

A Killer 3451

Chapter 3451: Practice "Blue Clouds"

Now that there are no clues from the other heavens, Li Tian has given up his mind and decided to cultivate Qingyun first and feel the power of Qingyun first. .

In Li Tian's bedroom, Situ Ningbing and Li Tian sat face to face, Li Tian cross-legged and closed his eyes, while Situ Ningbing was translating the Sanskrit content to Li Tian.

As Situ Ningbing kept translating Qingyun's words, a strange feeling was rippling in Situ Ningbing's body. Situ Ningbing felt that when Qingyun cultivated, it could produce with the hermit killing technique he had cultivated. A wonderful feeling.

It's like this Qingyun is the general outline of all the exercises in the world, and the Hermit Killing Technique is a branch of this Qingyun.

This feeling is even clearer for Li Tian.

Practicing one path, different paths lead to the same goal.

Regardless of the power of the corpse source absorbed by the nine-color corpse crystal, the spiritual power of the heavens and the earth absorbed by the blue clouds currently cultivated, or even the illusion technique in the alien world, it is for the body to be transformed and wait for the corresponding improvement.

When Li Tian listened to Situ Ningbing's Qingyun cultivation technique, he was completely immersed.

Regardless of how much Qingyun helped to reform Li Tian's body, the cultivation of Qingyun alone greatly improved Li Tian's current Xuantian **** and broken soul palm.

Originally, Li Tian seemed to be a child lost in the mountains, looking for a way out in distress. The appearance of this blue cloud seemed to bring Li Tian directly to the flat grassland. There was no road around, but there were roads all around.

In this practice, Situ Ningbing was immersed for a whole day, and she even forgot about hunger.

When Situ Ningbing woke up from the cultivation, Situ Ningbing found that Li Tian was still immersed in this Qingyun cultivation.

But in just one day, Situ Ningbing had already benefited a lot, and she felt that her hermit killing technique seemed to be a step further. Situ Ningbing said hello to Xue Ji and asked Xue Ji to continue to take care of Li Tian who was still cultivating. He eagerly left the bedroom of Li Tian's office, carried the butcher knife and slaughtered God out of the Beitang city wall, and disappeared into the building. .

Li Tian's practice was like an old monk entering concentration, and he was immersed for seven days and seven nights.

"Huh!" Li Tian exhaled a long suffocating breath, which seemed to be vomiting all the impurities out of Li Tian's body. Li Tian actually felt a little fluttering in his body.

Opening his eyes, Li Tian saw Xue Ji sitting in front of him.

"Where is Ningbing?" Li Tian asked.

Xue Ji said jealously: "Ning Bing, Ning Bing, you know Ning Bing. When you practice the exercises, you think of Ning Bing. The first sentence you open your eyes is still freezing! Li Tian, what is in your heart? Is there me!"

When asked by Xue Ji, Li Tian looked embarrassed, and quickly reached out and hugged Xue Ji in her arms. Although Xue Ji struggled a little, she still leaned in Li Tian's arms.

Li Tianrou whispered: "The name of this exercise is Qingyun, and it is written in another type of script on the earth. I don't understand this type of script, but Situ Ningbing understands this type of script. That's why I am called Situ Ning. Bing and I practice together! Now, I have basically mastered the first level of this kind of exercise. If you want to practice, I can teach you now!"

"I don't want to learn it! You gave me Misty Swordsmanship last time. I feel broad and profound when I practice, so I won't be insatiable." Xue Ji said.

"Xue Ji, I told you before that I, Li Tian, not only have Situ Ningbing, but also Duanmuying, Ouyang Shiqing and other women in this earth world. Many people may feel that I Li Tian is indiscriminate. , But I am sincere and sincere to any of your women. There is absolutely no favoritism. No matter who of you is in danger, Li Tian can take my life..."

Xue Ji had kissed Li Tian's lips with her soft lips, and said vaguely: "I know!..."

"Brother God! Brother God! I'm back, look who I brought to Beitang!"

Tang Xiaolong's voice came from the office, and Li Tian and Xue Ji quickly let go.

Walking out of the bedroom and coming to the office in the living room, Li Tian saw Bai Jing, Xin Yan, Liu Yihui and Lily standing behind Tang Xiaolong.

"Brother Tian, I heard that you were injured, so I followed! Now let me check your injury!" Liu Yihui said with some worry when he saw Li Tian's whole body bandaged.

"It's okay, ten days have passed, and it's almost good now! It's the heavens, can the zombie research keep up with the progress after you leave?"

"Brother Tian, don't worry. Now Dean Huang and the captives are in charge of the Zombie Research Institute in the Celestial Realm. The progress is pretty good, but... But I heard the news from the Bounty Association, saying that their zombie research has been done on the other side of the ocean. A breakthrough has been made." Liu Yihui shifted his gaze to Bai Jing.

Bai Jing saw Li Tian's body still wrapped in bandages, and his eyes were slightly moist, but this was not the time when his children were in love.

Seeing Li Tian shifting his gaze to her, Bai Jing expelled the distracting thoughts from his mind, and quickly said: "This news came from the Bounty Hunter headquarters, but they are not studying zombie virus potions. It is to study zombies as biological and chemical weapons. Now they have mastered the control methods of low-level zombies! And they can also transform high-level zombies to make high-level zombies more powerful."

"Leave these matters to the Ten Legions and the Bounty Hunter Association to worry about! If you come to Beitang, then there will be no problems with the heavens, right? After all, the heavens are

our base camp!" Li Tian stretched his hand and held Bai Jing's hand. Squeezed Bai Jing's hand and asked.

Bai Jing's face turned red and said: "There is no problem with Hao Chunjian, Shelipuding and He Zhizhuo, Wei Wu, Wu Shi and other core cadres in the heavens now. Shelipuding is now in charge of the army, and He Zhizhuo is in charge of the bounty hunter. Association, what you worry about will not happen!"

"Two-dimensional, Li Dan, and Huo Liantong and the three of them are heading for Beitang from the Celestial Realm with a corps. According to your instructions, they are going to create a channel without interference from zombies!"

"That's good! I can rest assured that there are He Zhizhuo and Shelipuding in the heavens! I can rest assured that the legion has a two-dimensional responsibility." Li Tian released Bai Jing's hand and moved his gaze on Lily again, saying: "Are you going on the way or ?"

Lily smiled charmingly, and said, "What if I say that I'm here specifically to look for you in Beitang?"

"Cough!" Li Tian coughed several times in a row. He and this woman are innocent.

"Don't scare you anymore! The heaven is handed over to Fatty Alslan. I have been transferred back to Kyoto City by the commander of the legion!" Lily smiled, and then in Tang Xiaolong's suspicious eyes, she walked to Li Tian's side. Whispered in his ear: "The commander of the legion asked me to protect you personally!"

Chapter 3452: With Yin Yang

"Paste... close to the body!"

Li Tian glanced at Tang Xiaolong's almost murderous gaze, and quickly pulled Tang Xiaolong to his side and said: "Or you can protect him! Just follow the way you just said to protect!"

Some friends come from afar, although they are all their own, Li Tian must also host a banquet.

The granary in Beitang has long been opened and occupied by Xue Ji and others. Although the rice in the granary is not new rice, it has traces of being ruined by rats and other animals, and some moldy smells, but it is food after all. For the people of the last days, this is already delicious.

In the evening, Situ Ningbing also returned from outside the city.

Situ Ningbing's body was covered with black mucus. Seeing Li Tian, he threw two corpse crystals to Li Tian from a distance.

Li Tian took a look at it, obediently, it turned out to be a tenth-level corpse crystal.

Seeing that there was no wound on Situ Ningbing's body, Li Tian guessed that this was the improvement of Situ Ningbing's own strength after practicing Qingyun.

Seeing Bai Jing and others, Situ Ningbing immediately talked with each other enthusiastically.

Li Tian wanted to confirm, but couldn't find a chance.

Tang Xiaolong took Xiao Tianyi and three Xiao Yasha to hunt outside the city, and he hunted back a deer and some small game.

