

A Killer 3691

Chapter 3692: Dragon Palace Rout

Can Huo quickly saw that the Dragon Palace Legion on the ground had fallen into chaos. Although Can Huo hadn't seen the Dragon Palace Legion's logo yet, he didn't know why the Dragon Palace Legion had fallen into chaos. But my heart is full of pleasure.

There was a long-lost pleasure in Can Huo's heart, as if his suffocated anger was completely released at this moment.

"It seems that following Li Tian is the most correct choice, at least you won't be insulted by the disgusting legions like Dragon Palace Legion!" Can Huo thought in his heart.

At the same time, Canhuo's heart already felt fear for Li Tian, who had not yet met, and fear for Li Tian's strength.

"What kind of man is this? Surrounded by so many legions, he can actually plunge these legions into chaos. Does he still have three heads and six arms?" Can Huo's heart was full of questions.

At this time, that underground.

Zhou Wenhao escaped from the quicksand with the help of Dragon Palace officials.

"Army...Legion commander, let's... let's retreat! Those army leaders who had sworn to a moment ago have all fled with their tails between them. Now there are only our Dragon Palace Legion and the other Legions who are eyeing our Dragon Palace Legion!" A cadre said to Zhou Wenhao.

"Escape? I'm going to your mother!" Zhou Wenhao kicked the cadre who said he had escaped into the quicksand, and then said to the other cadres behind him: "Damn, whoever dares to escape will kill me!"

"Today, when did our Dragon Palace Legion be so useless in East Sea City? If we can't take this granary down today, how can our Dragon Palace Legion mix in East Sea City in the future? Will it be possible to use waste materials like Canhuo in the future? Standing on our heads and peeing? Sending my order, the organizers immediately began to attack the granary at any cost!" Zhou Wenhao shouted angrily.

However, as soon as Zhou Wenhao's words fell, Zhou Wenhao only felt his feet slippery. The ground he had just stood on suddenly turned into quicksand again, and this time the quicksand swept Zhou Wenhao down continuously.

Underground, Dixing Yasha said disdainfully: "Let you pretend to be forced!"

Ji Xing Yasha could not even see Zhou Wenhao, and Ji Xing Yasha kept controlling the quicksand to roll down Zhou Wenhao.

"Legion commander..."

"Legion commander..."

Several cadres of the Dragon Palace Legion shouted at Zhou Wenhao while retreating.

"Try to find a way to save the army commander! Or the army commander will be trapped in quicksand!" a cadre shouted anxiously.

"What can I do? Any one of you has the rope, we throw the rope to the legion commander, and then pull the legion commander out!"

"No, there is a belt!"

"Then what are you waiting for? Untie the belt and tie it up, won't the legion commander be pulled up?"

Then, the cadres of the Dragon Palace Legion began to untie the belts, and then tied the belts together, thinking about using the belts as ropes to rescue Zhou Wenhao out.

"You **** hurry up, haven't you seen that the quicksand has reached my chest?" Zhou Wenhao cursed at the core cadres while stretching the quicksand.

At this time, the cadre who was kicked by Zhou Wenhao into the quicksand had escaped from the quicksand because he did not have the deliberate control of Ji Xing Yaksha. As soon as he came out, he yelled at the other cadres: "You are Are you idiot? Can the belt save the legionnaire? Haven't you ever gone to school, haven't you learned the text about crows drinking water? The legionnaire has fallen into the quicksand, the reason why the legionnaire can't get out is because there is no Things can stop the quicksand. So, we have to go in and throw rocks!"

There was a trace of coldness on this cargo's face, and he directly took out a few washbasin-sized cement blocks from the ruins to face Zhou Wenhao and threw them down.

Zhou Wenhao didn't hit Zhou Wenhao in the first shot, and Zhou Wenhao cursed: "You are the **** offender. When Lao Tzu goes out, Lao Tzu will kill all of you so that you have no place to be buried!"

Hearing Zhou Wenhao's curse, the other cadres looked at each other and ran to move rocks.

"Legion commander, hold on!" I don't know who shouted, and then a rock the size of a basketball smashed over.

Zhou Wenhao let out a scream, and the curse stopped abruptly.

"There are more ways to help but no way to help. I don't understand such a simple truth. It's an idiot to be a regiment commander!" Dixing Yasha said disdainfully.

Since Zhou Wenhao had been stunned to death, Dixing Yasha did not deliberately control the quicksand anymore. As the stones continued to pile up, a grave pile appeared on the ground soon.

Then, the cadres of the Dragon Palace Legion turned around and disappeared into the night.

As soon as the legion commander died, the core cadres were torn apart again, and the dragon palace legion had become a mess.

The ground travel yaksha is constantly shuttled back and forth, east for a while, south for a while, west and north for a while, wherever the ground travels on a Yaksha, the ground will sink a little bit, and the quicksand will break through the cracks in the ground. Well, it swallowed a few slow guys.

Although Li Tian himself did not personally participate in the battle, Li Tian controlled the "Red Slash" and flew out.

In this darkness, "Red Slash" is like a weird spirit, who is out of sight, and will take a life from time to time.

Soon, within a kilometer of the granary, there were no more people except the dead.

Zhang Dayong and others stood on the wall, looking at the defeated Dragon Palace Legion below, and couldn't help but sigh that the heavens were really not so powerful.

The Dragon Palace Legion had been defeated, and the granary crisis had been resolved. At this time, the helicopters that Situ Ningbing and the others were riding in also flew over, but Li Tian still did not retrieve the Dixing Yacha, so that the Dixing Yacha continued to guard around the granary.

When the helicopter stopped on the wall, Li Tian and others had already arrived on the wall.

"Brother Tian, we successfully completed the mission!" The barbarian who jumped off the plane took a few steps and immediately said to Li Tian excitedly.

"How many people?" Li Tian asked excitedly.

"More than one hundred thousand!" Situ Ningbing walked to Li Tian and said to Li Tian: "Li, this is the commander of the Remnant Fire Corps. This time we can successfully convince so many people. Thanks to Can Fire Legion Commander Canhuo's help!"

After Can Huo reached Li Tian, the expression on his face was also a little excited.

"Master Li Tian, I am willing to take all the members of the Canfire Legion to the heavens, and I am willing to take the hundred thousand refugees who are willing to follow me to Beitang with Master Li Tian!" Can Huo said excitedly.

"He is only worried about the food problem of the refugees!" Xue Ji added aside.

"Food? The food in these granaries alone is enough for you to eat for half a month!" Li Tian said proudly.

...

Chapter 3693: Leaving Donghai

Can Huo looked at the dozen or so towering granaries, and immediately felt at ease, with a smile on his face involuntarily. He was worried about the problem for a day, but he didn't expect to solve it so easily.

Can Huo still knows how much grain there is in the granary of the East China Sea City Agriculture and Industry Association.

Although the food is not enough for everyone to eat in Beitang City, it is enough to eat for more than ten days.

"These are your food for half a month. Residual fire, I will give you the food, and I will give you as much as you want, but you must agree to one of my requirements. These 100,000 people must give at least half of them. I brought it back to Beitang City."

