

A Killer 4131

Chapter 4131: : Send you on the road

Huh!

Li Tian flashed out of the space of Void Yaksha, and three small things that followed Li Tian from the space of Void Yaksha, Dixing Yaksha, Feitian Yaksha and Void Yaksha.

Dixing Yasha went directly into the ground, while Feitian Yasha spread its wings and soared into the sky.

Tang Feifei, the puppet, was still standing on the square. She looked up at Feitian Yasha, who had already flown into the sky, with a sneer on her mouth, and said, "Li Tian, I knew you had a few little things secretly helping you. You can fly to the sky and escape almost omnipotent, but do you think these little things are useful to me? I am a strong man with the eighth level of the cultivator realm. Do you think these little things can defeat me?"

"I know it's useless! If you use this skill, you can instantly make them lose the ability to react!" Li Tian said.

"Hahaha! You're pretty self-aware! If that's the case, what's the use of bringing these little things out? Is it here to die?" Zipao said with a sneer.

Li Tian looked up at Feitian Yasha, who was already flying higher and higher, and then said: "Perhaps, maybe not! Because their owner's name is Li Tian! As long as Li Tian does not die, they will not die!"

"Arrogant!"

The puppet Tang Feifei sneered, and then several coercion fell from the sky, and instantly wheeled Li Tian, Feitian Yasha and Dixing Yasha hidden under the ground.

The Feitian Yasha, which had already flown into the sky, began to fall down quickly, and the Jixing Yasha hiding under the ground was completely suppressed and difficult to move even though it was across the heavy ground!

"weight!"

At this moment, Li Tian also used this skill and attacked the heavy pressure exerted by the puppet Tang Feifei. Li Tian's weight is not enough to break the weight of the corpse, but it can greatly weaken the suppression of the corpse's skills.

Feitian Yasha seemed to get a chance to breathe, flapping his wings, but this did not stop him from landing, it could only be regarded as barely slowing down the speed of landing.

And the speed of Jixing Yasha walking underground was only slightly faster.

At this time, Li Tian acted.

Huh!

Li Tian cast a teleport and appeared directly next to the puppet Tang Feifei. The Qiong spear in his hand slammed into the puppet Tang Feifei's head.

"Hey, overpowering fellow, do you think you can deal with me? Even if you can barely break my gravity attack, your attack speed is greatly affected. In my eyes, yours All movements are too slow!" From the puppet Tang Feifei's mouth, the corpse's sneer was heard.

I saw that the puppet Tang Feifei easily avoided the attack of Li Tiantian's Qiong Spear, and then the puppet Tang Feifei's fist kept falling on Li Tian's abdomen like a cannonball.

boom!

boom!

Li Tian's body was continuously beaten back by the puppet Tang Feifei, but every time Li Tian took a step back, the puppet Tang Feifei followed.

Li Tian's mind moved, "Red Zhan" had already flown out of the void of Yasha with Li Tian's mind, huh! A red light flashed, "Red Slash" slashed towards the puppet Tang Feifei.

Tang Feifei, the puppet, leaped back abruptly, evading the attack of "Red Slash", with his feet on the ground a little, and his figure rushed towards "Red Slash" like a red lightning.

Snapped!

Tang Feifei, the puppet, instantly clamped the blade of "Red Slash" with both palms, making the blade flying in midair completely immobile!

At this moment, a strange language came from the puppet Tang Feifei's mouth, and then her abdominal cavity opened slowly and automatically like an electric door.

At this moment, the puppet Tang Feifei's body was empty, without any internal organs, and even a few ribs were missing. Seeing the woman he used to be like this, Li Tian's face was full of anger!

"Asshole! I'm going to kill you!"

Li Tian's body rushed forward, and dozens of purple electric pythons burst out of the Qiong Spear in his hand.

Although Li Tian knew that under the heavy attack of the corpse, his attack would not be effective, but at this time Li Tian really had a murderous intention, even if he knew that it was impossible, Li Tian had to do it!

Otherwise he is not worthy to be a man!

In Li Tian's face full of consternation and anger, the puppet Tang Feifei sent "Red Zhan" into her abdominal cavity. Her abdominal cavity was like a safe specially prepared for "Red Zhan", and it was completely closed in an instant!

At this time, the puppet Tang Feifei suddenly turned around and easily escaped the attack of Li Tian's Qiqiong Spear. A little bit on the ground with both legs, a back kick hit Li Tian's chest.

Click!

After this step, Li Tian felt that his chest cavity collapsed in an instant, and the bones in his body seemed to be broken in a few abdominal cavities.

puff!

Li Tianmeng spouted blood, and flew out backwards.

The puppet Tang Feifei said with a disdainful expression on his face: "Weak, it is too weak!"

But at this moment, the puppet Tang Feifei felt that Li Tian seemed to have given up heavy interference on her. Not only did he give up heavy interference on him, Li Tian also released the heavy interference on Feitian Yasha.

Feitian Yasha accelerates and falls downwards, the puppet Tang Feifei realizes that there is a danger, but she suddenly raised her head to see a huge black matter falling from the sky!

The puppet Don Feifei wanted to escape, and her feet suddenly softened at this moment. The entire square instantly turned into a large area of quicksand. The puppet Don Feifei slowed down in this land of quicksand, and Fei Tian Yasha felt The speed is getting faster and faster!

boom!

With a loud noise, the huge black matter directly hit the quicksand on the square, and the puppets Tang Feifei and Li Tian were all covered by this dark matter wheel!

"Small bugs! Is it possible to use this simple method to control me?" The puppet Tang Feifei said with a sneer without the slightest panic on his face.

Li Tian coughed several times and sneered: "Control? No! This is your grave! I want you to bury Tang Feifei!"

As soon as Li Tian's words fell, the dark cage was constantly sinking into the quicksand under the control of Jixing Yasha. In just a few seconds, the dark cage disappeared completely like a drop of water in the desert. .

underground! In the dark cage!

Even if the puppet Don Feifei exerts his weight, the impact on Li Tian is much smaller. On the contrary, the movement speed of the puppet Don Feifei in this dark cage drops very quickly!

Li Tian held the Heavenly Qiong Spear and slowly walked towards the puppet Tang Feifei step by step.

"Everything should be over! Feifei, I personally send you on the road!"

Chapter 4132: : If you want to die, you must die in your hands

Li Tian walked very slowly, and pictures of him and Tang Feifei meeting for the first time kept appearing in his mind.

At that time, Li Tian was just a poor boy who had just walked out of Liaocheng, and Tang Feifei was the eldest lady of Kyoto City, but they met.

...

The shackles of the dark cage coupled with underground pressure, the puppet Don Feifei's actions became slower and slower. A few hundred meters underground, there is no light, no sound.

"Li Tian, come out! If you still want to save Tang Feifei, you can come out. I can return Tang Feifei to you!" The puppet Tang Feifei made a corpse voice and shouted in the dark cage.

But Tang Feifei, the puppet, found that the voice he shouted could hardly be heard by him, which showed that this dark cage not only cut off the light but also the sound.

