

A Killer 3811

Chapter 3811: Face Liu Feng

"Li, this...what the **** is going on?" Situ Ningbing asked.

Li Tian didn't expect this lame man to know Mu Yunlong. At first he thought it was the lame man who knew his name through TV.

Now that the lame man had broken it, Situ Ningbing was also asking, so he was too embarrassed to hide anything.

"This Fengyutongcheng Army Corps is actually part of the Army Soul Corps..."

Before Li Tian finished speaking, he was interrupted by Situ Ningbing.

"What? This Wind and Rain is one of the top ten legions with the same reputation as the Army Soul Legion. It turns out to be..."

One ten legion turned out to be part of another ten legion, this feeling is like you know that a Fortune 500 Big Mac company before the end of the world turned out to be a subsidiary of another Fortune 500 Big Mac company. Again, this is surprising.

"Yes, as early as the outbreak of the end times, Commander Mu asked his most trustworthy person to form the Fengyutongcheng Army Corps. This Fengyutongcheng Army Corps was secretly supported by the military department at that time and also received military personnel. Only with the input of the above can it become the top ten army. In these years, Commander Mu has always regarded Fengyutongcheng as his dark game in Kyoto. Now, it seems that Commander Mu feels that it is time to move this one. It's time for the chess piece, so Li Tian was asked to come to Captain Liu Feng," said the lame man.

With a trace of excitement on the face of the lame man, he continued: "In fact, as early as the old Commander Mu Yunlong suddenly went to Beitang some time ago, Captain Liu Feng's army knew that this day might be coming soon, so Liu Feng The legion commander has been waiting for this day in Kyoto City. This day is finally coming!"

"The old people and children in this factory, and..."

"There is a lame like me? Hehe, there is nothing to be embarrassed about, I am a lame, and our legion commander even called me a lame, there is nothing embarrassing about it." The lame man said cheerfully.

"Ten of these old people are old cadres and old soldiers who have retired from the army. Since the end of the world, the zombie virus is raging. These old people can escape the attack of the zombie virus, but they no longer have the energy to fight the zombies. After all, they are also These are just ordinary old people, so the initial idea of Fengyu Tongcheng was not only a dark game of the army soul legion, but also the logistics support role of the army soul legion. Only these old people have children, and Only when a lame like me is sent here, the Army Soul Legion can fight the zombies with all its strength on the front line."

Situ Ningbing nodded slightly.

The world order in the last days has collapsed, and it is people like Mu Yunlong, Bai Jing, and the head of the Fire Corps who are supporting them, so that people will not feel despair.

And it is also because of the competition for fame and fortune of these legions such as the Rock Legion, the Pilgrimage and the Holy Legion, which makes it difficult for human beings to continue to move forward even though they have a respite for survival after the end.

Now, after more than three years of human development, the strength of the major legions has basically improved, but the zombie's promotion speed is significantly faster, and now the three corpses have begun to recover their skills, and even have their tentacles Extending into the human society makes human survival more difficult.

This is why the old man Mu Yunlong proposed to strengthen the army soul army at this time.

If this situation continues, once the Army Soul Corps is defeated in the frontal battle with the zombies, then the living space of mankind will be further squeezed, and the tentacles of the three corpses will directly extend to the most prosperous place of mankind. inside.

At that time, humans may really only have to become zombie puppets.

The voices of the lame man's iron crutch and Kobi's iron chain came and went one after another, as if they were two musicians working in harmony.

While speaking, Li Tian and others had already arrived in front of the small building.

Before coming to this small building, Li Tian keenly noticed that before they arrived, at least three heavy sniper rifles had been aimed at him, and at least a few murderous auras swept him and Situ Ningbing in the secret.

It seems that there is a mystery hidden in this seemingly slack.

In the courtyard of the small building, a few huge fatons counted, a hammock, and a man with long hair on the hammock was lying on the hammock, squinting his eyes in a fake sleep.

This man is Liu Feng.

Li Tian still felt astonished when he reached Liu Feng in the Forbes Power Tournament last time.

Because at that time, Liu Feng gave Li Tian the feeling as if he was soft and weak.

"Liu Feng, don't pretend to sleep for Lao Tzu. Lao Tzu's crutches are so loud, I don't believe you didn't hear it!" The lame man sat down on a stone pier and sent the iron crutches heavily on the stone pier. Said on the stone table beside.

"And the sound of my iron chain!" Kobe said with a smirk.

"Yes, and the voice of this kid with chains." The lame man added.

Then Liu Feng sat up lazily on the hammock.

As soon as the man got off the hammock, his whole person immediately changed.

Li Tian felt that he was being stared at by a fierce wolf. A powerful pressure came in for real combat, and the temperature of Li Tian's side instantly dropped by a few degrees, which made him involuntarily begin to release. The pressure on his body resisted the pressure released by Liu Feng.

Na Kobi was disturbed by the murderous intent released from Liu Feng, and he lifted the iron chain in his hand directly, and was about to rush up to Liu Feng, but Kobi was crippled as soon as he lifted the iron chain. The man directly pressed the iron crutch to the ground.

"For adults, don't interfere with your children! Sit down and we can watch the show properly!" The lame man said to Kobe.

Gao Bi thought for a while, and showed a silly smile at Li Tian, really sat on another stone pier, and shouted at Li Tian: "Come on, Captain Li Tian!"

Liu Feng took a step forward, and Li Tian immediately felt that the coercion on him became stronger.

"This man is not easy! No loss is the commander of the Ten Army Corps, he is truly a man of innocence under the reputation!" Li Tian sighed in his heart.

However, just wanting to use coercion to make Li Tian surrender, Liu Feng seems to think too simple.

Among the masters of the Ten Legions, Li Tian had already killed a Saint Legion commander and had a tie with Long Yin, and these days Huangfu Kunpeng had been recruited together. Liu Feng and Li Tian really didn't take it too seriously.

Li Tian moved too.

Li Tian also took a step forward, and after this step went out, Liu Feng's face couldn't help showing surprise.

However, at this moment, Li Tian suddenly moved.

"Huh!"

A teleport of Li Tian has appeared behind Liu Feng.

Chapter 3812: Meet in space

Seeing Li Tian appearing behind Liu Feng in an instant, the lame man was taken aback for a moment, and then he burst into laughter: "Haha, I was so ridiculous! Let you pretend to be forced, and he was subdued by Li Tian without thinking of a trick Got it!"

As soon as the voice of the lame man fell, Liu Feng's arm reached out to Li Tian with his backhand.

Liu Feng's movements seemed very slow, but Li Tian felt that he had no way to avoid it.

Li Tian directly used teleport, trying to avoid Liu Feng and stretch out his hand.

"Snapped"

But Liu Feng's hand had already grabbed Li Tian's right arm.

In the next second, Li Tian and Liu Feng both appeared in the space of Void Yasha.

In the space of Void Yasha, there is already another scene.

Li Tian and others deliberately created several rooms in the space of Dixu Yaksha, including storage rooms, meeting rooms, and lounges.

At this time, Li Tian and Liu Feng both appeared in the meeting room. In the meeting room, besides Mu Yunlong and Huangfu Kunpeng, there were also four elders from the Bounty Hunter Association and Gao Gang, the tyrant of the Black Dragon Legion. .

After seeing this scene, Liu Feng was obviously taken aback, and then the expression on his face became more and more exciting.

"Commander... Commander, is it really you?" Liu Feng asked in surprise after seeing Mu Yunlong sitting at the top of the conference room.

