

A Killer 4271

Chapter 4271: :Tainted Witness

No one dares to take Li Tian's words!

Li Tian's gaze slowly swept over the crowd, and finally fell on the Thunderbird man, and said to the other venerables: "Is it difficult to choose such a simple choice? Since you are not easy to decide, then let me come. Make a decision! If I say that the blood Zhengxin was killed by this birdman with his followers, you should have no opinion?"

After hearing Li Tian's words, the two small forces closest to the Thunderbird man instantly seemed to step back a few steps next to them! It's as if the Thunderbird man has become a plague now!

"Don't listen to him, if you listen to him now, you will regret it then!"

"He is afraid of us and deliberately wants to provoke our alliance..."

The Thunderbird man screamed loudly, but no one wanted to listen to him. The leaders of those small forces kept pulling away from Venerable Thunderbird.

"I know you still have some worries about me in your heart, worrying about what other tricks this birdman can do. If that's the case, then you might as well cooperate with me! I will first kill all the followers of this birdman. Only the birdman is left, and once the secret realm of the death battlefield is opened, we will all enter the Netherworld. At that time, you and my one-horned Venerable will serve as witnesses to the taint, and prove to the blood domain master that the death of blood is the bird People did it!" Li Tian said.

Although Li Tian knew that he would not stay on the battlefield of death for five hundred years, he also knew that his cultivation level would not be limited to this in five hundred years, but for the sake of safety, Li Tian still had to take all imaginable dangers Remove.

Of course, there is another possibility.

These guys who escaped from here are likely to bite Li Tian back then, telling the blood domain lord that the death of the blood Zhengxin was related to Li Tian, but don't forget that there is a one-horned Venerable beside Li Tian.

Li Tian can use the Soul Detention Dafa to control the Venerable Unicorn, and the testimony of the Venerable Unicorn will be much more effective than the testimony of these guys!

"I...I won't play with you! I have never been to Qingyun Temple, nor have I seen you! You can play by yourself, let's go!"

The leader of another force couldn't bear this repressive atmosphere, and turned around and took his entourage to escape from the Qingyundian square.

At this moment, the descendants of the Territory Broken Tower suddenly said: "This brother, I am the descendant of the Territory Broken Tower, my name is Broken Dao!"

"Tunnel? Fuck, this name is really awesome!" Li Tian thought to himself.

Broken Dao continued: "Brother, you and I have no grievances and no grudges. I will definitely not stand on the opposite side of my brothers. And I have nothing to do with Xue Zhengxin, and even I and Xue Zhengxin are a little unhappy. So, I am willing. Be your tainted witness!"

A triumphant smile appeared on Li Tian's face!

The face of the Thunderbird man turned black in an instant!

"Smash Dao, you bastard, don't you understand that this is his strategy? As long as we..."

"Thunderbird, just accept your fate! Don't you dare to admit it if you dare to attack the blood Zhengxin? This is an iron-clad fact. It's our place... why have all escaped? But it doesn't matter, this is my follower and me. There is also the one-horned Venerable who has seen with his own eyes, you can't deny it!" Broken Dao said.

The so-called three-person tiger, a lie will become the truth if it is said a thousand times.

If Li Tian, The Three Young Masters, Broken Dao, and Venerable One Horn, if so many people all point to the **** faith that Thunderbird killed, this is the yellow mud falling into the crotch, not **** or shit.

He is back to this pot Thunderbird!

"You... you... are so shameless!" Thunderbird said angrily.

"My son, facts speak louder than words. As long as we escape here alive, there will always be a way to prove my son's innocence!" said the venerables behind Thunderbird.

"Do it!"

Li Tian gave an order, and the dozens of venerables he reached out instantly teleported and attacked Thunderbird and others!

Except for Broken Dao and his followers, the other leaders of the small forces really wish they could grow a few more legs and flee the Qingyun Temple square with their people.

"Listen to me! The third son of the Netherworld followed the kid like a worm, which means that the kid just now is definitely not easy, so as long as we get out of the underground palace, you will all forget about today's affairs. We have never been a refugee. city!"

"Damn, it's terrible! It's really awesome. If I meet this kid in the Netherworld in the future, I will definitely go around the road. I definitely don't want to have any relationship with this kid!"

...

Huh!

Huh!

On the square of the Qingyun Temple, the figure of the powerful venerable person flickered, and the number of the thunderbird man and his venerable entourage was only about 30 people. After the battle with Xuezhengxin, his venerable entourage had less than 30 people. Up.

Now his strength is not as strong as the power that Xue Zhengxin sent out to chase and kill the Venerable Horn from the Supreme Mansion of the Refuge City is huge, since this battle is also without suspense!

In particular, the sixty followers of the Third Young Master, after experiencing several battles, their cooperation became more tacit, and their combat effectiveness was once again improved.

Broken Dao's face changed from initial shock to panic and finally gradually turned into fear!

"Fortunately, fortunately, I reacted quickly to be a tainted witness, otherwise it is mine who is being attacked now!"

"Who is this kid? Why would the Third Young Master willingly follow him, as if he still called him Big Brother?"

"Also, why are the followers of these three young masters so sturdy? Last time I heard in Lingshan that they were beaten down!"

boom!

boom!

Venerable thunderbird men's followers have been bombarded and killed!

And as blood continued to flow into the five-pointed star in the Qingyundian square, the Qingyundian square shook again.

Soon, within ten minutes, all the followers of the Thunderbird man were beheaded, leaving the Thunderbird man standing alone on the corpses all over the floor.

"If you have the ability, kill me too!" The Thunderbird man's face changed from anger to unwilling and finally completely numb. He raised his head and stared at Li Tian coldly.

"Kill you? Hey, if you kill you, wouldn't it be cheaper for you? Don't worry, we will not only not kill you, but also protect you! Broken Road, this Thunderbird can leave you with the safety of the death battlefield. After all, he is a descendant of Emperor Lei Gongzun. If he died in this death battlefield, it would be hard to say who killed him by that time!" Li Tian said.

Broken Dao nodded stupidly, raised his head to look at Li Tian and then set his gaze on the Azure Cloud Palace, and finally made up his mind to say to the venerable entourage behind him: "Let's go!"

Everyone wants the treasure, but Broken Dao knows that he has lost his competitiveness. In this case, it is better to save his life and wait for other opportunities!

Li Tian's eyes fell on the Qingyun Temple, and his face calmly said, "It's my turn now! Qingyun Temple, what are you waiting for me?"

Chapter 4272: : Qingyun out of Qingyun (1)

Li Tian circled around the Qingyun Temple and found that the Qingyun Temple really had no windows and doors, as if he had added a cover to a building surrounded by walls.

Li Tian couldn't help but feel a little disappointed," thought in his heart: Can I only rely on blood to fill the five-pointed starburst array to open the Qingyun Palace? No way, I can still feel something in the Qingyun Palace. I! By the way, when I encountered a vicious dog before entering the battlefield of death, wasn't the wall blocking us like this? Maybe there is something in the Qingyun Palace!"

"Look for them separately, and carefully check all the walls on the Qingyun Hall. Don't let go of the glazed tiles on the top of the main hall. I think there should be other ways to open the Qingyun Hall!" Li Tian shouted.

Obtaining Li Tian's order, the Third Young Master Nether took his entourage and his entourages to carefully inspect the Qingyun Temple!

There are many people with great power and high firewood. Li Tian brought Li Letian and the three Xiaoyachas out of the space of the Qiong Spear of the sky, and activated all the power he could activate.

Huh!

Li Tian teleported to Situ Ningbing's side, and gathered Little Hotpot, Liu You and others.

Seeing Liu You, Li Tian asked: "Liu You, Refugee Supreme... Have you found it?"

Liu You shook his head slightly, and said, "No!"

