

A Killer 4291

Chapter 4291: : Long Yin's Wrath

Long Yin's legs slammed hard, and his figure instantly rushed towards Li Tian like a bolt of lightning.

boom!

boom!

Long Yin's fist blasted towards Li Tian like a storm.

Facing Long Yin's attack, Li Tian's face showed a trace of disdain, even without teleporting, he easily avoided Long Yin's attack.

boom!

A coercion fell from the sky instantly, and the wheels were on Long Yin.

Long Yin tried his best to use gravity attacks to break Li Tian's coercive attack, but Long Yin at the ninth level of the cultivator had no way to break open. Even if his body could still move with difficulty, he wanted to fight normally. impossible!

Huh!

Li Tian's figure flickered and appeared in front of Long Yin, his leg hitting Long Yin's body like a steel whip.

Long Yin subconsciously resisted with his arms, also barely holding Li Tian's attack, but his body had already lost control, flew out, and rolled on the ground for a few more times before stopping.

The soil and weeds were soaked in Long Yin's clothing. Long Yin got up from the ground in a hurry before he even came. Li Tian had teleported to Long Yin and kicked a few feet against Long Yin's body.

"Huh! Is this the true strength of your Long Yin? How did you survive the death battle over the years? For now, even if I don't need to teleport or attack by gravity, you still can't. It's just a pile of waste!" Li Tian said.

Tang Xiaolong looked at Li Tian dumbfounded.

"Little boss, shouldn't it be like this? When you came out of the Vagrant City, you still wanted to see Long Yin, and you wanted to take Long Yin back to the earth world. Don't you tell me what you said, little boss Is it?" Tang Xiaolong thought in his heart.

Tang Xiaolong looked up at Situ Ningbing again, he wanted to see Situ Ningbing's reaction.

"Xiaolong, idle is also idle, we went to those Tucheng trialers to looting, it is considered as a farewell to us leaving the death battlefield," Situ Ningbing said.

"But... the little boss...?"

There seemed to be something wrong in Tang Xiaolong's heart, but he couldn't understand what was wrong with his head!

...

In the distance, these testers in Tucheng saw that their city lord Long Yin was knocked to the ground in just over ten seconds, and was trampled under the feet of a Venerable. These testers felt very Angry, but they didn't have the courage to save their city lord!

"Or... or do we rush over to save our Lord City Lord? We have more than 10,000 apprentice-level testers here, plus these refugee apprentices just captured, our number exceeds 12,000. People, even if they are powerful at the venerable level, if they want to kill so many of us, I am afraid they can't do it!" Someone said.

"That's a powerful person at the venerable level, and it's still three powerful people at the venerable level. No matter how many of us pass by, it will be nothing but a futile effort. It would be better if we were fighting against those venerable guys by the Lord of the City, Let's hurry and escape!"

"It's over, it's over! Venerable Red Bronze, Lord City Lord, and ninth-level cultivator peak master elite have been completely defeated. Even if we escape, where can we go?"

"Yes, in the past ten years, we have robbed organizations and teams of trialers, large and small, in the Land of Silence and Wind and Snow. If we leave the sanctuary of Lord City Lord, we will have a hard time. I'm afraid that this little spiritual source that I saved will soon be snatched away by others, and maybe our lives may not be guaranteed!"

Husband and wife are birds of the same forest. When disaster strikes, they fly separately. This is the case for husband and wife. What's more, most of these trialers are teams formed through continuous annexation and plundering by Long Yin and others.

There have been people escaping from the team of trialers, taking their people courier into the deadly place.

Huh!

Huh!

Suddenly two figures appeared in the crowd of trialers, it was Situ Ningbing and Tang Xiaolong!

When the trialists saw the two venerables teleporting into their crowd, they immediately fled in horror. There was also a roar of the trialists and rushed towards Situ Ningbing and Tang Xiaolong.

However, Situ Ningbing and Tang Xiaolong are Venerables, just like Long Yin in front of Li Tian. These testers are like chickens and dogs in front of Venerable, and they are not enemies of a trick.

The coercion fell from the sky, and the cultivators closest to Situ Ningbing and Tang Xiaolong had no time to escape before the coercion controlled them.

boom!

boom!

Tang Xiaolong's iron fists kept hitting those tester cultivators, and with each fist falling, the body of one tester instantly turned into flesh and blood, and turned into a corpse.

Situ Ningbing's movements were not slow at all, the butcher knife in her hand was not the death god's sickle, and it was constantly harvesting the lives of these cultivators!

Desperate screams and painful begging for mercy continued to be heard among the cultivator-level trialers, but Situ Ningbing and Tang Xiaolong did not have the slightest tenderness.

"Do not!"

"You have the ability to come to me! Come to me Long Yin!"

Long Yin fell to the ground, his cheek was stomped on by Li Tian, and in his eyes, the brothers of the cultivators who had been with him for almost ten years were killed wantonly by Situ Ningbing and Tang Xiaolong.

"Come to you? Long Yin, do you really regard you as the lord of Tucheng? Now I kill you as easy as crushing an ant! If you want me to face you, then you will change. Be stronger!" Li Tian said with a sneer.

Huh!

Huh!

Long Yin panting heavily, and said to Li Tian: "Li Tian, you really have changed! Even if this death battlefield is a world where the weak and the strong, but your changes are really too great, you even cut it unscrupulously. Kill the weak!"

"Hey! Then I'll tell you what is unscrupulous!"

As soon as Li Tian's words fell, Li Tian had already teleported to the crowd of cultivators who fled in a panic. The Heavenly Qiong Spear in his hand suddenly pierced the body of a cultivator.

In the next second, Li Tian teleported back again, and before Long Yin had a chance to stand up, his foot had already stepped on Long Yin's cheek again!

"I see it, this is the strength! Li Tian can have a hundred ways to kill your people wantonly in front of your Long Yin, but you can do nothing!" Li Tian said.

The undead trialer on the Heavenly Qiong Spear in Li Tian's hand made a heartbreaking scream, and the blood dripped down the Heavenly Qiong Spear on Long Yin's cheeks, and instantly His cheek remained at the corner of Long Yin's eyes.

Long Yin's eyes became crimson, his eyes were full of anger, his heart was full of anger, and his body was full of anger!

Chapter 4292: : Long Yin's Breakthrough

The fighting spirit on Long Yin's body became stronger and stronger, and Long Yin could feel the long-silent spiritual power in his body's veins as if awakening at this instant, and the flames of anger caused these spiritual powers to flow rapidly in his veins.

"What's wrong with Li Tian? In this death battlefield, didn't my Long Yin treat other trialers with the same attitude? Don't other trialists treat my Long Yin with the same attitude?"

"Therefore, in this battlefield of death, there is no right or wrong, only the difference between the strong and the weak! The strong can control the destiny of others, and the strong can write history according to their own wishes!"

"If I, Long Yin, want to escape from Li Tian's feet today, only if I become as strong as Li Tian, or even stronger than Li Tian!"

As Long Yin's momentum continues to rise, Long Yin feels that his strength seems to have entered a realm that has never been entered before, this realm is even stronger than the ninth-level peak of the practitioner!

However, this is not the realm of the Venerable!

However, Long Yin knew very well that after ten years of entering the realm of cultivation, he finally touched the threshold of the realm of venerable!

"Oh, in this case, you can still continue to practice, and you won't lose the name of the famous Long Yin, but don't you feel too late? As long as you are fighting with another Venerable now, you are probably already in your body. First place!" Li Tian said with a sneer.

...

In the distance, Situ Ningbing and Tang Xiaolong did not stop their actions of beheading the cultivators. In just a few minutes, there were hundreds of corpses under their feet.

More trialers have fled into the dead and silent place. In addition to the corpses left on the ground, there are also a large circle of refugees who have just been captured.

The majority of these refugees have a very low level of cultivation, and some are only at the first or second level of cultivation. At this time, the faces of these refugees were full of horror, and they knelt on the ground tremblingly, not daring to look up at Situ Ningbing. With Tang Xiaolong!

In a circle outside these refugees, there are some trialists in shackles.