"Liu Feng, you are here, very good, sit down, we are just waiting for one person to start today's meeting!" Mu Yunlong waved to Liu Feng and said.

Liu Feng walked a few steps quickly and came to Mu Yunlong's side. He straightened his waist and offered a military salute to Mu Yunlong. Then he said: "Old commander, in the last Forbes power competition, for various reasons, I did not dare to fight The old commander greeted him and hoped that the old commander would make atonement!"

"Little monkey boy, don't let your mother's nonsense, let you sit down!" You can see that Mu Yunlong's face is also very happy, but he said violently.

But Liu Feng was not at all angry. Instead, a smug expression on his face turned towards Huangfu Kunpeng, and then he sat down obediently like a child.

After hearing the dialogue between Liu Feng and Mu Yunlong, whether it was the elders of the Bounty Hunter Association or the tyrant Gao Gang, the expressions on their faces were very complicated.

At this time, they were all speculating about the relationship between Mu Yunlong and Liu Feng.

"Grandpa, you talk first, I'm going out now, now I'm going to find Duanmuying!" Li Tian said.

Seeing that Li Tian was about to leave, Liu Feng quickly whispered a few words to Mu Yunlong, and then said to Li Tian: "Li Tian... Army Commander, I will go with you, and wait for me to arrange matters for the Army. I beg you to send me in if it's done!"

Outside the space, the lame man kept rubbing his eyes, then looked up at the top of the tree, and then lowered his head to knock the ground out of the two big holes with an iron crutch, but he still couldn't see Li Tian and Liu Feng Silhouette.

"Impossible, how could it disappear out of thin air?" the lame man said to himself.

Then, the lame man suddenly raised his head to look at Situ Ningbing, and said to Situ Ningbing, "Hey, can you tell them where they are?"

But Situ Ningbing smiled slightly and said to the lame man: "Don't worry, just wait a while!"

The lame man said angrily, "How can you not be in a hurry? Aren't you in a hurry?"

And at this moment, Li Tian and that Liu Feng suddenly appeared in front of the lame man, scaring the lame man.

"Damn, are you Moonlight Treasure Box? Why did it suddenly appear?"

Liu Feng had put away his dangling expression, and said seriously to the lame man, "I saw the old commander!"

The lame man showed an expression of disbelief on his face and said, "How could it be possible, how can you see the old commander in just a while?"

"Don't ask anything else. I need to leave the legion for a while. During this period, you are responsible for lifting the legion up to me. You can't let anyone know that I am not in the legion." Liu Feng said.

Seeing Liu Feng's serious expression, the lame man stood upright involuntarily, as if he were a soldier, and said, "I promise to complete the task!"

Liu Feng continued: "We have been weak for more than three years, and I have pretended to be weak for more than three years. Now, it is finally time."

When talking, Liu Feng's expression was already full of excitement, and the expression on the face of the lame man was also excited.

"I have finally waited until this day, my brothers must have been very excited to hear this news! By the way, legion commander, who are we doing this time? Is it the Rock Legion?" the lame man still couldn't help asking.

"Stop talking nonsense, just do as I say, and when the results are available, I will naturally give you the answer!" After saying this, Liu Feng said to Li Tian: "My business has been explained clearly. , You send me in!"

Li Tian stretched out his hand and slapped Liu Feng directly into the space of Void Yasha.

"Hey, Brother Li Tian, where did the birdman, the commander of the legionnaire, go? Or... or you send me in to play, just a few minutes."

"Oh no, just one minute is enough, hey, what do you walk like, thirty seconds will do!"

"Ten seconds...just let me see the old commander!" The lame man followed Li Tian, but Li Tian didn't even care about him.

As soon as he came out of the factory where the Fengyu Tongcheng Army Corps was located, Li Tian immediately felt that the two cars following the car had been following the Black Dragon Army.

"Ningbing, you come to the driver's seat, continue driving the car, I will come as soon as I go!" Li Tian said to Situ Ningbing.

After speaking, Li Tian had already cast a teleport and disappeared.

In the car behind, the intelligence personnel of the Rock Army Corps following Li Tian saw that the car they were tracking suddenly swayed from side to side.

"Captain, Li Tian's car suddenly swayed. Could it be that Li Tian found us?" The driver asked the captain in the passenger seat with some horror.

"Impossible! Our concealment technology is so superb. We have been following him since he left the Bounty Hunter Association, and he has not found us! Besides, even if we find out what we can do, we have several cars here, and he still has them all. Can you find out?" The captain said.

However, at this moment, the driver noticed that the cars on his left and right were twisting violently in tandem, and then one of the cars exploded, while the other car hit the road head-on. On a tree by the side.

"How do you do it? Are these guys pigs? Can't even drive the car?" The captain said angrily.

However, at this moment, the captain suddenly saw from the rearview mirror that a man was sitting in the back seat of the car.

That's right, this man is Li Tian.

Chapter 3813: The beginning of the war

"How is it possible? How did Li Tian get into this car? Why don't we even feel it at all?" The captain turned around abruptly and shot the pistol in his hand at the back seat continuously.

But when he pulled the trigger, there was still Li Tian in the back seat.

The captain only saw a weird weapon slamming through his seat, passing through his heart, flying directly through the windshield, and the driver suddenly felt behind him. There was a violent wave of airflow, and this airflow was followed by a violent explosion.

"boom!"

The explosion directly dismembered the real car, and the fragments spattered, leaving only a few cars rolling back and forth on the highway.

Fortunately, it is almost a suburb of Kyoto City, and there are not many cars on the highway, otherwise the explosion alone would hurt the innocent.

Go back to the car again.

Li Tian said to Situ Ningbing: "We have to hurry up. Although I don't know why the Rock Army started it, I feel that the war is coming, and there is not much time left for us to find Duanmu Ying!"

Just a few seconds after Li Tian had finished speaking, two black cars drove towards him.

After seeing Li Tian's car, the people in these two black cars saw the car fragments not far from Li Tian's car. They immediately realized that the people they sent to follow Li Tian might have encountered an accident. .

There was no need to say anything anymore, there were three or four black hole muzzles on each car immediately aimed at Li Tian's car.

"boom!"

"boom!"

The bullet kept flying out of the muzzle.

Although Situ Ningbing had anticipated the danger, he couldn't avoid it at all. He could only slam the direction and let the bullet hit the car body.

There was a loud noise, and Li Tian's car body was immediately punched with more than a dozen holes. One of the bullets shot through the windshield and flew out backwards, scratching the cheek of Situ Ningbing. In the middle of the two seats in the back seat, a bullet shot directly through the tire of the car, causing the car to hit the guardrail on the side of the road after several laps.

The car's airbag has been fully ejected, and the windshield has sunk into a large piece.

"Brothers, fight me desperately. As long as you kill Li Tian, our army commander will definitely reward us!" When the members of the Rock Legion saw each other, they seized the opportunity and were immediately excited. Shouted.

The sound of bullets hitting the car continued to pass, and Li Tian and Situ Ningbing were completely suppressed, and there was no chance of even raising their heads.

"Ningbing, are you okay?" Li Tian asked.

"It's okay! Situ Ningbing pulled out the butcher knife that was stuck in his waist, Tushen, and directly punctured the airbag.

"Okay, as long as there is nothing wrong, I will send you to the space of Dixing Yasha first. Then I will clean up the choppy!"

The bullets continued to hit the two cars.

The two cars also stopped, and the members of the Rock Army hid behind the cars and kept shooting at the cars of Li Tian and others.

