

A Killer 3591

Chapter 3591: Enter Qinling (2)

Li Tian sent the others into the space of Void Yasha, stepped on the wings of the mutant crow again, and flew from the sky to the Qinling Mountains.

The Qinling Mountains in a narrow sense refers to the southern part of the province where Beitang City is located, while the Qinling Mountains in a broad sense refers to the east-west mountain ranges that run through the central part of the country, with a length of more than 1,600 kilometers. The Qinling and Huaihe River is the boundary between the north and the south of the country.

The Qinling Mountains that Li Tian and others have entered are the Qinling Mountains in a narrow sense, which refers to the Qinling Mountains to the south of Beitang City.

After the end of the world, there is almost no pollution in the sky. As long as it is a clear day, standing on the top of Beitang City, you can clearly see the Qinling Mountains in the south.

Looking at the mountain to run to death.

Standing on the wings of the mutant crow, it seemed that the Qinling Mountains were not far away, but if it really flew, the distance would be a little far away.

Moreover, this mutant crow has been flying for a long time, and now it is showing fatigue, and its flying speed has dropped significantly. After flying through the tide of zombies, Li Tian fell on the ground.

As soon as they landed on the ground, Li Tian immediately released Situ Ningbing, Xue Ji, Bai Jing and others from the space positions of Void Yasha.

As soon as these people came out, they immediately tweeted endlessly, reminiscing about the past and telling each other about recent events. It was a lively scene.

Regarding those zombies suddenly appeared in Beitang City, Li Tian had already learned the probabilities from the captain and the barbarians, but it was still not clear what the real purpose of these zombies appeared.

But as long as people are okay, everything is fine!

And Li Tian is not in a hurry to drive all the zombies out of Beitang to see, Li Tian already has a plan in his heart.

That is, after they came back from the Qinling Mountains, all soldiers of the Celestial Legion were arranged to start training, and this battlefield was Beitang City.

Moreover, there are already high-level zombies above level 12 in Beitang City, and it just so happens that Barbarian, Tang Xiaolong, Situ Ningbing, and Xue Ji practice their techniques on these zombies.

"Goubi, Xiaolong, Barbarian, and the captain, you guys find us a few cars, if we walk, we don't know when we can reach the Qinling Mountains!" Li Tian ordered.

Hearing Li Tian's instructions, Shen Tao, Xiao Tianyi, and Pan Tao volunteered to follow suit to find a car, but Li Tian did not stop them.

In this way, Situ Ningbing, Xue Ji and Bai Jing were left beside Li Tian.

The three women were holding their weapons and walking side by side in front, while Li Tian was a few steps behind the three women and followed behind.

It was early summer at this time, and Li Tian couldn't help but feel a little worried when he looked at the exposed white skin of the three goddesses.

The three women have completely different temperaments and temperaments, but they are all exceptionally beautiful. The three goddesses walking side by side together form a beautiful landscape that can move.

It is a pity that Duanmuying will continue to participate in the Forbes Power Contest finals in Kyoto, or Li Tian really wants to invite Duanmuying to come to Beitang City with him to practice together.

Hey, if possible, Li Tian doesn't mind double repair.

Thinking of Duanmuying, Li Tian thought of Tang Feifei of the Agriculture and Industry Association.

Now Tang Feifei has become a child for various reasons, which makes Li Tian feel a little regretful.

"Qinling, the fourteenth-level mutant mourning bear! Wait for me, Tang Feifei, within two months, I will definitely be able to hold this mutant mourning bear by your side!" Li Tian clenched his fists and said secretly in his heart.

At this time, Situ Ningbing looked back at Li Tian, just to see Li Tian's solemn expression and clenched fists, Situ Ningbing turned and came to Li Tian, put the butcher knife and butcher **** away, and reached out to hold Li. Tian's arm said, "Li, although we temporarily lost this Beitang, we will get it back sooner or later! Besides, there are some of our sisters with you!"

Li Tian looked at Situ Ningbing affectionately, reaching out and patted Situ Ningbing's hand, and said, "I know!"

At this time Xue Ji and Bai Jing also turned and walked to Li Tian's side, Xue Ji held Li Tian's other arm, and Bai Jing held Li Tian's arm.

With a rare expression of happiness on Li Tian's face, he said to himself: "Cultivate yourself! With so many beauties around me, Li Tian will never allow any beauty to be surprised again. Moreover, I have to find a way. Speed up the time to rescue Tang Feifei and Ouyang Shiqing!"

The four came to a bench under a big tree on the side of the road and sat under the tree, enjoying the rare tranquility, waiting for Tang Xiaolong and the others.

For about half an hour, Li Tian and others heard the roar of the car engine.

Soon, Li Tian and others saw four cars coming out from a street corner not far in front.

"Little boss, what car do you think we found?" Tang Xiaolong drove a convertible Maserati sports car to Li Tian's side, and exclaimed to Li Tian excitedly.

The cars driven by Manzi and other people were all Land Rover. Although there was a layer of dust on these cars, Li Tian still knew at a glance that these cars were completely new!

"You are a car ransack? Where can you find so many good cars?" Li Tian asked when he came to the car.

"Hey, little boss, you're really right. Not far in front, there are a few car dealerships. There are almost no zombies in them. The cars are basically not damaged except for some dust." Xiaolong got out of the car and said with a smile.

"Is there any gasoline? Don't turn off the engine after running a few steps, or not?" Situ Ningbing asked.

The barbarian also jumped out of the car and said, "Don't worry, we have found a gas station nearby and filled up all the cars!"

"Brother, now you are the supreme king of the dignified Bounty Hunter Association, and you should have a car suitable for your physical status and status. These two Maserati will borrow flowers to present the Buddha and give it to you!" Dog nose said with a smile .

The dog's nose is very explicit and straightforward, but Li Tian is still very happy. This last time has such benefits, as long as it is the unowned thing that you are fond of, you can take it.

Even those low-level bounty hunters are basically good cars now, luxury cars, Li Tian is not too much to drive a luxury car.

"Good! I'll take this car!" Li Tian said politely.

Li Tian greeted everyone to get in the car. Situ Ningbing, Xueji, and Bai Jing were naturally in Li Tian's Maserati car, while the captain was in the same car with Manzi, Goubi and Shen Tao followed Tang Xiaolong, and Xiao Tianyi Waiting for a crowd of small things sitting in Pan Tao's car.

About less than two hours later, the four vehicles drove into the Qinling Mountains. Li Tian and others first found the resident of the Celestial Legion, and then Li Tian arranged Pan Tao at the resident of the Celestial Legion, and prepared for it. In two days, this led the others to go deep into the Qinling Mountains, looking for the fourteenth-level mutant mourning bear.

Chapter 3592: Monkey Sneak Attack

Qinling Mountains, late at night.

Near a small river with gurgling water, there are several tents. This kind of tent is the most commonly used outdoor tent for travel friends. There is nothing special.

In the Qinling Mountains, even in early summer, it was still bitterly cold at night. If it weren't for Li Tian and the others, they would have caught a cold from the cold wind.

But just like that, Li Tian and others would also feel uncomfortable, but fortunately, a lot of bonfires had already been lit in front of the convertible at this time.

This pile of flames blazed into the sky, illuminating the surrounding area clearly, and it also increased a little temperature around the dark tent.

And beside the big bonfire, there are a few small bonfires. The flames are beating with the soft wind. The firewood in the bonfire is not particularly dry, and it makes a crackling sound from time to time as it burns.

These firewood are all the credit of Manzi and Tang Xiaolong. These two goods said they went out to pick up some firewood and came back. As a result, the two of them came back by pulling a basketball-thick pine tree.

Also, there are trees everywhere in the Qinling Mountains. Why pick firewood deliberately.

It has been almost ten days since Li Tian and others entered the Qinling Mountains, but so far they have not found the legendary fourteenth-level mourning bear.

