

## A Killer 3981

Chapter 3981: Letter from the Fierce Warrior

Li Tian lowered his head and glanced at Abe Chunlang, with a meaningful smile on his face, but suddenly said coldly, "What does it look like?"

Abe Chunlang's heart was cold, thinking that Li Tian was going to be angry, but this time Abe Chunlang gambled all the lives of the whole army to take refuge in Li Tian, and naturally he would not shrink back because of Li Tian's words.

"Lord Li Tian, in fact, I, Abe Haruwolf, can quietly enter Ruhr Island City like other big men, like an opportunist. If there is a chance to be appreciated by Li Tian, then follow Li. Master Tian, if there is no chance, then leave the city of Ruhr quietly, keeping a certain distance from Master Li Tian! However, I am unwilling to do this, Abe Haruka! I disdain to do it!"

"Master Li Tian is a hero of the world. He slashed the abdomen, blasted through the islands, moved zombies, and developed the city. In just one month, West Jiuzhou Island completed the changes that had not been completed in the past three years. At this point, our Spring Wolf Legion in Erquan Mountain will unconditionally follow Master Li Tian. The reason why we trumpet the gongs and drums to publicize it is to get rid of the fluke mentality in our hearts!"

"If we are lucky enough to be appreciated by Master Li Tian, then we will redouble our efforts to work for Master Li Tian. If we do not get the approval of Master Li Tian, then even if our Spring Wolf Legion is destroyed, I will not complain. No regrets!" Abe Haruwolf said more and more excited, with a bit of arrogance on his face.

Li Tian listened to Abe's words, his eyes slowly swept around.

Looking at Li Tian's gaze, the big guys who looked around involuntarily stepped back half a step. These guys were completely afraid to look at Li Tian's gaze directly, and dropped their heads!

"Get up!"

"Although it is smoky, but I like it!" Li Tian first affirmed Abe's performance, and then said to him: "You can cut off all your retreats and take refuge in me, Li Tian, it shows that you are still interested. In that case, neither Li Tian nor I can treat you badly!"

Hearing that Abe Haru's little heart was throbbing and throbbing, his face was full of joy.

"Abe, how do you feel about Ruhr Island City?"

"Back to Lord Li Tian, this Ruhr Island City is definitely the best in West Jiuzhou Island in terms of urban construction and other aspects!" Abe Haruwolf replied.

"So if I let you take charge of this Ruhr Island City, how do you feel?" Li Tian asked.

Abe no longer knows how to express his excitement, and he is completely speechless with excitement.

The faces of those big guys who were watching also showed some shocked expressions.

Although Ruhr Island City is not a big city in West Jiuzhou Island, Ruhr Island City is now the headquarters of Li Tian Tianjie.

This feeling is like being at the feet of the emperor, and naturally there is a feeling of third-level officials.

"What? Don't you want to take charge of Ruhr Island City? If you really don't want to, I won't force you, South Kyushu City..."

Before Li Tian's words were finished, Abe Chunlang continued to say: "Yes, yes, why would I not? It is an honor for me and our army to be able to play by Li Tian's side!"

There is still a cautious thought in Abe Haru's heart, that is, in Ruhr Island City, that safety can definitely be guaranteed. Even if the fierce martial artist came here in person, Li Tian would not sit idly by!

"Okay! As long as you want to do it! As for the specific departments and things you need to be responsible for in the future, I will arrange for you later! Now you take your people and find a place to live in Ruhr City at will! This The city of Ruhr will be your site from now on. Except for the Celestial Legion, you are the boss here. You can choose anywhere in the city at will!" Li Tian said with a deliberately increased volume.

At this time, the big men surrounding Li Tian and Abe Haruwolf all showed envy on their faces. They have been here on Ruhr Island for more than a week. This is the first time they have seen Li Tian, but Li Tian didn't mean to meet them. Instead, it was the Abe Haruwolf who had been appreciated by Li Tian as soon as he arrived in Ruhr Island City, and he immediately became the real power figure in Ruhr Island City.

"Luck is \*\*\*\*\* good! This Spring Wolf Army was unknown before, but soon this Spring Wolf Army will become one of the most famous in West Jiuzhou Island!"

"Yes, I didn't expect Li Tian to like this bite. If I knew that Li Tian likes this tune, I should have come to Ruhr Island with the gongs and drums!"

"Even if we learn from Abe Haruwolf now, I'm afraid we can't achieve such an effect."

"How do you know if you don't try? Maybe we learn from the Abe Haruwolf or maybe not get the real power status of Ruhr Island City, but maybe there are other places we can control.

These big brothers said each other.

"Yes, how do you know if you don't try!" one of the big guys clenched his fists and said to himself.

Then the big man squeezed forward a few times, squeezed out of the crowd suddenly, and shouted at Li Tian, "Master Li Tian, Master Li Tian!"

Li Tian frowned involuntarily and turned to look at the big fat man squeezed out of the crowd.

This big fat man ran two steps forward, one crawling directly at Li Tian's feet, holding Li Tian's feet and kissing Li Tian's shoes, said: "Lord Li Tian, I also belong to Erquan Mountain, our army and Abe The Spring Wolf's army is neighbors!"

Li Tian glanced at Abe Haruka and saw the displeased expression on Abe Haruka's face flashed by, but Abe nodded anyway.

"Master Li Tian, we at Erquan Mountain are loyal and want to take refuge in Master Li Tian. The reason why the rest of us did not drag our family and all our staff to migrate to take refuge is because we are anxious to show our loyalty to Master Li Tian!" This fat man Vowed to say.

"Is that so?" Li Tian asked.

Li Tian turned his head and asked Abe Haruwolf, but Abe Haruwolf hadn't answered yet. The fat man immediately replied, "It's like this, it's like this! We are all the leaders of the seven or eight organizations in Erquan Mountain. That's it! Please also ask Master Li Tian to see our loyal face and accept us!"

Immediately after Li Tian saw a few more people sent out from the crowd, these people were even more exaggerated than the fat guy just now. As soon as he crowded out the crowd, he knelt down, almost crawling in front of Li Tian three times.

"Master Li Tian, take us!"

"Okay! Then I will give you a chance. If you are willing to follow me, then follow Abe Haruwolf. I will give you Erquan Mountain after Ruhr Island City!" Li Tian said.

Although these guys did not get the real power of a city like Abe Haruka, their faces were full of excitement, and Abe Haruka's face also showed a hint of joy.

As soon as Li Tian's words fell, the big brothers who had just been watching immediately fell to their knees.

But at this time, Liu Sen found a letter from the fierce warrior, took it to Li Tian, and said, "Master Li Tian! I found a letter from the corpse! It was written to you. letter!"

Chapter 3982: The power of faith (1)

Hearing Liu Sen's words, Li Tian's brows couldn't help but frowned, and he reached out and accepted the blood-stained letter that Liu Sen handed over.

This letter was originally written to Li Tian by the fierce martial artist after Li Tian killed the belly Tian Cong after the meeting.

The consciousness of this letter is very simple. It probably means that the martial artist said that he was waiting for Li Tian in Jingdong City, and told Li Tian not to let him down, and do not let him wait too long!

The content of this letter seems to be nothing, but the meaning between the lines is that the fierce martial artist is full of provocations against Li Tian, giving people a feeling that Li Tian is like his prey to the fierce martial artist.