"We in Heaven never do things that force others, but we have to make things clear in advance. They can choose to go to Beitang City or not to Beitang City. This is their freedom."

"If we choose to go, what we can guarantee in the heavens is that we will be escorted by our core cadres throughout the process. I will also invite members of the Sakura Legion and the Bounty Hunter Association to **** them to ensure their safety. As for the food, you don't have to worry

about it, guarantee It won't make them hungry. But if I choose to go, Li Tian will definitely not allow a person to quit halfway. If I want to quit, then leave my head."

"Of course, if they choose not to go, they can, just like what I said before, our heavenly realm will not force others, but if they can't choose to go, then their life and death in my heavenly realm will not matter much. It is impossible to give this grain to them. Because we still have other people to take care of!"

Li Tian's words are straightforward, but this is also a last resort.

The problem of eating for 100,000 people is not a joke, and it's not a matter of one day or two days. If these people walk fast, they can get to Beitang City in about a month, and if these people walk slowly, It may take more than two months.

For the food for these two months, except for the first half of the month, Li Tian has now settled, and the food for the latter needs to be coordinated with the Agriculture and Industry Association.

Li Tian will not do things that harm others and benefit himself, but he will not do things that sacrifice himself for others outside the scope of his own ability.

It's like if Li Tian was a child and saw an adult man fall into the water, then Li Tian would never go into the water to save him, because not only would he not be able to save the adult man, he would even get in.

Can Huo nodded and said, "I understand!"

"It's good to understand. Although this East Sea City has been destroyed, there are still many things we can use, such as cars. You can find out the cars that can still be used in this East Sea City first. That kind of heavy trucks, these trucks can be used as transport vehicles to transport food. Of course, there are also those buses, so that the old, weak, sick and pregnant can move faster. I believe that you, as the commander of the army, do these things. I still understand, I won't ask too much." Li Tian said again.

Can Huo nodded again.

Then Li Tian communicated with Zhang Dayong.

Li Tian's idea is to link with the tiger skin of the Sakura Legion, and with the name of the ten legions of the Sakura Legion, at least it will be less troublesome when Canhuo takes people to Beitang City.

After listening, Zhang Dayong agreed.

"Don't say it's going to Beitang, even if it's going to heaven, if I tell me to go, I have to go. When I leave Kyoto City, this is the command the legion commander gave me!" Zhang Dayong said with a hearty smile.

Although it was a joke, Li Tian was quite happy.

The guy Mo Jianyuan had heard the conversation between Li Tian and Zhang Dayong.

Li Tian came to Mo Jianyuan and the others. Before he spoke, Mo Jianyuan said: "Master Li Tian, we are willing to protect these people from going to Beitang City, but the premise is that we must contact the Bounty of Shangdonghai City as soon as possible. The person in charge of the Hunter

Association, as long as the East Sea City issue is resolved, I personally have no problems with Mo Jianyuan."

Then Xiao Qiuman, Zhang Ming, and Gu Lianghongtu expressed their views that they were all willing to wait until the problem of Donghai City was resolved and follow these people to Beitang City.

With these words from Mo Jianyuan, Li Tian was relieved.

The Sakura Legion, the Celestial Realm, and the Bounty Hunter Association are three big signs, see who does not have eyes and dare to come and provoke.

Afterwards, Li Tian communicated with Situ Ningbing and others, and finally decided that Li Tian would take Situ Ningbing to Kyoto City first, and Xue Ji, along with the barbarians, captain, and dog nose, followed the Fire Corps to protect them. people.

That night, under the lobbying of the Remnant Fire Corps, none of the 100,000 people was unwilling to follow Li Tian to Beitang City, and even among these people were many other refugees returning to Donghai City.

However, the Remnant Legion had already divided their refugees into groups, and it was not easy for anyone to get in.

Looking at the refugees who were crying and crying and crying to follow Canhuo, Canhuo felt soft and took these people down, but Canhuo divided these people into groups and told them about Li Tian. attitude.

These refugees have been hungry for a day, and they have expressed their willingness to follow the canal to Beitang.

In this way, it is good for one hundred thousand refugees. By the time the warehousing is about to open overnight for food, the Remnant Legion has led nearly 120,000 refugees, and when the Remnant Legion leads these refugees to leave mightily In the East Sea City, this number once again became 150,000.

When the number reached 150,000, Canhuo also realized that the problem was already very serious, and decided not to take in other people.

At this time, Li Tian had already taken Situ Ningbing and flew back to Kyoto by helicopter.

After returning to Kyoto City, Li Tianxian went to the Bounty Hunters Association and reported the situation of the East Sea City to the Five Old Society.

In fact, as early as last night, except for the Bounty Hunters Association and the Pilgrimage and Holy Army, everyone else had returned to Kyoto City.

This bounty hunter system has already obtained some relevant information, so when Li Tian reported, the members of the Five Old Society were more concerned about another issue, that is, the whereabouts of the Saint Legion commander and his cadres.

However, Li Tian didn't mention a word, even if the Five Elders would ask, Li Tian denied it.

But although I don't know what happened in this East Sea City, the members of the Five Old Society of the Bounty Hunters Association are quite happy.

This time, the news that Li Tian killed the beast of the eighteenth-level beast has come back, so that the Bounty Hunters Association has more face, and now more and more bounty hunters are applying for the Bounty Hunters Association.

The Bounty Hunter Association already has the meaning of rising.

After leaving the Bounty Hunter Association, Wu Lao Wuji chased him out. Seeing that there was no one on his left, he said to Li Tian, "Boy Li Tian, you can hide from others, but you can't hide from me. I didn't expect it, you Has grown to be able to kill a legion commander!"

Li Tiangang wanted to deny it, but the old man Wuji interrupted Li Tian and said, "But you have to be careful. According to reliable information, the Pilgrimage and Saint Legion are ready to do it against you!"

...

Chapter 3694: Conspiracy (1)

After leaving the Bounty Hunter Association, Li Tian went to the Sakura Legion.

Since encountering Duanmu Sakura now, Li Tian has not had time to spend the night with Duanmu Sakura, and this time I am afraid that there is no time to return to Kyoto City.

Can Huo has followed Xue Ji and others with the 150,000 refugees to Beitang City, but now Beitang City is still occupied by zombies, and the food on the road is still not found by Li Tian, these things It takes Li Tian to hurry up but handle it.

Fortunately, Duanmu Sakura is now the commander of the Sakura Legion, and is no longer the little girl before. She understands these things quite well.

But understanding belongs to understanding, but Duanmuying's eyes still reveal some disappointment.

Seeing Duanmuying's disappointed eyes, Li Tian felt extremely guilty in his heart.

I haven't been with Duanki Sakura for three and a half years. I didn't get along with Duanki Sakura the last time I came to Kyoto to participate in the Forbes power competition. Although the matter is urgent this time, it is not that half of the day can't be spared.

Li Tian decided to spare a day first to accompany Duanmuying.

Li Tian called Tang Zheng and postponed his appointment for one day.

Then, Li Tian locked the door of the office, with a wicked smile on his face, and said to Duanmuying, "I will not go there today, I will stay with you!"

