

A Killer 4181

Chapter 4181: : Niulan God Wine (1)

"You guys don't have the right to **** wine, wine and wine, and beauty and wine. I don't know if this beautiful lady is interested in being a notary. Come and **** wine or the wine in this tavern. It's more fragrant!" Li Tian completely ignored the tavern guy, and said to the masked girl.

The masked girl had never heard others praise her for being beautiful and beautiful, and her heartbeat increased involuntarily when she heard Li Tian's words.

"I... can I really?" said the mask girl.

Li Tian boldly walked over, stretched out the hands of the masked girl, and said, "If you can't do it, then they are even less qualified!"

These alcoholics. The tavern guys are already looking silly.

"This is the daughter of the dignified city lord, this terrapin of the Netherworld dares to hold the hand of our city lord daughter."

When Li Tian pulled up the mask girl's hand, he did not honestly use his fingers to gently pull in the mask girl's hand. This kind of frivolous action mask girl has never experienced before, and Li Tian is the first in the entire refugee land. For those who dared to treat her like this, the masked girl did not dare to look directly at Li Tian, and even had difficulty breathing.

Of course, these small movements could not escape the eyes of Venerable Shi Lei and the cultivators.

"Shameless, shameless, the shamelessness of this **** has reached the realm of venerable!"

Of course, he already knew the identity of the mask girl, and Li Tian didn't dare to go too far.

When he came to the wine table, Li Tian let go of the masked girl's hand and pushed the remaining twenty or so spiritual sources to the front of the tavern guy, and said, "Come to the best Dukang bar in your tavern. You will lose even worse!"

The tavern guy's face burned again, and he cursed in his heart: "Why this **** even knows about water mixed with wine!"

When the guy walked over with a half jug of Dukang wine, the tavern guy was followed by the tavern owner, as well as two masters of the first class.

It goes without saying. If the wine Li Tian took out loses, then, don't look at Li Tian's side with Venerable Shi Lei, the tavern owner will definitely not let Li Tian leave lightly.

"Where's your wine? Get it out!"

"You're not entertaining us without wine, are you?"

"If you can't get the wine today, let us know that you are entertaining us, even if we escape to the Nether Realm, we will hunt you down!" The onlookers said dissatisfiedly.

A smile appeared at the corner of Li Tian's mouth and said: "Don't worry, don't worry. As the saying goes, the fragrance of wine is not afraid of the deep alleys, and the fragrance of wine is not afraid of making you wait too much."

While talking, Li Tian flipped through his hand and found a cuboid box in his hand. There was a vivid blue dragon painted on this box. Seeing this packaging box, all the onlookers involuntarily took a breath.

The most wine they can see on weekdays is packed in a jar. If it can be packed in a jug and sealed with two red strings tied on it, it would be considered a high-end package.

However, the box Li Tian took out made them feel astonished. What kind of wine was in it, it was packaged in such exquisite luxury.

Not to mention, just take out this wine box to exchange more than a dozen Spirit Sources.

Don't be too expensive. If you want this box, you still need someone to be willing to sell it. In case this box falls into the auction house, the price will need to be doubled.

why?

Have you seen such a good painter since your birth? It's not an exaggeration to say that this is an extraordinary skill. If you are now making up your mind when the Third Young Master was chasing and killing Li Tian, you would be relieved that those guys were holding the portrait of Li Tian in their hands.

But today, it is the aroma of wine, not the outer packaging of the wine.

At this time, the curiosity of these onlookers has been completely adjusted, and they can't wait to say: "Open it! Let's open our eyes!"

The mask girl pays more attention than these alcoholics. Just seeing Li Tian flip and take out the wine, she knows that Li Tian is definitely not simple, and her heart is determined that Li Tian must have space. magic weapon.

The masked girl has never seen this kind of thing, but she can still guess the same.

Li Tian stretched out the hand of the masked girl again and said, "Just ask this beautiful beauty to open this bar for us!"

The masked girl stretched out Qianqianyu's hand and carefully opened the outer package, revealing the bottle of wine inside.

The wine bottle is not transparent, but celadon, which is similar to the outer packaging, with a vivid blue dragon on it.

Needless to say, this wine bottle alone is at least worth the price of Bailingyuan. Even if this thing is displayed as a vase in the Vagrant Supreme Mansion, it is definitely a high-end, atmospheric and high-end thing.

At this moment, the onlookers could no longer express their shock in words.

This package, this jug, is it filled with jelly and jade dew? How could there be such a beautiful packaging?

Venerable Shi Lei stretched out Li Tian's arm and said in a low voice, "Brother, where did you come from? This kind of thing shouldn't be taken out, just in case..."

A smile appeared at the corner of Li Tian's mouth.

This ***** is the most famous Niulanshan Qinglong 53-degree Erguotou in Kyoto before the end of the world. Before the end of the world, it can't be said to be a bad street, but at least it is definitely not high-end goods. If Li Tian took out those more high-end wines, these turtle Are we still dizzy?

As for wine, there is a lot of space in Void Yasha!

The Void Yasha has been desperately expanding his space since he received Li Tian's order to expand his space. Before going to Dongying Island, that space had an area of more than a few hundred square meters. After returning from Dongying Island, that space It already has an area of nearly several thousand square meters.

In this space, there are various warehouses, and there are more than a dozen barrels of gasoline for cars!

As for wine, although there is no wine cellar, there are everything from white wine, foreign wine, and red wine. Li Tian originally planned to stock it up, waiting to celebrate after the three corpses were killed.

However, Tang Feifei's death caused this kind of thing to fall aground, and the wine was kept in it, but she didn't expect it to come in handy here.

Li Tian has already understood that things are precious, so Li Tian must make use of the greatest value of these things. If these spiritual sources in the land of the refugees are not exchanged for light, this is not Li Tian's style.

"Keep on!" Li Tian said.

Li Tian stretched out the hand of the masked girl, gently pressed it on the lid of the wine bottle, twisted it hard, and the lid opened. The aroma of Niulanshan Erguotou immediately diffused.

"Okay... good smell?" The onlookers said with an intoxicated expression on their faces.

Chapter 4182: : Niulan God Wine (2)

Just smelling the aroma of the wine is already divided!

However, the mask girl still poured the two kinds of wine into the small wine glass according to the process and picked up the wine glass.

Seeing the mask girl holding a small wine glass, the others turned around consciously, and even closed their eyes, no one dared to look at the mask girl. Although Li Tian didn't know why, he did the same.

The mask girl picked up the mask slightly, and drank the glass full of dukang.

In fact, she didn't need to be ordinary with Dukang wine at all, she was familiar with the taste of this wine.

Dukang Liquor has an elegant aroma and a soft mouth without stamina.

The masked girl picked up the wine glass full of Niulanshan Erguotou and brought the wine into the mouth.

At the entrance of the liquor, the mask girl immediately felt like a flame in her mouth. After the liquor was consumed, the mask girl could feel her throat and abdomen burning.

But this feeling didn't make her annoying. On the contrary, there was an indescribable sense of pleasure in her heart. After a few seconds, there was still a faint scent of wine in her mouth.

The mellow and rich fragrance, the mask girl has never drunk such a good wine, and it took a long time for the mask girl to wake up from this state.

Looking at Li Tian's back, the mask girl's heart was full of curiosity, and she couldn't help thinking: "Is this a man in the Nether Realm? There is such a good wine in the Nether Realm, and the dukang wine we drank was described by him as The ***** is not too much. I also seem to go to the Nether Realm, but..."

The mask girl adjusted her mentality a bit and put on the mask again, before she said softly, "Okay! I now announce the result..."

The tavern owner knew the result. He didn't drink, but he had already lost his confidant. He bowed deeply to Li Tian and said, "We admit defeat. I don't know how this adult sells this wine to the small shop? No matter how many spiritual sources, adults just don't care. Just give a price!"