There was a sneer at the corner of Li Tian's mouth, and a dozen purple electric snakes burst out from his right arm in an instant. The electric snake crackled and hit the letter paper, directly turning the letter paper into nothing.

"Master Li Tian?"

Li Tian glanced at Liu Sen, and the corners of his mouth curled upwards, and said: "It's okay, it's the fierce warrior who invited me to Jingdong City. Humph, I can't wait for this fierce warrior to go to Benzhongzhou Island! Very good, very good. !"

At this time, Situ Ningbing, Duanmuying and others also rushed after receiving the news.

These women didn't see any serious problems with Li Tian, and their faces were naturally ecstatic. After hearing Li Tian's letter from a fierce warrior, Situ Ningbing said, "Li, you just... There are still

many things in West Jiuzhou Island that you need to solve and deal with, so let's take a long-term view!"

Duanmuying also echoed nearby, agreeing to Situ Ningbing's proposal!

Although these women have never lost Li Tian, but Li Tian's deep sleep this time made them realize that Li Tian is not a \*\*\*\*\* and sometimes hurt and tired. So in their hearts, they hope that Li Tian will not go to Jingdong for the time being. Find a fierce fighter in the city.

Li Tian nodded and said: "Don't worry, his fierce warrior asked me to go to Jingdong City to find him. I will go to him. I have no face. I will temporarily handle the affairs of West Jiuzhou Island and Nanshiguo Island. There is no problem with these two places, I will go to Honnakashu Island."

Li Tian paused for a while and then said, "Isn't this Nakashu island of Iga and Koga ninjas that claim to be a powerful existence that can compete with the fierce warriors? I want to annihilate these two ninja organizations. Then I will let His fierce warrior came to me personally!"

This sentence of Li Tian can be regarded as showing his attitude.

Not to mention the fierce warrior, even if the ninjas of Iga and Koga come together, Li Tian is not afraid.

Not only is not afraid, Li Tian will also take the initiative to find their bad luck.

Although Li Tian's few words are simple, they have witnessed Li Tian using the purple electric snake to completely destroy the letter from the fierce warrior, but they have so much trust in Li Tian in their hearts.

In the hearts of these big bosses, I actually hope that the current Li Tian can pull them on the battleship, so that they can become the little ones who can wave the flag behind Li Tian.

Of course, this still has a certain degree of danger.

But they all understand that fierce martial artists will never be able to get on the line, but Li Tian is different, and now they are kneeling in front of Li Tian. If they can get on Li Tian's battleship now, even if they become a young man, once this fierce warrior is defeated or even beheaded by Li Tian, then they will reap great benefits.

At that time, the entire Dongying Island country may become the first country in the world to get rid of zombie control!

"Master Li Tian, we are willing to follow Master Li Tian!"

"Yes, we are willing to follow Master Li Tian to fight against the fierce warriors!"

"Lord Li Tian, please take us, we will only be stronger than the organization and army of Erquan Mountain!"

These kneeling big men shouted loudly with excited expressions on their faces.

Situ Ningbing and Duanmuying looked at Li Tian with some doubts, and said, "What's the matter with these people? Didn't you just come to Ruhr Island? Why did you accept so many people?"

Li Tian said triumphantly: "I'm Li Tian! The domineering was exposed, and they naturally knelt down!"

"It's so stinky! Tell me honestly what's going on?" Duanmuying reached out and hit Li Tian's arm.

Li Tian then told Duanmuying and Situ Ningbing what happened.

Although Situ Ningbing and Duanmuying didn't say anything, they both had an obvious sensory understanding of Li Tian after falling asleep and waking up.

"All get up and go back and wait! I will inspect you one by one in the near future. If you really come to Li Tian sincerely, then I welcome you. Then there will always be you in such a big West Jiuzhou and Southern Four Countries. A foothold. And if..." Li Tian didn't have to finish talking, the big guys who were kneeling on the ground already felt cold sweat coming out of their backs.

As everyone watched, Li Tian supported Duanmuying, and Situ Ningbing took Li Tian's arm and turned and left. When approaching the headquarters of the Heaven Realm, Li suddenly said to Situ Ningbing: "Notify us that Heaven is in the west. For all the cores of Jiuzhou Island, I want to hold a meeting to arrange the strategic deployment of West Jiuzhou Island and South Kyushu Island in the near future!"

"Let Yang Guo and them all come back. If there is no accident, we will leave here and go to Benzhongzhou Island at the latest one month or two weeks at the earliest!"

"Li, will we be too hasty if we haven't fully established ourselves in West Kyushu yet?" Situ Ningbing said.

"It's a bit hasty, but if we can sort out West Jiuzhou Island in this month, there should be no problem with Yang Guo, Liu Guoqiang and others here in West Jiuzhou Island!" Li Tian said.

"Li, are you worried about domestic affairs?" Situ Ningbing asked.

Li Tian nodded and said: "We underestimated the Three Corpses before, thinking that the strength of the Three Corpses was probably slightly stronger than that of Huangfu Kunpeng. It seems impossible to completely destroy our human survival base. But as my strength improved, especially after discovering the small hot pot, I discovered that the strength of the Three Corpses far surpassed our guess."

"Why do you have such a thought? I know that when you were in Kyoto, you escaped alive from the hands of a ghou. Now you are not a bit stronger than then, so why don't you lose confidence?"

"Duanmuying also asked.

"Because of the sky clump in the abdomen, because of the fierce warrior! You have personally experienced the strength of the sky clump in the abdomen, but how did such a powerful person be subdued by the three corpses? And how about the fierce martial artist?"

Situ Ningbing and Duanmuying couldn't answer Li Tian's question.

"Also, have you thought about why there are no three corpses, but after they completely conquered Dongying, they left Dongying?" Seeing Duanmuying and others shook his head slightly, Li Tian continued: "You see this West Jiuzhou Island. Are those altars in the world? These altars also appeared in Guixi Province, so I doubt..."

"what do you mean.....?"

"Faith! The Three Corpses may already be able to use the power of faith!"

Chapter 3984: Shiki (1)

Ouyang Shiqing nodded slightly.

"Yang Guo, you can't be idle. Those who can do more, I know your skills, and I want you to form your funeral army to protect West Jiuzhou Island and Southern Siguo Island!" Li Tian said.

"Understand God!"

Li Tian asked again: "Kazama Ginbei, how are those altars and shrines destroyed?"

Kazama Ginbei immediately straightened up and said, "If you return to Lord Li Tian, most of the altars and shrines in the three counties to the south have been destroyed, but the counties in the north are not in a hurry!"

"Hurry up and give you another half a month. All altars and shrines must be destroyed within half a month!" Li Tian said.

"Big...sir, we may not have enough manpower! Especially in those mountainous areas, where the land is sparsely populated, it is difficult for our current manpower to meet your requirements!"

Kazama Ginbei hesitated and said boldly.

"Don't you see the people in Ruhr Island City? Kazama Ginbei? There are so many leaders of the ninja organization staying on Ruhr Island every day to see me, Li Tian, and to get a chance!"

"My lord, I understand!" Ginbei Kazama said.

Li Tian nodded.

Li Tian stood up, his gaze swept across the crowd slowly, and then said: "All those present are my confidantes. It can be said that they are the true core of the Celestial Legion in the Eastern Isles."

Everyone ordered something.

