

A Killer 4331

Chapter 4331: : Woman Xia Spade (2)

Li Tian felt somewhat surprised when he received the news that Liu Jimeng and Ye Meijing were missing.

These two little guys have only been in the earth world for more than half a month, and now they are missing. But Li Tian knew that this might be because he was too busy recently and neglected to take care of them.

Dongying island country, the palace!

"How about the news? When did you discover that they were missing?"

"Not yet. The two of them were there last night, but they were not in the room this morning."

"It's okay, it's not a big deal. Although the strength of the two of them is far worse than mine, but in the earth world, they are already strong women and devil. Anyone who provokes them will only "Unlucky" Li Tian can only comfort himself like this.

"I have sent my subordinates to start looking for them. If there is news, I will notify you as soon as possible."

Because Liu Jimeng and Ye Meijing were missing, Li Tian could only temporarily stranded Wangtasi's underground palace plan.

Duanmuying didn't dislike these two women who suddenly appeared, but she didn't like it!

Duanmuying knew that these two women were brought back by Li Tian from other places. To be honest, these two women came to compete with him for Li Tian! All Duanmuying can do to treat each other with courtesy is the best, and it is impossible for these two women to pay too much.

All she can do is look for two women conscientiously! As for whether he can get it back, this is not what he can pay attention to.

In comparison, because Situ Ningbing and these two women are more tolerant towards these two women because of the intersection in the battlefield of death.

"Lee, don't worry. This is the Dongying island country. There shouldn't be any problems with their safety."

Li Tian smiled bitterly and said: "I am not worried about them, I am worried about these poor residents of Dongying Island! Liu Jimeng should be better. Ye Jingjing is used to being arrogant and domineering. If someone provokes them, it is absolutely nothing. Eat fruit. I just hope they still have a little humanity!"

"In fact, you don't need to find them at all. Everyone just needs to pay more attention to the news at home and pay attention to where the violence happened, then where are the two of them!"

In a building in Kyoto, the island nation of the East, the missing Liu Jimeng and Ye Meijing, holding a business card in their hands, found it according to the address of the business card.

After half a month, they have been able to adapt to life on earth in this kind of time adjustment.

As mentioned earlier, the two women originally planned to take advantage of the time in the earth world and use various methods to take down Li Tiansheng rice and cook mature rice.

In this way, they can be like Situ Ningbing, Duanmuying, Bai Jing, Ouyang Shiqing, and become Li Tian's women in the true sense.

However, Li Tian used Teleport to travel back and forth around the world, leaving these two beautiful women in Jingdong City. Even if they wanted to recommend themselves, there was no chance.

In Dongying Island, the two of them are distinguished guests, and there are always people with them every day, but this is not the life these two women want.

The two of them still felt empty and left out by Li Tian. The two thought of the nervousness of the subway when the man handed them his business card in Kagoshima City.

So the two women got a fever and decided to find the man according to the business card address, which made Li Tian nervous.

JD.com, a film company, can definitely be said to be the conscience of the industry.

Even in the end of the world, they still stick to their positions and did not stop shooting, so after the end of the end, they quickly became the largest film company in the entire host country.

Regarding the traditional culture of the Dongying island country, Duanmu Ying has not taken any measures since he took control of the Dongying island country.

Especially in the past few years when the host country has been blocked, this cultural industry has brought a lot of benefits to the host country! This cultural industry has also become the most important industrial pillar for foreign exchange earning by exporting in the Middle East in the past five years.

Came to JD Hot Film Company. A male director of the film company received them both. This male class leader can be regarded as a graduate student, but when he saw Ye Meijing and Liu Jimeng, he was immediately shocked by the beauty of the two women.

This kind of culture prevails in Dongying Island, and there are all kinds of women, such as loli, elder sister, milf, and wife, to name a few, the most are young girls!

In order to become famous, all kinds of beauties choose this path and adopt a curvilinear plan to become popular, first through this method, and then gradually whitewash, similar to the Cang teacher before the end of the world!

However, it is rare that such an overwhelming beauty comes to this kind of company to shoot, and even this section manager has never seen it during his tenure.

The male section leader felt a little regretful.

"It's a shame that such a beautiful woman wants to do this kind of work! If someone is willing to marry me and let me take it back, it would be perfect!"

But this idea also passed by in a flash.

If the male section chief really does this, then the industry will close the door to him forever, and even he will be chased by the boss of JD.com.

"Since you can't own it, if you can have a super friendship with these two beauties, then it's good." Thinking of this, the class leader suddenly got excited, as if someone had touched him. The g point is average.

"Hey, we must find a way to add a trial stage, such a beautiful beauty, it would be a shame if the male actors are ruined directly!"

Even this class leader has an urge to become an actor in the sea.

"Two beauties, are you sure you want to come to act?"

The two nodded at the same time!

"I am so grateful to you two beauties, you are making outstanding contributions to all the otakus in the earth world."

"Do you two beauties have similar performance experience? If there is another company agreement, you can't directly join our company?"

"No," the two women replied at the same time.

The head of the class immediately showed a trace of excitement: "Two beauties, can you ask when your first experience happened? It is important to know that it is related to the salary of the two!"

"What is the first experience? We have no first experience!"

The head of the class is already a little fidgety, are these two beautiful women in front of them still young? The section manager rubbed his hands happily and said, "Or, should we try the play first? I have a lot of experience in acting in this area, and I can guide you in acting!"

"Okay, then please"

The class leader couldn't even believe his ears.

"Hey, I will definitely work very hard without asking for this kind of thing!"

The head of the section immediately booked the hotel closest to the company by phone and walked out of the living room with two beautiful women full of excitement.

Chapter 4332: : Woman Xia Spade (3)

Before they had time to take the two out of the company, they collideded with the company's big boss and the big boss's young boss.

Seeing the two beauties, the two guys' eyes lit up, and they couldn't walk with their weak legs!

"You are.....?"

"We are here to try out the show"

The boss and the son looked up and down the two beauties, and swallowed their saliva at the same time!

Looking at the section manager, they already knew what was going on!

"Asshole, I'm really impatient to eat someone from my company!" The big boss glared at the section manager in dissatisfaction.

"I am the top person in charge of the film company, and I will leave the trial work for the two of you!"

"And me!" The young boss rushed to answer!

The young boss glanced at the big boss and seemed to be saying, "There are two beauties here, can your old man be able to eat it alone?" Baishan filial piety first, I can share the burden for you.

As the boss and young boss of JD.com, the two of them are well-known perverts. If there is such an opportunity, they will naturally not let it go!

"Boss, then... what about me?" the section chief said pitifully!

In fact, the boss of the company wanted to turn these two chicks directly into his personal playthings, but seeing the pitiful look of the section manager, he still had to give in.

"Go and arrange it. When my audition is over, we will start shooting directly! By the way, arrange all the dozen or so actresses who tried the show yesterday. We are going to shoot a Haitian feast."

...

Liu Jimeng and Ye Meijing are stupid, don't know what the Haitian Feast means?

Still thinking of making Li Tian anxious for them!

JD Hot Film Production Company also attached great importance to Liu Jimeng and Ye Meijing. The whole company took action. First, the staff of the legal department contacted Liu Jimeng and Ye Meijing and tricked them into signing with various rhetoric. It took five years to produce at least five hundred films!

Then the staff of the cover design team took the two of them to the cover shooting room and started shooting cover photos of the two.

Because Feng was the cover of the first film, it was just a photo album of the two people, and there were no unbearable images. Even if there were occasional exposure images, this level was acceptable for the two from the Netherworld.

Therefore, neither of these two goods have been found to be inappropriate so far.

