

A Killer 4301

Chapter 4301: : Explain to me (2)

Looking at the picture on the TV, the current mayor of Jinghai City can also be called the lord of the city. This is Huang Ke who followed the name of the lord of the city before the end of the world, with a blue face!

Huang Ke, a cadre who was once in the same boat through storms and hardships, was not well-known. He only began to emerge after Li Tian left the earth world. Later, in the siege of zombies, the recovery and occupation of the surrounding areas of the original China, Huang Ke's various talents gradually revealed, and after the battle was settled, Huang Ke was reused and appointed as the deputy city lord of Jinghai!

After another five years, the original city lord of Jinghai City entered the core circle of China's highest power, and Huang Ke was appointed as the city lord.

Huang Ke knows that he is still young. As long as he can make outstanding contributions to the position of Jinghai City Lord, he may not be able to enter the core circle of China's highest power in the future. Even when he is old, he may enter the highest position. The Presbyterian Church.

However, now, he feels that his dream is getting further and further away from him. Once Jinghai has a problem, let alone the Supreme Council, I am afraid that his current position will be shaky!

boom!

City Lord Huang Ke slammed the tea cup in his hand on the desk in front of him, and shouted at the other people in the office with a very low and angry voice: "Who can explain to me what is going on? ?"

The others sitting in the conference room kept their heads down, and no one dared to look at Huang Ke.

"You ask us, do we still want to ask you? We are the ***** Jinghai City here! Who has eaten the bear heart leopard, dare to mess around in Jinghai City!" The other Jinghai city bosses sitting in the conference room They thought to themselves.

From the time I received the news that there was a situation near Jinghai Central Building, it was only ten minutes apart. Then a sand dune suddenly appeared around Jinghai Central Building. The dune was still rising and spreading towards the surrounding area. !

If this situation continues, Lujiazui will definitely become ruins in less than an hour!

"Director Li of the Public Security Bureau, Director Wei of the Security Bureau, tell me what is going on right now? Then tell me how you are going to deal with it? I don't want reasons, no excuses, I just want the results!" The teacup knocked twice on the table and said.

Huang Ke's anger was felt by everyone present. The named Director Li slowly stood up and said to Huang Ke: "The Jinghai Public Security has now mobilized all forces to set up a huge encirclement around Lujiazui..."

"Fart! Is the encirclement useful? I heard that the hundreds of police officers sent out in the front of you all escaped in a piss? And their police vehicles were all lost without exception!" Huang Ke hit very rudely Cut the words of Director Li.

Director Li's heart was also full of anger.

"You **** know the result, you still ask Lao Tzu, the current situation is far beyond Lao Tzu's control, and Lao Tzu can't help it!" Director Li thought angrily.

"Say something specific and useful!" Huang Ke said.

"Through the investigation of ordinary citizens who escaped from Lujiazui, we can ascertain that the district chief Gou Jiayong is also present, and there are also two men and a woman who appeared next to Gou Jiayong. However, the identity of a woman has not been confirmed in the past two years. It is preliminarily inferred to be the remaining party of the cult Tianmen!"

Director Wei of the Security Bureau showed a sneer at the corner of his mouth. He did not stand up, leaned against the chair with his belly, and slowly scanned the other participants in the conference room. Finally, he fell on Huang Ke and said with a smile: "Now The development of the matter has exceeded our control. I propose to invite members above the core cadres of the China Army Corps to dispatch as soon as possible, otherwise..."

His voice was interrupted by Huang Ke!

"Wei Ju, we are Jinghai. Isn't our Jinghai's power strong enough? We have to use the power of Kyoto City? If there are so many, then our Jinghai's face will probably not look good!"

Director Wei said: "Based on the information provided by the returning pilot, we can judge that the power of the giant beast near Jinghai Central Building may have surpassed the strength of the 16th and 7th level zombies, and may even reach the level of the 20th level zombies. Strength, and the strength of those two men and one woman Tianmen Remains is probably at this level!"

what!

When Director Wei said these words, everyone in the meeting took a deep breath, and they trembled all over, and they couldn't help but start beating drums in their hearts.

Director Wei paused deliberately and continued: "But...According to the information sent back by Flying Eagle 1, the remnants of the Tianmen he asked the Lord City Lord to go to Lujiazui to explain to them, otherwise an hour later, oh no, now it is accurate. It is said that Lujiazui should be turned into rubble in half an hour, and if they have not received an explanation after two hours, the whole Pudong and the whole Jinghai City will suffer next!"

When Director Wei received the information from Feiying 1, he wanted to report to the city lord Huang Ke by phone, but before he picked up his phone, he had already received a call from the Huang Ke secretariat to inform all of Jinghai's The boss went to the meeting, so he brought this information to the meeting.

When Huang Ke heard these words, the corners of his mouth twitched slightly, but soon his heart calmed down, and he said, "Hehe, if you see it, it's because the upper part defines Tianmen as a cult, and the remnants of these cults can't stand still. Up!"

"Let me explain to them? Humph, I take myself too seriously!"

"My Lord, use the current TV screen to open it. In half an hour, Lujiazui will most likely..."

boom!

"Asshole!"

Huang Ke stood up abruptly, slapped the table heavily, and said, "Don't forget that our China after the end of the world is equivalent to China rebuilt on the ruins! If you want China Yongning, you must resolutely crack down on the Tianmen cult! This is nothing. Room for negotiation"

"Director Wei, mobilize all the fighters of the Security Bureau and bomb me from a long distance! I would rather build another Lujiazui than compromise with the remnants of Tianmen!"

...

time flies.

"Li, it seems that your words don't work! It's been an hour right away, but no one wants to explain it to you in this hour! Do you really want to turn Jinghai into ruins?" Situ Ningbing said.

"Huh, what I want is not to turn Jinghai into ruins, but an explanation! If China doesn't even give me Li Tian an explanation, then why should I, Li Tian, be intolerable? The big deal is that I let the Xuanling Race in Jinghai Build another Jinghai on the ruins!" Li Tian said firmly.

Chapter 4302: : Explain to me (3)

At this moment, the sound of fighter engines roaring through the sky!

Li Tian looked up and saw three fighter planes across the blue sky!

"It turned out to be an F22 fighter! When did China have such a high-end fighter?" Li Tian thought in his heart. .

Here, I have to talk about the far-sightedness of Mu Yunlong.

The old man knew that after the end of the apocalyptic crisis, in addition to economic strength, what determines the strength of a country and a region in the future is the weapon in his hand!

Taizu once said that power comes from the barrel of the gun. If you want to consolidate Huaxia's position, you must hold the barrel of the gun in Huaxia's hands. Only in this way can Huaxia's waist stand upright.

Therefore, when the apocalyptic crisis is coming to an end, Huaxia, who was the first to be freed from the zombies, under the leadership of Mr. Mu Yunlong, first thought of not quickly conquering China's history, but seizing the world's most cutting-edge technology and weapons. .

The United States, Western Europe, Russia and other countries have become the targets of the Chinese Army!

At that time, although the zombie virus research in these countries had achieved certain results, the spiritual bed experiment had not yet begun. Except for China, the entire earth world was still under the rule of zombies.

At that time, the China Army Corps set up several special operations teams to go to the other side of the ocean, Western Europe, Russia, and Belarus to steal the most advanced technology and weapons at all costs.

At that time, almost every ten days and a half, a large number of documents, instruments, weapons, and fighters would be transported back to China via aircraft carriers and the most advanced warships.

Among them is the most advanced f22 fighter jet.

It is a pity that Mr. Mu Yunlong never thought that these f22 fighters would actually be used against Li Tian.

Seeing the fighter, Li Tian realized that his words didn't seem to be effective. The hour he gave to Jinghai's high-level officials instead allowed them to prepare and deal with Li Tian.

Of course, until now, Huang Ke and others have not figured out that the monsters and strong men appearing in the current Jinghai Central Building turned out to be Li Tian and others, otherwise he would never make such a stupid idea of using fighters.

