

A Killer 3721

Chapter 3721: Fierce Battle on Rainy Night (6)

"Master Li Tian, this eighteenth-level zombie is different from the eighteenth-level behemoth beasts in Donghai City. The behemoth beasts are huge in shape and move relatively slowly. Once they fall into the quicksand, as long as I am in the quicksand If you control it, the giant zombie can't escape. But this umbrella zombie has a small size and agility. I'm afraid I won't be able to control it for long!" Dixing Yasha said.

Of course Li Tian knows.

Li Tian only needs to be able to control the colorful umbrella zombie for a few minutes.

Li Tian wanted to try to see if he could use the current "Red Slash" to chop off the zombie's head. If it doesn't work, then Li Tian can only use the Void Yaksha Void ability to send the eighteenth level zombies into the void. .

But this is not what Li Tian wanted to see.

Eighteenth-level zombie corpse crystals are really invaluable. If these two eighteenth-level zombies can be killed, then the captain, Xiao Tianyi, the already nine-color corpse crystal and "Red Slash" will all have benefits. And their strength will also be greatly improved.

Seeing Li Tian completely ignored his existence, the colorful umbrella zombie couldn't help but furious, throwing the colorful umbrella in his hand that had been broken by Li Tian aside, and his left and right hands turned into two bone knives as thin as cicada wings. Charged towards Li Tian.

"Your ghouls have nothing to do with me, let alone your two wastes! The poncho zombie has been thrown directly into the alien space by my ability just now, and I don't want to return to the earth world in this lifetime. If you don't want to die, then just grab your hands obediently, put your knees on your knees, and kneel before me begging for mercy. Maybe I can open the net, spare you not to die, and take you as my mount!" Li Tian saw the colorful umbrella The zombie was already angry, and immediately said, adding fuel to the fire.

"Dreaming!" The umbrella zombie screamed at Li Tian, jumped up suddenly, and slashed the bone knife towards Li Tian with the force of smashing Huashan.

But Li Tian didn't avoid it, just standing in place, sneered at the colorful zombies.

"Huh!"

The Bone Knife cut down the raindrops, and it was about to be cut on Li Tian's body, but Li Tian suddenly disappeared again.

"Boom!" With a sound, the colorful umbrella zombies fell heavily on the ground, crushing the concrete floor directly, exposing the soil below. Although the umbrella zombie tried hard to think about the muddy mud, but the umbrella zombie discovered with horror that the ground suddenly turned into a swamp. He moved so hard that he fell more and more. Fast.

"No, how could there be a swamp in Beitang City! Could it be... is it a ghost made by Li Tian?"

The umbrella zombie raised his head and looked at Li Tian, seeing Li Tian showing a smug expression, slowly walking towards him.

"How about, child? Is this quicksand sunken enough for you to play?" Li Tian looked at the umbrella zombies playfully as if an elder was watching a junior.

"Impossible, how did you do it?" The face of the colorful zombie was full of horror.

All the information he obtained before was maintained when Li Tian participated in the Forbes power competition in Kyoto City. He did not know that there were three Xiaoyasha behind Li Tian.

I don't even know that when Li Tian was in East China Sea City, he had already used quicksand to sink to kill an eighteenth-level behemoth, otherwise he wouldn't be so arrogant that he would jump directly in front of Li Tian and Deng'er and throw himself into the net. Up.

"You don't know a lot!" Li Tian said with a sneer.

"Master Li Tian, stop bragging, do it quickly, this guy is really hard to control!" Dixing Yasha said to Li Tian.

But at this time, the umbrella zombie was only half of its body plunged into the mud, and the two bone knives with thin arms like cicada wings could attack at any time. Li Tian also wanted to hurry up, so he could only shout: "Solve! ", let "Hong Zhan" change back to its original appearance.

Then Li Tian used his mind to control "Red Slash" and flew towards the umbrella zombie.

"Chang!"

"Chang!"

Although the umbrella zombie had already sunk half of its body, it kept slashing against Li Tian's "Red Slash" with a bone knife. As a result, Li Tian was helpless with the umbrella zombie.

But even though Li Tian was anxious, he couldn't show it. He still said gently to the umbrella zombie: "It is said that a zombie is an immortal thing. If you say that if you bury you directly in this mud, you say you Can you survive?"

Li Tian asked and answered generally, "It should be possible, why don't we do an experiment! Don't resist, I won't do it!"

That colorful umbrella zombie is not a fool, even if it is buried in the mud to die, but what is the difference between stepping into the ground and not dying?

But at this time, the quicksand sunk into the chest of the umbrella zombie. No matter how hard the umbrella zombie struggles, he can't get rid of it. Finally, his face showed a horrified expression and said to Li Tian, "Li Tian, have something to say. You can say it well. I think about it now. In fact, your proposal is not bad. I can be your mount. Think about it, if you have a level 18 zombie like me as your mount, how cool you are!"

"To be honest!" Li Tian said with a burst of shout.

The umbrella zombie was taken aback, and he blurted out, "Mount, dream! As long as you let me go out, I have to crush your Li Tian corpse...no..."

A smug smile appeared on Li Tian's face, and the colorful zombie actually told the truth.

In fact, even if the umbrella zombie doesn't tell the truth, doesn't Li Tian know what he thinks?

But how could Li Tian give him this opportunity?

Gradually, the quicksand sunk and was buried in the neck of the umbrella zombie. Although the umbrella zombie tried to stretch out his arms, it was completely controlled by the quicksand sinking.

Li Tian dashed forward, holding "Red Zhan" in his hand, then lifted "Red Zhan" and slashed heavily on the head of the colorful umbrella zombie.

"Chang!"

Although there was a metallic impact sound, "Red Slash" had already cut a gap in the head of the umbrella zombie.

"There's a show!" Li Tian felt ecstatic in his heart, once again raised "Red Zhan" and stabbed it heavily.

"Chang!"

But at this time the iron-like sound was so sweet in Li Tian's ears.

"Master Li Tian, speed up, I feel I'm a bit exhausted!" Dixing Yasha yelled at Li Tian.

Li Tian speeded up his attack again, with an expression of ecstasy on his face, he kept slashing towards the head of the colorful zombie.

At this time, the mud that controlled the umbrella zombie suddenly loosened, and the umbrella zombie's body moved an inch upward.

"Li Tian, you are dead, as long as I go out, I will kill your brother Tang Xiaolong as soon as possible. You forced me!" the umbrella zombie roared angrily.

But Li Tian stepped on the shoulders of the colorful umbrella zombie again with his feet, preventing the colorful umbrella zombie from coming out, and continued to stab him with "Red Slash".

After repeating this, it took about a full minute, and suddenly a "poof!" came from Li Tian's ear, and then a stream of black mucus splashed out.

Chapter 3722: Brother Tian is very happy

The head of the colorful zombie was still cut open by "Red Slash". Although this process made Li Tian feel frightened, but the final result made Li Tian feel ecstatic.

