

A Killer 4411

Chapter 4411: : The Lost Spirit Earth City (2)

He Feng had already prepared for Li Tian's request.

The robbers of the Spirit Land knew that if they left the Laika Desert rashly, it would definitely be an act of death.

Only by hiding in the Li Tian Space artifact, they can leave the Lycra Desert.

Seeing He Feng nodded, Li Tian continued: "Secondly, this space artifact has already dripped blood to recognize the Lord, do you understand?"

"Understood!" He Feng said.

"That's easy to say. You should have a chill with your lips and teeth, and understand the truth of the loss of all glory and glory. If something happens to me, such as a fall, then the space artifact that I have will be broken. Then, you living in the space artifact, It is possible to be involved in the turbulence of time and space."

"This is not the result you want, nor the result I want"

"So, I hope that when I encounter danger, you can guarantee my safety. Of course, I am a man of integrity, I will not provoked troubles, let alone provoke those who are far stronger than my people."

"Beyond this, if I encounter danger, then the bandits of the spirit soil need to solve it for me. If the danger exceeds your strength, I will try not to let you get involved." Li Tian said.

There is no free lunch in the world. These spiritual land bandits want to use Li Tian, and Li Tian also wants to use these spiritual land bandits, and this question raised by Li Tian is the prerequisite for cooperation.

Responsibilities, responsibilities, responsibilities and rights are complementary. If He Feng disagrees, then even if Li Tian is rare for these powerful spiritual bandits, he will say goodbye to them.

If as Li Tian expected, He Feng nodded again.

Li Tian let out a sigh and continued: "After leaving the Laika Desert, we may not enter the Laika Desert in a short time, so these spiritual soil will be especially precious. These can be regarded as the property of your spiritual soil city. In the space artifact, if you need to buy the Netherworld or the items in my hands, I can do it for you!"

"Brother Li Tian, don't worry, since we are leaving the Laika Desert, we must take these spiritual soils away! It's just that there are more than 5,000 people in our spiritual soil city. I don't know if your space artifact can hold us like this. Many people survive!" He Feng said.

A smile appeared at the corner of Li Tian's mouth, and he took He Feng into the Qiong Lance of the sky.

Seeing the vast space of the Qiong Lance of the sky, He Feng's eyes have been straightened. He used the teleport several times in a row, but he didn't know how wide this space artifact really is. When he returned to Li Tian again When I was around, my expression changed.

"Okay, great! What kind of space artifact is this, it is clearly a universe! Not to mention our more than 5,000 people, even if it is 10,000 or 100,000 times more, it can be completely accommodated!" He Feng Said excitedly.

In the space of the Qiongspear of the sky, there are more than 200,000 refugees from the Vagrant City following Liu You, the entourage of the Three Young Masters of the Nether, and the Ethereal Race brought by Li Tian from the earth world.

The virtual spirit race is in a state of nothingness, but when the cultivator's cultivation reaches the state of the venerable, the mind and eyes are automatically opened, and the existence of the virtual spirit race can be seen.

A huge city has been built in the space of Qiongspear of the sky, and more than 200,000 refugees of various races coexist peacefully in this city.

There is no looting, no fighting, it's just a paradise.

Compared to the spiritual soil city in the Laika Desert, I don't know how many times it is better.

Seeing the Qiong Spear Space of the Sky, He Feng was determined to follow Li Tian in the future.

Moreover, the spiritual soil obtained in the Laika Desert by the Spirit Earth City can finally come in handy.

Seeing He Feng's expression, Li Tian knew that things were inseparable.

"Then what I asked you to consider?"

"Deal! The waiting for thousands of years has not been in vain, hahaha, now you bring those little monkeys into this space, I don't want to come here anymore!" He Feng said cheerfully.

Li Tian still brought He Feng out of the Qiong Spear space of the sky.

He Feng excitedly went to communicate with the Lingtu robbers in Lingtu City, and soon cheers came from the robbers in Lingtu City.

Li Tian successively sent part of the robbers from the spiritual soil into the spear of the sky.

Of course, although the number of these robbers is not as large as the refugees in the refugee city, there are still 5,000 people. At this time, the containers made by Liu You played a role in the refugee city.

Since you want to leave the Laika Desert, the miners in the pit of Spirit Earth City must also be taken away.

Once they lose the protection of the spiritual soil city, they will soon be beheaded by the nether sand wolf, sand scorpion and other spiritual soil bandits.

In accordance with Li Tian's request, He Feng sent people to take nearly 100,000 miners out of the four mines and back to Lingtu City.

These miners saw that the two walls of Lingtu City were destroyed, and they began to guess that Lingtu City might have been attacked, and they might be destroyed.

For a while, the faces of these miners were ashen, and some even screamed in despair.

Of course He Feng came forward at this time. He Feng killed a miner at will, and the other miners immediately fell silent, like frightened quail, afraid to make noise anymore.

Then, He Feng led the miners to put the spiritual soil accumulated in the spiritual soil city for thousands of years into containers in batches.

Then Li Tianyou sent these containers into the space of the Qiong Spear of the sky, and then the refugees and robbers in the space poured out the spiritual soil in the containers.

What Li Tian didn't expect was that the amount of spiritual soil accumulated in this spiritual soil city for thousands of years far exceeded Li Tian's estimate, and the spiritual soil contained thousands of containers.

In the Qiong Spear space of the sky, these spiritual soils have accumulated a spiritual soil mountain!

After a day and a night, Li Tian brought all the spiritual soil, spiritual soil bandits, and miners into the Qiong Lance space of the sky.

The Spirit Earth City has become an empty city. Li Tian held the Heavenly Qiong Spear and used the Qingyun Qi Jue to erase the entire Spirit Earth City on the Laika Desert.

In the space of Qiong Spear of the sky.

He Feng stood in front of Lingtu Mountain with a smug expression on his face.

"Brother Li Tian, we have been waiting for the spiritual soil city for thousands of years. Every year we will bury a part of the spiritual soil under the spiritual soil city in case of emergency. For thousands of years, we have also hidden this I'm really ashamed of my possessions!"

Ashamed of a fart, Li Tian saw only pride from the face of this guy.

"The biggest use of spiritual soil is to cultivate spiritual fields! In the Laika Desert, we had no choice but now we can finally make the best use of spiritual soil!"

He Feng was proud for a while.

Seeing Li Tian looking at him like an idiot, He Feng remembered that it was not time for him to be proud.

He Feng coughed several times continuously to cover his embarrassment.

"He Feng, is there any way to quickly improve the cultivation level?" Li Tian asked.

"There is no shortcut in the practice. If you want to improve your cultivation quickly, you can go to the dark forest! Maybe through thousands of battles, you can improve your cultivation in a short time!" He Feng said.

Chapter 4412: : Four Forbidden Areas

"You mean the dark forest?"

Hearing the name of the third son of You Ming who was beside Li Tian, his face changed slightly.

"Do you know this place?" Li Tian asked, turning his head.

Ye Liangchen nodded and continued: "It's more than knowing! The Netherworld is vast and boundless, but its four places are called the Forbidden Lands of the Venerable."

"The first Wanshen Mountain, the strongest domain master of the Netherworld fell to the ground ten thousand years ago. The domain master fell, but the space rings and magical treasures of those fallen domain masters were left in the Wanshen Mountain."

"If you venture into the Wanshen Mountain, you will most likely find these treasures. However, in the Netherworld, only those with a cultivation base of the ninth level or above dare to enter the Wanshen Mountain."

"The second place is the Nether Cry Sea. The Nether Cry Sea has powerful marine beasts. These marine beasts are born with the master cultivation base. The eighth and ninth levels of the Nether Cry Sea are also countless. ."

"But these creatures will crystallize in the long-term cultivation body. They are called beast crystals, and these beast crystals are extremely beneficial to the improvement of the cultivation base. Similarly, if there is no Venerable eighth level or higher cultivation base, they rush into the Nether Crying at the sea is tantamount to seeking a dead end." Long Aotian said.

"In the third-ranked blast valley, there is only one kind of monster in this blast valley. The cultivation base of this monster is basically between the sixth level of the sage and the eighth level of the sage, and even higher.

"This kind of monster guards a kind of medicinal herb in the gust of wind. The demon blood Yijing pill of the underworld is made from this kind of monster blood and medicinal herb! And the fourth place is the dark forest!" Zhao Ritian Said.

