

A Killer 4031

Chapter 4031: Kill the snake (2)

Seeing that the head of Yaqi Orochi was about to emerge from the dark cage, Li Tian's mouth showed a sneer, and dozens of purple electric snakes on his arm had begun to snake around the spear of the sky, and he waited. Yaqi Orochi automatically sent us.

"Puff!"

"Puff!"

Li Tian only heard the sound of his heartbeat, all other sounds had completely disappeared in his ears.

The head of the Yaqi Orochi had already pushed out a bag from under the dark cage, and the dark cage in front of the Yaqi Orochi finally lost its function of restraining the Yaqi Orochi.

"Bang!" With a sound, as if a balloon exploded, one of the heads of Yaqi Orochi emerged from the bag that had been burst from the dark cage.

Li Tian's hand is like a gust of wind, and it goes like lightning. When the head of the eight-qi snake was just stretched out, the spear of heaven in his hand had already pierced into the head of the eight-qi snake, and the spear of that day was on the spear. 'S purple electric snake got into the head of Yachi Orochi almost synchronously.

"boom!"

There was a violent explosion, a cloud of blue smoke leaped into the sky, and the big snake did not even have time to make a scream, and even the shadow was blown by the purple electric snake.

The Yaqi Orochi in the dark cage uttered a scream, and he involuntarily stepped back a few steps. He wanted to continue to grow the head that had been blown by Li Tian, but he found that he was in this dark cage. It is impossible to do it anyway.

Yaqi Orochi moved quickly to the side, trying to rush out from other places, so that a head that had been shattered could grow out again, and at the same time, he also wanted to start a frontal battle with Li Tian.

But in the next second, Li Tian had already jumped into the dark cage.

The sun was still shining just now, but in an instant Li Tian felt completely blind. He couldn't even see anything in front of him, but don't forget that Li Tian and Feitian Yacha are connected, and he can share Feitian Yacha's sight.

Li Tian's movement did not stop at the slightest, and he chased in the direction of Yaqi Orochi at an accelerated rate.

At this time, the distance between Li Tian and Yaqi Orochi was not far away, and Li Tian had the sight of Feitian Yasha again, and he would naturally move faster.

Only a few seconds later, Li Tian had already caught up with the Ochi Orochi, and at this time, the Ochi Orochi seemed to have no idea that Li Tian had also jumped into the dark cage.

However, everyone is in a dark cage at this time, and the Orochi Orochi is a bit more sensitive to danger. Li Tian's spear of the sky wrapped in the purple electric snake is about to stab the Orochi Orochi. He quickly moved a few meters back and dodged gently.

Yachi Orochi didn't feel angry at all because he lost his head and said with a smile: "Hey, despicable Li Tian, you don't count as a sneak attack and you want to attack again. Unfortunately, as long as we are in the same position, you don't have any advantage. As long as you show murderous intent, I can know where you are accurately, so don't even think about attacking me again!"

"And, hey, you stay with me in this darkness, I'll go out first!" After saying this, the Yaqi Orochi had begun to speed up and escape from Li Tian.

At this time, the Yaqi Orochi had already stimulated his full potential, and some strange runes appeared on his body. These runes were exactly the runes that appeared on Ouyang Man before.

After possessing these runes on his body, the Yaqi Orochi seemed like a duck in the dark cage, moving faster.

If Yaqi Orochi moves at this speed again, within three minutes, he will rush out from the other direction of the dark cage.

There was no tension on Li Tian's face, but a smug smile appeared on the corners of his mouth.

"Hmph, I'm worried that you will hide in this dark cage after losing your head, and dare not come out easily. Then I will enter this dark cage to fight you."

That's right, Li Tian deliberately entered this dark prison and drove the Ochi Orochi out!

And it is impossible for Li Tian to have no advantage in this dark cage.

You must know that this dark cage is Feitian Yasha's real skill, Feitian Yasha can control the resistance in a certain direction of the dark cage at any time, so how can the Yaqi Orochi and Li Tian fight?

Moreover, in this dark prison, Li Tian has the eyes of Feitian Yasha.

This feeling is like a normal person wearing sunglasses and a blind person fighting. The blind person's every move falls in the eyes of the normal person, but the blind person thinks that everyone can't see the surroundings like him. It.

Li Tian did not chase the Orochi Orochi from behind, but turned around and walked out of the dark cage directly, and then rushed to the Orochi Ochiro snake around the dark cage at the fastest speed.

Seven or seventy-nine purple electric snakes have been gathered on Li Tian's entire right arm. These electric snakes fill Li Tian's entire arm with powerful force. Li Tian can feel that as long as his spear is pierced, let alone Yaqi Orochi, even this dark prison is completely likely to be broken by him.

"It should be over, let me give you a fatal blow!" Li Tian said with murderous expression in his eyes.

At this time, the Yaqi Orochi, who had no idea that the danger was approaching, had already rushed towards Li Tian in the dark cage.

The expression of Li Tian surprised when he rushed out of the dark prison flashed in the mind of Yaqi Orochi, and it also flashed the expression of driving Li Tian to death after he had completely mastered it.

Thinking of this, the heads of the remaining seven big snakes of Yaqi Orochi showed a smug smile at the same time, which was strange and strange.

In the next second, Yaqi Orochi's body had hit the wall membrane of the dark cage, and a huge bag was knocked out on the dark cage.

"It's now!"

Li Tian's hands slammed his legs, and his body jumped up suddenly, and like a lightning bolt, he thrust the Heavenly Qiong spear in his hand against the bulging bag of the dark cage, and Li Tian's arm The forty-nine purple electric snakes got into the dark cage in an instant.

When the spear passed through the dark cage, Yaqi Orochi was already aware of the danger, but it was too late. In front of his huge body, the spear of the day was just like a chopstick, but this chopstick was already Stabbed into his body, and purple lightning has also poured into his body.

But at this moment, the half body of Yaqi Orochi finally rushed out of the dark cage.

The light in front of him was restored, and Yaqi Orochi felt a new life, but soon his feeling was replaced by the sharp pain in his chest.

"boom!"

Chapter 4032: Destroy one by one (1)

With a violent explosion, the body of the Yaki Orochi also fell apart.

Yaqi Orochi almost watched his body be wiped out in the smoke in an instant, but he had no other way except to shout "No" unwillingly.

