

A Killer 4021

Chapter 4021: Brawl (4)

Shock!

All the ninjas were shocked by the battle between Tang Xiaolong and the little hot pot!

The abdomen is hiding, this is the most powerful existence in the Iga Ninja organization, it was just a face that was blown out by the black and thin man in front of him.

The whole Okayama city was quiet, and all the ninjas opened their mouths in amazement, and they could almost put a big duck egg in their mouths.

After a while, these ninjas woke up from this shock.

"How is it possible? How did he do it?" This voice constantly echoed in the minds of these ninjas, and their eyes at Tang Xiaolong at this time had completely turned into fear!

None of these ninjas dared to speak, and they didn't even have the courage to move. They just communicated with each other through their eyes!

"What a terrible opponent! Why is this man so strong?"

"My lord said that this man is not Li Tian? Who would this man be if he is not Li Tian?"

"By the way, will this man be Tang Xiaolong, Li Tian's first fierce general! He is thin and black, like a monkey!"

"It's him! But Tang Xiaolong is so powerful, how terrifying will Li Tian be?" Thinking of this, the bodies of these ninjas couldn't help but shudder.

"Have you seen the little hot pot, I actually hid my abdomen in the air! Do you see the power of my iron fist?" Tang Xiaolong said smugly.

"And, if it wasn't for my weight to make him feel the doubled gravity instantly, how could you easily hit him? Or my weight is more powerful!" Little Hot Pot said with some disdain.

"Shut up, without this young master leading you to pretend to lead you to fly, you probably can't even reach the side where your abdomen is hidden, how can you hit him!" Void Young Master appeared on Tang Xiaolong's shoulder and said .

Just now, it was Void Yasha, Little Hotpot, and Tang Xiaolong who perfectly cooperated to hit the abdomen and was caught off guard, only then could it have the effect just now.

"Hey, there is no need to doubt Young Master's ability. You see, Tang Xiaolong, with the assistance of Void Young Master, can greatly increase my strength! I just don't know how the little boss is now? I haven't followed that all the time. Our guy caught it!" Tang Xiaolong said.

"Don't worry, Master Li Tian is so powerful, as well as Di Xing Yasha and Feitian Yasha following Master Li Tian, that guy who doesn't have long eyes will definitely be beaten by Master Li Tian!" Xukong Yasha said.

It turned out that not long after Li Tian left the mountain range, he knew that someone was chasing him behind him.

At first, Li Tian didn't take this chase as a matter of course, thinking that these ninjas would not be able to catch up with him anyway, and Li Tian once let Feitian Yasha go out for investigation. In addition to discovering ninjas, there are also some samurai chasing him, and these ninjas and samurai are still fighting.

So Li Tian didn't take these pursuits as things.

Just as Li Tian was about to enter Okayama City, Li Tian suddenly felt a slight sense of uneasiness in his mind, as if he was in danger and was constantly approaching Li Tian.

But when Li Tian stopped, the feeling of danger disappeared instantly, as if a guy who was very good at hiding and restraining his breath was following Li Tian.

That's why Li Tian allowed Void Yasha to continue flying forward with Tang Xiaolong, Xiao Hotpot and others, while he quietly landed on the ground with Dixing Yasha, waiting for the danger to approach.

At this time, at the edge of the mountain range only 20 miles away from Okayama City, Li Tian was standing in the middle of a highway with the Qiong Spear of the sky surrounded by "Red Zhan". The old man who puts blame on the gods is the Shijin Ninja!

"Why follow me, what is your purpose for following me?" Li Tian said.

"The road goes to the sky on each side, how can you tell that I am following you?" The old man's hands drooped naturally, his wrists were completely hidden in his sleeves and he raised his head to verify that Li Tian said with a large smile.

"Really?" Li Tian sneered. There was already a white bird in his left hand. Li Tian's **** pressed slightly and the bird made a miserable cry, which turned into a scream in an instant. The shreds of paper fell to the ground.

"If I didn't guess wrong, this type of ninjutsu should be called Shiki!"

After seeing the white bird being crushed by Li Tian with his fingers, the old man's face still didn't fluctuate in the slightest, and he smiled and said, "Yes, it is Shijin! But I am a little curious about this thing. How did it fall into your hands? How did you discover it?"

It turned out that when Li Tian left West Kyushu Island and entered the bridgehead fortress on Honzhongshu Island, the little bird that the old man left near the fortress followed Li Tian, and the old man like this bird was in this Nakashu. At least dozens of them were left, and as long as Li Tian arrived at the scene where he was beheaded and blamed on Li Tian, such birds would follow Li Tian again.

Therefore, even if Li Tian changed his itinerary and appeared in the heavy mountain village in the mountains, the old man could know Li Tian's whereabouts.

And it was for this reason that the old man used this kind of ninjutsu on one of the dead ninjas in the mountain village, and asked the white bird to guide the ninjas and follow Li Tian.

There was a sneer at the corner of Li Tian's mouth, and he said, "Behind me, the warrior and the ninja have already become one, even the stupid bird in this mountain knows to fly far away, lest it hurt the fish pond. And this white little one. The bird has been following me, unaffected by the fighting from the outside world, and this has attracted my attention!"

The old man nodded slightly, and said, "Yes, yes! It's a pity that you found out too late. I have brought Iga, Koga, and the people from the Murderer Organization here. If I didn't guess wrong, I'm afraid Your brother on the mutant crow just now has started fighting with the ninjas of Iga in Okayama City!"

The old man paused and said, "Do you want to know who the ninja in Okayama City is at this time? If you know who that ninja is, you probably won't be standing here!"

Li Tian laughed.

Now Li Tian only brought Dixing Yasha and Feitian Yasha with him, while Tang Xiaolong had Void Yasha, Little Hot Pot, etc., even if there were Little Hot Pot and Void Yasha, even Li Tian might not be able to deal with them. Let alone behead them.

"Who are you?" Li Tian asked in a murderous tone.

The old man wanted to pretend to be mysterious, but suddenly a voice came from behind him: "He? It's just a stray dog exiled!"

Chapter 4022: Brawl (5)

Behind the old man was the mother-in-law Fujiwara Chiji and the old man Kumizaka Narira, and it was the mother-in-law Fujiwara Chiji who had just spoken.

Seeing these two old men, the eyes of the old man of Shikigami were full of horrified expressions, and a voice in his heart kept echoing, "They are not dead yet?"

"What? I call you a stray dog, it seems that you are not very happy? Do you want to bite me? It depends on whether you have that ability!" Fujiwara Chiji's mother-in-law said with a sneer from her shrunken mouth.

The old man of the shikigami lowered his head slightly, as if he was very jealous at the mother-in-law of Fujiwara Chiji, and said in a low voice: "Don't dare, don't dare! Since you are already here, then I won't stay an eye-opener here. Up!"

Talking about the old Shishigami, he wanted to go, but he just moved a step, and a long knife with a cold light was kicked by the mother-in-law of Fujiwara Chichi, and it fell impartially at the feet of the old Shishigami. .

If the old Shishigami moved one step forward, the long sword would pass through his feet.

"Killing so many Iga ninjas and blaming Li Tian, just want to leave like this? Isn't it too much of our two old guys." Mother-in-law Fujiwara said lightly. It seemed to be talking about something completely unrelated to her.

"What are you talking about? Those Iga ninjas are all killed by Li Tian, the person in front of you, what do you do to me?" The old man Shijin asked in a panic.

Fujiwara Qianji said, "Hey, how spineful I am still a descendant of Shigami, I am also a rat who dare not be! Who can fool you with that little trick? I am afraid it is the kid who is hiding in the abdomen. Can't be fooled!"

"It turns out that you are the culprit. Now that my grievances have been cleared away, the matter between you ninjas is left to you to solve!" Li Tian said.

Li Tian could feel the extraordinary aura in the two elderly men and women, and even the majesty and strength unintentionally released from the two elderly men surpassed this type of ***** ninja.