The eighteenth-level zombies, even if they meet the eighteenth-level zombies again, Li Tian can jump two levels with the strength of the fifteenth-level zombies, directly fight with the eighteenth-level zombies, and behead the eighteenth-level zombies.

Before Li Tian could take out the corpse crystal of the eighteenth-level zombie, he lay exhausted on the ground, looking at the sky of dark clouds, letting the rain wash over his body.

"Wow!"

Dixing Yasha also came out from the ground, lying on one of Li Tian's arms, panting heavily.

"Master Li Tian, are you very happy?" Dixing Yasha asked.

Happy, how can you be unhappy!

It seemed that Li Tian had only killed an eighteenth-level zombie now, but this eighteenth-level zombie had a vital effect on Li Tian, Beitang, and heaven.

If this level 18 zombie is not dead, Li Tian has no absolute confidence to fight against level 18 zombies. If this level 18 zombie is not dead, Beitang is still in a dead city controlled by zombies. If the zombie does not die, then the heavens will always be the weakest king of the northwest, unable to come out of the northwest.

"I am also happy for Master Li Tian, and also happy for myself." Dixing Yasha said.

About two or three minutes later, Li Tian calmed down from this excitement, took out the corpse crystal from the head of the umbrella zombie, and then pulled out the corpse of the umbrella zombie from the soil like a carrot. Let the rain wash the corpse clean again, and then the corpse of the zombie with the umbrella entered the space of the ground travel yaksha.

Seeing Li Tian suddenly appeared, the poncho zombie angrily rushed towards Li Tian, roaring: "Li Tian, I will kill you!"

"Snapped!"

Li Tian directly threw the corpse of the umbrella zombie in front of the poncho zombie, and said with a sneer: "Who killed me? Come on, you try to kill me?"

Looking at the colorful umbrella zombie that was thrown to the ground, the face of the poncho zombie finally showed a look of fear, and he kept backing away, and said to himself like:

"No...impossible, yours It's so possible that strength killed him. No, no, you must have done some conspiracy, otherwise how could you kill him?"

Although the poncho zombie didn't want to admit it, the corpse of the umbrella zombie was real, and the hole in the head of the umbrella zombie was not deceiving.

"This...Is this really you killed?" The poncho zombie still asked incredulously.

"Would you like to give it a try? Now I only have two corpse crystals of level 18 zombies, and you won't have many more!" Li Tian said with a sneer.

In fact, Li Tian is already exhausted now, and he is strongly supporting the standing in front of the poncho zombie, and the earth travel yaksha is also exhausted. For the time being, Li Tian can't pose a threat to the poncho zombie.

The poncho zombie immediately fell into infinite fear, and kept shaking his head, and kept moving back.

Li Tian did not continue to entangle with the zombies in the poncho, but directly withdrew from the space of the Earth Xing Yasha.

Now the high-level zombies in Beitang City have basically been beheaded by Li Tian, and most of the corpse crystals of these zombies have been swallowed by the nine-color corpse crystals and "Red Slash", but this is no longer important. .

The important thing is that no zombies disturb Liu Yihui's operation on Tang Xiaolou. What is important is that Beitang will finally return to Li Tian's hands.

Li Tian brought Shen Tao out of the space of the Void Yasha. Shen Tao saw the zombie corpses everywhere in the hospital compound. He looked at Li Tian in surprise and said, "God... , You did all this?"

Li Tian smiled and nodded.

"This... this... these are all zombies above level ten, and there are many zombies at level twelve and third. Brother Tian, you are so amazing, so many zombies were killed by you alone, heaven. Brother, you are my idol!" Shen Tao said excitedly.

Li Tian stretched out his palm again, revealing the eighteenth-level corpse crystal of the colorful umbrella zombie.

Seeing this corpse crystal, Shen Tao's eyes widened involuntarily, and said in surprise: "This...this should be an eighteenth-level corpse crystal!"

Because of his ability, Shen Tao could clearly feel the power of the corpse origin contained in this corpse crystal.

"Yes, the zombie that injured Xiaolong was killed by me! This is his corpse crystal!" Li Tian said.

"Wh...what? Brother Tian, you actually beheaded the eighteenth-level zombie? This...this..." Shen Tao said for a long time, but didn't know how to continue to express his shock.

When Shen Tao looked at the eighteenth-level corpse crystal, he could clearly feel the power of the original corpse in the eighteenth-level corpse crystal.

The power of the surging corpse source made Shen Tao's heart a little surging. Shen Tao wanted to reach out and take the corpse crystal in his hand and take it as his own, but Shen Tao understood that he could get a fifteenth-level corpse crystal today. It was already a very lucky thing, this 18th-level corpse crystal was definitely not something he could touch.

"This eighteenth-level corpse crystal should be for Xiao Tianyi or the team leader!" Shen Tao's heart was a little envious of Xiao Tianyi and the team leader, but his envy soon disappeared.

"As long as I follow Brother Tian, sooner or later I will be rewarded with the eighteenth-level zombie crystal!" Shen Tao secretly clenched his fist and thought.

Li Tian took Shen Tao to the sixth floor of the hospital, and at this moment Liu Yihui just opened the door of the operating room and walked out.

"How is it?" Li Tian asked anxiously.

Liu Yihui nodded, looked at Li Tian curiously, and asked, "What's the matter? Why is your body completely wet? Could it be...could it be that zombies have already arrived outside?"

Seeing Liu Yihui nodded, Li Tian heaved a sigh of relief when he knew that Tang Xiaolong was safe and sound.

"It's not just zombies! Brother Tian has already killed more than a hundred zombies, including four level 15 zombies and one level 18 zombie!" Shen Tao said with some pride.

Liu Yihui's eyes were about to fall out, and he asked in surprise, "Is this true?"

Seeing Li Tian nodded slightly, Liu Yihui swallowed his saliva involuntarily, and he no longer knew what to express the shock in his heart.

After a while, Liu Yihui stretched out his hand to face Li Tian and asked, "Brother Tian, is there any smoke? Let me calm down first! This news is really shocking, I need to digest it!"

If in normal times, Li Tian would never let Liu Yihui smoke, not only because cigarettes in the last days are more precious than food, but also for their health.

Listening to Liu Yihui's flattery, Li Tian took out a pack of cigarettes from the materials stacked in the space of Void Yasha and threw it to Liu Yihui, saying, "Reward you!"

Holding a cigarette, Liu Yihui couldn't even react for a while.

"Brother Tian, what's wrong?" Liu Yihui asked.

"Because Brother Tian is very happy!" Shen Tao replied.

Chapter 3723: Man riding a tiger

Tang Xiaolong is really an iron man!

This is not only to say that Tang Xiaolong's ten-fold training makes Tang Xiaolong more like an iron man, nor is it to say that Tang Xiaolong's penetration wounds stabbed by an eighteenth-level zombie has lost his life, it is also saying Tang Xiaolong's amazing recovery ability.

In less than a week, Tang Xiaolong not only recovered, but also participated in various battles of the Celestial Legion to retake Beitang City. Moreover, Tang Xiaolong seemed to be stronger than before the injury.