"Although the dark forest ranks fourth, it does not mean that the dark forest is the least dangerous. On the contrary, the dark forest has many species. So far, there are still undiscovered mysterious ghost beasts."

"However, the dark forest is divided into three layers, which are divided into the outer layer, the middle layer and the core layer. Even the emperor and the domain master dare not rush into the core layer deep in the dark forest. From this we can see the danger of the dark forest. degree."

He Feng looked at the third son of You Ming, a little surprised.

Although the four forbidden areas in the Nether Realm are not secrets, it can be said that almost all the powers of the noble level know the existence of these four forbidden areas.

However, to be able to tell the dangers and species in the four forbidden areas like a few treasures, this is not something that every Venerable can do.

"It seems that the identities of the three people in front of me are also extraordinary!" He Feng thought to himself.

"Yes, Ten Thousand Gods Mountain, Nether Cry Sea, Gale Wind Valley, and Dark Forest are all dangerous anomalies. But relatively speaking, the Dark Forest is the most suitable place for our venerables to experience."

"The real dangerous area in the dark forest mentioned by this brother just now is the core layer. As long as you avoid the core layer, the danger between the dark forest and the outer layer is relatively small."

"With your Venerable's third-level peak cultivation base, we can go to the outer layer of the dark forest first. With my spirit soil bandits here, you can basically guarantee your safety!" He Feng said.

"What is a basic guarantee?" Li Tian said dissatisfied.

"In the outer layer of the dark forest, the most dangerous Nether Beast cultivation base is probably the Venerable fifth-level realm. The dangers of this realm do not need me to take action, other spiritual soil bandits can help you easily solve it!"

"However, there are always exceptions. For example, if the ghost beasts in the middle level have the Venerable level 6 or above, they may go to the outer level without any problems. Of course, if the cultivation base of these ghost beasts is only around the Venerable level 7, I can also solve the danger with my shots, but if the cultivation base exceeds Venerable Level 7 or above, then I can do nothing!" He Feng said quite calmly.

Cheating!

Li Tianzhen wanted to kick He Feng to death.

But now it seems that there is no other choice.

"This probability is very small, so it can basically be ignored. However, the most dangerous thing in the outer layer of the dark forest is not the ghost beast, but the other cultivators!" He Feng said.

"Yes, the cultivation bases of those who dare to enter the dark forest are generally not weak, and those who are powerful, the emperor, or the descendants of the domain master, will have a follower of the seventh or eighth level. If you provoke these guys, it is equivalent to provoke the powerful forces behind them!" Zhao Ritian said.

"That's right, but not all right! The dark forest, the real most dangerous thing is the bounty hunter who wanders in the dark forest all year round." Ye Liangchen said.

Speaking of bounty hunters, the three sons He Feng and You Ming suddenly stopped talking.

"Bounty hunter?" Li Tian asked suspiciously.

At the end of the earth world, there were also many bounty hunters. Li Tian was also a bounty hunter, so naturally he would not feel any danger in bounty hunters.

"These bounty hunters live in the dark forest all the year round. These bounty hunters live by hunting ghost beasts all year round, but they will also target other testers! They are like ghosts, appearing and unexpected. Cold arrows are hard to guard against!"

"The most famous event in the history of the Netherworld that defeating the strong by the weak took place in the dark forest. About eight thousand years ago, a domain owner entered the dark forest. As a result, the domain owner fell in the middle of the dark forest! And let this domain owner It was a few bounty hunters of the ninth-level stage that fell!" Ye Liangchen said.

"This... how is this possible? A domain master-level powerhouse can kill the emperor-level powerhouse at will, how can it be..." Li Tian asked in surprise.

"Brother Li Tian, what he said is something that really exists. The ninth-level bounty hunter who shot the domain master-level powerhouse is no one else, but is the famous Underworld master in the Underworld!" He Feng said.

"The Dark Territory Lord has become a Territory Lord Killer again! After the Wanshen Mountain Incident, at least five Territory Lords in the Nether Realm were beheaded by him! It is precisely because he killed so many Territory Lords, his cultivation level Advance by leaps and bounds and successfully step into the realm of the domain master!"

It's really awesome!

The ninth-level powerhouse of the Venerable, unexpectedly can kill the domain master-level powerhouse.

When Li Tian was at the eighth level of a cultivator, he had once killed a powerful person at the noble level.

But if compared to this dark domain master, Li Tian felt that his dark domain master was a bit more powerful than him.

Li Tian actually saw the figure of himself pulling the wind on the body of the dark domain master.

Hey, then you have to go to the dark forest to meet bounty hunters!

"Okay! Then let's go to the dark forest!" Li Tian shouted excitedly.

...

After making a decision, Li Tian and others left Lingtu City and sneaked into the Tucheng where the old lame was. The Corpse and others had already left Tucheng with Emperor Yu Shuang, which made Li Tianxin a little regretful.

"Zipao, let you live a few more years temporarily!" Li Tianxin thought to himself.

Chapter 4413: : The correct use of spiritual soil

When leaving Tucheng, there was an extra blanket beside Li Tian!

The blanket is a person, not a real blanket.

The blanket is He Feng's son.

As for the specific name of the blanket, it doesn't matter.

The name is just a code name.

The blanket left Tucheng crying!

The old lame handed the little lame and the blanket to Li Tian, and asked Li Tian to take them both.

In fact, Li Tian prefers the old lame to follow him.

Although the old lame guy is lame, he is an eighth-level powerhouse of the Venerable, and this strength is not an ordinary calf.

If an old lame follow Li Tian to the dark forest, Li Tian's safety factor can be greatly improved again.

But the lame man refused Li Tian's invitation!

As soon as the blanket was gone, the old lame also left Tucheng.

Li Tian went west, and the old lame man went east.

Li Tian's goal is the dark forest, and the old lame's goal is Yu Shuanghuangzun.

He Feng knew that it was basically impossible for the old lame to survive.

To Emperor Shuang, that was the closest existence to the domain master.

But He Feng did not stop the lame man.

For thousands of years, the driving force for the survival of the old lame is the little lame.

Now the little cripple's back road has been arranged, and He Feng and other spiritual robbers are protected. The little cripple's future does not need to spend in the Laika Desert, and the old **** has no reason to stay in Tucheng.

The old lame man is going to talk to Emperor Yu Shuang, who is not his father-in-law, about his life and ideals.

The old lame did a big thing before he left!

He rescued all the miners in Yushuanghuangzun's mine and gave them to Li Tian for free.

Including those two strong bone clan teasers.

The two withered bone clan powerhouses both possessed the Venerable's fifth-level peak cultivation base. These two teasing powerhouses were afraid of the Frost Emperor, and originally wanted to resist, but they saw the Niulan Mountain in Li Tian's hand. All the halazi shed.

This is a real thing, definitely not made up by Li Tian.

Li Tian also wondered how the skeletons could still play harrass.

Li Tian only used two bottles of Niulanshan, and completely bought these two withered bones!

And these two Withered Bone Races were extremely thorough in betraying Yu Frost Emperor, and they also took the miners to hand over all the spiritual soil excavated in this month to Li Tian.

Although it is far less than the spiritual soil accumulated in the spiritual soil city for thousands of years, it is better than nothing.

In this regard, Li Tian expressed a warm welcome.

In addition, a bottle of Niulanshan was specially rewarded to the two strong bones.

Then, after autumn, settle accounts.

The captains who were trying to deal with Li Tian with the corpses were picked out one by one, and then beheaded by Gao Liang. Their corpses became the fertilizer for the spiritual land cultivated by the bandits.

Although the space of the Heavenly Qiong Spear was empty now, it was much more lively than before.

The Xuling tribe built two more big cities to accommodate the miners in the earth city and the earth city respectively. Of course, these miners at the monk level are free, but they also need to continue to cultivate spiritual fields and become spiritual farmers.

After He Feng's explanation, Li Tian knew the correct way to use spiritual soil!

Method one: gnaw!

It is like a Nether Sand Wolf, directly taking in the spiritual soil as a trace element, gnawing the spiritual soil into the stomach.

The advantage of this method is that spiritual power is absorbed quickly, but the disadvantage is that it is difficult to digest. Only a few animals and non-human cultivators such as the Nether Sand Wolf and the Corpse Clan dare to use this method.

Of course, the biggest disadvantage of this method is that it has great side effects.