Now that things have been clarified, Li Tian doesn't want to continue entanglement here anymore.

"Hey, want to go? Did you Li Tian kill us Iga Ninjas but few?"

"You killed the abdomen, right? Ieyasu Kurokawa also killed you, right?"

"Still powerful? Kill if you want, without the slightest worries! Do you really think that we have no one in the Iga Ninja Organization?"

This time it was the old man Kumizaka Narita who was wearing wooden clogs, and when he said this, his figure was already rushing towards Li Tianfei quickly.

Li Tian's brows wrinkled slightly. He saw that Kumasaka's movements seemed simple and unpretentious, but the speed was astonishing. As soon as Li Tian took the shot, he felt this Kumasaka and the ninjas such as the abdomen Tiancong and Kurokawa Ieyasu. It's not a class at all.

Kumasaka Narita ran past the old man of Shijin as if it were a gust of wind, completely ignoring the old man of Shijin, and when he was still seven or eight meters away from Li Tian, his legs were willing to exert force and his body was spinning in mid-air. After a few hits, he kicked Li Tian hard.

These movements were only fifteen seconds, but Li Tian noticed a few details. First, although the old man was wearing clogs, he walked on the ground without making any sound. Second, the old man was running. When the wooden clogs stepped on the dust on the highway, the dust did not fly up at all, and when the old man jumped, the ground under his feet did not want to be so exaggerated when Li Tian was flying, the ground sinking, but the dust under his feet was slightly It flew up, and then fell gently.

The strength of this Kuma Saka Narita has reached the realm of returning to the basics of the great masters in martial arts.

"In vain, I used to claim to be the man standing at the top of the world. Until now, I have not been able to achieve this state. This shows how impetuous my heart is! Today is just right, I can borrow to fight this old man, Harden my impetuous heart!" Li Tian thought in his heart.

Li Tian didn't dare to be negligent. He shook the Heavenly Spear in his hand and pierced Kumasaka Narita's feet wearing clogs. Seeing that Qiong Spear of that day was about to pierce the clogs, the corner of the old man's mouth showed With a sneer, his body flew up again out of thin air for a few meters, and then his legs fell on the barrel of the spear of the Qiong Spear of the sky, stepping on the spear of the Qiong Spear and charged towards Li Tian.

Li Tian's face couldn't help showing an unexpected color.

Anyone with a little bit of common sense knows that when a person jumps up, his body has lost its fulcrum in the air, and it is very difficult to make the body soar in the air.

As far as Li Tian knows, only a few powerful people who have mastered the ability to control the air, such as the Sixiang old man and the Wuji old man, can do this, but the old man in front of him can also do this. Li Tian couldn't help but feel a little bit. Surprised.

But astonished to surprise, Li Tian didn't mean to shrink at all. His left hand slammed into the Heavenly Qiong Lance with a blow to the Soul Palm, and he flew the Heavenly Qiong Lance that he held tightly with his right hand. Let Kumasaka lose the guidance under his feet.

After that, Li Tian rushed forward, and his left and right hands continuously used his soul-breaking palm to blast towards Kuma Saka, who was about to fall in front of him.

Feeling the palm of Li Tian's palms, Ling Wei, the old man Kumizaka's body twisted again, he landed with his hands and kicked Li Tian's palms with his two legs wearing clogs.

"boom!"

"boom!"

"boom!"

The broken soul palm kept banging on the wooden clogs, and the broken soul palm, which could easily destroy a huge stone with one palm, seemed to have no effect on the wooden clogs. Don't say whether the old man was injured or not, even the wooden clogs didn't have any. The breakage.

After a dozen consecutive attacks in this way, Kumasaka Narita patted his hands on the ground. His legs were like windmill blades, spinning continuously, and his legs were like raindrops. Towards Li Tian's arm.

Li Tian didn't neglect at the slightest, his palms turned into fists, and he threw dozens of punches in succession against the legs that Kumizaka Chengliang had fallen. This fist fell, and there was more than ten thousand kilograms of power, but the power swept down by Kumasaka's legs was not bad. What is more rare is Kumasaka's grasp of strength. At this point, he is far better. Li Tian's.

The power of Li Tian's fist hits, and the power on that fist is scattered. The point of the fist gradually becomes a face centered on the fist, and the power on that fist will also weaken.

But Kusumaka Narita is just the opposite. The power on his legs is the same when sweeping, but when his power gradually falls on Li Tian's fist, it becomes a point again, like a needle. As if it fell on Li Tian's fist, Li Tian complained endlessly!

In less than half a minute of fighting, Li Tian was already deeply shocked by Kumasaka Narita's strength, and if Li Tian only used these two attacks to attack, he would have lost his strength!

Kumsaka Narita slowly landed on the ground, and said with a sneer: "Boy, you can die without burial if you don't use your boxing skills!"

Chapter 4023: Join hands

Li Tian jumped a few meters back to get a little bit away from Kumasaka Narita, looked at Kumasaka Narita vigilantly, and asked, "How did you do it?"

Li Tian knows that his power will never belong to this old man, but now, whether it is speed, explosive power, or power, Li Tian completely suppresses Li Tian. If Li Tian does not want to be suppressed by the old man, then he only can rely on "Red Slash", or directly launch the strongest attack to let Qingyun Qi Jue solve the battle.

But Li Tian didn't want to solve the battle like this.

There must be my teacher in a three-person line. If there is no gain in a battle, then what is the point of victory even if it is won? And Li Tian urgently needs to learn this ability to control power, not only for him, but also for Tang Xiaolong.

If Tang Xiaolong can control this skill, then Tang Xiaolong's strength will increase exponentially. At that time, Li Tian will have a powerful helper by his side, and Li Tian will be more confident when fighting the Three Corpses.

"You kid is really naive, now it's your life and death fight, am I going to be stupid enough to hand it over to you, old man?" Kumasaka Narori said with a smile.

"Really? Since you don't want to teach me, then I will comprehend it myself!" Li Tian let out a loud shout, and rushed to Kumasaka Chengliang again.

Kumasaka Chengliang sneered, and instead of retreating, he rushed forward with the force of his legs, and his palm faced Li Tian's iron fist and attacked again.

"boom!"

"boom!"

Whenever Li Tian's Soul Breaking Fist is evaded by Naruto Kuma Saka and falling in the distance, it will blast the asphalt road out of a big pit, but if Li Tian's Soul Breaking Fist falls into the palm of Naruto Kumasaka. , But it was like a mud cow entering the sea without any reaction at all.

And just at this moment, some changes began on Kusumasa's body.

A puff of white smoke rose from Kumasaka's white hair, just like it was when practicing exercises on martial arts TV a long time ago.

But as the white smoke came out, Kumizaka Narita's movements became more and more expressive. Li Tian only felt a flower in front of him, and saw as if countless arms were attacking in his direction, even if it was Avalokitesvara It's just that.

And this Kuma Saka Narita's palm is not only fast, but the attack is also getting more and more lingering. Once Li Tian can't dodge, even if the iron fist intersects with the palm, Li Tian's boxer immediately feels like it is piercing ten million silver needles at the same time. It was the same, even Li Tian was unbearable.

The situation reversed in an instant, and Li Tianyou's offensive side became the evasive party.

But Li Tian couldn't back down. Even if Kumamoto Chengliang's attack was only for evasion and defense, Li Tian would never allow him to back down.

"Boy, are still trying hard? Don't forget that we are ninjas, and we will be dead if we try harder!" Kumasaka said with a smile.

Li Tian didn't know what Kumizaka Narita meant by this sentence.

"Old man, if you don't show up some housekeeping skills, don't blame me Li Tian for not respecting the old and loving the young! Your skills are not as good as the abdomen Tian Cong and Kurokawa Ieyasu! You want my life to be very early. What?" Li Tian said disdainfully.

"is it?"

Kumamoto Chengliang sneered, his face showing a bit of sullenness, and his attacking movements became faster and faster.

