

## A Killer 4311

Chapter 4311: : Discuss an argument (5)

Manzi is also a master, but when he thinks that Li Tian has returned to Tianmen, he is like a child who has suffered a great grievance and wants to complain to his parents. He even runs and climbs onto the Tianmen. ,

Tianmen is still in ruins, the difference is that there is a huge monster on the ruins, a woman like a lotus flower, and a black monkey!

Well, the others are Vicious Dog, Situ Ningbing and Tang Xiaolong.

The barbarian saw Situ Ningbing, and the tears in his eyes could no longer be restrained. He cried as he ran, and shouted at Situ Ningbing, "Sister Ningbing, you are finally back! Ooo, barbarian, I want to kill you! "

Behind the barbarian, the eyes of Huangfu Kunpeng and the old man Wuji swept across Situ Ningbing and Tang Xiaolong, and landed on the giant vicious dog behind them. Both felt a powerful energy fluctuation in the vicious dog, and their eyes couldn't help. There was a trace of fear.

"Could it be that which fighters fell because of this monster?"

Huangfu Kunpeng and Old Wuji's eyes fell on Situ Ningbing and Tang Xiaolong, the black monkey, and they were surprised to find that the energy released by Situ Ningbing and Tang Xiaolong was not much different from that monster. The strength of Situ Ningbing and Tang Xiaolong now far surpassed them.

At this moment, Huangfu Kunpeng and Old Man Wuji were a little uncomfortable!

Nima, we haven't been lazy in the past ten years. We have really reached the state of forgetting to sleep and eat for cultivation, but why is the gap between people so big?

"Big sister, Barbarian, I'm guilty, and didn't take good care of the Tianmen who gave Brother Tian to me, I...I..." Barbaric wanted to say something, but in the end he didn't say it.

Teleported from Jinghai to Tianmen, Situ Ningbing knew that he could not blame the Barbarians, and said to the Barbarians, "If you have anything, wait until you see Li! Tianmen suffered this catastrophe. If we don't tell Huaxia, Li will definitely be angry. Yes! Barbarian, follow us to kill down the mountain!"

"Yes, kill down the mountain!" Tang Xiaolong roared.

...

When Tang Xiaolong, Situ Ningbing and others killed the Tianshan Mountains, Li Tian and Long Yin had already appeared outside the highest-level government office in Kyoto City.

The main entrance is a magnificent two-story small building. In front of the small building is a small square. A flagpole is also erected on the small square. At this time, the Chinese flag is flying on the flagpole.

On both sides of the two-story building are courtyard walls with a height of more than three meters. The upper side of the courtyard wall is the same as the two-story building, covered with glazed

tiles. This area has a resounding name: Zhonghai and Nanhai are even louder without the words Hai and.

This area was built in the Liao and Jin Dynasties. During the Ming and Qing Dynasties, it was a royal garden for feudal rulers and later became the office of the Beiyang government. When the Nationalist Government moved the capital to Nanjing, this area was opened to the public as a park. Before the end of the world, it is the center of the country, a symbol and pronoun of the highest administrative power, and it is also a place that makes the world feel more mysterious.

And now, it is the area where the highest level of China is located.

For ordinary people, it is absolutely impossible to enter here, even if they stay too much near this area, they may be caught as reactionary forces.

Li Tian came here for the first time, and so did Long Yin!

"This is a Huaxia Forbidden Land, please leave this place immediately!" A man holding a steel gun screamed at Li Tian and Long Yin.

Long Yin completely ignored the man's shouting, and said to Li Tian: "How to get in? Is it teleporting in or killing in?"

"We are civilized people, we are here to ask for an explanation, how much the fighting and killing destroys social harmony!" Li Tian said with a smile on the corner of his mouth.

Well, Long Yin was defeated shamelessly by Li Tian!

Then the two of them ignored the soldiers and continued to walk towards the gate of this area.

Wow!

Several soldiers guarding this area suddenly raised the steel guns they were talking about, and pointed them at Li Tian and Long Yin. Just now, the soldier screamed: "Stop, trespass into this area and kill it!"

Huh!

Li Tian teleported to the soldier who had just called out. He stretched out his hand and gave the soldier two slaps. He sneered and said, "These two slaps are for you to remember me. From now on, I will be in this area. the host!"

These two slaps were not strong, but the soldier's cheeks were already swollen, and the blood in his mouth kept flowing out along the corners of his mouth.

The two slapped the soldier's eyes flashed with little stars, and Li Tian has a ghost!

The other soldiers were frightened by Li Tian's teleportation and actions, staring at Li Tian dumbfounded, not knowing what to do next.

After a few seconds, the soldier suddenly realized something, and violently pulled the safety latch, trying to shoot Li Tian.

At this moment, several coercive forces fell from the sky and landed on these soldiers. They suddenly felt that their bodies seemed to be weighed down by tens of thousands of kilograms of gravity, and their legs fell to the ground as soon as they softened. Soldiers of 1989 couldn't bear this

kind of pressure at all. They were already lying on the ground softly, and the pressure was like an elephant's foot on their cheeks!

"This...who are these two guys? They are so powerful?"

"Damn it, these two guys seem to be stronger than those core cadres in China, are we going to die here today?"

At this time, from the second-story small building in this area, there was a sound of crisp metal hitting the ground.

Wow!

Wow!

Hearing these sounds, a ray of light suddenly flashed in the dead gray eyes of these soldiers.

"Okay...it seems to be Lord Gaobi!"

"It's Lord Kobbi, and only Lord Kobbi can walk in this way!"

"Now we can be saved. As long as Lord Kobi takes action, these two guys will probably die here soon!"

Poor soldiers and children, because they have to stand guard on duty, they have no chance to see the picture that was broadcast on China TV a dozen minutes ago. If they knew that the handsome and arrogant guy in front of them was Li Tian, they would definitely not think so.

Even as soon as they saw Li Tian, they would salute Li Tian and shout loudly: "Hello Chief!"

Wow!

The anger in Kobi's heart still hasn't dissipated. It has been nearly seven or eight minutes since walking from the area where the highest-level elders will meet here, and Kobi's anger has not yet dissipated.

Just as Kobe was about to enter the gate passage of the second-story building, a dozen men chased up behind him. These men were not soldiers. They were wearing the costumes of the China Special Operations Department, or holding swords and other weapons in their hands. Or holding a gun!

"Master Kobe, please stay and receive the order of the Supreme Presbyterian Church. You can't leave this area now. Please follow us back!" one of the men shouted at Kobe.

Chapter 4312: : Discuss an argument (6)

Kobi pulled the chain in his hand and turned to look at these guys in front of him coldly. .

"Are you talking to me?" Gabby said with a sneer.

"Master Kobe, please don't make us embarrassed! Please come back with us, it will be good for you and me!" the man continued.

"Make you embarrassed? Hahaha, go back and tell Long Ao that boy, he wants to do something to me, or let him come in person, you guys are worthy of embarrassing you?" Gao Bi said.

Gao Bi's words immediately made the faces of the dozen men feel a little bit overwhelmed.

If ten minutes ago, even if they were given 10,000 courage, they would not dare to confront Kobi like this. After all, Kobi was the most important elder of the highest-level elders in China, and was one of the seven most powerful people in China.

But now, if Kobi voluntarily gave up his seat as the elder of the Presbyterian Church, then Kobi also lost all his aura. He is now the commander of the Black Dragon Legion at best.

Now these dozen or so men have been ordered by the Presbyterian Church. They are equivalent to holding the Shangfang Sword in their hands. Even the commander of the Black Dragon Legion can do it.

"Gao Bi, we respect you as a former member of the Presbyterian Church, don't shame you and force us to do it!" The man said with a sneer.

This sentence bluntly shouted Kobi's name, and immediately cursed Kobi in an even more severe form, and then threatened Kobi. It could be seen that they had completely ignored Kobi.

"Okay! Then you guys have a try!"

Kobe was full of anger when he came out of it, and now he is despised by these bastards, and his heart's anger is even greater. As soon as his voice fell, the iron chain of his hand flashed a red light and drew heavily on him just now. On that man.

Kobi's shots are clean and tidy, without the slightest sloppiness, and, if you don't, it's deadly!