The shackles of the thickness of the fingers passed through the bodies of these testers, and then they were connected with the metal chains of the thickness of the wrists. It can be seen that the status of these testers is extremely underground.

Don't underestimate these simple shackles. Although these shackles cannot kill these testers, they have no way to continue practicing. Even if they don't get a source of spirit to consolidate their cultivation for a long time, their cultivation realm will still be Something backward!

It's just that these testers are cannon fodder. More than half of these cannon fodder testers live less than half a year, and very few can live for a year, so they even think about absorbing spiritual sources. I dare not think about it.

In their hearts, the greatest wish is to have a strong person to break the cage of Tucheng, allowing them to escape from here alive.

Now, their wish has come true!

This is when the trialists saw the Venerable Power enter the crowd, and they began to use their skills to constantly break the shackles on their bodies, trying to escape into the mountains of the dead place.

But teleportation, two huge coercion fell from the sky, making the bodies of these testers tremble involuntarily, and it is completely impossible to break the shackles on their bodies.

Regardless of the refugees or the cannon fodder, there is no difference between Situ Ningbing and Tang Xiaolong.

They are not the savior, they just haven't found time to kill these weaker guys.

Suddenly, there was a crash. Among the cannon fodder testers, a lemur tribe tester who was covered in fur all over knelt to the ground, and shouted at Situ Ningbing and Tang Xiaolong: "I know Lord Li Tian... ..I know Lord Li Tian, please help me with the two Lords!"

Situ Ningbing and Tang Xiaolong looked at each other, and they teleported to the lemur tribe tester.

Tang Xiaolong reached out and grabbed the shackles of this lemur tribe tester, and easily broke the shackles, and asked suspiciously: "Do you know the little boss?"

"Little boss? Is it Master Li Tian? I recognize, I recognize! Ten years ago, when Master Li Tian was not in the realm of Venerable, I was already a follower of Master Li Tian!"

The Lemur Tribe who spoke was Xiao Baimao. Just now when Li Tian teleported to the crowd of trialers in Tucheng, Xiao Baimao recognized Li Tian at a glance.

Little Baimao never expected that after ten years of absence, Li Tian had already become a powerhouse at the venerable level, but when Xiao Baimao wanted to call Li Tian, Li Tian had already teleported to another place.

"Oh, you're Li's entourage? Are you Xiao Baimao?" Situ Ningbing asked suspiciously, looking at Xiao Baimao's body with a lot of gray and blood-stained fluff.

Speaking that Situ Ningbing and Tang Xiaolong had already driven off the gravitational coercion exerted on Xiao Baimao, they reached out and helped Xiao Baimao up.

Little Baimao didn't expect that Situ Ningbing could call out his name. He trembled in his heart and said with excitement, "I didn't expect that Master Li Tian hadn't forgotten me, Xiao Baimao, Xiao Bai. Mao is so touched!"

"Is there still Three Young Masters or other followers of Little Boss in this?" Tang Xiaolong asked?

Xiao Baimao's face showed a trace of sadness, and said, "In the past few years, the lord of Tucheng and the Venerable Red Bronze have been fighting continuously. We cannon fodder trialists are basically dead! I should be the only one of Li Tian's entourage."

"Oh, by the way, if Ye Xing is still alive, there should be one more, but he should still be in the headquarters of Third Young Master!"

Tang Xiaolong looked at Situ Ningbing and said, "What should we do now, do we kill these people or do we?"

Hearing Tang Xiaolong's words, the cannon fodder trialers and the refugees who escaped from the refugee city suddenly wailed and knelt down on the ground begging for mercy. Some cannon fodder trialists knelt down in front of Xiao Baimao, hoping for Xiao Baimao. Can beg for mercy for them.

"Two sirs, it's too difficult for these brothers to live until now, can you let them go?" Xiao Baimao said.

Situ Ningbing smiled slightly and said, "Since you are Li's entourage, these people will be handled by you! I believe if Li knew that you were still alive, he would be very happy!"

Tang Xiaolong asked incomprehensibly: "Why did the young man treat Long Yin like this? When he left the refugee city, didn't the young man still say that he wanted to see Long Yin and Long Yin leaving the battlefield of death with him? Could it be that Long Yin was there? Isn't the little boss in the eyes of his entourage ten years ago?"

Situ Ningbing looked at Li Tian's direction and said to Tang Xiaolong: "Don't you know Li? When we came to the death battlefield, our cultivation base was not very high. Ten years later, now you and I, Li Du is already in the realm of venerable, and only Long Yin is still in the realm of cultivators. If Li Tian does not force Long Yin to quickly break through to the realm of venerable, do you think that with Long Yin's pride will follow us to leave the battlefield of death?"

As soon as Situ Ningbing's voice fell, in the distance where Li Tian was, two powerful pressures of the venerable level fell from the sky!

Long Yin breakthrough!

Chapter 4293: : Li Tian fights Long Yin again

That's right!

In less than half an hour, Long Yin broke through from the ninth-level peak realm to the realm of venerable!

Huh!

Long Yin teleported away from Li Tian's feet and appeared at a distance of ten meters away from Li Tian. . . .

Just breaking into the realm of the venerable, Long Yin's body is extremely powerful!

Long Yin closed his eyes, felt the spiritual power in his veins, and felt the powerful evil power in his body.

"Venerable! This is the realm of the venerable! Hahaha, I finally stepped into the realm of venerable!" Long Yin's palms fisted into fists, held tightly, and laughed wildly.

Suddenly, Long Yin twisted his neck, glanced at Li Tian, and said coldly: "Li Tian! Now I have reached the realm of venerable, what can you do with me?"

Li Tian looked at Long Yin with a slight smile on the corner of his mouth.

Even if Li Tian wanted Long Yin to break through to the realm of the venerable, Li Tian did knock Long Yin to the ground just now, stepping on Long Yin's cheek!

This is also an insult to the arrogant Long Yin.

Explanation?

Li Tian didn't want to explain, there is only one battle now, let Long Yin completely vent his anger!

"Long Yin, fight if you want to fight! Let this battle wipe out all our grievances in the earth world and the battlefield of death!" Li Tian said.

"Okay! Then let me learn about Li Tian who is at the venerable level!" Long Yin said with a sneer.

Huh!

Huh!

Situ Ningbing and Tang Xiaolong teleported to Li Tian's side at the same time, and Long Yin's last words just fell in Tang Xiaolong's ears.

"Long Yin, you don't know good or bad, you want to fight the little boss, you are not qualified, you have fought me first!" Tang Xiaolong said angrily.

"Haha, who is Long Yin afraid of? Even if the three of you are at the same time, I am not afraid of Long Yin! Come on!" Long Yin waved to Tang Xiaolong and said with a sneer.

Tang Xiaolong was furious in an instant, but Li Tian stretched out his hand to hold Tang Xiaolong and said, "Xiaolong, Ningbing, get out of the way, this is my fight with Long Yin!"

"But, little boss..."

"It doesn't matter, I also really want to fight Long Yin!" Li Tian said.

Tang Xiaolong nodded slightly, and said to Li Tian: "Little boss, beat him fiercely. I really thought that he would not know the sky and the earth is thick when he broke through to the realm of the venerable. He also wants to fight with the three of us. I really don't know whether he lives or die! "

"Lee,..."

"It's okay, I'll take the measure! You go to Tucheng first. It is useless to keep the Venerable Red Bronze. Kill him and avenge the followers of the Third Young Master!" Li Tian held Situ Ningbing's hand.

Situ Ningbing and Tang Xiaolong teleported to Tucheng to deal with the bronze veteran who had nearly abolished their limbs and nailed them into the shape of **** on the wall with spiked plants from the dead place.

Li Tian and Long Yin stood opposite each other.

On the ground between the two, there were smashed corpses lying everywhere!

A gust of wind swept in, convolving the dust on the ground, convolving the clothes of Li Tian and Long Yin.

The smell of blood and dust filled the surroundings of the two of them.

After Li Tian and Long Yin fought in Guixi in the earth world more than ten years ago, this was another confrontation between the two of them!

At this time, Long Yin was expressionless, neither happy nor angry!

On his body, a few black smoke slowly rose up!