"Almost again? No... wrong!"

Suddenly Li Tian realized something and tried his best to throw a punch at Kumasaka Narita, and then he backed away quickly.

During this retreat, Li Tian immediately realized that something was wrong: Kumsaka Nariyao's movements were getting faster and faster, on the contrary, Li Tian's movements inadvertently became slower and slower.

In such a comparison, it is that the speed of Kumizaka Narita will only get faster and faster in Li Tian's eyes!

At this moment, Li Tian felt that some stone-like things suddenly appeared in the river of his body, these things hindered the flow of the river in the vein, and also hindered Li Tian's ability.

It's no wonder Li Tian's movements will be slower and slower, if it weren't for Li Tianshi, I would not know the danger of the situation!

"What's the matter? Are these attacks?" Li Tian asked in horror.

"I realized now that it's a bit late? Boy, I reminded you that if you don't use your skills, you will lose your life!"

"You can't let your guard down at any time in front of my pharmacist ninja!" Kumizaka said with a smile.

This Kumamoto Nariya is the most famous pharmacist ninja among Iga ninjas.

This pharmacist ninja is different from the medical ninja. The medical ninja is a ninjutsu that studies healing, while the pharmacist ninja is a ninja that studies deadly killing.

These pharmacist ninjas have received the cruel training of non-human half since childhood, and he is even more so like Kumsaka Narita. From the beginning of his memory, he has been feeding on various poisonous herbs and poisonous insects, which made his body already It is a hundred poisons invaded, and his attacks are also extremely poisonous.

Kumamoto Chengliang wouldn't have such a status as just that. He was even more powerful because he could control the toxins in the body as he pleased, and even used ninjutsu to completely turn him into poison.

The smile on Kumizaka's face gradually turned into a fierce light, and he sneered with his hands folded and said: "Li Tian, I can spare you not to die by handing over the zombie virus antidote reagent, otherwise..."

Li Tian's body shook slightly, then stepped back, and said, "Dreaming!"

After that, Li Tian's heart moved, and the Jixing Yasha, who had already been ambush underground, instantly generated four walls around Kumsaka Narita's body, which were more than one meter thick, completely binding Kumsaka Narita inside.

On the other side, the mother-in-law of Fujiwara Chiji has been pestering the old Shiji.

"Why haven't you shot yet? Kumasaka Narita has been trapped by Li Tian, what good is it for you to continue to pester me here?" Shiki God Ninja said.

"Hmph, you don't need to worry about this, so why don't you take it? Do you want to wait for me to force you to take it?" Mother-in-law Fujiwara Chiji said.

"Fujiwara Chiji, we are all ninjas of the Eastern Islands, and even if we have any deep hatred and grievances, we should put it aside first. After all, Tiancai Li is our common enemy."

"We must first settle in the outside world, why don't we unite to deal with Li Tian? After we have killed Li Tian, it will not be too late for us to solve our problems at that time!" said the old Shigod.

The mother-in-law of Fujiwara Chichi was amused by the words of the old Shiji. Her shriveled mouth smiled as if it were a flower, and said with a smile: "Joining hands? Okay, it depends on what you can do?"

Chapter 4024: Toxic (1)

Together?

How can this be!

Iga Ninja and Shikigami Ninja can be said to be at odds, even deeper than the contradiction between Iga and Koga Ninja, how could they join forces?

Even if the Shijin Ninjas are right, they are all Dongying Ninjas, but it is difficult to have the concept of a country in the mind of the ninja. The main reason is that the birth of the hermit was at the time of the Warring States Period of Dongying Island Kingdom.

At that time, a small county with a big palm could be called a country. Even if the entire Dongying island nation was unified later, these ninjas did not benefit from the unification.

And in the long process of fighting for various small countries, the Shigami ninja in the Iga Ninja actually controlled the dead soul in the belly Hanzo through the Shigami, which is absolutely intolerable for the Iga ninja.

That's why the Shijin Ninja was expelled by the Iga Ninja.

In the history that followed, Shikigami Ninjas were even more unscrupulous, controlling the dead souls of those famous ninjas who had repeatedly controlled Iga Ninjas.

After hearing Chiji Fujiwara's ridiculous words, the old man of Shikigami finally broke out.

"Fujiwara Chinji, don't be aggressive, is it true that our Shiki God Ninja is really afraid that you Iga Ninja will fail?" The Shiki God old man said angrily.

"Afraid? We Iga ninja never thought of asking your Shigami ninja to be afraid of us, but as Iga ninja or let alone you killed so many members of Iga ninja, even if there is no such thing, we have Iga Ninja is also obliged to completely destroy your Shijin Ninja!" Fujiwara said.

The old man of Shikigami glanced slightly towards Li Tian, and saw that Kumizaka Narura, who was trapped in the dirt wall just now, had rushed out of the dirt wall, and Li Tian was completely entangled in it. At the same time, knowing in his heart that Kumasaka Narura could not join forces with Fujiwara Chiji for the time being, he was relieved.

"In that case, don't blame me for being impolite!"

With that said, there is already a small piece of paper in the hands of the old man of Shiki God. Shiki God ninja bit his finger and drew a few runes on the person he was holding. Then his hands formed a knot and quickly changed the knot in his hand. , And his mouth is also chanting.

Immediately, the paper man exploded into a pile of broken pieces with a "bang", and with the explosion, the Yachi Orochi appeared in front of Fujiwara Chiji.

"It turned out to be the sky cluster in the abdomen?" This voice was full of surprise, but it was Li Tian.

The Eight Qi Orochi died in the hands of Li Tian's Qingyun Qi Jue, but now this Ochi Orochi suddenly appeared in front of Li Tian, how could Li Tian not be surprised.

Of course, it was not only Li Tian who was surprised, but also Pharmacist Ninja Kuma Saka Narita, but at this time, Pharmacist Kuma Saka Narita's face was full of anger, staring at Li Tian firmly.

"Boy, how did you do it? You are the first person I have encountered who can persist in fighting with me after being attacked by my Hundred Poison Fist without falling into the wind." said Kuma Saka.

Li Tian took his gaze back from a distance.

After that Kumizaka Narita was controlled by the Jixing Yasha, Li Tian had already used Qingyun to dissolve all the broken stones in his veins, and he blasted out with the several soul-breaking punches that Li Tian continuously used. In vitro.

After that, Li Tian asked Di Xing Yasha to take back the Heavenly Qiong Spear.

At this time, Li Tian shook hands with Qiong Spear of the sky, and said slightly: "You have this ability? If you only have this ability, if you are not my opponent, I forgive me for not being able to accompany you! And, Take care of me and come to my old lady with you, the big snake in front of her is not ordinary!"

"Hey, kid arrogant. I was very surprised that you could resolve my Hundred Poison Fist attacks, so I can't hide it." Kumasaka said.

As he spoke, Kumizaka Narira looked like a candle that was melted due to the high temperature. His body began to continuously flow down some dark purple viscous liquid. As soon as this liquid fell on the ground, a burst of white appeared on the ground. Smoke and even the asphalt on the road surface showed different corrosion after being soaked by this liquid.

Di Xing Yasha also seemed to feel the danger. He had already got out of the ground, jumped on Li Tian's shoulder, and said to Li Tian: "Master Li Tian, be careful, this guy's body has become very poisonous. I am afraid that the poison is more corrosive than aqua regia! Therefore, you must not let that liquid get on your body, otherwise the consequences will be disastrous!"

"Hey, this little monster has some eyesight. That's right, Li Tian, this is my ultimate ninjutsu poisonous thing. The venom in my body will be corroded even if it is steel, let alone your mortal womb. Up!"

When he said this, Kumizaka Narita took two steps towards Li Tian. As long as Kumizaka Narita takes one step forward, more liquid will drip from his body and mix with the liquid already flowing on the ground. One.

These liquids are like jelly gels, and Kumizaka's body has completely changed into this jelly-like poison.