There is no light, no sound, and this dark prison seems to be endless, and the puppet Tang Feifei feels that he has been completely isolated from the world.

It only took a few minutes, but the corpse felt like a long, long time passed!

At this time, the corpse thought of the long years that he was trapped at the gate of the restricted area with the ghoul and the corpse. A fear came to life. The body of the corpse puppet Tang Feifei kept trembling, and his voice was more trembling Said: "No! I am a corpse! I am the **** of the earth world, the ruler of this world, I...I...cannot be trapped here!"

The corpse was wandering around in this dark cage as if mad.

However, the current dark cage is controlled by Feitian Yasha, coupled with the assistance of Earth Xing Yasha, and the panic of the corpse himself, Feitian Yasha saw that the corpse had completely lost its composition!

"Master Li Tian, let's do it! Lest there be many dreams in the night!" Feitian Yasha said.

"Master Li Tian, Tang Feifei is dead! If Tang Feifei knows that her body has been ruined by the corpse, then she will already hate you! If she knows that her body can be destroyed in your hands, then she will definitely feel it Happy!" Dixing Yasha said.

After Tang Feifei followed Li Tian from New Kyoto City to Beitang City, Li Tian and Tang Feifei also talked about the topic of death. Tang Fei knew that she was a half-corpse clan and a cursed clan, even if it was a dead end zombie virus solution. She may not become a 100% person after the drug is successfully developed.

At that time, Tang Feifei would hum a sad tune as long as she was with Li Tian.

At that time, Li Tian hadn't remembered the meaning of that tune, until Dixing Yasha said that sentence, Li Tian remembered it.

If you want to die, you must die in your hands! ! !

The melody and lyrics of this song kept appearing in Li Tian's mind.

Li Tian didn't want to cry, but his eyes were sour, as if flying insects flew into his eyes and kept sliding on his eyeballs.

Did the tears fall? Li Tian didn't know, he didn't want to know anymore, and he was not in the mood to know.

Li Tian only knew that his mind would be the lyrics of the song for a while, and Tang Feifei's smile on his face.

Li Tian only knew that his heart hurts, Li Tian only knew that his trembling arm was almost about to snap off the spear of Heaven, but he already felt that he was weak.

At this moment, the puppet Tang Feifei's body was less than three meters away from Li Tian. As long as Li Tian walked two steps forward, the Heavenly Qiong Spear in his hand could pierce into the puppet Tang Feifei's body!

But Li Tian was hesitant, and his pace was getting slower and slower!

"Master Li Tian..." Dixing Yasha and Feitian Yasha said to Li Tian.

At this time, no one can help Li Tian. Situ Ningbing, Xue Ji, and Xiao Hotpot vaccinated Li Tian. Li Tian also killed the fake Tang Feifei while fighting the corpse, but now Li Tian feels He can't do it!

"Feifei, I'm sorry!"

"Feifei, I'm sorry!"

"Feifei, I'm sorry!"

Li Tian muttered silently in his heart three times, and then dashed forward. The Heavenly Qiong Spear in his hand instantly pierced into the body of the puppet Don Feifei, and then seven or forty-nine purple electric pythons surged wildly. Into the body of the puppet Tang Feifei.

The body of the puppet Tang Feifei was quickly swallowed by those purple electric pythons in Li Tian's eyes, and the corpse made a miserable cry, but his cry was only two seconds old, as if it was pinched by a hand. The scream stopped abruptly like a duck on its neck.

The purple electric python swallowed the dark cage after swallowing the puppet Don Feifei. The purple arc kept wandering in the dark cage, but within seven or eight seconds, the dark cage disappeared without a trace, even on the ground. A large area collapsed suddenly.

Di Xing Yasha led Li Tian to the ground non-stop. Li Tian could feel that he and Tang Feifei were getting farther and farther away, and his eyes were a little hazy for an instant.

A few seconds later, Dixing Yasha brought Li Tian to the ground.

As soon as he came to the ground, Li Tian seemed to be a different person. There was almost no sadness on his face. Li Tian said to the ground Xing Yasha: "This is Tang Feifei's grave. I don't want people to disturb Tang. Feifei! What can you do?"

Dixing Yasha said without hesitation: "Master Li Tian, leave it to me! There will be no more Lujiazui in Jinghai City in the earth world! There will only be a desert hill like a grave in the future!"

Speaking of the Jixing Yasha has begun to cast a quicksand storm, the huge yellow salon tornado continues to hit the sky above Lujiazui, the ground also began to violently shake, those towering skyscrapers began to slowly sink toward the ground, or dumped on On the ground, yellow sand began to gradually fill up the ruins of these cities as the quicksand continued to fall!

The quicksand storm at Jixingyasha lasted all night, and when the sun rose the next day, the entire Lujiazui had become a huge sand dune, and the Huangpu River passed by the edge of the dune.

Li Tian sat on this sand dune for a day and a night, and Huangfu Kunpeng, who had been taken out of his space by Void Yasha, had left Jinghai City and went to Kyoto City.

Long Yin hunted and killed a level 20 zombie, installed half of the shoulder blade of the level 20 zombie on his body through Windsor's medical ability, and left Jinghai to Nanhuai to recover.

The old man Wuji comforted Li Tian with a few words, and when he saw that Li Tian was not in serious trouble, he went to Beitang.

"Lee..."

"I'm fine!"

"Lee, why don't we go to Dongying island country! Take a good rest in Dongying island country so that you can also accompany us well and your upcoming child!"

"Okay! Let Long Yin take good care of his wounds and practice. Three months later, after the New Year, we will set off to explore the secret realm in Long Yin's mouth! Then we will go to the Netherworld together!" Li Tian said.

Message to readers:

Write crying, fuck!

Chapter 4133: : Mystery (1)

Li Tian and the others did not stay in Jinghai too much. They returned to Nanhuai City together, and then Li Tian first took the Xuling Clan and Dixing Yacha to Beitang City.

Li Tian in Beitang City still hopes the four of the eight dragons in the underground palace of the Pagoda Temple. Li Tian hasn't gone to rush, but Li Tian is really out of mind now.

When he arrived in Beitang City, Li Tian briefly met with the barbarians, the captain, and the disciples of Tianmen. According to his mind, Li Tian asked the Dixing Yasha and the Xuling tribe to lead the barbarians to build the Tianmen in Tianshan. Then Li Tian went to the Qinling Mountains to dig out all the treasures hidden there.

Now that the three corpses are dead, and the end times will end soon, these gold and silver treasures can play their role again, and these things Li Tian points out three points, one part is left to Tianmen, and one part is going to be given to Mu Yunlong. Old man, and the last Li Tian was going to Dongying for his son!

One night before Li Tian left Jinghai City for three or four days before arriving in Kyoto City, Tang Feifei suddenly cracked a crack in the dune of Tang Feifei's tomb, and then a cloudy wind blew out from the crack.

Immediately a red light flashed out of the crack, and a blade was inserted into Tang Feifei's grave, and a phantom was slowly drifting from the blade!