Looking at Li Tian's smirk, Duanmuying knew that something was wrong, and she couldn't help but feel a little scared. She stepped back and said to Li Tian, "You should go ahead and do the important things first!"

But at this time Li Tian had already walked over, and Duanmuying had retreated to the edge of the sofa.

Duanmuying wanted to avoid Li Tian, but Li Tian threw herself directly on the sofa.

Feeling Li Tian's strong body and warm body temperature, Duanmuying struggled symbolically for a few times before she gave up resistance, and then looked at Li Tian with affection and ignorance.

Li Tian held Duanmu Ying, but didn't know what to say.

At this moment, silence is better than sound, Li Tiangang shouted Duanmuying's name, and his lips were blocked by Duanmuying's soft mouth.

then.....

After some rain, the room temperature in the office seemed to be a few degrees higher.

Li Tian's naked upper body was full of sweat, and even the air conditioner could not dry Li Tian's sweat.

Duanmuying lay tenderly in Li Tian's arms, and while wiping the sweat from her forehead to Li Tian, she said tenderly: "Li Tian, I really want to lie in your arms forever, forever and ever. Me. I don't want to be a corps commander. I don't want to be a big man. I just want to be your Li Tian's little woman."

Li Tian hugged Duanmuying tightly and said, "There will be such a day! This day will not be too far away!"

That night, Li Tian took Situ Ningbing and Duanmuying to Duanmuying's private house in Langshan, where the three of them had a rare and unforgettable and wonderful night.

Early the next morning, Li Tian arrived at Tang Zheng's villa again.

Seeing Tang Zheng this time, Li Tian obviously felt that Tang Zheng was a little different from before, but Li Tian couldn't tell where it was different.

Seeing Li Tian, Tang Zheng smiled heartily, stretched out his hand to hold Li Tian's hand, and said, "You are not grateful for the great grace. If you hadn't hunted down the fourteenth-level mutant bear in the Qinling Mountains, I am afraid now I still have to suffer that kind of pain. Now you can see that although I haven't escaped the curse for the time being, my spirit is much better than before!"

At this time, Tang Feifei, who saw Li Tian coming through the window, immediately rushed out of the room and dashed down the stairs.

Then Tang Feifei stood quietly less than five steps away from Li Tian, looking at Li Tian with wide eyes.

Tang Feifei's changes are greater than before.

Li Tian could feel that Tang Feifei seemed to have completely gotten rid of that curse. Now it can be said that Tang Feifei is a normal human being, but it is a pity that Tang Feifei's body has remained in the state of a girl.

"Brother Li Tian, you are finally back!"

After saying this, Tang Feifei already had tears in her eyes, ran two steps forward, one swooped, and plunged into Li Tian's arms.

With Tang present, Li Tian couldn't help but feel a little embarrassed, but only symbolically hugged Tang Feifei.

Tang Zheng coughed several times and said to Tang Feifei, "Feifei, don't mess around, Li Tian and I still have important things to discuss. After we finish talking, I will hand Li Tian to you!"

"Brother Li Tian, this time you won't leave Feifei without seeing Feifei like the last time, right?" Tang Feifei looked at Li Tian eagerly, and said pitifully.

After getting Li Tian's affirmative answer, Tang Feifei released Li Tian.

...

In Tang Zheng's study, Tang Zheng, Li Tian, Vice President Kang, and Zhou Guanxia were sitting on the sofa according to the position of the host and guest, and a map was spread on the sofa coffee table.

"Brother Li Tian, I still look forward to you Haihan for things in Donghai City. You also know that the strength of our Association of Industry, Agriculture and Commerce is really not on the stage, so..." Vice Chairman Kang was a little embarrassed after seeing Li Tian, and embarrassedly turned towards Li Tian apologized.

Li Tian waved his hand and said, "It's okay. Compare your heart to your heart and think about it. If the heaven encounters such a thing, I will make the same decision, so you don't have to apologize to me! On the contrary, I should also thank you. If you hadn't given me that granary, I wouldn't be able to do just that!"

"Cough!" Tang Zheng coughed slightly.

When everyone's attention was drawn to him, Tang Zheng leaned forward slightly, then reached out his hand and pointed on the map, tapped gently, and said: This is Beitang City, and this is Central Plains Province. . According to the agreement, our Association of Agriculture, Industry and Commerce needs to hand over this large area of Central Plains Province to Heaven. Now, I officially hand over this area to you Li Tian. From now on, the grain production of all the agricultural and industrial associations in this area will belong to your heavenly realm. "

"I have to make it clear to you in advance that the Rock Corps has been operating in Central Plains for many years, and the Central Plains Branch of the Agricultural and Commercial Association will give 20% of the grain income to the Rock Corps as a friendly sponsorship to the Rock Corps."

"It's the harvest season of summer grain right now, and it's the season for the Central Plains Province branch to sponsor the Rock Legion. But now the Central Plains Province has been divided into the Celestial Legion, so the two percent of the summer grain needs your Celestial World to sponsor the Rock Legion!"

Li Tian's brows frowned slightly.

Tang Zheng seemed to see what Li Tian was thinking, and smiled slightly, as if talking to himself: "If you can't bear it, you will make big plans. When you are not strong enough, you must learn Forbearance! The Agribusiness Association is as strong as it is today because of its tolerance everywhere. Otherwise, the Agribusiness Association may have been annexed by the major legions in the early stage of its development!"

Li Tian shook his head slowly, and said solemnly: "Heaven is not the Association of Agriculture, Industry and Commerce. You can't give 20% of the grain!"

Chapter 3695: Conspiracy (2)

Tang Zheng couldn't help but startled slightly.

What Li Tian said was quite rude. Although it was an unintentional mistake, it also embarrassed Tang Zheng, the president of the Association of Agriculture and Industry.

After Li Tian finished speaking, he realized that he had made a mistake.

However, what Li Tian said is also the truth. In front of the top ten legions, this agricultural and industrial association is like a lamb to be slaughtered. Although the agricultural and industrial association is now developing and growing, it is just a fatter lamb!

The reason why the agricultural and industrial associations can now be both right and left is that the top ten legions and the two associations are still in a relatively balanced situation. Once this situation is broken, the agricultural and industrial associations will be the first to be annexed by other legions.

After all, whoever controls the Association of Agriculture, Industry and Commerce is twitching the necks of other corps, making it impossible for other corps to even solve the problem of eating.

Seeing Tang Zheng's unsightly face, Zhou Guanxia quickly said to Li Tian, "Brother Li Tian, I heard that you want to move the 100,000 refugees from Donghai City to Beitang City?"

"Not one hundred thousand, now it is one hundred fifty thousand!" Li Tian said.

"One hundred fifty thousand!" Manager Zhou swallowed involuntarily, and said in surprise: "One hundred fifty thousand people, the migration of these one hundred fifty thousand people is a big project. You must know that this is the end times, just The food problem of these 150,000 people on the road may not be easy to solve, right?"

This is indeed the case. If before the end of the world, when transportation was extremely developed, let alone 150,000, even if it was 250,000, it would be transported within a few days.

