

A Killer 3891

Chapter 3891: Killing of Ginbei

Ginbei's face was dark and ugly.

As he said before, he deliberately left a clue to Ueda Mitsuji, in order to let Ueda Mitsuji catch up with him, and he could use the partnership with Li Tian to jointly kill Ueda Mitsuji.

It seemed that Ginbei Kazama still underestimated Li Tian.

Li Tian was already sitting on the back of the mutant crow and flew into the air, completely hanging up on his own.

Seeing Li Tian's appearance, Mitsuji Ueda sneered and said to Ginbeibei: "I see it, this is the master you are following. It turns out that he is just a coward! Whenever he encounters danger, he chooses to escape, completely disregarding your life or death. !"

Although Ginbei Kazama's wishful thinking had been lost, he was unwilling to admit it in front of Ueda Mitsuji, and soon adjusted his mentality, smiled at Ueda Mitsuji, shook his head and said, "First of all, Li Tian is not My master, we are just a cooperative relationship. Secondly, I need to reiterate that Li Tian is not running away, he is considering me!"

"Although I have unscrewed Takayama Yuna's head, this Takayama Yuna's head is not more convincing than yours. If I can unscrew your head in front of Li Tian, then I will Only if he is qualified to cooperate with him will Li Tian trust me to cooperate with him sincerely, so at this time, your head is very important."

"Huh, I really don't know that the sky is high and the earth is thick, and I am still concerned about my head at this time. You should think about your own head first!" Ueda Mitsuji said.

The hundreds of Ueda Mitsuji avatars seemed to have lost their patience and rushed to Kazama Ginbei one after another.

Although Kazama Ginbei had injuries on his body, he jumped up abruptly and used the ninja sword in his hand to fight these clones together.

"Huh!"

Kazama Ginbei's body dodged among these clones back and forth, and from time to time he slashed towards these clones with the ninja sword in his hand.

These avatars had been cut down by three or four by Yinbingwei, but more avatars were not affected at all, and they continued to flock to Yinbingwei.

"Huh!"

Yinbingwei's back was hit by an iron rod in the hands of one of the avatars. Yinbingwei only felt a hot pain in his back. He staggered, stepped forward, and then turned around abruptly with his hands. The ninja sword slashed the avatar's neck.

"puff!"

The head of the clone was directly cut off by the silver soldier, fell to the ground and rolled a few times, and the blood was jetted out from the neck of the clone.

The battle was fierce, but Ginbei had already started to be hit one after another.

In the sky.

Li Tian sat steadily on the back of the mutant crow, which continuously flapped its wings and hovered in the sky.

Li Tian used his mind to communicate with the three small Yashas, and let the three small Yashas fly out of the void of Yasha.

"Who can read the tricks of this Ueda Mitsuji, he is so powerful that he can separate hundreds of clones at the same time. Although these clones are only half the strength of Ueda Mitsuji, these hundreds are combined, then The strength is not to be underestimated! Now Ginbei Kazama is already at a disadvantage. If there are no other accidents, I am afraid that Ginbei will be very difficult to win. Then I will need to face this Ueda Mitsuji directly." Li Tian Said.

"Clone? Li Tian, don't you be kidding, okay? These are obviously wooden stakes, so why is the clone?" The mutant crow sneered.

"Wooden stakes? How could it be possible? Did you see all wooden stakes?" Li Tian asked immediately in surprise.

The mutant crow flapped its wings and circled again, and then said: "They are wooden stakes, but these wooden stakes have arms and legs, and they are really similar to people. Oh, yes, there is also the scarecrow. The most uncomfortable thing about Lao Tzu is Scarecrow."

"Yes, the mutant crow is right! All we saw were wooden stakes and rotten scarecrows. Why did Master Li Tian see his clone? Could it be that Master Li Tian has fallen into the illusion of Ueda Mitsuji Already?" Feitian Yasha also said.

Hallucinations? Li Tian doesn't believe this is an illusion!

If it's an illusion, why doesn't "Red Slash" have any response?

But if it wasn't an illusion, why didn't the little Yashas and the mutant crows see real human clones?

Li Tian's heart was full of doubts, and at this moment, the nine-color corpse crystal in Li Tian's heart suddenly moved.

"Is it? Need a happy eye to see through all of this?" Li Tian asked puzzled.

"Mind, open!" Li Tian whispered abruptly.

With his eyes open, Li Tian looked at the avatars of Mitsuji Ueda on the ground again. Sure enough, those avatars had all turned into moving wooden stakes and moving scarecrows.

Look at the bamboo in the hands of Ueda Mitsuji.

Li Tian found that the part of the green bamboo inserted under the ground had grown countless roots. These roots were intricate and intricate, turning the underground within a few hundred meters into the root world of this green bamboo.

On top of these roots, there are some shining substances that dominate, colorful and colorful, and the whole ground is a beautiful picture.

And those radiant substances formed some silk threads invisible to human eyes, controlling those scarecrows and wooden piers. These scarecrows and Mudun formed a siege to their opponents under the control of Ueda Mitsuji.

"So it's like this! It's really clever ninjutsu!" Li Tian sighed in his heart.

"Dixing Yasha! You can go to the ground and underground, stand by at any time. After getting my signal, immediately break the roots of those green bamboos to me." Li Tian said to Dixing Yasha.

Di Xing Yasha nodded slightly, jumped directly from the back of the mutant crow, and then plunged into the mud.

At this time, Ginbei Kazama had already killed nearly twenty clones of Mitsuji Ueda.

But the price he paid was also heavy. If it weren't for the ninja suit to cover up, you could see that Kazama Ginbei's body was already blue and purple, and his cheeks were already blue and swollen, and his head was also Several packages have been knocked out.

Li Tian didn't intend to rescue Ginbei Kazama.

Because Ginbei Kazama is also a Shinobu, so far, I haven't seen Ginbei show off his true ability!

And at this moment, after beheading a clone, Ginbei Kazama leaped back abruptly, and said to Mitsuji Ueda, "It seems that today we are immortal. If so, then Don't blame me for being rude to you!"

While speaking, Kazama Ginbei suddenly cut a wound on his palm with a ninja sword.

A series of blood began to flow down the ninja sword, but Yinbingwei's face showed a strange smile: "Hahaha, come out the blood beast!"

Chapter 3892: Blood beast

Immediately, the Silver Guard would suddenly wave the ninja sword in his hand, and the blood beads flew out of the ninja sword instantly.

"Patter!"

"Patter!"

The vast majority of these blood fell on the two clones.

After the blood fell on the body, it was like a living worm, and it began to squirm quickly, looking for a hole in this clone's body.

There was a wound on this clone's body, and the blood quickly penetrated from the wound of this clone.

As soon as the blood entered, the avatar's wound began to spurt blood continuously.

"Gooooo!"

"Gooooo!"

But at this moment, the blood turned out to be hot boiling water, and it began to bubble on the bodies of these two avatars.

There were dozens of blood-colored bubbles popping out of the wound that was just a centimeter away.

And the skin of this clone began to bubble out, even on the head. These bubbles grew bigger and bigger, and they had turned blood red, as if they would burst at any time.

The clone was rolling on the ground in pain, but it was completely useless.

"Snapped!"

As the first blood bubble splashed, the blood bubbles on this clone's body began to burst one after another, and the clone instantly became covered in blood.

Suddenly, a sharp claw covered with blood on it emerged from the avatar's chest. The claw seemed to be tearing apart the body of the avatar, and kept scratching his skin.

"Hiss!" With a sound, the claws suddenly tore the clothes on the clone's chest completely, and even peeled off the skin on the clone's chest.

A blood hole was torn open in this clone's chest in an instant.

Then a mouth protruded, and a **** head poked out from the blood hole.

There seems to be some fluff on this head, and two copper bell-like eyes are shining with pale yellow cold light. Even Li Tian in the sky, when he sees this **** head, he has a feeling of lingering fear .

"call!"