The man did not expect that the elders of the Highest Presbyterian Church would do this kind of sneak attack on others. Before he could react, he had a chain on his head.

A burning pain came from his head, and for a moment, he even saw a few pieces of flesh and white brain flying out of his head, and then he fell to the ground softly!

"died?"

Yes, it's dead! And it's very simple to die!

The head is blooming, can it not die?

Kobi suddenly shot, and instantly shocked a dozen men present! Their eyes are full of fear and surprise, and they can hardly believe their eyes!

But this kind of fear and surprise was only a moment's time, when Kobi's iron chain attacked the second person's head again, these guys were completely awake!

"Kill him, don't let him escape from here!"

"Go on, come on! This is the area where the highest level of Huaxia is located, and he can't kill it from here!"

"Yes, the Supreme Presbyterian Church has already mobilized weapons for secret research and will soon be here!"

There is a lot of nonsense, but when they really start, these people can't help Kobi at all, and even when they are not paying attention, they are killed by Kobi!

The sound of fighting here quickly alarmed the other guardians in this area. As Ouchi masters, their reaction was not swift. Within a few minutes, another 60 or 70 people flew from all corners of the area. The earth appeared, surrounding Gao Bi Tuan Tuan.

Two fists are hard to beat with four hands. The hero can't hold back a pack of wolves. What's more, Gao Bi is not good at learning. His cultivation has not reached the cultivation of the tyrant Gao Gang before the end.

He felt that his body was beginning to be a bit stiff, and his hands and feet were not very neat, and the chains of his hands were cut off at some unknown time, gradually revealing defeat.

Snapped!

There was a crisp sound, and Kobi's iron chain hit a man's shoulder. At this time, the blade of a man's hand on Kobi's right hand had already been cut to Kobi's arm!

Kobi yelled badly, but it has become completely impossible for him to withdraw his arm. At this time, even if Kobi's arm is not cut off, injuries are inevitable!

Kobi's heart is ready for injury!

At this moment, there were a few applause sounds from behind Kobi.

Pop!

Pop!

Gao Bi didn't have time to turn around to see who was applauding behind him. He just wanted to avoid the knife-bladed sneak attack as soon as possible.

Suddenly, Gobi felt the energy turning around him, and the man who attacked him just now seemed to have his arm hit with an invisible stick. He bent upwards suddenly, and it was about to fall on Gobi's arm. The blade of him was picked up in reverse.

opportunity!

Gao Bi's two broken iron chains were sent forward without hesitation, and they were drawn to the cheeks of the two men. Two red lights flashed, and the two heads were like ripe watermelons, which were instantly exploded. open!

Kobi pursued the victory and continued to attack other men besieging him.

Pop!

Kobi is like a madman, constantly shattering his complete heads with iron chains.

"Huh? No, why do these guys suddenly stop moving? Why do they see sweat on their foreheads? It feels like they are holding a pee and not being released?"

After beheading four or five people in a row, Kobi finally realized that the situation was different!

Gao Bi suddenly turned around and saw two familiar and unfamiliar men standing in the doorway of the second-story building, looking at him smiling.

Gabby thought he was dazzled, turned around, killed two people with an iron chain, and turned around again suddenly, the two men were still there, still smiling at him.

"Oh, it seems that I am really stupid, and I will see Brother Tian! It was all you bastards! I killed you bastards!" Kobi cried and smashed his chain continuously. Many heads.

This feeling is like playing a fruit ninja, the difference is that these heads are not fruits, and Kobi is not a ninja either!

The more Kobi cried, the more sad he was, and the more he cried, the faster his hands were.

Soon those Ouchi masters who were controlled by Li Tian and Long Yin's gravity attacks also cried. Their crying voice was louder than Kobi, and even more wronged than Kobi!

"Woo, damn, I have seen a strong master, I have never seen such a strong master, do you let us fight like this?"

"Woo, I'll just close my eyes and forget it, anyway, it's death, not seeing is a net!"

"Woo, why are you crying? I'm stupid, are you stupid too?" Gabby said crying.

"Gobi, just kill dozens of people with warnings and warnings. There is no need to kill them all. These big insiders will all be my Li Tian people in the future!" Li Tian shouted at Gobi.

Gao Bi suddenly turned around and kept rubbing his eyes, wiping the blood and tears from the corners of his eyes, and saw that Li Tian in front of him had not disappeared, but it became clearer.

"Woo, brother..."

This time Kobi really cried!

Chapter 4313: : Discuss an argument (7)

"Is that you?"

"Are you real?"

Gao Bi asked Li Tian while rubbing his eyes while crying.

It can be seen that his face is full of excitement and incredible expression. If Kobi is a beautiful girl, Li Tian's heart may be filled with joy, and he may even stretch out his finger to lift Kobi's chin, apply Said to Kobi in a pleasing manner: "Don't talk, kiss me!"

But the \*\*\*\* thing in front of him is Kobi, a rough man with a lack of roots in his brain, a rough man with a lack of roots in his brain and full of blood and brains.

Therefore, these unnecessary actions should be avoided!

Gao Bi didn't mean to shrink at all. He hadn't seen Li Tian for ten years. Now that he saw Li Tian again, he wanted to give Li Tian a big hug, and then told Li Tian with a full and powerful hug. How he thought of Li Tian in ten years.

Seeing Kobi looking at Li Tian affectionately, Long Yin is enough, and looking at Kobi with a strange look in his eyes, it seems that he wants to tell Kobi with his eyes that Li Tian is my good friend of Long Yin. Go away.

It's a pity that Long Yan's eyes did not attract Kobi's slightest attention, and Long Yin was a passerby in Kobi's eyes!

He threw two iron chains stained with blood and brains on the ground, rubbing his hands vigorously on his body, and he seemed to be thinking about what position he should use...No, what position should be used to embrace Li Tian.

However, high ratio is after all high ratio, if you can guess his next move, then he is not high ratio. Before Li Tian had time to answer him, this guy suddenly jumped in his thoughts, that is to say, suddenly didn't know which muscle was wrong, and cried out: "Dead, Brother Tian, dead!"

Li Tian's good mood when he saw Gao Bi was washed away by the brainless cries.

"Die your sister, your brother, I'm alive and well!"

"Brother God, my father...he is dead!" Gao Bi cried very sadly, and it can be seen how sincere he and the tyrant Gao Gang are.

The expression on Li Tian's face was startled, and then there was a trace of sadness.

The tyrant Gao Gang, that guy who weighs more than two fat pigs but is agile and unspeakable, is dead!

Although when he left the earth world, Li Tian knew that Gao Gang, a tyrant who had become a vegetable, would definitely have such a day, but when he heard Gaobi say it, he still sighed.

Li Tian decided to change the subject, otherwise he would be entangled by Kobi, and he probably would not be able to meet the senior executives of China before dark today.

"What's going on? I heard the dog nose say that you are now the elder of the dignified China Supreme Presbyterian Church, how can you fight them?"

Kobe looked back and glanced at the masters of 30 or 40 people he had killed, with an angry expression on his face and said: "I am not a rare elder bird! Their so-called \*\*\*\* democracy can't hear me at all. It is aimed at Brother Tian, against Tianmen, no matter how I stop them, they won't listen!"

Li Tian's heart felt warm.

If someone else said something like this, Li Tian might still judge whether it was true or false, but when he said it from Kobi's mouth, Li Tian knew it would definitely not be false.

"and then?"

"Hey, I saw Brother Tian on TV, and I remembered the things that went to the Forbes Power Tournament with Brother Tian and beheaded zombies in Kyoto City. I want to follow you Brother Tian, so I just shoot the table. Don't serve those bastards!" Kobe said with a look of embarrassment on his face.

"You said they are bastards? Then would you like to follow me back and draw their faces? Hardly? Hardly?" Li Tian said with a smile on his face.

Gao Bi shook his head abruptly and said, "My God, let's get out of here early. They know that you will come to trouble them sooner or later, and they have already gathered their staff to deal with you. We..."

Speaking of this, Kobi suddenly realized that Li Tian's current strength is already very, very powerful. He smiled embarrassedly and nodded and said, "Brother Tian, you can smoke whoever you say! No need to do it, I'll do it. dry!"

The three of them passed through the small square behind the two-story building and continued to walk towards the middle area of this area. The coercion exerted on the people behind them had been removed by Li Tian and others.