Especially when Tang Xiaolong rode on Li Tian and conquered the mourning tiger from the fourteenth-level mutant mourning bear cave in Qinling Mountains, Tang Xiaolong's whole body actually had a smell like a ***** descending from the earth.

It is precisely because Tang Xiaolong is riding a zombie tiger, so no matter how many zombies Tang Xiaolong kills in battles of all sizes, he must be the first to be known by other zombies. Of course Tang Xiaolong's strength has also been restored, and there are many zombies who died under his iron fist, and under the claws of that zombie tiger.

Therefore, after Li Tian completely conquered the Beitang city, when Tang Xiaolong rode a tiger and continued to go out of the city to hunt and drive away the zombies outside the city, as long as the zombies saw the man riding the tiger, the zombies immediately panicked. His whole body crawled on the ground, shivering in fright.

The man riding a tiger, Tang Xiaolong.

There is a saying among the zombies: "Tang Xiaolong is a master who can escape under the hands of the eighteenth-level zombie. It is said that his mounts have reached the twelfth level. You say Tang Xiaolong How high is his strength level?"

Of course, for those senior zombies who are at level seven or eight or level five or six, the twelfth level can only be used to look up. After all, the level of the guardian zombie before Beitang is only ten. Level 2 only.

And Tang Xiaolong, who was able to subdue all the twelfth-level mourning tigers, was like a god.

Because Tang Xiaolong's such a pull, actually concealed Li Tian's limelight.

Those zombies had forgotten that the Celestial Realm was able to break into Beitang City so quickly, and the greatest credit must be the Celestial Legion Commander Li Tian.

If it wasn't for Li Tian to behead the two eighteenth-level zombies and one live bird, or for Li Tian to behead almost all the zombies above the tenth level in Beitang City, the remaining zombies in Beitang City How can it be defeated when facing the Celestial Legion?

But now no zombies are willing to mention those two eighteenth-level zombies, and no zombies are willing to mention those fifteenth-level zombies, zombies above twelfth level.

Because this is a dark history for them.

Although they are all zombies, these zombies above level six have human intelligence after all.

In their hearts, there is still hope that after Li Tianneng takes back Beitang, he will want to treat the zombies of the former deputy captain Beitang, the eleventh level, and the fifteenth level who was later robbed of Beitang. As if the zombies were nailed to death on the city wall, some zombies were taken in.

Therefore, outside this Beitang city, there will always be strange pictures.

That is Tang Xiaolong riding a zombie tiger, with Xiao Tianyi riding a mutant bat, driving and hunting the zombies outside Beitang City, but those zombies are like moths fighting the fire, constantly running around Tang Xiaolong. Then looked at Tang Xiaolong from a distance, afraid of shaking on the ground.

"Brother God, this is not the way. Not all zombies have lost their nature. I see that there are still many zombies who want to live a human life. In order to live such a life, these zombies even took the initiative to go I will die in front of me. When encountering such zombies, no matter how I drive them, these zombies are unwilling to leave Beitang City!" Tang Xiaolong reported the situation to Li Tian and said.

In fact, Li Tian believes that zombies can coexist with humans, as if they can coexist with the captain now, and even the barbarians can fall in love with the captain.

However, Li Tian couldn't guarantee that the 150,000 people who were rushing from Donghai City to Beitang City would not be able to coexist with the zombies.

Probably not. After all, their homes were just destroyed by the funeral, and their hearts were full of hatred and resistance to the funeral. It is impossible to change because of Li Tian alone.

However, it is not realistic to kill all these zombies.

"Brother Li Tian, since our Agribusiness Association will be established in Beitang in the future, then we definitely need farmer zombies. In that case, why not gather these zombies, and then we are in Beitang City, where the entire Beitang City is located. Ten zombie cities have been set up in it, and then use these zombies as zombie farmers in Beitang?" Tang Feifei said: "In this way, we can solve the problem of these zombies and the lack of zombie farmers. The problem."

Situ Ningbing nodded thoughtfully, and said: "This is a way. We can gather the zombies who have such a willingness, and then let these zombies manage themselves, and our heaven will protect these zombies to ensure these The safety of zombies."

Tang Feifei gave Situ Ningbing a grateful look. With Situ Ningbing's support, Tang Feifei immediately became more confident.

"In fact, after the end of the world, many zombies, even many high-level zombies, after possessing human consciousness, are unwilling to continue to be zombies, and their hearts are also eager to return to human society. But these zombies are in an environment where the weak and the strong, I have to make myself even more brutal. It is because our Association of Agriculture and Industry can give these zombies some psychological comfort that they are willing to work for our Association of Agriculture and Industry!"

"And if our heavens can identify with these zombies first, then it will definitely have a profound impact on the entire apocalyptic era, and may even cause the apocalyptic era to end earlier!"

Li Tian looked at Tang Feifei, now Tang Feifei is more like the vice president of the Agriculture and Industry Association.

"This idea is good, but we can't start blindly. We first look for a suitable place near Beitang as a pilot. If this is successful, then we will continue to extend it to the entire Beitang city, and even the entire heaven." Li Tian said.

Everyone recognized Li Tian's conservative approach.

"Tang Xiaolong, this matter will be handled by you. As the experimental site, I suggest choosing Gongming County, the county seat outside Guanloutai. Tang Feifei, you are responsible for assisting Tang Xiaolong!" Li Tian said.

Li Tian made this decision first because Tang Xiaolong now has some popularity among the zombies, and the second is to protect Tang Xiaolong, after all, Tang Xiaolong recovered from his illness.

In this way, the Association of Agriculture, Industry and Commerce was established in Beitang.

"Bai Jing, now you are responsible for the preparation of Beitang's Bounty Hunters Association! But at the beginning of its establishment, I will give you the first task, which is to investigate the whereabouts of Windsor. I need to find her!" Li Tian said.

Chapter 3724: Recapture Windsor (1)

After the Celestial Legion entered Beitang, Beitang City immediately gained popularity.

These 10,000 troops were divided into small groups and stationed in eight places in Beitang City, namely the southeast, northwest, northeast, southeast, southwest, and northwest. The first thing these legions do every day after being stationed is to be carpeted in Beitang City.

Even though these places have been searched no less than seven or eight times, they are still searching non-stop.

Because they already know that 150,000 people are rushing from Donghai City to Beitang City. Once these people enter Beitang, they must be far away. If there is another zombie attack, these people will probably be very It is difficult to find a sense of belonging in this Beitang.

In order to prevent those zombies from entering Beitang City from outside the city, Li Tian ordered the army to take people and block all the subway passages leading to the city.

As a result, after five consecutive days of carpet search, no zombie was found in Beitang City.

Then these members of the corps turned into all kinds of strange people and strange things. Some people knew about electricity. These people were organized by Li Tian to be responsible for the power supply of Beitang City, whether it was thermal power or photovoltaic, anyway, Li Tian ordered It is necessary for Beitang to see light at night within half a month.