As soon as the head came out and the body was still in the body of the clone, he opened his mouth and began to swallow the body of the clone with mouthfuls.

After a few seconds, the **** monster jumped out of the clone's body.

Blood beast.

This is Kazama Ginbei's ultimate move, the blood beast.

A blood beast created with his own blood as a medium.

This blood beast is huge, like a dog or not a dog, like a cow or a cow.

The four sharp claws are like sickles, grasping on the ground, and the concrete floor is like a loess ground.

After suffering this kind of damage, the clone had already lost its strength support and fell weakly to the ground.

The blood beast looked down at the clone, showing a look of disdain, raised its claws, and the two claws separated the clone into several segments.

Then the blood beast lowered its head, opened its blood basin, and began to chew and swallow the corpse of this clone.

In less than half a minute, this clone was eaten clean by the blood beast, and the blood beast still felt unsatisfied, and kept licking the blood on the ground with his tongue.

But at this time, another blood beast also had its head out of which clone.

But as soon as the blood beast came out of its head, one of Mitsuji Ueda's clone jumped up and hit the blood beast's head with the iron rod in his hand.

"Snapped!"

The power of this iron rod was very huge, and the blood beast's head had just come out when it was completely broken up by this rod.

Blood was splattered, and several nearby besieged clones were splattered with blood.

"Haha, it's just a blood beast whose hair hasn't grown up yet, and it's not that I killed it with a stick. Haha, as many blood beasts as there are, my uncle will kill as many blood beasts!" The clone said with a smug smile.

However, as soon as his voice fell, several blood blisters appeared on his face, and these blood blisters began to bulge continuously, as if they would burst at any time.

The same was true for the two clones next to him, and the wounds of those clones began to blister.

"what!"

A avatar let out a scream, and his chest was the same as before, with a **** sharp paw sticking out.

A few seconds later, three more blood beasts emerged from the corpse, and the previous blood beast was added, and there were four blood beasts.

After these blood beasts were formed, they were completely unafraid of the iron rod attacks of those clones, and their attacks had fatal damage to those clones.

And although Kazama Ginbei's face was pale, but his face was more excited.

"Mitsuji Ueda, this blood beast is my first time to use it. Even the abdomen Tiancong never knew that I had such a killer move. Hehe, now I should let you see my strength!" Wei Kuang said with a smile.

When the four blood beasts heard the Ginbei Kazama laugh wildly, the blood on their bodies became more vivid like burning flames, and the blood beasts' minions became sharper.

The four blood beasts began to counterattack, and constantly threw down the clones and tore them to pieces.

At this time, the number of Ueda Mitsuji's avatars had dropped sharply from more than 100 to 20 or 30.

These avatars who don't know death at all, and don't fear death, even if they face blood beasts whose strength is far beyond them, they are still rushing towards those blood beasts like moths fighting fire.

In the sky, Li Tian sitting on the mutant crow saw this scene and frowned involuntarily.

Those clones were clearly seen by Li Tian carefully, but Li Tian could not see clearly these blood beasts.

Li Tian quickly thought about what he should do if he encountered this Kazama Ginbei.

But Li Tian thought a lot, but still didn't know how to deal with these blood beasts.

"Hey, Master Li Tian, if you want to deal with these blood beasts now, maybe my dark cage can help you!" Feitian Yasha flapped her wings and flew in front of Li Tian.

Void Yasha immediately said disdainfully: "Huh, it's not your turn to take action here. You should continue to practice in retreat! Although these blood beasts are powerful, they can't escape under my Void Master's Void Blade. The big deal is this Major General They are all thrown into the void, so that they will never return to the earth. I think the blood on the silver soldier can cut out a few blood beasts!"

The "Hong Zhan" in Li Tian's hand also shook abruptly, as if to say he was still there.

But since this "Red Slash" was trained by the female fog man, Li Tian never had the opportunity to communicate with the sword spirit.

"It looks like the battle below should be over!" The mutant crow said.

However, as soon as the mutant crow's words fell, something unexpected happened below.

Chapter 3893: Ninjutsu illusion

"It's useless! It's useless! Even if you kill all these clones, it's useless!" Ueda Mitsuji sneered. ,

And with this sneer of Ueda Mitsuji, the bamboo shoots near the green bamboo in Ueda Mitsuji's hand began to grow out, really like bamboo shoots after a rain, all growing out at a speed visible to the naked eye.

After these bamboo shoots grew out, they did not turn into green bamboos, but exploded into flowers in an instant.

"boom!"

"boom!"

Colorful substances are constantly floating in the air along with the exploded bamboo shoots.

Although the Kazama Ginbei was on guard, he couldn't see these colorful substances at all. With his breathing, many of these substances entered his breath.

"This... what is this?"

Kazama Ginbei froze in place.

At this time, the concrete pavement around Kazama Ginbei, the grass on both sides of the road, the woods behind the grass, and the houses all disappeared.

Instead, there is a country breeze that crisscrosses the rice paddies.

Nearby, a water buffalo was wandering in the cultivated land. A farmer with a hat, a whip in one hand, and an iron plow in the other, was driving the buffalo forward.

In the distance, a landmark imitation of Tang Dynasty building in Dongying Island is built on the mountain.

Several young girls in Dongying island country costumes walked past the front of Kazama Ginbei with peach blossoms. One of them giggled at Fengyu Ginbei in a charming manner, as if she was deliberately teasing Kazama Ginbei. same.

Not far away, several samurai wearing Dongying island ronin costumes and samurai long swords quickly walked towards the Kazama Ginbei, and when they were seven or eight meters out of him, they knelt down one after another, and then He walked a few meters forward with this attitude, and came to the front of Ginbei Kazama, and said loudly, "Sir Kazuma Kotaro, when did you return from Edo? The subordinates did not go to meet the adults. Hope the Lord atones!"

"Kazema Kotaro! I am Kazema Kotaro? The building in the distance is Odawara Castle!" Kazama Ginbei said to himself with a look of excitement on his face.

The most glorious time of the Fengmo clan was during the Warring States Period of the Dongying Island Kingdom. At that time, the Fengmo clan occupied the entire Odawara City and became famous throughout the Kanto region.

This generation of Wind Demon Kotaro is also the most famous in the Wind Demon clan.

"I am Fengma Kotaro, I have restored the most glorious moment of my ancestors, hahaha!" Kazama Ginbei said with a wild smile.

In the sky, Li Tian saw Kazama Ginbei standing on the spot like a wood, talking to himself like a fool, and frowned involuntarily.

Since the colorful substance exploded from which bamboo shoots, this Kazama Ginbei has become like this, and those blood beasts controlled by Kazama Ginbei lost control and were taken by Ueda Mitsuji. The controlling vines were broken up.

At this time, the dozen or so vines each convolved this sharp green bamboo, aimed at Kazama Ginbei, and might pierce Ginbei's body at any time.

Once these green bamboo poles pierced Fengjian Yinbingwei's body, I am afraid that the ten will be deadly.

"Li Tian, you are optimistic, this is the fate of the partner you choose! In West Jiuzhou Island, no one is the opponent of the abdomen Tiancong adults, whoever it is!" Na Ueda sneered at the sky. Li Tian said.

As he said, the dozen green bamboos were controlled by those vines, and slammed into the body of Kazama Yinbingwei.

Two of them pierced the heart of Ginbei Kazama.

"puff!"

At this moment, Ginbei Kazama was already awake, but it was too late. Blood slowly dripped down the green bamboos. The blood dripped on the ground, and was quickly dried by the high temperature of the ground. It turned into a pool of red.

"It turns out that all this is an illusion, cough cough, Oda Mitsuko's illusion has reached this level, I have no regrets for losing. But... But, I am so unwilling." Kazama Ginbei's face There was a pained expression on his face, and blood was constantly pouring out of his mouth.