Li Tian continued: "Since it is the core, then you should understand our current situation! West Jiuzhou Island is our foothold in this Dongying island country, and it is the foundation for whether we can continue to advance to the island!"

"Presumably you also know that the Martial Artist sent a messenger to our Ruhr Island three days ago, and he sent a letter from the Martial Artist! Do you want to know the content of the letter from the Martial Artist?"

The fierce warrior's letter is known to everyone present, but they don't know the content of the letter except Duanmuying and Situ Ningbing. At this time, hearing Li Tian say this, everyone's faces showed curious expressions.

"The fierce warrior said he was waiting for me in Jingdong City! The provocation to our heaven at this time is the provocation of Li Tian, the earth and me."

"You know me. I, Li Tian, never fear anyone's provocation. Since his fierce warrior wants to provoke me, then I will fight him back fiercely!" Li Tian said.

"Brother Tian, I, Tang Xiaolong, will go with you, and I will kick the fierce martial artist's \*\*\*\* fiercely to let him know that the current Dongying island nation is no longer the only one of his fierce martial artist!" Tang Xiaolong said confidently.

Li Tian showed a relieved expression, and then said: "Yes, that's what I meant! But now I am not very relieved on West Kyushu Island! Because there are so many organizations and legions outside Ruhr Island!"

"Brother Tian, do you want to kill all of them? As long as you say a word, we will close the city gate, and I guarantee that there will be no escape in Ruhr Island City!" Tang Xiaolong said .

Situ Ningbing let out a chuckle and said, "Xiaolong, if you talk too much, you will lose it. You might as well say a few words less."

Tang Xiaolong's face immediately showed an embarrassed expression, and he reached out and touched his head and said: "Yes, I'd better shut up, just leave it to me to fight and kill!"

"Liu Guoqiang! Ouyang Man! Little Tianyi!"

Li Tian clicked the names of three people in a row. The three of them straightened their waists involuntarily when they heard Li Tian call them.

"I want the three of you to form an army, with Ouyang Man as the army commander, Xiao Tianyi as the deputy army commander, and Liu Guoqiang as the general staff! Only one army will be allowed to appear on West Jiuzhou Island in the future, and that is our Celestial Army, as for the others. The ninja organization, if they want, they will join the ninja organization of Ginbei Kazama. If they don't want to, then just kill them just like the dark ninjas of Nakadori Island. As for the other corps, they will disperse, then Reselect and enter the new army."

"Lord Li Tian, can those legions and ninja organizations agree?" Liu Guoqiang asked.

"General Counsel Liu! This is not a dinner party, and there is no room for negotiation. If you disagree, this Zhongtong Island will be their end! Of course, I will not treat the army commanders badly. There are seven counties in West Jiuzhou Island, hundreds of them. City, whoever accepts it early, then they have the priority to choose these cities and become the mayors of these cities!" Li Tian said seriously.

Gao Zu said that power comes from the barrel of a gun.

If you want to fully control West Jiuzhou Island in your hands in a short time, you still have to use this iron-blooded wrist! Even if all the legions and ninja organizations in this West Jiuzhou Island were killed, Li Tian would never compromise with them! No organization will be allowed to have armed forces!

The meeting ended soon.

Then Li Tian gathered all the big guys in Ruhr Island City together, and regarded them formally, and then Li Tian threw out his views.

What Li Tian didn't expect was that the resistance of all this was much smaller than he expected.

Those legion commanders almost rushed to hand their legion into Li Tian's hands, and then got a letter of commission from Li Tian and went to the corresponding place to become their mayor.

The vast majority of those places are just empty lots, but they are all excited.

...

Honnakashu Island, Hyogo Prefecture, in the mountains.

The hills here are ups and downs, and people are rare.

But in this deep mountain, the most mysterious power hidden in the island country of Dongying: Onmyoji!

Onmyojis are actually a type of ninja in the strict sense, but because onmyojis do not improve their strength by cultivating their own exciting potential, this makes them a special existence among ninjas.

There is also a shikigami ninja.

However, with the development of the times, the Shigami ninja formation broke away from the ninja and became the onmyoji.

At this time, there was a building built against the mountain in the mountain range. The main body of the building was a cave, and there were layers of eaves similar to Tang houses on the outside of the cave.

The tile above the eaves seems to have at least a thousand years of history, and some weeds have grown between these tiles. These weeds are messy, and a few black crows are jumping around on the eaves, watching curiously. Several humans on the stone steps in front of the building.

"boom!"

Suddenly a cloud of flames appeared out of thin air, and the cyan smoke rose. The crows were frightened, and they screamed into the air and took off to the distant woods.

The commander of the army was sitting on the stone steps, and the flame swallowed him in an instant, but the commander of the army didn't show the slightest pain.

"Come out! Great Shikigami, please accept my call and come out!"

Chapter 3985: Shiki (2)

The man's voice was as sharp as a neutered rooster, and the people who listened to it were terrified, and the goose bumps were about to fall.

As the man screamed, seven or eight \*\*\*\* of meat began to appear on Jiang Chao's body.

If Li Tian were here, he would have a very familiar feeling about this wall of flesh, because these flesh \*\*\*\* had appeared on the body of the abdomen, and then these flesh \*\*\*\* became the heads of big snakes. , Became the Yaqi Orochi.

"puff!"

"puff!"

The sound was as if something broke out of the shell.

When I looked at the head of the Chaos Corps, I saw that the seven or eight meat \*\*\*\* on the head of the Chaos Corps looked like a blown balloon, with a flower of flesh exploded on it.

And these fleshy flowers did not drill out the snake heads, but there seemed to be something constantly squirming in the \*\*\*\* fleshy flowers, giving people a shocking feeling.

At this time, another man also joined this scream: "Come out! Shikigami! In the name of Onmyoji, I summon you to come out and serve our Three Corpse Master!"

After this man joined the summoning, the things in the fleshy flowers on the body of the regiment commander wriggled more fiercely, as if there would be a few extremely scary things suddenly rushing out of it at any time.

"boom!"

"boom!"

Those seven or eight pork cutlets were like cooked egg tarts, and exploded again, exploding some slimy white liquid from the wound.

The remaining two men around the body of the Chao Corps commander also rushed in immediately. One of the men slammed a piece of white paper out of his body, and then the piece of white paper in his hands became divided by two. A coat made of white paper, and then the man slammed onto the regiment commander's body.

And another man was holding a celadon bowl with dark black ink in one hand, while the other hand was holding a brush tightly, and then the man started dipping the ink with the brush and began to quickly lay on the white paper. Some strange words were written on the coat.

Immediately afterwards, the white paper coat became swollen, as if the army commander turned into a fat man and filled the entire white coat of paper.

Of course, the white paper coat nowadays is not pure white anymore, but the ink quickly seeps out completely, and it seems to be completely absorbed by the commander of the army.

"Shiki! Come out Shiki!"

The other two men are already kneeling on the ground, their faces covered with sweat, this sweat has soaked all over their clothes, and the heads on their foreheads are constantly ticking down, and these two are still pulling. The voice was shouting.

"puff!"

One of the men spit out a mouthful of blood and sprayed it on the face of Chao Corps, and then the man fell softly at the feet of Chao Corps commander.

The other man seemed to be trying to prevent him from squirting blood, but in the end he still didn't hold it back. He also spit out a mouthful of blood with a "poof", and all the blood was sprayed on the body of the army commander. The white coat is on.

