

A Killer 3751

Chapter 3751: See poetry (1)

How could Li Tian let go of the storm? He wanted to leave the remnant of the storm so that Xiaomei could personally kill the enemy, but Li Tian did not expect that the storm would still have a back hand. In the end, Li Tian used the "Red Slash" general. The storm beheaded. ,

"Li Tian, thank you!" Xiao Mei walked to Li Tian's side and said.

"Xiaomei, are you from Wale Village?" Li Tian asked.

Xiao Mei nodded.

"Since you are from the Wale Village, why did you appear in Caiyun City? And you also joined other people's cottages and legions?" Li Tian said suspiciously.

Xiaomei looked back at the cottage that had been swallowed by the fire, and said, "Li Tian, I didn't know if you noticed the wooden platform on the small square in the central square of the cottage, the wood that was eaten up by fire by half."

Seeing Li Tian nodded, Xiaomei went on to say: "As early as a year ago, when the Kingdom of Corpses started activities in Guixi, the staff of the Kingdom of Corpses were responsible for contacting the Wale Village. At that time, I was The deputy owner of the cottage."

"Is it because you and the old village master have a different attitude toward the kingdom of corpses, that's why you left the Wale Village?" Li Tian asked.

Xiaomei nodded and said, "Yes, at that time, dozens of cottages near the Wale cottage were in contact with the kingdom of the corpse, and those cottages that were in contact with the kingdom of the corpse had already begun to build this altar in private. And Wale Mountain Village once built such an altar, but it was burned by me!"

"After that, I was expelled from the cottage! At that time, I thought that I must go to Caiyun City in Southern Yunnan Province to join the Longteng Litian Legion, but under the circumstances, I entered the current cottage and became a member of the current legion. So when I heard that you were coming to Guixi in Caiyun City, I immediately asked Ying to follow you to Guixi. After coming to Guixi, I made my own claim and brought you back to the Wale Village, but... ..But...we are still a step slower!" Xiaomei said with two tears in her eyes.

"Then do you know why the corpse kingdom requires you to build altars in cottages?" Li Tian asked.

Xiaomei nodded and said, "This is related to why so many cottages in Guixi were converted to the country of corpses. In the last days, there is a lack of medicine and medicine. If there is a small disaster in the cottage, people can be sad. There are very few diseases that can be cured by ordinary herbs, and many people can only wait to die alive."

"At this time, people from the kingdom of the corpse suddenly appeared. Many of them are not zombies, but they are like missionaries. They go to the various cottages in Guixi to promote the benefits of the kingdom of the corpse, and they really don't know. What method was used to treat many patients, so these cottages will be close to the kingdom of the dead!"

"Later, the kingdom of the corpse, just like the mission, began to require the Shanzhai to build an altar to allow the cottage to return to the kingdom of the corpse. Shanzhai's wind and rain are protected from evil!"

Although Li Tian still didn't know the specific function of this altar, at least Li Tian knew that this altar was required to be built by the kingdom of corpses, and Li Tian vaguely guessed in his heart that this should be related to the three corpses.

"Could these altars be related to Wang Rui's hearing that the Three Corpses were going to make a big move recently?" Li Tian wondered in his heart.

"Li Tian! Although Windsor didn't save Xiao Lezi just now, Xiao Lezi told us the whereabouts of the person you were looking for before he died!" Xiao Mei said.

"What? Where is she now?" Li Tian rushed forward a few steps, reached out and grabbed Xiaomei's hand, and asked urgently.

Along the way, although Li Tian didn't say much about Ouyang Shiqing, Xiao Mei already knew that Ouyang Shiqing was Li Tian's woman, so seeing Li Tian's reaction like this, Xiao Mei was not only not angry, but in her heart it was moved and happy that Ouyang Shiqing could find Li Tian who cares about her like this.

"It should be the Diaojiao cottage or the Pingdu cottage in front! These two cottages are not close to the Wale cottage, but they are not far away. If we rush overnight, we should be able to arrive here in the middle of the night. Two cottages!" Xiao Mei said.

Li Tian, Windsor, and Xiao Meijiang were already a part of the Wale cottage that had been burnt in ruins. They cleaned up the corpses of the dead in those cottages and burned them down. Only then did they start thinking about the Diaojiao cottage. Go forward in the direction of peace.

As for the corpses of the coalition forces, Xiaomei couldn't wait to let their corpses be eaten by wild beasts and beasts, so she was lazy to care about them.

But four or five minutes after Li Tian and others left the Wale Village, the dead Zhang Debao moved slightly.

Zhang Debao cautiously watched there was no more movement around, and then slowly got up.

Then Zhang Debao did not leave the Wale cottage in a hurry, but tiptoed around to visit. After confirming that Li Tian and others had left the cottage, Zhang Debao picked up a steel knife and found Liu Gui's in the dark. The body stabbed Liu Gui a few more times.

"Fortunately, I can ***** pretend to be dead. Even if I was rolled up by the storm's tornado and fell to the ground, I didn't say a word. Otherwise, I'm afraid that Li Tian would be unloaded like a storm!"

Zhang Debao knew that Liu Gui was also beaten by Li Tian's move. He was worried that Liu Gui was pretending to be dead just like him, so the first thing he did when he got up was to make up for Liu Gui.

"Li Tian, you didn't expect it, I, Zhang Debao, is still alive, I will go back and report to Long Tenglitian's army commander Long Yin, then I will see how you leave the southwest alive!"

Thinking of this, Zhang Debao's heart couldn't help but reveal a trace of excitement.

"Hey, the three major legions of Guixi are now destroyed by Li Tian alone, the Storm Legion and the Gui Army Legion. I am left with the No. 1 Legion in the world. Although our legion has also suffered losses, this time it was our army that had the last laugh.

"If I report Li Tian's information to Master Long Yin, maybe Master Long Yin will be happy to include me in the Longteng Litan Legion, and then I can also become a member of one of the top ten legions, saying maybe I can still be a core cadre, but at that time, I will definitely ask Ying to station in Guixi.

"Tsk tusk, by then I, Zhang Debao, will be the first person in Guixi!"

The more he thought about it, the more excited Zhang Debao became. He could no longer take care of the wounds on his body. He wanted to have two legs. He ran to Guixi City to report it to Long Yin earlier.

On the other side, after several hours of trekking, Li Tian, Xiaomei, and Windsor finally arrived at the Diaojiao Mountain Village. What was it that greeted them at the Diaojiao Mountain Village?

Chapter 3752: See poetry (2)

Diaojiao Mountain Village is located in the Shengtang Mountain Range in Guixi Province.

This cottage is located on the precipice of the main peak of Shengtang Mountain. The entire cottage is built on the mountain. If it is during the day, from a distance, the cottage is surrounded by clouds and fog, row upon row, like a fairyland.

If you want to reach the Diaojiao cottage, you have to pass an extremely steep plank road on the cliff, and passing through this plank road is even more poetic and picturesque.

Before the end of the world, this cottage was a famous tourist attraction.

Since the Diaojiao cottage was developed into a tourist attraction, almost everyone in the cottage has been engaged in tourism-related industries. With its unique natural landscape, it is full of tourists every year, not to mention the nearby provinces and cities. Many tourists, even those far away in the Central Plains, even foreign tourists will come here.

Suddenly the end of the world is coming, and the world is plunged into extreme panic. Just like people in big cities thinking about fleeing, the first idea of those who study and do business outside the cottage is to drive in the cottage.

But when they rushed to the cottage, they found that the cottage had been blocked, and the plank road had been considered damaged, and it had become impossible to enter the cottage.

But these people studying abroad and doing business brought the zombie virus back to the cottage, so although the cottage was sealed and preserved, the tourist area under the cottage has become the home of the zombies.