"Huh! Let alone now, even if my cultivation level hasn't reached the venerable, these fighters are probably not dangerous to me!" Li Tian said with a sneer.

...

"Dear viewers, according to the reliable news that this station has received, the senior officials of Jinghai did not give in the slightest in the face of the clamor of the cult organization personnel, and even sent out the most high-end fighter group in Jinghai to deal with the members of the Tianmen cult..."

The beautiful reporter of China TV Station in Jinghai led the TV station's cameraman on top of a building several kilometers away from the central building of Jinghai, and was constantly shooting real-time images through the headquarters of the Satellite Transmission Conference.

As for the staff of Jinghai TV Station?

Haha, Jinghai TV Station is located in Lujiazui. At this time, the staff had already escaped from here!

Far away in the headquarters of Huaxia TV in Kyoto, the head of the TV station was full of excitement!

"Haha, this is the biggest news in the last ten years. I didn't expect that some people would dare to challenge the current China, just because they don't know whether they live or die!" The director said with a relaxed expression on his face.

Someone around the director immediately agreed and said: "Yes, it seems that this announcement from the high-level people really made Tianmen anxious, otherwise they would not be so angry! However, the current Tianmen is no longer the previous Tianmen. No matter how they struggle, the end result is a dead end!"

"Yes, yes, the greatest value of Tianmen's existence is probably to provide us with explosive news and provide the most favorable guarantee for our TV station's ratings! Hahaha"

"Okay, now Jinghai has dispatched the f22 fighter group, and the battle will be over soon! However, this is the beginning, and immediately send people to continue Jinghai. We must dig in-depth news value. You must not miss this opportunity!"

"Don't worry, the head of the bar, I have already contacted Jinghai. The reporters stationed in several cities near Jinghai are now rushing to Jinghai!" Someone beside him immediately flattered.

"Oh, by the way, did we follow the special correspondent of China's special department to send back news? Once there is news over there, immediately switch the screen over, after all, over there is the top priority!" said the director.

"Hey, Director, they have just left for two days, and I am afraid they have not yet arrived in Tianshan! Wait patiently, as long as there is news over there, we will definitely broadcast it 24 hours a day! Encircling Tianshan Tianmen, this kind of thing But the big news is rare in a century!"

"Okay, okay, okay! Then we can watch the show with confidence and continue to watch the show!" The director said with a smile.

...

Facing the attack of the three fighters, Li Tian only glanced at Situ Ningbing and Tang Xiaolong, and they had already fully understood Li Tian's mind.

Huh!

Huh!

The three figures disappeared in place, and the three of them appeared on the fuselage of the f22 fighter.

At this moment, the pilots of the three f22 fighters were deranged. They never thought that Li Tian and others would suddenly appear on the fighter's fuselage!

The Heavenly Qiong Spear in Li Tian's hands, Situ Ningbing's butcher's knife and God, and Tang Xiaolong's iron fist fell on the f22 fighter almost simultaneously.

In an instant, three f22 fighters with a total cost of more than 400 million U.S. dollars turned into fireworks in the sky!

The f22 fighter exploded, and the entire Pudong District, no, it should be said that the entire Jinghai City was quiet!

In the Jinghai government office, Huang Ke stood up abruptly, lined his hands heavily on the table in the conference room, his eyes fixed on the TV screen.

At this moment, Huang Ke felt his body tremble so much!

"What's the matter? Why did the fighter group explode suddenly? And why did the three fighters explode at the same time?"

The other members of the office felt almost the same. They stared, almost holding their breath, their hearts beating wildly at this moment.

"What is going on? Could it be those guys in Tianmen who did it? No...impossible!"

And Huang Ke reacted almost the same way as the director of the TV station at the headquarters of Huaxia TV in Kyoto!

"What's going on? Quickly, give me a slow-motion replay, I want to figure out what happened!" The director said with a trembling voice.

The staff of the technical department immediately began to replay the TV footage in slow motion. Play back frame by frame!

"Chairman, there is a discovery! Suddenly there is a confused shadow on the fighter plane on this screen..."

"Director, there is also a vague shadow on this screen fighter..."

Switching back to the supporting scene, at this moment, the scene shook violently, and then there was an additional person in the scene, and this person was Li Tian.

Li Tian coquettishly twirled his long hair back, and said to the TV camera forcefully: "My tolerance limit is limited. I will give you three more minutes. If no one can give me a reasonable Explain, then Pudong will disappear before your eyes!"

Chapter 4303: : TV interview (1)

Looking at Li Tian's domineering declaration, Huang Ke in front of the TV felt that his breathing was a little difficult!

What makes Huang Ke feel the fear is that the person in the picture seems to have seen him somewhere, giving Huang Ke a very familiar feeling, but he can't remember it for a while!

"Explanation? Who is this guy? What does he want us to explain to him?" Huang Kehao took about thirty seconds to calm the fear in his heart, then said slowly.

"My Lord, you...you won't really forget him, right? He is...li Tian, the former commander of the Celestial Legion! I think all his explanation should be the notice above!" In the meeting room, someone Said to Huang Ke.

Puff!

Huang Ke only felt his legs soft, his head was dizzy, and his body shook. He could have fallen on the chair behind him, but he didn't expect the chair to slide back, and his body fell softly to the ground.

"Li... Li Tian? Li Tian is back? Li Tian who once Megatron China is back?"

Huang Ke got up from the ground tremblingly. At this time, no one felt how shameful Huang Ke's gaffe was, because now they in the conference room were also shocked by the man's domineering in the picture. With their arms barely supported on the desk in the conference room, I am afraid they will be as embarrassed as Huang Ke.

"Quick...please contact the China Special Operations Department, no, contact me the Supreme Presbyterian Church of China, this...this matter is beyond our Jinghai's control..." Huang Ke said in a trembling voice.

Huang Ke did not speak, and a telephone installed in the conference room rang.

The conference room is not an office, and telephones are not usually installed.

The phone in this conference room has its own mystery. Of course, since this phone was installed to the present, this phone hasn't rang a few times. This phone will only be remembered when the most emergency occurs.

However, now the phone rings.

The eyes of the participants fell on the non-red telephone, their hearts beating a little faster involuntarily.

Huang Ke swallowed, walked quickly to the phone, and picked up the phone.

A cold and indisputable voice came from the phone: "Huang Ke, you must appear in front of Li Tian within two minutes! The China Special Operations Group is already rushing to Jinghai!"

There are no extra words, and Huang Ke can't tolerate too much explanation. The phone has been hung up. When Huang Ke hung up, his clothes had already been soaked with sweat!

The call was made by the secretariat of the highest-level China Presbyterian Church, and the voice in the call was a certain young elder in the China Presbyterian Church. This elder was once the commander of the Ten Legions before the end of the world. China also has a very important voice.

However, Huang Ke heard a tremor in the elder's voice! Although the brilliant elder was extremely successful in covering up, the voice still amplified the tremor infinitely when it was transmitted through the radio wave.

Huang Ke knows that this is the highest level of China that is full of fear for Li Tian!

That's right, just fear!

The man who once stood at the top of China is back!

The once strongest man on earth is back!

The man who used his own power to turn the tide and rescued China from the mansion is back!

Facing this god-like man, the memories of these high-level Huaxia should be full of fear!

However, apart from fear, they seem to be unwilling, so they will make this call, so they will let Huang Ke go to see Li Tian, so they will shoot the China Special Operations Group to Jinghai!

Explanation?

negotiation?

Perhaps there was such a reason, but Huang Ke knew in his heart that this was just a delay.

Once Huaxia gathers the most powerful force, then there is bound to be a real battle between Huaxia senior officials and Li Tian.

"But...but why do Nima's people want me to see Li Tian now, in case...even if I see Li Tian, what can I say? What can I explain?" There were tens of thousands in Huang Ke's heart. Alpacas rushed past.

But Huang Ke had no choice.

...

Huang Ke is gone, gone in a gunship!