On the contrary, because the two of them have never taken a photo album, the two of them are very happy, especially when they see the first edition photos taken, they both laugh and give pointers.

In the photo album, the two each changed no less than 20 sets of clothes. There are innocent school girls, coquettish little nurses, lonely housewives, ***** stewardesses, stunning little maids, and even side-by-side firefighters! As soon as the official shooting started, the photographer had already started to bleed. This photographer is also a battle-tested, and occasionally guest actors, but when he sees two women making various ***** poses, he feels that the bottom has been wet again and again.

"Woo, I have to wash my underwear when I go back."

Wait until the two have finished shooting the photo album. The other actresses of Jingdong fever have all arrived.

These actresses have very high looks, and it can be said that the best actresses of JD.com gather together.

Seeing so many actresses, these two silly people are very excited.

I chatted with these actresses non-stop, and even discussed their experiences with each other.

Soon, all the male actors of Jingdong fever also gathered here. When they entered the company and saw so many beautiful actresses, not only their eyes became straight.

"I have a big deal, what kind of big production is this? All the hottest actresses on JD.com are invited!"

"It's been a long time since JD.com has produced such a big movie. You heard that the boss and the son went to battle in person this time. They are the male number one and the male number two respectively, and we are all passersby."

"I'll go, won't it? Can the two of them eat well?"

"I have also heard the gossip that two actresses of the alluring country and city level have joined our company. This time the big production was made specifically to welcome these two actresses."

"The boss wants to make these two actresses the icon of Jingdong fever!"

"Yes, I heard that my brother in the finance department said that this time he has paid his money and invested at least a few million. Not only did he lease a luxury car, he also leased a helicopter, a yacht, and contracted a sea view villa hotel."

"Think about my family and a little excitement. With so many excellent actors, I really want to die for them."

"By the way, who are those two actresses? I haven't seen them before, they look so ***** beautiful!"

"My sword is already hungry and thirsty!"

"This time, we don't have ideas for the two of them. They belong to our boss and the company. But it is a good choice to be able to watch them and let us post."

Liu Jimeng and Ye Meijing were very excited. Seeing so many actors staring at them with stars in their eyes, they still had some pride in their hearts.

"Smelly Li Tian, dead Li Tian, have you seen it? Don't you cherish me? There will be many men who like us and cherish us." Ye Jingjing said!

Liu Jimeng's face showed a hint of worry, and said, "Why do I always feel a little uneasy in my heart. Will we be in danger?"

"Hahaha, what are you afraid of? Are you afraid of these bullies? Didn't you listen to Li Tian, the human cultivation in the earth world is generally low, and the three cultivators of the corpse clan can rule the earth for 3 years. If Without Li Tian, I am afraid that the current earth is still in the hands of the three corpse cultivators!"

"Furthermore, half a month ago, Li Tian and Tang Xiaolong upset one of the most powerful countries on the planet, the country of America. Do you think these people are as powerful as ours? If they want to be against us, finally It must be them who are hard pressed!"

Ye Meijing said that Liu Jimeng could only nod his head in agreement.

But soon Liu Ji realized a dream, and said to Ye Meijing: "We did this to make Li Tian worry about us, but Li Tian didn't know where we were. Why would she worry about us, why would she be nervous about us? "

"This is a question, should we call a few days in advance. Tell him where we are."

"Yes, you have to tell him, but Li Tian is a powerful person at the venerable level. If we call now, he will teleport here in an instant, and then we will be exposed?"

"It's not fun anymore? Then we won't notify him for the time being, let's take a look first!"

Chapter 4333: : Woman Xia Spade (4)

Ten minutes later, the boss and young boss of JD.com set off with staff from various departments of JD.com.

A total of twenty-six actors and twenty male actors were separated.

There are seven or eight male actors traveling with them in the bus in which the newcomers and actresses of relatively low level take.

Among these actresses, the one who ranks higher, and the one who is more well-known, is still sitting in luxury cars. They sit with more famous actors and staff. Of course, all cars have photographers.

Today, Jingdong spends a lot of money to shoot this movie, so naturally they will not miss any shooting opportunities.

Seizing all the opportunities on the road leading to the hotel in just one hour, these guys actually shot several small-cost love action movies in the bus or luxury car.

As for Liu Jimeng and Ye Meijing, their treatment is higher. They and the boss and young boss of JD.com went to Seaview Villa in advance by helicopter.

Arriving at the sea view villa, the young boss, the little slut, pointed to the swimming pool to show great hospitality to Liu Jimeng and Ye Meijing, and even eagerly took out the bikini underwear and let Liu Jimeng and Ye Meijing put on them!

Then, let the two of them have fun by the pool!

The young boss of JD.com personally serves as a photographer.

Looking at the hot figures of Ye Meijing and Liu Jimeng, this slut's heart has already started to burn, and he can't wait to rectify the two of them right now.

However, he has already said that he must test it out before he can start filming.

It is a pity that this old fellow has impotence. After swallowing a few Viagras, he is practicing in retreat.

The young boss can only endure this flame in his heart.

But this does not affect the young boss's actions on Liu Jimeng and Ye Meijing.

As a result, the young boss was sadly reminded. His hand was still half an inch away from Ye Meijing's back. The goods were directly thrown by Ye Meijing's back swimming and fell into the pool.

Almost never drowned him!

And the camera in his hand was soaked in water and completely scrapped!

"Don't dare to do anything with us, and be careful that I twist your dog's head off!" Ye Jingjing said triumphantly.

The young boss crawled from the swimming pool in embarrassment, full of anger!

"Smelly bitch, since you have been in this profession, you still have her mother's false demeanor. This is what you forced Lao Tzu! Lao Tzu has long been like shooting a movie of a thousand people cut. Waiting for Lao Tzu to finish, it will definitely make you worse dead!"

But now he didn't dare to be arrogant in front of Liu Jimeng and Ye Meijing, he could only hide far away and climb up embarrassedly from the other side of the pool.

"Ye Meijing, do you think we are in danger? I look at the boss and the young boss is not a good thing!" Liu Jimeng said.

"What are you afraid of? They are not good things, are we good people? Are there few people we kill in the Death Battlefield and the Nether Realm? I really want to kill a few people on Earth, and feel the difference in the touch!" Ye Meijing said.

The young boss quickly walked out of the swimming pool, walked through a small garden, and met a service staff from a villa hotel.

The young boss took out a small pill bottle from his wet body and handed it to the waiter. He said: "Go and give each of the two chicks by the pool a glass of juice. You should know how to do it!"

When the service staff walked away, the young boss hurried to the villa again, picked up the phone and dialed a call, and said, "I am going to shoot a movie that will kill a thousand people. I need a lot of heroes. I immediately find someone and bring it to the hotel we contracted!"

"Yes, there are a thousand actors, I don't care what you think of, I will see these actors in an hour!"

...

Jingdong Hot Film Company is not small.

To be able to open such a large company in Dongying Island, at least there is something to do with black and white. The hotel staff dare not provoke giants like JD.com!

Soon, the staff brought two special iced juices and came to the pool!

When the staff member saw the two beauties, Ye Meijing and Liu Jimeng, he couldn't help but be taken aback!

Liu Jimeng and Ye Meijing are so beautiful!

Beautiful and outrageous!

The two beauties were swimming in the pool, and the eyes of the staff were fixed on them.

"The skin is white and beautiful, and the figure is hot. Shouldn't this kind of beauty only exist on the TV network?"

"These two beautiful women actually came with JD Hot Film Production Company. What kind of world they are, they are so hard to make a dog, I can only **** do so!"

This staff member has some regrets in his heart: "I have to do this job if I do not do well!"

