

A Killer 4121

Chapter 4121: : Winter is here (2)

Huh!

A red light flashed, and the head of Tang Zheng, who had lost his senses, was directly cut off by "Red Cut." Tang Zheng, who had become a puppet, did not die immediately. The eyes of his head were still staring at Li Tian and his mouth. Li cursed: "Li...Li Tian, you killed Tang Feifei, even if I'm a ghost, I won't let you go!"

puff!

"Hong Zhan" plunged into Tang Zheng's head again, and as the slimy liquid kept flowing out, Tang Zheng's mouth twitched a few times, but he didn't say a word.

Li Tian drew "Hong Zhan" from Tang Zheng's head and said blankly: "I am ashamed of Tang Feifei, but it doesn't mean that I am sorry for you! Tang Zheng, this is your fault! "

Speaking of Li Tian, he took Tang Zheng's head and walked out of the space of Feitian Yasha.

At this time, the dark cage of Feitian Yasha outside still controlled more than fifty or sixty thousand zombies. These zombies were suddenly wrong, and I don't know what it is.

Tang Zheng was already dead, and the zombies at level 20 were also beheaded by Li Tian. Li Tianyou beheaded the remaining puppet beasts and chess players one by one. As for the remaining zombies, Li Tian didn't bother to move. .

"Master Li Tian, Tang Xiaolong and I have completely destroyed the foundation of this building. Now I am fixing the building with quicksand. As long as you give an order, we can make the building collapse completely!" Li Tian sent a message and said.

Li Tian immediately rushed out of the dark cage, summoned the mutant crow, jumped on the back of the mutant crow, and let the mutant crow fly high.

"Li...Li Tian! Li Tian was safe and sound!"

"Do you see what Li Tian is holding?"

"It seems...it seems to be a head, I don't know if that hapless ghost was cut off by Li Tian!"

The zombies outside the dark cage just looked like headless flies. I don't know what to do. After seeing Li Tian vacate from the dark cage, these zombies didn't even think of attacking Li Tian with spears. It started to talk.

"No, how do I feel that the head in Li Tian's hands seems to be that of Master Tang Zhengtang?"

"Impossible? It is said that Tang Feifei is Li Tian's woman. Li Tian came here to save Tang Feifei this time. Tang Zheng is Tang Feifei's father again. How could Li Tian kill Tang Zheng?"

After the mutant crow flew higher than the building, Li Tian made Feitian Yasha put away the dark cage. As soon as the dark cage was withdrawn, the zombies trapped in it were released instantly.

Li Tian stood on the back of the mutant crow, holding Tang Zheng's head in one hand, his whole person seemed full of murderous aura, and Li Tian secretly transported Qingyun Qi Jue, causing

some purple arcs to appear on the surface of his body. , And give people a mysterious and powerful feeling.

There was a slight sneer at the corner of Li Tian's mouth, and he sternly shouted: "Now Tang Zheng is dead! The level 20 zombies and the puppet beasts Tang Zheng brought have been killed by me. Do you want to continue to die? ?"

Li Tian's voice rolled like thunder, constantly echoing back and forth in the dark city.

"Tang Zheng actually died?"

"Tang Zheng really died!"

"What do we do? We are zombies in the area under the jurisdiction of Master Tang Zheng. If Tang Zheng dies, will we be implicated by Master Three Corpses?"

These zombies look at me and I look at you, a little at a loss.

A zombie suddenly came from the darkness and said, "Don't listen to Li Tian's nonsense. We have a million high-level zombies here. Even if one person throws a spear and a spear over him, he will definitely stab him with no scum. . Are we still afraid that he will not succeed? If we run away now, the three corpses will definitely not let us go!"

"Hahaha! The ghouls are not my Li Tian's opponent, am I afraid of you zombies like grass? If that's the case, don't blame me for being rude to you!"

As soon as Li Tian's voice fell, he suddenly raised his arm to face the building and blasted a soul-breaking fist.

boom!

With a loud noise, the building shook a few times, and a cement block over ten square meters in the southeast corner of the building fell directly from the top with steel bars.

In the panic of those zombies, the building collapsed instantly. For a while, I don't know how many zombies were crushed to death in the building.

"No... impossible!"

"How is this possible? Li Tian collapsed this building with a punch. It turns out that Li Tian had been teasing us just now. If he had already shown this ability, we would have died long ago!"

But at this moment, the entire ground suddenly shook, and the road continued to collapse, and then a huge quicksand vortex appeared under the collapsed road. This vortex was like a black hole, constantly devouring those that fell. Zombie.

"Run away!"

With this scream, the zombies surrounding the ruins of the building suddenly scattered like birds and beasts. I really hate having two legs to run faster.

In less than half an hour, there was no other living zombie around the ruins of the building except for those zombies that had broken legs and could not move.

Tang Xiaolong and Dixing Yasha got out of the ground.

"Little boss, you are so good to pretend that you can crash this building with one punch. If I didn't know the truth, I'm afraid I would almost believe it." Tang Xiaolong said excitedly.

Li Tian wasn't very interested, and didn't want to entangle Tang Xiaolong on this issue, and said to Tang Xiaolong: "Check and see that all the living zombies in the attachment are killed!"

When Tang Xiaolong went to kill the zombies that had lost the ability to move, Li Tian took Tang Zheng's body out of the space of Dixingye, and said to Dixingyasha: "This is Tang Feifei's father after all. Dig a hole and bury him!"

Dixing Yasha knew Li Tian's thoughts, and said, "Since Tang Zheng likes this right, let the zombies under this building be his funeral. You throw his body on these ruins, I Use my ability to completely cover this whirling with sand and treat it as his grave!"

Li Tian nodded, did not speak any more, stood by the ruins and looked at the dark night in the distance.

At this time it is about to dawn, but the dawn is the darkest time of the night. In addition, it is already late autumn and early winter, and the night of Fright City is already extremely cold.

But at this moment, there was a snowflake in the sky, and the snowflake disappeared when it hit the ground, but it made people feel a little bit more chill.

Li Tian suddenly thought of the famous verse of the British poet Shelley, and could not help but read it out: "If winter comes, can spring be far behind?"

Yes, winter has already come, can spring be far behind?

The darkness before dawn will always pass, as long as the three corpses are wiped out, the earth will usher in the dawn and the spring!

"Three corpses, let's fight!" Li Tian said to himself with clenched fists!

Chapter 4122: : Kidnapping of Zombies

Snapped!

The sound of the glass falling to the ground was heard in the hall, and the red wine in the glass instantly dyed the ground bright red.

The corpse still felt puzzled. He kicked a marble coffee table in front of him hard and cursed angrily: "Trash, it's trash! Twenty level 20 zombies, fifty second-level puppets are like this. It was killed by Li Tian in a short period of time. It's a ***** waste!"

The corpse soul sitting on the sofa with a glass of red wine stood up, smiled, and said, "Anyway, Tang Zheng is already a waste you eliminated. Why should you be angry when you die?"

"Hmph, Tang Zheng's death is not a pity. Even if one hundred Tang Zheng and one hundred puppets die, I will not feel bad. As long as the earth world is still in our hands, I can create more puppets. I am angry. Because these wastes lasted less than an hour from the beginning of the battle to the end of the battle! This ***** Tang Zheng brought a million zombies to Li Tian in trouble!" said the dead soul.