The meeting room is temporarily hosted by the deputy mayor of Jinghai.

However, the meeting room was surprisingly quiet at this time, and everyone's eyes were on the TV. I wanted to know how Huang Ke would face Li Tian through the TV!

In the picture on the TV, a huge yellow salon cyclone with a height of more than four to five hundred meters has appeared in the distance. This tornado is exactly the quicksand storm displayed by the ground travel Yasha!

Wherever the quicksand storm went, those low buildings were instantly destroyed and covered by quicksand. If it were destroyed at this speed, Pudong would be able to sustain it for at least half an hour!

"Although Li Tian is very powerful, it is completely impossible to destroy the entire Pudong within three minutes! This is probably a scene of intimidation! Besides, the China Special Operations Department has already taken the special operations team out, and he will know by then Our China Special Operations Group is great!" The deputy city lord comforted the people with a trembling voice.

That beauty reporter appeared on the TV screen again!

After the initial panic, the mood of the beauty reporter gradually calmed down, and there was even a hint of excitement and joy in her heart.

She knew that she wanted to have a figure, a good appearance, and a temperament, but she was just a special reporter for China TV Station, a reporter who ran the news in the wind.

If she wants to have a better development, then she must take this opportunity, the biggest news opportunity of China in the last days to realize her counterattack.

The beauty reporter has just searched for some information about Li Tian on the Internet through her mobile phone.

There are very few information about Li Tian that can be searched on the Internet. This is mainly because China has implemented a strict blockade of Li Tian information. However, through the few information on the Internet, the beauty reporter quickly organized a newsletter. draft.

She grudgingly squeezed a smile on her face, raised the microphone, and said affectionately: "He used to be the commander of the Celestial Legion with hundreds of thousands of followers; he was once a guest of the Ten Legion. , The commanders of the ten major legions are proud to call him brothers and sisters; he once fought the three corpses with his own power, allowing China to be freed from the rule of the zombies first."

"After ten years of mysterious disappearance, he suddenly appeared in our sight. However, he is no longer a hero at this time! He, his temperament has changed drastically, he pointed the butcher knife in his hand at the unarmed ordinary people, Is this a distortion of human nature or a loss of morality? Let us walk into the inner world of Li Tian, the founder of the cult Tianmen..."

Chapter 4304: : TV interview (2)

Rumble!

The helicopter landed slowly on the tarmac of a building in Lujiazui, Pudong, and Huang Ke hurriedly jumped from the helicopter.

From the Jianghai Government Building to Pudong, there was a lot of time wasted even on the way to Huang Ke by helicopter. It has been nearly ten minutes since Li Tian's TV broadcast.

"It's okay! It's okay! Li Tian, the big demon, hasn't had a beastly hair, and turned Pudong into ruins! It seems that Li Tian is just an empty talk, scaring everyone!"

Huang Ke had some rejoicing in his heart, but also a trace of disdain, thinking indiscriminately.

In Huang Ke's heart, Li Tian is a fool.

He believes that Li Tian's strength before the end of the world is clearly at the peak. Coupled with the existence of several behemoths such as the Sakura Legion, the Celestial Legion, and the Legion of Souls, Li Tian has completely taken advantage of the trend to become one of the highest rulers of China.

It's a pity that if you don't die, you won't die. Li Tian just wants to play missing. Although he is back now, it is already ten years later, and the pattern of the entire China has changed.

"This idiot wasted such a good opportunity. If it were me, I would have stood at the pinnacle of Huaxia's rights. Hey, at that time, who would dare to go against my wishes, I would be like the three fats before the end of the world. They have no place to bury them. By then, the beauties of various nationalities across the country will not be... ahem, I am also stupid. When is this, I still fantasize about such unrealistic things."

Huang Ke quickly retracted his unrealistic ideas.

When he was in the helicopter just now, Huang Ke had already seen Li Tianhe TV reporters, cameramen and others on the top of a certain building, and they were very happy to talk in detail.

Huang Kema ran down from the building where he was, and ran towards the building where Li Tian was.

...

The beauty reporter of the TV station gradually communicated with Li Tian in the early stage, and the questions raised gradually became sharper.

"Then, can I take the liberty to ask you, what is the reason why you are so cruel, just because someone moved a small mound in front of the Jinghai Central Building, you will exterminate humanity and kill four to five hundred unarmed civilians? In your eyes, do you have a government or a law?" asked the beauty reporter.

Li Tian's brows couldn't help but frowned, but Li Tian soon recovered his calm!

"First of all, I want to correct the two points you said. First, the front of Jinghai Central Building is not a small mound, but a tomb. Second, the four to five hundred people you mentioned are not defenseless, but holding hands. Thug with all kinds of weapons and firearms!"

Nima's, did your eye see those unarmed civilians? If it weren't for Lao Tzu's skill, it might be Lao Tzu who is falling in the blood now!

"Then let's go back to the question you asked. In that grave is buried a family member of Li Tian. The so-called unarmed poor people in your mouth ignore the repeated obstructions of Pudong District Mayor Gou Jiayong, using violence and even disregard. Gou Jiayong's life and death forced to dig the grave." Li Tian said.

"Even if they dig the graves forcibly, but after all these are Jinghai, this is China, there are things that can always be solved through other legal means, and there is no need to kill them all! Have you considered the families of those deceased? They also have parents, and they also have children. , You beheaded them so brutally, isn't it too inhumane?" The beauty reporter said reluctantly.

Li Tianzhen wanted to slap the beautiful reporter in front of him.

"Do you have any **** professional ethics? Open your mouth and shut up and say that Laozi is exterminating humanity.

call!

Li Tian let out a sigh with a smile on his mouth and said: "From ancient times to the present, there have been severe legal sanctions for digging graves, especially in ancient times. The most serious criminal law for digging graves is hanging. I believe that if those mobs dig It's your family's ancestral grave. You must be the first to jump out and fight with them. Even if you have the ability like me, you will easily kill them in seconds without hesitation."

"As for what you said to be resolved through legal means, let me first haha your face! I have just said that Gou Jiayong is the mayor of Pudong District, so can you say that he can represent Jinghai? But facing the obstacles of Gou Jiayong , Those thugs didn't care about Gou Jiayong's life and death at all, they just drove the machine to crush Gou Jiayong! So, even legally speaking, I am a good young man who bravely fights gangsters!"

"As for the parents and children, I'll do it again! Those mobs have parents and children, don't Gou Jiayong have parents and children? They haven't considered the consequences? Are they suffering from intermittent mental disorders? They are not for them. Parents and children think about it, do you care about it?"

The beauty reporter's face was slightly red, and she cursed Li Tian viciously in her heart.

"What I Li Tian believes in is that people don't offend me and I don't offend people. If people offend me, I will cut the grass and root out!" Li Tian paused and said coldly.

"Even if your position here is established, how can Pudong pass? How can Jinghai pass? You did not hesitate to destroy the entire Pudong and the entire Jinghai City for a grave. Have you ever thought about ordinary residents of Jinghai City? Because of your anger alone, all people in Jinghai City will suffer this kind of involvement and this kind of fear. I just want to ask you, is this your humanity?" The beauty reporter said with a righteous look.

Li Tian also understood in his heart that what he had done today was indeed overkill. Li Tian could teleport to Kyoto City and directly seek the highest level of China to solve it.

However, when Li Tian heard that the senior officials of China had identified Tianmen as a cult, Li Tian had already given up this plan.

In the last days, Mu Yunlong had thought of making Li Tian the supreme ruler of China, but he was rejected by Li Tian. Li Tian has already arranged his brothers, relatives, and important members of the army in the East Island country. It does not make much sense for Li Tian to rule China.

And Li Tian built the Tianmen in Tianshan just to make the Tianmen stronger and guard the gate of the restricted area. After all, only Li Tian and others knew the danger behind the gate of the restricted area.

But what did Li Tian give back in exchange for?