And this huge explosion not only completely destroyed the body of Yaqi Orochi, but even the dark cage connected behind Yaqi Orochi was completely destroyed.

And in this half-dark cage, the old man of Shikigami, Mochizuki Shouyun and Sato Shinno in the three surprises also fell out with the disappearance of this half-dark cage.

However, the three of them were also injured in varying degrees due to the disappearance of the dark cage. Mochizuki Moruun and Sato Shinno were okay. Although they were injured, they had not received a fatal attack, but the old man of the gods had no such luck Now, he was not only implicated by the disappearance of the dark cage, but more importantly, the disappearance of Shikigami Orochi.

"puff!"

The old man of Shikigami squirted out blood, looked at Li Tian in panic, and said, "Is my Shikigami dead? Is my Shikigami dead?"

"It's impossible! It's impossible! This Yaki Orochi-shigami is a powerful existence summoned at the expense of four Shiki-god ninjas. How could it lose to you?"

"Why is this impossible? You don't know that the reason why you can summon a shikigami like the sky cluster in the abdomen is because of my existence? Don't you know that he was killed by me the first time?"

"Since I can kill him once, what's impossible to kill him a second time?" Li Tian said with a sarcasm on his face.

Mochizuki Shouyun and Sato Shinno glanced at each other, and both saw a surprised expression on each other's face. They were surprised not only because Li Tianneng killed the abdomen Tiancong twice in a row, they were more surprised by Li Tian. That endless stream of skills and demonstrated strong strength.

Of course, what surprised them was the dark cage, which was completely beyond the scope of their understanding. Although they could walk back and forth in the dark cage with difficulty, they couldn't get out no matter what.

Of course, they also felt a little surprised that Li Tianneng beheaded Yaqi Orochi twice.

As far as the strength of the abdomen Tiancong is concerned, before learning this ability, it is far beyond any of their three sudden ninjas, and after the abdominal Tian becomes a shikigami, even if their three sudden Forbearance united, I am afraid it is impossible to win easily.

But Li Tian did it easily.

And since Li Tian fought with the eight-qi big snake in the abdomen sky cluster, Li Tian seemed to have always had a calm expression, without the slightest intention of being closed in despair.

At this time, the old man of Shishen was kneeling on the ground, still spurting blood, facing the tragic appearance of this old man, the two Su Ren and Li Tian didn't have the slightest kindness in their hearts.

"Li Tian, since I came to Dongying Island with you, did our Koga Ninja ever feel sorry for you?" Mochizuki Shouyun said.

"No!"

"So did we attack you today?"

"nor!"

"In that case, it's better to..."

An imperceptible smile appeared at the corner of Li Tian's mouth, and he interrupted Mochizuki Shouyun's words directly, and said, "Why not? Didn't you come here for me, Li Tian? Did you come here to watch the play? ?"

Mochizuki Shouyun's face showed a trace of embarrassment, but soon his face returned to normal, saying: "We don't talk secretly in front of Mingren. Our target is indeed you, but we are not trying to act with you. enemy."

"Oh? Do you admire me for a long time and need my signature?"

Those who are not good will not come.

Li Tian guessed that these guys came for the zombie virus antidote reagent he just got, but he has never found the right opportunity to do it.

"Li Tian, yesterday, our Koga Ninja found out about the Iga Ninja's changes, and we were ordered to follow them here. In the process of coming here, we also learned that you got the zombie virus antidote reagent, and we The latest order I got is just following you!" Sato Shinno said.

"Really? In that case, are you still following me?"

"How dare, how dare!"

"In fact, we have been hiding in the woods for a while, but since we rushed out of the woods to expose us to you, we can see that we are not malicious to you at all. The reason why we rushed out was because of this villain, Shikigami Ninja!" Sato Shinno said.

"This shikigami ninja used the evil ninjutsu of shikigami to disrespect the dead of our Koka ninjas, so please Li Tian, you can sell us Koka ninjas, give us this evil thief and let us put to death This thief is to comfort those death ninjas who are disturbed by him!"

Sato Shinno deliberately shifted the focus of the topic to the old man of Shigami.

Li Tian had already walked slowly towards the old man of Shiji at this time, and said with a slight smile: "I'm afraid that this face really can't be sold to you. This old man of Shiji has blamed me for no reason, causing me and Iga Ninja. The conflict between the two. Therefore, he must die in my hands before I can relieve my hatred!"

When he said this, Li Tian's body slammed forward, and the spear of Heaven in Li Tian's hand pierced the old man's chest like a lightning bolt.

Seeing Li Tian rushing over, both Sato Shinno and Mochizuki Shouyun quickly backed away, and at the same time they had pulled out the ninja sword in their hands, looking at Li Tian vigilantly.

As for the old man of Li Tian's target type god, he was severely injured at this time, and he was completely unable to avoid Li Tian's attack. He could only watch the Qiong Spear of the sky pass through his heart.

"puff!"

"Li Tian... Lord Three Corpses won't let you go... You..." The old man of Shigod died before he finished speaking, and his head dropped weakly.

Sato Shinno didn't hesitate to watch Li Tian make a move. Killing a ninja was easier than killing a dog. There was no change in the expression on his face. Knowing that staying here might cause fire, he said quickly: "Since the shikigami is a bit old, then we won't bother, and please Li Tian, you can release the Koka ninja trapped in this cage, we Koka ninja will remember Li Tian your kindness to us and go We will report to Sarutobi-sama to assure that we Koka Ninja and you will never have the slightest conflict!

Li Tian showed a sarcasm on his face, and said, "Did I allow you to go?"

Chapter 4033: Destroy one by one (2)

"Li Tian, no matter how strong you are, you are only a person. Can you really kill Iga, Koga, and the Murderer Organization? Now our Koga Ninja Organization has given you enough face and With enough of your commitment, do you still want to leave us all here?"

"Don't force our Koka Ninja Organization, Iga Ninjas, and Fierce Warriors to unite against you!" Mochizuki Shouyun said. ,

Li Tian nodded slightly, and said, "What you said is right and reasonable, but if I let you leave here today, it would be like letting the tiger return to the mountain, so..."

Li Tian deliberately lengthened his voice.