The expressions on the faces of the ghoul and the ghoul suddenly changed, and the two exclaimed in unison: "So fast?"

According to their conservative estimates, even if these more than one million zombies could not kill Li Tian, at least it would be enough to kill Li Tian for one night. By then, the exhausted Li Tian would not be in their three corpses?

However, the information that the corpse passed back through which puppets and puppet beasts surprised them.

"It seems that we all underestimated Li Tian! If this is the case, then we can no longer allow Li Tian to move on comfortably, otherwise Li Tian will think that the Jinghai City controlled by our three corpses is nothing more than this!" said the ghoul coldly.

The corpse soul stood up, drank the red wine in her hand, and said: "The order is passed down. All zombies above level 15 must gather in front of the Huangpu River tonight. No matter where Li Tian can go, tomorrow morning, immediately launch a general attack! I really want to see how Li Tian killed these millions of super-advanced zombies in front of our three corpses!"

In this regard, Li Tian and Tang Xiaolong did not know.

The two of them left the Putuo Mountain area overnight and headed towards the downtown area where the Three Corpses were located.

The temperature has gradually risen before dawn, and the stray snow has turned into raindrops before it has fallen. First, sleet and then completely turned into sparse light rain.

Foggy, magnificent buildings are entangled by the mist, the whole city is like a fairyland on earth.

Li Tian carried the Qiong Spear of the sky and marched forward in the rain, and Tang Xiaolong clenched his iron fist and followed Li Tian closely.

After two hours of walking through the city, Li Tian and Tang Xiaolong had already passed through the Putuo Mountain area and entered Changning District. As soon as they entered Changning District, Li Tian and Tang Xiaolong realized that the zombies standing in front of them no longer seemed so difficult. Up.

"Little boss, have you noticed that the level of the zombies blocking us now seems to be not as high as we encountered before, and the highest level of the zombies we have encountered now is only level 14." Tang Xiaolong asked suspiciously.

Li Tian shot into a zombie that was leaping towards him, picked out the corpse crystal in the zombie's head, nodded and said: "Yes! It stands to reason that we are getting closer and closer to the city center now. We shouldn't be. This happens! Unless..."

"Unless what?"

"Unless this is the intention of the Three Corpses, deliberately allowing us to quickly break through. In this case, I am afraid that when we are about to reach the headquarters of the Three Corpses, all the zombies we encounter will be level 15 or above! A million level 15 zombies, this is not easy to deal with!" Li Tian said.

Tang Xiaolong shook his head and asked in a puzzled manner: "Little boss, in fact, we don't have to kill all the way like this. Since the air is not safe, why don't we go underground?"

"You mean subway access?" Li Tian asked.

When he was in Kyoto and Beitang, Li Tian walked through the subway tunnel.

"Hey, what I mean is the ability to use the land to travel the yaksha, skip these areas, and use the escape technique to go directly to the headquarters building of the three corpses. By then, even if the three corpses gather more high-level zombies, they will be helpless to us!" Tang Xiaolong smirked and said.

A word to wake up the dreamer.

"Hahaha, this method is good, why did I forget this method? There are zombies controlled by the three corpses in the sky, but the underground is the world of the yaksha. However, the strength of the three corpses is very strong. At that time, the ghouls can feel the existence of the underground Xingyasha, as long as we use the escape technique to walk a little far away from the three corpses, it is always faster than killing all the way!" Li Tian said.

Just do what you say, but if this is the case, Li Tian and Tang Xiaolong have to confirm the specific location of the three corpses.

This can't help them, they don't know, these zombies always know, right? If so, isn't it all right to kidnap two zombies?

Li Tian and Tang Xiaolong immediately kidnapped two zombies, and then took the two zombies to the space where they were taken to the Feitian Yasha and the Dixing Yasha.

Li Tian spread a map of Jinghai City before the end of the world in front of the kidnapped zombies, and said, "Tell me where the three corpses are. If you agree with the other zombie, then I can do both of you. Forgive you not to die, but if you two zombies say inconsistent, then I will kill all of you two zombies!"

"You know that the Chinese Allied Forces are about to successfully develop a zombie virus antidote, you have to think clearly!" Li Tian said with a sneer.

The zombie's eyes lit up when he heard the news about the antidote to the zombie virus, and he immediately begged for mercy: "My lord, my lord, low-level zombies like me have no right to visit Lord Three. I only know about the headquarters building. area!"

"Talk as much as you know! If you dare to talk nonsense, be careful to tear up the ticket!" Li Tian was frightened.

Oh, this zombie even has a heart of death.

Have you seen shameless people who have never seen such shameless people kidnapped zombies? Do you still have any sense of ethics? But in order to save his life, this zombie had to spread out the map in Li Tian's hands and pointed out a general area on the map.

Li Tian went to another zombie again, and it turned out that the other zombie was not as good as this zombie. The other zombie just knew that the three were in Pudong New Area.

Li Tian kidnapped two more zombies and used the same method to force these zombies to tell the location of the three corpses. These two zombies could be slightly better. They at least said the name of the street where the three corpses were located!

This is enough!

Li Tian trapped these zombies in the space of Dixing Yasha, and sent Tang Xiaolong into the space of Void Yasha, so that Dixing Yasha led him to the destination quickly.

In the early morning, when all the level 15 in Jinghai City gathered on the bank of the Huangpu River to prepare, Li Tian had already taken Tang Xiaolong to a place less than one kilometer away from the Sanshi Headquarters Building.

The battle is on the verge.

Chapter 4124: : The strength of the corpse (2)

The small hot pot that was bombarded by the corpse soul has climbed up from the ground intact, pointed at the corpse soul and laughed loudly, and said: "Hahaha, it's a laugh, people in the earth world may not know how much you have. , Wouldn't I know how many talents you have when I came out of the Netherworld?".

"Tang Xiaolong, you were actually deceived by a corpse soul. Her female corpse is best at chaotic souls. Once you mess up your soul, it is already very good that your ten-strength powers can show three or four achievements. , And the remaining power will be used by the corpse soul, and then come to deal with you! So it looks like you are not her opponent when you use all your strength, in fact, you just lost to yourself!"

The corpse soul was exposed by the small hot pot, but there was no slight anger on his face, but a smile appeared on his face. He slowly walked a few steps forward and said: "It's a rock fire clan in the Nether Realm, you know it. Less. But even if you know my abilities, do you know how to break my ability?"

Li Tian and Tang Xiaolong both looked at the small hot pot, but saw the small hot pot shook their heads slightly and said, "I don't know!"

"Hahaha!"

The corpse soul suddenly laughed, and the smile was trembling, and the pair of snow-white **** on his chest almost jumped out.

"Even if you know my skills? Let me think about it. When I was in Eastern Europe, the guy who claimed to be No. 1 on Forbes knew that I had this ability, but what was the end result? That guy even ran away. There was no chance, he died abruptly in his own hands!"

"There is a saying in your earth world that the greatest enemy in life is yourself. This is not bad at all, especially when fighting my corpse!"

"Oh, by the way, there is the guy who was known as a knight in the United States. He seems to be ranked second on Forbes. The arrogant guy is also dead in my hands!" The corpse had no intention of showing off. , It seems to be talking about something that is not enough.

Now Li Tian and Tang Xiaolong were a little shocked.