"Damn, since you don't know self-love, don't blame me for being rude to you!"

There are some abnormal thoughts in this staff member's mind!

"Hmph, as long as I help the young boss do this well, if I ask for a guest appearance in the young boss movie, although it may not be possible to kiss Fangze, at least I can send them to them! "

"Well, it's so happy to decide!"

Thinking of this, the flame in the staff's belly gradually moved down, his weapon under his crotch was instantly full of vitality, and a small tent appeared between his legs!

There was a trace of embarrassment on the staff's face, with his hips and waist folded, walking to the recliner like a duck and placing the juice on the table next to the recliner.

He turned around and wanted to escape, and went to the young boss to make his request! A sweet voice came from the pool behind him,

"Wait a minute!"

The hotel staff turned their heads and saw Ye Meijing slowly coming out of the swimming pool holding the handrails!

Because of the resistance in the water, Ye Meijing's upper body swimsuit slid down an inch slightly, revealing the snow white on Ye Meijing's chest!

"My day, it's so... so exciting!"

"Send a juice to have such benefits! Go down, go down!"

The hotel staff had an obscene expression on their faces, just like the famous comedy star Zhou Xingxing before the end of the world, twisting his body slightly, and said: "Let me do it, let me do it!"

Ye Meijing didn't know that there was a pair of colored eyes staring at him with squinted eyes. This guy was shaking her hair like a lioness out of the water, trying to shake the water off her body!

As a result, the pair of meat **** on her chest shook with her, and the swaying was so happy!

The staff felt that there was an extra steel pipe under him, and it was possible to open the pants at any time!

"Damn it, it looks like I'm going to change my underwear again today! No, I can't stand it anymore! This is the **** goblin from there, just looking at it, it seems to have orgasm!"

Chapter 4334: : Woman Xia Spade (5)

Ye Meijing came to the lounge chair by the pool and took out a wallet from the clothes on the lounge chair.

Seeing this wallet, the hotel staff couldn't help being taken aback.

"It turned out to be a luxury item. This wallet is worth ten thousand dollars! If you have such money, you still have to do this kind of thing. Is it a hobby?"

Ye Meijing didn't know what the hotel staff thought.

This wallet was given to him by Li Tian. The wallet contained various diamond-grade bank cards from various banks in Dongying Island, and there were also a lot of banknotes.

Ye Meijingjin casually took out a stack of banknotes from his wallet and stuffed a business card into the staff's hands and said, "This is your tip. You will make a call for me according to the phone number on the business card. Tell me to answer the phone. People who are where we are."

"If you do well, the person who answers the phone will definitely tip you!"

This staff member is a bit stupid.

After receiving the money, his hand was shaking slightly, and he whispered to himself in a low voice almost like a mosquito: "Are these all tips? Boss, why don't you take care of me!"

After the end of the world, the currency system of the East China Islands was rebuilt. The currency of the East China Islands was linked to the Chinese currency, basically maintaining a one-to-one exchange status.

The only difference is that the maximum denomination of Dongying Island's currency is 10,000 yuan, while the maximum denomination of China's currency is 500 yuan.

The stack of banknotes that Ye Meijing drew out at will was all worth 10,000 yuan, which is less than 100,000 yuan.

The staff felt that his hands were trembling and his heartbeat was particularly fierce. This 100,000 yuan was almost all her income for more than two years and nearly three years.

But now the beauty actually said it was a tip and found him in his hands.

The hotel staff felt his hands were hot.

With so many tips for a performance, either the woman in front of you is a stupid, or she is a super big person, a super big person that the hotel staff absolutely cannot afford.

Looking at another business card, the hotel staff suddenly felt a touch of pain.

Working in such a luxurious hotel, he has seen all kinds of business cards, but he has never seen such a business card. The business card is made of 24k gold. There is no name or title on it, just a string of phone numbers.

But this is not the point. The point is that behind such a luxurious business card, there must be an extremely awkward character. The staff member who reads this business card will know that the person answering the phone may move his little finger and he can be a small person like him. Kill.

The staff was a little scared, he felt that he had accidentally fallen into a very dangerous situation.

This beauty, the characters behind the business card, including the young boss of JD.com, these people can't afford to offend anyone, and he doesn't want to offend anyone.

The staff dared not look at this beauty, his heart was shaking, his hands were shaking, and his whole body was shaking.

However, he is seeking wealth and wealth, and he is reluctant to ask the hotel staff to give up the money in his hands. This is his total income for nearly three years!

"This...this...this is not appropriate! So much money..." the staff member said in a trembling voice.

"You take it for you! Lily said that since we are here, we must learn the way of life here. I see them always tip others when they go out. Lily also asks us to learn to tip others. ."

"Hey, it's not that we are not too proficient in tipping others. We will come back when we become proficient. I will tip you again proficiently at that time."

The staff felt completely confused.

No matter how you look at it, I don't think these two beauties are like fools, but what they say is so serious.

"Is this the rhythm for me to send? Is this the rhythm for me to rise? If... If I can handle this thing well, then I will be the benefactor of these two beauties, when the time comes, the master behind this business card A little money is shown in his hand at random. Doesn't that make me become rich and handsome in an instant?" The staff thought.

"Thank you! This juice..."

The staff hadn't finished speaking, Ye Meijing and Liu Jimeng had already picked up the juice and drank them.

"What? Is there a problem?"

The hotel staff felt that they were really stupid this time.

The juice has been drugged, and within a few minutes, these two chicks may have a drug attack. Then...

"No, nothing!"

"Hey, the juice is good. Give us some more. We are going to swim in the club!" Ye Meijing said.

After speaking, Ye Meijing and Liu Jimeng jumped into the pool, just like two cheerful fish swimming around in the pool.

The cold sweat of this staff member came out.

Can't wait here anymore, he decided to go over and call now.

He can't guarantee that the person on the business card will be there in time? If it is too late, then he can only run away.

As soon as the staff walked out of the swimming pool, the hot young boss of JD.com blocked him and said with a sly smile: "Did they drink it?"

"Drink!"

"Good job. The medicinal properties will come up in a few minutes. Then I will see him pretend to be for me. Would you like to do it too? You are guaranteed not to show your face, but you have no salary!"

The staff coughed violently.

He doesn't want to die yet! three

With a few words, the young boss was sent away perfunctorily, the hotel staff turned and walked towards the villa!

At this time, other actresses and actors have already arrived.

These people are veterans, familiar with the road, and rush to the swimming pool excitedly without the need for someone to greet them.

The first shot was the scene by the pool.

They were all skilled professional actors. Various actresses started to change bikinis in front of everyone. The scene was very popular.

While the actors and actresses watched Ye Meijing and Liu Jimeng in the swimming pool pleasingly, they were already very dishonestly looking for pleasure in those actresses.

Soon, some unsightly images entered the camera.

"Ye Meijing...this...the juice seems to be poisoned, I...I feel like my whole body is irritated, and the energy comes out in my hands!" Liu Jimeng said.

Ye Meijing was the same as Liu Jimeng, her face flushed, and she was ashamed and ashamed looking at the shameful scenes.

But the body was completely involuntary, feeling soft and unable to move.

The young boss of JD.com came to the pool, hugged left and right to stop the two actresses, stared coldly at Liu Jimeng and Ye Meijing in the pool, and said: "Smelly bitch, I will ask you to pretend to me. Now I know I Isn't it amazing? This is the beginning, and even more amazing things are yet to come!"

"Come a few people, go down to the pool, fish out these two ***** for me, bring them into the room of the villa, and come with a few more cameras. My son is going to be asked by his own hands. You can shoot me in 360 degrees! "

Chapter 4335: : Woman Xia Spade (6)

Li Tian was a little confused when he received a call from a stranger. ,

In the island country of Dongying, there is still something to do with his women!