Seeing Li Tian and Long Yin carrying Gaobi's swaying back, these guys who had escaped from death let out a long sigh.

"Damn, who are these two guys? What kind of sorcery did they use? I feel like a mountain is pressed against my body, making me unable to move at all!"

"Don't you even know them? That long yushu is in the breeze, handsome, and suave, as the so-called pear blossoms pressed the begonia, looks like panan..."

"The three adults are already far away, and you are not so loud enough! They are Li Tian and Long Yin, they are all famous figures before the end of the world! I heard...I just heard that the three corpses are not high-level Chinese They were killed together by Master Li Tian!"

what!

Everyone who survived by chance took a breath.

"You can't talk nonsense. The history books are not described in this way. If it is heard by other elders in the Presbyterian Church, be careful of your tongue!"

"Don't you understand now? Now that Li Tian and Long Yin have arrived here, if you say something rebellious, I am afraid that it will take a long time to change the dynasty! The elders of the Supreme Presbyterian Church? Ha ha!"

"Then what shall we do? Should we run away?"

"Fleeing your sister, don't you see the strength of Lord Li Tian and Lord Long Yin? Their current strength is absolutely the strongest in the earth world, even if you escape to the U.S., you can die with your fingers. The place of burial, besides, our little characters Li Tian and Long Yin may not bother to do it!"

"Yes, let's hurry up and clean up here, and then quickly find a corner cat to get up and wait for the final result!"

Just as Li Tian and Long Yin had guessed, none of those people dared to do anything with Li Tian and others again, and didn't even have the courage to escape.

These guys began to seize the time to clean the battlefield and clean up the dead bodies.

...

Li Tian didn't know what was happening behind him. To capture the thieves first, capture the king. For Li Tian and Long Yin, they only need to subdue these guys in the Supreme Presbyterian Church, and then kill those guys with rebellious hearts. The chicken is enough for the monkey.

After all, Huaxia is so big and has a population of more than one billion. Li Tian can't kill everyone who resists him!

After a journey of more than ten minutes, after more than ten battles, Li Tian, Long Yin, and Kobi finally came to the core of this area, and it was Li Tian that stood in front of Li Tian and the others. Things that came to mind!

Chapter 4314: : Discuss an argument (8)

These things can only be made things for the time being.

Because they are not humans, nor flowers, birds, fish and insects, nor air trees, etc.

"Puppet beast?"

Li Tian looked at the hundreds of puppet beasts in front of him and suddenly felt a little pain!

A touch of egg pain!

That's right, the group of beasts in front of Li Tian are puppets!

These are the puppet beasts that Li Tian encountered when he dealt with Vice President Tang Zhenghe Kang at the Kyoto City Agriculture and Industry Association!

What surprised Li Tian was why these puppet beasts appeared here. Didn't it say that the puppet beast was planted like a plant? How could it appear here?

Li Tian's gaze swept across the puppet beasts slowly and found that these puppet beasts were slightly different from the puppet beasts he had seen before.

The difference is that these puppet beasts seem to have undergone some transformation and evolution, but from the outside, these puppet beasts appear majestic and quite brave!

The puppet beast, strictly speaking, it is considered a species in the Netherworld. This species is considered a relatively powerful existence in the earth world, but if it is in the Netherworld, it can be counted as a cultivator in the first or second level in front of its strength. The first or second level of the monks will not be heavy.

The puppet beasts in front of Li Tian seem to be more powerful. It is conservatively estimated that the combat level of these puppet beasts should have surpassed the zombie level by twenty!

Probably it is the appearance of the third and fourth-level practitioners, and it is also the third and fourth-level practitioners who will not use heavy.

If it weren't for Li Tian and Long Yin's cultivation base before the end of the world, facing so many puppet beasts, I am afraid that they would really have to go through a hard battle.

cut!

Li Tian sneered disdainfully.

The sound was not loud, but it was enough to make Liu Feng, Su Lao, Lan Lin, Long Ao, Xiao Niangzi, Yin Yang and others feel dissatisfied behind the hundreds of puppet beasts.

Especially they were completely ignored by Li Tian, and even they felt that they were not as good as the puppet beasts in Li Tian's eyes, which instantly broke their arrogant and cold glass hearts.

As the highest-level presbytery in China, Liu Feng, who shines with brilliance and has a bright heart, has colorful expressions on his face and finally turns into anger.

"Li Tian, you are so bold and dare to come here! Haha, do you see these puppet beasts in front of you? Do you feel familiar? Yes, these things are specially prepared by Liu Feng for you! Dragon! Proud, close the door and let the dog go!" Liu Feng exclaimed triumphantly.

Long Ao didn't move!

Those puppets did not move either!

At this time, the expression on Long Ao's face was more complicated than that of Liu Feng just now, and he never dreamed that he would see Long Yin here!

Fear, fear, and fear, none of these words can describe the current Long Ao!

"I should have thought about it a long time ago. Since Li Tian suddenly reappeared ten years later, the legion commander should also appear, but why didn't the \*\*\*\* TV reporter film the legion commander's picture?" Long Ao thought in his heart. With.

"Jun... Legion commander!" Long Ao's voice was a little trembling, and he shouted at Long Yin.

The strength of Long Yin left a deep shadow in Long Ao's heart. Even if Long Yin and Li Tian disappeared together, Long Ao was lucky enough to become the commander of the Long Teng Litian Legion. Long Ao felt that he was still living in Long Yin. Under the shadow.

It was not until Long Ao and Liu Feng got involved, and personally took charge of the Huaxia Special Research Institute, and after leading nearly ten years of research, the puppet beast before the end of the world was resurrected, and Long Ao's heart gradually got rid of Long Yin. .

But now, when Long Yin appeared in front of him again, especially when Long Yin's eyes were fixed on Long Ao, Long Ao realized that he still couldn't get rid of Long Yin!

Liu Feng was a little angry. He didn't expect Long Ao to be in this state. He whispered Long Ao's name several times, but Long Ao didn't seem to hear his voice at all.

"Come here..." Long Yin said coldly.

This sound was like a death call, full of magic power, Long Ao's legs trembled slightly, and he took a step forward, at this moment Long Ao suddenly woke up.

"No..., no..., no..., Long Yin, now I am the commander of the Longteng Litian Legion, and I am the elder of the highest-level presbytery of China, and the president of the China Special Research Institute!" Long Ao seems to be gradually regaining his confidence, the fear on his face disappeared, but instead was a kind of ecstasy.

"Long Yin, I respect you as my old army commander. Today I will not embarrass you, and you should not interfere with China and Li Tian. When everything is solved here, I will invite the old army commander to drink, we Many of the core cadres of the Longteng Litian Corps are holding important positions in China, and I can recommend them to you to ensure that you can spend a peaceful old age in China!" Long Ao said.

The expression on Long Yin's face did not change the slightest, even if he had ever seen him speak to him like Long Ao, who was as timid as a mouse, Long Yin was still lifeless.

"Get here..." Long Yin repeated what he had just said.

Long Ao's expression of bowing to Long Yin gradually disappeared, and his body gradually revealed a breath that only a superior person had. The corners of his mouth even slightly curled, revealing a sneer, and said: "Long Yin, I don't want to say anything extra. , Today's situation is obvious, don't make me embarrassed, otherwise..."

"Hahaha, Long Yin ah Long Yin, this is your former core cadre? If my people betray me like this, I will slap him to death!" Li Tian said with a sneer on his face.

Long Yin's face became more and more ugly.

He knew that he had been away from the earth world for ten years, and the Longteng Litian Legion would definitely change hands, but he didn't expect Long Ao to treat him like this, especially with Li Tian's ridicule, Long Yin felt that he had accumulated in front of Li Tian Long Ao lost all the majesty!

"Come here..." Long Yin said this for the last time.

A cold light flashed in Long Ao's eyes, and he said in a cold voice: "Long Yin, do you still think this is ten years ago? Do you think I am the little guy who trembles when standing in front of you? Face, I have already given You, don't lose your face when you come up! Then none of us looks good..."

Huh!

A figure flashed, and Long Yin suddenly appeared beside Long Ao, and Long Yin slapped Long Ao's cheek heavily: "Just you \*\*\*\* bullshit!"

