

A Killer 4161

Chapter 4161: : Test strength (1)

The expression on Ye Liangchen's face instantly became complicated!

Her younger sister Ye Meijing really knows Ye Liangchen too well.

If Li Tian had only handed Ye Meijing into the hands of the dragon men, it was related to Ye Cheng's reputation, Ye Liangchen would definitely send someone to kill Li Tian!

That's why Ye Meijing said that she was pregnant with Li Tian's flesh and blood!

At least before seeing Ye Liangchen, everyone else would not dare to touch Li Tian!

But after seeing Ye Liangchen, how could Ye Liangchen's IQ be a stranger to Ye Meijing's opponent, no, in just a few minutes of confrontation, Ye Liangchen was defeated again.

Ye Meijing's goal has been achieved. She can go out with Li Tian to play, and this time will be approved and approved by the three fools of the Netherworld. Even if Li Tianxiang drives Ye Meijing back, she will need to weigh it carefully. !

"Since you are determined, I can't stop you as a brother, but before that I have to test the strength of this kid. If he is not able to protect your safety, then I must send someone to follow you. Protect your safety." Ye Liangchen said.

Even if Ye Meijing guards Li Tian, Ye Liangchen cannot kill Li Tian, but this does not mean that Ye Liangchen cannot teach Li Tian well and let Li Tian have a long memory!

As for the Lord?

Ye Liangchen haha, are there still few venerables around them now?

"Brother Liangchen, isn't this necessary? Do you look at that boy Long Aotian? That is a master of the ninth level of the Dragon Clan cultivator. If it weren't for Li Tian's mercy, this boy would have been killed by Li Tian!" Ye Meijing said.

Long Aotian sneered and said, "This is necessary, and very necessary! You also know that this death battlefield is opened once every five hundred meters. Every five hundred years, I don't know how many exiles escape into the death battlefield. There are also many masters among these desperadoes!"

"Yes, as far as I know, there are venerables in the exile. According to reliable information, that venerable has been entrenched in this death battlefield for thousands of years, and his cultivation level has reached at least the venerable level two! This Venerable's subordinates, and there are also many powerful masters at the first level. If Li Tian can't handle even the powerful at the first level, then for your safety, Liangchen will send a few more masters at the first level to follow you. Not an exaggeration!" Zhao Ritian also said.

Ye Liangchen walked slowly in front of Li Tian, and said with an arrogance on him: "I can forget about your kidnapping my sister. Since my sister Ye Meijing likes you, then you must cherish her! From now on She will follow wherever you go..."

Li Tian finally sent Ye Meijing back. Why did he want Li Tian to travel the world with Ye Meijing for a few **** minutes?

Li Tian said quickly: "Don't get me wrong, I definitely didn't take your sister abducted, it was your sister who followed me so hard, and now I have sent..."

Ye Liangchen interrupted Li Tian before he finished speaking.

He reached out and grabbed Li Tian's collar, and said angrily: "You have a kind of saying what you just said again? Don't you want to give up all the time? My sister is now in your arms! If it wasn't for my sister Please, do you think you still have the right to stand and talk to me now?"

I rub! Everyone in this family has brain problems, right? Why are you rushing to do things that the **** basin is buckling your head?

But Li Tian didn't dare to move, let alone his current cultivation level did not reach the realm of the nobleman, even if he reached the realm of the nobleman, he would not be the one in front of the three masters of the netherworld. Dozens of first-level masters of the nobleman are watching eagerly. Myself.

Li Tian now seems to have become the richest millionaire in the village through his continuous efforts and hard work.

But when he came to the city, he found that he, the richest millionaire in the village, was not a character at all. Anyone who was drawn from here was not much different from him, and more people had money than him.

Especially in the face of gorgeous second generations like Ye Liangchen, Long Aotian, and Zhao Ritian, Li Tian is a full-fledged terrapin, more than money, and no match for strength.

"Misunderstanding, misunderstanding, I absolutely didn't mean this! A big beauty like Ye Jingjing followed me Li Tian. That was the blessing of Li Tian from my previous life. I am too happy to have time, how can I give up in chaos!" said Li Tian Liansheng .

Okay, Ye Meijing, you are playing with me, Li Tian, and see how I will deal with you in the future!

"Humph!"

Ye Liangchen let go of Li Tian's collar with a cold snort, and said with a sneer: "If you are acquainted, since you want to take my sister away, then you are responsible for protecting the safety of my sister Ye Meijing. She has a long and two shortcomings. Good time promises you will die ugly! I have at least a hundred ways to make you better than death!"

People have to bow their heads under the eaves. In front of the second generation of unreasonable Ye Liangchen, Li Tian has to be crossed even if he is a dragon, and he has to lie down if he is a tiger. He can only nod and say, "Don't worry, as long as I am here. , I keep the safety of Ye Meijing!"

"Guarantee? What guarantee? Take your venerable first-level strength?" Long Aotian came to Li Tian and said with a look of disdain.

The mud bodhisattva still has three points of anger. Li Tian was constantly despised and despised by these second generations, and he was a little angry, saying: "Isn't this enough? Is the highest strength in your place only the first class?"

"What a big tone! Since you are so confident, then let us test your strength! Come and play with two masters of the first level of the venerable!" Zhao Ritian said with a sneer from the corner of his mouth. .

"This attire is forced to pretend! This is a master of the venerable level, as long as Li Tianyi takes a shot, he can see through it without being immediately seen by the venerable?" Li Tian smiled bitterly in his heart.

Ye Meijing, the little Pi Niang, didn't notice Li Tian's abnormality, she was still winking at Li Tian, and now that Li Tian came to the Lemur Clan, she was finally bold enough to shout at Li Tian!