What made Li Tian even more angry was that the man hesitated to receive that his daughter had been drugged.

"Tmd shut up immediately, tell me where you are recently?" Li Tian angrily interrupted the person on the phone and said.

On the other side of the phone, the hotel staff was almost crying, and said: "Are you telling me to shut up or let me talk!" "You tmd say another nonsense, believe me or not, now... well, you Tell me where you are first?" Li Tian received.

The hotel staff did not dare to neglect, even if he had tens of thousands of grass and mud horses running by in his heart, he could only ask for perfection and told Li Tian where the Seaview Villa Hotel was.

He immediately hung up the phone, Li Tian turned on the GPS location on his mobile phone, and found the location of Seaview Villa Hotel in a few seconds.

In the next second, Li Tian has teleported to the Seaview Villa Hotel!

What Li Tian saw in front of his eyes were all unsightly pictures.

More than 20 pairs of men and women are passionate about the poolside.

This picture is really... so beautiful that Li Tian didn't dare to look at it.

The important thing is that even the photographer doesn't wear the **** clothes. What is it going to do?

When a group of people who don't wear clothes gathered together, Li Tian looked out of place with clothes alone.

"Fuck, who is this? Is it a newcomer? How can I mess with the picture?"

"I haven't seen it before! Quickly jump out of the screen, don't affect our normal shooting!" The photographer in the distance shouted.

"Hey! Buddy, you're late, take off your clothes quickly. Today, we have 26 famous actresses from JD.com, and only 20 of us are male actors. One to one, the number of our male compatriots is still small. A few, come on, don't dare!" said a man who looked a bit like a famous male singer in the pre-apocalyptic island province.

As soon as this person's words fell, there were three or four naked actresses with a hint of joy on their faces, as if a hungry wolf met a sheep, and flew towards Li Tian.

Li Tian felt his head almost exploded.

The situation is so urgent, but the picture is like this...Er, it's also beautiful, but Li Tian has no interest in watching the live performance at all.

If Liu Jimeng and Ye Meijing have two shortcomings, then how can Li Tian explain to Liu You and Ye Liangchen? More importantly, Li Tian's heart will be condemned for the rest of his life. That is the woman he intended.

The three or four beautiful women who swooped in were of good shape and good looks. These self-willing and depraved women used their bodies to please the actor, were arbitrarily abused by the actor, and were all men including their elder brothers. Obscenity! In any case, these women are poor people. It's a pity that poor people must have something to hate, Li Tian is extremely anxious, these **** still want to eat Li Tian tofu.

Li Tian roared, without the slightest pity, flew up and kicked these three or four actresses into the swimming pool!

The male actor who crawled on the actress like a male dog was frightened stupidly. This time, he was so frightened that five men became weak on the spot, and one of the men's roots was deformed!

"Are you the **** man? You can hit a woman like this?"

Those cameramen were dumbfounded.

"I have never seen an actor so sturdy, since you have chosen this line, then even if the woman in front of you is a sow, you must at least finish this shot with tears in tears!"

Those actresses are even stupid.

"What's the situation? Is there any professional ethics? Does the boss like to play such a perverted game now?"

The actress who fell into the water cursed at Li Tian with tears in her tears: "Beasts, beasts, are we so ugly? How can you be able to treat us like this!"

Several actors are happy, and they are about to be lost almost immediately, because Li Tian, a bastard, suddenly appeared. The actresses under their hips burst out with great power, directly speaking that these actors lifted them off their bodies. Go down and push into the pool!

These actors couldn't help getting furious, and shouted at Li Tian angrily: "Asshole, don't go if you have the ability!"

One of the actor has undergone genetic modification of his post-apocalyptic figure, and claims to be the strongest among the actors, and the strongest has the best acting skills!

When Li Tian came, something hanging from the crotch of this product was still in the actress's mouth. The actress was eating ice cream with great interest.

But Li Tian came, and Li Tian suddenly started, the actress was frightened, the thing was almost bit off by the actress.

At this time, there was blood in the actress's mouth and the actor's crotch!

The actor screamed and opened the actress with a palm.

Ignoring the humiliation of the crotch, rushed towards Li Tian angrily!

Li Tian snorted coldly, and pointed out a finger, which was the broken soul finger that had not been used for a long time.

As a result, this shop is even more tragic than before, his big head is small and he keeps bleeding!

Everyone is quiet!

They looked at Li Tian dumbfounded, with an expression of fear on their faces!

Some people pretend to be dizzy, some pretend to be dead, and the few male actors who bluffed just now dive at the same time, pretending to be bastard!

Time was lost every second, and Li Tian's murderous aura skyrocketed, and his eyes grimly said: "I just ask, where is your boss? Three...two...one!"

These guys didn't know what Li Tian's countdown meant at first. When two more people died instantly under Li Tian's fingers, everyone present pointed their fingers at the villa and said, "Second floor, enter the room on the stairs"

Huh!

Li Tian disappeared!

...

On the second floor of the villa, the hotel attendant's face was full of anxious expressions, holding a fire extinguisher in his hand, hovering around the door!

"What to do? Do I rush in or choose to escape?"

After the phone call, the hotel staff rushed here and used various excuses to enter the room, disrupting the preparations for the deployment of shooting in the room, but just now, he was kicked out! He was even slapped twice.

"No, if I run away now, I will have no place to hide in my entire life, and I will never be able to counterattack again, become rich and handsome, and marry Bai Fumei!"

The hotel staff gritted their teeth and stomped their feet, and slammed the fire extinguisher in their hands on the fire alarm bell!

The fire alarm rang, and a few seconds later a few disheveled men rushed out of the room.

They knew what happened immediately after seeing the hotel staff!

"Asshole, dare to spoil the good things of Lao Tzu, do you know how many Viagras Lao Tzu has eaten, how long does it take to cultivate to win the sky? You are looking for death."

Several people rushed up, punching and kicking at the hotel staff!

However, at this moment, a man pulling the wind instantly appeared in the corridor, and the murderous intent released from this man made them immobile!

"Ok... terrible..., this... who is this guy?"

Chapter 4336: : Woman Xia Spade (7)

The person here is Li Tian!

The hotel attendant raised his head and looked up at the man who appeared suddenly. Although he did not know who this man was, his perception told him that this was the man on the phone.

That cold man without friends!

"Help! Those two women are in the room!" the hotel staff shouted to Li Tian.

In the next second, this person suddenly disappeared!

"How did it happen? Didn't it come to save people? Is this my illusion?" the hotel staff asked in surprise.

The big boss and young boss of JD.com who ran out of the room rubbed their eyes at the same time, and saw that Li Tian had indeed disappeared. They turned to look at each other and thought, wanting to see some clues from the other's eyes.

"Illusion! Illusion! I must have eaten too much Viagra, and I have hallucinations!" said the big boss.

"Possibly, I also took a few Viagra, I think this should be an illusion! Old man, you are too old, it is not suitable to continue to take Viagra, or you will lose your life, these two women's trial stage Just leave it to me! I promise to complete the task with quality and quantity, and I promise that this film will be a masterpiece of our JD fever!" said the young boss.

"Fuck off, I have already eaten so many Viagra, do you care about taking a few more tablets? Anyway, let this bad guy be beaten up so that he won't dare to do our good things again!"

With that said, the big and small boss took a photographer and a lighting engineer to continue to ravage the hotel service staff.

...