Ueda Mitsuji said to Kazama Ginbei, "This is how you betrayed the abdomen-sama Tencong! Now it is you, and soon it will be your turn to take refuge in Li Tian. Do you know about Miyazaki Prefecture and Kumamoto? The prefecture's Shinnin is also rushing here, and the abdomen-sama

Tiancong has already left Fukuoka, and will soon arrive at Ruhr Island. At that time, Li Tian and all his people will die here."

"Bah, dreaming! You still don't understand Li Tian too much, let alone the abdomen clump, even if his ancestor Hanzo is resurrected in the abdomen, he may not be able to kill Li Tian! You idiots! Hahaha! Sooner or later they will be killed. Li Tian beheaded, we just die sooner or later," Kazama Ginbei said with a sneer.

"Ahem!" Yinbingwei coughed again, then raised his head and said to Li Tian: "Li Tian, I know you don't trust me! Now...now, I can't make you trust anymore. It's a pity that I can't cooperate with you and restore the glory of the Wind Demons. I'm so unwilling, so unwilling! After my death, the Wind Demons are officially extinct, I'm so unwilling!"

Ginbei Kazama repeated it three times in a row, so unwilling to do so.

"Huh!"

Li Tian suddenly jumped from the sky, and then used two consecutive teleports, and landed steadily in front of Kazama Ginbei, looking down at the appearance of Kazama Ginbei kneeling on the ground miserably. Said: "Do you want to restore the glory of your ancestors? Follow me, Li Tian, and become my Li Tian's assistant in this Dongying island country. I promise you can restore the glory of your ancestors!"

Ginbei Kazama's head was already hanging down because he heard Li Tian's words and raised it again, and said weakly, "It's late, everything is too late. If you and I joined forces before, we joined forces to kill Mitsuji Ueda, then It's possible! But... ahem!"

Kazama Ginbei coughed quickly, and with each cough, blood from the wound on his body kept flowing out!

At this time, several figures in the distance continued to gallop in this direction. Looking at the appearance of those people, it was undoubtedly a ninja.

"Hahaha, yes, Li Tian, you missed the best chance! Now the Shangren from Miyazaki and Kumamoto prefectures have arrived. The five of us have joined forces. I don't believe you can still be our opponent. !" Ueda Mitsuji said with a sneer.

Li Tian did not hesitate to Ueda Mitsuji, and continued to ask Kazama Ginbei: "Will you follow me and give your soul to me! Let me help you achieve your ancestral glory? Say!"

"I...I do!" Ginbei said weakly.

Chapter 3894: Do it

As soon as Kazama Ginbei's words fell, Li Tianyi stretched out his hand and directly sent Kazama Ginbei into the space of Void Yasha.

In this space, there are Windsor, Kobi and others, as well as Void Yasha. Li Tian has already told Windsor through Void Yasha to ask Windsor to treat Ginbei Kazama.

For someone with supernatural powers like Windsor, as long as the silver guard is not dead, all this is possible!

Seeing the sudden disappearance of Kazama Ginbei, Ueda Mitsuji's face immediately showed shock.

"He... what about others? How did you do it?"

Although Mitsuji Ueda asked Li Tian this way, he had already performed the illusion again, and bamboo shoots began to grow out of the green bamboo quickly.

"Huh!" Li Tian snorted coldly, and said to Dixing Yasha with his mind, "Do it!"

In the next second, Li Tian also disappeared.

Li Tian performed two teleports in a row, and instantly appeared behind Ueda Mitsuji.

"Hey, get ready to die!" Li Tian said with a sneer.

"Hahaha, dream about you!"

Mitsuji Ueda sneered and pressed the green bamboo to the ground again.

According to Ueda Mitsuji's plan, the bamboo shoots exploded, causing Li Tian to fall into his illusion. Then, he would use the same method to stab Li Tian with a green bamboo pole until the blood ran away.

However, he did not expect that after the bamboo shoots grew out of the ground, they did not explode, but withered instantly, turning into a pile of powder, and disappeared completely by the wind.

The vines controlled by Ueda Mitsuji did not grow from the ground either.

"How is it possible? How could this be?"

Ueda Mitsuji pushed the green bamboo in his hand to the ground again, but the green bamboo in his hand also began to wither, and the branches and leaves that had grown before disappeared. Ueda Mitsuji finally realized the danger, and wanted to avoid Li Tian, but suddenly he realized that his legs had fallen into the mud without knowing when he wanted to escape, but a horse fell down. On the ground.

"Underground, there are ghosts underground! Did you make a ghost? How did you do it?" Ueda Mitsuji asked in horror.

Ueda Mitsuji was just an ordinary ninja before the end of the world, and should be regarded as the most ordinary ninja among the ninjas.

Before the end of the world, many of those ninjas were already in the absolute core layer of this Dongying island country, and could even start to influence this country.

As Shinobu, Ueda Mitsuji ran a private detective company, relying on catching cheating, taking photos of the private lives of celebrities, and so on. His life is tight and often precarious.

After the end of the world came, Mitsuji Ueda, like Ginbei Kazama, believed that the end of the world was the best chance for a ninja to rise, and he was also very lucky. Not only did he not contract the zombie virus, but instead had a genetic mutation that gave him a good understanding of ninjutsu. New understanding.

Ueda Mitsuji rises quickly, and is appreciated by the abdomen sky cluster, so Ueda Mitsuji feels for the first time that he has also stepped into the upper class.

Therefore, Mitsuji Ueda is very grateful to the abdomen celestial plexus, he will never betray the abdomen celestial plexus, and he will not allow others to betray the abdomen celestial plexus.

"Yes! It's all my ghost! Your little tricks have long been seen through by me. If I didn't guess wrong, your illusions and ninjutsu are all through the roots of the two bamboos in your hand. Let the released material control it! It's just a pity that the roots of your green bamboo were all cut off by my Ji Xing Yasha. Therefore, your ninjutsu is completely ineffective!" Li Tian said .

"How did you do it? What is Jixing Yasha?" Ueda Mitsuji didn't want to die, especially after he climbed from the bottom to the upper end through the end of the world, he was reluctant to die after he could take charge of Ruhr Island .

Seeing the ninjas in Miyazaki and Kumamoto prefectures keep approaching, Mitsuji Ueda tried every means to delay time.

"Want to know? Then I will let you know!"

Li Tian's mind moved, and the ground line Yasha slammed his abilities underground, directly pulling this Ueda Mitsuji into the ground.

Then Li Tian turned around and walked over to meet the four ninjas who had come.

"Shangren? Haha, but that's all!"

Li Tian's right hand clasped "Hong Zhan" and uttered a low voice: "Jie".

Immediately, the "Red Zhan" blade spirit wheel covered Li Tian, and Li Tian's whole body turned into this crimson skin.

"Wow!"

"Wow!"

The four ninjas finally arrived, and they landed a dozen meters away from Li Tian.

When seeing the figure of the sword spirit on the wheel cover of Li Tian's body, the four ninjas involuntarily made a defensive posture, facing Li Tian cautiously.

Then the four ninjas tilted their heads slightly and looked behind Li Tian.

That Ueda Mitsuji had disappeared, leaving only Ueda Mitsuji's fox mask on the ground. Near the messy battle marks, there was also a head of Takayama Yuna.

"Baga! Li Tian, where did you hide Ueda Mitsuji? If you still want to leave here alive, hand him over, otherwise...otherwise we will make you die!" One of them He was wearing a tight-fitting ninja suit, but he didn't wear any ninja facecloth or mask, and said a short man.

The name of the ninja who said this was Ishikawa Kinsuke, and his co-seki Sakyo was the guardian of Miyazaki Prefecture.

Next to Ishikawa Jinsuke, she looked like a female ninja, and she was Seki Sakyo.

Shimu Zuoqing may have a pocky face, or everyone is ugly, with a puppy mask on her face, completely concealing her face. And she wore a pair of black silk stockings, completely wrapped her two thighs, it appeared that the two thighs were slender and long, and the tight top she was wearing also perfectly revealed the curves of her chest, waist, and hips. come out. On the contrary,

people who couldn't see her face were full of expectation, and they seemed to want to uncover the mask to see what this world Muzuojing looked like.