The two ranked first and second on the Forbes strength list were dead in the hands of the corpses. This news may not be too shocking.

In this way, Huangfu Kunpeng lost an arm and escaped, anyway, he was lucky!

Of course, this is not to say that Huangfu Kunpeng is stronger than the first and second on the Forbes strength list. The main reason is that the army soul legion pays attention to the team and the whole. When Huangfu Kunpeng is trapped, there will be other army souls. The cadres of the legion desperately went to rescue Huangfu Kunpeng.

While Europe and the United States pay more attention to individual heroism, they naturally die when they are isolated and helpless.

"Little hot pot, is there really no way to deal with corpses?" Li Tian asked.

The little hot pot shook his head helplessly, and said: "There is no way for the time being, only through constant fighting to find the weakness of the corpse soul!"

This feeling is similar to the Dou Zhuan Xingyi practiced by the Murong family in Jin Yongjin's novels. No matter what kind of attack method you use, you will be counterattacked by the corpse soul transfer force. The more profound the skills you perform, the more you will suffer. The deeper the damage.

It's just that the Dou Zhuan Xing Yi of the Murong family can't transfer the eighteen palms of the dragon, the six veins divine sword and other exercises, and when the Murong family meets opponents who know these two methods, they naturally stop cooking.

However, Li Tian and Tang Xiaolong didn't know whether the corpse soul could transfer anything. Just now, the small hot pot used his magma ability to attack the corpse soul, but in the end the small hot pot was bombed and flew out.

"Little boss, leave the corpse to me and the little hot pot. The two of us drag the corpse first. You concentrate on dealing with the corpse and the corpse. After you kill the corpse and the corpse, we will deal with the corpse together. Soul!" Tang Xiaolong said.

Speaking of Tang Xiaolong, he rushed to the corpse soul again.

boom!

boom!

Tang Xiaolong's body of steel constantly impacted the corpse soul, and was constantly blown out by his own power.

Knowing that there are tigers in the mountains, he would go to Hushan, but Tang Xiaolong had to do so.

Of course, Tang Xiaolong already knew the ability of the corpse soul, he would not use the 100% ability of the ten-fold refining to attack the corpse soul.

No, it must be Tang Xiaolong who fell first.

However, Tang Xiaolong did not dare to take it lightly.

So far, the corpse soul has only shown one of her abilities. Tang Xiaolong still knows that the corpse soul has this skill and has not used it. Maybe there are other skills and skills that are useless.

So now Tang Xiaolong's attack is full of tragic and vigorous. He not only needs to temporarily suppress the corpse soul so that the corpse soul dare not easily use other abilities, but also to ensure that the damage he has displayed on himself is minimized.

This requires a certain degree of grasp.

In order to master this degree, Tang Xiaolong could only fly out like a sandbag with his own abilities.

"Hahaha, it's interesting! It seems that you have mastered some ways to deal with my ability, but this is all in vain. Sooner or later, you will be exhausted by yourself. Instead of doing this, let me help you!"

A cold light flashed across the handsome face of the corpse soul, and Tang Xiaolong immediately felt a powerful pressure drop from the sky, covering him instantly.

weight!

That's right, this is the cultivator skill of the corpse soul.

Although Tang Xiaolong had mastered the ability to break open weight before coming to Jinghai, it was only used for the fourth level of the monk. Like the Soul Soul, it has already reached the sixth or seventh level of the monk. With Tang Xiaolong, Tang Xiaolong could barely let him fall to his knees, it was almost impossible to get rid of it.

Seeing the corpse soul rushing towards Tang Xiaolong, the small hot pot also released the heavy desire to break the fast corpse soul, but after all, the cultivator realm of the small hot pot has fallen to the fourth level, which can only be regarded as barely able to move Tang Xiaolong. At one glance, the body can't be completely broken open!

"Huh! It's an eyesore!"

The corpse soul snorted coldly, and a wave of coercion fell from the sky, and instantly the wheels were on the body of the small hot pot. In this way, Xiao Hotpot and Tang Xiaolong were completely controlled by the corpse like two puppets.

The figure of the corpse soul galloped past, and there was already an extra blade in his hand, and the cold light was shining. The blade pierced Tang Xiaolong's neck with a flash of lightning.

"go to hell!"

At the moment of the moment, a figure suddenly appeared in the void, and this figure also held a knife in his hand. It was Situ Ningbing's weapon, butcher, butcher.

Cang!

The blades in the hands of the butcher and the corpse soul intersected, and there was a metal clash, and the purple arc that appeared on the butcher and corpse instantly made the ghouls shudder, and did not dare to entangle and retreat quickly.

"who is it?"

Situ Ningbing sneered and said: "Li Tian's woman! Situ Ningbing!"

Chapter 4125: : Ningbing vs. Corpse Soul

Situ Ningbing had passed through the adventures of the North Sea Island, and now he had the sixth-level cultivation realm. Even facing the corpse soul, the sixth-level cultivation master, Situ Ningbing did not lose to her in the aura.

"Li Tian's woman, Situ Ningbing!"

The short words of this sentence showed all of Situ Ningbing's domineering and heroic spirit.

That's right!

I am Situ Ningbing!

I am Li Tian's woman!

Li Tian couldn't get out to save his brother, and Situ Ningbing!

The skin on the corpse soul's face bounced slightly, and her gaze fell on Situ Ningbing's body.

The same woman, Situ Ningbing is no worse than her in appearance or strength, and Situ Ningbing is the woman of the world's hero Li Tian, but what about her corpse?

Even if she wears a gorgeous dress every day, this can't change the fact that she faces all kinds of rotten zombies every day. As for men, haha, the corpses are only around the corpses and the ghouls.

People are more damned than people, and they should be thrown away.

The woman's nameless jealousy began to haunt the corpse soul.

The corpse soul snorted coldly and said, "Here is another one to die! Okay, let me arrest you and give it to the corpse, so that the corpse will make you a **** woman a puppet! I think Li Tian will return Would you like a puppet like you?"

As soon as the voice fell, the blade in the hands of the corpse soul flashed with a cold light, and the force under his feet rushed towards Situ Ningbing like a red lightning.

"Go to hell! Bastard!"

The corpse soul's goal is very clear. It is naturally not polite to Tang Xiaolong and Xiao Hotpot who are trying to stop him. He instantly casts his weight to control these two overpowering guys, and waits for Situ Ningbing to break her attack. When attacking, the corpse soul had already rushed in front of Situ Ningbing.

Huh!

Cang!

boom!

The corpse soul's firepower was fully on, and the figure kept flashing around Situ Ningbing, and Situ Ningbing did not back down, and also used the strongest attack against the corpse soul.

"This picture is so beautiful, I dare not watch it!" Tang Xiaolong said.

The strength of the corpse soul is very powerful, and her Dou Zhuan Xingyi is also very impressive, but Situ Ningbing is no worse than the corpse soul, and Situ Ningbing discovered that when she uses the Azure Cloud Qi Jue, the corpse soul never dares to use the Dou Zhuanxing shift to rebound attacks. .

"This should be the weakness of the corpse soul! The purple electric snake released by this Qingyun Qi Jue has the power to swallow. It seems that the key to dealing with the Qingyun Qi Jue of the corpse soul is!" Situ Ningbing thought in her heart.

