

## A Killer 4191

### Chapter 4192: : Opening of a pub (2)

Li Tian and Venerable Shilei simultaneously teleported and appeared at the entrance of the bar. ,

Li Tian saw that the street where the bar was located was already crowded with people at both ends, and the whole street was surrounded by water. The owner of the tavern to which Venerable Nanshan and Beishan belonged stood proudly at the entrance of the bar with five Venerables. The location at eight meters.

The tavern owner glanced around, with a slight expression of disdain on his face, and said to Li Tian: "This is the land of the refugees, and the rules of the land of the refugees must be followed. The rules of the pub industry are determined by our eight It was made directly by the Mountain Venerable Organization!"

"If you want to open a tavern in Flurry City, you must get my consent! If you are acquainted, now you immediately close the tavern, accept the punishment first, and wait until we review and agree to open it!"

The Badashan Venerable Organization is mainly composed of eight Venerables. Their Venerable titles are called "Up, Down, Left, Right, Southeast, North, East, and North" respectively.

The number of the venerables in this veteran organization occupies a large proportion of the refugees, so they can dominate the luxury alcohol market in the migrant city, which includes the purchase of alcohol and the sales through the tavern.

The Nanshan and Beishan Venerables of the Badashan Venerable Organization disappeared out of thin air, which damaged the strength of the Badashan Venerable Organization and even its reputation. In the past few days, other Venerable organizations have started. Facing the penetration of the alcohol industry, the Badashan Venerable Organization felt that their former power was being challenged.

At this time, the Badashan Venerable Organization must tell the other Venerable Organizations with a vigorous and fierce victory, who has the final say in the tavern industry in this refugee city.

The target they chose was Li Tian.

There are several natural advantages to choosing Li Tian. First, Li Tian is not a refugee, so Li Tian does not have so many complicated protections in this city of refugees. Secondly, there is only one Venerable by Li Tian, and his strength is not very strong, but They have the minimum conditions to meet the Venerable, and the most important thing is that Li Tian has a treasure in space. As long as this treasure is stored, the strength of the Badashan Venerable Organization can be greatly improved. And consolidate.

"Brother, they have six Venerables. If they rush to do it, we probably won't have the slightest chance! If they really want to do it, then you must not hesitate, Brother, just hide in the space!" Venerable Shi Lei approached Li. Tian said in a low voice.

Li Tian's brows couldn't help but frown.

The strength of the two sides is very different. Even if Li Tianjia can deal with one Venerable, the remaining Venerable Shilei, your Nanshan and Beishan Venerables, then fight against a Venerable,

but the other side has two Venerables. In this way, two teams will be formed, and Li Tian may not have the slightest chance of winning.

And the most important thing is that the two venerables of Nanshan and Beishan, Li Tian, cannot be exposed yet. These two venerables, Li Tian, plan to never bring them out before leaving the battlefield of death, otherwise Li Tian will have more troubles. .

Li Tian smiled slightly and said to Venerable Shangshan: "I am new to here, but do I understand the rules very well? I would like to ask you more."

"But before I opened the tavern, I had paid a special visit to Vagrant Sovereign. Vagrant Sovereign still supports my tavern. Now he is a member of our tavern. Please take a look at the small things in the face of Vagrant Sovereign. melted."

"Speaking of fines, I'm willing to pay no matter how much you fine, but the closing of the shop is..."

"Li Tian, what are you, you dare to bargain with us?" Venerable Shangshan said with a sneer.

In the eyes of Venerable Shangshan, Li Tian is just a tester from the Netherworld, how could he have any intersection with a superior person like the Refugee Supreme?

Besides, what kind of status is the Refugee Supreme. If he needs Li Tian's wine, it is just a matter of one sentence. Should he surrender his status to become a member of Li Tian Pub?

What even made Venerable Shangshan feel uncomfortable was that Li Tian actually used Refugee Supreme to suppress them.

In their eyes, although the Refugee Supreme is the second-level strongest of the elders, it is no more than the elders, and can provide them with limited deterrence. What's more, the Badashan Venerables organization has a history of thousands of years in controlling the liquor market It's not his Refugee Supreme alone can say it!

As soon as the words of Venerable Shangshan fell, the other Venerables immediately laughed wildly.

"Li Tian, I think you haven't figured out the situation yet. We are here to inform you of the results, not for you to bargain with us!"

"Yes, what qualifications do you have to bargain with us? Is it possible to rely on a venerable person behind you?"

Li Tian was not angry, and continued: "I know that my people are humble and are not qualified to bargain with you, but are you too arrogant if you don't put the Vagrant Supreme in your eyes? This is only one step away from the Supreme Palace. , Aren't you afraid that the refugees are angry and blame you?"

"Hahaha!"

These venerables laughed wildly. They seemed to have heard the most funny joke in the world, and they couldn't even straighten their bodies. Even the passers-by who were watching nearby were smiling unobstructed.

Venerable Shangshan said with a sneer: "Blame it? Not to mention that the Refugee Supreme is not here, even if he is here, can he still intervene in the affairs of our Badashan Venerable?"

"He is old. This death battlefield belongs to us young venerables in the future. If his eldest son wants to continue to sit firmly in this Supreme Mansion, then he will not easily provoke anyone in the refugee city. Lord! Otherwise..."

At this moment, a powerful pressure suddenly fell in the sky, and this pressure made everyone on the street shudder, and even the expressions of the arrogant Venerable Shangshan and others could not help but slightly change.

Huh!

The figure of Venerable Refugee Suddenly appeared behind Venerable Shangshan. He pinched the back of Venerable Shangshan's neck like a chicken, and with a sudden force, he lifted Venerable Shangshan directly, his face was full of waves. Unrivaled cold arrogance!

"It seems that I have not come out for too long, and now I dare to speak up to me near my Supreme Mansion! It seems that you still don't know how to write the death words on the battlefield of death. Today, I, the Refugee Supreme, will personally teach you. !"

As soon as the words of the Refugee Supreme fell, he clenched the palm of the Venerable Shangshan's neck with a sudden force, and the neck of the Venerable Shangshan immediately made a "crack", and then the head of the Venerable Shangshan fell aside in an instant.

It's already dead and can't die again!

And at this moment, Li Tian suddenly moved, and a teleport appeared beside Venerable Dongshan, reaching out to pat the Venerable Dongshan who was controlled by the Refugee Supreme!

Huh!

Venerable Dongshan disappeared!

Chapter 4193: : Opening of a pub (3)

The picture is a bit weird, and the eyebrows of Vagrant Supreme can't help but move slightly.

The Refugee Supreme could clearly feel that there was no energy fluctuation at the moment when Venerable Dongshan disappeared. This shows that Venerable Dongshan disappeared not because of his teleporting, but because of Li Tian.

But how did Li Tian do it?

Li Tian is only the strength of the eighth-level cultivator, how could he make the Venerable first-level power disappear instantly.

"Why did you run away? Just now I didn't feel like I was the number one in the world. How did you run away when you saw the arrival of the Refugee Supreme?" Li Tian said as if nothing had happened.

Taking control of these venerables under the coercion of the Refugee Supreme, Li Tian teleported to the side of Venerable Xishan again, stretched out his hand on the back of Venerable Xishan, and said, "You don't want to run, right? ?"

