

A Killer 3421

Chapter 3421: Void Yasha (3)

Li Tian was in the space of the empty Yacha, seeing the three goods sitting like this, playing with it, and completely forgetting their original thoughts, Li Tian was anxious. But Li Tian also had ideas and had no choice. The brain capacity of these Xiaoyashas was too small, and he couldn't remember things.

In the space of the Earth Traveling Yaksha, Situ Ningbing knew that some other creatures had appeared in this space, but Situ Ningbing did not do anything, but instead responded to the ever-changing changes.

Void Yasha suddenly jumped up and exclaimed: "Almost forgot, we have important things to do here!"

Hearing what Void Yasha said, Feitian Yasha also jumped up and said excitedly: "Yes, there are still important things to do!"

"Dixing, would you like to marry me? I can take you to the outside world!" Void Yasha grabbed the walnut shield and steel fork with one hand, suddenly bent down, stretched out and held the hand of Dixing Yasha, Said affectionately.

Feitian Yasha and Dixing Yasha were taken aback.

"Isn't it fair competition? You are too despicable" Feitian Yasha angrily threw his hand and opened Void Yasha's hand that was holding Dixing Yasha, and the two Xiaoyasha fought in this space.

Li Tian is completely speechless!

Situ Ningbing also opened his eyes and stood up from the meditation, standing on the side watching the two Xiaoyasha fighting.

At the beginning of the two small Yashas, you poke me with a steel fork, and I poke you with a steel fork, like a turn-based one. Soon, the two little Yashas became blushing in order to perform in front of Dixing Yasha.

Feitian Yasha has a pair of wings, flies up, attacking Void Yasha from the height, and Void Yasha can cross the void, disappearing and appearing in the space continuously.

And as the Void Yaksha constantly shuttled through the void, the spaces of these three Yakshas began to loosen, and there were cracks in the space walls of these spaces.

These three spaces are controlled by three small Yashas respectively.

Two of them fought hard, and the space naturally began to become unstable.

But this space crack was not enough to allow Li Tian and the mutant crow to escape from these small spaces.

"Don't fight! Didn't you say that we will go to the outside world together?" The ground travel yasha wanted to stop the void and the flying yaksha, but the three of them have their own abilities. The ground travel yasha can walk underground, not at all The method separates the two Yashas in the midair and the void.

At this time, Dixing Yasha remembered that there was a strong presence in this space, and immediately ran to Situ Ningbing, and shouted at Situ Ningbing: "Can you separate the two of them?"

It is a bit difficult to stop two Xiaoyachas at the same time, especially the Void Yasha that can travel through the void, but Situ Ningbing still nodded.

Seeing Situ Ningbing nodded, the face of Dixing Yasha immediately smiled.

Situ Ningbing put the Tudao Tushen away, stretched out his palm, let Dixing Yasha jump on her palm, and then walked to Feitian Yasha with his support.

That Feitian Yasha was waiting vigilantly for the appearance of Void Yasha at this time, and did not remember that there was still a giant in this space.

Situ Ningbing walked over quietly, like a child catching a dragonfly, reaching out and grabbing Feitian Yasha in his hand.

"What are you doing? Let go of me! Let me fight Xiaokong Xiaoyasha for 300 rounds!" Feitian Yasha exclaimed to Situ Ningbing with some excitement.

And after that Void Yasha shuttled back from the void, she saw Situ Ningbing holding Feitian Yasha in one hand, and the other hand supporting Earth Yasha. He didn't continue to chase Feitian Yasha, and the expression on her face immediately appeared a little bit. Tensed, she shouted to Situ Ningbing: "Don't hurt them, I will let you out!"

Situ Ningbing saw that the three little guys had their own supernatural powers. Although their faces were hideous, but fortunately they were short in stature, like little pets, so they did not intend to hurt them, but sat on the ground, reaching out to put Feitian Yasha and Dixing Yasha At the side of Void Yasha.

"That's right! I even forgot such an important thing!" Suddenly some annoyed expressions appeared on Xukong Yasha's face, and then jumped on Situ Ningbing's palm and asked: "Do you have a friend? Birds?"

Situ Ningbing nodded immediately and said, "Yes, we are here together! Do you know where they went?"

Void Yasha's face immediately showed a triumphant expression, and said, "Of course, this young master is Void Yasha, the master of this space. If you can promise to take the three of us out of this stone gate and go outside, I Let the three of you meet!"

Situ Ningbing nodded immediately after seeing this Xiao Yasha's serious look, and said, "Okay! I promise you!"

Hearing Situ Ningbing's answer, the three Xiaoyasha immediately danced with excitement.

Seeing this scene, Li Tian was relieved. It seemed that the three Xiaoyashas had reached a consensus with Situ Ningbing.

Soon, the space placed on Li Tian broke and disappeared first, and the mutant crow that was still looking for Xiaoyasha and fighting like a headless fly fell directly on Li Tian's shoulder. The moment he saw Li Tian, the mutant crow Almost crying: "I said I wouldn't let you in, you have to come in, I thought I was going to die here and I would never see you again!"

Li Tian felt more and more that this mutant crow was like a gunshot.

No, the mutant bat previously given to Tang Xiaolong was taken by Xiaotianyi, so give the mutant crow to Tang Xiaolong. Anyway, the crow fell on Xiaolong, so don't laugh at anyone!

Soon, Li Tian felt the space under his feet shake, but in an instant, Li Tian and the mutant crow fell by Situ Ningbing's side.

After seeing Li Tian, the Void Yasha said with some pride to Li Tian: "How? This young master's skills are not bad! Now that the young master promised you has been completed, you should also keep your promise and bring The three of us are leaving this Shimen!"

Li Tian stretched out his hand to receive Void Yasha from Situ Ningbing's hand, put it on the other shoulder, and said: "This is naturally no problem, but we came here to hunt for treasure after coming to Shimen, before leaving. Look for it in general!"

"What treasure do you want? Isn't the three of us magnificent and magical Yasha not a treasure? The young master really didn't expect you to be such a layman!" Said Xukong Yasha with a look of disdain.

Immediately, the Void Yasha stretched out his hand from the void, grabbed a few pieces of paper, and threw it to Li Tian and said, "This thing may be useful to you!"

Chapter 3422: Qingyun

These pieces of paper are light yellow, and I don't know if they are made of material. There are densely written calligraphy on them. .

Is it Buddhist scriptures?

Li Tian was a little contemptuous in his heart, and reached out and took the pieces of paper in his hand.

As soon as these pieces of paper entered Li Tian's hands, Li Tian's face immediately showed a shocked expression.

A powerful wave of energy is transmitted from these pieces of paper, and this energy is soft, although powerful, but not domineering, but this soft power seems to be boundless and boundless!

"This is definitely a good thing!" Li Tian thought in his heart.

Li Tian spread out the pieces of paper and saw that the Sanskrit characters were written on them.

Situ Ningbing saw the delighted expression on Li Tian's face and cast his gaze on the paper in Li Tian's hand.

"Qingyun? What does this mean?" After seeing the word Qingyun, Situ Ningbing was still thinking about this question, but as she kept looking down, the more she looked at Situ Ningbing's face, the richer the expression became. .

This blue cloud turned out to be a set of cultivation techniques, which means the top of the cloud above the blue sky.

It's just that this Qingyun cultivation method is divided into seven levels, and now Li Tian's hands are only the first level of practice.

Seeing the shocked expression on Li Tian's face, the expression on Xukong Yasha's face became even more proud.

Void Yasha raised the small steel fork, almost with a majestic expression and said: "Hey, can you take us out now?"

Li Tian also saw from Situ Ningbing's face that these pieces of paper were definitely not ordinary goods, but it was not the time to ask in detail.

Li Tian put the pieces of paper in his arms directly, and said to Void Yasha and other Yasha, "Okay, let's go out now!"

Situ Ningbing put the other two small Yashas on his shoulders, and then pushed the Yasha Shimen away with Li Tian.