Li Tian stretched out his hand to send Situ Ningbing into the space of Dixing Yasha. When he turned his head to look at the back seat of the car, he found that Kobi had disappeared.

It turned out that the moment the car hit the barrier, Kobi was furious.

He only heard a roar of anger and kicked the car door, and the iron chain on the seven or eight meters fell directly towards a car.

This action was done in one go, without the slightest sluggishness.

There was a loud noise.

The body of that car was like a cake cut by a sharp knife, and it was directly broken into two parts.

One of the hapless guys actually avoided the middle of the car's body, and then his body was beaten in half by the Kobi's iron chain like the car.

This change came too quickly, and the other people hiding behind the car were already in a daze when they saw the car's body being beaten in half.

However, when they were in a daze, Gobi's body rushed forward like a cheetah, and the iron chain in his hand was like a poisonous snake, continuously twitching and banging on the members of the Rock Legion.

The speed of this high-speed iron chain in his hand was actually faster than that of a gun.

"Plap!" With a loud noise, the iron chain directly hit the head of a member of the Rock Legion. The head was like a watermelon, which was directly broken into a pile.

Blood, brain pulp, minced meat, and broken bones splashed all over, even directly in the mouth of a dumbfounded person.

"Da da da!"

The machine gun in the head of the body that had lost his head fired more than a dozen rounds of bullets in succession before it stopped, and the body fell straight to the ground.

At this time, Gobi's body had already rushed to the side of the car, and Gobi's body directly hit the body of the car he had split in half.

"Crunch!"

The friction between the car's body and the ground made a harsh sound, and then "Boom!" With a loud noise, the car directly hit a wall, and the two men from the Rock Army who were hiding in the front of the car escaped. Without a chance, he was caught in the middle.

The battle on the other side is much gentler.

When Li Tian sent Situ Ningbing to the space of Void Yasha, he discovered that Kobi had already rushed out and immediately attacked another car.

Li Tian cast several teleports in a row, easily dodged those bullets, and went directly to the back of another car.

The moment he saw Li Tian appear, these Rock Legion idioms felt fear.

Unfortunately, it's too late.

Li Tian uses one mind and three uses, and his mind controls the "Red Slash".

Just heard "Puff!" "Puff!" "Puff!" A few times, those people either lost their heads before they could react, or there was a blood hole in their eyebrows.

When these people were dying, they realized that the gap between them and Li Tian was really huge.

Unfortunately, everything is too late.

Then Li Tian brought Situ Ningbing out again and watched Kobi torture those people.

"Bloody, violence, no artistic beauty!" This is Li Tian and Situ Ningbing's consistent recognition of Kobi.

"Captain Li Tian, hey, you are better. I haven't finished playing, you just sit and rest. It's true that my dad told me to study with you!" There were some embarrassed expressions on Kobe's face. Said.

At this moment, more than a dozen cars came oncoming.

The dozen or so cars stopped abruptly when they were a dozen meters away from Li Tian and the others.

Roses got off the car in front of it.

Chapter 3814: Rose power

"I know this elder sister! A lot of toys for women in my house were sent by this woman." Gao Bi said to Li Tian.

"So it was her?" Li Tian said to himself.

Li Tian has never seen this rose, nor did he know it.

When Li Tian went to the office of the Black Dragon Corps in Kyoto, the tyrant Gao Gang once mentioned this woman to Li Tian.

Through the description of the tyrant Gao Gang, Li Tian knew that this rose was the general staff of Gao Gang, the commander of the Rock Legion.

And now this situation in Kyoto City is planned by Rose.

In order to win over the tyrant Gao Gang, the women sent by the Rock Legion to the tyrant Gao Gang and Gao Bi were also sent by this woman herself.

That's why Kobe can know this woman.

Of course, Gao Bi's knowledge of women is only maintained on toys, so what Rose never expected is that the woman she sent out would be torn into pieces by the two abnormalities of the tyrant and the father.

After the tyrant Gao Gang frozen those shredded women in ice and sent them back as a gift, Gao Gang was completely angry.

Gao Gang's face has been so swollen recently, it seems that anyone can come and slap in the face.

In the long run, this has left Gaogang's face.

That's why Gao Gang did not hesitate to let Rose dedicate her life, looking for opportunities to screw off the heads of the tyrant Gao Gang and this stupid Kobi.

But Rose knew that Gao Gang, the tyrant, was one of the ten commanders of the army, how could she be killed so easily.

So Rose thought of using her advantage.

That is the coveting of the tyrant Gao Gang and Gao Bi on her body.

It is said that men conquer the world, women conquer men.

As long as Rose can conquer the tyrant Gao Gang and his son, he can be regarded as completing the mission of the commander of the high steel legion of the Rock Legion.

Rose couldn't help shivering at the thought of the fat pig half of the tyrant Gao Gang.

But Rose still convinced herself to deliver it to the door in person, preparing to ruin the tyrant Gao Gang, who is half the fat pig.

But when Rose came to the branch of the Black Dragon Army in Kyoto, she didn't even enter the door, and was rejected by the members of the Black Dragon Army.

The members of the Black Dragon Legion said that the tyrant Gao Gang was practicing in retreat and would not see anyone.

This made Rose involuntarily relieved.

Since you can't see the tyrant Gaogang, as long as you can control Gaobi, you can also control the tyrant Gaogang.

After all, Gao Bi is the only son of the tyrant Gao Gang.

At this time, Rose already knew that Kobi had followed Li Tian on the same journey through wind and rain, so Rose rushed here directly with someone.

Rose knows that if a person like Li Tian is at the level of strength, if she confronts head-on, Rose is definitely not Li Tian's opponent.

Therefore, Rose did not intend to directly conflict with Li Tian.

"This is Master Li Tian, he is indeed a superb talent! He is a talent! The little girl, Rose, is really fortunate to see Master Li Tian here today!" The rose slightly bowed her body and said .

As the rose leaned, Li Tian suddenly smelled the faint rose fragrance in the air.

And after Li Tian heard the fragrance, Li Tian's mind suddenly rippled, as if he had been struck by lightning.

"Puff!"

"Puff!"

Li Tian felt his heart beating fiercely, and with the acceleration of this heartbeat, Li Tian felt that she seemed to have lost resistance to the rose.

Looking at the rose's body again, Li Tian unexpectedly discovered that his eyes seemed to have the function of perspective, and they could even see the rose's body.

"Sure enough, she has a full chest, and her buttocks are very curled..."

"How come I have this idea...?"

Not only Li Tian, but even Situ Ningbing's face was slightly red at this time, and even his breathing became a little quick.

...

A smug smile appeared on the corners of Rose's mouth. This is a skill she and Xie Ji learned. Although her ability to deceive people is far from that of Xie Ji, but with her unique body fragrance, Rose is also very rare. There are times when you miss.

But soon, Rose's smile became completely stiff.

She found that the stupid boy Kobe didn't react at all, still standing stupidly behind Li Tian, nothing unusual.

"How is it possible? Didn't this silly boy smell the scent on my body? The body scent of my rose can make people trance, and even enter a realm of illusion." Rose thought in her heart.

At this moment, Rose suddenly saw Kobi sucking his nose vigorously, and two crystal-clear liquids like vermicelli were sucked into the nose by Kobi.

"Uh!" Rose's heart suddenly had a strong nauseating thought.

"No, you can't drag it anymore."

