

A Killer 3771

Chapter 3771: Six monsters

Seeing these six monsters behind Long Yin, Li Tian couldn't help being surprised. Complete works download

Unexpectedly, Long Yin had already cultivated the six magic powers to great success, and the great success of these six magic powers could condense six demon qi monsters.

"Wow!"

Li Tian used Xuantian **** at will, releasing several gas bombs to attack the six demon monsters.

The air bullets passed through the bodies of these six demon-qi monsters, but the six demon-qi monsters were safe and sound.

"Don't do it in vain. If you don't come up with some real skills, I will tear you to pieces and pay homage to these monsters.

"These monsters are condensed by demon energy, and Xuantian **** can actually pass through them. From time to time, the weapons in the hands of these monsters don't have much attack power, so they will pass through them directly?" Li Tian thought.

At this moment, that Long Yin waved his hand at Li Tian violently, and the six demon monsters behind him flew directly, holding swords, guns, sticks and other weapons and smashed them at Li Tian.

When this monster flew over, it was light and fluttering, as if it were a sickly sick seed with weak energy.

However, when they were less than five meters away from Li Tian, the expressions on the faces of these six monsters gradually stood up. Each face of these six monsters was 'showing' hideous, red eyes and sharp fangs. Like evil spirits, each rushed towards Li Tian, as if to swallow Li Tian.

Li Tian actually felt the sensation of the "Red Slash" sword spirit in these six devilish spirits, but these six monsters were a little different from the sword spirit, but Li Tian couldn't tell the specific differences. Full text reading of the latest chapters

At this time, Li Tian couldn't tolerate more thoughts. Faced with the siege of these six monsters, Li Tian quickly used a teleport, and a teleport flew back ten meters.

And just as Li Tian Teleport appeared, it suddenly appeared that there was another demon monster beside him.

"Huh!"

"Red Slash" slashed at the waist of the devilish monster. The devilish monster was divided into two at this moment, but the next second, the body of the devilish monster healed automatically! This devilish monster held a pair of steel forks condensed from devilish energy, and slammed it towards Li Tian's face.

Li Tian knew that "Red Slash" might not have any effect on the devilish monster, so after the slash, he slapped the devilish monster with his backhand!

"boom!"

The broken soul palm passed through the body of the devilish monster, and flew directly to the distant mountain with a loud noise.

The devilish steel fork of the devilish monster had already pierced the door of Li Tian's face. Although Li Tian slammed backwards, the steel fork struck Li Tian's face and went down the door.

At this moment, Li Tian only felt that the devilish steel fork had penetrated the armor on his face, and a cold air passed down from the center of his eyebrows, after he passed through his nose, and from Li Tian's The armor on his face was worn out.

"Is this devilish monster just a look? Even if it hurts people, it's all right?" Li Tian thought in his heart.

And at this moment, Li Tian suddenly felt a sharp pain from his pen, and in his nostrils, nosebleeds began to flow out uncontrollably like a fountain!

Li Tian was shocked.

To my surprise, the attack of the devilish monster could pass through Li Tian's armor and body, and what made Li Tian even more surprised was that the attack of the devilish monster was so domineering, it just brushed Li Tian's nose gently. That's it, and Li Tian's nose was hit so hard.

And what if the blade weapon of the 'touch' devilish monster struck Li Tian's arm? Is the heart of Li Tian passing by?

Li Tian didn't dare to imagine, he entered directly into the void of Yasha space.

Entering the space of Void Yasha, Windsor and Ouyang Shiqing all surrounded.

"Solution!" Li Tian yelled, making "Hong Zhan" and Nine'Color' Corpse Crystals return to their original appearances.

"Brother Tian, you...what's wrong with you?" Windsor asked in horror after seeing all blood on Li Tian's face.

"Li Tian..." Ouyang Shiqing only yelled out Li Tian's name, and couldn't say a word anymore. He just held Li Tian's hand tightly, his eyes involuntarily revealed The'color' of worry, but the'flesh' on the face is stiff and unable to make that worried expression.

Li Tian hurriedly waved his hand and said, "It's okay, it's okay, it's just a nosebleed, and it's okay in a while! Windsor, show me what hurt my nose!"

Windsor carefully wiped off all the blood stains on Li Tian's face with wine 'fine' cotton, and then gently pressed a pair of soft hands on Li Tian's nose.

"strange!"

As soon as Windsor pressed his hand on Li Tian's nose, his face immediately showed an incredible expression.

"What's wrong? Brother Tian, what the **** is going on?" Xiao Mei asked.

And Ouyang Shiqing couldn't help looking at Windsor's face, and asked as softly as possible: "Is Li Tian okay?"

Windsor nodded and said, "It's okay, I just feel weird. The outside of Brother Tian's nose looks intact, but there is a wound inside Brother Tian's nose! One more thing, this wound looks like it is."

This wound is not difficult for anyone with medical supernatural powers like Windsor. It takes almost a few seconds to heal it!

Listening to Windsor's words, Li Tian already understood.

This devilish monster is tangible but intangible, can pass through all tangible things, and then cause damage to this body.

"Li Tian, if the outside situation is dangerous, don't go out, it's safer here!" Ouyang Shiqing said.

"Don't worry, it's okay! There is Windsor here. If there is any problem, I will enter the space for treatment as soon as possible. There is definitely no problem!" Li Tian said.

Of course Li Tian can hide in the space of this Void Yasha, but Li Tian cannot!

Void Yasha knew the danger outside, and said to Li Tian attentively: "Master, these monsters outside are not easy to deal with. Catch the thief first. If it is not possible, I will use Void Blade to kill the dragon. !"

Di Xing Yasha said: "Master, Young Master Void has just recovered. I can't use this technique anymore in the near future. It's better to let me use the quicksand storm to desert this entire mountain. I don't believe him. Yin can escape!"

Dixing Yasha and Feitian Yasha may be able to solve the battle, or perhaps not, Li Tian can no longer let Dixing Yasha and Void Yasha adventure without any guarantee!

Li Tian shook his head slightly and said, "This is my battle. Since he wants to see my true strength, then I will let him taste the anger from Li Tian!"

After speaking, Li Tian has appeared in the mountains.

"Long Yin, let's fight!" Li Tian shouted, and his mind controlled "Red Zhan" and flew towards Long Yin!

Chapter 3772: Red Cut's Wrath

Six monsters. ,

After Li Tian disappeared, four of the six monsters immediately guarded four positions in the south, east, north and west, and were no more than a hundred meters apart from each other. The other two monsters stood in front of Long Yin in the center. .

"call!"

"call!"

These six monsters seemed to be breathing slightly, and Ruoyingruoxian's pupils kept scanning the surroundings.

Located in the center of Long Yin, he clenched his fists, his fists shining brightly, and Long Yin was also fully focused, his eyes constantly swept back and forth between the four monsters.

"Li Tian..." Long Yin called out Li Tian's name to himself.

Li Tian had disappeared in place for two minutes, and Long Yin was not at all relaxed in these two minutes.

Since the news of Li Tian was lost three years ago, a special department in Long Yin's Longteng Litian Legion has not stopped searching for Li Tian, and Long Yin, except for necessary legion management, has almost always Practice at night.

And when Li Tian suddenly appeared in the sunset fortress, Long Yin couldn't believe it.

Li Tian, the most powerful man in the world, could he become so weak?

Then, for more than half a year, Long Yin paid close attention to Li Tian at any time, and every time that special department reported information to Long Yin, it would make Long Yin's eyes look the same.

No loss is the strongest man, this speed of strength improvement can make the whole world look behind him.

When he met Li Tian in Kyoto City, although Li Tian's strength at that time still made Long Yin look down on, Long Yin knew that the day of a battle with Li Tian would not be far away.

When the news of the Saint Legion's disappearance in East Sea City came back to the Longteng Litian Legion, Long Yin knew that this day was really coming.

Now, all this has come.

"Li Tian, take out all your strengths and fight my Long Yin upright!" Long Yin said to himself again.