Li Tian sneered and said: "There is no hate for no reason, and no love for no reason! When you ask this question, you should check some of my past events on your mobile phone. You should know that I am towards Jinghai, Those outstanding and great contributions to Huaxia! To say that I am the founding father of Huaxia, isn't it an exaggeration?"

"But, how do China's current authorities treat me? How do they treat my Tianmen? Cult? Hehe, their food may not be too ugly! If Li Tian doesn't make a sound of himself, they will be true When I Li Tian is dead!"

"Today, I will use Pudong, Jinghai, and your interview to tell China's current authorities that Li Tian is here waiting for you to explain to me. If the explanation is not enough to satisfy Li Tian, then I, Li God doesn't mind taking things that once belonged to Li Tian!"

Chapter 4305: : Not qualified (1)

The beauty reporter was taken aback!

She didn't expect Li Tian's words to be so straightforward!

Li Tian is equivalent to directly declaring war on the entire senior management of China.

The senior Huaxia officials seemed to have only two choices, either to go to Jinghai and explain to Li Tian, or to endure Li Tian's anger and fight Li Tian.

From a different standpoint, there will be different views on the same thing.

At the very beginning, I heard that hundreds of people were beheaded by Li Tian and others. The beauty reporter had preconceived that Li Tian was a super monster, but through an interview with Li Tian, the beauty reporter found that things were not as she thought. The same.

Even the beauty reporter searched the Internet and found only a few words about Li Tian on the Internet. Through communication with Li Tian, the beauty reporter was a little shaken about the Chinese senior's qualitative determination of Li Tian to Tianmen.

At this time, Huang Ke had reached the top of the building.

Two masters from the Security Bureau of Jinghai City followed Huang Ke!

Huang Ke also understood that the two so-called masters who followed him are definitely not Li Tian's opponents, but they are better than nothing. At least if there is a conflict, these two masters can resist him, and he still has a chance to escape.

Li Tian saw Huang Ke walking up to the rooftop with two men in black, with a slight disdain from the corners of his mouth, and said to the beautiful reporter: "It seems that our interview today can only end here. If you want, you can Keep following me Li Tian, I can guarantee your safety!"

When the beauty reporter heard Li Tian's words, she was overjoyed and nodded and said: "Okay, I promise to restore a real Li Tian to the people!"

The beauty reporter took her cameraman back to the side and whispered to the photographer: "This is the first time Li Tian has met with a senior Chinese executive. Continue shooting, don't stop!"

Huang Ke is the lord of Jinghai City. Jinghai is one of the largest cities in China, and it is also the center of China's world economy. He has an extraordinary position in China. Jinghai City Lord Huang Kezai is also regarded as a high-level Huaxia.

Seeing the TV station's cameraman pointed the camera at him, Huang Ke was slightly angry.

Huang Ke believes that the focus of the TV station's attention should be Li Tian's destruction of Jinghai, and the focus of attention should be Li Tian's brutal and inhuman killings by this extinct

madman. This is so that after broadcasting can it arouse Jinghai and even the hearts of ordinary people across the country. The anger can conceal the truth behind the matter.

However, Huang Ke didn't dare to be too obvious at this time. He just pointed to the cameraman of the TV station and said: "Next, I will talk about confidentiality on behalf of China and Li Tian. Please stop shooting! Otherwise..."

Huang Ke deliberately didn't say enough, leaving a voice-over for the reporter to experience.

Li Tian sat on the concrete wall on the edge of the roof, leaning Erlang's legs, and glanced at Huang Ke with disdain on his face, and then said: "Who are you? I don't know you!"

"I'm the **** city lord of Jinghai, who doesn't know me in the whole Jinghai? Even in the whole China, even the whole earth world, Huang Ke is a famous person, right? You **** said you don't know me?" Huang Kebei Li Tian's words almost suffocated his internal injury, and couldn't help but groan in his heart.

However, Huang Ke didn't dare to make a second in front of Li Tian, but he couldn't be too weak. He pretended to say: "I am Huang Ke, the lord of Jinghai City, and now I represent China..."

"You can't represent Huaxia, your grade is too low, you are not qualified! You should go back to the highest level of Huaxia, let them talk to me!" Li Tian interrupted Huang Ke directly and said disdainfully.

"You...what did you say? Li Tian..." Huang Ke looked at Li Tian angrily.

"Hey, don't you understand? Then I will tell you clearly again, you...not qualified!" Li Tian said with a sneer.

Angry, Huang Ke felt that he was very angry.

Since he became Jinghai's city lord, he has enjoyed being looked up to by others, even in the city of Kyoto at the feet of the emperor, his status is still lofty, but now Li Tian actually said that he is not qualified, this is naked face!

"Li Tian! You have to be too arrogant! I, Huang Ke, are willing to negotiate with you here for the safety of the people of Jinghai! You are just the founder of the cult Tianmen. If the Huaxia part is for the safety of the people of Jinghai, now You are already a prisoner!" Huang Ke said angrily.

Li Tian raised his eyebrows slightly, and he said from Huang Ke's mouth that Tianmen is a cult, which made Li Tian's heart involuntarily more angry.

But this anger flashed by, and then Li Tian looked at Huang Ke like an idiot!

City Lord Jinghai, according to his status before the end of the world, is equivalent to the mayor and secretary of the municipal party committee of Jinghai City, and his status is not low in China.

If Li Tian was still a poor boy in Liaocheng before the end of the world, Li Tian would certainly not have the opportunity to meet such a dazzling character as the mayor of Jinghai. If he wants to meet such a big man, Li Tian can only use TV or the Internet. , Li Tian can only watch from afar, can only look up.

But is it before the end of the world?

But is Li Tian still a poor boy now?

Huang Ke's words are just to frighten ordinary people who have never seen the world.

For Li Tian?

"Ha ha!"

This is Li Tian's answer!

"Negotiating? Is what I said so difficult to understand? What I want is explanation! I have told you clearly that you are not qualified! Now I give you three seconds, get out!" Li Tian said with a sneer .

"roll?"

Huang Ke no longer knows how long no one has dared to say this word to him. His body is trembling slightly. In addition to a little fear, this trembling is more because of anger in his heart!

The faces of the two men in black behind Huang Ke were also full of anger. They did not have an intuitive understanding of Li Tian's strength, and were full of indignation at Li Tian's insulting Huang Ke in this way.

"What are you? You dare to speak to our Huang Chengzhu like this?"

"Are you impatient?"

The two men in black accused Li Tian and said.

Li Tian completely ignored the existence of these two people, looked at the beautiful reporter, and said: "Turn on the camera, or you will miss a good picture!"

The photographer beside the beautiful reporter was taken aback, and the camera in his hand immediately pointed at Huang Ke and the two men in black.

"three....."

"two....."

This is the time when Li Tian began to give Huang Ke three seconds to escape. He has already started the countdown.

Will Huang Ke run away? If he escapes, then Hua Xia's face will be lost by him.

But if Huang Ke didn't escape, what would Li Tian be like? Could it be that Huang Ke was killed?

The beauty reporter's heart was pounding wildly, her mind was crazy, and her palms were already sweating slightly.

"One....."

Huh!

A black figure suddenly appeared beside Li Tian, a powerful energy fell from the sky, and the two men in black and Huang Ke in the distance suddenly knelt down in front of Li Tian and the black figure.

Chapter 4306: : Not qualified (2)

what!

The two men in black let out a scream, and the pressure in the sky kept falling. The knees of the two of them were broken at the moment they knelt. The powerful pressure pressed their bodies, and blood kept pouring from the mountain pass. Out!

For a moment, the two men in black were unable to withstand the pressure, and their bodies slammed heavily on the ground. Their cheeks were bumped and swollen like a pig's head. The two men fell weakly like dead dogs. On the ground, with dull eyes, panting heavily.

And Huang Ke?

His appearance is slightly better than these two men in black. After all, as the city lord of Jinghai, his strength is stronger than these two men in black, but he is facing the coercive attack of the powerful. His strength is not helpful to him in the slightest.