But now, there is neither railway transportation nor a large number of long-distance transportation by car. Most of the 150,000 people can only move forward slowly on two legs. Moreover, in this eschatological era, we must beware of the attacks of the funerals, and also beware of the irregularities of other legions. This can be said to be a big project.

Li Tian nodded slightly and said, "Yes, I'm only thinking about negotiating with the Agriculture and Industry Association to borrow some grain, so that these 150,000 people will not starve to death on the road!"

Tang Zheng snorted coldly.

Hearing Tang Zheng's cold snort, Mr. Zhou and Vice Chairman Kang were afraid to speak.

Without Tang Zheng's permission, who would dare to borrow grain from Li Tian?

Li Tian knew that Tang Zheng was probably still angry at what he said just now.

"Housekeeper Zhou, Chairman Kang, you two go out first, I have a few words to say to Li Tian!" Tang Zheng said.

Steward Zhou and Vice President Kang couldn't guess what Tang Zheng would say to Li Tian, and they both had some doubts on their faces, but they retreated.

After Guanjia Zhou and Vice President Kang both quit, Tang Zheng's expression eased slightly, and he said to Li Tian, "One hundred and fifty thousand people, you are worthy of respect."

"But young man, are you so sure that I will lend you food? Where does your confidence come from?" Tang Zheng asked, tapping the table gently with his finger.

Li Tian said: "My self-confidence comes from my strength. My Celestial Realm and I are the most potential individuals and legions in the country. If the Association of Agriculture and Industry does not want to continue to be arbitrarily slaughtered by other legions, then Cooperating with my heaven will be the best choice."

"Our Celestial Legion can carry out in-depth cooperation with the Agriculture and Industry Association..."

"Cooperation? What kind of cooperation? Is it because of your passion? Boy, don't forget that more than 50% of the food consumed by the top ten legions each year is given to them by the agricultural and industrial associations for free. If once The Celestial Realm intervenes in this matter and destroys the balance of this situation. Then you can weigh yourself, what kind of afterimage the Celestial Legion will look like in the future!"

Tang Zheng snorted coldly and continued: "I know that you Li Tian and the Army of Sakura and the soul of the army are closely related to the Yin and Yang Sect, but you remember that there are no eternal friends, only eternal interests. Duanmu Ying can choose not to use food from the Agriculture and Industry Association, but what about the entire Sakura Army? Mu Yunlong can choose food that does not require agriculture, industry and commerce, but what about the entire Army Soul Corps?"

"Things are not as simple as you think!"

"Do you really think that I asked you Li Tian to hunt down a fourteenth-level mutant mourning bear. The mutant mourning crystals and bear gall are worth the entire Central Plains province? If I throw out this condition, I am afraid that the commanders of the top ten legions will To hunt down that mourning bear personally."

"Moreover, let me tell you the truth! The mutant bear crystals and bear gall are only effective for Feifei, and for the rest of us, they only delay aging!"

After a few words, Li Tian no longer knew how to answer Tang Zheng.

However, what Li Tian thought before was too simple. If the army is the storm, then this agricultural and industrial association is the eye of the storm. The Association of Agriculture, Industry and Commerce is thinking of rising, but it rises on the premise of peaceful coexistence with the top ten legions, instead of kicking off the top ten legions as Li Tian thought.

Seeing that Li Tian stopped talking, Tang Zheng said slowly, "Boy, now you say that if Panshi wants to receive 20% of the grain from the Central Plains Province as a friendship sponsorship, will you give it or not?"

Li Tian didn't know how to answer Tang Zheng.

"Boy, let me give you another trick!"

"Do you know Su Qin and Zhang Yi? Do you know how to connect horizontally and vertically?"

"Read more books, learn more, it will only benefit you in the future, but there is no harm!"

Li Tianzhong nodded his head.

Although Tang Zheng's words were not very polite, they were instructing Li Tian, telling Li Tian to be forbearing and not to make the heavens too many enemies for the 20% of the food.

"I understand! I will give Panshi the 20% of the grain first, but as long as I have the opportunity, I will let Panshi completely withdraw from the Central Plains Province!" Li Tian said.

Tang Zheng nodded slightly and said, "Actually, you want to borrow grain. I have already prepared it. Your people can just walk to Beitang City with confidence. Someone will deliver the grain to them along the way. However, I can give you food, but I have one condition!"

Li Tian did not expect that Tang Zheng had already prepared the food, and he couldn't help but said with some gratitude, "You said it!"

"I, Tang Zheng, worked hard all my life for the daughter of Tang Feifei. Especially after the end of the world, I took Tang Feifei as my only sustenance. I know that Feifei has always liked you, and I will no longer hinder you, So I hope you can treat Tang Feifei kindly, and my condition is that you can take Tang Feifei to protect Tang Feifei's safety, and don't let her suffer such harm again." Tang Zheng said.

At this time, Tang Zheng was not the president of the Agriculture and Industry Association, but a father.

"Okay! I promise you!" Li Tian said.

Chapter 3696: Tang Zhengtuo (1)

Li Tian agreed very readily. .

Tang Feifei used to be Li Tian's woman. Even if Tang Zheng didn't say anything, Li Tian still had reasons to protect Tang Feifei's safety and prevent Tang Feifei from suffering such suffering and pain again. Only because of Tang Zheng's existence before, Li Tian and Tang Feifei were directly blocked.

Tang Zheng looked at Li Tian's face with relief.

For a while, the room suddenly became quiet.

Tang Zheng looked at Li Tian with his heart for the first time. He found that Li Tian's body was full of a convincing taste. Perhaps it was this convincing taste that allowed Li Tian to have today's achievements!

"Li Tian, no matter what kind of grievances we have in the past, let him pass the past things, and we must focus on the future. After all, our purpose is the same, all for Tang Feifei!"

Li Tian nodded and did not speak.

"Now let me tell you the details of the operation of the Agribusiness Association! The Agribusiness Association..." Tang Zhengyi said, and began to explain to Li Tian how the Agribusiness Association develops, how it operates, and how it is managed.

"The current Agribusiness Association is not enough to compete with the Ten Legions, and it is not even qualified to sit on an equal footing with them. Over the years, I have been tolerating, so that one day the Agribusiness Association can stand up and fight the Ten Legions The wrist."

"I am afraid I shouldn't be able to wait any longer now, but you and Feifei are still young, and you still have the opportunity. With your assistance and leadership, the Association of Agriculture and Commerce will definitely get better and better." Tang Zheng's face was full of longing. It seems that I have seen it all day.

Immediately, Tang Zheng's tone changed, his eyes were fixed on Li Tian, and he said to Li Tian: "But Li Tian, you must remember that this world does not mean that whoever is strong is the final winner. But those who live to the end are the winners!"

"In the past, you could bet with your life and your body. Although you can win every time, the **** of luck will not always look after you! You are not the protagonist of this world, if you lose Now, what about your women? Do you have the heart to watch your beloved woman be the last to die alone, or marry as a woman?"

"So, Li Tian, you must learn to forbearance, you must forbearance, when your strength is not enough to say no to others, you must forbearance!" Tang Zheng repeated the forbearance several times, like an old man His life experience is the same as telling Li Tian.