Behind the Yasha Shimen, although not so thrilling, they are separated in different spaces, which is also dangerous enough. Fortunately, these three Yashas are not evil spirits, and they also want to go out and explore, which made Li Tian and others have a chance to escape again.

After leaving Shimen, the three Xiaoyasha immediately jumped off Li Tian and Situ Ningbing curiously, making trouble, looking so unhappy.

"Finally came out! I'm so happy! Next time I beat me to death, I won't go behind the stone gate with you again. It's...too **** dangerous!" After the mutant crow came out of the stone gate, unexpectedly Excitedly burst into swearing.

Tang Xiaolong and Xue Ji were immersed in the portraits of all the gods on the top of the hall, and they immediately woke up when they heard the crows of the crows.

But when Tang Xiaolong saw Li Tian, his nose was sour, he crawled out of the water and ran in front of Li Tian, crying and said, "Hey... Brother Tian? You really are here! I'm really worried about us!"

Xue Ji also walked out of the water. After seeing Li Tian Wuzhen, the nervous expression on her face finally relaxed.

"Wow" Xiao Tianyi flew over on the mutant bat, and directly abandoned the mutant bat in the air, jumped off the mutant bat, and plunged into Li Tian's arms with joy on his face.

"How did you get in? Didn't you let you retreat before we waited?" Li Tian asked with some confusion.

Xue Ji took Xiao Tianyi from Li Tian's arms and put it on the ground and said: "After you left, we were proceeding according to the plan at the time, but when they first arrived two hours later, Tashan Temple actually encountered a dead body. Chao! The overwhelming zombies suddenly appeared. A few of us fled into the Tashan Temple and chased after mutant bats here!"

"The corpse tide?" Situ Ningbing asked in surprise.

The level of zombies in this Beitang is generally high, and the number of high-level zombies is also very large. If a tide of corpses suddenly occurs, it is definitely not a joke!

Seeing that Xue Ji and Tang Xiaolong were in good health, Li Tian's heart was relieved.

"Then Shen Yunyang and the others? They also escaped!" Li Tiandao.

"Huh! Don't mention them to me, those who are ruthless and unrighteous, it's not a pity to die!" Tang Xiaolong said with some dissatisfaction.

Xue Ji followed Tang Xiaolong's words and explained: "According to the agreement, they will leave before the tide of corpses arrives. As a result, the tide of corpses happened to be hit by them. Now it is estimated that it is more and more fortunate!"

Upon hearing this news, Li Tian couldn't help but feel a little worried.

If a corpse tide occurs, what is the current situation in the Zombie Garden? The captain, the barbarians, and Shen Tao are still in the zombie garden! Don't worry about other zombies, you have to worry about your own people!

It seems that there is no time to continue to explore in this underground palace. As for the secrets behind the five remaining stone gates of the eight heavenly dragons, we can only explore after waiting for stronger strength in the future!

"Everyone is ready, we will kill Shen Yunyang!" Li Tiandao.

"I am afraid it is too late. Before we entered this well, Shen Yunyang had been swallowed by the tide of zombies, and the tide of zombies was coming towards the Tashan Temple. Now most of those zombies have entered the Tashan Temple. Now we go out. Most of it will happen to meet the zombies. It is better for us to take a short rest in this underground palace." Xue Ji said.

Li Tian and Situ Ningbing glanced at each other and nodded one after another.

The crowd sat together and treated their wounds again.

Tang Xiaolong and Xue Ji told Li Tian about their experience again, and Li Tian and Situ Ningbing also talked about the Tashan Temple and the underground palace.

After seeing the mutant crow, Tang Xiaolong immediately beamed his eyes and said to Li Tian, "Little boss, this bird is good! Or give it to me! My mutant bat was snatched by Xiao Tianyi!"

"You actually said I was a bird? I really doubt the gaze of your little black monkey!"

"How can it be an ordinary bird as noble as I am? Do you see this feather? The color of Ugim is the color that has been infested by the blood of the Dragon God, what a noble color! Tell you, I am the noble with the human soul Mutant crow!" The mutant crow said disdainfully.

Tang Xiaolong and Xue Ji both felt a little surprised when they heard that the mutant crow could speak.

But Tang Xiaolong liked the mutant crow even more.

The mutant crow said so much, was he not a bird in the end? For this narcissistic guy, Li Tian completely ignored him.

Li Tian said with a smile. "This was originally for you! Look, the colors of the two of you match well!"

Tang Xiaolong squatted aside with a little resentment, and said in a low voice: "Don't take you to bully people like this!"

Time passed quickly, and more than an hour passed without knowing it.

Li Tian was worried about the barbarians and the captain of the Zombie Garden in his heart, and he couldn't sit still anymore, and said: "In any case, we have to go out! Otherwise, after dark, it will be more dangerous for us to go out again!"

"Okay! Go!" everyone nodded and said.

Chapter 3423: Chop (1)

The tall walls of the Tashan Temple were completely destroyed by the tide of corpses, and the old tree-lined trees turned into broken branches and leaves, and they were trampled on. The seven-story Pagoda on Pagoda Mountain, this ancient pagoda that has been built for more than a thousand years, has now been completely destroyed on the top two floors, and the seventh-level Pagoda has become a fifth-level.

All the halls and monks' rooms in the entire temple were demolished and turned into a mess. Inside and outside the monastery, corpses were everywhere, and there were corpses of zombies everywhere. A group of black and crushed zombies were jumping around the corpses of those zombies, tearing the bodies of those zombies and eating, and further away, a few zombies were also furiously devouring the corpses of zombies.

At the foot of Mount Tashan, there are neatly inserted a row of wooden sticks with the thickness of the baby's arm. One end of these sticks is inserted under the ground, and the other side is inserted with heads.

There are not only the heads of Shen Yunyang, Song Zijin, and He Hua, but also those of the crow knights who were killed by the guardian zombies because of the disadvantage of guarding the Buddha Tower.

And although Shen Yunyang's head was inserted into the wooden stick, he did not die immediately. The eyes of this tenacious zombie were still open, and his mouth was still closed, as if there was something to say!

On Shen Yunyang's head, there was a bereaved crow, which was constantly pecking at Shen Yunyang's head.

Li Tian was the first to come out of the ancient well. When he saw the sight in front of him, he could hardly believe that it was the famous Tashan Temple at home and abroad.

"What the **** happened here?"

After Tang Xiaolong and the others came out of the well, they were all shocked by the sight in front of them, and for a while they would be speechless.

Only the three Xiaoyasha remained excited.

"Look, what is that?" The mutant crow said in surprise when he saw the scene in front of the Pagoda Mountain in the Tashan Temple.

"It's Shen Yunyang and the others!" Tang Xiaolong said.

When Tang Xiaolong spoke, Li Tian had already seen Shen Yunyang.

"Hong Zhan" immediately let go, and flew like a sharp arrow towards the mourning crow who was pecking at Shen Yunyang. Before the mourning crow had time to fly, "Hong Zhan" had already arrived.

"Huh!" A red light flashed, and the crow was cut in half.

Seeing Li Tian and others crawling out of the well, Shen Yunyang's face moved with difficulty.

"Don't move! Let's save you!" Li Tian hurriedly came to Shen Yunyang's head and comforted.

Shen Yunyang wanted to laugh, but he couldn't laugh anymore, and said in a faint voice: "Brother Li...Li Tian, they came to tell you to keep me and didn't take away my lost crystals. Although I am still there now Not dead, but I know, I can't do it anymore, I will hand over to you the Zombie Garden and Shen Tao!"

"Don't talk nonsense, the vitality of zombies is strong! Just find you a complete corpse and stitch it on!" Li Tiandao.

"It's useless! I was made like this by the guardian zombie! The brains provided to the corpse crystal in my head have been sucked up by the guardian zombie's corpse. Still, after I close my eyes, you will Dig up my corpse crystal. Give my corpse crystal to my son. I know that his abilities require a corpse crystal. This is the last time I helped him when I was a father!"

Shen Tao has been hiding things from Shen Yunyang, but as Shen Yunyang's son, how could he be able to hide them?