Huang Ke knelt on the ground, supporting his body with his hands, shaking constantly, big beads of sweat flowed down his hair on his cheeks, dripping on the ground.

In just a few seconds, Huang Ke had already felt his whole body wet.

Fear and despair spread in his heart.

"I'm going to die, I'm afraid I'm going to die here today!"

"I didn't expect Li Tian to be so powerful now, what should I do? I am afraid no one can save me now!"

Wow!

A warm current flowed from between Huang Ke's legs.

Huang Ke is ashamed, fearful, and desperate!

Click!

Huang Ke even felt a slight cracking sound from the bones in his body.

The faces of the photographer and beauty reporter who are shooting are full of doubts.

Although they could also feel the energy fluctuations in the air, the pressure did not fall on them, so it was difficult for them to understand why Huang Ke and the two men in black suddenly knelt down on Li Tian and the black man. The face of the black monkey, it is even more difficult for them to imagine how much pressure Huang Ke and the man in black are under!

Damn, this is really stressful!

When Tang Xiaolong teleported here, he saw the photographer and the beautiful reporter squatting in the corner who were taking pictures. Tang Xiaolong glanced at them, and the two of them were immediately shocked and dared not look directly at Tang. Xiaolong.

"Little boss!"

That's an anger in Li Tian's heart!

He made so many early preparations in order to pretend to be in front of the camera lens, but he hadn't counted the last three counts yet, so Tang Xiaolong was confused about all this!

Moreover, Tang Xiaolong used coercion to control Huang Ke and the two men in black.

"Does the little boss still need to kill such two garbage? As long as the little boss says a word, I will teleport to Kyoto City now, no matter who the high-level Kyoto City is now, I will leave the pieces they killed, and then I brought their heads to see you, little boss!"

Li Tian is full of black lines!

Tang Xiaolong has been nurtured by the end of the world and the battlefield of death, and now this product is much more murderous than Li Tian! And as the strength of Li Tian and Tang Xiaolong and others become stronger and stronger, Li Tian and Tang Xiaolong can't help but think of using force to solve things.

But this thing really cannot be done.

If you really follow Tang Xiaolong's statement, even if Li Tian can kill all the senior leaders of China, the people of China who don't know the truth are just afraid of Li Tian and will treat Li Tian as a demon in their hearts. By then, Tianmen will be among the ordinary people. The heart is still evil!

"Little boss, no matter who the senior leaders of Huaxia are, is there any difficulty for us to kill them? Not to mention Huaxia, even if we want to rule the entire earth world, it is just a matter of hand! Why do we have to suffer this kind of bird air? "Seeing that Li Tian was indifferent, Tang Xiaolong couldn't help complaining.

Li Tian used a gravity attack to break the coercion that Tang Xiaolong exerted on the man in black and Huang Ke, and said to Tang Xiaolong: "In the eyes of those people, we are the representatives of evil. We kill people, we destroy Lujiazui and persecute him. High-level Huaxia officials came to explain to us, but this is not our goal!"

"purpose?"

"Yes, this is just our method, but our strength is stronger. We can pressure Huaxia's senior management through methods that ordinary people can't do, make them fear us, and make them have to explain to us. Ultimately our goal is to seek justice for Tianmen and seek justice for me, Li Tian!" Li Tian said.

Tang Xiaolong nodded as if understanding, showing a harmless smile of humans and animals and said: "Okay, I don't understand anyway, I just listen to the little boss!"

"Now these pictures should have been passed to the top of Huaxia, I will see what kind of decision they will make! We just have to wait!" Li Tian said.

The coercion exerted on his body has been cancelled, Huang Ke's body can finally move, but now his body is still aching, his limbs are still trembling, and for Li Tian and Tang Xiaolong, Huang Ke has completely lost The courage to resist.

A dead dao friend does not die a poor dao. This principle applies to ancient and modern times, both at home and abroad. Huang Ke decided to use some of the information he had in his hands to gain a glimmer of life.

"Lee... Master Li Tian... You are a peerless hero. I Huang Ke is full of admiration for Master Li Tian. Master Li Tian is my guiding light for Huang Ke and my life mentor. I dream of seeing Li. Heavenly Lord." Huang Ke opened his mouth, and even the people in black felt embarrassed by this boast.

However, Huang Ke went without the slightest feeling. He took a few breaths and continued: "Because Master Li Tian's contribution has concealed the light of all the senior Chinese leaders, they are afraid of Master Li Tian, worrying that Master Li Tian will suddenly come back and ***** it away. Their status and rights are why they burned books and confessed to obliterate Master Li Tian's great achievements and completely obliterate Master Li Tian in history."

"And those orders for the Tianmen were all issued by the senior leaders of Huaxia and the Supreme Presbyterian Council. Although I, Huang Ke, the city lord of Jinghai City, in the eyes of the senior leaders of China, I am a little ant. Name execution!"

"However, Li Tian's few words are like a scream, making me Huang Ke suddenly awakened! If I am now stubbornly resisting, and a few high-level Hua Xia cheers, then my conscience will be tortured, and I will be morally affected. Condemnation! So, now I am willing to stand up!"

The beauty reporter looked at Huang Ke dumbfounded, and was full of contempt for Huang Ke!

"The guy without bones is definitely afraid of death. How can he betray so quickly and so thoroughly?"

Huang Ke transferred all the responsibilities to the senior management of Huaxia, and continued: "Now Lord Li Tian, I must tell you a secret now. Huaxia has sent a special department to Tianshan Tianmen, and it will carry out an encirclement and suppression of Tianmen! If not! In the event of an accident, they may have reached Tianshan now..."

Chapter 4307: : Discuss an argument (1)

"what?"

Hearing Huang Ke's words, Tang Xiaolong teleported to Huang Ke violently, and ignored the smell of urine on Huang Ke's body. He reached out his hand to grab Huang Ke, lifted him directly from the ground, and asked angrily: "You said Huaxia Have you done something to Heavenly Gate?"

"Yes... it should be!" Huang Ke said in a trembling voice.

Snapped!

Tang Xiaolong threw Huang Ke to the ground, completely ignoring the stubbornness of Huang Ke being thrown, teleported to Li Tian, looked at Li Tian and said: "Little boss, did you hear that, the high-level Chinese sons of bitches, Actually, you have already started on Tianmen! Are you still waiting for the highest level of Huaxia to come here? When you wait for them, Tianmen may no longer exist. If you don't go to Kyoto City, I will go. !"

The beauty reporter stared at Tang Xiaolong's teleportation several times in a row, and even the cameraman next to him forgot to record.

"Sister Sun, this... Li Tian and they are not gods, right?"

The beautiful reporter's surname is Sun and her name is Sun Yaqi. She is exactly 30 years old this year. She is also considered an older girl in the TV station. However, Sun Yaqi has a baby face. In addition, she pays special attention to maintenance. It seems that he is better than a cameraman. This twenty-seven-year-old man is still younger.

"But... maybe it is!" Sun Yaqi whispered.

Li Tian's heart is also very anxious, Huaxia's shamelessness has exceeded his imagination!

"Xiaolong, now even if you go to Huaxia and kill all the highest level of Huaxia? The first thing we have to solve now should be the safety of Tianmen, otherwise the barbarians will be in danger!"

"Xiaolong, now you, Ningbing and the vicious dog go to the Tianmen first, and give my orders to the barbarians, the earth world, no matter who it is, dare to trespass the heavenly gate, and kill without mercy!" Li Tian said.

At this moment, Li Tian's murderous aura was completely released, and the people in black and Huang Ke who fell on the ground felt that the cold in the air could instantly frost their skin.

Tang Xiaolong nodded, teleporting disappeared!

As Tang Xiaolong teleported and disappeared, three energy fluctuations soon appeared near Jinghai Central Building in the distance. Needless to say, Tang Xiaolong, Situ Ningbing and Vicious Dog must have teleported to Tianmen.