Long Yin wanted to defeat Li Tian, and he wanted to defeat Li Tian at the same level as him.

Since Li Tian can kill Saint, then Li Tian definitely has the strength to fight him.

It's just that Li Tian has been evading, which made Long Yin very unhappy, so Long Yin deliberately forced Li Tian to submit, deliberately showing off his power in front of Li Tian.

Long Yin didn't believe that a man as arrogant and powerful as Li Tian could bear that Long Yin would show off in front of him Li Tian.

Three minutes later, Li Tian hasn't appeared yet.

There was still a few drops of sweat on Long Yin's face. The sweat slowly fell down Long Yin's forehead and landed inside Long Yin's neck.

"It's cold! This sweat turned out to be cold!" Long Yin thought in his heart.

At this moment, Li Tian suddenly appeared.

"Long Yin, let's fight!"

When Long Yin heard Li Tian call out his name, his heart trembled slightly, and then Long Yin saw Li Tian's weapon "Red Slash" flying towards him.

"Hahaha! Are you finally able to give up? Li Tian, let's fight!" Long Yin laughed wildly.

"call!"

The two monsters in front of and behind Long Yin rushed towards Li Tian with their monster weapons almost as soon as Li Tian appeared, and the moment the two monsters flew out, the mouths of both monsters Spouting a ball of magic energy, the two groups of magic energy flew to Li Tian faster than the monster.

This devilish energy has already materialized. Once it attacks a person, it will have such a tremendous destructive power for the person's body. The devilish steel thorn, piercing Li Tian's nose is the best proof.

At this time, the four monsters in the southeast, northwest and northwest simultaneously attacked Li Tian with various weapons.

A sneer appeared on Li Tian's face.

Stand if you want to fight.

Although this Long Yin's strength is strong, but Li Tiandao may not be really afraid of him.

Moreover, just now, Li Tian's "Red Zhan" has already expressed his strong dissatisfaction with Li Tian.

"Hong Zhan" was angry!

"Red Cut" follows the strong!

Li Tian's retreat made "Red Zhan" feel humiliated!

humiliation?

Doesn't Li Tian know how to humiliate?

But if this is not the case, how can it be extremely "Red Cut" anger?

Everything in the world, one thing drops one thing!

Although this devilish monster was powerful, Li Tian could feel a similar feeling to the "Red Slash" knife spirit.

Vaguely, Li Tian felt that this "Red Slash" knife spirit was the nemesis of this devilish energy!

Seeing the two monsters spraying two groups of demonic energy at "Red Zhan", Li Tian was equally angry.

"Red cut! Cut it for me!" Li Tian roared in his mind.

"Hong Zhan" and Li Tian had the same mind, and immediately felt Li Tian's command!

"Huh!"

"Huh!"

"Huh!"

More than a dozen red lights flashed, and the two groups of magic energy were chopped by "Red Slash" into a dozen copies.

"Jie Jie!"

Behind the two groups of magic energy, two monsters attacked Li Tian's monster, one holding a steel fork and the other holding a scimitar.

When these two monsters saw "Red Zhan" slashing towards the two groups of devilish energy, a mocking smile appeared on their vague faces, and their mouths made a strange laugh.

But soon the laughter of these two monsters froze.

I saw that a double-faced monster flew out suddenly from the "Red Slash". This double-faced monster had double-faced and four-handed. It exuded a breath similar to these monsters. .

This double-faced monster has a happy face, and almost all mouths are running out of water, as if he treats these devilish energy as delicious food; while the other face is indeed sad, and it seems to be facing the monster. The devilish qi is in silence.

"Suck!"

The monster's two faces and two mouths suddenly sucked in the devilish energy that had been smashed. And those devilish qi is like soft cotton candy, directly in the mouth of this double-faced monster.

Then the face of the double-faced monster showed a trace of satisfaction and glared at the two monsters.

At this time, Li Tian's front, back, left and right sides were already surrounded by the four devilish monsters.

However, these monsters seemed to be worried that Li Tian would teleport, and they stopped when they were still more than ten meters away from Li Tian.

The distance of ten meters is exactly the limit of Li Tian's teleport now.

Once Li Tian teleports, it is very likely that he will appear directly next to these monsters and be attacked by these monsters.

Those monsters did not move, and Li Tian naturally did not move either!

This distance, even if it is lightning, Li Tian can enter the space of Void Yasha.

At the foot of Li Tian, Di Xing Yasha was ready at any time. Once there was a wind and grass, Di Xing Yasha would immediately pull Li Tian into the ground.

far away.

After the sword spirit of "Red Slash" absorbed the two groups of devilish energy, his face showed satisfaction and got into "Red Slash".

"Huh!"

"Hong Zhan" moved from his heart, galloping towards the two monsters holding double forks and scimitars!

At this moment, these two monsters showed horror on their faces. What they were afraid of was not "Red Slash", but the sword spirit in "Red Slash"!

At this time, "Red Zhan" had already been cut over!

"Huh!"

Chapter 3773: Red Slash's Anger (2)

Fast as lightning!

The expressions on the faces of the two monsters hardly changed, and the "Red Slash" slashed on the two monsters.

The two monsters only struggled symbolically, the horror on their faces seemed to be screaming, and they were immediately divided into two.

"Red Slash" has no effect on the monsters. Even if these two monsters are cut into pieces, the two monsters will quickly condense into one completed monster.

However, how could the angry "Red Slash" knife spirit give them this opportunity.

At the same time when the two monsters were divided into two, the "Red Slash" sword spirit had already flown out of the blade.

"Double-faced four-armed monster! This...what is this?" Long Yin's whole body was devilish, and he could see the sword spirit in this "Red Slash".

In Long Yin's astonishment, this double-faced four-armed monster seemed to be a death ***** from hell. Suddenly, it opened its four arms and slammed the monster that was divided into two halves.

The monster that had been cut in half was struggling in the hands of this double-faced four-armed monster, but these monsters were like babies in the hands of giants, and even though they struggled, they couldn't get rid of the monster's arms.

"drink!"

In the distance, Li Tian suddenly let out a loud shout.

There was so much anger in this burst, and with this burst, the sword spirit also let out a roar.

"hiss!"

The two monsters that had been cut in half were in the hands of this double-faced four-armed monster, just like cloth, they were torn into four parts by the sword spirit.

"No...impossible!" Long Yin saw that the devilish monster was torn, his face changed drastically, and he unexpectedly stepped back involuntarily, and said in shock.

This devilish energy is invisible and invisible, and it is difficult to hurt with the sword.

It was after three years of hard work that Long Yin condensed into these six devilish human figures, which were named the Six Dao Monsters by Long Yin.

Long Yin once tested it. Even his fists were completely ineffective against six monsters. A punch would pass directly through the monster's body, and the monster's devilish energy would hurt the attacking fist.

But now, these two monsters were cut apart by "Red Slash", and they were directly caught by the double-faced four-armed monster. This was something that had never happened before! What made Long Yin even more frightened was that the "Red Slash" sword spirit could tear the monster to pieces with bare hands.

After the two monsters were torn into pieces, they immediately transformed into a few groups of demonic energy, floating and falling back to Long Yin's body.

"Nemesis!"

"This Li Tian is definitely the nemesis of my Long Yin!"

Long Yin suddenly looked in Li Tian's direction, but there was still Li Tian there!

"Did Li Tian use teleport?"

"No, if Li Tian teleported, he would definitely appear near the four monsters, awaken the four monsters, and be attacked by the monsters! Did Li Tian hide in his space?" Long Yin's Thinking in mind.

However, at this moment, after tearing the two monsters into pieces, the "Red Slash" flew to Long Yin violently.

"Huh!"

A red light flashed, and the "Red Cut" struck Long Yin heavily.

Long Yin slammed his fist violently, his fist flickered, blocking the "Red Slash".

"boom!"

A loud bang came from Long Yin's fist and Li Tian's "Red Chop".