However, these ten days are not without gains. First of all, Situ Ningbing, Xue Ji, and Tang Xiaolong have all improved to varying degrees when they are practicing, especially Tang Xiaolong, whose ten-fold training has already It's almost reaching the fifth level.

Li Tian once saw Tang Xiaolong punch a stubborn stone the size of a house across the river into a pile of debris. Li Tian estimated that Tang Xiaolong should have six or seven thousand jin of power in his fist now.

In addition, the cooking skills of Situ Ningbing, Xueji, and Bai Jing have also made great progress. After entering the mountains, everyone ate the food brought from outside, but they ate for a few days. After that, everyone lost their appetite.

Fortunately, in these last three years, there were few human activities in the Qinling Mountains. Not only did wild animals not decrease because of zombies, but they increased a lot.

At this time, Situ Ningbing, Xueji, Bai Jing, and Wei Wei were performing their abilities and cooking around the campfire.

This meal can be said to be a game feast, including grilled fish, grilled hare, wild vegetable soup, small pheasant stewed with wild mushrooms, etc.

At this time, the roasted hare has been roasted and the surface is golden, the mud wrapped on the roasted fish has also cracked, and in the stainless steel pot, the small pheasant stewed with mushrooms is bubbling.

The rice hasn't been cooked yet, and the smell is overflowing.

Li Tian, Tang Xiaolong, Manzi, Shen Tao, and dog nose are drooling, and even the three small Yashas are sitting on a small log, holding a knife and fork in their hands, and can't wait to join the gluttonous army. Come.

Among the entire team, only the captain and Xiao Tianyi, these two zombies stood in the dark with resentment, looking at Li Tian and others.

In fact, Li Tian and others are not torturing Captain and Little Tianyi, but Captain and Little Tianyi as zombies. Although they have maintained human consciousness, human wisdom and human appearance, their digestive system has been completely destroyed. There is no way to eat this kind of cooked food, especially the familiar knowledge of wild vegetables and vegetables.

On the contrary, it is rotten flesh. They can digest raw flesh and turn it into their body energy, even the power of the corpse.

"When the rice is cooked, you can start!" With Situ Ningbing's cry, Li Tian and others rushed over like a hungry tiger descending the mountain, and several people tore a roasted golden rabbit leg and began to eat. .

"delicious!"

"I haven't eaten such a delicious food for a long time!"

Several men were holding rabbit legs with their mouths full of greasy food, which looked ugly, while Situ Ningbing and others were holding a small bowl and serving vegetables and soup in the bowl. They ate quite well. elegant.

"Woo!" Xiao Tianyi watched Li Tian and the others ate happily, feeling wronged in his heart, and started crying, not to mention how sad the crying.

Li Tian had no choice but to take out a dozen corpse crystals from the skin and send them to Xiao Tianyi and the captain respectively. Xiao Tianyi burst into a smile at once, and the captain no longer complained.

After a full meal, the four women washed up by the creek and entered the tent respectively, and began to rest, while Tang Xiaolong and Shen Tao held pots and pans and went to the creek to wash dishes.

This is also stipulated by Li Tian. As a man, he can't cook, he can't know how to clean the dishes!

"Little boss, can you let me accompany the captain to watch the night together tonight?" Manzi brought the Qinglong knife to Li Tian, and said to Li Tian with some embarrassment.

Since entering the Qinling Mountains, Li Tian has discovered that there are things that always follow them, but Li Tian has not discovered the existence of those things.

For safety reasons, Li Tian arranged for someone to watch the guard every night, and it was the turn of the captain tonight.

"That's right!" Li Tian said: "However, you two should not patronize and talk about love, and don't forget your duty! I always feel that something will happen recently, so be careful."

"Brother Tian, don't worry! I promise you won't blink your eyes, even if it's a mosquito, don't even want to fly into our tent!" Barbarian said vowedly.

Two-dimensional, who once had a good impression of Manzi, is now accustomed to the relationship between Manzi and the captain. Therefore, even if two-dimensional hears the conversation between Manzi and Li Tian, two-dimensional does not care about it.

...

At night, the soft moonlight shone down and shone on the small river, which looked silvery, while the gurgling water of the small river, the cries of frogs and bugs one after another, the whole camp was peaceful and quiet.

The bonfire outside the tent had been extinguished, and there was still a row of sparks flashing under the cold wind. At this time, Li Tian and others in the tent had already fallen asleep.

Manzi carrying a knife and sitting on the branch of a big tree with the captain, he was watching me and me, and from time to time he raised his head and looked around.

However, at this moment, the barbarian suddenly heard the call of the bug and stopped, and soon even the call of the frog by the river stopped.

"It seems something is wrong!" Manzi said warily.

The captain immediately jumped from the tree and landed on the ground, lurking in the grass, his eyes swept around vigilantly.

"Everything is normal..." The captain made a gesture to the barbarian.

But her gesture hadn't been finished yet, and the barbarians on the branch saw dozens of dark shadows flashing across the woods across the river bank.

These black shadows moved quickly. With a flash, they jumped from one tree to another, and finally landed on the beach on the opposite side of the river.

"Is it a lost monkey?"

Chapter 3593: Rob you woman

The one that appeared on the tidal flats of the river was a monkey, but it was not an ordinary monkey, but a monkey!

Because these primates have the closest genes to humans, they were also the first to be infected by the zombie virus after the end of the world. After being infected with the zombie virus, the fighting power of these zombies far exceeds that of the beasts in the mountains, and they immediately changed. , Became the true king of the mountain. .,

After these zombies were attacked by the zombie virus, their IQs have also been greatly improved, which makes these zombies act full of strict discipline.

First of all, seven or eight monkeys sneaked from the river tidal flat to the edge of the river. They picked up some rocks from the ground and piled them up next to them.

Then the four monkeys who followed up followed, two went to the upper reaches of the river, and two went to the lower reaches of the river. Soon these four monkeys crossed the river and appeared around the tent. A few hundred meters away, the thief looked around.

In the distance, on the big tree on the hillside of the river, a wandering monkey climbed to the top of the big tree, standing high, looking down at the wandering monkey below like an emperor.

The barbarian came to the captain and said to the captain: "These lost monkeys don't seem to be ordinary monkeys. Do we want to send a signal to let the Tian brothers wake up first!"

The captain shook his head slightly, and said, "No need. Even if these lost monkeys are not simple, they are also lost monkeys. Could there be any tricks in our hands? But if it's because of these few lost monkeys, we'll take the sky Brother wakes up, and we will inevitably be jokes by Tang Xiaolong and others!"

"You will go near the tent first to prevent other lost monkeys from disturbing Li Tian and their rest, and then I will chase away these lost monkeys. If it fails, I will kill them!" The captain said coldly.

"Okay!" The man nodded heavily.

"Wow!"

The captain leaped directly out of the grass, and a black shadow flashed out of his figure in the dark moonlight, rushing across the river quickly. The barbarian also returned to the tent camp with the Qinglong Sword, swung the Qinglong Sword, and looked around vigilantly.

With a leap of the body of the captain, he easily jumped over the small river that was less than one foot wide, and then rushed to the lost monkeys. The captain only hoped that her presence would scare away the uninvited guests.

However, after the captain rushed out, he found that the wandering monkeys didn't seem to be afraid of her, and when they saw her, they screamed in excitement.

Immediately, the captain saw that the wandering monkeys who had been picking up rocks by the river had picked up the stones piled under them one by one, and slammed them heavily towards the captain.

Each piece of the stone was the size of a basketball, but after the stone was thrown from the hands of the wandering monkeys, the speed was not slow, even the speed almost reached the speed of a bullet.

"call!"

"call!"

Those seven or eight stones roared towards the captain's cheek.