"Huang Ke, I will spare your dog's life today. You will continue to be your Jinghai City Lord, but above you, Gou Bii Gou Jiayong will supervise you in place of me. Your main duty is to assist Gou Jiayong. I arrange this Do you have any comments?" Li Tian said with a sneer.

Huang Ke was very happy to survive. He didn't expect Li Tian to continue to be Jinghai City Lord. As for Gou Bizi, Gou Jiayong, who turned into his boss, Huang Ke felt that he was completely acceptable.

What if Huang Ke doesn't accept it?

Today he has sold Huaxia to survive, and what is waiting for him will be the anger of Huaxia's high-level staff. Without Li Tian's support, Huang Ke will not say that he will continue to be the lord of the city. Whether he can survive is already unknown!

"Thank you Master Li Tian for not killing, I will definitely assist Master Gou Jiayong seriously and responsibly, and ensure that Jinghai City is handled in an orderly manner!" Huang Ke vowed.

Through the control of his mind, Li Tian asked Jixing Yasha to collect the quicksand storm, and then asked Jixing Yasha to collect all the quicksand in Pudong Lujiazui.

Rumble!

The earth shook, and countless cracks appeared on the road surface of Lujiazui in Jinghai City. The quicksand on the ground continuously poured into these cracks. It took only ten minutes before and after that the quicksand covering Lujiazui had completely disappeared. The road surface was slowly healed under the control of Dixing Yaksha, and it was restored as before.

If it wasn't for the square outside Jinghai Central Building that some machinery and equipment were lying downside-down, and there were still some dead bodies lying down in front of Tang Feifei's tomb, who would have thought that Jinghai would have suffered such a big attack?

"Sun...Sister Sun, Master Li Tian must be a god, have you seen it? This...this is almost as powerful as the legendary spell! Move mountains and seas, tusk..." the photographer said excitedly.

Sun Yaqi nodded slightly, seeing Li Tian's strength today completely subverted her outlook on life.

These images are transmitted to the TV sets of Huaxia across the country through the camera lens. It is precisely because of this magical image that a seed of cultivation is planted in the hearts of all Huaxia children, and in the next ten years, Huaxia Cultivation has gradually become popular, and

even because of these seeds, the entire China, no, it should be said that the entire human beings in the earth world have made great breakthroughs in personal cultivation.

Of course, this is something later.

Li Tian looked at Sun Yaqi and said, "Beauty reporter, today I give you a chance to get to know Li Tian and Tianmen. Do you have an obligation to let Jinghai City and even the entire Chinese people understand me Li Tian and Tianmen? ?"

Sun Yaqi knew that the long-awaited opportunity had finally come, suppressed the joy and excitement in her heart, nodded slightly, and said: "Whether Tianmen is a cult? It is not a few high-level officials in China that have the final say, it should be the final decision of all the people of China! I am willing to show the complete Lord Li Tian and the complete Tianmen in front of everyone."

"Okay! You should understand what Huang Ke said? As for how to arrange her, you should be clear in your heart. If you don't understand something, you can ask Gou Jiayong more. He is quite clear to me, Li Tian and our heaven. !" Li Tian said.

At this time, the dog ran to the top of the building out of breath.

"The dog nose is just right for you. I have arranged things for Jinghai. Now I am going to Tianmen first, and I will return to Jinghai again soon!" Li Tian said.

"Brother Tian..., or take me with you. Although my dog nose has no abilities, I am willing to fight side by side with Brother Tian!" Dog nose Lingran said with a generous expression of righteousness.

A smile appeared at the corner of Li Tian's mouth. He knew that the dog nose was afraid that Huaxia would do something with him after he left, and this was not the result he wanted to see.

Huh!

Huh!

Huh!

Li Tian successively brought out Xue Ji, Xiao Hotpot, and Long Yin from the space of Void Yasha and Qiong Spear of the Sky.

"Li Tian, can you bear this bird gas? It is enough for Tianshan to hand it to Tang Xiaolong and Situ Ningbing, and Jinghai will leave Xueji and the small hot pot well, and Long Yin is willing to follow you Li Tian to the city of Kyoto to ask for something. Saying. I want to see who the elders of the ten major legions and the two major associations dare to treat Brother Li Tian like this!" Long Yin, who had already learned about the situation outside through Void Yasha, came out. Said angrily.

The predecessors planted trees and descended from the shade, this is understandable, but this Nima, the predecessors are still staying on the tree, you grandsons are like pulling the tree roots, this kind of stubborn dragon Yin is unwilling to bear.

"Okay, then let's go to Kyoto City and ask for an explanation!" Li Tian said.

Chapter 4308: : Discuss an argument (2)

The original city of Kyoto, just like Jinghai, after ten years of recuperation, Kyoto city has already returned to its prosperity before the end of the world. . Kyoto City has once again become the political and cultural center of China.

As for the city of Kyoto built in the last days, it was also completely preserved, and it was also included in the city of Kyoto and named as the Kyōnan District!

What happened in Jinghai was immediately transmitted to the ears of the senior leaders of China.

Kyoto city, somewhere.

Seven elders of the Supreme Presbyterian Church of China sat in the conference room. These seven elders were the seven who made policies and determined the direction of China. They were also the seven people with the highest rights and the highest reputation in China.

They are Liu Feng, the commander of the pre-apocalypse, the elder of the Bounty Hunter Association, Su Lao, the commander of Yin Yang Gate Yin Yang, the commander of the Black Dragon Legion Gao Bi, and the blue forest of the Sakura Legion used to belong to Duanmu Ying Assistant, when Duanmuying left Huaxia, she handed the Sakura Legion into her hands, Long Ao from Long Tenglitian and the little lady of the Army Soul Legion.

At this time, the laptop placed in front of them was connected to the emergency program broadcast by China TV Station, and the screen of the broadcast had been frozen Huang Ke and two men in black knelt to the ground.

The picture ends here, and the pictures taken later were not transmitted to China TV Station because of signal failure.

The expression on Liu Feng's face was very ugly. His gaze slowly swept across the cheeks of everyone present, and his voice tremblingly said: "Everyone, now is the most critical moment for China, if Li Tianhu is allowed to do anything wrong, our senior management It will be discredited!"

Su Lao of the Bounty Hunters Association nodded slightly, and then Liu Feng said: "This is not just a problem of discredited reputation. You all know that Li Tian wants to get something that will belong to him. Once Li Tiande If we fulfill our wishes, I am afraid that from now on, the senior management of China will no longer have our place!

"But... But, at the beginning, this senior Hua Xia should have a place in Li Tian, now..." said Gao Bi, the current commander of the Black Dragon Legion.

Long Tenglitian's current legion commander, Long Ao, said with a sneer: "This is not correct. If I remember correctly, when Li Tian was expelled from China, he had lost everything he had in China. As for Li Tian later returned. Huaxia, Huaxia only promised to give him two hundred kilometers of land around Tianshan!"

"but?"

"It's nothing, but everyone is willing to hand over the rights that you have obtained to Li Tian. I, Yin Yang, will never stop him, but the Supreme Presbyterian Church of China has only seven seats. There must be a seat for our Yin Yang Gate!" Yin Yang, the master of the Yin Yang gate, said with a sneer.

Before the end of the world, everyone present will more or less have a desire for power, but for various reasons, their desire is suppressed deep in their hearts.

After the end of the last days, China has achieved unprecedented development. The status of everyone present has also risen, and they have gradually stood at the highest level of China. Their desire for this kind of power has been completely released!

If possible, they are more willing to subtract a few seats from the seat of the Supreme Presbyterian Church in China, and even the entire China is completely in the hands of one person.

Right this kind of thing, as long as you get involved, you will become addicted!

In ancient and modern Chinese and foreign history, there are many cases of father and son becoming enemies for the sake of rights.

The little lady folded her hands on her chest, and gently tapped her body.

What Yin Yang said was straightforward, but the little lady agreed very much.

Where there are people, there are rivers and lakes, where there are rivers and lakes, there are factions, and the same is true in China today.