White smoke was constantly rising into the air on the highly toxic thing, and the weeds that grew on the highway were touched by this venom, even a drop of it would turn into ashes in an instant. Even the weeds on both sides of the road have not touched this venom, and they have become completely withered just by being swept by the white smoke blown by the wind, and they have become powder when the wind blows again.

"What a poisonous thing!"

Li Tian had realized the toxic power of this Kumasaka Chengliang, and when he stretched out his left hand, the "red cut" had already fallen back with Li Tian's mind.

"Knot!"

With Li Tian's cry, the "Red Slash" instantly combined with the transparent silk thread released by the nine-color corpse lotus in Li Tian's heart, forming a skin-like armor on the surface of Li Tian's body. Outside Tian's body was a "Red Zhan" knife spirit phantom that was more than three meters high.

This blade spirit phantom is on Li Tian's body. Although it cannot withstand the attacks of those venoms, as long as it enters within three meters of Li Tian's body, Li Tian will react immediately, and Li Tian can do it at that time Avoid accordingly.

And Li Tian directly held his breath after the appearance of the blade spirit phantom, so as not to let him die because of breathing poison.

"Dixing Yasha, this poison is so powerful that I can't protect myself now. Either you go deep underground and hide, or I will let Feitian Yasha take you to the sky?" Li Tian said with his heart and soul.

Di Xing Yasha jumped down and dived into the ground without pretending or thinking.

"Master Li Tian, if you are in any danger, I will pull you into the ground at any time. I will never watch Master Li Tian get a dangerous attack!" Dixing Yasha said.

"Woo, my sense of existence is so low, can Master Li Tian not forget my existence! My dark cage still has a certain effect!" Feitian Yasha said dissatisfiedly.

Chapter 4025: Poison (2)

Feitian Yasha's presence is indeed relatively low. ,

His dark cage skill, Li Tian, had also heard Situ Ningbing talk about it, and it did have a certain effect.

If it's an ordinary opponent, this dark prison can completely trap that opponent to death, making him want to survive.

But if an ordinary opponent still needs his dark cage? Li Tian can easily solve it.

The dark cage of Feitian Yasha cannot be like Void Yasha's Void Blade, which can throw Li Tian's powerful opponent directly into the Void Turbulence, nor can it destroy an entire city like the Quicksand Storm of Earth Xing Yasha. Trapped a master like Tiancong in the abdomen for a while.

The basic flying skills of Feitian Yaksha cannot provide Li Tian with teleportation like the space of Void Yaksha, and Li Tian's earth escape technique like Earth Travel Yaksha allows Li Tian to avoid attacks. Even Haiyasha's sea navigation skills seem to be better than Feitian. Yasha seemed to be present.

However, Feitian Yasha appeared to be extremely important in Li Tian's battle.

With Feitian Yasha flying in the sky, he can provide Li Tian with a vision from God's perspective through his mind, so that Li Tian has no blind spots when he is fighting.

For example, now, even if Li Tian is now fighting with Kumasaka Narira, Li Tian can know the battle between Fujiwara Chiji and Shikigami Ninja, so that Li Tian can know what to do, and he will not worry about Fujiwara Chiji or It's the shikigami ninja attacking and distracting.

It was through Feitian Yasha's eyes that Li Tian knew that there were three powerful opponents hiding in the distant jungle. These three opponents followed Fujiwara Chiji and Kumasaka Narira, and had been hiding in that place for a while.

The three people Li Tian saw were the three sudden ninjas of the Koka Ninja Organization.

"Tsk tusk, I didn't expect it to be so lively this time. Even Shijin Ninjas came out. Have you seen that Shijin? That guy should be the Yaki Ochigoku in the abdomen!" Mochizuki Shouyun sighed. To say.

The woman who sits on the left of Mochizuki Shouyun leaning against the tree trunk is called Sato Shinno. She wears a black ninja suit on her upper body, but silk stockings on her lower body. The silk stockings are covered with a net like a fishing net. , This net perfectly shows the two slender thighs of this female ninja.

Sato Shinno showed a slight smile at the corner of his mouth, and said: "If the abdomen Tiancong becomes a shikigami, it should be stronger, but I am more concerned about Li Tian than him!"

"Huh! Li Tian is facing the pharmacist ninja Kuma Saka Naira. Once the old poison is launched, it will be difficult to approach. Now it is up to Li Tian to deal with the old poison. If Li Tian wins, maybe we still have a chance. But if the old poison wins, we might be a little susceptible!" said another sudden ninja Mitsui.

"Should we join Li Tian to deal with the old poison now? Wait until the old poison is dead, we will join together to deal with Li Tian?" Sato Shinye said.

Sato Shinno's words only resulted in two blanking eyes. Mochizuki Moriun and Mitsui Yugami looked at Sato Shinno as if they were idiots, but none of them spoke.

Li Tian heaved a sigh of relief when he saw that these three guys were hiding where they didn't mean to do anything.

"It seems that they are not members of the Iga Ninja Organization. If they are members of the Iga Ninja Organization, then I can only kill an old poison and run away!" Li Tian thought in his heart.

Li Tian thought so in his heart, but Kumsaka Narita's thoughts were completely opposite to Li Tian.

After being trapped in the earth wall by Li Tian's Di Xing Yasha, the patience in Kumizaka Cheng's conscience was almost consumed by Li Tian.

Kumasaka Narita was still thinking about getting the antidote to the zombie virus from Li Tian. Now he doesn't think about it anymore. He just wants to kill Li Tian, and then kill Shijin Ninja with Fujiwara Chinji. , As for the zombie virus antidote reagent, leave it to the kid who is hiding in the abdomen to find it.

At this time, the jelly-like body of Kumasaka Narira had moved quickly towards Li Tian, and the easy-going Kumasaka Narira's body moved, he kept throwing venom in the direction.

Facing this rain-like venom attack, Li Tian relied on the "Red Slash" knife spirit to sense in advance, and kept evading back and forth, or Li Tian used Broken Soul Palm and Broken Soul Fist to blast the venom away in advance.

"boom!"

A group of fist-sized venom was bombarded by Li Tian into countless raindrops, and it fell into the grass not far away, and those grasses instantly turned into a pool of weeds.

"If Void Yasha is here, I can use teleportation, and I won't hide so embarrassed!" Li Tian thought in his heart.

At this time, Li Tian had no intention of deliberately cultivating the old poison's leg and foot control skills. It was completely firepowered, and the venom that attacked him kept flying.

When Li Tianshang jumped down to avoid it, he looked very funny, but Li Tian didn't back down anymore. Instead, holding the spear of the sky, he kept pulling the distance between him and Kuma Saka.

With such a poisonous face, Li Tian can't wipe out the old poison like Ieyasu Kurokawa and the sky cluster in the abdomen. It will inevitably be his confidant's serious concern, so Li Tian can only keep approaching He then waited for the opportunity to use Qingyun Qi Jue to give Kumasaka Chengliang a fatal blow.

Seeing Li Tian constantly approaching him, Kumizaka Narita said with a weird smile: "The brave kid dared to approach me, hehe, I think you are impatient! "

As soon as the voice fell, Naruto Kuumasa suddenly accelerated his movement towards Li Tian, and his body had already stretched out two arms longer than 1.5 meters in length, crossing his left and right sides towards Li Tian.

At this time, Li Tian was only about five meters away from Kumsaka Narita. At this moment, the distance between the two of them was narrowed, causing Li Tian's heart to be alert.

Now that Kumizaka Narita has become this state, his arm can reach a length of 1.5 meters, then who can guarantee that his arm can not become longer?

Will he suddenly turn his arm into a whip and draw it onto Li Tian's body.

"Damn it!" Li Tian cursed secretly, and then Li Tian suddenly raised his left hand, cast a few soul-breaking punches in succession, and banged on the two arms.

"boom!"

"boom!"

The Broken Soul Fist landed on the arm, and the poison arm was not scattered from all sides like other poison liquids. It just swayed in the air for a while and then drew it again.