The barbarian's body has recovered well, although he can't fight, but there is basically no major problem. Barbarian drove the car, with the captain sitting in the front passenger seat, and several level 11 zombies squatting on the roof of the car. They went to the farmland outside the city to dig wild vegetables according to Li Tian's request.

The four sides of Beitang, east, west, south, and north, have been cleared by these eleven-level zombies. Now it takes less than half an hour to get from the inner city to the outside, which is much faster than before the end of the world.

As for wine, there is a lot of it in Beitang City.

The good wines before the end of the world have been preserved, especially in the major hotels in this city, some high-end wines are preserved.

The only regret is that no wine cellar was found in this Beitang.

The dinner is grilled venison, grilled game and stir-fried green wild vegetables. It is also a combination of meat and vegetables. The only drawback is that the Beitang is currently not powered on. Everyone can only have a candlelight dinner, and it feels a bit romantic. .

Those eleventh-level senior zombies were also invited by Li Tian to participate. Although they are more interested in the living people present, they know that Beitang has changed. If they don't put away their corpse sex, they will definitely be ignored. Slaughtered mercilessly.

They are still waiting for Liu Yihui's Zombie Research Institute to develop an antidote to the zombie virus and turn it back into an adult!

Three rounds of wine, five flavors of food.

Tang Xiaolong sat across from Li Tian, took a bite of wild vegetables, put down his chopsticks, and said, "Brother Tian, it has been twenty days since we left the heavens. When will we go to Kyoto City! It is a distance from Kyoto City." But there is more than half the journey!"

When Tang Xiaolong said so, the eyes of other people fell on Li Tian, which was also what they wanted to ask.

"Xiao Qiuman gave me one month, and now 21 days have passed, and there are nine days left. If it is before the end of the world, at a normal speed, driving from Beitang to Kyoto city will not exceed 20 hours at most... .."

"But now is not before the end of the world. You have to consider the actual situation of the road and whether the Liu family will be the cause of it. So I suggest you start early! The Duanmu Ying army commander is expected to pass through the autumn water!" Said jokingly.

Li Tian subconsciously glanced at Xue Ji and Situ Ningbing, and saw that they were not unhappy, and then said: "You are right, so I decided to arrange this Beitang thing first, for three days. Let's set off afterwards."

At this time, the door of the banquet hall was pushed open from the outside, and a ninth-level zombie rushed to Li Tian and whispered to Li Tian, "Yin Yang, the master of the Yin Yang Gate, said he wanted to see you. !"

Although the ninth-level zombies spoke in a low voice, they would not deliberately control their voices. Everyone on Li Tian's table still heard what he said.

"Yin-Yang Gate?" When Lily heard the name, the expression on her face was obviously a little unnatural.

It seems that Lily also knows the story of Yin Yang, Duanmu Ying and Wuji.

"What's the matter? How did you meet Yin Yang? This person is very dangerous!" Lily asked.

So Li Tian briefly told Lily about Yin Yang's revenge with Liu Jun.

And when Li Tian finished speaking, Yin Yang had already walked into the hall, followed by Yin Yang, surprisingly Jiang Jingtao.

"Jian Jingtao!" When Li Tian and the others saw Jiang Jingtao, they all stood up.

"Haha, don't worry, this general Jing Tao is now my mourner!" Yin Yang said with a slight smile.

Then Yin Yang walked directly to Li Tian's side, and without Li Tian's permission, he sat down directly, picked up Li Tian's chopsticks, and gulped up the leftovers on the table.

Tang Xiaolong was a little angry, but was stopped by Li Tian.

"I don't know what the so-called "Sect Master Yin" came here to find me Li Tian?" Li Tian asked.

Yin Yang took another glass of white wine, drank it, and said, "As I said, if you kill Liu Jun, then I will solve your troubles on the road. This will be solved by Jingtao. It's lost! Now it's my slain soldier! Then I will naturally follow you to Kyoto City!"

"To Kyoto City?" Li Tian asked suspiciously.

"Why? Unwilling? It doesn't matter whether you are willing or not. I, Yin Yang, keeps his promise. If I do, whether you like it or not, I will send you to Kyoto City! After Kyoto City, you and I have nothing to do with you. , In the future whether we are enemies or friends, it depends on you!" Yin Yang said.

"I'm afraid we can't be friends! You know my relationship with Duanmuying!" Li Tian said coldly.

"It's okay! Wait until after Kyoto City." Yin Yang said: "Oh, yes. Is Tianjie interested in cooperating with my Yin and Yang gate?"

"Cooperation? How to cooperate?" Li Tian asked puzzledly.

"You Beitang has begun to take shape, at least it is suitable for human living in the inner city! There are about five or six hundred humans in my Yin and Yang gate. You draw an area in Beitang and let them live in You live in the inner city of Beitang! As for the safety of Beitang, I am willing to take some responsibility for the safety of Beitang!" Yin Yang said.

This ***** finally showed his true colors.

Beitang had been three years before Li Tian came, and the Yin-Yang Gate had not been occupied and attacked. Li Tian had just attacked the Yin-Yang Gate and couldn't wait to make a request.

"You can also choose to refuse! Anyway, you occupy the inner city of Beitang, and I can line up my mourners in the outer city, so that you can just protect your inner city!" Yin Yang said.

This is not cooperation at all, but a blatant threat.

Chapter 3453: Special cooperation

"Pop!" Tang Xiaolong slapped the table heavily, and said angrily: "You are clearly robbing, and you are talking about cooperating shit!"

"Snatch? Kid, don't you say it so bad! If it is divided according to the administrative geography before the end of the world, the headquarters of my Yinyangmen is here in Beitang! Who is robbing whom?" Yin Yang sneered. .

"Don't think that the Yin Yang Gate is the top ten legions, our heavens will be afraid of you! If you have the ability, let us go!" Tang Xiaolong said angrily.

"Xiaolong, one less sentence!" Li Tian stopped Tang Xiaolong, poured a glass of wine for Yin Yang, and then said: "I don't know how the Yin master wants to cooperate? Is it just for land?"

"Yes! You go out, I go out! Then we work together. You know, three years ago, this Beitang was the largest scientific research city in the northwest region, and Beitang has a lot of talents. After I established Yinyangmen, I was fortunate to be here. Thousands of people have been rescued from Beitang. Unfortunately, in three years, these people died for various reasons, and now only five to six hundred people are left."

Five or six hundred people, the best in all walks of life, their strength is now, this martial artist is in charge, and everything is focused on the use of force to solve problems in the end times, it is not very prominent.

But what about five years, ten years? Wait until the zombie crisis is controlled, or even the zombie problem is solved?

Then these five or six hundred people will become invaluable.

"Why do you want to cooperate with me? You have a research team of five or six hundred people, which is of great benefit to your Yin-Yang Sect." Li Tian asked.

"Why?" Yin Yang stretched out his finger and tapped on his masked face, and continued: "The zombie virus will not be resolved in one day, and I will live under this dark iron shell one day. I hate it. This kind of life with a mask!"

"In our Yinyangmen headquarters, the living people are only a few hundred people, more of them are corpses and mourning soldiers! These people stay at my Yinyangmen. In a few years, they will eventually become corpses and mourning soldiers! And Only by finding a suitable place for them to live, so that they do not need to worry about survival, do not need to live with fear, can they fully stimulate their potential."

"And Beitang Inner City is unintentionally the most suitable place. Moreover, I heard that your people have come to the fore in the study of zombies!" Yin Yang said.

Although Yin Yang had a strong personal desire, this did not affect Li Tian's heart toward Yin Yang.

"Okay! I will cooperate with you!" Li Tian stretched out his hand to Yin Yang, "Happy cooperation!"

...

The next day, Yinyangmen headquarters, four or five floors underground.

This place is like hell, shrouded in darkness all year round, the lights in the corridor are always so dim, people don't know what year and month the outside world is now, nor whether it is day or night.

In such an environment, rows of prison-like rooms lived with people who had escaped from Beitang.

These people, men and women, young and old, are all skinny and ragged, and they are still full of a smell. And because these people do not see the sun all year round, the pale yellow skin is now all white without exception, an unhealthy white.