And the moment the blood was sprayed on the white paper coat, it turned into a crimson flame, completely igniting the white paper coat.

The flame kept burning. Through the flame, you could see that Chief Chao's body was instantly changed shape by the high temperature, his hair burned out and his skin turned black.

What makes people feel surprised and puzzled is that the white clothes are completely unaffected by the flame, let alone on fire, even the color has not changed a bit.

The flame burned toward the legion commander's body and made a sizzling sound from time to time. This was because the fat on the body of the army commander was burning.

"Shiki! Come out, Shiki..."

The two men who just folded clothes with white paper and drew strange words with brushes also joined the summoning god, but the two of them seemed to be completely ignorant of this method of summoning god, they just shouted two. The bodies of the two of them were like human bombs, and they made two explosions, and their bones were torn apart.

The flesh and blood splashed on the flame, and the flame on the legion commander's body burned more vigorously.

Is this a failure?

Of course not. When he saw this scene, there was a smile on the corner of the mouth of a 60-year-old man sitting in front of the building.

"The shikigami summoned only after betting on the lives of the four Onmyojis, what a powerful force this will have! Hahaha, it is really to be seen!" The crane-haired man with white eyebrows stood up, and he casually said But there was a white paper man with a large palm in his hand, and then the man rushed towards the head of the army chief, and then slapped the paper man on the head of the army.

In the next second, the commander of the North Korean army had disappeared, but the white paper man had a portrait of a character on his body, and this head was exactly what the commander of the North Korean army looked like.

"What a powerful force! Hahaha, what a powerful force! Let me go out, I will kill that \*\*\*\*\* Li Tian!" The paper man said to the old man with white eyebrows.

The old man with white eyebrows stuck out \*\*\*\*\* on the paper man's face, and the paper man immediately let out a scream, even some blood shed from the paper.

"Shut up! You are just a puppet, a puppet carrying Shijin. You don't have the right to speak here yet!" The white-browed old man said with a cold snort.

"Li Tian? Let us onmyoji to clean him up! But before we clean up Li Tian, it is time for the \*\*\*\*\* Iga and Koga ninjas to see and see the skills of the onmyojis!" , A few flashes disappeared in the woods.

...

The affairs of West Jiuzhou Island did not worry Li Tian too much, which quickly put Li Tian's trip to Benzhongzhou Island on the agenda. However, Li Tian was not in a hurry. He waited until Liu Guoqiang, Ouyang Man, and Xiao Tianyi's legions were formed, and then asked Two-dimensional to secretly conduct an investigation on the members of these legions, and remove those who may be unstable Just rest assured.

During this period, Li Tian brought a small hot pot, four small Yashas, and the Xuling tribe to build hundreds of temples in this West Kyushu Island in just two weeks. Without exception, all are Li Tian.

In this temple, Li Tian stepped on the mutant crow in the Dapeng outfit, holding the spear of the sky, and "Red Slash" was flying around his body, as if the \*\*\*\*\* of heaven descended to the earth.

These temples appeared all of a sudden overnight, which can be described as miracles. And with the appearance of these temples, a mythical story soon began to circulate on West Jiuzhou Island, and the owner of this mythical story was Li Tian.

Although I don't know what the power of faith of these three corpses is, Situ Ningbing decided to deify Li Tian first and make this Li Tian the only \*\*\*\* in West Jiuzhou Island.

Although it is the end of the world, it is the end of the age of technology and its development, but because of the sudden appearance of these temples, because the residents of West Jiuzhou Island worship Li Tian's strength, this deification does not seem so abrupt.

After all this was settled, Li Tian decided to go to Benzhongzhou Island.

#### Chapter 3986: Li Tian

Situ Ningbing, Xueji, Tang Xiaolong, Mysterious Lily, Windsor, Shen Tao, Kobi, Little Hotpot, Mutant Crow and Four Little Yashas who went to Benzhongzhou Island to follow Li Tian this time.

Duanmu Ying was pregnant and was left on West Kyushu Island to preside over the overall situation. Although Duanmu Ying is busy every day, her interest is very high, even higher than when she was the commander of the Sakura Army. Duanmuying now has another kind of kingly temperament on her body.

As for Ouyang Shiqing, she has already gone to Nansiguo Island, and she is responsible for the preparation of the Zombie Research Institute. The importance of Ouyang Shiqing to the Zombie Research Institute is more important than others. So she worked very hard to do this, and some of the scientific research members in West Kyushu have been hard pressed.

Tang Feifei is forming the Agriculture and Industry Association.

The Agricultural and Commercial Association can be said to be a dream in Tang Feifei's heart. Although the domestic agricultural and commercial association is no longer under her control, the establishment of an Agricultural and Commercial Association on West Jiuzhou Island and Southern Shikoku Island can also be in her heart. A consolation.

Li Tian originally planned to take Bai Jing to Benzhongzhou Island, but Bai Jing was not feeling well recently, and Li Tian had to give up. As for two-dimensional, Yang Guo and others, Li Tian was left to protect Duanmuying and others.

This time, Li Tian and others chose to drive to Hon Nakashu Island, as if traveling. Two super luxurious RVs set off from Ruhr Island and drove slowly along the coastline along the highway.

Li Tian and the others are not in a hurry, all the cars are not traveling very fast, and the daily driving distance is definitely not more than 150 kilometers.

Once he reached a beautiful place, Li Tian would stop, get off the car and take Situ Ningbing and others to enjoy the beautiful scenery. But even so, Li Tian and others drove to Fukuoka Prefecture a week later, and the car drove on the cross-sea bridge connecting West Kyushu Island and Honnakasu Island.

Once you pass this sea-crossing bridge, you will formally step into the land of Honnakashu Island, but passing the sea-crossing bridge is not all smooth sailing.

In the end of the world, because West Jiuzhou Island is controlled by the abdomen, and the other side of the bridge connecting West Jiuzhou Island is the site of Iga Ninja, there are always people guarding both sides of this bridge. .

When the car driven by Li Tian crossed the sea-crossing bridge and was about to reach Honnakashu Island, he was discovered that the other end of the sea-crossing bridge was a fortress built of reinforced concrete.

The fortress completely blocked the route of the entire bridge, and the only way to pass this bridge was to open the two steel gates of the fortress.

What made Li Tian feel surprised was that there seemed to be no guards on the fortress. Li Tian's car drove until it was less than ten meters away from the steel gate, and Li Tian was not warned or blocked.

Li Tian stopped the car, and Feitian Yasha flew out when his mind moved.

"Fly over and see what's going on? This place is very important to Honnakashu Island, and it is impossible to stay guarded." Li Tian said.

At this time, Tang Xiaolong followed Lily and got out of the car, came to Li Tian's car, and said to Li Tian questioningly: "My God, how come I feel that something is not right, it is so important. There was no one guarding a checkpoint. Could something happen to this Zhongzhou Island?"

Li Tian shook his head slightly, and said, "It's still unclear, I have sent Feitian Yasha to check it out!"

"Little boss, do you think Iga, the Koga Ninja Organization and the fierce warrior have a conflict?" Tang Xiaolong asked.

As soon as Tang Xiaolong's words fell, Feitian Yasha, who had just flew out, flew back again.