The tavern owner is also a venerable, and his strength in this place of refugees should not be underestimated. More than half of the taverns in the land of migrants are owned by this venerable.

It hasn't been long since the secret realm was opened recently. All the wine in his tavern was bought from those monks in the underworld, but these wines were used for sale in the next five hundred years, even if the wine was a luxury item. But the consumption is also very amazing.

Otherwise, he won't be mixed with water!

Besides, who would dislike the hoarding of many things?

What's more, this wine in Li Tian's hands is a ***** wine that deserves it?

Li Tian looked at the masked girl and said, "Let this beauty who has tasted my wine say a price. You can say as much as you want. I will never regret it!"

The heartbeat of the mask girl accelerated.

To the masked girl who has been respected by everyone since she was a child, Li Tian's words are not polite, but she really likes the feeling of listening to Li Tian.

"I don't know how many such fine wines you have?" the mask girl asked.

Things are precious. If Li Tian only had such a bottle of wine, then this bottle of wine would be unique in the world, and the price would be sky-high.

Don't feel that this wine is expensive. Wine is a luxury in the land of the refugees.

The amount of this wine in the space of Void Yasha is really not a lot, more of Wuliangye, Moutai, etc.

Li Tian deliberately approached the mask girl's ear and whispered: "Not many, there are only 20 bottles in total, but I want to give ten bottles to this beautiful lady, and the remaining ten bottles can be sold!"

This amount is quite small. Those onlookers thought that if it was cheap, they would buy a bottle and take it home and store it. Even if they didn't drink it, it felt absolutely absolute if they looked at the wine's packaging and bottle. It is a matter of saving face.

When they heard Li Tian say this, they couldn't help but feel disappointed.

A total of twenty bottles, ten bottles of honoring the city lord, these wines are absolutely impossible to sell.

The remaining ten bottles are on the market, because of the aroma of this wine and the scarcity of this wine, it is absolutely sky-high!

"It must not be too high, it must not be too high!" These customers prayed in their hearts.

Seeing Li Tian's expression on her face, the masked girl couldn't help but a hint of mischief in her heart, and said to Li Tian, "Are you sure you want me to pay this price? You can agree with how much you say?"

"Of course, I, Li Tian, always say one thing!"

"Well, then a bottle of spiritual source!"

After the mask girl finished speaking, she paid attention to the expression on Li Tian's face. She originally thought that Li Tian would be furious, but Li Tian did not change her expression at all.

Li Tian nodded slightly and said, "Then a bottle of spiritual source!"

Venerable Shi Lei was almost crying. He originally planned to make a fortune, but Li Tian gave the mask girl ten bottles of wine for free, and the other ten bottles of wine were used by the mask girl as a spiritual source. Isn't it a cutoff for people and money?

"It's a loss, it's a big loss! The fifty spiritual sources will be exchanged for ten spiritual sources in the end!" Venerable Shi Lei cried and thought.

The tavernkeeper was so moved that he was about to cry.

A bottle of spiritual source, if it is placed in his tavern, he can sell this bottle of wine as at least five bottles, and the price of each bottle will never be lower than five hundred spiritual sources.

The drinkers immediately yelled excitedly.

"You have a share, give me a bottle!"

"Yes, give me a bottle too! Haha, I found a treasure today!"

"Yeah, the hip flask alone can be regarded as an heirloom!"

"My son is going to get married in ten years. The woman's father is a ninth-level practitioner, and has always looked down upon me, a fellow of the eighth-level cultivator. Heartbeat or not!"

"Don't talk nonsense, this is my tavern, I want all these wines! If you have any objections, you can ask the two venerables behind me if they agree!" The tavern owner said straightforwardly.

Looking at Li Tianfeng's light and cloudless cheeks, the masked girl was a little disappointed, as if it was a prank she had carefully prepared but didn't let Li Tian notice at all.

"However, the wine jug and the outer packaging need to be calculated separately. The outer packaging counts as 30 spiritual sources, and the wine jug counts as 70 spiritual sources, and the package price is one hundred spiritual sources!" The mask girl added.

"Okay! I have it all! One thousand spiritual sources, I will pay now!" the tavern owner said loudly.

"One... a thousand spiritual sources?"

Venerable Shi Lei was completely shocked, one thousand spiritual sources, enough for one person to cultivate from the first level to the ninth level.

There was no shock on Li Tian's face, he picked out ten bottles of wine and placed it on the table, sending the tavernkeeper to Venerable Shilei, and then shamelessly took the masked girl's hand and said tenderly: "This beauty, I wonder if you are interested in opening a tavern with me. Will you be the proprietress of this tavern?"

Chapter 4183: : Important or not

The mask girl looked at Li Tian foolishly.

It wasn't because of how handsome Li Tian was, but the words that Li Tian said that sounded such a little teasing, which the mask girl had never heard before.

After a few seconds, the masked girl shook her head slightly, as if secretly sighing sadly: "Do you know who I am?"

"Is this important?"

"Isn't it important?"

Li Tian shook his head and said, "This may be important to others, but to me, it is not important. I just open a tavern, not trying to sell much wine every day, not trying to dominate business, nor do I want to. Sovereign, Emperor, I just want to wait steadily in the place of refugees until the secret realm opens, and then leave the battlefield of death!"

Today's business of selling wine has allowed Li Tian to save enough for Situ Ningbing to cultivate to the ninth level of the spiritual source of the cultivator. Li Tian also has to earn spiritual source for Xue Ji, and even consider Tang Xiaolong, Little Hot Pot, Long Yin!

Of course, the most important thing is the blood source in this homeless land.

For Li Tian, no matter which legend is true or not, Li Tian must seize this opportunity. After all, no matter how large the number of spiritual sources, he can only support Li Tian to cultivate to the ninth level and want to break through to the nobleman. In the end, you have to rely on yourself!

And all of this requires a long flow of water, slowly.

Of course, it is precisely because this once business has exposed Li Tian too much.

Maybe now Li Tian has been targeted, if you don't want to trouble avoid trouble, then the best way is to find a backer, and is there a backer that is bigger than the Refugee Land?

The mask girl is not a fool, she naturally understands this.

Li Tian's words seemed to be a stone thrown into her heart, splashing a lot of lilies. At this moment, the mask girl had such a hint of fantasy, but it was only a momentary matter. Li Tian finally The words that were said completely pulled her back to reality.

The mask girl felt that what Li Tian was talking about was just a dream, a dream of five hundred years.

Five hundred years from now?

Li Tian left the land of refugees, left the battlefield of death, returned to the underworld, and continued to be his son-in-law.

But what about the mask girl?

Is it when you wake up from a dream, and then bear the cruelty of reality from the beginning?

"It's not important to you, but it's important to me! Thank you for your wine today! If you open a tavern, I think I would like to patronize your tavern." The mask girl said calmly.

The mask girl said to the innkeeper again: "Send the dukang wine I want to the house as soon as possible. By the way, there are ten bottles of sacred wine he promised me!"

"Don't worry, I'll send someone to you!" The tavern owner said with his head slightly lowered.

The masked girl left, but the alcoholics in the tavern were gathering more and more. The bottle of Niulanshan, which had been opened, had been fetched by those alcoholics to a price of 130 spiritual sources.

Those alcoholics still didn't mean to stop!

In the last ten years, the alcoholic who was going to marry his wife grabbed the bottle of Niulanshan Erguotou, which had been opened and had a cup of the masked girl, at the price of 180 Lingyuan.

That's it, Lord Shi Lei was tough to not let the tavernkeeper participate in the bidding, otherwise the wine would definitely fall into the hands of the tavernkeeper.

The tavern owner came to Li Tian and said to Li Tian, "The spirit source is ready. I don't know if you will take it now or leave it with me temporarily? You must know that although the land of the refugees is controlled by the Supreme, but It's not peaceful, especially for you trialists from the Netherworld."