"This Li Tian has very strong strength. Once Li Tian wakes up from this trance, Rose will not want to leave here!" Rose thought.

"Gobbie, come and play with my sister. My sister brought more women as toys for you this time!" Rose said to Gobbie.

Hearing the word toy, Kobi's eyes could not help but release a trace of heartbeat.

Rose immediately waved behind her. Several members of the Rock Legion brought out four or five seventeen-year-old women from several vans.

These women wear heavy makeup, all with heavy makeup, but these women are not bad in shape or appearance.

And these women seem to be deliberately showing their figures, all wearing tight-fitting low-cut suspenders, while all the lower bodies are wearing full skirts.

Although this dress is casual, it fully reveals the figures of these little girls.

Especially under the short skirt, a pair of black stockings fully showed the girls' slender legs.

The rose walked up to one of the girls and stretched out her hand to tear a hole in the girl's black stockings, revealing the white skin of the girl's thigh.

"Gao Bi, have you seen it? Come to my sister. My sister can let you enjoy the joy of tearing!" Rose continued to persuade Gao Bi.

There was some saliva from the corner of Na Kobi's mouth, and he took the blood-stained iron chain in his hand and walked forward a few steps.

There was a strange smile on Kobi's face, and he said, "Let me tear your clothes apart!"

"Puff!" Situ Ningbing suddenly laughed out of puff.

"Sorry, I can't pretend it anymore."

Li Tian couldn't help shook his head slightly and showed a slight smile. He said to Rose: "You have a good figure, but it's a pity that your pair of rabbits are big and small, completely asymmetric..."

"You...you are shameless!" Rose did not expect that her fascinating body fragrance, which she rarely misses, would fail on Li Tian. After being ruthlessly despised by Li Tian, she couldn't help but anger.

Chapter 3815: Fallen colorful

In fact, Li Tian had already realized it as early as the fragrance of the rose was over, and just a few seconds after being fascinated by the rose, Li Tian was already fully awake.

Li Tian has experienced too many similar attacks. For Li Tian, there is the magic sound attack of Yin Yang, the master of the Yin and Yang gate, and the magic attack of Xie Ji near. The bewitching attack technique of this rose, for Li Tian, he Precautions have long been made.

Moreover, now "Red Zhan", Nine Color Corpse Crystals, and even the three Xiaoyachas have a sense of mind with Li Tian. As long as Li Tian's insanity, these little guys will wake up Li Tian completely in the first place. .

After Li Tian woke up, Li Tian immediately controlled Xiao Yacha to find a way to wake Situ Ningbing, and asked Situ Ningbing to pretend to be bewitched by the rose with him, so as to determine what the rose really meant.

Now, Li Tian can already confirm that the main goal of this rose is Kobi.

Gao Bi, now Li Tian's key protection and cultivation object, how could this rose easily succeed.

When Li Tian saw the tyrant Gao Gang again in the branch of the Black Dragon Army in Kyoto, the tyrant Gao Gang made it clear.

The reason why his tyrant is coming to Kyoto City after receiving a secret invitation from the Army Soul Corps is entirely because of Li Tian's face as Kobi's captain.

For the tyrant Gao Gang, he only wanted to be his northeast king, and he only wanted his son to have a good future and a way out.

No matter who is in charge of the Central Plains, it makes no difference to a tyrant.

This tyrant, Gao Gang, can become the commander of the dignified Black Dragon Legion. In addition to his strength, he is not a fool.

The tyrant Gao Gang knows what it means to sell for a price.

The end times will end sooner or later, and once the end times ends, then this country will surely become a unified country again.

In this process, the so-called choice becomes particularly important.

And this selection process is also a process of bargaining with each other for these ten legions.

However, because of the existence of Li Tian, the tyrant Gao Gang is more inclined to choose the Army Soul Legion.

But the only requirement of the tyrant Gao Gang is that Li Tian must take his son and ensure his son's safety.

As for the future bargaining process, this is the game of interest between the tyrant Gao Gang and the Army Soul Corps and other legions.

Therefore, if once the height ratio is three long and two short, then the tyrant Gao Gang will inevitably be angry, and at that time, let alone the alliance between the Black Dragon Legion and the Soul Legion, it may even turn his face directly.

"Captain Li Tian, this... let me take care of this woman!" After seeing that Li Tian and Situ Ningbing were both back to normal, Kobi put away the smirk on his face and said solemnly.

Kobi is not stupid, just looks stupid.

"Can you?" Li Tian asked.

"I can give it a try!" Kobe said to Li Tian with another smirk.

"Okay, a quick fix!"

Li Tian and others' ignorance of Rose made Rose feel very angry, and that Gao Bi's pretense made Rose suddenly unforgivable.

"What are you doing in a daze? Kill Gobi for me!" Rose yelled to the person behind her with a move.

Immediately there were more than a dozen men of various shapes, either holding blades or holding guns, walked out from behind Rose, and rushed towards Kobi.

"Haha, these little guys are all coming for us, today's protagonist is Kobi!" Li Tian said with a sneer.

Li Tian's words have not yet fallen, and Situ Ningbing instantly began to cast hermit killing technique. The figure of Situ Ningbing, like a ghost, has rushed into the crowd of men. And the

butcher knife in Situ Ningbing's hands was like a **** of death, constantly harvesting the lives of those people.

"Li Tian, you are not crazy, I don't believe that your body is still hard with this bullet?" one of the Rock Army machine gunners said to Li Tian disdainfully.

"Da da da!" The machine gun sounded, and the bullet flew over with howling.

This bullet does not have long eyes, and even if Li Tian and others are strong, if they accidentally hit by this bullet, it would be bad.

And Li Tian whispered "Knot!", the nine-color corpse crystal and "Red Slash" immediately formed a layer of gray armor on the surface of Li Tian's body.

The bullet hit the gray armor and immediately hit the ground.

Not to mention shooting through, not even a trace of it.

"Impossible!" the gunman said dumbfounded.

At this time, Li Tian used Xuantian **** at will.

A gas bomb flew out with a whistling speed, and the gas bomb hit the gunman's chest at lightning speed.

The gunman looked at the blood hole in his chest, with a sorrowful smile at the corner of his mouth, he knelt directly on the ground, he couldn't die anymore.

Li Tian and Situ Ningbing, the strength of these two people has far surpassed these ordinary members of the Rock Legion. This feeling is like the boss level in the game dealing with mobs.

On the other side, as soon as the battle started, the women in full-length skirts were so frightened that they ran away, and even a girl panicked and slammed into one of the gunmen's muzzle. The bullet smashed into a sieve.

These girls were invited by roses from certain places, so the roses of these girls didn't care about them. If the death of these girls can attract Gao Bi, then Rose will not hesitate to let these girls die.

What Rose didn't expect was that her plan failed again.

Rose ignored the life and death of the people she brought, and turned around and left.

But she had just walked two steps, a series of iron impact sounds had been heard behind her, Rose turned around abruptly, trying to avoid the iron chain's attack on her.

But the iron chain in Gao Bi's hand was actually softer than a leather whip, like a flexible snake. Although Rose tried to avoid it, the iron chain in Gao Bi's hand was directly wrapped around his waist.

"Hey!"

Kobi smirked and yanked back violently, and the iron chain flew back with the rose.

But there was no panic on Rose's face. After being locked by Kobi's iron chain, a smile of conspiracy flashed across Rose's face.

This smile flashed past.

When Rose was about to fly into Kobi's arms, the corner of Rose's mouth finally showed a smug smile.