Li Tian knows that Heaven is an outsider in Dongying Island after all, and if he can't completely eradicate Iga, Koga, and the fierce warriors from Dongying Island, then after he leaves Dongying Island, these ninja organizations will be inevitable without his deterrence. Will be strange.

Even if Li Tian brought the barbarians of the heavens and others to the Eastern Sea Island country, the heavens were still at an absolute disadvantage in terms of numbers.

Once those ninjas have organized alienation, the consequences will be unimaginable. So, since we want to eradicate it, why not weed it out?

According to Li Tian's thoughts, the entire Dongying island nation can only have a ninja organization of the Kazema Ginbei Clan, and other ninja organizations will be classified as illegal organizations and will be eliminated!

"So what?"

"So there are two options for you, either follow me, Li Tian, or there is only one dead end!" Li Tian said.

At this time, Feitian Yasha was already struggling to control Fujiwara Chiji, Kumasaka Narira, and Mitsui Yugami at the same time, and his dark cage was gradually shrinking over time.

For Li Tian, there is not much time for his most advantageous form, because he has to speed up.

If these two are willing, then Li Tian will take soul detention to control them, so that they can no longer betray Li Tian.

And if they choose to refuse, then Li Tian can only get rid of them.

Mochizuki Moriun and Sato Shinno glanced at each other, and both saw anger and determination in each other's eyes.

"What if we refuse? Li Tian, even if the two of us are not your opponents, I am afraid you can't do it if you want to keep us here? Then Kumasaka Nariya and Fujiwara Chiji will be out of this dark prison. Come out, it's not that simple if you want to deal with them!" Sato Shinno said.

What Sato Shinno said could not be more straightforward. The three of them might not be Li Tian's opponents, but when it comes to the ability to escape, they are more confident than Li Tian, and the reason why they stay here is also because of Mitsui. Xiong Shang is still in the dark cage.

"is it?"

Li Tian raised his eyebrows, his eyes were instantly filled with murderous intent.

"Hands!" Li Tian's heart moved, and he said to the already ambushed Di Xing Yasha, and when Li Tian's mind uttered these two words, Li Tian's legs slammed hard, and he held the Qiong of the sky. The spear pointed at Sato Shinno like a bow and arrow shot out.

"Huh! Fight! Mochizuki Shouyun, you enter that dark cage and take Mitsui out. We will fight Li Tian well today!" Sato Shinno waved the ninja sword in his hand and pressed **** his leg. , I just want to head to head with Li Tian.

But even though her legs were already exerting force, her body did not jump up from illness. Instead, her whole body was soft under her feet and plunged directly into the ground as if being dragged by something.

Sato New Wildflower's face paled, she was completely devoid of the calmness she had just now, and screamed in horror: "There is an ambush! Li Tian is despicable!"

Mochizuki Shouyun wanted to help Sato Shinno, but a quicksand whirlpool also appeared under his feet. Fortunately, when he saw Sato Shinno, he was mentally prepared. When the quicksand whirlpool first appeared, He was already as light as a swallow and flashed back quickly.

At this time, Li Tian had already arrived in front of Sato Shinye, and with a "poof", the spear of the sky in Li Tian's hand easily pierced into Sato Shinye's head.

As one of the most famous sudden ninjas among Koga ninjas, she was stabbed to death by Li Tian without any performance and performance.

Death is ugly, not tragic at all.

Mochizuki Shouyun had forgotten his grief and anger, and at this moment there was only shock in his heart.

He was shocked by Li Tian's venomous action, shocked by Li Tian's meticulous scheming, and shocked that Sato Shinno was dead without rushing to escape.

"If you don't avenge you, Li Tian, we Koka Ninjas will remember what you did to our Koka Ninjas today, and we will repay them twice!" Mochizuki Moriyun said.

After speaking, Mochizuki Shouyun turned around and fled.

Li Tian pulled out the Qiong Spear of the sky, and a sneer appeared on the corner of his mouth.

"Want to escape? Can you escape?"

Mochizuki Shouyun just exerted force at his feet, and his body rushed out like an arrow, but he had just rushed out more than ten meters, and the mountain shook suddenly less than 100 meters in front of the direction in which he was running. A multi-meter wall appeared instantly.

"This...What kind of ninjutsu is this? It's so powerful?" Mochizuki Shouyun thought in surprise.

When he moved his feet, he immediately reversed the direction of forty-five degrees and rushed out, but the wall seemed to grow automatically, no matter where he moved in that direction, the wall would grow to wherever it happened to be completely blocked. He escaped.

"Huh, really I can't even jump over this wall?" Mochizuki Shouyun sneered in his heart, he put two talisman on his feet and shoes, and then cast several knots in succession with both hands.

With the display of these few seals, Mochizuki Shouyun's movement speed has almost doubled, his step can reach seven or eight meters, and the next step is more than ten meters.

"This ninjutsu is really powerful, but it's too late!" Li Tian said with a sneer.

When Mochizuki Shouyun fled, Li Tian's mind moved, and the "Red Zhan" changed back to the shape of a blade, and he went to chase Wangyue Shouyun. At this time, "Red Zhan" followed Li Tian's mind control from behind. Cut to Mochizuki Shouyun.

"Huh!"

A red light flashed, Mochizuki Shouyun turned around abruptly, and the long ninja sword in his hand blocked the "Red Zhan" slash.

"Crack!"

The long ninja knife in Mochizuki Shouyun's hand was easily cut off by "Red Sword", and there was already a man in Mochizuki Shouyun's eyes who stabbed his body with a spear.

This man is Li Tian.

"go to hell!"

Chapter 4034: Destroy one by one (3)

The spear of the Qiong Lance of the Sky passed through Mochizuki Shouyun's abdomen, and pushed Mochizuki Shouyun back and forth continuously, and directly pierced Mochizuki Shouyun on the wall made by Dixing Yasha. ,

"Li Tian, you will regret your recklessness today!" Mochizuki Shouyun's mouth overflowed with some blood, and said grimly.

And when he said this, his left hand grabbed the Heavenly King Spear, and his legs kicked on the wall, causing the Heavenly King Spear to pass through his body, and his left hand had been cut off. Half of the ninja sword slashed at Li Tian viciously.

The corner of Li Tian's mouth smiled slightly, and the seven or eight purple electric snakes in his arms that were already ready to go rushed out with Li Tian's mind.