As soon as Li Tian's voice fell, Venerable Xishan disappeared again.

"Fuck, I really ran away!" Li Tian said in surprise.

Venerable-level battles took place in the refugees' land. Although the battle was only a momentary time, the strong energy fluctuations still alarmed the other Venerables in the Vagrant City.

Huh!

Huh!

Huh!

Venerable experts continuously teleported to the entrance of the bar street. Among them, all the Venerables in the nearest Supreme Mansion were all present. The number of Venerables in the Supreme Mansion is not counted as the refugees, but it has reached ten. Among the ten venerables, five of them are the sons of the Refugee Supreme. They are really tiger fathers and no dogs!

Looking at Venerable Shangshan who fell on the ground, these Venerables did not have any expressions on their faces. For them, Venerable Shangshan was dead, so it was not much different from a pile of rotten meat.

"My father, why are you so angry?" a fat man who appeared to be in his 50s or 60s walked up to Refugee Supreme and asked.

This fat man is the noble eldest son of refugees named Liu You!

Regardless of his fatness, he is the one with the highest cultivation talent among all the sons of Vagrant Supreme. At the age of five thousand years, he now possesses Venerable's first-level peak strength, and only three people can reach Liu You's level in the entire refugee land. That's it!

"Hmph, a few ignorant boys rushed behind to criticize this supreme, and this deity kills one person when he gets angry!"

"It seems that our Supreme Mansion has not shown its strength in the Floating City for too long. It has made these young people forget who is the owner of the Floating City! Liu You, now I have handed over the Floating City to you. If you do not have this strength If you are in control, then I..."

Liu You's eyebrows jumped slightly, and he folded his fists and said, "My father, calm down, and I will let them know who is the real master of the refugee land!"

This is Refugee Zhizun and Liu You taking this opportunity to play double acting!

As Venerable Shangshan said earlier, Vagrant Supreme is very old, and now the power of Vagrant City is in the hands of Liu You, and all the other parties are watching Liu You.

If Liu You can show the courage of his old Refugee Supreme, then the other venerables will immediately bow their heads and proclaim them, but if Liu You fails to show his iron and blood, then when the Refugee Supreme dies, this place of refugees will inevitably fall into chaos.

In less than 30 seconds, the Venerable Shangshan in the Badashan Venerable Organization was killed, and the two Venerable Eastern and Western Mountains fled, leaving only the mountain and the Venerable Mountain on the street.

The three of them were already terrified. After hearing the conversation between the Refugee Supreme and Liu You, the bodies of the three Venerables were shaking.

The Venerable is also a human being, and he is also afraid of death.

If it were not for fear of death, they would not hide in the battlefield of death to avoid the enemies of the Nether Realm from chasing after them. For them who are already at the pinnacle of the Vagrant City, they finally have their current position. Reluctant to die.

"Rather than being killed by them here, it is better to escape and fight!" Venerable Downhill thought in his heart.

Suddenly, Venerable Downhill violently used a gravity attack, barely breaking the coercion exerted on him by the Refugee Supreme.

Huh!

A Venerable teleported down the mountain disappeared.

At the same time, Liu You and the other two Venerables in the Supreme Mansion disappeared at the same time as the Venerable descended the mountain.

At the moment when the Venerable teleported, the powerful fluctuations in his abilities could easily be caught by the powerhouse who was also the Venerable. What's more, the Venerable Mountain was also heavily controlled by the Vagabond Supreme, and three Venerables were chasing him. This minimized his chances of escape.

As expected, within a minute, Venerable Liu You and two other Venerables appeared on the bar street again, and Liu You also had a \*\*\*\*\* head in his hands.

Snapped!

Liu You threw the head of Venerable Downhill on the ground, and said with a sneer: "This is the end of the enemy of our Supreme Mansion!"

There is no need for extra words, just a simple sentence is enough to reveal his domineering, and the onlookers on both sides of the street are deterred by this domineering and retreat one after another.

Standing in front of the bar, the left and right Venerables looked at the body of Venerable Shangshan and the head of Venerable Downhill, and their hearts were filled with ashes.

There must be no escape, and the only solution for this is to kneel down and beg for mercy.

Puff!

Venerable left and right knelt on the ground, lowered his head, and said tremblingly: "Please forgive us, Lord Supreme and Lord Lord! The two of us absolutely dare not betray Lord Lord and Lord Supreme! Please give us a chance! "

The two Venerables raised their heads again and looked at the other Venerables who appeared on the street, hoping to find some Venerables who were related to them, hoping to get help from other Venerables.

But the other venerables could not help but look away contentedly when they saw the gazes of the left and right venerables. Their gazes were either looking at onlookers in the distance or falling on Li Tian's bar sign.

The wall fell down and everyone pushed, and even some of the Venerables who had suffered from the Badashan Venerable Organization sneered and remonstrated to Liu You, hoping to kill the right and left Venerables together to show the majesty of the Supreme Palace.

Seeing the two venerables actually kneel down on the ground begging for mercy, those onlookers could not help but feel the chill behind them, and the eyes of these onlookers looking at Li Tian had completely changed.

"Who is this kid? Why would even the Supreme Mansion come forward to support him?"

"Who knows? According to rumors, this kid is a descendant of the domain master, otherwise the Supreme Mansion would not protect him like this!"

Li Tian turned a deaf ear to these discussions. Such rumors would not harm Li Tian. On the contrary, it would better protect Li Tian's safety in the Vagabond City, and it would only benefit Li Tian to find the source of blood spirit in the future!

As for the real relationship between Li Tian and the Supreme Mansion, let them guess. Anyway, there is already a puppet mask girl in the Supreme Mansion. No one would have thought that the real Liu Jimeng Pi Niang is now in the backyard of Li Tian's bar. Put Li Tiannuan in bed!

Li Tian was also not interested in knowing what Liu You would do with the Lord, and now he wanted to use this opportunity to promote his bar and lavish money. Is there a better chance to promote the tavern than now?

"Master, you are our supreme member. You can enjoy a free beer drink today. Would you like to come in and sit down?" Li Tian said while the iron was hot.

Chapter 4194: : New cooperation (1)

Refugee Supreme sat on the large sofa in the bar, feeling the comfortable sofa, his eyes kept sweeping around in the bar.

Although he is a venerable person, the figure standing at the pinnacle of this refugee city, he has never seen this kind of weird furniture, and has never seen such a bold layout.

Before the beer was served, the Refugee Supreme couldn't wait to say to Li Tian: "Your furniture is good. Compared with the furniture in your tavern, I feel that my Supreme Mansion is a bit shabby! Or you can give me some sets, I will recommend a few more supreme members to you, to ensure that no one dares to look for things in your tavern!"

"Farewell! You are the only member of the Supreme Membership. For the time being, I don't want to develop so many Supreme Members. Besides, my bar just opened, and a spiritual source has not been earned. If you get me a group of Supreme members, every Everyone is like you, thinking about drinking my free beer, then I must not worship it!"

"Furthermore, there are not a few pieces of this furniture. I have used them in the houses behind bars and courtyards. If you insist on this furniture, then I won't stop you. You lift the furniture in my bar with your front foot. Go, I will go to the backyard and move all the furniture of the girl in the backyard to the bar."