At this time, two masters of the Venerable First Class had already walked out of the crowd.

These two masters walked out, and the air around them instantly solidified. The powerful pressure made the people of the cultivation base below the sage shudder. This is because the three silly ghosts are here, otherwise the realm below the sage Whether a person can stand safe and sound is a question.

Of these two venerables, one of them is a strong dragon. The original scales on the strong dragons who reach the level of the venerable have faded and become a transparent color similar to the skin. If you don't look carefully, it's still It's really ugly!

The other person is not a person! What the ***** is this! To be precise, he doesn't look like a humanoid, so he lost it! This guy has a lion head, but his limbs are claws!

When these two took the first step, Li Tian felt the ground tremble.

Chapter 4164: : Identity guessing

The Venerable's might, the heaven and the earth changed. ,

The onlookers finally realized that the danger was approaching, and they kept retreating backwards. The battle area that was originally only a thousand square meters could not satisfy the two venerables, the quasi-venerable and the seventh-level cultivator of Li Tian. The combat needs of the pinnacle masters.

"Interesting, interesting, this kid's mount can make the two venerables take it seriously, it seems that this mount should not be underestimated!" Long Aotian said, looking at the vicious dog.

Zhao Ritian and Ye Liangchen nodded slightly.

"This Li Tian seems to be about the same age as ours. He actually possesses such strength. It's really a genius for cultivation. If such a person can really join us and become one of our Four Young Masters, then It's not a shame for the three of our brothers!" Long Aotian said.

Ye Meijing calmed down most from the initial worry. After hearing Long Aotian's words, Ye Meijing said to Long Aotian unceremoniously: "You can really put gold on your face, know how old Li Tian is this year. He's just thirty years old, he's already in the realm of venerables, look at you, one by one, at least one hundred years old but still trapped in the realm of cultivators, I really don't know how to write the word shame!"

"You...what are you talking about? He is only thirty years old? This...how is this possible?" The Third Young Master said in unison.

Not only them, but even the faces of the venerables behind them are full of horrified expressions. This is not just a surprise, but a complete horror!

Thirty-year-old Venerable, this has never happened before in the history of the native race of the Underworld.

"Ye Meijing, are you sure you have not been deceived by this kid? The thirty-year-old Venerable, he really dare to say! I remember that the most talented guy in the Nether Realm was cultivated to the Venerable Realm nearly a hundred years old, right? The highest achievement of that genius later was the domain master!" Zhao Ritian said.

"Why does he use this kind of thing to lie to me? Is it just teasing me? If you don't believe it, you can chop off his leg. Don't you know his exact age after a few years?"

As soon as Ye Meijing said this sentence, she regretted it immediately, and shook her head quickly and said, "No, no, he still wants to take me out, he can't cut off his legs!"

Since Ye Meijing is so sure, there is no reason for the Third Young Master to not believe Ye Meijing's words.

But it is still difficult for them to accept this fact!

Not to mention the thirty-year-old Venerable, even if he can reach the sixth level of the cultivator when he is three corpses, he is already an extremely stunning genius in the Netherworld!

As long as such people appear in the Nether Realm, they will inevitably become the objects of the great venerations fighting for each other, and even those domain masters may favor them.

But the premise is that such a genius can be used by people, and they can survive in name.

"Ye Meijing, you must entangle this kid firmly, even if you really give birth to a child with him, I will fully support you. If the father blames him at that time, I will carry it for you!" Ye Liangchen faced his sister Said.

At this time, Ye Liangchen had decided to pull Li Tian into their circle.

The Eighteen Sovereigns of the Nether Realm are just like the twenty domain masters. They are not united. This is the rivers and lakes. Where there are people, there are rivers and lakes, and the Nether realm is no exception.

Ye Liangchen even wished that tomorrow would be the time when the battle of death began again, so that he could bring Li Tian back to Ye Cheng, and when he introduced Li Tianyou Gong, he would naturally be more valued by Venerable Ye Cheng.

"Brother, what are you talking nonsense? But don't worry, as long as I am here, Li Tian will definitely not be able to run!" Ye Meijing said.

"No! There seems to be something wrong!" Long Aotian said in a low voice.

But what was wrong in detail, Long Aotian couldn't say it for a while, and at this moment, Zhao Ritian suddenly said: "Yes, it's not right! The death battlefield secret realm just started less than half a year ago, so it's also true if there is a venerable one. The last time or the result of a cultivator who entered after the secret realm opened earlier, so this kid is definitely not a thirty-year-old Venerable, unless he breaks through to become a Venerable after entering the secret realm!"

"Furthermore, even if Li Tianzhen is such a genius, he only broke through to the realm of the venerable after entering the secret realm, but why we have never heard of his name in the nether realm! So there must be fraud in this, and if he is If the age is correct, then it is his venerable strength!" Zhao Ritian said.

Long Aotian nodded, and asked, "Do you think anyone in the realm of cultivators can comprehend the skill of Shun? If so, then all the explanations are reasonable!"

"Impossible! This is even more impossible than the thirty-year-old Venerable! This is the iron law cultivated from ancient times to the present, and no one can break this iron law!" Zhao Ritian said.

Ye Liangchen's brows wrinkled involuntarily.

"Is this person approaching us purposefully? If this is the case, then we can't keep him, nor can my sister Ye Meijing be in danger!" Ye Liangchen said.

Ye Meijing quickly shook his head and said, "This is absolutely impossible. At first, I wanted to **** his mount. He didn't agree with it all the time, so I entangled him and asked him to take me out! Later I saw that you kept sending people. When chasing him, he is even more reluctant to let me follow him. If it weren't for my strong request and threatening him, he would not come back with me. Don't take everybody's thoughts too much!"

