

## A Killer 3661

Chapter 3661: East Sea Sea Monster (4)

After Li Tian left the apron on the roof of the Donghai Building, Mo Jianyuan sat on the helicopter, closed his eyes and rested. The pilot on the helicopter wanted to chat with Mo Jianyuan several times, but Mo Jianyuan ignored him.

"It's so troublesome, when will this \*\*\*\* end-time era end?" Mo Jianyuan thought in his heart.

Mo Jianyuan remembered that before the end of the world, as a former mercenary soldier, he only needed to take one or two tasks every year, and he could earn a knife that would last a lifetime. Living in a mansion by the sea, roaming dragons and phoenixes all day long, there have never been fewer bikini chicks around.

But now, the bikini girl? Don't be kidding, there are no bikini zombies!

The pilot on the helicopter had already gone to chat with another pilot. The pilot felt very depressed with Mo Jianyuan. The aura of the top twelve powerhouses is not something ordinary people like him can bear.

Mo Jianyuan didn't even open his eyes, he still closed his eyes.

In this bounty hunter association, there are not many people who can stand Mo Jianyuan's temper. Mo Jianyuan is too lazy to pay attention to them, he has long been used to it.

Looking at the blue sky and white clouds outside the cabin, Mo Jianyuan thought of the white sandy beach under the blue sea and blue sky, the small arms and legs of the girl in bikinis on the beach, and of course the turbulent waves that trembled in front of his chest.

Mo Jianyuan stretched helplessly and said, "It's so troublesome! If there is no such kind of days, when is the end! I really hope that the end of the world will end soon, so that I have the opportunity to continue my unfinished pick-up. great cause!"

However, at this moment, the East Sea Building shook suddenly.

Mo Jianyuan immediately awakened from the lazy state just now, his eyes released a wave of spirit like a wolf, and his body suddenly jumped from the helicopter, rushed to the edge of the building, and then quickly I patrolled around the edge of the building and determined that the shaking of the building turned out to be a giant beast attacking the building underground.

The two helicopter pilots looked at Mo Jianyuan in horror.

Mo Jianyuan rushed into one of the helicopters and shouted: "Go! Go! Go! The building is in danger!"

He jumped on the helicopter and took off from the helicopter. Then Mo Jianyuan directly ordered the rocket to attack the giant beast downstairs. As for Li Tian in the smoke, this is the top of the fifty-sixth floor. He wants to be in the smoke. It is not easy to see a person's existence clearly.

Mo Jianyuan's judgment was that Li Tian and others should still be in the Donghai Building at this time.

Two rockets whizzed and flew towards the giant beast, and at this moment, two dark shadows flew out of the smoke and dust. The two dark shadows were the two tentacles of the giant beast. Only the tentacles were wrapped around the rocket.

"boom!"

"boom!"

Two rockets exploded in the air, and the tentacles of the giant beast were blasted open by the rockets, but this wound was completely negligible for the giant beast.

Seeing this scene, Mo Jianyuan couldn't help but frown. I am afraid that only the commander of the Saint Legion can deal with such a behemoth. As for the Supreme King Li Tian of the Bounty Hunter, he should not be an opponent.

"Go! Go to the apron on the top of the building where the Saint Army Commander is located!" Mo Jianyuan said.

...

The space of Void Yasha.

Suddenly appearing in this space, Xiao Qiuman and the three others felt shocked.

Is this the portable space in the fantasy?

Is it the bag of universe in ancient myths?

Xiao Qiuman thought she knew enough about Li Tian, but as the time with Li Tian got longer, Xiao Qiuman found that he didn't know Li Tian at all, and Li Tian seemed to be a treasure. Like a box, you will never know what kind of surprise Li Tian will bring out next time.

But at this moment, Li Tian suddenly entered the space.

Seeing Li Tian's whole body wrapped in a layer of white bone armor, his whole body exuded a powerful aura, Xiao Qiuman, Gu Liang Hongtu and Zhang Ming had no idea how to describe their shock.

After a while, Xiao Qiuman recovered, and said to Li Tian, "Master Li Tian, why did you come in? That giant...?"

After entering the space, Li Tian controlled "Hong Zhan" and revealed his face.

Hearing Xiao Qiuman asking him about the giant beast, Li Tian's face immediately showed a trace of anger, and said displeased: "I'm fighting the giant beast, and the \*\*\*\* Mo Jianyuan used a helicopter to attack the giant beast. Beast! Fortunately I have this space, otherwise I will be blown to death by that bastard!"

Xiao Qiuman was taken aback by Li Tian's words. It is really fortunate that Li Tian could enter this space, but Xiao Qiuman still has a certain understanding of Mo Jianyuan, and then said in an extremely weak voice: "I think Mo Jianyuan probably didn't see Master Li Tian, otherwise he would definitely not order the rocket launch!"

"I know! If he dared to know that I was fighting a giant beast, and dared to launch rockets, I must make his \*\*\*\* chrysanthemum wounded!" Li Tian said indignantly.

"Li, what's the strength of that giant beast?" Situ Ningbing knew that to continue the discussion on this topic, it was nothing more than Li Tianduo getting angry and venting his anger. It would not help the fight outside, so he hurriedly changed the topic.

Li Tian said: "The behemoth is more than ten meters tall. The behemoth is like a hill in front of us, because the behemoth is too big and it is not easy to start. Moreover, the defensive power of the behemoth Super high, my Red Slash hasn't broken the defensive power of that monster!"

"What... Brother Tian, your Hong Zhan can't break through that monster's defense?"

"That's right! The behemoth's level is conservatively estimated to be at the eighteenth level of the zombie, or maybe even higher!" Li Tian said.

Everyone is silent, and the strength of the eighteenth level of the zombie is no longer something they can participate in!

"For the eighteenth-level funeral, ordinary artillery and rocket attacks are completely ineffective. Maybe you should wait for the commander of the Holy Army. Maybe only the commander of the Holy Army can be the opponent of this giant beast!" Xiao Qiuman and others People thought.

After a few seconds, the barbarian said: "Brother Tian, the wall of East Sea City should have been destroyed by the giant beast? What kind of beast is that beast?"

"From the perspective of my fight with the giant beast, the giant beast also has tentacles, which are somewhat similar to the tentacles of the octopus zombies we have just fought, and I smelled a very strong smell of sea water on this giant beast. It's octopus or squid from the ocean." Li Tian said.

Seeing some worried expressions on everyone's faces, Li Tian smiled slightly and said, "It's just an eighteenth-level bereavement. Don't panic, just watch Brother Tian, I'll kill this bereavement for you. Dear Captain Di to eat as a sizzling squid!"

Chapter 3662: True colors (1)

It's easy to say, but it's hard to get to the sky. .

Upon hearing what Li Tian said, Xiao Qiuman, Gu Liang Hongtu and Zhang Ming all looked at Li Tian.