However, Situ Ningbing is not Li Tian, and her body's spiritual power is not as strong as Li Tian. Situ Ningbing's Qingyun Qi Art can now release at most 30 purple lotus flowers, and if he releases 30 purple lotus flowers at the same time, Situ Ningbing can only release twice at most.

Therefore, Qingyun Qi Jue can only deter now.

"You must seize the flaws of the corpse soul to start! Otherwise, the corpse soul can't deal with it!" Situ Ningbing quickly retreated, avoiding the serial attack of the corpse soul, thinking in his heart.

"Damn woman, it turns out that you are just as capable, hehe, you said that if I kill you, will Li Tian empathize and don't fall in love with me? I will not lose to you regardless of body shape and appearance, I There are thousands of years of accumulated experience in bed work, and it must be much better than you!" The Soul Soul said with a smile.

"Huh! Shameless!"

"Shamelessness is shameless! A fair lady, a gentleman becomes a gangster. A ***** beauty like me, how can Li Tian not be tempted? You see Li Tian is secretly staring at my ***** now?" The hand shook her plump twin peaks, and said to Situ Ningbing.

Situ Ningbing knew that the corpse soul was lying to her, but she still couldn't help looking at Li Tian, and at this moment, the corpse soul suddenly launched an attack.

"Hey! Go to hell!"

The blade of the corpse soul instantly pierced Situ Ningbing's abdomen. Seeing the corpse soul succeeded, Situ Ningbing's body turned into a shadow and disappeared.

"How is it possible? Could it be that Situ Ningbing couldn't move in an instant?" The corpse soul muttered to himself somewhat puzzled.

Of course Situ Ningbing will not teleport, but don't forget that Situ Ningbing's hermit killing technique is cultivated. With the improvement of Situ Ningbing's cultivation level, Situ Ningbing's hermit killing technique has now been practiced to the realm of pure fire.

Just like the invisibility technique, Situ Ningbing can perform almost instantaneously.

Xiao Hotpot and Tang Xiaolong attacked the corpse soul from the left and right at the same time, but as soon as they rushed in front of the corpse soul, the corpse soul instantly used the battle to change the stars and flew out again.

At this moment, the corpse soul suddenly felt a murderous intent behind him.

Huh!

A gleaming blade appeared on the back of the corpse soul's neck, the corpse soul did not turn around, and backhand blocked the blade in her hand.

Cang!

Sparks flew in all directions, and the corpse soul leaped back abruptly with strength, but saw Situ Ningbing's figure from appearing at the place where he was fighting just now.

Although Situ Ningbing knew that it was difficult to kill the corpse with the hermit killing technique, she still felt a little regretful when she saw such a good opportunity wasted.

"Come again!"

In an instant, Situ Ningbing disappeared again.

This level of fighting hot pot and Tang Xiaolong can no longer intervene, even if they barely intervene, they will be destroyed by the heavy moments of the corpse soul's cast. Instead, Situ Ningbing is required to rescue them and affect Situ Ningbing.

"The ghoul among the three corpses is the weakest now. The most terrifying thing about the ghoul is his flying insects and venom. I have burned those flying insects. The venom is not too terrible now because of his sharp fall. Let's join hands to deal with ghouls!" Little Hot Pot pulled Tang Xiaolong and said.

Tang Xiaolong's heart was also holding fire. He felt that when he faced the Three Corpses, he was still so weak, and he couldn't help Li Tian much at all. Now when he heard the suggestion of the small hot pot, Tang Xiaolong's face could not help but show. With a smirk, he said: "Hey, this is a good idea. Then let the little boss bring out Huangfu Kunpeng, Long Yin, and Wuji!"

Just do it!

Two guys, Tang Xiaolong and Little Hotpot, sneaked around the ghoul who was fighting with Li Tian, and rushed up the moment the ghoul was beaten out of the battle circle by Li Tian.

Seeing Xiao Hotpot and Tang Xiaolong dared to do something to him, the ghoul couldn't help furious.

"court death!"

But no matter how great the ghoul's anger is, the current strength of the little hot pot does not need to be worse than him. With Tang Xiaolong's attack, the ghoul suddenly felt a little unbearable.

At this moment, Li Tian, who had guessed the idea of Tang Xiaolong and Xiao Hotpot, instantly brought Huangfu Kunpeng and others out of the space of Void Yasha.

Little Hot Pot, Huangfu Kunpeng, Long Yin, Old Man Wuji, and Tang Xiaolong are no weaker than the ghoul, and the ghoul is even more embarrassing.

The dwarf melon corpse jumped out of the battle circle and sneered at Li Tian and said: "Li Tian, you are prepared to save Tang Feifei. In this case, I will meet your requirements!"

Chapter 4126: : Puppet Don Feifei (1)

The corpse pulled out a three-inch-high white bone pagoda from his arms. The pagoda was carved with nothing but it was alive. The corpse pierced his palm with the tip of the pagoda, and then let it go. The blood flowing from the heart dyed the white bone pagoda blood red.

Immediately afterwards, the white bone pagoda shook suddenly, and bells the size of rice grains hung under the eaves of each layer of the pagoda, and there was a crisp sound.

In an instant, a black smoke flew out of the tower and fell on the ground and changed into a human form.

There were seven people in total, and these seven people stood naked in front of Li Tian like this. What shocked Li Tian was that these seven people were all Tang Feifei in exactly the same appearance!

"Li Tian, didn't you save Tang Feifei? I used one and now even return it to you, a total of seven. Hey, these seven women are in good shape? I follow the figure of a corpse. It's specially built for

you, so you can enjoy lingering with these seven women! Hahaha!" A smirk appeared on the face of the corpse, and he said as he gathered the bone pagoda.

"Impossible! Absolutely impossible! How come there are seven Don Feifei? There must be fakes!" Li Tian said.

But no matter if these seven Don Feifei are true or not, Li Tian absolutely does not allow them to be displayed in front of everyone in this naked appearance.

Li Tian quickly took out some clothes from the space of Void Yasha and put them on the seven Don Feifei.

"Hey, it's really a passionate seed! Seven are treated equally! Then I will tell you, only one of these seven Don Feifei is real, and the other six are fake! I really want to see how you can Distinguish the true from the false?" Zipao said with a sneer.

Li Tian's gaze slowly swept across the faces of these seven Don Feifei, but he found that these seven Don Feifei were exactly the same from the outside.

At this moment, each of Tang Feifei's faces didn't have the slightest brilliance, and their eyes closed tightly, looking like seven corpses that could stand.

"Feifei? Feifei!" Li Tian shouted.

But the seven Don Feifei did not respond.

Li Tian walked a few steps quickly and came to one of Tang Feifei. Before his hand touched Tang Feifei's body, the seven Tang Feifei suddenly opened their eyes.

Blood red!

The seven Tang Feifei's eyes are all blood red, and there is no trace of white or black in the eyeballs. The whole look looks very strange.

Although Li Tian already knew that Tang Feifei had become a puppet, when these seven Tang Feifei appeared in front of Li Tian in this way, Li Tian finally couldn't help the anger in his heart.

"Scorpion! I want to kill you to avenge Tang Feifei!" Li Tian roared angrily.

Huh!

Li Tian slammed his teleportation, appeared in a place no more than a few meters away from the corpse, and the Qiong spear in his hand slammed into the corpse!