"When the time comes, no one will stop me. I will not only put all the furniture in the bar, but then let the beautiful lady in the backyard lie on this bed, so that I don't need to do anything by then. , That Lingyuan must be walking into my pocket like running water!" Li Tian said with a smirk.

Refugee Supreme really wanted to pinch Li Tian to death, so he dared to smash his daughter Liu Jimeng.

"If your kid dared to bully him, do you believe it or not that I fired your bar with a torch? Then drive you out of the land of the refugees? Let the venerables of the land of the refugees chase and kill you if nothing happens?" The beard stared.

Li Tian immediately smiled and said: "Don't tell me, we are the closest partners, why are you so serious? Besides, if you order my bar, I and the girl in the backyard and our child's milk powder money can't be asked by you. ?"

"You already have children? It's... so good, so I won't be afraid of your kid cheating on me. When you leave the battlefield of death, you can speak as much spiritual source as you want, but this milk...what is milk powder? "Refugee Supreme asked curiously.

I rub!

"What is this Refugee Supreme pretending to be in his mind? Is it that Li Tian is not a stallion? Is it because your girl came to me to be sown? Besides, it has only been a few days, how could there be children? What?"

Li Tian also didn't bother to explain this kind of thing, and in case the milk powder was entangled by the Refugee Supreme, it would be a bad thing to be unclear at that time.

"Since you are willing to think so, think so, anyway, children will have things like this sooner or later!"

Li Tian turned around and shouted at Ye Meijing: "You little Pi Niang is itchy, right? I often tell you about your service awareness and customer experience. Why hasn't beer been served yet?"

Ye Meijing glared at Li Tian fiercely, thinking that this is not all you arranged? I don't know how to calculate the Refugee Supreme in the eyes of your strange mind!

"Who is she? Is it Ye Cheng Huangzun's daughter?" Refugee Supreme asked with a serious expression on his face when Ye Meijing delivered the beer.

During this period of time, Refugee Supreme sent people to conduct a detailed investigation on Li Tian, but the final result of the investigation was only to know that Li Tian and the third son of You Ming had some involvement. There was a woman next to Li Tian, and that The woman is Ye Meijing, the daughter of Yecheng Huangzun, but this woman named Ye Meijing did not show up again before Li Tian entered the refugee city.

Li Tian did not directly answer the question of the Refugee Supreme, but said to him: "You must be very curious why the Venerable Dongshan and the Venerable Xishan disappear in front of you, but you can hardly feel their teleportation. Energy fluctuations? I must be curious why Ye Meijing suddenly appeared in my tavern, right?"

Refugee Supreme nodded slightly.

Li Tian smiled slightly and continued: "Then I will answer your question first. She is Ye Meijing, the younger sister of Ye Liangchen, one of the three sons of the Netherworld, and the daughter of Ye Chenghuangzun!"

With Li Tian's affirmative answer, the face of Refugee Supreme finally showed shock.

"Why is she here?"

"I can't help it. I didn't want to bring her here to play, but she has to stalk and follow me, and even prefers to be a cow and a horse for me, so I can only take her, you see, now she My identity is my clerk in the tavern, she is happy every day!" Li Tian said.

Refugee Supreme could not help but take a breath.

Previously, the Refugee Supreme had suspected that Li Tian was a descendant of a certain emperor or a domain lord, otherwise he would not have space treasures. Now that Ye Jingjing, the emperor's daughter, followed Li Tian, he was even more certain. Judgment.

Li Tian didn't know the true thoughts in the hearts of the refugees.

He knew that the matter of continuously sending Venerable East and West into the Qiong Lance of the Sky in front of the Vagrant Supreme was definitely something that could not be concealed from the Vagrant Supreme.

Although the Refugee Supreme may have various concerns and will not ask Li Tian for the time being, it does not mean that Li Tian is always safe.

Li Tian understands that the so-called loyalty means not enough chips for betrayal.

In this case, Li Tian can only use Ye Meijing's identity to pull the tiger skin as a banner, so that the Refugee Supreme thinks that his background identity is quite strong, and he dare not move him and protect him. He also believes that Li Tian is capable. Take Liu Jimeng to the Netherworld!

Li Tian opened the beer and handed it to Venerable Refugee, and watched the Venerable Refugee drink.

After a can of beer was drunk by Venerable Refugee, Li Tian continued: "I know you want to return all the Refugees to the Nether Realm, but do you think this is a reality?"

"Aside from anything else, I can see from the events organized by the Badashan Venerables today that the refugees may not always believe in the Supreme Mansion. Maybe your Supreme Mansion wants to return to the Netherworld, but other Venerables may not think so! "

Refugee Supreme nodded slightly.

He didn't dare to rule out whether his plan failed this time.

"Furthermore, although the opponents that the refugees in your land of refugees offend in the Nether Realm are not necessarily the powerhouses of the emperor level, it is equally unrealistic to want a certain emperor to cover all of your refugees!"

Refugee Supreme nodded slightly again.

"Then would you like to discuss another cooperation with me! This time the bargaining chip is not the woman in the backyard, but you and the entire Supreme Mansion?" Li Tian suddenly asked him.

## Chapter 4195: : New cooperation (2)

Refugee Supreme's hand trembles slightly. .

Although Li Tian hasn't said the specific matters of cooperation, Refugee Supreme feels that his conjecture is definitely close to the truth.

As my daughter Liu Jimeng said, things really turned around, and the turnaround came so quickly. The Refugee Supreme Dignity, the second-level strong man, was so gloomy at this time. He tried his best to control the excitement and poured another can of beer on the table, which calmed down a little.

"You said you need our Supreme Mansion for what?" Refugee Supreme asked with a trembling voice.

Li Tian looked into the eyes of Refugee Supreme and said, "What do you think Supreme Mansion can do for me?"

Refugee Supreme did not hesitate, and said: "The most important thing in Supreme Mansion is the spiritual source, but this spiritual source does not seem to be very attractive to you. If you are willing, the wine you brought in is enough for you to exchange for. Enough spiritual source!"

Li Tian nodded slightly and said, "Yes, the spiritual source is enough for me personally, but I still need more spiritual sources, stronger strength, and more immediate combat power!"

Li Tian's future is going to the Nether Realm. Below the Venerable, there are ants, and the strong like the forest of the Nether Realm, then Li Tian must arm himself. This spiritual source is too slow to cultivate the Supreme, far from reaching it. Li Tian's request.

When using the Soul Detention Dafa to control Venerable Nanshan and Venerable Beishan, Li Tian thought of training a team of his own, so that even if Li Tian went to the Netherworld, he would not be caught blind!

But the soul detention Dafa Li Tian can control at most eight people. In addition, Li Tian has already used the soul detention Dafa to control two people in Dongying Island, so Li Tian can only control at most six venerables now.

This amount is far from Li Tian's requirements.

Unable to control the venerable with the soul detention Dafa, and want to quickly expand the team of venerable, Li Tian can only lock the target on the refugee supreme.

Refugee Zhi said: "Do you want our Supreme Mansion to take refuge in you? But can you guarantee our safety to the Nether Realm? My enemy may be jealous of you, but he will not be jealous of us refugees. ,By the time....."

