

A Killer 3511

Chapter 3511: Invitation (2)

About five or six minutes later, other contestants stepped out in the tunnel.

Some of these contestants have already entered the finals. At this time, they are arrogant and feel like they don't want me, while some are eliminated with a dejected face.

Seeing Li Tian surrounded by reporters, these contestants looked at Li Tian with some envy in their hearts.

In interviews, this is only enjoyed by a few people such as the commanders of the top ten legions and the presidents of the two major associations, and only a few outstanding young talents have such qualifications.

Li Tian, more than five hours ago, he was still unknown in Kyoto City, but now, he has been surrounded by many reporters. In less than five hours, the entire Kyoto City TV, radio, and newspaper media will publish Li Tianyi The news that the first three teams qualify.

"Thank you friends from the media for your love. Time is limited today, so let's come here first!" Li Tian said as other contestants came out.

The reporters immediately went to contain other contestants with guns and guns.

The faces of the contested players who were besieged immediately showed a flattered look.

"This...Isn't this a dream? Can I also be interviewed? Is it because I got the finals by luck?" those contestants thought in their hearts.

"This player, can I interview you?" the reporter asked.

"Yes...Yes, of course, I can't ask for it!" The contestant couldn't suppress the joy on his face, and said excitedly.

"Excuse me, you and Li Tian are in the same group of games. Are you under a lot of psychological pressure? In the last hour or so, Li Tian did not continue the game, but sat on the spot. You were not beaten by Li Tian. Have a feeling of being left behind?" the reporter asked.

"You are paralyzed!"

The contestant murmured, turned and left.

"How can you swear?" the reporter said dissatisfiedly.

...

When Li Tian walked out of the arena, Tang Xiaolong, Situ Ningbing and others had already left the auditorium, waiting for Li Tian at the door.

Seeing Li Tian coming out, Tang Xiaolong rushed up immediately and gave Li Tian a bear hug.

"Little boss, I knew you could do it! You... actually did it, ooh, you did it!" Tang Xiaolong hugged Li Tian and cried excitedly.

"Li, congratulations!" Situ Ningbing said with an excited expression on his face.

Li Tian, a man from Situ Ningbing.

Seeing that his man had such an expression now, Situ Ningbing was happy for Li Tian to arrive in his heart.

Situ Ningbing knew that since Li Tian returned to Earth from another world, he had been suffocated for half a year, and now he finally exhaled.

"Congratulations!" Xue Ji also said excitedly.

When Li Tian and others celebrated, the audience all walked out of the arena. Although these audiences wanted to squeeze around Li Tian to greet their idols, they were a little afraid of Li Tian. The murderous spirit on his body didn't dare to get too close, but looked at Li Tian from a distance.

At this time, among the crowd, an old man in his fifties walked out. This old man walked slowly towards Li Tian and the others.

Seeing this old man, the surrounding audience immediately let out a cry of exclamation, and everyone was talking about it.

"Look, the Zhou Da Butler of the Agricultural Industry and Commerce Association! This week, the butler made a special trip to find Li Tian. Is it because the Association of Agricultural Industry and Commerce also extends an olive branch to Li Tian?"

"It's entirely possible. I heard that the Association of Agriculture and Commerce now only holds the grain bags in name. In fact, because the top ten legions are in control of the guns, the Kyoto City Association of Agriculture and Commerce has to succumb to ten. Great Legion."

"Yes, now Li Tian and the heavens behind him have suddenly emerged, and behind Li Tian is supported by the woman Duanmuying. If the Association of Agriculture and Commerce wins Li Tian, then the Association of Agriculture and Commerce is really qualified to be a top ten legion. ."

What the audience said, butler Zhou Da heard all.

That's right, although this Association of Agriculture and Commerce is one of the largest associations, they still have limited masters. In many ways, they are not even as loose as the Bounty Hunter Association.

Of course, the butler of Zhou Da understands that the reason why the president invited Li Tian is not only for this reason.

"Mr. Li Tian, congratulations on your successful qualifying." Zhou Da Butler came to Li Tian and said to Li Tian.

Li Tian was taken aback after seeing Zhou Da's butler, and immediately returned to normal.

"Thank you, where did we meet?" Li Tian said to the butler of Zhou Da.

"Haha, Mr. Li joked, I can be sure that you must have seen this face of mine for the first time." The Zhou Da butler said as if joking.

Li Tian shook his head and drove away the doubts in his heart, and then asked the housekeeper this week: "I don't know what the old man is asking for me? If it is for a group photo or autograph, I can meet your request."

"Mr. Li misunderstood. I was here to invite you by the order of my president! Please give your praises. Oh, yes, my president is the president of the Agriculture and Industry Association. I think Mr. Li Tian has also heard about it." The butler Zhou Da laughed and said.

With that, the butler of Zhou passed it up and handed it a business card to Li Tian.

It's not just what I heard, it's like a thunderous ear.

There are two major associations in Kyoto City, the Bounty Hunter Association and the Agricultural and Commercial Association. Who would not know in Kyoto?

Li Tian politely took the business card from Zhou Da's butler, held it in both hands, and quickly scanned the business card.

Seeing the name on the business card, Li Tian was stunned. This name was too familiar to him. If there were no accidents such as the same name and surname, then the president of the Agricultural and Commercial Association was an old acquaintance of Li Tian.

"Okay! I must be there tonight!" Li Tian said.

"That's great! At eight o'clock in the evening, we will have a special car to greet Mr. Li Tian. Please Mr. Li Tian to tell me an address. Oh, please also Mr. Li Tian and your friends to appreciate it, so that my chairman will meet I'm more happy." The butler of that week said politely.

After Li Tian gave out the address of the hotel where he was staying, the butler of Zhou Da turned around politely and left.

"Look at your expression, Li, do you know the president of the Agricultural and Commercial Association?" Situ Ningbing asked suspiciously.

Li Tian shook his head and said, "I'm not sure yet, but this name is the same as a person I know, and I will know it in the evening!"

"Tonight, you all will go with me, and we will also experience this high society dinner in Kyoto!" Li Tian said.

"God... Brother, can I follow?" said the dog with a pitiful nose.

Chapter 3512: President Tang (1)

Before eight o'clock in the evening, the Zhou Da steward of the Agriculture and Industry Association personally led the team to greet Li Tian and others. In order to prevent Li Tian and the others from waiting, Zhou Da steward had been waiting in the hotel lobby for more than ten minutes. ,

"Who do you think the butler of Zhou Da can come here to greet? He is the most trusted person of the Chairman of the Agriculture and Industry Association, Tang Zheng, and there are only a handful of people in Kyoto who can meet him personally!" The front desk staff of these hotels Still wondering in my heart.

"Yeah, I haven't heard of any big people living in our hotel! There are a few contestants who live there, but I haven't heard of any potential players!"

At eight o'clock in the evening, Li Tian and others arrived at the hotel lobby on time.