At this time, the smile on Li Tian's face had dissipated, and a coldness appeared instead!

Li Tian had already put away the Qiong Spear of the Sky, and at this time, black flames lingered on his left and right arms and body.

Li Tian, the first-level pinnacle realm of Venerable!

Long Yin, the Venerable First Level Early Stage!

There are still some differences between the two in the realm of cultivation, Li Tian should have the upper hand!

But when facing Long Yin, Li Tian never took it lightly, just as Long Yin would also show up his full strength when facing Li Tian.

No more words!

In an instant, two coercion fell from the sky, and the two of them performed gravity attacks almost simultaneously!

The gravity attacks performed by the two fell on each other's body almost at the same time, and they were simultaneously broken by the other's gravity attack.

Huh!

Huh!

Li Tian and Long Yin once again used teleportation almost simultaneously, and two figures appeared in the center of the battlefield at the same time!

Fist to fist!

Palm to palm!

boom!

boom!

Two loud noises were heard on the fists and palms of the two of them, and then the figures of the two teleported again, and they teleported back 50 or 60 meters respectively!

Regardless of Long Yin or Li Tian, none of them seem to be really capable in the dark.

This is just a tentative attack!

But between the two of them, a big pit with a diameter of more than ten meters has already been blasted!

This big pit doesn't look very big, nor is it very deep, but don't forget that this is the battlefield of death, this is the intersection of the snowy land and the deadly land, the hardness of the land here is even close to steel.

"Long Yin is very strong. This guy has just broken through to the realm of the venerable, and he has such a strong combat power. It seems that this guy should have absorbed a lot of spiritual sources in the past ten years, otherwise a venerable one Guys at the early stage of the first level should not have such strength!" Li Tian thought in his heart.

There was a slight smile at the corner of Li Tian's mouth, and his footsteps lightly touched the ground. This time Li Tian did not use teleport, but rushed towards Long Yin like lightning.

And where is Long Yin over there?

After **** and palming with Li Tian, Long Yin's heart was similarly turbulent.

"Li Tian is so strong! What kind of experience did this guy have in the past ten years? His cultivation level has reached the highest level of the sage. What are the black flames on this guy? Why is it just simple? With fists on the ground and palms, I still have to withstand the attacks of those black flames, and there will be a trace of fear in my heart?" Long Yin thought in his heart.

Long Yin shook his head abruptly, deliberately dispelling the fear in his heart. Seeing Li Tian rushing over, Long Yin also did not teleport and rushed towards Li Tian.

This time, Long Yin's fist was instantly wrapped in black smoke. This is not ordinary black smoke. After fighting and practicing in the death battlefield, Long Yin's magic skills have been improved again!

In the black smoke, it looks as if there are thousands of skeletons floating in it, as if it is blowing a strong rain of blood, and it seems as if there are tens of thousands of souls floating in it!

Eerie, cold, and terrifying, this is the feeling that the black smoke on Long Yin's fist gives Li Tian!

But Li Tian laughed!

That's right, there was a frantic smile on the corner of Li Tian's mouth!

Zizi!

Several huge swimming fishes gushing out of Li Tian's veins, transforming into a purple electric dragon coiling on Li Tian's body, and the purple electric dragon instantly burns with black flames. This electric dragon is also full of evil!

Whoosh!

Whoosh!

The bodies of the two slammed into each other heavily, and within a few seconds, the two had already thought of their opponents blasting dozens of punches!

Chapter 4294: : A smile and a grudge

The black smoke on Long Yin's fist rushed to Li Tian frantically. The black smoke instantly changed into tens of thousands of vampire bats, surrounding Li Tian's body, biting Li Tian wantonly. . .

But the black flames and purple electric dragon on Li Tian's body are even more domineering, whizzing around Long Yin's body, constantly devouring the black smoke on Long Yin's body!

It's just that the black smoke on Long Yin's body seems to be endlessly swallowed. As much as the purple electric dragon swallows, how much will be released from Long Yin's body!

On the contrary, after the vampire bats released by Long Yin bite the black flame on Li Tian's body, they instantly turned into a wisp of black smoke and disappeared into the air!

"Long Yin! You are not my opponent yet!" Li Tian said with a smile.

Long Yin didn't have the slightest expression on his face, the corners of his mouth curled slightly, and he said with a sneer: "Li Tian, you are no more than the first-level pinnacle! We fought a close match!"

Your sister is evenly matched!

I'm afraid that you can't control the degree of attack and blast your boy to pieces!

Li Tian thought in his heart.

"Equally matched? Your face is really thick. Now my purple electric dragon and black flames are eating your black smoke indefinitely. I really want to see how long you can last!" Li Tian said.

The two did not give in to each other in fist and foot, and they were equally matched in speech!

While talking, the two had already blasted ten punches to each other!

Huh!

Huh!

The figures of the two flickered continuously!

boom!

boom!

Whether it is Li Tian or Long Yin, once they escaped the bombardment of the other party, the energy released from the fist blasted on the ground, and a big pit was immediately blasted on the ground!

Dust in mid-air!

The rubble is constantly splashing!

In four or five minutes, the flat ground just now had become pitted and uneven, and the corpses on the ground had been even more miserable. It had already been blasted into debris and fell on the ground and was covered by dust!

"Hahaha, cool! Fighting with Long Yin is much easier than fighting with other venerables, especially looking at your embarrassed look now, it is really cool!" Li Tian said with a smile.

That's right, even if Li Tian's men are merciful, but Li Tian's strength is still stronger than Long Yin.

The reason why Long Yin was able to make a tie with Li Tian just now is that Li Tian did not exert his full strength. The second reason is that when Long Yin just broke through to the realm of the venerable, some spirits in the heaven and the earth would flood into his body. force.

As the battle progressed, after Long Yin absorbed part of these spiritual powers, more parts had escaped from his body veins and points into the world again.

Therefore, Long Yin became more and more incompetent.

"Long Yin, surrender now, and I can spare you not to die!" Li Tian said with a smile.

"Dreaming! It's a big deal, and I will take you to **** together, even if I enter hell, I will fight with you again!" Long Yin said.

Of course, this product of Long Yin can also feel that Li Tian did not intend to kill him, but this product is a dead duck with a hard mouth. In this case, if you want Long Yin to lose in front of Li Tian, it will be better than that. It's even more difficult for him!

boom!

boom!

In the distance, Xiao Baimao and others who stayed waiting for Li Tian, watching the battle between Li Tian and Long Yin, almost seemed silly!

"Are these two guys fighting? Or smashing the ground? Even if it's a battle at the venerable level, don't be so coquettish, right?" Xiao Baimao said to himself.

"Master Xiao Baimao, did you win this battle by Master Li Tian? Or did Tucheng City Lord Long Yin win?" Those cannon fodder testers who did not choose to escape asked Xiao Baimao in a low voice.

"Nonsense, of course Lord Li Tian won! I bet that the current Lord Li Tian doesn't even have half of his skills. He is playing with Dragon Yin!" said Xiao Baimao.

"But... but I think the two are fighting equally well now, it's hard to distinguish between them!" the man asked suspiciously.

"Hey, you don't understand this! Ten years ago, when Master Li Tian was still at the eighth level, he killed a dragon who was at the top of the first level! Ten years have passed, Li Master Tian has reached the realm of the venerable, then do you think he can't kill the dragon Yin in the early stage of the venerable first level?"

"Wh... what? Ten years ago? Eighth-level cultivator? Killing the master of the first-level peak? You are not fooling us? We have lived and died with you!" Someone believed Xiaobai. Mao said.

Xiao Baimao suddenly became a little unhappy, and he said with a cold snort: "You can question me, but you can't question Master Li Tian. This is what I have seen with my own eyes, and let's not hide from you, Master Li Tian was with two at the same time. Venerable-level powerhouses fight, of course, Li Tian also has a helper by his side, but that helper is only the ninth-level peak of the cultivator."

This time these cannon fodder testers were even more surprised.

"A cultivator of the eighth level and a ninth cultivator, fighting against the two venerables! I really listened to the Lord's words and subverted the outlook on life!"

"Then you say that we are like this now, can Master Li Tian take us in? He is already a strong man in the realm of venerables, and it is useless to have cannon fodder in the realm of cultivators of us!"