The corpse, the short winter melon, rolled back seven or eight meters on the spot, and then looked at Li Tian with disdain, and said: "It's a kindness to revenge. Li Tian, if you want Don Feifei, I will pay you Don Feifei. , And there are six more. You enjoy the blessings of the people, and the one who fought me like the above?"

"As for revenge, hehe, it depends on whether these seven Tang Feifei can promise you to do this!" The tone of the corpse suddenly became cold.

The fingers of the corpse flicked slightly, and the seven Don Feifei came back to life in an instant. They slammed their arms into their bodies, and then pulled out a handle one meter from their bodies to grow bones. sword.

Huh! Huh!

These seven Tang Feifei's bodies are floating, and the bone-in-the-bone swords in her hands are constantly piercing and stabbing in front of Li Tian, trying to stop Li Tian and the corpse fighting.

"weight!"

Li Tian used his weight in an instant, trying to control all the seven Don Feifei in place, but Li Tian was soon disappointed. He found that the weight he used on the seven Don Feifei had no effect at all.

"Hahaha, Li Tian, don't work in vain. Tang Feifei is the most suitable puppet I have ever seen in the earth world. These puppets are the highest attainments of my corpse so far. Each of them possesses the sixth level of apprenticeship. Realm, the weight you cast has no effect on them at all!" said the corpse.

Cultivator at the sixth level, and there are still seven Don Feifei. The most important thing is that these seven Don Feifei seem to have telepathy, and they cooperate closely with each other. The seven Don Feifei attacks Li Tian at the same time. The attack method is strict and fundamental. Nothing messy.

On the contrary, Li Tian was forced to retreat by these seven Don Feifei attacks.

"So strong! Is this the real strength of the puppet? But which of the seven Tang Feifei is the real one?" Li Tian thought in his heart.

Although Situ Ningbing, Xue Ji and Xiao Hotpot had vaccinated Li Tian and told Li Tian that Tang Feifei had become a puppet, Li Tian also made up his mind to never be soft when meeting Tang Feifei, but when Li Tianzheng When facing Tang Feifei, she couldn't do anything.

That's his Li Tian's woman!

hiss!

A long-bone sword pierced Li Tian's arm and pierced Li Tian's sleeve. The blood instantly dyed the damaged part of Li Tian's sleeve red.

Li Tian dodged seven or eight meters with a teleport, but those Tang Feifei instantly caught up.

Suddenly, one of them, Tang Feifei, showed a trace of pain on his face, almost looking at Li Tian in a begging tone, and said: "Li Tian, take me back, I don't want to be controlled by the corpse!"

is her! This is true!

Li Tian teleported to Tang Feifei's side, stretched out her hand and flew back.

But at this moment, there was a cold smile on the face of the corpse, and with a slight movement in his hand, the white bone sword in Tang Feifei's hand slammed into Li Tian's body.

puff!

A sharp pain came from Li Tian's abdomen. The blood instantly dyed the long bone thorns red, and the blood began to tick down continuously.

"You're not Tang Feifei..." Li Tian suddenly slapped Tang Feifei with a broken soul palm, and flew her out in a blast.

"Li... Li Tian, I didn't mean it... I didn't mean it, it's all the ghost of the corpse!" The Tang Feifei slowly stood up and said.

The corpse smiled smugly and said, "Yes, Li Tian, you are the biggest fool. These puppets are under my control! Hahaha!"

The corpse's fingers moved slightly, and the other six Don Feifei struck again.

Li Tianqiang endured the pain for several consecutive teleports, and came to Tang Feifei who had just been hit by him.

"Feifei, is it really you?" Li Tian asked.

This Tang Feifei said excitedly: "Woo, I know you won't admit me wrong! Li Tian..."

"puff!"

The Heavenly Qiong Spear in Li Tian's hand slammed into Tang Feifei's body, and dozens of purple electric pythons also rushed into Tang Feifei's body.

"Li Tian, you..." Tang Feifei didn't finish her words, and his body disappeared into nothing.

Chapter 4127: : Puppet Don Feifei (2)

The corpse looked at Li Tian in surprise and angrily shouted: "Li Tian, are you still a man? She is your woman, Tang Feifei, so you have the heart to do it?"

"Fake!" Li Tian said with a sneer.

"Oh, did you actually see it? Hahaha, if you can hit Li Tian with a fake Tang Feifei, she is considered to have completed her mission, and death is not a shame!" said the corpse.

At this time, the remaining six Tang Feifei rushed towards Li Tian again.

Li Tian also knows the principle of capturing the thieves and the king first, but these six Tang Feifei are like tarsus maggots, chasing Li Tian continuously, even if Li Tian moved to the corpse's side by teleporting instantly, but In two seconds, these six Don Feifei will catch up again to attack Li Tian.

At this time, Li Tian's abdomen was already injured. As Li Tian's exercise increased, blood kept dripping on the ground. But Li Tian couldn't hide in the space of Void Yasha to receive Windsor's treatment, otherwise Situ Ningbing, Xueji Tang Xiaolong and the others would be in trouble.

Seeing Li Tian's embarrassed look, the face of the corpse was full of triumphant smiles, but he said with a sneer in his heart: "Li Tian, this is your Achilles heel. Wait until you know that these six Don Feifei are fake. , Your body is already full of holes, and I can easily kill you without releasing Tang Feifei's deity!"

Just thinking of this, the corpse saw Li Tian's Qiqiong spear plunged into the body of a Don Feifei again.

puff!

There is no imaginary blood flowing, and there is no black mucus like a zombie. As long as the spear of the sky is pierced in, there must be more than a dozen purple electric pythons with the spear of the sky. This Tang Feifei also disappears in an instant. not see.

"Fake! All are fake!"

If Tang Feifei in front of Li Tian is a puppet Tang Feifei with self-consciousness like Tang Zheng and Zhou Guanjia, it may be difficult for Li Tian to start, but now these Tang Feifei are fake at all, and Li Tian has no worries.

Li Tian's figure constantly flickered among Tang Feifei here, constantly dealing with and fighting with the rest of Tang Feifei. With one heart and three uses, Li Tian simultaneously used the Heavenly Spear and Broken Soul Palm to control the "Red Slash" to attack these Tang Feifei.

puff!

The Qiong spear of the sky with a purple electric python pierced into the body of a Don Feifei, and this Don Feifei let out a scream and disappeared instantly.

Huh!

A red light flashed, and "Red Zhan" suddenly used cold arrows to chop off a Don Feifei's head. When this Don Feifei's body fell softly, this Tang Feifei was also beheaded by Li Tian.

boom!

The broken soul palm with a purple arc flew out a Tang Feifei. This Tang Feifei's body twitched abruptly, and his body turned into a bone and some rotten flesh and blood.

But within seven or eight minutes, Li Tian beheaded all the seven Tang Feifei.

Zipai never expected that his support would be killed by Li Tian in such a short period of time. The small bumps on Zipai's face kept beating with the angry expression on his face, and said: "Li... Li God, how do you know these Don Feifei are fake?"

There was a trace of pain on Li Tian's face, and a trace of sarcasm, and said: "Even if you make these people look exactly like Tang Feifei, they are fake. At first, I will give Tang Feifei the first aid. You are fooled, but these fakes will be exposed over time!"