But soon, the people in the cottage discovered the most basic survival problem, that is, the cottage itself does not have much productivity. They rely too much on tourism to generate income. The sudden arrival of the end of the world. After the cottage is blocked, the entire cottage has changed. The lack of food and clothing.

As a last resort, the owner of the Diaojiao cottage had to repair the plank road and sent the capable young men in the cottage to collect food and other living materials under the mountain. In this way, the Diaojiao cottage had contact with other cottages, and even later The kingdom of the corpse is also involved.

It was already late at night.

The darkness completely engulfed the Holy Trinity Mountain.

From a distance, Shengtang Mountain is like a wild beast squatting in the dark, giving people a gloomy feeling. In the dark woods, there are a few sporadic calls of birds or beasts. The foot cottage adds a few mysterious atmospheres.

However, today's Shengtang Mountain is different from the past. At this time, almost all the buildings in the Diaojiao Shanzhai are hung with red lanterns, which brighten the lights of the Shanzhai.

There are even two rows of lanterns hung on the plank road, and the plank road under this lantern is like a fairy road leading to wonderland.

The sound of curling musical instruments came from the cottage like a fairyland. The music played by these instruments was long and tactful, as if an old man was telling the story of the entire cottage.

"Is this a wedding event?" Li Tian glanced at Windsor suspiciously, and then turned his head to ask Xiao Mei.

"It should not be. This Diaojiao Shanzhai and our Wale Shanzhai are a nation and a custom. Our weddings are all held at dusk, definitely not in the middle of the night. If it is in the middle of the night, I think it is for ghosts and gods. Disrespectful!" Xiao Mei said.

"Then this is? Are there other customs?" Windsor also asked in confusion.

"I don't remember that our nation has such a custom, but it doesn't matter. I am familiar with many people in this Diaojiao cottage. Let's go to the plank road and take a look, don't you know?" Xiaomei said.

Li Tian followed Xiaomei with Windsor, and then walked in for another ten minutes before climbing to the plank road. From a distance, you can see that a castle-like building was built on the cliff in front of the plank road. The gate made of steel was locked tightly.

This cottage is really easy to defend and difficult to attack. Just to pass this plank road, you must take down the small fortress in front of you, but even if you take down this small fortress, you only get the opportunity to walk on the plank road. The center of the plank road and the end of the plank road are also heavily guarded.

Unless you fly up with wings, it's really hard to get in.

But these are nothing to Li Tian. Under Li Tian's "Red Cut", these fortresses are just like tofu. They are vulnerable. If Li Tian doesn't want to disturb these people, he can use teleport and go through walls. Then, easily came to the cottage.

The only pity is that Li Tian's mutant crow is not with Li Tian this time.

"Brothers from the Diaojiao Shanzhai, I am from the Wale Shanzhai. If you have an urgent matter, please see your village owner, please help me!" Xiao Mei stepped forward and slapped the steel door gently.

There is another one-foot-square horizontal sliding door on the steel gate.

With a sound, the small door was opened, and the muzzle of a black hole came out of the small hole.

"Who? What did you do?" A fierce voice came from the door.

"Listening to the voice and feelings are the voice of Brother Fenglong, I am Xiaomei from Wale Village! Don't you remember that we hunted and killed a level 5 zombie together two years ago? I let you give you the corpse crystal Yes, you also said that you have the opportunity to invite me to dinner together!" Xiao Mei shouted into it through the door.

"Xiaomei? What is Xiaomei? There is no breast augmentation here either, hurry up and get out of here, otherwise I will shoot!" The vicious voice inside continued.

Hearing Fenglong's words like this, Xiao Mei couldn't help feeling a little bit uncontrollable on her face.

Xiaomei had blown out the cowhide when he arrived in Guixi with Li Tian. He said that he was familiar with all the big and small cottages in Guixi. This hanging foot cottage was the first cottage he brought Li Tianlai. Ate closed doors.

"Brother Fenglong, don't be kidding, I can already hear your voice!" Xiao Mei smiled and slapped the steel door lightly.

And at this moment, the man in the steel gate suddenly pushed the muzzle forward, and then suddenly pulled the trigger.

"Bang!" A loud noise came out, and the shot immediately echoed in the valley.

Although the muzzle was not aimed at Little Beauty, the anger in her heart had already burned.

"Fenglong, what do you mean? The relationship between our two cottages was very good before the end of the world. After the end of the world, it was like a brother cottage. You shot me?"

Li Tian took a step forward, pulled Xiao Mei aside, and said to Xiao Mei: "Don't tell me, he is really not Fenglong, even Fenglong is no longer the Fenglong you know. It's the zombie Fenglong!"

"You...how do you know?" Xiao Mei said in surprise.

"You... don't talk nonsense... how could I be a zombie?" Feng Long inside the gate also said in horror.

Chapter 3753: See poetry (3)

Li Tian sneered and said, "It seems that you have become a zombie, you don't know it! What a poor fellow!"

To ask why Li Tian knew that Fenglong inside was a zombie, it was naturally because when Li Tian came here, the nine-color corpse crystal on his chest actually released some transparent silk threads, and the "red" in Li Tian's hand "Zhan" also swayed slightly, showing a sense of excitement.

This is a sign of zombies.

"Huh!"

"Huh!"

Li Tian controlled "Hong Zhan" and quickly chopped two knives on the iron gate made of steel. The two knives happened to be cut on the support point of the iron gate, and the iron gate squeezed out overwhelmed, outwards. Crashed.

Li Tian stretched his hand and pulled Xiaomei and Windsor, a teleport, avoiding the collapsed iron gate.

Seeing that this iron gate, which was half a foot thick, was easily smashed by Li Tian's "Red Cut", even Xiaomei, who already knew Li Tian's strength in her heart, felt incredible.

The iron gate was broken, and the inside of the fortress was unobstructed. A man was holding a black rifle, looking at Li Tian, Xiaomei and Windsor in surprise. Behind this man, there are three

men of different ages. Two of the three men are holding hatchets in their hands, while the other man is holding an iron gun.

"Fenglong...",

Xiao Mei had recognized that the man with the gun was Feng Long he had known before, but Feng Long was really different from the previous Feng Long. The eyes of Fenglong were slightly reddish, and in the darkness, they looked very strange. The buck teeth that covered the ground that day turned into two rows of sharp fangs, with mucus ticking on the fangs, and he The hand holding the gun, no, it is no longer a hand, but a claw, a sharp claw.

The conditions of the three people behind Feng Long are similar to those of Feng Long, but they all have an expression of inexplicable excitement on their faces.

"court death!"

As soon as the iron gate broke, the man holding the spear snarled in a low voice. The spear in his hand was like a poisonous snake, and it slammed into Li Tian.

It can be seen that the previous strength of the man who used the spear was at most the strength of the third and fourth-level zombies. After becoming a zombie for some reason, his strength skyrocketed and reached the strength of the fifth and sixth-level zombies.

This skyrocketing strength naturally brought about the expansion of self-confidence. Seeing that the iron gate they guarded was destroyed, this man wanted to give Li Tian the first step.

Li Tian sneered and stood motionless.

Xiao Mei raised the hatchet, trying to resist the snakelike spear for Li Tian, but he just took a step forward, and suddenly a red light flashed in front of him, "Why!" The spear man's spear He was split into two by "Red Chop" from the tip of the gun to the barrel, and the claws of the man holding the gun were also cut off.

"Hong Zhan" flew counterclockwise half a circle in the air, and suddenly slashed towards the man's body.

"Huh!"

Another red light flashed, and the man was cut in half by "Red Slash" in an instant.

"puff!"

Black and red plasma splashed out of the man, and the man's upper body slipped down from his body and hit the ground, and the lower body took two steps forward before falling softly.

After the man with the gun fell to the ground, he did not die, and Shang himself was still crawling on the ground.