Not only will it affect the heart of the cultivator, but it will also affect the mind of the cultivator.

Otherwise, after the Nether Sand Wolf reaches the realm of the Venerable, the IQ of these guys is only equivalent to a three-year-old human.

As for the corpse race, this kind of race is definitely a strange existence. They can gnaw spiritual soil into their stomachs and then bury themselves in the soil. After a long period of time, they can absorb the spiritual power of the spiritual soil.

Fortunately, the cultivation base of the corpse race is generally low, and seldom can obtain spiritual soil, otherwise, the corpse race can definitely become a big race in the Netherworld.

Method two: forcibly absorb!

Just like Chen Peng, he took the spiritual soil as the spiritual source to absorb, forcibly inhaling the veins.

The advantage of this method is also fast absorption, even faster than nibbling this method! Just like smoking du, the common method is to smoke, and the way to die is to inject.

The pleasure of injection comes quickly, but it is also fast to die. After all, this method of gnawing may also excrete debris through excretion.

This kind of cultivation method also has a great disadvantage, that is, when the cultivation level reaches a certain level, it will be difficult to increase the cultivation level, and even get sick from time to time, which greatly reduces the cultivation level.

Method 3: Directly use spiritual soil as an auxiliary tool for food preparation.

For example, when making the netherworld chicken, it will be wrapped in a layer of spiritual soil, and then through a special production process, the spiritual power of the spiritual soil is made to the nether chicken.

This method is simple and rude, and much safer than the previous two methods.

However, the consumption of spiritual soil is extremely high and the utilization rate is not high.

Only the strong at the local level are willing to absorb it in this way.

Method 4: Reclaim the spiritual field.

The spiritual valley is planted through the spiritual field, and the harvested spiritual valley is made into spiritual food, and then through the diet, the body system digests the spiritual power contained in the spiritual food.

This is the safest way to practice. It is naturally pollution-free, safe and pollution-free. The disadvantage is that it is extremely slow.

First of all, Linggu has a growth cycle, planting and harvesting once a year.

But for the guys in the Underworld who have a life span of thousands or even tens of thousands of years, slowness is not a problem.

Of course, because of the scarcity of spiritual soil, this spiritual food is not qualified for ordinary cultivators.

Even if they enjoy it, they can't feel the spiritual power of the spiritual food, which is just delicious food.

Of course, ordinary Venerables cannot afford spiritual food.

The output of Lingtian is extremely low, not even one ten thousandth of ordinary crops.

Moreover, every time a stubble of spiritual valley is planted in the spiritual field, it must be repaired again, and the spiritual soil needs to be continuously consumed.

Although this method is safe, it is not very useful for Li Tian.

Although Li Tian does not need spiritual power now, he has enough spiritual power in his veins and atrium. What he needs now is to cultivate these spiritual powers, make these spiritual powers his own spiritual power, and then hit a higher level of cultivation. .

...

After leaving Tucheng, after a long journey of more than ten days, Li Tian finally walked out of the Laika Desert.

Then, according to He Feng's instructions, Li Tian headed north, towards the dark forest.

Li Tian seems to be a lone traveler, crossing the entire Laika Desert alone.

Coming out of the Laika Desert, the desert is surrounded by a vast land of no owner, this area Li Tian can use teleport at will.

Li Tian teleported to the Venerable Kingdom of more than a dozen ordinary Venerables.

After three months of traveling, the low-key Li Tian tried to avoid the Venerable Kingdom of the Emperor and arrived at the Venerable Kingdom of the Flower Demon Venerable closest to the dark forest.

Venerable Youhua Yao, a powerful Venerable of the ninth level of Venerable, although he has not reached the realm of Emperor Venerable, but his Venerable is also prohibited from teleporting in the country.

So Li Tian can only walk through it on foot.

Entering the Venerable Kingdom of Youhua Yaozun, Li Tian's eyes almost straightened.

Beautiful women can be seen everywhere in His Holiness.

"Master, do you want to go to the dark forest? The journey from this venerable home is long. The little ladies are willing to go along the way. The uncle only needs to give a few dollars at will, and

the little girls on this road are your choice !" As soon as he entered the house of the Venerable, several enchanting beauties surrounded Li Tiantuan.

Pharaoh next door

Chapter 4414: : Let go of that man and come to me

"Sorry, no need!" Li Tianyi verbally refused.

"Master, don't be shy!"

"That's it! How can a cat not steal fishy?"

"Uncle, you are free to give a few money, we are all yours, do you want to fly or three..."

The latter words are a bit unbearable, but these beauties are not shy or embarrassed when they are talking, and even move to Li Tian!

"Snapped!"

"Snapped!"

Li Tian knocked off the paws of these women and said righteously: "No, please be more accurate, otherwise you will be welcome!"

Li Tian's words did not make these beauties retreat, instead they entangled Li Tian intensified.

"Yeah, yeah, I like men with this style of uncle, uncle, are you reluctant to have this little change, or else, how about we follow uncle if we don't need money?" One of them has an enchanting figure and looks like a certain actress before the end of the world. Said a somewhat similar beauty.

At this moment, Li Tian felt a murderous aura suddenly behind him.

Li Tian turned his head abruptly, but saw that behind him, he didn't know when a team of twelve people appeared. This team had men and women, and each of them was riding a strong Nether Sand Wolf under his hip.

"Wow!"

A handsome man in the head was riding on a high-top Nether Sand Wolf, untied a skin bag on his waist at will, dropped the skin bag on the ground, and dropped out a pile of metal currency in the Nether Realm. He said coldly: "Let go That man, has the ability to come to me!"

This is not domineering at all, and even a little polite. If it weren't for looking at the man with a flat chest, Li Tian would even wonder if the man was pretending to be a man!

Following these words, both the man and the Nether Sand Wolf under his crotch released a powerful murderous aura.

The murderous aura is not particularly strong, but it is enough to drink back these women.

The beauties surrounding Li Tian were silent for a moment, and quickly backed up a few steps before they knelt on the ground with a puff, lowering their heads not to look at the talking man.

The man was condescending, looking at Li Tian, with a smile like nothing at the corner of his mouth, and said, "This is the first time this Xiongtai has come to this country of Venerable!"

"What? You can see this?" Li Tian said.

The man laughed and said, "Look at the left and right, you will know the difference between you and other men!"

Li Tian looked left and right, and saw the men on the left and right were very rough and ragged, even if they were more than ten meters apart, they could smell the smell of sweat on those men.

Seeing Li Tian looking at them, the men put their weapons on their shoulders and laughed wildly. When they laughed, the rotten teeth in their mouths were completely exposed.

Even Li Tian could see the green leaves between these men's teeth and the rotten meat that was already worried!

What a disgusting **** praise, disgusting!

Li Tian felt nauseated and almost didn't vomit.

"I wipe it, no wonder these women are pestering me, it turns out that in the eyes of these women, I turned out to be a clean little meat!" Li Tian thought in his heart.

Even if Li Tian becomes a miner, Li Tian still maintains the good habits of this earth world, taking a bath frequently, brushing his teeth frequently, and sometimes even spraying a little cologne on himself.

Compared with these stinky men, Li Tian is definitely the beautiful man next door. No wonder these beauties covet Li Tian, and even follow Li Tian at all costs!

wrong!

These men riding the Nether Sandwolf looked like Li Tian, but why didn't these women pester these men?

The man riding the Nether Sand Wolf seemed to think of the doubts in Li Tian's heart, and said with a smile: "The strong in the Nether realm is respected, and the strong have the right to speak. If they entangle you, you will kill them at will. They dare not continue to pester you!"

Eh, kill at will, these powerhouses in the Nether Realm are really casual!

Although Li Tian also understands this truth, but Li Tian is a good young man from the earth world after all, he has not yet been fully accustomed to this law of survival.

After saying these words, the man took a jade medal from his waist and threw it to Li Tian.

After Li Tian reached out to catch it, the man said, "My name is You Wuqing. These people behind me are all my people. Now we are going to the Dark Forest. Will this brother be willing to walk with us? There is also a sympathy for each other!"

Li Tian looked at the dark-green jade card in his hand, then looked up at the people behind You Wuqing a few times, shook his head and said, "I just came to this kingdom of Venerable. I want to wander around in Venerable. I won't bother you!"