As the father of the zombie, Shen Yunyang has always been confused at home.

Li Tian nodded heavily and said, "Understood! I must bring it personally!"

"Brother Li Tian, you must pay attention to the Guardian zombies. There are dozens of level 11 zombies beside him. The strength of these zombies is far beyond my expectation. Each of these level 11 zombies is above me. , You must be careful!"

Li Tian nodded and said: "Understood! Even if they have more high-level zombies, I am not afraid!"

"Hahaha! I didn't misunderstand you! It's really a joy to know Brother Li Tian before I die. Unfortunately, I can't see Brother Li Tian build a unified empire. When humans and zombies coexist...the age is..."

Shen Yunyang seemed to have exhausted all his strength and slowly closed his eyes.

Li Tian shouted a few more times, and Shen Yunyang never opened his eyes again.

Shen Yunyang is dead!

Li Tian used "Red Chop" to cut Shen Yunyang's brain bone. Sure enough, the inside of Shen Yunyang's head was empty, and only a twelfth-level corpse crystal was lying alone in the brain bone!

No tears, but full of anger.

Li Tian had seen too many life and death, he thought he would no longer be angry, but when he reached out his hand to take out the twelfth-level corpse crystal, his heart was still burning like fire.

Guardian zombies, want to unify Beitang, have you ever asked me if Li Tian agreed or not!

Then Li Tian checked the row of heads inserted with wooden sticks one by one, but found that these zombies had different methods of death, and the corpse crystals in their heads no longer exist.

Li Tian controlled "Hong Zhan" to dig a small pit on the ground, and put the heads of Shen Yunyang, Song Zijin and He Hua into this small pit, then buried them with soil and used temple bricks on it. A grave piled up from the tile pile.

The man is dead, and his head is different. Li Tian can only make him feel better in this way.

After the incident, Li Tian and others immediately began to move towards the Zombie Garden.

The car was destroyed in the tide of corpses, and Li Tian and others could only walk on foot.

Fortunately, whether it was Li Tian, Situ Ningbing, Xue Ji, or Tang Xiaolong, all four of them had cultivation skills. Even if they ran for hundreds of miles, these four would not feel too tired.

While Void Yasha is riding a mutant crow, Xiao Tianyi is riding a mutant bat, and Dixing Yasha is flying Tian Yacha on his back.

They specialize in short cuts, so the speed is not too slow!

The sun has already begun to sway west. In the buildings after the tide of corpses, there are constantly low-level zombies flooding the streets, starting to find some food to eat on the streets, and the figures of Li Tian and others swiftly in front of these zombies fly over.

"Hong Zhan" flashed past, and the bodies of these zombies fell behind Li Tian and the others.

"Quickly, speed up! The sky is getting dark, I am worried about the barbarians!" Li Tian shouted to Situ Ningbing and the others.

In fact, Tang Xiaolong and the others have already speeded up without Li Tian shouting.

Before the sun went down, Li Tian and others finally arrived at the Zombie Garden.

But they saw from a distance that the tall wall of the Zombie Garden had collapsed, and the Zombie Garden had become a ruin.

Li Tian and others immediately began to look for the whereabouts of Barbarians, Shen Tao, and Captain in the Zombie Garden. However, in the entire Zombie Garden, apart from countless corpses, there was no human body, even Captain's. The body was not found either.

"Little boss! What shall we do now?" Tang Xiaolong asked with a black face.

Chapter 3424: Chop (2)

Seeing Tang Xiaolong's black face, Li Tian's face was no better than Tang Xiaolong's.

If you analyze it from a rational point of view, Li Tian and others should not go to the Guardian zombies now, but how can they be analyzed rationally at this time.

The barbarian is an important member of Li Tiantian gate, a good brother who followed Li Tian from birth to death, and the captain was the first zombie that Li Tian received. Li Tian didn't treat the captain as a zombie, but his helper.

As for Shen Tao, although he has just followed Li Tian, the potential of this kid is good, and he is the key target of Li Tian's future training, and he can't help but save!

But the bell tower where the Guardian zombies is located is the center of Beitang City. There are also many high-level zombies around the Guardian zombies, and the bell tower is now the Tiger's Den in Longtan.

"Situ Ningbing, Xueji, and Xiaolong, the guardian zombie's strength is very good, if we rush to find him, very capable, we will fall into great danger. You are my love, I Brothers, I will never allow you to fall into this kind of danger. So, the three of you are here waiting for me!"

"As for you" Li Tian looked at the three Xiaoyachas, and then said, "I have brought you out of the underground palace. Now you can go wherever you want."

Li Tian paused, glanced across the faces of Situ Ningbing and others, and said, "And I will go to the bell tower with Tianyi, mutant bats, and mutant crows, go directly to the guardian zombies, and save the barbarians! "

"Wow," said Xiao Tianyi looking at Li Tian with a happy face.

"No! Our brother said that we will not be separated anymore, I will never leave you! Whether it is Longtan or Tiger's Den, I, Tang Xiaolong, must follow you!" Tang Xiaolong said.

Situ Ningbing and Xue Ji also meant this, and they were determined to go to the Bell Tower with Li Tian to rescue the Barbarian and others.

"Speaking of attacking you, your strength is still too weak. At best, your current strength, that is, the peak of the ninth-level zombie, not the strength of the tenth-level zombie. I will not allow you to go!" Li Tian categorically Said.

Void Yasha interjected: "This little Li Tian is right, you are still too weak, so don't worry about these things anymore. Since the three of us have decided to come out for a while, how can this kind of lively thing miss us? Let us three Yashas take care of Xiao Li Tian on your behalf!"

"Just a few of you? You are not as long as my legs, so you dare to speak so boldly!" Tang Xiaolong said disdainfully.

"Why? Do you want to fight? Let me learn, and fight with you for three hundred rounds!" The flying crow yelled, spreading its wings and flew up to Tang Xiaolong's face, talking and talking Suddenly he shot Tang Xiaolong's nose with a pair of steel forks in his hands!

Although he didn't pierce Tang Xiaolong's nose, it was pierced. Tang Xiaolong wanted to reach out to catch Feitian Yasha. The Feitian Yasha had already flown to a height of four or five meters, and Tang Xiaolong was helpless.

And at this moment, Dixing Yasha had already drilled out of the ground and pierced Tang Xiaolong's foot with a steel knife. Tang Xiaolong just wanted to lift his foot to step on the ground to go Yasha, but Dixing Yasha had already entered. In the ground.

"Do you know that we are great? We haven't used any tricks yet!" Void Yasha said with a sneer.

Situ Ningbing is well aware of the strength of these three Xiaoyachas. Although they may not be able to help Li Tian much in the battle, they are more than enough to protect Li Tian and make Li Tian disappear suddenly!

"Little Dragon! We are here waiting for them to come back!" Situ Ningbing said.

Situ Ningbing spoke, Tang Xiaolong and Xue Ji could only do this.

Thus, Li Tian took Xiao Tianyi, three Yasha, a bat and a crow on the road.

Xiao Tianyi riding a mutant bat followed behind Li Tian, the two Yashas of Void and Dixing sat on Li Tian's shoulders, while Feitian Yasha and the mutant crow flew around Li Tian one by one.

As for Li Tian's face, it was naturally "Red Zhan".

At this time it was dark, and the streets and alleys of Beitang City were full of zombies.

High-level zombies are hunting low-level zombies, and low-level zombies are hunting small animals. The whole night is a slaughter feast.

As for Li Tian, he didn't mean to evade at all. In the face of the zombies who appeared in front of Li Tian who did not live or die, Li Tian had only one word: cut!

"Huh!"

"Huh!"

"Huh!"

"Red Slash" was constantly harvesting the lives of the zombies that appeared in front of Li Tian, and behind Li Tian, the foodie Xiao Tianyi was constantly devouring the corpse crystals of those low-level zombies!

Coming out of the Zombie Garden, Li Tian no longer remembers how many zombies he killed.

At this time Li Tian's anger can only be calmed by the lives of these zombies!