"Luoying colorful!" These four-character idioms yelled from the rose's mouth, and at this moment, pressing the rose's body turned into petals floating towards Kobi.

This is not a petal, but a knife!

Chapter 3816: Kobi Crit

Yes, it is a rose petal-shaped blade. n,

There was a look of surprise on Kobi's face, but he was not panicked, but even more excited.

"Haha, it's interesting! Such a woman, I like to play best!" Gaobi said excitedly.

And Kobi had already retracted the seven-eight-meter-long chain, and then he raised his hand over his head and began to rotate it vigorously.

With the continuous rotation, the seven-eight-meter-long iron chain formed an oval-shaped iron chain protection layer around Kobi's body, and the petals of the rose changed into the blade of the protection layer.

"Cracking"

After a rush of noise, countless broken petals fell on the ground.

"Huh!" There was a smug smirk at the corner of Kobi's mouth.

But his smile suddenly froze in the next second.

At the moment when seven or eight complete petals landed, the wind trembling with the rotating iron chain in Kobi's hand drilled in, and then quickly chopped on Kobi's legs and body.

"puff!"

"puff!"

In an instant, seven or eight wounds appeared on Kobi's body. The rose petals looked weak and weak, but the sharp petal blade not only cut Kobi's clothes, but even gave Kobi's skin. Cut more than an inch of wound.

There was also a petal across Kobi's cheek, and even an inch-long cut was made on Kobi's cheek.

Fresh thrombus began to flow out of the wound.

"Tick!"

"Tick!"

The blood fell on the ground and turned into blood-red plum blossoms.

But at this moment, the petals that were crushed by Kobi's iron chain and fell on the ground began to move slightly. At first, it was like a breeze sweeping the petals, and then the broken petals were flying.

Soon, these petals formed a human form, and this person was a rose.

Although these petals turned into roses, the rose's face was not very beautiful, as if it were injured.

"Gaobi, how about sister's ability? Do you want to play happily with your sister? As long as you follow your sister, sister promises to let you tear and toss as much as you want every night!" Rose said.

Kobi stretched out his hand and gently pressed the wound on his face, then looked at the blood-stained fingers, and the corners of his mouth tilted upward slightly.

"Really? Can I toss and tear as much as I want?"

"Yes, it's what it says!"

"Unfortunately, I'm not interested in your big and small asymmetrical thing!" Kobe said with a sneer.

Of course, compared to women, Gao Bi prefers to play with female zombies, especially those advanced female zombies, Gao Bi is very happy to play.

As for Rose and other women in Kobi's eyes, they are ordinary toys, so those women whom Rose sent to Kobi and the tyrant Gaogang will be torn to pieces without any hesitation.

Who made Kobe and the female zombies become a habit, how could they have expected that those women couldn't help playing so much.

"You...!" Rose's face was blue with anger.

No matter what kind of woman, she is very concerned about her body, especially the defects in her body, they will deliberately hide it and don't want to be noticed by others.

However, Li Tian and Gao Bi, these two guys did not care about the feelings of roses, and they revealed the shortness of roses one after another.

"Gao Bi! You really broke up with Li Tian! My sister doesn't love you anymore!" Rose said coldly.

As soon as the rose's voice fell, the rose once again changed into countless petals, and once again drifted towards Kobi.

Fallen colorful!

Kobi retreated quickly, but the rose petals looked like tarsus maggots, chasing after him.

On the other side, Li Tian and Situ Ningbing had already beheaded the other members of the Rock Legion.

"Lee, this rose has such a power. It's really surprising, but now that the petals are broken by Kobi, they will soon recover. How can Kobi deal with this rose? Situ Ningbing asked.

Li Tian's brows were frowning, and his head kept thinking about how to deal with Rose.

Use fire?

Huokemu, let alone rose petals, even towering trees, under the attack of the fire, will turn into a pile of ashes.

But how does the fire burn?

Gao Bi didn't have the ability of Huangfu Kunpeng.

And if a lighter escapes from the hand and wants to burn the rose to death, it is totally funny.

But how can you defeat that rose without fire?

Li Tian couldn't think of a good solution for a while!

"Could it be that you use Broken Soul Palm to directly blast those petals into slag? Or use red chop to chop rose petals into rose sauce, is that really useful?" Li Tian also had no idea for a while.

Although the attack power of this rose is limited, it is like an ant swallowing an elephant. If the rose keeps attacking and hurting it, Kobi can be seriously injured.

Of course, if Li Tian used the armor formed by "Red Slash", the rose would be helpless for Li Tian.

"Snapped!"

"Snapped!"

The iron chain in Kobi's hand has been shaken by Kobi into a broom-like shape. As the chain hit the petals continuously, broken petals continued to fall.

However, there were a few more wounds on Kobi's body.

Fortunately, the stupid boy Kobi was strong and physically strong, and he didn't feel at all for the dozen or so wounds, but the giggle on Kobi's face never stopped.

This Kobi is like a masochist, the more wounds on his body, the thicker his smile!

But the implementation situation is that the blood on Kobi has been flowing out continuously. Although the blood oozes more, if this continues, Kobi may faint and even die due to excessive blood loss.

"No, I'm going to stop the rose!" Li Tian said.

At this time, Gobi also saw Li Tian's thoughts, and immediately shouted to Li Tian: "Captain Li Tian, I can do it! You have to believe me!"

Li Tian just took a step, then stepped back, nodded slightly, and did not intervene.

Seeing that he nodded, there was a satisfied smile on Kobi's face.

"puff!"

"puff!"

There were several more wounds on Kobi's arms and legs.

"Hahaha! It's cool!" Kobi roared with a few wild laughs.

And with these few roars of Kobi, a faint yellow light suddenly appeared on Kobi's body. If the light was absent, it looked extremely weak, but the light kept on Kobi's body. flow.

No, it is convergence.

The yellow light from Kobi's body quickly converged on Kobi's right arm.

"drink!"

Kobi yelled, and the light yellow light instantly flowed onto the iron chain, and the iron chain shook with a "clap", directly hitting dozens of rose petals.

The petals were beaten into powder in an instant, and disappeared without a trace as soon as they were blown by the wind!

The remaining rose petals gathered into the shape of a rose, and the rose suddenly sprayed out blood.

"puff!"

Chapter 3817: Li Tianzanghua

Li Tian felt familiar in this scene. ,

That's right, in the final of the Forbes Power Contest a few months ago, Kobe used this move.

But at that time, Kobi used this move to deal with zombies, but this time it was a rose, a woman who looked like a flower but had a small breast.

Seeing the rose sprayed with blood, Kobi walked out with a smug expression on his face, and said with a smirk: "Hey, it turns out that you are not completely without weakness. These petals are broken, especially after being destroyed, you will Injured!"

Rose wiped the blood from the corner of her mouth and sneered, "What can I do? I am injured, but I will not die, and you now have more wounds than mine. Exchange blood with blood, I see who we are die first"

Rose knew that if she wanted to escape, even if Li Tian, Gao Bi, and Situ Ningbing were on board together, she might not be able to do anything about it.

But now that Li Tian wants to give Gao Bi the opportunity to deal with her alone, then Li Tian will have to pay a painful price.

As long as Kobi died here, then the Black Dragon Legion would definitely vent their resentment on the Celestial Legion, and at that time, no matter how the Black Dragon Legion dealt with Pan Shi, Pan Shi was the winner.

"Whoever dies first, let's wait and see!" Gobi sneered, and the iron chain in his hand seemed to have become an iron rod, drew heavily from the top of the head towards the rose's head.