"Kimsuke! Since we can't see Mitsuji Ueda now, it means that the three Kaminin from Ruhr Island have been killed! Don't talk so much nonsense, just do it!" Saiki Sakyo said.

Although Seki Sakyo said so, she did not do it easily, and the other three ninjas did not do it easily.

They were thinking in their hearts that the strength of the three Shangren in Ruhr Island was still very strong, so how could Li Tian kill all three Shangren in such a short time? Even if the information is wrong, Li Tian's strength is too strong!

There was a slight sneer at the corner of Li Tian's mouth, and he said, "Yes! Do it! If you don't do it, then I'm not welcome!"

As he said, Li Tian moved instantaneously, and he appeared behind Ishikawa Jinsuke in the next second. His left hand suddenly grabbed Ishikawa Jinsuke's back, and his right fist slammed into his back!

"Broken Soul Fist!"

Chapter 3895: Super God Mode (1)

"boom!"

This soul-breaking fist hit Ishikawa Jinsuke's body fiercely, and his body was instantly shattered and torn apart by Li Tian's bombardment.

But in the next second, this Ishikawa Jinsuke's body turned into a wooden pier. It turned out that Ishikawa Jinsuke realized the danger the moment Li Tian teleported behind him, and used a substitute technique to hide. Li Tian's attack was attacked, otherwise, just one punch would completely kill him.

The moment Seki Sakyo and Kumamoto's two guardians, Shinnin, appeared behind Ishikawa Kinsuke, they each had a weapon in their hands, and the three attacked Li Tian from three directions.

And when they saw Li Tian's fist breaking Ishikawa Jinsuke to pieces, they realized the danger and jumped back quickly.

They knew that even though Ishikawa Jinsuke escaped Li Tian's attack this time, they also saw Li Tian's strength.

"Damn, Li Tian's strength is at least at the level of Shinnin, and may even be stronger than Shinnin. This information is completely wrong!" the two ninjas in Kumamoto prefecture thought in their hearts.

And at this moment, Li Tian saw seven or eight hidden weapons and shurikens flying from behind, which were launched by Ishikawa Jinsuke who had escaped from the dead.

Li Tian teleported and moved seven or eight meters forward, easily evading the attack of this hidden weapon.

"Duh!"

"Duh!"

All these hidden weapons hit the ground.

"boom!"

One of the hidden weapons concealed the detonation talisman. After the hidden weapon hit the ground, it exploded in an instant, exploding a big hole in the ground!

The earth is flying!

"How is it possible? Does he still have eyes behind him? Otherwise, how could he see my attack with his back facing me?" Ishikawa Jinsuke's heart was full of shock.

"No, this attack did not play an offensive role, but it exposed my position. I must leave here!"

After Ishikawa Jinsuke missed a hit, he knew that his hiding position had been exposed, and he swiftly moved through the woods and grass on both sides of the road to confuse Li Tian.

But where did Ishikawa Jinsuke know that there are still Li Tian's four eyes in the sky.

That's right, the Flying Yaksha and the mutant crow soaring in the sky are Li Tian's best eyes. It can be said that Li Tian has a 360-degree vision. Coupled with the "Red Slash" sword spirit on the outer wheel of Li Tian's body, Li Tian can easily detect any attack on the sword spirit.

Therefore, let alone that Ishikawa Jinsuke's hidden weapon attacked, even if it was any movement or movement of these four ninjas, Li Tian could see clearly.

But at this time, Li Tian did not attack Ishikawa Jinsuke.

"I was evaded by you this time, but I won't have such good luck next time!" Li Tian sneered, thinking in his heart.

Although Na Shimu Zuojing knew that Li Tian was very strong, she did not have much fear as a Shinobu.

Moreover, Shimu Zuojing is full of confidence in her own strength.

"Li Tian? As long as you are a man, it is impossible to escape the palm of my hand! The mainland men who died in my hands, there are seven or eight hundred without a thousand, you will be like them, and sooner or later will become a specimen I collected!" Mu Zuojing's mouth showed a playful smile.

But she was wearing a mask, and Li Tian couldn't see it.

"Da da!"

Shimu Zuojing twisted his waist abruptly, his legs lightly touched the ground, his body leapt towards Li Tian, and the shuriken in his hand had already pierced towards Li Tian's lower body. The figure of this female ninja is very good, especially the pair on the chest, as she runs up and down, the waves are turbulent, giving people a pleasing feeling.

But Li Tian had no such thoughts at all, because in Li Tian's heart, he had preconceived that this woman had a face like a flower or sister Feng, not to mention that Li Tian is a beautiful woman who has never seen it before. At this kind of time, I will be happy.

"Nima, the most poisonous woman's heart, this place is also something you can attack?" Li Tian hummed coldly.

I saw that the shuriken in Semu Zuojing's hand was more than a foot away from Li Tian's body, but Li Tian's left and right hands suddenly displayed broken soul palms, and he slammed the shuriken arm toward Semu Zuojing. I took a hard shot.

Sure enough, this fierce palm technique hit Shimu Zuojing's arm, and it must be a tragic picture.

And this Shimu Zuojing also knew that Li Tian was amazing. The moment Li Tian stretched out his palm, he had already stopped and jumped back.

"Don't all the men in your mainland know how to pity and cherish jade? You scared me just now. You see my jump is very strong now. Don't believe it? If you don't believe it, you can touch it!" When Shimu Zuojing said this She stretched out a hand and suddenly grabbed the one in her heart.

The tight-fitting ninja clothes seemed to be torn apart, a small dot was looming on the clothes, and Seki Sakyo consciously or unconsciously flicked her hair with the other hand, and the mask she was wearing She slipped down at this moment, revealing her charming face.

The otaku goddess Sora Aoi?

That's right, it is Sora Aoi that the face that Shiki Zuojing shows!

In other words: I don't know Sora Aoi, and it's vain to read all pornography,...Uh, it's Mutoran.

But it doesn't matter, this Sora Aoi has extremely high popularity throughout Asia. He has been listed in the ranking of otaku goddess many times and is a must-have for many men. In addition, now this Shikizuokyo deliberately shows charming, this woman now has it. Very strong lethality.

Even the two ninjas from Kumamoto prefecture couldn't help but swallowed their saliva, wishing to rush up now to rectify Seki Sakyo on the spot.

Now Saki Sakyo is performing one type of ninjutsu: the art of charm.

However, although Shimu Zuojing was extremely charming and deliberately showed her attractive body, Li Tian showed no signs of being confused.

"Auntie, it turns out that you are so old! Tsk tsk, you are so old, don't come out to be coquettish anymore, people are about to vomit!" Li Tian said disdainfully.

Charm?

Can't you change the face of a younger actress?

This grandma Aoi has retired long ago, so don't ruin her family like this!

In the next second, Li Tian had already teleported behind Shimu Zuojing, and the broken soul palm slammed on her back.

Na Shimu Zuojing originally thought that this was a tenable thing, but didn't expect Li Tian to not eat this set at all, and when Li Tian teleported behind her and attacked her, her face showed panic.

Unfortunately, it is too late!

"boom!"

Shimu Zuojing was slapped heavily on the back, and she felt that all the internal organs in her body seemed to be smashed. Her body flew out directly and fell heavily to the ground.

Chapter 3896: Super God Mode (2)

"You...you...poof!" Shimu Zuoqing pointed at Li Tian, but the corner of his mouth kept bleeding out, seeing that he could not survive.

The two ninjas from Kumamoto Prefecture were attacked at Seki Sakyo and then they sobered up. The two attacked at the same time.

One of the ninjas made several knots in succession with his hands, slammed them on the ground, and shouted: "Edden! Melaleuca lock!"

"Boom!"

For a moment, Li Tian only felt the ground under his feet sway slightly.

In the next second, behind Li Tian, a few layers of soil walls appeared on the left and right.

The earth wall was not straight up, but slightly curved. In less than a second, Li Tian was surrounded by the three earth walls, leaving only the side in front of him.