"Master Li Tian, the big thing is not good. There are corpses everywhere in this fortress. It seems that those corpses may have been here for some time..."

Li Tian and Tang Xiaolong looked at each other, and the two quickly ran toward the fortress, while the mysterious female Lily, Situ Ningbing and others also rushed out of the car and chased them from behind.

"Li, what happened?" Situ Ningbing asked.

"Flying Yasha said that there are corpses everywhere in this fortress. I am afraid that something has happened to Zhongzhou Island!" Li Tian said briefly.

By this time Li Tian and Tang Xiaolong had already reached the steel gate of this fortress.

This steel gate and reinforced concrete fortress is absolutely impossible for ordinary people to surpass the past, but for people like Li Tian and Tang Xiaolong, it is not a problem at all.

Tang Xiaolong blasted two consecutive punches towards the steel gate. Although the entire gate was not blasted out, the gate weighing more than ten thousand kilograms shook violently, and the big cement block kept coming from the steel gate. Fell down on the door frame.

And Tang Xiaolong blasted two washbasin-sized holes on the steel gate with a thickness of more than a dozen inside.

Seeing Tang Xiaolong's power, Li Tian knew that Tang Xiaolong's practice in retreat during this period was effective. I'm afraid that the current Tang Xiaolong punch's power can reach forty to fifty thousand kilograms, otherwise there would be absolutely no such thing. effect.

"Little boss, how is it?" Tang Xiaolong said with a smug expression on Li Tian's face, winking.

"Okay! But look at me again!" Li Tian has a spear in his hand, which is the spear of heaven.

I saw Li Tian's right hand shook, and the Qiong Lance that day looked like a Canglong going out of the hole, rushing forward, and easily pierced the steel gate with a thickness of over ten centimeters.

Immediately after Tang Xiaolong saw four or five purple electric snakes suddenly appeared on Li Tian's right arm, these purple electric snakes crackled and wandered on Li Tian's arm.

In an instant, the purple electric snake had passed through the spear of that day and entered the steel gate.

In the next second, the steel gate seemed to be a piece of paper ignited by a flame. A hole larger than the size of a washbasin appeared in the place where the spear of the jade pierced that day. The snake broke down in general.

In a few seconds, the two steel gates with a height of more than five meters and a width of more than ten meters seemed to have been weathered, completely disappeared.

It is not the first time that Tang Xiaolong has seen Li Tian use this skill, but once again seeing Li Tian easily disappear the steel door with a bang, Tang Xiaolong's face still shows a surprised expression involuntarily.

"Little boss, I am not lazy. As long as I have time, I will always practice, but why is the difference in strength between me and you getting bigger and bigger?" Tang Xiaolong said helplessly.

Mysterious female Lily smiled slightly and said, "How can you idiot compare with Brother Tian? I really doubt that Brother Tian is not a human!"

"What are you talking about?" Tang Xiaolong turned around abruptly and said angrily to the mysterious female Lily: "Don't think that you are a woman and you can insult the little boss like this!"

"Naughty, I mean Brother Tian might really be a \*\*\*\* descending from the world!" Lily said.

Li Tian's face immediately showed a trace of complacency!

Passing through the iron gate is a passage more than ten meters in length, just like the kind of gate passage in an ancient city wall. This passage is already clear at this time.

In this passage, several decayed corpses lay all over the place. Maggots wriggled on the corpses, feeling very disgusting.

And on the wall of this doorway, there are a few Dongying characters written in blood.

At this time, the blood stains have dried up, but through these words, you can still feel the powerful murderous aura of the writer!

"Brother Tian, what do you mean by the Dongying writing on the wall?" Shen Tao asked, pointing to the dried blood on the wall.

The corners of Li Tian's mouth twitched slightly, and he said, "It's my name, Li Tian!"

#### Chapter 3987: Contact (1)

"Little...little boss? This...this is what you did? You are so powerful. You have been with us these days. Could the little boss still fail to do the avatar technique?" Tang Xiaolong asked in surprise. Tao. ,

Seeing Tang Xiaolong's astonishment, Kobi actually believed Tang Xiaolong's words, with a smug expression on his face, and said, "You don't know what Tian Ge's skills are. You're out of nowhere. Don't even kill such a few people. It's not surprising to kill all the way to the headquarters of the Iga Ninja. What a surprise!"

Li Tian is full of black lines. These two guys don't even have the most basic judgment ability. Is this the power of blind worship? Li Tian said quickly: "I really didn't do this this time! If I did it, there would be no dead bodies here!"

"Obviously, this is someone trying to blame Li Tian! Deliberately to provoke a conflict between Li Tian and Iga Ninja! Li Tian, it seems that our next journey will not go smoothly." Xue Ji said.

Situ Ningbing nodded, agreeing with Xue Ji's judgment, and said: "It seems that someone has been eager to let Li and Iga Ninja go to war! Li, should we change the schedule?"

Although Situ Ningbing knew that Li Tian was not afraid of the Iga Ninja, and he also knew that since Li Tian came to Dongying, he would sooner or later fight against the Iga Ninja, Koga Ninja and other organizations, but this feeling of being framed by others It made her feel very upset!

"No! We still follow the original plan. I really want to see what other tricks the blamer has waiting for me. I also want to see how the Iga Ninja is treated like this!" Li Tian said.

Li Tian and the others inspected this Qiaotou Fortress again. These corpses were already in a bad shape, so it was difficult to find useful clues on these corpses.

Having been to the top of the fortress, Li Tian and others discovered something useful.

The top floor should be the living area of this fortress. Because there is a large area of photovoltaic power generation equipment on the top of the fortress, there is also an air conditioner in this area. At this time, the air conditioner is on and the temperature in the entire area is not very high.

Therefore, although there are some corpses in this area, they are not as powerful as the areas below.

Situ Ningbing came to a few fragmented corpses, squatted down and examined them carefully, and found that without exception, these corpses had been cut directly in the waist with a blunt tool.

Soon Situ Ningbing noticed the walls in this area. In addition to the few big blood characters on these walls, there were more slash marks.

"Li Tian, look at who was lazily cut off these corpses. Look at the scratches on this wall, these reinforced concrete walls can be easily cut out like this, even in this wall All steel bars have been cut off. But it is certain that this trace was not cut out with sharp tools such as swords!"

Li Tian came to the wall, carefully looked at the cross section of the thick steel bar in the wall, nodded, and said, "Yes, if it is cut with a sword, the cross section should be a smooth plane instead of such a rough one. Look! And the same is true for the traces on the wall, it seems that we have met a great opponent!"

Situ Ningbing nodded, and said, "According to the information provided by the Kazema Ginbei, there are at least eight Shangren and a dozen Zhongren in this fortress. If it weren't for a powerful opponent like Tiancong Abdomen, these Shangren must have the power of World War I, but judging from the scene of this fortress, I can see that almost none of these people have the power to fight back and they were beheaded!"

"Yes, it's as if this opponent appeared suddenly, making them too late to react! Could it be that there is another traitor similar to the abdomen sky cluster among the Iga Ninjas?" Xue Ji said.

Li Tian shook his head and said, "It should not be!"

"It certainly won't be a traitor. I feel that this culprit may know Li Tian or have studied Li Tian, otherwise, how would he know that Li Tian will come to Benzhongzhou Island? If I didn't guess wrong, we would meet along the way. In many cases like this, maybe we will know who this person is by then!" Situ Ningbing said.