"This may be good news. Now that Venerable One-horned Venerable has been controlled by me in the space of the Heavenly King Spear, when we finish handling the affairs of the Azure Cloud Palace, we will enter the space of the Heavenly King Spear together and then conquer. Venerable One-horn! Venerable One-horn has been following the blood, maybe he knows the whereabouts of the refugees!" Li Tian said.

Liu You actually didn't hold much hope in her heart!

After such a life and death battle, Liu You knew in his heart that Li Tian had done his best to him.

In order to help him find the Refugee Supreme, Li Tian and others are in a dangerous situation. If it weren't for Li Tian's head to turn fast enough, and they thought of a way to dissolve the blood, they might still be hiding in the space of the Qiong Lance of Heaven. Practice it!

Liu You nodded slightly!

"Brother Li Tian, life and death are fateful, I see these things open! I know your purpose for calling us here, but I have come to the underground palace a good number of times. This Qingyun Temple has existed under the Supreme Palace of the Battlefield of Death for thousands of years, I His father, Refugee Zhizun, did not find a way to open it, so..." Liu You said, shaking his head.

Li Tian nodded slightly, and asked Situ Ningbing again: "Ningbing, is there any information about the Underground Labyrinth and Qingyun Temple in your memory?"

Situ Ningbing shook his head and said with a murderous look on his face: "I have told you before that I don't have the memory of Qingyun Temple and the Underground Labyrinth, and I can't do anything about this. If it is really impossible, then we can only learn the method of blood and faith. !"

"You don't need to look at me. Although I have been on the battlefield of death for three thousand years, I have been cultivating all these hours. I have never been to the Vagrant City, let alone the existence of underground palaces and Qingyun Temple!" He said without waiting for Li Tianwen.

At this time, Tang Xiaolong and the third son of You Ming also came to Li Tian's side.

"Little boss, we've searched it all, there is really no mechanism on the Qingyun Temple!" Tang Xiaolong said disappointedly.

"Well, I'm not lucky enough to have my life! Ask the brothers to start cleaning the battlefield and collect all the things on these corpses, especially the spirit source and the coins of the underworld. These are the foundation for us to go to the underworld in the future!" Li Tian said helplessly.

There are already enough spiritual sources in Li Tian. He has no interest in the spiritual sources and coins on these dead bodies. He just lets Li Tiantian go out of the underground palace, and Li Tian is unwilling again!

"It's better than nothing!" Li Tian said to himself.

Situ Ningbing and Xue Ji looked at Li Tian with disappointed expressions on their faces, but they couldn't help Li Tian, and their hearts were uncomfortable.

Situ Ningbing walked to Li Tian's side, took Li Tian's arm, and said, "Li, I know the way to let you learn the right faith of blood. It is difficult for you to accept it with the lives and blood of other people to open the Qingyun Palace. Since you can feel it There seems to be something calling you in the Qingyun Temple. Perhaps this is the arrangement of fate. You can resist this arrangement, but you can't help but implement it!"

"Furthermore, most of us have now reached the state of venerable. Once we leave the battlefield of death, we will no longer have the opportunity to enter the battlefield of death. Do you want to miss this rare opportunity because of your tenderness? "

"Li Tian, after we leave the battlefield of death, it will not be long before we go to the underworld. Through the performance of the descendants of the emperor and domain master, you should know that the underworld is always more cruel than the battlefield of death. If we want to If we want to become stronger and not be killed at will, then we can only be stronger than we are now!"

"Li Tian, don't you feel that you have gone to another world, brought me and Hongzhan back to the earth world, the end of the earth world crisis, entering the battlefield of death, it seems that there has been an invisible line pulling us, and this Perhaps the Qingyun Palace is too!" Xue Ji also echoed.

Li Tian nodded slightly.

From the time axis of the ancient undersea city and Beihai Island, Li Tian had already thought of this aspect!

Li Tian's eyes gradually showed determination and courage, and said, "Okay, non-toxic, no husband, since I dare to move Kang Erfu, dare to move Promise, dare to move blood and believe, then kill tens of thousands of cultivator level trials. Why don't you dare!"

As soon as he finished speaking, Li Tian suddenly saw Meng Guang raising his hands and shouting to him: "Master Li Tian, Master Li Tian, come here, look at what I found!"

Huh!

Huh!

Li Tian cast several teleports in succession and came to Meng Guang.

"Meng Guang, what did you find?" Li Tian asked.

"Lord Li Tian, look here!"

With a hint of excitement on Meng Guang's face, he kicked away the corpses under his feet, exposing the ground of the Qingyundian square below the corpses.

"This...is there any difference?" Ye Liangchen asked.

Meng Guang smiled slightly, walked around this area, and said with a smile: "Master Li Tian, three sons, can you feel any difference?"

The three sons of Li Tian and You Ming shook their heads at the same time, looking at Meng Guang with doubts!

"Is it a voice?" Situ Ningbing said suddenly.

Yes, it's the sound!

"Is the bottom of this empty? Is the mechanism of the Qingyun Temple below this?" Tang Xiaolong asked.

Li Tian finally showed a trace of excitement on his face. He squeezed out of the crowd and walked quickly to this area. He reached out and tapped on the ground lightly. Sure enough, this area was slightly different from other areas!

"Haha, God lives up to me!" Li Tian said excitedly.

Chapter 4273: : Qingyun out of Qingyun (2)

The agency was found, but it's still a question whether to open this agency!

Meng Guang volunteered to make another contribution, but what he didn't expect was that the ground felt as if a slate had been buckled, but when he did it, a powerful man of the venerable level punched in a row. The ground didn't move at all!

Meng Guan suddenly felt that his face was dull!

He is a powerful man at the noble level!

"Hey, let go and let me come!" Tang Xiaolong squeezed out of the crowd with a smile and said. .

Meng Guang can only get away!

Tang Xiaolong's ten-fold body refining has already reached the tenth stage, and now his punch is more than one hundred thousand catties, which is not something ordinary can withstand!

drink!

Tang Xiaolong squatted halfway, gathered his energy and let out a burst of energy, and then his iron fist hit the ground heavily!

boom!

A loud noise was heard from the ground, and Tang Xiaolong felt that his fist was like hitting a steel plate, his fist was aching, but the ground turned out to be motionless!

Tang Xiaolong's strength can be said to be well-known now, if he has nothing to do with this punch, then other people will not use it to try!

For a while everyone looked at each other, not knowing what to do!

"It doesn't count this time, let me come again!" Tang Xiaolong was also not convinced.

boom!

boom!

boom!

Three consecutive punches again!

These three punches were heavier than one punch, and the ground even shook slightly, but there was still no response on the ground!

Tang Xiaolong stretched out his hand, and the venerables of the Third Young Master couldn't help gritting their teeth, thinking in their hearts what would happen if this iron fist fell on them.

Don't think too much, these venerables all felt afraid for a while!

"This black monkey is really not easy!" these venerables thought in their hearts.

However, Tang Xiaolong's strength was strong, and on the contrary, the ground became harder and harder.

"Woo, little boss, come on! This...this ground is too hard! I don't know what material this thing is made of!" Tang Xiaolong came to Li Tian with a sad face and said.

In fact, before entering the passage of the Qingyun Temple Square, Li Tian had tried to test the ground travel Yaksha, knowing that the ground and walls of this underground palace could not even be penetrated by the ground travel of the ground travel.

Now, these venerables, Tang Xiaolong has already tried, if Li Tian can no longer open, then Li Tian can only adopt the method of blood and faith!

"Then I will try it!" Li Tian said with a shake of the Qiong Spear in his hand, taking a step forward. call!

Li Tian let out a sigh of relief and began to use his spiritual power!

Seven or seventy-nine small fishes swim happily along the veins in Li Tian's body. Behind the small fishes, a few black flames follow. Soon, the small fishes and black flames in this vein are running full. One week later, it gushed from the acupuncture path on Li Tian's arm!