"Get up all, get up all!" Several mourners knocked on the doors and windows with iron rods in their hands, waking up these sleeping people.

"Get up, I will send you to a good place today!" said the mourners.

These people looked a little dull, and after walking out of the room, they stood obediently in front of the door like prisoners. After waiting for everyone else to walk out of the room, they walked down the stairs to the ground under the leadership of the soldiers.

"Where is this going to take us? Is it going out to let the wind out and bask in the sun?"

"That's not right, just after the sun this week, is it going to let us go?"

"Just now those mourners said they would take us to a good place? Wouldn't it be...?"

Walking out of the headquarters of Yinyangmen, the wind is sunny outside, and the grass is everywhere, and the birds and flowers are fragrant.

"Don't stop, keep walking!" the mourners shouted.

Although these people were puzzled in their hearts, they did not dare to resist, and could only continue to follow the first few mourners.

Soon they saw a zombie in the distance slowly moving and walking towards them.

These people immediately screamed in horror, and some even cried.

"Dear brothers, let us go in, let's go back to work overtime and do research, please!"

"Stop talking nonsense, just follow along!" those mourning soldiers said impatiently.

"Huh!"

"Huh!"

Several figures flashed out from the group of zombies, rushing to the zombies quickly, and beheading the low-level zombies in two ways.

It's been ten minutes or so, but they are still following the lead mourning soldier, and they don't mean to stop at all.

And every time there are zombies, those zombies will quickly behead the zombies, and will not let the zombies enter within a hundred meters of these people.

Seeing that the zombies were solved one by one by the soldiers, the hearts of these people finally settled down.

These people breathed the fresh air greedily, stretching their waists.

"Brother Sangbing, where are we taking us?" an old man asked with a little trembling behind the Sangbing in front.

"Heaven!" The soldier said coldly.

The old man staggered and almost fell.

"Big...Big brother, can I not go to heaven! I haven't lived enough yet!"

"Yes! You just turn around and walk back now, no one will stop you!" The soldier said.

The old man actually cried: "Woo, we have been walking for more than an hour. If I walk back, what if I encounter a zombie on the road?"

"Then you will really go to heaven!"

"Uncle Han, are you so afraid of death at your age? What about him, even if you die now, at least we will die in the sun. It is better than those who commit suicide underground!" Behind the old man Said a man in his forties.

The old man cried for a while and saw that everyone was still following the funeral, and he calmed down slowly.

During this period, people kept coming out of the large team, ran to the nearby willow tree, folded a few weeping willow branches, weaved them into a hat and put them on their heads.

Some women walked into the grass, picked a small yellow wild flower from the grass and put it on their heads.

Soon they left the grass and walked into the steel forest in Beitang.

"Back again! It seems we are going to die in Beitang!" I don't know who said such a sentence.

The happy atmosphere in the crowd immediately disappeared, replaced by a sad face.

Old Han walked in this familiar and unfamiliar city, muttering words in his mouth, and said to himself: "There is a man-made lake over there. I took my granddaughter to fish there; there is a park in front of me. The little granddaughter flew a kite..."

While talking, Old Han shed tears again.

"Die, die, die! Reunion with your family is also good!"

At this time, the mourner who was walking in front suddenly shouted: "I will be here soon! You can enter the city!"

"Enter the city? We want us to take the initiative to feed the zombies! Why don't we run away now! Maybe there is still a way to survive!" Someone thought in his heart.

On the wall above the city gate, a person suddenly appeared, and that person shouted, "Welcome you home!"

"Crunchy"

The thick-walled city gate was pulled open from inside, and a dozen humans came out inside, posing a welcoming gesture.

"This Beitung has been returned by humans!"

"Oh my God! We...we... actually got to heaven"

Everyone cried for joy almost instantly.

Chapter 3454: Troublesome (1)

Three days later, Li Tian and others set foot on the journey to Kyoto again. .

This time with Li Tian, Situ Ningbing, Xueji, Tang Xiaolong, Lily, Little Tianyi Little Bat, Mutant Crow and Three Little Yashas.

As for the barbarians and the captain, they have stayed in Beitung. Beitung is now full of waste and needs their help.

Liu Yihui originally wanted to follow Li Tian to Kyoto, but he worried that Li Tian was still injured on the road. But the Yin and Yang gate suddenly sent five or six hundred people to make Liu Yihui give up going to Kyoto City.

Especially after Liu Yihui, Han Lao and others had communicated on the zombie research, Liu Yihui immediately felt that he was stunned and could not wait to start the experiment.

Bai Jing was reluctant to bear Li Tian, but she decided to stay in Beitung from the overall situation. The daily arrangement of these five or six hundred people was a big problem.

As for the little girl, Xinyan, after finally seeing Li Tian for a few days, Li Tian has been busy cultivating or socializing with other things, and hardly talked to him. When Li Tian left, Xin Yan still cried, reluctantly, holding Li Tian's hand, she almost rushed into Li Tian's arms.

Li Tian was also quite distressed.

Situ Ningbing, Xueji, and Bai Jing are all watching, and Li Tian seems to be secretly attacking Xinyan!

As for Yin Yang, who said he would go with Li Tian, but he was unwilling to drive with Li Tian, Li Tian guessed that this might be because Yin Yang had a yin and yang face, and he was worried about being inferior after being seen by the other two beauties!

But this is fine, at least everyone drives their own cars, and there is a relatively free space.

Li Tian, Yin Yang and the others drove three cars. Yin Yang drove one by himself, and in the car was Jing Tao, a soldier wearing black clothes and a black gauze. .

After coming out of Beitung, after passing Tangguan, the car drove northeast all the way.

The road is not easy to walk, and there will be zombies in the middle of the road from time to time. Before, Li Tian was required to use "Red Slash". Since Xiaotianyi had it, Xiaotianyi has become a pioneer.

To deal with zombies, Xiao Tianyi only has one word: "Eat!"

Therefore, although the speed of the car is not fast, it has been driving nearly two hundred miles after more than four hours.

At this rate, you can get to Kyoto in forty hours.

Originally, Li Tian wanted to go to Liaocheng to take a look, but when he thought that if he went to Liaocheng, there would be other things that would delay the trip, and it was unreasonable for Yin Yang to follow him to Liaocheng, so Li Tian gave up. Got this idea.

When the sunset was about to go west, suddenly a seven-eight-two car drove from behind and overtook the car of Li Tian and others.

These cars are clean luxury cars.

If before the end of the world, the price of each car of this kind is more than one million. Even after the end of the world, many luxury cars have been abandoned in the city. It is not easy to find so many luxury cars. This shows that the strength of this team is also good.

These luxury cars were even dyed a fire red color, and the entire body seemed to be burning in flames. Only in the front of the car, there was a light red, and there was a sunflower-like spray painting.

These vehicles came from behind the car. When they passed Li Tian's car, those guys saw Situ Ningbing and Xueji on Li Tian's car, and immediately started to stop Li Tian's car and wanted to stop Li Tian's car. .

"Huh!" The little Tianyi seemed to feel Li Tian's anger, jumped directly onto a car, stretched out his boned claws, and grabbed the car.

"Puff!" Xiao Tianyi went down with a paw and caught the driver of the car to death. After that, he jumped onto the mutant bat and walked away.

And the car that lost its driver hit a big tree on the side of the road.

Other cars slowed down one after another, and everyone in the car pulled out their weapons and wanted to do something with Li Tian and others.

Li Tian sneered, speeding away.

In Yin Yang's car, Yin Yang was wearing a baseball hat and pressed the brim very low. When he saw those cars, he couldn't help shaking his head slightly.

"Although the Red Sun Corps is only a second-rate regiment, their commander has first-class strength, and this Red Sun is a famous mad dog army. Even if Li Tian doesn't provoke them, they all want to go up and bite Li Tian. One mouthful. Now that Li Tian is going to provoke them like this, I am afraid this is a bit troublesome." Jiang Jingtao said.

"Are you afraid of trouble? Jiang Jingtao, now you are my slain soldier. Although you have a sense of autonomy surpassing all other slain soldiers, don't forget that you are my Yin Yang's slain soldier!"