"Okay, then I will return to his true strength. Since he is not a venerable, but he has the strength to defeat the mid-level ninth-level dragon man, which is amazing enough. Now let's touch him first. The strength is detailed, and after you find it out, you will send the dragon and lion to follow him, which can be considered as a protection for him and you! Such a genius will never tolerate any mistakes from him," Ye Liangchen said.

Everyone nodded.

At this moment, the battle between Li Tian and the two nobles suddenly changed.

After these two venerables used their true abilities, Li Tian immediately felt completely suppressed. There was no chance of counterattack at all, and the two venerables could only suppress and attack firmly.

Ouch!

The vicious dog continued to withstand the full attack of these two venerables. In an instant, there were a few more wounds on his body. Even the heavy scales on his legs were smashed into pieces by the dragon clan veteran. The blood came from the scales. Constantly seeping out, instantly dyed a large piece of ground bright red!

The fierceness of the vicious dog was fully aroused when these two venerables were fighting. This vicious dog is one enemy and two, but it does not have the slightest retreat!

Snapped!

With a crisp sound, the bony tail of the vicious dog hit the dragon veteran with a whip, and the dragon veteran was flew out in an instant. It took a few seconds for the dragon veteran to slowly wake up from losing control. Come here, use teleport to dissolve the full attack of this vicious dog!

Venerable Dragon Race saw a trace of blood ooze out of the scales of his body, and shouted angrily: "I'm going to kill you!"

Chapter 4165: : Vicious dogs show off

Venerable Dragon Race finally got angry. He didn't expect that adding a mount to Li Tian, who looked weak and weak, would hurt him.

The physical injury did not make him feel pain. What made this dragon veteran feel pain and anger was the mockery of other venerables!

That's right, just mocking.

The two nobles, one of the strongest dragon race, and the other lion race, who is only a little weaker than the dragon race. The siege of the two nobles can even be injured by Li Tian's vicious dogs. This made the other venerables feel not that Li Tian and the Vicious Dog were too strong, but that the dragon venerable was too weak.

Venerable Dragon Clan roared abruptly, his body instantly stretched seventeen or eight feet long, and the transparent scales on his body instantly turned dark black, and his four claws became sharp claws.

It turned out to be the black dragon branch of the dragon clan, no wonder his cultivation base is so powerful!

All the venerables immediately put away their ridicule after seeing the body of the dragon veteran, and they also paid more attention and fear to the dragon veteran.

Huh!

The body of the dragon veteran instantly appeared beside the evil dog, and then his powerful body was directly wrapped around the evil dog's body, and the four sharp claws madly attacked the evil dog's body.

puff!

puff!

The claws of the dragon veteran directly scratched the body of the vicious dog, and blood continued to flow down the body of the vicious dog. The vicious dog wanted to use his claws to tear the dragon veteran apart, but at this time the limbs of the vicious dog were It was impossible to attack the Dragon Venerable who was already entwined with it.

Ouch!

The vicious dog roared and lowered his head to the dragon veteran who was entwined with him. It was a bite, and when this bite went on, several pieces of scales were torn apart, and the blood and flesh were torn from the dragon veteran.

The Venerable Dragon is not to be outdone, not only the four claws, but also the head has become his weapon to counter the vicious dog. In just a few seconds, the Venerable Dragon and the vicious dog have completely trembling together.

Obviously it is the Dragon Lord who has the upper hand now.

call!

At this time, the limbs and wings of the vicious dog suddenly flapped, and with the flapping of the wings, the body of the vicious dog flew up, and Li Tian, who was standing on the vicious dog, almost flew up by the powerful air current.

With a few flashes and flashes, the vicious dog has already flown a bit higher than the mountain range, and blood, scales, and pieces of meat are constantly falling from the sky. This shows the fierce fighting between the vicious dog and the dragon clan.

The lion clan hesitated a little, but he had already missed the opportunity to fight, and could only watch the vicious dog and dragon clan fly higher and higher.

What I said earlier is very clear. It seems that the teleportation of this venerable can only move in a two-dimensional space, left and right, front and back, southeast and northwest, but cannot move up and down.

This is why Li Tian only uses teleport when he occasionally falls from a high altitude, and this is only to ease the speed of the landing.

The battle in the sky made the Third Young Master feel very surprised. Ye Liangchen only asked the two venerables to teach Li Tian, but did not let them fight life and death, and Ye Meijing was even more angry.

"This bastard, didn't you tell him not to hurt Li Tian? If Li Tian has three long and two shortcomings, I will definitely not let you go!" Ye Meijing thought in his heart.

It was only at this time that the onlookers realized that in addition to instant movement, Li Tian turned out to be more human beings.

"It's no wonder that this kid only has the strength of the seventh-level apprentice, but he can constantly defeat the ninth-level master. It turns out that his mount has such a powerful combat power!"

"Yes, if I am not wrong, Li Tian's mount may already have the strength close to that of the Venerable. If this mount is comprehending the skill of Shun, then it will be a Venerable-level mount!"

And those monks have been completely frightened. This is a battle at the venerable level. It is really extraordinary. Even the brave monks will pick up the scales that fell from the sky and treat them as A flying wealth.

It is necessary to know that the scales of the venerable dragon clan are also hard currency in the underworld, and the armor supported by the scales of the venerable dragon clan can even withstand the full attack of the ninth-level master of the practitioner.