Seeing Li Tian and others coming out of the hotel elevator, the butler of Zhou Da quickly got up from the sofa, walked a few steps quickly, came to Li Tian and said, "Mr. Li Tian, please here."

The hotel staff who saw this scene were very surprised. Although the butler was not a powerful figure in Kyoto this week, he was also quite well-known, and he would personally greet the ordinary young man.

No, what did the butler of Zhou Da just say that the young man's name was?

"Li...Li Tian?"

"My goodness, Li Tian who stayed in our hotel turned out to be that Li Tian who entered the final with a record-breaking score. This... When did Li Tian stay in our hotel? How could I not know?" The front desk staff could hardly suppress the joy in their hearts and talk to themselves excitedly.

At 6 o'clock this evening, the Kyoto City TV station had already broadcast Li Tian's news, and the Kyoto City newspapers also used the entire page to report Li Tian's achievements and past deeds, even if the information of the front desk staff of these hotels is blocked again. I don't know Li Tian.

This night Li Tian's name really resounded across the sky of Kyoto City.

As for why the hotel staff didn't know that Li Tian was staying at their hotel, it was because Li Tian was just a small character when he checked in. Who would deliberately remember the name of a small character.

If there is a word after Li Tian's name, maybe it will attract more people's attention.

Soon the front desk staff of the hotel saw that the guy who could barely pay for the room was behind Li Tian.

"Damn, I hate this kind of person who pretends to be a pig and eats a tiger. One day that guy said pitifully that he has no money to eat after paying the room fee. I thought it was true? It turned out to be funny to us little people. happy!"

Today's dog nose is completely out of the awkwardness of the past. Before Li Tian and others returned from the arena, Li Tian took the crowd for a good shopping in Kyoto.

People rely on clothing, and Buddha rely on gold.

From now on, Li Tian can be regarded as a famous person in this city of Kyoto, and the people around him shouldn't be too shabby.

Today's dog nose is wearing a dark black suit, and he stands with Tang Xiaolong, who is in a pure white suit, Tang Xiaolong, and he has a completely black and white feeling.

The difference is that Tang Xiaolong is surrounded by a charming and enchanting lily.

Situ Ningbing wore a black dress, just like a black rose in full bloom, while Xue Ji wore a pale pink silk long dress, like a goddess descending to the earth, with a kind of immortal air that can only be far away The feeling of watching but not playing.

Of course, in this city of Kyoto, if he attends the dinner, Li Tian will definitely not forget the other person, Duanmu Ying.

But today's Duanmu Ying is Li Tian's girlfriend at the banquet made for Li Tian by the president of the Association of Agriculture and Industry, not the commander of the Sakura Legion.

Duanmuying is wearing a sapphire blue dress today, and she looks like a blue lotus flower.

These three female giants are definitely goddess fans.

Seeing such beautiful three goddesses walking side by side, the guests in the hotel lobby stopped one after another, casting envious glances at Li Tian, and there were many men who wanted to kick Li Tian away. Replace it.

Of course, they just think about it. They definitely don't dare to have the courage.

Li Tian's envious look at the men was not at all displeased, but a proud expression appeared on his face, and he followed Zhou Da's butler and walked out of the hotel lobby, talking and laughing.

The night in Kyoto City is particularly charming. Even if the sky is already covered in darkness, Kyoto City is still brightly lit.

After more than half an hour of driving by Zhou Da Butler's motorcade, the car came to the northernmost part of Kyoto City. Through the glass windows of the car, you can even see the tall city wall. Under the city wall, round buildings stand tall. .

"Mr. Li Tian, the food is piled up in those buildings. With a population of more than one million in Kyoto City, the daily food goes out from here." Zhou Da Butler explained.

"Housekeeper Zhou, the millions of people in Kyoto City consume a lot of food rations every day. With such a small amount of food reserves, can they eat it?" Li Tian asked.

Butler Zhou smiled slightly and said, "These stored grains are only enough for Kyoto City to eat for one month. If you want to meet the food supply in Kyoto City, this reserve is naturally not enough. Except for this Kyoto City's grain storage depot. In addition, our Agribusiness Association also has more than 500 grain storage depots across the country. Our Agribusiness Association now occupies more than half of the land in the country's grain production areas."

"In addition, our dozens of salt ponds, salt fields, mines, and hundreds of large factories are responsible for the production of people's daily needs. It is unceremonious to say that if there is no agricultural and commercial association, this Kyoto city will be chaotic." Steward Zhou said with some pride.

Li Tian can fully understand that in the last days, food and other subsistence materials are extremely scarce, and many legions are unable to develop and grow because of this restriction.

At the beginning, when Li Tian and others just returned to the earth world, in the small town of Baijing, Manzi and others ate a package of expired instant noodles. It was a luxury idea. This shows the food in this end-time era. What a shortage.

In Li Tian's celestial realm, although it occupies important chemical raw materials such as petroleum, food has always been a problem that plagued the development of the celestial realm. Therefore, when Li Tian held a group of heroes there, he would control the grain of a county. The heads of small production organizations are also invited to participate.

And what about the Agribusiness Association? It actually occupies more than half of the land in the country's grain-producing areas. What courage and strength is needed.

You know, those areas are areas where zombies are active. For ordinary people, let alone production and planting, even if it is life, it is extremely difficult.

Li Tian clenched his fist slightly and said, "Tang Zheng! Let me see that this Tang with such great courage and strength is not the Tang Zheng I know!"

Chapter 3513: President Tang (2)

"The emperor, you really misunderstood. The concubine really didn't mean that. The concubine just heard the two adults talk about entering the palace to see the emperor. It happened that the concubine just came out of Cining Palace and knew that the emperor was going to accompany the queen mother. I was afraid that I was not free, and seeing the two adults walking in a hurry, with tired faces, I thought about taking the two adults to rest for a while, and waited for the emperor to go out of the Ci Ning Palace to pay him a visit. The concubines really did not have a trace of unruly heart. !" Xia Yuqing immediately hugged Feng Tingye's thigh and wailed as soon as she was left behind. She secretly twisted a hand on her thigh for the sake of reality, making her tearful in pain. Got... pinch!

Feng Tingye's anger was actually lost for the most part on the way back, his mind was slightly calm, and he immediately heard the omissions in the words of the two people just now, and he knew the whole story in his heart, and he didn't wait for him to speak. , Xia Yuqing first howled.

This time is fine, Feng Tingye's interest also came up, reached out and pinched Xia Yuqing's chin and lifted her face, smiling so Fengyun changed her color: "Ears are fictitious, seeing is believing, and what I see with my own eyes is still true. false?"

Xia Yuqing was frightened by Feng Tingye's sly smile, her mouth squashed, and she broke the jar and said, "How can the emperor believe in his concubines?"

The big bad wolf groaned, and the little white rabbit Hu You began to face unchanged: "I saw Ai Fei and the two adults behave intimately and talked ambiguously. Since Ai Fei insists on denying the closeness with him, she should take it out. Based on the facts, I have always been fair and strict, and I will definitely not wrong you."