"Say! What did you do to Tang Feifei?" Li Tian asked sharply.

The corpse laughed loudly and said, "Yes, real can't be fake, and fake can't be real! I just used a few ribs of Don Feifei's ribs, plus the skin of those super zombies, and my corpse The unique blood made these Don Feifei."

"Hey, although these Don Feifei are fake, you must be very painful when you kill them. I really like it! I just don't know what you would do if you let the real Don Feifei fight you?"

"I can't wait! What kind of collision will happen between Tang Feifei, a puppet on the eighth floor of the Cultivation Realm and Li Tian on the seventh floor of the Cultivation Realm? I'm a little excited about this picture!"

With that, the corpse would once again pull out the bone pagoda from his arms.

The blood on the pagoda had already seeped into the bones. At this time, there was an extra layer of dark red on the bone pagoda, giving people a strange and evil feeling.

And this pagoda is still continuously releasing a powerful breath, this breath is not weaker than Li Tian's breath, and even faintly there is even stronger than Li Tian's breath!

"Tang Feifei, my little puppet! I have used my corpse's blood to refine you every day for so many days, and now you should be satisfied with swallowing so much blood! Come out and fight for me!" As if talking to himself.

As the corpse spoke, the white bone pagoda burst into a burst of red light, and the red light was filled with a strong smell of blood, a powerful murderous intent that even surprised everyone present.

Immediately afterwards, a thick plasma flew out from the white bone pagoda. After falling on the ground, the plasma gradually condensed into a human form, and this person with blood all over was the puppet Don Feifei!

"This...what's going on? Why did Tang Feifei become like this?" Li Tianxin said.

Situ Ningbing, Xue Ji and others were also full of shocked expressions.

There was no trace of Tang Feifei in this completely unrecognizable blood man. For Tang Feifei, they would rather believe that the puppets killed by Li Tian's bombing were Tang Feifei, rather than the blood man now.

"Li...Li Tian..." Tang Feifei, the puppet, just took a step in Li Tian's direction, and a large swath of plasma dropped on her body immediately and fell on the ground.

Tang Feifei looked at the plasma on the ground in surprise, and then at her arms and body, and instantly let out a miserable roar. Following this roar, Tang Feifei's body was full of resentment, murderous, and anger.

"Do not!"

"No! It's not me!"

A powerful coercion fell from the sky and instantly stopped all fighting.

Seeing Tang Feifei's appearance, the corpse soul looked at the corpse in a little surprise and asked: "corpse, are you..."

Before the corpse soul had finished speaking, he was interrupted by the corpse.

"That's right! I refined Tang Feifei with my blood, so Tang Feifei is now a puppet with the strength of the apprentice eighth, and in order to complete my masterpiece, my strength level has changed from the six apprentice. Fell to the fifth level of a cultivator."

"Hey, as long as Tang Feifei keeps absorbing my essence and blood, her level will continue to rise, and she may even reach the realm of nobles soon!"

"But, in this way, your cultivation level will continue to fall, or even fall out of the cultivation realm..."

"Hey, as long as Tang Feifei reaches the realm of venerable, what does it matter if I fall out of the realm of cultivator? Even if she becomes the domain master, she is also my puppet!"

Chapter 4128: : Puppet Don Feifei (3)

Suddenly, Tang Feifei suddenly released her again.

The strong pressure of the eighth-level cultivator is not low-level that ordinary people can. Even Li Tian of the seventh-level cultivator feels extremely difficult when resisting.

However, two cultivators like Situ Ningbing and Corpse Soul were barely able to move their bodies.

As for Huangfu Kunpeng, Xueji, Long Yin, the old man of Promise, and the ghoul, they are only at the third level of the cultivator, but they have no resistance. They just sat on the ground and couldn't move at all.

"Tang Feifei, what do you want to dare? I am your master. Why do you want to control me when you perform heavy exercises?" The corpse asked with anger and aggrieved face.

Tang Feifei slowly moved her body to the front of the corpse, and said with a sneer: "Why can you grab me at will and make me your puppet at will? Because your strength is very strong, you can Have the power to dominate others, so you can do whatever you want!"

"But now, you poor worm, your cultivation base has fallen to the fifth level of the cultivator, do you want to control me with such a weak strength?" Tang Feifei said with a sneer.

"Tang Feifei, how could I control you? I just want to make you stronger. You see you are now at the eighth level of a cultivator. As long as you continue to follow me and serve me, I will still There are more essence and blood that can continuously refine you, and then you can cultivate to the realm of the nobleman or even the realm of the domain master!"

"Do you know what the Lord means? That means you can build a country by yourself and become the master of a country! Do you know what the domain master means? That is the most powerful existence in the Nether world plus the earth world, You can even kill the Venerable in a flash!" said the corpse.

Tang Feifei sneered on her blood-stained face, and said: "Even if you let me stand on top of the world, you make me look like this person is not human or ghost, without the company of Li Tian brother, I What's the use of asking for rights!"

"I killed you!" Tang Feifei said with a grim expression.

This kind of change was never thought of by the corpse. It is like the backlash of power when practicing magic arts. The corpse now has no way to control Don Feifei. If Tang Feifei really wants to kill him, take the current corpse The strength of the soul is completely a spike.

"If this is the case, just shoot and break, I will make it easier for none of you! Hahaha!" The corpse sneered and squeezed hard against the bone pagoda in his hand that was used to control Tang Feifei.

Click!

The corpse spurted blood, and the bone pagoda in his hand was crushed to pieces.

A fishy wind engulfed several strands of evil black smoke from the white bone pagoda and directly poured into Tang Feifei's body.

what!

Tang Feifei let out a scream, and her body twitched suddenly.

The plasma on Tang Feifei's body was bubbling like boiling water, and blood-red smoke was constantly rising into the air.

"Corpse, you..."

"Hahaha! As my puppet, I want to disobey my orders, so let your puppet completely become a parasite of my corpse! Originally, I wanted to wait for Tang Feifei to become a Venerable, and then I would use this trick. , But I didn't expect that Tang Feifei would be so determined that she became my puppet and even dared to disobey my orders! In that case, I can only complete this ritual ahead of time. I see how you disobey my orders!" Said.

As soon as his words fell, his body had become rigid, and instantly weathered into a pile of powder.

But within a few minutes, Tang Feifei's eyes turned pure black, and the plasma on her body gradually solidified into blood-red skin, and a black shadow appeared on Tang Feifei's body, and the "Red Slash" sword spirit appeared to some extent. The phantom on Li Tian is somewhat similar.

Tang Feifei lowered her head slightly. At this time, the convulsions in her whole body had weakened, and the painful screaming voice gradually weakened and turned into a whirring breathing.

"Li Tian, you broke my plan. I want to let all of you here give me the body of the deity to be buried with you!" Tang Feifei's mouth unexpectedly made the sound of a corpse.

Tang Feifei's figure flashed, and in the blink of an eye she rushed to Tang Xiaolong, who was closest to her, and flew Tang Xiaolong out with a punch.

boom! Tang Xiaolong's body slammed into a street lamp post on the side of the road, and directly slammed into the thick and thin steel pipe post. Tang Xiaolong's body slid on the ground for more than ten meters, showing up there. A deep pit was hit on the board before it stopped.

Li Tian was shocked.