"It's crackling!" With a loud noise, the purple electric snake exploded a big hole in Mochizuki Shouyun's chest instantly, and the purple electric snake was still eating away at his body.

"Good... so strong!"

Mochizuki Shouyun only said these two words, his body had been eaten away by more than half, and his head lost support and rolled to the ground.

Mochizuki Shouyun follows in the footsteps of Sato Shinno, and die!

Li Tian didn't have the slightest ease on his face, he killed a Mochizuki Shouyun in the dark cage, there were two old immortals, Mitsui Yugami and Iga Ninja.

At this time, the most funny scene happened. Mitsui Yugami, who was wandering in the dark cage, strayed into the front of Kumasaka Narira and almost touched Kumasaka's venom.

Although Mitsui's reaction was fast enough, the venom still touched his skin slightly, and the venom corroded a layer of skin on his arm in an instant.

Fortunately, Kumizaka Narita didn't find Mitsui Yugami, but he turned around and fled, unexpectedly escaped from the dark cage by accident.

As his eyes lit up, Mitsui tilted his head subconsciously and closed his eyes.

But when he opened his eyes, he saw that his body was standing upright, and his head had already been lost on the body, and blood was continuously sprayed from the neck, and it fell on his face with a hot and hot feel.

"I'm dead?"

This was the last thought in Mitsui's head.

Of course Sanxiong was dead.

When he saw that Mitsui was about to rush out of the dark cage, Li Tian's mind had already controlled "Red Cut" across the square where Mitsui was running out, and when he ran out, it was sharp. His "Hong Zhan" had already crossed his neck, but the "Hong Zhan" was sharp enough and there was no pain at all. Even the moment his head fell, he didn't realize that he was dead.

The three Koga Ninjas were beheaded and killed easily, which greatly increased Li Tian's confidence.

"Hmph, it's time to deal with you two old guys now!" Li Tian also wanted to control "Red Slash" to fly into the dark cage, riding their sights without seeing anything, and cutting off their heads.

But Li Tian knew that "Red Sword" might be okay to deal with Fujiwara Chiji like this, but it was a little difficult to deal with Kumasaka Narita.

At this time, Feitian Yasha seemed to have reached its limit.

After the initial panic, Kumasaka Narita and Fujiwara Chiji quickly calmed down. Although their reactions were slower than the sky clusters in the abdomen, they also found some clues at this time.

"Master Li Tian, I'm going to die soon! These two old guys are about to come out of it." Feitian Yasha said to Li Tian anxiously.

"It doesn't matter, you let me both of them! As long as you and Dixing Yasha are here to help, even if I Li Tian deal with them at the same time, it is more than enough!" Li Tian said.

Had it not been for the Yaqi Orochi from the sky cluster in the abdomen to pierce it horizontally, Kumasaka Narita would have been killed by Li Tian.

Now that everyone except these two old guys is dead, no one will disturb Li Tian anymore, and Li Tian is naturally full of confidence.

"Master Li Tian...coming out!"

Following Feitian Yasha's reminder, the dark cage finally disappeared completely overwhelmed, and the two old men of Iga Ninja finally got rid of this bondage.

At the first moment Fujiwara Chiji came out, he suddenly raised his head and looked in the direction of the flying crow in the sky, with a mocking expression on his shriveled mouth and said, "No wonder, there are such little things helping out!"

But Kumasaka Narita glanced around quickly, glanced at the corpses first, and then said: "I didn't expect that in just a few minutes, you could kill so many people. If I didn't guess wrong. If so, the eight-qi big snake in the sky cluster in the abdomen can still hope that Yue Shouyun has already been poisoned by you!"

Li Tian took two steps forward slowly, smiled slightly and said, "How can this be called a brutal murderer? To be precise, it should be for the people!"

"It's a good sentence for the people. The biggest pest in the entire Dongying Island is you, Li Tian! Although Dongying Island has our strengths before Li Tian came, we are restraining each other to

maintain a balance, and after you Li Tian came, kill the abdomen first. Tian Cong, then ruined Nakadori Island, now has paws extended to Hon Nakashu Island!" Fujiwara Chiji said with a sneer.

"Hey, this is not wrong, but there is a saying that the whole world must be united for a long time. This Dongying island country has been divided for so long, and there should be someone to break this situation! And I reluctantly bear it. This responsibility has come. If you don't mind, don't bother me anymore!"

Kumasaka Narita could no longer bear Li Tian's nonsense, and sternly said, "Shut up! The arrogant boy, Dongying Island Kingdom has no turn for you!"

As he said this, Kumasaka Nariya moved his jelly-like body and rushed towards Li Tian, and he kept shooting venom ***** to attack Li Tian.

At the same time, Fujiwara Qianji also showed a fierce look, carrying a long knife, and walking towards Li Tian calmly, and as she moved, Li Tian saw her figure faster and faster. As fast as thunder and lightning.

The strength of this Fujiwara Chiji cannot be underestimated. He can fight with the Yaki Orochi in the abdomen, and he can have the upper hand. He can also fight with the three Koga Ninjas. Naturally, his strength is exceptional.

Li Tian knew that although this mother-in-law Fujiwara Chichi didn't have the venom ability of Kuma Saka Narita, her basic ability was more brave. This can be seen from her running now, and she seems more difficult to deal with than Kuma Saka Narita.

Now, she is here, and she is finally going to shoot Li Tian!

The Qiong Spear of Heaven flicked in Li Tian's hand, and his eyebrows were raised. The expression of the hippie smile just now disappeared, replaced by a heroic face, and he sneered: "Good job!"

Chapter 4036: Collect the corpse

Kumasaka's body exploded.

And at the moment of the explosion, the purple electric snake basically swallowed his body almost, even if the sporadic venom flew out, Li Tian could easily avoid it.

There was a trace of sadness flashing across Fujiwara Chiji's face watching the explosion of Kuma Saka Narita, but the sadness only flashed past and soon she returned to normal.

Just now, Li Tianxin still communicated with Feitian Yasha and Dixing Yasha, telling Feitian Yasha and Dixing Yasha if Fujiwara would save you and let them both trap him anyway.

Li Tiansi didn't mind killing one more person.