Seeing Venerable Dragon playing real, the vicious dog was injured, Li Tian quickly awoke from the initial panic, and the spear of Heaven in his hand slammed into the body of Venerable Dragon.

Cang!

A metal-like impact sounded, and the Heavenly Qiong Spear did not penetrate into the body of the Dragon Venerable at all, and even a few sparks splashed on it.

Damn so strong defense power, is this the strength of the venerable level?

What Li Tian would like to thank is that this dragon veteran did not perform heavy, otherwise Li Tian would definitely be completely pressed down instantly, and he would not even have the opportunity to attack with the spear of the sky.

How to do?

How to do?

Li Tian felt a little anxious when he heard the cry of the vicious dog constantly crying!

However, Li Tian's attack in the battle of the venerable level had long since caused any harm, and now he didn't even have the qualification to intervene.

Huh boom!

The body of the dragon veteran is like a python, entwining the body of the evil dog more and more tightly, and the flight of the evil dog is becoming more and more unstable!

Several times, the vicious dog began to fall down several hundred meters and then barely flew up, leading the Dragon Race Venerable to fly high.

How to do?

Li Tian's broken soul palm kept slaps on the body of the dragon veteran, but Li Tian's broken soul palm that can destroy the hills turned out to only make the dragon veteran feel some pain in his body.

"Li Tian, after I kill this vicious dog, I will kill you next!" The Dragon Venerable roared at Li Tian.

Whoosh!

A white light flashed, it was the white bone tail of the vicious dog. When the white bone tail flew over, it pierced the armor of the dragon veteran body, and the blood continued to flow from this body as if it were sprayed. .

The dragon veteran let out a roar, his limbs accelerated his attack speed.

Returning to the basics, Li Tian saw this venerable battle for the first time, and this battle completely subverted Li Tian's previous concept of fighting.

That's right, if there is a lot of difference in strength, then there is no need for such a battle at all. If the pressure falls from the sky at will, the opponent will lose the ability to attack, so there is no suspense in the battle.

But now for the Vicious Hound and the Dragon Venerable, their fighting strengths are similar. Apart from teleporting, the Dragon Venerable still has few ways to completely suppress the Vicious Dog.

puff!

The long-bone tail of the vicious dog flew again and directly pierced the scales of the dragon veteran, and a blood hole was pierced in front of Li Tian. Then the vicious dog kept swinging its tail and pierced into the body of the dragon veteran. Among.

Within a few minutes, a strange pattern made up of wounds appeared on the body of the Dragon Race Venerable!

This...what does this mean?

Looking at these wounds, Li Tian suddenly reacted and said excitedly: Qingyun Qi Jue, purple electric python!

Chapter 4166: : Purple Python Jackie Chan (1)

Seventy-seven forty-nine small fishes rushed out of Li Tian's veins like crazy, and instantly rushed through the Qiong Lance of the sky into the wounds of the Venerable Dragon Race.

Crackling!

The purple arc kept beating on the wound, and in just a few minutes, the wound was ulcerated instantly, even the bones inside were completely exposed. Those venerables standing underground and watching felt the powerful energy suddenly appearing in the sky, and they couldn't help squinting their eyes slightly. This energy did not come from the vicious dog or from the dragon clan, so naturally it came from Li. day.

"I really didn't expect that the kid is still a good disguise. He obviously has the strength close to the venerable, and he can control his energy fluctuations within the range of the 7th or 8th level of the cultivator. If I meet this kid, I might be able to do it!"

"Yes, as far as the current form is concerned, although the Dragon Race has the upper hand in the battle, it is impossible for him to win easily!"

"So, no matter which race you are, since everyone is a strong one of the venerable, although there is a difference in strength, the difference is not too much, maybe those humble venerables have some life-saving skills! "

The battle in the sky is fierce.

The Dragon Venerable had previously dealt with this quasi-venerable vicious dog wholeheartedly, and this vicious dog was only a moment away from this skill, otherwise, after the vicious dog became a Venerable, his cultivation would not need to be different from that of the Dragon Venerable.

However, the Venerable Dragon Race did not expect that the one who really hurt him the most was the inconspicuous Li Tian who had the illusion of the Venerable.

The purple electric python swallowed all the broken scales on the wounds of the dragon veteran in a few seconds, and the flesh and blood on his body was also swallowed up a large part, if not for the dragon veteran to become ten If the huge black dragon is seven or eight feet long, this electric python is likely to kill him at this time!

Can't just ignore Li Tian and kill him!

Must kill him!

The Venerable Dragon Race who ate the pain, let out a hissing roar, and roared: "I'm going to kill you this bug!"

With this roar, a powerful pressure instantly fell from the sky on the vicious dog.

The vicious dog flew as fast as a bird with a broken wing, and instantly lost the power to support him to fly. The entire huge body seemed to be falling from a meteorite, falling to the ground uncertainly.

However, Li Tian, who only has the strength of the seventh-level cultivator, knelt down on the back of the vicious dog with a thud. At this time, the skin on Li Tian's legs burst, and the blood continued to flow out along the skin, and his legs could not help but involuntarily. Trembling.

"So strong! What a powerful pressure, this is the strength of the Lord!"

Had it not been for the Vicious Dog to release its coercion while also releasing its coercion to defuse most of its attacks, Li Tian's legs would probably break directly at this time.

Now it is not a battle between winning or losing, but a battle between life and death.

By this time, Li Tian would not sit still and wait for death even if his whole body could not move!

Of course, Li Tian can hide in the space of the Void Yaksha at this time. In that case, as long as the Void Yaksha is not exposed, even if the Dragon Race Venerable wants to attack Li Tian, it is impossible to do so.