Li Tian didn't dare to neglect. On one side of his body, the Heavenly Qiong Spear in his right hand stabbed and blocked the poisonous liquid arm, and when the poisonous arm touched the Heavenly Qiong Spear, how many The drop of venom had been ejected, coming in three directions from Li Tian's body.

Fortunately, the phantom of "Red Slash" allowed Li Tian to feel the movement of the venom. Li Tian's left hand continuously used Xuantian **** to bounce the venom back.

But just like this, Li Tian was already shocked in a cold sweat.

"It seems that I also have to show some real skills, otherwise this level will not be easy!" Li Tian said.

Chapter 4026: mutation

"Boo!"

With a move of Li Tian's mind, seven or eight purple electric snakes have already emerged from Li Tian's arms, moving back and forth along Li Tian's arms, like a long bow ready to go, as long as Li Tian gives the order Will attack the old poison.

"Hey, Li Tian is what you are really capable of, right? Looks like a bluff, but I don't know how strong it is!" This old poison, Kuma Saka, seems to feel that he can force Li Tian to perform tricks. It's amazing.

"Boo!"

On Li Tian's legs, there were also seven or eight purple electric snakes. As soon as the purple electric snake came out, Li Tian suddenly felt that his whole body was full of power, his reaction speed, strength, and explosive power. Both have been greatly improved.

This purple electric snake was matched with the "Red Slash" phantom, and it was not difficult for Li Tian to avoid the poisonous attack.

Li Tian's figure kept flashing, and the figure kept moving around Kumsaka Narira's body like a ghost, while the sky spear in Li Tian's hand flicked out of the spear and flicked off Kumsaka Narira's poison arm and attacked continuously. Stopped and stabbed Kumasaka Narira's body.

"puff!"

"puff!"

This feeling is like piercing the jelly with a fork. Even if Li Tian's spear of the sky can pierce a hole, as long as the spear is pulled out, the body of Kumizaka Narita will immediately return to its original appearance.

"Haha, come on! Let me feel your power that can sink Zhongtong Island!" Kumasaka Chengliang did not avoid Li Tian's attack from the Heavenly Qiong Spear, but seemed to deliberately lure Li Tian. Said with a wild smile.

"Boo!"

The seven or eight purple electric snakes had already swam to the Qiong Spear of the sky with Li Tian's heart movement. Li Tian once again avoided the attack of Kumasaka Narita and stabbed out. The purple electric snakes swarmed and got directly into Kumasaka Narita's. In the body.

"boom"

There was a loud noise, and a big hole with a diameter of more than a foot was blasted in the chest of Kumasaka Narita in an instant, and a scorched smell came from his body, and even a ray of it appeared on his body. Green smoke.

"This...this is your strength? That's it, that's how it is!" Kumasaka Narita looked down at the big hole in front of his chest, without the slightest pain or the slightest anger in his tone, but there was a trace of excitement. To say.

Following Kumsaka's words, the venom under his feet began to flow back and soon filled the big hole in front of his chest that had been blasted.

Li Tian's brows frowned. He didn't expect that this body of Kumasaka Narira would be unharmed after being attacked by these seven or eight purple electric snakes. It was just that after the venom filled the big hole, Kuma Saka's jelly-like body It seems to be smaller.

This shows that the purple electric snake's attack is still very effective, but its lack of power has not completely wiped out the smoke that Kumasaka Narita bombed.

"In that case, it seems that I have to show all my strengths to treat the belly Tian Cong and Kurokawa Ieyasu to treat you!" Li Tian said with a slight smile at the corner of his mouth.

After that, seven or forty-nine purple electric snakes appeared on Li Tian's body instantly.

At this time, Li Tian was like a **** descending to the earth, purple electric snake, electric dragon snake, the phantom of "Red Slash" was like the incarnation of Shura, filling Li Tian with a powerful force.

But at this moment, Li Tian suddenly saw through Feitian Yasha's eyes that the Yagi Orochi suddenly gave up the fight with Fujiwara Chiji, twisting his body and rushing towards Li Tian quickly.

"Li Tian! I am going to kill you!"

This voice was very strange. When the two words Li Tian were called out, they were in Huaxia, but the last few words were changed into Dongying.

"What's the situation? Why did you come to me suddenly? Didn't you have a good time with that old woman? Why are you looking for me?" Li Tian didn't understand at all.

But if Li Tian understood that this spirit is the soul of the abdomen Tiancong occupying the body of the army commander, then Li Tian would not be so surprised.

Fujiwara Chiji and Kumasaka Narita are also completely confused. Even if the dead souls are summoned by the method of Shiki, most of them have no previous life memories, and will only become puppets and let Shiki God ninja control them. , But why did the eight-qi big snake in the sky cluster suddenly kill Li Tian?

However, although the two of them had not fully figured out the situation, they acted immediately, Kumizaka Narira continued to attack Li Tian, while Fujiwara Chiji did not intend to stop attacking Yaki Orochi.

But at this moment, a drum of coercion fell from the sky, causing the bodies of Kumasaka Narira and Fujiwara Chiji to freeze, and their entire bodies came to a halt.

The faces of Fujiwara Chiji and Kumsaka Narira showed horror. The two of them didn't know what was going on. Fortunately, the moving Yaki Orochi was still rushing towards Li Tian, and it seemed that he had been affected. Some affected Li Tian also evaded urgently, otherwise the two of them might be seriously injured at this time.

"This guy's weight has become even stronger. What a difficult opponent!" Li Tian thought in his heart.

Also affected is the old man of Shiki. This guy has stepped aside when Yaki Osaki Shiki and Granny Fujiwara Chiji started fighting, and there are already seven or eight kinds of Shiki beside him. Protect him.

The old Shishen smiled wildly in his heart and thought: "Go! Go release the anger in your heart, and cut Li Tian's head back for me!"

...

Tang Xiaolong's abdomen, which was blasted off by Tang Xiaolong, was lying on the ground for a long time without moving. This made the other ninjas even have an illusion in their hearts that Tang Xiaolong's abdomen was punched.

The abdomen was not dead, he was looking at the white clouds floating in the sky, but his body was trembling slightly at the beginning.

This trembling is not because of fear, but because of anger!

"How many years, maybe three years? Five years? Or even longer! I haven't been hit by anyone for so many years!" Zheng Zang said to himself.

"If in the past few years, I can have an opponent like Tang Xiaolong by my side, maybe my current strength will not stagnate!"

"It seems it's time for me to fight! It's also time for me to fight!"

The abdomen Zhengzang slowly stood up, and his cheeks that had been bombarded by Tang Xiaolong's iron fist had been completely soiled after he stood up, and pieces began to fall continuously.

"Very good, very good! You can actually hurt me, and now I will treat you as Li Tianlai seriously!" Abdomen Tian Cong's eyes were indifferent, and his gaze slowly swept across the faces of Tang Xiaolong and Xiao Hotpot.

Chapter 4027: Again

Looking at the abdomen Zheng Zang stood up, the other Shinobu or people immediately jumped for joy.

The abdomen is the current leader of the Iga Ninja, and it is the spiritual leader of these ninjas. If the abdomen is hidden and falls to the ground, then the other ninjas definitely have no confidence to fight Tang Xiaolong and others.

Now that the abdomen is hidden, the other ninjas are already eager to try even if they know they are not Tang Xiaolong's opponents. Even if they can't fight Tang Xiaolong and others head-on, they hide next to throw a hidden weapon and throw a detonator. Disgusting and disgusting Tang Xiaolong They are also always good.

Tang Xiaolong, Xukong Yasha, and Little Hotpot are also well-informed, but they couldn't help showing the expression of surprise when they saw the changes in their faces after they stood up while hiding their abdomen.

But this expression was quickly replaced by heartless thoughts.

"Is it a supernatural person?" Tang Xiaolong asked.

The little hot pot shook his head and said, "I don't know! Would you like to try another punch?"