Although Li Tian could not accurately say the level of cultivation of the people behind You Wuqing, Li Tian could feel that apart from You Wuqing, the cultivation of the eleven people behind him were not weak, and they were conservatively estimated to respect them. Those are around level five.

Unprovoked courtesy, thievery if it is wrong.

Li Tian didn't think he had enough charm to make You Wuqing and his powerful men willing to follow him.

"That's a pity, well, we will stay in this Venerable Kingdom for a few days to prepare to enter the dark forest. If you are willing to follow us, you can come to us at that time!"

After finishing speaking, You Wuqing did not continue to entangle, and rode the Nether Sand Waves quickly.

When You Wuqing and others disappeared, the women got up from the ground and picked up the money in the skin bag that had fallen on the ground. Seven or eight women divided the money.

With this episode, those beauties are not pestering Li Tian.

At this time, a man with a stinky body that could kill flies dragged a giant axe to Li Tian's side, and said to Li Tian, "Hey, brother, why don't you look down on these ladies? They all look like flowers. Like jade, don't brothers look like men?"

Li Tian frowned involuntarily.

Doesn't this **** know how smelly he is?

Before Li Tian finished speaking, the man showed a smirk and said, "Brother, don't get me wrong. I am not from the Venerable Kingdom of Youhua Yao. Actually, before coming to this Venerable Kingdom, I was just like my brother. , That is also a handsome man. In our country, girls big and small who like me line up and can spare our country."

Li Tian's brows frowned tighter!

Shameless? Shameless?

Just like you, there are women who chase you back?

"Brother, don't believe me, what I'm telling you is the truth. The reason why I am what I am now is entirely out of self-protection! Fortunately, brother, you are not tempted by those beautiful women, otherwise... Hey, I promise you will The backyard blooms..."

Chapter 4415: :prey

Hearing this smelly man's words, Li Tian couldn't help feeling the chrysanthemum tighten.

"You mean... they are not women?"

The stinky man showed a mean smile, nodded slightly and said, "Nor can you say that, they are hermaphrodite to be precise!"

I rub!

When he looked at those beautiful women again, Li Tian suddenly felt a chill.

There are also hermaphrodite creatures in the earth world, but these creatures are generally low-level creatures, similar to land snails, slugs, earthworms, etc. Of course, in the normal process of human reproduction, there is also a very small probability that hermaphrodite characteristics will appear, but can Only a certain country in Southeast Asia is truly hermaphroditic.

Of course, these are all acquired through hard work to become hermaphrodite!

Li Tian didn't expect that there would be such a magical species, androgynous people in the Netherworld!

No wonder these beauties are tall and outstanding.

"Hey, brother, I have a good news and a bad news to tell you! But telling you these two news I need to bear a lot of responsibility and risk, so..." The smelly man showed what you know Expression, said to Li Tian.

Li Tian took a few steps back, pulling a little distance.

Li Tian was thinking about turning around and leaving, and then he thought about it, isn't it just some coins? When he died on the battlefield, Li Tian collected a lot of netherworld coins, not to mention that Li Tian now has a lot of spiritual sources and spiritual soil. Coins are of little use to Li Tian.

Li Tian flipped it casually, and there was already an extra skin in his hand, which was filled with metal coins from the Underworld.

The smelly man immediately smiled brighter when he saw the skin.

Reached out to take Li Tian's skin bag and said, "Do you want to hear the good news first or the bad news first!"

"Say some good news and listen to it!"

"The good news is, because of You Wuqing, in this Venerable Kingdom of You Hua Yao Venerable, there will never be a woman to pester you again!"

This is indeed good news for Li Tian, after all, it can save a lot of trouble.

"What about the bad news?"

"The bad news is that you have been targeted by You Wuqing, and now you are the prey in You Wuqing's eyes. You Wuqing is a descendant of Youhua Demon Venerable, and the prey he is staring at in this Venerable Kingdom is still rare. Few escaped alive! Unless you turn and leave the Venerable Kingdom of Youhua Yaozun now, you will be the same." The smelly man said with a strange smile.

"What do you mean? Isn't You Wuqing a good man? He is a man!" Li Tian asked.

"Hey, this is the kingdom of Venerable Youhua Demon. Any magical thing can happen. That You Wuqing looks like a man in appearance, but he is the same as these women, and he is also hermaphrodite, but he He appears to be a male only, but like those women, he kills both men and women."

Li Tian suddenly felt bad, and threw the jade medal You Wuqing threw to him directly to the man in front of him.

Before the end of the earth world, the habit of breaking sleeves and the goodness of Longyang had been legalized in some countries, but as a normal man, Li Tian still felt a little unacceptable.

In the Netherworld, he could encounter even more weird things, hermaphrodite, male and female killers, thinking of this kind of thing Li Tian shivered all over, a little nauseous.

You Wuqing's cultivation base is not high, and Li Tian can easily solve him.

Those followers of You Wuqing are not very strong either, at least ten such strong can be brought out at will in Li Tian's space of Qiong Spear of Heaven.

But here is the kingdom of the Venerable Youhua Yaozun. The Yuhua Yaozun is a strong man in the middle of the ninth level. Li Tian doesn't want to provoke anyone at this level for the time being!

"Are you going to turn around and leave the kingdom of the Venerable Youhua Demon? Or continue to venture forward? If you leave here, and then want to enter the dark forest, you need to take a detour. It takes about three or two years to pass through. The kingdom of the emperor, the Venerable Kingdom, entered the dark forest through another area."

"If you take the risk, there is no way. You can dress up like me, so he might lose interest in you." The smelly man asked.

Li Tian hesitated!

The nether world is vast.

If there was no such kingdom of the emperor, Li Tian could use teleport to quickly go around and enter the dark forest.

But it is precisely because the kingdoms of those powerful emperors and ninth-levels are connected to each other, it is really impossible to pass through these kingdoms without two or three years.

For Li Tian from the earth world, wasting two or three years on the road is a bit unacceptable!

"Would you like me to help you! A bag of coins, I can take you to a magical place, after going to that place, I can dress you up a bit uglier than mine, but you will definitely not It smells bad! This way you can easily pass through this country to the dark forest!" The smelly man continued.

Li Tian looked at this stinky man, his cultivation was only the first level of the sage.

"If you dare to play tricks, I will make you better than dead!" Li Tian said.

With that, Li Tian took out another bag of coins.

"Hey, how dare I play tricks? Your cultivation base is much higher than mine. Would I make fun of my life? Just rest assured, I am a man with professional ethics!" Said.

After receiving Li Tian's coins, the smelly man led Li Tian and walked out of the Venerable National City of Youhua Yaozun, and galloped toward a forest.

Li Tian followed closely behind.

Soon, the two entered a forest.

The ancient trees in this forest towered to the sky, and each tree had a double hug, and the man's speed did not slow down, but accelerated and rushed forward.

Probably moving forward in this direction for more than fifty miles, the scene in front of me gradually changed. The trunks of the big trees nearby became thinner and thinner, and some of the trunks were even dead.

"Almost there!" the man said.

Li Tian did not speak, but he was a little more wary of this man in his heart!

Li Tian secretly communicated with Xukong Yasha.

At this time, the man had brought Li Tian to the bottom of a mountain.

A clear spring on the mountain flows slowly, and at the bottom of the clear spring, there is a mud puddle about several hundred square meters.

The quagmire was dark and there were still bubbles on it.

"Here, here is this quagmire. The black mud in this quagmire has a magical effect. As long as the mud is applied to your face, it can change your appearance, and it can last for half a year! This half a year is enough You have passed through the Venerable Kingdom of Youhua Yaozun!" the man said.

"Try it first!" Li Tian said.

Without the slightest displeasure, the man threw the giant axe aside, and stretched out his hand to continuously smear the mud on his face.

With these actions, Li Tian saw the man's face as if it was radiated, and it became ugly and harder to look.

The man crawled out of the quagmire again, and continued: "If you want to get rid of it quickly, you can wash it with this clear spring water, and you can restore your original appearance in a while!"

As he said, the man picked up Qingquan and washed his face again. After a few minutes, as expected, the man changed back to his original appearance.

"It's amazing. These muds are the best grooming cosmetics, and these clear springs are makeup removers!" Li Tian decided to pack more of these black muds and clear springs, and he might still be able to use them in the future.

"I brought you here, and my task is complete! Then it's up to your luck, I will flash it first!"