And those three Yashas are heartless goods, laughing and laughing, watching Li Tian control "Red Slash" to kill those zombies, and even commented, saying, "This one is not beautiful enough, if I If it is, it can be more artistic!"

Li Tian didn't care either.

It took about half an hour to walk, and it was less than an hour away from the clock tower in the center of Beitang.

The level of the zombies that appeared in front of Li Tian was obviously increasing. Now that they were at level six or higher, zombies with human consciousness began to attack Li Tian.

These zombies are not as stupid as those low-level zombies. After seeing Li Tian, they will pounce with their teeth and claws. Instead, they will choose to attack Li Tian in a sneak attack or join a few zombies to attack Li Tian.

The expression on Li Tian's face did not change in the slightest, nor did his footsteps appear to be messy.

"Cut!" With just one word, Li Tian only moved his mind once.

"Puff!" With a sound, "Red Cut" chopped into the head of a Level 7 zombie, and directly swallowed the corpse crystal in the zombie's head.

After "Hong Zhan" started eating alone, Xiao Tianyi was a little unhappy. Since the zombies above level 6 came out, he has never eaten corpse crystals again!

With a "Wow", Xiao Tianyi rode the bat directly to Li Tian's body, rushing to kill the zombies with "Red Slash".

Soon, there were no zombies in front of Li Tian.

At this moment, the nine-color corpse crystal on Li Tian's chest suddenly moved, and several transparent silk threads had stretched out of Li Tian's chest.

"Boom!" With a sound, a wall not far from Li Tian suddenly collapsed. The wall actually pressed Xiao Tianyi and "Red Zhan" together under the bricks and tiles.

"Wow!"

"Wow!"

Seventeen or eight ninth-level zombies jumped out from behind the wall and walked towards Li Tian with a weird smile.

Chapter 3425: Chop (3)

"This kid is the one our master is looking for. I didn't expect to be met by some of our brothers!"

"Yes! Isn't that the mutant crow of the guardian master? Now that it has appeared next to him, then this person must be the one we are looking for."

"Luck is really great. The guardian master has already said that whoever brings this kid's head to him, he can guarantee who will be promoted to level 11 in a short time!"

"This is an absolute masterpiece! Like us, if you want to be promoted to the eleventh level, I don't know when to wait! Now there is such a good opportunity, hehe!"

"Brothers, let's join hands and give his head to the guardian master, and we will share the rewards equally. In this way, even if we can't reach the eleventh level, at least the tenth level shouldn't be a big problem!"

"Yes, the tenth level of strength is enough to show off in Beitang City!"

These seventeen or eight ninth-level zombies were talking about it, and even laughed out loud when they said that they were happy, as if Li Tian's head had been cut off by them.

And what about Li Tian?

Facing the seventeen or eight nine-level zombies that suddenly appeared, Li Tiansi didn't take it seriously. He stretched out his fingers to count the zombies and said, "There will always be eighteen nine-level zombies! Yes, it just happened to be true. Warm up!"

"Warm up?" Those ninth-level zombies looked at Li Tian as if they heard the biggest joke.

The ninth-level zombies, in the small cities in the northwest, already exist as overlords.

Even in Beitang, there are many ninth-level zombies, but it can also be said to be a high-level existence among zombies. The word warm-up makes these ninth-level zombies feel very harsh, and Li Tian is really arrogant!

"Boy, we are ninth-level zombies!"

"Hey, what can I say to the ignorant kid! Let him know the strength of our ninth-level zombies!"

The corners of Li Tian's mouth moved slightly, and he whispered a word: "Cut!"

As soon as Li Tian's words fell, a red light flashed out of the collapsed wall of bricks. This red light flashed past, and among the eighteen ninth-level zombies, there was a zombie's head grunting. The ground rolled to the ground.

And as "Red Slash" suddenly succeeded in attacking, Xiao Tianyi also jumped out of the pile of bricks. The mutant bat had a wing and flew into the sky, while Xiao Tianyi jumped directly from the mutant bat and suddenly Pounced on two ninth-level zombies.

In the process of falling downward, Xiao Tianyi's two arms turned into bone knives, and the two bone knives were shining with cold light under the moonlight.

"Huh!" "Huh!" With two sounds, the bone knife had already chopped off the heads of two ninth-level zombies.

But Xiao Tianyi didn't stop. He wanted to forcefully kill these zombies with "Red Slash", and only who would grab the hands first, these nine-level corpse crystals belonged to them!

Li Tian, who was standing on the side, also rushed to the group of zombies. As soon as the figure moved, his palm blasted out.

Broken soul palm!

"Boom!" With a sound, a huge palm force exploded on a ninth-level zombie. The ninth-level zombie hadn't figured out what was going on, and found that his lower body was blown to pieces, and he could only rely on two. One arm struck the ground and walked forward.

"boom!"

"boom!"

"boom!"

Li Tian's left hand began to display Xuantian ***** again, only to see a zombie's body, this Xuantian ***** was not as powerful as a broken soul palm, but Li Tian kept popping out gas bullets. Soon the zombie was beaten into a sieve.

"how is this possible!"

"How could he have such a powerful strength?"

"This unscientific!"

In just an instant, those eighteen zombies had already died of three zombies, and two zombies had lost their combat effectiveness. The zombies formed a circle, looking at Li Tian, Xiao Tianyi, and "Red Slash" floating in the air.

"Yes, yes! Little Li Tian has the demeanor of my young master! If I can mature a little more, or will be more like it!" Void Yasha saw Li Tian make a move, and quickly killed the zombies, without any mercy, immediately. Talk to himself.

Little Tianyi is a natural ninth-level zombie, from the moment of birth, it is much stronger than these nine-level zombies. After Xiao Tianyi is promoted, his level reaches tenth, and the strength that Xiao Tianyi possesses has surpassed the tenth level of the same level, and he can even fight against eleventh-level zombies!

After Xiao Tianyi jumped into these ninth-level zombie flocks, it was like a tiger entering the flock, attacking these zombies recklessly, and the bone spurs of those zombies couldn't even break Xiao Tianyi's defense!

"Wow" Xiao Tianyi called out again, a bone knife chopped a zombie to the ground, and the other hand reached out and inserted it into the zombie's head.

"Red Slash" did not lag behind, red lights flashed, and a ninth-level zombie was killed.

"Wow!"

At this time, how can there be no nine-color corpse crystals? The nine-color corpse crystals immediately released countless transparent silk threads at the beginning of the battle, lying in ambush by the ninth-level zombies, preparing to be eaten by Li The zombies of the zombies killed by the sky.

Li Tian blasted the head of a ninth-level zombie with one palm, and before he was too in a hurry to dig out the ninth-level corpse crystal, the ninth-level corpse crystal was entangled by the transparent thread released by the nine-color corpse crystal!

This is an unequal massacre!

In just a few minutes, there were eighteen more corpses of ninth-level zombies on the ground.

Xiao Tianyi hiccuped, waved to the mutant bat, jumped onto the mutant bat, and looked happy.

Nine-color Corpse Crystal also successfully stolen three ninth-level Corpse Crystals. In the whirlpool on Li Tian's chest, there were seven or eight small broken stars, and the Nine-Color Corpse Crystal began to change color at this moment.

The previous nine-color corpse crystal was light blue, but now the nine-color corpse crystal turned dark blue, and even the dark blue revealed a trace of ink, as if the nine-color corpse crystal was about to turn black.

"Does this nine-color corpse crystal already control level nine zombies? If this is the case, then I want to experiment!" Li Tian thought in his heart.

After "Red Slash" successively killed seven or eight ninth-level zombies and successfully absorbed the power of the original corpse in the seven or eight ninth-level zombie crystals, it grew another inch, and the guard of the knife hilt grew out A few barbs.

This "Red Slash" is still evolving, but Li Tian doesn't know how far "Red Slash" can evolve in the end.

Li Tianyi stretched out his hand and "Red Zhan" flew into Li Tian's hand following Li Tian's heart.

"Boom!"

"Boom!"