Li Tian smiled slightly, interrupted the words of Refugee Supreme, and said: "I will take you to a place, then you will know if I have the ability to guarantee your safety!"

While speaking, Li Tian came to the side of Refugee Supreme, and stretched out his hand to bring Refugee Supreme into the space of Qiong Lance of Heaven!

Refugee Supreme only felt a flower in front of him, he had appeared from Li Tian's bar in a strange hall.

Even if the Refugee Supreme has seen the broad knowledge again, his face is full of astonishment.

"This...Where is this? Is this in your space treasure? Is it true that the space treasure that can accommodate living people in the legend is actually true?"

Li Tian nodded slightly and said, "Yes, this is my space treasure. For the time being, although I can't let everyone in your Supreme Mansion enter the Nether Realm, you can live here first, because this treasure is my carry-on. Carry, so the curve to save the country is also equivalent to you have entered the Netherworld!"

"When I have enough strength to protect your safety, I will let all of you leave this space!"

Feeling that his eyes were not enough to see, Vulture Supreme slowly walked out of the hall. When he looked at the green grass and the blue sky outside the hall, Vulture Supreme's eyes were a little wet.

"For thousands of years, I thought I would never see this kind of sight again!" Refugee Supreme's voice tremblingly muttered to himself.

Huh!

Refugee Supreme disappeared instantly.

He was too excited, too excited, and wanted to see what the whole picture of this space looked like.

At the moment when the Refugee Supreme disappeared, the figure of the four mountains in the southeast and northwest appeared beside Li Tian.

"Master Li Tian, Venerable Dongshan and Venerable Xishan are already willing to submit to their masters, and I ask the master to spare them the death penalty!" Venerable Nanshan bowed to Li Tian.

With that, Venerable Dongshan and Venerable Xishan took two steps forward, half kneeling in front of Li Tian, and said to Li Tian: "Master Li Tian, please forgive us. Our four brothers are willing to work together to follow the master."

Li Tian smiled triumphantly, stretched out his hands to support Venerable Dongshan and Venerable Xishan, and said: "Since you are willing to follow me, then it means that you are willing to accept the control of my soul prison!"

Venerable Dongshan and Venerable Xishan nodded at the same time.

Li Tian was also unambiguous, and immediately performed the soul detention Dafa. After a few minutes, Li Tian controlled the souls of the two venerables, Dongshan and Xishan, who became Li Tian.

As a result, Li Tian's team already has four venerables, and with the addition of Master Shilei, Li Tian's power cannot be underestimated in this refugee city.

"Where is the vicious dog?" Li Tian asked.

Venerable Nanshan stepped forward and said: "Your mount is full of spirituality. Knowing that the four of us are protecting you now, we went to retreat and practice by ourselves. This space is really vast, and the vicious dog has completely condensed the energy of the whole body. We don't know where this bad dog is!"

Li Tian did not continue to entangle the matter, and followed the four Venerables to repeat the narrative of what happened outside. The four Venerables heard that the Venerable Shangshan and Venerable Downhill had been killed, and the Badashan Venerable Organization had also collapsed. Can't help but feel a little embarrassed.

But more of them feel fortunate. If it were not for Li Tian, perhaps they would inevitably follow this old path.

It took a full hour after the Refugee Supreme Teleported and disappeared before he returned to Li Tian. He had no interest in the four nobles who appeared beside Li Tian, but excitedly said to Li Tian: "I agree to cooperate with you! When I go back, I will start arranging the migration work of the Supreme Mansion!"

"People who are not far-sighted must have immediate worries. We must consider long-term issues. Once your Supreme Mansion leaves the refugee city, it will be more difficult to obtain spiritual sources. Therefore, according to my plan, Supreme Mansion will start from now on. In the beginning, I tried every means to collect and search for the spiritual source. You must know that this spiritual source is not only a necessary product for the cultivation of the cultivator-level powerhouse, but also a common hard currency in the Netherworld."

"So we have to take a long-term plan, at least two steps, the first is the spiritual source, and the second is the space construction!" Li Tian said.

Refugee Supreme nodded quickly and said to Li Tian: "This space is so vast, why not bring in all the migrants in the land of migrants? If this is the case, I believe they will be very grateful to you!"

"I am Li Tian, not a god! I am not obligated to take all the refugees out of the battlefield of death! And you must remember that this is our cooperation, using all the venerables of your Supreme Mansion as a bargaining chip to cooperate with me!" Li Tian said

Chapter 4196: : The girl's self-respect (1)

For people who play politics, they will never feel safe, for example, the refugees are supreme.

After coming out of Li Tian's Qiong Spear of the Sky, Refugee Supreme became more and more aware of the power behind Li Tian, and he also felt more and more unfathomable.

This space treasure can no longer be a treasure, it should be said to be an artifact.

Can you guess that a person with a magical tool will be weak behind him?

Also, Refugee Supreme guessed that Li Tian possessed at least two or more space treasures, because in the space of Qiong Spear of the Sky, Refugee Supreme did not find those divine wines stored by Li Tian. This can only explain Li Tian's Divine wine exists in other spatial treasures.

Space treasures, and there are still two pieces, one of which is still a divine weapon, you have to say that the power behind Li Tian is only Huangzun, the refugees and the supreme do not believe it.

The more I feel that Li Tian is unfathomable, the more Refugee Supreme feels insecure.

The Refugee Supreme did not know why Li Tian came to the death battlefield, why he wanted to recruit the Supreme Mansion, but the Refugee Supreme understood that for Li Tian, the Supreme Mansion's venerables were just thugs, and they were also the first-level thugs.

Refugee Supreme believes that Supreme Mansion is not irreplaceable. Li Tian only needs to talk about his thoughts. I don't know how many venerables in the refugee city will break their heads and want to become Li Tian's thugs.

Therefore, the Refugee Supreme has no sense of security. Fortunately, he has an advantage over the other nobles, that is, Li Tian's favor with Liu Jimeng, and the spiritual vein that the Supreme Mansion possesses.

If you want to hold Li Tian firmly, even if you become Li Tian's thugs, Refugee Supreme needs to put his posture very low, so the first thing he did when he came out of the spear of heaven was to All the spiritual sources accumulated over thousands of years in the Supreme Mansion were successively transported to Li Tian's bar and handed over to Li Tian's hands.

This is surrender!

Next, the Refugee Supreme made another incredible move, which turned out to be a forced marriage.

You are not mistaken, it is forced marriage.

Similar to the ancient kings of the Huaxia Kingdom, they used their children's marriages to maintain political relations. The Refugee Supreme was worried that Li Tian would kick him away after using him, so he forced Liu Jimeng to marry Li Tian, at least in the short term. Take Li Tian. damn it! Li Tian is still kept in the dark.

Li Tian has become accustomed to Liu Jimeng playing the cold war with him, and these days, playing with Ye Meijing, the little Pi Niang, is a real pleasure.

"Li Tian, you bastard, you dare to move your hands and feet in front of other people, be careful, grandma, I will waste your lower body skills!" Ye Jingjing said to Li Tian.

Li Tian put his hand back on the palm of Ye Meijing's hips, and said with a wry smile: "Do you mean that I can act on you when there is no one? And how do you know that I have skill in the lower body? Have you ever learned? Hey, should we learn from each other?"