"Sure enough... they are no longer humans..." Xiaomei said in a low voice when she saw this scene.

"Are they all infected with zombie virus?" Windsor asked.

Li Tian shook his head and said, "It shouldn't be! It should be related to the kingdom of corpses."

When the zombie virus broke out in the last days, most humans have become zombies, except for a few natural Skywingers.

It is now the fourth year after the end of the world, and surviving people will have some antibodies in their bodies. Unless they are directly bitten by zombies, humans now rarely turn into zombies.

Therefore, mankind can continue now. Of course, these are the results of Liu Yihui's research.

Fenglong and the few people behind him saw that the man with the gun was cut in two and was not dead, the inexplicable excitement on their faces became even more obvious.

"The adults of the kingdom of the corpse are right, as long as you submit to the kingdom of the corpse, you can have an immortal body!"

"Yes, wow haha! Not only has our strength increased, but now we have an immortal body, this feeling...this feeling is really great, and we will never fear zombies anymore!"

"As long as we have the immortal body, we are the masters of this world! This world will be the world of the corpse kingdom sooner or later, and sooner or later will be the world of Lord Three Corpses!"

Fenglong three people said excitedly, and then rushed towards Li Tian and the others.

Li Tian shook his head involuntarily and sighed softly.

I don't know how the kingdom of the corpse was used to brainwash these people, and they actually convinced these people that they can have immortal bodies, and judging from the performance of Fenglong and the three of them, they did not realize that there was anything wrong. There was a sense of pride on the site.

This is like those cult organizations or MLM organizations before the end of the world. Once they are brainwashed, these people will only think that they are doing it right!

"Immortal body? There has never been an immortal body in this world! The three corpses have no immortal body, how can I make you immortal?" Li Tian sneered, controlling "Red Slash" and slammed to these three people. .

When Li Tian controlled "Red Zhan" to slash the man with the spear just now, he also deliberately avoided his head. Because even though these people have become zombies, Li Tian still regards them as human beings. Deep down in his heart, he still wants to avoid the vital points and see if Windsor can rescue them.

But now, Li Tian has given up this idea.

Not only have these people turned into zombies, but even the thoughts in their heads have been completely brainwashed by the kingdom of corpses. They are not even as good as ordinary high-level zombies, and the hearts of those ordinary high-level zombies still want to be transformed back into human beings. Human life.

"Huh!"

"Huh!"

"Huh!"

After three consecutive red lights flashed, three people including Fenglong were easily beheaded by Li Tian, and black-red plasma flowed out slowly along their cracked heads.

The nine-color corpse crystal immediately released countless transparent threads, swarming into the heads of the four corpses.

However, the heads of these corpses came out of their brains, and they were empty, without corpse crystals.

"But why did they become zombies?" Li Tian's heart was full of doubts.

Chapter 3754: See poetry (4)

If you want to solve the doubts in your happiness, you can only solve it by killing the cottage, finding Ouyang Shiqing, and rescuing Ouyang Shiqing.

And since these people have become zombies, then Li Tian is not very polite.

Li Tian went all the way from the plank road and killed him when he saw the zombies, and even if the strength of these arrogant zombies skyrocketed, at most they were only level six or seven zombies, how could they stop Li Tian for an instant.

"Huh!"

Those zombies were already beheaded by Li Tian's "Red Slash" before they even made an extra scream.

"Wow!"

Those zombies didn't even see Li Tian's face clearly, so they were knocked down the cliff by Li Tian's Xuantian fingering.

As for the broken soul palm.

Li Tian dare not use it rashly. This plank road has not been repaired for more than three years, and it looks extremely unstable. In case Li Tian uses the broken soul palm and fails to control it, it will be no fun. .

Passing through seven or eight hundred meters, the tortuous plank road has come to the end of the plank road. At the end of the plank road there is a fortress almost the same as the front of the plank road, but the area of this fortress is larger, and the fortress except for an iron gate In addition, there are several small holes on each side of the iron gate.

Before Li Tian's people appeared here, the "Red Zhan" had already flown over.

"Boom!" After the steel gate was cut down, there was a rush of machine gun shooting from the two shooting ports.

And Li Tian's figure flickered, already appeared in the fortress.

"boom!"

Li Tian snapped a shot of the broken soul palm, and the fortress built of stones was immediately collapsed by Li Tian's broken soul palm. A zombie screamed and flew directly with the collapsed fortress.

Within a few minutes, the guardian in this fortress was easily beheaded by Li Tian.

From beginning to end, from Li Tian began to fight in front of the plank road, until he hit the cottage, the weird music in the cottage has not stopped, and except for these people who protect the plank road, Li Tian never watched it again. To anyone who is redundant in the cottage.

Following Li Tian through the plank road, Xiaomei immediately rushed to a nearby house with a hatchet, but in this house, the lantern hung in front of the front door of the house was always on, and the door of the house was also open. But no one was in the house.

I have searched for four or five houses in a row, all in this way. Xiaomei walked out and said to Li Tian: "Brother Tian! I saw it all. It's really strange. Most of the doors of every house are open, but the house is open. nobody!"

"No need to find them. At this time, these people should be where the music came from. As long as we find that place, we can find these people. Besides, we are not here to find them, but to Ouyang Shiqing. Yes, as long as you find Ouyang Shiqing!" Li Tian said.

From the stone step path in the cottage, I went straight up and passed through more than a dozen houses. Suddenly, a relatively flat place appeared in front of me, like a small square.

In the center of this small square, there is a wooden altar that is almost the same as the Wale Village. The height of these altars is more than ten meters. On the altar, there is another one-meter square platform on which a woman sits. This woman is dignified and beautiful, downright and generous, with a white robe blowing in the night breeze hunting and hunting.

Although it was far away, Li Tian still knew at a glance that this woman was Ouyang Shiqing.

"Poetry, I finally saw you!"

After half a year, Li Tian saw Ouyang Shiqing again.

At this moment, Li Tian's heart was already quite excited, and he really wished to rush over to give Ouyang Shiqing a big hug, and tell Ouyang Shiqing his thoughts about Ouyang Shiqing.

But Li Tian can't.

Around this altar, there are crowds of people kneeling everywhere. These people are male, female, old and young, but the faces of these people are smeared with blood with the symbol of the kingdom of the corpses. These people are just like Li Tian. Like those fighting, their faces were full of excitement, as if they were performing some mysterious ritual.

Under the altar, the four members who came here with Ouyang Shiqing, all dressed in black robes and completely covered their faces with black gauze, stood in the four directions of southeast, northwest, and Li Tian and others. The sound of music that people hear under the cottage is constantly coming out of these four people.

"These four guys are not easy, the weakest is also the strength of the twelfth level zombies!" Li Tian thought in his heart.

Looking at the altar, it is probably in the middle of the altar. There are also members of the kingdom of the dead body standing on both sides of the steps of the altar. They both have their heads lowered, but they each hold a slender handle. Scimitar, this Scimitar is still shining coldly.

The strength of these two is stronger than the strength of the four under the stage, and they have reached the level of the fifteenth-level zombie.

And behind Ouyang Shiqing, a strong man dressed in armor, with a huge sword in his hands, stood behind Ouyang Shiqing like a sculpture and guarding Ouyang Shiqing. This man is Ouyang Man!

"Silly man!" Li Tian said in his heart.

"Om!" With a sound, the "Red Zhan" in Li Tian's hand shook abruptly, and there was a loud cry, and the vortex of the nine-color corpse crystal on Li Tian's chest also began to slowly rotate at this time.

"how is this possible?"

When I saw the silly man's last time, the silly man's strength was at best a level nine zombie, and now the strength of the silly man's has reached an astonishing eighteenth level!