After that, the smelly man disappeared in a teleportation, and he didn't even have time to take his great axe.

Li Tian squatted on the edge of the quagmire, began to collect the black mud, and smoothly smeared a few pieces of black mud on his face.

After applying the black mud, Li Tian suddenly felt that his face seemed to be half swollen, and there was a crisp and numb feeling on his face.

Li Tian continued to collect the black mud.

"It's a pity that these black mud can only make people ugly. If you can beautify people, if you transport these black mud to the earth world, then you will really earn money!" Li Tian thought in his heart.

Suddenly, Li Tian felt his head sink, feeling that his brain seemed to have lost the ability to think at that moment. Then Li Tian plunged into the black body quagmire and lost consciousness.

Huh!

Huh!

Several figures appeared beside the quagmire, headed by You Wuqing.

"Hey, no one has ever escaped the prey I was fancying!" You Wuqing said with a wicked smile on his face.

Chapter 4416: : Who is the hunter (1)

"Hey! The son is still clever, what I want to do is perfect!" The faces of several men who appeared at the same time near the quagmire with You Wuqing showed lewd smiles at the same time.

You Wuqing smiled more happily.

"Hurry up and get my prey out of the quagmire. This prey is very fond of him. If you are soaked in the quagmire for a long time, if you have a disfigurement, don't blame him for being rude to you!" You Wu Qingyin said coldly.

Several men around You Wuqing and the man with a giant axe pulled Li Tian out of the quagmire.

Li Tianping was lying on the ground, his cheeks, forehead, and upper body were covered with black mud. Li Tian's cheeks were like specimens soaked in formalin. They were completely deformed and ugly.

You Wuqing squatted next to Li Tian, with a smug smile on his face, his eyes full of affection, and took out a silk handkerchief to wipe off the black mud on Li Tian's cheeks.

"It is indeed the prey that this young man has fancy, even if the skin is eroded and muddy and the appearance is changed, it is still so strong and so attractive!" You Wuqing smiled and stretched out his hand to stroke Li Tian's cheek.

The muddy mud is the name of the black mud in the quagmire. It is a unique thing in the kingdom of Venerable Youhua Demon. This thing has little effect except disguise.

Of course, eroding the skin and mud will not cause people to coma. What can really cause people to coma is a kind of medicine called the Hundred Flowers and Thousand Insects in the kingdom of Venerable Youhua Yao.

This medicinal drug is made from 100 kinds of highly poisonous petals and 99 kinds of poisonous insect powder.

This Baihua Qian Chong San is highly toxic to ordinary people who have no cultivation level, and it is drugged to those with cultivation. However, the effect of ordinary things takes priority. As the cultivation level increases, the effect of the Bai Hua Qian Chong insect will gradually weaken.

This kind of drug was poured into this black quagmire by You Wuqing, and it merged with the decayed taste in the black quagmire, and the vegetation near the quagmire was poisoned to death.

Before the man carrying the giant axe entered here, he had secretly closed his breath, so that he could prevent the drug from being sucked into his body and be fascinated.

Li Tian was so careful and guarded, but he didn't expect You Wuqing to calculate him in this way.

"My son, what about my reward?" The giant axe man asked with a hint of joy on his face, bending down his head.

"When did my son lose your reward? As long as you follow me, no matter whether it is coins or spiritual soil, this son will not lose you." You Wuqing said.

"My son, do you want us to get some spring water to wash your prey? It's a little more pleasing to watch this way?" one of the men said.

You Wuqing nodded slightly.

The man teleported, and instantly he reached the side of the clear spring, hit the spring water with an empty skin, and then teleported to You Wuqing.

You Wuqing slowly poured the spring water on Li Tian's cheeks, and washed the black mud on Li Tian's face with a silk handkerchief.

Soon, the skin on Li Tian's face twitched a few times, like a frustrated ball, his swollen face slowly collapsed, gradually returning to its original appearance.

"What a handsome man! This look, this figure..."

You Wuqing seemed to be appreciating a piece of art, and kept running his fingers across Li Tian's cheeks.

"Since the son likes it, then why don't we wake up the son's prey, the prey will surely show fear at that time, son then you will be more happy!" the entourage said.

"This prey is different from other prey. His cultivation base is the third-level pinnacle power of the Venerable. It is higher than this young master's cultivation base. If he is sober, it will be difficult for him to clean up!" You Wuqing shook his head. Said.

If it was before, a man who met a vulgar fan, You Wuqing wouldn't mind letting his followers enjoy it after enjoying it.

But for Li Tian, You Wuqing was really moved, he just wanted to monopolize Li Tian.

"Unfortunately, Father Father has never liked my deeds, otherwise this son will definitely take you back to the Lord's Mansion and enjoy it." You Wuqing said with some regret.

"Then we...?" The other men asked with a lewd smile on their faces.

"Ask if you know? Avoid it first, this son has not been in the wild for a long time..."

These venerables laughed more sensually. They glanced at Li Tian meaningfully, and licked their lips several times with their tongues, before they teleported away reluctantly.

hiss!

You Wuqing tore open Li Tian's dirty coat, and saw the scars on Li Tian's sturdy body crisscrossing his feet, the more joy on his face.

"What a strong and strong man, my son likes you more!"

Fortunately, Li Tian is now in a coma, otherwise he would see You Wuqing treat him like this, Li Tian would definitely want to bite his tongue and kill himself!

You Wuqing was about to take the next step, when suddenly he felt that there were a few more people behind him.

Huh!

Huh!

"Asshole, who allows you to disturb... My son..." You Wuqing roared angrily.

But Wuqing's roar lasted less than a second, and he realized that he didn't even know any of these people who appeared behind him. These people are He Feng, the strong withered bone clan and others who Li Tian left in the space of Void Yasha.

You Wuqing stood up abruptly, with a trace of panic on his face.

At this moment he wanted to escape, but a few powerful coercion had already fallen on him, and You Wuqing knelt down directly on the ground, it was impossible to escape at all.

"You...who are you? Do you know what this place is? Do you know who I am? You are so rude, don't you be afraid to lose your head?"

You Wuqing could feel that the cultivation bases of these guys in front of him were all good, and the Venerable with the weakest cultivation base was almost the same as his cultivation base.

Now those of his entourage had been taken away by him, and he would definitely suffer if he came hard, so You Wuqing could only delay time.

The first is that he hopes his entourages can rush over quickly, and the second is that the magical medicine in the quagmire can fascinate these guys.

The corners of He Feng's mouth turned up slightly, and he said with a sneer: "We have done a lot of things that fall our heads, and we care about doing one more!"

Tang Xiaolong walked to You Wuqing in a stride, wrapped a piece of clothing in his hands on Li Tian, then stood up Li Tian, kicking You Wuqing to the ground.

"Disgusting guy, even a monster like you wants to do something to the little boss. I really don't know how the dead word is written! Stop talking nonsense, kill this monster first, and we will leave here early to avoid long nights."

"Young Master Nether, send us in..."

As soon as Tang Xiaolong's words fell, he only felt his head dizzy, his body was lying on his back, and Li Tian, who was resisting his shoulders, slipped down and fell to the ground.

"Be careful... there are... there are drugs..."

Chapter 4417: : Who is the hunter (2)

Tang Xiaolong felt he was humiliated.

A powerful person at the dignified venerable level will be fascinated by drugs again!

The last time I was in the earth world, I was fainted by Liu Yihui's drug by two bear children, Li Bai and Li Mu. This time in the Netherworld, he didn't know what the drug was, and he fainted to the ground.

At the moment when Tang Xiaolong fainted, the Void Yasha that fell on He Feng's head also slammed down, fell to the ground, and passed out completely.

A faint smile appeared at the corners of You Wuqing's mouth.

Of course, the most effective method for the efficacy of the medicine of Hundred Flowers and Thousand Insects is to apply the black mud on the face, and then penetrate through the skin of the body, but for the Venerable First-Class, ordinary breathing medicine is already very domineering!

If it were not for You Wuqing, Giant Axe Man and others to take the antidote in advance, they would not dare to enter this area hastily.

Now the effect of Baiwu Thousand Insect Medicine has begun, even if the guys with strong cultivation bases in front of them just breathe, they will be fascinated by breathing for a long time!

Even if their cultivation base is strong and barely supported, the cultivation base will probably be affected.