Xia Yuqing was startled, tilted her head and asked: "What evidence does the emperor want to see?"

Feng Tingye glanced at Xia Yuqing, squinting her eyes slightly, and derived some calculations: "It is natural to see if Concubine Ai has traces of other men besides me?"

"Huh?" Xia Yuqing looked up at Feng Tingye incomprehensibly, and couldn't wait for her to understand the profound meaning of Feng Tingye's words. Someone had already begun to examine her belongings.

Overwhelmed on the soft bed for the second time, Xia Yuqing's head short-circuited for a moment, and she began to scream to the police. How can you be crushed again? How long has it been, always attacking adults, are you not afraid of death?

"Don't... don't come here, I warn you, my old lady has practiced eighteen ways to guard against wolves. Come and be careful that my old lady will kick you and make you really inhumane." Seeing the big bad wolf approaching step by step, Xia Yuqing also Regardless of the interests and inferiority, he picked up the brocade and came out of the goddess.

Feng Tingye was startled by Xia Yuqing's fierce appearance of her small paws. She was suddenly covered by the quilt that flew over, and hurriedly tore off the quilt from her head, but saw Xia

Yuqing. I don't know when I have already ran to the other side of the bed. I took a step to the side, and Xia Yuqing took a step to the side.

The two stood on each other's beds, their eyes facing each other, their big and small eyes staring: "Come here."

Xia Yuqing looked alert: "No, come here if you have the ability."

Feng Tingye narrowed his phoenix eyes, raised his steps again, back and forth several times, then... "Don't move."

"Not moving is a fool, I am not a fool!"

"..." Knowing that arguing with someone about this is purely his own brain convulsion, so he wisely chose to do it personally.

The minions waiting outside Bangxiefang Hall heard a movement from the boss. This time everyone watched their noses and their hearts, but no one dared to rush in and take the lead. Alas, the emperor and our mothers are really energetic, and we have to come here every time. I don't know if this is good or not. Far eyes...

Xia Yuqing panted heavily and stared at Feng Tingye who was pressing on her body: "You are shameless."

"This is called outsmart. Haha, Concubine, you can't beat me."

"Huh, I'd rather die than surrender." After Xia Yuqing repeated the old trick, she stretched her leg and quickly kicked towards Feng Tingye.

Rao Feng Tingye had been prepared for a long time and was frightened into a cold sweat, his legs were slightly lowered, and Xia Yuqing's legs were clamped, making him unable to move. I have to say that the last accident was really not accidental. It was not just that Liu Yixiang, the so-called gangster girl, was more powerful, but Xia Yuqing was no exception to her.

After several struggles, even though Feng Tingye wouldn't be lifted out of bed by her like the last time, she couldn't help her. Forced, Feng Tingye had to resort to his final killer: "Actually... from the very beginning, I knew that what the two of them said was not the truth."

Leaning over and staring at Xia Yuqing's eyes widened in surprise, Feng Tingye's eyebrows were slightly bent, "Zi Tang Ping hates others for treating him as a child, and Yan Ran is the most famous person in his life. Unfortunately, what you said today seemed to offend them all, and I can't blame them for bullying you like this."

Unsurprisingly, Xia Yuqing's struggling movements suddenly stiffened, and the movements in her hands unknowingly relaxed a lot, allowing Feng Tingye to take advantage of the vacancy to break in.

Looking at Feng Tingye with a cute face, Xia Yuqing didn't dare to say anything: "You mean, they said that on purpose just now, in order to... slander and bully me?"

It's too much, because she still tried every possible means to perfect them, and let them and Master Zonggong cultivate a righteous fruit. It's fine if you don't appreciate it, and even treat her like this!

After the grief and anger passed, Xia Yuqing realized afterwards: "Since the emperor knew from the beginning, why did you just..." Xia Yuqing's eyes widened suddenly, "Are you playing me too?"

Looking at the unpredictable expression on Xia Yuqing's face that looked like the weather, Feng Tingye smiled more and more ill-intentioned. He leaned down, bit her white and tender earlobe, and chuckled lightly: "No, why am I willing to play you?"

In a short sentence, Xia Yuqing was moved to tears. It's a pity that before this touch was overwhelmed, it was completely...shattered by his next sentence.

"Of course I didn't fool you, I was just... teasing you."

"..." Hey, he always attacks adults, are you so evil and made by your parents? I can't play with you happily anymore, woo

Chapter 3514: did not expect

"The emperor, you really misunderstood... The court concubine really didn't mean that. The court concubine just heard the two adults talk about entering the palace to see the emperor. Chapter 3515: Is it Don Feifei?

Li Tian followed the steward Zhou and walked into the room. .

There was a mess in the room, and all the objects that Li Tian could see in his eyes, without exception, were broken.

Broken vases, broken mirrors, clothes torn into piles of cloth, and even furniture was broken. Even Li Tian saw that there were scratches on the wall wallpaper that looked like beasts' claws.

Li Tian saw that Tang Zheng's back was wet, and his clothes were soaked in sweat. At this time, Tang Zheng's legs were kneeling on the ground, slightly bent, and he hugged a little girl tightly. , And the little girl trembled violently in Tang Zheng's body.

Li Tian saw the girl. Eh, to be precise, it was not a girl, because a girl would not have sharp teeth, sharp minions, and even a pair of red pupils.

tooth!

paw!

Hitomi!

The things Li Tian saw resonated with the nine-color corpse crystal on his chest and the "Red Slash" on his body. At this time, the nine-color corpse crystal was spinning, and the "Red Slash" was also shaking.

Is it a zombie?

At this time, the little girl also saw Li Tian.

After seeing Li Tian, the originally hideous face showed a terrible smile.

Yes, she was laughing.

When she smiled, the tremor on her body was obviously weakened.

"Li...Li Tian...Brother Li Tian!" said the girl.

Tang Zheng turned around abruptly and said furiously: "Why are you here? Who told you to appear here?"

At this moment, Li Tian saw the infinite murderous intent unleashed from Tang Zheng. This feeling was as if the biggest secret in Tang Zheng's heart was accidentally broken by Li Tian, as if he wanted to kill Li Tian.

Steward Zhou was silent, standing still not daring to move for half a step.

Behind Li Tian, the seventeen or eighteen-year-old girl fainted in shock.

Only Li Tian didn't change his face.

"Brother Li Tian, why are you here? Are you scared when you see me like this?" the girl said.

With that, the girl pushed Tang Zheng up, stood up tremblingly, and walked towards Li Tian slowly, with a sweet smile on her mouth.

At this moment, the girl's heart is calm.

Immediately, Li Tian saw that the girl's red pupils gradually faded, her sharp teeth gradually moved back, and her sharp claws gradually turned into normal palms.

Only at this time, her clothes were torn apart by her, her immature body was hidden by rags, and some of her body could still be revealed looming.