There are seven elders in the Supreme Council, but these seven elders are not united. They each represent their respective forces. Once someone loses again in the Supreme Council, then the status of the power behind him will be It will plummet, and it may even be swallowed by other forces.

Such an example has been experienced several times in the early days of the establishment of the Supreme Presbyterian Church in China. At the beginning, the Supreme Presbyterian Church had ten seats, but now the Supreme Presbyterian Church has only seven seats, which explains everything.

Through Mu Yunlong, the former commander of the Army Soul Corps and the supreme commander of the Chinese Allied Forces, he had no choice but to leave China.

The little lady recalled the scene of his meeting with Li Tian more than ten years ago, and she sighed in her heart.

"Li Tian, you came back too late. The current China is no longer what it used to be! If you came back five years ago, at that time Mu Yunlong, the old army commander, was still alive, the tyrant Gao Gang was still alive, and the Bounty Hunter Association Elder Gu Liang did not abdicate, maybe everything is possible! But now..."

People in the arena involuntarily.

As the commander of the current Army Soul Legion, the little lady has too many things to worry about. In these years, the little lady has been under too much pressure.

Seeing the little lady silent, Liu Feng's eyes twitched slightly.

"Damn it!" Liu Feng thought cursingly in his heart.

Five years ago, Liu Feng instigated a high-level change in China, and it was precisely because of this change that Mu Yunlong had to go to the wild, and Liu Feng took advantage of the situation to step onto the stage.

A wise man must have lost his mind. If things were implemented in accordance with Liu Feng's plan five years ago, there should be no seats for the little lady here, and Liu Feng's position in the

Supreme Presbyterian Council should be even higher, but Liu Feng had no idea that Mu Yunlong would be on guard against him, causing his plan to abort when it was halfway through.

But even so, Liu Feng's status has been unprecedentedly promoted.

Liu Feng turned his gaze to Lan Lin in the Sakura Legion, and a smile appeared at the corner of his mouth.

Lan Lin looked at Liu Feng and nodded slightly. She stood up abruptly and said with a trace of anger on her face: "What is the point of saying these things now? If we don't want to lose our current status, then we should unite and fight against Li Tian! No matter how strong Li Tian is, how could he be able to fight the entire Huaxia with just one person!"

"Yes, Li Tian's support is only the Tianmen. Ten minutes ago, the China Special Operations Department had launched an attack on the Tianmen. If nothing else, after a few hours, the Tianmen will disappear on the earth."

"Hey, the secret weapon developed by the China Special Research Institute in the past ten years may have exposed their hideous minions. Tianmen is the first experimental target! Once the Tianmen is removed, Li Tian is just like a tiger whose minions have been cut off. !" Long Ao said with a sneer.

Hearing this news, the little lady and Kobi could not help showing a trace of anger.

Chapter 4309: : Discuss an argument (3)

Kobi feels he is aggrieved!

Ten years ago, when the strongest of China were fighting the Three Corpses, his father, tyrant Gao Gang, was attacked by the Three Corpses. Had it not been for Liu Yihui of the Celestial Legion to use the zombie transformation technology, and Windsor had rescued the tyrant Gao Gang, then the tyrant Gao Gang is probably already dead!

So Kobi is grateful to Li Tian.

Although the tyrant Gao Gang barely recovered his life, his cultivation was completely dissipated, and he lingered like a vegetative for several years, but the past few years have allowed the Black Dragon Legion to smoothly transition to Gao Bi's hands, so that the Black Dragon Legion can avoid suffering. Fate swallowed by other legions.

Kobi understands that he can have today's status, largely because of Li Tian.

But Kobi also knows that although the Black Dragon Legion is still in his hands, but because of the death of the tyrant Gao Gang, Liu Feng and others have begun to infiltrate the Black Dragon Legion. Now his position in the Black Dragon Legion is also at stake, and he is the highest in China. The position in the Presbyterian Church is even more unstable!

Otherwise, if he wanted to speak for Li Tian several times in a row, he would be directly interrupted by other elders, and would not leave him any affection at all! As for any negative votes cast by Kobe at the Presbyterian Conference, they will be ignored by Liu Feng and others!

In their eyes, a fool was sitting in the position of the highest-level presbytery in China. This was already their greatest tolerance for the Black Dragon Legion to the dead tyrant Gao Gang!

Frustration and anger spread in Kobi's heart, making Kobi feel that he is suffering from sitting here.

"Don't you want my position in Gaobi? Don't you want the right in my hands? Give it to you, all to you, the highest elder I am Gaobi is not rare, the commander of the Black Dragon Legion, I am high It is not rare, I would rather follow Brother Tian and be free!"

Thinking of this, Kobi gave up a smirk on his face. The silly boy stood up abruptly. His gaze slowly swept across the faces of all the people who were doing it. He smiled even more when he looked at the hypocritical faces of these guys. Happy.

Snapped!

He slapped the table heavily, then smiled weirdly, and said, "Don't you want my position and my rights? Hahaha, I'll give it to you. From today, the Lord will not serve you anymore!"

After that, the silly boy Kobe dragged a chain, laughed and walked out of the room!

"This... is this kid stupid?" Liu Feng said with a sneer.

"You are so polite, he is a fool!" Long Ao said.

At this moment, the computer screen in front of them suddenly switched to another screen!

"The China Special Operations Department has already begun to work on Tianshan Tianmen!" Elder Su said.

...

boom!

boom!

boom!

Air-to-surface missiles were launched from fighter jets galloping through the sky, and landed on the buildings at Tianmen Gate of Tianshan Mountain accurately, followed by bursts of violent explosions!

Tianshan, Tianmen, and the magnificent buildings built by the Xuling clan looked so fragile when faced with missile attacks!

The magnificent buildings continued to collapse, and the Tianshan disciples in Tianshan Tianmen looked at the fighter jets flying in the sky, looking so helpless and helpless!

Among the panicked disciples of the Tianmen, there is no lack of calm people, as long as the missiles are not bombarded on them, as long as they can take a breath, they will not give up!

Because this is Tianshan, this is Tianmen!

"Protect Tianmen! Protect Tianshan!"

"A few people come to protect Master Niang and Xiao Xiaoman, and quickly **** them to Piaoxuefeng to find Master!"

boom!

Buildings continued to collapse. In order to protect the captain and Xiao Xiaoman, the Tianmen disciples used the techniques they learned from the barbarians to bombard the smashed boulders and use their flesh and blood to resist the boulders!

The captain held Xiao Xiaoman, her eyes were as cold as a layer of frost.

No one thought that Hua Xia would move so fast. Not long after Wei Tian came back, Hua Xia had already launched a bombing attack on Tianmen!

"Leave us alone, run away! Tianmen..." the captain yelled at the Tianshan disciples.

boom!

Another missile landed on a building more than 20 meters away from the captain and the others, and directly penetrated into the building, and then the building was like tofu exploded by a cannon, torn apart. The disciples of the Tianmen who had not had time to escape from the building followed the explosion, and their bodies turned into corpses and flew out!

"Madam..."

"Hurry up and run for your life! Starting today, you are no longer disciples of the Tianmen, no matter when and where, don't admit that you are disciples of the Tianmen..." The captain was speechless.

"Mother, look, it's the master who is back! We are saved!" A Tianshan disciple pointed to the mountain peak carrying the Qinglong Sword and shouted at the barbarian who was galloping at Tianmen.

Huh!

Manzi held the Azure Dragon Sword in his hand, and slammed a knife against the galloping fighter.

A blue dragon sword flew out and blasted on a fighter plane. The slash was divided into two. The fighter plane fell towards the cliff. After a few seconds, there was a loud explosion!

Whoosh!

Whoosh!

Two figures behind the barbaric closely followed the barbaric, it was Huangfu Kunpeng and the old man Wuji who had left the pass from Piaoxuefeng!

"We are late!"

Manzi's eyes were full of blood, and the Tianmen in front of him was already devastated, and his body couldn't help shaking slightly.