"Of course, I am not intimidating you, but telling you the truth! But if you put the spiritual source with me, I can guarantee your safety. Don't look at me, there are only three of us, me. The total number of nobles in the family has reached ten, and there is a place in the land of the refugees, and our family and the refugee supreme have this inexhaustible relationship. There are not many people who dare to do our family in the entire land of the refugees. "

Li Tian nodded slightly and said with a smile: "Thank you for the boss's love, but I believe that Lingyuan is in our hands!"

The tavern owner laughed immediately and said, "Young people have the courage and courage. If so, then I will not be reluctant. I just heard you say that I still want to open a tavern? I wonder if you are interested in cooperating with me? I will sell all of the wines to me, and we will sell the spirit source in five to five pairs! I will guarantee your safety in the land of refugees!"

"Thank you for your kindness, let me consider it!" Li Tian politely refused.

"That's really a pity, if you want to open a tavern, or if you want to change your spirit source, you can come to me at any time!" the tavern owner said politely.

The tavernkeeper brought all the spiritual sources up, and after Li Tian tapped the number, he sent them all into the space of the Void Yasha.

Situ Ningbing and Xueji in the space of Void Yasha also knew the whole story through Xiaoyacha. Li Tian sent Niulanshan Erguotou twice through Void Yasha. The wine was found by the two of them!

Taking away the spiritual source, Li Tian followed Venerable Shilei to leave the tavern. Within a few seconds of leaving the tavern, Venerable Shilei immediately felt energy fluctuations behind him, and he knew that there was a Venerable using teleport without looking back. Follow them.

"Brother, someone is following us. What shall we do?" said Venerable Shi Lei.

Li Tian had guessed that someone would follow him after he left, but he didn't expect this person to be so impatient.

"How many people are following us? How does your strength compare to you?"

Venerable Shi Lei paused for a while, and said: "The person who followed us is also Venerable Level 1 strength, a little weaker than me, but can't we just do it in this place of refugees? If we do it, then We must flee here immediately!"

Li Tian originally wanted to impress the mask girl with fine wine, so that the mask girl could open a tavern with him. Li Tian's first bet was that the mask girl would not refuse, but he did not expect that he was lucky to lose the bet this time.

Now this is called stealing chickens and losing rice. The faceless girl did not become his backer, but instead allowed Li Tian to expose all of his family, and was actually targeted. However, those fine wines are only a small part of Li Tian's family background, and even Venerable Shi Lei doesn't know how many families Li Tian has.

A smirk appeared at the corner of Li Tian's mouth and said, "Who said we are going to fight here?"

"Could it be...?"

"Xiao Lei, if I ask you to unite with the vicious dog to bet against the Venerable who is following us, do you have the confidence to subdue him? If there is really no way to kill him by finger!"

"Leave it to me with confidence!"

Li Tian nodded slightly, and said with a sneer: "Since no one here can be our backer, then we will let them know that we are not that easy to mess with!"

Chapter 4184: : His Holiness is missing (1)

A few seconds after Li Tian finished speaking with Venerable Shi Lei, Venerable Shi Lei disappeared instantly.

There was a hint of sarcasm on the face of the venerable behind Li Tian, and he smiled and said, "Huh, it is exactly the same as the boss's guess. Even if this kid is protected by the venerable around him, he will still have nothing to do when danger comes. Choose yourself to escape without hesitation!"

This Venerable was called the Venerable Nanshan, and the other Venerable who was with the tavern owner was called the Venerable Beishan!

Venerable Nanshan teleported to Li Tian, stretched out his hand to block Li Tian's path, and said, "Boy, the money you owed to our tavern just now has not been calculated. Now our boss invites you to go back and calculate the money!"

Speaking, Venerable Nanshan stretched out his hand to grab Li Tian.

Originally, Venerable Nanshan thought that Li Tian would panic and run away after seeing him, but what he never expected was that Li Tian was still standing still, and instead looked at him mockingly.

"Damn it, does this kid have other reliances? Impossible, it's just a trash at the beginning of the eighth level of a cultivator, I can pinch him to death by reaching out!" Venerable Nanshan thought.

In the next second, a flower in front of Venerable Nanshan found him suddenly appearing in a hall.

"This...what is this place?" A look of doubt appeared on Venerable Nanshan's face.

But soon, the doubt on his face turned into excitement.

"The boss's guess is true. This kid actually has space treasures on him, and he is also the most advanced space treasure. Not only does he have such a big place, he can hide the living person!"

"Hahaha, this is a real fortune. As long as there are treasures in this space, when the secret realm is opened five hundred years later, all the sages of our refugee land can venture into the underworld to **** it and wait until the secret realm. When it is closed, come back to this homeless land!"

Venerable Nanshan said with an excited expression on his face.

However, at this moment, Venerable Nanshan heard a sneer, which, although not very loud, was extremely harsh.

"Who!"

Venerable Nanshan blinked towards the sneer voice, his eyes flickered and he found that he had flown out of the hall.

"This...this space is so huge? This...this is a completely new world!"

In front of Venerable Nanshan is an endless grassland. There are long green grass on the grass. Looking up at the sky, the red sun hangs high, the blue sky is clear, and the white clouds are long. Venerable Nanshan can't remember how long he hasn't seen such a picture, even if it is. He hasn't seen this picture for too long in his dream!

"How? Isn't it surprising?" It was the lion clan who followed Li Tian who was speaking.

Venerable Nanshan looked at the lion clan and the huge mount climbing beside him in surprise, and said in astonishment, "You...didn't you escape?"

"Escape? Haha, Li Tian is my elder brother, even if I die in battle, it is absolutely impossible to escape! How about? Do you want to follow my eldest brother?" said Venerable Shi Lei.

"Follow him? Let me dignified and powerful, follow him, a fellow of the eighth level of apprentice? Don't be foolish!" Venerable Nanshan sneered.

Venerable Shi Lei was not angry. Instead, he pointed to the place where the sky and grassland intersect in the distance and said, "Let's put aside this topic and talk about this space! How do you feel about this space? I was as surprised as you when I first entered here. !"

"Tsk tsk, I never thought that Big Brother Li Tian would have such a space baby. From this baby alone, Big Brother Li Tian has not lost to any emperor, and even I suspect that emperor might not have such a space baby!"

"I know that the biggest wish of your refugees is to leave the land of the refugees and return to the Netherworld, so that your offspring can bathe in normal sunlight and feel the normal changes in the sun and the moon! So what do you say here? If you can follow My brother Li Tian, you can enter this space to live!" said the lion clan veteran.

It has to be said that these words of the lion clan are full of fatal temptation to the refugees!

However, Venerable Nanshan shook his head slightly and said, "No, no! Li Tian is too weak. He just has the strength of the cultivator at level eight, maybe he doesn't even have the chance to get out of the battlefield of death!"

Venerable Lion Race said with a smile: "Yes, my elder brother is very weak, but he is only 30 years old now. How many have you seen a 30-year-old cultivator at the eighth level? The future of my boss is bound to be limitless. It may be possible to become the emperor or domain master level!"

"..."

"I have said everything I should say, and you should consider the rest, but my elder brother's patience is limited!" Venerable Shi Lei said with a sneer.

"Let me consider it!" Venerable Nanshan said.

"Sorry, there is not so much time for you to think about it! There are only two paths in front of you now. The first is to follow my eldest brother and become my boss's follower. The second is that you can only die..." Venerable Lei said coldly.

Venerable Nanshan felt the powerful fluctuations in the power of Venerable Lion Race, as well as the gaze of the mount behind him, and suddenly felt that the situation was not good.

Huh!

Venerable Nanshan immediately teleported, trying to avoid Venerable Lion and the vicious dog. But he just appeared on the ground, only to find that the lion clan Venerable also appeared in front of him.