Even if Ye Meijing is a teenage girl after all, when Li Tian said that, her cheeks flushed.

Li Tian became shameless, even his own fear, Ye Jingjing, this little Pi Niang is Li Tian's opponent.

However, Ye Meijing said that Li Tian didn't know how to do it directly. He threw off his arms and rushed to Li Tian's side. He twisted Li Tian's ears and said sharply, "Come on, let auntie learn your skills!"

Venerable Shi Lei, who is working as a buddy in the bar, felt that he was a superfluous person, and said to Li Tian, "Brother, if you are busy, I will go to the door to guard, let's suspend business today!"

"Don't..." Li Tiangang said a word, and Master Shi Lei had already teleported and disappeared.

"Little Pi Niang, this bar has been in business for a few days. Except for the free cans of beer that the migrant supreme drink, we don't even have income from a spiritual source. If this continues, are you planning to drink Northwestern with me? Or else, how about your sacrificed Hue standing at the entrance of the bar and soliciting customers for us? I will not treat you badly and give you a

10% commission!" Li Tian stretched out his hand and patted Ye Meijing's hip again. , Said with a mean look.

Li Tian just likes to have fun with Ye Meijing, the little Pi Niang, if she really wants to let Ye Meijing visit guests, then Li Tian would definitely not agree! Leaving aside the issue of the source of spirit, if the third son of Nether Ming knew that Li Tian treated Ye Meijing in this way, wouldn't he still be chasing Li Tian on the death battlefield again?

Even if there are refugees who protect Li Tian, they may not be able to protect Li Tian!

Besides, there are now more than 10,000 such things as Lingyuan in Li Tian's space, enough for everyone in Li Tian's team to cultivate to the ninth level of the cultivator. As for the bar to make money by selling alcohol, it is useless for Li Tian to be anxious. Who told the two sages to die at the door on the day the bar opened? Now those venerables in the refugee city detour when they see Li Tian's bar.

This is not in a hurry. You can only plan slowly. Anyway, Li Tian's marketing routines before the end of the world are casually used, and the battlefield of death will definitely feel refreshed!

"Li Tian, are you really willing to give grandma to aunt? Do you want grandma to stand in the doorway and dance naked?" Ye Meijing said, twisting Li Tian's ears hard.

Li Tian was in pain, and roguely pressed his face to Ye Meijing's plump breasts, feeling the elasticity of the plump breasts, and howling like a pig. He didn't know if it was really painful or too cool. .

At this time, only Li Tian and Ye Meijing were left in the entire bar. With these movements and gestures, the air they breathed was filled with an ambiguous smell.

"Why don't you take this little Pi Niang down!" said the devil in Li Tian's mind.

"Bird, she is still a child, and she has the ability to come to me!" Li Tian said with a lick of the woman in his mind.

At this moment, Liu Jimeng, dressed up and flamboyant, suddenly walked into the bar from the backyard.

When seeing Ye Meijing's and Li Tian's ambiguous actions, Liu Jimeng was in a daze, and he felt a trace of hatred for Li Tian in his heart!

"Is Liu Jimeng not as beautiful as this woman? Why do you always hold the air in front of me? Why don't you see this woman so tender in my eyes?"

Ye Meijing, the little Pi Niang, was surprised by Liu Jimeng's beauty. She knew that Li Tian was hiding a woman in the backyard of the bar, but it was the first time she saw Liu Jimeng with his mask removed.

"Li Tian, you are such a beast! Such a beautiful woman, you are willing to enter the cold palace!" Ye Meijing wringed Li Tian's ears off again, but said bitterly in his heart.

Liu Jimeng adjusted his breathing, and walked to Li Tian's side. He stretched out his hand to release Ye Meijing's hand, and took the initiative to hold Li Tian's arm.

Li Tian looked at Liu Jimeng dumbfounded, his head couldn't turn around for a while!

"Is this girl stimulated?"

Liu Jimeng leaned his soft half of his body on Li Tian, and said with a charming face: "Li Tian, I will be the proprietress of this tavern today! From now on I will be yours!"

"Girl respects herself, I'm not a casual person!" Li Tian swallowed and said.

Chapter 4197: : The girl's self-respect (2)

"You can do whatever you want with me!" Liu Jimeng said, tilting Li Tian.

Li Tian put his hand on Liu Jimeng's forehead and said, "You don't have a fever? Why did you start to scream?"

Liu Jimeng felt embarrassed all around himself, but there was no way, this was an order from the Refugee Supreme.

Moreover, Liu Jimeng knew from the words of the refugees that Li Tian's identity was mysterious, and the forces behind him were powerful, at least to ensure the safety of the Supreme Mansion, and to take the Supreme Mansion away from the battlefield of death.

Isn't this what Liu Ji dreamed of?

Liu Jimeng also wanted to visit Li Tian's space. She also felt the blue sky, white clouds, and the alternate day and night life. Therefore, she didn't care about the details of Li Tian's words, pulling Li Tian's arm with a grievance. Looking at Li Tian, he said, "Do you regret it? I don't care. Anyway, I will be the proprietress of this tavern."

Liu Jimeng is still very smart, she just asked her to be a tavern proprietress. She completely pretended not to see Ye Meijing next to Li Tian. This may be because they had been accustomed to it since ancient times in the Netherworld, but for Li Tian, from this point alone, Li Tian could not hate her.

"You are the boss here!" Li Tian said affirmatively.

After listening to Li Tian's words, Ye Meijing stretched out his hand and twisted Li Tian's ears, as if deliberately pulling Li Tian's head against her chest, and said angrily: "What about me?"

Li Tian suddenly felt that one head was two big.

"You little Pi Niang, you are the errand guy in the tavern, what are you doing for the fun!" Li Tian thought in his heart.

But Li Tian really can't say this. Xiao Pi Niang has worked hard from before the opening of the tavern to the present, and she seems to be the hostess of this tavern. If Xiao Pi Niang knows that Li Tian treats her as a wage earner, it will Don't jump up and do Li Tian rectify the Fa on the spot?

"You are also quite the boss?" Li Tian asked.

Ye Meijing, who is not too busy to watch the excitement, also nodded heavily.

"Sister-in-law, don't we make trouble? How about I let you be the chief service officer of this tavern?" Li Tian said.

Ye Meijing said, "What does it mean to serve the director first?"

Li Tian didn't know how to explain to Ye Meijing, he couldn't say that the chief service officer was a senior man.

"Let's put it this way, the ownership of this tavern is me and her, and the management right is me and you!" Li Tian could only say so.

Although Liu Jimeng and Ye Meijing didn't quite understand what it meant, they didn't continue to make a fuss, but neither of them had any intention of giving up Li Tian to each other. They held Li Tian's arm to the left and the other, feeling crooked. Li Tian.

Ok!

Li Tian can only reluctantly accept the entanglement of two women, but as everyone knows, Li Tian is definitely not the loser. Since the two beauties are desperately entangled with him, although Li Tian may not dare to really rectify the two beauties, But it will definitely not suffer.

Don't talk about Li Tian's wretchedness, if Liu Jimeng and Ye Meijing heard you say that about Li Tian, they would definitely be anxious to you!

When things are normal, Li Tian's tavern is still a horror.