Of course, this aspect did not allow Li Tian to escape.

At this time, the other ninja was like a machine that fired hidden weapons. At the moment of shooting, countless dark, darts, and shurikens flew out of this person. The attacks were very dense, as if The raindrops are dense and dense, even mice don't want to escape from this dense hidden weapon attack, and the ten of these hidden weapons have detonating charms, it seems that they want to blow Li Tian to pieces.

"Haha, let's see how you Li Tian escape this time? Although my thousand-story stone lock is a soil wall, it has a hardness comparable to steel plate. No one who is trapped by my thousand-story lock can escape from it! "The ninja who performed the earth escape technique said with a sneer.

Faced with this situation, Li Tian did not panic at all.

There was a sneer at the corner of Li Tian's mouth, and he said, "Playing with dirt? Your ***** thing is still a little tender. When Dixing Yasha was playing with dirt, you weren't even a tadpole! It's really a dead end!"

As Li Tian's mind moved, in front of Li Tian, another dozen earthen walls suddenly appeared. These earthen walls, layer by layer, completely blocked the way that hidden weapons must pass.

"boom!"

"boom!"

A continuous explosion sounded in front of Li Tian.

"Yagihara Kamezo, what do you mean? Why did the earth escape technique stand in front of Li Tian?" The ninja looked at the ninja who performed the earth escape technique dissatisfied and said.

Yanagihara Kamizo's face also showed a puzzled expression, and said, "How is this possible? Those earth walls are not the earth escape technique I used!"

"Fart, we are here for you to use the earthen escape technique, isn't it because you are still Li Tian?" Although the ninja has cooperated with Yubara Kamezo for more than a year, he also knows that Yubara Kamezo has never made such a mistake. , But seeing that Li Tian could be killed, but was

suddenly blocked by these earth walls emerging from the ground, the anger in his heart instantly dissipated his reason, and he couldn't help but swear.

"Steel plate? Let me take a look at the steel plate of the thousand-layer lock!"

Li Tian raised his fist abruptly, and hit the earth wall created by Liu Yuan Guisan, "Puff!" With a sound, Li Tian's punch directly opened a hole in the earth wall.

The soil escape technique of Yanagahara and Turtles was not a bit different from Xiaoyasha's ability. Li Tian didn't use much force, and a hole in the soil wall had already been opened.

Then Li Tian continuously cast his soul-breaking fist against the soil wall several times, and then took several shots of the soul-breaking palm in a row.

"Boom!" The wall behind Li Tian collapsed completely, and Li Tian easily walked out of the thousand-layer lock.

The hardness of this thousand-layer lock is almost the same as that of steel plate, but under the attack of Li Tian's Broken Soul Fist and Broken Soul Palm, it is useless.

In the distance, Ishikawa Jinsuke, who was hiding on the trunk of a big tree, witnessed the defeat of Seki Sakyo, and saw this scene with his own eyes.

The so-called bystander Qing, this Ishikawa Kinsuke is very clear that the soil wall blocking Li Tian is not the soil escape technique performed by Yanagahara and Kamizo.

"It definitely won't be Yanagibara Kamezo. This Yanagahara Kamezo has reached the point of perfect ninjutsu. Since he wants to lock Li Tian, how can he cause trouble for himself? But is it not Yanagahara, it will be Who? Could it be... Li Tian?" Thinking of this, Ishikawa Jinsuke's face can no longer be calm.

Ishikawa Jinsuke counted in his heart: "Ueda Mitsuji was killed, Takayama Suuna was killed, Seki Sakyo was severely wounded, Kazama Ginbei's whereabouts are unknown, and when Li Tian confronts us again But I am not afraid at all. Is this... Are these all coincidences? No, it must not be the case. This only shows that Li Tian has such strength!"

"Damn it, the ability to collect intelligence from other countries in the last days really declined, and the intelligence collection for a powerful opponent like Li Tian is so inadequate. No, I must inform Master Tiancong in the belly as soon as possible. The strength has far surpassed Shinnin, and it is not something we can handle!" Ishikawa Jinsuke thought in his heart.

At this moment, Ishikawa Jinsuke's heart suddenly became alert, as if danger was constantly approaching him.

However, Ishikawa Jinsuke saw Li Tian still fighting with two ninjas like Yanagahara Guisan!

"Damn, why do I start to fear Li Tian in my heart? It has already affected me! No, they are dragging Li Tian on the Liubara Guizo, I must escape here as soon as possible!"

Ishikawa Jinsuke wanted to turn around and escape, but saw a black weapon suddenly appeared out of thin air in front of him. This weapon had already stabbed him fiercely, but the owner of this black weapon was a very young looking person. Maiden!

Ishikawa Jinsuke's pupils suddenly dilated, and the horror in his heart had reached the point where it could not be added.

"Impossible? Even Shangnin's invisibility technique can't reach this point. How did this man do it!" Ishikawa Jinsuke leaped back suddenly, and when his body was still in the air, he went to the ground. A smoke bomb was thrown out, and he wanted to escape with the smoke bomb.

"Huh!"

Another cold light suddenly flashed behind this Ishikawa Jinsuke, who did not expect that there would be other people behind him attacking, and he was severely slapped in the back.

"Fortunately there is a chain mail!" Ishikawa Jinsuke thought in his heart.

However, his fluke hadn't lasted for a second, he felt a fiery pain in his back, and the chain mail was directly cut by the knife.

"Damn! How could two women suddenly appear? And the invisibility of these two women has far surpassed the invisibility of ordinary Shinobu!"

Ishikawa Jinsuke's hands slammed into the seal, and instantly cast a substitute technique, leaving a wooden pier on the ground, and Ishikawa Jinsuke had escaped to the trunk of a big tree.

However, as soon as he appeared, Li Tian also teleported behind him.

"boom!"

Li Tianyi hit the soul-breaking punch directly on Ishikawa Jinsuke's back. Ishikawa Jinsuke didn't even have a chance to react, so he fell all over.

Chapter 3897: Senri Akaen

Ishikawa Jin helped die.

Situ Ningbing and Wei Wei came to Ishikawa Jinsuke's side. They didn't let him go because of his death, and they supplemented him a few times, confirming that it was Ishikawa Jinsuke who died this time instead of a substitute technique.

"Li, you are too aggressive, this will worry us!" Situ Ningbing said.

Li Tian didn't argue, he smiled and said repeatedly, "Okay! But I want to know if you are worried about me, or you are both worried about me!"

Seeing that Li Tian didn't forget to molest her at this time, Situ Ningbing knew that her worries seemed unnecessary.

"Li, who are these people? Are you not chasing a ninja? How come so many ninjas suddenly appeared?" Situ Ningbing asked.

"These are Shangnin from Miyazaki and Kumamoto prefectures. They are here to help Shangnin from Ruhr Island. Although they are a little bit strong, they are not tricky. It's okay to solve them all at once and save trouble, but you, Why did you catch up so quickly?" Li Tian said.

Two-dimensional said: "Master Ningbing is worried about your safety. Originally, our speed was not slow. When we heard the sound of fighting, we accelerated. Then we saw you hiding in the mutant crow. , So we used the hermit killing technique to hide, while Shaman'er and Sister Xueji hid on the side and did not make a move."

"The little girl really can't speak. What is hiding in the mutant crow? I'm just reaping the fisherman's profit! It's wisdom, don't you understand!" Li Tian said.

"Li, if you don't belong to my race, your heart will be different. You accept that ninja, but you must be careful, you can't completely trust him!" Situ Ningbing saw Li Tian send the Fengjian Silver Guard to the void In the space of Yasha, that's why there is such a saying.

"I know! Later I will learn a contract technique with Xiaoyasha to make the Kazama Silver Soldier become my servant. Even if he wants to betray me, he can't do it!" Li Tian said.

While they were talking, Na Xueji and Ouyang Man were already fighting with two ninjas like Yanagahara Guisan.