"Lord Li Tian, the strength of that giant beast's deceased is strong. If... I mean, if the sire is not sure, then don't do it! If the sire can kill the dead of level 18 and above, it will be a bounty hunter For the Association, it must be a very glorious thing. But if there is something wrong with each other and the adults have any accidents, then for our Bounty Hunter Association, it will be a great loss!" Xiao Qiuman Said very sincerely.

It can be seen that the current Xiao Qiuman is sincerely considering Li Tian and the entire Bounty Hunter Association.

Li Tian nodded slightly to Xiao Qiuman and said, "I know!"

Seeing Situ Ningbing and other people like Li Tian seemed full of confidence in what Li Tian said, they didn't say Li Tian, Xiao Qiuman knew that Li Tian had other abilities that he hadn't fully demonstrated to them, right!

While talking with Xiao Qiuman, Li Tian was already communicating with Di Xing Yacha and Feitian Yacha attentively.

"Earth travel Yasha, Feitian Yasha. Today I will kill this behemoth anyway. You know my strength. I can hardly do it with my personal ability. Now, it's up to you two. !"

"Hey, Dixing, how do I feel that we are on a thief ship? It's really unsatisfactory to meet people, and we will meet such a brazen master." Feitian Yasha said.

Dixing Yasha nodded, then shook his head quickly, and said, "I can't say that to our master. After all, his ability is limited and his strength is ordinary. He can think of our three important people in a critical moment. This shows that he is still Saved! Since you are so unwilling, let me deal with this behemoth this time!"

Feitian Yasha was unwilling at once, and he smiled and said, "How can this kind of heavy work be done by a lady, or leave it to me! Just let me move my muscles and bones!"

"Don't you know that the lady is the priority? This time I should be the one to play. As for you, your strength has not fully recovered from the last battle with the Guardian zombies in Beitang, so just continue to rest!" Said without mercy.

In fact, these three Xiaoyashas are only expressing strong dissatisfaction with Li Tian in their mouths, and in fact they still particularly approve of Li Tian. And being able to stand up and fight side by side with Li Tian at a critical juncture, these three Xiaoyasha's privately boasted capital.

In the end Feitian Yasha still fell into the battle and agreed to help Li Tian fight with Dixing Yasha, and Feitian Yasha also made it clear that if Dixing Yasha could not win, then he would take the initiative to attack.

Li Tian appeared again in the square of Donghai Building.

There were fragments of rocket bombs scattered all over the square. It seemed that the rocket bombs really had no effect on the beast. Looking up, the helicopter in the sky had already disappeared without a trace. It should have found another place to land.

And the behemoth is still hitting the East China Sea Building.

At this time, the large area in front of the East China Sea Plaza had been completely destroyed by the giant beast, and the glass and broken stones on the upper floors of the East China Sea continued to fall down. On the wall of Donghai Building, some tiny gaps have begun to appear.

If the beast is allowed to hit it again, then the East China Sea Building will definitely collapse within a few hours.

Li Tian has a new understanding of the power and destructive power of the giant beast.

The East Sea City has now been destroyed, the entire East Sea City has become a dead city, and the current East Sea Building is for Li Tian. There is not much practical meaning anymore.

Li Tian only thought about \*\*\*\*\* this \*\*\*\*\* behemoth.

Li Tian's appearance made the behemoth alert, and then the behemoth rushed towards Li Tian roaring.

Li Tian did not move, his mind moved, controlling "Red Slash" and Nine Color Corpse Crystal, first covering his face completely with bone armor, and then Li Tian's feet were tapped on the ground continuously, and his body continuously moved back. go with.

The behemoth roared angrily, as if it was despising a coward like Li Tian who didn't dare to fight but only knew to escape.

Li Tiansi didn't care, despise it, and now my strength has not reached the level of eighteenth-level zombie.

Seeing Li Tian retreating continuously, it seemed that there was no fighting at all. The giant beast chased for a while and then turned around to go back and continue to hit the East China Sea Building.

As of now, the giant beast is still covered by smoke and dust, and Li Tian can only see a general appearance. Before he could see what his opponent was like, how could Li Tian easily turn this behemoth and walk back.

Li Tian chased it back more than ten meters with two teleports in a row, and then facing the body of the giant beast, his right hand was constantly bombarding the broken soul palm.

"boom!"

"boom!"

"boom!"

This palm can slap the broken soul palm of the fourteenth-level zombie on the body of the giant beast, probably like a mosquito biting an elephant, but as Li Tian's broken soul palm continues to blast, then The smoke and dust around the body of the beast's beast gradually began to drift outward.

"Wow!"

The giant beast could not bear Li Tian's harassment, and released a few tentacles. Those tentacles were like black lightning, shuttled in the smoke and dust, and quickly attacked Li Tian, and Li Tian's feet exerted force again and moved back. After retreating more than ten meters, Li Tian still kept showing his soul-breaking palm at the bereavement as he retreated.

After repeating this, about five or six times, the beast's beast suddenly became angry.

"Wow!"

The beast roared, the huge body quickly rushed towards Li Tian, but Li Tian kept backing away.

However, Li Tian needs to grasp a certain degree every time he retreats, that is, the distance between Li Tian and the beast cannot be too close. Too close, the tentacles of the beast can attack Li Tian, but also cannot be too far away. , If it is too far away, the giant beast will lose interest in chasing Li Tian.

Li Tian now seemed to be a carrot hanging in front of a donkey. For the beast, it seemed that he could attack Li Tian as long as he worked harder, but he was only one step short each time.

As the smoke and dust gradually dispersed, and as the body of the giant beast continued to move out of the smoke and dust, the original features of the beast's funeral gradually appeared in front of Li Tian.

"Are you finally coming out? Let me see what the \*\*\*\* you are, you can knock down the walls of East China Sea City, and you can still crash the East China Sea Building." Li Tian thought in his heart.

"Wow!"

With a roar, the body of the beast beast rushed out of the smoke and dust. Seeing the appearance of the beast beast, Li Tian couldn't help feeling a twitch in his heart.

What is this Nima!

Chapter 3663: True colors (2)

This giant beast was completely a freak, and it was a freak made by man.

The body of this giant beast is mainly composed of several parts. The upper part is a huge whale, which is a complete huge blue whale. The body of this blue whale alone has reached nearly 30 meters. Under the blue whale's abdomen, eight tentacles were artificially added. Each of these eight tentacles has the thickness of a bucket and is more than ten meters long.

And the huge body of this blue whale is dark, with crisscross scars all over the skin, as if this blue whale has experienced countless battles, the bottom of the blue whale's abdomen is connected to the eight tentacles. All connections are made of pure steel forged steel plates.

It is no wonder that such a huge body, if you want to stitch together perfectly, it is impossible to complete with needlework.

What surprised Li Tian even more was that the upper part of the blue whale's abdomen had a row of small holes on the left and right, and there were glass windows on the two rows of small holes. The whole body of the blue whale seemed to be a family. Air planes are average.

Li Tian felt that some of his brains were not enough. Is this bereavement still alive after such transformation?

The funeral immediately responded to Li Tian with his attack.