It is also the first level of the Venerable, and the Venerable Lion is slightly stronger than the Venerable Nanshan. When the Venerable Nanshan teleports, the Venerable Lion can immediately feel the energy fluctuations in the space. .

Venerable Shi Lei sneered and said, "Why do you still want to avoid me? Can you do it? The time for you to consider has come. Since you don't cherish this opportunity, then I'm not welcome!"

"Oh, by the way, I forgot to tell you that the only Li Tian you look down on is Li Tian, who has the strength of the early eighth level as a cultivator, but he has killed a dragon veteran who is stronger than me..."

"What... this... this is impossible!" Venerable Nanshan said incredulously.

Venerable Shi Lei was ready to do it, Venerable Nanshan suddenly said: "I...I have figured it out clearly, I am willing to follow Big Brother Li Tian!"

...

In a certain room in the tavern, the tavern owner and Venerable Beishan sat opposite each other, and ten bottles of Niulanshan Erguotou were placed side by side on several cases in front of them.

"There is room for that kid, baby. Tsk, if it wasn't for the crowds in the tavern, I wanted to grab it. Tsk, I don't know which emperor's son this kid is, but he is still too young. Even the wealth does not reveal the truth." said the tavern owner.

"Yes, now I am waiting for the news of Venerable Nanshan. No matter what decision the Venerable who protects him makes in the end, this kid will fall into our hands. At that time, the status of our family in the land of refugees will definitely rise again. !"

Chapter 4185: : His Holiness is missing (2)

At this moment, a guy in the tavern suddenly rushed in and said in a panic: "Old... boss, the kid who sold just now is back, he said... he said..."

The faces of the innkeeper and Venerable Beishan couldn't help changing slightly.

Venerable Nanshan hasn't returned yet, why is that kid back? Could it be that Venerable Nanshan was followed and lost? Or what happened to Venerable Nanshan?

"Impossible, it is absolutely impossible!" The tavernkeeper quickly dispelled the bad idea in his mind.

"what did he say?"

The tavern guy swallowed and said, "He said he has other sacred wines and wants to make a deal with the boss!"

"Okay, please comfort him first, and then send someone to the two nearby taverns to invite Venerable Dongshan and Venerable Xishan in the tavern!" said the innkeeper.

Regardless of the reason why Venerable Nanshan has not come back now, the innkeeper has already taken care of not waiting for him to come back to listen to his report. Since this kid came to the door automatically, then the innkeeper has no reason to miss the opportunity!

Li Tian sat in the tavern. This time he had just entered the tavern and was immediately surrounded by drinkers who had not had time to leave. After Li Tian explained his intentions, these drinkers were even more reluctant to miss such an opportunity.

"My lord, don't you say who you sell the wine to? Why don't you sell it to us? Although this is a piecemeal sale, the price is higher. Why not?"

"Yes, yeah, it's actually not troublesome for adults. As much as you have, all of us here pack and buy it. You only need to count your spiritual source!"

Li Tian smiled and said nothing.

The vast majority of customers who can enter the tavern to consume, just like the customers who entered the luxury stores in the earth world before the end of the world, have the purchasing power. Since they say so, they must have the ability to buy these wines. of.

Unfortunately, Li Tian came here for another purpose.

Just less than ten minutes ago, Venerable Nanshan agreed to return to Li Tian, and after Li Tian entered the space of the Qiongspear of the sky, he immediately used soul detention to control Venerable Nanshan.

In this way, Li Tian's subordinates finally had a powerful person at the venerable level.

Venerable Nanshan is different from Venerable Shilei. Although Venerable Shilei is called Big Brother Li Tian, his thinking is after all. If Venerable Shilei is faced with a stronger betrayal chip that day, he might betray Li Tian. , But the soul of Venerable Nanshan has been detained by Li Tian, and he will never betray Li Tian!

Now Venerable Nanshan is in the space of the Qiong Spear of the sky, and Li Tian is only with Venerable Shi Lei by his side, and Li Tian is here not only to discuss business, but also to demonstrate to the tavern owner.

Li Tian just wants to tell the barkeeper, don't you **** like to send someone to follow me? My Li Tian is safe and sound, but the strong man you sent to follow me has disappeared, and he will never come back!

"Hahaha, I guessed in my heart that the little brother would definitely come back, but I didn't expect the little brother to come back so quickly! How about? After careful consideration, am I the best partner here?" The tavern owner walked through the back door of the tavern Upon entering, he smiled heartily as soon as he saw Li Tian.

Li Tian smiled and said, "Don't get me wrong with this boss, I'm just talking about a wine cooperation with you. As for the long-term cooperation, I haven't thought about it! If the boss is not willing to cooperate in the short-term, then I'm not reluctant. I believe that there are not a few people who are willing to cooperate with me in this homeless land, including those who have not entered the tavern industry before!"

The muscles on the tavern owner's face bounced slightly, and resisting the anger in his heart, he said to Li Tian: "Okay, then let's talk about this short-term cooperation first. I don't know what kind of good wine you have. , Just take it out! I want as much as I want!"

"I have a good wine, but I don't know how many spiritual sources you can bring out in this tavern now. I only accept spiritual sources. If you don't have one, then I will assume that I am not here this time!" Li Tian said.

Venerable Beishan snorted and said, "I don't know that there are still two thousand spiritual sources in this tavern. I'm afraid you won't be able to get so many divine wine!"

Li Tian didn't talk nonsense, and he uncovered ten bottles of Niulanshan Erguotou, five bottles of Honghualang, and two bottles of Jiebaina dry red!

The onlookers' eyes were straight. They didn't expect Li Tian to be able to take out so much wine at will, but this time even these monks finally discovered that Li Tian took out the wine in a special way.

"Does this adult have space treasures in his hands? If this is the case, then as long as this person's space treasures are snatched over, won't all the wine be snatched?"

There are more than one people holding this mentality, and it should be said that ten of them are doing this mentality.

As a result, their enthusiasm for wine has declined, and some people even started to sneak away, wanting to report their amazing findings to their family or organization.

Seeing that the more enthusiastic customers just now, Li Tian calmed down. Some even turned around to leave, knowing that his space ring might have been exposed, but at this time he didn't care about it. Two thousand spiritual sources, can you eat it?"

"Eat! Eat more!"

The innkeeper gave a wink at Venerable Beishan. Venerable Beishan teleported to block the entrance of the inn, and stopped all the drinkers who were about to leave. The innkeeper said: "Today I have bought good wines, since So I can't let everyone look greedy, and now I'm holding a wine tasting, all of you can taste the wine I bought for free! However, if you don't get drunk or return, you are not allowed to go without my permission, otherwise Just look down on our Badashan Venerable Organization!"

Those alcoholics already understood the tavernkeeper's thoughts, and now they dare not speak.

The Badashan Venerable Organization is just like what the tavern owner said just now, it is also ranked in the refugee land.

Among the people present, there were a few ninth-level cultivators, who were obviously not enough in front of the venerable.

Now people are like a knife and I am a fish, even if the organization behind them is not the Badashan Venerable Organization, if you don't want to die too quickly, it's best not to act rashly.

Li Tian's mouth showed a sneer involuntarily, and the fox's tail finally appeared.

This is just part of Li Tian's plan.

Since Lao Tzu is the meat of the Tang monk, and you monsters want to eat Lao Tzu's meat, then don't let Lao Tzu deal with you monsters one by one. Let your monsters fight first, and then the most powerful one will fight against Lao Tzu. .

But even if Lao Tzu is Tang Seng Meat, Lao Tzu has to tell you that there is also the Fighting God Buddha Sun Wukong beside him!

After Li Tian received another two thousand spirit sources and gave the wine to the tavern clerk, he could smile and say, "This boss, the Nanshan Venerable behind him just now doesn't know where he is now?"

Chapter 4186: : His Holiness is missing (3)

"You... how do you know his name?" the tavern owner said in surprise.