In a small Tianmen, Huaxia actually used a dozen fighter jets, and used the air-to-surface missiles carried on the fighter jets to carry out a long-range precision attack on Tianmen!

In less than four or five minutes, Tianmen has been destroyed.

Hundreds of disciples in the Tianmen who had not had time to escape were crushed under the rubble, or fell in a pool of blood.

Even if they were lucky enough not to be killed by the missile, the disciples who escaped were almost all wounded.

And those Tianshan disciples who had been bombed and fleeing towards the bottom of Tianmen Mountain were beheaded and killed by people from the China Special Operations Department before they escaped from the huge steps.

The barbarian almost crushed his steel teeth, looking at the ruins and the corpse, and roared angrily: "Assholes! These **** of China, my Tianmen and you are incompatible!"

Huhu!

The squally wind convolved snowflakes, and soon blew away the words of the barbarian!

Huangfu Kunpeng's complexion was very ugly.

After Li Tian left for ten years, he was in retreat for ten years. This ten years of retreat practice has greatly improved Huangfu Kunpeng's strength. Now Huangfu Kunpeng's cultivation has reached the seventh level of cultivator, but even if it is the seventh level of cultivator, In the face of the frantic bombardment of dozens of missiles by fighter jets, there is no resistance.

The old man Wuji, Wu Lao of the Bounty Hunters Association, couldn't help but beat the corner of his eyes when he saw the Tianmen that had become ruins. Like Huangfu Kunpeng, he had been in retreat for ten years, but he didn't expect them to encounter this kind of sight just after they left the customs.

In front of the state apparatus, any sect seems so insignificant!

Unless you have the strength to shake the state apparatus!

Chapter 4310: : Discuss an argument (4)

Ooh!

Xiao Xiaoman was so frightened that he buried his head in the arms of the captain, wanted to cry but didn't dare to cry loudly, his body trembled and sobbed. Even if Xiao Xiaoman is strong, he is only a five-year-old kid after all!

Manzi carried the Azure Dragon Sword and came to the captain, the five or six disciples who survived in the Tianmen slowly moved closer to the manzi. Their bodies were full of blood and dust, and their expressions were still scared and they shouted in a low voice, "Master..."

Hearing this master, Manzi's body trembled slightly.

Tianshan Tianmen was destroyed!

Although the barbarian used the strongest attack of the Azure Dragon Sword Technique, a Chinese fighter plane was cut down hundreds of meters away, but this was not enough to satisfy the barbarian.

The barbarian felt that his body was full of power, but he felt that he was like an angry lion, completely powerless against a vulture flying in the air, if it were not for chance, maybe he could not even cut a fighter plane!

The captain stretched out his hand to hold the barbarian's arm, and said in a low voice, "It's not to blame you! Even if you are in Tianmen, you are powerless to face such an attack. If I had not taken the antidote to the zombie virus, I would rely on the zombie's The skills may still..."

The barbarian held the captain's hand tightly.

There are not so many. If the captain does not take the zombie virus antidote, then she will not turn back into a human, and there will be no Xiaoman.

"Dad, revenge!" Xiao Xiaoman stopped crying, and shouted at the man with a childish voice.
revenge!

There must be revenge!

The barbarian's eyes were full of blood, and he nodded and said.

It seemed that the barbarian was promising to Xiaoman, but it was even the barbarian talking to himself.

The old man Wuji said: "Hua Xia has already torn apart, and I am afraid they will soon carry out a second round of air strikes. It is not appropriate to stay here. Captain, you take Xiaoman and the disciples of Tianmen to Piao xuefeng and hide first! "

"Xiao Litian is not here, so I should stand up for justice for Tianmen. Are you willing to follow me to Kyoto City? Let's talk to the highest level of China together!"

Huangfu Kunpeng shook his head and said, "Old Wu, although I don't want to hit you very much, I'm afraid we're thinking too simplistically. At the beginning, we left the Huaxia high-level and retreat in Tianshan to practice. The high-level Huaxia still knew how much. If they decide to do this to Tianmen, I'm afraid they are confident. Brushing their faces may solve the problem!"

"Huh, is my old man really confused? Why do you need to brush your face for a problem that can be solved with your fists? After ten years of cultivation, now your cultivation base has surpassed the cultivation base of the three corpses before the last days. Go to Kyoto City to find a high-level Huaxia, it shouldn't be difficult to solve this problem!" The old man Wuji said disdainfully.

Escort the captain, Xiao Xiaoman, and the few remaining disciples of Tianmen to Piao xue Peak.

Sure enough, as the old man Wuji had expected, China's second air raid was coming soon!

Air-to-surface missiles are like no money, and they keep bombing the Tianmen Gate of Tianshan Mountain.

In this round of bombing, the remaining towering buildings in Tianmen were also turned into ruined walls.

The pilots of those fighters also realized that there were strong men in the Tianmen, and they had launched missile attacks when they were still thousands of meters away from the top of the Tianshan Mountains.

"Don't look at it, now we are still powerless with the fighters in flight, let's hurry up and go to Kyoto City!" Huangfu Kunpeng said to the barbaric on the hillside one thousand meters away from Tianmen.

Barbarian nodded!

Although I don't want to admit it, this is a fact!

The figures of Barbarians, Huangfu Kunpeng, and Old Man Wuji flashed past the mountains continuously, and they chose a difficult and dangerous mountain road to rush down the Tianshan Mountains.

The bombing continues!

The pilots of the fighter jets have begun to report the victory to their immediate superiors in China!

The rest of the matter must be handed over to the China Special Operations Department. They can wipe out the remnants of Tianmen through a carpet search of Tianshan!

At this moment, things changed suddenly!

Several figures appeared out of thin air and suddenly landed on the ruins of Tianmen! Among these figures is a man, a woman, and a giant monster tens of meters high!

It was Tang Xiaolong, Situ Ningbing, and Vicious Dog who appeared here!

"We are late!" Tang Xiaolong and Situ Ningbing said at the same time.

When they saw the ruins of the Tianmen gate and the corpses with broken limbs, a cold light flashed in their eyes.

In the sky, fighter missiles roared!

Tang Xiaolong fiercely raised his head to look at the fighter plane flying in the distant sky. Countless powerful coercion instantly fell from the sky. Several powerful coercion instantly shrouded the roaring missile, and the missile exploded in midair!

The scene before him stunned the pilot in the fighter plane!

"See... hell, how could a missile explode in mid-air?"

However, at this moment, these pilots suddenly felt that the fighter jets they were driving suddenly sank. These pilots were also veterans of flying for many years. Faced with sudden changes, they were not in a hurry, but soon they discovered that they were driving. All the mechanical equipment on the fighter plane failed, and even the engine suddenly stopped working.

The fighters kept falling, and they had lost control of the fighters.

escape!

Escape is important!

Those pilots ejected from the cabin almost at the same time, and there were more than a dozen parachute bags in the sky instantly.

boom!

boom!

More than a dozen fighter planes landed in the Tianshan Mountains at their feet and exploded continuously.

"How could this happen? More than ten fighters crashed at the same time. Is there still a strong magnetic interference in the Tianshan Mountains?"

The gaze of these pilots slowly swept across the mountains in front of them, and soon they discovered that there was a moving black spot on the ruins of Tianmen.

"What it is?"

A kilometer away, even if you still see the black spot moving, these pilots can't help but feel a trace of fear.

But at this moment, a powerful force wheel shrouded their parachutes, and their parachutes instantly lost their ability to slow down and land. The pilots let out a scream and fell to death in the Tianshan Mountains.

In the distance, the barbarians who had just arrived halfway up the Tianshan Mountains also saw this scene!

"This... what's going on?"

"What happened?"

"So many fighters have all crashed. Could it be that... is someone attacking these fighters?"

The three looked at each other, wanting to see the result from each other's faces.

"Going back to Tianmen, it is very likely that Brother Tian is back!" Manzi couldn't help his joy in his heart and said excitedly.