That's right, Ouyang Man at this time is already an eighteenth-level zombie, otherwise Li Tian's "Red Slash" would not scream, nor would the whirlpool of Li Tian's nine-color corpse crystals rotate.

At this time, a man in his thirties slowly stepped onto the altar and took a short knife from Ouyang Shiqing's hand.

Then the man knelt down in front of Ouyang Shiqing with a look of excitement, and slowly cut a short knife at the center of his eyebrows. The bright red blood began to flow continuously through this small mouth, but this man had nothing feeling painful, and there was a slight smile on his face.

Ouyang Shi was moved.

I saw Ouyang Shiqing slowly raising her arm, and then pressing her ***** on the wound on the man's brow.

And at this moment, a light blue silk thread floated out from the end of Ouyang Shiqing's finger. The light blue silk thread, like a bug, squirmed slowly, and slammed into the center of the man's eyebrows. Among them, and the thread flashed past, as if it had been torn off suddenly, and it penetrated the man's eyebrows completely.

"Ah!" The man let out a happy cry, as if his whole body was full of power, he stood up abruptly, yelled at the surroundings, and the kind on the faces of the kneeling men, women and children. The excited expression is getting thicker.

"It turned out to be using the corpse worm to pretend to be a ghost!"

Chapter 3745: Li Tian vs. Silly Maner (1)

That's right, after Li Tian caught the corpse insect alive in the Qinling Mountains, Li Tian also observed the corpse insect. Sometimes the corpse insect was like a nine-color corpse crystal, and some silk threads were released, but The silk thread is not transparent, but light blue. These light blue silk threads are like insects. They want to penetrate into Li Tian's body, but these silk threads have not penetrated into Li Tian's body. In the middle, it was entangled by the transparent silk thread released by the nine-color corpse crystal.

Before, Li Tian didn't understand what the blue silk thread released by the corpse worm wanted to do, but now Li Tian fully understood it. It turned out that the silk thread containing the power of the corpse worm released by the corpse worm actually wanted to control Li Tian, but The nine-color corpse crystal that didn't want Li Tian didn't let this corpse insect succeed.

At this moment, Ouyang Shiqing suddenly turned his head to Li Tian's direction and saw Li Tian, Windsor, and Xiaomei.

When Ouyang Shiqing was in the heavens, she briefly restored the memories of human time, but now she has turned back into a zombie again, and has completely forgotten the existence of Li Tian.

At this time, Ouyang Shiqing saw Li Tian, with no gentleness on her face, but an expression of anger, as if Li Tian had disrupted her ongoing ceremony.

Under the altar, the residents in the cottage immediately discovered the existence of Li Tian. Among them, several men who completed the ceremony, carrying hatchets and other weapons in their hands, rushed towards Li Tian, and behind these men, even more Many people raised their heads, looked at Li Tian angrily, and a group of people stood up, and these people also rushed towards Li Tian.

Li Tian directly sent Xiaomei and Windsor into the space of Void Yasha, and then took "Red Slash" back into his hand, and shouted: "Knot!"

The combination of "Red Slash" and the nine-color corpse crystal immediately formed a gray-white armor on Li Tian's body. Li Tian's feet lightly touched, and Li Tian stepped on the bluestone ground. Keng, and Li Tian, like lightning, rushed into the crowd.

Some of these people have completed the ritual and have become zombies, but some are still humans, but they seem to have been brainwashed now, and they don't even realize what they are doing.

"Huh!"

Li Tianyi "Red Cut" cut the zombie who rushed to him first from his head, then cut it out from under his crotch, and directly cut the man in half, the black blood plasma He sprayed Li Tian with some liquid, but Li Tian did not stop. He turned around and hit a man directly with his elbow. This man was not a zombie, so Li Tian did not kill him. He directly hit the man and flew out, but after the man flew out, he knocked down seven or eight people in a row before stopping.

The man who was knocked out by Li Tian crawled on the ground in pain, and probably couldn't get up for a while.

Li Tian tried his best not to harm those humans who hadn't become zombies, but these people were completely crazy, even if they were beaten to the ground by Li Tian, as long as these people could resume their movement, they immediately stood up tremblingly. Rush to Li Tian.

"Chang!"

A blade was slashed on the back of Li Tian's armor, and Li Tian was fine. However, because of the man's excessive force, the hatchet rebounded and slashed directly on his head.

Suddenly, the man's face was covered with blood, and he screamed, looking embarrassed.

However, this man did not stop Li Tian, even if he couldn't cut Li Tian, he still cut Li Tian.

Lamenting its misfortune, angering its indisputable.

Li Tian was furious in his heart, raised his foot, and directly kicked the man and flew out ten meters with the people behind him.

To be honest, the sum of these people is not enough for Li Tian to fight several times, but Li Tian could not bear to blast these innocent people and zombies together. Therefore, Li Tian could only keep those ignorances. The people flew, teleported continuously in actual combat, beheading those zombies.

"Huh!"

"Huh!"

"Huh!"

Continuous red light flashed, and every red light flashed would take away the lives of zombies.

It only took a few minutes. Li Tian had already killed no fewer than 70 or 80 zombies. There were only half of the people in the entire cottage, about 300 or 400 people who accepted Ouyang Shiqing's corpse. Insect baptism has become a zombie, but now Li Tian has killed seventy or eighty in a few minutes, plus the beheading on the plank road, Li Tian alone has killed nearly a hundred zombies.

"Hahaha, where did the madman dare to destroy the sacrificial ceremony of the kingdom of the corpse! Seeking death!" The silly man laughed wildly, kicked the heavy sword in his hand with a yelling sword, and then turned around abruptly, jumped directly from the altar of ten meters.

"boom!"

Ouyangman's weight plus the weight of the armor and the heavy sword, plus the weight of gravity, once Ouyangman fell on the ground, the ground was immediately smashed into a pit nearly half a meter in length.

"Get out of here, this person will let me clean up!"

Ouyang Man lifted the heavy sword in his hand, and directly cut down the two people who stood in front of him. The others who stood in front of Ouyang Man were completely numb, and they saw their compatriots being chopped off with their faces. There was not the slightest fluctuation in his expression, but with an excited expression on his face, Ouyang Man let go.

With a tiptoe, Ouyang Man picked up a human corpse, and kicked it hard, as if kicking a sandbag, directly at Li Tian, then he dragged the epee in his hand and charged towards Li Tian frantically.

Li Tian could use the "Red Slash" to split the body of a flying person in half, but Li Tian did not. People were dead, but after all they were human corpses. Li Tian stretched out his left hand and held the two corpses with ease. The ground took it down, and then turned around and placed the two corpses gently on the ground.

And that silly barbarian dragged the epee and drew a hand-wide, straight mark on the ground. Then Ouyang Man was still a dozen meters away from Li Tian, and he lifted the epee in his hand, his feet on the ground. Go up one point, and then jumped up like a tiger, then held the heavy sword in both hands and slashed hard at Li Tian.

A powerful coercion passed from above Li Tian's head.

There is also a difference between the eighteenth-level zombies and the eighteenth-level zombies, and the strength of Ouyang Man in front of him is actually much stronger than the umbrella zombie or poncho zombie when he was in Beitang.

Silly Man'er was originally a **** of heavenly power, and now he has the strength of an eighteenth-level zombie, the power of this sword can be imagined, perhaps in terms of power, the current Silly Man'er has completely suppressed the current Tang Xiaolong.

But Li Tian's face showed a slight smile.

"Come on, silly man, let me see your real strength!"

Chapter 3746: Li Tian vs. Silly Maner (2)

Facing silly man's heavy cut, Li Tian could choose to move instantaneously and avoid easily.

But Li Tian didn't do it, and he didn't want to do it!