What followed was a sharp drop in the temperature in the tavern, and a majestic aura was released from the tavern owner. This powerful aura made the ninth-level cultivators in the tavern feel a little trembling.

Venerable Shi Lei was close to Li Tian, standing beside Li Tian, worried that the tavern owner or Venerable Beishan would attack Li Tian.

A slight smile appeared at the corner of Li Tian's mouth, and he said with a relaxed expression: "Ah, he is really called Venerable Nanshan? I thought he was playing with me! As soon as I left the hotel, Venerable Nanshan followed me. , Tell me to sell him two bottles of good wine."

"I asked him why he wants to buy wine? Isn't the tavern owner caring or caring for him? He wants to use wine to relieve his troubles?"

"Guess what he said?"

"He said that he found a mini secret realm on the death battlefield. The secret realm is beautiful with beautiful scenery and beautiful birds and flowers. He decided to go to the secret realm for retirement and buy two bottles of wine to celebrate and celebrate. Come to settle, he said he has already agreed with you!"

"It seems that I have been deceived now. Hey, I am too soft-hearted. These hundreds of spirit source wines have been given to him like this! Venerable Nanshan is really worrying!"

Li Tian ran the train with his mouth full. There was not even one sentence in these ten sentences, but Li Tian said it was extremely serious. If Venerable Shi Lei knew what he really wanted, even he would have almost believed it!

The tavern owner's face was almost as black as the bottom of the pot, and even he began to suspect that what Li Tian said was true, or else he would really not find the reason why Venerable Nanshan would not come back.

As for Venerable Nanshan being beheaded by Li Tian, that is completely impossible.

It should be known that there are dozens of nobles in this land of refugees. Once a battle of noble level occurs in the land of refugees, the strong energy fluctuations will immediately attract the attention of all the nobles.

But since Venerable Nanshan went out to the present, except when he was teleporting, there hasn't been any energy fluctuation, let alone the energy fluctuation of the distance when fighting.

"Boy, don't talk nonsense, why have I never heard Venerable Nanshan talk about this secret realm?" Venerable Beishan said.

Li Tian sneered and said, "Hey, you are not his son, why does he tell you everything? Would you tell Venerable Nanshan about your peeping at the tavernkeeper's wife bathing? Do you tell Venerable Nanshan about your idiots?"

Venerable Beishan appeared in front of Li Tian in a teleport, reached out and grabbed Li Tian, and said angrily, "I want to kill you!"

But as soon as his voice fell, the Venerable Beishan disappeared instantly.

"Tavernkeeper, you saw it now. I knew that this kid was peeping at your wife's bath, so he wanted to kill me. Fortunately, with you, this guy absconded in fear of sin!" Li Tian said.

The drinkers in the tavern are going crazy. They just came to have a drink, but they didn't expect to hear such a hot news. They never suspected that Venerable Beishan disappeared because of Li Tian, after all. Li Tian's cultivation is only the eighth level of cultivation.

Although the tavern owner felt that something was wrong, he couldn't understand what was wrong.

"If nothing happens, I will leave first, and you continue to have your wine tasting party!" Li Tian said with a smile.

Afterwards, Li Tian turned and left the tavern under the ***** of Venerable Shi Lei.

After leaving the tavern, Venerable Shi Lei saw that the tavern owner had not followed him, and immediately said to Li Tian: "Brother, send me into the space, that guy may be killed, and our plan will be ruined by then! "

Li Tian cast several teleports in a row, turned to a relatively remote alley, and then sent Venerable Shi Lei into the space of the Qiong Lance of Heaven. In less than three minutes, Venerable Shi Lei was brought out by Li Tian again.

"Brother, is this going too smoothly? In less than half a day, you have accepted two venerables. If you follow this speed, it won't take long for you to collect all the venerables in this refugee land. ! By then, you will be the king of this homeless land!" Venerable Shi Lei said with some excitement.

There is no way not to be excited. If Li Tian's ability to kill the Dragon Venerable in the first place surprised Venerable Shilei, now Li Tian's ability to control the Venerable makes him feel a little scared.

But fortunately, Li Tian said very clearly that he regarded Venerable Shi Lei as a good brother and would never control him. Otherwise, Venerable Shi Lei might still be wary of Li Tian.

"These are a hundred spiritual sources, I will give you back! I will hold the other spiritual sources for the time being, and I will give them to you when we reach the Netherworld!" Li Tian said.

Venerable Shi Lei smiled, and said embarrassingly: "Big Brother, I was a little bit distressed for my fifty spiritual sources at the beginning. It is really embarrassing to think about it now! But where are we going now? I'm afraid I won't be able to use it. How soon other forces will know that you have space treasures, and this place of refugees is not very safe for us!"

Li Tian looked at the sunset and said, "Go to Supreme Mansion!"

"Brother, don't you really like that mask girl? As far as I know, you already have three women. Is this really good?" said Venerable Shi Lei.

Li Tian glanced at Venerable Shi Lei, and said disdainfully: "If I tell you that Ye Jingjing and I are innocent, would you believe it?"

"Believe! I believe what the eldest brother says! But eldest brother, does the child in Miss Ye's stomach follow your surname or her surname?" said Venerable Shi Lei.

"Fuck, of course it is my last name!" Li Tian said.

"Then I believe you! You really are innocent with Miss Ye Jingjing!" Venerable Shi Lei said with a smirk.

There seems to be nothing wrong!

...

Not long after the mask girl returned to the Supreme Mansion, the tavern delivered all the wine she ordered!

In this world, you must absolutely believe in the speed of logistics and express delivery, and you only need to have a venerable to do all this.

The masked girl took a bottle of Niulanshan Divine Wine and knocked on the door of Refugee Supreme.

Refugee Supreme's mood was very depressed. When he saw the masked girl, he barely smiled and said, "Why are you here? Don't hurry up to practice?"

"I know that your father is depressed recently, and the wine in the house has been finished by a few brothers banqueting guests, so today I went to the market to buy some good wine for my father."

Everyone says that the daughter is the little quilted jacket of his father. At this time, the sons of Refugee Supreme are fighting in secret to seize control of the migrants' land. Only this little daughter really cares about him.

Refugee Supreme said with satisfaction: "Okay! Bring Dukang wine. Today, my daughter and I will get drunk and we will leave!"

Chapter 4187: : Refugee Supreme (1)

"What kind of wine is this? Why is it so mellow?" He couldn't help but ask, being completely attracted by the wine in his hand after only a taste of Refugee Supreme.

The mask girl told the Vagrant Supreme about the causes and consequences of her encounter with Li Tian, and even Li Tian wanted to open a tavern and invited her to be the proprietress.

Hearing the words of the masked girl, Refugee Supreme was curious about Li Tian.

This Li Tian's cultivation base is only a cultivator of the eighth level. Whether in the Netherworld or on the battlefield of death, he can still be regarded as a small person, but besides this small person, there is a great person of the noble level as his entourage, but from this point It shows that Li Tian is already quite extraordinary.

Furthermore, Li Tian still possesses space treasures on his body. This space treasure is extremely rare. Even the seven or eight-level sages without space treasures are everywhere. This shows that there is at least one sage behind Li Tian. Class backer.

Besides, the space treasure of this goods turned out to be fine wine, which shows that the strength behind this man named Li Tian is extraordinary.

"Daughter! Why didn't you agree to his request?"

"But father, this man is very frivolous, five hundred years later...I..."

"Stupid boy, you have become a habit to wear a mask! I have brought you a mask since you were five years old, for this day. If he really wants to take you back to the Netherworld, then you Just take off the mask, no one will recognize you, and no one will know the identity of your refugee, then you can live your new life, completely out of the battlefield of death and the land of the refugees!" Said excitedly.

"But you are all here, I will never leave here alone!" The mask girl said capriciously.