"Hey! It's really a wise man who must have lost his mind. Li Tian, you have forgotten the existence of Hong Zhan. On the contrary, this gave me a chance to steal my life! This Hong Zhan has fallen into the hands of my corpse, and I am a blessing in disguise. !"

"Now that I have no physical body, I can only exist in the state of soul. I must rush back to the Nether Realm as soon as possible, and then reshape my body in the Nether Realm!"

"But before I leave, I must leave a little thought for Li Tian! Just use the corpse crystals of millions of zombies in Jinghai City to maintain my power to return to the Netherworld!"

"Red Slash" flew up suddenly, flashing red lights in the dark night sky of Jinghai City, and this night, millions of zombies above level 9 in Jinghai City were all killed by "Red Slash" without exception. The corpse crystals of those zombies were all swallowed by "Red Slash".

Before dawn came, the battle was over. There were corpses of zombies everywhere in the streets and alleys of Jinghai City. A **** phantom stood on the blade of "Red Slash", looking at the direction of the rising sun, and said with a sneer: "Li Tian... I am waiting for you in the Netherworld!"

...

Li Tian didn't know what happened in Jinghai City!

Li Tian did not know the loss of "Red Slash", but Li Tian only thought that "Red Slash" was swallowed by those seven or forty-nine purple electric pythons, even if he was thinking of this possibility in his mind. Great, but he is not willing to open Don Feifei's grave again to destroy Don Feifei's peace!

The Chinese coalition army also succeeded in developing the antidote to the zombie virus three months later. When the Chinese coalition army entered Jinghai City, they discovered that Jinghai City had almost become a dead city. Although the corpses of the zombies had been decayed after a winter. Or it was swallowed by the bereaved dog and other bereaved things, leaving only some bones.

The Chinese Allied Forces launched a series of investigations, but in the end there was no result, and this became an unsolved case at the end of the apocalypse. It was not until Li Tian encountered "Red Slash" again in the Netherworld before he solved it. Mystery.

After the successful development of the antidote for the zombie virus, the Chinese Allied Forces strictly controlled the use of the antidote for the zombie virus, starting with the use of the antidote for humans in the north, and strictly controlling the quantity every month.

This is also a no-brainer. Who can make zombies in the last days better than humans to feed? If all the zombies become humans in a short period of time, then the Chinese Allied Forces, whose food problem is sufficient, will not be able to adapt!

The antidote to the zombie virus of the Chinese Allied Forces was the first to be successfully developed, but the antidote to the zombie virus was not sent to the East China Island, but the Chinese Allied Forces began to subdue the War of Lost Land.

The first thing the Chinese Allied Forces must regain is South and North Korea. This peninsula has always been a vassal state of China in ancient times. Now that China has such strength, it will naturally not give up such an opportunity.

Besides, on the side of the couch, no one is allowed to snore, unless the person is his own.

This time Li Tian also participated in the battle. This was the agreement between Li Tian and his father Mu Yunlong and the Chinese Allied Forces. This big place is no pressure for the current Li Tian and others.

In less than half a month, South and North Korea was regained by the Chinese Allied Forces and renamed Korea Province.

Afterwards, Huangfu Kunpeng led the millions of high-level zombies army to continue northward, and slew towards Outer Mongolia, which was once a region of China.

You read it right, it is the army of zombies.

After the zombie virus antidote was successfully developed, the Army Soul Corps entered major cities and recruited some high-level zombies to form a zombie legion. As long as these high-level zombies performed meritorious service, they would receive rewards based on the military merits they established. The reward is the antidote reagent for the zombie virus.

Therefore, the zombies where the Tiger Wolf Master went are frightened, and there is almost no resistance.

Huangfu Kunpeng still remembers Li Tian's kindness. Wherever his zombie army goes, Li Tian's temples and sculptures will inevitably appear. No matter where residents have different wishes, this is their only belief.

Afterwards, Huangfu Kunpeng became addicted to fighting. He continued to go north and entered the Siberian Plain in the beginning of spring. After the end of the world, there was almost no trace of human beings, and they did not encounter much resistance.

In just a few months, the area under the control of the entire Chinese Allied Forces has increased on a large scale.

It's not over yet. Huangfu Kunpeng continued to advance westward and then entered Central Asia and Southeast Asia. Wherever he went, Huangfu Kunpeng first killed the senior zombies first, and then all the corpse crystals of those senior zombies Shipped back to China, of course, Huangfu Kunpeng would not let it go if there were gold and silver treasures.

In this way, in just one year, Huangfu Kunpeng led his army of millions of zombies across Asia, and even hit the Rhine directly, so that the surviving humans in Europe could hear Huangfu Kunpeng's name. Trembling in fright when

After this time, Huangfu Kunpeng was called the **** of war by the Chinese Allied Forces.

Some people call him the God of War!

It's just that this more than one million corpse of zombies mysteriously disappeared after hitting the Rhine River. Only Huangfu Kunpeng returned to China alone, entered the already-built Tianmen, and became a named outer disciple.

Of course, this is something later.

After returning from Goryeo Province, Li Tian brought Situ Ningbing, Xueji, Tang Xiaolong, Little Hot Pot and three Xiaoyachas to join Long Yin, and then the large forces marched directly toward the secret realm!

Message to readers:

Come in the middle of the night, I'm so cheap, come and hit me!

Chapter 4134: : Mystery (2)

After several days of driving, Li Tian and others finally reached the Dianhai, the largest mountain in the southwest region, Caiyun Province, and Caiyun City!

Standing on the top of the mountain, overlooking the Dian Sea is like a gem inlaid on the top of the mountain. The green water is bottomless, giving people a mysterious and cold feeling!

Before the end of the world, this is a famous tourist area in Caiyun City. The price of a pass can be sold for nearly 200 yuan, and this is only the mountain fee. If you want to go boating and diving on the Dian Sea, you will also need to charge another fee. .

Of course, this is considered a self-funded project.

But now the Dianhai area has long been clear of people, and the few poor zombies don't know where they got the news that the zombie virus antidote has been successfully developed and they have migrated to Caiyun City, ready to receive assistance from the Chinese Legion. went.

After Long Yin was treated by Windsor, except for a circle of scars on his shoulder blades, and the color of the two arms were slightly different, there was almost no difference between them.

After Long Yin was injured, he practiced harder. During the three months that Li Tian was recuperating in Dongying Island, Long Yin spent three months in retreat and practiced for three months. During these three months, Long Yin's strength has also been greatly improved. His strength Has jumped from the third level of the apprentice to the fifth level of the apprentice.

"Li Tian, the entrance to this secret realm is on the sea bottom in the center of the Dian Sea. If we want to enter the secret realm, then we must go to the sea surface of the Dian Sea by boat first, and someone needs to accurately locate the center of the Dian Sea in the air. !" Long Yin said.

Li Tian looked at Long Yin and said, "Long Yin, the Dian Sea has existed for at least hundreds of thousands of millions of years. No one has discovered the entrance to this secret realm. How did you discover it?"