Li Tian is not in a hurry, he will practice for a period of time in the space of Void Yasha after he fights with two beauties every day.

The current cultivation base of Situ Ningbing has surpassed Li Tian and reached the middle of the eighth level of cultivation, and Xue Ji's cultivation speed is not slow, and has now broken through the early stage of the sixth level of cultivation, and is moving towards the middle of the sixth level of cultivation.

If you continue to cultivate at this speed, within a year, Situ Ningbing will probably reach the eighth level of a cultivator, and it is entirely possible to break through to the realm of venerable within three years.

It was Void Yasha that made Li Tian feel very hurt.

This product can also absorb the spiritual power in the spiritual source. Xiaoyasha doesn't know how he can absorb these spiritual powers to help him, but Xiaoyasha is always happy, even he can absorb the spiritual source faster than Situ Ningbing And Xue Ji is much faster.

"No reason! Xiaoyasha can absorb this spiritual source, but why can't I, Li Tian?"

Xiaoyasha immediately said triumphantly: "Li Tian, don't forget that I am the Young Master Void!"

Void Yasha, this guy is getting smaller and smaller, especially after entering this death battlefield, not only dare to be Li Tian's sister, even Li Tian, the master, is too respected.

Li Tiangang was going to give Void Yasha a good lesson to let him know what it means to respect the teacher and respect the Tao, but at this moment, Li Tian suddenly felt the flame spiritual power in his veins suddenly become active!

"What? Could it be that the blood spirit source appeared?"

Li Tian's face changed drastically, and he instantly walked out of the space of Void Yasha.

When coming out of the void of Yasha, Li Tian felt the flame spiritual power in his body constantly wandering through the veins, as if he was being summoned by something.

Huh!

Huh!

Refugee Zhizun and Liu You appeared next to Li Tian.

"Li Tian, the source of blood has appeared!" Refugee Supreme said solemnly.

A look of horror appeared on Liu You's face, and then he said: "The Blood Spirit Source suddenly appeared above the Vagrant City just now, and countless powerhouses from the Vagrant City swarmed up to control the Blood Spirit Source. but....."

"But who would have thought that the power of the blood spirit source would increase sharply. These strong people who wanted to control the blood spirit source would hurt their muscles and bones and be shaken by the powerful energy of the blood spirit source. The spiritual power was sucked dry, and the realm fell directly below the cultivator!"

"Yes, one of the venerable hands had already controlled the blood spirit source, but soon the venerable found that the spiritual power in his body was rapidly lost. He wanted to get rid of the blood spirit source but couldn't do it at all. Until, until his realm fell below the cultivator, he was thrown away by the blood spirit source. The poor guy couldn't stand the stimulus of this realm fall, and he committed suicide on the spot!" said the refugee.

Li Tian was surprised that Venerable Master Lei was also embarrassed when he wanted to control the blood spirit source, but Li Tian did not expect this blood spirit source to be so domineering.

"Is the blood source still there now?"

"It whirled seven or eight times in the sky above the Vagrant City and then flew away like a meteor to the southwest of the death battlefield. Now no one knows where the blood source is!" Liu You said.

"Li Tian, this thing is too dangerous, why don't you give up the blood source, let's collect more spirit sources..."

Refugee Supreme's words were not finished, but Li Tian categorically rejected it!

"No! I can feel the blood in my veins burning. This is the blood spiritual source calling me! So I have to find the blood spiritual source!" Li Tian said.

Chapter 4198: : Destiny (1)

Li Tian left the bar to Liu Jimeng and Ye Meijing to take care of them, and put more than half of the wine in the tavern, and then he set out to find the source of blood. .

Li Tian didn't think about the tavern. Before leaving, Li Tian had already handed over his ideas to Liu Jimeng and Ye Meijing.

As for the final result of the tavern, this is beyond Li Tian's control.

There is no need for Li Tian to worry about the safety of the tavern.

There is a senior security guard guarding by Venerable Shi Lei, and a society with a background in the underworld, the Supreme Mansion, who dares to break ground on Tai Sui?

Originally, Liu Jimeng and Ye Meijing yelled that they would follow Li Tian, but Li Tianyi verbally refused.

If these two little girls and Li Tian, Li Tiandao will never be lonely on this journey, and will be full of joy, but this must be a lot of trouble, especially the little Pi Niang Ye Meijing, who is born to make trouble. .

Leaving the land of the refugees, Li Tian began to walk a long walk under the guidance of the flame spiritual power in his body.

Li Tian is not fighting alone. In the space of Void Yasha, there are two wives, Xiao Yasha, Situ Ningbing and Xueji, and in the space of Qiong Spear of the sky, there are four times the southeast of the Four Mountain Venerables and the cultivating vicious dog.

Li Tian's strength is not weak, but there are always short-sighted testers who want to rob Li Tian. It's not that Li Tian was surrounded by a group of thirteen or four testers on the third day after leaving the land of refugees.

"Boy, hand over all the spiritual sources and valuables in your body, we can spare you a death, otherwise..." a trialist with the strength of the eighth level of the cultivator said to Li Tian sneer.

Li Tian looked at this guy with a stunned look and said with a sneer: "You robbed me? Do you know who I am?"

"Hey, boy, you are so pretending that you are \*\*\*\*\* Long Aotian or Zhao Ritian? If not, just shut up and take off your pants!" The tester said disdainfully.

"Take off your pants? Are you a robbery or a robbery? Why do you still have to take off your pants? Can't you take it off?" Li Tiandao.

The tester wanted to kick Li Tian, but was easily avoided by Li Tian, but everyone was an eighth-level cultivator, and his strength was almost the same. The one who escaped this test didn't feel surprised at all, "Just you There is a lot of \*\*\*\*\* bullshit, don't you know that this kind of robbery is already popular in the north? As long as it is on your body, you will take it off obediently. If you dare to hang a thread on your body, I will let your head move! "

Li Tian has a black line. This \*\*\*\*\* thing is caused by Xiao Baimao. It is Xiao Baimao who started with Li Tian. This way of robbery is only available in this death battlefield. The former testers of the death battlefield are they Just grab important things such as the spiritual source, run away after grabbing, and kill if you don't give it. What a pure robber!

Li Tiangang wanted to do it, and suddenly heard a deep voice from a distance: "Stop it!"

Li Tian and the many robbers turned their heads, and saw a group of cultivators and testers approaching two to three hundred people in the distance.

The vast majority of the testers in this team are practitioners of the seventh or eighth level. There are probably seven or eight cultivators who are at the peak of the ninth level hidden in this strong team, if it weren't for they hadn't converged. It would be difficult for Li Tian to find the breath.

And the strength of the man who shouted just now was not high, he just had the strength of the fourth-level cultivator. Cultivators of this level are rare in the entire death battle, but the mount

under his crotch is not simple. It turned out to be a three-meter-high behemoth with pure white fluff. This behemoth also has eighth level of Cultivator. Peak strength.

With a powerful mount, so many cultivators behind him, and the protection of seven or eight ninth-level cultivators peak masters, Li Tian guessed that the identity of this man might be extraordinary.

Seeing such a huge team, the dozens of robbery trialists trembled all over, and they didn't even have the courage to escape!