Some people understand architecture, and Li Tian arranged for these people to repair the buildings in Beitang City and reinforce the defenses of Beitang City. In fact, at this time, the buildings in Beitang City were basically kept intact. These people did more to strengthen the defense of Beitang City.

Some people understand management, these people were organized by Li Tian to form the management organization of Beitang City, and the city owner of Beitang City was naturally Li Tian, and then these hard-pressed children became the original city managers. , And the first thing they have to go is the hygiene of Beitang City.

Some people know medicine. Li Tian gave them directly to Liu Yihui and asked them to follow Liu Yihui to establish Beitang Hospital and Beitang Zombie Research Institute. Before that, Li Tian had already acquired those possessions from Donghai City. The vitality octopus tentacles were given to Liu Yihui. If Liu Yihui had won the most treasure, he had already gotten into the research institute.

Some people know how to eat!

"Asshole, are you **** kidding me?" The deputy commander of the Celestial Legion cursed angrily.

After nearly half a month of development, Beitang City has a preliminary scale, at least at night, Beitang City also has lights.

At this time, Bai Jing's Bounty Hunter Association had been announced, and the president was naturally Bai Jing. However, because the network and communication have not been connected to the outside world, this bounty hunter association belongs only to the heavens.

However, the efficiency of this Bounty Hunter Association is not generally high. In just half a month, these guys, under the leadership of Bai Jing, actually found Windsor's whereabouts.

And Windsor's organization is in Chenzhong City, which is not far from Beitang City. However, it is somewhat difficult to get to Chenzhong City. Because Chenzhong City is located on the other side of the Qinling Mountains, although the straight-line distance is not far, Wanting Chen Zhong is not something you can do in one or two days!

But this can't stop Li Tian.

After numerous battles and numerous injuries, Li Tian is now full of desire for Windsor!

That's right, you are not mistaken, just desire!

Of course, this desire is not the desire of the lower body, but I want to quickly take Windsor and receive it into the Celestial Legion, so that Li Tian and others can have enough medical safety guarantees when they fight.

It's just that Beitang City is thriving, and people are needed everywhere. Even the members of the Ten Thousand Celestial Legion feel far from enough. So far, Li Tian has still picked up Xueji, Barbarian and others. people.

Reluctantly, Li Tian could only push this task to Bai Jing's Bounty Hunter Association, and let Bai Jing send people to the Celestial City, so that Shelipuding, He Zhizhuo, Huo Liantong, Xin Yan and others could come to Beitang.

As for the safety of Celestial City and the entire Northwest, Li Tian doesn't have to worry about it now. With the continuous improvement of Li Tian's strength, his reputation is increasing day by day, and now the Great Northwest is completely unified.

Moreover, the Heaven Realm has begun to drive the zombies to more favored cities and lands, and the Heaven Realm has begun to move towards the industrialization of the civilized age.

After arranging everything in Beitang City, Li Tian drove Shen Tao on the road to Chenzhong City to find Windsor.

Tang Xiaolong, Situ Ningbing and others wanted to follow Li Tian to Chenzhong City, but don't refuse Li Tian.

Now Beitang City needs them even more. After getting the 15th-level corpse crystal meeting, Xiao Tianyi has already begun to absorb the 15th-level corpse crystals. The real combat power of Beitang City now is Tang Xiaolong and Situ Ningbing. If they also left, Li Tian is really worried about the safety of Beitang.

...

Coming out of Beitang City, the car speeded southward.

Sitting in the passenger seat, Shen Tao held a traffic map of the province where Beitang was located before the end of the world. But even if you look at the map, you may not know which way to go. Li Tian looked at Shen Tao's guidance. Looking at the map, while watching the road signs on the expressway heading towards Chenzhong City.

After hitting seven or eight low-level zombies, Li Tian and Shen Tao finally found the right direction after stopping and confirming their directions several times.

"Brother Tian, do you think we will go well this time?" Shen Tao put away the map, and asked from the information obtained by the Bounty Hunter Association from his backpack.

"I hope everything goes well! But no matter whether it goes well or not, even if it is a grab, I will grab Windsor back." Li Tian said decisively.

Thinking of the information Bai Jing sent back, Li Tian couldn't help but want to get angry.

That Windsor turned out to be the child's daughter-in-law of a third-rate legion commander in Chenzhong City, and the commander of the legion actually thought of sending Windsor to that city owner many times in order to favor the city lord of Chenzhong City.

Later, Windsor persuaded the city lord to give Windsor freedom on the condition that she could enter the Forbes Top 500, but the city lord did not fulfill her promise. After Windsor entered the top 500, he firmly controlled Windsor. .

And this Windsor is somewhat similar to Bai Jing, and there are a dozen teenage boys and girls behind him, and for these boys and girls, Windsor can only still humiliate.

Now, Li Tian has understood why Windsor refused when he first recruited Windsor.

This is not to reject Li Tian, but that he has to choose like this. She is the same as Bai Jing, she takes her own honor, disgrace and happiness very lightly, and the more important thing in their hearts is the people they guard.

"Windsor, wait for me!" Li Tian slammed on the accelerator, speeding up his journey towards Chenzhong City.

Chapter 3725: Recapture Windsor (2)

When it was about to get dark, the car finally reached the outskirts of Chenzhong City. From a distance, only the most central area of Chenzhong City had some lights. f,

Chenzhong City is surrounded by mountains and rivers, and a large river runs around the city.

Li Tian drove across a bridge and entered Chenzhong City.

The territory of this city is not very large. Before the end of the world, it had a population of hundreds of thousands. After the end of the world, more than half of these hundreds of thousands of people fled into the Qinling Mountains, and some fled to Beitang. City and other cities, this has already happened, Chenzhong City does not have many zombies.

Therefore, after the end of the world, this city was quickly taken back by humans.

However, the city has not had a decent defense since it was retaken. It just built a circle of wooden horses on the outer periphery of the city, but there were no soldiers guarding the wooden horses, and of course they could not be guarded. After all, there was no help. Once attacked by high-level zombies, there is even no chance to escape.

In the core area of Chenzhong City, those in power in Chenzhong City only built a layer of protection with steel bars and barbed wire, and how much protection this protective net can play is really not flattering.

It can be said that it is not very appropriate. This Chen Zhongshi Legion is probably a little stronger than the previous Seven Swords Legion, or the incumbent is a pig, and it doesn't even want to improve the defense of its base camp. Engage.

When Li Tian's car passed the lap to reject the horse, it did not encounter any obstacles, and directly entered Chenzhong City, and then swiftly moved forward on the streets of Chenzhong City toward the bright spot.

After entering Chenzhong City, several low-level zombies heard the roar of the car and ran into the car. Li Tian did not hesitate to crush the two low-level zombies into meat sauce.

However, from the appearance of these two low-level zombies, you can also see from the side what Chen Zhongshi looks like.

When the car was about to reach the steel fence, Li Tian heard the dynamic music from the center of Chen Zhong, which turned out to be the melody of his mother's square dance.