"That's right! That's right! Lord Li Tian is the same as Long Yin, let our party cannon fodder!"

The corner of Xiao Baimao's mouth turned slightly, and he said disdainfully: "Cannon fodder, do you think Master Li Tian still needs our cannon fodder? Don't you see those female sages and black male sages, Li Tian now has helpers around ! But if you want to follow Master Li Tian, then you must be enlightened!"

At this moment, there was another loud noise in the battle between Li Tian and Long Yin in the distance.

After the loud noise, Li Tian and Long Yin both stood differently.

The dust is falling slowly!

The battle seems to be over!

"Who's winning?"

"I don't know? Both of them are standing now. If one of them falls down, we will know who wins and who wins!"

"Hahaha, Li Tian, how is it? I really fought a tie with you. It seems that our battle will continue to the Netherworld!" Long Yin said with a smile.

On Long Yin's body, the black smoke had completely disappeared. Long Yin's arms and body trembled slightly. More importantly, the spiritual power in Long Yin's body veins was almost exhausted. It is already very reluctant to stand here!

"Tie? Well, since you are so shameless, then I will admit that we have a tie!"

Li Tian smiled and continued: "Long Yin, the secret realm of the death battlefield will not be opened until 490 years ago. Now I am leaving the death battlefield, first return to the earth world, and then go to the nether world through the gate of the restricted zone! Come with me?"

"It must be together! If there is no Long Yin in the Netherworld, you Li Tian will definitely be lonely! Hahaha!" Long Yin smiled and suddenly fell to the ground!

In the distance, Xiao Baimao and others immediately shouted excitedly: "Master Li Tian won!"

Chapter 4295: :go away

Long Yin didn't have a serious problem, but the spiritual power in his body was exhausted before he fell to the ground.

Long Yin was lying on the ground, looking at the gray sky, and said to himself: "Thank you!"

Thank you

Naturally Li Tian!

Li Tian walked two steps forward, sitting three or four meters away from Long Yin, and looking at Xiao Baimao and others who were looking at the passing distance, he also seemed to say to himself: "Netherworld Without you, I would definitely be lonely!"

Long Yin suddenly burst into laughter and said: "This sentence came out of your mouth, how come you feel so twisted? Look, I have got goose bumps all over my body and have fallen all over!"

Li Tian didn't care!

Sometimes, these words too much are hypocritical!

It's like the thank you Long Yin said!

"go?"

"Go! But you need to help me up!"

"Go to hell!"

"Well, I knew you wouldn't!"

Li Tian had already patted the dirt on his butt, stood up, turned and walked towards Tucheng. After a few seconds, Long Yin stood up swayingly, and followed Li Tian with steps.

"Lord Li Tian, be careful!" Xiao Baimao shouted when he saw this scene.

"Huh? How could this voice be so familiar?"

Li Tian turned and looked in the direction of Xiao Baimao, and at this moment, Li Tian saw a gray lightning rushing towards Long Yin. Li Tian had not yet reacted, Xiao Baimao slammed into it, and his body slammed into Gang Gang. Trembling leisurely followed Long Yin behind Li Tian.

"what!"

Long Yin's voice let out a scream, and his body flew out like a parabola.

Li Tian seems to have seen this kind of scenes at the scene of car accidents in TV shows and movies. He did not expect to see such scenes on the battlefield of death.

"Master Li Tian, don't worry, the city lord of Tucheng just prepared to attack you behind him, and now he was knocked out by me! Hehe!" Xiao Baimao said with a smug smile standing in front of Li Tian.

"Sneak attack? Sneak attack on your sister! Long Yin's walking is a problem, how can I make a sneak attack!"

Li Tian's face is black!

Li Tian quickly recognized the smirk and furry lemur man in front of him, and said in surprise: "Little Baimao? Are you still alive?"

"Master Li Tian! Woo, I didn't expect Master Li Tian to remember my little white hair, even if my little white hair died here, I will die without regrets!" said little white hair excitedly.

The hair on Xiao Baimao's body was gray, stained with stains, and there were some obvious wounds on his body. Li Tian knew that Xiao Baimao must have suffered a lot these years.

"Little Baimao, it's great to see you! What about the other lemur brothers? Are they...?"

"Woo, Lord Li Tian, the other brothers of our Lemur clan have already...had been killed in the battle of death... If it weren't for my fate and escape several times, I am afraid I have seen It's not Master Li Tian!" Xiao Baimao said with a sad face.

Xiao Baimao probably told Li Tian how he had escaped in the past ten years, and finally Xiao Baimao's gaze fell in the direction of Long Yin in the distance.

At this moment, Xiao Baimao's eyes suddenly showed a trace of panic!

Huh!

A figure instantly teleported to Xiao Baimao's side. Long Yin's arm suddenly grabbed Xiao Baimao's neck, and looked at him with all his strength, and shouted at Xiao Baimao with a sullen face: "It's really like hitting me. court death!"

Long Yin's body trembled fiercely, but at this moment the energy released from Long Yin's body could completely crush Xiao Baimao.

The lean camel was bigger than a horse. Just now, the spiritual power in Long Yin's body was exhausted, so he was not attacked by Xiao Baimao's sneak attack. After just lying on the ground for a while, Long Yin recovered a little bit of skill and immediately moved his uniform. Live Xiao Baimao.

A frightened expression appeared in Xiao Baimao's eyes, staring at Li Tian innocently, his legs kicking around involuntarily!

"Lee...Lord Li Tian, help! So many of our lemur family's entourage brothers died in the hands of this guy!" Xiao Baimao cried out in horror.

Li Tian teleported to Long Yin's side, put his hand on Long Yin's arm, and said with a chuckle: "This is all a misunderstanding. This lemur monk is my entourage, let him go!"

Snapped!

Long Yin's arm loosened, Xiao Baimao fell to the ground, and then he got up and hid behind Li Tian.

"Misunderstanding? Master Li Tian, what is going on?"

"Misunderstanding? Li Tian, this **** almost hit me to death just now. How could it be a misunderstanding?"

Long Yin and Xiao Baimao both looked at Li Tian suspiciously.

Li Tian had to explain it roughly again, and only then could the grudge between Long Yin and Xiao Baimao be resolved.

Xiao Baimao knew that Long Yin was Li Tian's old acquaintance, and now that Long Yin's strength is already in the realm of venerable, Xiao Baimao naturally did not dare to hate Long Yin anymore, and could only swallow the pain and hatred he had endured over the years. in.

Long Yin knew that Xiao Baimao turned out to be Li Tiangang's entourage to the death battlefield. Knowing that he had caused Xiao Baimao and others to hurt him over the years, he did not continue to pursue Xiao Baimao's fault for collision with him.

Long Yin said a few words of apology to Xiao Baimao, which was regarded as a face to Li Tian.

However, Li Tian learned from Long Yin's mouth that it was also Venerable Red Bronze's idea to attack the entourage of the Third Young Master Nether, and Venerable Red Bronze and Long Yin were mutually exploited at best.

It turns out that Venerable Red Bronze had been insulted by the Third Nether Lord before becoming a Venerable. After receiving the news of the disappearance of the Third Nether Lord, Venerable Red Bronze decided to fall into the stone. The forces have completed their revenge on the followers of the Third Young Master.

At this time, Situ Ningbing, Tang Xiaolong, and Ye Xing had already beheaded Venerable Red Bronze and walked to Li Tian and the others with the head of Venerable Red Bronze.

Looking at the head of Venerable Red Bronze, the anger in Xiao Baimao and Ye Xing's heart gradually dissipated.

After that, Li Tianyou sent Ye Xing and Xiao Baimao into the space of the Qiong Spear of the sky, and Li Tian took Long Yin into the space and explained the situation face to face with the third son of You Ming.

For the Third Young Master, let alone the death of the follower, even if the follower died, they would not take it seriously.

And because of Li Tian's reasons, the third son of You Ming is naturally not good at saying anything, and can only smile and succumb!

All things were settled, Li Tian temporarily left Long Yin in the space of the Qiong Spear of the sky, and Long Yin was seizing the time to cultivate.