The struggle between life and death, Li Tian was firmly suppressed by this coercion, his body couldn't move, even he wanted to reach out with his hand in his hand to attack the Dragon Venerable with the Qiong Spear!

Li Tian could feel the vicious dog's unwillingness. Its body was in the flesh and blood that had been attacked by the Dragon Venerable. The scales on its limbs were about to be destroyed. The two large white wings of the vicious dog were also full of blood and powerless. Hanging down!

A snake swallows a mouse, an eagle and a snake. This is one thing and one thing.

Although the vicious dog is strong, its cultivation level is still a little bit close to the realm of the venerable after all, and this venerable is the venerable dragon, completely the nemesis of the vicious dog.

Both sides can stand in such a situation, this is already a good result!

However, for the vicious dog, for Li Tian, losing means death.

Vicious dogs are not reconciled!

Li Tian is not reconciled!

"Boy, I just wanted to play with you, and I can give Ye Jingjing a face to the little Pi Niang, but since you are playing it for real, then don't blame me, you're welcome! Don't even think about the little Pi Niang Ye Meijing. I can help you, as long as I kill you before you land, then this is an accident! For an accident, I don't believe she will stupidly use a dead body as an enemy to me!" Venerable Dragon Race sneered and whispered Said.

Feeling death approaching, Void Yasha was a little bit ready to move.

Li Tian is the master of the three little Yashas, if Li Tian dies, then the three little Yashas can't live alone!

"Master Li Tian, even if I threaten death, I will never let you have trouble. After a while, I will get him out, and instantly throw the Venerable Dragon Race and the vicious dog into the space of Xing Yasha, and then let him They all enter the turbulent flow of the void and will never be able to be superborn."

"But at that time, Master Li Tian, you must be fast, take Situ Ningbing and Xue Ji out of the space as fast as possible, and then sit on the mutant crow and quickly escape!" Void Yasha told Li Tian said.

Are you going to die?

Li Tian clenched the arm of the Qiong Spear of the sky and trembled slightly!

This is not the trembling of the fear of death, but the unwillingness of the heart!

Feeling the unwillingness, anger, and stubbornness in Li Tian's heart, the blood in Li Tian's veins began to boil, the flow of spiritual power in that veins speeded up exponentially, and the seven or seventy-nine fishes just born in the pond also Started to swim frantically.

Both the glory and the glory are lost. Although these spiritual powers and little fish are not alive, they are connected with Li Tian and can fully feel the feeling of Li Tian!

At this time, the blood spirit source spiritual power that entered Li Tian's veins turned soft at this time, and some fragments of spiritual power were scattered on this flame-like spiritual power.

These fragments of spiritual power seem to be automatically shed by the flame metabolism, but this fragment has become the most beautiful food for those little fish.

Those little fish were madly devouring these fragmented spiritual powers, but the two spiritual powers were originally different. Once swallowed into these fragmented spiritual powers, the internal organs of those little fishes seemed to be lit by flames, and turned into The whole body is flaming red, and the little fish's body is constantly growing!

boom!

boom!

The bodies of the seven forty-nine small fishes became at least three or four times larger, and these fish began to swim wildly in Li Tian's veins, and Li Tian's slightly trembling body gradually calmed down as the fish swim Come down!

But at this moment, the Dragon Race Venerable felt that a powerful force suddenly appeared on Li Tian's body, who was completely immobile under his control.

"Could it be... Did this kid break through at this time?"

Chapter 4167: : Purple Python Jackie Chan (2)

That's right, just at this moment, because of the change of the flame spiritual power of the blood spirit source, Li Tian, who has been trapped at the 7th level of the practitioner for some time, finally broke through!

Cultivator level eight!

Now Li Tian has finally reached the eighth level of cultivation!

Although this level of strength is not very strong in the death battlefield of the monk and Venerable Rulin, it made the kneeling Li Tian slowly stand up!

"This... how is this possible?"

Venerable Dragon Race felt a strong energy fluctuation in Li Tian's body, and this energy even made his Venerable feel jealous.

The Venerable Dragon wanted to use his weight again, he wanted to bend Li Tian's body and knelt to the ground, but this time he only used his weight to make Li Tian's body sway slightly.

Ouch!

Ouch!

Ouch!

The vicious dog that keeps falling seems to be infected by Li Tian, and it makes a burst of excitement! Although the voice was a little hoarse, no matter who listened to it, blood boiled!

This is the horn of battle, the roar of battle!

The Dragon Venerable did not know when his body began to tremble a little. This was fear, fear of Li Tian, and fear of vicious dogs.

"It shouldn't be! I am Venerable, Venerable Dragon, why should I be afraid of weak boys?" Venerable Dragon thought in his heart.

Seeing Li Tian slowly raising the Qiong Spear of the Sky in his hand, dozens of purple electric pythons gushed out of the Qiong Spear that day. Venerable Dragon finally knew why he feared Li Tian.

Among his pupils, the heads of the seven or forty-nine purple electric pythons were rapidly growing horns, and on the body of the purple electric python, purple scales continued to grow out.

This is the trend of electric pythons transforming dragons.

Although I don't know the difference between the purple electric python and the purple electric snake, the Venerable Dragon Race began to fear Li Tian in his heart.

He wanted to get out of the state of tightly restraining the dog, but he found that his body was locked by the dog's white bone tail. Even if he wanted to get out, it would be impossible!

Li Tian took a step forward slowly, and at this moment, a ray of red light suddenly flashed from the pupils of the purple electric python on the Qiong Lance that day.

As a finishing touch, it was this ray of red light that turned this purple electric python into an evil purple electric dragon!