Zizi!

The little fish instantly turned into a purple electric dragon, swimming along the Qiong spear in Li Tian's hands, and the black flames also gushed out from the veins. The purple dragon and the black flames entangled each other. There was a ray of evil on his body!

There was a trace of nervousness on the faces of all the onlookers. They didn't even dare to show up, lest they disturb Li Tian.

Zizi!

The number of purple electric dragons kept increasing. On Li Tian's arm and Qiong Spear of the sky, seven or seventy-nine electric dragons wandered with black flames.

"What a powerful force! Lord Li Tian is really powerful!"

"This is only the ninth level of the cultivator. Master Li Tian can already kill the Venerable Level 2 powerhouse. It is hard to imagine how strong Master Li Tian's cultivation level will be after reaching the Venerable?"

"Hey, I was right with Master Li Tian this time. As long as I can follow Master Li Tian and perform well in the future, there will definitely be countless benefits in the future!"

These venerables have their own ideas!

Buzzing!

The powerful power released by the purple electric dragon and black flame made the venerables feel the sound of tinnitus in their ears, and the powerful power even made these venerables feel terrified.

Wow!

Almost at the same time, these venerables all stepped back!

drink!

At this moment, Li Tian suddenly roared. He raised the Qiong Spear of the Sky and slammed into the ground. The Qiong Spear of the Sky pierced the air with the momentum of thunder. The tip of the spear touched the ground, and a sound was heard. Ground!

"Couldn't the little boss work either?"

"I'm afraid it won't work. In the end, I have to use blood and faith!"

Hearing this metal-like crash, everyone's hearts were hung in the air, their eyes fixed on the tip of the spear of the Qiong Lance of Heaven.

And at this moment, seven or forty-nine purple electric dragons with black flames rushed to the ground from the tip of the spear of the Qiong Lance of the sky, and instantly disappeared on the ground.

Click!

The ground is like a shortbread, instantly following a pile of scum.

"It's done! Haha, it's the little boss!" Tang Xiaolong shouted excitedly.

The Three Nether Masters and the onlookers all cheered.

"Master Li Tian is too powerful!"

"Yeah! Yeah! Without Master Li Tian here, I'm afraid no one else can open it!"

The dust dispersed, revealing a one-meter square pit underground, and the cylindrical object protruding in the center of the pit has a groove on it, as if it was reserved for placing something.

"This is the mechanism? It doesn't look like this? I don't know how this is used to control the Qingyun Temple?" Xue Ji asked suspiciously.

Li Tian stretched out his hand to press on the protruding column, he pressed down firmly, the column did not move, Li Tian twisted the column with his hands again, but the column remained still.

"Is it a spiritual source? A blood spiritual source? Do you think the groove on the columnar body is the same size as the spiritual source?" Situ Ningbing said.

Li Tian immediately took out a spiritual source from his skin and placed it on the groove, and then stepped back a few steps, but after a flash of light flashed on the spiritual source, there was no response!

"How could this be? Is it necessary to use blood spirit source?"

Li Tian was a little hesitant. If he was using the blood spirit source to open the Qingyun Temple, then Li Tian really had to think carefully about whether the things in the Qingyun Temple were worth it!

Snapped!

Snapped!

The sound of continuous impact came from a distance. Li Tian and the others turned their heads and found that the vicious dog was hitting the ground with its bone tail.

"Yes, the place where you look at this underground organ is in the direction pointed by the eaves of the Qingyun Temple, and the place where the tail of the vicious dog hits is the direction pointed by the eaves on the other side of the Qingyun Temple! The Qingyun Temple has four corners. There are also four!" Situ Ningbing said.

"What are you doing in a daze, why don't you go to the other two agencies?" Li Tian said.

Chapter 4274: Clear Clouds Out of Clear Clouds (3)

Soon, the other two organs were also found by Liu You and the third son of You Ming, and Li Tian had already opened the organ next to the evil dog.

Like the mechanism Li Tian opened just now, this mechanism is also a one-meter deep pit. There is also a raised column in the deep pit, and there is also a groove on the column!

After more than ten minutes, Li Tian opened all four institutions!

When Li Tian put the spiritual source into the groove in the fourth organ, the spiritual source in the groove suddenly flashed a light, and then the spiritual power in the spiritual source began to go far and away to the columnar body. Surging in.

Rumble!

A loud noise like extreme sports came from the ground, and the ground began to shake violently, and the Qingyun Temple that gave gifts on the Qingyun Temple Square finally moved at this time!

"Look, look, the entire building in the Qingyun Temple has begun to move!" A venerable exclaimed!

That's right, Qingyun Temple started to move, but the trajectory of this movement was obviously far from what Li Tian originally thought.

The walls of the Qingyun Temple turned into pieces of one-foot square-sized pieces, as if they were undulating high and low, and the eaves of the Qingyun Temple started to flap up and down like the wings of a bird at this moment!

"Qingyun Temple is alive?" Tang Xiaolong pointed to Qingyun Temple and said in surprise.

Li Tian also felt this way in his heart. This Qingyun Temple didn't know what material it was made of, it looked radiant!

A venerable could not help the curiosity in his heart. He reached out to touch the fluctuating wall of the Qingyun Temple, and was suddenly repelled by a powerful force, and his body was flew like a bullet, directly hitting the square. Above the steps.

This venerable life was worry-free, but was beaten to death by that powerful force.

"Leave me a little farther away from Qingyun Temple if you want my life, the things inside are beyond your reach!" Ye Liangchen shouted!

Huh!

Huh!

These venerables keep backing away!

Rumble!

The underground sound is getting louder and louder, and the entire main hall of the Qingyun Temple is like a twisted twist, spinning continuously, and colorful rays of light are streaming out from the twisted building.

In the sky of the underground palace and Qingyundian square, some strange scenes and characters constantly appeared, just like a mirage, and like a movie!

This picture is like the city in the sky in the cartoons of Dongying Island, floating in the mid-air among the city, land, mountain, and ocean, surrounded by white clouds and shining stars.

The characters appearing in this picture flash past like meteors, and the speed has exceeded the mental imagination of Li Tian and others. In this sky, there are also various objects similar to spaceships.

The reason why this is similar to a spaceship is because the shape of this object is completely different from the memory of the spaceship in Li Tian's mind.

At this moment, huge light waves were continuously blasted from these spacecrafts. Wherever the light waves went, those flying figures were instantly wiped out, and the cities, mountains, and land hit by the light waves disappeared instantly. .

Any Hollywood blockbuster is weak and scumbags in front of these pictures, and even the awesome special effects cannot achieve the magnificence of these pictures.

"This...what is this place? Who are these people?" Ye Liangchen, Long Aotian, and Zhao Ritian swallowed at the same time.

Li Tian looked at the Third Young Master Nether, but these three simple words let Li Tian know that the pictures that appeared now were not the Nether World.

"It looks like this is an image recording the fall of this magical world, but I don't know what this image means here? Are these images related to me?" Li Tian also thought about this question in his heart.

At this moment, a picture suddenly appeared in front of Li Tian. Although the picture flashed by, Li Tian clearly saw that the world that the picture flashed through was the other world that Li Tian passed through from the earth!

Xue Ji clearly saw this picture too, she was speechless in surprise, staring at the picture dumbfounded.

Soon, the Third Young Master and the sixty-odd masters behind him suddenly became excited!

"Netherworld, this is our Netherworld! Look at it, it seems to be the Ten Thousand Gods Mountain in the Netherworld. I only saw this picture in the book at the beginning!" Ye Liangchen said in surprise.

Long Aotian and Zhao Ritian nodded at the same time, with solemn expressions on their faces, and they didn't even have the courage to speak, as if that place was like a ***** of awe to them!

In the picture, a woman with fluttering hair is holding a spear, her eyes closed and her clothes flutteringly standing on the top of the Ten Thousand Gods Mountain in the Nether World, and on the hills around the main peak of the peak, there are powerful men in the Nether World everywhere. !