The rose turned into countless petals in an instant, and the iron chain split the petal-shaped rose in half, and fell heavily on the ground.

"boom!"

With a loud noise, the ground was immediately splashed with rubble drawn by Kobi's iron chain, and Kobi pulled out a pit that was four to five meters long and nearly a foot deep on the asphalt road.

And at this moment, Kobi suddenly felt dizzy in his head, and felt that all the strength in his body was about to be emptied. He softened and shook back and forth a few times, staggering, almost falling to the ground.

"Not good!" Li Tian cried secretly, and rushed towards Kobi while carrying "Hong Zhan".

But at this time, unluckily, a breeze blew by.

"call!"

The rose petals moved by the wind and flew to Kobi's side instantly, completely wrapping Kobi with the petals.

Gao Bi realized the problem and used all his strength to put his iron chain back, waving the iron chain to form a protective circle outside his body.

However, the strength in the body is lost, and the protective effect that this protective layer can play is very limited.

"Huh!"

"Huh!"

The rose petals are like countless knives, constantly cutting Kobi's body.

Li Tian cast several teleports in a row and appeared beside Gao Bi, and at this time, Li Tian's whole body was already covered by the gray-black armor.

"Get away!" Li Tian yelled at the rose petals.

And with this roar, Li Tian single-mindedly used the "Red Zhan" with his left hand to cut at the rose petals, and his right hand kept showing the Xuantian **** to shoot at the petals floating in the air.

As red lights flashed, a layer of chopped petals appeared on the ground in an instant, and more petals were hit by the Xuantian fingering, completely turning into powder.

At this time, that Situ Ningbing had also rushed over with the hermit killing technique.

Situ Ningbing's hermit killing technique was obviously a bit difficult to deal with the petals, but it was better than nothing.

After Li Tian and Situ Ningbing joined, the rose petals were constantly knocked down to the ground. After a few seconds, there were only a few petals surrounding Kobi's body.

The remaining rose petals convolved with the residue petals on the ground and immediately floated away, turning into a rose.

It's just that the appearance of this rose is horrible, almost all of the clothes on her body have become fragmented, and even the most basic shame-shielding effect is difficult to achieve. And the rose was all blue and purple, and it felt like she had been beaten by a gang.

"Cough!" Rose coughed abruptly, and then vomited a mouthful of blood on the ground. Then, with a sneer on the corner of her mouth, she said to Li Tian: "Li Tian! Now Kobi has been bruised all over by me. Half of a life has been taken away, and even if it doesn't die, there will be half of it left. Now I see how you confess like a tyrant!"

"I am afraid I will disappoint you! Do you think that I, Li Tian, dare to come to Kyoto City to find the bad luck of the Rock Legion, I will not be prepared?" Li Tian said with a sneer.

Immediately Li Tian's mind moved, and a well-behaved little loli appeared beside Li Tian.

This person is Windsor.

Seeing Windsor suddenly appeared, there was a **** expression on Rose's face.

"This... Where did this person come from? Could it be... Is this your power? There is another space in your body?" Rose asked in surprise.

How clever Rose's mind is. After seeing this sudden appearance of Windsor, she immediately thought of Gao Gang, the tyrant of the Black Dragon Legion, of Storm and Rain, and of the Bounty Hunter Association.

"I understand! I finally know why the tyrant suddenly retreats to practice. If I am not mistaken, the tyrant Gao Gang must be in your space at this time. Who else? There should be bounty hunters. Those old things in the association, and Liu Feng?"

"Yes, I am afraid Huangfu Kunpeng is also in this space! It must be like this! Haha, I finally understand, Li Tian, the reason why you destroyed Nanzhou City is to attract everyone's attention. Then let Huangfu Kunpeng get in touch with other legions and associations!" Rose said with a smug expression on her face.

"It's no loss that it is the general staff of Panshi, who can analyze so many things through such a simple action like me. But let's end it! Let me, Li Tian, take your life!" Li Tianjiang "red cut" Waved, said with a sneer.

"Hahaha, do you want to keep me? It's too naive!" The rose laughed wildly, and her body instantly turned into countless petals, floating towards the distance.

"solution!"

With Li Tian's roar, "Red Slash" and the Nine-Colored Corpse Crystal immediately changed back to their original appearance. The "Red Slash" flew out directly, slashing towards the petals, and the Nine-Colored Corpse Crystal instantly Countless transparent threads were released, and each transparent thread faced a petal.

"Huh!"

"Huh!"

"Huh!"

Li Tian's figure constantly moved instantaneously, pinching the petals that were chopped by "Red Chop" in his hands.

At this time, the ground travel yasha also suddenly emerged from the ground. With the appearance of the ground travel yasha, a quicksand bunker immediately appeared on the ground, and Li Litian directly threw these year-old petals into the bunker.

Li Tian funeral flowers!

Native wood, but soil can completely swallow these petals.

Chapter 3818: Rose blew

This method of burying flowers is naturally the attention of Di Xing Yasha.

Jixing Yasha possesses the technique of escape from the ground, and has seen too many things under the ground. Of course, the most seen scenes of Jixing Yasha are those scenes where dead wood rots under the ground.

So when Li Tian was at a loss, Di Xing Yasha told Li Tian how to deal with the rose.

Of course, Void Yasha and Feitian Yasha who came out of retreat also had ideas.

The method of Void Yasha was to send roses to outer space, but Feitian Yasha started to develop like a foodie, saying that it was to eat all the rose petals directly.

Jixing Yasha held a small finger-sized steel fork in his hand, inserted it on the petals that were standing, and then controlled the quicksand at his feet to roll the petals into the ground.

The transparent silk thread of the nine-color corpse crystal is responsible for tracking the direction of the petals floating. Li Tian is responsible for cutting these petals into pieces and then handing them to the ground line Yaksha. This is a clear division of labor, with a degree of coordination. In just four or five minutes, it floats in the sky. There were few petals in the distance.

The few remaining petals gathered together and condensed into the shape of a rose, but with so many petals missing, although the body of the rose looked intact, it was obviously weaker, and it could not even stand firmly.

And the clothes on this rose have only a small inner inner covering the hidden parts below, and the other parts are completely naked.

The naked rose is bruised and bruised, like a painted body.

In this case, although the rose's chest is tall, the white rabbits of one big and one small are more obvious.

"Huh, huh!"

Rose panting heavily, and said to Li Tian, "Li Tian, why do we have to kill them all? You let me go, I promise to leave the Rock Legion immediately, and never give advice to the Rock Legion!"

This naked rose is no different from a pile of rotten meat in Li Tian's eyes. Li Tian slowly walked towards the rose carrying "Red Cut", with a sneer at the corner of his mouth, and said: "I only believe that the dead will keep secrets. !"

"Li Tian, you can't kill people but nod their heads, don't push them too much! I still have a killer move that is useless, don't force us to lose both." Press the rose to bit his lip with his teeth and said angrily.

"Okay, I just want to see what other killer moves you have that are useless? Oh, yes, I know, it's not a beauty trick, right? It's a pity that you are not, one big and one small..." Li Tian sneered and mocked Tao.

The rose's already pale face gradually became a bit more blush, as if it was about to explode anytime.

"You are not going to expose yourself? Is it a human bomb?"

As soon as Li Tian's words fell, the rose really revealed herself.

"boom!"

With a loud noise, a powerful air current shock wave rushed towards Li Tian, and this shock wave directly flew Li Tian back.