Tang Xiaolong's strong body did not even have the slightest resistance in front of Tang Feifei! Is this the strength of the eighth-level practitioner?

Fortunately, Tang Xiaolong's ten-fold training seemed to be seriously attacked, but the damage Tang Xiaolong suffered was not as severe as he thought.

Tang Xiaolong stood up swayingly, and sat down on the ground again, spitting out blood, and there was a buzzing voice in his head.

In the next second, Long Yin was also blasted out, and Tang Feifei's fist directly blasted through Long Yin's body, and half of Long Yin's right shoulder flew out, blood flowed and bloody. This was much more serious than the injury suffered by relinquishing Huangfu Kunpeng.

After flying Long Yin, Tang Feifei rushed to Situ Ningbing again.

Li Tian teleported to block Situ Ningbing, stretched out his hand and sent Situ Ningbing into the space of Void Yasha, and blocked Tang Feifei's attack with the Heavenly Qiong Spear in his hand!

"Feifei! Stop it!" Li Tian shouted.

The face of the puppet Don Feifei showed a wild smile: "Don Feifei? Haha, Li Tian, you idiot, where is the shadow of Don Feifei in this body now, even the soul is my corpse! Your Don Feifei is dead! Up!"

The puppet Tang Feifei failed to attack Li Tian, turned around and rushed towards Xue Ji!

At this time, Xue Ji, Huangfu Kunpeng, and the old man Wuji are still under the heavy control of the puppet Tang Feifei. Once the puppet Tang Feifei rushes to their side, they will be bombarded like Tang Xiaolong and Long Yin in the next second. Flying out, you may even lose your life!

Li Tian continued to use teleport, every time before the puppet Tang Feifei took the shot, Xue Ji and others were sent into the space of Void Yasha, and then Tang Xiaolong and Long Yin were also sent into the space of Void Yasha.

The ghoul and the corpse have been released by the puppet Tang Feifei. The two of them slowly stood beside the puppet Tang Feifei.

The puppet Tang Feifei sneered and said: "Do you think you are a hero of salvation? Actually you are nothing! You can't save anyone! Including yourself..."

Chapter 4129: : Death of the Ghoul

"I Li Tian doesn't want to be a salvation hero, nor is it a hero! But if you move my Li Tian's people, then you must die! No matter who you are!" Li Tian said sharply. .

The corpse soul moved her ***** body, slowly walked a few steps towards Li Tian, and said: "I really don't understand where your confidence comes from Li Tian? Now you are seriously injured and you have lost those things. With the help of a trash friend, facing our three corpses at the same time, I really don't know how you have the face to say that you want us to die!"

After the corpse occupied the body of the puppet Tang Feifei, he now had the strength of the eighth level of the cultivator, and it was only one level away from the ninth level of the cultivator at the peak of the three corpses.

But does Li Tian have a reason to shrink?

No!

Not to mention that the person in front of you is the eighth-level strong practitioner, even the venerable Li Tian will not shrink back, because Li Tian is now not only trying to avenge Tang Feifei, but also to protect China, the East Ying Island country, and the entire earth world. !

Because this is Li Tian's home, there are Li Tian's beloved family, brothers, and friends who followed Li Tian from birth to death!

The ghoul stood not far behind the puppet Tang Feifei, sneered, and said: "Li Tian, although my strength has plummeted, you just let Huangfu Kunpeng, Long Yin, Wuji Laoer, Xiao Hotpot and Tang Xiaolong besiege me together. , But in the end I was alive and well! Looking back at you and your people, the injuries were more serious than the other! Now, I want to kill us and give us a reason to convince you!"

Li Tian felt the fiery pain from the wound in his abdomen, resisting the pain, took out a piece of gauze from the void of Yasha and tied it to his abdomen, sneered and said: "I said you must die, then you must die. , There is no reason at all!"

When he said the last word, Li Tian's figure suddenly moved.

Huh! Huh!

Li Tian controlled this "Red Slash" attack at the puppet Tang Feifei with a flick of a shot, and then used a few flashes of the instantaneous figure to come to the ghou, stretched out his hand and patted the ghou directly into the space of the yasha Among.

"This...what's this place?" The ghou suddenly appeared in the space of Dixing Yasha, suspiciously "Void, let Situ Ningbing, Xue Ji, Huangfu Kunpeng and the others greet me with ghouls! A cultivator's level 3 garbage dare to be so arrogant!" Li Tian communicated with Void Yasha.

Li Tian was only unwilling to throw corpses and ghouls into the space before, because he was worried that their powerful offensive ability would collapse those spaces when they fought, but now Li Tian can no longer care about that much.

The three corpses must die, and it is possible to make a little sacrifice in order to kill the three corpses!

When the ghou hadn't reacted, Void Yasha had already sent everyone except the seriously injured Long Yin and Windsor who was treating Long Yin into the space of the ground line Yasha.

As soon as the battle started, the ghou one-to-five battle scene immediately unfolded in the space of the earth travel yasha.

The battle scene was really bloody, even the ghou, a master of the third level as a cultivator, would only be beaten with no body and no strength to fight back.

Moreover, Tang Xiaolong and others are also shameless enough. You said that so many of you masters don't kill the ghouls in an instant, but they still play wheel warfare, and they will not kill the ghouls.

After being sent to this space, the ghou knew that there was absolutely no possibility of surviving. The ghou broke the jar, and its combat effectiveness increased.

However, there is no misuse.

Situ Ningbing could completely kill the ghouls by himself, not to mention the other masters who dealt with the ghouls together. Everyone swarmed, and almost instantly the ghou was shattered to pieces, and only one head was thrown out by Void Yasha. .

The price Li Tian paid for this was that the space wall of Di Xing Yaksha was somewhat damaged, and Void Yaksha had to slowly fill this wall later.

Watching the ghou's head rumbling on the ground, the faces of the corpse and the puppet Don Feifei were full of anger.

"Li Tian, you are looking for death, you dare to move our three corpses!" Tang Feifei, the puppet, roared, and the smell of blood sprayed Li Tian's face from a dozen meters away.

Tang Feifei, the puppet, once again used heavy pressure to drop from the sky, and Tang Feifei, the puppet, rushed over like lightning.

Although Li Tian had tried his best to release his heavy skill to resist the gravity attack of the puppet Tang Feifei, it was extremely difficult for Li Tian's body to move, and at this time the puppet Tang Feifei had already rushed in front of Li Tian.

Huh!

Li Tian's teleportation evaded Tang Feifei's attack, and he teleported several times in a row to come to the corpse soul. Li Tian wanted to send the corpse soul into the space of Feitian Yasha, and then dealt with the puppet wholeheartedly. Don Feifei.

It's just that Tang Feifei's gravity attack is only on Li Tian. In this case, the movement speed of the corpse soul is much faster than that of Li Tian. Even if Li Tian wants to throw the corpse soul into space, it is difficult to do it.

Li Tian pressed forward step by step, while the corpse soul laughed and molested Li Tian.

"I finally know why you sent Situ Ningbing and Xue Ji into your space, baby, are you so impatient? The more you are like this, the more I can't bear to kill you!"

"Oh, I am already eager to see your sturdy body, or we will join hands to kill the corpse first, and then kill your Situ Ningbing and Xueji together. Then I will let you be the king of the earth world , I will be your queen."