It seems that these powerful men in the underworld are besieging this woman!

"Li, the weapon in that woman's hand seems to be your heavenly spear!" Situ Ningbing came to Li Tian and said in a low voice.

Li Tian nodded slightly!

"Isn't that woman you? To be precise, isn't it the female domain master who remembered you?" Li Tian asked.

"I don't know, I don't know, but I don't have this paragraph in my memory!" Situ Ningbing said.

Li Tian was not talking, his gaze fell on the woman's spear of heaven in the picture. At this time, Li Tian seemed to be able to feel the spear of heaven in his hand shaking slightly.

The spear of the sky was originally a weapon in the hands of this woman, but how did the spear of the sky flow into the earth world, and how did it become the artifact of the eastern island kingdom, and how did it stick on the back of the small hot pot?

Li Tian's heart was full of doubts, and he desperately wanted to see the next picture.

Suddenly, the characters on the screen moved!

Thousands of Netherworld experts flew towards the woman. The spiritual energy blasted out of their hands was of all kinds, from swords, spears, swords, halberds, birds and beasts, but without exception, these spiritual powers Even if they exist in the picture, Li Tian and others are all lingering fears, and they can feel the powerful power!

"Domain master, these are all strong at the domain master level!" Ye Liangchen whispered to himself.

Li Tian's heart was about to jump to his throat, he felt seven or forty-nine fish in his body veins swimming frantically, and the black flame in his body was also fluctuating abnormally!

Domain masters, thousands of domain master-level powerhouses, so many domain masters in the Nether Realm would join forces to attack such a woman!

Li Tian was squeezing a sweat in the heart of the woman holding the spear of heaven. He knew that these pictures were tens of thousands of years ago, but he was still worried.

At this moment, the woman suddenly opened her eyes and suddenly raised the Qiong Spear in her hand!

Zizi!

Chapter 4275: Clear Clouds Out of Clear Clouds (4)

Li Tian's body shook suddenly, his heart beating super fast!

Qingyun!

It turned out to be Qingyun!

This woman turned out to be Qingyun!

That's right, but the blue cloud cast by this woman is obviously much higher than the blue cloud cast by Li Tian. Countless purple electric dragons flew out of the spear of heaven in her hand, and rushed towards the domain masters who were flying in. Guys!

boom!

boom!

Where the Qingyun purple electric dragon passed, those powerful domain masters were wiped out in an instant, and there was even no chance for low-end!

Guru!

Li Tian heard the voice of all the venerables in the Qingyun Temple swallowing at the same time!

Scared to pee!

The Three Young Masters felt that their legs were shaking slightly, but they were already shaking with fear when they saw this beautiful picture!

In the picture, the woman doesn't know what she is talking about, but from her look and expression, it can be seen that the feeling of aloft on this woman is no more than an ant-like weakness in her eyes. .

"Is this the battle of the legendary Ten Thousand Gods Mountain? The most terrifying battle in the history of the Nether Realm was also called the Battle of the Fall of the Gods?" Ye Liangchen said with a trembling voice.

Long Aotian said in a trembling voice: "After the Battle of the Ten Thousand Gods Mountain, the domain master of the Netherworld has fallen by more than 90%! Since the Battle of the Ten Thousand Gods Mountain, the Netherworld has begun a new era, and that woman has never appeared again. ."

"Since then, the domain masters have become one of the few most powerful beings, and after thousands of years of various wars and battles, there are now only twenty domain masters in the

Nether Realm! These are in the Nether Realm War of the Gods. There are records!" Zhao Ritian also said.

The third son of the Netherworld stared at the Qiong Spear of the Sky in Li Tian's hands. At this time, they finally knew how awesome Li Tian's backstage was!

That woman can kill the existence of the domain master in seconds!

They also knew that Li Tian might not know the history of the Netherworld, so they told Li Tian in this way!

Li Tian still wants to listen to the nonsense of the Third Young Master. If he wants to know, he can ask the Third Young Master sooner or later.

Li Tian's eyes still stopped on that woman!

In the picture, those domain owners seem to be constantly exploding with fireworks placed in the sky, but those domain owners are like moths fighting the fire, knowing that they will die without any hesitation!

Li Tian didn't know how many domain master-level powerhouses died in the Netherworld in this battle, but from the picture in front of him, Li Tian conservatively estimated that the number of these domain masters died also exceeded thousands.

The fireworks in the sky gradually dissipated, and the number of domain master-level powerhouses in the mountains are already very few!

By now, those domain owners seemed to finally know that this woman was beyond their reach, and finally gave up the attack on this woman.

But at this moment, the woman's body shook slightly, and a mouthful of blood was spurted out!

The woman's eyes were full of anger. She was still standing on the top of the Ten Thousand Gods Mountain, as if reprimanding these domain masters. The surviving domain masters in the picture lowered their heads, not daring to look at the woman's eyes.

Suddenly, the woman threw out the Heavenly Qiong Spear in her hand and fell in front of one of the female domain masters!

This woman seemed to be saying something to the female domain master, and the female domain master slowly picked up the spear of heaven in front of him, and then the female domain master and the woman disappeared at the same time!

The picture has become a bit unstable so far, but Li Tian still sees at a glance that the picture has become the earth world in the next second...

"The female domain master may be the female domain master in Situ Ningbing's memory, and that woman seems to have an important relationship with me! But..."

The picture is now over, even if Li Tian wants to continue watching, it is impossible!

Buzzing!

The Qingyun Temple, which was constantly twisting like a twist, became unstable at this time. The Qingyun Temple square began to sway violently, and a wave of powerful energy gushed out from the Qingyun Temple. This powerful energy impacted the crowd. The Venerables are unstable!

"Hurry up! This Qingyun Palace seems to be about to explode!" Liu You shouted loudly!

Huh!

Huh!

It seems that because the Azure Cloud Palace has become unstable, the underground palace's imprisonment for the Venerable's teleportation has also weakened, and the Third Young Master and his followers, Liu You and his followers disappeared instantly!

"Little boss, let's go too!" Tang Xiaolong shouted at Li Tian.

"I can't go, I feel that there is something in this Qingyun Temple calling me, if I go now, then everything we did today will be completely abandoned!"

"Xiaolong, Ningbing, take everyone away!" Li Tian shouted.

Huh!

Huh!

Situ Ningbing and Tang Xiaolong teleported to around Li Tian, reaching out to support Li Tian.

"If the little boss doesn't leave, how will my Tang Xiaolong slip away? You know that now I, Tang Xiaolong, is in the realm of nobles, higher than your realm, the little boss...hahaha"

This product still forgets the stinky fart at this time!

"Li, you can send Xueji, Little Hotpot, and Li Letian into the space of Void Yasha, I won't leave either!" Situ Ningbing said firmly with his eyes.

Li Tian knew that it was impossible for Situ Ningbing and Tang Xiaolong to leave him now, and the vicious dog was also impossible to leave him!

"Young Master Void, quickly send them all into the space, speed!" Li Tian shouted at Void Yasha.

Without Li Tian's greeting, Void Yasha had already sent everyone else into the space in an instant, and he disappeared immediately. Only Li Tian, Tang Xiaolong, Situ Ningbing and Vicious Dog remained in the entire Qingyun Temple Square.

Step by step, Li Tian walked towards the distorted Qingyun Temple. Tang Xiaolong and Situ Ningbing wanted to follow Li Tian closely, but they were quickly blown out by the constant release of energy. If their bodies block them, the two of them may also be impacted and fly to the steps!

"Why the little boss has the weakest level of repair, but the little boss can withstand the impact of these energy fluctuations?" Tang Xiaolong asked.