"If you want me to die, it depends on whether you have this strength!" Li Tian roared, and slammed the Qiong Lance of that day into the body of the Dragon Race Venerable.

Crackling!

Purple electric dragons swarmed in, and the far constant spiritual power was drawn from the veins of Li Tian's body, constantly turning into small fishes, purple electric pythons, and purple electric dragons pouring into the body of the dragon veteran.

In just a moment, Li Tian felt that his body seemed to be completely emptied, and Li Tian fell weakly on the back of the vicious dog.

And the purple electric dragon that had poured into the body of the dragon clan began to wander within his body. At this moment, the dragon clan felt that his power seemed to increase rapidly, and the spiritual power in his body was also Keep increasing!

"Could it be... Am I going to make a breakthrough at this time?" The Dragon Race Venerable said in ecstasy.

From the record of the death battlefield to today, with the exception of the undocumented refugees, there has never been a monk who can break through the realm of nobles every five hundred years after entering the death battlefield!

That's right, the Dragon Race Venerable felt that he had become stronger than before. At this moment, he completely broke free from the shackles of the vicious dog, and took off into the air, watching the vicious dog and Li Tian keep falling.

"Hahaha, I actually broke through to Venerable Level 2 at this time, and now I kill this kid as easy as killing a dog, and Ye Meijing's little Pi Niang absolutely dare not do anything to me, maybe I You can still get that little Pi Niang's favor!" Thinking of this, the face of the Dragon Race Venerable showed a hint of arrogance.

On the ground, the Dragon Race Venerable suddenly rose into the air, which surprised everyone present!

Venerable Level 2 can fly away from gravity. Starting from Venerable Level 2, the goal of these powerful men has officially become the formation of the sea, and the earth can no longer restrain them!

Of course, this kind of flying in the air will not be like gliding, nor will it be like flying like a bird. Their flight can fly several hundred meters away in an instant, and they can already dominate the space in the air freely.

"I'm so lucky. In this kind of low-level battle, the dragon veteran can actually break through to the veteran level two!" The faces of those underground venerables showed envy.

Regardless of the difference between Venerable Level 1 and Level 2, there is a huge difference between these two levels. Even Venerable Level 2 has the ability to kill Venerable Level One!

Venerable Lion Race also raised his head. In addition to envy, there was some resentment in his eyes. He believed that fighting Li Tian should be the matter of both of them. If this is the case, the good thing of breaking through should be at least Only half of him is right.

Ye Liangchen, Long Aotian, and Zhao Ritian all had excited expressions on their faces. At this time, their attention shifted from Li Tian to the Dragon Venerable.

"Brother Aotian, it's really gratifying to congratulate him. This way, the Dragon Clan has added another strong general! Five hundred years later, after Brother Aotian leaves the battlefield of death, he will inevitably receive the attention and praise of his father!" Said with some envy.

"Hahaha, easy to say, easy to say! Isn't there a thirty-year-old brother-in-law on the side of Brother Liangchen?" Long Aotian said with an excited smile.

"He, I am afraid he has a false reputation. Just now, when the Dragon Clan Venerable attacked with this ability, he actually knelt directly on the ground. This fully shows that his Venerable is a fake!

Although a 30-year-old cultivator of the seventh level is precious, But compared to the second level of the venerable, it is not enough! As long as he wants to be my brother-in-law, he is not qualified!" Ye Liangchen said with a sneer.

At this moment, Ye Meijing suddenly exclaimed: "No!"

The third son of You Ming suddenly raised his head, but saw that the dragon veteran actually rushed towards the direction where the vicious dog and Li Tian fell. This flying into the air, he flew hundreds of meters in an instant, and he was about to catch up with Li Tianhe. The vicious dog, the dragon veteran actually stopped.

Immediately, purple arcs appeared on his body, and these arcs seemed to split his body apart.

"No!" Following the scream of unwillingness from the dragon veteran, a loud bang came from the sky, and the dragon veteran's body suddenly revealed himself!

A strong purple light shone, and all the colors between the sky and the earth faded safely at this time, and the violent explosion wave hit the ground, and those low-level practitioners were directly blasted to the ground by several waves.

Chapter 4168: : Pond changes

After about half a minute, the shock wave gradually subsided. ,

Everyone raised their heads again and saw that the sky was empty, and there was no longer the figure of the Dragon Race Venerable, and the figures of the vicious dog and Li Tian had also disappeared.

When they moved their gazes on the ground at the same time, they saw that the hill directly under the Dragon Race was completely flattened, and they couldn't help but take a breath.

What a powerful explosive impact!

Just now, Venerable Dragon Race was still at least a thousand meters away from the top of the hill, but the impact of the explosion could blast the hill without a trace at a distance of one thousand meters.

Seeing this scene, all the envy and jealousy of these venerables just disappeared, and they couldn't help feeling fortunate in their hearts. Fortunately, they were not the ones who dealt with Li Tian and the vicious dog just now!

Venerable Lion Clan swallowed involuntarily, and the cold sweat on his body was already flowing out. It is precisely because it is not easy to practice that he, who has reached the state of the venerable, can see life more importantly.

The hills on the ground have been razed to the ground, and there is no Li Tian at all. Ye Meijing looked up at the empty sky again, with a trace of anxious and sad expression on his face, whispering to himself: " Li... Li Tian, where is Li Tianren? You must not have an accident!"

As for the uncomfortable expression because she was reluctant to die, or because she felt that after Li Tian died, she would not be able to go out to play, then only she knew.

"I fuck! I fuck! I fuck! Our boss is so awesome? He can beat the dragon veteran, hehe, it's amazing!" Xiao Baimao said excitedly.