Li Tian and others found no other useful clues in this area, so they didn't stay here too much, and then the small hot pot burned the entire fortress.

After that, Li Tian and others got into the car and continued to drive forward.

The car continued to move along the coastal road, but when this happened, everyone was no longer leisurely and elegant to continue to admire the beautiful scenery.

Especially when recalling the corpses that had been turned over by rotten maggots, the girl Windsor couldn't help nausea.

After passing Shimonoseki, we headed towards Kobe from Yamaguchi Prefecture. In the evening, Li Tian and others' cars drove to Xiaoyantian City.

Before the end of the world, Xiaoyantian had a very small population, with a population of less than 50,000. If it was in China, it would be the size of a small township. However, this city is more prosperous than many small counties in China.

The wide streets and neat houses would definitely give people a comfortable feeling if it were not for the end times. Because of the small population, almost no zombies can be seen on this street.

The car of Li Tian and others parked in front of a convenience store. Almost all the items in the convenience store were robbed. Even the remaining items were ruined by rats and other animals.

However, there are enough things stored in Xiaoyacha's space. Li Tian's car is not parked here to supplement things, but a hotel on top of the convenience store.

"Let's rest here tonight! We will continue to set off tomorrow morning." Li Tian waited until everyone got off the car before saying.

"Good!" everyone replied in unison.

"Xiaolong follow me to go around first to see if there is a gas station or other supplies, let the rest of you go up first." Li Tian ordered.

In fact, there is a lot of gasoline in Li Tian's space for cars. Even if two cars go around the entire Honshu Island, it is completely enough. There is no need to add them here.

The reason why Li Tian said this is of course for another purpose.

Li Tian and Tang Xiaolong did not drive an RV, and walked on the street on foot.

The appearance of Li Tian and Tang Xiaolong quickly attracted the attention of the zombies in Xiaoyantian City. Two sixth-level zombies led more than a dozen low-level zombies and regarded Li Tian and Tang Xiaolong as delicious food. Attack Li Tian and Tang Xiaolong.

The result was naturally obvious. Those ten low-level zombies were easily broken into pieces by Tang Xiaolong, and the two sixth-level zombies were broken by Li Tian's Xuantian \*\*\*\* without a chance to escape. .

Li Tian originally wanted to ask the two sixth-level zombies about the situation in the small Yantian City, but these two sixth-level zombies shook their heads and said that they had just arrived in this small Yantian city from other places, and they were very concerned about this place from time to time. Clearly, I just knew that there was an Iga Ninja organization that controlled it before, but it seems that those ninjas have disappeared recently, so they dare to come to this place.

In a few simple words, Li Tian had already got the answer he wanted.

The two Level 6 zombies begged Li Tian for mercy and wanted Li Tian to let them go, but what was waiting for them was Li Tian's Xuantian \*\*\*\* gas bullet passing through their heads, blasting their brains out.

Li Tian directly summoned Feitian Yasha, let Feitian Yasha fly into the sky, and then borrowed the sight of Feitian Yasha to take in the entire Xiaoyantian City.

Soon there was a smile at the corner of Li Tian's mouth, and he said to himself: "Found it!"

Chapter 3988: Contact (2)

"Little boss, what did you find?" Tang Xiaolong asked puzzledly.

Li Tian did not answer Tang Xiaolong's question, and said: "Follow me, you will understand soon!"

Speaking that Li Tian had already walked quickly towards a street corner in front, Tang Xiaolong didn't ask anything anymore, and followed Li Tian.

The speed of the two is so fast. Sometimes in order to cut corners, Li Tian would even cross the wall and pass through the houses of some residents, and even directly collapse a certain wall.

After passing through three or four streets in a row, Li Tian and Tang Xiaolong came to a complex of buildings. The height of this building is no more than two stories. However, it can be seen from the text in front of those buildings that this building is in the last days. The former belonged to a local chamber of commerce.

The steel fence surrounding the building was originally not high, it was about 1.5 meters at most, but the steel fence was obviously processed, making the height of the fence more than two meters, and the steel fence There are tribulus terrestris everywhere, giving this wall a certain defensive effect.

On the fence, some steel bars are welded. These steel bars are welded at an angle of about forty-five degrees, which is like a rejection.

Of course, in front of this wall, there is also a channel with a width of more than two meters and a depth of more than three meters. In this channel is green water with some debris and hair floating

on it, and there are several dead bodies in this channel. These corpses have become white bones, which shows that these corpses have been around for some years.

"Little boss, what is this place?" Tang Xiaolong asked.

"If I didn't guess wrong, this should be the station of Iga Ninjas in Xiaoyantian City!" Li Tian said.

Li Tian only guessed this because the only place in Xiaoyantian City had such defensive measures. It said that after the end of the world, there should be human life or garrison here. These walls are like a condensed version of the city wall, and this canal is like a condensed version of the moat.

However, it is obvious that the city wall and the moat have not played a corresponding role. At the gate of the main street, the wall has been twisted together by the bombardment, and the steel gate of the courtyard has also fallen on Above the canal, it looks like a steel plate bridge.

Through the steel fence, you can see that there are still some vegetable plots in the courtyard of the building complex. It is already more than September at this time. These vegetables are growing well. It can be seen that people have been taking care of them carefully.

But at this time, in a corner of the courtyard, two zombies were lying on the ground, devouring these things. It means that no one has been guarding at least recently, otherwise these zombies would not be allowed to walk in.

"Go, let's go in and take a look!" Li Tian said.

Tang Xiaolong nodded, and followed Li Tian across the canal and through the vegetable field in the courtyard. The low-level zombie obviously saw Li Tian and Tang Xiaolong, but the two zombies did not get up, but kept on constantly. Put something in their mouths.

"Little boss, it looks like a human corpse! Could it be that this place has been captured by zombies?" Tang Xiaolong asked.

Li Tian shook his head and said, "Xiaolong, you also saw the steel fence just now. How many levels of zombies do you think have the power to twist the steel fence into that way?"

"At least zombies above level nine!"

"Then you think Iga Ninja's upper ninja or ninth-level zombie is better?"

Tang Xiaolong thought for a while and said, "Although I haven't played against the upper ninjas of Iga Ninja, from the strength of Kazama Ginbei, of course the upper ninjas of Iga Ninja are better!"

"Yes, according to my speculation, even if these upper ninjas encounter zombies at level 14 or 5, they definitely have the ability to escape, and these ninjas more or less have the ability to control zombies, then plus the time The location is right, it is almost impossible for these zombies to capture here!" Li Tian said.

"that....."

"I suspect it's the blamer!" Li Tian said with certainty.

At this time Li Tian and Tang Xiaolong had already arrived at the door of this building. Pushing open the heavy wooden door, the wooden door seems to be "creaking" because of moisture.

As soon as the door was pushed open, a group of flies suddenly flew out from behind the door. Li Tianyi lowered his head to avoid the flies and did not let the flies fly on his face.

As soon as the wooden door was opened less than a foot wide, a smell of corruption has floated out of the wooden door.

Li Tian walked in with Tang Xiaolong. The first thing that caught his eye was a corpse crawling at the door. The decay of this corpse was slightly less than that of the zombies in the Qiaotou Fortress, but the same above. There are already some maggots. These maggots crawled around the corpse, and people couldn't help nauseating.