The captain sneered and flicked his hair abruptly, and the black three thousand troubles exploded suddenly, piercing the stones like steel needles.

"Cracking" there was a loud noise, and without exception, the stones were stabbed into a pile of small gravels by the captain's hair.

"Chichichichi!" The seven or eight monkeys were not angry, but clapped their hands excitedly and jumped up, but they jumped back and forth, but the speed of attacking the captain accelerated.

"call!"

"call!"

"call!"

The stones were like cannonballs, and they kept hitting the captain. This time, the stones flew toward the captain in a spiral shape, even if the captain had already dropped his long black hair, but the moment the stones hit the tip of the long black hair, they rotated and changed their direction. Continue to hit the captain.

"Little bugs!" the captain said disdainfully.

I saw the captain slammed back all the black hair, and two long bone knives grew out of her left and right hands at the same time.

The captain's body leaped suddenly, and the two long bone knives in his hand slashed melons and vegetables like dozens of stone cannonballs.

One stone at a time, one stone at a time, the captain only took less than three seconds to chop all these stones to the ground.

"Chichichichichi!" The wandering monkey standing at the top of the tree trunk in the distance suddenly yelled. The seven or eight monkeys and the other four monkeys all began to flee, rushing towards the woods, killing three times. The second jumped to the tree.

"Sure enough, they are just some lost monkeys!" Manzi thought in his heart.

But at this moment, the barbarian saw the wandering monkeys bend a branch with the thickness of a wrist into a bow, and two wandering monkeys squatted on the branch that was bent into a bow.

"What are you trying to do? Do you want to... shoot... come... come!" The barbarian's eyes suddenly widened, and he saw the monkeys suddenly let go of the branches, and the two squatted on the branches. The wandering monkey on the road was really shot over like that.

"Chichichichi!" The zombie on the trunk continued to scream, and two other zombies squatted on the branch, and the other zombie continued to bend the branch into a big bow.

The captain was quite surprised. She didn't expect that the lost monkeys would even play such a trick. She couldn't help but sneered, and rushed towards the two lost monkeys flying towards her with force.

And when the two wandering monkeys flying in the air were flying into the air, their bodies naturally stretched out, with their two long arms folded and placed on top of their heads, and then when their bodies were twisted, the whole body was connected to the drill. The same whistling and flying towards the captain.

"drink!"

The captain screamed suddenly, and the long bone knives in his left and right hands slashed at the two monkeys.

"Chang!" With a sound, after the long bone knife slashed on the wandering monkey, there was a metal-like crashing sound, and the two wandering monkeys suddenly opened their arms and hugged them at the same time. The two arms of the captain.

The captain wanted to use his whole body's strength to throw away the two lost monkeys, but these lost monkeys were far less skinny than they looked, and they were extremely flexible. The captain didn't even throw them away.

Suddenly, the captain felt something pierced her arm, and then the captain felt that the power of the corpse in her body began to drain out of her control, and her body suddenly softened.

The other two zombies have also flown over. These two zombies flew towards the captain's legs, and directly wrapped the two legs of the captain.

Then, the barbarian looked dumbfounded, the four lost monkeys actually lifted the captain and ran towards the woods.

"Fuck, you can stand the woman who snatched you?" I don't know when Li Tian had already appeared next to the barbarian, and said to the barbarian with a foul smile.

Chapter 3594: The purpose of the monkey

"The emperor, you really misunderstood. The concubine really didn't mean that. The concubine just heard the two adults talk about entering the palace to see the emperor. It happened that the concubine just came out of Cining Palace and knew that the emperor was going to accompany the queen mother. I was afraid that I was not free, and seeing the two adults walking in a hurry, with tired faces, I thought about taking the two adults to rest for a while, and waited for the emperor to go out of the Ci Ning Palace to pay him a visit. The concubines really did not have a trace of unruly

heart. Just after being left behind, Xia Yuqing immediately hugged Feng Tingye's thigh and wailed, and for the sake of reality, she secretly twisted her thigh, which made her tearful in pain. Got... pinch!

Feng Tingye's anger was actually lost for the most part on the way back, his mind was slightly calm, and he immediately heard the omissions in the words of the two people just now, and he knew the whole story in his heart, and he didn't wait for him to speak. , Xia Yuqing first howled.

This time is good, Feng Tingye's interest also came up, reached out and pinched Xia Yuqing's chin and raised her face, smiling so that Fengyun changed her color: "Ears are fictitious, seeing is believing, what I see with my own eyes is still false?"

Xia Yuqing was frightened by Feng Tingye's sly smile, her mouth squashed, and she broke the jar and said, "How can the emperor believe in his concubines?"

The big bad wolf groaned, and the little white rabbit Hu You began to face unchanged: "I saw Ai Fei and the two adults behave intimately and talked ambiguously. Since Ai Fei insists on denying the closeness with him, she should take it out. Based on the facts, I have always been fair and strict, and I will definitely not wrong you."

Xia Yuqing was startled, tilted her head and asked: "What evidence does the emperor want to see?"

Feng Tingye glanced at Xia Yuqing, squinting her eyes slightly, and derived some calculations: "It is natural to see if Concubine Ai has traces of other men besides me?"

"Huh?" Xia Yuqing looked up at Feng Tingye incomprehensibly, and couldn't wait for her to understand the profound meaning of Feng Tingye's words. Someone had already begun to examine her belongings.

Overwhelmed on the soft bed for the second time, Xia Yuqing's head short-circuited for a moment, and she began to scream to the police. How can you be suppressed again? How long has it been, always attacking adults, are you not afraid of death?

"Don't... don't come here, I warn you, my old lady has practiced eighteen ways to guard against wolves. Come and be careful that my old lady will kick you and make you really inhumane." Seeing the big bad wolf approaching step by step, Xia Yuqing also Regardless of the interests and inferiority, he picked up the brocade and came out of the goddess.

Feng Tingye was startled by Xia Yuqing's fierce appearance of her small paws. She was suddenly covered by the quilt that flew over, and hurriedly tore off the quilt from her head, but saw Xia Yuqing. I don't know when I have already ran to the other side of the bed. I took a step to the side, and Xia Yuqing took a step to the side.

The two stood on each other's beds, their eyes facing each other, their big and small eyes staring: "Come here."

Xia Yuqing looked alert: "No, come here if you have the ability."

Feng Tingye narrowed his phoenix eyes, raised his steps again, back and forth several times, then... "Don't move."

"Not moving is a fool, I am not a fool!"

"..." Knowing that arguing with someone about this is purely his own brain convulsion, so he wisely chose to do it personally.

The minions waiting outside Bangxiefang Hall heard a movement from the boss. This time everyone watched their noses and their hearts, but no one dared to rush in and take the lead. Alas, the emperor and our mothers are really energetic, and we have to come here every time. I don't know if this is good or bad. Far eyes...

Xia Yuqing panted heavily and stared at Feng Tingye who was pressing on her body: "You are shameless."

"This is called outsmart. Haha, Concubine, you can't beat me."

"Huh, I'd rather die than surrender." After Xia Yuqing repeated the old trick, she stretched her leg and quickly kicked towards Feng Tingye.

Rao Feng Tingye had been prepared for a long time and was frightened into a cold sweat, his legs were slightly lowered, and Xia Yuqing's legs were clamped, making him unable to move. I have to say that the last accident was really not accidental. It was not just that Liu Yixiang, the so-called gangster girl, was more powerful, but Xia Yuqing was no exception to her.

After several struggles, even though Feng Tingye wouldn't be lifted out of bed by her like the last time, she couldn't help her. Forced, Feng Tingye had to resort to his final killer: "Actually... from the very beginning, I knew that what the two of them said was not the truth."

Leaning over and staring at Xia Yuqing's eyes widened in surprise, Feng Tingye's eyebrows were slightly bent, "Zi Tang Ping hates others for treating him as a child, and Yan Ran is the most famous person in his life. Unfortunately, what you said today seemed to offend them all, and I can't blame them for bullying you like this."