Situ Ningbing raised his arm with difficulty and pointed at the Qiong Spear in Li Tian's hand, and said, "It should be related to the weapon in his hand! Now let's calm down and take a look at what is in the Qingyun Palace. It can release such a powerful energy!"

Li Tian was struggling. He felt that his clothes were torn to pieces by the powerful energy in an instant, and the powerful energy was like a wind blade, cutting out wounds on his face and body!

Chapter 4276: Qingyun comes from Qingyun (5)

Li Tian did not flinch at all!

The sky will come down to the people of Sri Lanka, and he must first suffer from his will and his muscles. This pain is nothing at all!

Whoosh!

Huh!

Li Tian felt like a fish that had been cut open. There were wounds all over his body. Blood began to flow down the wound. The hot blood made Li Tian feel that he was hot and hot!

Teng!

Suddenly, the dark flames in the veins of Li Tian's body surged out, followed by seven or forty-nine purple electric snakes!

At this moment, the powerful energy fluctuations of the twisted Qingyun Temple turned into a huge suction, and Li Tian's body was instantly sucked into the Qingyun Temple by this suction!

"Li Tian!"

"Little boss!"

"Wow!"

Situ Ningbing, Tang Xiaolong and Vicious Dog shouted at Li Tian at the same time. ,

But after Li Tian's body entered the Qingyun Temple, Li Tian and Qingyun Temple disappeared instantly, as if the Qingyun Temple had never appeared before!

"Ningbing, little...where did the little boss go? What do we do now?" Tang Xiaolong asked Situ Ningbing anxiously.

Situ Ningbing's face also showed anxious expression. She is also Liushen Wuzhu now, not knowing how to answer Tang Xiaolong's question.

"Wait! Let's wait here! I believe Li Tianji is a human being!" Situ Ningbing said.

"Wow!"

The evil dog nests on the ground, as if telling Tang Xiaolong with practical actions that it will also wait here for Li Tian!

...

Li Tian felt as if his body was floating in the void, surrounded by darkness!

"Is this the inside of Qingyun Temple?"

"How do I feel that I am floating in the air?"

Li Tian wants to communicate with the three small Yashas, but no matter how he communicates with the three small Yashas, there is no way to get in touch with the three small Yashas!

"It seems that this place should be similar to the space in the Qiong Spear of the Sky, and there is no way to contact Xiaoyasha for the time being!"

It was dark all around, Li Tian couldn't see anything. This feeling was like entering the dark cage of Feitian Yasha, but it was a little different.

Li Tian wanted to move his body, but in this space it was completely impossible for him to move his body. Li Tian wanted to open his mouth and shout loudly, but he couldn't even open his mouth in the same way.

Quiet and dark!

There is no sound, no light, no temperature, no perception, Li Tian feels as if he is completely isolated from the world.

Even Li Tian began to wonder if he really existed.

Li Tian couldn't help but feel a little worried!

"I don't know what's going on outside? Situ Ningbing and Tang Xiaolong don't know if they have been affected by Qingyun Temple!" Li Tian thought in his heart.

...

time flies!

At least in Li Tian's mind this time is passing fast!

I don't know how long it took, Li Tian suddenly felt something touching his nerves! This feeling is as if Li Tian used the transparent silk threads released by the nine-color corpse crystal to touch the corpse crystal in the zombie's head!

But this feeling flashed by, and then everything returned to normal!

This kind of normal is not normal!

"What the **** is this place? Is Qingyun Temple just a big pit? I want to jump into this pit just to get this result?"

But no matter what resentment Li Tian has in his heart, this situation continues, and Li Tian is completely helpless!

Li Tiandao wanted to use the Blue Cloud Qi Jue and the Dark Flame to swallow this space, but he found that in his current state, even controlling the spiritual power in the body's veins is a luxury!

Li Tian couldn't help but start thinking wildly!

It was like playing a movie in his mind, and things in his memory kept appearing!

The poor Liaocheng boy...

Life as a security guard in Kyoto...

The battle on the top of the Tianshan Mountains...

Seeing Xue Ji taking a bath from another world...

Fight to the death with the master of Yangshen...

The zombies slaughtered the zombies...

Li Tian's body was curled up like a baby. In this state, Li Tian felt that he was in a kind of light sleep, and his body and mind were in an extremely comfortable feeling.

Soso!

At this moment, Li Tian felt as if something was touching his nerves. This time Li Tian didn't make an overreaction, letting him act recklessly.

boom!

Li Tian suddenly felt like an explosion in his mind, and then a white light flashed before his eyes, which seemed to split Li Tian's body in half.

But it is not painful!

"God! Little day!"

A soft female voice echoed in Li Tian's ear.

"Who is it? Who is calling me?" Li Tian wanted to shout out, but he couldn't shout out these words!

Li Tian wanted to open his eyes and see the woman's face clearly, but all this was in vain. He could see nothing in front of him!

"Xiaotian, I am very pleased to see you here, you really did not disappoint me!" The soft voice continued.

"Who are you? Why do you trap me in this way? What is your purpose?" Li Tian thought in his heart.

"Xiaotian, you must really want to know who I am? You want to see my heroic smile too? But now your strength is still too weak. When you have enough strength, you will know me. Who it is, will naturally see my true body!"

"When you reach the Nether Realm, when you are in the earth world, I can't help you much, but now it's fine, when you reach the Nether Realm, someone will come to help you!" The soft voice continued.

Having said this, the voice paused for a long time, and then Li Tian felt as if an arm had touched him lightly, and when he touched him tightly, he felt that his body seemed to be burning. The body began to be extremely distorted, and an unspeakable pain spread in his body and soul!

Fortunately, the arm was released immediately after just a touch!

"I should send you out, leave the battlefield of death early, and go to the Nether Realm early! The Nether Realm is where you can display your skills!" said the soft voice.

"Hey, just send me out like this? You see that you and I are so predestined, won't you give me some artifacts, magic weapons, exercises, etc.?" Li Tian shouted in his heart.

At this moment, Li Tian felt that the white light in front of him suddenly disappeared, and his eyes were plunged into darkness again.

Li Tian felt that his eyes couldn't adapt to this kind of momentary darkness and momentary glare!

But at this moment, Li Tian felt that something was rushing towards him in the darkness!

Chapter 4277: Clear Clouds Out of Clear Clouds (6)

Li Tian's pupils can't help but enlarge, these things that wander over are not other things, they are actually dense text! Just like the text on Qingyun that Li Tian had seen before, these questions are also Sanskrit!

With the appearance of these words, it is the first time Li Tian has felt the small fish swimming in his body veins since he entered this dark space. If you are by Li Tian now, you will find that Li Tian's body is It is like a jellyfish, completely transparent!

Through the skin of Li Tian's body, you can see the spiritual power in the veins of Li Tian's body swimming, and you can also see the small fish in the veins swimming happily, but at this time, the black flames in Li Tian's veins seem to be Suppress the general and prohibit the difference.

At this moment, Li Tian felt that one of the ninety-nine-eighty-color corpse lotus flower buds in the lake in his heart began to bloom slowly!

"Qingyun? Are these words all Qingyun? And these words have caused the spiritual resonance in my body, so the nine-color corpse lotus in my body will bloom?"

Li Tian's heart beat faster involuntarily.

"I don't know if I can break through to the realm of the nobleman when this second nine-color corpse lotus blooms. If I can break into the realm of the nobleman, then I will have more self-protection ability when I go to the underworld! "Li Tian thought in his heart.

Whoosh!

When the first text wandered to Li Tian's side, the text quickly wandered around Li Tian's body a few times, and then slammed into Li Tian's mind.

boom!

In an instant, in Li Tian's mind, this first text change became a very simple ancient book!

This ancient book does not know what material it is made of, but it looks like animal skin or tree bark from the outside, but this ancient book shone with a metallic luster.

When this ancient book was formed, the words that swarmed crazily poured into Li Tian's brain.