The applause and the "click" bone crack sounded almost simultaneously. Long Ao's head turned clockwise on his neck three times before it stopped. Then Long Ao knelt weakly in front of Long Yin, his head hanging weakly , It's like a child who made a mistake kneeling in front of the elders and bowing his head to admit his mistake!

Long Ao, the invincible Long Ao!

Sure enough, Long Yin slapped him to death!

Chapter 4315: : Discuss an argument (9)

It's so simple and rude, but the effect is surprisingly good!

The whole world is quiet!

Long Aosheng was so great that he died well enough. After he died, he finally knew that he was wrong, and knelt down in front of Long Yin, but Long Yin was too lazy to even look at him again.

The remaining five members of the Supreme Presbyterian Church in China, Liu Feng, Su Lao, Lan Lin, Yin Yang, and Little Lady were stunned by all this in front of them. They looked at Long Yin dumbfounded!

"No, it must be the way I opened it!"

"An illusion, this must be an illusion!"

"This guy is Long Ao, the commander of the Longteng Litian Legion, a strong man who has broken through to the fifth level of the cultivator, but was slapped to death by Long Yin? Can you \*\*\*\* be more enchanting? "

"Mom, I want to go home, I don't want to play with these monsters!" Lan Lin thought in his heart.

Huh!

Long Yin teleported to Li Tian again, stared at Li Tian fiercely, then said nothing, and continued to look in front of him.

That in Li Tian's heart is wronged!

"Your sister, Long Ao who speaks badly is your Long Yin's person. It is you Long Yin who smashed him to death. Are you going to stare at me for Mao? It seems like I killed Long Ao!"

"It's hard to raise a girl and a villain. You Long Yin is a villain! Even if what I said is a little inappropriate, it can be regarded as helping you clean up the door. Are you staring at me like this?"  
Li Tian's Thinking in mind.

"Help people to the end, send the Buddha to Xitian, Long Yin, is helping me clean up the garbage in the Underworld?" Li Tian said to Long Yin.

Long Yin snorted disdainfully, which was regarded as an answer to Li Tian.

Li Tian has no face!

Long Yin's dismissal scared Kobi.

Long Yin actually teleported too?

Long Yin's combat effectiveness is so awesome?

Gao Bi was stunned for a long time before he said to Li Tian, "God... Brother Long, Lord Long Yin is so sturdy now? Then... What about you? Who are you or Long Yin better!"

This issue is also a concern of other senior Huaxia officials present. Long Ao has been taken to death by Long Yin. Looking at Long Yin's appearance, he probably wants to clean up the door and is too lazy to intervene in this matter. Then Li Tian's strength Strength is very important to those present!

If Li Tian's cultivation is still what it was ten years ago, no, even if it's a bit more powerful than ten years ago, then these guys from the highest-level elders in China should be able to deal with it together with hundreds of puppet beasts. Li Tian.

But if Li Tian is as perverted as Long Yin, then they can only kneel and beg for mercy.

Faced with Kobi's question, Li Tian did not answer directly. A smile appeared on the corner of his mouth, and he asked Kobi, "Among these people, who do you want to smoke the most?"

Kobe is an honest child. Well, well, he is no longer a child. It should be said that he is an honest man. There is hardly any hesitation. There is a trace of flushing on his face, as if he has reached orgasm. , Said excitedly: "I want to smoke!"

"Okay, then satisfy your wish, and you go and get it!" Li Tian said.

After taking two steps, Kobe suddenly realized that the situation was not right. He returned with his legs. He looked at Li Tian suspiciously and asked, "My brother, haven't you answered my question?"

Li Tian made a reluctant expression, but the acting was not superb, but he made a triumphant look, and said: "Long Yin? I can beat him three! And only use one. hand!"

puff!

Liu Feng just treated it as hearing a fart!

Liu Feng feels that it is necessary for him to formulate a new tax policy in China, as long as it is bragging, he must levy heavy taxes in accordance with the strictest tax! In this way, without them having to do it, Li Tianshang could not even wear his pants.

"My God, I'm serious!" Kobe said.

Li Tian said helplessly: "I am not teasing you!"

"Well, believe it or not, I believe it anyway! Brother God, what posture do you think I should use...Oh, no, what posture should I use to draw them?" Kobi asked.

"You are free, anyway, they must be in front of me, and they must be motionless. If you want, you can stand and smoke, you can squat, or even lie down, or tummy..." Li Tian was serious Said.

But what Li Tian said seriously was interrupted by Liu Feng's sneer.

"Hehe, I'm scared to death!" Liu Feng said disdainfully.

A cold light flashed in Li Tian's eyes, and his eyes finally fell from the puppet beast's body to Liu Feng's body.

Li Tian didn't expect Liu Feng to be so tolerant.

When grandfather Mu Yunlong asked Liu Feng to use the Army Soul Corps as a team to form the same journey, Liu Feng, the legion commander, existed like a trash, ignored by others, and he could bear it.

When the end of the world was about to end, the General Soul Legion, the Celestial Legion, and Feng Yu merged with the Cheng Legion. As the commander of the army, Liu Feng didn't even say a word of objection, he could vaguely.

In the early post-apocalyptic period, Mu Yunlong was in power, and Liu Feng's position in the highest level of China was not very high, but he could also bear it.

Li Tian can also endure it, at least he can continue to endure the anger in his heart for a few minutes.

"Liu Feng, Tianmen is classified as a cult. Do you want to give Tianmen a statement or an explanation?"

But Li Tian's forbearance was Li Tian's expression of weakness and incompetence in Liu Feng's eyes.

The guy in front of him is Li Tian, the domineering Li Tian who likes to kill enemies with thunder the most, how can he use this tone to talk to others when he is strong?

"Explain? Explain a fart!" Liu Feng thought in his heart.

"Long Yin, now your strength is definitely number one in the world! This Huaxia originally had your share, and now Long Ao is dead, we would like to invite you to join the highest-level presbytery in China. From today, you will be Huaxia. One of the most powerful."

Seeing a trace of contempt on Long Yin's face, Liu Feng's heart tightened. Knowing that the olive branch he threw could not impress Long Yin, he quickly changed his words and said, "Of course, if you are willing, all our senior executives in China are willing to take your lead! "

Liu Feng believes that as long as Long Yin is an ambitious man, then he will definitely agree to his request. After all, China is now one of the five largest countries in the earth, and it is also the most powerful country. Long Yin only needs to accept his request. Then it can be said that Long Yin has really stood at the pinnacle of the earth world.

cut!

Long Yin showed a look of disdain again, looking at Liu Feng as if he was looking at a fool!

Li Tian's last patience has disappeared. He laughed at himself. It seems that Li Tian still likes the domineering president Fan, and going straight is the style of my generation.

"Hey, let's do it!"

boom!

Countless shares of coercion fell from the sky!

Chapter 4316: : Discuss an argument (10)

The pressure fell from the sky, and Liu Feng's face changed instantly!

"What kind of attack is this? Could it be...Is it heavy? No, if it is a gravity attack, I am the most cultivator-level master, I can't be completely unable to move, completely unable to resist!" Liu Feng's face was full of Horrified, his body seemed to have completely lost control.

Liu Feng glanced at Lan Lin, Su Lao and others on his left and right, but saw that Lan Lin had knelt on the ground with a puff, and Su Lao was already sitting on the ground, foaming at the mouth!

The legs of Yin Yang and the little lady were also shaking constantly, and they might kneel down at any time!

Liu Feng also wanted the gravity attack to break through the coercion that Li Tian exerted on him, but he felt that his gravity attack seemed to be fake. There was no way to face Li Tian's coercion. On the contrary, although his Resistance, the coercion exerted on him is getting heavier and heavier.

Puff!

Yin Yang is kneeling!

Puff!

The little lady is kneeling!

Puff!

Liu Feng also knelt immediately!

At this moment, Liu Feng's heart is hurt!

He felt that the rights and status he had worked so hard to get were wiped out by Li Tian's gravity attack.

Looking at Li Tian, Li Tian's expression is calm and light, as if all this is simply a matter of effort, no, this guy didn't even move his hands!

Shame, unwillingness, let Liu Feng burst out of unprecedented potential.