Unsurprisingly, Xia Yuqing's struggling movements suddenly stiffened, and the movements in her hands unknowingly relaxed a lot, allowing Feng Tingye to take advantage of the vacancy to break in.

Looking at Feng Tingye with a cute face, Xia Yuqing didn't dare to say anything: "You mean, they said that on purpose just now, in order to... slander and bully me?"

It's too much, because she still tried every possible means to perfect them, and let them and Master Zonggong cultivate a righteous fruit. It's fine if you don't appreciate it, and even treat her like this!

After the grief and anger passed, Xia Yuqing realized afterwards: "Since the emperor knew from the beginning, why did you just..." Xia Yuqing's eyes widened suddenly, "Are you playing me too?"

Looking at the unpredictable expression on Xia Yuqing's face that looked like the weather, Feng Tingye smiled more and more ill-intentioned. He leaned down, bit her white and tender earlobe, and chuckled lightly: "No, why am I willing to play you?"

In a short sentence, Xia Yuqing was moved to tears. It's a pity that before this touch was overwhelmed, it was completely...shattered by his next sentence.

"Of course I didn't fool you, I was just... teasing you."

"..." Hey, he always attacks adults, are you so evil and made by your parents? I can't play with you happily anymore, woo

Chapter 3595: The purpose of the monkey (2)

Entering the range of these buildings, the running speed of the wandering monkeys obviously increased. After turning a mountain gate, the wandering monkeys lost the captain and quickly disappeared into the magnificent buildings.

Li Tian took the barbarian and hurriedly fell from the sky, and collected the mutant crow and the mutant bat.

Concerned about the safety of the captain in his heart, Manzi rushed in with the Azure Dragon Sword. Li Tian looked up at the three big characters above the mountain gate, and said to himself: "Guanloutai!"

Li Tian once heard of this place.

This viewing tower is located in the middle of the northern foot of Zhongnan Mountain in the Qinling Mountains. It is the earliest important holy place of Taoism. Rumor has it that Lao Tzu is here to teach the Tao Te Ching 5,000 words.

After thousands of years of development, before the end of the world, it has developed into a famous tourist attraction with terraces, temples, temples, courtyards, pagodas, caves, ponds, furnaces, stones, and trees.

After the end of the world, there has been some destruction here. Although there are pavilions and pavilions, they have been ruined. Several towers and temples have even been destroyed. The entire courtyard has been ruined, and the whole courtyard has a bleak feeling.

Of course, Li Tian and Manzi were brought here by a lost monkey, and their purpose is not to travel.

"My God!"

Suddenly, a barbarian scream came from behind the gate. Li Tian used teleportation, his body flashed several times, and he immediately passed through the mountain gate.

I saw the barbarian sitting on the square with about tens of thousands of square meters behind the mountain gate. The barbarian was sitting in the middle of the square with the captain in his arms. Hundreds of lost monkeys have appeared one after another around the square.

These wandering monkeys were on all fours, slowly surrounding the barbarians and the captain. From time to time, these wandering monkeys would make squeaky and squeaky shouts. In this empty midnight, they looked strangely strange.

When the lost monkeys saw Li Tian, they didn't show any fear at all. Instead, they had excited expressions on their faces, dancing and screaming in excitement.

There were even a few brave monkeys rushing to a distance of less than two or three meters from Li Tian, sticking out their tongues and slapped buttocks at Li Tian making various grimacing faces.

Until now, Li Tian could see these lost monkeys clearly.

These monkeys are a little bigger than ordinary monkeys. The hairs on their bodies have fallen out, revealing khaki skin. Their heads are still small, about the size of an adult's palm, and their two red eyes are round and round. In the darkness it was like two small lanterns.

And the teeth of these lost monkeys are protruding out, a bit like the teeth of the orcs in the game before the end of the world. However, the size of these wandering monkeys is too far from that of the orc. Moreover, their claws are also quite sharp, shining with cold light under the moon pass.

Li Tian believed that if these lost monkeys showed their might, they could even kill a calf with one paw, let alone ordinary people.

And the level of these monkeys is not low, at least the level of the surrounding monkeys is above level 9. Most of the monkeys have reached level 11, and there are even higher levels of level 12. .

"God... Brother Tian!" After seeing Li Tian, the manzi was a little calmer, but it was so, he saw them surrounded by so many lost monkeys, and his voice calling Li Tian still trembled.

Seeing that these lost monkeys were slowly surrounding, but there was no sign of rushing hands, Li Tian did not rush to send the barbarians and the captain into the space of Void Yasha, but asked calmly: "How is the captain? Is there a serious problem?"

"I...I'm fine, I just feel weak, as if the power of the corpse in the body has been emptied!" said the captain.

The barbarian was a little worried, looked at the captain affectionately, hugged the captain's body tightly, and muttered to himself: "It's okay! Nothing will happen!"

Uh, Li Tian looked quite nauseous, this guy with a heavy taste could sink so deeply.

At this moment, there was a crisp sound of metal dragging on the ground and hitting the ground.

In front of the hall, the expressions of dozens of lost monkeys who were still laughing and joking immediately became serious, and there was even a look of fear on their faces. Suddenly, these lost monkeys stepped back a few steps to each side, giving out a two-meter-wide one. Channel out.

Then, a person walked out of the hall. No, he was actually a lost monkey.

However, this lost monkey even wore a set of human child costumes and a certain yarmulke. It's just that the clothes are obviously a little small, and the wandering monkey feels a little tight when worn on the body, and the yarmulke is a little big, which is buttoned on the head of the zombie. The zombie needs to pull up with his paws from time to time .

Seeing this scene, Li Tian couldn't help but think of an idiom: Muhou and Guan.

Li Tian thought of one of the ancestors of these monkeys, who had worn this way. However, after a arduous career in pole dancing, the great power gradually led the new trend of monkeys and monkeys. He experienced ninety-nine and eighty-one difficulties and even became a Buddha!

Of course, these are legends, and Li Tian didn't see it with his own eyes.

This monkey also has a steel pipe in his hand, which seems to be thinking of paying tribute to the ancestors, but the steel pipe of this monkey is much longer. It hits the ground with a hand, and there is a clear sound of metal crashing.

"I'm really sorry, I have invited you all here in this way, and I hope to forgive you!" The lost monkey walked out of the hall, probably less than a hundred steps forward. It was only a short distance from Li Tian, Manzi, and the captain. Stopped at a distance of less than 100 meters and said.

Li Tian's brows jumped slightly, and this lost monkey was as capable as Li Tian's mutant crow.

Moreover, this lost monkey turned out to be a female lost monkey, because the voice turned out to be the voice of a woman.

The lost monkey saw Li Tian, the barbarians and the captain heard him speak without the slightest surprise. Instead, she looked at Li Tian and the others with a little astonishment, and asked: "I can speak human language, don't you feel surprised? Huh? I have become a spirit monster!"

"You monster, sister! Animals are not allowed to become fines after the founding of the People's Republic of China! You are just being detained by the soul of a woman in the body of this female monkey!" Li Tian said in his heart.

However, at this time, this female wandering monkey is going to be a demon, and Li Tian will not expose him.

Li Tian's face immediately pretended to have a shocked expression, and a finger pointed to the surprise of holding a mother wandering monkey and said: "Ah! You...you...can speak human words! It's terrible! This is the rhythm of becoming a spirit. what!"

Only then did the female wandering monkey show a satisfied look, and the other wandering monkeys immediately screamed in joy. It seemed that they were very happy that Li Tian was scared.

The barbarian almost vomited, and said in a low voice, "Brother Tian, can you act more fake?"

Chapter 3596: The purpose of the monkey (3)

"It can't be faked anymore. Although the IQs of those monkeys are lower than that of humans, if they fake it again, they can wear it!" Li Tian said seriously.