The last time Li Tian was in the heavens, Li Tian was almost killed by Shamaner and Ouyang Shi. At that time Li Tian's strength had not recovered, but now, although Li Tian's strength in the alien world has not recovered, but now Li Tian Earth World The strength of the time has been restored, and even with the armor formed by Xiaoyasha, "Red Cut" and Nine Colors, Li Tian is now stronger than when he was in the earth world.

Li Tian's legs bent slightly, and then he leaped upwards, putting "Red Zhan" across in front of him, blocking the barbarian's epee, which fell on Li Tian's "Red Zhan". "A metal-like crash sounded from above, and Li Tian immediately felt as if a mountain fell from the sky and pressed against him.

Then Li Tian was directly bombed down.

"boom!"

Under Li Tian's feet, the ground sank in an instant, and the silly man laughed wildly, and his heavy sword was always pressing on Li Tian's "Red Slash". Li Tian's two arms had at least a few thousand kilograms of weight. Weight, but this weight is still increasing.

Sure enough, this stupid man's power has far surpassed Tang Xiaolong. Of course, the main reason is that the current Tang Xiaolong is only the strength of a thirteenth and fourth-level zombie, and his ten-fold body refining has not been cultivated to the extreme, so it is naturally not as good as the current strength of the silly man.

Li Tian is not as good.

But fortunately, in this form of Li Tian, although Li Tian's power is not as good as that of a silly man, but the armor is like he can release energy, constantly providing Li Tian with strong power, so that Li Tian is facing When this eighteenth-level zombie was stupid, he still had the power to fight.

"Om!"

The vortex of the nine-color corpse crystal suddenly began to turn, and the power on Li Tian's body instantly rose to a level.

Li Tian twitched "Red Zhan" abruptly, and with force with his feet, he directly pushed the silly man out.

"Silly Man'er, I didn't expect you to be so strong now. I really feel comforted! But do you only have this ability?" Li Tian said to Ouyang Man.

Ouyang Man doesn't recognize Li Tian at all now, so naturally he will not give Li Tian face.

"Idiot, even if you are less than the strength of a seventeenth-level zombie, you dare to be rampant in front of me, and you are not allowed to use all your strength against you!" The silly man sneered, and his speed suddenly increased. , And then kept waving the heavy sword towards Li Tian.

"Chang!"

"Chang!"

"Chang!"

With the three swords connected, Li Tian stepped back three steps in succession, and at each step, a pit one foot deep would be formed at Li Tian's feet!

This shows how powerful the silly man's hands are!

Li Tian suddenly unloaded his strength, and then his body was like a spinning top, spinning around quickly, Li Tian had already circled behind Shaman's, Li Tian lifted "Red Zhan" and slashed towards Shaman's heavily.

"Chang!" With a cry, Silly Man'er didn't turn his head, but fought the heavy sword against his back, just blocking "Red Zhan".

The heavy sword made a buzzing shaking sound, but it was not cut to pieces by the "red cut" as Li Tian imagined.

Li Tian's blow was not heavy, and his body leaped backwards, while the silly man's epee waved his epee and used the inertia of the epee to drive his body to the floor tiles. At this time, the silly man's body and the epee were already Horizontally in mid-air, like the blades of a windmill, it quickly rotates towards Li Tian.

The heavy sword slashed on the ground time and time again, splashing the broken stones of the bluestone on the ground.

As soon as Li Tian's feet landed, they were a little on the ground and flew out a few meters back.

At this time, Li Tian suddenly raised his left hand, and continuously displayed a few broken soul palms to the silly man!

"boom!"

"boom!"

The broken soul palm hit the silly man's body, and the spinning silly man'er was directly knocked out and landed heavily on the ground.

"Hey, you are a good move, but hitting me is like trying to tickle me!" said the silly man.

Li Tian was quite surprised.

What made Li Tian feel surprised was not that his broken soul palm did not cause any harm to the silly man, but the heavy sword in his hand and the armor on his body.

I don't know what material this epee was made of. It looks like iron and not iron, bronze and not bronze, but this epee can withstand Li Tian's "Red Cut" blade.

And the armor of the same material, after being attacked by the broken soul palm, did not even deform at all, except for a little dust and gravel powder on it, almost even the brightness was the same as before.

"But you are an opponent worthy of all my strength. I will use all my strength to crush you into powder to show respect for you!" In the armor, the silly man sneered, holding the heavy sword in both hands, and then slammed the epee into the ground, and then the epee seemed to be inserted into the flames, and it began to become hot quickly.

A stream of white gas floated out on the epee, and in the center of the epee, there were several crooked characters.

A powerful force that frightened Li Tiandu's mind began to think about the outside release with the silly man as the center.

But at this moment, the few people in the cottage who had become zombies roared and rushed towards Li Tian with their weapons.

But Li Tian has not had time to make a move.

The silly man suddenly roared: "Get out! He is my opponent!"

Then the silly man's like a bolt of lightning blocked in front of the zombies.

I saw the silly man's lightly lifting the heavy sword in his hand and slashing directly at these zombies.

"boom!"

The zombies that rushed over just now had not touched the silly man's body, and all the bodies that were chopped by the silly man's sword exploded, and they directly turned into a blood mist, fell on the ground, and disappeared No trace.

This powerful force caused the zombies and humans who were looking around to retreat a few steps involuntarily, but the nearest humans still did not escape the power of this stupid man.

The lazy waists of these people were chopped in two, and at least half a foot of their upper and lower limbs also turned into blood mist and disappeared.

Naturally, these people fell to the ground like a few pieces of meat, and they couldn't die anymore.

"Guru!"

Li Tian swallowed involuntarily.

If this sword is cut on Li Tian's body, Li Tian doesn't know if the gray-white armor can withstand it, but the "red cut" begins to scream, and the whirlpool of the nine-color corpse crystals also begins to accelerate. Turned.

Chapter 3757: Li Tian vs. Silly Maner (3)

Silly Man's powerful strength aroused the fighting spirit of Nine Color Corpse Crystal and "Red Slash".

These two people who fear that the world will not be chaotic, hope that Li Tian can fight against the stupid Man'er in a dignified battle.

And Li Tian, a fighting madman, naturally wanted to fight Ouyang Man, in order to test how powerful the silly man is now.

"Well, since you two hope that I can let go of a battle, what else do I dare not to fight?" Li Tian said to Nine Color Corpse Crystal and "Red Slash" in his heart.

Li Tian slowly closed his eyes, feeling the Nine Color Corpse Crystal and "Red Slash" with his heart!

Since the nine-color corpse crystal swallowed the eighteenth-level corpse crystal, in the vortex of the nine-color corpse crystal, except for the nine-color corpse crystal, the small particles have been fused into an oval with only a jujube core laughing. The sphere, and the three spheres the size of rice grains, these spheres are dark blue all over, containing the power of the corpse, and the sphere the size of the jujube nucleus rotates slowly around the corpse crystal. But the rice-sized sphere is rotating around the jujube-core sphere, which feels like the sun, the earth and the moon.

These nine-color corpse crystals are not only the changes in the shape of the vortex, Li Tian can also feel the powerful power contained in the several spherical bodies.

Li Tian is already waiting to see what kind of changes the power of the original corpse crystal in an eighteenth-level corpse crystal and the countless accumulation of twelve and third-level corpse crystals can bring.

There is also "Red Slash" piled up with eighteenth-level corpse crystals and other corpse crystals!

After "Red Slash" absorbed the eighteenth-level corpse crystals, the length of "Red Slash" changed slightly. At this time, the length and size of "Red Slash" was only slightly smaller than that of Silly Man's epee. , Already on par with Manzi's Azure Dragon Sword. And at the position of the knife handle of "Red Slash", two more barbs like fangs grow. These two barbs are also light blue all over, containing the power of the original corpse, and can even be used. The force of the original corpse on the two barbs was seen by the naked eye.