Long Yin laughed and said, "Li Tian, the whole world is not only revolving around you Li Tian alone. When you have a magical opportunity, don't you allow me to have a little opportunity for your old opponent? "

After fighting side by side several times, the relationship between Long Yin and Li Tian gradually became harmonious. Of course, this harmony has only been manifested in cooperation so far. Deep down, Long Yin still regards Li Tian as his. The biggest competitor in life.

Long Yin was still waiting for Li Tian to continue questioning, but he didn't expect Li Tian to give him a blank look. He turned to Situ Ningbing and Xue Ji and said, "The scenery here is good, let's go play!"

Although Li Tian didn't attack Long Yin, Long Yin almost suffered from internal injuries.

"Li Tian, don't you wonder how I discovered the entrance to this secret realm?"

"I'm not curious!" Li Tian said to Tang Xiaolong and Xiao Hotpot again: "You two will catch some fish in this Yunnan Sea, and we will grill the fish later!"

Long Yin was almost crying. He looked at Li Tian faintly and said, "Li Tian didn't take you to play like this. You don't play the cards according to your routine. I was brewing, but you don't ask! No way, you today. You have to ask me if I can't eat well or sleep well!"

"Do not ask!"

"You must ask!"

"Do not ask!"

At this time, Long Yin and Li Tian were full of deep feelings, and Situ Ningbing and the others laughed wildly.

"Well, this is what you asked me to ask you!"

"No, how come I beg you to ask me? You beg me to tell you the answer!"

"Then don't ask, you love to say or not!"

"Well, I beg you..."

Long Yin's face immediately showed a smug smile, holding the shelf and looking at Li Tian with a condescending attitude, and said: "This is your attitude, little devil, you must have the attitude of begging! Ahem!"

"Little Dragon, Little Hot Pot, Bian Him!" Li Tian shouted, calling Tang Xiaolong and Little Hot Pot to unite and throw Long Yin directly into the Dian Sea.

"If you can't catch enough fish, you don't want to go ashore. The fish must live. If you dare to catch the fish with your magic power, the few of us will dare to play around the Dian Sea and not accompany you to the secrets!" Li Tian said.

Tang Xiaolong also smiled and said, "This is called if you don't die, you won't die!"

Helpless, Long Yin could only sneak into the Dian Sea to catch fish.

In fact, Long Yin was able to discover the secret realm of the Dianhai Sea by chance.

At that time, Long Yin was already the commander of the Longteng Litian Legion. A super zombie of level 16 and 7 killed several core cadres of the Longteng Litian Legion in succession. In his anger, Long Yin began to hunt down this super zombie. ,.

All the way to the mountain where the Dian Sea is located, the super zombie hid in a cave and couldn't get out. Long Yin broke into it alone. In this cave, Long Yin found that there were other zombies. After killing these zombies, Long Yin found some fish bones scattered in this cave, and there were some energy fluctuations on these fish bones.

Although the energy fluctuations on these fish bones were very weak, Long Yin found that the energy was extremely pure, and these energy seemed to have a very good effect on refining his magic power.

At that time, Long Yin began to look for other zombies near the Dian Sea. Through these zombies, Long Yin knew that these fish were salvaged by the zombies from the Dian Sea.

Coupled with the legend of the Dian Sea, Long Yin determined that there must be a secret in the Dian Sea, so Long Yin dived into the sea to find the secret.

But the Dian Sea is small but it is also the sea. Looking for Long Yin alone is like looking for a needle in a haystack, but luck can't stop anyone trying to stop it. Long Yin unexpectedly found a few bluestone slabs in the seabed, and this bluestone slab was actually It accurately depicts the entrance of this secret realm.

After that, Long Yin mobilized a helicopter to locate him in the air, and then he took his core cadre team into the secret realm. Who knew that this entry was two months, and in these two months, he All of the core cadres died inside.

Long Yin just walked to the door of the secret realm.

"How is it? My story is legendary? It's not much worse than your Li Tian's trip to another world, right?" Long Yin said, chewing on a grilled fish.

Li Tian smiled slightly and said: "Actually I don't want to hit you, but since you want to be hit by me, then I can only do it reluctantly!"

Then Li Tian casually gave Long Yin several places they had experienced, such as the ancient city under the sea, such as the timeline, such as the Qinling maze, etc., when he heard Long Yin shaking his head!

"I finally know why your Li Tian's cultivation is so fast, **** it turns out that this kind of good thing has been encountered by you! I have finally encountered a secret realm and invite you to follow me to break through! Or you go back Huh? I will try again in the Secret Realm?" Long Yin said.

"Go! It's easy to send God to God. Anyway, I already know the entrance of the secret realm. It is impossible to let me go back! Xiaolong, have you all eaten well? I will take you to the secret realm and let Long Yin alone Go swimming!" Li Tian said.

Chapter 4135: : Secret Realm (3)

Secret realm positioning may be somewhat difficult for others, but for Li Tian it is extremely simple. .

Li Tian jumped on the back of the mutant crow, and let the mutant crow take him to the sky above the Dian Sea. He used his sight to slide a line in the east and south, north and south of the Dian Sea. The seabed below the intersection of the two lines is The entrance to the secret realm!

Then Li Tian let Feitian Yasha continue to make his eyes in the air, while he sat on the mutant crow and slowly flew towards the surface of the Yunnan Sea.

When there were still three or four meters away from the sea, Li Tian checked the landing point, sent the mutant crow into the space of Void Yaksha, took out the water avoiding bead, and took Long Yin from the space of Void Yaksha. Take it out, and then jump directly into the Dian Sea.

The sea is cold, and Li Tian can still feel it even through the protective layer of water droplets.

Looking at this layer of light film formed by the water avoiding beads, Long Yin's eyeballs are about to fall to the bottom of the sea.

"This is a water bead? It's something that only exists in myths. Where did you get it?" Long Yin asked.

Li Tian said to Long Yin as he moved downstream: "Please beg me, if you beg me, I will tell you!"

"Bitch!" Long Yin said disdainfully.

But after a while Long Yin began to ask this question again.

This water bead was found by Li Tian in the eight Tianlong caves in the Underground Palace of Wangta Temple. Because there are four other Tianlong caves that Li Tian has not been to, he naturally would not tell Long Yin. Long Yin asked several times in a row. Ask again.

Although the depth of the Dian Sea is not as deep as that of the ocean, it is also nearly a thousand meters deep. It took Li Tian and Long Yin for a few minutes to reach the bottom of the sea.

In the dark underwater world, you can't see your fingers. Occasionally, you can see a few luminous fish swimming around in the seabed, but when these fish spotted Li Tian and others, they turned around and fled.

This darkness will not affect Li Tian and Long Yin at all. When they almost fall to the bottom of the sea, Li Tian can see that there are some huge white stones in the bottom of the sea.

The stacking direction of these stones is similar to the timeline of North Sea Island, but it is completely different.

"Is this secret realm also something created by the Void Spirit Race?" Li Tian wondered in his heart.

Long Yin thought that Li Tian was shocked by the magnificent sight in front of him, and he involuntarily showed a smug expression on his face and said: "When I first came here, I was also very surprised! Why does this kind of stone appear on the seabed here? Chunk! But if you are surprised to see this, you will be even more surprised when you really enter the secret realm!"