Tang Zheng stood up and watched this scene in surprise.

"Li Tian..."

Li Tian looked at this girl's appearance, and he felt a familiar feeling in his heart.

Is it Don Feifei?

Is it Don Feifei?

This doubt in Li Tian's heart grew bigger and bigger.

"Brother Li Tian, I remember you!"

"Brother Li Tian, I remember you! I know you will come back for me!"

"I'm waiting!"

With that, the girl fell down softly as if her whole body was drained.

Li Tian had quick eyes and quick hands. The moment the girl fell, he rushed over and picked up the girl.

Holding this girl, the familiar feeling in Li Tian's heart became stronger and stronger.

Is this Don Feifei?

If she is not Tang Feifei, why is there such a familiar feeling in my heart?

And if she is Tang Feifei, then how could she become like this?

Li Tian became more and more confused.

Li Tian felt that his brain was about to explode.

Tang Zheng strode over, took the little girl from Li Tian's arms, and then sent it to Zhou's housekeeper's arms, saying: "Send to the next room, find two more girls, and follow 24 hours a day."

Housekeeper Zhou left with the little girl.

Tang Zheng walked up to Li Tian, stared at Li Tian for a long time, sighed and said, "You see, this is my daughter Feifei. She has got this strange disease since the end of the world three years ago! When she was awake, she was a human, a sick human, but once she fell into the chaos, she became a crazy zombie and would tear up everything she could see!"

"It's just... it's just not quite that she could calm down when she saw you. I was surprised."

"I also felt very surprised, and in Miss Feifei's body, I have a familiar feeling, I always feel as if I have seen it somewhere!" Li Tian said.

"Familiar?" Tang Zheng paused, but through the change of expression on his face, it was obvious that Tang Zheng didn't like the word Li Tian mentioned very much, but Tang Zheng was not angry, but Continue to say: "Mr. Li Tian, since you have seen my daughter look like this, then I won't go around with you, continue our topic at the table, I have a commission, I still hope that Mr. Li Tian can accept!"

Li Tian had already guessed that this entrusted task was related to the girl's condition. Therefore, Li Tian did not directly refuse, but said: "There are many senior bounty hunters in the Bounty Hunter Association. Why is Mr. Tang? If you don't publish your commissioned task by the Bounty Hunter Association, I believe that with Mr. Tang's strength, as long as the bounty is suitable, those masters will be eager!"

"Don't be guilty of Mr. Li Tian, this entrusted task is related to the little girl's illness, and there is no one else except me, President Kang, and Mr. Zhou's illness. Because once the little girl's illness is known to outsiders, it's for us. The Association of Agriculture Industry and Commerce will be a fatal blow, and even our Association of Agriculture Industry and Commerce will be swallowed by other organizations and legions." Tang Zheng said.

"What about her?" Li Tian asked, pointing to the seventeen or eighteen year old girl who fell on the ground.

An indifferent expression appeared on Tang Zheng's face and said, "She? It's just her parents who sold my housekeeper with a hundred fourth-level corpse crystals. Once she dared to leave this house, it would be her death date!"

Li Tian's body trembled, and finally understood why Tang Zheng revealed that murderous intent when Li Tian saw the little girl.

Tang Zheng seemed to have guessed Li Tian's thoughts, and said, "Mr. Li Tian does not need to worry. In fact, the invitation to Mr. Li Tian this time is mainly for two purposes. The first is to ask Mr. Li Tian for the little girl's condition. The second is to discuss cooperation with Mr. Li Tian and the heaven behind Mr. Li Tian!"

"I'm just a martial artist, I don't know anything about medicine, and I don't know where I can help Mr. Tang Zheng!" Li Tian said.

"Otherwise, the little girl's condition is weird. Although it cannot be cured at present, it can be alleviated. As long as you have a mutant corpse crystal and a mutant zombies, one can alleviate the little girl's condition in January. And you want to get these mutant corpse crystals and mutant zombies. Jing, it is difficult to do without the skill of Mr. Li Tian!" Tang Zheng said.

Li Tian asked: "Then how do you know that I will accept your commission?"

"Because of the second point, that is the cooperation with Mr. Li Tian! The cooperation with Tianjie!" Tang Zhengdao.

Chapter 3516: Accept cooperation

"How to cooperate?" Li Tian asked.

"Come with me!" Tang Zheng said.

Li Tian followed Tang Zheng to Tang Zheng's study. Tang Zheng's study was also on the second floor. The area of this study was more than 100 square meters. The large study room was filled with mahogany furniture.

On the opposite side of the desk in Tang Zheng's study, there are two maps made of unknown leather. One is a huge world map, and the other is a national map.

On this map of the world, North America and Western Europe are densely marked with organizations, legions, associations, and remaining national governments. Of course, they are in most areas of the world map.

On the national map, the markings are more detailed. The spheres of influence of the top ten legions are marked with different colors, while the spheres of strength of other first-rate and second-rate legions are also marked with different colors, only the northwest region. It is still blank.

It is difficult for Li Tian to imagine how the Agribusiness Association obtained the organizational information on the world map.

Tang Zheng stood in front of the map of the country with an iron crutch in his hand.

Tang Zheng pointed the crutches to the national map and said to Li Tian: "Agriculture and Industry Association is here in the Northeast, here in East China, here in the Central Plains region, and here in the North China region. These major grain producing areas in the country all have branches. You also know that zombies are rampant in these areas, and it is difficult for ordinary people to survive, and it is impossible for them to plant. Even if the top ten legions are powerful, they can't do this."

"In these places, there are not only branches of our agricultural and commercial associations, but also the cultivated land here is under our control! Now the country only has Northwest, South China and other regions. Our agricultural and industrial associations have not established branches and have not yet controlled them."

"I'm very curious, how did your Agribusiness Association do things that the ten major legions have never done?" Li Tian asked suspiciously.

Tang Zheng snorted and said, "Snakes have snake paths, rats have rat paths. Our Agribusiness Association and the Ten Army Corps have different focuses, and naturally produce different results. As for how our Agribusiness Association does it, in the future, You will know it naturally."

"I know that you Li Tian is a person who is not willing to lose. You can make such a big wave in the northwest region. Of course, you will not just be satisfied with being in the northwest region. You want to come out of the northwest region and enter In the Central Plains, the crowds are competing, so the first thing your heaven must solve is the food supply barrier."

"As for the food problem you are worried about, our Agribusiness Association can help you solve it. And not only that, our Agribusiness Association will also be stationed in the northwest region and vigorously develop agricultural production in the northwest region, so that your heavens not only have the background to compete with the Central Plains , You can also ride the horse to the north or south to be confident." Tang Zheng said.

What Tang Zheng said was really tempting.

In these last days, is there anything more important than food?

The oil and minerals under Li Tian's control are not in exchange for food in the end?