The man who had just shouted had a smug smile on his mouth, and continued to shout: "Give me a face for Kang Erfu, and everyone will turn their fights into jade. If you follow me Kang Erfu together, so everyone can take care of each other in this death battlefield!"

"Kang... Kang Erfu? It turned out to be the son of Kang Erfu! We really don't know Taishan, I am willing!"

As soon as the dozen or so robbers heard the name Kang Erfu, they almost fell to their knees, repeatedly saying that they were willing to follow Kang Erfu!

Kang Erfu's gaze fell on Li Tian, and he smiled and asked, "How about you?"

"Thank you for your kindness, but I still have something important to go to the southwest..." Li Tian said with his hand.

Kang Erfu hadn't spoken yet, and the dozen or so trialists who robbed Li Tian just now were unwilling to do so.

The tester who had just acted on Li Tian turned around and cursed at Li Tian: "Who the \*\*\*\* do you think you are? This is Mr. Kang Erfu, Mr. Kang kindly invited you, so dare you still refuse? I'm really tired and crooked, isn't it?"

"Yes! Young Master Kang's father is the famous ninth-level expert Kang Lubu in the Netherworld. You dare not give Young Master Kang the face like this. You really don't know how to write death words!"

"Boy, you'd better kneel down and beg for mercy, or grandpa won't bypass you!"

Cornford's eyes twitched slightly, which was a sign of his anger, but soon he calmed down from this anger, and slowly came over on his mount, and said to Li Tian: "It's okay, I Kang Erfu never likes the hardships of others, I am Kang Erfu persuade people by virtue, these trial people behind me are willing to follow me Kang Erfu!"

Nonsense, involuntary people were beheaded by Confort's people.

"You also want to go to the southwest? What are you going to do?" Kang Erfu said coldly while looking at Li Tian from a high position.

Li Tian deliberately showed a look of horror on his face, avoiding the breath of Cornford's hip mount, and said in a trembling voice: "My friend reached the realm of nobles during the trial five hundred years ago. He knew that I would be This time when the secret realm was opened, I came in for the trial and left me some spiritual sources somewhere in the southwest. I...I am going to dig those spiritual sources. Please don't kill me, I can find the spiritual sources. I leave it to you to ask, or you can go with you, please don't kill me!"

There is no flaw in the actor-level performance.

There was a look of disappointment on Cornford's face, but it soon turned into disdain.

Kang Erfu said disdainfully: "Follow me, only we can grab someone else's share, no one dares to grab your spiritual source!"

"To tell you the truth, I am the son of destiny and the lucky one chosen by the blood spirit source. This time I went to the southwest to conquer the blood spirit source. I don't care about your spiritual source!" Kang Erfu said arrogantly.

#### Chapter 4199: : Destiny (2)

Li Tian only felt a buzzing in his head.

When he heard Kang Erfu asking him that you are also going to the Southwest, he kept an eye on him, suspecting that Kang Erfu was also looking for the blood source, but he didn't expect that he would really guess it!

Every time the secret realm is opened, at least five million testers flood into the battlefield of death. In these thousands of years, the number of people who have walked out of the secret realm is far less than the influx of people. There are at least tens of millions on the battlefield of death. Trialers and refugees.

Li Tian is lucky enough to absorb a ray of flame aura when the blood spirit source was born, but this kind of luck is not only Li Tian alone, Li Tian does not know how many people are as lucky as him and Kang Erfu, so Li Tian Decided to follow Kang Erfu to adapt to the circumstances.

It was with Kang Erfu that Li Tiancai saw the truest side of the Netherworld.

Every time he encounters another team of trialers, Confort will politely ask if his opponent is willing to join his team and follow him. If the answer is negative, it will immediately become a massacre, with hundreds of trials. The trainers swarmed up, beheading all the trialists of the opponent's team, and the looted loot belonged to the individual.

Even if the opponent's team's answer is yes, it does not mean that they will be accepted. Comfort's requirements are very high. The minimum cultivation level of these testers cannot be lower than the seventh level of the cultivator. Those with a cultivation base below level seven are also unable to escape the fate of death.

"Boy, have you seen that, what a wise decision you made at the beginning, should you thank you, big brother? If it wasn't for big brother, I intimidated you, and you joined this powerful team, you would have already lost your mind!" Li Letian said.

Li Letian is the old boy who robbed Li Tian.

This old boy is at least four or five thousand years old, and he has been stuck at the eighth level of a cultivator for a thousand years. Seeing that the realm veteran is hopeless in the nether world, he entered the death battlefield and wanted to find opportunities.

However, this old boy had heard of Cornford when he was in the Underworld, so when he heard Cornford's name, he immediately turned down and worshiped. Now, when he escapes by chance, he always regards himself as a big brother and often teaches Li Tian something useful. Useless reason.

Li Tian wanted to laugh. This Kang Erfu was definitely Li Letian's lucky star. If it hadn't been for Kang Erfu's appearance, it would be Li Letian who had a different head. But after getting along

these days, Li Tian knew that this old boy was actually not bad. Driving out of the road and robbery is already the most extraordinary thing he has done, so Li Tian still has a good impression of this person.

"Thank you, Brother Li! In the future, I need you to mention a little more little brother. When the little brother digs out the spiritual source left by my brother in the southwest, I will definitely give you a few." Li Tian said.

Li Letian was even more pleased, and began to tell the story of Kanglubu, the ninth-level powerhouse of the Netherworld.

Through Li Letian's explanation, Li Tian knew that the number of Nine-level Venerables in the Netherworld was actually not too small, and the total number had reached over fifty.

This made Li Tian feel even more insecure about his journey to the Underworld.

There are so many \*\*\*\*\* ninth-level venerables, if you go to the Netherworld to inadvertently provoke the ninth-level strong, it will not be directly killed in seconds!

"That can't work! Now, although there are already four venerables in my heavenly spear, these venerables are enough for me to protect myself in the battlefield of death, but relying on these venerable first-level entourages to go to the underworld is not strong enough! I am! I have to improve my strength. I have to grab this blood spirit source anyway!" Li Tian thought in his heart.

Across a wide river, the team walked in front of the mountains.

It has been almost two weeks since Li Tian left the Refugee City, and the team kept advancing to the southwest. If not for this team, Li Tian would have to make many detours alone.

Li Letian is getting more and more familiar with Li Tian. The freshness of Li Tian has passed. Li Letian shifts his goal to other newcomers. Li Letian runs excitedly only when he meets other teams of trialers. Back, claiming to be Li Tian's eldest brother, he must protect Li Tian.

Of course, there are some reasons why Li Tian doesn't care about the robbed things, and basically give them to Li Letian free of charge.

Li Tian only knew that the blood spirit source was flying toward the southwest, but he didn't know where the blood spirit source was in the southwest. Li Tian could only know the general direction by relying on the flame spiritual power in his body.

When it came time, Kang Erfu seemed to know where to go, and he was confident and confident, which also made this team never stop for too long.

"Everyone hastened their pace, through this valley, there will be a village in front of us, wait for us to rest in that village! Our destination is almost here." Kang Erfu turned and shouted to everyone.

At this time, the number of Confort's team was close to five hundred people. After hearing Confort's words, these people immediately showed an excited smile. Kang Erfu has made a promise that when they arrive at the destination to assist him in completing the task, everyone will receive a spiritual reward.