The four tentacles carried the huge body and moved quickly towards Li Tian, while the other four tentacles smashed towards Li Tian from four different directions.

Li Tian kept teleporting to avoid the beast's attack, and from time to time he used Broken Soul Palm to fight back.

But Li Tian's broken soul palm is like a millet plus a rifle, hitting the behemoth beasts is like smashing a tank with stones. It is obvious that he has more than enough energy to deal with this behemoth.

Fortunately, it was not the first time that Li Tian had fought this kind of monster, and Li Tian's teleportation acceleration was not at all that this kind of monster beast could chase after. This giant beast is not the equivalent of the Immortal Emperor Li Tian encountered in the Qinling Maze.

The Li Tian chased by the Immortal Corpse Emperor was scurrying through the Qinling Labyrinth, and Li Tian was injured because of this, and finally had to rely on the Void Yasha's Void Blade to kill the Immortal Emperor.

Although the beast's deceased completely suppressed Li Tian, Li Tian could easily avoid it. Li Tian had no choice but to take the beast's deceased, and the beast's deceased had nothing to do with Li Tian. For a while, Li Tian and this The funerals were evenly matched.

However, Li Tian was still retreating, and the giant beast had already chased a distance of a thousand meters without knowing it.

However, at this moment, the two rows of small windows above the blue whale abdomen opened automatically one by one, and the black muzzles and muzzles slowly protruded from the small windows, and then they aimed at Li. day.

"Da da da!"

After those muzzles were ejected, they immediately started firing, and rows of bullets swept toward the ground, and bullet holes were immediately punched out on the concrete floor.

"boom!"

A shell flew out of the muzzle and landed less than ten meters behind Li Tian and exploded. In an instant, a large pit with a diameter of more than one meter was exploded on the ground.

Bricks, stones and cement blocks splashed all over.

Although Li Tian kept showing his teleportation, a small cement block of basketball hit Li Tian's head heavily.

"Om!"

Li Tian only felt his head dizzy, almost unsteady on his feet.

Fortunately, Li Tian's whole body is covered with bone armor. At this stage, this bone armor can withstand the full attack of the 14th and fifth-level mourners at will. Even the 17th and 8th mourners can't break open with one blow. The defense of Li Tianbai bone armor.

Being hit on the head by this huge cement block, Li Tian only felt discomfort for a moment.

"Fuck! This Nima is still a funeral? This is clearly a battleship that has been transformed! There should be other funerals or humans hidden in the body of this giant beast funeral, just like a ship with combat effectiveness. Transport ships. Use this thing to attack the city where humans live today. As long as you don't meet the masters of the legionnaire or the top 100 players in the Forbes competition, you don't have to worry about being destroyed!" Li Tian thought in his heart.

Suddenly, Li Tian felt a strong anxiety in his heart.

No, there may not only be one such giant funeral.

The zombies appearing inside and outside the East Sea City are basically low-level zombies, and there are not many high-level zombies that can exceed level 9.

If there was just such a giant beast, it would not be possible to capture the entire East Sea City. This East Sea City has the headquarters of several first-class legions. Although those legions are not the top ten legions, their commanders are not strong enough. Will be weak enough to allow this huge beast to kill in seconds.

Moreover, in just half an hour, the entire East Sea City had lost contact with Kyoto City. Couldn't the members of these regiments resist even half an hour?

Will the giant beast in front of me be just one of them, and will there be other giants?

Li Tian's eyes looked around vigilantly. Except for the sound of Li Tian and the behemoth's battle, which continuously attracted other zombies to come by, no other zombies were seen.

"Is it because I guessed wrong? Or did the other bereavements have been withdrawn into the sea?" Li Tian thought in his heart.

As the guns and artillery in the body of this giant zombie were put into battle, Li Tian would be hit by the splashing bricks from time to time, and bullets would sweep Li Tian from time to time.

Although it will not hurt, but the pain is real.

No, if you want to solve the mystery of happiness, you have to kill this beast here!

Now the place where Li Tian and the giant mourning beast fought was about two to three kilometers away from the square of the East China Sea Building. It seemed that Li Tian was beaten back by the giant mourning beast.

However, this was Li Tian deliberately.

Li Tian's goal is to unknowingly bring this behemoth to an area away from skyscrapers. After all, there are underground parking lots or underground shopping malls under the skyscrapers. For Dixing Yasha, she has no choice in those areas. Use her abilities.

Walking the Yaksha indifferently can also use the quicksand storm, but it is not yet time to perform this quicksand storm, after all, this giant beast is not the Immortal Emperor.

"boom!"

Another shell fell on the ground, plunged directly into the ground, and then exploded.

This time, it was not a block of cement that splashed up from the explosion. It turned out to be sand. The cement floor was like a thin layer of ice that was hit hard, and instantly began to split, exposing a sea of sand under the ground.

And Li Tian and the giant beast fell into the quicksand together.

This is the quicksand trap of Dixing Yasha!

Chapter 3664: Quicksand trap

The moment Li Tian fell into the quicksand, he cast several teleports in succession. ,

I saw Li Tian's body flashing quickly on top of the quicksand, as if he was performing a light effort. A few seconds later, Li Tian had already landed on the ground several hundred meters unexpectedly.

The total area of this quicksand trap is nearly several thousand square meters. It was completed by Li Tian during the time when Li Tian contained the beast and funerary. In this quicksand trap, there is also an Earth Yaksha that controls the flow of quicksand. Falling into the quicksand, almost don't even think about escaping from the quicksand, just waiting to be swallowed by the quicksand.

After the beast fell into the quicksand trap, the eight tentacles whose body was continuously descending along with the quicksand kept dragging the quicksand, roaring incessantly, as if cursing Li Tian as a despicable villain.

For this rant, Li Tian smiled coquettishly.

In battle, IQ is sometimes used. You can fall into such a simple trap. Are you a pig?

"Master Li Tian, now I have controlled this behemoth beast with a quicksand trap, but the strength and strength of this beast is really too strong. Every time this beast twists its body, it wants to escape from here. , I need to do my best to control the quicksand to restrain it. Master Li Tian, this is not a long-term solution. It is better to let me launch a quicksand storm and turn the entire city into a desert. In this way, this behemoth will not even think about it. Escaped!" Dixing Yasha said.

However, Li Tian also understood that even if the beast's deceased is now controlled by a quicksand trap, it is not a long-term solution. Once the ground yaksha leaves the quicksand, this quicksand trap will affect this giant tens of meters high. It's not a problem at all for beasts.

But wanting to kill the funeral is not a simple matter.

The defensive power of that giant beast's funeral is too sturdy, even if the "Red Slash" can't break the defense, \*\*\*\* it?

Li Tian suddenly thought of the body of the beast.

Just like Li Tian, Li Tian's body is now covered with a layer of bone armor. This bone armor can't be pierced by guns and shelling is not bad, but it does not mean that Li Tian himself is also the same.

The same is true for this giant beast mourner. As long as it enters the body of the giant beast mourner, it is like Monkey King enters the belly of an elf, and that is not let Li Tian slaughter it.