Well, that is, his mouth can move with difficulty. Liu Feng's eyes are full of fierce light, and he yells at the hundreds of puppet beasts: "Puppet beast! Listen to my order and attack Li Tian! Bite me! Die him! Tear him to pieces!"

Shattered!

A puppet beast close to Liu Feng also knelt when Liu Feng had just finished shouting, and this puppet beast knelt more thoroughly!

Liu Feng is desperate!

Liu Feng's heart was broken, he did not expect that he thought the most powerful puppet beast would kneel in front of Li Tian!

"God... Brother God, what you said is true? You didn't lie to me!" Kobe shouted with excitement on his face.

"Gobi, when did Brother Tian fool you! Go ahead, smoke whoever you want, don't give me face!" Li Tian said.

Kobi's expression was a bit twisted. Just as Li Tian wanted to put a foot on Kobi's \*\*\*\* and kick Kobi out, Kobi suddenly moved, and his figure quickly passed through the hundreds of puppets and came to Liu. In front of Feng!

"Gobi! Do you \*\*\*\* dare to move me?" Liu Feng reluctantly raised his head, glaring at Gobi and shouted.

Gao Bi was frightened, and then he involuntarily slapped Liu Feng's cheeks with two slaps. These two slaps were not very strong, at least not as strong as Long Yin's slap.

But the strength of the blow was good. As these two slaps went down, Liu Feng's cheeks swelled at a speed visible to the naked eye, and the blood from the corners of Liu Feng's mouth began to drip down the corners of his mouth.

Gao Bi, although he still hasn't reached the realm of the venerable by far, but after all, he is also a person with cultivation skills, and these slaps are much stronger than ordinary power.

"Gobi...you..." Liu Feng stared at Gobi dumbfounded, with a surprised expression on his face.

"Gao Bi, Liu Feng is the great elder in the highest-level presbytery of China, how dare you treat him like this? You have the ability to come to me!" Lan Lin raised an eyebrow and said angrily.

For this kind of requirement, the high ratio will definitely meet, and it will be doubled.

Snapped!

Snapped!

After several consecutive slaps fell on Lan Lin's face, Lan Lin's still charming face immediately got a few red palm prints.

Kobi's slaps were a bit heavier than Liu Feng, and Lan Lin was sobbed!

Yes, I just cried! It was the first time she suffered such humiliation since she accepted the Sakura Army.

"Small bitch, do you really think I don't dare to move you? The Lord Duanki Sakura was really blind at the time, and he would hand the Sakura Legion into the hands of a scheming \*\*\*\* like you, and the Sakura Legion was taken by you. Miasma!" Kobi said angrily.

"Do you think that if you engage in Liu Feng, you will really be able to do it in the world? Dream about it! Liu Feng just uses you as a tool to vent your desires. A brainless guy always thinks he is smarter than me! "

Kobi turned around and drew back and forth on Liu Feng's face for about twenty times. He kept drawing Liu Feng's cheek blue and purple, swollen like a pig's head, and the black blood in Liu Feng's mouth kept pumping out. Flowing, it was almost impossible to see what Liu Feng was like before Gaobi stopped.

Li Tian felt that apart from the shortcoming of being a little stupid, Kobi still has many other advantages, such as realism, and realism!

Well, Kobi is the real thing.

Smoke when you say smoke, never be soft.

Within a few minutes, Liu Feng and Lan Lin had completely turned into pig heads, and then Kobi extended his venomous hand to Su Lao who had already been pressured and started to foam at his mouth.

Maybe it's because of the lack of roots in Kobi's mind. Kobi doesn't seem to know what respecting the elderly is. You said that Su Lao is a 60-year-old man, full of blooming hair, already fainted on the ground, or hard. He was awakened by Kobi and then fainted. After repeating this several times, Kobi seemed to feel that his hands were numb before stopping!

"Brother Tian, this old immortal is the worst. Every time the upper level of Huaxia targets Tianmen and Brother Tian, there is his shadow behind them!" Gao Bi said with a whirl.

Then the little lady!

Li Tian saw Kobe holding the little lady in his hand and raised his slap, his face frowned involuntarily.

In ten years, Li Tian didn't know what kind of changes would happen to these people. If you look at the way Kobi just now, there is probably no one among the senior Chinese leaders who deserves Li Tian's mercy!

"I don't smoke you, you are not bad, sometimes you will choose to abstain! Sometimes you will help me!" Gaobi let go of the little lady, muttering.

Okay!

Little lady, he knows that in the past few years, although he has not done anything sorry for Tianmen, but after all, he is also at the highest level of the presbytery in China. This guy in Gaobi recognized him.

A false alarm!

Then Yin Yang!

Yin Yang, the master of the original Yin Yang Gate.

Li Tian actually cooperated with Yin Yang when he was in Beitang, and later met several times before the end of the end. According to Li Tian's guess, since Kobi put Yin Yang last, then Yin Yang should be fine. of.

But what Li Tian didn't expect was that Kobi's smoking Yin Yang was more cruel than the first three people!

Pop!

Pop!

"Li Tian, you are the sword and I am the fish! Today's use of force to subdue us, kill us if we have the ability, I see how you can clean up the Chinese endgame if we die!" Yin Yang suffered the humiliation of Gao Bi slapped Shouted at Li Tian.

Chapter 4317: : Finish work

Based on the severity of Kobi's actions, Li Tian can judge the attitudes of these elders in the Highest and Highest Presbyterian Church in China towards Tianmen and Li Tian in the past few years!

If Liu Feng was guilty of being beaten into a pig's head, then looking at the way Gao Bi beat Yin Yang, you know that Yin Yang should belong to the kind of heinous super bastard. ,

After listening to Yin Yang's words patiently, Li Tian sneered slightly.

Li Tianzhen wanted to ask Yin Yang: "Are you a pig?"

How to clean up the mess? I really treat myself as a dish. Some people always feel good about themselves and feel that they are the core of this world. Without themselves, the sun will lose its luster, the earth will stop rotating, and the entire world of humans will not be able to breathe!

Regarding this shameless thought, Li Tian can only use one sentence to represent his mood at this time, that is: I'm going to your grandma!

Huh!

Huh!

Li Tian's figure flashed in the courtyard several times in a row!

Zizi!

There were dozens of purple electric dragons on Li Tian instantly!

This purple electric dragon shines Li Tian's face into purple, giving people a feeling of heroism!

Of course, this is not an illusion in Li Tian's heart!

Because Li Tian feels pretty handsome!

Li Tian's figure appeared beside the puppet beast, and suddenly stretched out his hand, a purple electric dragon flew out of his arm and blasted on a puppet beast!

In an instant, the puppet beast was swallowed by the purple electric dragon, a few seconds later, the puppet beast disappeared completely with the purple electric dragon!

Seeing this scene, Yin Yang's heart was broken!

He was dumbfounded, looking at Li Tian with slanted nose and crooked eyes, his eyes were full of fear, and he couldn't help but tremble!

Click!

Click!

Those puppet beasts continued to collapse in Li Tian's attack, and after a few seconds, they completely disappeared into the air with the purple electric dragon, and Li Tian's body seemed to be lightly moving back and forth among the puppet beasts.

In less than two minutes, hundreds of puppet beasts completely disappeared in front of Liu Feng, Yin Yang and others!

The disappearance of the puppet beast was the last straw that crushed the camel's body. Even if Li Tian had put away the gravity attack, Liu Feng, Yin Yang and others were already weak and paralyzed on the ground.

"This...this...unfair!"

"Why is this?"

"Awesome? Wasn't it awesome just now? Why didn't you continue to speak harshly?" Kobi slapped Yin Yang's face a few times, and said triumphantly.

Yin Yang's face was drawn and unconscious, he felt that his tongue and tongue no longer belonged to him, even if he wanted to speak, he couldn't say it!

Yin Yang lowered his head dejectedly, letting the blood at the corner of his mouth make a free fall motion and land on the ground.

Next to him, Liu Feng felt that his face was numb, but watching Gao Bi kept beating Yin Yang's face, his face still felt pain like a needle stick.

"No, I have to find a way to protect myself!" Liu Feng's mind was not damaged, his mind turned fast, thinking about how to get rid of the current predicament.