As for those refugees and cannon fodder trials who were caught by Long Yin, Li Tian also sent them into the space of the Qiong Lance of Heaven and handed them to Xiao Baimao to manage.

Huh!

Huh!

Li Tian, Situ Ningbing, and Tang Xiaolong teleported to the land of wind and snow, when they entered in front of the huge wall of the death battlefield.

Looking back at the death battlefield, Li Tian didn't have a trace of emotion in his eyes.

The battlefield of death allowed Li Tian to obtain the blood spirit source, obtain the black flame, and break through to the realm of the venerable, but Li Tian is just a passer-by here.

"Finally we can return to the earth world!"

Chapter 4296: : Not a beautiful new world

As Li Tian entered the battlefield of death, the earth world ushered in the first year after the end of the world.

One year after the end of the world, the zombie virus antidote was completely researched and developed.

Two years after the end of the world, the last zombie in China returned to humans after being injected with antidote.

Three years after the end of the world, the earth world has completely controlled the zombie virus, and mankind has regained its dominant position.

Five years after the end of the world, the last zombie on the earth was injected with antidote in Africa, and the zombies on the earth disappeared completely.

Compared with before the end of the world, the number of humans in the earth world has decreased by two-thirds, and the population of the entire human society is less than 2.5 billion.

In the next five years, human society ushered in a revival!

Seven years after the end of the world, the level of human science and technology has returned to 60% of the level before the end of the world.

Eight years after the end of the world, the level of human science and technology and the level of scientific and technological productivity recovered to 80% before the end of the world.

Ten years after the end of the world, the level of human science and technology and the level of scientific and technological productivity have returned to 100% before the end of the world.

After the development of the first four years of the end of the world and the first year of the end of the world, more than half of the countries of the earth world have died out, and the entire world is controlled by five superpowers. South Africa.

The current Huaxia Kingdom extends to the East China Island in the east, the Mediterranean Sea in the west, the Arctic Ocean in the north, and the Indian Ocean in the south. Its territory even far exceeds the area of the Yuan Dynasty plus the four affiliated Khanates in the most extensive period in the history of China.

Under these five big countries, each has dozens of small and small affiliated countries of different sizes, and none of these seem to have much to do with Li Tian.

Earth world, China, Tianshan.

The white stone buildings towering into the sky, each building is an exquisite art unimaginable by ordinary people, and these buildings have only one name in the eyes of outsiders: Tianmen.

A magnificent stone ladder winds straight up from the low stone gate of Tianshan Mountain. The height of each stone ladder is nearly one meter. This height is definitely not for ordinary people. This corpse ladder extends to the towering buildings. In, and this stone ladder has become: the ladder!

The rising sun shines on this towering building. The entire building is covered with a golden coat. Standing more than a dozen miles away from Tianshan Mountain, it is also clear!

This is the most famous tourist attraction in China after the end of the world. For ordinary tourists, they can only enter the area more than ten miles away from the main peak of Tianshan Mountain, overlooking Tianshan Mountain, and taking pictures against the background of Tianshan Mountain.

If you want to keep going, you have to take great risks!

The Huaxia government has repeatedly stated that the entire 200-kilometer radius of the Tianshan Mountains belongs to Tianmen. Of course, this is not China, but Tianmen is a relatively special existence in China.

And this was the agreement reached by Li Tian and the Huaxia Legion.

There are too many such cases in the history of China, and Tianmen now seems unable to escape this fate.

In the second year after the end of the last days, there was a voice in China: The Vatican is not allowed in China.

But at that time, there was Mr. Mu Yunlongmu, and Li Tian's remaining power had not dissipated. This kind of voice appeared quickly and disappeared quickly.

However, five years ago, Mr. Mu Yunlong retired from the highest core circle of the Chinese government on the grounds of his advanced age, crossed the East China Sea and the East Yinghai, and went to the Dongying Island country to enjoy his life.

This kind of sound reappears, and the frequency is still very high.

In the next two or three years, the Chinese authorities established the Tianshan Tianmen Tourist Scenic Area around the Tianshan Mountains, and all the two hundred kilometers around the Tianshan Mountains were allocated to this special tourist scenic area.

Since this time, these lands are still Tianmen's private property in name, but they have fallen into the actual control of Huaxia Conquest. Regardless of the actions and words of China's authorities, Tianmen has not made any comments. It seems to have accepted this status quo in silence.

Tianshan, Tianmen.

The Barbarian stood at the top of the Tianmen with the Qinglong Sword in his hand, looking southwest, the gust of wind blew his hair and his clothes grinned.

Behind the Barbarian, a bald boy was squatting on a horse trot. This boy was only five or six years old, wearing a single coat, with reddish cheeks and a clear nose, and was crying with sobbing.

After tears flowed from his eye sockets, they would soon freeze into ice on his cheeks, but the bald boy did not dare to wipe the tears with his hands, so he could only look at the barbaric with a pitiful face.

"Barbarian, Xiaoman knows that he was wrong, so please spare him!" Not far away, a charming young woman who seemed to be in her early thirties said to the barbarian with an unbearable expression.

This young woman was officially the captain of the corpse, who was once reduced to a zombie.

The captain was the first group of people who used the antidote of the zombie virus. After turning back to humans, the captain's appearance remained the same as when he was a zombie, and the little bald head behind the barbarian was the child of the captain and the barbarian, Xiao Man!

"It's useless for anyone to intercede today! This **** kid actually dared to pee on the statue of Tianshan Patriarch Li Tian, this kind of rebellious thing, I did not kill him is the greatest kindness to him." The barbarian said sternly.

"He's still a child, so how can a child not make mistakes! Knowing a mistake can make a lot of improvements, Xiaoman quickly admit a mistake to the headmaster!" said the captain.

"Dad, I know I was wrong, I will never dare to pee dryly at Li Tian again!" Xiaoman cried and said.

"Shut up, there is no father and son in this heavenly gate, you call me the head!" The anger in the barbarian's heart did not disappear, and he shouted sharply.

The captain couldn't help but get angry, walked to the barbarian, and said angrily: "Give you a face, don't you? Have the ability to say what you just said? I immediately took Xiaoman to Dongying Island, and stayed in Tianshan I'll leave it to you!"

"you....."

"What are you? Brother Tian, let the Tianmen take care of you, let you be the head of the Tianmen, but only ten years after you get there, you have defeated the two hundred kilometers of land around Tianshan. You have the ability to shout at Xiaoman, you have the ability to reason with those in power!" The captain said reluctantly.

"Hey!" The barbarian sighed, gently stroked the Azure Dragon Sabre in his hand, and said: "Do you think I don't want to? China has deteriorated as early as seven years ago, especially after Mu Yunlongmu, the old army commander, left China. , These people in power have even worsened."

"Believe it or not they are waiting for our Tianmen, as long as I jump out and argue with them, then they will put some unwarranted charges on our Tianmen, when the time comes..."

Chapter 4297: : The biggest crisis

"What will happen then?"

"At that time, I am afraid that our Tianmen may be destroyed! If the Tianmen does not exist, even if you say that my barbarian is dead, what face do I have to see Brother Tian!"

In recent years, Barbarian didn't think about seeking the help of Duanki Ying, Bai Jing and others in the Dongying island country. However, for various reasons, Barbarian finally gave up.

"It would be fine if Tiange was here, I see who of them would dare to do something to our Tianmen!" The barbarians and the captain's eyes dimmed involuntarily.

in case?

How can there be so many ifs.

Ten years ago, Li Tian took Situ Ningbing and others on an expedition to the southwest with Long Yin. This should have been a simple expedition, but who would have thought that Li Tian and others would never show up since then.

In the past ten years, Tianmen, Dongying Island Country, and China sent a large number of personnel to search for the whereabouts of Li Tian and others in the southwest. It consumed a lot of manpower and material resources, but there was no clue.

It is for this reason that Mr. Mu Yun Longmu was excluded by some people with ulterior motives in China's highest power circle.

Duanmuying and Ouyang Shiqing only thought that Li Tian had gone to another world again, imagining in his heart that after another three years, Li Tian should return from another world.