Li Tian did not take care of Long Yin, but let Void Yasha collect Feitian Yasha in the air. Then he said to Long Yin: "Shao Xian, two months after entering the secret realm, the door of the secret realm has not entered. Sorry to show off! Lead the way!"

Long Yin collapsed again, but he was unable to refute it.

"Hmph, wait a while and I will surprise you!" Long Yin thought in his heart. He drilled out of the water-repellent beads and swam into the middle of the stone formation. With some strange light exuding from the huge stones, Long Yin immediately seemed to be Disappearing out of thin air, disappearing in the water.

"It turned out to be a teleportation array!"

Li Tian also followed Long Yin to the Stonehenge. As a strong light shone on Li Tian, Li Tian, who had adapted to the darkness, closed his eyes subconsciously.

...

"Hey, open your eyes and we are in the secret realm!" Long Yin's voice came from Li Tian's ear.

Li Tian suddenly opened his eyes, and looked around for a while, and found that he had left the bottom of the Dian Sea and came to the interior of a building that looked like an extremely magnificent building.

The position where Li Tian is hiding now looks like it is on the top of a huge altar. Standing on the top of the altar and looking up, he feels that he can reach the arched dome of the building with his hand.

Standing at the top of the altar and looking down, Li Tian could see that the distance between the dome and the ground was close to 100 meters.

Who built such a magnificent building, and what use is it?

Li Tian sniffed lightly, and could ask a moldy question from the dark yellow air in front of him. The whole building felt like the setting sun was shining in, giving people an ancient feeling.

When Li Tian followed Long Yin down the altar, some withered bones could be seen lying on the steps of the altar every few meters, and the bottom circle of this altar-like platform-shaped building

at least surrounded There are hundreds of dead bones, and the weapons used before these dead bones died.

There are bronze swords, bronze ge, iron knives, powder guns, and of course a few modern weapons.

From these weapons alone, it can be seen that these dry bones have a long history of appearing here. It is no wonder that there are myths and legends of Dianhai in Caiyun City. I am afraid that these people discovered this secret realm by chance and then entered. Here.

It's a pity that these people have the opportunity to come in and never go out, and they can only die here in the end.

Long Yin holding a weapon in his hand stood beside Li Tian, watching the surroundings vigilantly, and said to Li Tian, "Let's get out of here quickly! It's not safe here!"

Li Tian looked at Long Yin suspiciously and said, "Is there still danger?"

"You will know soon! This is just a passage leading to the secret realm's main entrance. Let's go to the secret realm's door and try it first. If our current strength can't open the gate, we should leave early. It's subtle here!" Long Yin said.

As soon as Long Yin's voice fell, Li Tian suddenly heard a slight sound of footsteps. Although the sound of these footsteps was not loud enough, but with the sound of these footsteps, Li Tian could feel that the ground of the entire building was somewhat Shake slightly.

What appeared in front of Li Tian and Long Yin were four passages. The four passages were all black and there seemed to be no light at all. At this time, the slight sound of footsteps came from the second of the four. Came out.

"No, it's already here! Let's go! Otherwise we will be in trouble!" Long Yin said.

Speaking of Long Yin carrying a long sword, he rushed directly into the third black passage. Although Li Tian, a newcomer in this secret realm, wanted to meet the master of this step, he had to follow Long Yin and rushed into the first. Three black passages.

Tick!

Tick!

Entering this passage, Li Tian could hear the sound of water droplets dropping continuously. After walking a dozen steps forward, the sound of the water droplets became denser and denser, and Li Tian finally saw the passage clearly.

This passage is like a water curtain hole. Water droplets are dripping down from the dome, and the ground of the passage is riddled with holes, and there are small holes pierced by water droplets and rocks everywhere.

Click!

Click!

At this time, the sound of footsteps came from the mouth of this passage.

"How could this be? How could this monster chase here?" Long Yin looked at Li Tian in horror and said.

Chapter 4136: : Vicious Dog

Li Tian followed Long Yin continuously towards this passage. Their speed was so fast that it would be difficult for water droplets to fall on them when they were almost falling from above, but Li Tian and Long Yin could hear them behind them. The footsteps are still in hot pursuit.

"Long Yin, what is behind his mother? Could it be more terrifying than the three corpses? We have overturned the three corpses, so why don't we try to overturn him?" Li Tian said.

Human beings are afraid of the unknown. Being closely followed by this footstep, Li Tian's heart can't help but feel a little angry. Isn't the ***** Li Tian always so low? After finally turning the three corpses over, will you be chased by an unknown monster before you arrive in a secret realm for a few days?

Long Yin stopped abruptly and said with a smile on his face: "I forgot, I am no longer the same as I was before, and there is a fierce man like you who can turn the three corpses around me! Haha, haha !"

Long Yin laughed a few times, with an embarrassment on his face.

If it weren't for the sound of footsteps already close to Li Tian, Li Tianzhen wanted to kick Long Yin to the ground, and then beat him severely.

What the hell! Can you be more funny?

Woo!

He heard the sound before seeing him. Before the monster appeared in front of Li Tian, he suddenly let out a strange cry, which felt like the sound made by a child when he was wronged.

And when this sound sounded, the dripping water from the top of the passage stopped dripping, and then a behemoth with a height of seven or eight stories appeared in the passage.

boom!

boom!

The ground trembled violently when the monster's feet stepped on the ground, and the riddled ground simply couldn't stand the monster stepping on it like this, leaving a huge footprint on the ground instantly.

Li Tian saw that this giant monster had four huge feet, and there was a layer of thick scales from the foot to the legs, and the inside of the monster's body was emitting a faint blue light, as if there was a blue in the belly of the monster Same as the lights. Looking up, Li Tian saw that there were two pairs of giant fleshy wings on the back of the monster. The feathers on the fleshy wings were also pale blue. The whole monster had only two huge lanterns. The eyes are ruby color.

Head, normal!

Minions, normal!

Except for its huge size, this monster doesn't seem to be aggressive.

However, Li Tian could feel that the strength of this huge monster had at least reached the realm of cultivators. As for the level of the cultivator, he needed to fight this monster to know the details.

When this monster appeared, Li Tian didn't even feel the slightest sense of danger in his heart, but felt a touch of affection.

"Hey, this Big Mac even comes with special effects. If you have been riding around in the outside world for a few laps, then you won't be able to pull the wind. This is enough to kill some luxury sports cars, yachts and private jets!" Li Tian said.

"Are you going to die? Don't you feel the murderous aura on this monster? I still underestimate this monster. I didn't expect this monster to be even higher than me. If it weren't for you here, I would definitely turn around. Just run away!" Long Yin said.

"Huh? You said that you can feel the strength level of this monster? Why do I feel that the strength level of this monster is at most a cultivator level?" Li Tian was shocked.

"How is it possible? Are you..."

At this moment Li Tian felt something in his skin swaying slightly, while the monster tilted his head and looked at Li Tian with a puzzled expression.

If it wasn't for the monster's size to be too big, it must be very cute!

Li Tian stretched his hand into the skin and found that what was swaying in the skin was the eye and tail he had recaptured from the Iga Ninja of the Eastern Island.