Xue Ji came up with her current strongest attacking Misty sword technique.

With the use of Misty Sword Technique, seven or eight phantoms of Xue Ji appeared immediately.

After seeing these figures of Xue Ji, Liu Yuan Guizo also showed a shocked expression on his face.

"How come? Do these Li Tian's followers also know how to do ninjutsu?"

"Cavater, this is one of the most advanced ninjutsu. Only a great person like the abdomen sky cluster can truly do clones, and Mitsuji Ueda is just a combination of illusion and clone!" Yanagihara Kamezo thought. Thinking about it.

The first thing that Yanagibara Kamezo knew was that he had mistaken the Misty Swordsmanship for the avatar, and there was already a little more panic in his heart, so he was unavoidable when he was fighting.

He used the earth escape technique several times in a row, but he didn't trap Xue Ji.

And under the attack of Xue Ji's seven or eight figures, the earth escape technique has become a tasteless, and Yanagahara Guizo will not get a good opportunity to use it.

However, aside from this ninjutsu, Yanagahara Guizo himself is also very powerful.

Facing the siege of the battle of seven or eight Xue Ji, Liu Yuangui also fell into the wind.

However, if he wanted to defeat Xue Ji, it would not be so easy.

The figure of the seven or eight Xue Ji, although this is not a clone technique, but it also has a very strong attack, which is not much different from the legendary multiple clone technique.

Originally, Li Tian was worried that Xue Ji was not Yanagibara's opponent, and wanted to go up to help Xue Ji, but when Li Tian saw Xue Ji fighting, his expression on his face was relaxed and he didn't seem to be struggling, so he gradually relieved. .

"I didn't expect Xue Ji's strength to improve so obviously in the past few months!" Li Tian sighed.

"Don't forget that Xue Ji was the lord of the first house in the other world. After arriving in the earth world, although all her illusions have disappeared, this martial art is the same in the first place, and her progress is imaginable! If In time, she will give you more surprises! It's a pity that she can't cultivate Qingyun, otherwise she is now the strongest in our heavens besides you!" Situ Ningbing said.

Li Tian looked at the two-dimensional, but saw that since the two-dimensional said that sentence, his eyes have been staring at Ouyang Man in the distance.

At this time, it was the ninja who had released the hidden weapon that was fighting Ouyang Man.

That ninja is definitely a human weapon. From the time he and Li Tian started fighting to the present, the ground has been densely covered with hidden weapons, but this ninja can still fire hidden weapons from his body.

Li Tian couldn't even understand how this ninja could hide so many hidden weapons. Is there a storage room in his body similar to the space of Li Tian's Void Yasha?

Li Tian didn't believe that he had this kind of space, that name could only show that the ninja had another way.

However, his luck is also considered bad. If he was replaced by someone else, he might have already won by this time.

But what he faced was Ouyang Man, this stupid man with a heavy armor.

His concealed weapons hit Ouyangman's armor with a few sporadic sparks at most. Even with the detonation talisman, it is only a few steps that can explode Ouyangman's hind legs.

This ninja is not bad.

But what he encountered was Ouyang Man, this Ouyang Man was like his natural nemesis, making his attack completely useless!

"Damn armor man, I will make you pay a heavy price!" the ninja cursed in his heart.

Although this ninja had nothing to do with Ouyang Man, he didn't panic at all. He still attacked Ouyang Man constantly according to his rhythm.

"Hey!"

Silly Man'er heard the tinkling sound of the hidden weapon hitting the armor, and smirked, then suddenly accelerated, holding the epee, and slashing towards the ninja.

Don't be fooled by the silly man's figure in armor, this silly man has the speed not to lose to Li Tian.

As soon as Silly Man'er shifted the speed, the ninja obviously felt strenuous, and as a result, the flaws in his body also increased.

Ouyang Man saw a flaw in the ninja and rushed forward, with the heavy sword in his hand stabs the ninja's chest horizontally.

The ninja was too late to avoid it, and resisted it with his shuriken, and then his shuriken made a clear sound, which broke the city twice. But he was directly blown out, fell heavily to the ground, and then rolled on the ground in embarrassment a few times.

"Damn! You completely angered this uncle, and this uncle wants you to taste the greatness of this uncle's Chiyan Qianli!" When the ninja said this, two hidden weapons hit Ouyang Man again.

"Ding Dong"

As soon as these two hidden weapons fell on the ground, they started to ignite in an instant.

Chapter 3898: Ninja Scroll

"call!"

The flame suddenly rose to a height of a meter, and the other hidden weapons that had fallen on the ground also began to burn at this time.

In almost an instant, the surrounding area of several hundred meters was covered by this flame.

Seeing the flames, the Yanagibara Tortoise showed a frightened expression on his face.

Suddenly Yanagahara Guizo suddenly used the earth escape technique, completely surrounded himself in several mud walls, in order to isolate the flame attack.

"Not good!" Li Tian cried out in his heart.

He didn't expect this hidden weapon male ninja to have such a life-saving trick, and he communicated with Dixing Yasha in his mind for the first time, so that Dixing Yasha brought Xue Ji into the ground.

With the presence of the land line Yaksha, Xue Ji would not be like Ueda Mitsuji, who would hold her breath alive when entering the ground.

At this time, the surrounding flames had completely burnt up, and although the overfire area was not as exaggerated as a thousand miles, it was still a thousand meters.

The flame burned, and the grass on both sides of the road was burnt and withered instantly, but the grass caught fire within a few breaths.

It can be seen that the temperature of this Chi Yan Qianli flame.

Li Tian also thought about bringing Shaman'er to the ground, but saw Shaman'er wave his hand slightly in the direction where Li Tian was.

"Hey, it's kind of interesting, if that's the case, then I will treat you as an opponent and play a serious fight!" Silly Man'er said with a sneer.

As soon as Silly Man's words fell, he slammed the heavy sword in his hand into the ground. In an instant, there were dozens of scarlet runes on the epee in Silly Man'er's hand. These runes quickly wandered on the epee, and then quickly appeared on Silly Man's armor.

After the flames around the silly man touched these runes, those flames would be directly absorbed by the rune, and the runes seemed even more dazzling, but the silly man's did not suffer any harm at all.

Seeing these runes, the corners of Li Tian's mouth showed a smile worthy of fun.

When in Guixi, Li Tian once fought with Silly Man'er. At that time, the heat generated by these runes on this Silly Man'er made Li Tian retreat.

Therefore, the hidden weapon ninja may be miscalculating again this time.

Sure enough, as Li Tian expected.

After this rune appeared on that silly man's body, the blazing flame did not cause any harm to the silly man's body, and the silly man'er was not afraid at all, and rushed towards the hidden weapon ninja in a stride.

The heavy sword in his hand seemed to be burning, surrounded by scarlet flames.

This feeling is like the holy sword in the Three Swordsman of the Three Kingdoms that Li Tian used to play in the arcade game hall when he was a child, except that the epee in the hands of Silly Man's is wider. With the swing of the epee, the flame on the sword made a "whoop" sound in the wind, which made it look silly and pull the wind.

"So handsome! So cool! I want to play too!"

Li Tian's eyes were envious, and he couldn't wait for him to fight now, not the foolish man.

But when this picture appeared in the eyes of the hidden weapon ninja, it was completely another ***** expression.

"Unwilling to do it, are you adding fate? How can you not be afraid of flames, but also control flames?" The ninja said in horror.

Yiangu Tumei is the ***** of fire in the mythology of Dongying!

The psychology of the hidden weapon ninja at this time has completely collapsed.

What he can calculate is to use Chi Yan Qianli to burn the silly man to death, but the silly man is not afraid of his flames at all, and can even control his flames, just like a god.

How to fight with God?

The hidden weapon ninja was sitting on the ground, although the hidden weapon ninja had escaped from the flame burning range when he used the Chi Yan potential, but at this time he already felt the temperature of his body rise sharply, as if it was controlled by the silly man. The flame has appeared in his body.