The blow of "Red Slash" possesses a mighty force. Even if it is not as powerful as Tang Xiaolong's full blow, it is almost the same. Long Yin's fist also possesses a mighty force, even better than that of "Red Slash". The strike force is even stronger.

The knives and fists intersected, and a shock wave was cast down from "Red Zhan", and the rocks under Long Yin's feet made a crackling sound, "Red Zhan" actually plunged Long Yin into the ground for more than an inch.

"Get out!" Long Yin roared, the fist on his fist was booming, and the "Red Zhan" was directly flew out by Long Yin.

Long Yin's heart was shocked. If the "Red Slash" flew out and rushed towards the remaining four monsters, then Long Yin probably had nothing to do.

However, that "Red Zhan" did not fly far.

In the midair, the "Red Cut" seemed to be dragged abruptly by an invisible hand.

Then the "Red Zhan" flew to Long Yin again!

Long Yin involuntarily let out a breath, his mind controlled the remaining four monsters to transform into a ball of magic energy.

"It's Li Tian, Li Tian didn't enter his space! Otherwise, how could he attack me with the Qi Yujian?" Long Yin thought suddenly.

But at this moment, Long Yin suddenly felt a huge energy fluctuation coming from behind him.

"Li Tian? When did he appear behind me? I didn't feel it at all?"

Long Yin turned around abruptly, but saw that Li Tian had come out from under the ground, and Li Tian's palms had been shot seven or eight consecutively.

In a hurry, Long Yin fisted to parry.

Fist to palm!

"boom!"

"boom!"

"boom!"

Violent explosions continued to appear in the palms of Li Tian and Long Yin.

Long Yin took another step backward by these seven or eight palms!

As for Li Tian, after shooting those seven or eight broken soul palms, a teleport appeared ten meters away.

"Li Tian!" Long Yin yelled at Li Tian angrily.

Li Tian listened to Long Yin's roar, but there was a slight smile on the corner of his mouth. He pointed his finger behind Long Yin, and then Li Tian slowly got into the ground.

Long Yin turned around abruptly, but saw Li Tian's "Red Slash" approaching him from behind. If it weren't for Li Tian's reminder, all his attention was on Li Tian's body at this time. Will be slashed by this "Red Slash".

"Hong Zhan" suspended in front of Long Yin less than fifty centimeters away, and did not cut it down!

Long Yin had completely put away his little look at Li Tian at this time.

This is not the life and death of the fish and the net, but Li Tian has also fully demonstrated his ability, this ability even under Long Yin's full attack, there is absolutely room for escape.

Even the monster that flew out of Li Tian's **** weapon could actually cause damage to Long Yin's devilish monster, which Long Yin never expected before, otherwise all of this would not appear.

Although there was no victory or defeat, there was no need to continue fighting.

Li Tian, now has the strength that does not belong to any of the ten legion commanders.

At this moment, Long Yin's heart was incredibly comfortable!

Heroes cherish heroes, and the great demon Long Yin also cherishes Li Tianxin!

If there is no opponent like Li Tian in life, then this life will be so boring.

"Li Tian! I recognized your strength!" Long Yin said.

A few dozen meters away, Li Tian got out of the ground and made a relaxed expression.

It can be recognized by Long Yin, which in itself is a manifestation of strength!

"Li Tian, your strength is now barely able to tie me, dare you to go to the Dianhai Secret Realm with me?" Long Yin said to Li Tian.

Chapter 3774: Drunk

The Dian Sea, the largest inland sea in the southwest, although it is the largest inland sea, it has a limited scale and some people call it a lake or a pond.

But even so, it is endless, which shows the size of the Dian Sea.

The mystery of the Dian Sea is that the Dian Sea is located on the top of the largest mountain in Caiyun City, Southwestern Caiyun Province. It is like a pearl inlaid on the top of the mountain.

As for the formation of Dianhai, there is no conclusion from ancient times to the present.

For the people of Caiyun Province, they believe in a myth that has been passed down from ancient times to the present. They believe that this is the Dian Sea created when the gods in the myths moved mountains and filled the sea. They also believe that the Dian Sea is connected. To the entrance of Nanhai Dragon Palace.

Of course, myths are only myths, but this Dianhai also has its own mystery.

For example, people once witnessed sea monsters near the Dian Sea, and even some even took videos of sea monsters from a distance, and these videos were also seen everywhere on the Internet before the end of the world.

But at that time, various experts and beasts before the end of the world were all over the place. The sea monster definitely mistakenly photographed a big fish into a sea monster because of the time, shadow and light.

Before, when Xiaosi Li Tian occasionally went online, he would also pay attention to this Dianhai sea monster. At that time, Li Tian still believed in the explanations of experts and beasts, but after experiencing so many things, Li Tian believed There should be no wind and no waves in the Dian Sea. It is very likely that there should be some magic in the Dian Sea.

And now, Long Yin invited Li Tian to go to the Dianhai Secret Realm with him, which strengthened Li Tian's judgment.

"Dianhai Secret Realm? Long Yin, you, as the dignified Longteng Litian army commander, a top ten figure in the Forbes competition, do you still need someone like me to go to the secret realm with you? Not to mention your deputy commander, Long Ao and their strength are not weak!" Li Tian said, shaking his head.

For Long Yin, Li Tian can't be said to hate, but he is definitely not like it. Li Tian's idea is that it is best not to have anything to do with Long Yin.

And if possible, Li Tian didn't mind letting Long Yin disappear into this world. After all, this man seemed to be filled with an evil aura forever.

In response to Li Tian's answer, Long Yin couldn't help showing a disappointed expression on his face. He sighed and said: "Li Tian, I thought you should understand me, but I didn't expect you to be so mediocre and ignorant!"

"Before, I, Long Yin, wishful thinking, in this world, only you, Li Tian, are worthy of being my enemy, and only Li Tian is worthy of fighting alongside me! But now it seems that I look at you too high, you are just A guy who has better luck with women!"

"By chance and coincidence, I discovered the secret realm of the Dian Sea. If this secret realm of the Dian Sea is discovered before the end of the world, it will definitely cause shock and panic in the entire human society. As the discoverer, I am naturally the first to discover. Time entered that secret realm, but..." said this, Long Yin's face suddenly showed a trace of embarrassment, but soon he was free from the embarrassment.

Long Yin looked at Li Tian and said, "Even if someone like me enters that secret realm, I have only seen the secret realm's gate for two months, and even the gate hasn't been opened. As for other people entering, I am afraid that there are no dead bones left, so I will think of you in the first time. Only a strong man like you is worthy to enter that secret realm with my Long Yin."

Li Tian didn't expect him to have such a place in Long Yin's heart. Looking at Long Yin's disappointed expression, Li Tian's heart was moved at this moment.

If it weren't for past grudges, even if Long Yin was the devil, Li Tian might become friends with Long Yin, or a confidant.

Unfortunately there is no if.

Furthermore, according to Long Yin's statement, once the Dianhai Secret Realm entered, it would probably take the last month's time, which was not acceptable to Li Tian.

Now, the 150,000 people in Donghai City are still on the way. Although there are barbarians and others escorted, but the 150,000 people have not entered Beitang, Li Tian still feels unstable in his heart, so Li Tian can only do it again. Refuse Long Yin.

"I appreciate your kindness. But you know the current situation of my Celestial Legion. The Celestial Legion cannot do without me for the time being. If there is a chance in the future, I will work with you to create the Dianhai Secret Realm!" Li Tian said.

Long Yin did not reluctantly, nodded, and said: "Well, I am not reluctant, I look forward to this day's early arrival!"

Long Yin hesitated for a moment, and continued: "Li Tian, whether you treat me Long Yin as your friend or whether you treat me Long Yin is your opponent in life, I must remind you. Li Tian, you, change Weak!"

"From ancient times to the present, whether it is history or legend, that a strong person does not have strong strength himself? And the weapons in their hands are more of half the icing on the cake, but what about you? Now you are more dependent on your weapons. , Depends on foreign objects. In a short period of time, you Li Tian now indeed have the capital to contend with my Long Yin, but once you lose your weapons and the support of foreign objects, you Li Tian I am afraid it is simply not enough to stand among the strong in this world!"