But it was three years from the left and three years from the right. The flash was ten years, but there was still no whereabouts of Li Tian.

In the post-apocalyptic history textbooks in the Huaxia education system, Li Tian originally held a large proportion, but after three revisions, Li Tian in history was only a one-off, and Li Tian's historical status in Huaxia gradually declined!

Barbarians know that history is written by victors!

In order to stabilize the fruits of their victors, the authorities will naturally write heavily on themselves, and for a person who no longer exists, there is no need to deify him, and it would be better for him to gradually disappear into history.

However, what is completely different from Huaxia is the Dongying Island. In the history textbooks of the Dongying Island, Li Tian is regarded as the creator of the post-apocalyptic era of the Dongying Island. His position in the history of the Dongying Island is absolutely the most lofty! Even the current status of Duanmuying, the ruler of Dongying Island Country, is weaker than Li Tian.

In Dongying Island, every city has temples with statues of Li Tian. These temples are very popular with incense, and this has become the only **** in Dongying Island.

The highest denomination currency issued by the Dongying Island Country has Li Tian's profile picture above it, which shows how lofty Li Tian's status is.

"Master, I know I was wrong! I am afraid to pee on the statue!" Xiaoman continued to beg for mercy.

The barbarian was unmoved.

"If those in power really want to act on Tianmen, then where should we go from Tianmen?"

"Would you leave Tianshan and go to Dongying Island to seek refuge in Duanmu Sakura? Or would you rather continue to insist on breaking the jade rather than tile?"

Soon, there was a bit more fortitude in Barbarian's eyes.

"Captain, you take Xiaoman to the island country of Dongying! Go and see Duanmu Ying and Bai Jing, right?" said the man.

"Okay! OK! I haven't seen my brother and sister for a long time! I want to go to Dongying, I want to go to Dongying!" Xiaoman said with a hint of excitement on his face.

"how about you?"

"This is Tianmen, there are still three hundred disciples under Tianmen, I will continue to stay in Tianmen and wait for Brother Tian to come back!" Manzi said.

At this moment, Barbarian saw more than 30 inner disciples in the distance rushing towards the direction of Barbarian, surrounded by this 17-year-old boy.

The young man surrounded is named Wei Tian, one of the most talented among the first generation of Tianmen disciples, and it can be said that he is the leader of Tianmen disciples.

"Isn't Weitian in Kyoto?" Manzi thought in his heart.

Wei Tian and others came to a position ten meters in front of Manzi and stood there. When Wei Tian saw that the captain and Xiaoman were also there, a smile was squeezed out of his solemn face, and he said to the captain: "Mother and Xiaoman are also here. What about here? It just so happened that I bought some odds and ends from Kyoto City!"

Speaking, Wei Tian took out a skin bag from his backpack and handed it to the captain.

"Captain, you take Xiaoman and go back first, Wei Tian and I have something to say!" Manzi said.

Waiting for the captain to take Xiaoman to leave, the barbarian asked immediately: "Weitian, didn't I let you stay in Kyoto? Who told you to come back? If you come back, who will take care of our Tianmen business in Kyoto?"

Immediately after the end of the apocalyptic era, Tianmen also gained a lot of benefits. Among them, there were many real estate and businesses in Kyoto, and these businesses were initially managed by the captain. Later, after the first generation of disciples such as Wei Tian grew up, it's in their hands.

Wei Tian's expression was not very good, he took out a crumpled piece of paper from his arms and handed it to the barbarian, and said, "Master, this is a notice issued by the Chinese authorities. You will understand after reading this. Up!"

Barbarian opened the piece of paper, and looked up on the piece of paper that read: Announcement on banning Tianmen and other cult organizations.

"What? Evil... cult!"

Seeing these two words, Manzi could no longer calm down!

He didn't expect that China's authorities would be so brazen and dare to directly characterize Tianmen as a cult!

In this way, even if those in power in China do not act on Tianmen for the time being, as long as they control the TV, Internet and other propaganda outlets, ordinary people will be misled by them sooner or later. At that time, Tianmen will be even more difficult.

"Asshole!"

The barbarian roared angrily, and a mass of air waved out of his hand, and the notice in his hand was suddenly blasted into a pile of debris.

"Master, all our properties in Kyoto City have been sealed off! The outer disciples in Kyoto City have left the Tianmen in all likelihood after seeing the decline of the Tianmen!" Wei Tian said angrily.

"Is there no one against or questioning this notice?" Manzi asked.

"Yes, but anyone who dares to question or oppose this announcement will be regarded as an accomplice of Tianmen, so..."

Wei Tian didn't finish what he said, but all this is already clear!

It's not that Tianmen has no friends in Kyoto, but that these friends are now hard to protect themselves.

"Master, what should we do now?" the inner disciples behind Wei Tian shouted.

The barbarian gradually reduced the anger on his face, and said with a long breath: "It is now the time when Tianmen is alive and dead, Wei Tian, you will go down to Tianshan Mountain and go to Kyoto immediately. If there are any new changes in Kyoto City, report it as soon as possible. come back!"

"Yu Nan, take the two of you to Dongying Island immediately to meet Bai Jing on my behalf, and you must truthfully reflect the true situation of Tianmen to Sister Bai Jing!"

"..."

"..."

Orders were issued from the barbarian's mouth, and the thirty-odd inner disciples immediately began to prepare!

The barbarian came out of the building in Tianmen and galloped towards the Piaoxue Peak of Tianshan Mountain.

"Huangfu Kunpeng, you should be out too!" Manzi thought in his heart.

Chapter 4298: : Whose city

China, Jinghai City.

After the end of the world, Jinghai was baptized in the end of the world, resurrected again, and became the center of the world economy.

In just ten years, Jinghai's population has surged and it has returned to the total population before the end of the world, even slightly more than before the end of the world.

The streets are full of traffic, pedestrians are bustling, and there is no trace of zombie attacks in this city.

In Pudong, Li Tian, Situ Ningbing and Tang Xiaolong walked slowly in the crowd.

The pedestrians in the past looked at them like monsters.

"Look, these three people's hair is so long!"

"Yeah, women are okay, but for a man with such long hair, this is the first time I have seen you since the end of life!"

"That man is so handsome, how do I feel like he is an ancient knight! It seems to give him a monkey!"

"Haha, look at the black monkey next to him. He is not tall, he has long hair, and his hair is about to hit his feet! It's so funny!"

These pedestrians talked in a low voice.

In ten years, Li Tian's hair reached his waist, and a gray strip of cloth tied his long hair casually. It seemed that Li Tian had a sense of wilderness. Fortunately, Li Tian was still wearing the costumes of the earth world, if it was like a battlefield of death. If the costumes of those trialists in the middle, then Li Tian would definitely be treated as a monster.

Tang Xiaolong seems to have longer hair because of his height.

Li Tian and others have a cultivation base, even if they haven't washed them for several years, they won't have too many stains on their bodies, so the long hair is considered fresh and clean. It won't look dirty.

Hearing the opinions of the pedestrians, Tang Xiaolong gave the pedestrians a vicious look.

Those pedestrians only felt dizzy in front of them. When they woke up, Li Tian and others had already disappeared.

"Little boss, we only have been away for ten years. Did these people forget us? It doesn't matter if you forget me Tang Xiaolong. Little boss was a famous person at the beginning, let alone the whole world, at least the whole China should No one doesn't know the little boss!"

"If our little boss thinks about it, the three corpses might already have ruled the earth world, maybe these damned guys in Jinghai have already become the dinner of the three corpses!" Tang Xiaolong said with some dissatisfaction.

"Xiaolong, when we left the earth world, this quiet sea was still full of zombies at that time. Maybe these humans were zombies at that time? Do you still expect the zombies to remember us?" Situ Ningbing said with relief.

Li Tian nodded slightly and said, "Xiaolong, am I a person with a false name? This time we come to Jinghai to bid farewell to Tang Feifei. When we go to the Netherworld and return to the earth world, we don't know when it is! "

Tang Xiaolong nodded slightly.

Soon, Li Tian and others arrived at Lujiazui, and they could reach Jinghai Center Building immediately.

Don Feifei's grave is in this place!