Thinking of this, Li Tian communicated with Xingyacha in his heart, and jumped into the quicksand.

As the quicksand of Di Xing Yaksha flowed, Li Tian's body soon appeared near the head of the beast, and then Li Tian was waiting for the time, thinking about getting into it through the mouth of the beast. In the body.

At this time, even though the beast was unable to get rid of the control of the quicksand, as the beast's body twisted and moved away, the deeper it plunged into the quicksand, and soon the quicksand had completely submerged the beast. The eight tentacles under the bereavement, even most of the blue whale's body have sunk in.

"boom!"

"boom!"

"boom!"

Knowing that the beast was unable to escape the quicksand trap with its tentacles, the muzzles on both windows fired at the same time. These shells fell into the quicksand, there was a violent explosion, and the sand exploded in the quicksand trap flying all over the sky.

However, all this does not help.

As long as the ground travel yasha is in this quicksand, how can this little firepower blow up the sand in the ground travel yasha's quicksand trap? How could the beast beasts escape?

Sure enough, after a round of artillery attacks on the beast's beast, the body of the beast's beast plunged into the quicksand again. At this time, the quicksand was almost in the beast's beast's mouth.

"Wow!"

The beast's beast let out an unwilling roar, and its mouth opened completely. With the roar of the beast, the quicksand in front of the beast's head was blown a lot. It seems that the roar of the beast can blow away the quicksand near its head, but the truth is diametrically opposed.

These quicksands are a clockwise swirling vortex that keeps spinning downwards. Even if the beast can blow away the quicksand in front of his mouth, it will be rotated by the side in an instant, filling it and being blown away. The vacancies in the sand.

"Fool, thinking about fighting with me, huh! In this quicksand, I am the absolute master!" Dixin Yasha continued: "Master Li Tian, wait here for a while, wait until the next time this giant When the beast roars, you will send you up."

"Good!" Li Tian said.

At this moment, Li Tian was in the quicksand, his eyes closed tightly.

Although in the vortex of quicksand, but because of the existence of the Yaksha, Li Tian's body has always stayed in front of the beast's beast's mouth, without any deviation.

Now Li Tian is like a leopard hunting, waiting for this opportunity.

"Wow!"

The beast screamed again.

Li Tian's eyes opened suddenly, and then his body rushed out of the quicksand like an arrow, and flew towards the mouth of the beast.

A strong wind blew from the mouth of the behemoth beast, and Li Tian's figure was also affected by this strong wind after it emerged from the quicksand.

However, Li Tian's figure flickered a few times, and it teleported in before the beast's beast's mouth closed.

The roar of the beast's funeral stopped, and the huge mouth slowly closed, and the surrounding darkness instantly fell. This darkness may be fatal for ordinary people, but for Li Tian, it is not affected at all.

Li Tian quickly moved inward along the trachea of the beast's funeral. As he continued to advance, Li Tian could smell a strong pungent stench from the funeral's body.

About seven or eight meters away, there was suddenly some light in front.

Li Tian speeded up a few steps and walked over, only to see that there was a lamp on the organ of the beast's beast, and this light was emitted by this lamp.

Under this lamp, on the wall of the organ of the beast's beast, there was a stainless steel door with a height of one person. Although this door had undergone strict anti-rust treatment, at this time the door was still rusty.

Regardless of three or seventy-one, Li Tian directly used "Red Zhan" to cut a hole in the door that could accommodate Li Tian, and then Li Tian kicked the entire door away with a strong kick.

Li Tian got into this door, but found that after entering from here to the door, the inside was no longer the internal organs of the beast, but a fairly tidy passage. This passage is also made of steel, winding and stretching into the distance.

And at this moment, there was a burst of rapid sirens in this passage, and then the voice of a ghost from the Eastern Island Kingdom followed.

"If someone breaks in, it doesn't matter if you kill it!"

Chapter 3665: Inside the beast

Li Tian could not understand this bird language, but the tone gave Li Tian a very uncomfortable feeling.

Now that he is here, how can Li Tian be polite.

I saw Li Tian slam "Red Cut" into the passage, and then quickly ran towards the distance of the passage. As Li Tian ran, the passage made of steel immediately seemed to be painted with paint. A huge hole was cut.

As soon as the opening was opened, some dark mucus continued to flow in along the opening, and it seemed that the body of the bereaved was really outside the passage.

This passage is not a straight line, it ran for about ten meters, and suddenly two mourners appeared in front of it.

These two zombies are almost the same as the octopus zombie Li Tian encountered in the East Sea Building. The lower part of the body is the octopus tentacles, and the upper part is the human body. The difference is that the two zombies are left behind. There are human arms.

Moreover, the levels of these two octopus zombies were obviously weaker than the one Li Tian encountered in the East Sea Building, and it felt as if there were only about twelve-level zombies.

The moment they saw Li Tian, the two octopus zombies rushed towards Li Tian, their two arms immediately transformed into two bone spears and pierced Li Tian, but the tentacles of his and their lower body were smooth. The ground tangled in Li Tian's footsteps.

Facing the octopus zombie again, Li Tian did not panic at all. He saw Li Tian teleport and appeared directly behind an octopus zombie. With a wave of "Red Slash", he slammed into the octopus zombie. In the head.

"puff!"

The black mucus kept flowing down the octopus zombie's head. Li Tian stretched out his left hand and directly grabbed the octopus zombie's head. With a strong pull, a zombie's corpse crystal fell on Li Tian's. Hands.

The lower body of the octopus zombie was still moving forward, and his body had fallen to the ground, and he had been dragged and walked forward for about two or three meters before it stopped.

"This is dead? Don't these tentacles of octopus zombies have immortality attributes? Even if the corpse crystals are taken, will they still move on their own?" Li Tian thought to himself.

When one met, one of the octopus zombies was chopped off, and the face of the other octopus zombies was obviously horrified, and he shouted angrily: "Ba Ge Ya Lu!"

Ba you sister!

Li Tian once again cast a teleport to the octopus zombie with its mouth full of dung.

"Huh!"

A red light flashed, and the head of the octopus zombie was directly cut off, and it rolled on the ground a few times.

"idiot!"

The head was still cursing Li Tian, and Li Tian showed a slight sneer at the corner of his mouth, walked over slowly, stepped on the head of the zombie, and smashed the head directly.

The tentacles of the octopus zombie even attempted to entangle Li Tian's body, but they had been entangled for less than a second. As the zombie's head was trampled on and the corpse crystal was taken away by Li Tian, the octopus The tentacles seemed to have lost power, and fell softly to the ground.

At this time, Li Tian suddenly received a message from Dixing Yasha.

"Master Li Tian, the size of this behemoth funeral is too huge, and I am already a little powerless to control the quicksand trap!" Dixing Yasha said.

"Okay, now I have entered the body of this bereavement. The defensive power in this bereavement is far less rigid than the outer shell. You can remove the quicksand trap." Li Tian said.