"Li Tian, you have become weak. If this situation continues, you will become a puppet sooner or later! Become a puppet of weapons!" Long Yin said.

Long Yin, Li Tian's opponent, could even say this.

If these words were spoken by others, Li Tian might not have heard them.

Even if Li Tian remembered it occasionally in his heart, I am afraid it was just a flash.

However, it was Long Yin who said this.

It was Li Tian's opponent, and now even his opponent felt that Li Tian was weakened. For Li Tian, this was a complete blow.

Li Tian suddenly fell into deep thought.

Li Tian began to seriously recall the bit by bit since he returned to the earth.

When the illusion technique disappeared and the skill on the earth could not be restored, when Li Tian was a slightly stronger character than ordinary people, Li Tian could only rely on "Red Slash."

Accidentally obtained the Nine-Color Corpse Crystal, and then Li Tian could use the power of the Corpse Origin indirectly through the Nine-Color Corpse Crystal, and then Li Tian began to rely on the Nine-Color Corpse Crystal.

Following the three small Yashas, and the three small Yashas recognize their masters, Li Tian began to borrow the power of the three small Yashas again.

As Long Yin said, the current Li Tian looks beautiful, and he can even draw a tie with Long Yin, and even kill the Saint Legion commander, but how much power does all of this really come from Li Tian?

Broken soul palm, Xuantian fingering!

Although the current power is strong, it does not have the strength to solve the battle.

"Huh!"

Li Tian let out a long breath.

"Li Tian, you go! I hope that when I see you next time, you can make my Long Yin shine, and let me have the motivation to catch up with you!" Long Yin said.

Chapter 3775: Army Soul Visits (1)

This concludes Li Tian's trip to Guixi.

Later generations came to this mountain and saw the top half of the mountain destroyed by Li Tian and Long Yin, they would sigh for the strength of Li Tian and Long Yin.

It can be said that this is the big hand of two men among the few people in the world who can stand on the top of the world, even if it is the mechanical technology and the use of explosives before the end of the world, I am afraid it is nothing more than that.

But who would have thought that the battle between Li Tian and Long Yin would end with such a dialogue.

After saying goodbye to Long Yin, Li Tian took Xiaomei, Windsor, Ouyang Shiqing and others, and the corpses all the way north and hurried back to Caiyun City.

After sending Xiaomei to Caiyun City, Li Tian accepted Xiaomei's invitation and went to the cottage where the Xiaomei Army Corps was located. He stayed in this cottage for a short time and had initial contact with the legion commander and others. Windsor assisted the entire cottage for free.

After that, Li Tian took Windsor and Ouyang Shiqing to the north and rushed to Beitang.

Along the way, Ouyang Shiqing's situation gradually improved. Of course, Windsor's role was also indispensable. Therefore, Li Tian decided to overthrow Ouyang Shiqing's treatment and return to Beitang, and Liu Yihui and other professionals would treat him.

But Long Yin didn't rush back to Caiyun City in a hurry.

The three major legions in Guixi have all been destroyed, and the kingdom of corpses carried Dragon Kuang and Long Ao to carry out a bloodbath on all the cottages in the kingdom of corpses in Guixi. He also beheaded all the members of the Kingdom of the Corpse in Guixi Province, completely driving the Kingdom of the Corpse out of Guixi.

At this time, the legion commander Chao, who was the nominal legion of the pilgrimage and holy legion, had left Jinghai City and was rushing to Guixi.

But when the court reached Guixi, Li Tian had already returned to Beitang.

Just returned to Beitang, the first moment he saw Li Tian, Situ Ningbing, who had already returned to Beitang, had no time to tell Li Tian about their stay in Kyoto, and said to Li Tian: "Li, the old man has come to Beitang. I have been here for several days, and I am now waiting for you in the room of the Bell Tower Hotel!"

The old man naturally refers to the Mu Yunlong army commander of the Army Soul Legion.

Li Tian was stunned. He didn't expect that the old man would come to Beitang. This was the first big man to come to Beitang after Beitang was taken back by Li Tian and others, especially when the situation of Heaven is not particularly good. , The arrival of the old man made Li Tian's mind a little more imaginative.

After Ouyang Shiqing was handed over to Windsor and Situ Ningbing, Li Tian came to the old man's room without stopping.

"Boom!"

Li Tian came to the door, tidied it up a bit, and knocked on the wooden door!

"Come in!" The old man's loud voice came from inside.

Li Tian pushed the door in, looked across a luxurious large living room, and saw Mu Yunlong sitting at the desk working at the desk. At this time, the old man's face was tight, and it seemed that he had encountered some problem. , And beside the old man, Huangfu Kunpeng stood up like a straight steel gun without squinting his eyes.

After seeing Li Tian, Huangfu Kunpeng did not show a trace of smile on his face, only slightly gestured to Li Tian with his eyes.

Mu Yunlong looked up at Li Tian, a soothing smile immediately appeared on his tight face.

"Little Li Tian, you are finally willing to come back!" Mu Yunlong walked out from behind the desk and said to Li Tian sitting on the sofa.

"Grandpa, why did you come to Beitang?" Li Tian walked a few steps forward, standing in front of the coffee table in front of Mu Yunlong, asking with doubts on his face.

The Army Soul Corps has always been on the front line of fighting zombies.

After Li Tian returned to the earth world, even if the old man knew that Li Tian was in the heaven, he never came to Li Tian, and when he was in Kyoto City, the old man did not take the initiative to look for Li Tian, but sent someone to tell Li Tian his Expect nothing more. Until Li Tian reached the Forbes final, Li Tiancai and the old man met for the first time.

It can also be seen from this point that the father's heart is more concerned with the fate of this country and the survival of mankind as a whole. Although he values his children, he will not deliberately reveal it.

Now that the old man Mu Yunlong came to Beitang, he must have something to communicate with Li Tian.

"Li Tian, sit down with me!" Mu Yunlong patted the sofa beside him and said to Li Tian.

Li Tian was taken aback, and immediately showed a warm expression on his face.

Li Tian nodded, his eyes were a little moist, he walked slowly to Mu Yunlong's side, sat on the sofa next to Mu Yunlong, sat like Hong Zhong, and said to Mu Yunlong, "Grandpa, when I walked in just now , Seeing your old eyebrows furrowed, have you encountered something? If you need me..."

Mu Yunlong reached out and grabbed Li Tian's hand, interrupting Li Tian's words, and said to Li Tian: "Little Li Tian, grandpa asked you a word, how do you plan for your future?"

Li Tian felt the strong palm of the old man, and he pondered for a moment and said, "Grandpa, although I have the heaven and unified the northwest region, this is not the ideal of the grandson, nor the thing that the grandson wants most. If it is a short-term plan, then my idea is to allow the heavens to gain a foothold in this country, and to have a firm foothold, to give those brothers who follow me a place to stay."

"If it is a long-term plan, I...I hope I can find my mother!"

Speaking of Li Tian's mother, there was a wave of fluctuations in Mu Yunlong's eyes.

His daughter, who had disappeared when Li Tian was still a baby, has been dead or alive for so many years, but there has been no news.

This is the pain in his Mu Yunlong's heart. It was the pain in Cthulhu's heart, and it was also the pain in Li Tian's heart.

Mu Yunlong grasped Li Tian's hand with both hands, firmly grasped, and then said: "I am very pleased that you can think so. If I can see Late Autumn again in my lifetime, then I will have no regrets in this life!"

After a while, Mu Yunlong's mood gradually calmed down, and he continued to Li Tian: "Let's not talk about the love for the children! Li Tian, the main reason I came to Beitang this time is because the three corpses have returned. In China, those zombies are now becoming more and more powerful in counterattack against humans. Our army soul legion has begun to be a little tired of coping. Next, these three corpses may make big moves. By then, our human living space may be crowded again. Pressure."

"Grandpa, what do you need me to do?" Li Tian stood up and said solemnly.