"If you don't speak, it's a blockbuster!"

At first Li Tian didn't understand why Tang wanted to tell him these things and these things, and he was at a loss, but out of the fact that Tang Zheng could loan him food in advance, he could not interrupt Tang Zhengyu's earnest speech.

This conversation lasted for nearly half a day. Tang Zheng not only told Li Tian about the development history, operation and other related things of the Agricultural and Commercial Association, but also analyzed the various possibilities of connecting horizontal and vertical to Li Tian. Tian talked about various issues related to the top ten legions and other top twenty first-class legions.

When Li Tian took Tang Feifei to leave Tang Zheng's villa, Tang Zheng also walked out in person to bid farewell to Li Tian and Tang Feifei, and when Li Tian drove away, he clearly saw Tang in the rearview mirror of the car. Wiping tears over there.

Li Tian still felt unexpected in his heart. This was not a farewell to life and death. The various performances of Tang Zheng really surprised Li Tian.

When Li Tian took Tang Feifei and Situ Ningbing out of Kyoto City and drove up the road to Beitang, Li Tian suddenly realized.

Could this be Tuogu?

"Crunch"

Li Tian stopped the car directly, turned to look at Tang Feifei who was sitting in the back seat, and shouted, "Did you already know it!"

And Feifei Tang was already crying.

"No, I have to go back! I can't pretend that I don't know anything. Although I don't know what happened, no matter what happens, there is always a solution!" Li Tian said.

Li Tiangang was about to turn the car around, but was stopped by Tang Feifei when he returned to Kyoto.

"It's useless! Don't talk about you, even if Huangfu Kunpeng is here, it will not help!" Tang Feifei cried.

"Shut up! Stop crying! What's the use of crying?" Li Tian yelled angrily.

Tang Feifei was startled and stopped crying, but she still sobbed and said: "The corpse is coming back, and it's useless if you go! I'll take your life for nothing."

"The corpse...The corpse is coming back? What do you mean? What is going on?" Situ Ningbing asked.

Tang Feifei said intermittently: "That corpse has great magical powers. When we treated me with the zombie crystals and bear gall of the fourteenth-level mutant zombie, the corpse already knew about it."

"What can I do if he knows? Does he still dare to enter Kyoto City? Isn't he afraid of those ten legions in Kyoto City?" Li Tian asked.

Tang Feifei smiled bitterly, and said: "The strength of each of the three corpses is much stronger than the existence of the commander of the top ten legions. If they deliberately want someone's head, even the top ten legions may not be able to do anything."

"Could it be..." Li Tian said these two words, but couldn't say a word again.

Now, Li Tian knew what Tang Zheng said about forbearance, which was not only for the forbearance of the Ten Legions, but also for the forbearance of the Three Corpses.

Tang is just a man. He was a little powerful man before the end of the world, but after the end of the world, he became a cursed clan, an old man, but Tang Zheng chose to persevere and chose to forbear. Only for himself, not only for the Agriculture and Industry Association, but also for Tang Feifei.

Li Tian couldn't help feeling that his pressure was even greater in his heart.

The car started again, but Li Tian's mood did not get better.

The joy that he had brought 150,000 refugees back to Beitang City, and the joy that Tang Feifei had freed himself from pain, had completely disappeared.

A feeling of suffocation kept spreading in Li Tian's heart, making Li Tian want to vent.

Li Tian kept stepping on the accelerator under his feet, trying to speed up the car so that he could release all the unhappiness in his heart.

This time, Situ Ningbing did not stop Li Tian, but let Li Tian release as much as he wanted.

However, the car just ran less than ten kilometers, and told that a few huge rocks suddenly appeared in front of the highway. The highway is surrounded by an endless plain. Why are there huge rocks here?

And in front of the boulder, two cars have been parked, as if they were also on the road by the boulder, and several men were working together to lift the boulder, trying to push the boulder out of the middle of the road, but that The boulder did not move at all.

Under the shade of the trees not far away, there was also a middle-aged woman and a girl sitting here looking expectantly.

"Crunch!"

Li Tian stopped the car.

Chapter 3697: Counterattack again (1)

Seeing Li Tian stopped the car, the men who were lifting the boulder stopped and shouted to Tiantian, "Hey, buddy, I don't know how there is a boulder here that blocked our way. Come and help. , We men carry this stone away together, otherwise no one can go!"

"You two are staying in the car, you are not allowed to come out!" Li Tian said, and then Li Tian pushed the car door directly, holding "Red Zhan" in his hand, and walked towards the boulder angrily.

Seeing Li Tian carrying weapons in his hands, the men who had just carried the stones immediately became nervous and backed up one after another. Some even rushed to their cars and took out their weapons.

But Li Tian didn't look at these people at all. Instead, he came to the huge boulder. With force, his legs jumped up and slashed heavily on the huge boulder with "Red Slash".

"Crack!"

A gap appeared on the boulder, and the boulder had been split in half by Li Tian's "Red Cut".

But Li Tian didn't stop, waving "Red Slash" continuously, and as the knife light kept flashing, the big boulders fell from the huge boulder.

The men who saw this scene just now showed shocked expressions in unison, looking at each other, looking at each other.

"Huh!"

"Huh!"

Li Tian hasn't used any skill at all now, and he is cutting the boulder with the brute force of his body and the sharpness of the "red cut". As the boulder becomes a pile of rubble-like pieces, Li Tian's body is already full of sweat , Sweat continued to flow down Li Tian's body, dripped on the stone, and quickly evaporated completely.

However, the anger in Li Tian's heart did not disappear, instead it seemed to be heavier.

Li Tian involuntarily released a murderous aura. This murderous aura caused the men to step back a few steps unanimously, looking at Li Tian nervously, and the guns in those men's hands had been aimed at Li Tian.

It seems that as long as Li Tian makes another step beyond, they will pull the trigger without hesitation and shoot all the bullets into Li Tian's body.

"Huh!"

"Huh!"

Li Tian's breathing became more and more stable and steady, but Li Tian knew that he was on the verge of breaking out.

The current Li Tian really wanted to rush into a village in the distance, looking for a few zombies and killing them, releasing the anger in his heart.

But at this moment, the men moved, and the middle-aged woman and the girl sitting under the shade of the tree also walked over with excitement.

The men put away the guns in their hands, slowly gathered around Li Tian, and kept saying words of gratitude to Li Tian.

The middle-aged woman took out a brocade box from the car, and while walking towards Li Tian, she said to Li Tian: "Thank you so much. If it weren't for you, we wouldn't know when we would pass here, saying Maybe it's possible to be eaten by zombies at night! We don't have anything to thank you for. There is a box of food here. I made it myself. Please don't dislike it and accept it.

The middle-aged woman had opened the brocade box, and Li Tian could see that there were indeed some exquisite food in the brocade box.

And the young girl was always behind the middle-aged woman, like a shy child.

"No need! Now it doesn't affect the passage of cars, you can get on the road soon!" Li Tian said that he would turn around and walk in the direction of his own car.

But the middle-aged woman stopped Li Tian first, and said to Li Tian: "No, you must accept a little bit of our heart."