This spiritual source is nothing to Li Tian at all, but it is more important to other testers, especially those ordinary testers, this spiritual source may be more important than their lives.

For example, Li Letian's other accomplices, those guys have lost hope in cultivation and promotion. They think more about getting a few more spiritual sources in the death battlefield, and then waiting to go out alive when the secret realm opens next time, and then put them in the Nether Realm. Lingyuan shot, and then let them be a wealthy relative to ordinary people in the nether world.

For these unmotivated guys, Li Tianlian is not interested in talking to them.

"Brother, wait a while when you arrive at the village in front and follow me. I suspect that the village in front is not peaceful!" Although Li Tian doesn't know what this task is, it is estimated that the distance to the sky is probably related to the source of blood, so Still said to Li Letian.

"What can be the problem, we are following Young Master Kang, I'm afraid there are not many people who dare to do something with Young Master Kang in this death battle?" Li Letian said with a smile.

From the family background alone, Li Letian is right, but this time the temptation is the blood source. If there is a chance to get the blood source, I'm afraid it will be the same as the son of Kang by then, even if it is Kang Lubu. Deal with.

"If you believe me, follow me, if you don't believe it, then you will listen carefully!" Li Tian said seriously.

Without any hesitation, Li Letian nodded and said, "Can I not believe my brother? Well, no matter what happens this time, I will follow you. If there is something good, I won't want you this time!"

Chapter 4200: : Destiny (3)

Across the valley, there is a village at the mouth of the valley. ,

The area of this village is not small, it seems there are only 70 or 80 households before and after the village.

However, the houses of each family are quite magnificent, much more magnificent than the luxury villas Li Tian saw in the earth world. They look more like private courtyards. The smallest courtyards are about thousands of square meters.

Needless to ask, the residents of this village are all from the Nether Realm.

In the long trial process and the long fighting career, the male and female trialists from the Nether Realm are likely to erase the sparks of love and rub the crystallization of love. Then these trialists need to find someone who can The place where they settled, and then these testers unexpectedly ran here to settle down, gradually forming a natural village here.

According to Li Tian's guess, the main reason why these testers chose to settle here is probably because there is no spiritual vein in this large area, and no spiritual source is born. This makes the number of testers coming to this area seem extremely small. .

The most important thing is to come out of the valley. Standing in this village, you can see a natural basin with a total area of about tens of square kilometers. The fertile land and lush vegetation in this basin are the most suitable for human settlement in the entire battlefield of death. local.

But at this time, the village has long lost its former peace.

There are a steady stream of trialers passing by on several roads outside the village. The seventy or eighty courtyards in the village have basically been occupied by trialers. Various simple shacks

have been erected on both sides of the roads in the village. The trialers lie in front of the shack, staring at the team of trialers in the past.

It can be seen from these shacks that it hasn't been long for these trialists to come to this village, and even some trialers are still building shacks, as if they were linear drafts and settled here for a long time.

Through the layout of these shacks, Li Tian can see that these testers are divided into at least dozens of teams, which are not counted as the testers in those courtyards, so Li Tian speculated that the testers who came here are not estimated to be worse. There are tens of thousands of people.

After entering the village, the ninth-level masters in the Confort team had all surrounded Confort, watching the surroundings carefully, as if they were worried that other testers might suddenly attack them.

At this moment, the two teams of trialers in the village suddenly fought because of the problem of building shack and occupying land. Most of the teams of trialers on both sides were practitioners at level seven or eight, and few were at level nine. Master.

However, this battle was extremely hot, much hotter than the Young and Dangerous movie Li Tian had seen before the end of the world.

However, the strength of one of the trial team is obviously much weaker. Not only is the number of them not dominant, but their overall strength is also much worse. They have already established the victory and defeat in a few seconds. An apprentice-level master was instantly beheaded.

Blood was sprayed, and the stumps and arms flew across, the whole picture was tragic and abnormal, and the other onlookers seemed to have long been accustomed to this, without the slightest emotional fluctuation on their faces, as if they were watching two groups of ants fighting.

In less than five minutes, the weak team was completely broken up, and even their leader was killed in seconds by a ninth-level master.

The victor immediately blatantly grabbed the defeated territory.

"It's clear to me. Don't provoke right and wrong when you enter the village. Remember that Mr. Kang has always used morals to convince people. But if someone dares to provoke us, then you must not bear it. You must fight hard! Let them know that my son Kang is not easy to provoke!" Kang Erfu said to the people behind him.

Seeing so many testers, those behind Confort are the arrogance and audacity that the testers have long lost, and even the expectation of answering Confort's words is weak.

There is a big difference between reality and their ideals. They originally thought that this would be an easy journey, and there was a spiritual source reward for completing the task easily, but now they discovered that the risk factor has risen sharply.

They are all praying in their hearts, hoping that the prestige of Kang Fukang and his old son Kang Lubu can start here.

Li Letian followed Li Tian and whispered to Li Tian, "Brother, tell your eldest brother, how do you know that there is danger in this village?"

"Isn't this something obvious? Blood spirit source, it is a legendary existence. As long as you get the blood spirit source, you have the opportunity to impact the domain master realm. Don't say how small the probability is. Level master, that is the pinnacle of existence in the Netherworld. Let alone Young Master Kang, even I want to get the source of blood spirit." Li Tian said.

"But didn't Mr. Kang say that he is the son of destiny? And to get the source of blood spirit, you must..."

Before Li Letian finished speaking, he was interrupted by Li Tian.

"Son of Destiny, do you believe that? You think that when the blood spirit source was born, the tens of millions of people on the death battlefield would not absorb the blood spirit source's flame spiritual power alone, right? I said. Do you believe in fate?"

Li Letian looked at the sky, with a mean smile at the corner of his mouth and said: "You dare to take advantage of Young Master Kang, if you let him know that your head will fall to the ground. Although what you said is reasonable, even if other people absorb blood Yuan's flame spiritual power, they may not have the background power of Young Master Kang, who would dare to fight Young Master Kang in this death battlefield?"

If Li Tian didn't see the little white hair standing at the entrance of the courtyard somewhere on the hillside in the distance, Li Tian would probably think so too, but if he saw the little white hair, it means that the third son of You Ming is probably also here.

Are there other things that the Third Nether Lord dare not do in the death battlefield?

Not to mention the powerful strength of Lao Tzu behind them, just to say that the dozens of venerables who followed the Third Nether Master could make Young Master Kang kneel and lick the toes of the Third Nether Master.

Li Tian pointed his finger at the private courtyards on the hillside and said, "If I am not mistaken, most of these courtyards have already fallen into the hands of other trial teams, and since they can control these courtyards, then It shows that the strength of the people inside is not weak. Now it's up to our Young Master Kang whether he has the courage to occupy a courtyard first. If he can't even occupy a courtyard, how much can you expect from Young Master Kang?"

Li Tian's guess is not far from ten.

There are nearly a hundred so-called children of destiny. Some of these guys who have absorbed the blood spirit source flame spiritual power are powerful behind them like Young Master Kang, while others are completely ordinary testers.

But this does not affect their determination to grab the spiritual source.

As for the three sons of the Netherworld, they already control more than a dozen so-called sons of destiny!