These words appeared on the ancient book, quickly arranged and grouped on the pages of the book, forming paragraphs of words.

Unfortunately, Li Tian still doesn't recognize these words!

However, this did not affect Li Tian's joy, because Li Tian could already feel that a corpse lotus in the pond in his heart was in full bloom at this time!

With the nine-color lotus in full bloom, Li Tian could feel that his heart was filled with strong spiritual power in an instant, and when these spiritual power met the black and black flames in the sky, they turned into raindrops and fell on the lake!

As the rain hit the lotus leaves, the little fish in the pond jumped out of the water and opened their mouths to swallow the raindrops from the sky!

I don't know if it is an illusion or a real feeling, Li Tian felt that the water level of the lake had risen by a few inches, and the area of the lake had expanded a bit at the same time!

boom!

Li Tian felt a loud noise coming from his body, and then the water of the lake turned into a surging wave, convolving light rain to hit Li Tian's veins!

The original veins in Li Tian's body were wide enough, like a big river, but the lake water poured in, swarming into the veins, the veins seemed a bit crowded instead!

However, this turbulent lake does not matter whether Li Tian's context can withstand it. If there is difficulty, it must go up. If there is no difficulty, it will also go up. The current lake is so domineering and unreasonable!

Wandering unscrupulously in the context of Li Tian, destroying unscrupulously!

Had it not been for Li Tian had suffered this kind of pain several times, Li Tian would have already called out in pain!

But Li Tian's face was full of joy!

"Is this a sign of breaking through to the Venerable? Come on, let the storm come harder!" Li Tian thought in his heart.

The tide formed by the lake continuously impacted Li Tian's veins. Cracks and necrotic spiritual barriers continued to appear in Li Tian's veins, but the erosion did not stop for a moment!

Li Tian didn't know how long this scouring would last. Since there was nothing he could do, he would just endure it in silence!

At this time, Li Tian's consciousness was more concentrated in his mind!

Wow!

In Li Tian's mind, that ancient book has been formed!

As long as Li Tian's consciousness moves, the pages of the book will follow Li Tian's consciousness!

Every time you turn a page, the hundreds of words on this page are rearranged and combined like a tadpole!

Li Tian didn't know how long he would last in this state. He had nothing to do, so he turned the book page by page. There were hundreds of ancient books in total. Now there are only a dozen pages in the front with some words. Press completely blank!

Even so, the first words are not stable, just like tadpoles roaming around.

Fortunately, every time Li Tian turned the page of the book, the words on it could stabilize a little, and the number of words wandering was getting less and less.

I don't know how many times Li Tian turned it over, and those words gradually stabilized!

In the end, no matter how Li Tian turned the pages of the book, those words remained motionless!

At this time, the huge wave of the lake in Li Tian's vein has also stabilized, but at this time Li Tian's vein is no longer a big river, more like a wide river!

To Li Tian's surprise, the swimming fish in the river water are no longer small fish. It seems that these small fish have become dozens of times larger. When every small fish jumps out of the water, it can form on the surface of the river. A huge wave!

"Now my body can't move, but this powerful feeling is something I have never experienced before. If my guess is good, I should have reached the realm of the nobleman now!"

"Hey, this trip to the underground palace really made a lot of money. First of all, I solved the trouble of Xuezhengxin, and robbed his three demon blood Yijing pills. Now my cultivation strength has reached the realm of the nobleman. The important thing is this ancient book in my mind, Qingyun is coming out of Qingyun Palace, this ancient book should be Qingyun in all likelihood!

Li Tian thought of the scene in the scene where the woman holding the Heavenly King Spear instantly killed the domain lord in a second, but there was even more excitement in his heart!

"This Qingyun is really powerful. If I can gather the nine layers of Qingyun to practice, maybe I can reach that level! I should go out now, and Situ Ningbing and the others should also feel my strength!" Li Tian thought. Thinking about it.

Huh!

Li Tian felt his eyes light up, and his body had flashed out of this darkness!

"Little boss!"

"Lee!"

"Wow!"

Tang Xiaolong, Situ Ningbing, and Vicious Dog discovered Li Tian almost at the same time. With excitement on their faces, they teleported to Li Tian!

Li Tian was a little uncomfortable with the light in front of him, rubbing his eyes, and then slowly adapting.

"Little boss, have you entered Qingyun Palace? We are so anxious waiting for you!" Tang Xiaolong said.

Situ Ningbing stretched out his hand to take Li Tian's arm and said, "Li, it's okay if you are fine, we are all so worried about you!"

The Vicious Dog is too big, but in order to please Li Tian, he wrapped Li Tian and others around his back with his white bone tail, and shook the tail slightly, showing his closeness.

Chapter 4278: Conquer the unicorn (1)

Standing on the body of the evil dog, Li Tian looked back at the place where the Qingyun Temple was originally located, and found that the Qingyun Temple had disappeared!

"How long have I been in Qingyun Temple?" Li Tian asked.

"Almost three months! It has been exactly ten years since we entered the battlefield of death!" Situ Ningbing said.

"Little boss, what exactly is it like in Qingyun Palace? Do you have any magical encounters in Qingyun Palace?" Tang Xiaolong asked.

Li Tian briefly told Situ Ningbing and Tang Xiaolong about his experience in the Qingyun Temple.

"You said you have an ancient book in your mind?" Situ Ningbing asked.

Li Tian nodded, and said that Li Tian started to write the words on the cover of this ancient book to Situ Ningbing with his fingers in the air, and said: "Ningbing, see if these words mean Qingyun!"

As Li Tian finished painting the words on the cover of the ancient book with Li Tian's fingers, Situ Ningbing's eyes involuntarily expressed surprise.

"Li, Li, do you know what this ancient book is?"

"Isn't it Qingyun?" Li Tian couldn't help but asked anxiously.

"Yes! No! No!"

"Is it right?"

"Yes or not!" Situ Ningbing continued: "Li, this is an ancient book that is the Qingyun general outline, that is to say, the ancient book in your mind should have all the Qingyun you have practiced now, it is like a bound book! "

Li Tian's face involuntarily showed a disappointed expression.

"What is the use of the Qingyun that I want to bind? What I need now is other Qingyun techniques, a way to quickly improve my cultivation and strength!" Li Tian said.

"You can't say that. If I'm right, after you have cultivated all the Qingyun tactics, this ancient book can play a corresponding role, and didn't you just say it? There is already in this ancient book now A dozen pages of content, maybe there is a blue cloud in it that we haven't cultivated," Situ Ningbing said.

When Situ Ningbing said so, Li Tian became excited.

Li Tian wanted to hurry up and copy all the blue clouds in his mind now, and then give it to Situ Ningbing, let Situ Ningbing see if there are other Qingyun cultivation methods that he hasn't practiced yet, but Li Tian also knows He unknowingly stayed in Qingyun Temple for another three months. During these three months, only Situ Ningbing, Tang Xiaolong, and the evil dog were waiting for him here, and he didn't know if Liu You and the third son of You Ming were like these. Where are the conscience guys now!

"Did they not come here to find me in the three months of Liu You and You Ming San Sha?" Li Tian asked.

Situ Ningbing and Tang Xiaolong shook their heads at the same time.

"Damn, the wings are really hard, and I don't care about Lao Tzu's life or death. When Lao Tzu meets them next time, let's see how I deal with them!" Li Tian said dissatisfiedly.

"By the way, there is Venerable Unicorn in the space of my Heavenly Qiong Lance. Let's enter and conquer Venerable Unicorn before leaving here!" Li Tian said.

"The one-horned sage is a second-level sage, little boss, you are still too reluctant to deal with the second-level sage, hehe, let us, the powerful ones at the sage level, handle it!" Hustle up.

Li Tian looked at Tang Xiaolong suspiciously, and asked, "Don't you feel that my cultivation base has changed in these three months?"