"Hey, when my entourage comes, you guys will leave it to my entourage!" You Wuqing thought viciously.

"Drugged?"

After hearing Tang Xiaolong's shout, He Feng and the other venerables instantly held their breath and looked around nervously.

However, their breath-holding movement seemed to be a step slower.

The five Venerable Level 5 spiritual soil robbers all experienced varying degrees of head dizziness, their consciousness began to blur, and their reactions declined.

Their cultivation has reached the fifth level of the venerable, and a hundred flowers and a thousand insects are not enough to fascinate them, but it has already affected their bodies.

There was a trace of horror on the faces of the five spirit soil bandits, and they all said: "Sure enough... there is a drug, let's get out of here!"

The two skeletons of the Withered Bone tribe looked left and right blankly, sniffing vigorously, wanting to taste the taste of the legendary drug.

These two guys are withered bones and have no respiratory system at all.

Hundred Flowers and Thousand Insects Medicine has no effect at all for the two of them, just like Niulanshan Erguotou Wine, unless it is dripped on their dry bones, even the taste of the wine will not be tasted.

There was no smell of drugs hidden in them, and there was a hint of disappointment on the faces of these two guys.

That's right, although there is no skin on the face of the Withered Bone Race, the disappointed expression is quite rich!

He Feng stretched out his hand to pick up the Void Yasha and randomly stuffed it into a skin bag, and said loudly: "Crane, stork, what are you two doing in a daze? Bring Tang Xiaolong and Li Tian brothers, we will leave here immediately!"

Cranes and storks are the two withered bones.

Their names are Dry Bone Crane and Dry Bone Stork!

The two withered bones smiled and put Tang Xiaolong and Li Tian on their shoulders.

"Boss, what should I do with this dead pervert? Do you want to kill him?" said the bandits of the spiritual soil.

You Wuqing couldn't help showing a trace of panic on his face.

"You dare not move me! My father is the Youhua Yaozun, if you move, you will pay a heavy price!" You Wuqing said.

He Feng walked quickly to You Wuqing and slapped You Wuqing a few times!

These few slaps were simply abnormal, and You Wuqing's white face instantly had a few blood-red handprints, and his face swelled!

"Do you know who the Lao Tzu are? Spirit soil bandits! Lao Tzu does not have a few lives on his body, not to mention trash like you, even the descendants of the domain owner Lao Tzu will not take it seriously!" He Feng said with a sneer.

"The leader killed him!"

"kill him!"

Shouted the bandits of the spiritual land.

"Killing him is as easy as smashing to death an ant, but he is the perverted son of Venerable You Flower Demon, our top priority now is to leave the Venerable Kingdom of Venerable You Flower Demon and enter the Dark Forest. So, let's keep this garbage first. A dog's life, wait until Brother Li Tian is sober, don't plan!" He Feng said.

While talking, He Feng already had a beast tendon in his hand, and he tied You Wuqing into a zongzi shape.

This beast tendon was the tendon of a Venerable Third-level Nether Sand Wolf, its waywardness was extraordinary, even with ordinary swords.

He Feng picked up another stone and wrapped the black mud in the quagmire on You Wuqing's face. The Wuqing's cheeks quickly turned into a pig-headed ugly and disgusting.

Although You Wuqing had already held his breath and took the medicine in advance, the drug still affected him a little, and he became depressed.

In this way, He Feng felt a little relieved!

For safety's sake, He Feng tore another rag from his body, stuck a little black mud and stuffed it into Wuqing's mouth.

"Let's go!" He Feng said.

...

In the woods only four or five kilometers away from the quagmire, more than a dozen ghost sand wolves are lying obediently.

The eleven followers of You Wuqing leaned against the body of the Nether Sand Wolf and lay lazily on the ground, chatting unscrupulously about the topic of You Wuqing.

"Tsk Tsk, I really envy Young Master You Wuqing, as long as it is the man he likes, he really hasn't escaped his palm! This kind of superb man is not common, if we can participate in it together...Tsk, it would be perfect Up!"

"Dream you! This time, Young Master You Wuqing is really tempted, otherwise he won't distract us."

"Tsk tsk, since Young Master You Wuqing showed his sexual interest in this aspect, there have been fewer and fewer men entering the dark forest through our Venerable You Flower Demon Kingdom, and Young Master You Wuqing has finally found one he likes. , How could we participate in it!"

"How far did you say the son is now?"

"Who knows? This delicious food, the son will definitely taste it, let's wait a little longer!"

"It's so ***** itching! Even if we don't let us participate, let us taste it, let us stand by and take a look at it!"

There are male and female followers of these venerables, but for the hermaphrodite, anyone can have a keen interest in Li Tian!

"Huh? Someone came here?" Suddenly a venerable entourage said.

As soon as his voice fell, He Feng and others were already in their sight.

Seeing He Feng and the two withered bone races each carrying one person, these venerable followers were slightly taken aback.

When they saw the table of costumes of the man carrying He Feng, they immediately jumped up.

"It's the son!"

He Feng didn't know these followers of You Wuqing, but when he heard these followers shout these words, he realized the danger.

The pressure of the Venerable Seventh level instantly fell from the sky and fell on these Venerable followers.

"kill!"

Chapter 4418: : Who is the hunter (3)

The combat effectiveness of He Feng and others is not weak.

If Li Tian had not been fascinated, this battle would have been faster!

We must know that in the Qiong Lance of the Sky, there are more than 20 cultivators above the fifth level of Venerable Spirit Soil Bandit, and there are also five cultivators of the sixth level of Venerable. If these people are brought out, the combat effectiveness will be stronger.

However, Li Tian didn't expect that the dead person who was staring at him turned out to be You Wuqing, otherwise he would not be able to hold it big. In the space of Void Yasha, only He Feng, a Venerable Seventh-level peak powerhouse, and a few others were left. A five-level powerhouse of the Venerable.

"Don't leave one!" He Feng ordered again.

This place is only a few kilometers away from the city of Venerable Youhua Yaoxun. If these followers of You Wuqing escape from here, once they are allowed to escape into the Venerable Youhua Yaoxun and attract the Venerable Youhua Yao, then even more A few He Feng is also a dead end.

Since he wanted to kill, he decided not to show mercy.

Following He Feng's order, Li Tian, Tang Xiaolong, and You Wuqing were directly thrown on the ground like sacks. Several figures galloped past He Feng, and they appeared in You Wuqing's followers in an instant. By the Lord.

Because of He Feng's coercive attack, You Wuqing's body was trapped by a follower. Even if he could barely move, he would definitely suffer a lot when fighting!

Coupled with the ferocity of the robbers in the spiritual soil, the hands that have already started are naturally merciless.

puff!

puff!

Several blades that were shining with cold light pierced into the bodies of five faint followers in an instant.

These spirit soil robbers are definitely good killers, they are quick and accurate, and with a single blow, the stabbed venerables have fallen to the ground softly.

The cultivation bases of the five spiritual soil bandits are all in the early and mid-level realm of the Venerable, and the strength of these followers is almost equal to each other, but now these followers are controlled by the pressure of He Feng, which makes these spiritual soils The robber fights without pressure.

As soon as the five followers died, these spiritual soil robbers immediately rushed to the next target.

Withered Bone Crane and Withered Bone Stork, after throwing Tang Xiaolong and Li Tian on the ground, they pretended to laugh twice, and then rushed towards...Nether Sand Wolf.

That's right, the goal of these two guys is the Nether Sand Wolf!

Huh!

Huh!

The cold light flashed, and the knife fell with his hand!

Two ghost sand wolves that are several times larger than a turn of their heads rolled on the ground gruntingly. The head of the ghost sand wolf was cut off, and hot blood was sprayed from the neck of the ghost sand wolf, and the two strong bones The boned body was completely dyed red.

"Haha! Haha!"

The two teasers were bathed in blood, with childlike smiles on their faces.

The blood of the Nether Sand Wolf slowly seeped into their bones, and when their bones absorbed the blood of the Nether Sand Wolf, it seemed that some changes were still taking place.

"Haha!"

The two teasers kept smearing the blood of the Nether Sand Wolf on their bodies.

"Move fast! I don't know if I exert pressure to attract the attention of other venerables, so we must solve the battle as quickly as possible!" He Feng shouted again.

Click!

He Feng twisted the head of one of his followers, dropped it on the ground, and continued to rush to the next target.

That's right, this is slaughter!