In the next room, Li Tian teleported to the room, and he saw Liu Jimeng and Ye Meijing who were tied up. The two guys had blushing cheeks and blurred eyes. The professional bundling technique fully revealed their bodies. come out!

At this moment, Ye Meijing and Liu Jimeng were both lying on a big bed, groaning and moaning in their mouths, and their eyes called Qiubo to look at Li Tian.

"Li Tian, come and spoil us!"

"We are so uncomfortable!"

"Li Tian, I want you... I want..."

Fortunately, although Liu Jimeng and Ye Meijing are still wearing bikinis, it can be seen that they have not been violated. Of course, the most important thing is to thank the hotel staff, if not for this guy, the water will be cut off for a while. If the power is cut off, if you knock on the door once and then turn on the fire alarm bell, the consequences will be disastrous.

The two beauties shouted well, but Li Tian didn't have the slightest heart, his eyes were full of anger, and the flame almost shot out from his eyes.

Li Tian crushed all the two cameras in the room, then took out the sheets on the bed and covered the two women with sheets to avoid their happy together!

Hearing the sound coming from the room, the bosses of JD.com led photographers and lighting engineers to abandon the hotel staff and rushed into the room. When they saw the camera that had fallen to the ground and was broken into piles of scum, the boss Suddenly angry.

"Who are you? Do you know who we are? You dare to spoil our good deeds!" The young boss jumped out first and shouted.

This worm came to the brain, without thinking about why Li Tian suddenly appeared in this room, nor how powerful Li Tian is. He just wanted to drive Li Tian away as soon as possible, and then began his shooting. journey of.

Facing this barking mad dog, Li Tian was very humble and said, "I want to ask, who tied the ropes on Liu Jimeng and Ye Meijing?"

The young boss hadn't realized the danger, so he sneered and said, "It was ***** by Laozi, how about it? Professional, right?"

"You tied them up like zongzi, what do you want to do?"

"Hey, knowingly ask, do you know that Laozi belong to that company? Say it to scare you, Laozi is hot on Jingdong, do you know this company?"

Li Tian nodded slightly.

"It's good to know, since you know this company, then you should know that Laozi, of course, make movies! Hey, if you get acquainted and get out, I can let you pick the women out there!" Young boss Said.

Li Tian's gaze slowly shifted to the big boss, and the corner of his mouth curled slightly and said: "Just now I heard that you seem to be his old son, how did you discipline your son like a dog? Are you not afraid of offending people? ?"

The big boss's heart was also full of anger, and he choked out: "Joke! There is no one who dare not offend the grandfather of Dongying Island, so what is he doing? Throw this **** out and we continue to film!"

The smile on Li Tian's face became stronger, and he nodded slightly, and said, "Very well, since you like filming so much, then I will let you make good shots!"

Huh!

Li Tian teleported to the side of Young Boss in an instant. Before Young Boss hadn't reacted, he grabbed Young Boss's two arms with both hands, and with force, he instantly crushed Young Boss's two arms!

The young boss let out a scream, and Li Tian's finger was inserted into the young boss's mouth with lightning speed, and the young boss' tongue was directly torn off!

Blood flowed out of Young Boss's mouth, and the front of Young Boss' clothes turned blood red in an instant. Young Boss knelt down in front of Li Tian with a puff, groaning weakly.

"These two arms are because you moved my Li Tian woman, even if you just touched their skin, I will accept this arm!"

"As for your tongue, it's because your mouth is too cheap. In order to prevent you from hiring people you shouldn't provoke, and ushering in a murderous disaster, I also accept your tongue!"

The picture in front of him was too **** and too frightening, and the big boss, photographer, and lighting engineer were dumbfounded.

It took a few seconds for the big boss to react, and he turned around to flee. Li Tian flicked his hand. Two gas bombs flew out of his hand and hit the big boss's dog legs. The big boss fell a dog to eat shit. His nose hit the ground hard, his face was bloody, and he was rolling back and forth holding his two dog legs.

Puff!

Puff!

The photographer and the lighting engineer knelt down in front of Li Tian. The two of them were in agreement with each other, and they had a pee at the same time to prove that they were really scared by Li Tian!

"Have you ever touched my woman?" Li Tian said coldly.

Snapped!

Snapped!

Snapped!

The two of them slapped themselves at the same time, crying, and said with trembling voices: "We are only photographers and lighting engineers. We are only in charge of shooting. We are not qualified to touch these actresses!"

These two guys lied, they are not qualified to touch Liu Jimeng and Ye Meijing today, because these two women are regarded as their own playthings by the big and small bosses.

This actually saved their lives!

"Okay, then I will believe you once. Since you are in charge of filming the movie, what should I do if this matter is disturbed by me now?" Lian asked.

"Stop shooting, I won't shoot if I'm killed!" the photographer said.

"Others make small movies to make money. I lose my life in making small movies. Whoever wants to do it will do it. Anyway, I will get back to the right when I go out from here, and I will never do this again!"

"How can it work? Not only do you have to shoot, but you also have to shoot the level, the level, the Dongying, and the world! Do you know that the one step before the end of the world is called Brokeback Mountain? Just shoot according to this! The big boss and the young boss sneered.

Chapter 4337: : Woman Xia Spade (8)

Hearing what Li Tian said, the photographer and lighting engineer couldn't help but shiver.

"This guy is too cruel, isn't it? Brokeback Mountain is a hobby, but this young boss and two of them are standard straight men, but you guy made them want to bend them forcibly."

Chrysanthemum remnant, hurt all over the floor, your smile...

The hotel staff who climbed in from the door just now heard Li Tian's words and couldn't help but stunned, and then sighed in his heart: "Fortunately, I reined in the cliff, otherwise I'm afraid there will be a place for me in this circle!"

"Any doubts?" Li Tian asked coldly.

"No...no!"

"I just forgot to introduce myself. I'm Li Tian. You should have heard of my name. There are statues of me everywhere in Dongying Island. Li Tian is your only **** in the whole Dongying Island. If you want to escape, then you have to hurry up, because I will hurry back to your home before you escape. At that time, both men and women in your home, young and old, will join the new Brokeback Mountain crew and they will serve as the male number one. , Female number one, male number two, female number two....." Li Tian said.

When I heard the name Li Tian, a buzzing sound came from the heads of the photographer and lighting engineer.

"Li Tian? This is the legendary Li Tian... Why did we provoke this guy? I shouldn't go to the JD Hot Film Production Company, I shouldn't be here, even if I was hit by a car when I went out, It's better than being here!"

escape?

This guy in front of me is a god!

A few days ago, the TV station advertised that the attack on the United States was carried out by the Supreme God Li Tian. Up to now, the United States, one of the five largest countries, has not even dared to put a fart, and has compensated for Hawaii.

"Do you understand? If you understand, get out and start filming at the swimming pool outside. There are still many actors over there. I believe they really want to see such a gratifying scene!" Li Tian said.

The photographer and the lighting engineer pulled up the bodies of the big and small bosses, no matter whether they were in pain or not, they just walked out!

In their eyes, the boss of this size is finished.

Even if they didn't get stabbed to death in the new Brokeback Mountain, they would end up being the most miserable people in Dongying Island!

The hotel staff was still waiting for Li Tianneng to give him some tips like Ye Meijing did. After listening to Li Tian's handling of the bosses and big bosses, he was instantly broken. He didn't even have the courage to talk to Li Tian. He even hated himself why not Fate is about to crawl in, if it can be forgotten by Li Tian, it would be great.

Li Tian turned to look at the hotel staff and said, "You made the phone call, right? You are indispensable for their innocence. Now you are responsible for supervising their shooting. As long as the film is finished, you will benefit from it!"

The hotel staff, who had been desperate, immediately fell to his knees, crying bitterly moved!