"What did Yin Yang say? I want to make sure that Li Tian arrives in Kyoto safely, let alone a small red sun. Even the other nine legions of the ten legions will embarrass Li Tian. Li Tianping sent to Kyoto City!" Yin Yang said.

"Understand!" Jiang Jingtao said.

"Then do you know how to do it?" Yin Yang asked.

"Got it!"

With that said, Jing Tao jumped off the car at high speed.

"Damn, that **** dared to provoke our Red Japanese Army. I really don't know how to write the dead words. When I get to the previous town, I must make them die ugly!"

"Yes, we must grab their corpse crystals and strengthen their women, otherwise we won't be able to swallow this breath anyway!"

These Red Sun members seemed to be completely indifferent to the dead member, but began to talk about the two beauties on the Li Tian car.

When talking about happiness, there will be a lewd smile from time to time.

By this time Jiang Jingtao had already arrived in front of the Red Sun Corps car parked on the side of the road.

"What do you look at? Haven't you seen the logo of our legion? If you want to survive, go away!"

"puff!"

Before the man's voice fell, there was an extra hole in his neck, and blood spewed out like a fountain.

"Fuck! How dare..."

"puff!"

"Da! Da! Da!" The machine gun sounded.

"How is it possible? Is it a zombie, why can't it be killed?"

"what!"

...

Li Tian's car did not know what was happening behind him.

After driving for about an hour, before the sun set, a town suddenly appeared in front of the road.

This town was obviously a town that developed after the end of the world. The town was built next to the road. Both sides of the road are newly constructed roads. The town is protected by steel wire fences around the town.

The barbed wire is not high, that is, about two meters. Low-level zombies can definitely be blocked, but high-level zombies may not work.

On the two sections of the road close to the town, they each built a building that looked like a highway toll gate. Several soldiers with real guns were walking back and forth in front of these checkpoints.

Before the checkpoint, a soldier held a stop sign in his hand and waved at the convoy of Li Tian and others.

"Please pay tolls, five level four corpse crystals per car! You are four cars in total, please pay twenty level four corpse crystals!" the soldier shouted.

"Four cars? We only have three cars?" Li Tian looked back suspiciously, but happened to see Jing Tao stepping off a red sun car and then getting into Yin Yang's car. Among.

Chapter 3455: Troubled (2)

The Red Sun Corps is a second-rate regiment, but the strength of their regiment leader Shi Xu is absolutely top-notch.

Shi Xu is lustful, it can be said that he is colorless and unhappy, so he often does things that many legions despise.

This person has another nickname called Mad Dog. No matter who provokes him, he will go up and bite like a mad dog. For this reason, not many people are willing to provoke him.

At this time, Shi Xu was sitting in the luxury car. This was a fleet of black luxury cars. The five luxury cars in the front opened the way, and the five luxury cars in the back were protected. Shi Xu was sitting in the middle luxury car.

"Legion commander, this time I go to Kyoto City to participate in the Forbes individual strength competition. The army commander can definitely make it to the top 500!" The deputy commander sitting in the co-pilot said flatteringly.

"That's natural. I haven't been close to female ***** this year because of my success this time? Now that my skills are so great, I can finally relax!"

"Hey, commander of the army, I have sent someone to help you look for it first, and I promise to satisfy you!" The commander of the army said with a lewd smile.

At this moment, the front car suddenly stopped, and then someone ran over and stood outside. After the car glass was put down, the person trembled and said in shock: "Army... , We... our front convoy was destroyed! The cars were all burned down, and all the people died!"

"It's all over? Do you see me dead?"

"No... I didn't mean that... I..."

"Bang!" There was a gunshot, the man let out a scream, and there was already a black hole in his head!

"Yes... it's my mistake, I'll take someone to check it out. Look at who is not long-eyed, who dared to touch our red sun!" The army commander said tremblingly.

After getting off the car, the deputy commander carefully inspected the wounds on the dead. Without exception, the wounds on these people were all on their necks, and they were all killed by a single blow.

"Impossible. There are so many people. There are also more than 20 people. It is possible that these people were killed like this? Didn't these people resist? Or that the person is a zombie and can't be killed?" There was a chill, thought.

"Huh? Will there be a missing car like this? Is it a robbery?"

The deputy commander carefully inspected the skin sacs of everyone, but found that there were no few corpse crystals in the skins of these people.

"But it doesn't matter, as long as he steals our car, we will definitely find it!"

Nothing was gained, the captain dared not return to the captain's car, and sat directly in the first car with the big head.

The team continued to move forward.

After driving to the checkpoint, the deputy army commander sitting in the front car saw at a glance the car belonging to their army that was abandoned by Jing Tao in front of the checkpoint.

"Finally let me grab the little tail!"

...

After paying fifteen fourth-level corpse crystals, Li Tian and others entered the town.

This town is quite prosperous, and there are basically all the businesses that should have existed in towns before the end of the world, hotels, restaurants, shopping malls, and even entertainment venues!

Looking at the essence through the phenomenon, it can also be seen that the legion to which this town belongs should not be weak. Otherwise, how could it dare to build a toll office in the middle of this road, otherwise how could there be such a complete business model in this town.

After inquiring, I realized that the backing of this town turned out to be the Rock Legion, one of the top ten legions. In this way, many things can be explained clearly.

The headquarters of the Rock Corps is also in Kyoto City, but the focus of the Rock Corps is not in Kyoto City, but the central part of the Central Plains.

After Li Tian and the others drove into the town, Li Tian discussed with everyone and decided to spend the night in this town tonight, rest well, recharge his energy, and wait until tomorrow morning before driving away.

Li Tian and others first found a gas station and filled the car with gas, but Yin Yang and the others drove away when they left the gas station, saying that they were looking for a hotel worthy of their status.

Li Tian did not force it.

After leaving the gas station, Li Tian and Tang Xiaolong drove directly to the most upscale hotel in this small town.

After the battle in Beitang, Li Tian and others now have corpse crystals, no matter who they are, there are more than ten nine-level corpse crystals in their skin, and even ten-level corpse crystals.

The consumption in this town is also quite high, this high-end hotel. One room for one night would require a Level 4 Corpse Crystal, but for Li Tian and the others, it was a drop in the bucket. Throwing out a fifth-level corpse crystal casually is enough for all of them.

Li Tian and others registered a room each, and even the three Xiaoyasha and Xiaotianyi opened a room separately.

Seeing that Li Tian is generous, the hotel staff also respects Li Tian and others very much. Seeing Xiao Tianyi, this fleshy guy, these service staff even took the initiative to hold him in his arms, making Tianyi laugh like a kid.

"This guest, your child seems to be hungry, his mouth is constantly drooling, and he says to eat," a male waiter said.

As soon as Li Tian heard this, he knew that the little Tianyi wanted to eat the waiter, and said to Xiao Tianyi quickly: "He is not food, he can't eat it! If you want to eat, you ride a little bat to hunt outside the city at night. !"

"What do you mean? I am not food...what, I am food?"

The male waiter suddenly reacted, and immediately shoved Xiao Tianyi into Situ Ningbing's arms, and said in a trembling voice: "This gentleman, we...our hotel does not accept zombies, even senior zombies. No way!"

"It scares you, my husband teases you! Do you think I am a zombie? Do you think my husband is a zombie? How could my child be a zombie! Have you ever seen such a cute zombie?" Situ Ningbing quickly Said.

The waiter shook his head quickly.

Situ Ningbing took out a few third- and fourth-level corpse crystals from the skin, secretly stuffed them into the male waiter's hands, and said, "Since this is the case, why do you have to refuse us?"

As soon as the corpse crystal started, the male waiter knew that there were a lot of them before he even looked at it. He secretly glanced at him and saw that the corpse crystal in his hand was actually level 3 or even 4. After drooling, my heart started to beat violently.

This male waiter would occasionally get a tip, but it was usually a first-level corpse crystal, or even a zombie crystal. It was the first time that he received so many tips. These tips are enough for him to live in this town for a long time.

"No... I'm sorry, it was a mistake in my work. Please forgive me, I will check in for you!"