Refugee Supreme was a little moved. He stretched out his hand and stroked the mask girl's long hair, and whispered: "Silly boy, this place doesn't belong to us at all. You must know that we are from the Nether Realm, and the blood flowing in our blood is also the Nether Realm blood!"

"Over the years, every five hundred years, the refugees from the land of the refugees have secretly escaped into the Nether Realm, but these people can finally survive in the Nether Realm, but there are only one or two of them, and these two people live completely. At the lowest level of the world in the Netherworld. Because they are refugees, they are the refugees who escaped from the Netherworld. But you are different. You are just the daughter of my refugee supreme. As long as others don't know your appearance and existence, no one has Ways to deal with you!"

"but....."

"Nothing! My child, you are a rare cultivation genius in the land of the refugees. Only if you enter the Netherworld and become a strong man in the Netherworld, you will become our hope!" said the Venerable Refuge.

Refugee Supreme talked a lot to the masked girl. After drinking two bottles of Niulanshan in a row, Refugee Supreme was drunk.

Coming out of the Refugee Supreme's room, the masked girl was still thinking about the questions just now.

The masked girl had lived with a mask for too long. This mask was like a face of hers. She forgot the existence of the mask, and she refused Li Tian's request without hesitation.

Now, after the relief of the refugees, the mask girl has already figured it out.

Even if it is for the real refugees' land, the mask girl must leave the death battlefield and go to the underworld.

"But where should I go to find Li Tian now? If I go to find that little **** now, will he look down on me?" These questions also bothered the masked girl.

"Damn it, I should have asked him where he lived!" the mask girl thought in her heart.

...

Venerable Li Tian and Shi Lei came to the Supreme Mansion, pretending to be the tavern staff who gave the Supreme Mansion wine, and then easily mixed into the Supreme Mansion. For this reason, Li Tian lost ten bottles of Niulanshan Erguotou.

After coming out of the wine cellar, Li Tian made up an excuse to dismiss the soldier who brought them in, and then began to search for the whereabouts of the blood source in the Supreme Mansion according to the guidance of the blood source spiritual power in his body.

This Supreme Mansion is several times larger than the ancient palace of the earth world. Fortunately, there are not many people in this Supreme Mansion, and there are no soldiers with three steps, one post, five steps and one sentry. Otherwise, Li Tian and Shi Lei two I'm afraid it has already been discovered.

Li Tian guessed that the reason why there were no soldiers in the Supreme Mansion was probably the confidence of the Refugee Supreme!

After all, he is the strongest in this death battle. Whoever is impatient alive will come to the Supreme Mansion to find bad luck!

"Brother, we came in now, what should we do now? Is there a spectrum of your blood source? If we are discovered by the Vagrant Supreme, we will die miserably!" Venerable Shi Lei asked.

"Really? He is the Refugee Supreme and not a God, can he still know that we will not be mixed into the Supreme Mansion?" Li Tian said disdainfully.

As soon as Li Tian's voice fell, a wave of energy flashed between him and Venerable Shilei. Feeling this energy wave, Venerable Shilei's face was full of panic.

"Big brother, we have been found, get out!"

"Want to go? It's too late!"

A figure appeared in front of Li Tian and Venerable Shi Lei in an instant, and then a powerful pressure fell from the sky.

The same is heavy. The power of the weight displayed by this Venerable at the second level is far stronger than the weight displayed by the Venerable at the first level. Venerable Shi Lei has exhausted all means to crack this heavy attack, but his body Still controlled by this weight.

Of course he can also walk around, even teleport, but this kind of small action is futile in front of the Venerable second-level powerhouse. This will only make the refugee supreme disgusted, and maybe it will die faster.

If Li Tian can move, teleport, or they can hide in the space, but Li Tian only has the strength of a cultivator, and after being attacked by such a heavy pressure, he has fallen to his knees and moved at all. No.

Refugee Supreme was an old man who seemed to have been over a hundred years old, with all white hair and beard, and the accumulation of wrinkles on his face could trap flies, but it was guessed that the expiration of the Refugee Supreme was approaching.

But the old man smiled with confidence, not at all like the person who is about to end.

"Hahaha, you are Li Tian! I really didn't expect us to meet in this way. It seems that the little girl is right, maybe everything will have a turning point! It seems that you are the turning point!" Refugee Supreme Said with a hearty smile.

"You... how did you know we came in?" Shi Lei asked dare not.

Refugee Supreme said disdainfully: "This is my mansion. I know exactly how many people are in it. Suddenly there are two more people in the mansion for no reason. One of them is still a powerful person at the rank of nobleman. Wouldn't I? Not aware of it?"

"Say! What is your purpose here?"

Chapter 4188: : Refugee Supreme (2)

At that time, the distance between Refugee Supreme and Li Tian was only 0.03 meters. After a second, Li Tian decided to lie to this man!

"In the tavern, I have a half-face relationship with the supreme daughter. It is this half-face relationship that makes me think about your daughter, so we will venture into the supreme mansion

to find the mask girl! If there is anything offended Just come at me, Li Tian will never blink. But before I die, can I see the mask girl again so that I can die too!"

Li Tianmian didn't change his color and heartbeat, and his level of lying had reached its peak.

Refugee Supreme looked at Li Tian, and wanted to find Li Tian's flaws in lying, but Li Tian's expression was natural, neither humble nor overbearing, and even had a sense of righteousness and heroism.

Refugee Supreme nodded secretly in his heart, and his attitude towards Li Tian became kind.

After receiving the gravity attack, the Refugee Supreme lifted up Li Tian with both hands, then turned to Venerable Shi Lei and said, "I and Li Tian have something to say, please go to the Supreme Mansion banquet room to take a rest!"

After that, the Refugee Supreme did not care about Master Lei, and said to Li Tian: "Follow me! I will fulfill your wish and let you see the little girl. If you let me know that you are lying to me, I promise You will have no dead bones!"

Refugee Supreme said that regardless of Li Tian, he walked forward like flying swiftly, Li Tian raised his energy and followed closely.

Ten minutes later, after passing through several halls, the two came to the courtyard with the tallest building in the Supreme Mansion. This is a three-story building. This is the boudoir of the mask girl.

For the entire Supreme Mansion and even the land of refugees, this courtyard is forbidden. Apart from the masked girl, only Supreme himself can enter here, and even the masked girl's biological adoptive mother has been deprived of this right.

In these three-story high-rise buildings, there is no servant who serves the masked girl.

Li Tian is the first guest since the completion of this tall building.

At this time, a graceful ***** the top of the tall building was leaning on a railing and looking far away, the breeze blowing, her clothes dancing lightly, under the dim setting sun, the environment seemed bleak and the girl desolate.

Although the two were far apart, Li Tian could tell at a glance that the girl was the mask girl he saw in the tavern.

The girl seemed to have something on her mind, looking at the city in the distance, she didn't even see the refugee supreme bringing Li Tian into the tall building.

Ascend the tall building and come to the top floor.

Standing here, Li Tian can almost have a bird's eye view of the entire Supreme Mansion, and even the refugee city in the land of the refugees.

From construction to decoration of the whole building, there is no sense of luxury.

"Come here, my son, let's see who my father brought to see you!" Refugee Supreme said to the masked girl.

When the masked girl heard the words of the refugees, she turned to wipe her tears, and then turned to look at the refugees after a while.

When she saw Li Tian standing behind the Refugee Supreme, her body was visibly trembling. She didn't expect that Li Tian would come to the door. She didn't expect to see Li Tian again here.

In her heart, the mask girl's heart was joyful, but in front of the eyes of the refugee supreme, she did not dare and could not show it.

But although she did not speak, her actions betrayed her.

In the eyes of Refugee Zhizun, her daughter Liu Jimeng showed her daughter's attitude for an unprecedented time, and bowed slightly to him and Li Tian.