Li Tian played several teleports in midair, and then he completely avoided the rose's self-exposure.

Look at the rose again.

The rose's body was exploded into countless rose petals. The size of these rose petals was only the size of a fingernail. They were floating and falling like blood-red snowflakes.

Di Xing Yasha appeared directly here, and the road that was blasted into a deep pit was like a monster. He opened his mouth and swallowed all the fallen petals in.

Li Tian checked on the ground again and found that there were no other rose petals, and he was relieved.

On the other side, after Windsor was brought out of the space of Dixing Yasha by Li Tian, he immediately began to treat Kobi.

Windsor's medical power was able to treat Kobi's small injury without any problems at all, but within a few minutes, all the wounds on Kobi's body were completely healed, and there was not even a scar left.

However, Kobi still looked a little ugly because of excessive blood loss.

"Win...Windsor, I'm so sorry to let you see how miserable I am! After the last time we participated in the Forbes Power Contest together, I never heard from you again. Why did you go with Captain Li Tian? Together?" Gobi sniffed and asked with a smirk.

Windsor described how she and Li Tian walked together to Gao Bi.

"Hey, this is all right, as long as you have Windsor by your side, I will never worry about injury in the future. Hey, I want to kill the Quartet like Captain Li Tian!" Said the excited place, then Gao Biren Can't help laughing wildly.

The battle between Li Tian and the rest of the Rock Legion did not disturb those on the same journey, but it still attracted the attention of the residents nearby, but how could the battle of Li Tian and the others be close to them.

It was not until Li Tian drove the car with Kobi, Situ Ningbing and Windsor towards the direction of the Sakura Army, that the residents nearby tremblingly leaned towards here one after another.

"A lot of corpses! This... these are actually the corpses of the Rock Legion members. I don't know who those people were just now. They dare to do something against the Rock Legion in Kyoto City!"

"You are really blind. Didn't you see? The one who shot just now was Li Tian! Li Tian dared to destroy the Nanzhou city of his Rock Legion, let alone fight against the Rock Legion people!"

"Heaven? Li Tian? The gods fight, and mortals suffer. I think our peace and stability may be over."

"Yeah, I really don't understand why we want to fight, live peacefully together and live a good life, isn't it? There are still so many zombies, we are like little animals hiding in captivity, if there is no bounty With the company of hunters, even this city of Kyoto City dare not go out!"

These people talked a lot.

But at this moment, a rose petal that fell on the canopy of a tree by the roadside slowly fell to the ground.

After a few minutes, the petals that were buried under the ground by the ground yaksha slowly drilled out of the ground, and then these small petals were like insects, slowly creeping to this piece. Before the petals.

Then Rose lay naked under the tree with her whole body wounded.

"Help...help me! Help...me!" Rose weakly shouted to the crowd without any strength.

"I seem to hear someone calling for help, have you heard?" said one of the onlookers.

"Hehe, don't scare me, these corpses are all turned into corpses, how can they speak for help?"

"Help!"

The faint voice continued to be heard, which was a little louder than before.

The man just turned around abruptly and saw the rose lying naked under the tree.

The man immediately took off his undershirt, walked a few steps quickly to Rose's side, and covered the undershirt on her body.

"Don't move, I will save you back!"

Chapter 3819: People in the city can really play

A wise man must make a mistake when he thinks about it. .

Although Li Tian was careful everywhere and searched all the places he could think of, he never expected that when the rose blew up, it would send a whole petal onto the canopy.

This rose is the general staff of the Rock Legion, how smart it is.

After learning Li Tian's secret, Rose knew that she might not escape her death.

And if you want to live, you have to put her to death and live.

Therefore, Rose is the dark Chen Cang on the plank road of Mingxiu, adopting the strategy of Jin Chan's escape, deceived Li Tian with that powerful self-destruction.

The moment the rose exploded, the rose needed to turn her body into rose petals, but she used that powerful explosive impact to blow up a complete rose petal on the tree to avoid Li The heavens rush to kill.

This self-detonation is the last life-saving skill that Rose has to use. Once the self-detonation skill is cast, Rose will no longer be able to use any abilities for a short time.

"Send...Send me to the Rock Legion! I am Rose, the general staff of the Rock Legion. As long as you send me to the Rock Legion, the Rock Legion will definitely thank you!" Rose said in a weak voice.

"Stop talking, your body is seriously injured, healing and life-saving are important!" The man said, and said that the man reached out and picked up the rose, holding the rose in stride, and placing the rose in a business car of the Rock Legion Above the back seat.

After the man got in the car, he immediately closed all the windows of the car and said eagerly:

"What the **** is going on? How can you get so badly injured? Do you have an acquaintance in this Kyoto hospital, I There are not a few corpse crystals on him!"

When he said this, the man involuntarily glanced at the rose a few more times.

This rose is a beauty.

Although Rose's body is now blue and purple, it looks a bit miserable, but fortunately, Rose's face has not received much damage, and it still looks beautiful.

And although the undershirt that the man took off covered Rose, it could not cover all the spring light of Rose, but it made Rose appear to have a weaker feeling, which made people feel an urge to protect and possess her. desire.

Rose saw the man's eyes glance over her naked body, and she couldn't help but feel a little angry.

"You touched my body with your dirty hands just now when you hugged me. Now you are squinting and blaspheming me. When I reach the Rock Legion, I will cut your head off." Rose's The heart is facing coldly.

But Rose knew that she didn't have any fighting power now, let alone the man in front of her, even a four or five-year-old child, she might not be an opponent, so Rose urgently needs this man to send her to Rock.

"You don't need to send me to the hospital. Just send me to the Rock Army Corps. I promise you will spend the rest of your life without worrying about food and clothing. Maybe the high-steel army commander will reward you with a full-time job if you are happy." Rose try to draw cakes.

"You said you are the general staff of the Rock Legion. Now I accidentally saw your naked body. When I send you to Rock, you will not kill me, will you? Although the corpse crystal is precious, there is no life for me. Valuable!" the man said.

"Why? You are my savior. I am too grateful, so how can I do it to you! Isn't the most basic trust between people and people gone?" Rose pretended to be a little pitiful. .

"I still can't believe you a little bit. Why don't I take you to the hospital first. You can heal your wounds in the hospital, and I am responsible for reporting what happened here to the Rock Corps. After I get the reward, I will The information about your injury and the address of the hospital where you are staying are also told to the Rock Corps. This way we are both safe." The man said slyly.

Rose didn't expect the man in front of her to be so cautious and vigilant. It seemed that she wanted to kill this man in a short time.

But as long as this man is still in Kyoto, then after Rose's body recovers, wouldn't it be easy to find this man with the strength of the Rock Legion?

"Good!" said Rose.

Then Rose told the man what she needed to say to the commander of the Rock Legion Gao Gang, especially her guess about Li Tian's abilities and the key points of the alliance between the Soul Legion and the other major legions.

The man was dumbfounded, as if he was listening to the heavenly book.

"This... are these things about to happen? Is this world going to mess up again?" The man swallowed and muttered to himself in disbelief.

At this time, there was already some chaos in the man's head. He knew that he had a major event this time. Is this kind of thing that petty people like him can participate in?

After this man saw the people of the Rock Legion be beheaded by Li Tian, his first thought was to search for some corpse crystals on the corpses of the Rock Legion.

But there were so many people onlookers that he could not start.

When he saw the living rose, the man immediately thought of the corpse crystal.