"The villain promises to complete the task!" he said vowedly.

"This room has been contaminated with blood. Are the other rooms in this villa hotel empty?" Li Tian asked.

"If you go back to the lord, the other rooms are empty!"

As soon as the hotel staff spoke, they saw Li Tian picking up the two women in the sheets and disappearing instantly!

"God, it really is God! Hey, now I..."

...

Appearing in the next room, Li Tian threw Liu Jimeng and Ye Meijing on the bed, first held Ye Meijing in his arms, pressing his abdomen on Li Tian's legs, his hips up, Li Tian's palm fell without hesitation Above Ye Meijing's hips.

"Let you behave, if I come a few minutes late, you two bastards..."

Snapped!

Snapped!

This feel, this elasticity is really... great!

"Xiangong, you can do it hard... Xianggong, don't stop!"

Ye Meijing blushed fiercely, as if it could catch a fire at any time, bearing Li Tian's salted pig's hand, at first he resisted the pain and groaned in a low voice, but soon, this guy was completely let go, even nonsense. Gibberish.

"Good day, I will start playing with fire and self-immolation if I continue to fight!"

Li Tian threw Ye Meijing on the bed and picked up Liu Jimeng again!

Snapped!

Snapped!

Li Tian's big and powerful palm kept falling on Liu Jimeng's small buttocks, his voice remained the same, and his hand felt even more!

".....Ok....."

".....Ok....."

These two women were clearly in Li Tian's hands, but Li Tian was upset by these two women!

Do woolen yarn!

Li Tian also threw Liu Jimeng on the bed.

Those two cups of fruit completely aroused the desires in the hearts of these two women. These two women were like two wild cats, waiting to stare at Li Tian's teeth and dancing, and Li Tian's heart straightened when he watched!

"I won't play with you anymore, I'm going to supervise those **** to shoot New Brokeback Mountain," Li Tian said.

With that said, Li Tian stretched out his hand to easily break the ropes bound to Liu Jimeng and Ye Meijing.

Before Li Tian had time to teleport out, Ye Meijing threw Li Tian to the ground like a cheetah. Her body was like a soft water snake, entangled Li Tian tightly, with two arms around Li Tian's neck. Cherry Little Mouth blocked Li Tian's mouth instantly!

"Asshole, you are committing a crime..." Li Tian screamed sadly in his heart.

Li Tian had already regarded Liu Jimeng and Ye Meijing as his women, but for these two women Li Tian hadn't thought about going to the next step, occasionally teasing them, Li Tian was already satisfied.

But now, Li Tian wants to get rid of Ye Meijing, but before he has time to do it, Liu Jimeng has also been wrapped around Li Tian, Liu Jimeng's little hands are hot, constantly tearing Li Tian's clothes.

"The heroine is spared!"

Li Tian used a gravity attack to control Liu Jimeng and Ye Meijing, but the strength of the two guys who were drugged was almost the same as that of the venerable. If Li Tian didn't want to hurt them both, I'm afraid There is really no way to break free at this time!

At this moment, Liu Jimeng displayed a trick five dragons to hold the pillar, and instantly grabbed Li Tian's handle in his hand!

Hot!

Tight!

Li Tian really cried this time.

After playing with the eagle for a lifetime, he was pecked by the eagle this time.

Li Tian had the intention to kill the thief, but was unable to recover.

hiss!

hiss!

Li Tian's clothes were quickly torn to pieces. Liu Jimeng and Ye Meijing's bikini tops did not know when they broke free. Two white rabbits of different sizes and shapes reflected Li Tian. In the eyes.

"Damn it, I won't say let go of that man anymore, I have the ability to come to me! Ouch!\\"

"You die!"

"What the **** do you mean by biting me? The culprit will leave and give me a shot..."

Soon a nervous prelude echoed in the room: ah...

Chapter 4338: : Woman Xia Spare (9)

The cloud stopped raining.

Li Tian was lying on the bed in the big room. The sweat drops on his body had already wetted the bed sheet. On this wet bed sheet, the two plum-like reds were particularly dazzling.

After a fierce battle, Li Tian pulled Liu Jimeng and Ye Meijing back from the cliff. Although their faces were still ruddy, they were no longer that sickly red, but because of intense exercise.

"Amitabha Buddha, sin and sin... accidentally ate two more!" Li Tian said silently in his heart.

Next to Li Tian, lying on the left and right were Liu Jimeng and Ye Meijing.

The three of them lay on the bed naked, like three fresh shrimps placed on a street stall.

Liu Jimeng frowned slightly.

As the old saying goes, it is painful and happy. Liu Jimeng feels this way.

Just now, Liu Jimeng didn't feel anything, but now he was resting, but he felt a little pain. This feeling was like a long-distance running.

During the long-distance running, you will feel tired and have difficulty breathing, but you will not feel the pain in your legs, but when the long-distance running is over, you will find that your legs start to hurt badly when you are resting.

Of course, this is an inappropriate example.

Compared with Liu Jimeng, Ye Meijing is a heartless guy. This guy now looks at Li Tian with a dissatisfaction look, his eyes full of longing.

Seeing Li Tian turned his head and glared at her, then the guy said two words: "So fast! Love, it's over before it starts!"

Li Tian is already messy.

"Your sister? What does it mean to be fast? This battle is obviously a protracted battle, and it lasted for at least forty minutes, okay?"

"So fast! Love is not about selfish possession, but should satisfy her!"

Li Tian is even more messy.

This is the rhythm to be challenged!

But Li Tian doesn't want to challenge!

Although beauties are good, don't be greedy?

Besides, Liu Jimeng and Ye Meijing, the two guys just now played a wheel war, constantly changing various postures and positions to challenge Li Tian's bottom line.

These two guys are not changing horses!

No, to be precise, it was Li Tian's high-intensity battle that lasted more than forty minutes without changing horses.

"Li Tian...or...we..."

"I refuse! There are still many things outside that I need to deal with!" Li Tianyi resolutely said.

"Hey, give you a face, right?"

Ye Meijing stretched out his hand and grabbed Li Tian's lifeline, and then Li Tian's lifeline seemed to have been cast by magic, stubbornly arrogant.

"Have you taken it?"

"If you subscribe again, the heroine will bypass me!"

"Hey, this little monk seems to be dissatisfied, and staring at me with his head high, let me subdue it..."

Then...there was no more. Ye Jingjing turned on his horse and ruined Li Tian again like a beast!

...

Li Tian was sure that Ye Meijing and Liu Jimeng were retaliating against him nakedly, as if they were trying to make up for everything they had lost in the death battlefield waiting for Li Tian for ten years.

In this battle, the sky is dim and the earth is dark, and the ghost is crying.

Well, this is Li Tian bragging. The sky is dim and dark because there are already dark clouds outside the window. It seems that it is about to rain, and there is no ghost crying Shenhao. The last crying is Li Tian.

"Li Tian, look, it's going to rain soon! I heard that the little monk and Muyu go better on rainy days?"

"Stop kidding..."

"Li Tian, I'll make you a magic trick. This is the little monk. I breathe into it, hehe, look, the little monk is full of blood and resurrected...Hahaha..."

then.....

"Woo, the heroine spare her life!"

Ye Meijing, the beast, ravaged Li Tian time and time again. At the beginning, the little monk could resist. The youngest monk didn't even have the strength to resist. He was beaten up again and again by foaming at the mouth. In the end, the little monk's stomach was lost. Spit out.

Relatively speaking, Liu Jimeng is a lot more gentle and virtuous. She has only done beastly acts against Li Tian ten times. Compared with Ye Meijing, Liu Jimeng is already a saint!