After taking these two things out, the giant monster actually crawled on the ground like a good dog, shaking his head at Li Tian.

"It's a real dog, Li Tian, how did you do this?" Long Yin couldn't help cursing as he watched the giant monster crawling on the ground.

As soon as Long Yin's words fell, the giant monster jumped up suddenly, turned and twisted his **** to Li Tian.

"What does this mean?" Long Yin asked suspiciously.

Li Tian found out that this giant monster had no tail, and even the chrysanthemum was bare. There was an obvious scar on the top of the chrysanthemum. It seemed that the tail of this monster had been cut off!

At this time, the tail of the beast in Li Tian's hands suddenly flew out and flew toward the chrysanthemum of the straight giant monster.

puff!

A piece of white bone grew out of the back of this giant monster's ass, and the tail and this piece of white bone were perfectly combined, and the tail became a pure white piece of more than ten meters in length. Bone tail.

Although there are no traces of skin or fluff, the tail appears so harmonious when it appears behind this huge monster!

"Could it be that the tail of this beast was cut off from the monster?" Li Tian looked at the monster suspiciously.

The giant monster kept rubbing Li Tian's body with his head in excitement, as if a loyal domestic dog saw its owner.

Long Yin was completely dumbfounded.

"Li Tian, I really shouldn't bring you to this secret realm. It seems that my existence is just to lead you to this secret realm. Now this giant monster has become your dog. You can open it!" Long Yin said.

There is no way, who makes Li Tian lucky?

But in Li Tian's heart, he felt that everything seemed to have been arranged in secret.

The giant monster wrapped Li Tian with its tail and directly sent Li Tian to his back cover, and even willingly became Li Tian's mount!

"It's not fair! It's not fair! Last time I came here, I was chased by this monster running around. If I rushed into this passage by accident, maybe I would become a bone, but you Li Tianyi came. , This dog is willing to be your mount! No, I want to go up, this kind of wind-sucking mount can't be enjoyed by you alone!" Long Yin said.

Long Yin jumped onto the giant monster, but as soon as his body jumped up, he was struck by the giant monster's tail like lightning, and he flew out directly by hitting Long Yin.

"I...Fuck, it's so fierce!"

At this moment, the strength released from the giant monster completely suppressed Li Tian. Li Tian guessed conservatively that the strength level of the giant monster had reached the ninth level of the practitioner in that second!

"Li Tian, I'm fucking! Can you control your dog?" Long Yin was embarrassed and suddenly got up from the ground and shouted to Li Tian.

"Okay! Just now I planned to let it take you for a ride, so you can leave by yourself! This is my bad dog!" Li Tian said triumphantly.

Chapter 4137: : Quasi-Venerable

"Li Tian, your uncle! Sooner or later I will eat your evil dog stew and make you arrogant!" Long Yin said anxiously.

There was a slight smile at the corner of Li Tian's mouth, and he whispered to the vicious dog: "Bring him again! Let his mouth smell again!"

As soon as Li Tian's words fell, the tail behind the vicious dog pulled out like a bolt of lightning, and Long Yin was struck again, and Long Yin's body flew out instantly.

Now Li Tian was a little shocked, patted the vicious dog on the back and said, "Can you understand what I said?"

The vicious dog shook his bone tail and nodded.

Li Tian felt bad in an instant. This vicious dog is much stronger than a small hot pot. If there is such a vicious dog, there is a completely invincible existence below the Lord!

"Okay, your name will be Vicious Dog from now on, and you will follow me Li Tian from now on, I promise you can taste spicy and spicy!" Li Tian said excitedly.

On the other side, Long Yin didn't dare to approach the vicious dog easily after being taken away this time, and even his tone of voice to Li Tian became much more kind.

Li Tian was silent in the joy of getting the evil dog.

Li Tian invited Long Yin to come up with him many times to enjoy the fun of having such a giant mount, but Long Yin shook his head quickly, saying that he would not take the risk again if he was killed.

The length of this passage is at least five or six kilometers.

After ten minutes, Li Tian rode a vicious dog and Long Yin out of the passage.

The darkness in front of him was once again occupied by the dark yellow light. The passage that was originally spacious enough was still a bit narrow because of the giant vicious dog, and he could walk out of the passage. Li Tian felt his eyes suddenly open up.

There was an open land in front of him. If it weren't for the blue sky and the sun above his head, or the dome, Li Tian would even doubt whether he came out of the secret realm through this passage.

In the huge square or hall, it is estimated that the giant vicious dog, which is thirty to forty meters high, looks extremely small here, while Li Tian and Long Yin look like ants.

When he arrived here, there was no danger Li Tian brought Situ Ningbing, Xue Ji, Tang Xiaolong, and Little Hot Pot out of the space of Void Yasha, and naturally there were three Little Yashas.

Situ Ningbing and others were also shocked by the grandeur in front of them, but they soon noticed that their current location turned out to be a huge monster.

"Li, this...what kind of animal is this? How did you subdue it?" Situ Ningbing asked.

Li Tian explained to Situ Ningbing and the others the process of conquering the vicious dog. Situ Ningbing and others couldn't help shaking their heads, thinking that Li Tian's luck was too bad.

What Dongying Island Kingdom got turned out to be the tail of this vicious dog.

"Little boss, my sad tiger mount has been dead for a long time, or you can give me this vicious dog!" Tang Xiaolong's saliva was about to stay.

This feeling is like playing an online game. When other players are still barefoot, you suddenly have a dazzling god-level mount. Don't say anything, don't pretend, other players. I will envy you!

Both Little Hot Pot and Xue Ji wanted this mount, but Li Tian could guess from the unease of the evil dog that the evil dog was not willing to be given to others by Li Tian.

"I see, this is my bad dog, and you don't want to follow you if you want it! Anyway, we are also together, and you can follow me to enjoy the blessings in the future. This bad dog is more comfortable than a luxury car!" Li Tian said .

Xue Ji pointed to Long Yin and said, "Why doesn't he come up with this vicious dog mount?"

"I don't have that kind of life. Li Tian's vicious dog is just like Li Tian. It doesn't pleasing to my eyes everywhere, and I didn't provoke anyone. I have been attacked twice by this vicious dog! If it weren't for this vicious dog I haven't meant to hurt me yet, I'm afraid you won't see me anymore!" Long Yin said with a wry smile.

Xue Ji looked at Li Tian in surprise and asked, "Li, is this vicious dog very powerful?"

"It's more than powerful. It is conservatively estimated that the strength is close to the ninth level of the practitioner!" Li Tian said.

"Fuck, it's too awesome! Cultivator's mount of the ninth level, if we came to this secret realm earlier, wouldn't the three corpses meet us with a dead end!" Tang Xiaolong said excitedly.

Feitian Yasha landed on Li Tian's shoulder and said, "Master Li Tian, this vicious dog has two huge wings, can it also fly?"

Li Tian shook his head and asked the dog, but the dog shook his head. He didn't know if he could not fly or was unwilling to fly!