"Puff!" Seeing Li Tian's serious expression, the captain almost laughed out loud.

Fortunately, those lost monkeys did not find anything abnormal, and the female lost monkey took a few steps forward, but still kept corresponding vigilance to Li Tian and others and said, "I invite you here today. I want you to do us a favor!"

"Help? Is there such an inviting person to help? Look, mine...what our captain has become! You can help, first restore our captain to the original state." The barbarian said angrily. .

The female zombie was startled, she said with an embarrassing expression on her face: "Please forgive me, you must know that your friends are zombies all the time. As long as the zombie's head is not attacked and the corpse crystal is not taken, then Your friend has no life worry for the time being."

"What does it mean to have no life worry? Now our friend is so weak that he can't even walk and sit normally!" said the barbarian angrily.

"Your friend was only injected with a virus that inhibits the power of the corpse. If he gets the antidote, he will soon return to normal. Even if there is no antidote, he can recover naturally within a week." The monkey continued: "As long as you promise to help us with one thing, I will inject the antidote for your friend immediately!"

Li Tian's didn't wrinkle a little, he hated being threatened by others, not to mention being threatened by a few monkeys.

"What if we don't agree?" Li Tian said with a sneer.

Hearing Li Tian's sneer, the female wandering monkey shivered involuntarily, but fortunately, the female wandering monkey quickly returned to normal, and she showed Li Tian what she thought was good-looking, but in Li Tian He had an extra ugly smile in Manzi's eyes.

"Please don't get me wrong, I definitely don't mean to threaten you. Even if you don't help us, I will give you the antidote."

The female wandering monkey whispered a few times as she spoke, and a wandering monkey came out from behind the female wandering monkey. It was the leader wandering monkey who had organized other wandering monkeys to ***** the captain back.

Holding a needle filled with light blue liquid in his hand, the leader wandering monkey cautiously walked to Li Tian, stretched out his paw and passed the needle to Li Tian, and immediately fled behind the female monkey with his tail clamped. .

Li Tian looked at the needle with some doubts, it was difficult to understand how the monkeys made the antidote.

"Chichichichi!" Seeing Li Tian's doubts, the surrounding wandering monkeys immediately smirked and yelled. As a result, Li Tian became even more confused!

Li Tian's figure flashed, and suddenly appeared behind the lost monkey that led him.

The other lost monkeys couldn't help being shocked. They had never seen anyone move instantaneously, and even some lost monkeys were suddenly teleported by Li Tian and jumped away in shock.

Even the female wandering monkey turned around in fright, Hua Rong turned pale, screaming that she was about to lift the steel pipe and slam it on Li Tian's head.

Uh, okay, she was originally a monkey, even if Huarong was eclipsed, she was just a monkey with Huarong eclipsed, and had nothing to do with beautiful women.

Seeing that the steel pipe was about to hit Li Tian's head, Li Tian suddenly disappeared again. When Li Tian appeared again, Li Tian had already returned to the captain and barbarians, and Li Tian's hand was already holding it. The leader lost monkey.

Li Tian is fully capable of holding the female wandering monkey in his hands, but the female wandering monkey looks like the king of this wandering monkey group. Therefore, in order to avoid the intensification of the contradiction to an irretrievable point, Li Tian only It was just the leader who caught the monkey.

Li Tian didn't say a word, and forcefully pierced the needle into the ***** egg of the lost monkey, and then gently pushed the needle, the one who led the monkey screamed and squeezed softly. Fell to the ground.

"This is the antidote?" Li Tian said angrily.

Knowing that Li Tian had misunderstood, the female monkey immediately said: "You really misunderstood! This is both a poison and an antidote!"

Speaking of that, the female wandering monkey suddenly took out a exactly the same needle from her body, and then she pulled a little wandering monkey and put a needle in the **** of the little wandering monkey.

The little wandering monkey screamed, and quickly crawled softly at the feet of the female wandering monkey, unable to move.

"Sure enough, it is the most poisonous woman's heart, even the mother wandering monkey is so vicious, even the little monkey is not let go!" Li Tian thought in his heart.

"You are optimistic, I just pushed half of the needle against the little monkey! Now I'm going to pierce the other half too!" As she said, the female wandering monkey reached out and lifted the little monkey upside down. , Facing the other side of the little wandering monkey, he stuck his **** down.

After about a few seconds, the little wandering monkey, who was already soft, suddenly became agile and fled into the group of monkeys screaming in horror.

Now that there was this female wandering monkey doing the experiment, Li Tian felt more relieved, and handed the needle to Manzi to let Manzi give the captain an injection!

Get an injection! Ha ha!

The barbarian was also cautious when he gave the captain's injection, his eyes were full of tenderness, and Li Tian really wanted to vomit.

Your sister, the captain is a zombie, okay, now there is no pain at all, okay? You will die if you stick straight down.

After a few seconds, sure enough, the captain's hands and feet could move.

Seeing that the captain was able to move, the female monkey breathed a sigh of relief, and then said to Li Tian: "Now your friends have returned to normal, which proves that we have absolutely no malicious intentions and have no intention of threatening you."

The mother wandering monkey continued: "If I am not wrong, you should be looking for something in the Qinling Mountains. If you don't mind, we can cooperate. You help us, we help you find things!"

The Qinling Mountains are thousands of kilometers long. Even if Li Tian knew that the location of the fourteenth-level mutant mourning bear was in the Qinling Mountains near Beitang City, trying to find the mutant mourning bear would be like finding a needle in a haystack. Even if Li Tian had already launched the mutant crow, the mutant bat, the flying yaksha, the earth travel yaksha, the void yaksha, etc. began to search in all directions, this has been so long, and no trace of the mutant bear has been found.

"Okay, let me first talk about what we need to find, and see if you and your monkey grandchildren can help me find it. If we can, then we will cooperate. If we can't do it, then don't waste it. It's time for each other!" Li Tian said.

"You said, what are you looking for? Is it the entrance to the Qinling maze? Or is it the moral truth that Lao Tzu left on the viewing platform?" said the mother mourning monkey.

Chapter 3597: Same purpose

Qinling maze?

The moral truth?

What is this?

He looks very tall, maybe some baby is waiting for Li Tian, thinking about Li Tian, I feel a little excited. .

But now it's serious to find mutant bears.

"We are looking for a mutant mourning bear in the Qinling Mountains, a mutant mourning bear of level 14..."

Before Li Tian finished speaking, the female monkey exclaimed: "What you are looking for is a mutant mourning bear? Is it a fourteenth-level mutant mourning bear?"

Li Tian, Barbarians and the captain looked at the mother's wandering monkey's surprised expression. The other wandering monkeys looked shocked and nodded involuntarily.

"It's...it's a coincidence!" said the female wandering monkey.

Li Tian asked in a puzzled manner: "Do you also want us to find the fourteenth-level mutant mourning bear?"

"No... No. We know where the fourteenth-level mutant stray bear is, and we can take you to find it! I mean, our purpose is the same. The reason why we invited you here is I want you to help us deal with that fourteenth-level mutant mourning bear!"

Li Tian immediately became alert.

The fourteenth-level mutant mourning bear's mourning crystal Li Tian is determined to win. If there is a conflict with these mourning monkeys, Li Tian doesn't mind saying that these mourning monkeys will be used first, and then they will be killed.

Although Li Tian did not show murderous aura, the surrounding wandering monkeys involuntarily stepped back. These primate animal instincts are really terrifying.

"Let me explain first, I am determined to win the fourteenth-level mutant mourning bear! This is the prerequisite for our cooperation. If you can promise me this condition, then I can promise to cooperate with you. If you can't do it, then The cooperation will be discussed face-to-face!" Li Tian said.