"Try it!" Void Yasha sneered and nodded.

After Tang Xiaolong received the support of Little Hot Pot Void Yasha, a smug smile appeared on his face, and he smiled at his belly and said, "Hey, you should have had this kind of consciousness a long time ago. You should know that the three of us are not working together. A powerful existence belonging to the little boss Li Tian!"

"Really? If this is the case, then I should underestimate Li Tian," said Zheng Zang abdomen.

Tang Xiaolong's expression was startled. The smile just now disappeared without a trace. Instead, he was full of anger. Tang Xiaolong could tolerate other people's insults to him, but he couldn't allow others to say something bad about Li Tian.

And there is Void Yasha holding this kind of thought, and the master naturally feels that his face is dull when he is insulted.

"Tang Xiaolong, what do you think?"

"Beat him!"

Tang Xiaolong's simple words showed the expression of anger in his heart at a glance.

"Okay! Then let's do it again and beat him!"

Little Hot Pot liked this feeling very much. When he was a Venerable, he was more alone, and there were few friends around him.

At that time, there was a feeling of being overwhelmed by the cold.

But now, although his cultivation level has plummeted, he has known many people and made many very interesting friends.

"Let's do it together!" Little Hot Pot said with a smile.

The three guys simply exchanged their eyes, and laughed involuntarily, and with the hearty laughter, Tang Xiaolong's figure had begun to flicker in the direction where his abdomen was hidden.

"Huh! Will I still be hit by your same moves twice? It's a dream!" The belly was hiding, watching Tang Xiaolong's figure rushing towards him, with a hint of chill in the corner of his mouth.

After saying this, the body hiding in the abdomen instantly released a powerful and terrifying pressure, although this pressure is not as powerful as that released by Li Tian, Xiao Hotpot, and abdominal Tiancong. It makes people lose the ability to act, but it also makes the people present feel that it is difficult to breathe.

And Tang Xiaolong had already been affected by this kind of pressure, even though Void Yasha was still carrying his body incessantly, teleporting and flashing non-stop, but his speed had obviously dropped.

In the distance, those upper ninjas were even more exaggerated. Seven or eight people were directly paralyzed on the ground by the powerful pressure released from the abdomen.

"It's a tail beast! It's a legendary tail beast!"

"Tailed beast? What is that? Why have I never heard of the tailed beast?"

"That's because you have just been promoted to Shangren this year. Naturally, you are not qualified to receive this special cultural education. If you don't understand, you won't be blamed!"

"What the **** is that beast?"

"Before the end of the world, you always read a very famous cartoon in our country? That's it..."

"Difficult...Is it just that kind of tail beast? Isn't that comic book made up? Is there a tail beast?"

"Art comes from life and is higher than life. Before the end of the world, the author of that comic was a fan of Master Masazo in the abdomen. He had visited Master Masazo in the abdomen several times, and even wanted to learn ninjutsu with Master Masazo in the abdomen. Unfortunately, his He has limited aptitude and did not learn ninjutsu. However, many elements in his manga are based on the ninjutsu of our Iga Ninja, including the beast."

"The tail beast is one of the three blades in the legend. As long as the blade is turned on, the opener can instantly possess the power of the tail beast! You will know the specific situation in a while. This opportunity is a rare opportunity, wait Don't blink for a while!"

These ninjas said with excited expressions on their faces.

The words of those ninjas were hidden in the ears, his face naturally carried a confident smile, and he faced Tang Xiaolong, and instead of retreating, he rushed in the direction of Tang Xiaolong.

"Om!"

Zheng Zang in the abdomen once again released this pressure, and Tang Xiaolong, who was about to rush in front of him, was once again affected and slowed down again.

There was a sneer from the corner of the mouth hidden in the abdomen, and there was already a long knife in his hand, and his legs jumped and slashed towards Tang Xiaolong.

This long knife is the famous demon knife Cun Yu in the legend of the Eastern Island Kingdom. According to legend, when this knife is pulled out to kill, the murderous blade will have dew, and after the killing, water will flow from the blade to clean blood. , As if rain is washing the leaves, so it is called village rain.

At this moment, Void Yasha brought Tang Xiaolong to move instantaneously, and his feet had just landed on the ground. It was not impossible to avoid the attack of the village rain hiding in the abdomen, as long as he entered the space of Void Yasha.

"Don't hide!"

Tang Xiaolong said to Void Yasha.

Tang Xiaolong didn't show the slightest fear on his face. His ten-fold refinement had already reached the eighth level. A body with copper tendons and iron bones, even if he was slashed by a powerful opponent like the hidden abdomen, he would suffer at most. It's just a serious injury, and there is definitely no life worry.

But if he hides in the space of Void Yasha, Tang Xiaolong will not be injured, but he will also miss an attack on the abdomen, and in this way, there will be a knot in his heart, and he wants to face the abdomen again. When I was hiding, I wondered if I could avoid it.

"Don't hide!"

The small hot pot behind Tang Xiaolong sternly shouted at Tang Xiaolong.

And with this shout, a powerful coercion fell from the sky. After this coercion appeared, it immediately dissipated the coercion released by the abdomen, and the abdomen that jumped in the air was hidden. Was directly pressed down by this pressure.

At this moment, Tang Xiaolong was also affected by this kind of pressure, but the influence he received was far less than that of Zheng Zang in the abdomen, and this degree of pressure on Tang Xiaolong's body was completely negligible.

"go to hell!"

Tang Xiaolong gritted his teeth and threw his iron fist toward the cheek of Tian Cong in the abdomen that was falling continuously.

"boom!"

Chapter 4028: Defeated

When Tang Xiaolong was fighting with Zheng Zang in the abdomen, Li Tian had also fought with the big snake that had turned into the sky cluster in the abdomen.

I have to admit that Tiancong in the abdomen is a rare martial arts genius. After he died in Li Tian's hands last time, he was summoned by the old Shishen with Shishen. Have a deeper understanding.

For now, although the weight released by the eight-qi snake is far from the level that Li Tian releases, Li Tian can already feel that the sky cluster in the abdomen has touched the threshold. Once let him experience it once or twice, he will be able to release the weight of control coercion like Li Tian.

"Li Tian, damn Li Tian, this time I see how you escape here!" In the strange voice, there are both the anger of the abdomen, the unwillingness of the army commander, and the disdain of Shishen himself.

But at this time, the Eight Qi Big Snake was like a shadow, and it was only a moment before he had reached Li Tian's side, and his eight heads simultaneously attacked Li Tian in different directions.

The eight heads of the Yachi Orochi had some wounds to varying degrees. It can be seen that when the Yachi Orochi was fighting Fujiwara Qianji, the Yachi Orochi did not get any benefits, and even felt a little embarrassed.

However, at this time, after the big snake released the weight, the aura on his body was completely different. The sharpness was revealed. The eight heads were like eight sharp swords, trying to put Li Tian to death.

Li Tian hasn't put Yaqi Orochi in his eyes yet. Facing Yaqi Orochi's fierce attack, Li Tian sneered at the corner of his mouth and said, "I can kill you once again. Can kill you twice, three times, countless times!"

When Li Tian uttered the last word, the eight heads of the Yaqi Orochi had opened their big mouths and bit them towards Li Tian, and the distance between this mouth and Li Tian was already less than three feet away.

But it was three feet away, but it became a distance that he couldn't reach. When Li Tian said the last word, eight pressures suddenly fell in the sky, and this pressure fell accurately. He touched the head of the big snake, and directly pressed the head of the big snake on the ground, and then directly into the ground.

Shock!

The wrinkled face of Fujiwara Chiji's mother-in-law burst into surprise, her eyes fixed on Li Tian, and she couldn't believe it.

"No... impossible!"

As one of the few survivors of Iga Ninja's previous generations of ninjas, Fujiwara Chiji has achieved the level of proficiency in ninjutsu, physique, and other skills. Body, but in front of her Fujiwara Chiji did not dare to make trouble.