But at this moment, the silly man'er had once again completed the sacrifice of the heavy sword.

The heavy sword in Silly Man's hand was covered with weird red runes. These runes even climbed on Silly Man's arm armor. These runes were like flames, flashing and flashing. The night breeze was still beating, and the epee covered with runes seemed to be red burned by flames, giving people a feeling of scorching hot.

And what about "Red Zhan" in Li Tian's hands?

The two barbs of the fangs at the handle of the "Red Slash" kept releasing the light blue corpse's power, and the countless transparent silk threads released by Jiu Color's force passed through these corpse's power, tightly The ground was wrapped around this "Red Slash".

The "Red Cut" at this time is not red, but light blue.

Whether it's Manzi's epee or Li Tian's "Red Slash", it's like adding special effects.

"Haha!" The silly man laughed wildly, pulled the epee into a sword with one hand, then burst into a shout, lifted the epee in his hand, and rushed towards Li Tian like a gust of wind.

"Good coming!" Li Tian did not retreat, but stepped on the ground hard, and the stones on the ground cracked immediately, and Li Tian's body was facing the stupid man like a light. .

Silly Man'er hadn't reached Li Tian, and a hot wave had swept over Silly Man'er's epee.

Before Li Tian reached the silly man's face, a cold light had passed through the waves and shot onto the silly man's armor.

"Chang!"

The swords intersected and returned to the center of the square with a loud noise.

This metal crash was extremely ear-piercing, even those zombies could not help but frown to resist, and some humans directly threw away their weapons, covered their ears with their hands, and knelt down on the ground in pain.

"boom!"

A hot air rushed out of the epee and spread to the surroundings. The white waves formed by this hot air were like water splashes, even blowing the dust on the ground to the surroundings. In this heat wave, there was another An icy chill was permeating everywhere, which was exactly the murderous aura released by "Red Slash".

Sparks are flying everywhere.

"Huh!"

"Huh!"

The huge impulse force drove Li Tian and Silly Man'er back in shock.

The epee has no edge, but the momentum is heavy, especially the hot temperature on the epee, which makes Li Tian in the armor feel like he has entered a sauna. His whole body is sweaty, making Li Tian who is close to the epee feel Quite uncomfortable, and what the epee sent is not only a powerful force, a series of explosive sounds sounded on Li Tian's body. If Li Tian hadn't had armor on his body, I'm afraid Li Tian would be with the people before him. The same, turned into a blood mist.

Therefore, Li Tian will not deliberately head-on with this epee.

To Silly Man'er, although "Red Zhan" did not look as wide as the epee, the sharpness of "Red Zhan" was hard to match even with the epee. Just once with all its strength, the epee has begun to show small jagged teeth that are half an inch deep. Although the small jagged teeth are almost negligible, the sharpness of the "red cut" is evident, and if you cut in pairs several times, it would be stupid. Man'er was not sure that his epee could withstand the edge of "Red Slash".

Moreover, at the moment when the blades intersected, the silly man seemed to see an evil spirit flying out of "Red Slash" suddenly, and the evil spirit was invisible, and easily passed through the silly man's armor, although not It hurt him, but it made the silly man's heart feel so cold.

"What a powerful opponent! Haha, it seems that I really wanted to fight you before, but I didn't expect that while I was improving, your progress was not bad at all!" When the silly man retreated, he still laughed wildly. Said.

Suddenly, Silly Man'er inserted the epee in his hand directly into the ground by him to slow down his backward flight speed.

"Wow!"

There was a half-foot wide scratch on the ground by the epee, and there were some burn marks on the bluestone that was broken by the epee.

Withdrawing seventeen or eight steps in a row, Silly Man'er suddenly supported his right leg on the ground, and then stepped on the ground with a scratch of one foot, and then stopped.

But Li Tian is much more chic there.

Li Tian cast several teleports in a row, and his body flashed a few times in the square, easily dissolving the rebounding power.

This time, evenly matched.

"Wow!"

The silly man's epee inserted the epee on the ground again, and the silly man's epee seemed to be absorbing the energy from below. There were runes surging up from under the ground, and these runes began to go silly. The armor on Man'er's body surged up, and in an instant, the body of Silly Man'er became red.

Chapter 3758: Come home with me (1)

"Hahaha, let you feel my sacrificial power!" The silly man said with a wild smile.

Above the square, the night breeze suddenly stopped, and even the chirping of small animals and insects all around stopped.

In an instant, an atmosphere of destruction swept across the square.

"What a powerful power! What kind of power is this sacrificial power? How did this stupid man obtain this power?" Li Tianxin asked in shock.

In this silly man's body now, Li Tianyin felt a kind of aura at the level of the Saint Legion Commander, although it was different, it was almost the same.

At this moment, Li Tian seemed to have returned to Donghai City.

At this moment, Li Tian seemed to be facing another master at the commander level of the top ten legions.

Li Tian, even though his strength has improved a lot after the battle with the saint, he still obviously feels that he has more than enough energy while facing this kind of strength.

fighting?

If he is willing to be injured again, and once again exhaust the power of the ball-shaped corpses formed by the nine-color corpse crystal swallowing the eighteenth-level corpse crystal, Li Tian is absolutely confident that he can defeat or even kill the silly man, but This is a silly man, even if he has no consciousness and no human memory now, but this is a silly man after all.

How could Li Tian fight the silly man's one fish and the net to break the net, fight one and lose both!

"Stop fighting!" Li Tian said to himself.

Li Tian just wanted to test the silly man's strength, and he didn't really want to fight him to the death.

Now, if Li Tian wants to defeat Silly Man'er, it must be another lose-lose situation.

This is not what Li Tian wants to see!

"Huh!"

"Huh!"

Li Tian's figure suddenly disappeared in place, and then flashed in the square several times quickly, appearing behind Silly Man'er almost instantly.

Silly Man'er hadn't reacted yet, Li Tian had already stretched out his hand, and directly sent Silly Man'er into the space of Di Xing Yasha.

In the space of Di Xing Yasha, the poncho zombie hadn't seen Li Tian for a long time.

Since he appeared in this place, he has lived the life of a dark prisoner, and the silly man who suddenly appeared made this poncho zombie a happy heart.

"Hahaha, after so long, finally another hapless guy came to accompany me. Since Li Tian sent you to this place, it shows that you still have some use to him. Humph, despicable Li Tian, After trapping me here, I hid like a tortoise with a shrunken head. I dare not see it. Now let me just twist your neck off and kick your head like a ball! See if Li Tian will show up! "The poncho zombie sneered and slowly walked towards the silly man.

"Huh!" A long bone knife appeared in the hands of the poncho zombies, and then the poncho zombies slowly approached Silly Man'er step by step.

However, at this moment, the silly man suddenly moved.

I saw Silly Man's heavy body in armor, like a cyan lightning, rushing directly to the poncho zombies.

"boom!"

The long bone sword intersected with the heavy sword in the hand of the silly man.

In just an instant, the long bone knife was directly shattered into several segments, and the heavy sword struck the body of the poncho zombie.

"Porch!" A dull sound came from the belly of the poncho zombie, and the poncho zombie only felt that his body had exploded at this moment.

"No...impossible!" The poncho zombie lowered his head to look at his body, but found that his chest was completely empty. The flesh and blood of those zombies were blown out, and only a few chest bones were still there. Supporting his body.

"Looking for death!" Silly Man'er sneered, and the epee in his hand pulled a sword flower, and the epee easily slid across the neck of the poncho zombie.

"Gurulu!" The head of the poncho zombie was immediately cut off.

Silly Man'er completely ignored the beheaded head, but did not have a dead poncho zombie, but wanted to insert the epee in his hand into the ground, and also wanted to break the space with the epee in his hand.