Li Tian felt the "Red Zhan" reaction like a heartbeat again!

At the same time, the barbs on the handle guard started to grow rapidly, and the barbs were like soft ribbons, wrapped around Li Tian's arm.

Chapter 3426: Bone Vambraces

At the same time as "Red Slash" changed, the nine-color corpse crystal on Li Tian's chest that had turned into an ink color seemed to feel the energy fluctuations of "Red Slash", and it was also madly releasing transparent silk threads to cater to "Red Slash". Variety.

After the inexhaustible transparent silk thread was released from the nine-color corpse crystal, it immediately turned around and poured into Li Tian's body, following the veins of Li Tian's body, extending from his chest to Li Tian's entire right arm.

Li Tian did not deliberately control the "Red Slash", nor did he deliberately prevent the Nine Color Corpse Crystals, but let them develop freely.

Soon, thousands of transparent silk threads drilled out of Li Tian's right arm and wrist, and met the soft barbs grown by "Red Zhan", and those transparent silk threads could actually penetrate into the soft barbs grown by "Red Zhan". In matter.

The transparent silk thread of the nine-color corpse crystal was actually compatible with "Red Slash", which surprised Li Tian.

At this time, the nine-color corpse crystal containing the powerful corpse original power began to continuously release the light blue corpse original power.

The power of these corpses was transferred from the nine-color corpse crystal to the "Red Slash" through the transparent silk thread like an infusion, and the "Red Slash" was greedily sucking the power of these corpses. As "Red Slash" was constantly absorbing the power of the corpse source from the nine-color corpse crystal, the substance that "Red Slash" grew suddenly began to change.

The Rouran material began to turn into a white bony carapace, and these carapace-like materials began to gradually spread along Li Tian's right hand to Li Tian's entire right arm.

Soon, Li Tian's entire arm was surrounded by this carapace-like substance, and Li Tian's arm and the "Red Cut" seemed to be combined into one.

"This...what is this? Are you going to deform?" The mutant crow looked at Li Tian's changes and asked.

Li Tian did not answer. This was the first time he had seen Nine Color Corpse Crystal interact with "Red Zhan", and it was the first time he had seen "Red Zhan" appear in front of him in this form. At this time, Li Tian felt that his entire right arm was full of powerful power. This power seemed to be related to the power of the corpse source released from "Red Slash" and the nine-color corpse crystal.

Moreover, Li Tian felt this bone-like shell-like substance, like the bones of a high-level zombie, possessing powerful defensive power.

"Little Tianyi! Come attack me!" Li Tian shouted at Xiao Tianyi.

The expression on Xiao Tianyi's face was a little strange, and he looked at Li Tian with doubts.

"I want to see the defensive power of this white bone armor!" Li Tian explained.

"Wow!" Xiao Tianyi's face immediately showed a smile, jumped on the mutant bat, flew directly, and attacked Li Tian.

A bone spur that was more than ten feet long grew on Xiao Tianyi's right arm, and one end of that bone spur turned into a huge long bone knife.

Xiao Tianyi's change was completed in an instant, and then jumped off the mutant bat, as if smashing Huashan, he slammed the long bone sword against Li Tian.

A strong force descended from the sky, and Li Tian even felt the blade wind brought by the white bone long knife. The wind blew on Li Tian's face like a cold wind and a sharp blade, and it was actually painful.

But what about Li Tian? He didn't evade at all, yelled ok, and directly blocked it with his right arm armor.

"Chang!" A loud bang sounded under the dark night sky.

An aura of Taishan topping hit Li Tian's entire right arm. Li Tian's right arm shook slightly, but Li Tian did not flinch.

And that little Tianyi, a bone knife slashed on Li Tian's arm, with the strong rebound force, it moved backwards and fell back to the mutant bat.

Li Tian placed his arm horizontally in front of him and saw that there was only a white mark on the white bone armbands, and there was almost no damage.

"What a powerful defense!" This little Tianyi's full blow already has the attack power of an 11th-level zombie, but this attack power only left a white mark on the bone armor, which could not help Li Tian. There was a sigh.

There was a slight smile at the corner of Li Tian's mouth, and he leaned forward suddenly, the "red cut" on his arm, directly towards Xiao Tianyi.

The powerful force shocked the mutant bat and subconsciously began to fly high, while the little Tianyi directly swung the bone long knife horizontally to resist the attack of "Red Slash".

"Huh!" With a sound, the white bone long knife that was harder than alloy was cut directly by the "red cut" knife, Xiao Tianyi's white bone long knife fell from the air and plunged into the ground.

Xiao Tianyi was taken aback when he saw his long-bone long knife cut by Li Tian with a single knife, and then burst into tears, and then burst into tears.

"Ok... so strong!" The mutant crow swallowed and said.

"Xiao Litian's strength is not bad. If it is not a special ability, he is probably stronger than Fei Tian and Di Xing, but compared to my young master, I am even worse!" Void Yacha was shocked. , Said unconvincedly.

Li Tian was embarrassed. He just wanted to test the power of "Red Zhan", but he didn't expect the current "Red Zhan" to be so sharp.

"Don't cry, I didn't mean it!" Li Tiandao.

"Wow" Xiao Tianyi still kept crying.

"Well, I will compensate you for five ninth-level corpse crystals later. Is this always okay?"

"Wow"

"Ten nine-level corpse crystals?"

"Wow"

"When I kill the zombies above level ten, I will give you five corpse crystals of level ten or above, it should be fine!" Li Tian said.

Xiao Tianyi suddenly stopped crying, and put his two fleshy little hands up in front of Li Tian.

"Ten? Good! Ten is ten!" Li Tianyi gritted his teeth and agreed!

Li Tian looked at the current "Red Zhan" carefully, and was very satisfied with the current attack and defense power of "Red Zhan".

In this way, even if Li Tian faced the guardian zombies, he would still have the power to fight.

Li Tian's previous ten tactics swords controlled the "Red Slash" battle with his mind. In tight combat, Li Tian usually uses the broken soul palm, and this form of "Red Slash" completely compensates for Li Tian. The melee ability!

The only question now is how can this state be lifted!

Li Tiangang thought so in his heart, that "Red Zhan" and Nine Color Corpse Crystal sent a message to Li Tian at the same time.

The corner of Li Tian's mouth curled slightly, his thoughts moved, and he burst out: "Open!"

Following Li Tian's burst of shout, the transparent silk thread of the nine-color corpse crystal retreated rapidly, "Red Slash" absorbed all the substances released by him, and everything returned to its normal state.

"Knot!" Li Tian shouted again.

In just a few seconds, another set of bone armor appeared on Li Tian's entire right arm.

...

On the Beitang and Bell Tower, the guardian zombies felt that the dozen ninth-level zombies under his control had suddenly lost contact, and the corners of their mouths turned slightly.

The guardian zombie stretched out his hand, pointed to the captain, and said: "It's time for you to perform!"

Chapter 3427: The captain rebelled (1)

Li Tian led Xiao Tianyi and others on the road, heading towards the clock tower of Beitang. The closer to the clock tower, the more high-level zombies appeared.

After walking for less than ten minutes, Li Tian took Xiao Tianyi to East Street. From here to the Bell Tower, it was less than half an hour's walk.

There is a straight street from East Street to the Bell Tower. Both sides of this street were bustling shopping malls before the end of the world. Before the end of the world, whether it was day or night, the whole street was brightly lit and crowded.

At this time, the street was dark and black. Except for the scrapped cars and the corpses of the zombies, no one could be seen. The faint moonlight sprinkled on the street, and it seemed that the buildings on both sides seemed to be lurking. Like a giant in the night.

Suddenly a low-level zombie appeared at the other end of the street. This low-level zombie was no more than level five. Half of its body seemed to have been torn off by other zombies or zombies, and it was moving **** the street.

And when this zombie saw Li Tian and Xiao Tianyi, it was as if he had seen sweet food, reluctantly moved, and rushed towards Li Tian and Xiao Tianyi!