While speaking, the young girl seemed to have received some kind of instruction from the middle-aged woman, and suddenly rushed out from behind the middle-aged woman, wrapping Li Tian's hand with "Red Zhan" while shaking her arm. He said coquettishly: "Big brother, just accept mom's kindness!"

"You just accept it!"

"Accept it, it's not a valuable thing!"

The few men who came slowly kept talking about Li Tian.

And at this moment, Li Tian's arm holding "Red Zhan" seemed to be bitten by a mosquito suddenly. This kind of pain was almost negligible, but Li Tian immediately felt his arm upload. A tingling feeling.

But Li Tian couldn't hold "Hong Zhan" with his hand, and the "Hong Zhan" fell to the ground with a snap.

not good!

In fact, when the girl was holding Li Tian's arm, Li Tian's heart already had a kind of alertness, but the girl's movements were fast and extremely hidden. Li Tian didn't realize how the girl did it. Yes, his right arm instantly lost consciousness.

As soon as the girl bent down, she picked up "Hong Zhan" directly, and then, like a naughty child, quickly ran to the side holding "Hong Zhan".

At the same time, the middle-aged woman suddenly stumbled on her feet, as if she was about to fall, rushing towards Li Tian's arms, but the woman smashed the brocade box towards Li Tian's face. come.

Li Tian turned around and easily escaped the brocade box. At this moment, the woman suddenly hugged Li Tian from behind. The two **** of meat on the chest of the middle-aged woman were ordered like two steel balls. Li Tian was uncomfortable, and Li Tian had some difficulty in trying to stand up.

What made Li Tian feel that the surprise was not the iron milk of the middle-aged woman, but the strength of the woman.

"What a great power!"

Li Tian only felt that his body seemed to be screwed with a steel wire. At this time, Li Tian's right arm had lost consciousness. Li Tian couldn't break free no matter how much he wanted to break free.

"Li Tian, I didn't expect your IQ to be so low. You still fell into such a simple trap. Today, let my old lady tear you into a dozen pieces and feed the zombies!" The middle-aged man holding Li Tian behind him The woman smiled grimly at Li Tian.

At this time, the men had completely surrounded Li Tian, and they all showed sneer expressions.

"The commander of the dignified Celestial Realm is nothing more than that!"

"That's right, as long as Qingqiu's mother and daughter use beauty tricks, even heroes like Li Tian will be saddened by beauty!"

"Beauty? You and others say this is a sow, and some people believe it!" Li Tian said with a sneer.

"Sow? You **** dare to insult the mother and daughter Diao Chan in our minds, looking for death!"

The men slammed their bodies and took out the weapons of the army thorns and heads, and rushed towards Li Tian. These heads and army stabs stabbed Li Tian's chest, abdomen and other positions without any explanation.

"puff!"

"puff!"

Chapter 3698: Attacked again (2)

"Ah!" There was a scream like a pig, but it was the middle-aged woman who made the sound.

Although Li Tian lost consciousness with his right hand and had no strength, Li Tian's body was still full of strength. Seeing those men taking out their heads and stabs at Li Tian's body, Li Tian burst out with great power and turned around. The middle-aged woman and Li Tian changed positions.

Blood continued to flow down the middle-aged woman's back, completely soaking her colorful clothes, but the woman still hugged Li Tian tightly from behind.

Hearing the screams made by the middle-aged woman, the other men couldn't help but feel a little astonished. When they looked up and saw that it was the middle-aged woman that they stabbed, they were furious.

These middle-aged women are the idols in the hearts of these men, the lovers in their dreams. Seeing the old lovers being stabbed, the faces of these men involuntarily showed expressions of regret, and the eyes looking at Li Tian were full of anger.

"Li Tian, you are really not a man. It is too shameless to think of women as a shield, it is too despicable, it is too outrageous!" One of the men yelled at Li Tian angrily.

"Yes! Too shameless, he is despicable!" The men accused Li Tian indignantly.

Hearing that these men could call out their names, Li Tian knew that these people might have deliberately destroyed the road and attacked him here. At this time, the murderous intent in Li Tian's heart was hidden by Li Tiangi, but this does not mean that the murderous intent in Li Tian's heart has dissipated, but that Li Tian is now looking for a breakthrough.

Once Li Tian begins to vent, then these people will become victims of Li Tian's murderous release.

At this time, watching the angry expressions of those people and listening to the curses of those people, Li Tian looked helpless.

Li Tian shook his head slightly and said: "Your sister, this is what you stabbed this woman. What do you care about me? Besides, can this be called a woman? The pair of iron guys can be used to pound garlic, then It is stronger than a bear, and at best it can only be said to be a mother!"

"You know a wool, such a woman is the most feminine!" The men immediately countered Li Tian.

Feminine?

Li Tian already felt insanity.

This is the world is too crazy to be able to treat the sow as a lady.

The same was true for the middle-aged woman. Although she had been pierced with seven or eight holes behind her, she had a proud expression on her face. She blew a sigh at the base of Li Tian's back ear and said: "Women like me have the most Taste, do you want to try?"

Li Tian shuddered directly, really wishing to kick this woman far away.

And hearing the words of the middle-aged woman, the faces of the men showed expressions of envy, jealousy and hatred, as if Li Tian had taken away their beloved middle-aged women, one by one, it seemed that Li Tian had killed his father. Like a mother, angrily waved the army and first stab at Li Tian.

"Don't get me wrong, I don't even mean this..." Li Tian said quickly.

But his explanation seemed pale and feeble. The middle-aged woman hugged Li Tian tightly from behind, had already pressed his face to Li Tian's back, and made a look of intoxication.

"You are intoxicated with wool! I don't like you!" Li Tian scolded the woman as he stepped back.

"Chuck!" Not far away, the girl laughed like a hen when she saw this scene, while the girl still held Li Tian's "Red Zhan" tightly in her hand.

And those men were already red eyes at this time, and couldn't listen to Li Tian's words at all. They just thought that by cutting Li Tian's eight pieces now, can they relieve their hatred.

Li Tian was helpless, so he could only use a few teleports in a row, and with the woman he teleported to a place tens of meters away in an instant, avoiding the siege of the men.

"Li Tian, you are shameless, you dare not fight with us like men, you only know to hide!"

"Yes, Li Tian, you are a maiden, you have the ability to confront us head-on!"

"Ladies? Hey, Li Tian, there are two other ladies in this car. Hey, these two ladies look skinny, and they don't even have the qualifications to give Diao Chan mother and daughter shoes!"

"Kill these two girls, and let Li Tian, a little bitch, keep hiding!"

The men clamored that they had slowly surrounded Li Tian's car.

"boom!"

"Looking for death!" Li Tian snorted coldly.

Li Tian only felt that the murderous aura in his heart could no longer be restrained from bursting out suddenly.

With the burst of murderous intent, the middle-aged woman holding Li Tian from behind showed a trace of horror on her face, and she involuntarily shuddered.

And at this moment, the middle-aged woman only felt an incomparable force suddenly entered and released from Li Tian's body, making her hold Li Tian's arms tightly as if she was being caught by two cars. Pulling to the left and right at the same time, the middle-aged woman could no longer control and hug Li Tian.