If Tang Zheng can really solve the food problem for Li Tian, then Li Tian's Celestial Legion can quickly sweep the entire northwest region, and completely control the northwest region, instead of leaving the vast land under the control of zombies as it is now. The Celestial Realm only controls those organizations and legions in the northwest region.

If there is enough food, the time for the Celestial Legion to move south and east will be greatly accelerated.

But Li Tian also understood that if Tianjie agreed to cooperate with the Agriculture and Industry Association, then the Ten Legions would inevitably have some conflicts of interests with Tianjie. By then, Tianjie would probably die before it came out of the northwest.

Although Tianjie hopes to rise quickly, it also hopes for a peaceful rise, rather than being used as a gun by the Agricultural and Commercial Association!

"I'm sorry, although your conditions are really attractive, but I can't agree to it!" Li Tian said.

Tang Zheng seemed to have expected Li Tian to say this. He saw Tang Zheng's walking stick in his hand drew a circle on a large area in the middle of the national map, and then said: "If this area of the agricultural and industrial association is mature What about the Celestial Realm given to you? The Celestial Realm does not need to be responsible for anything. It only needs to be responsible for receiving the grain directly during the annual grain harvesting season. All planting and harvesting are all the responsibility of the Agriculture and Industry Association.

Li Tian's eyes almost straightened when he saw this area.

This area is the central part of the Central Plains. This place has been the granary of the world since ancient times. It is very tempting for the legion to have the support of such a large main grain-producing area.

Li Tian knew that the opportunity was here.

"So what do I and my Celestial Legion need to do?" Li Tian was indeed a little moved and asked.

"At present, you or your Celestial Realm can only find suitable mutant corpse crystals and mutant death crystals for my daughter. As for the future, when our Agribusiness Association needs it, I need your Celestial Realm to provide us with sufficient military force. Support." Tang Zheng said.

Li Tianyi was taken aback.

Is such a large contribution from the Agriculture and Industry Association just for a nominal cooperation, and for the heavens to provide a few mutant corpse crystals and mutant zombies every month?

Is it possible for the Agribusiness Association to make such a silly decision?

Tang Zheng seemed to have reached Li Tian's doubts, and said: "At the moment, for me, Tang Zheng, the daughter is the most important! Now I only have this daughter, is there anything more important than my daughter? But I have my requirements for mutant corpse crystals and mutant zombies, look here!"

I saw that Tang Zhengjiang's walking stick was directly in the Qinling Mountains area, and then said: "There is a mutant mourning bear in the Qinling Mountains. Only mutant mourning bears above level 14 have intact bear bile. It will take three months to see this mutant bear bile and crystal!"

"If you can't do it in the Celestial Realm, then our cooperation will end! And if you can do it, then all the summer grains in the area I mentioned just now belong to your Celestial Realm!"

Three months is also sufficient.

This month, Li Tian is definitely going to stay in Kyoto City to participate in the Forbes Power Contest, and he has to take time to hunt and kill Level 12 zombies in the original Kyoto City.

The only thing that makes Li Tian feel a headache is this mutant Lost Bear!

Fourteen mutant mourning bear!

This thing is not a joke.

"Sure enough, it won't be as simple as I imagined!" Li Tian looked at the area where the Qinling Mountains are located on the map, and thought in his heart.

But for the sake of heaven, Li Tian has no reason to give up this opportunity!

Three months, three months to what extent can Li Tian grow up?

A confident smile suddenly appeared on Li Tian's face, and he said, "Okay! I promised you!"

Chapter 3517: Half-corpse human race (1)

After Li Tian agreed to Tang Zheng's entrustment, Li Tian did not stay in Tang Zheng's villa for a long time, and soon left Tang Zheng's villa with his people.

It was also the housekeeper Zhou who personally arranged the vehicle and sent Li Tian and others back to the hotel.

Back to the hotel, Li Tian immediately summoned everyone to his room, and then entered the space of Void Yasha to hold a meeting.

After arriving in the space, Li Tianxian gave a brief introduction to the agreement he reached with Tang Zheng in Tang Zheng's study, and then asked everyone to express their opinions.

Of course, when Li Tian left Tang Zheng's study, Tang Zheng asked Li Tian to keep Tang Feifei's condition secret. Li Tian did not give a detailed introduction on this point.

"Little boss, this is a good thing! A bear bile and a mutant crystal, it is definitely a good thing to be able to exchange such cooperation!" Tang Xiaolong said excitedly.

The goddess Xueji said with some worry: "Li Tian, with our current strength, it should be possible to deal with the twelfth-level zombie, but it is necessary to deal with the fourteenth-level zombie, and it is still a mutant zombie. Is it too risky?"

Situ Ningbing said: "This is not a question of risk. I am now thinking about the use of this fourteenth-level mutant bear crystal from the Agricultural and Commercial Association? If they need this thing, they can go to the Bounty Hunter Association. A reward is offered. As long as they can pay a season of summer food in an area as they say, I believe that the commanders of the ten major legions may personally serve them."

"Yes, if the Association of Agriculture Industry and Commerce releases such a task, I will probably complete it in Duanmuying! This pay is not proportional to the reward! And currently, the number of corpse crystals above level 12 for cultivation has gradually decreased. I haven't heard of anyone using a fourteenth-level sangjing to practice." Duanmuying also said with some doubts.

"God... Brother, can I say something too?" Dog nose sat on one side, raised his hand, and said nervously.

Li Tian smiled slightly and said, "Let's talk about it!"

"Brother Tian, it's like this. Although I'm following this time, it's just a role playing soy sauce, but I also have some discoveries. I don't know if Brother Tian has discovered that Vice President Nakang is not very human. And there seems to be some zombies!" said the dog nose.

Li Tian and Duanmuying nodded at the same time.

Li Tian is because there are Nine Color Corpse Crystals and "Red Slash" that can feel the zombie information on President Na Kang, but what about Duanmu Ying?

Li Tian couldn't help looking at Duanmu Ying.

Duanmuying seemed to be the doubt in Li Tian's heart. She smiled at Li Tian and said, "Listen to the dog nose first, and I will tell you later!"

"Doujin, sit here and say!" Li Tian immediately beckoned to dog nose, encouragingly.

The dog nose immediately felt flattered. He moved his **** a few times and sat down at the bottom of his head. Then he continued: "And not only Vice President Kang, but also President Tang and Housekeeper Zhou, they also have problems. Although these two people don't have the smell of zombies, they are not very human. This feeling is like the feeling of Yin Yang, the master of the Yin Yang gate, but it is not exactly the same!"

Regarding the situation of the sect master of the Yin Yang Gate, only Li Tian and Duanmu Ying know best here, and others are not clear.

The words of this dog nose made others feel curiosity about Yin Yang, the master of Yin Yang gate.

Seeing everyone else is like a curious baby, Duanmuying smiled and said: "There is nothing curious about it, the master of the Yinyang Gate is just a half-human and half-corpse Yin-Yang person."

"Yin and Yang? No wonder he has to wear a mask all the time!" Others thought with disapproval.