"Little boss, really is the one who blames you!" Tang Xiaolong said.

Li Tian glanced suspiciously at Tang Xiaolong who was standing behind him.

"Little boss, you see that the corpse was obviously cut in the waist, and the trace covered with pus and blood on the ground, these are very similar to those in the Qiaotou Fortress!" Tang Xiaolong said.

Li Tian nodded and pointed to the \*\*\*\* words on the right wall, and said, "Yes, but the most important thing is the words on it!"

Pushing the door in is a hall with an area of about 100 square meters, and on the right side of the hall is a wooden screen, but this screen obviously cannot stand the huge blood on the wall!

Tang Xiaolong took two steps, kicked the screen with one foot, then turned his head and asked, "Li Tian?"

Li Tian nodded, it was an answer to Tang Xiaolong!

Li Tian and Tang Xiaolong continued to inspect the building. There was not much difference between this and the bridge fortress. There was only one corpse in the lobby on the first floor, and dozens of corpses in the second floor were chopped up.

Judging from the destroyed walls and furniture, there was a fierce battle on the second floor, but it seemed that resistance was useless, and the appearance of those ninjas was just a bit worse.

Although the ninjas were cut in half, their corpses were all nailed to the wall with wood. There were all such corpses on one wall on the entire second floor.

The blood stained the entire wall, and maggots continued to fall from the corpse, and then those maggots continued to climb up the wall. Even Li Tian felt a chill in his heart when he looked at the whole picture.

"This person who puts the blame on is really cruel, he is so cruel to put the blame on!" Tang Xiaolong couldn't help sighing.

"Let's go! The place of right and wrong should not be stayed for long. I suspect that the blamer may have caused the trouble in Yamaguchi Prefecture. Maybe the ninjas of Iga have noticed!" Li Tian said.

Li Tian and Tang Xiaolong had just come downstairs and just opened the wooden door, they saw a dozen black shadows suddenly flying out of the buildings in all directions and falling into the courtyard.

"Li Tian! Let us finally wait for you! You thief, I didn't expect you to come back here again after doing such a thing!"

### Chapter 3989: Contact (3)

This voice was full of anger and murderousness, as if he wanted to split Li Tian into five horses immediately.

With this voice, the dozens of black figures already had a long ninja sword in their hands, and the long ninja swords that shone with cold light had already been aimed at Li Tian.

Li Tian's gaze slowly swept over these ninjas in black clothes, with a relaxed expression on his face, and said, "What are you going to do? I am still a victim. You can make me feel bad if you hold a knife at me like this. Injured! If you destroy my mood, you will have to pay a heavy price!"

When he said this, Li Tian's tone was already full of murderous aura.

These ninjas were stunned by Li Tian's aura and involuntarily took a step back, but they just took a step back and immediately stood back.

"Li Tian, your cultivation is frantic! You must know that standing in front of you is the elite of our Iga Ninja headquarters, Shinobu, even if your strength is strong, I am afraid... I am afraid..." This ninja suddenly remembered the recent Li Tian, who had arrived on Honzhongzhou Island, was slammed into Zhongtong Island. For a while, he was speechless, and he didn't know what to say.

There was a hint of sarcasm at the corner of Li Tian's mouth, and he said with a sneer: "What I can say is that what you see may not be true. I was blamed! So, if you are more acquainted, go ahead!"

At the end of this sentence, the two words were very domineering, and the ninjas were shivering, and one of them almost sat down on the ground.

"Lee... Li Tian, we don't care if you are being blamed or not. Since this scene has your name, please come with us to the Iga Ninja headquarters, and let our abdomen adult interrogate you. If you really You are wronged, we will naturally return you innocence!" The ninja said, holding back the fear in his heart.

"Huh! What if I say I don't want to?"

"Then don't blame us for embarrassing you, we are ordered to investigate this matter, so you have to come back with us!" said the ninja.

"Little boss, I'll do it first! Let's beat these \*\*\*\* first!" Tang Xiaolong gave a fierce shout, and the figure rushed towards the talking ninja!

The ninja didn't expect that Li Tian hadn't done anything yet, and the black monkey behind Li Tian had already rushed over.

"Huh! I'm not sure about Li Tian and I'm going to the bridge, but I'm afraid you won't be able to deal with you, the nameless black monkey?" The ninja thought in his heart.

But the ninja did not retreat but moved forward, and the ninja knife in his hand cut out towards Tang Xiaolong sideways.

The speed of this ninja sword was extremely fast, even a few points faster than Tang Xiaolong's impact speed. When Tang Xiaolong was still 30 meters away from the ninja, the ninja sword flashed a cold light towards him. Tang Xiaolong.

Tang Xiaolong raised his arms abruptly and stood in front of him.

"Chang!"

A metal-like impact sounded, and a white mark appeared on Tang Xiaolong's arms.

"Hey, what a strong cutting power, but unfortunately this bit of power seems to be tickling to me!" Tang Xiaolong grinned, showing two rows of white teeth and sneered.

Tang Xiaolong stretched out his hand violently and grabbed the ninja sword on the upper bridge. The next second Tang Xiaolong violently pulled the upper bridge directly, and then Tang Xiaolong slammed a punch at the figure on the upper bridge.

"call!"

Li Tian doesn't know how powerful this punch is, but Li Tian can be sure that if this punch hits this ninja, it is entirely possible that Tang Xiaolong's body will be punched through.

Shangqiao's face was full of surprises and shocks.

The first accident was that Tang Xiaolong was able to block his slashing with his arms. The second accident was that Tang Xiaolong was able to grab his ninja sword with his bare hands, and the third accident was Tang Xiaolong's. The power turned out to be so huge, it directly pulled him over.

What shocked Shangqiao was the power on Tang Xiaolong's fist.

The fist hadn't hit his body yet, Shangqiao could already feel the punching wind on his body. Although this type of fist wind would not hurt Shangqiao, Shangqiao felt uncomfortable all over his body. , Even the skin on his body became stiff.

"Danger!"

Such a thought suddenly appeared in Shangqiao's mind. His pupils dilated, his body bowed like a prawn, and he blocked his left arm in front of him, preparing to withstand Tang Xiaolong's full blow.

At this moment, a cold voice sounded: "Hey, what a powerful force! But are we Iga Ninjas all scarecrows? You are too tender if you want to be wild on our Iga Ninja territory!"

With this sound, Shangqiao's face suddenly showed a hint of joy.

The owner of this voice is Planting Tree, a Shangren who possesses this special ability. This planting tree was a strong man who had fought against the abdominal sky clump and was not killed by the abdominal sky clump.

With the sound of this sound, Tang Xiaolong suddenly felt that his arm seemed to be entangled with a transparent substance, making it difficult for his fist to blast out.

Tang Xiaolong's fist had already been stretched out, and Tang Xiaolong seemed to have been used a fixation technique at this moment, his body was tight but unable to move.

"drink!"

Tang Xiaolong gave a burst, and then Tang Xiaolong let out a beast-like roar, and then his arm suddenly moved forward.

"hiss!"

It was like the sound of silk being torn, and there was a trace of white material on Tang Xiaolong's fist, and the white material immediately hardened as soon as it appeared.

At this moment, what appeared on Tang Xiaolong's fist was like ice formed by the attack of wind and snow.