At this time, Li Tian had silently used Qingyun in his heart, and as Qingyun's internal force flowed rapidly in Li Tian's body, his numb right hand had begun to regain consciousness.

Li Tian suddenly stretched out his hand in the direction of the girl, and shouted, "Hong Zhan".

The "Red Cut" seemed to be pulled by an invisible thread, and suddenly broke free from the girl's hand and flew into Li Tian's right hand.

When "Hong Zhan" started, Li Tian's figure flashed behind the men.

"Huh!"

A red light flashed, and one of the men let out a scream. His body had been cut into two pieces from behind by "Red Cut". The two bodies fell softly to the ground, blood was splashing, and the intestines and stomach were from the body. A ***** smell began to permeate all around.

At this moment, it seemed that something happened in an instant. Before the men could react, they discovered that one of their companions was dead.

"Ah Li Tian, I killed you!"

One of the men screamed angrily, but the man did not rush towards Li Tian, but stabbed the army stab at Li Tian's car.

Li Tian didn't speak, no need to speak at this time.

The murderous aura in Li Tian's heart just now, the anger that the monstrous river found a catharsis, began to release continuously, and Li Tian continued to teleport, constantly Appeared behind those men.

Out of nowhere!

"Huh!"

"Huh!"

"Huh!"

And those men were all beheaded by Li Tian in just a few breaths, only one person remained.

The man was already sitting on the ground, and Li Tian was frightened by his farts, and the group of Diao Chan mother and daughter flowers saw that the situation was not right, they hid in the car and drove away.

Chapter 3699: Attacked again (3)

"Li...Li Tian, I was forced to..." the man kept backing back like a dead dog, crying and begging for mercy. ,

After continuous beheading, Li Tian's heart at this time has gradually calmed down, but this man must die.

No one can touch Li Tian's women in front of Li Tian, even if Li Tian knows that they are not enough to threaten Situ Ningbing. This is Li Tian's Ni Lin.

"I'll explain everything, I'll explain it all, please let me go! I am the pilgrim and saint..." The man suddenly fell to his knees, tearing his nose and begging Li Tian for mercy.

"Huh!"

A red light flashed, Li Tian wiped the "Red Slash" in his hand on the man's body, wiped the blood clean, and said with a sneer: "You don't need to say that I also know that you are coming to me with the Saint Legion. Trouble, but even if you have the ability to attack me, even if Chao comes in person, I, Li Tian, may not be afraid of him!"

When he got into the car, Li Tian's mood had improved, and he smiled at Situ Ningbing and Tang Feifei that was not too ugly.

Seeing that Li Tian was in a much better mood, Situ Ningbing and Tang Feifei felt a little grateful to these people who were not long-eyed for automatically coming to die.

"Li, are you from the Pilgrimage and Saint Army?" Situ Ningbing asked.

Hearing that these people were members of the Pilgrimage and Saint Legion, Tang Feifei couldn't help showing a trace of worry on her face.

This kind of worry is motivated. The Association of Agriculture Industry and Commerce has been living in the shadow of the Ten Legions for so many years, and has a natural fear of the Ten Legions.

Although the head of the Holy Legion of the Pilgrimage and Holy Legion has disappeared, the lean camel is bigger than the horse. This is not something that the Agricultural and Commercial

Association can contend. What's more, the Agricultural and Commercial Association is also in an extremely dangerous situation now.

Li Tian nodded slightly, reached out and touched Tang Feifei's head, and said, "The sky is falling down and I still have Li Tian! Since President Tang... President Tang has put you in my hands, I won't let you Take any more harm."

"Furthermore, this dynasty and the Saint Legion seem to only suspect that the Saint's disappearance has something to do with me, so they only sent these little fish and shrimps to test me. Besides, although President Tang told me to forbear, our heavens may not be true. I'm afraid of him pilgrimage and the holy legion. Lost the holy pilgrimage and holy legion, that is, a lame tiger." Li Tian said with a sneer.

Hearing what Li Tian said, Tang Feifei's heart gradually settled down.

"Li, does that Saint's disappearance really have anything to do with you?" Situ Ningbing asked Li Tian for the first time.

Before, Situ Ningbing was speculating about this issue in her heart, but since Li Tian didn't say anything, then Situ Ningbing didn't ask. This was her trust in Li Tian. Because Situ Ningbing knew that if Li Tian wanted to tell her, he would definitely tell her. If Li Tian didn't tell her, then Li Tian must have thoughts.

But today, Situ Ningbing asked.

Because when Li Tian heard the name of the three corpses, Li Tian's heart was still very stressed.

Now Li Tian needs to face the Three Corpses, as well as the pilgrimage and the Holy Army. If he changes to another person, I am afraid he would have already collapsed, but Li Tian is constantly adjusting himself and trying to protect Situ. Ningbing, Tang Feifei and others.

But now Situ Ningbing was asking this question, so the meaning couldn't be more clear.

Just like what Li Tian said to Tang Feifei, the sky fell and Li Tian still had him, Situ Ningbing was also telling Li Tian with practical actions, even if the sky fell, not only you Li Tian, but also Situ Ning Bing, and our heaven, there is also Tianmen, and all the brothers and relatives who support Li Tian.

Li Tian looked at Situ Ningbing's resolute eyes, knowing that he would have to give Situ Ningbing an answer today. Li Tian let out a sigh of relief, as if to release all the pressure in his heart at this moment. He calmly said, "Sheng was killed by me and Dog Nose! It was in Donghai City! Only Dog Nose and I knew about this. Although Mo Jianyuan, Xiao Qiuman and Gu Liang Hongtu of the Bounty Hunter Association also doubted , But they have no direct evidence."

Looking at Li Tian's calm face, Tang Feifei's heart was already full of huge waves.

The commander of the top ten legion, let alone in the eyes of ordinary people, is considered to be among those members of the top ten legion, that is also a heavenly existence, but now, a commander of this dignified top ten legion Let Li Tian be beheaded unexpectedly.

This kind of shock made Tang Feifei look at Li Tian in a strange way, stammering and repeating one sentence, and asked: "Brother Li Tian, you said that Sheng... was Sheng killed by you?"

Seeing Li Tian nodded, Tang Feifei suddenly felt a sense of security.

Although Situ Ningbing was surprised in her heart, she was not as shocked as Tang Feifei. Instead, she said very calmly: "Lee, let alone a super and saint army, even if the three corpses and the ten big army are at the same time as our heaven Enemy, I will stand by your side."

Li Tian nodded heavily.

Unlike Situ Ningbing, if Xiaolong and the others were to know the news, Tang Xiaolong and other fellows would not have thought of worrying about the revenge of the pilgrimage and the Holy Army, but excited.

But that's the end of the matter. After all, Li Tian still needs to endure, first of all, he should develop his own legion well. This is what matters.

"It's not the time for us to make high-profile publicity about this, so you two must keep it secret, lest the heavens make too many enemies now," Li Tian said.

Situ Ningbing and Tang Feifei immediately agreed happily.

The car started here and sprinted in the direction of Beitang.