"Okay! As long as you can get rid of the fourteenth-level mutant mourning bear, the mourning crystal belongs to you, and I will tell you the entrance of the Qinling maze, and I will tell you the place where Laozi's moral truth is stored on this viewing platform! But! At that time, whether you can find the treasure in the Qinling Labyrinth, whether you can obtain the moral truth, it depends on your own good fortune!" The female wandering monkey agreed.

The cooperation has been negotiated. Li Tian ordered the barbarians to take the mutant bat to pick up Situ Ningbing and the others, and then Li Tian and the female wandering monkey entered the hall and began to talk in detail.

In the hall, Li Tianxian threw out his doubts: "Why do you want to cooperate with us? How do you see our strength?"

The female zombie smiled slightly and said: "I am a demon monkey who has a fiery eye and golden eyes. Naturally, you can see through your strength at a glance! Of you people, most of you are at level 12 zombies, and your strength should be stronger than others. Although it makes it difficult to deal with the fourteenth-level mutant mourning bears, adding our mourning monkey clan, plus our potions, is not without the certainty of winning!"

Li Tian sneered, and directly summoned the mutant crow. The mutant crow flopped and landed on Li Tian's shoulder, and said loudly, "Also let people not sleep! You have been riding once at night. Can you keep tossing people!"

Hearing the mutant crow talking, the female wandering monkey's eyes immediately stared at Li Tian in surprise, and said, "Your bird... how can you crow also speak? Isn't it perfect?"

"You're not done yet? They are all foxes who have practiced for thousands of years. Can you stop pretending to be a demon with me? Did the corpse use soul detention to detain your soul in this female monkey's body?" Li Tian said with a sneer. .

The female zombie looked embarrassed and coughed a few times before she said pitifully: "In fact, this is a special ability of me! I can see through the strength of most zombies and humans, except you!"

The female wandering monkey went on to say: "As for why I pretend to be a demon, you don't know. The wandering monkeys outside are not human. They go crazy and eat everything! To protect ourselves, my boyfriend and I have to Pretend to be a demon!"

"Your boyfriend? Is it also a lost monkey? Or a human? Why didn't I see?" Li Tian asked.

"My boyfriend, like me, was detained by the soul with the soul of our soul in the body of this monkey! So strictly speaking, my boyfriend is also a monkey, but it was a month ago, My boyfriend was taken away by that damned fourteenth-level mutant bear, and he was locked in his bear cave, and then we asked us to bring living people to him as food every week!"

"So you are staring at us? Are you thinking that if we can help you rescue your boyfriend, the best thing? If we don't, we can also take it as your task to serve the fourteenth-level mutant bear blind man Eat?" Li Tian said with a sneer.

Li Tian's heart actually wanted to vomit: "Your sister, this last days is really weird. All kinds of magical things can happen. Why do you really feel like a Journey to the West now!"

The mother wandering monkey looked embarrassed, nodded, and then said: "In the beginning we had this idea, but when you show your teleporting ability, I know you must have the strength to deal with that. The fourteenth-level mutant loses the bear! That's why I will tell you the secrets of Qinling Maze and Lao Tzu's moral truth!"

"Okay, you're more honest! Then let's talk about your second question, what is your liquid that can control the power of zombies and zombies, don't tell me that you zombies also have scientific research institutions!" Li Tian asked Tao.

The face of the lost monkey became even more embarrassed, and he vomited for a long time before he said: "It stands to reason that all the mournings should have no lacrimal glands, sweat glands, and other things, but what we can do with the lost monkeys, you say this is strange strange?"

"You mean those fluids are your body fluids? No wonder there is a scent!" Li Tian couldn't help feeling a chill.

"Things are disgusting, but they have a great effect. It is with this kind of body fluid that we can dominate the Qinling Mountains. As long as it is not a particularly advanced animal, our body fluid can suppress the corpse. The effect of the power of the original! This time against the fourteenth-level mutant mourning bear, as long as we have the opportunity to inject our body fluids into that mourning bear, we have a chance to win!" said the mother mourning monkey.

"If I didn't guess wrong, your body fluid should have no effect on the fourteenth-level mutant mourning bear, right?" Li Tian asked suddenly.

The female wandering monkey was startled and said, "You...how do you know? Actually... it's not completely useless, it's just a shorter time. Moreover, the mutant wandering bear was poisoned by this body fluid twice. , I was surprised to gradually produce some antibodies! That's why we thought of relying on you!"

Chapter 3598: The weakness of the bear

It turns out that after the boyfriend of the female wandering monkey was taken away by the fourteenth-level mutant bear, the female wandering monkey had led many wandering monkeys to attack the mourning bear in secret when she sent the bear to the living as food. , And even the two surprise attacks on these lost monkeys have been successful.

It is a pity that even if the fourteenth-level mutant zombie bear is shot by the body fluids of the zombie monkeys, it only loses the power of the corpse for a short time, and soon returns to normal here. Once the mutant mourning bears return to normal, they will immediately leave the pieces of armor killed by these little mourning monkeys. Every time, the mourning monkeys will lose more than a dozen dead monkeys and turn them into food for the mutant mourning bear. Fled.

Although these lost monkeys are flexible and their strength should not be underestimated, but the fourteenth-level mutant lost bear has an overwhelming advantage. The claws of these lost monkeys can't even open the skin of the mutant lost bear, let alone want it. I hurt the bear.

"When the mourning bear is showing off, one paw may knock down a person holding a large tree and one paw, and the speed at which the mourning bear runs is not much slower than the movement of our mourning monkeys. Our mourning monkey group Therefore, only a few thirteenth-level wandering monkeys can withstand a few attacks from the fourteenth-level mutant bears. As for the other wandering monkeys, they have no resistance at all." The mother wandering monkey said with lingering fear.

"You just said that the skin of the funeral bear is thick and thick, and even the twelfth-level fungus can't tear the skin of the funeral bear. Then how did your injection needle get in?" Li Tian asked.

The mother wandering monkey said: "You don't know anything about it. Although the wandering bear is invulnerable to swords and guns, the mutant wandering bear has a very weak spot on its nose. It is through this that we can get that The body fluid is injected into the body of the bear."

"Is he just this weak point? Is there any other weak point?" Li Tian asked.

The female wandering monkey thought for a while, still shook her head, and said, "There is no weakness. It is not an exaggeration to describe the wandering bear with copper bars and iron bones and copper head and iron arms!"

Li Tian only felt big for a while.

While in Kyoto, Li Tian and Huangfu Kunpeng once fought against zombies of the fourteenth and fifth level or even higher outside the National Design Institute.

Li Tian knows the defensive power of the high-level zombies deeply. For Li Tian now, it is the ultimate to be able to kill the thirteenth-level zombies. It is not generally difficult to deal with the fourteenth-level zombies. If you don't use it "Red Slash", Li Tian couldn't even break the defense of the fourteenth-level zombie.

But to deal with the fourteenth-level mutant mourning bear, the difficulty can be said to be even more difficult than climbing to the sky.

However, Li Tian couldn't shrink back.

After all, there is still a girl in Kyoto City, who is still waiting for Li Tian, waiting for this fourteenth-level mutant Sangxiong's Sangjing to be treated.

After communicating with the mother lost monkey, Li Tian retreated from the main hall, leaping a few times, and Li Tian jumped directly onto the roof of the main hall.

This Guanloutai Hall is a three-story brick-wood structure hall with glazed tiles on the top. Li Tian arrived at the top of the hall and looked up at the distant mountains, feeling the cold wind of the Qinling Mountains in the middle of the night, bathed in the faint moonlight of a crescent moon hanging in the sky, Li Tian slowly sat down and closed. eye.

The fourteenth-level mutant mourning bears do not have weaknesses, but that the strength of these mourning monkeys is not enough to deliver the weaknesses of the mourning bears.