But what Li Tian didn't expect was that Fujiwara Qianji couldn't say that he didn't make a move, and he just watched Kumasaka Narori being killed.

"You must be wondering why I chose to sit on the sidelines?" Fujiwara Chiji asked.

Li Tian nodded slightly and said, "It is true! Although you are not my opponent with your strength, if you want to escape, I will definitely not be able to keep you!"

Fujiwara Chiji smiled and said, "Yes, but I won't run away! Although it's the first time I saw you today, I know you too well. You are the kind of person who will be ruthless. If I guess right, All these ninjas who attacked you today will not escape death, including me."

"It doesn't matter if I die or not. Anyway, I can live by my age. Even if I can die in your hands, it is not unacceptable! But I can't die, at least I can't die in our country. He Ninja's leader's abdomen is hiding in front, because I can't watch him throwing corpses into the wilderness after his death, his body is torn at will by those zombies and zombies!"

"Our Dongying island nation pays more attention to land security than China, so I want to save my cruel life to collect the corpses for the ninjas of Iga Ninja! After I collect these corpses and bury them, I will come personally. Lead death." Fujiwara Chiji said.

"Hey, we shouldn't be an enemy of Iga Ninja! I really don't know that after I die, I still have a face to face the former dead soul of Iga Ninja!" Fujiwara Chiji said sadly .

Li Tian never thought that Fujiwara Chiuji would explain this way, and Li Tian seemed to have no reason to refuse Fujiwara Chiuji's request.

"Since you have made this decision, it seems that I have no reason to refuse you, but you still have to hand over the weapons in your hand, so you can safely collect the body!" Li Tian said.

Fujiwara Chiji looked at the ninja sword in her hand with tenderness in his eyes, as if he was looking at a lover who had been in love for many years.

After a while, Fujiwara Qianji put the ninja sword in her hand in a scabbard, held her hands in her hands, and said to Li Tian, "The name of this sword is Raiqie, which was originally called Chidori. It is said to have been worn by Tachibana Doyuki. The famous sword. Tachibana Snow once wore this sword to cut thunder and lightning in the historical legends of the eastern island country, hence the name. But unfortunately this sword has never exerted its original strength since it left Tachibana. Now it can be handed to you It's better to make the best use of it than in the hand!"

"But this knife is spiritual, and I hope you can treat it well, as if you are treating your own relatives!" When he said this, Chiji Fujiwara had humbled his body and raised Rachel's hands above his head.

Li Tian has the "Red Slash" and the Heavenly Qiong Spear. No matter that weapon is much stronger than Leiqi, Situ Ningbing has the butcher knife and the **** of killing, Xueji has the dragon sword, so Li Tian is not so fancy of the so-called The famous knife Leiqie.

It's just that Li Tian felt that the knife was in the hands of Fujiwara Chiji.

Li Tian walked to a position of two or three meters in front of Fujiwara Chiji, stretched out his hand to force a spear with the spear of the sky, and directly picked Lei Che up, and Li Tian reached out his left hand and received it.

As soon as Lei Che started, Li Tian immediately felt the small fishes in his body gushing out of that pond with excitement, constantly wandering through the veins in Li Tian's body. If it weren't for Li Tian's control, those The little fish must have rushed out of the body and turned into a purple electric snake.

"Strange, how could the little fish trained by Qingyun Qi Jue make this kind of reaction by Lei Che? Could it be that Lei Che is a demon sword that would hinder me, so the little fishes would react this way?" Li Tian's heart Thinking about it.

The more Li Tian suppressed the small fishes in his body, the more joyful those small fishes would swim, and judging from the performance of those small fishes, they seemed to be quite excited, as if they had known Lei Che a long time ago.

At this time, Fujiwara Qianji had gone to dig a pit to bury Kumasaka Narita, who was turned into pieces after the explosion. Li Tian decided to take the opportunity to study this Leiqi.

Li Tian first controlled the little fishes, first let a little fish rush out of his arm, and then let the purple electric snake move freely.

With a sound, the purple electric snake got directly into Rachel after coming out. Everything seemed to be normal. Rachel's blade was not damaged, but the purple electric snake disappeared like a mud cow into the sea. Without a trace.

"Strange, I have done experiments before, and ordinary swords cannot withstand the attack of this purple electric snake. Ordinary swords will instantly disappear without a trace. Even a well-forged sword will shatter into a pile of powder, but this Rachel seems to be completely immune to this purple electric snake!"

"It's no wonder that when he fought with Fujiwara Senji at the time, even though he was very embarrassed, he didn't suffer much damage. No, I have to experiment again to see what the secret of Lei Che has! Can I withstand this purple lightning after slashing thunder and lightning?"

Li Tian released two small fishes at the same time this time, and after the two small fishes turned into purple electric snakes, they got into Lei Chee equally quickly.

With the same effect, Raeche still had no response.

"It's weird! I remember that when seven or eight electric snakes were released at the same time, Fujiwara Chinji did not respond. In that case, I will release eight purple electric snakes at once!"

"No, Lei Che had already endured eight electric snakes at the same time. This time, he should release 16 small fish at the same time!"

Thinking of this, Li Tian immediately controlled the sixteen small fishes in his veins to slowly gush out of his veins. However, what Li Tian didn't expect was that when he released these sixteen excited little fishes, the other little fishes rushed into Li Tian's veins like wild horses.

Although Li Tian had already tried his best to control it, at least thirty fish rushed out this time, and these little fish formed more than thirty purple electric snakes on the left hand of Li Tian, and then rushed into the thunder frantically Cut into the body of the knife.

Li Tian only heard a "click" from Lei Che's blade, and then Lei Che's blade broke every inch, leaving only one handle in Li Tian's hands.

"Damn, how could this be?"

Chapter 4038: Fierce warrior shot

Although Duanmuying is pregnant, she is after all one of the commanders of China's top ten legions. In the past few years, there have been old people from Wuji who have been pointing by her

side, and she has done all kinds of martial arts skills on the Tianshan Mountains. After that, she also awakened her abilities. In the entire earth world, her strength is definitely not to be underestimated.

As soon as Duanmuying's figure moved, she was in front of the two warriors in an instant, and a purple lightning appeared on her arm. The purple lightning instantly became a purple sword.

Seeing Duanmu Ying rushing up the city wall, he started to do it. After jumping off the helicopter, the fierce warrior quickly rushed in the direction of Duanmu Ying.