After Li Tian and the others had just completed the formalities, they were about to leave the hall and go to their room. At this time, the voice came from behind Li Tian and the others.

"It's them, it's them who drove your Red Japanese Army logo car this afternoon!"

Chapter 3456: Troubled (3)

Li Tian and the others turned around at the same time, but saw the soldier who was charging at the checkpoint in the afternoon when he was talking, and behind the soldier, there were more than twenty people. Topdian.x.

Shi Xuyin looked at Li Tian and Tang Xiaolong coldly, and when his gaze scanned Situ Ningbing, Xueji, and Lily, the expression on his face changed slightly, and he greedily licked his lips with his tongue.

"Gentlemen, this is the property of the Rock Corps. If you have any personal grievances, please leave this town to solve it!" The waiter saw that Shi Xu and others were unkind, and he was unwilling to provoke Shi if he did not come. Xu and others, but thinking of Situ Ningbing giving him so many tips, he still pretended to say.

"Are you blind? Didn't you see who he is? He is the commander of the famous Red Japanese Army. He is a good brother who has a life relationship with our city lord. You provoke him, don't you want to die?" The toll soldier walked up, slapped the waiter hard, and said viciously.

The male waiter was slapped with blood by the slapped soldier, but at this time he no longer had the courage to refute, he could only give Li Tian and others an innocent look and signaled Li Tian and others to leave.

"Let's go!" Li Tian said to Tang Xiaolong, Situ Ningbing and others.

"Go? Where to go? The people who killed us, robbed our car, just want to leave? You don't put our Red Sun regiment in your eyes, right!" Shi Xu slowly walked out of the crowd, Said coldly.

The army commander walked a few steps quickly, leading seven or eight people in front of Li Tian and the others, and then said with a lewd smile: "You can go! Leave these three chicks and let our army commander Have a good refreshment, if our army commander is refreshed enough, maybe we can go around you and not die!"

"You have the courage to say the words you just said again!" Tang Xiaolong said angrily.

The commander of the army sneered, stretched out his hand to pat Tang Xiaolong's face, slapped Tang Xiaolong's face, and said: "You black monkey, let me hear clearly. I said, I want to take these three The girl makes our army commander refreshed, have you heard clearly?"

Lily smiled slightly and said, "I was scared to death. I thought I was going to grab a corpse crystal! That's it! You two of them definitely have no chance. Hey, I don't know how you feel about me?"

Speaking, Lily walked to the deputy commander, half of her body leaned against the deputy commander, looking at the deputy commander with a charming expression.

The deputy commander felt very surprised. This was the first time in the past three years that he had seen someone jump out and was willing to do this kind of thing!

This is really unexpected.

It is a pity that the commander of the Red Sun is notoriously colorless and unhappy. There are three peerless beauties in front of him, so how come you want one of them and let the other two go!

"Lily, don't make trouble!" Tang Xiaolong dragged Lily behind him, protecting Lily, and said reproachfully.

"Lily, what are you doing?" Situ Ningbing asked Xiao Tianyi in a low voice with some doubts.

"I just want to see if the man I like doesn't care about me!" Lily looked at Tang Xiaolong's back with affectionate eyes, with a satisfied smile at the corner of her mouth, whispering to Situ Ningbing.

"you guys?"

Situ Ningbing didn't expect that Lily could spark sparks with Tang Xiaolong, and looked at Lily in surprise.

Seeing that Lily was dragged away by Tang Xiaolong, the commander of the army immediately walked to Tang Xiaolong angrily. He waved his hand and wanted to slap Tang Xiaolong. As he walked, he said, "Black monkey, I think you still haven't figured out the current situation... ...what"

The last word was a scream, and Tang Xiaolong's head was blasted to the ground by Tang Xiaolong. Everyone in the Red Sun Corps looked at Tang Xiaolong with mouth open.

Although this legion commander is a slacker, he also has the strength of a fifth-level bounty hunter, and he can see his strength in the red sun, but it is such a person who was punched by the black monkey. It was knocked down, and the head of the army commander was like a watermelon, completely unable to withstand the punch of the black monkey.

"So handsome! I still feel that Xiaolong is the most handsome!" Lily's eyes flashed with admiration and said.

Several cadres of the Red Sun Corps who had surrounded Tang Xiaolong just now retreated in fright.

"You...you dare to make a move? Do you know that we are that legion?"

"You are dead, we are from the Red Japanese Army, and our commander is called a mad dog powerhouse!"

"Mad dog?" Shi Xu's face was blue. He didn't expect that the black monkey made a move without being muddled, but the cadre who heard Hongri even spoke out his own nickname in panic. Shi Xu's finally got angry.

"Bang!" With a gunshot, Shi Xu first shot the cadre who had just given his nickname to death, picking the corner of his mouth slightly, and said: "It's all rubbish! Even this little thing can't be done! Who dares to go back? , He is your end!"

Li Tian's eyebrows raised slightly. He didn't expect that the Red Japanese Army would treat his own people like this. They would kill them if they said they would kill them. They would be more cruel than the enemy.

After hearing what Shi Xu said, the members of the Red Sun Army immediately took out weapons, either swords or firearms, and rushed towards Li Tian and others.

This is really Zhou Yu's fight against Huang Gai, one willing to fight and one willing to suffer!

"Kill!" Li Tian snorted and ordered directly.

Tang Xiaolong and the others have long been waiting for this order. Since Li Tian has already given the order, what are they polite to Tang Xiaolong and others!

"Huh!" With a sound, Xiao Tianyi jumped out of Situ Ningbing's arms, and swooped onto a gunner's body, and his claws were directly inserted into the gunner's chest.

And every punch of Tang Xiaolong's ten-fold refining body can make a person's head shattered like a watermelon.

Situ Ningbing seemed to be standing still. When she just took out the butcher knife and butcher god, Situ Ningbing flew out in front of her body, and the man who stood in front of Situ Ningbing was directly cut in two by the butcher knife and **** butcher. half.

This is the power of Situ Ningbing's hermit killing technique after practicing Qingyun.

The goddess Xue Ji Qinglong sword was not unsheathed, as soon as the misty sword technique was displayed, it was as if several figures shuttled back and forth between those people.

This is completely a massacre, and the cadres of Hongri have no resistance at all.

"This is the strength, this is the strong!" The male waiter's eyes straightened.

"What is the origin of these people? All of them are so vigorous. This time the Red Sun Corps Commander Shi Xu kicked the steel plate!" The fee-paying soldier saw this situation and began to sneak out.

"Did I let you go?" Li Tian's figure flashed, already blocking the charge soldier, and said with a sneer.

Chapter 3457: Solve the trouble (1)

"You...what do you want to do? I'm from the Rock, you...Aren't you afraid to offend the Rock Legion?" the charging soldier said tremblingly. .

"Are you a member of the Rock Legion? Can you represent the Rock Legion? If you can represent the Rock Legion, then I will kill you!" Said Li Tianjiang "Red Slash" has been raised up, ready to move.

"Kill...can't be killed!" The male waiter rushed over and stood in front of Li Tian, trembling slightly, "This is the hotel of the Rock Legion, you and the Red Sun Legion The conflict between Shi Xu army commander, we can be regarded as a direct conflict between the guests, and it has little to do with the rock army. But if you kill him, then you are equal to the person beating the rock, you have to think about the consequences! "

"Yes...you can't kill me! Rock is one of the top ten legions, you have to think about the consequences!" The charging soldier said in horror.

"Huh!"

A red light flashed, and "Red Slash" pierced into the chest of the charging soldier.

"You..." The toll soldier looked at the blade inserted into his chest, looked at Li Tian in disbelief, and wanted to reach out to catch Li Tian, but finally reached into the air but dropped weakly.

The blood dripped down the "Red Cut" to the ground. Brother Fei watched the blood on the ground blooming like a red lotus, his eyes getting blurred.

"Why? Is there anyone who is not afraid of the Rock Legion?"

The male waiter slumped on the ground in horror, his body supported by his hands, and he backed more than ten meters continuously. The girls at the front desk of the hotel were already scared and got into the front desk, not even daring to stretch their heads.