And outside the steel fence, attracted by this dynamic melody, climbed outside the steel fence, constantly slapping the steel net, and even some zombies twisted in accordance with the rhythm of the music.

And inside the steel fence, the soldiers in Chen Zhongshi can finally be seen.

These soldiers were scornful and kept hitting the steel wire mesh with their rifle butts. The skin on the fingers of a few low-level zombies had been smashed by those soldiers, and those soldiers laughed unscrupulously, and there was even one soldier. Burn the cigarette **** in his hand to the eyes of one of the low-level zombies.

It seems that these soldiers often do such things and must be proficient and skilled in doing them.

Even Li Tian, who killed countless zombies, felt secretly unhappy when he saw what these soldiers were doing.

You can kill these low-level zombies. After all, they have no human consciousness, but you can't treat these zombies as fun to play, after all, these zombies were once human.

At this time, the headlights of Li Tian's car finally attracted the attention of the zombies, and the zombies left the barbed wire one after another and slowly rushed towards Li Tian's direction.

And Li Tian sent Shen Tao into the space of Void Yasha, pushed the door directly, walked slowly, then suddenly jumped onto a second-story house next to him, and then quickly From the roof of the house, he ran to the front, and then Li Tian accelerated and jumped abruptly. He flew out more than ten meters, and then flew several times in the air before he landed on the ground.

The soldiers were completely stunned.

They never imagined that someone could fly in just like in a movie before the end of the world.

After a while, the soldiers picked up their guns, pointed at Li Tian, looked at Li Tian with a frightened expression, and asked, "Who...what are you...who?"

At this moment, a person suddenly appeared beside Li Tian, it was Shen Tao.

After seeing Shen Tao, these soldiers stepped back involuntarily in fright. One of the soldiers even sat down on the ground in shock.

"I am a friend of Windsor, I am looking for Windsor!" Li Tian said.

"Master Windsor, what friend of Master Windsor are you? How come I have never heard Master Windsor mention you?" Among them was a soldier who looked like a small captain who had some courage. He walked a few steps forward, but still did not dare to approach. Li Tian asked.

Li Tian sneered, with a scornful expression on his face, and said, "Does Windsor need to report to you about any friends?"

"No... dare not!" said the team leader.

"In that case, is there any problem? Did you take the initiative to take me to find Windsor? Or did I force you to take me to find it?" Li Tian said with a sneer.

The soldier with the appearance of the small captain immediately showed an embarrassed expression on his face, and said: "Now...I am afraid it is inconvenient now. Today is a day for Master Windsor's rejoicing. It is not good for us to go like this!"

Hearing that today is Windsor's happy day, Li Tian couldn't help furious.

Angrily, this Windsor is just a child, a cute little loli, how could he get married so early?

The second anger, the city lord of Chenzhong City, did not keep his word. When Windsor followed Li Tian to participate in the Forbes Power Contest, Windsor was already in the top 500, which means that Windsor is already a free man according to the agreement and can stay here. Chen Zhongshi's friends who took care of her had already done their best to Windsor.

Li Tian rushed forward abruptly, reached out his hand and grabbed the squad leader's neck, and sternly drank: "Take me, now!"

"You **** don't want to live anymore? You rushed to make trouble in our Chenzhong City!" A soldier next to him raised his gun and aimed at Li Tian, cursing.

But this was already his last word. Shen Tao instantly used his superpowers, trapping the soldiers in the transparent material, which was like a crystal coffin.

Although Shen Tao's abilities can be maintained for a short time, even if he cultivates to the present, it can only last for less than an hour at most, but how can ordinary people persist for an hour without breathing!

Even if he could hold on for an hour, he could no longer survive, because Li Tian's "Red Slash" was already under the control of Li Tian's mind, and he slashed towards the soldier.

"Huh!" A red light flashed, and the soldier was cut in half by Li Tian.

Chapter 3726: Recapture Windsor (3)

The squad leader's eyes were bigger than a cow. He never thought that the two men in front of him were unambiguous when they started their hands. They had already beheaded one of their soldiers without even saying hello. Up.

But Li Tian and Shen Tao's each showed their hands, and they immediately shocked the soldiers.

"If you have something to say, if you have something to say, since I am a friend of Lord Windsor, I am also here to congratulate Lord Windsor on his wedding. I will take you to find Lord Windsor! You guys, take good care of this place. Don't dare to let zombies come in. Once you ruin the joy of Lord City Lord, be careful of your heads!"

When the squad leader said this, he blinked at the opposite soldier from time to time.

His words have been very clear. If he takes Li Tian to find Lord Windsor, then the city lord will blame them, and they will not be able to escape the fate of death. And he blinked his eyes to imply that these soldiers, when he took Li Tian to find Windsor, hurriedly detoured to report to Lord City Lord.

"You seem to have some problems with your eyes. In this case, you don't need to lead the way!" Li Tian said.

The squad leader knew that his little actions were discovered by Li Tian, his face was full of horror, he kept backing away, begging for mercy: "No...no, there is nothing wrong with my eyes, I can take you to find Master Windsor, go now..."

Li Tian's mind controlled "Red Zhan" and slammed at the team leader's body.

"Huh!"

A red light flashed, and the team leader made a scream and turned into a corpse.

Looking at the corpse of this team leader and that soldier, the other soldiers were silent for a moment, and they didn't even have the courage to look up at Li Tian. They were thinking, "Where did these two murderers come from? , Why didn't you say that two people had already been killed!"

"I only said once, who can take me to Windsor, who can take me to find, who can survive!" Li Tian said coldly.

Li Tian's words are obvious, but none of the soldiers can pluck up the courage to guide Li Tian.

Because they understand that once they take Li Tian to find the City Lord, they will definitely be killed by the City Lord, and what if they don't? Maybe this person will let them go softly.

They were wrong.

"Huh!"

A red light flashed again, and a soldier who secretly raised his gun to shoot Li Tian was directly cut into two pieces.

Hot blood sprayed out of the soldier, splashed on the rest of the soldiers, making the soldiers tremble involuntarily.

"Actually, you don't need to take me there. I just need to follow the music and I will definitely find others who are willing to take me there..."

Before Li Tian's words were finished, a thin and short soldier raised his hand and said anxiously to Li Tian: "I...I, I would take you to find Master Windsor, but please Don't hurt me! I haven't lived enough yet? I haven't married a wife yet?"

Li Tian nodded.

As Li Tian nodded, "Red Zhan" had already crossed a red light, beheading the remaining soldiers one by one.

...

Chenzhong City, the city center, the most prosperous open-air square.

The lights flickered in the square, and the rhythm of the square dance echoed in the sky above the square. On the square, it was not the old man and old lady who danced in the square before the end of the world. Growing food, fine wine, and the guests sitting around the big round table are already staggered.

In the center of the square, there is a temporary stage, the main color of the stage is deep red, with some other festive colors.

A long table was placed on the stage, which was covered with red cloth, and on both sides of the long table, there were two wooden chairs.