Lu Mao rubbed his eyes, looked at the disappeared hill, and said with a smile on his lips: "From today onwards, I am born as the leader of the Venerable, and die as the ghost of the Venerable boss. All of you have been stopped. Follow me!"

Some were happy and some were worried, but the faces of the venerables beside the three young masters turned ugly. They were waiting for the violent anger of the three young masters to vent!

"This... how could this happen? Why did the Dragon Race Venerable expose himself to death? This..." Long Aotian couldn't believe what he was before, and kept pacing in place, looking up and turning to find the Dragon Race Venerable Silhouette.

Not to mention, if the Dragon Clan's cultivation reaches the second level, then with the Dragon Clan's strength, he can definitely become the strongest on the battlefield of death, even better than the Refugee in the land of the migrants. Is powerful, so, Long Aotian is walking sideways in the death battlefield?

In the long run, after five hundred years, even if the Venerable's progress is slow, he will still be valued after leaving the battlefield of death, and Long Aotian will naturally be appreciated and rewarded.

It's a pity, everything is playing now!

"In my opinion, the Venerable himself did not have that life. He just broke through to the second level of the Venerable, but was unable to control the power of the Venerable second level. This will trigger self-exposure! What a pity, what a pity!"

The Dragon Venerable is dead, Ye Liangchen thought of Li Tian again, and then said: "Could it be that the kid Li Tian made a ghost? He killed the Dragon Venerable?"

"Impossible, we have confirmed just now that Li Tian's true strength is the seventh or eighth level of the cultivator. The strength of the seventh or eighth level of the cultivator kills the second level of the sage? This is definitely a big joke!" Zhao Ritian said.

At this time, the protagonist of this incident, our Li Tian is now in the space of the Void Yasha, and the evil dog was sent by Li Tian into the space of the Qiong Spear of the Sky!

The vicious dog was wounded all over, and fell to the ground weakly.

The look of the vicious dog looks quite tragic. There are large wounds more than one meter long on the body. Through the wounds, you can even see the muscles in the wound beating slightly, and the limbs of the vicious dog are even more bloody. , Those thick scales were gone, and finally, the two pairs of wings of the vicious dog were also broken and hung weakly.

There is no Windsor by Li Tian, and there is no veterinary station in this death battlefield. What Li Tian can do is to simply treat the vicious dog with the medicine stored in the void Yasha space, and then fix its wings. As for this Whether the injury can be healed, and to what extent, these can only depend on the vicious dog himself.

But now Li Tian couldn't do it. At this time, Li Tian fell weakly to the ground. These things can only be done by Situ Ningbing or Xue Ji after Li Tian recovers.

Li Tian was okay. He just exploded on the epidermis of his body. Although it looked scary, the injury was not very serious. It was just that the spiritual power of his whole body was almost completely wiped out by the purple python chameleon.

Regardless of Li Tian, it was not easy. After the blood spirit source flame of the ***** was exhausted from the spiritual power of Li Tian's veins, he finally couldn't bear it and began to occupy Li Tian's veins. This flame went through the veins to enter Li. The atrium of the sky directly occupies half of the atrium pond.

The nine-colored corpse lotus in the dried-up pond in that pond was actually half burned by the flame. Now Li Tian's atrium pond is half sea water and half flame!

This flame ***** was in danger, but Li Tian couldn't control the flame, so he could only let it go.

However, Li Tian found that after this battle, his veins and flames were no longer so conflicted. At least the flame spiritual power released by this flame was domineering, but it was already able to compete with those that Li Tian cultivated like water. Spiritual power coexists.

Does this mean that Li Tian has refined the spiritual power flame of this blood spiritual source?

Li Tian has no time to take care of it now, he just wants to practice as soon as possible.

In the space of the Void Yasha, the Qiong Spear of the Sky was sent in by Li Tian, and along with the Qiong Spear of the Sky, there was also a skin bag. This skin was Li Tian flying to Li Tian after he revealed himself by the Dragon Venerable of.

Soon Situ Ningbing poured out a dozen spiritual sources from this skin.

"Li, although this time is dangerous, our gains are very huge. Your cultivation has reached the early stage of the eighth level of apprentice, and you have also refined the spiritual power flame of the blood spirit source. Now although you are hurt I can't move, but I can feel that you are indeed stronger!"

"That's right, and you see that there are more than a dozen spiritual sources in this skin bag. It's better to ***** a nobleman than hundreds of cultivators!" Situ Ningbing said.

Xue Ji had already put the potion on Li Tian's wound, and said: "It's too dangerous. Don't try to be strong anymore. We are still on the death battlefield for a long time. Don't worry about this now! Of course, if there is a chance in the future. , We must not let it go!"

Li Tian's body improved slightly, and his nature was immediately exposed: "Do you two have any humanity? Your husband is already hurt so badly. You still have the heart to say this. No, you two must kiss me alone, or else Let me die for you to see!"

Chapter 4170: : Invitation (2)

In this building, apart from this lion clan, there is no one else. ,

Venerable Lion Race pointed to Li Tian and said: "Please sit down! There are only you and me here for the time being, so don't be cautious!"

Li Tian was not polite, sitting on the ground, and asked: "I don't know where the Third Young Master and Ye Meijing are now? What about my lemur clans?"

The lion clan said: "The third son of the Netherworld has been waiting for you for a few days, but because of some unexpected incidents in the death battlefield, they had to leave early. Let me and Ye Meijing wait here for you! There are three others. The son has something I need to convey to you!"

Li Tian let out a sigh of relief. It seems that the third son of You Ming did not hate him because he killed the Dragon Venerable, nor did he think about what to do with him.