And at this time, that Shangqiao had already regained his ninja long sword, and slashed a dozen knives against Tang Xiaolong.

"Chang!"

"Chang!"

This blade slashed on Tang Xiaolong's body, unexpectedly splashed some sparks, as if it had been slashed on steel.

This is the power of Tang Xiaolong's tenth refining body.

"what!"

Tang Xiaolong's teeth were clenched, a trace of blood was leaking from the corner of his mouth, and his fist rushed forward more than ten centimeters again.

As Tang Xiaolong roared continuously, Tang Xiaolong felt that the power he restrained on his mountain was getting weaker and weaker, and his fist seemed to be able to penetrate this restraint at any time.

"It's a magical ninjutsu, it's a pity that you are facing Tang Xiaolong!" Li Tian didn't mean to make a move, but said with a sneer.

"drink!"

There was another burst of drink, and Tang Xiaolong felt his fist completely blasted the substance, and he blasted out directly.

"boom!"

With a loud noise, Tang Xiaolong's iron fist fell on Shangqiao's body, and Shangqiao's body immediately made a crackling sound, and he directly hit the steel fence and flew out.

Chapter 3990: Contact (4)

"boom!"

"Bang! Bang!"

The body on the bridge flew over the steel fence, then flew over the canal and landed on the ground. There was a trace on the ground, which shows how powerful Tang Xiaolong's punch is!

Shangqiao climbed on the ground motionless, as if Tang Xiaolong's punch had completely shattered his internal organs, but Tang Xiaolong understood that when his iron fist fell on Shangqiao's body, the feeling was completely wrong. ,

"The body on the bridge is weird!" Tang Xiaolong thought in his heart.

At this time, the upper bridge's body twisted a few times, and it made a crisp "click!" "click!" sound, and as the upper bridge's body continued to twist, the upper bridge seemed to be automatically corrected. The robot stood up slowly.

Although the person on the bridge has stood up, his appearance looks particularly miserable. A few bones have drilled out of his body. There are wounds all over his body, and the blood is falling ticking down. It was so shocking.

"Damn, such a powerful force, it ruined my body!" Said Shangqiao's body swaying slightly.

When Shangqiao was talking, the exposed bones on Shangqiao began to grow out, and soon these bones fell from his body again, as if Shangqiao's body was constantly spitting out bones. same.

Li Tian slowly came to Tang Xiaolong's side, and said with a relaxed expression on his face: "It's interesting! Xiaolong, you will show all your strengths in retreat later, so that I can get a good experience. I really want to see it. A few catties of bones can be spit out from the body on the bridge!"

"Good!" Tang Xiaolong replied with an excited expression on his face.

Tang Xiaolong's body leaned forward slightly, and then his body rushed towards the upper bridge like a bolt of lightning.

Na Zhishu still wanted to stop Tang Xiaolong from taking action against Tang Xiaolong, but there was a flower in front of him, but a figure had already appeared in front of him.

"This is their battle, I advise you not to do it!" Li Tian's spear pointed directly at Zhishu and sneered.

Zhishu's expression was startled, his body trembled slightly, and his heart was full of humiliation.

Since Tian Cong in the abdomen left the Iga Ninja Organization, there has been too much time to plant trees and never enjoy this humiliation.

"Li Tian? Don't deceive others too much, don't think that Iga Ninja's patience to you is your arrogant capital!" Zhishu's eyes stared at Li Tian like two flames, almost every word. Said coldly to Li Tian.

While speaking, the ninjas around Zhishu had already slowly surrounded Li Tian under the hint of Zhishu.

Li Tian glanced at these ninjas and said disdainfully: "Oh? This is considered arrogant and domineering? That's because you didn't see how Zhongtong Island was sunk by me!"

Speaking of Nakadori Island, the movements of these ninjas obviously slowed down a bit.

Although they were far away on Hon Nakashu Island, the news that Nakadori Island was bombed still came. At the beginning, the ninjas of Iga and Koga thought this was absolutely impossible, because in the history of ninjas in Dongying, there has never been a ninja who can do such crazy things.

If you want to say yes, then only the mythical characters in the Eastern Mythology may have such strength.

However, this news was soon confirmed by the ninjas who went to investigate the real situation near Nakadori Island. After these ninjas did not find Nakadori Island on the sea near Nakadori Island, they even dived into the sea to confirm it.

When they saw the houses, roads and other buildings on Zhongtong Island in the ocean ten meters below sea level, they completely believed the rumor.

At that time, the two major ninja organizations of Iga and Koga issued orders at the same time. The two major organizations also positioned Li Tian as a more dangerous figure than the sky cluster in the abdomen, and they warned the ninjas under the organization if there weren't Do not provoke Li Tian for anything.

Therefore, the ninjas present were still somewhat afraid of Li Tian.

Just a week ago, the sub-departments of the Iga Ninja Organization scattered in Yamaguchi Prefecture and Hiroshima Prefecture lost contact one after another, and the ninjas sent to survey in the past brought back news that the ninjas in these places did not know anything. The reason was dead, and Li Tian's name was found in these places.

Although the Yamaguchi and Hiroshima prefectures are closer to West Kyushu Island and Minami-Shikoku Island, the abdomen chief of Iga Ninja immediately targeted Koka and the murderous warrior, so he sent People came out to investigate the matter thoroughly.

Deep in the heart of the abdomen leader, he didn't want to go to war with Li Tian, he would rather start a stand with the Koga ninjas than to fight with Li Tian.

However, as the leader of the most prestigious ninja organization in the Toyo Island country, his abdomen is hidden on the surface, but he cannot show Li Tian's weakness. Therefore, he sent five teams of Iga Ninja's most elite ninja squadron to coordinate this matter. It is also very tough.

When these ninjas left Iga, Zheng Zang abdomen repeatedly instructed that if you encounter Li Tian, you must bring Li Tian back to investigate the matter.

Of course, this is just a sentence on the face of the belly, and no one wants to meet Li Tian.

In the hearts of all ninjas, I hope that this is someone who blames Li Tian, and then they pick out the blamer, and then kill the blamer, so that they can save the face of Iga Ninja and return Li Tian. Innocent, why not do it.

However, the ninja squadron on the bridge still encountered Li Tian unlucky. Now that they met, there is no reason to shrink back, especially since these dozen ninjas are all outstanding among Iga ninjas.

"If you don't have any opinions, we will all get along peacefully, and after watching the dragon how to deal with Shangqiao, if you disturb my Yaxing, then don't blame me for being impolite." Li Tian saw these ninjas being affected by his aura Shocked, said with a smile.

The other ninjas all cast their eyes on Zhishu.

Zhishu's face was even more ugly.

From a moment ago, the black monkey seemed to be a different person, and his aura suddenly increased. The stronger body was stronger, faster, and more vigorous, completely suppressing Shangqiao's fight, and Shangqiao was fresh. There is little strength to fight back.

Not at a level of strength at all, this is Zhishu's judgment on Shangqiao and Tang Xiaolong.

At this time, it was the third time that Shangqiao had vomited the bones. Zhishu knew that the bones that were spit out did not actually belong to Shangqiao's body, but the damaged puppets in Shangqiao's body.

If this situation continues, then the bridge will probably be horrible, and by that time their entire ninja squadron will probably suffer.

"On the bridge, I know that you still have at least a life-saving puppet, so I'm wronged!" Zhi Shu thought in his heart.