Windsor sat on one of the wooden chairs with a sluggish gaze, looking at the table closest to the stage. The food and drinks on this table were not moved, and they remained as they were before the table opened.

Sitting around this table are boys and girls who have been guarded by Windsor for several years.

These boys and girls are very good and great, but on the day when Windsor was happy, these boys and girls looked at Windsor with a dull expression.

"Fools, hurry up and eat! You must know that living in the last days is happiness, don't cry for the misfortune of my sister!" Windsor whispered to the boys and girls.

Windsor's voice is very low. In this noisy environment, I am afraid that I can't go out even at a distance of three meters, but the boys and girls seemed to understand Windsor's words and raised their chopsticks.

But it just lifted it up.

No one moved, no one drank, still crying.

"Our strength is too weak. If our strength is half that of Sister Windsor, we will definitely not let Sister Windsor suffer such pain."

"Blame me, I'm an idiot, I'm a coward, a dignified man wants a weak girl to protect!"

"God, don't you have eyes? Why do you want a good person like Sister Windsor to bear this kind of pain?"

These boys and girls looked dull, and either blamed themselves or the heavens in their hearts.

Windsor wanted to stand up, but as soon as she stood up, the two soldiers standing on both sides of her immediately took a step forward, and Windsor had to retreat again.

"Fools, my sister has become like this, do you want your sister to sacrifice in vain?" Windsor raised her head and saw the city lord of Chen Zhongshi, the big fat man with big ears and 300 kilograms.

This is the **** big fat man named Chen Liang.

It was Chen Liang's rebellion that made Windsor finally fall into despair after he finally had hope.

Windsor also saw a man with a sharp-mouthed monkey cheek next to the big fat man. This man was in his twenties and was the fiancé before Windsor, but in order to curry favor with Chen Liang, this shameless man gave Windsor to Chen Liang.

"Don't be sad, don't be sad, these painful things will pass soon, for them, you must also live!" Windsor continued to comfort himself.

"Yes, live, think about some happy things, and let the unhappy time pass faster!"

Windsor thought of the days when she and these little friends depended on each other, and thought of the days when they played games, hunted zombies, and ate food together, but these days were full of suffering.

Windsor thought about life before the end of the world again, but she couldn't remember it anymore.

Windsor thought of going to Kyoto City to participate in the Forbes power game.

"At that time, there was Li Tian, the captain of the preliminaries, Jingtao who was immortal, Luo Xin, Liao Jie, Gao Bi, who was called a handsome man, and Zhu Jinhua, who was afraid of death. Let's kill the zombies together, our life is so happy!" Windsor thought about it, but she couldn't help crying anymore.

Chapter 3728: Recapture Windsor (5)

The soldier reached out and picked up the collar of one of the boys, and slapped the boy's cheek several times in succession.

Although these soldiers are not strong soldiers who have been strictly trained, the strength in their hands is really great. After these few slaps, the boy's cheeks suddenly swelled. But the soldier did not stop. The boy who had been beating had his mouth full of blood, his mouth was swollen like two sausages, and the soldier stopped.

Then the soldier slammed the mouth of an uncapped liquor bottle on the table into the boy's mouth, lifted the bottle and filled it. The other soldiers immediately followed the soldier, some stuffed the boys' mouths, some poured wine into them. There was even a faint light in the eyes of the two soldiers, and when they were pouring wine on two of the girls, they moved their hands with their feet.

Windsor stood up abruptly and was about to rush down the stage, but was stopped by the two soldiers.

"Master Windsor, please don't embarrass us! If you leave here without authorization, the two of us will lose our heads." The two soldiers walked up to Windsor and stretched out their hands to stop them.

Windsor's face was full of anger, and she really wanted to say: "Get out of the way, or I will let you off your head now!", but Windsor's personality determines that she cannot say this sentence, she can only shout to Chen Liang Said: "Chen Liang, I have promised to marry you, why do you treat them like this?"

Chen Liang dragged his fat body and walked slowly towards the stage, the expression on his face remained unchanged.

"On the big day, don't be so complicated, you all stop!" Chen Liang said as he walked.

It was the soldier who heard Chen Liang's order and immediately stopped.

The men and women who had been drunk and forcibly fed immediately crawled under the table and vomited frantically. For a while, the surroundings were filled with disgusting smell, and the two girls who were molested by the soldiers trembled and feared. He looked at these soldiers, then cast a glance at Windsor for help!

"Toast and not eat fine wine! Isn't I Chen Liang worthy of your Master Windsor? I, Chen Liang, is the lord of Tang and Tang Dynasty. In ancient times, that is a prince. When I and your sister Windsor are overwhelmed, can I still Does it depend on your dead parents' faces?" Chen Liang said with a sneer.

Then Chen Liang walked a few steps quickly, walked to the stage, stretched out Windsor's arm, and flirted with Windsor with a very frivolous movement, and then said: "Come on, let's give it to the master, let them all know You are voluntary, not Chen Liang and I forced you to marry me!"

"Sister Windsor..."

"Windsor...!"

The boys had been poured at least half a bottle of liquor. After vomiting, they finally stood up slowly, shouting Windsor's name in their mouths.

"Chen Liang, you bastard, I greet your grandma!" One of the boys named Xiao Pan stood up swayingly, suddenly lifted the wine bottle on the table, and rushed towards the stage.

But he just rushed less than two steps, his feet were soft and almost fell to the ground, and the one nearest to him kicked the little Pan directly, and reached out his hand to take the wine in Xiao Pan's hand. The bottle was snatched, and it hit Xiao Pan's head.

"Hey!" With a cry, the wine bottle was not broken, and Xiao Pan's head was not broken, but Xiao Pan had fallen softly.

"Fuck, your head is actually harder than a wine bottle, I really want to see if your head is hard or the wine bottle is hard!"

The soldier spit on the side, without stopping for a while, holding the wine bottle against Pan's head for four or five consecutive times.

"Little Pan!"

"Little Pan!"

The other boys and girls shouted in horror.

"No!" Windsor stretched out his hand to save Xiao Pan, but Chen Liang was yanked hard and pulled into his arms.

"You'd better not move, otherwise I will let your wedding become a funeral for your people today!" Chen Liang said grimly at Windsor.

"Hey!"

"Hey!"

"Hey!"

That Xiao Pan's head had been smashed into the blood, but the bottle was still not broken, but the bottle was not broken.

Two more clicks.

"Crack!" With a sound, the wine bottle finally broke, and the glass ball pierced into the top of the little Pan's head, **** and bloody, and the little Pan still fell to the ground, not knowing whether he was alive or dead.

The other boys and girls wanted to stop, but they were immediately controlled by the soldiers next to them, pressing their heads or upper body on the table, and they could only watch the boy smashed into a pool of blood. . The boys and girls cried helplessly.

And Windsor was crying into tears, and even the makeup was already crying.

"Today's happy day for Lao Tzu, who the **** made you cry, all the **** laugh at me!" Chen Liang roared.