It is a pity that the Martial Artist is too far away from Duanmu Sakura at this time. The perimeter of the city wall of Ruhr Island City is tens of kilometers. According to the command of the Martial Artist, these helicopters landed on three sides of the city wall of Ruhr City. .

At this time, no matter how fast the Fierce Warrior was, it was not as fast as the purple light sword in Duanmuying's hand. "Huh!" "Huh!" Two consecutive purple lights flashed, and the purple sword had already slashed towards the two frightened warriors.

In a panic, the two warriors used the katana in their hands to block it, but the katana was cut into two pieces as soon as it touched the purple light sword. The shadow of the purple light sword flashed out, and the two warriors were wearing it. The armor has been destroyed.

Blood oozes continuously along the cracks in the armor. The two samurai stepped back a few steps, looked at Duanki Ying in horror, and said: Bold, we are warriors of fierce warriors, if you don't want the entire city of Ruhr to be slaughtered. , I advise you to stop now at last, otherwise..."

When the two samurai uttered Kyogen, the other samurai who jumped from the helicopter around them carried their samurai swords around to Duanki Sakura, and they were also talking to Duanki Sakura with their mouths.

Duanmuying didn't understand bird language, and said with a cold snort: "I only kill these two people, who dares to stop it!"

Although the language is not interlinked, the cold murderous aura released from Duanmu Ying made the samurai surrounding her step back.

At this time, the two wounded warriors had seen the fierce warriors rushing in this direction quickly on the wall, and their faces were already showing joy.

In the entire Dongying island nation, fierce fighters are like gods. As long as you mention the fierce fighters, any ninja organization and legion will be jealous, and in front of the fierce fighters, no one dares to hurt the fierce fighter organization.

These two warriors were still a little bit jealous of Duanmu Ying just now, but now they are not afraid, and sneered a few times and said: "Hey, Lord Martial Artist has already rushed in this direction, and he will be here in a few minutes. You just now. Isn't it arrogant and arrogant? If you have the courage to move, let's try..."

Duanmuying's foot flashed a powerful figure and came to the two warriors again. This time Duanmuying moved faster, and the purple sword and sword shadow flashed, and the heads of the two warriors had fallen from their necks.

These two warriors never dreamed that Duanmuying would dare to act on them under the watchful eyes of the fierce warriors.

Two heads were rolling on the ground gruntingly, and the samurai who had surrounded Duanmu Sakura just now were completely shocked by Duanmu Sakura's performance, and they all began to retreat.

The galloping figure of the fierce warrior slowed down abruptly, and now he rushed past it had no effect.

"Huh, it's the realm of heaven, and I rushed to kill me in front of my fierce martial artist. Really, my fierce martial artist just failed to display it?" The fierce martial artist gritted his teeth and said angrily.

When he said the last word, the fierce fighter suddenly stretched out his hand and sucked in the guard soldier on the wall of Ruhr Island nearest to him, and squeezed the soldier's head directly.

The domineering aggressiveness of the fierce warrior made the members of the Spring Wolf organization guarding this city wall horrified. Among them, the two closest to the fierce warrior wanted to turn around and flee the city wall, but they had just moved the footsteps of the fierce warrior and came to them.

The heads of the two soldiers were also chopped off as their hands lifted the knife. The heads continued to roll down from the steps on the city wall, and blood fell on the steps.

Then, the fierce warrior showed a cold face, took a few steps to kill one person, and slowly walked towards Duanmu Ying!

Most of the guarding soldiers on the city wall of Ruhr are now members of the Spring Wolf organization who took refuge in Li Tian. These members immediately fled under the city wall after seeing the fierce warriors continue to kill.

The fierce warrior hadn't started killing, he didn't continue to add those who fled, but he had killed enough people, and his goal had been achieved.

Murder and punish the heart, the fierce warrior just used this method to warn Duanmu Ying that it is best not to move his people, otherwise he will unceremoniously counterattack.

Similarly, the fierce warrior also used actual actions to tell all the residents of the Ruhr Island who are now looking up at him. In this eastern island country, except for the fierce warrior, no one can protect their safety. Heaven is not enough.

In the urban area of Ruhr Island, the residents who looked up at the walls of the city were filled with fear.

"It's over. Duanmuying has already angered the fierce warriors. Now even the soldiers in Ruhr Island City have escaped. Let's run away too!"

"What are you so worried about? Master Duanmu Ying hasn't had direct contact with the fierce warrior yet. Just now you have seen Master Duanmu Ying's strength is still very powerful! Look, Master Kazama Ginbei has already rushed forward with his ninja organization. Up."

"Yes, it's not yet at the end. It's hard to say who wins and who loses. If we run away now, it won't be easy for us to enter the Ruhr Island City at that time!"

"Whether the fierce warriors rule the Ruhr Island City or the heavens rule the Ruhr Island City, we are just some petty people. As long as we don't provoke them, it shouldn't be a problem to survive!"

It's a pity that this is only the thought of a few people. More residents of Ruhr Island have packed their bags and started to flee. Even the members of Abe Haruwolf's Springwolf organization have mixed among these people and fled.

After the fierce fighters landed, the hearts of the people in Ruhr Island instantly dispersed.

Duanmu Ying looked at Ruhr Island City, which had fallen into chaos, with an unusually ugly face.

The city of Ruhr is now the foundation of the heaven. If the city of Ruhr is destroyed, it will be difficult for the heaven to gain a foothold in West Jiuzhou.

"No, these people are now deterred by the fierce warriors. Even if I kill more martial artists and defeat the fierce warriors, they can be at ease! Okay, let me capture the thieves first, and let me see the fierceness of the powerful Dongying island nation. The strength of the warrior!" Duanmu thought in his heart.

Thinking of this, Duanmu Ying suddenly turned and rushed towards the fierce martial artist.

Chapter 4039: Unstoppable

"Master Duanmuying, can't..." Kazama Yinbing, who had just rushed to the city wall, called to Duanmuying.

However, Kazama Ginbei's words were still a little slower. His voice hadn't settled yet, but Duanmu Ying, who was about to rush to the fierce martial artist, staggered and knelt directly in front of the fierce martial artist.

Duanmuying's face was full of surprised expressions.