Li Tian was weak, feeling that the little monk was bald, and wanted to become a monk again!

Li Tian didn't know how he got out of bed in the end, and his legs were sore that he couldn't stand at all. Even walking became a luxury, let alone teleporting.

...

The most sad reminder is the young boss of JD.com. The father and son are disabled and determined to work with illness. They insist on filming the new Brokeback Mountain. When the two of them arrived at the swimming pool, the actors and actresses brought by JD.com had already escaped. The corpses that were killed by Li Tian's soul-breaking fingerball were all pulled away!

The young boss is sighing that the sky has an eye. At least when his chrysanthemum will not turn into a sunflower, some other actors have arrived in the hotel. These actors are exactly when the young boss boasted that Haikou was going to shoot Qianren Zhan before. The company's people were recruited urgently from elsewhere.

These actors were originally directed at the actresses. When they heard that the actresses had already escaped, these actors immediately became furious and shouted to greet the young boss and his family.

Some actors even greet the young boss very rudely, and these people are not a minority.

The hotel service staff showed great fearlessness at this time. He took out the tip that Ye Meijing gave him, waved his hand, and shouted: "Talking is the real man, this money can be used as compensation for your greetings to the young boss, if Not enough, my back-office boss can still use some more money for friendship sponsorship!"

As a result, the hotel staff shouted that out of all the actors who were going to leave have stayed.

They are all professional actors, and this kind of scenes have not been shot less. Now they can not only relieve the anger in their hearts, but also make money. Why not do it?

The young boss really cried this time.

Heaven's sins are forgivable, and you can't live your own sins. He didn't expect that the people he called would eventually come to greet him! The big boss is close to the water, and he is not immune.

Therefore, this new Brokeback Mountain script was changed to a thousand people Brokeback Mountain because of the participation of enthusiastic actors.

There is no way to describe the sadness of the two bosses with a chrysanthemum platform. Even if the big boss's leg is not broken, it is estimated that in the future he can only rely on a wheelchair. Inaccurately speaking, it is a stretcher, because he dare not ride!

...

Later, the hotel service staff made a fake tiger and sent the portrait photos of Liu Jimeng and Ye Meijing taken by JD.com to Li Tian. Looking at the various role-playing costumes, Li Tian's heart was filled with joy. Put away these things politely.

Although this hotel staff did not become a handsome man, he also took over the JD Hot Film Production Company. Later, this guy gradually shifted the focus of the film company and started shooting serious movies.

When Li Tian was about to go to the Underground Palace of Wangta Temple, Li Tian received a call, inviting Li Tian to participate in the meeting of the heads of state of the 100 nations of the earth and the world that was being held in Kyoto, China.

At the invitation of Father Mu Yunlong, Li Tian had to participate!

Chapter 4339: : The God of the Earth (1)

Somewhere in China, Kyoto City, Zhonghai and Nanhai.

"Li Tian, this is some information collected by the Intelligence Department, you can take a look first!" The little lady pushed a file bag to Li Tian and said!

Li Tian looked down at the document.

The little lady continued: "According to the intelligence of the Intelligence Department, the number of domestic tourists has increased sharply recently because of the meeting of the heads of state of the 100 countries, but among these tourists, we obviously found that many former world-class powerhouses have entered China..."

"Aren't they too sensitive? These strong people are also humans, and they also have travel needs, especially since China has god-level strong people like me, they also need spiritual worship. It is normal to come to China to pay homage to me!" Li Tian said shamelessly.

"Hope! This meeting of heads of state of the Hundred Nations is the first time that China has hosted such a high-level meeting after the end of the world, and it is also China's best opportunity to show it to the outside world. The old army chief is worried that someone will destroy this meeting. and so.....!"

"I understand, leave it to me!" Li Tian said.

...

Of course, the lost face can be retrieved, and this is true for individuals and countries.

Although Li Tian temporarily let the U.S. government succumb to it, the strong people in the U.S. will not admit defeat.

The strong men in the United States clamored to teach Li Tian a lesson, and let Li Tian know that the strong man in this earth world is not only Li Tian alone!

The strong men of the United States secretly contacted the strong men of Europe, but the two sides hit it off. These strong men decided to use this conference to restore the face they had lost, and they also had to teach Li Tian and China a lesson.

Before the end of the world, those strong on the Forbes strength list have quietly entered China.

As for the attacks that occurred in the United States, these powerful men automatically made up for it and classified them as terrorist attacks, such as destroying warships. This kind of thing is not too difficult for these powerful men. As for the Pentagon being destroyed. , There must be other reasons.

If they had to say that this was what Li Tian did, they would not believe it even if they were killed.

The strong have the self-confidence of the strong, and the strong also have the information channel of the strong!

Ten years ago, Li Tian's strength was no secret among the strong, but Li Tian at that time was definitely not unattainable!

In the past ten years, many of these powerhouses have grown by leaps and bounds. Before they saw Li Tian's current real strength, they all considered themselves the strongest.

Because in the past ten years, the cultivation base of the strong on earth has improved, especially the strong ones on the Forbes strength list, their cultivation strength has even improved by leaps and bounds!

Of course, this big reason has to be given by Liu Feng.

After Liu Feng took control of China, in order to squeeze out dissidents, this guy would approach the strong in various names, even spending huge sums of money to fund these strong and the group behind them.

Liu Feng, a fool, even taught Li Tian the gravity attack training knack for their cultivators, freely and diligently to teach them to the strong from other countries!

As you can imagine, the strong from other countries have constantly broken through to the realm of cultivators.

And Liu Feng, this stupid lack, almost stopped practicing because he was vying for fame and fortune in China, and he deliberately sabotaged Tianmen, lest it might affect his rule!

After Liu Feng was placed under house arrest by Li Tian, Liu Feng's loyal loyalists fled China, using the money from the back road that had been prepared to buy people's hearts, and with great profit, they wanted to rescue Liu Feng.

These powerhouses entered China one by one, but Li Tian didn't know their purpose at all.

At the meeting of heads of state of a hundred countries, Li Tian can be regarded as a special presence and a special guest.

The old man did not introduce Li Tian at the meeting. He bragged about Li Tian by the way and made these heads of state worship Li Tian. This somewhat disappointed and hurt Li Tian.

Li Tian is the owner of a small island in the Pacific, and he is also the head of a country.

Well, Li Tian is here to make soy sauce!

He is affectionately called the Little Prince of Soy Sauce.

The heads of state were in a meeting, and Li Tian seized the time to practise in a corner.

Such a meeting must be a victorious meeting, and it must be a successful meeting.

With or without Li Tian, the result is the same.

The bored Li Tian was at the conference table, holding a pencil and paper, and randomly drew cartoons on this sheet.

"It's so boring, I really want to be raped!"

When Li Tianbai was bored, he would think of Ye Meijing, Liu Jimeng, every time he thought of this, the corners of Li Tian's mouth almost flowed out, a faint smile on his face.

If the old man knew that Li Tian would be thinking about these things when he invited Li Tian back to the meeting, the old man would definitely be furious, maybe he would do something righteous to kill his relatives and beat Li Tian fiercely.

This kind of meeting can attract Li Tian probably only during the breaks of the meeting. Li Tian can talk about life and strangers with translators or mms from the secretariat!

Of course, Li Tian is a good mouth. If Li Tian and these women are really required to do something extraordinary, then Li Tian must be very happy!

It's a pity that these women don't know Li Tian, and no one is interested in Li Tian, a small island owner who doesn't shit, so no one makes such a request!

Even the President of the United States and the President of Russia walked the rumors of Li Tian, telling their entourage that Li Tian is a devil, and anyone who approaches Li Tian will not have good results!