Chen Liang reached out and pointed to the stage. At first, the guests under the stage were still a little dumbfounded, but soon all the guests laughed. Some were smiling, some were laughing, some were laughing wildly, these laughter and those boys and girls in the audience. Our cries merged together.

"How about you! Don't you have long ears? I am joking!" Chen Liang shouted to the boys and girls.

However, at this time, the boys and girls were humiliated and pressed their heads on the table by the soldiers, and the soldiers even deliberately aimed their crotch at the girls' buttocks and hit them hard. This action Full of insulting nature, but those girls are now the fish on the chopping board, they can only be slaughtered.

Then Chen Liang turned his head abruptly and said to Windsor viciously: "Laugh!"

Windsor wanted to cry, but looking at the humiliation of the boys and girls, Windsor dared not laugh.

Windsor touched the tears off her face, opened her mouth slightly, and tilted her mouth as low as possible, but she found that the muscles on her face seemed to be a heavy load, unable to tilt up at all. In the end, she could only force a smile, but this A smile is uglier than crying, but fortunately Windsor is still a beauty, so in time it is uglier than crying in Zhao Liang's eyes.

"And you!" Chen Liang said, pointing at the boys and girls.

After seeing Windsor's reluctant smile, the hearts of those boys and girls were already dead, and they all showed an ugly smile numbly.

"Hahaha!" Chen Liang smiled smugly and said: "Okay! Let them go! I want you to know that I am the king of Chenzhong City, and I am the emperor of Chenzhong City. If you want to survive, Then you must listen to me!"

Having said this, Zhao Liang, who was already a bit drunk, already fully felt that he was the emperor of Chenzhongshi. He stretched out his hand to hug Windsor and said: "I love my concubine, I can't wait, let me go to bed!"

And at this moment, a scream came from the stage: "Sister Windsor! Little Pan, he...Xiao Pan, he...dead!"

Chapter 3729: Recapture Windsor (6)

Xiao Pan is dead. In fact, Xiao Pan was already dead ten minutes ago, but at that time the soldiers who beat people would not care about Xiao Pan's life and death. Windsor and others wanted to care about whether they wanted to. Stopped by those soldiers. .

No one touches Xiao Pan, and no one can find that Xiao Pan is dead.

Hearing Xiao Pan's death, Windsor only felt a "boom" from her head, a feeling of dizziness that almost made Windsor unstable.

"Why... why..." Windsor muttered to herself with anger on her face.

Xiaopan and the others are like a treasure, which Windsor has been guarding.

In order to protect them, Windsor can reject Li Tian's invitation. In order to protect them, Windsor can choose to beg Chen Liang to marry.

But now Xiao Pan is still dead.

For Windsor, this is like a child carefully holding a piggy bank, guarding it, and protecting it, fearing it might break.

However, suddenly a tough adult rushed over, arrogant and unreasonable, and the child had no choice but to agree to give the money in the piggy bank to the adult, but the piggy bank was still broken by the adult.

pain!

pain!

Windsor broke away from Zhao Liang's hand abruptly, with a dull expression, and slowly walked towards Xiao Pan.

The soldiers all retreated, and the guests who ran over to watch also retreated. They were worried about Windsor's rage. The rage of a Forbes top 500 player is not something such a small person can bear.

But Windsor was not angry, but there was no slight change in her expression on her face, as if she was completely frustrated, as if she was completely disappointed.

Windsor slowly came to Xiao Pan's body and looked down at Xiao Pan's tragic death. Tears still did not hold back. Then Windsor squatted down slowly, stretched out his hand to slowly remove the broken glass pieces on top of Pan's head one by one, and then slowly stretched out his hand and pressed it on Pan's head.

All this is like playing slow motion in a movie.

"Sister Windsor, it's already... useless, Xiao Pan... Xiao Pan is dead!" One of the girls cried to pull Windsor's hand, but Windsor broke free.

Yes, it's useless! Windsor's power is a medical power. As long as the person is not dead, even if it is severely injured, Windsor can relieve the injury and even treat it.

However, Xiao Pan is already dead, and a person cannot be resurrected from death unless he possesses some abilities beyond ordinary people like the old four elephants, just like being a **** of Da Luo.

But Windsor didn't. Windsor was just a power.

However, if the piggy bank is broken, Windsor will try to stick it together. She can't watch Xiao Pan leave this world with such a miserable body. Windsor still stretched out her hand, pressed it to the wound on Xiao Pan's head, and then began to use her abilities to treat Xiao Pan.

None of the soldiers around, and the guests around, bothered Windsor. They seemed to feel the pain in Windsor's heart at this time.

Xiao Pan is dead, how can those wounds heal?

Even if Windsor uses powers, those wounds heal very slowly, and Windsor is treating Xiao Pan in this way, and it is very harmful to her body.

This is going against the sky.

Soon there was a dizziness in Windsor's head again, and Windsor almost fell to the ground. If it weren't for the girl next to her, she would have fallen.

"Don't waste your efforts! Isn't it just one person? How many people won't die in the last days? It's just your little...Little Pan is so weak that he died without a few hits!" Zhao Liang looked on. Said indifferently.

Windsor could no longer restrain the anger in his heart, and stood up with a sudden jump, and rushed towards Zhao Liang.

"Since people die every day, why are you not the one who doesn't die!" Windsor roared angrily.

Windsor's speed is also very fast, and he has already rushed to the stage within a few breaths, rushing in front of Zhao Liang, and Windsor's palm is in the shape of a hand knife, and there is a light blue luster on it, as if hey Like a poisoned scalpel, he slashed hard at Chen Liang.

Zhao Liang took a step back. Don't think that Zhao Liang has a figure that is not a fat pig, but his speed is not slow. It seems to be an understatement, but he easily escaped the attack of Windsor.

"boom!"

Windsor's hand knife did not cut on Zhao Liang's body, but fell on the wooden stage. The stage was immediately smashed into pieces by Windsor's hand knife.

Zhao Liang was shocked. Although he knew that Windsor, the Forbes 500 strong, was somewhat watery, it was the first time that he saw Windsor's real strength. This strength already made Zhao Liang's heart tremble especially.

Zhao Liang looked at him grimly: "Are you ***** crazy? Could it be..."

"Huh!" Windsor's hand knife with a light blue halo cut across Zhao Liang's abdomen again.

"Hiss!" Although Zhao Liang tried to avoid it, the hand knife easily cut through Zhao Liang's clothes. Through the torn openings in the clothes, everyone could see the look under Zhao Liang's clothes.

"Ah! Zhao...City Lord Zhao..." The person who first saw the body under Zhao Liang's torn clothes yelled in horror.

And when Windsor cut away Zhao Liang's clothes, he also saw the body under Zhao Liang's clothes.

It didn't look like a human body at all, because underneath the clothes was a layer of pure black hair. At first everyone thought that Zhao Liang was wearing a sweater, but soon everyone discovered that it was ***** summer. Someone might wear sweaters.

Zhao Liang looked down at his abdomen, and suddenly tore off his shirt completely, then revealed the black hair all over his neck.