Just now, a powerful pressure fell on Duanmuying from the sky. Duanmuying was only seven or eight meters away from the fierce martial artist. But at this time, Duanmuying was rushing to the fierce martial artist. , Even if she wanted to look up, it became so difficult.

"How is it possible, why do you have this ability?"

The fierce warrior slowly walked to Duanki Sakura and sneered and said, "If I don't have this ability, can I be the existence that Iga and Koga ninjas are afraid of? If I don't have this ability, how could it be possible? Let the three corpses recognize the status quo of the Dongying Island Country? If I don't have this ability, how can I become the **** of the Dongying Island Country?"

"But, according to what you mean, can Li Tian also have this ability? Hey, now I am looking forward to a battle with Li Tian more and more!"

"Falling warrior, what do you want? If you just want to fight Li Tian, I am afraid you will be disappointed. He is not in Ruhr Island City now. You have the ability to wait for him to come back to Ruhr Island City!" Duanmuying said.

The fierce warrior smiled slightly and said: "I know he is not in Ruhr Island right now, but he will be back soon. To be honest, I am actually very grateful to Li Tian and Tianjie. You just used it for less than two months. In time, I have completed what the idiot in the abdomen Tian Cong has not completed in two years. But if Li Tian and your members of the Celestial Realm can give me their heads, then I will be more grateful to you!"

"As for what I want? Hahaha, when Li Tian comes back, I will chop off his head and you will understand it! Don't worry, as long as you are obedient and cooperate with me before Li Tian comes back, I can guarantee Your safety!"

While speaking, the fierce martial artist had already come to Duanmuying's side, and then the palm of the fierce martial artist was slightly lifted up and then pressed down, and with the palm of the fierce martial artist, the one that descended from the sky The coercion suddenly increased, and Duanmuying's head hit the city wall heavily.

The fierce warrior raised his foot and stepped on Duankiying's head, smiling wildly in the direction of Ruhr Island City, and said, "Look, this is the master of your Ruhr Island City. This is the end of my fierce warrior's enemy! "

At this moment, Kazama Ginbei and others have rushed to the front of the fierce warrior, facing the warriors of the martial arts organization. After seeing Duanki Sakura being stepped on the ground, Kazama Ginbei Ignoring the obstacles of the samurai, he used ninjutsu and kicked a few blockers to save Duanki Sakura.

However, he had just rushed out, only three or four paces away, and a pressure fell from the sky, and Kazama Ginbei also fell directly to the ground.

"Cruel warrior, you have the ability to come to me, let go of Duanki Ying-sama. She is a pregnant woman now, are you treating a pregnant woman like this?" Kazama Ginbei couldn't move by this coercive body and lifted it. Looking at the fierce martial artist, shouted.

The fierce warrior released Duanki Ying and slowly walked to the front of Kazama Ginbei, with a disdainful expression on his face and said: "What are you dare to yell at me?"

Speaking of the fierce warrior, he lifted his foot and stepped heavily on Kazama Ginbei's body. Under this foot, only a few crisp bones fractured, and the corners of Kazama Ginbei's mouth burst out suddenly. A bite of blood.

"Hmph, if I'm not mistaken, you are the one who defected to the Iga Ninja with the abdomen Tiancong, and then betrayed the ninja from the wind-moman clan of the abdomen Tiancong and Li Tian! Now that the three-surnamed domestic slave-like dog thing is learned Maintain the master!"

Speaking of the murderous warrior, he raised his foot and kicked heavily on the belly of Kazama Ginbei. When the kick was kicked out, the brutal warrior had already put away the weight, and the Kazama Ginbei was directly caught by the brutality. The foot kicked off the wall, and then fell heavily on the roof of a house.

Liu Sen and other soldiers from the Cangshan Fleet immediately rushed to the place where the Fengjian Silver Guard fell, and then carried him away on a stretcher, not knowing whether it was alive or dead.

"Bang!" A sniper rifle sounded from the residential area below, and the sniper bullet screamed and flew towards the fierce fighter. The fierce fighter's eyebrows twitched slightly, and the shot was shot with the tip of the long knife in his hand. The bullet of the sniper rifle was blocked in front of him.

"Patter!"

The bullet landed, and the long knife in the hand of the fierce warrior was not damaged in the slightest.

The woman who shot was Bai Jing.

Bai Jing knew that she was not the opponent of the fierce warrior, but she would not watch Duanmuying being humiliated and hiding, so she decided to stand up. At this time, Bai Jing seemed to be a lonely warrior holding a mortal warrior. Determined to cross the street, came to the wall and walked slowly towards the wall.

The fierce warrior stared at the woman below who was wearing a tight leather jacket and holding a sniper rifle. He sneered and said, "Hey, it's another woman. Are all the men in this world dead? Only women are not afraid. Die?"

The fierce warrior could see that Bai Jing's strength was low. He didn't even have any interest in Bai Jing's shots. With a move of his mind, pressure fell from the sky, causing Bai Jing, who was walking up, to kneel on the steps, and Bai Jing's two pieces The leg broke instantly.

Seeing this scene, the fluke in the hearts of the residents of Ruhr Island City had long since disappeared, and they lowered their heads, not dare to look at the condescending warriors.

"Let's go, Lord Li Tian is not here, and now the adults of Ruhr Island City have been defeated by the fierce warriors one after another. This Ruhr Island City... is over!"

"It's more than a defeat, there's nothing to fight back! It seems that the Eastern Kingdom is still the world of fierce warriors, and the cruelty of the fierce warriors is famous. If we don't want to die too early, we can only leave. ."

The city of Ruhr was lifeless. Both the soldiers of the Celestial Legion and the residents looked as earthy. Some bold residents had begun to walk outside the city with their bags on their backs.

At this moment, the fierce fighter finally spoke again.

"Everyone in Ruhr Island City listened to me. Now I announce that the Martial Artists Organization has officially taken over the city of Ruhr Island. Who dares to leave the walls of Ruhr Island City without permission and kill without mercy!" The voice of the martial artist is like a thunder. , Reverberating constantly over the city of Ruhr.

When the voice of the fierce warrior sounded, it was as if it had received the signal of the fierce warrior, and a team of warriors suddenly appeared outside the gates of Chengruul Island City.