"Li...Li Tian..., I...we made a deal. You know that China's Special Operations Department has already taken action on Tianmen. Maybe now Tianmen has been completely destroyed, and your disciples in Tianmen have become our prisoners. ! As long as you let me go, I can guarantee that your disciples in the Tianmen are safe and sound!" Liu Feng said.

Li Tian raised his eyebrows slightly, and the anger that had gradually subsided in his heart instantly began to burn again!

"Gobbie, smoke him!"

Smoke him, simple but not simple!

Kobi smiled, let go of Yin Yang, and ran to Liu Feng again, holding Liu Feng by the collar, and playing cheerful percussion against Liu Feng's cheek.

"Li Tian...you"

Pop!

"Tianmen... disciples..."

Pop!

"Please... forgive..."

Pop!

Kobe is so excited!

Except for the little lady, who didn't move, Liu Feng, Lan Lin, Old Su, and Yin Yang slapped at least a thousand times.

This is not an ordinary slap. It is a slap in the face of the elders in the highest-level presbytery in China. In order to fully show respect to them, Gao Bi strives to be fast, accurate and ruthless when he slaps the palm. Going down is equivalent to five ordinary slaps.

Kobe feels that his palm skills seem to have improved a lot!

Had it not been for Li Tian's call to stop, Kobe might have continued to cheer himself up, and he might have killed these guys alive!

"Enough, Kobi, give them some face, after all, they are all big names in China, and it will be useful to keep them in the future!" Li Tian said.

Kobi curled his lips, then slapped the little \*\*\*\*\* in the face of Lan Lin, and stopped still in his talent.

The expression on the little lady's face is not very good, and it may not be very accurate to describe the little lady with a rabbit, a fox, a sorrowful thing, and her kind.

The little lady knows that in the past few years, he just didn't do anything to sorry Li Tian. As for how much he could oppose Liu Feng and others against Li Tian and Tianmen in the Supreme Presbyterian Church, the little lady thinks he is Not much credit!

"Li Tian, I voluntarily resign from the seat of the elders of the highest-level presbytery of China. I hope..."

Li Tian waved his hand to interrupt the little lady, and did not let him continue.

People in rivers and lakes can't help themselves, in temples, the same is true.

As long as the little lady didn't do things that were sorry for him, Li Tian already felt satisfied.

In times of crisis, many people will betray their parents and brothers. After all, fools like Kobi are in the minority, and it is not unacceptable for Li Tian to be like a little lady.

"Brother Tian...hehe..." Gobi came to Li Tian excitedly, smirking at Li Tian.

Li Tian suddenly felt a little bit of broken eggs.

The Huaxia executives have been beaten in the face, Li Tian is cool, but what should I do next?

Just as Yin Yang said, how should we clean up this mess?

Let Kobe rule China?

Stop making trouble, okay?

Li Tian rules China by himself?

Just kidding, Li Tian's goal is the stars and the sea. It's okay to let Li Tian work part-time for a few days. If he stays in China forever, Li Tian can only haha you.

Do you want Mu Yunlong to come back?

Do you have any conscience?

Father Mu Yunlong is already in his old age, just let him go and let him enjoy his old age!

this is a problem!

Li Tian turned his head and looked at Long Yin.

Long Yin couldn't help but shudder, glanced at Li Tian disdainfully, and then said indifferently: "I'll be pregnant again, you are responsible!"

day!

Li Tianzhen wanted to kick this shameless guy to death!

"You don't take a picture of yourself by taking a pee!"

Finally, Li Tian's sight had to fall on the little lady again.

"Little lady, can I trust you?"

"Probably!"

"Well, put these four \*\*\*\* under house arrest first. For the time being, you and Kopyy will rule China for China!"

Chapter 4318: : Stopgap

"You have no opinion on my arrangement like this? Should you also assign two people to the senior level of Huaxia?" Li Tian turned around and asked Long Yin.

Long Yin glanced at his mouth and said, "Long Teng Li Tian originally existed to deal with you. Now your cultivation has reached the realm of the venerable. Long Yin Li Tian has no meaning to exist. I will go to Long Teng later. Litan Legion!"

"But after all, they have followed me for a few years. It is not necessary to enter the senior level of Huaxia. I just hope that they can have a life-free food and clothing. Of course, if Long Teng Li Tian reappears like Long Ao You don't need to tell this kind of guy, I will kill them first!"

"Hehe, easy to say, easy to say! Isn't it just food and clothing? Since we have returned to the earth world, if we don't use our strength on the earth world and let China become the global hegemon, then we will be too incompetent!"

"What do you think of the Middle East? UAE? Dubai? Let the guys from the Longteng Litian Army go to the Middle East, drive luxury cars, play beauties, raise beasts, and be local tyrants! As for how to get there, hey, it's up to you Long Yin, It's not convenient for me to intervene!" Li Tian said shamelessly.

Long Yin nodded slightly!

Although China's territory has touched the Mediterranean coast, the Middle East is not completely controlled by China.

The countries in the southeastern Mediterranean Sea are geographically closer to the current China map, but these countries are dependent countries of Russia.

But this is not what Li Tian should be worried about. If Long Yin is willing, not to mention destroying the entire Russia, but controlling several Russian dependent countries is still easy.

As for the future ownership of these countries, this is not what Li Tian needs to consider!

There is not enough human heart to swallow the elephant, Li Tian does not have to completely control the entire earth world, just let other countries know who is the boss of the earth world now!

If you are in a bad mood, Li Tian can completely let China take a picture of an aircraft carrier into the Gulf of Mexico, and then stand on the aircraft carrier in the Gulf of Mexico, facing the hot beauty D plane in Miami, Florida!

As for the United States in North America, is it unhappy, haha, how can it be unhappy? Come and bite me! If you have the ability, send a plane out and see if I can beat you down!

"When will we go to the Netherworld?" Long Yin asked.

Li Tian glanced at Long Yin contemptuously, and then said: "Are you afraid you can't find me? Ha ha! I will show you a special advertisement on global TV stations when I leave!"

Long Yin thought for a long time, but didn't know what adjectives should be used to describe Li Tian, and finally it simply became two words: "My day!"

Huh!

Long Yin disappeared!

A few days later, the Longteng Litian Legion Tour Group rushed to the Middle East by various means of transportation. Of course, this is a later story.

Long Yin is gone, but the trouble is not over.

Handing Huaxia into the hands of the little lady was nothing but a stopgap measure.

If Li Tian was allowed to choose, he would of course be willing to hand China to his own people, such as Duanmuying, Bai Jing, or Li Tian's son.

Uh, son!

Li Tian was a little big when he thought of this question, and he had a son if he didn't pay attention, he should be almost ten years old now!

Well, if it doesn't work, let Little Lady and Gobi rule China temporarily. They were originally the two elders of the highest-level presbytery of China, and they will continue to maintain China's stability temporarily.

It shouldn't be a big problem.

As for the future, Li Tian hasn't thought about it yet.

Constitutional monarchy?

Monarchy?

Li Tian shook his head quickly and dispelled the thoughts in his mind. Let's first consider the Yu Dang of Liu Feng and others.

The control of Liu Feng and others is not something that can be done once and for all. If Liu Feng and the rest of the party want to do some messy things, it is not a big problem for Li Tian, but for ordinary people, it may affect their lives. .

Prosperity, people suffering, death, people suffering!

A smooth transition is best.

Regarding these issues, Li Tian authorized full power to the little lady and Gao Bi to deal with, and Li Tian ordered the little lady to do something, because he was concerned about the safety of Tianshan Tianmen, and did not stay in Kyoto for too long!

Huh!

Li Tian teleported to Tianmen!

Seeing that Tianmen had been devastated, Li Tian's good mood was destroyed in an instant.

"Are Xiaolong and Ningbing late? How could they be like this?"

At this moment, Li Tian's eyes were full of anger, and the anger in his heart was released instantly. Li Tian wished to teleport back to Kyoto City immediately, and then smashed Liu Feng and others into pieces, and took Liu Feng and others to pay homage to Tianmen. !

"Sir..., it's Lord Li Tian..."

"My lord... we finally saw you again... ooh, we thought that the adults left us and don't want us..." A few slight sobbings came from a distance, and Li Tian turned his head and found that it was false. Spirit Race!