Duanmuying continued: "In fact, what the dog nose said is also very easy to explain. You all know that high-level zombies have entered human society. Zombies are almost the same as humans, but it is not that these zombies are completely the same as humans."

"I wonder if you have noticed that Vice President Kang didn't eat at all during dinner, but just drank some red wine?"

Situ Ningbing said: "Yes! I have noticed this detail too! I originally thought that Vice President Nakang was older and had a bad mouth!"

Duanmuying went on to say: "The biggest difference between this zombie and humans is their reaction to meat, blood, and meat. Even the most advanced zombies, when they see meat, especially human flesh, they will be involuntary. The land is out of control, revealing their true colors."

"In our food today, there are both sashimi and all kinds of meat. Although the vice president Kang did not show his instincts when facing these foods, he was still trying his best to restrain him. Red wine is just to cover up all this."

"Then you mean Vice President Nakang is a zombie?" Tang Xiaolong asked?

"No! Nor can it be said that they are completely zombies, but they cannot be completely called humans. After the end of the world, there is actually another kind of human existence among zombies and humans. They are between zombies and humans. We call them They are half-dead people." Duanmuying said.

"Half-corpse man?" Li Tian heard this call for the first time.

"Yes, under normal circumstances, half-corpse people will maintain this state as long as they do not absorb the power of the corpse, but there are also a few half-corpse people who continue to evolve in pursuit of some power. If I am not mistaken, that Kang The vice president has absorbed too much power of the original corpse, and his body has become closer to a zombie." Duanmuying said.

"Closer to the zombies? As the vice president of the Association of Agriculture and Industry, will the Liming Organization give up?" Li Tian asked.

Duanmuying smiled and said: "In human society, there have always been two attitudes towards half-dead people. The representative of one attitude is Liming. As long as they find zombies mixed into human society, even half-dead people, the Liming organization will Kill all, and the representative of another attitude is Duanmu Ying!"

"Existence is reasonable, and half-corpse people are also human. Since they exist in this world, then there is a reason for their existence. Moreover, although half-corpse people are ferocious, they will not attack people. And half-corpse people can do it. Something that humans cannot do at all, such as communicating with zombies!" Duanmuying continued.

"What you...you said to communicate with zombies?" Li Tian asked in surprise.

"Yes, not only can they communicate with zombies, they can even drive zombies!"

Li Tian was completely shocked.

"Unfortunately, these half-corpse human races seem to have been cursed. Not only will they lose the memory of some humans, their appearance will also go to two completely extremes. Older

appearances will become older and older. The younger ones are getting younger and younger, and they may even become children!" Duanmuying said.

Chapter 3518: Half-corpse human race (2)

Is that so?

So Tang Zheng and others are cursed people?

But Li Tian believes that the so-called curse must also be a kind of zombie virus, or have some connection with the three corpses.

When things got here, everything became clear.

The badge of the Association of Agriculture and Industry, Tang Zheng must be Tang Zheng before the end of the world, and Zhou Guanjia should be desperately Saburo Xiao Zhou.

As for Feifei, the seven or eight year old girl, she is Tang Feifei, Li Tian's woman.

Li Tian's heart jumped suddenly, and he clenched his hands firmly, thinking: "Fei Fei, wait for me, within three months, I will definitely hand over the crystals and gall of the fourteenth-level mutant bear In your hands!"

Thinking of this, Li Tian's heart suddenly became heavy.

Returning to the earth, Li Tian hoped to find all the relatives and friends he knew before the end of the world, but as Li Tian found Ouyang Shiqing and Tang Feifei, Li Tian's heart suddenly became scared.

Ouyang Shiqing has become a zombie controlled by a corpse insect, while Tang Feifei has become a half-human half-corpse.

What about the others?

There will be no other situations!

Li Tian shook his head abruptly, driving away the distracting thoughts from his mind.

"You can't think about it this way, even if they become zombies, but after all, they are my Li Tian's relatives, my Li Tian's friends, and my Li Tian's brother. Li Tian must find a way to rescue them!"
Li Tian My heart was filled with determination.

...

at the same time.

The study room of Tangzheng's luxurious villa in Kyoto City.

President Tang Zhengtang was sitting on the sofa in the center with a big horse, while Guanjia Zhou and Vice President Kang sat on the small sofas on both sides, and Tang Feifei was also normal at this time. Sitting in Tang Zheng's office chair, turning the chair around and playing.

When Li Tian left here, he left several mutated bat crystals in his hands to Tang Zheng, and Tang Feifei returned to normal after absorbing the power of the mutated bats.

"President, Li Tian has promised that matter?" Steward Zhou said with excitement on his face.

"Yes, I have agreed!" Tang Zheng said with a flash of excitement on his face.

Vice President Kang shook his head slightly and said, "But the price is definitely not small! Such a large piece of land!"

"As long as I can get rid of the control of the corpse, let alone the loss of a little land and food, even if I let the entire agricultural and industrial association hand over, I am willing!" Tang Zheng said.

Vice President Kang didn't have much expression on his face, and even said in a cold tone: "I advise you not to hold too much hope. Although Li Tian's strength is great, can he kill the fourteenth level? There are two more talks about the mutant mourning bear. Besides, with this mutant mourning bear's mourning crystal and bear gall, it may not necessarily be successful.

"It's not necessarily successful, but it's better than nothing! Is it like you've been controlled by the corpse for a lifetime like this, being a half-corpse?" Manager Zhou said dissatisfiedly.

"Although the identity of this half-corpse has brought us unlimited wealth and status, our wealth and status will always belong to the darkness, the light that cannot be seen, especially to guard against the members of the dawn organization! And, you look at how we are now, one by one, old-fashioned, almost dead, as if we will die at any time, what's the point of being alive like this!" Tang Zheng said.

Vice Chairman Kang nodded and said, "I am not against this. After all, it would be good for me if I can get rid of the control of the corpse. But I am afraid that all this is futile. In the end, it is Bai Huanxi. It's a game!"

"And I am worried that if the corpse knows that we have the idea of getting rid of him, maybe we will have a worse life than now!"

Tang Zheng sneered and said: "Since the corpse appeared once in the original Kyoto city a year ago, he has never heard of him again. If I am not mistaken, he should be on the other side of the ocean at this time. That country. This is a once-in-a-lifetime opportunity for us. Once the corpse comes back, our every move will be under his supervision. At that time, we are afraid that we have such thoughts and there will be no such opportunity."

"The president is right. If we miss this opportunity, who knows if we will have another chance!" said Steward Zhou.

"Well, then we will wait another three months!" Vice Chairman Kang said.

...

Five black military cars were speeding along the roads of Kyoto City. Seeing these cars, other cars driving on the roads drew away wittily. It is not how luxurious these five cars are, but cars. The military soul logo on the car lets people know that the people in this car are all big people.