Now even if Li Tian knows the weakness of the fourteenth-level mutant Sanxiong's nose, but if Li Tian's own strength is not strong, let alone use this weakness to attack the Sanxiong, whether he can walk to the Sanxiong is two concepts. .

Li Tian could also use teleportation to come to the front of the lost bear by surprise, which would make it possible for Li Tian to directly face the attack of the lost bear.

That mourning bear is a guy who can slap a big tree with a paw. Li Tian is not yet confident that his small waist is stronger than the big tree.

So Li Tian needs to seize all the time to start practicing, even if Li Tian's strength can enter a little, it is always good.

But Li Tian just started to practice, and within a few minutes, there were more than a dozen lost monkeys around Li Tian.

These lost monkeys looked at Li Tian curiously, squeaked and barked, and even some lost monkeys followed suit, sitting on the top of the hall like Li Tian and began to practice.

"Fortune-telling, if it weren't for the face of cooperation and win-win with you, I would definitely turn you all into a crystal!" Li Tianxin thought.

Soon Li Tian was completely immersed in cultivation.

Even if Situ Ningbing and others followed the barbarians to this viewing platform, Situ Ningbing and others saw that Li Tian had been silent in his cultivation, so they did not bother Li Tian, but all the members seized the time to start practicing.

In the morning, a red sun rose in the east, and the first rays of sunlight passed through the mist in the mountains and shone on Li Tian. Li Tian, who had been blown by the cold wind all night, immediately felt a little warmer in his body, and a warm current appeared in Li Tian's body.

Li Tian slowly opened his eyes, and saw that the dawn had fallen on the branches of the century-old tree in the Guanloutai. The whole Louguantai was illuminated by the golden sunlight, which looked exceptionally magnificent and magnificent, plus the morning mist. Guanloutai is quite a bit of a fairyland in the human world.

And in this human world fairyland, three glamorous human fairies are sitting on the square outside the hall and practicing with great concentration.

"But what's the matter with the female monkey Nima? What are you doing sitting next to Situ Ningbing, Xueji, and Bai Jing?"

Li Tian suddenly saw that not far from Bai Jing's side, the female wandering monkey was winking her eyebrows to learn from Situ Ningbing and the other three. This female wandering monkey can only be said to be a motherly creature, not even a female. The glamorous fairy looked even more ridiculous around the female wandering monkey.

Li Tian now truly understood the true meaning of Dong Shi Xiaoying.

"Huh!"

Li Tian teleported, moved down from the top of the hall, and appeared in front of Situ Ningbing.

Situ Ningbing opened his eyes, saw Li Tian, and immediately pulled Li Tian aside, showing concern on his face, and whispered: "Li, let's cooperate with these wandering monkeys? There will be no problems here, right!"

Last night when the lost monkeys attacked the camp, although Situ Ningbing was still resting, when the barbarians came to look for them, Situ Ningbing already knew the whole process, so she asked with such worry.

Li Tianwei smiled and explained to Situ Ningbing, and then briefly told Situ Ning what he communicated with the female wandering monkey last night.

Li Tian's greatest support right now is the space of Void Yaksha. If there is really any problem, the big deal is that Li Tian directly takes people to hide in the space of Void Yaksha, at least it can ensure safety.

"Don't worry, if these lost monkeys dare to play tricks, then I will let this Qinling mountain be without any monkeys!" Li Tian said coldly.

Chapter 3599: Cave

"Kicky chick!"

At this moment, more than a dozen lost monkeys discovered Tang Xiaolong. These lost monkeys were excitedly surrounding Tang Xiaolong and babbled and screamed, and even the monkeys kept moving to Tang Xiaolong.

Tang Xiaolong couldn't bear this kind of harassment, and couldn't help but get angry, and fisted an eleventh-level lost monkey flying out.

"Chi Chi Chi Chi!" The female monkey rushed to Tang Xiaolong angrily and shouted together.

"Speaking human, he can't understand your monkey language!" Li Tian said with a smile.

The female monkey was stunned and said in surprise: "This... isn't this a black monkey?"

"Little boss, don't pull me, let me die!" Tang Xiaolong was about to cry out.

These lost monkeys mistakenly regarded Tang Xiaolong as their kind. Although Li Tian and the mother lost monkeys, they knew that Tang Xiaolong was a human, but they still liked Tang Xiaolong and they were still willing to pester Tang Xiaolong. .

...

After a brief breakfast at the Guanloutai, Li Tian and others left the Guanloutai under the leadership of the mother wandering monkey, and continued along the valley towards the deep Qinling Mountains.

The mother wandering monkey originally wanted to take her wandering monkey clan, but was verbally rejected by Li Tianyi. This is not a ***** fight. It's not that whoever brings more people can win. That's 14. Level mutant mourning bear, these little monkeys at the earth level will only give points to that mourning bear in the past.

Even if Li Tian was with these people, Li Tian did not intend to let them all participate in the battle. Li Tian would let the captain, Tang Xiaolong and the barbarians fight with him at most, and as for the others, Li Tian would let them or enter directly. Go into the space, or hide far away.

The female wandering monkey also understood this truth, and finally only chose two thirteenth-level wandering monkeys as her companions. One of the thirteenth-level lost monkeys was the leader of the kidnapping team leader last night.

Seeing the leader of the lost monkey, the barbarian was so angry that he really wanted to shoot at the leader of the lost monkey, but because these lost monkeys are their partners now, the barbarous has been enduring it.

Leaving the viewing platform, near this viewing platform, there are still many former human houses, but Li Tian did not see a single figure, not even the shadow of a zombie.

After the female zombie heard Li Tian's words, she proudly announced that those humans became food for these zombies after they became zombies, so there are very few zombies in the Qinling Mountains. .

Li Tian had to admit that these lost monkeys were powerful.

Let alone ordinary zombies, even advanced zombies might not have an advantage when facing these zombie monkeys. If it were among the strange mountains and ridges, these zombie monkeys had even exerted their absolute advantage, and they could beat the zombies into the water.

In the beginning, these lost monkeys were still running on the land, and Li Tian and others could still keep up with the running speed of these lost monkeys.

However, it probably took less than an hour to run. Suddenly, the ruggedness in front of him, the lost monkeys climbed the trees one after another, and began to jump and shuttle between trees.

People like Li Tian, Situ Ningbing, Manzi and others can still keep up with the speed of this lost monkey, but like Bai Jing and Shen Tao, and Goubi has gradually been pulled behind him.

Bai Jing and Shen Tao were still clenching their teeth, but the dog nose was already trembling in his legs, panting, and his face was not so normal anymore. Li Tian could only send the dog nose into the void of Yasha.

In this way, Li Tian and others kept following the wandering monkeys through the lofty mountains, while Li Tian kept sending those who could not keep up with the team into the space of Void Yasha.

I don't know how many mountain ridges or gorges have been crossed. Anyway, a few lost monkeys still didn't mean to stop running from the beginning of the sun to the red sun.

According to Li Tian's preliminary estimation, they are now at least tens of miles away from the viewing platform in a straight line. If you count the actual running distance, I am afraid it would have already exceeded a few hundred miles.

"Little boss, we are not being fooled by these monkeys? Now we are completely out of sight!" Tang Xiaolong said breathlessly as he ran.

Li Tian shook his head. According to bear habits, it is normal to live in a place far away from humans.

Climbing up a mountain **** again, and when they were about to reach the beam, the three lost monkeys suddenly jumped off the tree and stopped.

The female lost monkey beckoned to Li Tian and the others, and continued to walk slowly, while Li Tian and the others also slowed down and walked to the mountain ridge.

"This...this is..." Situ Ningbing looked in front of him with some surprise, and wanted to speak, but in the end he didn't say it.

The mountain ridge where Li Tian and the others are located is like a watershed. The side where Li Tian and others came just now is still lush and full of life, but on the other side of the mountain ridge is a mess. The entire hillside seems to be hit by a storm. It's the same, no tree is intact, it's horrible.