Seeing that the cyan color on Blovic's face had faded, Li Tian was considering whether to take the IOU to ask him for money, or even wait for him to return to China some night after Li Tian suddenly appeared in his bedroom. , And then kindly invited him to get up and pee!

Regarding the rumors spread by the presidents of the two major countries, Li Tian said he was very hurt!

The meeting for a few days was calm.

It was continuously passed to Li Tian through the China Intelligence Office.

"Today is the last day of the conference, I am fine! I originally wanted to take this opportunity to let me develop my virtuosity and show the monkeys. I didn't expect them to actually come to travel. It's boring!" God said!

However, at this moment, a man walked into the meeting hall. The man walked in with a low-key cat waist, hurriedly walked in, quickly came to Li Tian, and whispered to Li Tian: " Master Li Tian, they have started to act...!"

A light flashed in Li Tian's eyes, but his heart was filled with excitement and joy.

"Finally I did it. If I didn't do it again, I originally invited out Huangfu Kunpeng, the old man Wuji, and the barbarians who were practicing in retreat. They would definitely kill me!"

Li Tian stood up abruptly, nodded slightly to the old Mu Yunlong who was giving a speech on the podium, and then said: "Go, let's go out and talk!"

Chapter 4340: : The God of the Earth (2)

The ugly-looking guy who brought Li Tian out was the director of the China Intelligence Office. His surname was Liu and his name was Liu Baoming. He was a man in his forties. ,

Liu Baoming used to be a non-core cadre of the Army Soul Corps. Because of his unsatisfactory face and ordinary strength, he has never been seen.

However, Liu Baoming is a man. This man looks awkward, but he is quite upright.

In the five years since the end of the world, this product has always secretly maintained Li Tian's reputation. He used his position and professional skills to continuously publish Li Tian's news on the Internet.

Although this kind of voice is not loud, it did not make Li Tian's name disappear after the end of the world. It is precisely because of this that the beauty reporter was able to find Li Tian's information on the Internet when he was in Jinghai.

It is precisely because of this that when Mu Yunlong returned to China again, Liu Baoming was appreciated by Mu Yunlong, and he was also exceptionally promoted from an ordinary staff member of the China Intelligence Service to the Director of the Intelligence Department.

Out of the Great Hall, Director Liu quickly told Li Tian the information he had collected.

In general, in the past half hour, there have been five or six conflicts between foreigners and Chinese people in Kyoto, and many Chinese people have even been injured.

But according to the intelligence of the Intelligence Department, these foreigners are not ordinary people, they are all foreign powerhouses.

This seems to be just an appetizer. In the most prosperous area of Kyoto City, some strong people from the United States and Western Europe even set up private arenas, openly clamoring to challenge all the strongest in China!

Li Tian handed over the safety of the Great Hall to Tang Xiaolong. Tang Xiaolong, a powerful man of the venerable level, guarded this place. If there were any problems, it would be strange!

"The emergencies that occurred in several other places should be handed over to the China Special Operations Department and the Intelligence Department. However, the strong Tianmen and Xue Ji and others I invited must lead the team. I put the shame on the front, right. Don't be too polite to those troubled foreigners, don't make a noise if you can fight!" Li Tian said.

"Master Li Tian, is this... not so good? It may cause..."

"Are you **** inferior in your own bones? We Hua Xia was so awesome thousands of years ago. Even if we violated my Hua Xia, even if we are far away, these words are not literary processing, they are real. For hundreds of years, Huaxia has been weak, and even the pride in my Huaxia people's bones has been discounted. Today, I, Li Tian, will connect this pride, so that we Huaxia people will be proud from now on!" Li Tian said with some dissatisfaction.

That's right, before the end of the world, Dongying Dog lost a bicycle in Huaxia and it was a **** terrible case. The boneless dogs of China have solved the case within a time limit and will be able to find it back soon.

However, if it is Huaxia who loses a bicycle, hehehehe, you think you are unlucky.

"Understood!" Director Liu quickly dialed a call to convey Li Tian's spirit.

After hanging up the phone, Director Liu looked at Li Tian and said, "My lord, should we go to where Liu Feng is now? Otherwise, once they rescue Liu Feng, we won't be in a hurry!"

"What's the panic? Let's go to the ring first! Don't those people clamor to challenge the strongest in China? How can we not go to this kind of thing that requires being beaten?"

"but.....?"

"Hey, young man, you are still too tender!" Li Tian patted Liu Baoming, a teenager who was older than him, on the shoulder, with a proud expression and said, "Do you think China needs a live Liu Feng or a Dead Liu Feng?"

"What do you mean?"

After asking this question, Director Liu instantly understood what Li Tian meant!

"Liu Feng was able to communicate with foreign enemies and premeditated to sabotage the meeting of the heads of state of the Hundred Nations. He was spotted by the wise and martial Chief Liu, and the criminals were wiped out all at once! Chief Liu, this is a great contribution! It is very fast compared to Chief Liu. He will be appointed as an official, won and marry Bai Fumei, and embarked on the pinnacle of his career! Congratulations!" Li Tianjian said!

Director Liu was overjoyed.

This is, but it is a great contribution!

Although Liu Feng was put under house arrest, these people did not die for a day, and everyone had a thorn in their hearts.

Originally, if Liu Feng could be obedient and be an obedient baby, then Liu Feng might not be able to live to death!

But now that Liu Feng is going to die, then Li Tian, Director Liu and the others will of course do favors to make Liu Feng die faster.

If Li Tian and others rush over now, Liu Feng's comrades' plan to rescue Liu Feng aborts, and Liu Feng insists that this matter has nothing to do with him, China would never behead Liu Feng directly.

"Thank you, Brother God, for your great kindness, my Liu Baoming..."

"Fart, as long as you can solve problems for the old man, this kind of credit is naturally due to you!" Li Tian said.

...

Wangfujing Street, once the busiest street in Kyoto City, resumed its prosperous ten years after the end of the world.

At the entrance of the main street, there has been an arena that is modeled on the ancient China, with a vertical frame hanging on the left and right sides, writing: punch the nursing home, kick the kindergarten.

Bad

Ok!

In fact, it was written in Huaxia text: punching the north and south, kicking the west and east of China!

Horizontal batch: Come up and die!

When Li Tian came here, the ring was already full of people, and several blond devils on the ring were sitting on the left and right sides of the ring.

In the middle, a Chinese man was fighting with one of the foreign devils.

This Chinese man's strength is good. It seems that he should be a master who has been genetically modified by the zombie virus in the end times. If the level of the pre-end times zombie is used to define this person's strength, his strength has almost reached the level of ninth zombie level.

But the foreign devil in front of him was stronger, and the energy released by this man inadvertently allowed Li Tian to accurately judge that the foreign devil's cultivation had reached the second and third level of cultivation.

The foreign devil always had a smile on his face, teasing the Chinese man like a cat and a mouse. Under the ring, the audience with the mentality of watching the excitement exclaimed from time to time. The grandfather man gradually lost his interest in playing, and suddenly performed a coercive attack, instantly controlling the Chinese man, then raised his foot and kicked the Chinese man who had no resistance to the ring.

The Chinese man fell more than ten meters away, and fell heavily to the ground, a mouthful of blood came out of his mouth!

"It's already the twelfth place, it's really weak! Who else? Who else?" The foreign devil yelled arrogantly in half-baked Chinese.

Under the arena, the onlookers looked angry, but they could only shake their heads helplessly.

"I'm here!" Seeing the arrogance of these foreign devils, Liu Baoming could no longer suppress the anger in his heart and jumped into the ring and shouted.