In the middle of the car, the driver turned out to be Huangfu Kunpeng, the first fierce general of the Army Soul Corps, and in the back seat of the car was naturally the commander of the Army Soul Corps Mu Yunlong.

Mu Yunlong leaned back, wrapped his hands in front of him, and hugged him tightly, while his double meters were slightly closed. At this time, there was still a satisfied smile on Mu Yunlong's mouth. This was all because today Mu Yunlong finally saw Li Tian, his grandson.

Huangfu Kunpeng looked at the legion commander Mu Yunlong through the rearview mirror, and then continued to focus on the front.

It is difficult for many people to understand why Huangfu Kunpeng, a peerless general like him, would follow Mu Yunlong willingly.

But Huangfu Kunpeng, who was introverted and even a little lonely, understood that without Mu Yunlong, there would be no Huangfu Kunpeng today.

In that era and in that world before the end of the world, there were not a few fierce people like Huangfu Kunpeng, but there was no need for people like Huangfu Kunpeng in that era. They believed that such people would only bring panic and destruction to that peaceful and quiet world. .

Therefore, when Huangfu Kunpeng was a child, his supernatural abilities were taken away from his home directly by the relevant authorities, and he was finally imprisoned in a hell-like place.

Life in that place is dark and inhuman, and it is absolutely impossible to get out of that place unless it is carried out horizontally.

Even after the end of the world, the person in charge of that place lit a fire in order to escape by himself, attempting to burn everyone in that place to death.

Fortunately, Huangfu Kunpeng met Mu Yunlong.

Suddenly, Huangfu Kunpeng saw the normal driving vehicle in the front, as if it had crashed into an invisible wall. The entire front of the car was sunken, and the rear of the car turned up. Then, Due to the effect of inertia, the car actually flew out, rolled several times, and made a ten-meter-long mark on the ground. Finally, it hit several oncoming cars before it stopped.

Although the driver of the second car behind him also discovered the situation, he still did not fully react and repeated the mistakes of the first car.

"Leader, go!"

Huangfu Kunpeng did not slam on the brakes, but turned back, reached out and grabbed Mu Yunlong's clothes, and suddenly bounced from the driver's seat. He actually tore the roof of the car directly with his body and jumped out of the car. .

"boom!"

The car hit the invisible wall in front, and a huge explosion occurred.

Chapter 3519 Night Attack on the Soul of the Army (1)

Suddenly, a man appeared out of thin air on the spacious road. This man appeared to be in his twenties. He was wearing ragged clothes and his skin was covered with a layer of gray-black dirt. .,

As soon as the man appeared, he immediately began to corpse, and bones drilled out of his body. All these bones plunged into the appearance, and his neck suddenly began to stretch, like a spring, stretching towards Huangfu Kunpeng who was already flying in midair.

Zombies!

There will be zombies here?

A trace of doubt appeared on the faces of Huangfu Kunpeng and Mu Yunlong.

In the human society of Kyoto City, there are high-level zombies. This kind of thing is well known to everyone, but these high-level zombies are like mice living in the sewers, and they will hide when they encounter humans Far away.

Occasionally there are incidents of high-level zombies attacking humans, but this kind of thing generally happens in remote places, in the dead of night. Like today, on the main road, this high-level zombie blatantly attacked humans, which has not happened in the history of New Kyoto City.

Huangfu Kunpeng sneered, and said in a low voice: "It's just a small twelfth-level zombie, who even dared to attack the army soul."

"court death!"

I saw that head was about to run towards Huangfu Kunpeng, but Huangfu Kunpeng did not evade. Instead, he walked a few steps forward in the air, stretched out his right leg, and kicked the attack fiercely. Come on the head.

"Boom!" With a sound, that Huangfu Kunpeng kicked the heads of the twelve-level zombies into a pile of meat sauce, and after the heads of the twelfth-level zombies were kicked to pieces, their body collapsed.

After the death of this level 12 zombie, nearly twenty level 12 zombies appeared one after another on both sides of the road. These zombies were male and female, old and young, but without exception, these zombies As soon as they appeared, they began to change, showing their most powerful strength.

After these zombies appeared, they would not launch attacks on other humans and convoys watching from afar.

Their goal is only one, Mu Yunlong, the soul of the army.

On the first car that had crashed, the door of the car was suddenly kicked open by one foot. A fat man who was as big as the tyrant Gao Gang got out of the car, and the fat man cursed while climbing out. : "Mom's help, these little zombies dare to break ground on our army soul's head, it's really tired and crooked!"

At the same time, a pair of twin women came down on the second car. The twin women looked ordinary, but they were better than they were in good shape.

Several people were also separated in the fourth and fifth cars behind.

Facing the twelfth-level zombies that suddenly appeared, these people showed no fear on their faces, and even looked at the zombies with a hint of sarcasm.

Huangfu Kunpeng slowly landed on the ground, lowered his head and asked Mu Yunlong: "Legal commander, have you surprised you?"

"It's okay, I can't die! Hurry up and keep it, so as not to cause human panic!" Mu Yunlong said with a gloomy face.

"Understood!" Huangfu Kunpeng replied.

Although Huangfu Kunpeng replied, he did not leave Mu Yunlong, but made a gesture to the other people who came out of the car.

Those people immediately rushed to the twelfth-level zombies.

The fat man who got out of the first car was called He Jin, and saw that the fat man rushed in front of a level 12 zombie, and directly grabbed the long bone thorns stabbed by the level 12 zombie in his hand with his bare hands. Tugged, actually directly dragged the twelfth level zombies towards him.

And He Jin blasted out the head of the twelfth-level zombie.

With a "bang", the head of the twelfth-level zombie was beaten to the side, and He Jin cursed: "I am paralyzed, I dare to attack the army commander with such a little strength, I don't want to live!"

Speaking, He Jin slammed the zombie out, then slammed it towards himself, punching the zombie's head again.

After more than a dozen punches, the head of the twelfth-level zombie was completely deformed. A round and round head was beaten into a flat shape, and the black mucus kept coming from the zombie's head Outflow.

And this twelfth-level zombie can't die anymore.

"I'm pooh!" Fatty He Jinhe stepped on the zombie's body and cursed.

Looking at the twins who got off the second car, the sister holds a one-meter-square handkerchief embroidered with colorful peony flowers, while the sister holds a steel needle one foot long. There is also a skin bag hanging around her waist, and a silver steel wire emerges from the skin bag and is wound around the eye of the steel needle.

In front of the twin sisters, there was already a level 12 zombie.

In the face of these two Level 12 zombies, the twin sisters were not afraid, but laughed like silver bells.

I saw the younger sister throw the steel needle in her hand toward the chest of a zombie. Although the zombie made a blocking action, the steel needle still pierced the chest of the twelfth-level zombie. , Flew back again, and finally pierced a pure steel street light pole on the side of the road.

And the younger sister ran abruptly, she ran extremely fast, in just a few seconds, the twelfth-level zombie was actually tied directly to the street light pole by the twin sister.