Ten years of life and death are boundless, without thinking, self-unforgettable, thousands of miles of lonely graves, nowhere to say sadness.

This is the most prosperous place in Jinghai City, but Li Tian felt a little desolate in his heart.

"Li, it's been ten years, if Feifei knows that you are still thinking of her, she will feel very happy!" Situ Ningbing said.

Li Tian's face was like water, and he nodded slightly.

Turning the corner, the first thing you see is the 600-meter-high Jinghai Center Building. Li Tian looks at the square of the Jinghai Center Building. After the reconstruction of the Jixing Yasha, a small mound with a height of more than ten meters has appeared.

This small mound is Don Feifei's tomb.

At this time, dozens of construction vehicles, including excavators and muck trucks, were parked around this small mound, and hundreds of people surrounded these construction vehicles.

"What's going on? Could it be... Are they trying to take Feifei's grave...?"

Li Tian's face was very ugly, and the flames of anger burned in his heart.

Huh!

Li Tian appeared in the crowd with a teleport.

Li Tian saw that a small part of Tang Feifei's tomb had been dug down, and hundreds of big trees around the tomb had been felled.

Huh!

A thin figure stood in front of the construction machinery, and shouted angrily: "I think who dares to move here today? As long as I, Gou Jiayong, still governs Pudong for one day, no one will want to move here!"

Tang Xiaolong and Situ Ningbing also teleported to the left and right of Li Tian.

The crowd onlookers all felt that Li Tian and others had come out suddenly. Although they were a little surprised, none of them took these trivial matters into their hearts.

Tang Xiaolong saw this situation and wanted to do something angrily, but was stopped by Li Tian.

"Xiaolong, it seems that in the ten years since we left, China has undergone a lot of changes. Let's take a look first before talking." Li Tian whispered.

Tang Xiaolong nodded.

After a few seconds, Tang Xiaolong said to Li Tian: "Little boss, look at that person, it looks like a dog nose! The dog nose is blocking these engineering teams!"

That's right, that person was the dog nose that followed Li Tian at the beginning.

"District Chief Gou, I will call you again District Chief Gou! You must pay attention to your words and deeds! Pudong is the Pudong of Jinghai, not your Pudong of Gou Jiayong."

"This earth mountain has been here for ten years, and it has seriously affected our image of Jinghai. The above has asked us several times why this earth mountain is still here."

"Today, the upper part issued a post again, ordering Jinghai to move the soil mountain out of Jinghai as quickly as possible. Do you still want to violate the upper order?" A man in his forties, with a sneer on his mouth, stood there. The station machine condescendingly said to the dog nose.

There was a trace of anger on Dog Nose's face, and he said, "Don't you want to have an image without history? Ten years ago, if Lord Li Tian killed the three corpses here, would there be our current Jinghai? Huaxia?"

"You want to erase Lord Li Tian from history, and want to write your own history. I, Gou Jiayong, will not stop this, and I cannot stop it."

"But you can't be shameless to this point. Is this a soil mountain? This is a grave, the grave of Lord Li Tian's beloved woman! You can erase Lord Li Tian's historical merits, but you can't even this grave. Do you want to level it out? Ask yourself, are you correcting your conscience by doing this?"

"Gou Jiayong, don't you tell me these useless things! Today, I will ask you, are you still an official of China? Do you, the district mayor of Pudong District, still want to do it?"

The man continued, "Even if you don't think about yourself, you must always think about your family and children? For the founder of a cult, are you so desperate? You know that once you lose your current position, I'm afraid this morning Your name will be included in the announcement! Then...huh!"

The expression on the dog's nose was very painful, and he shouted in despair, "Master Li Tian, where have you been? I...I..."

Chapter 4299: : Li Tian did it

"District Gou, please let me go!"

There was a sneer at the corner of the person standing on the extreme, and the opponent waved behind him. ,

In an instant, those dozens of engineering machines were activated at the same time! The machine roars!

"Little boss?"

Tang Xiaolong clenched his fists in anger and called Li Tian's name in a low voice. He knew that the name of Li Tian could still keep him temporarily sane, otherwise he would have already rushed to kill the disgusting guy with a punch. Up.

"Wait! See what the dog nose will do!" Li Tian said.

The excavator slowly passed by the dog nose, and the dog nose's body was trembling slightly. He clenched these fists, frowning, and his eyes were erratic, as if he was making an important decision!

In the apocalyptic crisis, the probability that ordinary people like dog nose will survive is too low, and the whole family like dog nose is even less complete.

After the end of the world, the dog nose can have its current status, which is something he didn't dream of in the end of the world.

Wealth, status, fame, honor, these dog noses are not lacking, but the dog nose knows that he can have today, this is the credit of Li Tian, if he does nothing today, then his heart will inevitably suffer in the future! !

"No, without Master Li Tian, I would have died in the last days, and my family and children would have become food for zombies as early as the last days!"

"The kindness of dripping water should be reported by the spring. Master Li Tian has the kindness to know me. Am I not even blocking their courage now? Wife, parents, children, I'm sorry, my dog nose can't be regarded as no see!"

Suddenly a trace of determination appeared on the face of the dog's nose, and he turned and ran a few steps in the direction of the excavator, suddenly blocking the front of an excavator.

Dog nose has a resolute expression on his face, arms stretched out, and shouted loudly: "You bastards, if you have a kind, you will run over me! My dog nose will die here today. , I will never let you do this kind of grave digging!"

Li Tian nodded slightly in his heart.

The words spoken at the dog nose today also made Li Tian satisfied.

"Looking for death! Run over him!" The man on the machine was irritated by the words of the dog's nose and angrily ordered the driver beside him.

Rumble!

The large excavator roared, slowly driving towards the dog's nose!

"Master Li Tian..."

A smile appeared on the corner of the dog's nose, and he slowly closed his eyes.

Huh!

Huh!

Three figures in a row, flashed past, and instantly appeared beside the dog's nose!

Dog Nose felt someone around him, and suddenly opened his eyes. He saw that Li Tian, Situ Ningbing and Tang Xiaolong appeared in front of him. Dog Nose grabbed Li Tian's hand excitedly, and said with tears streaming down his face: " Li... Master Li Tian, you... are you back?"

Li Tian patted the shoulder of Dog Nose lightly, and said with satisfaction: "Yes, I Li Tian is back! Thank you, Dog Nose!"

"Master Li Tian, they... they are too much..."

"I know it! Now give it to me here, and I'm back with Li Tian, let me see who dares to move our Celestial Legion!" Li Tian sneered, his voice revealed beyond doubt.

Not to mention, Li Tian, Situ Ningbing, and Tang Xiaolong suddenly rushed out of the crowd, but they surprised the man on the machine. He only felt a flower in front of him. Li Tian and others had already appeared on the dog nose. By your side!

"Hey, what an arrogant tone! You remnants of the heavenly gate dared to rush out to die. I really don't know how the death word is written! Come on, crush me over!" The eyes flashed in the man's eyes. After a cold light, he said with a sneer.

Rumble!

The machines only paused for a while, and immediately increased their horsepower and rushed towards Li Tian and the others. The crowds onlookers showed horrified expressions on their faces and began to shrink back.

After the end of the world, due to the genetic modification of the human body by the zombie virus, even ordinary people's physical functions are much stronger than before the end of the world, and many of them have the strength to completely preserve the power of the zombie. Therefore, the Chinese government is in When ruling, the wrist is also quite iron and blood, as long as someone dares to challenge the authority of the ruler, he will immediately suffer severe blows.

The onlookers were panicked, but they had no objection to a dozen machines besieging Li Tian and others at the same time. Even these people still held the mentality that watching the excitement is not too big, and they still have some expectations in their hearts.

Rumble!

The huge arms of four or five excavators slammed into Li Tian and the others, while in the distance, four to five hundred men in black costumes rushed towards Li Tian and others with knife-edged guns.

"It turns out that Hua Xia has been prepared a long time ago. It seems that these people today are more ill-fortuned!"

"Yes, the Tianmen was listed as a cult on TV two days ago, and then Huaxia began to attack Tianmen in an all-round way. Today's grave digging is probably to bring out the Yudang of Tianmen!"