Long Yin shouted to Li Tian: "Let's talk about Li Tian's vicious dog later! We have reached the door of the secret realm. Now we are in front of the two huge doors. Are we now working together to open the two? A door!"

Li Tian walked quickly to the head of the dog and stood on top of the dog. Only then did he see clearly that the wall about a few kilometers away in front of him turned out to be two doors.

"Hey, I don't know what these two doors are made of. It's no wonder you can't move such a large volume, Xiaolong, let's go down and try it together. For us, we only need to move such a big door. A small gap is enough for us to pass!" Li Tian said.

Just as Li Tian was about to jump off the vicious dog, he suddenly felt his feet sway slightly. At this moment, the vicious dog had arrived in front of the two huge doors.

Long Yin only felt a flower in front of his eyes. The huge vicious dog had disappeared. He rubbed his eyes quickly but saw that the vicious dog had appeared in front of the gate with Li Tian and others.

"This...Is this teleporting? Fuck! Fuck! Fuck!" Long Yin used three swear words in a row and still did not eliminate the shock in his heart.

Tang Xiaolong patted his cheek continuously, and he couldn't believe his eyes.

"Little boss, is it...Is this the legendary Venerable cultivation base? The distance of several kilometers arrives in an instant, this Nima would be too much if we deliver the courier! Little boss, maybe we don't go to the underworld. , After the end of the world is over, we will open a global courier, and this income can be earned!"

"Look at your talents, now the Dongying Island Country is ours, and the 200-kilometer radius of the Tianshan Mountains is also our site. What kind of speed company do you have!"

"Little hot pot, has the strength of this vicious dog reached the realm of venerable?"

The little hot pot shook his head and said: "I don't know clearly. I feel that this vicious dog has not reached the realm of the nobleman, but it has far exceeded the realm of the ninth level of the cultivator, which means that this vicious dog is now equivalent to... ..The realm of quasi-sage!"

"Guru!"

All the people present swallowed involuntarily.

Your sister, quasi-sage!

Li Tian felt that he was really lucky. Fortunately, he didn't fight the vicious dog in that passage. Otherwise, there would really be no bones left by the vicious dog.

Chapter 4138: : Can't advance or retreat

When Long Yin hurried over, Li Tian and others jumped off the dog and pushed the huge door together.

Tang Xiaolong's strength to hold his arms after performing ten-fold refining is almost 100,000 catties, plus Li Tian, Situ Ningbing, Xue Ji, Xiao Hotpot, and Long Yin. The combined strength of these people is less to say. There are also 300,000 catties, but the force of this 300,000 catties acts on this door, and the door actually doesn't move.

"Li Tian, our strength is probably not enough to push this door open, or you can bring your watchdog over and push it together. With its size, you might be able to push it away!" Long Yin said.

Li Tianyi thought that too, it would be too stupid to not take advantage of this vicious dog with the quasi-venerable!

"Vicious dog, are you interested in pushing this door with us?" Li Tian said.

The vicious dog crawled on the ground, closed his eyes, and when he heard Li Tian's voice, he lifted his eyelids reluctantly, and shook his head slightly, without even the slightest interest.

Seeing Li Tian deflated, Long Yin smiled happily.

"Li Tian, aren't you very awesome? I came to the Secret Realm and couldn't open this door. You laughed at me. Now so many of us can't open this door, why don't you laugh at me? Also, isn't this your vicious dog? Why don't you listen to you?"

Huh!

The vicious dog's tail was like a whip, slamming it, and then flying Long Yin directly.

This time, the small hot pot and others all saw the dominance of this vicious dog, and they involuntarily stepped back a few steps, and said in surprise: "This is the strength of the quasi-venerable. Look, Long Yin will fly without a chance to react. Go out!"

Li Tian's face is also a little unsustainable. Although he knows that the vicious dog in front of him can kill him in minutes, he still sternly said: "Vicious dog, come and help us, this is an order!"

The vicious dog got up from the ground willingly, raised his head and looked at Shimen, then his sturdy limbs drew a few times on the ground and rushed forward.

Li Tian only felt a gust of wind blowing across his face, and the body of the vicious dog hit the stone gate heavily.

boom!

The footsteps of this vicious dog can make the earth tremble slightly, but when it hits with all its strength, the stone gate is not moving at all, but the vicious dog is shot and flew out.

Then the vicious dog crawled on the ground again nonchalantly and closed his eyes.

This feeling is like saying to Li Tian: "You have seen it too. It's not that I don't want to help you, but that I am not strong enough to break this stone gate!"

Long Yin walked over from a distance, and said helplessly to Li Tian: "It seems that we have no way to enter behind this stone gate! But don't be discouraged, we can't enter the stone gate. The stone room in the passage may be searched and searched, and there may be good things to be found."

"Stone Room?"

"Yes, that's the four passages we saw when we first came in. There are some stone chambers in this passage. It's just that the stone chambers are built in hiding. There are records of cultivation techniques on the walls of the stone chambers. When I accidentally fell into a stone room and escaped the attack of your vicious dog, my final strength will be improved!" Long Yin said proudly.

Situ Ningbing looked at Long Yin and asked, "Are there still human bones in the stone room?"

"How do you know? Did you go in too?" Long Yin asked suspiciously.

Situ Ningbing said: "It's probably not a stone room, but the grave of the seniors who entered the secret realm. They don't know why they can't return to the earth world, and they can't enter the secret realm gate, they can only go through that passage. Then build the stone chamber as their grave!"

"No? When I entered here, as long as I am not attacked by this vicious dog, I can easily leave through that teleportation formation!" Long Yin said.

"That's because you are not in the realm of cultivators. If your strength reaches the realm of cultivators, the teleportation array can only be teleported in but not out! That means all of us are trapped in it now. !"

"Ningbing, how do you know these things?" Li Tian asked.

Situ Ningbing thought a little, and said, "It should be related to the timeline of Beihai Island. Since then, there have been more memories that don't belong to me in my mind!"

Uneasy emotions began to permeate Li Tian and others.

Li Tian and others finally reached the realm of cultivators before they left the school. It can be said that they are absolutely standing on the pinnacle of the earth world, but they have not yet thought of the respect and honor they should receive and they are trapped in this secret. Among them, no, to be precise, they didn't even enter the secret realm.

"No, I'm going to try it, what if what you said is not true?" Long Yin said unconvinced. After speaking, Long Yin turned and galloped towards the passage, and soon disappeared into the dark passage. .

Li Tian comforted Xueji and Tang Xiaolong and said: "Ningbing, what you have now is the memory of the female domain master, which means that the female domain master may also come here. If this is the case, the girl The domain owner must have left us a way out"

"Whether you want to try to travel the Yasha, maybe he can drill through the ground, or Li Tian, you can use teleport to pass through this stone gate, maybe!" Xue Ji said.

Both Li Tian and Dixing Yasha tried, but Li Tian's head almost smashed into Sakyamuni and there was no way to go through it, and Dixing Yasha couldn't even get into the ground!

At this time, Long Yin walked back with a frustrated expression and said, "I tried it, and as Situ Ningbing said, none of us can get out!"