After Li Tian and others returned to Beitang City, they needed to directly face the zombies who occupied Beitang City, but this time is a little different from the past. The absolute backbone cores of Barbarian, Captain and Xue Ji are still there. Escort the refugees on the way.

Li Tian's side is now only Situ Ningbing and three Xiaoyachas, as well as Tang Xiaolong, Xiaotianyi, mutant crows, and mutant bat squadrons in the Qinling Mountains of Beitang. The Celestial Legion can't help much to be honest. , After all, it is not reasonable to exchange human lives for Beitang City.

So even though Li Tian was driving, Li Tian was still practicing secretly.

Ever since he left Donghai City, Li Tian has been doing three things with one heart, and he has been cultivating Qingyun secretly. With the continuous practice, Li Tian's body has gradually recovered, but this is not enough. After all, Li Tian may have to face the commander of the pilgrimage and holy legion.

What Li Tian did not expect was that his trip back to Beitang City this time was not smooth, and even if he returned to Beitang City, there were still two 18th-level zombies waiting for him in Beitang City at this time. Too!

Chapter 3700: Siege of Nanzhou (1)

The car quickly entered the territory of Central Plains Province. .

From now on, although the agricultural and commercial associations in this area are nominally returned to the Association of Agricultural and Commercial Associations, in fact, they are already owned by the heavens.

At that time, Tang Zheng made it very clear that after Li Tian took Tang Feifei to the Central Plains, he must first go to the Nanzheng Branch of the Agricultural and Commercial Association of Nanzhou City, Central Plains Province, and let Tang Feifei be responsible for the summer grain harvest in Central Plains. At that time, it can be shipped directly to Beitang City, instead of sending it to Kyoto City.

Now Tang Zheng has solved the food problem of the 150,000 people on the road for Li Tian, but once the 150,000 people arrive in Beitang City, they can't start their work hungry, and the food at the Tianjie Headquarters is not good. There is not much surplus, and there is no way to quench the near thirst, and if the food problem cannot be solved, then these 150,000 people will be a bomb that explodes at any time.

Therefore, the summer grain in Central Plains Province is very important to the entire Beitang City and the entire Celestial Realm.

Nanzhou City is one of the newly built cities after the end of the world. According to the city's layout and population size, it can't even make it into the top ten in the country. However, this city is the largest city in the Central Plains Province and even the central region. none of them.

Nanzhou City was built in accordance with the standards of an ancient city. The surrounding city walls were long from east to west and wide from north to south. A large moat was built around the city wall to introduce water from the Nanzhou River into the city wall of Nanzhou to isolate the zombies. effect.

Moreover, among the ten major legions, except for the Black Dragon Legion and the Yin Yang Gate, which did not set up branches here, the other eight legions and the two major associations all have branches in Nanzhou City. Therefore, the defense of this city can also be used as solid. It's not an exaggeration to describe it.

It was midday, and the weather was so hot that there was no shadow of a zombie within a kilometer outside Nanzhou City. Therefore, under the parasol at the gate of the city, several soldiers were lazily on duty.

Seeing Li Tian's car approaching, these soldiers on duty came out lazily from under the parasol, pulled the bolt with a clatter, and shouted at Li Tian: "Stop, get off, and get checked!"

Li Tian stopped the car, and two men in their thirties walked over.

One of the men wearing sunglasses, seeing Situ Ningbing in the car, couldn't help but his eyes brightened, his mouth showed a lewd smile, and then the man with sunglasses slightly pushed on the bridge of his nose and leaned half of his body against Li In the car of the sky, I wanted to be handsome, but it was a pity that the car had been exposed to the sun for noon. At this time, the temperature was extremely high, and the man with sunglasses almost jumped up after being burned by the car.

This antics made Situ Ningbing and Tang Feifei involuntarily show a knowing smile.

Seeing Situ Ningbing's smile, the man with sunglasses had a burst of beauty in his heart, thinking: "This beauty is different. It is really refreshing to laugh."

And seeing Tang Feifei laughing at him, the man couldn't help but sigh in his heart: "This is definitely a beauty embryo, if he grows up, it will definitely be beautiful!"

Turning his head, the man in sunglasses saw Li Tian in the driver's seat also smiling.

But seeing Li Tian also laughing at him, the man in sunglasses couldn't help but furious, and cursed at Li Tian: "Laugh Nima, get out of the car for inspection!"

While cursing, the man in sunglasses had already raised his gun, and wanted to smash the car door a few times to relieve his embarrassment and anger.

But when he just raised the gun, Li Tian suddenly opened the door, and hit Li Tian's car with the **** of the rifle, and a big hole was also smashed, but the barrel of the gun was directly stuck in his mouth. Over time, the blood from the mouth of the man with sunglasses was hit, and even two teeth were lost, and the sunglasses were hit and flew out.

As soon as he saw that the man with sunglasses was hit, the man next to him immediately raised his gun and shouted at Li Tian, "You **** try another one!"

The man in sunglasses stretched out his hand and touched his mouth, saw blood in one hand, his face was pale, and said: "Five...I am dizzy with blood!"

Then the man in sunglasses fainted directly.

As soon as he saw his own person suddenly fell, the soldiers who had been hiding under the umbrella just now rushed over with a clatter. One of the team captains shouted at this side: "What the **** is going on? Don't you know that this is a rock's site, so you dare to run wild on the rock's site? I don't want to live anymore."

As soon as the captain's words fell, he had already seen Li Tian coming down from the car, and then the captain's face was immediately full of surprised expressions. After hesitating for a while, he looked at Li Tian intermittently and asked: "Li... Li God, are you Li Tian?"

Li Tian nodded and said, "It's me!"

The expression on the captain's face immediately became more complicated. Obviously this person knew Li Tian.

In fact, Li Tian's fame has spread throughout the country, but there is no national TV network in the apocalyptic era, so Li Tian will not be seen as a star before the apocalypse.

"Are you **** blind? Don't even know Li Tian? Quickly carry this waste away! It's really a shame to the Rock Legion!" The captain kicked the person next to him.

Then, the captain humbly said to Li Tian: "Please don't get familiar with him. The little people in the small place have not seen anything in the world. Please forgive me."

Li Tian felt quite surprised. Although he is not an unknown person now, he hasn't made the people of Panshi respect him so much.

But the captain did not look like a disguise. Although he felt surprised, Li Tian didn't take it seriously.

When Li Tian entered Nanzhou City, the captain's humility just now turned into a grin, and he tore the Rock Legion clothes he was wearing, revealing a set of clothes inside. The logo of the Legion is quite conspicuous.

"Li Tian, finally waited until you came! Is it so easy for us to retreat to the Holy Legion? Sending out a few **** for you to kill, but it can test your current strength, this is absolutely worth it."

"Hey, no one can escape the person the commander of the North Korean army wants to deal with, even if you are Li Tian!"

"Don't **** pretend, now Li Tian has entered Nanzhou City as analyzed by the intelligence department. You now leave immediately, go to other places and let the other six ghosts of the seven ghosts drive to Nanzhou! Tonight, tomorrow morning at the latest, is Li Tian's death!" The man said with a sneer.

"Black... Lord Nigga, Liu is really dizzy! I still can't wake up now!"