Each of these warriors held a few **** heads in their hands, and the owners of these heads were the people who had just escaped from Ruhr Island City.

Chapter 4040: ability

Everyone in the city of Ruhr is desperate.

The strength of the fierce warrior is too strong, and it is completely crushing to win. If he wants to, maybe Duanmuying and others are already in a different place now.

The fierce warriors took down Ruhr Island City easily, and the price they paid was only two trivial warriors.

Soon these warriors organized by the fierce warriors entered the headquarters of the Celestial Legion. For a while, the organizations and legions in the city of Ruhr turned to the fierce warriors and knelt in front of the Celestial Headquarters, hoping to obtain the fierce warriors. Understanding and interviews.

Fear of death is not a shame.

It's a pity that the fierce warrior did not intend to meet them.

"My lord, taking advantage of Li Tian has not rushed back, it is when we let them surrender to us, why didn't the adults meet them?" A warrior who thought he was the confidant of a fierce warrior asked somewhat puzzledly .

The fierce warrior sat on the wide sofa and smiled slightly and said, "What's the use of seeing them? Yesterday they could betray the abdomen Tian Cong to take refuge in Li Tian, today they can betray Li Tian to take refuge in me, the day after tomorrow they may betray me to take refuge in other strong By!"

"In this world, I believe in my own force and absolute force! When Li Tian comes back, I will kill Li Tian in front of them, and let them know that in Dongying Island Country, only my fierce martial artist is the real one. The strong, only my fierce martial artist will never fail!"

"But my lord, I don't understand. You could integrate all the forces on Dongying Island with your ability long before Li Tian came to West Jiuzhou Island. Why do you have to wait until now to do it?" Asked.

There was a strange smile on the face of the fierce warrior, and he said: "Before Li Tianlai, although our strength was the strongest side, it was not easy to control the entire Dongying island nation, and even if we could All the forces have been integrated, what can we do? This Dongying island nation is still nothing more than zombies occupying a dominant position."

"But it's different now. Now Li Tian has basically cleaned up the zombies on West Jiuzhou Island, and the zombie virus antidote reagent has also fallen into Li Tian's hands. If nothing happens, Li Tian can at least help us this time. Get rid of some of the Iga and Koga Ninjas. At this time, we only need to behead Li Tian and defeat the Celestial Legion to get all the benefits without any effort!"

"So, now is the best opportunity."

The warrior nodded, and then said in a trembling voice: "My lord, I have a question I don't know if it should be a question?"

The fierce warrior was in a very good mood, and said with a slight smile: "You ask!"

"Ninjas like Iga and Koga have been glorious for a while in history. It is reasonable for them to seize the opportunity to be brilliant again after the end of the world. But before the end of the world, they have never heard of the name of an adult. The adult seems to be Suddenly it appeared out of thin air. Now there are a lot of rumors in the organization, saying that adults...that adults are..."

"What is it?"

"Speaking of adults is...reincarnated, so big people will have such a powerful strength! I don't know...I don't know if it's true?"

"Reincarnation? Hahaha, it seems that you are all quite curious. If you really want to know, I can satisfy your request and tell you the truth."

"Come here." The fierce warrior beckoned to the warrior, and continued: "Since you are full of curiosity, then it's time to tell you my true face."

Although this martial artist was a little uneasy, it might not be a wise choice to be too close to the fierce martial artist, but the curiosity in his heart still made him obediently come to the fierce martial artist.

"Big...sir, how could it be...you are already dead..." A scream came from the fierce warrior's room.

"Hmph, since that happened, I no longer believe in the so-called confidant. Since you want to know my true face, then I will tell you. Unfortunately, no one who knows my true face has ever been able to continue to live!" The warrior completely crushed the head of this warrior and said with a sneer.

...

Li Tian didn't know what was happening in Ruhr Island. At this time, he was rushing to Dagangshan City at full speed.

The battle in Okayama City is getting into a feverish state.

The abdomen was hidden after using the legendary cutting tool of the tail beast, which had activated the power of the tail beast, which made him not suffer much damage even if he suffered repeated attacks from Tang Xiaolong and Xiao Hotpot.

On the other hand, the small hot pot and others, the continuous use of this skill caused a huge consumption of spiritual power in the small hot pot, and it was no longer possible to use it for the first time in a row to cooperate with Tang Xiaolong. This made Tang Xiaolong, who was not as powerful as the small hot pot, immediately stretched out. .

Now Tang Xiaolong can rely more on his power and the teleport bestowed by Void Yasha, which allows Tang Xiaolong to effectively avoid attacks that are hiding in his abdomen.

The two figures flashed across the street quickly, and finally crashed together violently.

"boom!"

"boom!"

The shadow fist winds gusts, and the figure flickers.

For a while, Tang Xiaolong and Zheng Zang were evenly fighting, but as the two struggled for longer and longer, Tang Xiaolong gradually felt exhausted.

"Huh!"

Tang Xiaolong disappeared in place, and what appeared in front of the abdomen was turned into a small hot pot.

In this level of battle, only Tang Xiaolong and Xiao Hotpot could barely fight the belly Zheng Zang, and people like Situ Ningbing were obviously inferior.

Even Tang Xiaolong's vicious little hot pot is not the opponent of the belly Zheng Zang who possesses the tail beast ability, but at this time the two of them can only bite the bullet and use the abilities of the Void Yasha to fight the wheels.

But even like this, Tang Xiaolong or the small hot pot was still completely suppressed by the abdomen.

"Huh!"

Tang Xiaolong was replaced again, but as soon as he came out, he withstood a full punch in the abdomen.

Although the power of this punch hadn't hurt Tang Xiaolong, it made Tang Xiaolong feel pain, and his body took a few steps back and squatted down on the ground and then slid back two meters before stopping.

There was a wild smile on the face hidden in the abdomen: "Black monkey, why didn't your monster friend use the weird power just now?"

"Let me guess if he can't use that ability continuously? It's really a pity. I still want to use him to use this ability to study hard!"

"But this is enough, let you try the feeling of being suppressed by this ability too!" Zheng Zang said with a wild smile.

And when he said this, a powerful but not yet powerful pressure fell from the sky, making Tang Xiaolong, who had fallen on the ground, felt as if he was carrying a heavy weight, and it seemed abnormally heavy to stand up. difficult!