Void Spirit Void exists like nothingness. Before Li Tian and Long Yin left these Void Spirit Races at Tianshan Tianmen before going to the secret realm, they did not expect to meet again today!

"What is going on here?" Li Tian couldn't wait to ask the Xuling Race.

"Sir, the Tianmen was destroyed by monsters flying in the sky, and later Master Tang Xiaolong and Master Situ Ningbing appeared teleported, killing all those monsters, and then brought Master Barbarian and others to the mountain!" Xu Ling Said the clan.

Then the Xu Ling clan told Li Tian about what they saw again!

Li Tian let out a sigh of relief!

Fortunately, Manzi is fine, the captain is fine, and Manzi's son Xiaoxiaoman is fine, or Li Tianke is really a little guilty!

Li Tian didn't have any interest in killing Li Tian at the foot of the mountain. Liu Feng and the others probably used the puppet beast. The puppet beast was a paper tiger in front of Tang Xiaolong and the others, and it didn't take much effort to deal with them.

Tianmen is an important chess piece arranged by Li Tian on the Tianshan Mountain. The main function of this chess piece is to protect the gate of the restricted area and prevent the earth world from being invaded by foreign races from the underworld again.

It's a pity that Liu Feng, a senior Chinese executive, was caught in the door, and they didn't know how to destroy Tianmen.

The status quo of the Tianmen also made Li Tian secretly decide that the ruler of China must be in his hands, otherwise after he enters the Netherworld, something will happen to China and target the Tianmen again, it would be no fun!

Huh!

Li Tian summoned Di Xing Yacha, and said to the Xu Ling Clan: "The Tianmen is very important to me, Li Tian, and I also ask you to build the Tianmen. Make sure to build the Tianmen as a golden soup! Even the missiles can't explode it Kind of!"

"Eh, Lord Li Tian, this is probably not easy. Unless you reach the realm above the domain owner, you are willing to use your divine power as the support power for these buildings! Otherwise, the buildings built by our Ethereal Race are better than ordinary buildings. Things are several times stronger!" Xu Ling said.

Well, Li Tian can only take second place!

Soon, Tianmen revived, and buildings appeared on the Tianshan Mountains at a speed visible to the naked eye!

Chapter 4319: : The bear children haunt (1)

Tianmen reappears on the top of Tianshan Mountain.

This time the building of Tianmen is hundreds of times more magnificent than the previous Tianmen!

It was built from halfway up the main peak of Tianshan Mountain to the top of the mountain. This can no longer be described as a palace, but a city built on the Tianshan Mountain.

However, these buildings are still vacant now, but Li Tian believes that after targeting Liu Feng and others this time, there should be no one in China who will not have eyes on Tianmen.

Tianmen must be the Chinese state religion in the future!

The development and growth of Tianmen is just around the corner.

After the Tianmen was rebuilt, Tang Xiaolong, Situ Ningbing, Huangfu Kunpeng and the old man Wuji climbed to the top of the mountain again. They knew that Li Tian had returned to Tianmen when they saw the reconstruction of Tianmen.

As for dealing with the members of the Special Department Operations Department sent by Huaxia to attack Tianmen, Li Tian didn't need to worry about it at all, and it was almost effortless to beat those guys into the water, and fled away.

This is because Situ Ningbing has a good life, and he didn't rush to kill him. Otherwise, none of them would want to leave the Tianshan area alive.

After some greetings, Manzi returned the captain, Xiao Xiaoman, and the remaining disciples of Tianmen back to Tianmen.

Seeing the rebuilt Tianmen, the remaining disciples of Tianmen looked straight. Although they had heard of the prestige of the founder of the school, Li Tian, they were not as good as what they had seen. Shocked.

These disciples immediately knelt to the ground to pay respect to Patriarch!

Li Tian is also very happy!

In adversity, the true feelings are seen. These Tianmen suffered from this misfortune. These disciples did not escape, and swear to die by the Tianmen coexistence. This moved Li Tian very much. Li Tian, the founder of the school, immediately promoted these disciples to the core disciples of the inner sect. The barbarian spared no effort to teach them.

As the core disciple of the Inner Sect, Li Tian each gave them a spiritual source.

Although these inner sect core disciples don't know what the spiritual source is, but since it was a gift from the founder of the school, it must be gold and precious. They accepted it with joy and gratitude!

If they knew that this spiritual source was enough to make an awesome figure like Three Corpses break the dog's head or even lose their lives, they would probably not simply be grateful to Dane, and would even cling to Li Tian's thigh.

Of course, the inner sect core disciples have other benefits. For example, now that the Tianmen is so large, it is always necessary to reward these inner sect core disciples with some courtyards, but this is the business of the head barbarians.

After the captain turned back to a human, his skill was almost lost, to the point that he was a little more cunning, and he took the opportunity to let Xiaoman recognize Li Tian as a godfather!

Cough!

Well, Li Tian is also a godfather!

Li Tian's heart was thinking of the kind of godfather before the end of the world!

Hey, I don't know if there are any young and beautiful green tea \*\*\*\*\* in China who are willing to recognize him Li Tian as godfather. If they want, Li Tian doesn't mind...

Okay, but even if they were given some courage, they wouldn't dare to think of Li Tian, or let Situ Ningbing, Duanmuying, Xueji and others, just sacrifice one of them to destroy them. Nine races.

Hey, the heights are so cold!

Hey, the master is lonely!

Li Tian can only dispel this unrealistic idea!

Although Xiaoman is young, this guy is much more cunning and cunning than the barbarian, revealing cleverness everywhere.

As soon as Li Tian was happy, he accepted Xiao Xiaoman as his apprentice. When he was happy, Li Tian had to take out a few more spiritual sources and give it to Xiao Xiaoman, which was regarded as the teacher's apprenticeship to his apprentice!

Looking at Lingyuan, the faces of Barbarian, Huangfu Kunpeng, and Old Man Wuji were unnatural.

"Ahem, little doll Li Tian, this little ball looks good, give the old man a few hundred randomly, and the old man will play as an iron ball!" The old man Wuji said with his face close to his face.

"Brother Li Tian, what exactly is this little ball? How do I feel that this little ball seems to contain this powerful energy, is it used to improve cultivation?" Huangfu Kunpeng said.

The other Tianshan disciples immediately held their breaths and turned their ears to hear Li Tian's answer.

"Yes..."

Li Tian gave a general account of his experience of leaving the battlefield for the past ten years.

Everyone was shocked by Li Tian's bizarre encounter, and even more surprised by this kind of thing called the spiritual source, and those disciples who got the spiritual source were ecstatic!

"Barbarian, I probably have less than one hundred thousand spiritual sources here. I will leave half of them in the Tianmen for your cultivation and cultivation of disciples in the Tianmen."

Li Tian hadn't finished speaking yet, Manzi's eyes had begun to twinkle with excited little stars.

The barbarian can feel that this spiritual source is definitely something that can change the pattern of the strong in the earth world. If you are not welcome, it is completely possible for the strong in the world to go out of heaven!

"Little baby Li Tian, what do you plan to do with the remaining 40,000 to 50,000 spiritual sources?" the old man Wuji asked.

"Ahem, in a short while, I will leave the earth world and go to the Nether Realm. This spiritual source is hard currency in the Nether Realm, and of course I am going to spend it on the Nether Realm!"

"So naive little baby, don't you forget that the old man and Huangfu Kunpeng are worshipped by Tianmen? The Tianmen is in trouble, the old man and Huangfu Kunpeng..."

"Don't worry, don't worry! How could I forget you? Look at the three courtyards on the top of the mountain, and let two worshippers choose, and Lingyuan, I have left a thousand in each courtyard room, These spiritual sources are enough for two worshipers to worship the realm of the Supreme Cultivator, and the remaining spiritual sources will be freely handled by the two worshippers!"

"It's almost the same, the old man is going first!" A gleam of excitement flashed in the eyes of the old man Wuji, and he chose a courtyard and jumped in.

Huangfu Kunpeng still wanted to talk to Li Tian, but he knew that if he continued to waste time, he might not be able to catch up with Li Tian's cultivation level in his life. He held his fist against Li Tianyi and turned and rushed towards the highest discharged courtyard!