Tang Xiaolong and Situ Ningbing looked up and down at Li Tian, then shook their heads at the same time.

They felt that during the three months that Li Tian disappeared, not only did Li Tian's cultivation level not increase at all, it seemed to shrink slightly. The energy fluctuations released from Li Tian now felt like the mid-level ninth-level practitioner.

Tang Xiaolong said without a brain: "Little boss, although I don't want to hit you, how do I feel that your cultivation is regressing? But it doesn't matter. As long as Tang Xiaolong is here, I will never let anyone else. It hurts you! I am your right arm..."

boom!

Li Tian suddenly mobilized the spiritual power in his body and released it instantly!

A powerful wave of energy surged from Li Tian in an instant. This powerful force has far surpassed the energy of the first level of the sage. Even the powerful vicious dog suddenly stirred at this moment and turned his head in surprise. Looking at Li Tian, his eyes were filled with shocked expressions.

"This kid has broken through to the realm of the venerable! In just three months, this kid's cultivation has reached the realm of the highest level of the sage. Moreover, why does the powerful energy released from this kid let Do I feel lingering in my heart? Is this kid's true strength now surpassed by the Venerable Level 2?" The evil dog thought in his heart.

The faces of Situ Ningbing and Tang Xiaolong showed shock at the same time!

"Little...little boss, you...when did you break through to the realm of the nobleman? But...but why don't we feel that you have broken through to the noble rank when you don't deliberately release energy?" Tang Xiaolong was surprised. Asked indifferently.

The same expression on Situ Ningbing's face.

Li Tian always gives them a lot of surprises and surprises, this time too!

In three months, from the ninth-level peak of the cultivator to the first-level peak of the venerable, if Situ Ningbing hadn't seen it with her own eyes, she would have doubted whether this was a legendary story!

"Li, congratulations!" Situ Ningbing said sincerely.

Li Tian nodded slightly, thinking in his heart: "Although I have broken through to the realm of the venerable, it feels to others that I only have a ninth level of cultivation level. Hehe, that doesn't mean that I can act as a pig and eat a tiger again. Can you pretend to be forced?"

"It was so happily decided, now first enter the space of the Heavenly Qiong Lun, and use the one-horned Venerable to practice hand! My soul-detained entourage controlled by Dafa has no Venerable second-level powerhouse yet!" Li Tian thought in his heart.

Huh!

Li Tian took the vicious dog, Situ Ningbing, and Tang Xiaolong into the huge stone hall of the Qiong Spear of the sky.

In the Great Stone Hall, the One-horned Venerable was first startled when he saw Li Tian suddenly appear, and then a trace of anger appeared on his face, but this trace of anger flashed by, and soon became helpless and fearful.

"The Blood Lord has been beheaded by you, and the other followers of the Blood Lord may not be able to escape death, you...how do you want to deal with me? Three months, you have been trapped here for three months. I thought you would trap me here forever!" Venerable One-horn said with a sad face.

"Is it the wrong way to open it? I killed Young Master Blood. As the servant of Young Master Blood, shouldn't you fight me hard? Should we go out and re-enter again?" Li Tian said with a smile.

Chapter 4279: Conquer the unicorn (2)

"Can't I give up if I give up? What do you want? Don't bring people like this!" Venerable One Horn said with a sad face.

"Give up? Men should fight as hard as they can, you just give in. You are embarrassed to admit defeat, and I am embarrassed to accept it! Otherwise, we two men fight directly, and neither of us is allowed to intervene. If you win, I can let you go. If you lose, then you will give me your soul. You will be my follower in the future!" Li Tian said with a smile.

Seeing Li Tian's slender face, Venerable One-horn really wanted to kick his face!

"You are only the cultivation base of the ninth-level cultivator, and I am the second-level master of the Venerable. If you do not have the help of the female Venerable, the monster and the black monkey behind you, twenty of you are not. My opponent of Venerable One-horn!" Venerable One-horn thought.

However, Venerable One-horn also understands the truth that people use a knife to make me a fish.

When Li Tian was sent into the space of the Qiong Lance of the Sky, the Venerable One Horn was shocked by the vast world in front of him. He knew that even a powerful domain master would not have such a huge space artifact.

In this way, the one-horned Venerable was full of jealousy about Li Tian's identity and background. He also knew why the third son of Nether Ming would willingly follow Li Tian at the expense of surrendering his status. He also knew that the blood Zhengxin died in Li Tian's hands. It's hard to understand.

Originally, the One-horned Venerable thought that Li Tian would come to him soon, or dozens of Venerables would besiege him, behead him, or persuade him to surrender, and let the One-horned Venerable follow Li Tian.

But what he didn't expect was that after he was sent into the Qiong Lance of the Sky, Li Tian seemed to have forgotten his existence. For three months, he drew a prison and trapped himself in this huge stone hall, waiting for Li Tian. Trial.

If Venerable One-horned Venerable these three months are spent on cultivation, maybe his life will pass faster. As long as he falls into the state of selfless cultivation, three months will be a blink of an eye.

However, the Venerable One-horn swallows the demon-blood Yijing Pill, and there will be no change in his cultivation or not. Therefore, these three months are three months of suffering for the Venerable One-horn. time.

"Why don't you fight anymore? I'm a dignified second-level expert against you, a master of the ninth-level cultivator. I won't have the slightest brilliance after winning!" said the single-horned master shaking his head.

"Haha, so you are afraid of losing? In fact, you don't have to be afraid of losing at all, because you are sure to lose!" Li Tian said with a smile.

Venerable One-horned his heart burst into flames, he jumped up angrily, stared at Li Tian angrily, and said: "Are you sure you want to fight me? No eyes, if you have I am irresponsible for being short and long!"

"Puff!"

Tang Xiaolong suddenly laughed, and said with a playful expression on his face: "If you say that there are three long and two short, it must be you!"

"Asshole, you can kill and not be insulted. If you are really confident that you have this strength, apart from this monster, the three of you can join together. I will let you know the gap between you!" To say.

"Hahaha! What a scholar can be killed but not insulted. We must know that our little boss has not killed the second-level powerhouse of Venerable, the one you believed in blood and faith at the beginning... that Venerable Horn, he died in our little boss Hand! When the battle begins, I hope I can see you not being beaten by our little boss. Your face will not look good at that time!" Tang Xiaolong continued.

Venerable One-horn couldn't help but look at Li Tian a few more times, and he looked at Li Tian carefully, but Venerable One-horn quickly shook his head again.

"Impossible, his cultivation is clearly at the ninth level of cultivator. If his cultivation reaches the realm of the Venerable, even if he can control the energy fluctuations of his body, he will not be able to control it so perfectly!" The single-horned Venerable thought in his heart. .

The expression on Li Tian's face did not change at all. He still smiled and looked at Venerable One-horned, and said, "This deal is very cost-effective. As long as you win, I will be free. Even if you lose, you will not lose your life. , It's just giving me my soul and becoming my follower."

"Okay! Then come on!"

The energy fluctuations on the Venerable One-horn suddenly increased, and these energies instantly swelled his clothes, and the Venerable One-horn had already teleported out of the Giant Stone Hall by performing a teleport.

Huh!

Huh!

Huh!

Li Tian, Situ Ningbing, Tang Xiaolong, and the Vicious Dog appeared outside the hall almost instantly using teleport.

In the space of the Qiong Spear of the sky, Li Tian's teleportation cannot borrow the space of the Void Yaksha, so this is the proof that Li Tian has become a venerable person, and when Li Tian is

performing teleportation, the energy in his body is naturally not like that. Control like that under normal conditions!

"Sure enough, he is a powerful master! Hey, it seems I still underestimate him!"

"Come on, let's have a good fight!" Venerable One-horn shouted to Li Tian. At this second, Venerable One-horn's heart has already started to burn, and he seemed to want to take his heart. That resentment was completely vented on Li Tian!