Li Tian nodded slightly and said, "You said it!"

"Li Tian, if I didn't guess wrong, your strength should be at the early stage of the eighth level of cultivator. You really made me feel surprised. In the history of the underworld, there has never been an eighth level of cultivator. The killing of the Venerable. Even the ninth-level pinnacle master of the cultivator slaying the Venerable rarely happens!" The Lion Clan Venerable did not get straight to the point, but said like a chat with Li Tian.

Li Tian didn't deny it, and he accepted the praise of the lion clan without shame!

Venerable Lion Clan continued: "Perhaps this is the difference between genius and ordinary people! Listening to Miss Ye Meijing telling a lot about you these days, I feel that you have a legendary color. She said that you are only three now. Ten years old? If this is really the case, then you have created another history, and that is the youngest eighth-level master!"

Li Tian didn't feel that this was something to be proud of.

The life span of human beings is generally short. Thirty years old is equivalent to three thousand years or more of human beings in the Underworld, so there is really nothing to be proud of for 30-year-old practitioners, let alone making history.

On the other hand, Ye Meijing, the little Pi Niang, was already a third-level apprentice at only seventeen years old. This talent was amazing, but it was a pity that this little Pi Niang became a master after reaching the third-level apprenticeship level.

"I just broke through the eighth level of a cultivator, I am ashamed to say it!" Li Tian said.

The lion clan did not feel that there was anything wrong with what Li Tian said. On the contrary, he felt that Li Tian should have this arrogance. This is probably a common problem of geniuses!

"Li Tian can fight our two Venerables with the strength of the 7th-level cultivator, and is not in the slightest. For this alone, Brother Li Tian is far better than us by several times. I don't know if I am qualified to call Li Tian a brother?" Said the Venerable Clan.

There was a burst of ecstasy in Li Tian's heart. There was even a powerful person at the venerable level asking to be called a brother. This is absolutely beneficial to Li Tian, who has temporarily lost the protection of the vicious dog.

Think about it, there is a brother at the venerable level next to him, isn't it a matter of going out to rob the spiritual source?

"Thanks to you, Li Tian, I really feel terrified, but I don't know what brother is called?" Li Tian asked.

The lion clan was overjoyed, and he said, "This feeling is good! My race is a lion clan, so our last name is the same as a lion. My name is Shi Lei! You can just call my name or call me Xiao Lei!"

Xiao Lei? Fortunately, this lion clan venerable can think about it, knowing that he is already over 3,000 years old, so that the 30-year-old Li Tian called him Xiao Lei.

Seeing Li Tian's doubts, Venerable Shi Lei said: "Netherworld, the strong is respected, and the strong is big. Although Li Tian brothers are not old, but you have the strength to slay the dragons, just charge At this point, you must be the big brother!"

Well, Li Tian hadn't been a big brother for many years, so he reluctantly agreed.

"Xiao...Xiao Lei, you just said that Young Master Nether has something to convey to me. I don't know what's the matter?" Li Tian said.

Venerable Shi Lei sorted out his thoughts a little bit and said: "Big Brother fights our two Venerables in front of so many high-level cultivators and Venerables, and slays the Dragon Clan Venerables, it can be said to be famous in one battle. Now the prestige of Big Brother is dead in the whole dead. The land has been spread, and it will even spread to the entire battlefield of death soon. Compared to it will not take long, Big Brother will receive invitations from various forces..."

"invite?"

"Yes, this is a good battlefield for death, but it is also a battlefield where all forces in the Nether Realm cultivate newcomers and discover newcomers. After thousands of years of development, the strength of all parties in the death battlefield is now penetrated."

"If the monks enter the battlefield of death and perform well, they will quickly attract the attention of all parties, and the strengths of all parties will invite those who have performed well to draw in their organizations, and accordingly these performances Outstanding practitioners will get more resources in this organization. In addition, during the five hundred years of cultivation, there will also be organizations as the backers of the practitioners, which will allow them to survive. increase!"

"Now, big brother, you have become famous in a battle. You are definitely the most genius in these five hundred years. A genius like you, not only the various organizations will want to win, but even the eighteenth emperors of the Netherworld, and even the top twenty domain masters. May want to win you to join."

"Looking at the water tower to get the moon first, the third son of You Ming wanted to invite you to join them, so I stayed here and waited for you. What they asked me to pass on also hoped that you would consider joining their organization!" Venerable Shi Lei was a little envious. Said.

As early as more than five hundred years ago, Lord Shi Lei entered the battlefield of death, he had already invested in Yecheng Emperor.

However, at that time, Lord Shi Lei's cultivation was only at the beginning of the eighth level of the cultivator, and he was just one of the many who took refuge in Ye Cheng Huangzun.

If he hadn't entered the battlefield of death and had the big tree Yecheng Huangzun, perhaps he would have died during the five hundred years of cultivation.

Venerable Shi Lei's talent is also pretty good. After five hundred years of cultivation, he finally broke through and entered the realm of Venerable, so he will get Ye Liangchen's attention!

"Brother, the strengths of all parties in the Nether Realm are complicated. If we want to survive in the Nether Realm and have a good chance of ascending, then we have to join a larger group of Venerables. Of course, if we can join the domain owner. The Venerable Group, that is the best! However, the Venerable Group, where the three emperors of the Dragon Race, the Yecheng Emperor and the Zhao Family, belong to the Nether Realm also possesses impressive strength!"

"Furthermore, Miss Ye Meijing also favors your eldest brother. After you join this organization, you will definitely have more opportunities!" Venerable Shi Lei said earnestly.