"Huh!" With a sound, the walls and floor of the space were like soft cotton, and the heavy sword was inserted directly, but the silly man wanted to dig out the space but couldn't do it at all.

...

Outside the space, after Li Tian sent the silly man'er into the space of Dixing Yasha, he looked at Ouyang Shiqing.

After seeing Ouyang Man suddenly disappear, Ouyang Shiqing stood up suddenly, pointed at Li Tian, and gave the order to kill Li Tian to the six followers standing around the altar.

"Sure enough, you don't remember me! But it doesn't matter, all this will be over soon, I will rescue you soon, from the kingdom of corpses!" Li Tian nodded and said.

And the entourage of the country of six corpses, as well as the zombies and crazy people on the entire square, after seeing Ouyang Shiqing stand up, their faces were excited, shouting and waving All kinds of weapons, thinking of Li Tian.

For these low-level zombies, for these humans, Li Tian has no interest in fighting, and Li Tian will not find any pleasure in killing these people.

The only thing Li Tian could not see was the fifteenth-level zombies of the kingdom of two corpses.

"Huh!"

"Huh!"

"Huh!"

Li Tian's figure flickered in the square, easily beheading a few low-level zombies, and then suddenly raised his hand, a broken soul palm blasted towards the fifteenth-level zombie in the kingdom of corpses that rushed towards him .

"boom!"

The body of the fifteenth-level zombie hadn't rushed to Li Tian, it was hit in the abdomen by Li Tian's palm, and her body was shattered by a huge explosion.

And the head of that level 15 zombie flew towards Li Tian like a ball.

"Huh"

A red light flashed, and Li Tian directly smashed the head with "Red Chop", stretched out his hand, and grabbed the corpse crystal of the 15th-level zombie in his hand.

A low-level zombie rushed behind Li Tian, and as soon as he stretched out his bones and paws, he was shot by Li Tian casually. A Xuantian ***** was hit, which directly broke his paws.

The zombies of the country of six corpses were easily beheaded by Li Tian in less than a minute and turned into a few corpse crystals.

Then Li Tian walked in a leisurely manner and walked directly onto the altar slowly and came to the angry Ouyang Shiqing.

Ouyang Shiqing's two arms changed into two bone spears, and they slammed into Li Tian.

"Chang!" With a sound, the white bone spear pierced Li Tian's gray armor, Ouyang Shiqing was actually bounced back and sat on the ground, but Li Tian didn't move.

Li Tian walked a few steps forward and controlled the Nine-color Corpse Crystal and "Red Slash" with his mind, so that the nine-color Corpse Crystal and "Red Slash" returned to their original form, and then Li Tian stretched out his hand and said to Ouyang Shiqing: "Shiqing, I'm here to pick you up, come home with me!"

Chapter 3759: Come home with me (2)

While speaking, Li Tian had already stretched out his right hand and grabbed Ouyang Shiqing's still-bone thorn. ,

"Back...home?" Ouyang Shiqing looked at Li Tian suspiciously.

Li Tian nodded slightly and said, "Well, come home with me, we will never be separated again!"

"Li... Li..." Ouyang Shiqing seemed to have some memories in her head, and whispered to Li Tian, "You are Li..."

"Li Tian! Your name is Ouyang Shiqing, and my name is Li Tian! I'm here to pick you up, come home with me!" Li Tian repeated it again, as if a patient parent was facing his child.

Suddenly, Ouyang Shiqing's body shook slightly, and then Ouyang Shiqing's long bone thorns gradually turned back into a white arm, and then reached out and put his hand on Li Tian's palm.

"Li Tian...Li Tian...I know you, I know you!" Ouyang Shiqing's cold eyes gradually melted like ice and snow, and there was a hint of tenderness in his eyes, and in this tenderness, There was a flash of red that would not be easily noticed.

"Fool, of course you know me! I am your man!" Li Tian stretched out his hand, with a slight force, pulling Ouyang Shiqing up from the ground, and Ouyang Shiqing took advantage of it and rushed into Li Tian's arms. in.

Ouyang Shiqing rushed into Li Tian's arms, but before Li Tian could show such a hint of joy in his heart, he felt a sharp pain in his abdomen.

"puff!"

When Ouyang Shiqing plunged into Li Tian's arms, Ouyang Shiqing's left hand turned into a long bone thorn, which pierced Li Tian's abdomen fiercely.

"Tick!"

"Tick!"

The blood dripped down Ouyang Shiqing's white bone thorns, falling on the altar, turning into red plum blossoms.

This scene seems to be familiar, and it keeps playing back in Ouyang Shiqing's mind.

"Li..." Ouyang Shiqing only said one word, but couldn't say any more.

In her mind, the past and Li Tian's little things were completely replayed, especially half a year ago, the poetic sentiment that occurred in the heavens made Ouyang Shi's sentiment even more painful.

"Why? Why don't you hide? I know you can avoid it!" Ouyang Shiqing's white bone thorns have been pulled from Li Tian's abdomen and turned into arms. Ouyang Shiqing used her white tender hand and pressed his palm on the wound on Li Tian's abdomen and said.

Ouyang Shiqing wanted to cry, but she couldn't cry. This kind of painful feeling, even though Ouyang Shiqing was a zombie, she still felt the position of her heart, which was very painful.

"Why don't you hide?" Ouyang Shiqing asked, looking up at Li Tian's face.

Li Tian smiled, and firmly clenched Ouyang Shiqing's hand, and said, "Why do you want to hide? Even if it only takes you to recover for one second, it will let you know that I am your Li Tian, and I have been injured. Enough. Ouyang Shiqing, come home with me!"

"Go home! I'll go home with you!" Ouyang Shiqing said softly.

And at this time, the zombies on the square, the people in the cottage that had not yet become zombies, had slowly gathered around, the eyes of the zombies were red, and the mouths of those people were also gasping.

"Let go of our ambassador, and be obediently arrested, otherwise we will break your body into pieces!" Under the altar, the foolish people shouted at Li Tian.

At this time, more than a dozen zombies or humans have begun to climb on the altar.

In their eyes, no matter how powerful Li Tian was, it might not be possible to run out among the surrounding people.

"Stupid fellows, I don't even know that Li Tian saved your lives!" Li Tian sneered, and started to show Xuantian fingering.

One air bomb flew out of Li Tian's finger, hitting the eyebrows of those zombies accurately.

"puff!"

One of the zombie's eyebrows was pierced, and the black brains flowed out of the hole.

From Li Tian's appearance to the cottage to the present, it took only more than an hour before and after, and the brains in the heads of these zombies had turned from gray to black. It can be seen that the bodies of these zombies have gradually lost Human body function is closer to the body of a zombie.

When the humans hadn't climbed up yet, Li Tian had already beheaded the remaining zombies in the cottage, and the rest were humans who were brainwashed by the kingdom of corpses.

Li Tian turned his head and smiled at Ouyang Shiqing, stretched out his hand to hold Ouyang Shiqing, and said affectionately: "Let's go!"

"Yeah!" Ouyang Shiqing said.

Then Li Tian used his feet slightly and flew forward suddenly, and as Li Tian flew out, Li Tian directly turned around and blasted his soul palm against the altar.

"boom!"

How could the wooden altar be able to withstand Li Tian's full blow, the altar was suddenly blown to pieces, and the people who had just climbed the altar fell one by one as the altar collapsed.

And Li Tian's body teleported several times in actual combat in mid-air, and landed steadily, then quickly disappeared into the dark night with the fluttering clothes of Ouyang Shiqing.

...

After leaving the Diaojiao cottage, Li Tian immediately brought Windsor and Xiaomei out of the space of Void Yasha.

"Brother Tian! Are you hurt like this?" Windsor looked at the blood on Li Tian's abdomen in surprise, and immediately began to use medical abilities to treat Li Tian.