All the trees that everyone can see from the front line of sight, one by one, the thick and thin trees were hugged by one person, or they were interrupted by the waist, leaving a stump, or they were directly uprooted, with the roots exposed.

"These are all done by the mutant bear."

Seeing this scene, even Tang Xiaolong, a person with nearly six or seven kilograms of power, couldn't help being a little surprised.

"This... all of this was done by Sang Xiong? Does he have such a powerful strength?" Tang Xiaolong couldn't help but startled.

"Shhh, speak quietly. From here, we have entered the territory of the mourning bear. We must be careful!" The female mourning monkey seemed to be worried that what she said was half heard by others, and deliberately lowered her voice. .

Li Tian came to Tang Xiaolong and said, "This Lost Bear's strength is not small, how about it? Do you want to compare strength with this Lost Bear?"

Tang Xiaolong snorted coldly and said excitedly: "Since I have practiced these ten levels of body training, Tang Xiaolong has not been afraid of anyone! Recently, I always feel that I am about to break through, but I can't grasp the main points. Now after seeing the power of this fourteenth-level mutant mourning bear, my heart is already filled with the flames of battle. Let this fourteenth-level mourning bear be the ladder for my Tang Xiaolong's promotion!"

Li Tian nodded slightly, Tang Xiaolong should also be promoted, now the barbarians have come from behind, reaching the strength of the twelve-level zombie, and Tang Xiaolong still maintains the strength of the eleventh-level zombie.

Li Tian asked the mother mourning monkey: "How far is it from here to that mourning bear?"

"After passing the valley in front, and walking along this valley, we can see the bear cave of the mourning bear!" said the female mourning monkey.

Chapter 3600: Enter the bear cave

Everyone quickly rushed from the hillside into the valley. There was a small stream in this valley. It walked inward along the valley, and then walked less than three kilometers into it, passing through a sparse grass thicker than one person. Li Tian and others can already see a cave on the mountain wall over three feet high.

This cave seems to have formed naturally. There are countless rubble on both sides of the cave, and among these rubble, Li Tian can see some scattered bones.

And the water of this creek came out of that cave. Although the water of the creek was clear, it was permeating cold.

Li Tian and others continued upstream along the stream, and soon came to the cave. Looking at the dark cave, the female wandering monkey trembled and said: "Here!"

The two thirteenth-level wandering monkeys who came with the mother wandering monkey also showed some panic, fidgeting around Li Tian and the others.

"Dog nose, have you noticed anything?" Li Tian had already released the dog nose and others from the space, and asked the dog nose.

The dog nose walked a few steps forward and came to the entrance of the cave. At this time, there would be a **** storm in the cave from time to time, which made people feel very uncomfortable.

The dog's nose looked normal, and he twitched his nose vigorously at the cave, and then said: "My god, the cave is winding and rolling, and the depth of the cave is probably more than thousands of meters. The location of the bear is probably, Walk about three hundred meters from the entrance of the cave, and at this moment the bear seems to be sleeping."

Then the dog's nose twitched a few more times and said, "At 300 meters, about ten meters away, the cave was divided into two and turned into two caves. One of the caves is still There are a few

mourners, which should be other mourners held by this mutant bear! And the other cave is about 500 meters ahead, gathering a large group of mourning bats."

Seeing the serious expression on the dog's nose, the female lost monkey immediately showed a shocked expression.

This dog nose hasn't been in this cave yet, but he was able to explain the general part of the funeral in the cave clearly, even the existence of the funeral bats.

The female wandering monkey couldn't help but glanced at the dog's nose more, and was more certain that Li Tian and others won.

Seeing the mother wandering monkey nodding her head, Li Tian knew that the dog nose must have made no mistake this time.

"Musage bats? Do you know what these mournings are related to mutant bears?" Li Tian asked the mother wandering monkey with some worry.

The female wandering monkey shook her head and said: "It's not very clear. I just heard that mutant bear said that there are other bereavements in this cave, but I don't know what this other bereavement is, nor do I know The relationship between the mourning bat and the mutant mourning bear. I think that the sum of those mourning bats should live in the same den with the mutant mourning bear, it doesn't matter!"

Li Tian didn't dare to take the conjecture of this mother wandering monkey seriously.

The strength of this mourning bear is already strong enough. In case the mother mourning monkey is wrong, when Li Tian and others are fighting the mother mourning bear, those mourning bats suddenly attacked, then Li Tian and others will inevitably suffer from the enemy. Everyone is in danger at that time.

Li Tian decided to enter the Sangxiong Cave alone, and to find out, if the Sangxiong could be drawn out to fight outside, it would be the best.

However, Situ Ningbing and Tang Xiaolong insisted on entering the cave with Li Tian.

Li Tian knows that Situ Ningbing's hermit killing technique is now improving, at least there is no problem with self-preservation, and Tang Xiaolong has already suffocated his anger, and wants to hone his ten-fold refinement on the mutant bear, so There is no objection.

"We will follow you too! If we follow in, the mutant bear will think that the three of you are the food we sent, and will take it lightly. When the time comes, you will have greater confidence in the sneak attack. Even if the sneak attack is unsuccessful, we I can also help deal with the lost bear!" said the mother lost monkey.

Li Tian nodded.

"However, I need to wrong you first. Every time we deliver food, we will tie up the human hands with trees, vines and straw ropes to prevent them from escaping." The female wandering monkey said embarrassedly.

Li Tian originally wanted to let Bai Jing, Xue Ji, Wei Wei and others lie in ambush outside, but then he wondered if there were other unknown creatures in the Qinling Mountains, in case they

encountered other creatures attacking. , Not to mention life-threatening, even if it's not good to be stunned.

So Li Tian took everyone else into the space of Void Yasha, and then Li Tian, Tang Xiaolong, and Situ Ningbing were symbolically tied with tree vines by these lost monkeys, and then the mother lost the monkey. Before, two thirteen-level lost monkeys walked into the cave.

When I first entered the cave, the sunlight from outside shone again, and everyone could see the road clearly through the sunlight, and then walked forward. After a hundred meters, the cave fell into darkness. Fortunately, Li Tian and others All of them are in the body, and it does not affect their sight.

Li Tian saw that there were already some decayed human clothes by the creek in this cave, as well as a few piles of dead bones. It can be guessed that these stray monkeys might have given this stray bear a lot of humans before Li Tian. Come in.

Li Tian looked at the three lost monkeys. In the darkness, the eyes of these lost monkeys turned crimson, just like small lanterns. They were not affected by the darkness.

The female wandering monkey seemed to have seen Li Tian's thoughts and continued to walk with her head down, without explaining.

Li Tian didn't mean to be in trouble. He continued to walk along the creek, probably less than fifty meters, and quickly reached the source of the creek, which originally flowed out from the cliff wall of the cave. A stream of clear spring.

At this time, the spring water dingdong, and the cool air is pressing.

If it were before the end of the world, it would definitely be a good place for many donkey friends to explore, but who would know that after the end of the world, this place has become your place for mutant bears.

At this moment, Li Tian suddenly felt the vortex of the nine-color corpse crystal on his chest violently turn, and transparent silk threads drilled out of the nine-color corpse crystal.

These transparent silk threads were like the tentacles of the nine-color corpse crystal, but a head came out and immediately retracted.

"Could it be that there are corpses here too?" Li Tian was puzzled.

Although he was bound by the tree and vine, Li Tian still moved his mind and brought "Red Zhan" out of the space of Void Yaksha.

"Om!"

As soon as the "Red Zhan" appeared in this cave, the blade shook suddenly. Immediately, the "Red Cutter Spirit" suddenly appeared in Li Tian's consciousness.

"Master Li Tian, there are corpses in this cave!"