In the battle just now, when the Yachi Orochi hadn't exerted any coercion, Fujiwara Qianji had the upper hand and caused some damage to Yachi Orochi.

Fujiwara Qianji understood that if she wanted to easily defeat the Yachi Orochi and kill the Yachi Orochi easily, then she had to cooperate with Kumizaka Narita, otherwise she would use her forbidden technique. It's just that once she uses the forbidden technique, although she can kill the Yaqi Orochi, she will also rapidly age to death because of this.

But what about Li Tian? This kid didn't know what skills he used, and he was able to defeat Yaqi Orochi in one move. How could this not surprise him.

And Kumsaka Narita is closer to Li Tian and Yachi Orochi. The Yachi Orochi's head was pressed into the ground in front of him, and Li Tian only seemed to have a movement on his face. Extra action.

The more so, the more surprised Kumasaka Narira felt.

"Li Tian hasn't exerted his full strength just now? He should have been paying attention to the battle between Yaqi Orochi and Fujiwara Qianji. With one heart and two uses, he can suppress me. This man is really too powerful!"

"No, even if I fight for my old life, I can't let this man leave here alive, otherwise the strength of the kid hiding in the abdomen will be in Li Tian's hands, and we Iga Ninja will probably It will become a historical term, and the inheritance will be completely broken down!"

When Kumasaka Nariya made this decision to fight to the death, the three Koka ninjas were shocked and frightened by the immediate changes.

"What is going on? Why can't I understand it at all?" Sato Shinno rubbed his eyes and looked at Mitsui Yugami and Mochizuki Shouyun with some confusion.

"I'm not very clear. The Yaki Orochi was fighting with Fujiwara Chiji just now, but why did it suddenly rush to Li Tian? What is even more puzzling are the two Fujiwara Chiji and Kumasaka Narira. The old man was able to stand by and watch Yaqi Orochi and Li Tian fight!" Mochizuki Shouyun said.

Mitsui nodded slightly and said, "And what method did Li Tian use to instantly press the eight heads of Yaqi Orochi into the ground at the same time? You can see through this shot alone. When he came out, Li Tian was probably far better than Yaki Orochi, Fujiwara Chiji and Kumsaka Narita!"

"What shall we do? Should we retreat now and report the news to the leader Sarutobi or rush out to join the battle now?" Sato Shinno asked.

"If we rush out, who will we help? Help Li Tian or help Iga Ninja or Shishishen Ninja? None of us help, so continue to stay here to watch the show!" Mochizuki Shouyun said.

The face of the old man of Shikigami who had been watching from the outside was also full of horrified expressions.

He knows too much about Shiki. If the previous Abdomen Celestial Cong's ability was one, then the modern Yaqi Orochi's ability is 1.5 or maybe two, but how did Li Tian do it? Knock down Yaqi Orochi instantly.

"No, the sky cluster in the abdomen is the most powerful shikigami I have summoned recently, and he occupies the body of the commander of the Chao Army Commander, the commander of China's top ten legions. If their combination fails, then our shikigami There will never be a ninja!"

Thinking of this, the old Shishigami suddenly sat on the ground cross-legged, and kept taking out some paper villains and paper beasts from his clothes, and slashed the palm of his hand forcefully with the blade of his hand, sucking his hands with big mouths. The blood flowing out of the palm of his hand suddenly sprayed blood at the little paper figures and paper beasts that had been placed on the ground.

"puff!"

When the blood rain fell, the bodies of the paper villains and the beasts immediately began to burn with blue flames, and in the flames, ninjas and ninjas continued to come out!

"Li Tian, I see how many shikigami you can deal with me alone!" The shikigami old man said with a sneer.

Chapter 4029: Melee

After seeing this shikigami coming out of the blue flames, the faces of the two old men of Iga Ninja and the three sudden ninjas of Koka Ninja could not help but change slightly.

"Damn it, it turned out to be our ninjas who died in battle!"

That's right, although these Shikigami ninjas did not have such a famous ninja as the belly Tiancong, they are definitely not unknown, but these ninjas have one thing in common, that is, they are all in the last few years. The ninja who died because of you for various reasons.

But now, these ninjas have been resurrected and summoned by the shikigami ninjas, but neither Iga nor Koga's ninjas have the slightest joy in seeing the resurrection of the dead, but full of joy. Angered.

The Dongying Island Kingdom is deeply influenced by China. For the deceased, they all pay attention to the peace of one who is in the soil, and all emphasize that the deceased is the greatest, but the Shijin Ninja is the opposite.

Sato Shinno's eyes were red. Among these dead ninjas, she saw her former lover, but Sato Shinno's eyes did not have the slightest tenderness, only anger.

That was her former lover, the lover she decided to protect for the rest of her life, but now she has become a puppet in the hands of Shijin Ninja, used to deal with Li Tian.

"Asshole! I can't bear his disrespect to our ninjas, none of you should stop me, I'm going to teach that ***** Shikigami ninja a lesson!" Sato Shinno said.

This time, Mochizuki Moruun and Mitsui Yugami did not stop them, but walked out of the woods with Sato Shinno with gloomy faces.

In the past three years or so, at the end of the world, although Koka Ninja got the opportunity to develop, but the same Koka Ninja organization also has a large number of ninjas who died due to various reasons.

And now among these ninjas summoned by Shikigami, they are also expected to be the brothers and friends that Yueshouyun and Mitsui Yugami knew.

They will naturally not stop Sato Shinno.

The three Suo Ren started at the same time, just like three cheetahs, and the figure rushed out of the woods quickly, galloping on the road, even the speed of a full-powered sports car is probably not enough.

When the three suddenly appeared, the first thing they felt was Li Tian, who had already known that they were in ambush.

At this moment, Li Tian's whole body was flashing seven or seventy-nine purple electric snakes. He was holding the spear of the sky and had reached the Ochi Orochi, and he was about to perform another fatal attack on the Ochi Orochi that had become from the sky cluster in the belly. After seeing these three suddenly rush out, Li Tian couldn't help but chuckle.

"Are they going to unite to deal with me? If this is the case, then it seems that I must leave here as soon as possible!" Li Tian thought in his heart.

But at this moment, Li Tian saw the direction of the impact of the three sudden renunciations suddenly folded, and even rushed to the Shigami ninja, and did not come at him.

Li Tian's heart immediately felt relieved, and the Qiqiong spear in his hand pierced the Yaqi Orochi without hesitation.

Seeing that the Qiong Spear of the sky was about to stab the Orochi Orochi, Li Tian only felt that the weight of his display suddenly loosened a little at that moment.

Li Tian used heavy battles for a relatively small number of times, especially even fewer battles against people with the same ability.

So he didn't know the law of this skill.

If the weight is cast at the same time during the battle, then the higher level and more capable side will naturally destroy the weight displayed by the other side, and if the weaker side has been controlled by the stronger side, and he is in When it is heavy, it may also weaken the power of the strong side, or even loosen it.

At this time, Li Tian encountered this situation.

The weight that Yaqi Orochi displayed did not seem to have any effect on Li Tian, but it made Li Tian's weight loose a little, and this looseness made the Oki Orochi snake escape from death, and instantly lifted his head from the ground. Lifted it up.

At the moment its head was lifted, it slammed a large block of cement into Li Tian with its head.

"Wow!"

"Wow!"

Facing these blocks of cement, Li Tian's Qiqiong spear of the sky was picked to the side with a light pick, completely posing no danger to Li Tian, but the big snake riding on this time had already backed more than ten meters.

"kill!"

"kill!"

The other shikigami ninjas have rushed over and released various ninjutsu against Li Tian. Various elements suddenly appeared in front of Li Tian.

The billowing flames, the protruding boulders, the towering blue waves, and the towering old trees seemed to trap Li Tian to death.

But in the face of these attacks, Li Tian's face did not show the slightest tension, but a trace of ridicule. Li Tian abruptly threw the Qiong Spear of the sky, and then squatted down with a single stride, blasting dozens of soul-breaking punches simultaneously with his left and right hands.