The crowds onlookers retreated while discussing.

A cold light flashed in Li Tian's eyes, and he said coldly, "Little dragon, do it!"

Tang Xiaolong's heart was already full of roars, facing the rumbling machine, a sneer appeared at the corner of his mouth, and when he was upright, he rushed into the sky like a bolt of lightning.

Tang Xiaolong's body twisted and twisted in midair, and his legs kicked several times against the huge arm of the excavator.

boom!

boom!

That huge excavator, under Tang Xiaolong's feet, was like papery mud. The steel digging arm was kicked and bent instantly, and the body of the excavator flew out!

shock!

The people hiding in the distance and their friends were shocked!

"This...I'm afraid this power has surpassed the tenth level zombies before the end of the world, right?"

Also shocked were the drivers on other machines and the men in black who had rushed to Li Tian and others!

"What are you doing in a daze? Kill me! Kill them, they are all remnants of the heavenly gate!" Under a collapsed machine, the man crawled out of the ground with a face of blood and gave orders to the men in black. Tao.

"Cult?"

This is the third time Li Tian has heard what they call Tianmen.

There are many doubts in Li Tian's mind. He really wants to know what happened to the Huaxia Legion during the ten years he left, and he dared to characterize Tianmen as a cult!

But now Li Tian is lazy to ask!

Huh!

Li Tian's figure flashed and appeared in front of the man. He stretched out his hand to grab the back of the man's neck and lifted the man like a chicken. In the fear of this man, he directly squeezed his neck.

Li Tian's gaze swept around slowly, and he said with a sneer: "I, Li Tian, have only been away for a few years. I didn't expect that someone would dare to break ground on Tianmen. Cult? Hahaha, it seems I won't give you anything Look at the color, you have forgotten how strong I Li Tian is!"

Chapter 4300: : Explain to me (1)

As soon as Li Tian's voice fell, the ground under his feet began to shake!

"The ground... has an earthquake?"

"There is an earthquake, run away!"

Hidden in the distant crowd of onlookers immediately let out a few exclamations, and fled towards the wider square park!

Rumble!

There seemed to be a wild beast roaring underground, and the ground was shaking. The Jinghai Central Building next to it was also shaking with the shaking of the ground, and crowds were constantly pouring out of the building!

The drivers of those excavators, muck trucks, forklifts and other machines abandoned their cars and fled. The faces of the four or five hundred men in black were also full of panic. They trembled and raised their weapons, wanting to fight. Li Tian, Tang Xiaolong and others fired!

Humph!

Tang Xiaolong sneered, countless coercion fell from the sky, and every coercion fell on one person instantly!

The pressure fell on these people, their bodies were like fragile glass, their clothes exploded in an instant, and the bones in their bodies were broken every inch!

Puff!

Puff!

These people in black kept kneeling down in front of Tang Xiaolong!

The drivers who ran away were completely frightened by the sight in front of them at this moment. Almost everyone had forgotten to escape, and they were involuntarily stunned, their legs trembling constantly, and even yellow soup in the timid crotch, their bodies. He fell softly to the ground, even if he wanted to escape, his two legs were already at his disposal.

Boom!

With a loud noise, a huge crack suddenly opened in the ground. Those machines such as excavators and muck trucks were swallowed underground by the crack. Then there were the people in black, who were also constantly covered by the soil rising from the ground. Tongue rolled into the ground!

More and more people kept pouring out of the building.

For these ordinary people, Li Tian, Tang Xiaolong, and Situ Ningbing did not do anything, let them keep running away!

Police sirens sounded from a distance, and dozens of police vehicles continued to drive towards the Jinghai Central Building from all directions in Jinghai City. In the sky, four or five armed helicopters rushed in.

"Li, it seems that our affairs have become serious. It seems that we want to come quietly and leave quietly. It is impossible not to disturb the Chinese authorities!" Situ Ningbing looked at the gunship in the sky in the distance. Said with a calm expression.

"Humph!"

Li Tian snorted coldly and said: "I have been away from the earth world for ten years. I do not ask the Chinese people of the earth earth world to be grateful for Dade to regard me Li Tian as the savior, let alone hope that they can treat me Li Tian like the residents of Dongying Island. The only Lord God comes to worship, but I will never let them bully my Celestial Legion and my Celestial Disciple!"

"Cult? Humph! Very good, I just want to see who dares to define my Tianmen as a cult! Today, no matter who comes here in China, if you can't give me a satisfactory answer, then I will be Li Tian. Let them come back and forth!"

Just now, through brief communication with Dog Nose, Li Tian already knew that Mu Yunlong's veteran army commander had left China and went to Dongying Island.

The current Chinese authority is the highest elders' association composed of the remnants of the top ten legions such as the Bounty Hunters Association, the Legion of Hardship, and the Legion of the Soul.

All the orders directed at the Tianmen were all sent from the Supreme Presbyterian Church and issued!

"Li, I know your heart is full of anger, but it's better not to hurt the innocent! This is our home after all!" Situ Ningbing said.

Li Tian nodded slightly!

He didn't mean to hurt the innocent. Except for beheading the damned people in black and those who dig Tang Feifei's grave at the beginning, Li Tian, Tang Xiaolong, and Situ Ningbing did not act on any innocent person.

The police sirens were getting closer, but the police cars stopped thousands of meters away from Li Tian and the others, and blocked all the intersections they thought they had!

"Listen to the people inside, you are now surrounded..."

The caller's voice had not fallen yet, and the ground near the police car shook again suddenly, and countless soil tongues drilled out of the ground and directly dragged the police cars into the ground.

The police officers were frightened by this scene and kept running away from each other!

The four or five armed helicopters in the sky are relatively clean and tidy. They have no shouting, and there is no need to shout. The machine guns on the armed helicopters spit out fire snakes, constantly sweeping towards Li Tian and others!

But at this moment, a forty-five-meter-high monster suddenly appeared on the ground. The tail of this monster was like a white lightning, hitting one of the armed helicopters!

The front of a muck truck was pulled from the ground by Tang Xiaolong, and it was thrown directly at these armed helicopters!

"Fuck! Damn, are the people underground a monster?"

The armed helicopter in front of it suddenly pulled up and barely escaped the attack from the front of the muck truck, but the other helicopters behind this armed helicopter were not as lucky!

boom!

A loud noise came from the sky, and the second helicopter gunship exploded in the air, which affected the third one. The fourth helicopter gunship exploded continuously in mid-air!

"Damn it! These guys are monsters. Get out! We are not their opponents at all. Let the Special Operations Department support you!"

Huh!

A teleportation of Li Tian suddenly appeared in the cockpit of the fleeing gunship. The pilot in the co-pilot hurriedly took out his pistol and wanted to shoot Li Tian, but he hadn't held his pistol yet, Li Tian's Tian Zhiqiong The spear has pierced into his body!

Blood splashed on the glass of the cockpit like plum blossoms. The pilot of the gunship trembled in fear, and said to Li Tian with a trembling voice: "No...don't kill me, I..."

"Shut up! I will not kill you today. I will go back and send a letter to the Chief Executive of Jinghai City, saying that I will give him an hour to come to Jinghai Central Building and explain to me that if he does not show up to me within an hour In front of, then Lujiazui will become a ruin, if not in front of me for two hours, then Pudong will become a desert..."

After speaking, Li Tian suddenly disappeared out of thin air!

The gunship pilot who escaped from the dead felt like he had been fished out of the water, his whole body was soaked, and it was extremely difficult to move when his body was soft!

It took dozens of seconds before he felt his body gradually regain strength, grabbed the intercom with a trembling palm, and called out: "Headquarters, Headquarters, I am Flying Eagle No. 1..."

...

"Dear audience friends, audience friends, I am a special reporter of Jinghai TV Station. Now I am bringing you a live report from Lujiazui in Jinghai Pudong! You can see the Jinghai Central Building behind me in the distance..."

In the camera picture, there is already a piece of yellow sand around the Jinghai Central Building, and the sand has covered all the low buildings near the Jinghai Central Building! The height of this yellow sand has reached more than three hundred meters, and half of the Jinghai Central Building is plunged into the yellow sand!