"Li Tian, I'm sorry I killed you!" Long Yin said.

Li Tian said: "Stop talking nonsense. Even if you don't bring us here, we will definitely come here. Don't be stunned. We can't sit still and wait for death. We will look around all around. Maybe the mechanism button!"

Li Tian and the others immediately began to act. On the two stone gates, on the ground in front of the stone gate, Li Tian and the others searched every inch of the place but did not find the slightest.

"No! This vicious dog is definitely not a creature in the earth world, so it must not have arrived here from the teleportation array, so it must know something!" Li Tian suddenly thought.

Li Tian came to the evil dog again and said, "Vicious dog, you must know how to go out or open the two stone gates? Or just tell me?"

The white-bone tail of the vicious dog was like an arrow. It pointed to the skin on Li Tian's waist, and then pointed to the top of Shimen.

"Is it? This thing?" Li Tian suddenly pulled out the eye from the skin, that is, the legendary cutting tool Li Tian obtained from the hand of Iga Ninja Kurokawa Ieyasu from the Iga Island Kingdom.

But at this moment, Feitian Yasha found something from the top of Shimen.

"Master Li Tian, there is a problem here!"

Chapter 4139: : Battlefield of Death (1)

Li Tian jumped on the back of the mutant crow and came to Feitian Yasha's side, and saw that there was a depression on the wall. The size of the depression matched the eyes in Li Tian's hands.

Li Tian firmly stuffed his eyes in his hands.

At this moment, the eyes seemed to come alive, and countless red lights flashed on them, and these red lights continued to walk along the gap in the wall.

Immediately afterwards, a picture that seemed to be a science fiction film appeared in front of Li Tian and others. The huge stones with a size of more than ten cubic meters flipped rapidly, and the two giant stone gates rose up, and the other The stone gate kept falling down.

A cold wind blew in from behind the stone gate. The strong wind directly blew Situ Ningbing and others standing in front of the stone gate. If it weren't for the tail of the dog, they were rolled up one by one and placed on its back. Then, if they were protected by two pairs of wings, these people might be blown away directly.

Long Yin was also lucky enough to be sent to his back by the vicious dog because of this sudden change. Although the cold wind was strong, it was not enough to blow the giant vicious dog up.

"It turns out that there is such a mechanism. No wonder we can't push this stone gate!"

"Yes, if the little boss hadn't had the key, we would really be trapped here to die!" Tang Xiaolong said.

"It's fine now, we can enter the secret realm immediately, but why is there such a strong wind in this secret realm? Just looking at the cold wind in Ling Li, I feel that the secret realm is probably full of dangers!" Xue Ji said.

Situ Ningbing shouted at Li Tian: "Li, we must hold the key in our hands when we pass. The key may still be useful when we leave the secret realm!"

Li Tian nodded. Fortunately, he and Mutant Crow and Feitian Yasha were behind the stone gate wall. Although the strong wind had an impact on them, it was not enough to blow them away.

When the stone gate was raised wide enough, the vicious dog's limbs sprinted violently and quickly, passing through the stone gate in the blink of an eye.

When Li Tian saw the vicious dog passing through the stone gate, reaching out to grab the wall, he sent the Flying Yaksha and the mutant crow into the space of the Void Yaksha at the same time, and then he yanked the eye out, and his figure flickered barely Go through Shimen!

Rumble! There was a loud noise, and the stone gate only took a few seconds to return to its original state. The strong wind directly slammed Li Tian against the stone gate, and Li Tian felt as if his bones were about to be broken!

Huhu!

The cold wind kept blowing.

The vicious dog blocked Li Tian with his body, so that Li Tian would not be nailed to the stone gate by the cold wind. He used a bone tail to send Li Tian to his back, and continued to protect him with two pairs of wings. With Li Tian and others.

From the beginning of entering this stone gate, Xiao Hotpot's face was a bit ugly. Although he was from the Yanhuo clan, everyone could still see the change in his expression.

"Little hot pot, what happened?" Li Tian asked.

Little Hotpot hesitated for a while, looked at Situ Ningbing and said, "I don't know if there is any information about this place in your memory?"

Situ Ningbing shook his head.

The little hot pot continued: "Li Tian, I seem to have been to this place!"

"What? You've been to this place? Since you've been to this place, why didn't you tell us earlier?" Li Tian asked.

"No, you misunderstood! The last time I came here, I didn't enter here from this entrance of the earth world, but from the Netherworld!" Little Hot Pot said.

A word from the little hot pot made everyone present at a loss.

Situ Ningbing looked at the small hot pot and asked: "You mean here can lead to the Netherworld?"

The little hot pot nodded, and then said: "This place can indeed be called a secret realm, but this secret realm is a place independent of the Nether realm and the earth world. It is called the battlefield of death in the Nether realm!"

"Death battlefield! Death battlefield?" Situ Ningbing suddenly thought of something.

Li Tian saw the pain on Situ Ningbing's face, stretched out his hand to hold Situ Ningbing's hand, and said to the small hot pot: "Go on!"

"The total area of the death battlefield is about ten times the size of the earth world..."

The first sentence of the little hot pot made Li Tian and the others involuntarily take a breath.

"Can this **** be called a secret realm? It's completely qualified to be called another world!" Long Yin said.

"Although the area here is large enough, there are no natives in this world! That is to say, no living things will be born in this world itself. All living things in this world come from the Nether Realm, as well as your earth worlds!"

"Why did you come to this place for the little hot pot? Since no creatures can be born here, don't you come here to try it?" Li Tian asked.

The little hot pot nodded, then shook his head, and said, "Although this world cannot give birth to creatures, it can produce a spiritual source that is extremely valuable to cultivation. This spiritual source has a great impact on the cultivation of practitioners. With the help of, so every five hundred years when this secret realm gate of the Nether Realm is opened, millions of masters from the cultivation realm will flood into this secret realm to grab the spiritual source!"

"What you mean is that there are only masters in the realm of cultivators, if that's the case, we are..."

Before Long Yin finished speaking, he was interrupted by the small hot pot.

"Yes, only masters in the realm of cultivation can enter this secret realm, and nobles beyond the ninth level of the realm of cultivation cannot enter the secret realm! However, from the birth of this secret realm to the present, I don't know that there is How many cultivators have poured in, we cannot rule out that there will be master-level masters in this secret realm!"

"At the beginning, I stayed in this death battlefield for three thousand years. I plundered enough spiritual sources to break through to the realm of the nobleman. After staying here for a few years, I found that the source of spirit is almost of no use to the masters of the realm of the nobleman. Just left."

"But the spirit source, although it is of little use to the masters of the realm of venerable, but once entering the realm of the spiritual source, the source of spirit can be used as the universal currency of the entire world of dignity, so even if those practitioners have cultivated to the realm of venerable, they will still plunder Some spiritual sources just left!"

"So, in this secret realm, there are millions of practitioners pouring in every five hundred years, but there are only a few dozen people who can finally return to the Nether Realm alive. The remaining practitioners may continue to stay in the secret realm. Cultivating and plundering, perhaps already dead in it!" Little Hot Pot said.