These Venerable Followers of You Wuqing, the highest cultivation level is Venerable Level 5, how could it be He Feng's opponent? In less than a minute, eleven Venerable Followers and heavy axe The men have fallen in a pool of blood.

The heads of the twelve Nether Sandwolves were chopped off by the two Withered Bone Races!

The battle ends without suspense!

"Clean the battlefield and evacuate quickly!" He Feng ordered again.

These people do not lose sight of being spiritual bandits who have spent many years in the Laika Desert. They acted quickly. When He Feng gave orders, these guys quickly took care of the blood stains on their bodies.

Someone was responsible for packing up the skin bags on these corpses, and the two strong men of the Withered Bone Race carried Li Tian and Tang Xiaolong at the same time.

He Feng held You Wuqing in his hand, looked around and saw that there was nothing unusual nearby, he immediately shouted: "Go!"

After a few seconds, these figures disappeared into the woods again.

...

He Feng and others disappeared in the woods for only half a minute, and a figure appeared in the woods instantly.

The person who came was Venerable Nanlan Peak.

This majestic ninth-level early powerhouse went to the Frost Emperor's kingdom to seek to see the Frost Emperor. As a result, the Frost Emperor did not see his face, and the Frost Emperor disappeared.

Afterwards, Venerable Nanlan Peak entered the Laika Desert according to spiritual tracking.

He went to Lingtu City and Tucheng, but did not find any trace of Li Tian.

Traced all the way to the Venerable Kingdom of Youhua Yaozun.

Fortunately, although this spiritual tracking is tall, it is not accurate.

This thing is not gps, it will not be precise positioning.

And there is a time delay, the most important thing is that this time delay is not fixed yet.

This made Venerable Nanlan Peak very painful when tracking Li Tian.

Otherwise, with his strength, Li Tian would have already fallen into his hands!

"This blood is still hot, this guy should still be around here!"

"From the way these corpses died, you should not be alone now. It seems that you still have a lot of helpers in the past few months!"

"Hey, it's a pity that in front of my Nanlan Peak, these helpers of yours are just a few numbers! You can't get away with these!" Venerable Nanlan Peak squatted on the side of a follower's body, stained with blood on his hand. He put it in his mouth, licked it, and said with an excited expression on his face.

The voice just fell.

Hum!

A powerful coercion fell from the sky!

A man of various appearances appeared in this forest instantly!

This man wore a red and green robe with big flowers, which looked like the most common bed sheet in China in the decades before the end of the earth world. This robe was like a dress, and the robe could be dragged five or six meters on the ground.

A machete two meters long was hung around his waist.

Men are men!

But applying this rouge gouache on his face and adding that thin beard will give people a sense of insanity.

Demon!

Yan!

strange!

Venerable Nanlan Peak thought of these three words in his mind, and then a name appeared in his mind: Venerable Youhua Yao.

"You killed these people?"

"You Wuqing follower, eleven people died in your hands, you are really a good method!" Youhua Yaozun said with a sneer.

Venerable Nanlan Peak's head grew instantly.

Nima's eyes saw that I killed you? I'm just passing by.

Passing by, you know?

"I....."

"You don't need to explain, and I don't want to hear you explain! It's just a few elders who are not influential, and die..."

"but....."

Chapter 4419: : Who is the hunter (4)

Upon hearing these two words, Venerable Nanlan Peak suddenly tightened.

The son born to a dragon, a phoenix to a phoenix, and a mouse will make holes. This sentence means to tell us how strong our genes are.

For example, this race of Youhua Yaozun, unless there is a genetic mutation, otherwise this race is born to be hermaphrodite, otherwise it is born to be a watery flower!

The upper beam is not right and the lower beam is crooked. This happened to the normal things of this race.

"But... if you can stay, follow me back to the mansion and explain it to me slowly, I will be very happy!" Youhua Yaozun cast a wink at Nanlan Peak and said.

Nanlan Peak shuddered.

Seeing the expression on Youhua Yaozun's face, he almost didn't spit it out.

"What if I don't want it?" Nan Lanfeng said with a sneer.

When this word fell in someone's ears, it meant rejection.

But Youhua Yaozun's ability to understand is absolutely problematic.

"If you are willing to stay, then this Venerable Kingdom of You Flower Demon Venerable is yours and mine, from now on..." You Hua Demon Venerable even made a twisted pretense, as if she was an extremely shy woman.

This feeling is like five big and three thick flowers in front of you as a daughter, Venerable Nanlanfeng can no longer stand the appearance of Youhua Yao Venerable, and roared furiously: "Shut up, you!"

"Will my dignified Venerable Nanlanfeng be with you dead monster? I tell you, these people weren't killed by me, believe it or not!" While speaking, Venerable Nanlanfeng had already imposed You Hua Yaozun The pressure on him broke open.

Huh!

Venerable Nanlan Peak teleported and disappeared.

"Hey, Xiao Tiantian is shy, in my kingdom, can you escape?"

Huh!

Youhua Yaozun disappeared at the same time.

...

If You Wuqing knew that his father was exactly the same as him, he would definitely laugh three hundred rounds if he saw a strong handsome man who couldn't walk.

"It turns out that you, an old thing, is also a virtue, why do you ask Lao Tzu to do it all?"

The cultivation base of Youhua Demon Venerable is much stronger than You Wuqing, if it weren't for the cultivation base of Venerable Nanlanfeng that I met today, he wouldn't have so much nonsense.

A weaker man, as long as he is favored by him, he will directly **** him back to the mansion, and then he will be ravaged.

It is precisely this kind of domineering president attribute of Youhua Yaozun, and his work is quite hidden. For more than a thousand years, he has rarely had bad scandals in this noble country.

Nonsense, who would dare to spread his scandal, wouldn't it be his own death?

...

You Wuqing can't laugh now.

He Feng has been abducted for more than three days, but no one has come to rescue him.

This makes You Wuqing very hurt.

Three days ago, He Feng and others ventured into the Venerable National City of You Hua Yao Zun, bought a few low-level monsters as mounts in the city, and bought a carriage!

Yes, there are horses in the Underworld!

The horses of the Netherworld are a little different from the horses of the earth world. If this kind of horse has a pair of rabbit ears, it also has a pair of small pointed horns on its head.

Although this kind of horse is far from the abnormal cultivation base of the Nether Sand Wolf, as a low-level mount, it also possesses the strength of a cultivator.

Can easily travel thousands of miles a day.

This day is a verb or a quantifier.

Here specifically refers to the duration of a certain action.

Had it not been for the fact that horses were not allowed to run wildly in the Venerable Nation City of the Venerable You Flower Demon, they would have already left the Venerable Nation of the Venerable You Flower Demon by now.

You Wuqing, Li Tian, Tang Xiaolong and He Feng are in this carriage.

"How can I say that You Wuqing is also the son of You Hua Yaozun? Didn't my disappearance attract anyone's attention?" You Wuqing thought with dissatisfaction.

During these three days, You Wuqing was devastated.

After experiencing torture again and again, You Wuqing finally couldn't bear to take out the antidote.

Li Tian is already awake.

Tang Xiaolong was also awake.

Then You Wuqing saw the powerful strength shown by Li Tian.

Two strong withered bone tribes and five strong robbers from spiritual soil were all sent into the space of the spear of heaven.

Then there were two more spiritual soil bandits with the Venerable Sixth-level cultivation base beside Li Tian in an instant.

A wry smile appeared on You Wuqing's face when he saw two spiritual soil robbers with a sixth-level cultivation base.

"If I knew this guy had this kind of ability, then I..."

Snapped!

A slap fell heavily on You Wuqing's face, and a red palm print immediately appeared on his cheek!

"Why hit me?" You Wuqing roared angrily.

Fuck!

Do you still need a reason to beat you?

As far as you ***** did to Lao Tzu, Lao Tzu didn't need a reason to kill you.

Even if you attempted a crime.

Li Tian thought bitterly.

Tang Xiaolong let out a laugh.

"Little boss Yingming I was confused for a while, almost...hahaha"

Tang Xiaolong smiled so unscrupulously, which made Li Tianlao blush and gave You Wuqing another slap in the face.

Snapped!

"Why hit me again?" You Wuqing said sadly.

"Why are you laughing? Are you laughing at me?" Li Tian said.

"It's not me who is smiling, it's your brother!"

Snapped!