The body of the hidden weapon ninja kept sweating down. At this time, he had completely given up, but he was already thinking of getting an answer from the mouth of the silly man, an answer that would make him die right!

But there is no answer!

The only answer to this hidden weapon ninja was that silly man's epee.

Silly Man'er really walked out of the flames like a fire god, then walked to the hidden weapon ninja and pointed the heavy sword at him.

However, the eyes of the hidden weapon ninja had lost their natural luster, and he slumped on the ground without any reaction.

"Hmph, are you just such a bit of strength? It's really disappointing!" Ouyang said disdainfully.

With that, Ouyang Man lifted the heavy sword with one hand and slashed at the neck of the hidden weapon ninja.

"puff!"

Blood spurted out of the ninja's neck in an instant, and his head flew up five or six meters before it fell to the ground.

The skin on the neck of the hidden weapon ninja was burned by the hot flame, and it was instantly burned, and the skin turned directly into charcoal black.

After the hidden weapon ninja died, the flame in the kilometer range burned for less than a minute before it went out.

At this time, Xue Ji had been sent to Li Tian by Di Xing Yasha.

"This Ouyang Man is so powerful!" Xue Ji sighed.

"Yes, I really don't understand how Li defeated this stupid man!" Situ Ningbing's face showed a puzzled expression.

"Ahem, that's because your husband Li Tian is better!" Li Tian said awkwardly.

The fight between Li Tian and the silly man's back did not actually tell the winner, and the silly man was thrown directly into the space of Xiaoyasha by Li Tian. Later, Li Tian rescued Ouyang Shiqing, and the silly man followed Ouyang Shiqing.

"Although the hidden weapon ninja is dead, there is still Yubara Tortoise hiding in his shell. You show me this tortoise. Don't let him escape for me!" Li Tian said.

Then Li Tian cast several teleports in succession, and quickly walked towards the corpse of the hidden weapon ninja.

That silly man's still wanted to continue cutting off the body of the hidden weapon ninja, but was stopped by Li Tian.

"Silly man, did you see the tortoise shell? The Liubara tortoises in the tortoise shell is stronger. You can fight with him. Let me take care of it!"

After Li Tian took Ouyang Man's style of play, he glanced at the head of the hidden weapon ninja, and then reached out and fumbled for the hidden weapon ninja.

"Strange, this hidden weapon ninja can release so many hidden weapons, but why can't he even find a hidden weapon on his body?" Li Tian wondered.

Soon Li Tian found something strange on this hidden weapon ninja. Li Tian took out the thing and saw that it was less than 20 centimeters in length. It was a cylindrical object with two ends. The golden metal is fixed, and it looks like a scroll.

"Is this the legendary Ninja Scroll?" Li Tian's face immediately showed an expression of excitement.

Chapter 3899: killed

Li Tian knew that in the ninja world, there were many great ninjutsu, and this ninja scroll was one of them. .

If Li Tian didn't guess wrong, then the hidden weapon ninja must have sealed those hidden weapons in this ninja scroll, and then released all the hidden weapons when they were used.

Li Tian's heart was full of curiosity. He especially wanted to study this ninja scroll, but he didn't know how to use this ninja scroll, and worried that he would destroy the scroll if he opened it brutally. Of course, Li Tian was also worried that it might be dangerous to open this scroll rashly.

After thinking for a while, Li Tian decided to give this scroll to Kazama Ginbei.

In this way, Li Tian can avoid the danger of opening the scroll from spreading to him, and can also buy the hearts of Kazama Ginbei, which can be described as killing two birds with one stone.

After putting away the scrolls, Li Tian brought Kazama Ginbei and Windsor out of the space of Void Yasha.

Kazama Ginbei's wounds have been healed by Windsor seven or eighty eight. Although it is not good, it is definitely not dead for the time being.

This is what Li Tian deliberately asked Windsor to do!

Kazama Ginbei thought he was dead, but he didn't expect that he could borrow his life.

In Li Tian's space, Kazama Ginbei also saw Li Tian's supernatural powers, and saw the strength of Li Tian's brother Windsor.

Kazama Ginbei is the nineteenth generation of Fengma Kotaro. Even if he is saved by Li Tian once, he thinks that this is what Li Tian should do. This is the basis of their cooperation, so although he is shocked, he is not Not grateful.

At this time, he had forgotten that when Li Tian rescued him, he told Li Tian to give his soul to Li Tian.

But when he came out of the space of Void Yasha, he saw the corpse of the hidden weapon ninja, the corpse of Ishikawa Kinsuke, and the scorched land everywhere in the vast space of this kilometer. Ginbei Kazama was right. Li Tian had another layer of fear in his heart.

"Where are Seki Sakyo and Yanagihara Kamezo? Where is Ueda Mitsuji?" Ginbei Kazama swallowed his saliva and said. When Ginbei said this, he realized that his voice was trembling. This kind of fear that the body naturally releases is completely out of his control.

"Mitsuji Ueda has been buried in the soil by me, and you can still see his complete body in a while, and that Shikizuokyo, she is a bit sadder, there is no ashes that has been burned by this flame. Tortoise Yanagahara, curled up in the tortoise shell over there, has now become a turtle in the urn, and death is only a matter of time." Li Tian said.

"Puff!" Kazama Ginbei directly half-kneeled in front of Li Tian, and the noble head of the underground said to Li Tian: "Lord Li Tian, I Kazama Ginbei is willing to serve Lord Li Tian, this Yubara and Gui Sanhe I have worked with a partner, he will leave it to me to surrender!"

Li Tian was still very satisfied with the change in Kazama Ginbei's attitude.

Li Tian took out the ninja scroll again and said to Kazama Ginbei: "Very well, since you have decided to be loyal to me, then I will not treat you badly. Do you think this thing is useful? "

When the Kazama Ginbei saw this ninja scroll, his face couldn't help showing a greedy expression, and even a trace of snatching evil thoughts appeared in his heart.

However, Ginbei defeated rationally, lowered his head, stared at the ground, and said, "Master Li Tian, this is a ninja scroll. It is also the best cutting tool among ninja blades. Lord Li Tian, please put away this scroll, Kazama Ginbei dare not take it for himself!"

Li Tian threw the ninja scroll in front of Kazama Ginbei, and said, "You can save the things you give to you. I said, as long as you follow me, Li Tian, don't say it's to restore you. The glory of the ancestors, even if it makes you the leader of this Dongying Ninja World, it is not impossible."

Kazama Ginbei's reaction speed was extremely fast, he directly wrapped the ninja scroll in his arms, and carefully patted the mud on the scroll. There was an expression of excitement in his eyes, and he nodded and said: "Understood! Subordinates understand. !"

"It's good to understand, then Yubara Kamizo will leave it to you! I will tell you in advance that it doesn't matter to me whether this Yubara Kamezo will follow me or not, my people are enough, but since you are confident to recruit him, Then I will give you a chance. However, my patience is limited, so I won't say much about the rest!" Li Tian said.

The Ginbei Kazama nodded heavily and said, "Okay, I understand!"

At this moment, Na Ouyang Man had already used the epee to cut the tortoise shell open, and directly stretched out his hand to pull out the Liu Yuan Gui San who was hiding inside.

Although Yubara Tortoise III used the earth escape technique to block himself in Chi Yan Qianli, but the high temperature almost roasted Yubara Tortoise III. At this time, Yubara Tortoise III was disheveled and looked in a trance. Ouyang Man used it. There was no resistance when it was mentioned.

With a disappointed expression on Ouyang Man's face, he slammed Liu Yuanguizo to the ground.

"It's a waste, it's not fun at all!"

Ouyang Man has raised the epee in his hand, preparing to kill Liu Yuangui three.

Feng Yu Yinbing couldn't help but feel anxious when he saw this situation, and hurriedly ran and jumped up from the ground, rushing in the direction of Yanagahara Guizo.

"Keep people under the knife, keep people under the knife!" Kazama Ginbei shouted loudly.