And Xiaomei clucked her teeth, staring at Ouyang Shiqing.

After all, Ouyang Shiqing is a zombie controlled by a corpse worm, and only restored some memories of Li Tian. Seeing Xiaomei staring at her, her face that was full of tenderness to Li Tian just now gradually became cold and cold. , Even her right hand turned into a sharp white bone thorn again, and it slammed into Xiao Mei's forehead.

A few light blue transparent silk threads on Ouyang Shiqing's left hand have floated out of her hand.

"Xiaomei, be careful!" Li Tian reminded me out.

This strength of Ouyang Shiqing far exceeds that of Xiaomei. If Xiaomei is inattentive, it is entirely possible that she will be stabbed by Ouyang Shiqing, and then controlled by the silk thread released by the corpse worm in Ouyang Shiqing.

"Chang!"

Xiaomei blocked the hatchet in front of him, blocking Ouyang Shiqing's long-bone thorn attack, while Xiaomei's arms clasp the hatchet were stunned, and the tiger's mouth was shattered, blood was flowing, and His strong body flew directly out.

"Shiqing, stop! He is my friend!" Li Tian immediately yelled to Ouyang Shiqing when he saw Ouyang Shaohui please still pursue Xiaomei.

Ouyang Shiqing rushed out a few steps, then stopped, looked at Li Tian suspiciously, but rushed towards Windsor again!

"It seems we must hurry up and take out the corpse worms in Ouyang Shiqing's body, otherwise there will be no way to stay in Beitang like this!" Li Tian said.

Chapter 3760: Corpse worm (1)

When Ouyang Shiqing rushed over, Li Tian sent Windsor into the space of Void Yasha.

Fortunately, Windsor's abilities were indeed powerful enough. He had healed Li Tian's wound seven or eighty-eight. If he did not use excessive force, this wound would have no effect on Li Tian.

Then Li Tian used teleport again, sending Xiao Mei into the space of Void Yasha.

Seeing Li Tian sending the two people she was about to deal with suddenly away, although Ouyang Shiqing did not directly rush to Li Tian and act on Li Tian, she looked at Li Tian coldly.

"Li Tian, why are you going against me?" Ouyang Shiqing said.

"Poetry, although you have remembered my existence now, you are not the complete you now. You are still controlled by ghouls, so we need to do some treatment for you!" Li Tian said.

When she said this, Ouyang Shiqing involuntarily stepped back a few steps, shook her head and said, "No...no, I'm fine now! No need for treatment!"

At this moment Li Tian had already brought the corpse insect out of the space of Feitian Yasha.

This corpse worm is like a baby bell worm. When he appeared in front of Ouyang Shiqing, he immediately felt the corpse worm in Ouyang Shiqing's body, and immediately spit out a few light blue silk threads like silk. It did not float out, but floated around the body of the corpse insect.

At this moment, Ouyang Shiqing's body shook suddenly, and countless light blue silk threads floated out of Ouyang Shiqing's body.

These silk threads and the silk threads released by the corpse worm seemed to echo each other, shaking constantly.

The corpse worm released by Li Tian squirmed and slowly crawled towards Ouyang Shiqing, and Ouyang Shiqing's body shook more severely.

The light blue silk threads began to stretch out longer and longer, and then they began to touch together. When they first touched together, these silk threads resembled tentacles and shrank back abruptly, but then they moved back. I touched it before, and then these threads were entangled tightly, like two snakes copulating.

At this time, Li Tian's "Red Zhan" was swaying abruptly, almost wanting to get out, but was firmly grasped by Li Tian.

This "Red Slash" and the corpse worm seem to have an antagonism, as long as they see this corpse worm, "Red Slash" can't help but want to go up and slash it.

Now, if it hadn't been for "Hong Zhan" who had already recognized the lord and didn't dare to resist Li Tian's attitude, he would have rushed out and killed the corpse insect.

And on Li Tian's chest, the nine-color corpse crystal was unbearable, ready to move, spinning constantly, and the transparent silk thread had floated out of Li Tian's chest, like a pair of thief eyes, no Stop turning and staring at the corpse insect.

The body of this corpse insect is full of the power of the original corpse. For the nine-color corpse crystal, this is a delicacy, and it will naturally be tempted.

However, it is not the time yet. Li Tian still needs this corpse worm to seduce the corpse worm in Ouyang Shiqing's body, and let Ouyang Shiqing out of the control of the ghoul before he can take action on the corpse worm.

"Don't worry, after the corpse bug in Shiqing's body comes out, you two will be a corpse worm, and I promise not to interfere with you!" Li Tian said to the nine-color corpse in his heart.

At this time, the corpse insect was less than ten steps away from Ouyang Shiqing, and a painful expression suddenly appeared on Ouyang Shiqing's face. Then, Ouyang Shiqing suddenly screamed. It cut through the night sky, and even the toads and crickets in the grass stopped screaming.

But Ouyang Shiqing fell to the ground suddenly.

"puff!"

"puff!"

With two dull sounds in succession, a few white bones pierced Ouyang Shiqing's back, piercing several holes in her back.

Under the faint moonlight, those white bones slowly retracted again. Through the pierced clothes, Li Tian could see Ouyang Shiqing's white skin on the back of your back, and how many of them are on your white skin. A dark blood hole, in this blood hole, those light blue silk threads are constantly pouring out.

And at this moment, a small claw stretched out from the blood hole. The claw was like a sharp knife, and it took almost a few seconds to tear Ouyang Shiqing's skin. After a big mouth, the corpse worm in Ouyang Shiqing's body began to slowly crawl outward.

"Huh!"

"Huh!"

Ouyang Shiqing seemed to be panting heavily in pain. She wanted to move her body, but fell weakly to the ground, constantly blowing the dirt on the ground.

"Li...Li Tian, save me, I feel I really want to die!" Ouyang Shiqing stretched out her hand in pain and said to Li Tian.

Ouyang Shiqing was controlled by the corpse worm, and the corpse worm provided Ouyang Shiqing with a lot of the power of the corpse. Now the corpse worm is about to come out of her body, and he has stopped supplying the power of the corpse. And the power of the corpse in her body is constantly passing away, so Ouyang Shiqing can feel this way.

Li Tian was heartbroken, but Li Tian knew that he could not pass.

Once he passes, the corpse worm will be like a frightened bird, and will immediately get into Ouyang Shiqing's body again, and then it will be difficult to attract the power of the corpse that the corpse worm releases. Difficult.

Li Tian held "Red Zhan" tightly, and kept shouting to Ouyang Shiqing in his heart: "Come on! Be sure to hold on! The claws of the corpse bug have been stretched out..."

"Li Tian...Li Tian...Save me!" Now Ouyang Shiqing has restored human memory, so the cry for help to Li Tian is full of her hope for Li Tian.

Ouyang Shiqing's pupils have turned scarlet red. This is the color of zombies when they are angry and in pain, but this painful color is full of helpless tenderness.

"Patter!"

Li Tian subconsciously took a step forward. This step made a faint sound, but the corpse insect who had just stretched out half of his body shrank inward again.

"Oops!" Li Tian screamed in his heart, but he didn't dare to make any movements anymore.

At this time, the corpse worm released by Li Tian has climbed to a distance of less than five steps from Ouyang Shiqing. Once the corpse worm that got into Ouyang Shiqing's body no longer goes out, then Li Tian releases The corpse insects that go out are likely to get directly into Ouyang

Shiqing's body. At that time, even if Li Tian catches more corpses, it will be difficult to rescue Ouyang Shiqing.

"Damn it, blame me!" Li Tian cursed impatiently in his heart.

Fortunately, the corpse worm only moved outward again after less than a few seconds.

"Huh!" Li Tian breathed out involuntarily in his heart.