Li Tian didn't say that he invited the old man Wuji and Huangfu Kunpeng to continue to serve as the worship of the Tianmen, but through the spiritual source, the two powers of the earth world and the Tianmen were tied together.

With their cultivation base and talent, they want to reach the realm of the venerable, at least ten years later.

And the Tianmen ten years later, even without these two consecrations, they can still gain a foothold with the barbarians and these inner disciples.

Later, Li Tian ordered the Xuling and Dixing Yasha to build a huge manor at the foot of the Tianshan Mountains. Li Tian arbitrarily encircled a grassland and a piece of land into this manor, and let the Dixing Yasha and the Xuling Build a fence along this land.

The area of this manor is not very large, barely the size of seven or eight townships, and this area is Tianmen's private property!

This manor was naturally left to Manzi by Li Tian. As for whether Manzi was used to manage Tianmen, or whether it was left to his wife's captain or Xiaoman, this was not something Li Tian was worried about.

When Li Tian meets the little lady again, he will bring up the matter with the little lady. Compared to the time when Tianmen and the Huaxia government sign a 1,000-year contract, it is not considered privatization of state-owned land!

However, after obtaining the spiritual source, the barbaric felt that the manor was dispensable, but the captain was very excited. After all, for ordinary people, the top of the Tianshan Mountain was too cold, and there was a manor under the mountain that could make her Display your ambition.

After dealing with these things, it was too late. Before the sky was completely dark, Li Tian took Situ Ningbing and Tang Xiaolong teleported to Dongying Island!

I can see his bear boy soon, and Li Tian's heart is a little excited!

Chapter 4320: : Bear children haunt (2)

The warm wind from the Pacific Ocean has a faint smell of sea. After a busy day, the fishermen of Dongying Island put away the fishing nets in their hands, with joy on their faces, and returned on a fishing boat full of loads. This is the best season of the year.

On Kyushu Island, the lights are on, and the streets of Ruhr are hurried by pedestrians!

In a building, looking forward to the day, the child knew that his mother would return eventually.

The hungry teenagers will find their own food at the foot of the table in the next few hours. The delicious and high-quality protein is stimulated by a small amount of oil and has a strong aroma. The fragrant soup adds flavor to the weak rice, which is the best comfort in this slow and lonely day.

After a busy day, Lao Li finally found time to take a nap.

Lao Li is not a fisherman, he only hits people but not fishes!

Today is the busiest day for Lao Li in the last week, from the battlefield of death to Jinghai, from Jinghai to Kyoto City, from Kyoto City to Tianshan Mountain, and finally to Ruhr Island City in the island country of Dongying.

Although very busy, Lao Li feels that all this is worth it!

At night, Lao Li decided to reward himself.

His gaze slowly swept past the rushing pedestrians. When he was sure that no one noticed him, Lao Li quickly entered the space of the Heavenly Qiong Lance. When Lao Li appeared again, he was already around him. Two role beauties: Ye Meijing and Liu Jimeng!

Situ Ningbing, the woman next to Lao Li, was not surprised by this practice of Lao Li, who had been living together for more than a dozen springs and autumns, and Situ Ningbing was more intimate with Lao Li.

Seeing the smile on Situ Ningbing's face, Old Li smiled, and then there was another beauty beside him.

The reason why Lao Li brought the four beauties to his side is not to show off, he is to let guests from afar feel the prosperity of the earth world.

As for the third son of the Netherworld and others?

Haha, let's do their spring and autumn dreams!

The Third Young Master Nether was arranged by Lao Li to practice in the space of the Qiong Spear of the Sky.

Lao Li promised that if the three sons of You Ming performed well, then Lao Li would take out the traditional food and wine of the earth world to entertain them, and send them to the spear of heaven, so that they can also feel the quality of life of the people of the earth world.

If the third son of Nether is not doing well, then I'm sorry, but Lao Li can only let them continue to dig wild vegetables in the Qiong Spear of the sky, to eat wild vegetables!

Before bringing Ye Meijing and Liu Jimeng out of the Qiong Spear of the Sky, Li Tian had already told the two beauties about the outside world, which was regarded as a shot in advance.

But Lao Li still underestimated these two women.

To be precise, four women are underestimated!

Lao Li incorrectly estimated the relationship between the strength of the cultivation base and gender, even if the cultivation bases of these four women can stand on the top of the earth, this female creature still naturally likes shopping.

Then Lao Li was forced to accompany four beauties.

Tang Xiaolong is a good friend of Lao Li.

When he watched Lao Li go shopping with his women, Tang Xiaolong felt a faint sadness in his heart.

Tang Xiaolong decided to have a full meal and let his taste buds be fully released in the food and alcohol, so as to alleviate his miss for beautiful love.

Tang Xiaolong once had an unforgettable love. The woman named Mysterious Lily is not an innocent girl from a good family, but Tang Xiaolong, who was in love at the beginning of the day, died in love.

But this is already a story ten years ago!

Tang Xiaolong is now sitting in a small shop in Ruhr Island, Kyushu.

This small shop is famous for selling sashimi in the city of Ruhr. Tang Xiaolong is alone. For him who can't understand the Dongying script, drinking in a city that is not particularly unfamiliar is also a life experience.

Then Tang Xiaolong urged, he ordered about four or five kinds of food according to the menu, and the four or five kinds of food that came up in the end were all sashimi!

Looking at these sashimi, Tang Xiaolong was a little desperate. He thought of his love at this moment.

No matter how expensive the sashimi is, it is not suitable for him, just like the mysterious female lily once!

The dishes you order, even if you cry with tears, have to eat it.

Tang Xiaolong frowned and delivered the sashimi to his mouth. When the curry and sashimi were fully integrated with the taste buds in his mouth, Tang Xiaolong's face showed a long-lost smile.

It turns out that some things are not inappropriate, but you didn't try it boldly!

Tang Xiaolong picked up the shochu from Dongying Island and blew down several bottles in a row!

After all the shochu began to burn in Tang Xiaolong's stomach, Tang Xiaolong felt that his breathing was a little rough. At this time, Tang Xiaolong wanted to make a phone call, and wanted to ask the girl who had not met in ten years to come out!

But Tang Xiaolong found sadly that he didn't have the girl's phone in his hand.

Before the end of the world, it was useless to have the phone, and after the end of the world, I never saw it.

In fact, this is not the main reason.

The main reason is that since Mu Yunlong left China to enter the Dongying island country, China has imposed comprehensive sanctions on the Dongying island country and completely severed the contact between the two sides.

Tang Xiaolong is very sad!

He remembered the sad story of the barbarian when he was in Tianmen.

When Tianmen was attacked, in order to contact Duanmuying, the barbarian had to let Tianmen's inner disciple Weitian travel across the ocean to find Duanmuying in person!

Tang Xiaolong seemed to be able to hear the sound of the waves in the distance. Perhaps on the sea, that inner disciple named Weitian was still floating in the vast ocean!

Tang Xiaolong couldn't help but raised his head and looked out of the shop window, a figure of Tang Xiaolong's soul dreaming from outside the transparent window.

Was it her, turned out to be her?

But why are there two children by her side?

There was a trace of sadness on Tang Xiaolong's face. He wanted to rush out, so he rushed out now.

Now that you have decided to do it, everyone says that the IQ of the person in love is zero. Tang Xiaolong may be due to drinking too much, or because he is not abusive, he did not choose Teleport, but stood up quickly. Walked toward the store door!

"Sorry, please take the bill first!" The owner of the small shop blocked Tang Xiaolong untimely.

In the current Dongying island country, the official language of the entire country is Huaxia, so Tang Xiaolong can fully understand these words!

Tang Xiaolong's brows wrinkled slightly, he impatiently took out a few corpse crystals from his skin and stuffed them into the shopkeeper's hands, and said proudly, "No need to find them!"

After seeing the corpse crystal, the owner thought that Tang Xiaolong not only wanted to eat the King's meal, but he seemed to be laughing at his IQ!

"Want to eat Bawang Meal? Don't you look at where it is? Under Master Lily, you are the first person to eat Bawang Meal in the past ten years! Come, catch this \*\*\*\* and send it to the police. Let's go!" The shop owner said angrily.

"No, this guy will leave it to our brothers to come out!" behind the shopkeeper, a childish voice sounded.