Seeing Li Tian's performance, Mu Yunlong nodded involuntarily, and said with satisfaction, "Li Tian, how do you feel about the Army Soul Corps?"

Chapter 3776: Army Soul Visits (2)

"Very good, very powerful! The Army Soul Legion now has a large number of backbone fighters. Except for Huangfu Kunpeng, Xiao Niangzi and others have super combat power, and the Army Soul Legion is based on the pre-apocalyptic army. The combat effectiveness is much stronger than the ordinary army. n,"

"Yes, the army soul legion is very powerful, but now the army soul legion is also facing his problems. In the last three and a half years, the army soul legion has more than 30,000 casualties, and the army soul legion is because of its particularity. In recent years, the number of the Legion has rarely been replenished, which makes the Army Soul Legion's current reserve strength seriously insufficient. After the three corpses gathered in Jinghai, this lack of back has been initially highlighted."

"Xiao Litian, you know the top ten legions. Only our soul legions are really fighting zombies on the front line. Although the other legions are also fighting zombies, there are more of them but they seem to be fragmented and even contain zombies. They are all countless. Only our Army Soul Legion dare to **** back human living space from the hands of zombies."

Having said this, Li Tian couldn't help but respect the old man in his heart.

Especially in the areas and cities where humans live in the south, the army soul legion is basically the main force garrisoned.

And every time it encounters an attack from the tide of zombies, the army soul legion will inevitably suffer heavy losses.

However, the Army Soul Legion has no regrets, constantly mobilizing members to fill it up, and even launched battles against zombies many times.

"If things go on like this, the strength of the Army Soul Legion will inevitably gradually weaken, and it will even directly withdraw from the category of the top ten legions. So I am thinking of supplementing the Army Soul Legion from the existing first-class and second-rate legions. Find some like-minded legions to join the army soul legion."

"However, once the Army Soul Corps comes into contact with other legions, it will inevitably arouse the alertness of the other ten major legions, and it is more likely that the legions that have been secretly contacted now in private will be held together, thus breaking the existing balance. !"

"Hey, balance, I've seen enough of the current balance for a long time, and sacrificed the army soul legion in exchange for the balance of the so-called peace and prosperity! If the army soul legion is lost, then I am afraid that more than half of the area in this country You will be directly attacked by the tide of zombies, so what is the so-called balance!"

"Li Tian! I want to break the current balance! Create a new balance!" Mr. Mu Yunlong said categorically.

Li Tian couldn't help being a little surprised when he heard what the old man said.

That's right, the mud bodhisattva still has three points of anger.

Although this army soul legion was willing to fight the zombies in the forefront, it was not without temper.

When fighting with zombies, the Army Soul Legion not only did not get the support of the other ten major legions, but also needed to guard against the encroachment of the Army Soul Legion by these legions. How could this not make Mu Yunlong dissatisfied.

If before, Mu Yunlong might choose to forbear, after all, he still has to consider the overall situation.

The accidental exit of the Pilgrimage and Holy Legion has basically withdrawn from the core circle of the top ten legions, which has greatly improved a few legions such as Panshi and the Flamingo. In the meantime, these legions secretly made small moves. The army soul lost his last patience.

Now, his grandson Li Tian is the commander of the Celestial Legion, and his grandson's woman Duanmuying is the commander of the Sakura Legion. The Legion deployed by the Canadian Army Soul Legion three years ago gives the Army Soul absolute confidence. .

"Grandpa, how do you want to break this balance?" Li Tian asked.

"For more than three years in the last days, the army soul legion has still followed a large number of them. Although these legions have not formally joined the army soul legion, they have been following the army soul legion in the fight. Now, I feel that it is time to absorb these legions. Once the army soul announces to absorb these legions, then at that time, the army soul legion will stand out from the top ten legions and become the strongest of all the legions! But I still need some support!"

"Grandpa, my Celestial Legion and I must be on Grandpa's side. I will always support Grandpa you!" Li Tian said.

"Your support is not enough. I also need the support of the Sakura Legion and the Bounty Hunter Association! Even the support of the Fengyutongcheng, Black Dragon and other legions. Only in this way can we quickly form this into an established fact and let others Even if the army is dissatisfied, they dare not speak."

"Grandpa, the Sakura Legion and the Bounty Hunter Association, I have enough confidence to convince them that even the Black Dragon Legion I can try it, but this wind and rain has nothing to do with me!" Li Tian said slightly. Said with a frown.

"Li Tian, remember, there is no use of eternal friends, only eternal benefits. As long as the benefits are sufficient, the enemy may become a friend!"

"This time it is not an ordinary alliance or coalition. This time it will definitely break the existing balance. Once we move a little bit slower, it is very likely that the existing legion will form a standout situation, and I am afraid that it will fall into Go to the infinite battle." Mu Yunlong said.

"Then what should I do?" Li Tian asked.

"I only need to secretly meet with Duanmu Sakura, the commander of the Sakura Legion, the members of the Five Elders of the Bounty Hunter Association, and the tyrant of the Black Dragon Legion. I will talk about specific matters." Mu Yunlong looked at this Like Huangfu Kunpeng, he stretched out his hand and grabbed Li Tian's hand and continued, "I heard Huangfu say that you have a space, a space that you can carry with you. With this space, it should not be difficult to meet these people!"

Li Tian nodded, yes, only a few people know this space now.

"Little Litian, grandpa is old, and the days he can live can already be counted with his fingers. Grandpa did not have any selfishness in doing this. Bigger, grandpa can be said to be for the whole country, the entire human society, In other words, Grandpa hopes that your generation will at least have enough living space so that it will not completely become food for zombies!"

Li Tian nodded and said, "Grandpa, when shall we leave?" Li Tian asked.

"No hurry, we have to wait for the tyrant to arrive in Kyoto City, and then we are leaving, otherwise we will not be able to complete the private conversation if we go to Kyoto City now!" Mu Yunlong said.

...

In the next few days, apart from occasionally taking a walk with the old man in Beitang and taking a look at the buildings left by Beitang's thousands of years of civilization, Li Tian devoted himself to the practice. in.

During the period, Tang Feifei and Situ Ningbing told Li Tian what they had encountered in Kyoto, but Li Tian did not make any statement.

Li Tian is waiting for the opportunity. The next time he enters Kyoto City, it will be the time for Zhou Guanjia to pay the price.

Time flies quickly, and in a blink of an eye, time has passed by half a month.

And in this half month, the tyrant has entered the city of Kyoto, but the old man Mu Yunlong has been very calm, and he still didn't mention going to the city of Kyoto.

At this time, after a long journey, the 150,000 people who had come out of Donghai City had already arrived in Nanzhou.

When they arrived in Nanzhou, they were not far from Beitang. It took half a day to drive. Li Tian could even consider organizing a convoy from the Celestial Legion in Beitang to meet them.

However, at this moment, there was an accident.

"Brother Tian! Our people were stopped by the people from Rock!" Bai Jing rushed in and said to Li Tian.

Chapter 3777: Someone looking for death

"What? What is going on?" Li Tian stood up abruptly and asked with a gloomy face. 800.

Bai Jing did not expect that Li Tian would have such a big reaction, and said: "Just now there was news from bounty hunters that after our people arrived in Nanzhou, the Rock Army sent a large number of people into our team. In the middle, promised all kinds of benefits to the people in Donghai City, and persuaded those people not to come to Beitang again, and stay in Nanzhou. So far, among those 150,000 people, nearly 10,000 have escaped! "

"What do the Fire Legion and Barbarians do?" Li Tian asked angrily.

No wonder Li Tian is so angry.

These 150,000 people were brought out of East Sea City by Li Tian with great pains. The safety and food on the road were mostly handled by Li Tian!

In order for these 150,000 people to reach Beitang safely, Li Tian even accepted the threat of the Kingdom of Corpses, but at this time, such news came unexpectedly.

It feels like Li Tian spent time and effort planting peach trees there, and finally boiled until the peaches were ripe, but the peaches were picked by others.

