie. At this time, Li Tian was controlling the transparent silk thread and the eighth-level corpse crystals.

Among the female actors' zombies' heads, those transparent silk threads had not touched the corpse crystals in their heads according to Li Tian's intentions, but when the female actors' zombies showed a meaningful smile, those transparent silk threads were here. For an instant, it was as if it was being stared at by a more advanced zombie, showing some instability.

Couldn't this nine-color corpse crystal still control the eighth-level zombies? Li Tian had this idea in his mind, but Li Tian quickly forgot the idea.

However, there is no turning back arrow in the bow!

Li Tian did not intend to give up the transparent silk thread that had been released.

Several transparent silk threads swarmed up under Li Tian's control, entwining the eighth-level corpse crystal.

"Huh? It succeeded!" Li Tian still thought that she would suffer the strong resistance from the female actor zombie, and might even have the power to counteract Li Tian, but Li Tian did not expect it to be simple, this female actor zombie turned out to be so controlled by Li Tian!

Li Tian controlled the female actor's zombie to walk a few steps on the stage, and then controlled the female actor's zombie to sing a few words.

Everything seemed to be going well, and Li Tian showed a smug smile on his face.

"This time it is an eighth-level zombie. After you practice for a while, you can control the nine-level zombies. At that time, I will control a zombie army composed of eighth and ninth-level zombies to sweep the world!" Li Tian thought in his heart. With.

At this moment, Li Tian felt that the female actor's zombie had suddenly lost control. He smiled mockingly at Li Tian, and then said in a resentful voice: "You stinky men don't have a good thing, just thinking about it. Possess mercilessly!"

"How could this happen?" Li Tian was surprised.

This female actor zombie is obviously under the control of Nine Color Corpse Crystal!

"Crack!"

"Crack!"

Suddenly a baby-like arm stretched out from the zombie abdomen of the actress.