The air wave blasted by the strong fist wind intersected with those elements and immediately produced a violent explosion.

"boom!"

"boom!"

The flame was rushed into the sky by the explosion, the boulder was extinguished by the ashes of the explosion, the huge wave turned into water droplets before it fell, and was instantly evaporated,

while the ancient tree directly became the combustion-supporting material of the explosion and was burned clean.

But Li Tian didn't stop there, he continued to cast Soul Breaking Fist, blasting at the ninjas who rushed towards him.

With every punch, several ninjas were blown up because they couldn't escape, and instantly turned into paper men and were burned by the fire.

But those ninjas are all shikigami, puppets with no emotion at all. Even if they watch the ninja next to them being blown to death, they don't have the slightest fear, let alone back away easily.

Li Tian's Heavenly King Spear has fallen into his hands, ready to rush into the ninja crowd, and kill those ninjas. However, at this moment, Kuma Saka, who has been out of the control of Yaki Orochi, has already rushed in angrily. Among those Shijin Ninjas.

The body of this old poison is the biggest weapon. His venom is scattered around at will. After the shikigami is touched by the venom, it will be like burning paper, and it will burn and clean. , Turned into a pile of ashes.

"Hahaha!"

Kumasaka Chengliang laughed wildly, the suffocation he had when fighting with Li Tian was wiped out, and he wanted to kill these shikigami ninjas.

The number of these ninjas and ninju beasts would be only thirty or forty if they did not come. After Li Tian and Kumasaka Chengliang took turns to attack, the number dropped sharply.

However, at this time, the old Shishigami could no longer take care of the Shishigami ninjas summoned by him. The combined strength of the three sudden ninjas can be described as crushing him.

Fujiwara Chiji snorted and said to the three sudden ninjas: "Get out! When is Koka's turn to intervene in the battle of Iga Ninja?"

Chapter 4030: Kill the serpent (1)

Li Tian sees six ears and listens to all directions.

The joining of Su Ren made the whole battle even more chaotic, but Li Tian understood that all the people here were his opponents and his enemies.

So Li Tian had only one thought in his heart, no matter who came to trouble him, he would eliminate his opponent without hesitation. At this time, Li Tian's goal was still the Yaqi Ochi.

After avoiding Li Tian's attack, Yaqi Orochi just stepped back ten meters and then attacked Li Tian again. Now Yaqi Orochi is more and more comfortable with his heavy use, and he attacked Li Tian as well. Also more confident.

"Om!"

A wave of coercion fell from the sky.

Li Tian was shocked, this time his coercive attack was clearly more accurate, and the power of coercion was stronger than before.

Li Tian had already used pressure to attack Yaqi Orochi at the same time, and used pressure to break the pressure that fell on him, but his body movement was still greatly affected.

Fortunately, at this time, those Shiki God ninjas were already dead, and Kumsaka Narita was still some distance away from him, otherwise Li Tian would definitely be in danger at this time.

Li Tian's heart secretly rejoiced and blamed him for not carrying the Void Yasha. If Void Yasha is again, Li Tian will be more comfortable, and perhaps by this time he can already kill the Yaqi snake in the abdomen. Up!

"No. Although the current situation is chaotic, it is not good for me. I must kill two people as soon as possible. While weakening the opponent's strength, I can also build up my strength. Only in this way may I leave here as soon as possible. Play with Tang Xiaolong!" Li Tian thought in his heart.

Although Li Tian can do three things with one mind at this time, he has not taken into account what situation Tang Xiaolong and the others are now. Li Tian only hopes that if Tang Xiaolong and Xiao Hotpot Restaurant and others are not the opponents hiding in their abdomen, they will quickly hide in the void Yasha in the space.

"Hey, Li Tian now knows how good I am! As long as I fully control this heavy method and technique, then your advantage in front of me will be wiped out. By then, it is not always certain who wins and who wins!" Baqi Orochi said with a smile.

"Master Li Tian, don't panic, there are still me and Jixing Yasha! I will use my ability to control the others, and then you will deal with the big snake wholeheartedly, and wait until the big snake is killed. , Then you will have no problem dealing with other people!" Feitian Yasha said to Li Tian with his heart.

Di Xing Yasha also said to Li Tian from the ground, "Master Li Tian, although my escape technique is not as helpful to you as the teleportation of Void Master, but my escape technique is not too bad. , As long as you need to say something to me, I will help you immediately! Except for the old poison, I can't do anything, I can at least temporarily control other people underground!"

Li Tian suddenly realized.

Before, he watched these ninjas fighting with each other, thinking that these ninjas hadn't had an influence on him yet, so he didn't think about controlling them all.

But when Yaki Orochi broke the balance, these ninjas became his opponents, so why not let Feitian Yasha control everyone else.

And the only thing that Void Yasha can't control is the heavy Yaki Orochi that I have already mastered, so now I only need to deal with the Yaqi Orochi with all my strength.

After two Xiaoyasha's enlightenment, Li Tian finally figured it out.

"Feitian, let me take a look at the strength of your dark cage!" Li Tian said to Feitian Yasha with his heart.

After Feitian Yasha received Li Tian's order, his face immediately showed joy, and he saw Feitian Yasha flashing its wings higher and higher, and then suddenly opened his mouth as if he was about to vomit.

Of course, this dark cage is Feitian Yasha's natal skill, and it will definitely not be created by vomiting. Otherwise, to create a huge dark cage, how long will Feitian Yasha need to vomit!

In an instant, a cloud of dark matter like freezing appeared at Feitian Yasha's mouth. This matter grew as long as the wind saw the wind. It was only the size of a thumb just now. In an instant, it had become the size of a washbasin. In the blink of an eye, the substance was The size of a basketball court.

At this time Feitian Yasha had already loosened his mouth, allowing the dark matter to fall freely, and the dark matter continued to grow bigger as it fell.

The three ninjas, the two old men of the Iga ninjas, and the Shijin ninjas all had surprised expressions on their faces after seeing this thing that fell from the sky, and a suspicious thought appeared in their hearts instantly.

"Then... what is that?"

Seeing this thing getting bigger and bigger, they reluctantly gave up attacking the opponent, wanting to escape from the dark matter that fell from the sky.

It's a pity that their thoughts are good, but the speed of the dark matter falling too fast, almost comparable to the speed of lightning. From the moment they looked up and saw the matter, to the moment they made a judgment to escape from here, the matter had already fallen. Down.

"boom!"

This dark matter slammed heavily on the ground, covering everyone in this dark prison.

When Li Tian landed in the dark cage, he had already communicated with Dixing Yasha and let him take Li Tian into the ground.

The size of the dark cage made by Feitian Yasha this time is much smaller than the one made when guarding the city of Ruhr last time.

"Wow!"

Li Tian had already drilled out of the ground a kilometer away, and then he watched as if he was watching a play, watching the Yaqi Orochi, the three Sunin and others swimming in the darkness.

Outside the dark cage, you can clearly see what's happening inside the dark cage, but inside the dark cage, you can't clearly see what's happening outside.

What Li Tian didn't expect was that in this dark cage, Yaqi Orochi was completely free and unaffected by this dark cage.

Even other ninjas can swim in this dark cage, Li Tian believes that it won't take long for them to find a way out of this dark cage.

"Master Li Tian, I... I underestimate these people. Their strength is very strong. I can't control them completely. So Master Li Tian waits for you to speed up the time!" Feitian Yasha said.

The Yaqi Orochi had evolved from the sky cluster in the abdomen, and was already familiar with this dark cage. After he was instantly rounded by this dark prison, he unswervingly moved in one direction.

And this direction is exactly where Li Tian is standing.

Three minutes later, the head of the Yaqi Orochi was about to come out of the dark cage.

"Hehe, Li Tian has to play the tricks that he has already played again. It seems that you are also poor at guilt." Baqi Orochi said with some disdain.