"Because the surrounding areas of Nanzhou are the territory of the Rock Legion, so the Fire Legion and the barbarians dare not do anything. They are waiting for your order and see what to do next!" Bai Jing asked.

Li Tian paced around in the room, walked back and forth a few times, and said to himself: "Huh, the Rock Legion's appetite is really getting bigger and bigger now. He just swallowed so many people of the Pilgrimage and Saint Legion. And the site, I actually reached out to my Li Tian's plate. Naturally, someone can't wait to die, then I will fulfill you!"

"Huh!"

Li Tian suddenly turned to Bai Jing and said, "Go and gather Ouyang Shiqing, Situ Ningbing, Windsor, Tang Xiaolong, and Tang Feifei in the conference room!"

Soon, in the large conference room on the second floor of the Bell Tower Hotel, Ouyang Shiqing, Situ Ningbing and others had gathered here.

Before coming here, Tang Xiaolong and others already knew what happened in Nanzhou. Needless to say, these people were filled with righteous indignation, and they wished to set off in Nanzhou now to clean up the Rock Legion.

"Lee, what do you say? This Rock Legion is now blatantly grabbing people. If our Celestial Realm does so simply this time, I am afraid it will contribute to the arrogance of the Rock Legion. At that time, I suspect they will even I feel bad for our Beitang!" Situ Ningbing said.

"Yes, Brother Li Tian, this time I support Situ Ningbing's idea, absolutely can't bear it, otherwise everyone in the world will think that our heaven is weak." Tang Feifei said.

"Brother Tian, do you still need a meeting? According to me, there is only one word, hit! As long as you say a word, we will go to Nanzhou, and we will definitely blow the **** of the people from Panshi!" Tang Xiaolong said angrily .

Li Tian glanced at Ouyang Shiqing, and said to Ouyang Shiqing, "Shiqing, what is your attitude!"

Without any hesitation, Ouyang Shiqing blurted out, "Fight!"

There was a slight sneer on the corner of Li Tian's mouth, and he patted the table lightly and said, "Fight! Of course we must fight! Since someone wants to die, we must satisfy their desire to die. But since we want to play, then To play the big one!"

Hearing what Li Tian said, Tang Xiaolong and the others immediately showed great interest.

"Brother Tian, you say, how to play the big one!"

Li Tian paused and said with a smile: "The Agricultural Industry and Commerce Association has now fallen into the hands of Zhou Guanjia, but fortunately, the Nanzhou Agricultural and Commercial Association is already an empty shelf, so Zhou Guanjia has not reached Nanzhou."

"Since the Rock Legion wants to rob our people, then we will grab their food and give them a trick to draw money from the bottom of the pot so that they will be empty! As for those who have betrayed us, have fled the team and went to Rock, just Let them go hungry with Rock!"

"So, Feifei, I need you to go to Nanzhou. According to what we have discussed before, let the zombies in Nanzhou start rushing to harvest food, and then bring all the zombies back to Beitang. Ouyang Shiqing , You take the silly man to assist Tang Feifei! With the silly man to assist your safety, there should be no problem!" Li Tian said.

Tang Feifei and Ouyang Shiqing nodded their heads, and then walked out of the meeting room immediately without staying alone.

"Xiaolong, I want you to ride your sanghu to go to Nanzhou now, tell Barbarian and Xueji, no matter who you are, as long as you dare to enter our refugee ranks, you will be killed! I see who dares to make trouble again !" Li Tian said.

"Okay! I'm waiting for you, Brother Tian!" Tang Xiaolong left excitedly.

Situ Ningbing looked at Li Tian and said, "What about me? Are you staying at Beitang with you? I am worried that if you are not with them, I am still a little worried!"

Li Tian smiled and said, "No, although Nanshu is the site of the Rock Army, the headquarters of the Rock Army is in Kyoto City. This time you and I will go out together. We will kill all the way from Nanzhou to Kyoto City. Go to the headquarters of the Rock Legion!"

"What? It turned out to be to the headquarters of the Rock Legion? But what about Beitang? After all, Beitang is now our top priority. If there is a mistake in Beitang, then we will not be worth the loss!" Situ Ning Bing asked in surprise.

"There is Huangfu Kunpeng in Beitang, are you still worried about the safety of Beitang? Now I am afraid those people in the corpse kingdom know that Huangfu Kunpeng dare not make the slightest movement here!" Li Tian's face was full of confidence. Said.

...

Mu Yunlong was in the room of the Bell Tower Hotel. After hearing what Huangfu Kunpeng had reported to him, Mu Yunlong patted the table angrily.

"This Rock Legion is really getting worse and worse. I really thought that by annexing half of the Dynasty and Saint Legion, it is already the domestic overlord! What did Xiao Litian say?"

"Legislative Commander, Commander Li Tianjun is very strong this time, saying that he will kill from Nanzhou to Kyoto City! However, if the current Celestial Realm confronts the Rock Legion head-on, I am afraid that it won't be much cheaper!" A person walked out slowly and said to Mu Yunlong.

This person is the chameleon Xiaocang who had a relationship with Li Tian in the Forbes power competition tent in Kyoto.

"Can't get a bargain? It seems that you still don't understand Li Tian! He probably didn't think about getting bargains this time. Even if the fish died and the net broke, it would embarrass the Rock Legion! Xiao Litian wanted to give me and other legions. The commander of the army and the Five Elders will meet for cover!"

At this moment, there was a knock on the door.

After getting the promise to enter, it was Li Tian who came in.

Li Tian didn't dare to be surprised when he saw Xiao Cang.

"It seems that it should be time for me to perform, but this time it's really unaccustomed to have me perform by myself!" With that, Xiao Cang became Huangfu Kunpeng's in just a few seconds. Look like.

"Let's go, Li Tian! Let me take a good look at your riot in Kyoto!" Mu Yunlong said to Li Tian.

: Dear readers, the public WeChat account of Huatiao has been opened. I hope you will come in and communicate with me more. I will wait for you in WeChat and discuss the following plot with you, hehe! My public WeChat ID is: jiahuapin, just add attention. thank you all.

Chapter 3778: Humiliation of Rock (1)

South state.

Along the Nanzhou to Beitanggao line, there has always been a huge team stretched for a long time. The team moved forward in a mighty and slow manner. Several large trucks followed this huge team, moving equally slowly. Most of these people were dark complexion, ragged clothes, and looked at the front with some inattentive eyes, dragging their legs numbly, moving forward step by step.

"Now we have reached the boundary of Nanzhou, not far from Beitang. If everything goes well, we can settle down in Beitang in a week, and we will never live this kind of displaced life again!" Long raging fire was walking by the side of the team, shouting at these people in a hoarse voice.

The commander of the Fire Corps has experienced wind and frost. After such a long period of wind and sun, the skin on his body has turned dark and his cheeks have turned dark red. Compared with the time when he was in East China Sea more than a month ago, the fire is thinner and darker now, coupled with his shaggy face, chapped lips, and a few more boils on his chin, it seems that the whole person is extremely Haggard.

"Chief of the Fire Corps, there are more than a dozen people who ran away!" A cadre of the Fire Corps ran over from behind, and said to the fire with red eyes.

Agni felt his head dizzy, almost unable to stand.

A dozen more ran away! This number seems to be small, but such things have continued to appear since they entered the boundary of the original province, especially after entering Nanzhou, a few days later, the cumulative number has exceeded 10,000!

"Are there any of us?" Agni adjusted his anger and asked.

"No! The 100,000 people who escaped with us from East Sea City are not less than one, but... But I am worried that if this situation continues, I am afraid that the 100,000 people who followed us will be moved!" The cadre said with some worry.

This is exactly what Agni Huo's heart is worried about, so Agni only gets angry, and her mouth is full of boils.

"Damn, the Rock Legion is really shameless!"

Lihuo cursed, and then said, "Master Xue Ji and Master Barbarian what did they say?"