As Di Xing Yaksha removed the quicksand trap, Li Tian suddenly felt the giant beast shaking violently, and the passage suddenly turned into a slope. The corpses of the octopus zombies that had just been beheaded continued to slide down the slope.

Probably this behemoth is breaking free from the quicksand trap.

Li Tian inserted "Red Zhan" into the ground of the passage, and then pulled it hard, sliding down the \*\*\*\* continuously. The dark mucus kept flowing from the opening Li Tian opened.

But just after sliding less than seven or eight meters, the passage suddenly became flat again. It should be that the beast's beast had escaped the quicksand trap.

Then, Li Tian felt that the passage was constantly shaking slightly, as if the train was shaking when it was moving.

At this time, Di Xing Yasha suddenly appeared in the space of Void Yasha, and said to Li Tian: "Master Li Tian, that giant beast ran away, towards the sea!"

"Let him run! The monk can't run to the temple if he ran, anyway, I am now in the body of this beast!" Li Tian said.

As soon as Li Tian's words fell, dozens of octopus zombies suddenly emerged from the channel. The levels of these octopus zombies were not high, and were of the same level as the two octopus zombies killed by Li Tian just now.

In this narrow passage, so many octopus zombies suddenly appeared, if they were replaced by others, they would have already been terrified.

But Li Tian laughed suddenly, first slightly, then loudly.

With Li Tian's laughter, he saw Li Tian's left palm continuously shoot out broken soul palms.

After cultivating the second layer of Qingyun, the power of this broken soul palm can kill fourteenth-level zombies with one palm. Naturally, these twelfth-level zombies will come out one by one. It also takes a while to find the dead body in the body.

But these guys rushed out together, how could Li Tian miss such a good opportunity to use Broken Soul Palm.

"boom!"

A broken soul palm blasted out, and the three octopus zombies rushing in the front were shot. Two of the octopus zombies died on the spot, and a large hole was also blasted into the body of the other octopus zombies.

"boom!"

Another broken soul palm blasted out. This time the broken soul palm exploded in the gaps between the bodies of seven or eight octopus zombies. The violent impact force of the explosion broke the seven or eight octopus zombies to pieces. These seven or eight octopuses None of the zombies are complete.

But the sad thing is that none of the seven or eight octopus zombies were dead, and then they saw the pile of stumps and broken arms squirming on the ground.

"boom!"

Seeing Li Tian so brave, in an instant, ten octopus zombies were either killed or shattered. The octopus zombies rushing behind turned around, trying to escape, and Li Tian's broken soul palm was again After they turned around, there was an explosion behind them, and three or four octopus zombies were blown to pieces.

Cool!

Li Tian hasn't been so cool for a long time!

When killing those domestic zombies, Li Tian would inevitably think that these zombies were once his compatriots after all, but killing these octopus zombies, these non-human Dongying devils zombies, Li Tian did not feel the slightest guilt.

Li Tian took out all the corpse crystals of those octopus zombies one by one, and then continued to walk towards the passage.

Chapter 3666: Revenge Boy (1)

As early as when they first entered the space of Void Yasha, Xiao Qiuman and the three of them were keenly aware of the existence of Void Yasha. , It's just that the Void Yasha seemed to be in low

spirits, lazily hiding aside, Xiao Qiuman and others did not know the true identity of the Void Yasha, and more of them regarded the Void Yasha as Li Tian's little pet.

Soon, Dixing Yasha and Feitian Yasha also entered the space of Void Yasha.

Seeing these two little Yashas, Xiao Qiuman immediately realized that these little things are probably not as simple as pets.

After Di Xing Yasha appeared in the space of Void Yasha, Situ Ningbing immediately held it up and put it on her shoulder, and then asked with a worried look: "How is the situation outside now? Li Tian Does it matter?"

Dixing Yasha smiled slightly and said, "You can rest assured! With the cooperation of Master Li Tian and I, Master Li Tian has now entered the belly of the behemoth beast, and there is nothing safer than that place! "

"Wh...what? Did Brother Tian be eaten by that giant beast?" The Barbarian raised the Azure Dragon Sword in his hand and asked anxiously.

"What does it mean to eat? It was Master Li Tian who said that the defensive power of the beast was too strong, and he needed to break through from the inside to slay the beast, so he took the initiative to enter the beast. In the body! And, the beast is not what you think it is, it...it..." Jixing Yasha wanted to describe the appearance of the beast in her words, but she thought about her for a long time. But did not say it.

For Di Xing Yasha, the size of the giant mourner was too large, just like a mountain.

Then Di Xing Yasha talked about how she and Li Tian cooperated with the quicksand to trap the giant beast, and then how to get Li Tian into the body of the giant beast.

At this time, Xiao Qiuman and the three of them were completely shocked, not only because Li Tian had already got into the belly of the beast, but also because of the special abilities described by Di Xing Yasha.

This made Xiao Qiuman and others immediately think of the abilities that Li Tian showed during the Forbes power competition.

Are these three inconspicuous little things responsible for making quicksand and teleportation?

Where did Li Tian find these three little things?

But at this moment, a figure suddenly appeared in the space of Void Yasha, but it was Li Tian.

"Brother Tian? What's the situation outside? What's the inside of that giant beast?" Barbarian and Dog nose immediately surrounded Li Tian and asked Li Tiandao.

"Li, how is it? Are you sure?" Situ Ningbing and Xue Ji also asked.

Li Tian nodded and said: "There are other things in this giant beast zombie, and there are many zombies in this giant beast zombie. I have already encountered several groups of zombies. The number of zombies is too great. Many, but fortunately, their level is not very high, the highest zombie level is about twelve, so I will take you out to fight together."

"Okay! Suppressed by this giant beast, I can't breathe, my Azure Dragon Sword has already reached the brink of rage!" The Barbarian said excitedly.

The faces of Situ Ningbing, Xue Ji and others also had some excited expressions. After being suppressed for so long, they hid in the space of Void Yasha like a tortoise with a shrunken head, making their hearts very angry and suffocated. Qu, now Li Tian is taking them out to fight, how can their hearts not be excited.

Only the dog nose showed a somewhat scared expression on his face, and said tremblingly: "My God, you actually know me, I am not afraid of death, and it is mine for me to detect such things. Strengths, but now I have a cold, my nose is blocked, and I can't fully display the strength of my dog's nose. If I stay here, I will cause trouble for everyone, so..."

"I know, you can rest at ease! When you behave!" Li Tian patted the dog's nose on the shoulder and said.

The dog nose is not the main force in the battle, and it is impossible for Li Tian to use the dog nose to participate in the battle.

"Huh!"

"Huh!"

Several figures appeared in the body of the behemoth, Li Tian brought out Situ Ningbing, Xue Ji and others, and Xiao Qiuman.

"This...is this the body of the beast? I didn't expect it to be like this. If we didn't know that we were in the body of the beast, we wouldn't have this feeling at all, but it was like in the room. The same." Barbarian said.