If the rose can be sent to the Rock Legion alive, will the corpse crystal reward be less?

But when the man reacted, he knew that he was already in trouble.

Although the car has started and started to drive fast on the road, the man no longer knows how to make a decision.

"What should I do? What should I do now?"

"I shouldn't have come to join in this excitement at the beginning, let alone save this woman!"

"I'm so crazy, I want to get a little corpse crystal flower from the general ginseng of this rock."

"By the way, if this woman dies in this car and asks me to destroy the car and the people, who knows that I went to the Rock Corps to pass on the message? Anyway, I am still in the lowest level of society in Kyoto City. , And if I take the reward of the Rock Corps and escape from Kyoto City to live in a smaller city, I might be able to live the rest of my life in abundance!"

Thinking of this, the man slowly parked the car on the side of the road.

"Why don't you leave?" Rose asked suspiciously.

At this time, the man had already crawled from the driver's seat to the rear seat with a fierce spirit.

"You...what are you doing...?" Rose asked in horror.

Although it is equivalent to the suburbs of Kyoto City, people still pass by from time to time.

"Hey, did you see that car?"

"That one?"

"It's the business car with the Rock Legion logo!"

"I see, what's the matter?"

"Hey, looking at the magnitude of the car's shaking, it's obviously playing with car shock!"

"It's really bad, these city people can really play!"

Chapter 3820: Void Meeting (1)

Li Tian did not encounter many attacks on his way to the Sakura Army.

Now, except for the Rock Legion commander Gao Gang and the two deputy commanders who can pose a danger to Li Tian, the other people attacking Li Tian are completely here to die.

After seeing Duanmuying, Li Tian made a brief communication with Duanmuying, and then took Duanmuying into the space of Void Yasha.

At this time, in the space of Void Yasha, it can be said that there is a gathering of heroes.

The four elders of the Five Old Associations of the Bounty Hunter Association, the tyrant Gao Gang, the commander of the Black Dragon Legion, Liu Feng, the commander of the Wind and Rain, Mu Yunlong, the commander of the Army Soul Legion, and Huangfu Kunpeng, the top domestic master of the Forbes Power Tournament. In addition, Duanmu Ying, the commander of the Sakura Legion, and Li Tian, the commander of the Celestial Legion, have just entered.

Although Li Tian had already told Duanmuying who was in this space before entering just now, when Duanmuying saw these people with her own eyes, she still felt a little shocked.

What Duanmuying never expected was that Liu Feng, the commander of the army in the same journey, turned out to be a chess piece arranged by Mr. Mu Yunlong in Kyoto.

Duanmuying had to admire the old man's ingenuity.

"Haha, the leader of the Duanmuying Army of the Sakura Army has arrived. Now everyone is here, we have been waiting for a long time!" Mr. Mu Yunlong said with a good smile.

That Duanmuying immediately came to Mu Yunlong's father, and performed a courtesy of a junior to meet the elders, and then used her identity as the commander of the Sakura Legion to say to everyone present: "Duanmuying is late, and I look forward to Haihan! "

"It's easy to say, easy to say!" The other army commanders or the elders of the Five Old Society said one after another.

"Grandpa, there should be nothing wrong with me here, so I will go out first. If you have anything to tell Grandpa to tell Xiaoyacha directly, they will pass it on to me!" Li Tian said.

"Don't worry, Li Tian, you sit too! Now your identity is not my grandson of Mu Yunlong, but the commander of the Celestial Legion. Although the Celestial Legion is not a big legion now, the overall strength of the Celestial Legion has reached the top ten. There is not much difference between the Legion! And what we are going to discuss next is the important matter of human survival, you are qualified to sit here to participate in this meeting!" Mu Yunlong said.

"Yes!" The tyrant Gao Gang said first.

Elder Ander, Liu Feng and others of the Bounty Hunters Association also said that Li Tian is eligible to participate in this meeting.

Li Tian didn't give in and sat down directly.

And Li Tian used telepathic communication to make Void Yacha out of space and stay with Situ Ningbing and Gao Bi, in case there is something unexpected outside.

Mu Yunlong's gaze slowly scanned the faces of those present for a week, and then he said: "If you can sit here today, it is more or less related to my grandson Li Tian, so I use my grandson Li Tian to help you Inviting here, the process of the invitation may be a little imperfect, and I, Mu Yunlong, once again apologize to you here."

"The old army commander Mu is polite, Li Tian, this little baby, has a sense of measure, and hasn't done anything wrong with us!"

"Yes, yes..."

Everyone said one after another.

Mu Yunlong paused, and then said: "Since all of you are not outsiders, Mu Yunlong won't be too polite. Let's just start the topic!"

"It has been more than three years since the last days and nearly four years. Over the past three years, we humans have gradually calmed down from the initial panic, and have established living bases in various parts of the motherland. We fight against the sky and the earth. Fighting with zombies, you have to fight with people. Everyone of us now has our own jurisdiction. It can be said that all of us are people above ten thousand people. If you say it, you can be regarded as a big boss."

"But, over the past three years, I don't know what your situation is like. Anyway, Mu Yunlong always thinks that this country is still under the rule of zombies, and there are still countless people living in the shadow of zombie attacks. Next, I, Mu Yunlong, has trouble sleeping and eating. Therefore, for these three years, our Soul Legion has never dared to relax, and is always on the front line of fighting zombies."

Having said this, everyone present nodded involuntarily.

Mu Yunlong continued: "In the last days, how hard humans are living, it is impossible for you to be unheard of even if you are in Kyoto or in the headquarters of your respective army. It is for this reason that we humans need to unite. , To fight against the zombies and the three corpses together. The establishment of the Kyoto City Coalition is precisely because of this original intention!"

"In the past three years, I don't know how many legions and individuals have become history because they fought against zombies and three corpses. However, many legions have completely ignored the unity and stability of the entire mankind for their own sake. These small movements have become more frequent in the past six months, and they have even seriously affected our Army Soul Corps."

"If the Army Soul Corps is defeated, I believe everyone will understand what kind of disaster this will be for the humans in this country."

The people present nodded involuntarily.

Indeed, the Army Soul Legion is now resisting the invasion and infiltration of zombies in the inland cities of the Central Plains from these southeast coastal cities, and sacrifices a large number of legion members every year.

Especially the several corpse tides half a year ago, the corpse tide attacked and destroyed the cities that humans had finally taken back or the base cities that were finally established, and the army soul army guarding these cities can be said to have suffered heavy losses. But the Army Soul Corps took these cities or bases back several times.

If there is no Army Soul Legion, those zombies will inevitably drive straight in. The first to be attacked is the area under the jurisdiction of the Hall of Heroes, Rock, and Flamingo Legion.

In the past three years, even though everyone didn't say anything, everyone could still see the contribution to the Army Soul Legion.

"Now, the three corpses have returned to the country, and the corpse tide has been launched more frequently. Our army soul legion really has more than one heart and lacks strength. If our army soul legion wants to continue to maintain the current situation, then It will take a long time to

supplement the legion. But, how can those young people agree to make our army soul legion stronger? Therefore, today I, Mu Yunlong, pulled down my old face and invited everyone who cares about mankind to discuss this matter." Yunlong said.

After saying this, Mu Yunlong seemed to be very tired, leaned back slightly, and slowly closed his eyes.

"Huh! The tyrant of Mu's old army commander is still very acceptable to me. Although the old army commander can replenish the army at ease, let me see who dares to jump out and cause trouble!" The tyrant said in a low voice.