The zombie was still several tens of meters away from Li Tian and Xiaotianyi, "Red Slash" had already flown out, "Huh!" With a sound, the zombie had not had time to let out a scream, he was "Red Slash" directly from The top of the head was chopped in half.

However, this attack from "Red Slash" seemed to be a certain kind of signal. As soon as the zombie died, countless black shadows flew out of the buildings on the left and right sides of East Street.

"Wow!"

"Wow!"

These countless figures jumped out of a crashing building and landed not far from Li Tian and Xiao Tianyi.

Li Tian probably took a look. There are forty or fifty of these zombies. These zombies are mostly level 9 zombies, but they are also mixed with some level 10 zombies.

But even if it is a level ten zombies, Li Tian said that he has no pressure. With Li Tian's current ability, he can easily kill level ten zombies in seconds, and so can Xiao Tianyi.

In the face of absolute strength, the accumulation of numbers cannot play a corresponding role!

Xiao Tianyi was riding on the mutant bat, thinking that Li Tian raised his hands, as if to say: "You still owe me ten level ten corpse crystals!"

Li Tian smiled bitterly, this little Tianyi definitely fell into the corpse crystal, almost every time before fighting, he must deliberately remind Li Tian once.

"Little Li Tian, these little guys will be handled by you! We are watching the show!" Void Yasha waved to the mutant crow, jumped off Li Tian's shoulder, and landed on the mutant crow's body. The mutant crow took him to a big tree and said condescendingly.

And the Feitian Yasha and the Dixing Yasha also appeared to be unable to lift their spirits, and they also reached the tree.

The three Yaksas sat on the tree in such a calm manner, shouting cheer to Li Tian.

Li Tian was expressionless and shouted: "Knot!"

The nine-color corpse crystal released the transparent silk thread, and "Red Zhan" flew back into Li Tian's right arm. In just a few seconds, Li Tian changed his right arm into the shape of a white bone armor.

"Come on!" Li Tian stretched out his left hand to the zombies and said disdainfully.

Speaking of Li Tian, he rushed towards the dozens of zombies like an arrow.

And those zombies began to change one after another, either turning into giant beasts of bones, or surrounding themselves with bones.

Facing Li Tian's attack, one of the tenth-level zombies sneered, and instead withdrew from the group of zombies, came to the side, this tenth-level zombie stretched out his hands and pressed it on the ground, shouting: "Bone Dungeon."

I saw that the zombie's voice just fell, and the ground suddenly shook.

"puff!"

"puff!"

The thick white bones like ivory were drilled out from the ground, and more than hundreds of white bones were drilled in succession. One end of these bones was below the ground, and the other end formed an arch to grow upward, and finally formed a bird cage at the top. shape.

This huge bone cage will include Li Tian and all other zombies in the middle.

"Hey! Be covered by my bone dungeon, don't want to escape! Just wait to be chopped into meat sauce by our senior zombies!" The palms of the tenth-level zombie are still on the ground, Said with a sneer.

Xiao Tianyi is also covered by this bone dungeon. The height of this bone dungeon is only three feet. In this way, when the mutant bat flies up, it will inevitably be affected by the bone dungeon. Xiao Tianyi's head is already I bumped into these bones several times.

"Wow" Xiao Tianyi showed a furious expression on his face, and his right arm transformed into a huge white bone knife, jumping directly from the mutant bat.

Xiao Tianyi first successively killed two ninth-level zombies, and then severely chopped the bone dungeon on the bone dungeon.

"Om!" With a sound, Xiao Tianyi stepped back seven or eight steps in a row after being shaken, and then looking at the bones on the bone dungeon, only a small crack appeared.

"Haha, don't try to be strong. The bone strength of my bone dungeon far exceeds the bone hardness of a tenth-level zombie. Even if a eleventh-level zombie comes, it may not be able to cut my bone dungeon! You just wait! Die!" The tenth-level zombie said with a sneer.

"Idiot! I'm still worried that you zombies will run away, but you helped me out like this!" Li Tian sneered.

Xiao Tianyi already understood Li Tian's meaning, and directly rushed into the corpse group of those zombies, and a ninth-level zombie was cut in half with a sharp sword. At this time, Li Tian had already killed three level ten zombies in a row!

"The intelligence is wrong, we are not this person's opponent at all!"

"We ninth-level zombies are not seen by that guy at all, haven't you seen it? That guy only kills tenth-level zombies!"

Li Tian can't tell. He has promised to give Xiao Tianyi ten tenth-level corpse crystals. Li Tian can only kill these tenth-level zombies first. Otherwise, when Xiaotianyi kills those corpses, Jing Ke fell into the hands of Xiao Tianyi.

"Quick... let us go out. Let's move the rescuers!"

Li Tian is like a ghost. As long as the figure flashes, a high-level zombie will be cut off. Those zombies in the bone dungeon will be killed by Li Tian and Xiaotianyi without a piece of armor, and they will never fight back. Power.

In just a few minutes, more than half of the forty or fifty zombies above level 9 died.

"This... how is this possible?" The tenth-level zombie who made the bone dungeon could hardly believe his eyes, and said to himself: "What to do? Is it to let them go?"

"No, the captain is coming here with other high-level zombies, even if I can trap them, it would be a great achievement!"

Chapter 3428: The captain rebelled (2)

On the spacious road from the clock tower to East Avenue, the captain was dressed in black and a big red robe was draped over his shoulders. Behind the captain were all ten-level zombies. There were a hundred zombies. many.

The captain is the captain of these tenth-level zombies.

The zombie garden was broken by the tide of corpses, the barbarians, Shen Tao and other human beings were captured, and the guardian zombies were imprisoned on the drum tower. The team leader as the zombie was controlled by the guardian zombies.

In the words of guarding the zombies, that is if you control my bird, then I will control your woman.

After the guardian zombie took control of the team leader, he forcibly used the corpse crystal to raise the team leader's level from level 9 to 10, and appointed the team leader as the team leader of the hundred corpses.

The captain did not say a word, walking vigorously, walking at the forefront of the zombie group, while the other zombies formed a square formation and quickly followed the captain.

Soon, the captain and the zombies saw the figure in the dungeon of bones, and inside the dungeon of bones, there was a terrible and horrible picture. Forty or fifty zombies were chopped up in a mess, lying on the bones. In the dungeon.

Xiao Tianyi rode on the mutant bat and kept swallowing the corpse crystals of the zombie into his stomach.

As for Li Tian, he had already faded the state of his white bone armbands, carrying "Red Slash" in one hand, and was constantly digging out corpse crystals from the zombie's head in the other.

In this battle, Li Tian beheaded 31 ninth-level zombies and seven tenth-level zombies.

Half of the ninth-level zombie corpse crystals were swallowed by "Red Slash" and nine-color corpse crystals, while the others were generally preserved. Li Tian planned to give these corpse crystals to the captain, and the remaining preparations were given to the heavens. Zombie Research Institute, let them make advanced zombie potions.

As for the tenth-level corpse crystal, Li Tian is just the ***** of wealth, so he had to give it to Xiao Tianyi as soon as he dug it out.

"Wow!" Xiao Tianyi raised three fingers again, as if to say: "You still owe me three tenth-level corpse crystals!"

Li Tian pointed to the tenth-level zombie outside the bone dungeon, and said to Xiao Tianyi: "There is one more over there, and I owe you two!"

Seeing Li Tian pointing his finger at himself, the tenth-level zombie that made the bone dungeon was a little nervous, but he soon thought of the strength of his bone dungeon, and he sneered at Li Tian and said: "Idiot, you guys. I have been trapped in this bone dungeon, how could it come out? And our captain has led more than a hundred level ten zombies on the way, you will soon be eaten by the captain. There are no bones left!"

This tenth-level zombie originally wanted to raise Li Tian's middle finger, but his hand still needs to be supported on the ground to maintain the stability of the bone dungeon, so he will make a tongue-out action that seems to be cute.

"Really?" Li Tian sneered, suddenly speeding up and rushing to the tenth-level zombie. Li Tianfei leaped and waved his arm, "Hong Zhan" slashed heavily on a white bone in a white bone dungeon.