Refugee Supreme thought in his heart: "It seems that it is unnecessary for me to come here! Hahaha! Now it's up to Li Tian to treat my daughter sincerely. If Li Tian treats my daughter sincerely, then my Refugee Supreme does not mind when the end is approaching. Before, I will help you guys."

The masked girl brought Li Tian and Refugee Supreme into her boudoir. This guy is no less a daughter of the Supreme Mansion. The entire top floor is actually the living room of the masked girl alone.

To Li Tian's surprise, he saw that the bottle and packaging box of his Niulanshan God Wine were also in this boudoir. There was a flower in the bottle and it was used as a vase. And the packaging box seems to have not been washed yet, and its usefulness is left alone on the table.

The room is huge, but there are few furniture and decorations in the whole room. These two wine bottles and wine boxes are the only highlights in the whole room.

The masked girl was a little embarrassed and did not dare to look directly at Li Tian.

The three were divided into the host and the guest. The masked girl personally made Li Tian a pot of unique tea in the battlefield of death. This tea was the first time Li Tian drank it. The taste is bitter, and it will be sweet after three seconds. The slightest fluctuation in spiritual power can be felt in this tea.

Refugee Supreme took a sip of tea and said straightforwardly: "Li Tian, I heard that you want to open a tavern in this land of migrants? You also want my daughter to be your tavern lady? Do you know how it is possible for my daughter of Refugee Supreme? Will show up easily!"

"I didn't think about it well. When I saw her for the first time, I felt a strange feeling in my heart. I felt that she was the person I was looking for in the battlefield of death. That's why I said this without a word. Presumptuously!" Li Tian said.

Refugee Supreme was slightly angry on his face and said, "What? Do you regret it?"

"I have no intention of this. What I said by Li Tian will definitely count. If the lady is willing now, then I will take her to the tavern immediately!" Li Tian said.

The expression on Vagrant Supreme's face improved slightly, and he said, "Li Tian, can you stay in this homeless land forever? Five hundred years later, the secret realm will be opened again, so how would you choose?"

"If you trust me, you can give her to my hands as much as possible, and I will take her away from the death battlefield! Of course, this kind of trust is not a word I said today, you will completely

trust me, you can be here Investigate me in five hundred years. If what I said is false, then you can kill me at any time!" Li Tian said.

Five hundred years, Li Tian could not take that long at all.

As long as Li Tian obtains the blood spirit source, Li Tian will replace all the wine in the space with spirit source. Then Li Tian will retrieve Tang Xiaolong and the small hot pot and start practicing in retreat. Some of them break through In the realm of the Venerable, Li Tian will come to the battlefield of death in the first time and return to the earth world. Of course, Li Tian will not return these words to the refugees.

Refugee Supreme shook his head slightly and said, "Li Tian, I don't care what purpose you are approaching my daughter. I can tell you the truth. We are refugees. At the beginning, I offended a strong person of the fifth-level peak. Only then was forced to flee into the battlefield of death. From the time I escaped into the battlefield of death, for more than eight thousand years, my enemy is now a powerful ninth-level powerhouse. Once my daughter's identity is exposed, you may be implicated. If you don't have the strength to protect my daughter, then you'd better leave now."

"No! You want me to leave, unless you let me take her away!" Li Tian decided to continue shamelessly and pointed at the mask girl.

Chapter 4189: : Negotiation (1)

At the end of the trial, there was an imperceptible sneer on Refugee Supreme's face, and he said, "Li Tian, let's be more real! From just now to now, what you said is fake, nothing real. It's too weird to want me to trust you based on this first point."

"My Refugee Supreme is such a daughter. I value my daughter more than myself. I have already lost a bet before. Now if I am not sure, I will never let my daughter get involved in danger!"

Sure enough!

Li Tian felt that although he was sincere, there was no real thing after all. In front of the 10,000-year old demon like Refugee Supreme, it was like a child playing a ghost trick in front of an adult.

Since Refugee Supreme speaks so bluntly, then Li Tian is not pretending.

Li Tian sat upright and drank the difference in the cup in his hand and said, "Well, since you want to listen to the real material, then I am not playing with it. If you want to know what the content is, I will tell you listen!"

Refugee Supreme nodded slightly and said, "First of all, tell me about your identity! Don't want to lie to me, you have spatial treasures. This shows that your identity is not ordinary. I don't know that you are a descendant of that emperor in the Netherworld! "

"Emperor Queen? Really not!" Li Tian would tell the truth.

Refugee Supreme's face couldn't help but be a little bit more surprised. He wanted to ask if Li Tian was a descendant of the domain master, but he didn't have the courage to say this.

Huang Zun is already a heavenly respect for him, the domain lord is far higher than the Huang Zun, but from Li Tian's speech and behavior, the divine wine refugees who came out of Li Tian really doubted Li Tian. For the descendants of the domain owner.

This question is no longer entangled by the Refugee Supreme, and said: "Then what is your purpose in coming to the death battlefield? Or what is your purpose in the land of the migrants?"

Refugee Supreme's heart actually hopes that Li Tian can name an emperor or a domain lord, and then tell him that a certain tycoon thinks about these spiritual sources in the land of the refugees, and then...

Unfortunately, his idea did not become a reality.

Li Tian thought for a while and decided to tell the truth: "You should be able to guess my purpose. For me, I have enough spiritual sources now, and for the time being, I cannot absorb the spiritual power from the spiritual sources. So ordinary spiritual sources are of no use to me..."

"Could it be... Are you here for the blood spirit source?" Vagrant Supreme was surprised.

Li Tian pushed the tea cup down in front of the masked girl and asked the face girl to refill the cup for him. Then he nodded slightly and said, "Yes, there are at least a million people in this death battlefield who want to get the source of blood, and I, Li Tian, is naturally one of them one!"

"As the actual controller of the land of the refugees, you should know that this blood source has now entered the land of the refugees! But the land of the refugees is too dangerous for us trialers in the underworld, so I will Thinking of finding a collaborator who can provide me with the necessary protection and identity cover!" Li Tian said.

Refugee Supreme nodded slightly.

As long as there are abnormal energy fluctuations in the land of the refugees, he is well aware of it, and he naturally knows that the blood source enters the land of the refugees.

However, the Refugee Supreme also knows that this blood spirit source is not so easy to obtain. This thing does not depend on whether you are descendants of the emperor or the descendants of the domain master. As for this thing, it depends on fate.

At this time, the mind of Refugee Supreme was turning quickly. This blood source should be very important to Li Tian, and it seemed that he was bound to win.

What he can do is to give Li Tian accommodation and give Li Tian a certain degree of safety protection.

"What kind of benefits can I get?"

"There is still a lot of fine wine in my space treasure..."

"Although the wine is good, I don't need it!" Refugee Supreme shook his head slightly.

"It's okay to change to a spiritual source!"

"Spirit source? Haha, the most important spirit vein in this homeless land is under my control. If you need it, I can give you some spirit sources!"

"So what do you want?" Li Tian asked.

No way, who made Li Tian not have enough bargaining chips.

"Is it true that you like my daughter? Even if you have never seen her look?" asked the refugee supreme.

Li Tian's expression was stunned and found that the masked girl was secretly watching him. Li Tian wondered if he would arouse the anger of the Refugee Supreme if he told the truth now, and then beheaded him again, so Li Tian decided to continue to take the hypothesis as true. Said.

"Yes, I like her! If I want to open a tavern now, then I hope she can still be the proprietress of my tavern..."

The body of the masked girl trembled slightly, and the water that was pouring the Refugee Supreme Tea splashed out of the cup.

"However, it is true that Li Tian has a lot of women. In the future, I will not only marry her, even if she is your only daughter!" Li Tian will tell the truth.

The Refugee Supreme laughed and said, "All the strong in this world, that is not three wives and four concubines? Do you know how many women I have?"

Li Tian was not interested in guessing how many women the Refugee Supreme had, so he did not ask any questions.