"How is it?" The Soul licked her lips with her tongue, said with a charming smile on her face.

I have to say that the corpse soul is a charming and seductive woman, especially the bunch of big girls on her chest that keep shaking when she retreats, the white flesh can dazzle Li Tian's eyes.

"go to hell!"

With a roar of anger, Li Tian suddenly used teleport again, and at the same time, the Qiong Spear in Li Tian's hand shook forward and stab directly forward.

Seeing that the Qiong Spear of the day was about to pierce the body of the corpse soul, at this moment Li Tian suddenly felt a sense of danger behind him, Li Tian did not dare to use the teleport again suddenly, at the same time the Qiong Spear in his hand It was smashed like a whip.

boom!

The Qiong Spear of the day hit the head of the rushing puppet Tang Feifei, and the puppet Tang Feifei's body sank suddenly.

But at this moment, the corpse soul attacked Li Tian from behind, and the blade in her hand pierced Li Tian's back directly from behind.

puff!

Blood was splattered, and a sharp pain came, and Li Tian couldn't help but hum.

The corpse soul's sneer came from behind: "Poor little love man, since you want to kill me, then don't blame me for being rude to you!"

Chapter 4130: : Death of the Soul

Pain is not the most important thing anymore, Li Tian felt that his body was a little weaker because of the blood loss.

The biggest enemy in life is himself. If Li Tian can't defeat him, then without the puppet Tang Feifei, Li Tian will faint to the ground.

Li Tianqiang endured the pain and turned abruptly, reached out his hand to grab the corpse soul and directly brought the corpse soul into the space of Feitian Yasha.

"Where is this place? Do you want to do something to me here? Don't worry, I will definitely not resist. If you need it, I can also cooperate with you to yell. Do you like babbling screams? Or is it a crazy cry?" The corpse soul quickly returned to normal after a brief panic, and said to Li Tian with a deliberately charming expression.

The corpse soul is definitely a female hooligan, dare to say anything in front of a big man like Li Tian.

"Hmph, you are also living in the last days, if I had already dealt with you before the last days." Li Tian dropped this sentence and teleported directly into the space of Void Yasha.

"Li Tian, you bastard, if you have the skills, come to the old lady, let the old lady know how much you have! What are you running?" The corpse soul angrily bombarded the walls of the Feitian Yasha space, and shouted.

Now the corpse was in the body of the puppet Tang Feifei, and the corpse was in the space of Feitian Yasha, so Li Tian finally took time to heal his injuries.

"Brother Tian, you... why are you hurt so badly!" Windsor asked with an anxious expression on Li Tian's two wounded faces.

Tang Feifei's long-bone sword pierced through Li Tian's abdomen, and a cold blade of the corpse soul pierced through Li Tian's shoulder blades. If the blue clouds cultivated by Li Tian could control the blood flow in the veins, Li Tian might He had already lost too much blood and died.

"It's okay! You can treat me now!" Li Tian said.

Windsor quickly opened the medical box, prepared some necessary things, and then slowly began to untie the bandage on Li Tian's abdomen.

The first thing Li Tian pulled out was the white-bone long sword in his abdomen. Since the long sword was pierced in, Li Tian has not moved. He just cut off the outermost part of the wound with a sharp "red cut", and then simply Bandaged.

Because Li Tian knew that once the long sword was pulled out, even if Li Tian had practiced Qingyun, it would be very dangerous.

Now, as Windsor unwrapped the bandages that had been stained red with blood, Windsor could see that the bones trapped in Li Tian's body were still beating with Li Tian's breathing.

"My God, I'm going to do it, you can bear it!" Windsor said.

Li Tian nodded and said: "Move faster, I can bear this pain!"

Windsor slowly pressed a palm to Li Tian's wound. As an energy wave entered Li Tian's wound, the long bone sword that had been pierced into Li Tian's wound slowly moved out of the wound. .

puff!

The blood on Li Tian still sprayed out from the wound and shot Windsor in the face!

"Li, what is the situation with the corpse soul and the corpse now?" Situ Ningbing asked.

Li Tian has one mind and three uses, so even if Windsor is treating his wounds, he is not affected at all.

"The corpse soul has been sent to the space of Feitian Yasha by me now. If she can be obedient, she can wait until I get rid of the corpse before doing anything on her. If she does her own death, I am afraid she will quickly penetrate the space of Feitian Yasha and the walls of the turbulent void."

"As for the corpse, he still occupies this Tang Feifei's body, but the strength of the corpse is too strong now, I must treat the wound before I can continue to fight the corpse!" Li Tian said.

Tang Xiaolong said: "Little boss, we want to fight alongside you!"

"Yes, these three corpses are the enemies of all human beings in our entire earth world. We have an obligation and need to fight alongside you. Even if we die in battle, that is what we should do!" Huangfu Kunpeng said.

Even Long Yin, who has lost half of his shoulder blade after Windsor treatment and is now wrapped in gauze into a zongzi-like shape, said: "Yes, I just lost one arm. I want to fight with you Li Tian!"

However, the old man Wuji had already seen everything, and said with a faint smile: "Don't make trouble. Now the puppet Tang Feifei has the strength of the eighth level of the apprentice. Li Tian's cultivation base is now far above us, and he has instant mobility. His ability, but he is still suppressed. If you go out, you will only be unable to move by the heavy suppression of the corpse. Xiao Litian will have to be distracted to save you! It's not as good as we join hands to deal with the corpse now!"

Li Tian also shook his head and said, "Your cultivation has reached the realm of cultivators. Once you use your full strength to attack the walls in that space, you will soon destroy the space of Feitian Yaksha, and then the void will flow turbulently. When you mix with the space of Feitian Yasha, you will also get into trouble."

boom!

Long Yin slapped the table vigorously, and said a little bit aggrieved: "I always regard Li Tian as my biggest enemy in life. I didn't expect to be so useless this time. Not only did he not help Li Tian much, but also Li Tianlai help!"

"Long Yin, when I kill the three corpses, I will fight alongside you. Have you forgotten the secret realm that you told me? Then we will go and break out together!" Li Tian said.

"Then I want to go too!" Tang Xiaolong said.

"And I....."

"I'll go as well....."

And at this moment, Feitian Yasha in the space of Void Yasha suddenly flew up, yelling to Li Tian anxiously, "Master Li Tian, the **** of the corpse soul is destroying my space!"

boom!

As soon as Feitian Yasha's voice fell, Feitian Yasha's space had already been blasted through a basin-sized hole by the corpse soul, and then a wind blew out from that hole, and then the hole began to open uncontrollably.

At this moment, the corpse soul's face was full of horror. She wanted to dodge backwards, but the hole became the size of two doors in an instant, and the hole continued to grow bigger, as if it were vanity. There is endless darkness in the stream that has swallowed this wall.

"Li Tian, you bastard, why is there a turbulent flow behind this space? Come and save me, I can be a cow and a horse for you, I don't want to die!" The soul cried.

After thousands of years of imprisonment by the gate of the forbidden zone, the corpse soul is full of desire for freedom. She knows that once he is involved in this turbulent void, her body will survive forever, but she will die soon. Then it drifted endlessly in the turbulent void like a rock.

Whoosh! The corpse soul was instantly sucked into the turbulent flow of the void, and soon disappeared!

"Zipai, it's your turn!" Li Tian said to himself.