With a "click", the white bones of the white bone dungeon were immediately cut off by the "red cut"!

The severed bone fell down and hit the ground with a "boom!"

"Impossible!" The tenth-level zombie watched in surprise at his bone dungeon being broken, with an incredible expression on his face.

However, these tenth-level zombies won't give up. As soon as they gritted their teeth, the white bones that had just been cut by "Red Slash" immediately grew back, and almost instantly restored the bone dungeon to its original appearance.

In this way, the face of the tenth-level zombie immediately appeared a little thin, as if this white bone had been pulled out of his body.

At this time, there was a tremor on the ground in the distance, and at the end of the street, the captain had rushed over with a hundred high-level zombies.

"You are dead, haha, our great and wise captain has arrived!" The tenth-level zombie exhaled involuntarily, showing a relaxed expression, said.

"is it?"

I saw that Li Tian's "Red Slash" was flying, slashing at the bones of the Bone Dungeon.

"boom!"

"boom!"

A huge bone fell down and slammed on the ground to make a huge noise, and the tenth-level zombies kept turning the newly severed bone back to its original form to achieve the goal of trapping Li Tian.

"Don't be brave, you can't escape!" The tenth-level zombies, who were already scrawny, said with some trembling hands.

As soon as the voice of the zombie fell, a red light flew out from the crevices of the white bone dungeon, "Huh!" With a sound, it slashed directly on the neck of the tenth-level zombie.

"Gurulu" the head of the tenth-level zombie fell off, and the bone dungeon collapsed in an instant.

Li Tian walked out of the white bone dungeon and stepped on the zombie's head, preparing to use "Red Slash" to dig out the corpse crystal from his head.

"Why? You obviously can!" The tenth-level zombie said with a little stare.

"Strong, just so headstrong!" Li Tian snorted softly on his nose.

After Li Tian took out the tenth-level corpse crystal and threw it to Xiao Tianyi, the captain came to Li Tian with a hundred tenth-level zombies.

Seeing the brigade captain wearing a brand-new suit and shirt, and a hundred tenth-level zombies behind him, Li Tian's heart was full of joy.

"This is the real captain!" Li Tianxin said.

Before arriving at the Zombie Garden, the captain had already been promoted to the ninth level, and at that time, Li Tian's nine-color corpse crystal could control up to eighth-level zombies. Therefore, the captain at that time was equivalent to being free.

After the Zombie Garden was breached by the tide of corpses, Li Tian did not find the body of the captain. Li Tian also doubted whether the captain had escaped or died in another place.

Seeing the captain now, Li Tian couldn't help but let out a sigh.

Just be fine if you don't die! It was just temporarily controlled by other zombies.

"Brother Tian, I'm sorry, I can't help myself now!" The captain said in a trembling voice.

Although the captain was controlled by the guardian zombie, her memory has been preserved.

Li Tian waved his hand and said indifferently: "Don't say sorry to me, you didn't feel sorry for me. I didn't protect you and let you be taken away by the Guardian zombie! Now I am here, I just want to take You are going back!"

"Go back? Can I go back?" There was a trace of joy on the captain's face.

"Wow!"

The nine-color corpse crystal on Li Tian's chest flew, and immediately released countless transparent silk threads into the captain's head. As soon as these countless transparent silk threads entered the head, they wound around the captain's corpse crystal.

Chapter 3429: The captain rebelled (3)

"Puff!" With a sound, Li Tian spouted a mouthful of blood.

"Brother Tian..." Seeing Li Tian vomiting blood, the captain called out with some worry.

"Hey, it seems that our captain is still passionate about the previous master!" A tenth-level deputy captain sneered beside the captain.

"Can't I still control the ninth-level zombies?" Li Tian wiped the blood from the corners of his mouth, muttering to himself with some confusion.

"What's the matter?"

Through which transparent silk thread Li Tian's divine consciousness entered into the head of the captain again, Li Tian suddenly discovered that the captain's corpse crystal was now level ten. And on top of this tenth-level corpse crystal, there is actually a transparent silk thread wrapped around it.

Needless to say, this kind of transparent silk thread is naturally released by the guardian zombie!

"It turned out to be so, no wonder I can't control the captain now? In this case, if I want to bring the captain back, there is only one way, and that is to kill the guardian who controls the captain!" Li Tianxin Tao.

"Although it is difficult, or I may die on the clock tower, but this captain is my Li Tian's zombie, I must take the captain back!"

Li Tian had decided, so there was nothing to hesitate anymore, only to see Li Tian's heart move, "Red Slash" flew into the group of tenth-level zombies.

Those zombies are dignified tenth-level zombies. Even if the news is blocked, there are still many zombies who know Li Tian's "Red Slash" is powerful. Seeing "Red Slash" flying over, these zombies immediately began to evade.

But there are more than a hundred zombies here, and there are more zombies who have not come to evade in a hurry.

"Puff!" With a sound, "Red Slash" slashed directly on the head of a tenth-level zombie, and the black brains flowed out of his head, and the "Red Slash" greedily smashed it at this moment. The tenth-level corpse crystal sucked cleanly.

"Kill!" The deputy captain of the zombie team gave an order and shouted.

"Kill!" the captain cried out involuntarily.

Those zombies immediately rushed towards Li Tian. During the charge, some zombies released their bone spears. When they flung their hands, dozens of bone spears pierced Li Tian. Li Tian had to block left and right to avoid. These bone spears.

Li Tiangang avoided these bone spears, but was entangled by the long black hair of steamed buns released by the captain.

"Hey, don't lose the captain, it's up to me now!"

Seven or eight tenth-level zombies transformed their arms into bone machetes and rushed towards Li Tian. At a distance of five or six meters away from Li Tian, these zombies jumped up at the same time, waving the bone machete in the air and slashing hard. Xiang Litian.

At this critical moment, Li Tian shouted: "Knot!"

The "Red Slash" came back like lightning, and cut off the long black hair of the captain.

Li Tian, who had lost his bondage, retreated seven or eight steps to avoid the fatal blows of those zombies.

But those zombies missed a hit with the machete, they were not discouraged, they almost jumped on the spot, and slashed at Li Tian again.

"Swish!" With a cry, "Red Zhan" had already flown back into Li Tian's right hand, forming the white bone armband in an instant.

Li Tian raised his right arm, and blocked the seven or eight bone machetes that fell with his bone armor.

The huge cutting power of these seven or eight tenth-level zombies made Li Tian almost kneel to the ground.

Li Tian's body shook, he bent slightly, and his left hand exploded quickly.

Broken soul palm.

"boom!"

"boom!"

"boom!"

Each of these palms is the strongest power of Li Tian's current broken soul palm. After the seven or eight machete zombies were hit by the broken soul palm, they immediately exploded, crackling flesh and blood flying across, and bone scum splashing everywhere. .

And only the tenth-level deputy captain's zombie was hiding behind Li Tian, and his left hand could change into a long bow, and his right hand pointed out a long bone long arrow from his hand, bent the bow to shoot the arrow, and shot towards Li Tian.

If this arrow hits Li Tian's body, it will inevitably be a hole. If an arrow hits Li Tian's vital spot, Li Tian may die.

That little Tianyi didn't understand why the captain's mother became a bad person, attacking Li Tian, his little head couldn't understand, he wouldn't intervene in matters of this kind of adults, but he saw the deputy captain's tenth-level zombie. How could Xiao Tianyi just ignore him if he wanted to bend his bow and shoot to attack Li Tian.

With a slap on the legs of the little Tianyi zombie, the mutant bat swooped down towards the deputy captain's tenth-level zombie from a high altitude.

"cut!"

Xiao Tianyi said such a word, and at this moment, his arm turned into a bone sword that was more than ten feet long. The bone sword, with thunder-like power, slashed directly at the captain. On the head of a tenth-level zombie!

"Puff!" With a cry, the captain's tenth-level zombie only felt a black shadow flying in front of him, and then he lost consciousness.