Actually, you don't need to ask, the heart of Lihuo is also clear. At this time, Xueji and the barbarians are already suffocating in anger. If they didn't think about the heaven as a whole, they didn't want to offend the rock and let the heaven and the ten legions go to war directly. I am afraid it has already started directly.

The cadre's face was disappointed and said, "Master Xue Ji tells everyone to bear! The situation here has been passed back to Beitang by them and others. If nothing happens, it will be passed on Beitang in the past two days. Here comes news!"

At this moment, there was a commotion in front of the originally slow-moving team, and immediately afterwards, those who were originally slow-moving began to rush forward. This sudden crowding caused several people who were caught off guard to fall to the ground, and suddenly the crowd heard the cry of several children.

"What are you squeezing? Can you still fly over?" The fire yelled at those people with some anger.

However, the roar of the raging fire did not have much overall effect. Although the refugees close to the raging fire tried their best to prevent the crowd from squeezing forward, under the crowding of so many people behind, they soon became following the crowd. You can only squeeze forward with the power of the crowd.

Agni became a little angry. He knew that someone suddenly began to crowd. I am afraid that someone with a rock had already got into the crowd. He deliberately spread some information to make these people crowded.

"Army... corps commander, someone in front is giving porridge for free! And it's ice porridge! The team in front is already a little out of control!" From the front of the team, a member of the Fire Corps rode a motorcycle to the front of the fire. Sweating profusely, said anxiously to the raging fire.

"Asshole!" The fire cursed, and said to the core cadre next to him: "You take a few people to get me out of the Rock Legion who has mixed into the team. I must get them out. I will go ahead now. Take a look!"

After speaking, Agni took the cadre's motorcycle and drove forward.

The motorcycle did not last long. The front was neat and orderly, and the line that occupied only one lane was completely messed up. The one-way four-lane road was full of people, and the fire had to stop the motorcycle.

"Quickly grab it, there is free ice porridge in front of me, but it's gone when I'm late!" In this crowd, someone kept squeezing their throats and shouting.

With these shouts, the crowd became more commotion. Agni saw the crowd in the distance. There were three or four men wearing ragged clothes, squeezing to and fro in the crowd deliberately to create a chaotic scene.

Suddenly, screams and crying were endless.

"Rock Legion!"

Lihuo could no longer suppress the anger, and threw the motorcycle to the side, squeezed into the crowd, violently stretched out his hands, and held out two men who were deliberately making trouble.

"Get out of here!" Li Huo jerked angrily and threw the two men out of the crowd.

However, the bodies of the two men who were thrown out spun a few times in the air and landed smoothly on the ground.

"Agni, we are members of the Rock Legion. If you don't want you people to be able to leave the original province alive, you'd better be polite to us. And... hey, your little strength is better to be less mixed in. , In case we missed and killed you, it would not look good!" said one of the two men with a sneer.

"Yes, the Rock Legion is the ten most powerful legion right now, and even the other ten legions have to avoid their edge, let alone the heavens. If I were you, I would be like other members of the heavens. Close one eye!" Another member also said with a sneer.

At this moment, the two core cadres of the Fire Corps rushed over from behind the crowd. These two were the two core cadres whom Agni ordered them to pick out the Rock members who were in the crowd.

At this time, the two of them had a blue nose and a swollen face, their cheeks were completely black and the corners of their mouths had been torn apart, and the other had a hole in the top of his head. He covered his head with his hand, and blood was constantly flowing from his head. Obscene, has captivated one of his eyes.

When the two saw the fire, their faces showed embarrassment involuntarily, and one of them said angrily to the fire: "Army...Legislative commander, the strength of those rock **** is really strong, I'm afraid... I'm afraid only Lord Barbarian They have a way to subdue!"

"Huh!"

A figure suddenly flashed in front of this person, and he slapped him twice.

"Boy, you better respect the Rock Legion, otherwise...huh!"

Chapter 3779: Humiliation of Rock (2)

These two slapped the face of the core cadre, but Agni felt fiery pain.

In the East Sea City, Agni had also been humiliated, but even if Agni knew that he was not an opponent at that time, he would definitely make those who humiliated him pay a heavy price.

But now, the fire is watching his people be beaten, but he can do nothing.

Rock, this behemoth is not something that the Fire Legion can provoke. Even if all the people in the Fire Legion add up, it might not be enough for a core cadre of the Rock Legion!

Moreover, the Fire Legion is now behind the Celestial Realm, and the Fire Legion cannot direct danger to the Celestial Realm.

"Why? Not convinced? If you are not convinced, you can do it! Hahaha!" The member of the Rock Legion slapped the face of the core cadre of the Fire Legion and said in a very humiliating tone.

"Do they dare? They dare not. Go and ask those people in the Celestial Legion, do they dare? They also dare not. The Celestial Legion is just a second-rate, no, not influential legion, if it weren't for Li Tian. The man who is gradually climbing on his wife's belly to eat soft rice, the heavens may not even be able to get out of the northwest." Another member of the Rock Legion agreed.

The crowd that had been noisy just now gradually calmed down, and these people also stopped crowding, staring at the two members of the Rock Legion one by one with full of anger.

A voice circled back and forth in their heads.

"Is the Celestial Realm really weak? When we were in the East Sea City, we all thought that the Celestial Legion was the overlord of the Northwest. If we arrived in Beitang, we would not be insulted by other legions anymore, but it seemed that we were wrong! "

At this time, among those refugees, someone immediately squeezed their throats and whispered: "It turns out that the heavens are so weak. In that case, why should we go to Beitang with the Fire Corps? What can Beitang give us? Maybe we still pay. If you don't get to Beitang, you will be killed by others."

"Yes, the Rock Legion is one of the top ten legions. Now the Celestial Realm is humiliated like this. Those people in the Celestial Legion dare not even put a fart. How can this ensure our safety. It's better to stay in the same way as the others. The South State of the Rock Legion." Another person in the crowd said.

"Yes, Nanzhou is one of the largest cities in the post-apocalyptic world. After more than three years of development, it is now safer. Beitang heard that it was still under the control of zombies a month ago. Maybe those zombies have not been Drive away, if we venture to Beitang, it is entirely possible that it will become food for zombies!" The crowd continued to follow the rumors of Beitang.

Indeed, these rumors have gradually begun to emerge as early as when they first entered the original province, but at that time everyone did not take these rumors as a matter of course, but with the passage of time, coupled with the inaction of the heavens With the instigation of the Rock Legion, this rumor has now completely broken out, and it has begun to take root in the hearts of these refugees.

"Who is it? Stand up for me?" The fire shouted angrily at the crowd.

"Heaven has spent so much energy and devoted so much to bring us from East Sea City here. How can you think like this? If there is no heaven, we would starve to death in East Sea City, so how can we live to the present? What? You can't be ungrateful! And, I believe, this kind of day will pass soon! Li Tian, I will never ignore this situation!"

"Speaking lightly, it has been several days since I entered the original, what about Li Tian? We didn't see it. Instead, we saw the members of the Celestial Realm with their tails between them, provoking and insulting the Rock Legion. I dare not let it go!"

"Agni, did the Celestial Legion promise you any benefits that made you so hard?" someone else pinched their nose and hid in the crowd shouted.

The member of the Fire Legion who was slapped a few times by the members of the Rock Legion and still did not say a word, after hearing these words, he slammed away from the hand that held

him, and faced the crowd aggrievedly. Zhi yelled: "How can you say this to the captain of the Fire Corps? Do you still have any conscience?"

"At the beginning, East Sea City was attacked by zombies, and the legions of East Sea City opened the city gates and fled one by one. Who brought the brothers to the wall and fought desperately against the zombies? After the East Sea City was destroyed, who did not care about their own safety, The one who took you into the deep mountains?"

"What's the use of that? We are talking about now, now that the Rock is here to insult us, how come no one comes forward?" someone in the crowd shouted.

Lie Huo slammed into the crowd, stretched out his hand and pulled out the guy who was holding his throat while hiding in the crowd!

"hiss!"

Because of the anger, the fire said that the power was too strong, and even tore the man's shirt apart.