They hid behind the front desk and tremblingly pressed the alarm button leading to the security center of this town.

Na Shi Xu watched the cadres he brought were killed one by one. Although he was angry, the expression on his face fluctuated too much.

Although Shi Xu was surprised by the personal strengths of Tang Xiaolong, Xue Ji, Situ Ningbing and others, he did not put these people in his eyes. After all, he had entered the Forbes top 500 personal strengths a year ago.

In Shi Xu's heart, he had already regarded Situ Ningbing and the other three as his playthings tonight.

Li Tian killed the fee-paying soldiers, and Shi Xu felt that these people in front of him were definitely not simple. Shi Xu sneered and said: "Young man, I really admire your courage. Even the people from Rock can dare to kill, but I admire it even more. Your stupidity and ignorance."

"You know that I am the commander of the Red Japanese Army, and you know that Brother Toll is a soldier of the Rock Army. You dare to do it. Now, it seems that I have to do it myself, and I must save the face of Lord Kang. Otherwise, our friend wouldn't have to do it!"

Speaking of that, Shi Xu walked to the front desk of the hotel, put the pistol on the front desk, and escaped from his body, neatly fold it, completely treating Li Tian and others as nothing.

"Young man, maybe you don't know the Red Japanese Army, or you don't know the Rock Army, I will tell you the history of the Red Japanese Army and the Rock Army, and let you know what it is like you have provokes you. giant."

"This Red Sun Corps is..." Shi Xu just folded his clothes and turned around, and found that the black monkey had appeared behind him, and the black iron fist had hit his face.

"Boom!" With a sound, Shi Xu was hit by a punch and flew out more than ten meters, hitting several pots of green plants in a row, and then he stopped after hitting a big pillar.

"Cough cough!" Shi Xu only felt the fiery pain on his face. After coughing for a few times, a trace of blood came out from the corner of his mouth, and the flame in Shi Xu's heart burst into flames.

"These young backs are so unruly, they dare to attack Lao Tzu! Tonight, Lao Tzu wants to kill both men and women!" Shi Xu shouted grimly.

"Pretend! I like others to pretend!" After Tang Xiaolong succeeded in his punch, he immediately laughed and said as he watched Shi Xu being blasted by him.

Shi Xu was completely irritated. He wanted to pretend to be an expert in front of the three beauties and was punched back by Tang Xiaolong.

And this punch also made Shi Xu a little more panic in his heart.

Before, he just saw that his subordinates were so weak that he was knocked down by the black monkey with one punch. He had no direct feelings. But just now Shi Xu personally took the punch of Tang Xiaolong, and Shi Xu realized that Tang Xiaolong's punch was already close in strength to what he had achieved after a year of hard training.

"Could it be that the strength of outsiders has grown so fast in this year? This little monkey has never seen it before!" Shi Xu put away his contempt and made a gesture of going all out.

"Xiaolong! Leave this to me!" Li Tian saw that Tang Xiaolong was about to fight that Shi Xu, walked slowly in front of Tang Xiaolong, stretched out his hand to stop Tang Xiaolong and said.

"Brother Tian, Lily is still looking at me, so let me show it again!" Tang Xiaolong said.

"You are not his opponent!" Li Tian whispered.

Tang Xiaolong was startled, but his dark face did not see much change in expression.

Tang Xiaolong laughed, stretched out his hand and patted Li Tian's shoulder, and said loudly: "Since the little boss is itchy, then I will give you this opportunity."

Speaking of Tang Xiaolong, this stuff went into the women's pile.

By now, Shi Xu had also seen that Li Tiancai was the head of these people.

"Catch the thief first, capture the king, you want me to kill this kid with the weapon, so sooner or later those three women will be my Shi Xu's plaything?"

Shi Xu's left and right legs were in a lunge, his legs were tight, and he had begun to accumulate strength, while Shi Xu's two arms were slightly thrown behind him. Shi Xu practices a qigong called Shi Po Tian Jing. This is the starting style of one of the tricks in this qigong. The name is: Soaring!

If this soaring blast is solid with one move, breaking the monument and breaking the stone will no longer be a problem.

Li Tian walked towards Shi Xu slowly with a trace of vigilance in his hand "Red Zhan".

The distance between the two of them is constantly shrinking and getting closer.

Fifteen meters, ten meters...

"It's now!"

When the distance between the two of them was less than seven or eight meters, Shi Xu suddenly launched an attack. His two legs were like a tension spring suddenly exerting force, and his body shot at Li Tian like a bullet. His palms fell forward from behind, and a powerful air mass instantly covered his hands.

"Sky boom, this one will kill you!" Shi Xu sneered in his heart.

Seeing Shi Xu's moves, Li Tian's face showed a sneer.

Speaking of palm, Li Tian still doesn't believe that the palm of the world can be powerful!

"Red Zhan" broke out, and began to fly around Li Tian's body, and Li Tian's left and right palms were at the same time, facing Shi Xu's palms.

Broken soul palm!

Broken Soul Palm after practicing Qingyun!

Chapter 3458: Solve the trouble (2)

A powerful and destructive force penetrated through Shi Xu's palms. This destructive force blasted away the air mass condensed in Shi Xu's palm, and then landed on Shi Xu's arms. .

An acupuncture-like pain came from Shi Xu's arms. Shi Xu could even understand that the skin on his arms was trembling slightly.

"Good... so strong!"

A look of horror appeared on Shi Xu's face.

"I can't beat the enemy, if this continues, my arm will be broken!"

As soon as Shi Xu gritted his teeth, another layer of air immediately appeared on his arms.

After this layer of air mass came out, Shi Xu immediately took advantage of the momentum and retreated back.

How could Li Tian easily let him withdraw, and dash forward with a stride, the broken soul palm seemed to be a tarsal maggot, chasing Shi Xu, and blasting towards Shi Xu again.

"boom!"

A loud noise came from Li Tian and Shi Xu's four palms facing each other, and the air mass above Shi Xu's two palms was directly shattered by Li Tian's broken soul palm.

The air turned into a wind blade and galloped towards Shi Xu's body.

"Huh"

"Huh"

"Huh"

After a few wind blades, Shi Xu's white shirt was torn piece by piece by Feng Blade, and Shi Xu also had a few more holes in his body. The bloodshot leaked from his white shirt, and soon the white shirt was on the white shirt. There was a lot of blood stains like plum blossoms.

"Asshole!" Shi Xu gasped and roared.

This is Shi Xu's expulsion to release the panic in his heart, so that his hands that have begun to tremble slightly wake up from fear as soon as possible.

"Do I have to use the trick I learned from hard work when I meet this kid? This trick is what I plan to use during the Forbes power competition!" Shi Xu thought in his heart.

Li Tian didn't want to give him a chance to breathe. He flashed and appeared in front of him like a ghost.

Broken soul palm!

Shi Xu had to fight in a hurry, and the air mass gathered on his arms again and blasted towards Li Tian's palms.

"boom!"

Still a familiar feeling, or a familiar taste.

The air mass was blasted away by Li Tian's broken soul again, and the wind blade struck Shi Xu again.

The white shirt on Shi Xu has become rags, and it is still red rags.

On the skin of Shi Xu's arms, there were some blood stains. The blood flowed out of the pores of Shi Xu's arms. There was only one possibility, that is, Li Tian's broken soul palm had already removed the capillaries on Shi Xu's arm. Shocked.

"Do not!"

"Do not!"

Shi Xu was shocked in his heart and began to cry out unyieldingly: "I can't lose here. I have to go to Kyoto City. I have to participate in the Forbes individual strength competition. I have to enter the Forbes top 500."

"Only in this way, our Red Japanese Legion will be louder. Only in this way will more powerful people choose to join the Red Japanese Legion. Only in this way will there be more beautiful women for me to have fun!"

"Now, I can only use my trick!"

Shi Xu's body shook slightly. He reached out his hand to stop Li Tian from continuing his pursuit. He lowered his head and said with a sneer: "This is your own way of death. This is what you forced me! Now let you feel Qigong. The true truth!"