"Yes, it seems to be in the room! The body of the beast was completely hollowed out, and then someone deliberately transformed the beast's body into a movable fort. Now you should be able to feel that this giant beast is running wildly now. This giant beast is going to the sea. If we don't want to enter the sea and become food for fish and shrimp, then we hurry up!" Li Tian said.

"Good!" everyone said in unison.

"Now I'm trying to find a way to go to the head of this behemoth beast, and dig out the beast's crystals, while the rest of you are doing all you can to kill the other zombies in this beast!" Li Tian commanded.

Everyone nodded slightly, and then they moved quickly into the passage under Li Tian's leadership.

After walking along the passage for less than three meters, the passage suddenly had a 90-degree corner.

Turning around the corner, there are two roads in front of you. One of them is the same passage just now, winding and winding, I don't know where it leads, but the traces left on the ground can be seen. The octopus zombies just came from Escaped in that passage.

The other road turned out to be a steel-welded staircase. The height of the staircase was about less than two meters. Standing at the top of the staircase, Li Tianneng could see that the top of the staircase was blocked by a pure steel door.

Li Tian arranged for Barbarian and others to continue to hunt down the octopus zombies along the passage, while Li Tian walked up the stairs alone.

When he reached the end of the stairs, Li Tian used "Red Cut" to directly break in.

After entering, Li Tian thought whether he had gone in the wrong place.

Behind this door turned out to be a huge space with a total area of more than tens of square meters. That's right, this area of the beast's beast was completely hollowed out, leaving only some white bones like pillars in this space.

And this space has been decorated quite luxuriously. The carved patterns on the white bones and exquisite wallpapers are pasted on the surrounding walls. The luxurious furniture is everywhere in this space. Of course, the most surprising thing is this room. In the two areas, one area is full of bookshelves, all of which are placed on comic books, and the other area is all computer equipment.

At this time, the pictures on those computer devices included scenes of barbarians and others fighting with octopus zombies, as well as pictures outside of zombies, just because the beasts and zombies were running fast, the paintings all flashed past.

Li Tian saw a luxurious sofa placed between these two areas. A teenager who seemed to be only fifteen or sixteen years old with long hair. This teenager was sitting with a lollipop in his mouth and his legs crossed. Above this sofa.

Even though Li Tian had walked towards him slowly with the red sword in his hand, the young man still had no fear at all, but raised his head to face Li Tian with a bright smile, and said to Li Tian, "Welcome to my world!"

Chapter 3667: Revenge Boy (2)

There is nothing wrong with this bear kid's brain, is he still smiling when he is dying? By the way, what does this bear kid say is a fluent Chinese? "Li Tian suddenly realized that the boy in front of him was actually speaking Chinese...

"Presumably your heart is still full of all kinds of confusion, right? As the first person to see me and me, I can answer a few questions for you! If you have any questions, just ask!" The teenager was very confident. Said.

Li Tian didn't speak, and still walked slowly towards the boy.

Seeing that Li Tian didn't mean to ask the slightest question, the young man showed a boring expression, made a helpless gesture, and said to himself: "Hey, you are so boring like an uncle! Don't you feel strange Is it? Such a huge beast is controlled by an unremarkable young man like me?"

Indeed, when he heard the sound of the sirens, Li Tian thought it was a thirty or forty-year-old uncle who was controlling the beast's beast, but he did not expect it to be such a kid.

What happened to Nima in this world? A little kid can control such a powerful beast, and this prevents people like Li Tian from living.

Li Tian walked up to the young man expressionlessly, and put "Red Zhan" on the young man's shoulder.

"Hey, hey, in fact, you don't have to put this blade on my neck. You should also be able to feel that I am a young man without the power of a chicken, and I will not pose the slightest threat to you!" There was no panic on his face, and he said calmly.

But Li Tian didn't remove the weapon. He looked at the boy coldly and said, "Are you from Dongying?"

The boy jumped up suddenly, and said with indignation: "You are from Dongying, and your whole family is from Dongying!"

"Then when I just entered the body of this giant beast, didn't you make the alarm sound? Also, aren't the octopus zombies outside from Dongying?" Li Tian asked.

"Yes, but it doesn't mean that I am from Dongying. Uncle, haven't you learned a foreign language? Hey, it's terrible to have no culture!" The boy said helplessly.

Li Tian was mercilessly mocked by this young man. Li Tianqiang resisted the attack and asked, "How do you explain those octopus zombies? Can zombies also learn foreign languages?"

"This is a very good explanation! As everyone knows, this East Sea City originally had many Dongying and Southern Dynasties before the end of the world. After the end of the era, they all became zombies, and some of them became high-level zombies. These high-level zombies were I caught it and transformed it into an octopus zombie, naturally they will also speak Eastern dialect!" said the boy.

Li Tian still couldn't believe it.

Could it be that a fifteen or sixteen-year-old boy can capture the entire East Sea City?

Even a domestic top ten army may not have such courage and courage!

"Even if what you say is true, why are you attacking East Sea City? What is your real purpose?"

Li Tian thought of the tragedy of East Sea City, and his heart was suddenly full of anger.

When speaking this time, Li Tian involuntarily released his murderous aura, and the "Red Zhan" in Li Tian's hands accidentally cut a small hole in the young man's neck.

Blood immediately flowed from this wound. The young man turned his head to look at the sore wound in his neck, but his eyes fell only on his shoulder. Then the young man stretched out his index and middle fingers to touch the wound. For a moment.

"Blood! That's great!" The young man said to himself, looking down at the blood on his fingers.

Then the young man suddenly raised his head, looked at Li Tian, and said, "Isn't it? It's a kind of happiness to be able to bleed in the last days. That means you know you haven't become a zombie! This is the most popular sentence in Donghai City. And it was this \*\*\*\*\* talk that caused me to lose my most important brother, my brother who is dependent on each other!"

The expression on the young man's face suddenly became savage, and he shouted to Li Tian, "Isn't the last days an era when meat is forced to eat? This is the truth that the commanders of the big legions in this East Sea City told me! Since mine is mine! My brother's life is a victim of the weak and the strong. Why can't this East China Sea be a victim of the strong and the weak?"

"Yes, you guessed it, this East Sea City is the one that controlled the attacks of these beasts in the sea!"

"How about? Very powerful, isn't it? Do you want to join hands with us, we can conquer the entire East Sea City, the entire country, and the entire world!"

"As long as there are zombies in this world, we can transform countless octopus zombies, squid zombies, cuttlefish zombies, and even more monsters and zombies!"

The young man screamed at Li Tian, as if he wanted to release all the anger in his heart by screaming, but the young man started to cry as he spoke.

This is a true expression of emotion, definitely not a pretense or performance.

Li Tian put the "Red Cut" away and looked at the boy calmly, letting the boy vent his anger to his heart.

"Tell me about your brother!" Li Tian sat on the sofa, looked up at the ceiling of this space, and said calmly.

The anger on the boy's face gradually turned into a puzzled expression. He stopped crying, but still sobbed slowly, and then began to talk about the miserable life of him and his brother in Donghai City after the end times.