Another resounding slap!

"Why don't you laugh? Are you cursing me in your heart?"

"Hey!" You Wuqing is more ugly than crying.

Snapped!

...

You Wuqing knew that he would be beaten if he laughed or not. In that case... You Wuqing chose to swear!

As a result, he was beaten even worse!

You Wuqing finally knows what it means to be a fish!

...

There is no surprise or danger on this road, and He Feng and others try their best to choose sparsely populated places to walk, so that the carriage can move much faster.

Sparsely populated means a certain degree of danger.

However, some people with short eyes attacked Li Tian's carriage, and as a result, He Feng and others used absolute strength to kill those people one by one.

After four days of galloping madly, at noon on the fifth day, the carriage finally resorted to the Venerable Kingdom of Youhua Yaozun.

There is already an endless forest in front of him, and here is the outermost edge of the dark forest.

"Brother Li Tian, now we have left the country of Venerable Youhua Yaozun and are about to enter the dark forest. What are you going to do with this Youwuqing?" He Feng asked.

"Kill it, did the little boss keep him by his side and wait for him to think about the little boss?" Tang Xiaolong said with a smirk at the corner of his mouth.

Li Tian felt a pain in his eggs.

Tang Xiaolong is getting worse and worse now, what a pure man before!

"Keep it for now! In case of danger, we can still..."

"Hey, I knew you couldn't bear to..."

puff!

puff!

The Qiong Lance of Heaven slammed into the two dog legs of You Wuqing twice, and You Wuqing let out a scream.

"Keep it, it might be useful!" He Feng also said.

"Well, in fact, I definitely keep it well!" Tang Xiaolong said with a smile.

"Why do you guys play with me again?"

Chapter 4420: : Who is the hunter (5)

You Wuqing was not killed!

He is lucky, but he is also unfortunate!

In order to give You Wuqing a little more memory, Li Tian abolished You Wuqing's two legs.

Then You Wuqing was thrown to Liu Yihui as research material.

I believe that Liu Yihui is interested in continuing to study the special species of hermaphrodite, and the silly medicine of Hundred Flowers and Thousand Insects!

...

The dark forest is in front of me.

Ancient trees are towering, and old trees with arms around the thickness are everywhere.

A wide and narrow trail with a carriage leads to the depths of the dark forest. At the outermost edge of the dark forest, there are several dilapidated small villages along the forest that passes through the trail.

The village is not big, and there are only a dozen low shack.

Naturally, there are no ordinary residents in these villages, and even masters of the cultivator level dare not live here.

These small villages are the last supply depots to enter the dark forest.

At the same time, these villages are also a trading place for so ugly mercenaries and bounty hunters.

Li Tian has two spaces. Various items in the space are fully prepared, so he naturally does not need to enter these small villages to supply them.

However, Li Tian walked into the small village according to He Feng's request and collected some useful information.

Where there are mercenaries and bounty hunters, taverns are naturally indispensable.

Like the legendary taverns, in addition to their own responsibilities, the taverns in these villages also undertake other responsibilities such as information distribution centers.

Li Tian, Tang Xiaolong and He Feng walked into the tavern.

The area of the tavern is small, only about seventy to eighty square meters in size, and seven or eight tables of various heights and sizes are randomly placed.

In the tavern, there was a lot of voices and smoke. A dozen or so sage-level powerhouses were sitting together in twos and threes. They were holding metal wine glasses, drinking inferior drinks, and smoking something as thick as a cigar. The unknown tobacco is making loud noises and bragging.

Although the tavern is small, it receives a lot of guests every day. Li Tian and others entered the tavern without anyone's attention.

Li Tian is no stranger to taverns.

During the death battle, Li Tian also opened a tavern.

Not to mention the tavern that Li Tian opened, but the tavern where the Four Mountain Venerable in Death Battlefield was at that time. Although there was not much wine, the environment was pretty good, and in that tavern, only upper-class people were eligible to enter.

But the tavern in front of you can't give people the slightest sense of pleasure.

The environment of the tavern is poor. Each of the venerables who drink in the tavern looks ugly and dirty. The air is always filled with a faint smell of alcohol, as well as stronger human body sweat and mutton breath from animals.

The moment he walked into the tavern, Li Tian almost fainted.

Li Tian frowned slightly, and quickly held his breath, only then did he feel a little better.

"Why do we come into the tavern? If you want to drink..."

"Don't underestimate such inconspicuous taverns, and don't underestimate these venerables. In the Netherworld, taverns are a kind of culture and attitude. Through the small talk of these people, you can get a lot of useful information!" He Feng said .

Seeing that Li Tian listened, He Feng continued: "Based on this information, we can determine the level of the strongest ghost beast in the periphery of the dark forest, and also determine the strength

level and the approximate location of the main danger. This way. We won't be blinded when we enter the dark forest!"

"Okay! Everything is up to you!" Li Tian said.

He Feng ordered a few glasses of wine with the characteristics of the Netherworld.

After the bartender brought the so-called fine wine, Li Tian was completely dumbfounded.

The metal cup the size of the bowl is filled with yellow, sticky, and unidentified objects, which makes people involuntarily think of nasal mucus when they look at it. The alcohol in these wines has a very weak taste, which makes it nauseating.

"I'm in the pub, but I will never drink this thing!" Li Tian said firmly.

He Feng couldn't help frowning after tasting the Qiongye Yuye collected by Li Tian and seeing these wines again.

After half a cup of wine, He Feng almost didn't vomit out, and the cold sweat on his body was flowing out, as if he had walked through the execution ground once.

Fortunately, the purpose of their trip is not to drink.

"It is easy to change from frugality to luxury, but it is difficult to change from luxury to frugality!" Li Tian couldn't help but sigh.

"Hey"

He Feng smiled embarrassedly.

In this tavern, listening to those venerable and powerful people blowing for an hour, Li Tian gradually grasped the situation of this dark forest.

The area of the dark forest is vast, conservatively estimated to be much wider than the entire earth world.

There are more than a dozen Venerable Kingdoms bordering the Dark Forest in the entire Netherworld. Most of the Venerable Kingdoms are the Venerable Kingdoms of the ninth-level powerful ones, and two are the Venerable Kingdoms of the emperor-level powerful ones.

In this dark forest bordering the Venerable Kingdom where the Youhua Demon Venerable is located, the highest level of the Nether Beast in the outermost area is Venerable Level 5, and there are few ghost beasts above Venerable Level 6.

Venerable Bragging is only the Venerable Level II.

However, according to what he said, the cultivation bases of the other members of his bounty hunter squad were very strong, and they were basically cultivated in the mid-level fifth level of the Venerable 4th Peak.

It stands to reason that as long as their team of bounty hunters does not approach the outermost and middle layers, they should be absolutely safe in the dark forest, but a month ago, they suddenly suffered from the eighth-level ghost beast of the Venerable Attack.

As a result, he was the only one escaped from the entire bounty hunter team, and everyone else died under the claws of that powerful ghost beast.

"Venerable eighth-level ghost beast? Are you bragging about it?"

"That is, as far as I know, your bounty hunter team has been to the outermost central area as far as I know. How could it be possible to encounter the eighth-level ghost beast?"

"You brag, I can only give you five points, don't even want to drink free wine!" The bartender also shook his head and said.

"Fuck, what I said is true, don't believe me..."

In order to convince others, the braggart deliberately took off his shirt, revealing a new scar that was one foot long on his back.

"Have you seen it? This is the scar left by that ghost beast. If I didn't pretend to be dead fast, I'm afraid I won't be able to come back alive!" said the braggart.

"Pull it down..."

"Who believes it?"

At this time, a woman who appeared to be in her twenties came into the pub.

The woman has long brown hair and bronze skin. She is wearing animal skins and carrying a curved bow. There are only three wrist-thick metal heavy arrows in her quiver, giving a wild beauty to the whole person.

Seeing this woman, Li Tian was very emotional.

"Damn it, shouldn't it be a dead ladyboy again!"

The woman seemed to feel Li Tian's sigh, and sat down on the stool beside Li Tian, glanced at Li Tian and others, and lifted the wine glass in front of Li Tian.

Drink it all.

boom!

The woman smashed the wine glass heavily on the table, and the wine glass sank directly into the tabletop.

The entire tavern was quiet, and everyone looked at the inexplicable woman.

The woman just laughed and said, "I believe it!"