I saw Shi Xu straightening his waist abruptly, "hiss!" Shi Xu reached out and tore off his slimy clothes, leaving his upper body naked, while Shi Xu's hands drooped down sharply, his palms clenched into fists tightly. .

"laugh!"

"laugh!"

The hairs on Shi Xu's body were erected, and steam-like smoke sprayed out of Shi Xu's body, and the skin on Shi Xu's body appeared dark like a prawn that had been boiled in boiling water. red.

If this is the case, that's all.

And as Shi Xu's entire body began to release this gas, Shi Xu's body seemed to have a monster inside, and his muscles seemed to have been given a swelling agent, becoming bigger, stronger, and harder at a speed visible to the naked eye. .

"Hahaha" Shi Xu said with a mad smile: "You can die on my my tricks, and you have no regrets because you should die!"

After Shi Xu said this sentence, he had already launched an attack.

That Shi Xu's speed really improved a lot, as fast as lightning, he appeared in front of Li Tian in the blink of an eye.

In this blink of an eye, Shi Xu's fist had already reached Li Tian's face.

"Go to hell!" Shi Xu angrily punched Li Tian on the cheek.

This punch is extremely powerful.

This punch has the power of Taishan.

This punch has surpassed Tang Xiaolong's fourth level of ten-fold refining in strength.

If this punch hits Li Tian's face, regardless of the consequences, it may be able to bloom Li Tian's face.

"Little boss, be careful!"

"God, be careful!"

"Be careful, Lee!"

Both Situ Ningbing and Tang Xiaolong reminded them.

At this critical moment, Li Tian stretched out his right arm to block it in front of him, and shouted: "Knot!"

"boom!"

This fist banged heavily on Li Tian's white bone armband, which was able to withstand the full attack of the twelfth-level zombies, and huge power was transmitted from it.

Li Tian's legs were rubbed on the ground, and he backed up ten meters continuously before stopping.

Tang Xiaolong saw that Li Tian was fine, and his nervous heart gradually calmed down.

"The little boss is right. This person is stronger than me. If it were me just now, I am afraid I will be injured!"

"Heroes are born in troubled times. This era is indeed an era of heroes. It seems that I have to hurry up to practice the tenth level. I will break through to the fifth level early!"

Shi Xu looked at Li Tian in disbelief. He did not expect that his trick was only to bombard Li Tian's descendants for ten meters, and when his gaze fell on the bone armor on Li Tian's arm, Shi Xu's expression of horror appeared on his face.

"You... are you a zombie?"

Li Tian sneered and shouted: "Solve!" The "Hong Zhan" immediately hovered around Li Tian's body.

Seeing Li Tian's "Red Zhan" floating in the air, Shi Xu's face changed slightly.

"Yu Jianshu? Who is this person? I remember that such a person was mentioned in the information!"

Shi Xu studied hard for a year. During this year, the Red Japanese Army rarely showed up outside, but the Red Japanese Army did not stop collecting intelligence.

In this year, especially in the last six months, the intelligence of the sudden emergence of the celestial realm in the northwest region has long been placed on the table of many army commanders, and for Li Tian and others, many army commanders are also quite jealous.

It's a pity that Shi Xu has been cultivating hard for a year, and he thinks that his strength has skyrocketed, so he just glanced at the information and didn't take it seriously.

Now that he kicked on the steel plate, he remembered the content of the intelligence.

"Could it be... Are you Li Tian?" Shi Xu finally remembered who this person was before him.

Chapter 3459: Solve the trouble (3)

"Forget your eyes are not blind! He is Li Tian." Yin Yang's voice suddenly appeared in the hotel lobby.

And behind Yin Yang, followed by Jiang Jingtao and the mysterious female soldier.

"The sect master of Yinyang Gate, and Jiang Jingtao, you... how come you are together?"

This suddenly appeared sound scared Shi Xu not lightly, especially after Shi Xu saw Jiang Tao, his pupils immediately enlarged.

Last year, it was Jing Tao who eliminated him in the competition and made Jing Tao into the Forbes 500th place. The final result was 498th place. Shi Xu was named Sun Shan and returned to the Red Sun. repair.

"Huh! It seems that you haven't made any progress in this year! I killed those in your legion who didn't have eyesight, and I wanted to remind you, but I didn't expect you to be dead." Jiang Jing Tao coldly hummed.

"You? Why are you? Have you become a slain soldier of the Yin Yang Gate? Why is this? Is it to pursue a powerful force? But the Yin Yang Gate is one of the top ten legions, why did you help Li Tian?" Shi Xu's head was a little confused, just like a curious baby, asking why!

"It seems that your brain is not too stupid to be hopeless!" Jiang Jingtao said disdainfully.

Seeing Jiang Jingtao and the master of Yinyang Gate, Shi Xu seemed to be a discouraged ball and said: "I have eyes but no knowledge of Mount Tai. I know it is wrong! I will leave here and will not be out again within a year. "

"Go? Where do you want to go?" Li Tian said with a cold snort.

How can there be such a cheap thing, you can fight if you want, kill if you want to kill, if you can't fight now, you just want to give up and leave!

"You can't kill people, what else do you want? You killed nearly a hundred people in the Red Japanese Army. I admit it myself. Don't you want to keep me here too?" Shi Xu said angrily.

"What you said is not bad!" Li Tian made a meditative gesture, and then slowly said: "But, your head has no ground!"

"Hey, that's right! It's not that easy to leave like this. Now you have two choices. The first is to become a corpse, be carried out, and then I will become a mourner, and the second is to follow me. , When you die someday, I will make you a mourner!" Yin Yang said with a sneer.

If there is no Yin Yang, even if Shi Xu is not Li Tian's opponent, Shi Xu can still choose to escape, and he will practice hard for another year or two. But after Yin Yang appeared, neither Jiang Jingtao nor Yin Yang could be hostile to Shi Xu.

Then Shi Xu was a little angry and said helplessly: "May I ask why the Yin Yang Gate has always been alone and has never been involved with other legions, but why do you want to protect Li Tian like this? A small army that has been established for less than a year."

In fact, this question was also what Jing Tao wanted to ask, but Jing Tao's obedience to Yin Yang at the headquarters of Yin Yang Gate was not as good as life and death, and Yin Yang had completely subdued him. But at this time Jing Tao still shifted his sight to Yin Yang.

"Hey, I still need to explain to you when I do something Yin Yang?" Yin Yang sneered, and suddenly released a powerful murderous intent.

Although this Celestial Realm has not yet been on the Forbes Corps strength list, and may still be a little behind the top ten legions, the Celestial Realm is definitely close to the first-class legion, and it is definitely much stronger than the second-rate legion such as Red Sun.

And Li Tian, after successively beheading so many masters in the northwest region, his personal strength has also been recognized by many army commanders.

Especially the beheading of the twelfth-level guardian zombies in Beitang, and the beheading of Liu Jun's soldiers of Yin Yang, Yin Yang gate, has been recognized by Yin Yang.

Of course, there is also the inextricable connection between Yin Yang and Duanmuying and the old man Wuji, but how could Yin Yang tell others about these things.

The whole hotel lobby, as if suddenly entering winter from summer, the waiter and other ordinary people had already begun to tremble with cold, and Shi Xu's legs began to tremble, and finally he knelt with a "thump". .

Of course, this is not to say that Yin Yang's murderous aura suddenly released can directly scare Shi Xu to his knees, but the qigong practiced by Shi Xu, who released his trick just now. At this time, his body is still hot and cold. His murderous aura seemed to fall directly into the ice cave, how could his body be able to stand it.

"I...I...I choose the second way!" said Shi Xu in a trembling voice with his hands on the ground.

People from the town's security center rushed in just in time for the end.

"What's the matter? Dare to make trouble on the rock site, you are impatient?" The guard officer saw dead bodies everywhere in the lobby of the hotel. They were friends of City Lord Kang and the commander of the Red Sun. Shi Xu actually knelt on the ground, and the others cast unkind eyes, and immediately felt that this matter was beyond his control.

The male waiter came to the officer of the garrison army and whispered to him what happened here.