After Li Tian killed seven or eight tenth-level zombies, he rushed directly to other zombies like a **** of death. Now the state of "Red Slash" is the best melee state. Li Tian needs to rush to the zombies. Only in the group can more zombies be killed.

But at this time, the captain had already rushed towards Li Tian. As a result, Li Tian was restrained a lot and couldn't let go of his hands and feet.

Almost in a few encounters, Li Tian suffered seven or eight more injuries!

"Young Master Void! That female zombie seems to be Xiao Li Tian's little lover, how about we help Xiao Li Tian!" Di Xing Yasha said while sitting on a tree branch.

"Hey, how about I directly use my dark light?" Feitian Yasha said.

"Idiot! If you use the light of darkness, what if you hurt Xiao Litian?" Xukong Yasha continued with a dissatisfied expression: "So you still lack combat experience, how can you do such unscrupulous things at this time!" "

"Then what do you say?" Dixing and Feitian Yasha asked.

"Hey, this young master uses our space to control all those ***** zombies, and then kicks those zombies out of the space one by one! In this way, if we kick one, Xiao Litian will kill one, which is not good. ?" Void Yasha said with a smile.

"Wonderful!"

"It really is a good strategy!"

"Hahaha! You praise this young master so much, this young master will be proud!"

These three Xiaoyashas sat on the tree branches and even chatted enthusiastically, as if they had already completed this kind of thing, waiting for Li Tian to kill the zombies one by one.

"Cracking! Dear young master, how about you control those zombies into your space before you become proud?" The mutant crow reminded beside him.

"Ah, I almost forgot about the big event!"

I saw a cloud of green smoke rising from the trunk, and the Young Master Void disappeared on the spot.

At the same time, Li Tian, who was besieged by dozens of zombies just now, suddenly discovered that all the zombies in front of him had disappeared.

Chapter 3430: Perfect slaughter

"Where are the zombies?" Li Tian was fighting vigorously, and he slashed over with a "Red Slash", but suddenly the zombies in front of him were missing, he couldn't help but think in his heart.

"Could it be..." Li Tian turned his head and looked at the tree trunk where the three Xiaoyashas were located, but did not see Void Yasha.

Void Yasha appeared on Li Tian's shoulder, pulling Li Tian's ear with one hand to prevent him from falling, with a triumphant look, waiting for Li Tian's praise.

"You did it? Did you throw those zombies into the void?" Li Tiandao.

"How is this possible? Throwing garbage at will in the ethereal void is the biggest sin. But don't worry, this young master has already collected all the zombies into my space. Wait a while for me to get from that space. If a zombie is kicked out of it, you kill a zombie. In this way, you will not have any threat!"

Speaking of this guy, he pushed his nose to face, climbed from Li Tian's face to Li Tian's head, and finally sat on Li Tian's head, half lying in Li Tian's soft hair, facing Li Tian Tian said: "Little Li

Tian, at this time, do you feel that this minority is stronger than you! Haha, there is no need to praise this young master, this is just a small effort from this young master."

Li Tian is powerless against Xiao Yasha's behavior of pushing his nose and admiring his face. These goods are not mindful. If they offend them, they are completely likely to throw Li Tian into the space.

"Nice job!" Li Tian said with a black face and praised Xukong Yasha.

"Hey, even if you praise me, I won't be proud!" Xiaoyasha said excitedly.

In the next period of time, Void Yasha kept kicking those tenth-level zombies out of his space, and Li Tian used "Red Slash" to easily kill those zombies kicked out by Xiaoyasha. .

one two Three.....

One by one zombies came out, and finally turned into corpse crystals.

Soon, Li Tian had already killed more than 20 zombies in a row, watching the ten-level zombie corpse crystals fall in his hands, neither did he work hard nor did he need much strength. Li Tian's behavior towards Void Yasha was also Just rushed to not so annoying.

This is definitely a perfect match, a perfect slaughter.

Even Li Tian and Li Tian had already begun to imagine how to use these three Yashas for him, but when he thought of the three Yashas' brainless behavior, Li Tian felt helpless again.

You can only take one step and see one step.

"Young Master Void, this is perfect, but this speed is also a bit slow, Xiao Tianyi is still doing nothing to do, or kick out two or three zombies at once, so that our speed can also be faster. This is more perfect!" Li Tiandao.

The Young Master Void nodded, and whispered in a low voice, "That's it!"

Half an hour later, Li Tian had already collected fifty or sixty tenth-level corpse crystals. After Xiao Tianyi had eaten enough, seven or eight tenth-level corpse crystals were also stored in the little skin.

"Xiao Litian, there is a female zombie in that space. Isn't it your little lover? This zombie young master will stop kicking you out, hehe, when you have time, the young master will take you Send it in and give you a private space for two people!" Xukong Yasha said with a smile.

"Thank you!" Li Tian could only say so.

The captain is still better in the space of the young master of the void, only in this way, Li Tian will not have to fight head-on with the captain, and after the guardian zombie is beheaded, he can release the captain at that time.

...

Inside the bell tower.

The Guardian zombies are very angry now. The reason for his anger is not because of the death of those tenth-level zombies, but because the captain under his control suddenly lost contact.

There are only two possibilities for this loss of contact. The first is that the captain has been beheaded by Li Tian, and the second is that the captain is controlled by Li Tian.

The first possible Guardian zombie can almost be ruled out, because after he controls the captain, he knows some memories of the captain in the past, and knows that the relationship between the captain and Li Tian is extraordinary.

Has the captain been controlled by Li Tian again?

The Guardian zombie suddenly became a little restless, slapped his coffin wood, and shouted angrily: "How is it possible? Even though Li Tian has a nine-color corpse crystal, the nine-color corpse crystal is probably a second-round color. It hasn't been completed, how could it be my opponent of the Nine-Colored Corpse Crystal Three-turner?"

"Who can explain to me!"

In the bell tower, there are twelve eleventh-level zombies who are carrying the coffin for him. These zombies have their heads low and dare not say a word.

"All of them are rubbish! In that case, I will wait for Li Tian here, and see what other tricks Li Tian can make in my Beitang! You guys, give me all the delicacies on the bell tower I'll bring it here, I need to eat a few guys first, add something!" The Guardian zombie said.

"My lord, since Li Tian came here risking his death, it means that the people arrested by the adults today are very important to Li Tian. If the adults eat those people now, will Li Tian be completely irritated? Then... ..At that time..." An 11th-level zombie said with some worry.

"How about then? Say!" The Guardian zombie looked at this level 11 zombie angrily.

"At that time, there will be no room for relaxation. The adults also know that Li Tian successively killed one of his master's corpse insects, and then severely damaged one of his master's corpse insects. If the adults really make Li Tian anxious, Li Tian Maybe it's not the adult's opponent, but if Li Tian kills the corpse worm guarded by the adult, then there is only one dead end for the adult and us!"

The Guardian zombie walked down from the coffin seat and walked to the eleventh-level zombie in a different place. He sneered and said, "Okay, okay, okay!"

"Puff!" With a sound, the guardian zombie suddenly inserted his palm into the head of the eleventh-level zombie, stretched out his hand to take out the corpse crystal from the zombie's head, and put it directly into his mouth, then used He licked the dark mucus on his palm, and continued: "What a waste to raise other people's ambitions and destroy one's prestige. I have been guarding my master's bugs in this Beitang for three years, but have there ever been a slight difference?"

"Hmph! Any of you still have this kind of thought, you can stand up now!" The Guardian Zombie said with a sneer.

None of the other zombies dared to come out to speak, they all stood silently.

The guardian zombie stretched out his hand and stroked the baby in his arms and said: "This corpse worm is guarded by me like this, and wants to hurt this corpse worm. Does Li Tian have three heads and six arms, and the magic is not good?"

The words of the guardian zombie just fell, "Who!" With a sound, a red light flew in from the outside of the bell tower, broke through the window, and directly hit the baby swaddle, and even nailed the baby directly to the wall of the bell tower. Above.

Beitang Corpse Worm!

dead!