"Hahaha, don't think that you are the only one in Chen Zhongshi who have awakened powers. I, Zhao Liang, also have powers. How sexy, right? Now if you admit your mistakes, I can let you go and let you enjoy Lao Tzu's strangeness There are fringe benefits, otherwise, I want one of the people in your audience to count as one, and no one wants to leave this square alive, and you... Hey, since you are married to Lao Tzu, of course I won't be polite! "

As he spoke, Zhao Liang roared abruptly.

No, it doesn't seem to be the roar of wild animals, it seems more like the roar of poultry, it's... it's a pig!

That's right, Zhao Liang's ability turned out to be a wild boar, and it was a giant wild boar.

"Hiss!" Zhao Liang's clothes were all torn, and his body size instantly doubled...three times...ten times..., soon, Zhao Liang's body shape changed into a regiment with the Black Dragon Legion. The size of the giant mourning elephant in the long ride.

"Boom!" The whole stage collapsed.

Chapter 3730: Be the bridegroom

At this time, a figure rushed over quickly, blocking between Chen Liang and Windsor.

"Quite your anger, calm your anger! Today is your day of great joy, why did you suddenly start your hands? Lord City Lord calmed down and let me take care of Windsor's affairs. I promise to let him obey and take care of him tonight. You!" The person who rushed over was Windsor's former fiancée, who said with a shameless expression.

The man was brazen and unscrupulous in order to achieve his goal.

He finally got on the big ship Chen Liang because of Windsor. For his personal purposes, he wouldn't care about Windsor's life or death.

Now, he feels that he is the closest person to Chen Liang, and it can be said that he has faintly entered the inner circle of Chen Zhongshi.

With his greater ambitions, the major legions in Chen Zhongshi are weak. This is Chen Zhongshi's biggest drawback, but it is also his opportunity. Once he is allowed to grasp this opportunity, then his future will not be limited to just such a small army, the leader of a small organization, what he thinks in his heart is the entire Chenzhong City, even the entire Beitang, the entire northwest!

"If you **** dare to ruin my good deeds, I will let all the men in Chen Zhong kill you!" Zhao Liang hadn't spoken yet. The man had already rushed to Windsor angrily, reaching out and grabbing Windsor's collar. He started to slap Windsor twice.

The grief is greater than the death of heart. For this man, Windsor has given up his heart, but seeing this man treat herself like this, Windsor still feels extremely angry.

And at this moment, from the crowd of onlookers, a strangely shaped blade suddenly flew out.

"Huh!"

A red light flashed, and in the exclamation of thousands of onlookers, the blade slashed directly on the man's raised arm. The man's arm flew out in an instant, and the man suddenly let out a scream like a crying wolf.

"puff!"

Blood spurted from the man's arm and spilled on Windsor's face. The temperature of the hot blood made Windsor gradually regain consciousness. And Windsor's ex-fiancee let go of Windsor, screamed and held his arm, and reached out to press the chopped arm against his broken arm.

"Red cut!"

"My God!"

Windsor suddenly turned his head and looked into the crowd, swiftly scanning the crowd, looking for Li Tian's figure, and at this time, Li Tian had pushed away the crowd in front of him and slowly walked towards Windsor.

"My God!"

Windsor looked at Li Tian and looked at Li Tian's face with a confident smile. Windsor felt that there was too much grievance in her heart. Now Windsor only wants to pounce on Li Tian's arms and take it easy. Cry.

"Win...Windsor,..., Windsor, give me treatment soon, my arm is broken! I beg you...!" The man wanted to kneel in front of Windsor, holding his ***** arm. Said to Windsor.

"You want me to treat you? Well, it's just a matter of raising my hand." Windsor lowered her head and looked at the man kneeling in front of her, sneered, and slowly raised her hand.

"Huh!"

Windsor slashed a hand knife on the man's arm, and it was cut sharply across the man's remaining arm.

"what!"

The man screamed again, but within a few minutes, the man lost his eyes. The man looked at Windsor in horror, and cursed Windsor vaguely: "You...you stinky bun... .."

"Huh!"

"Hong Zhan" flew over and slashed directly on the man's neck. His head immediately rolled down like a leather ball.

"Presumptuous! Who would dare to run wild in my Chenzhong City!" Chen Liang, who had transformed into a giant wild boar, waited for two bowl-sized eyes and roared to Li Tian.

This roar made the guests and soldiers who were watching immediately wake up.

The soldiers rushed towards Li Tian with weapons one after another, and Li Tian's left and right hands simultaneously used Xuantian fingering. This Xuantian ***** was like a machine gun, knocking down those who rushed towards him to the ground one by one. Before the soldiers rushed to Li Tian had time to raise their weapons to slash Li Tian, Li Tian had already performed a teleport and walked forward more than ten meters.

Zhao Liang, the city lord of Chenzhong City, only now knew that the strength of the man in front of him was far beyond their imagination. Just Xuantian ***** and teleportation could not be handled by anyone in Chenzhong City.

And a person's name has slowly surfaced in Chen Liang's mind.

"Li Tian!"

"This person is probably Li Tian, and only Li Tian can use Qi to guard the sword, only Li Tian can use Xuantian fingering, and only Li Tian can teleport!"

If this person is Li Tian, let alone Chen Liang, even if all the legions and personnel in Chenzhong City add up, they may not necessarily be Li Tian's opponent. At this time, Chen Liang's heart was already a little afraid.

Li Tian, after Windsor returned to Chenzhong City, she never mentioned her relationship with Li Tian, but now it seems that the relationship between Windsor and Li Tian is probably extraordinary.

"Could it be...is Windsor already Li Tian's woman?"

Thinking of such a possibility, Zhao Liang's whole body began to tremble.

Li Tian is different from Windsor. Although Windsor is also a member of the Forbes Top 500, the term Windsor has water, but what about Li Tian? Li Tian went all the way from the preliminaries to the finals.

"Every... Stop it! Stop it all!" Chen Liang shouted at the soldiers.

After hearing Zhao Liang's roar, most of the soldiers stopped obediently although they didn't know why they had to stop. However, one soldier reacted a bit slowly and wanted to attack Li Tian, but Zhao Liang slammed him at him. In a rush, he pierced the soldier's body directly with his two fangs.

"Dare to ask if this brother is Li Tian? Brother, I have long admired the name of Li Tian brothers, but I didn't have the opportunity to meet my brothers. Today I can see my brother in Chenzhong City. It's really a blessing for me, Zhao Liang! Are you here for Windsor? That's right. Today is Windsor's wedding. How about if the bridegroom is not here?" Chen Liang changed back to the hairy human figure under his head and said flatly to Li Tian.

When Zhao Liang called out Li Tian's name, the onlookers and soldiers couldn't help but shudder in fright, and took seven or eight steps back, and the former fiancée of Windsor who fell on the ground was pale and trembling.

When Zhao Liang said that Li Tian should be the bridegroom, the faces of the guests and soldiers showed relief.

"It turns out that Li Tian came here to **** relatives, so I can rest assured that I was really scared to death just now!"