When I heard that there were not only Li Tian from the heavens, Jiang Jingtao, one of the top twelve experts of the Bounty Hunter Association, and the master of the Yin Yang Gate, the guard officer only felt his two legs. Shivering.

None of these guys are good stubborns. Anyone who singled out them was not a match for the small city Lord Kang under the control of the rock.

In this way, he could also understand why Shi Xu was kneeling.

More than Shi Xu was kneeling, even if City Lord Kang came here, he might be frightened to kneel.

"Since... Since there is no loss in the hotel, let's do it! I have other things to work on! You are responsible for receiving the distinguished guests!" After the police officer confessed these few sentences, he wished his parents had two more births. With one leg, he hurried out.

After the garrison commander escaped from the hotel, he looked back tremblingly and saw that Li Tian and others did not chase him out. He breathed a sigh of relief, took out a box of cigarettes, and wanted to smoke a mouthful of shock. The match didn't even light up this time.

"No, I have to let City Lord Kang know that his friend Shi Xu provokes the Yin-Yang Gate and the Heaven Realm, and he is probably overwhelmed. Also, this Yin-Yang Gate has gone together with the Heaven Realm. This is definitely shocking news!"

In the hotel, Li Tian didn't expect the end of the matter to be like this.

Although the trouble was solved in this way, Li Tian felt a little uneasy in his heart.

The Yin-Yang Gate has been silent for three years without any effort. But this time, why suddenly began to gather the masters wantonly? Could there be other ideas at Yin Yang Gate?

Chapter 3460: Huangfu Kunpeng

Li Tian was with the master of the Yin Yang Gate, and Jing Tao with the master of the Yin Yang Gate. As soon as this explosive news spread to Kyoto City, it immediately spread among the major legions and organizations. Topdian.x.

These three seemingly unconnected people actually walked together, and many people wondered what the meaning of it was.

Heaven, Yin Yang Gate, Bounty Hunter Association, is this telling what signal?

It shouldn't be!

I heard that Li Tian is the man of Duanmu Ying. It is the right reason for Heaven to cooperate with the Sakura Legion. Why is Heaven and Yin Yang Gate?

The Yin-Yang Gate and the Sakura Legion have always been at odds with each other. Could it be that they have secretly turned their fighting into jade silk, and are still walking together together?

What about Jingtao?

A few days ago, it was rumored that he had been ordered by Mr. Liu from the Bounty Hunters Association to intercept Li Tian?

In a blink of an eye, he was also very Li Tian mixed together.

Is this true love?

For a time, rumors spread.

In Liu Lao's room, the large French windows were blocked by heavy curtains, blocking the outside sunlight.

Lao Liu was nestled in the sofa with a heavy blanket, and Lao Liu held a piece of paper in his hand. This piece of paper was the information his person had just sent. After reading the information on the paper, Liu took it. The hand holding the paper was already shaking, and he couldn't even hold a piece of paper, and the paper fluttered and fell to the ground.

"How could this be?"

"How could this be?"

Old Liu murmured to himself, and soon, two lines of turbid tears flowed from his eyes that had lost their energy.

The information is very clear, Liu Jun is dead, and Liu Jun who became a mourner is dead again!

And this time Liu Jun still died in Li Tian's hands, and this time, Liu Jun's body had been eaten clean by zombies, and even the king of heaven would not be able to resurrect him.

There was another piece of information that made Lao Liu unacceptable, and Jing Tao, who had high hopes for Lao Liu, had also betrayed the Bounty Hunter Association and became a member of the Yin Yang Sect.

At this time, Mr. Liu didn't even feel angry anymore, and could only stomped his feet weakly.

"Fortunately, there are three monsters in the Liu family. As long as the three monsters kill Li Tian, I can leave comfortably even if I close my eyes!"

...

The headquarters of the Sakura Legion.

On Duanmuying's desk, various important intelligence information was divided into categories and placed on this large desk. And the information about Li Tian and the heavens is regarded as the top priority and put together separately.

Duanmuying was wearing a black tight-fitting dress, showing her full body figure.

"I didn't expect that Li Tian would walk with him." The old man Wuji shook his head and said somewhat inconceivably.

"Yes, he has been thinking of ways to embarrass us for the past three years, but he never thought he would help Li Tian!" Duanmuying said.

The old man Wuji sneered and said: "As long as he is not wicked towards Li Tian, then I can open one eye and close one eye, but if he dares to have a ghost in Li Tian, I will let him die!"

"Haha, since Tianshan came back, you have rarely killed people! Besides, you rescued him with one hand and gave him the exercises. Do you have the heart to kill him?"

"Which is more important, I know in my heart!" The old man Wuji said blankly.

"Then sir, what do you think about the rumors of the outside world?"

"This is an opportunity!"

"how to say?"

"Now is the era of separatist rule. Each legion is like a prince, occupying an area and fighting each other. When the legions have conflicts of interest, the legions will fight to the death and the life. And Li Tian boy, just short The Northwest region has been unified within a few months, and now it has a certain cooperative relationship with the Yin Yang Gate, and the strength of the heavens cannot be underestimated."

The old man Wuji paused and continued: "Now, with the Celestial Realm, the Yin Yang Gate, the Sakura Legion, plus the army soul, if these four legions can cooperate closely and seamlessly, then the other ten legions will not be a threat. The era of great unification may come in the near future. The most important part of this is Li Tian."

"Master, you forgot the Longteng Litan Legion. Long Yin has entered Kyoto City yesterday. According to his temperament, he is unlikely to be participating in the Forbes power competition. There is only one possibility, and that is for Li Tian!" Duanmuying said.

"But this Long Yin is rebellious and completely ignores the other ten major legions. If Li Tian brat may be able to cooperate with Long Yin before, but now Li Tian's strength is damaged, I am afraid that Long Yin's double-edged sword is not so easy to subdue. !"

"At the moment, I can only take one step, watch one step! After Li Tian arrives in Kyoto, I will visit the old man with him."

...

Kyoto City, in the meeting room on the ding floor of the Army Soul office in Kyoto.

Before the end of the world, the military leaders on the Megatron side were sitting upright like pupils, leaning on the chairs, and sitting in the middle of the huge round desk in the conference room. He is impressively the current commander of the army soul, Li Tian's grandfather, Mu Yunlong!

And behind Mu Yunlong, the man who stood like a pine with eyes like eagles was the number one military soul trained by Mu Yunlong himself after the end of the world, Huangfu Kunpeng!

This Huangfu Kunpeng is comparable to Lu Bu during the Three Kingdoms period. He has the bravery of being unjustified and ranks in the top three on the Forbes personal strength list. And it was such a brave and sturdy guy who was actually loyal to Mu Yunlong.

There was once a military boss who spent a lot of money to buy a peerless beauty. He wanted to use the beauty plan to add divorce. Huangfu Kunpeng and Mu Yunlong were separated. Who knew that the beauty's head appeared on Mu Yunlong's the next day. At the desk.

And that big military boss, a young and old, was beheaded by Huangfu Kunpeng!

Even the guard dog didn't let it go.

After this, the military, even if everyone had their own ghosts, no one dared to come up with such bad ideas.

"Everyone, I must be aware that in the bird country on the other side of the ocean, the current zombie research has already gone ahead of us. If you don't want to be a slave after the country is subjugated, then now is the time."

"Before, our current military was a mess. If you still have the duties of a soldier, the shame of a soldier, and the mission of a soldier! Then the military will stop fighting."

Mu Yunlong tapped the table of the conference table lightly with his fingers, scanned the crowd, and said: "As long as it is for our country, if any of you wants to be the commander of this army soul, I can let you be !"

When Mu Yunlong uttered these words, Huangfu Kunpeng's eyes immediately focused on a few fidgeting military leaders in the conference room.

And those military leaders were really sitting on pins and needles at this time, really worried that Huangfu Kunpeng would behead them first without asking.

Mu Yunlong looked at the appearance of those military leaders and couldn't help sneering.

These wine sacs and rice bags have been in their place from before the end of the world, and after the end of the world, these guys are still dead!

"Since you don't want to be the commander of this army soul, let me, the old man, continue to be in front of you! So now, we are starting to enter the official issue of heaven..."