"May I tell you that there are more than a thousand women in me. The vast majority of these thousand people and I are just dewy couples, and only seven or eight people were taken back to the Supreme Mansion by me!"

Fuck, Li Tian feels that this vagrant supreme is simply a first-class gangster, and the number of these women is too much. Even the emperor's Sangong and Sixth courtyards in ancient times may not have so many women!

But think again about the life span of Refugee Supreme over ten thousand years and the absolute power he has in this place of migrants. Everything seems understandable.

"Li Tian, I only have one request, that is, you can take my daughter out of here when you leave the battlefield of death, as long as you protect her safety and not expose her refugee status!" Refugee Supreme said sincerely .

Li Tian didn't expect that the Refugee Supreme would actually propose such a condition. This is completely pushing his daughter into the fire pit of Li Tian. Don't you know that Li Tian is not a gentleman?

However, this masked girl has a good figure, but she doesn't know what she looks like. If it's an ugly monster, Li Tianke would have lost her hair.

"Daughter, take off your mask and let Li Tian see your appearance. From now on you will be Li Tian's person."

As the masked girl slowly took off the mask, Li Tian felt her eyes light up.

Even if I have seen a lot of beautiful women, Li Tian, when seeing the face of this masked girl, I feel that these words are made for her, even compared to Li Tian such as Situ Ningbing and Xueji. The women in the past had to be more beautiful.

Chapter 4190: : Negotiation (2)

Liu Jimeng fiddled with the golden mask in her hand shyly. At this moment, she felt that she was like a commodity on the shelf, letting Li Tian's eyes fall on her.

Liu Jimeng could feel that although Li Tian was impressed by her beauty, there was not the slightest enthusiasm in her eyes.

Yes, this is just a business.

Refugee Supreme and Li Tian each get what they need.

Li Tian wanted to obtain the source of blood, while Vagrant Supreme wanted to give Liu Jimeng a chance to go to the Netherworld.

And what is Liu Jimeng? She is not a bargaining chip, she is just part of the gambling game, and also part of her father's wish.

Liu Jimeng was a little sad.

The girl Huaichun, Liu Jimeng originally thought that Li Tian was the prince charming she was waiting for, even if he opened a tavern with Li Tian for five hundred years, and then took her away from the battlefield of death and wandered the world.

But Liu Jimeng guessed the ending but did not guess the process.

Yes, Li Tian would take her to the Nether Realm, but in this way.

Liu Jimeng felt her heart broken, but she woke up from the dream of beautiful love.

"Li Tian, if you treat me like this today, I swear that I will make you regret what you did today!"
Liu Jimeng slowly put on the mask, thinking angrily in his heart.

...

The Refugee Supreme hopes that Li Tian can stay in the Supreme Mansion, and then he will be responsible for guiding Li Tian's practice, so that he can absolutely guarantee Li Tian's safety, and also allow Li Tian and his daughter Liu Jimeng to have emotional exchanges.

Li Tian did not hesitate to refuse the invitation of Refugee Supreme.

It is safe to stay in this supreme mansion, but completely lose freedom.

You must know that Li Tian's secrets are not just space treasures. In the space of Void Yasha, there are three beauties, Situ Ningbing, Xueji, and Ye Meijing. In the space of Qiongluo in the sky, there are also north and south. Venerable, if it is really exposed, Li Tian doesn't know what trouble it will cause.

After coming out of the Supreme Mansion, Li Tian was followed by the masked beauty Liu Jimeng.

However, Liu Jimeng has changed into a set of clothes that Li Tian gave her. This dress is unique to the earth world. When worn on Liu Jimeng, it shows her figure perfectly. This is Liu Ji As soon as the dream came out of the Supreme Mansion, it immediately became the focus of everyone.

Fortunately, Li Tian had the foresight. Liu Jimeng's face was replaced with an ordinary mask. Now from the outside, no one would know that Liu Jimeng is the daughter of the refugees.

Before coming out of the Supreme Mansion, the Supreme Mansion had already made arrangements.

Li Tian followed Liu Jimeng to a street not far from the Supreme Mansion and spent more than 500 Lingyuan to buy a yard facing the street.

The yard is not big, no more than 1,500 square meters before and after. The house facing the street is a grocery store. Behind the grocery store is a square yard. The yard is bare and does not feel like a garden, but piles up some items unique to the battlefield of death.

When I bought the yard, Li Tian told the landlord that it was clear that Li Tian bought the yard in name only for 500 years. After 500 years, Zhao returned the yard to the landlord for free.

Until Li Tian and the landlord established a written record, and Li Tian handed over 500 spiritual sources to the landlord, the landlord felt that all this was not very true!

The grocery store on the street was originally full of worthless groceries. The landlord was so excited that he dumped the groceries in the grocery store directly to Li Tian.

It is somewhat troublesome to change the grocery store into a tavern. The groceries are worthless and occupy a lot of space, and the flavor of these groceries is quite strong. Walking into this grocery store is like entering a Chinese herbal medicine store.

Smell too much will definitely make people feel head pain, this kind of pub is obviously not suitable.

"Brother, what should we do with so many groceries? Or throw them all in the backyard! This smell is really irritating!" Venerable Shi Lei said with some worry looking at the groceries in the grocery store.

For those of them who are devoted to cultivation, dealing with these trivial matters is far less refreshing than fighting and killing. If you let him go out and kill a strong person at the first level, then Master Shi Lei Without frowning, but asking him to deal with these groceries is really embarrassing to him.

Venerable Shi Lei now admires Li Tian for the five-body cast.

Just talk about the number of trialers in the Netherworld who are on the battlefield of death, but that trialer has the courage to open a tavern in the refugees' land, and the other trialer controls the two as soon as he enters the refugees' land. The venerable man, even the daughter of the refugee supreme has been abducted by this man to become his wife.

"Xiao Lei, what do you want me to say about you, are you just like this? What do we want these groceries for? You can find a few people at will to give each person a spiritual source, and let them move in this grocery store at will, As long as you don't move my little wife away, everything else can be given to them, I don't believe there are people who don't want it!" Li Tian said.

No way, what we have now is Lingyuan, that's so confident.

As for the spirit source that was spent more, the wool came out of the sheep. Later, every bottle of wine would add ten more spirit sources to earn it back!

These trivial matters were handed over to Shi Lei, a dazzling Venerable. Li Tian stretched out and took Liu Jimeng's hand, clasped Liu Jimeng's palm with his fingers, and said, "My little one will be here soon. Become our tavern, and you will come here to be the proprietress in the future. Should we celebrate and kiss?"

Li Tian, a sorrowful man, obviously only covets Liu Jimeng's beauty, but this guy is very serious when it comes to sorrow. If Liu Jimeng had not seen everything in her boudoir, I'm afraid he would still be treated by Li Tian. Sweet talk to deceive.

Liu Jimeng drew his hand back, and said coldly, "Wait until you take me out of here!"

Li Tian is boring to ask himself, and he doesn't know which of Liu Jimeng's tendons didn't make the right way. Since you are so **** holding the air, then Lao Tzu is not willing to wait.

At this time, more than a dozen refugees have rushed into the grocery store. These refugees just move when they see things. If Li Tian said in advance that his wife Liu Jimeng would not be allowed to touch his wife Liu Jimeng, those **** might really dare to treat Liu Ji. Dreaming.

For these refugees, this is the biggest good thing they have encountered since they entered the land of the refugees. You can grab anything from the grocery store, and everyone has a spiritual source to pick up. The boss is definitely his head caught by the door. Will do this kind of thing!

In less than an hour, the grocery store, small courtyard, and several houses were looted.

At this time, Li Tian couldn't help but think of Xiao Baimao, thinking of the days when he robbed Xiao Baimao, and didn't know what happened to Xiao Baimao and the others following the Third Nether Lord!