The twin sister suddenly threw the handkerchief out of her hand, and the handkerchief spun directly onto the twelfth-level zombie brain.

"Huh!" With a sound, that Dou Da's head was directly cut off, and then the light pole behind the zombie came down with a "boom".

"Da da da!" There was a sudden burst of gunfire on the back of the military vehicle.

I saw a 30-year-old madman in that car holding a gun with the thickness of a teacup in his arms, firing at the zombies that kept rushing over.

If you look carefully, you will find that every bullet on this big man's body seems to be specially made. After this shot, the zombies that were rushing forward just now were hit and flew out directly.

"Are you the **** undercover? If you beat the zombies away, you can **** chase the horse? If you let these zombies escape today, you will wash your **** and wait for the **** tonight!" Before, it

was a madman with a saber in his hand. The man saw that the zombies rushing over were shot and flew out by the big man with a gun, and he couldn't help but curse.

"Haha! Who doesn't know who drills! As for this zombie, can you escape? Not to mention the kid Huangfu, it's impossible for the little lady in the four carts to let go of these corpse crystals, but that fellow A person who cherishes money like life." The big man with a gun said regardless.

Chapter 3520: Night Assault Army Soul (2)

Among these five cars, except for individual drivers, all are the core cadres of the military soul. .

If these core cadres can let the twelfth-level zombies escape in their hands, then they will not be in the army, and they can directly find a small legion to squint.

The little lady, in fact, is not a woman, but a man who looks a little bit youthful.

This man looks harmless to humans and animals, but if you think of the little lady as a believable man, then you are very wrong, and wrong.

This little lady is a fierce man who dared to challenge Huangfu Kunpeng.

But every time this guy would be beaten by Huangfu Kunpeng with a bruised nose and swollen face, but this guy did not change his life. Once the injury was well, he would immediately challenge Huangfu Kunpeng again.

Now Huangfu Kunpeng is protecting Mu Yunlong, and has no intention of intervening in dealing with these zombies, the little lady is the absolute main force among these people.

I saw the figure of the little lady wearing a big red dress flashing past, and the little lady had already appeared in front of a twelfth-level zombie.

The twelfth-level zombies have completed the change, and the long bones thorns are like dense raindrops stabbing the little lady.

The little lady gave her feet on the ground lightly, and she leapt directly, crossing her legs, facing those white bones and thorns, it was a whip leg.

"Kacha!" With a sound, those long bones were kicked and broken by the little lady.

And a red light flashed, and the little lady's body had already come behind the twelfth-level zombie. The little lady's two white arms stretched back, and directly grabbed the twelfth-level lost neck, with a sudden force. There was a back fall directly.

"boom!"

After the change of the twelfth-level zombie, the huge body was directly thrown from behind by the little lady, but the head of the twelfth-level zombie had already been in the hands of the little lady.

"Kacha!" With a sound, the little lady smashed the head of the twelfth-level zombie and rushed to another zombie.

In just ten minutes, nearly twenty level 12 zombies were wiped out.

These mad guys dragged the corpses of Level 12 zombies with their hands, dragged the zombies around the street, and then piled all the corpses of these zombies together, and the little lady dug out all the corpse crystals of these zombies.

Mu Yunlong didn't say a word from beginning to end, just as he watched the twelfth-level zombies being slaughtered.

Even Mu Yunlong didn't even say "leave a living", because this is already Mu Yunlong's habit after the end of the world.

Mu Yunlong has never had the habit of staying alive when dealing with zombie enemies.

"Legion commander, there are a total of twenty twelve-level zombies, all of which have been annihilated, please instruct!" The little lady walked over with a bag of corpse crystals in her hand and said.

"Have you found anything?" Mu Yunlong said.

"Yes, these twelve-level zombies are in ragged clothes. Although they appear here out of thin air, they don't seem to have been mixed into the city of Kyoto. They should have entered from outside the city today. As for how they got in. , And why do we still need to investigate this for our military soul!" said the little lady.

"Give you one day, after the preliminaries are over tomorrow, I need the result!" Mu Yunlong said.

"Yes!"

After saying this, the little lady didn't follow the army soul's convoy, but beckoned, and quickly disappeared in the streets of Kyoto City with He Jin and the twin sisters.

...

On the second day, the Forbes Power Contest preliminaries proceeded as usual, as if the twelfth-level zombies sneaked into the army soul never happened.

However, people who are attentive will find that there are more coalition soldiers outside the arena today than before, and getting in and out of the city gates of Kyoto has become more difficult.

Li Tian didn't go to the arena to watch the game, but spent time in the room to practice, so he didn't know what was happening outside.

But soon, his door was knocked open by Tang Xiaolong.

"Little boss, it's not good. I heard that the army soul's motorcade was attacked last night." Tang Xiaolong said anxiously.

Li Tianteng stood up and asked anxiously: "Is my grandpa injured? Do you know who did it?"

Tang Xiaolong shook his head and said: "I heard that at that time, nearly twenty level 12 zombies suddenly appeared in Kyoto City and attacked the army soul motorcade. However, this motorcade was all the core cadres of the army soul. And Huangfu Kunpeng was also there, so apart from the two drivers who died, no one else was injured."

As long as Mu Yunlong was not injured, Li Tian was relieved.

"Zombie?"

"How come there are so many high-level zombies in this Kyoto city? What do the soldiers of the coalition army do for food?" Li Tian said angrily.

"It's not clear yet, but now the top ten legions have already begun operations and are investigating this matter." Tang Xiaolong said.

Li Tian thought in his heart: "Originally, I was thinking about waiting until the finals were finished, and I had a little grade before going to see Grandpa. It seems that I must go to see Grandpa now."

...

This incident actually spread to the headquarters of the Allied Forces in Kyoto that night.

Although the coalition forces reached the scene as quickly as possible and blocked the scene, trying to control the news, what happened last night quickly spread through the streets of Kyoto City.

The culprit is the Kyoto City TV station.

The reporters of these TV stations rushed to the scene as soon as the incident happened, and before the coalition came, they had finished filming and hurried back to make news overnight.

Although the reporters of the TV station did not photograph the scene of the Army Soul Corps fighting with the zombies, nor did they photograph the corpses of the twelfth level zombies, they did photograph the site destroyed after the battle.

The big pits on the ground, the crashed cars, the cut light poles, and so on, all show that there has been a very tragic battle here.

At eight o'clock in the morning, when the Forbes power competition started, Kyoto City TV broadcasted these images. The headline used by Kyoto City TV was: "Zombies are coming. Is Kyoto City still safe?"

In conjunction with the host's provocative language, ordinary people in Kyoto city quickly fell into panic.

By noon, this panic had reached its peak, and all the supermarket food had been sold out.

Any food, drinking water, and even diapers were all sold out.

The venue of the Forbes Power Tournament in Kyoto City was actually empty and there was no spectator. The same was true on the streets of Kyoto City. The usual prosperity disappeared completely and turned into a monk.