"Who are you? Why are you hiding in the crowd..." Before the fire finished speaking, he saw the brand-new clothes inside the man's ragged coat and the mark of the Rock Legion.

"You...you belong to the Rock Legion? Haha, look at them. These people are from the Rock Legion. They are mixed in the crowd and deliberately provoke separation. Now you should all understand! They are just afraid that we went to Beitang That's why..."

Before Agni finished speaking, he was interrupted by the man's sneer.

"Huh! Even if I belong to the Rock Corps, am I wrong in what I said? For the refugees who fled from East Sea City, it doesn't matter what heaven or rock is, the important thing is to have a safe living space and something You can fill your stomach, don't worry about zombies' attacks every day! And all of this, our Rock Legion can provide, this vast original land has been the granary of the world since ancient times, with the support of our Rock Legion's legion, they can quickly be in Nanzhou Find a place to stay, and if they follow you, follow the heavens? Should they go to Beitang to feed the zombies?"

Upon hearing this sentence, someone in the crowd nodded involuntarily.

"Yes, we belong to the Rock Legion, and now you have the best chance to join the Rock Legion! And if you continue to persevere, hehe, then I am afraid you will regret it by then!"

"Wow!"

At this moment, there was a sudden roar of a beast in the distance, and the crowd that was still in front of them just stepped back.

"Who is farting here? It smells so smelly!"

The crowd slowly stepped aside, and a black man riding a mighty slain tiger with two **** heads in his hand, slowly walked out of the crowd.

Chapter 3780: One castle per person

"Snapped!"

"Snapped!"

The black man threw the two ***** heads to the ground.

There was an exclamation from the crowd.

"Gurulu!"

These two heads rolled at the feet of the members of the Rock Legion who were still invincible just now.

"Yes... it's Xiaolin and Lao Feng! The two of them... actually died!" one of the members of the Rock Legion said in surprise.

"Who are you? Don't you know that they are members of the Rock Legion? You dare to act on our Rock Legion, are you impatient?" One of the Rock Legion members suddenly pulled out the weapon hidden in his body. Said coldly to the black man.

"Panshi? Let me think about it. I seem to have heard this term somewhere."

"Oh, I remember, it's the rock in the pit, smelly and hard! Rock Legion, really a good name, since the rock is the rock in the pit, then you should be maggots in the pit, no wonder it's so smelly !" As he said, the black man deliberately flapped his hand and said with a disgusted expression.

These few words immediately made Lihuo's heart relieved a lot!

Although he didn't know the black man, Lihuo was full of affection for this man.

"If this man is a member of the Celestial Realm, that would be great! At least it can make us feel bad in our hearts!" Li Huo thought in his heart.

This man riding a black tiger is naturally Tang Xiaolong.

At this moment, the member of the Rock Legion who had just pulled out the weapon suddenly burst into force with his legs and rushed towards Tang Xiaolong.

"Looking for death! How dare you insult the Rock Legion!" The man screamed, and the short knife in his hand had already been cut to Tang Xiaolong's neck.

When the timid refugees saw this scene, they all turned their heads, filling their brains with a ***** picture.

However, there was a clear metal crash in their ears.

"Chang!"

The people who closed their eyes just now squinted slightly, but saw Tang Xiaolong grabbing the weapon with bare hands.

"Hey, Rock Legion? Just let my iron fist feel how hard this rock is!"

As he said, Tang Xiaolong sneered, and with a sudden force with one arm, he crushed the blade directly. Then Tang Xiaolong stretched out his hand and patted the broken blade ***** that fell into the man's hand. In the body.

Tang Xiaolong's legs gently applied force on Sanghu's body, Tang Xiaolong's body had already jumped up, and then Tang Xiaolong's body turned, a side kick was directly lifted on the man's body.

Before the man had time to react, he felt that his chest was hit by a bull. He only felt a burning pain in his chest. Then, he felt that his internal organs seemed to be shaken. It was broken and flew out.

The other two members of the Rock Legion jumped up suddenly, thinking about giving this man to the next.

But Tang Xiaolong's foot has more than ten thousand jins of strength, and in fact they can catch it.

The two men were also hit and flew out.

"Wow!"

After the man kicked by Tang Xiaolong fell to the ground, he spit out a mouthful of blood, raised his head to look at Tang Xiaolong who looked like a murderer, spit out a few more mouthfuls of blood, and then fell softly to the ground. , Dead straight.

"Okay... so powerful! Could it be... Is this black man Tang Xiaolong from the heavens?" Li Huo's heart suddenly remembered that the barbarian had thought of him about such a person.

Yes, it must be him.

Heaven is finally about to do it!

Agni's heart had already started to burn.

The humiliation and humiliation of these days were completely released at this moment.

In the sky, Xiao Tianyi, who was in charge of patrolling, flew over on a mutant bat.

After seeing Tang Xiaolong, Xiao Tianyi immediately showed an expression of excitement, jumped off the mutant bat, flew into Tang Xiaolong's arms, raised his head and asked Tang Xiaolong:

"Uncle Xiaolong, Li Did Dad Tian come to Nanzhou? What is the attitude of Dad Li Tian?"

Tang Xiaolong stroked Xiao Tianyi's head with a sneer at the corner of his mouth and said, "Kill!"

"What? Dad Li Tian let us bear it? I...I can't bear it anymore! If I bear it any longer, I feel I will go crazy!" Xiao Tianyi said angrily.

"The little boss said: There is no endurance, no need to endure, kill! Kill all!" Tang Xiaolong said.

At this moment, the barbarians, captain, Xue Ji and others who squeezed from the crowd from afar, after hearing Tang Xiaolong's words, clenched their fists forcefully, turned and galloped toward the crowd. .

Immediately, the bodies of people in the crowd continued to fly out, and after these people's bodies flew up, or someone suddenly jumped up on the ground, a green dragon knife in his hand chopped that person into two, or Someone used swordsmanship to kill those who were flying, or two spears of white bones were directly pierced from the ground into the sky, piercing the person to the heart.

"Crazy, you are crazy in the heavens! You dare to act on the rock!"

"Haha, okay... okay... There is a reason for the Rock Legion to do something to the heavens! Go back to Nanzhou City, and tell those people in Nanzhou City that you can do it!" The two Rock Legion members turned and fled. .

"Wow!"

A scream of the beast came, a gust of wind flashed, Tang Xiaolong's Sanghu suddenly jumped up, and directly rushed a man down.

And Tang Xiaolong rushed forward two steps, came to the man, raised his iron fist at the man's head and smashed it down.

"boom!"

With a punch, the flesh and blood became blurred, and the man's head was completely shattered into a pile of flesh and blood.

At this time, the other member of the Rock Legion had escaped dozens of meters away.

Xiao Tianyi sneered and made a gesture to the air, and the mutant bat hovering in the air had already thought of the man.

There is no suspense, the man has not seen clearly what is rushing down from the air, he is already dead and cannot die again!

"Where is Father Li Tian?" Xiao Tianyi asked Tang Xiaolong.

Tang Xiaolong looked at the direction of Nanzhou City and said: "At this time, the little boss should have arrived at Nanzhou City! Rock Legion, this time really angered the little boss! The little boss will kill Nanzhou, so he will kill him directly. Go to Kyoto City and enter the headquarters of the Rock Corps!"

"What? This..." When the fire on the side heard Tang Xiaolong's words, his jaw dropped in surprise!

"I really want to go to Kyoto with the little boss! It's a pity that the little boss doesn't allow it! Hey...Xiao Tianyi, what are you going to do?" Tang Xiaolong shouted to Xiao Tianyi who was already riding a mutant bat.

"Watching a play!"

...

In Nanzhou, Li Tian stood outside this familiar city again, and a dozen corpses were already lying under Li Tian's feet!

In front of Li Tian, standing several men in black clothes, these people, without exception, were all the core cadres of the Rock Legion.

"Li Tian, don't think that you are really awesome if you kill some grass chickens. Now, we will let you know the true strength of the core cadres of the Ten Army!"