Hearing the shout of Kazama Yinbingwei, Ouyang Man put away his epee in disdain.

Seeing Ouyang Man, Kazama Ginbei's heart felt shocked again.

This Ouyang Man is completely different from Li Tian. Although Li Tian is strong, Li Tian can send and receive that kind of power freely, so it seems that Li Tian is not very strong. But even though the flame on the epee in Ouyang Man's hand was extinguished at this time, the runes on his body were still there, and his body exuded a mysterious and powerful force, giving people a strong sense of oppression.

"Keep people under the knife... Master Li Tian said that you can leave a pariah from Liu Yuan Guizo!" Kazama Yinbing said to Ouyang Man with a smile that he thought was pretty good.

"Humph!" Ouyang Man snorted coldly, but didn't continue to make a move, putting the epee on his shoulder, and the rune on his body slowly receded.

Ginbei Kazama breathed a sigh of relief, and squatted down and patted Yanagahara Kamezo's cheek.

Yanagihara Kamizo's eyes gradually became wise.

The face of Yubara Kamezo, who escaped from the dead, showed a kind of rejoicing for the rest of his life, but when he saw Ginbei Kazama followed Li Tian and others, he couldn't help saying:

"You... why are you here? , Why are you with these Shina dogs?"

"Shut up! You don't want to live anymore? Those Shangren who came with you are already dead. If you don't want to die, then you can listen to my arrangements. From now on you will work with me for Master Li Tian, promise..."

Before Ginbei Kazama had finished speaking, he was interrupted by Yanagihara Kamezo.

"Dreaming, you traitor, dare to betray Master Tiancong in the abdomen and let me follow these dogs unless I die!"

"Huh!"

"Red Zhan" flew from a distance suddenly, a red light flashed, and the head of Yanagihara Guizo was cut in half by "Red Zhan" accurately.

Chapter 3900: news

"Since I beg to die, how can I not satisfy his wish?" Li Tian walked over slowly and said disdainfully. .,

Kazama Ginbei didn't say anything, and he didn't dare to say anything anymore.

Li Tian said earlier that his patience is limited.

That Yanagihara Kamezo couldn't blame others for seeking death by himself.

"Xiao Tianyi, these corpses are handed over to you! Silly man, if you are interested, you can also go!" Li Tian said.

The little Tianyi laughed immediately, and he was not polite, and stretched out his hand to walk the two legs of Liu Yuan Guizo towards the distance.

But the silly man shook his head, and didn't mean to **** food with Xiao Tianyi!

After Ouyang Shiqing and Ouyang Man followed Li Tian, they did not use the corpse as food like the captain and Xiao Tianyi. They both started to eat some simple food under Li Tian's deliberate guidance.

On the other side, the little Tianyi pulled the corpses of Yanagihara Guizo, Hidden Weapon Ninja and Ishikawa Kinsuke together, and then greeted the mutant bat and the mutant crow to start eating together.

Even if Kazama Ginbei, who has long been used to seeing zombies devouring humans, sees this kind of picture, he still keeps nauseous. If he were not afraid of Li Tian, he would have ran aside but vomited.

Jixing Yasha also gave the corpse of Ueda Mitsuji to Xiao Tianyi, it is a meal for Xiao Tianyi!

"Lee, now the guardians of Ruhr Island, Miyazaki and Kumamoto prefectures have all died here, what should we do next? Should we chase after victory..." Situ Ningbing asked.

Li Tian shook his head and said, "No, we are waiting here! Since the belly Tiancong already knows that we will come here, and arranged these Shangren to deal with us, then he will certainly not just ignore these Shangren's deaths. , Let alone ignore Kazama Ginbei's betrayal. Therefore, we only need to wait for him here."

"Oh, by the way, Kazama Ginbei, now you tell me about the situation in the East Island country!" Li Tian said.

Kazama Ginbei nodded, sorted out his thoughts, and said: "This Toyo island country is mainly composed of four islands and thousands of small islands. I think you all know these. I won't repeat them here. In the end times From now on, the Dongying Island Country, like other countries, will soon fall and become a world of zombies."

"But this apocalypse is not coming in a day. In other countries, the zombie virus is completely rampant. To avoid the invasion of the zombie virus, the government authorities of the East China Island have directly shut down the country, completely preventing the movement of people with other countries, and even the Internet, TV, The phone and all other information that might be able to get in touch with the outside world are all cut off. However, the zombie virus has not been cut off because of the isolation and lockdown. The zombie virus has still begun to spread in Dongying Island."

"But in order to conceal the truth of the matter, as long as someone is infected with the zombie virus, they are immediately punishable, and even their family members are not let go. But just like that, the zombie virus still spreads quickly."

"When the authorities saw that this situation was unavoidable, they fled the capital and escaped into the mountains, ignoring the lives of ordinary people, forming new organizations with the ninja organizations and samurai organizations that supported them. So since then After that, the Dongying island nation became the four Dongying islands. There are hundreds of organizations of different sizes on these four islands. The largest organization on West Kyushu Island is the Ninja organization led by Abdomen Tiancong."

Li Tian asked: "How strong is the abdomen sky cluster?"

Kazama Ginbei shook his head slightly, and said, "Unfathomable! This abdominal sky cluster was formerly the deputy leader of Iga Ninja, with very powerful strength. After the end times, this abdominal sky cluster betrayed Iga. Ninjas, returned to West Kyushu Island and created the current Ninja Organization Tiancong! After three years of battle, West Kyushu Island has gradually been unified."

"At that time, he was the most powerful ninja in West Kyushu, and even the Shangnin sent by Iga to chase him were not his opponents. After that, probably a year ago, this belly Tiancong was lucky. With the appreciation of Lord Three Corpses, his strength has once again begun to advance by leaps and bounds. Now his strength is a mystery! It is estimated to be stronger than the commanders of the top ten legions in your continent!"

Li Tian couldn't help taking a breath.

"More powerful than the captain of the top ten legions? Then why doesn't he participate in the Forbes power competition?" Li Tian asked.

Kazama Ginbei smiled slightly and said: "After the corpse-sama came to this eastern island country, he supported a lot of power, but the corpse also stipulates that no one is allowed to participate in the Forbes power competition, so in the past three years, the whole There is no individual or legion to participate in the Forbes Power Contest."

"You go on!"

Ginbei Kazama nodded and said, "To the east of West Kyushu Island are Minami-Shikoku Island and Honnakashu Island. Minami-Shikoku Island was previously under the nominal control of the Koga Ninja Organization, but a few months ago, This place has been occupied and controlled by funerals from the sea. Honshu Island is divided into..."

"Wait, you said that Nansiguo Island was occupied by funerals from the sea? Do you know the specific information?" Li Tian asked.

Kazama Ginbei shook his head and said, "I'm really sorry. It is said that the mourning objects in the sea are very huge, because the zombie viruses can leave the sea to live and occupy this southern Shikoku island. There are also others before. The ninjas wanted to regain the human base, but none of the ninjas sent in the past came back alive. Even those ships will be attacked by those huge funerals before they get close to the South Shikoku Island!"

"The huge bereavement in the sea, is it... is it Yang Guo?" Situ Ningbing asked.

Li Tian nodded, with a hint of excitement on his face, and said, "It is very likely that this kid is. This kid said that he was a surprise for me. I didn't expect it to be this South Siguo Island. It's a saver. Let's go fight. This island is now. And with the help of Yang Guo, our trip to the four islands in East China will also go smoothly!"

Kazama Ginbei was surprised and couldn't say anything. After a while, he said, "Lee...sama Li Tian, is Nanshiguo Island your layout?"

Although Li Tian was not sure in his heart, according to Kazama Ginbei's description, those ten were Yang Guo.

"Of course!"

"But... but according to the latest information, weren't you banished?" The final voice of Ginbei Kazama was already very weak, and he could hardly be heard.

"How is it possible! Have you ever seen the exiled people still have a warship escort?" Windsor said cheeky in order to save Li Tian's face.