The story is very simple. With the advent of the end times, the teenager's parents and relatives have become zombies, and only he and his younger brother who is two years younger than him escaped.

After Donghai City was recaptured by the human legions, the boy began desperately using his ability to make money to feed his younger brother. However, unfortunately, his younger brother was wounded with a knife by one of the army commander's children.

This wound is not fatal enough for ordinary people, but this boy's younger brother suffers from hemophilia. In the end times, if there is no timely treatment, the wound will not heal at all.

The young man hugged his brother desperately and asked the legion commander for help. However, the legion commander did not help the young man. On the contrary, he said that in the last days, bleeding is a kind of happiness! "if.

"Can you imagine it? My brother, even in the apocalyptic age, I still defended my brother desperately for more than a year, but he died in my arms for no reason, and those \*\*\*\*\* said that kind of bastard. Words!" The young man raised his head and looked at Li Tian, his cheeks were already crying again.

"Uncle, do you mean those \*\*\*\*\* are damned! Is there anything wrong with me doing this?"

Chapter 3669: Revenge Boy (4)

Xiao Qiuman had seen Situ Ningbing and others when he was in the heavens. ,

At that time, Situ Ningbing left little impression on Xiao Qiuman. Had it not been heard that Situ Ningbing and Xueji were the women of Heavenly City Lord Li Tian, Xiao Qiuman might not have been able to remember Situ Ningbing and Xueji.

At the beginning, Situ Ningbing and others gave Xiao Qiuman the feeling that Xiao Qiuman could not remember. To say that the only memory that has a deeper impact is that Situ Ningbing is very weak. In fact, this feeling is not only caused by Situ Ningbing, Xue Ji and others, but also the weak feeling that Li Tian gave Xiao Qiuman back then.

In fact, this is the overall impression of the Northwest region.

Weak, very weak, very weak, almost weak.

Any one of the top twelve powerhouses in the Northwest region can easily kill the so-called strongest people, such as Scarlet Blood!

However, Xiao Qiuman has already put away this kind of contempt.

Not only because of the sudden rise of Li Tian, but also the rise of the entire heaven, Xiao Qiuman, the six legions and two associations of Kyoto City put away their contempt.

As for the barbaric in front of me, remember that a few months ago, the barbaric wounded Liu Jun with half his life. The strength of the barbaric at the time was no more than the level 9 bounty hunter.

Measured by the strength of the zombie, it is at most the strength of a level seven or eight zombie.

But now?

The barbarian handed the Qinglong knife and used the Qinglong sword technique to kill those twelve-level octopus zombies. It was almost the same as playing.

The same goes for Situ Ningbing and Xueji, and even the zombie, the woman named Captain, is terribly powerful.

These people, no matter which one they are, are no longer weaker than the top twelve powerhouses of the Bounty Hunter Association, and even vaguely stronger than the top twelve powerhouses.

"What method did Tianjie use to cultivate such a group of capable cadres in a short time!" Xiao Qiuman thought to himself, it seems that it is necessary to maintain a good relationship with the people of Tianjie in the future. .

At this moment, the beast's beast fell down suddenly, and Xiao Qiuman and the others in the beast's beast immediately felt the world spin.

However, even in such an environment, Manzi still sneered, chopped down a stone octopus zombie with a knife, reached out to grab the tentacles of the octopus zombie, and stepped on the head of the octopus zombie at the moment of landing. The mourning crystal dug it out and said, "The behemoth deceased has stopped running? Do you feel it? Could it be that the behemoth deceased has been beheaded by Master Li Tian?"

"Don't doubt it, it must be that Brother Tian has already beheaded that behemoth beast, and we need to speed up. With so many of us beheading these twelve-level octopus zombies, we can't be too far behind Brother Tian!" The captain also said.

The barbarian and the captain sang in harmony.

Soon, everyone worked together to kill all the octopus zombies in this giant beast. After this battle, Barbarian and Situ Ningbing each killed eleven twelfth-level octopus zombies, and Xue Ji killed them. Nine, and the captain killed thirteen.

This is also because the captain is also a zombie, so there is no need to worry about injuries.

As for Xiao Qiuman and other three members of the Merchant Hunter Association, Zhang Ming only killed five level 12 octopus zombies, and Gu Lianghongtu and Xiao Qiuman only killed seven level 12 octopus zombies each.

From this point of view, the comparison of the strength of Situ Ningbing and others with that of Xiao Qiuman and others is very obvious.

Although Xiao Qiuman didn't want to admit it, he still had to think that the Celestial Legion had already surpassed the Bounty Hunter Association in terms of the personal strength of its core cadres.

After beheading all the zombies, Barbarian and others checked all the areas in the body of the zombies again and found that no other zombies were missed, but they did not find any trace of Li Tian.

Everyone speculated that Li Tian might have already gone out, but naturally Li Tian did not come to look for them, indicating that Li Tian should have been entangled in other things at this time.

He fumbled and jumped out from the mouth of the giant beast.

After jumping out of the mouth of the behemoth, the barbarian and the others were surprised to see the giant beast's bereaved being so huge that it looked like a hill.

They only saw the body of this giant beast on the 40th floor of the East China Sea Building, but looking upstairs and looking at the giant beast are completely two concepts.

"I really didn't expect that this behemoth's beast was so huge." Xue Ji said with some surprise.

"Yes, with such a huge body and the strength of an eighteenth-level beast, it is no wonder that this East Sea City is so vulnerable!" Situ Ningbing also agreed.

The three of Xiao Qiuman and others could no longer express their excitement in words.

Once upon a time, people in the Bounty Hunter Association saw zombies and zombies above level 15 only running away with their tails between them. This has also become an eternal pain in the hearts of the Bounty Hunter Association.

The Ten Legions have never regarded the Bounty Hunter Association and the Agricultural and Commercial Association as organizations that can be equal to them, because in this apocalyptic era, an organization with no strength has no way to gain the respect of others.

But now, their supreme king Li Tian, single-handedly challenged the eighteenth-level behemoth beasts. It took no more than an hour from single-handed to beheading the behemoth beasts. This kind of strength is probably only the top ten legions. Only the commander of the army and a few people can do it.

This is not only a personal honor of Li Tian, but also an honor of the Bounty Hunters Association.

As long as this news goes back to Kyoto City, then the status of the Bounty Hunters Association in Kyoto City will inevitably rise, and the top twelve of the Bounty Hunters Association will also gain higher reputation and honor because of the promotion of the Bounty Hunters Association's status. .

But where did Li Tian go after killing this behemoth?

Everyone didn't forget to look for Li Tian when they visited around the beast and funeral.

"Look, Brother Tian is on the wall!" The barbarian jumped on the corpse of the giant beast and found Li Tian first.

At this time, Li Tian was standing on the ruined city wall, facing Donghai City, facing the barbarian and others, the breeze blew, Li Tian's clothes were fluttering, and his weapon "Red Zhan" was even more Li Tian Have an ancient heroic demeanor.