Huh!

Huh!

The Venerable One-horned teleport continuously, teleporting from the vast grassland where the huge stone hall is located to the lofty mountains.

The mountain peaks here stand upright, as if a sharp pen is standing upside down. The mountain peaks are full of ravines and rocky rocks. Looking around, there is little green!

The One-horned Venerable stood on the top of the mountain, letting the wind blow his long hair, with a solemn expression on his face, staring at Li Tian who was following him!

"I wiped it, I thought I was the only one who could pretend to be forceful. It turns out that all the guys in the Netherworld are pretending to be good. Isn't it just a big one? As for you, do you have to go to such a place? And Nima, you still occupy the top of the mountain, and you have to look at me in a condescending manner. Do you like this kind of superior feeling?" Li Tian thought disdainfully.

"But it's not like that!"

Li Tian's legs slammed on the ground, and a huge boulder under his feet was instantly collapsed by the powerful force of Li Tian's body and fell into the cliff, and Li Tian's figure had already rushed towards the Venerable Unicorn like a flash of lightning!

Li Tian didn't have the Heavenly Qiong Spear in his hands, but the moment he rushed out, he became the little prince Lafeng.

There are two black flames under the feet of this goods, just like the hot wheels underneath Nezha's feet, and the thick purple electric dragon is coiled on the left and right arms of this goods!

Zizi!

The powerful energy released from Li Tian even made the violent wind on the mountain stop whistling at this moment!

Venerable One Horn finally showed a trace of horror on his face!

"Ok... so powerful!"

Chapter 4280: Conquer the unicorn (3)

This kind of power makes Venerable Unicorn feel terrified!

Facing the attack of Li Tian's thunder, the one-actor readers dare not fight head-on, eh! With a sound of the ground, teleported to avoid Li Tian's bombardment.

Li Tian's fist fell on the boulder on which the Venerable One-horned was standing. The two purple electric dragons on Li Tian's arm did not rush out of Li Tian's arm, but dozens of purple electric arcs spewed from the mouth of the purple electric dragon. Falling on the boulder.

boom!

With a loud noise, the boulder turned into ashes in an instant!

Whoosh!

Venerable One Horn appeared behind Li Tian instantly!

Venerable One-Horn's iron fist shone with white light, blasting towards Li Tian's back vest!

But when his fist was about to fall on Li Tian's back vest, Li Tian in front of him had already turned into an afterimage, and a powerful energy wave suddenly appeared behind Venerable One Horn.

Venerable One-horn does not need to look back, knowing that Li Tian has seen through his attack and teleported behind him to attack him!

Huh!

Huh!

Huh!

Two powerful men of the venerable level were constantly using teleport to sneak attack each other, and constantly using teleport to avoid each other's attacks, for a time, neither of them touched each other!

"What a powerful guy. At first glance, this guy's cultivation base is only a ninth-level cultivator, but when he uses teleport, you will find that this guy is already a veritable powerful person at the venerable level, but only with This guy fights, you only know that this guy is the first-level cultivation base of the sage, the second-level strength of the sage!" the one-horned sage thought.

Venerable One-horn did not dare to take it lightly. It was just that his mind had such a distracting thought. Li Tian's attack had already hit him, and this attack was clearly much faster than the previous one. It is also constantly climbing.

The Venerable One-horn wanted to use teleport to avoid, but at this time a pressure fell from the sky, and the wheel was on his body instantly. The Venerable One-horned counterattack was not unpleasant, but even so, he wanted to use it. Teleportation is completely too late.

Fortunately, Venerable One-horned has experienced thousands of battles on the battlefield of death. Even if his teleportation is not displayed, every inch of his body will subconsciously resist and counterattack when it feels danger exists. .

boom!

Venerable One-horned fist with white light and Li Tian's iron fist collided hard!

Not afraid of not knowing the goods, but afraid of comparing goods, under the dazzling purple electric dragon light, at this moment, the one-horned Venerable felt the white light on his fist instantly lose its luster.

boom!

A loud noise was heard from the two fists, and the powerful shock wave spread to all sides.

Venerable Li Tian and the One Horned Venerable instantly teleported to the two distant peaks, but the peak they were fighting just now could not bear the powerful energy fluctuation and collapsed instantly!

Venerable One-horn felt his arm trembling constantly, the white light on his fist was like a shadow, and the spiritual energy of his body began to fluctuate violently.

"Horrible guy! If it weren't for my current level of Venerable's second-level cultivation base, I'm afraid this arm would have been scrapped by this guy!" One-horned Venerable thought.

On the other side, Li Tian's mouth showed a slight smile, calmly looking at the one-horned Venerable on the top of the distant mountain!

"This is the strength of the Venerable at the second level. It is really extraordinary. The last time I fought with the Venerable Horn was really risky. If Situ Ningbing and the vicious dog were not there, I might lose miserably that time! "

"But this is all in the past tense. Now I, Li Tian, has also reached the realm of the nobleman, and my cultivation level is obviously stronger than that of the ordinary nobleman. The first is gravity attack. I no longer belong to the nobleman. The second-level powerhouse, even because it can be used for three purposes with one heart, when teleporting and gravity attacks are used, the speed is faster, but I still have the advantage!"

"And I haven't used my full potential so far. I only control and use two of these seven or seventy-nine purple electric dragons. If you use it at the same time, the one-horned Venerable in front of you will probably be powerless to fight back!" Li Tian thought.

Farther away, the behemoth the vicious dog squatted cautiously on the top of a mountain. His four snow-white wings were flapping incessantly. The strength of Situ Ningbing and Tang Xiaolong above the vicious dog's head was fully demonstrated by Li Tian. Was shocked.

Guru!

Tang Xiaolong swallowed his saliva and said with a mournful face: "My cultivation level is only more than three months higher than that of the little boss. Now the little boss is equal to my cultivation level. In terms of strength, the little boss is now again It was a few blocks away from me, ooh, it's so unfair!"

"Hahaha, Li Qiang, we will be strong. Only when Li Tian has enough ability to protect ourselves and fight against the strong can we have the opportunity to quickly improve our cultivation strength! Don't think too much about it, instead of having this Thinking, it's better to practice harder!" Situ Ningbing said.

Situ Ningbing raised her head and continued to look at Li Tian. Her eyes were full of tenderness. At this moment, Situ Ningbing did not look like a terrifying killer, but a gentle woman.

"Li, just go ahead, I won't be a burden to you, and I will look at your back and work hard to cultivate together!" Situ Ningbing thought.

The vicious dog at the feet of Situ Ningbing was full of relief at this time.

"This guy is really amazing. If he is raised at this level, he may not take three thousand years to become the domain master, and as long as the cultivation level reaches the domain master, then I will..."

On the other side, the Venerable One-horn hadn't moved for a long time on the top of the mountain. He waited until the spiritual power of his physical veins was level by level and his arm was no longer trembling.

"I gave up! I voluntarily handed over my soul to you and became your entourage!" Venerable One Horn shouted to Li Tian.

"This is not going to fight? It's just started, maybe you still have a chance to win?" Li Tian smiled.

A wry smile appeared on the face of Venerable One-horned, this kind of opportunity is too slim!

Huh!

Venerable One-horn teleported to Li Tian, knelt down in front of Li Tian, bowed his head and said, "I am willing to surrender! I will take refuge in my master sincerely!"

There was a smug smile on Li Tian's mouth.

Li Tian knows that if he can't let the one-horned confidant surrender to him, it is very difficult for him to control the one-horned with soul detention, and once the one-horned one's heart is frustrated, when Li Tian controls him It may even bite him back.

"Well, as long as you follow me and behave well, just like the Venerable Four Mountains in the Southeast, the North and the West, I will give you freedom then!"

Speaking, Li Tian stretched out his hand and pressed it on the head of Venerable One Horn, and began to perform soul detention!