"Master Li Tian is so handsome, I really want to give birth to a child for Li Tianda!" Gu Liang Hongtu said as he looked at Li Tian standing on the city wall, his eyes flashing with worship.

When Situ Ningbing and Xueji heard Gu Liang's red map, it was a steamed bun with black lines.

At this time, Li Tian, who was on the city wall, didn't know that the barbarians and others had already emerged from the body of the giant beast.

The expression on that young man's face was also much calmer.

"Uncle, I understand! I will do what you said! If I can't do this thing well, I will never step into this land!" The boy bowed deeply to Li Tian, and then slowly Di walked down from the city wall, and under the gaze of Barbarian and others, slowly walked towards the East China Sea Beach.

Chapter 3670: Idea (1)

"Brother Tian, who was that kid just now?" When Li Tian came down from the city wall, Barbarian and others immediately surrounded him. Barbarian pointed in the direction where the young man could no longer be seen, and asked. ,

Li Tian looked at the direction the boy was going away, and said, "It's the survivor of this East Sea City!"

"Survivor? Then does he know what happened in East Sea City? Are these giant beasts and funerals coming from above?" Xiao Qiuman asked immediately.

Li Tian made a helpless expression and said, "Unfortunately that boy is a dumb, otherwise he will definitely be able to answer your doubts!"

"Dumb? Since he is dumb, how do you know that he is a survivor?" Zhang Ming asked, touching his head.

"Nonsense, not a survivor, but a tourist. Knowing that Donghai City was attacked by a funeral, did he come for a sightseeing tour?" Li Tian said displeased.

Since Li Tian said so, although others were a little confused, they were not good at asking.

Looking at Donghai City, although the giant beasts and zombies controlled by the teenager have been killed by Li Tian, there are still many zombies and zombies in this Donghai City. Most of the zombies are marine creatures, and they are still being killed. The young man controlled it. After the young man left the East China Sea, these deceased animals also retreated toward the East China Sea like a tide.

However, there are still many zombies inside and outside East Sea City. These zombies were not controlled by the juvenile, but the juvenile used the coercion of giant zombies to drive over from the abandoned city near Donghai City.

Donghai City, near Donghai Building.

The head of the Saint Legion is leading his members to fight against the zombies in the ocean. The zombies in these oceans are generally higher than the zombies in Donghai City. The twelfth and

third-level zombies are as many as cattle, and even the fourteenth and fifth-level ocean There are also funerals.

Although the Saint Legion commander has the ability to kill those marine deceased in a flash, he still needs to protect the safety of other members. As a result, the commander of the Holy Legion was tired of rescuing the members of a squad, but instead made his strength not fully utilized.

When Mo Jianyuan found the commander of the Holy Army, more than half an hour had passed.

"Isn't this Mo Jianyuan from the Merchant Hunter Association? Why didn't you follow Li Tian, but act arbitrarily! Do you know what your behavior is? If you were in my army, I would have called you My head has moved! As one of the top twelve, don't you even understand this kind of truth?"

Before Mo Jianyuan had time to speak, he was severely taught by the commander of the Holy Army, and then he said: "Since you are here, I think you have encountered something important and urgent. Let's talk!"

Mo Jianyuan looked at the expression on the face of the commander of the Saint Army. Mo Jianyuan really wanted to punch Saint in the face, but Mo Jianyuan understood that his strength was far from Saint's opponent, and he remembered that he was here. purpose.

Master Li Tian is trapped in the East Sea Building, life or death is uncertain, once Li Tian and others rush out of the East Sea Building, then Li Tian and others will directly face the beast. That giant beast was not even afraid of rocket attacks, and his strength was conservatively estimated to have reached level 16 or 7 or even higher.

Mo Jianyuan's knowledge of Li Tian still remained in the finals of the Forbes Power Contest. Mo Jianyuan did not think that Li Tian had the strength and ability to escape from the attack of the behemoth beast, let alone think of defeating that giant. Beasts.

"My Lord Saint Legion, several members of our Bounty Hunter Association, and several members of the Celestial Legion are trapped in the East Sea Building, and there is a giant beast hitting the building under the East Sea Building. Please also the Holy Legion The grown-ups look at the face of our Kyoto City coalition forces and save them!" Mo Jianyuan lowered his head, almost begging to talk to Sheng.

"That's not right! I remember that the leader of your Bounty Hunters Association seems to be Li Tian. Li Tian is the supreme king of your Bounty Hunters Association. His strength shouldn't even be able to deal with a giant beast? The Supreme King of the Golden Hunter Association is just an empty title with a mere name?" Sheng Yong said in a very contemptuous tone.

Mo Jianyuan raised his head, and the expression on his face became serious.

"Commander of the Holy Army, now East China Sea City has been occupied by the funerals. We should unite and deal with these funerals. At this time, we should put away personal prejudices so that we can better complete this task!" Jianyuan said with a serious expression.

"Enough!" Sheng suddenly became angry, and the murderous aura of his whole body was released. Mo Jianyuan was involuntarily oppressed by this powerful pressure and took a half step back.

Sheng sneered and said: "It's not your turn to teach me here! Your Bounty Hunter Association has encountered a funeral attack, aren't our pilgrimage and holy legions fighting these funerals? Other

legions are not fighting funerals. Do you want to fight? If I leave here without permission, what should I do if someone from another legion is attacked by a high-level funeral?"

"I want to protect all the members of the other six legions and the Agricultural and Commercial Association, and Li Tian only needs to protect your Bounty Hunter Association and his members of the Celestial Realm. Can you not tell which one is more important? Also, Li Tian is the Supreme King, you have to trust your Lord Li Tian!" Sheng said.

Mo Jianyuan was speechless for a while, he could only hold back his anger and walk away.

Mo Jianyuan returned to the helicopter angrily. The two helicopter pilots couldn't help but sink when seeing Mo Jianyuan's gloomy expression.

If the commander of the Holy Army does not take action, then the Tokai Building will inevitably be knocked down by giant beasts, and if Li Tian, Xiao Qiuman and others have an accident, then the Bounty Hunters Association is not easy to have the momentum and reputation of Kyoto City. Will suffer heavy losses.

And the three of them, Mo Jianyuan and the two helicopter pilots, will probably also be punished.

"Master Mo Jianyuan, what should we do now?" said one of the pilots with extreme anxiety.

"There is no other way, only to fight with the behemoth beasts. I hope we can attract the beasts and beasts from under the Donghai Building, and fight for Li Tian and the others to escape from the mansion." Mo Jianyuan said.

The helicopter took off, and the hearts of the two helicopter pilots were almost determined to die.

But when their helicopter flew over the East China Sea Building, they found that the behemoth did not know where it had gone, and there were many traces of fighting under the East China Sea Building.

"Master Mo Jianyuan, analyzing from the battle traces, Master Li Tian and the others may have already rushed out!" The helicopter pilot said with an excited expression on his face.

"Hurry up and search high in the sky! Be sure to find Lord Li Tian and the others!" Mo Jianyuan ordered.
