

A Killer 4431

Chapter 4431: : Seven Star Catapult

The arrow that Mu Yun uses is a feather arrow!

The arrow is forged from special metals in the Netherworld. It has the function of absorbing spiritual power. After shooting, the spiritual power in the arrow quickly dissipates outwards, accelerating the design speed of the arrow, and ultimately causing greater damage.

The arrow shaft is made of nether green bamboo with a special process. This nether green bamboo is very common and can be found everywhere in the southern part of the nether world, but the difficulty is the manufacturing process.

This green bamboo is soaked in the grease of a venerable ghost beast, and roasted over fire, and then passed through the forge of the ghost world to add some metal ends. As a result, the hardness of the green bamboo arrow shaft is far greater than that of steel. , And only such an arrow can withstand the superposition of the energy of the sage.

The feathers of Yujian are even more remarkable. They are the feathers of a Youquan Thunder Falcon at the seventh level of the Venerable.

The biggest advantage of this feather is that there is no sound from the feather arrow, which can double the energy of the feather arrow.

Of course, the bow used by Mu Yun was not ordinary, even in the Nether Realm, it was considered a taller bow.

The bow is not an ordinary bow, and the arrow is not an ordinary arrow. People should not be underestimated. In addition, now Mu Yun has realized that there are arrows among people, and there are people in the arrows. This arrow is already a combination of human and arrow, a real slut. level.

After entering the dark forest, Mu Yun had already used the bow and arrow in his hand to shoot down the Venerable Nether Beast many times, and he had already shot five of the Venerable Level 3 Fire-faced Fox.

One of the Nether Beasts of the Venerable Sixth-level Realm fell under his arrow!

Coupled with Master Mu Yun's shameless and sudden cold arrow, Master Mu Yun has reason to believe that even if Li Tian is not dead, he will be injured under his arrow.

However, Young Master Mu Yun didn't care.

After shooting an arrow, his figure flashed and he was already hiding behind a big tree.

Then the moment when he used the trunk of the big tree to block Li Tian's sight, Master Mu Yun, huh! Huh! Huh! Several times in a row, he has jumped onto the branches of the giant tree tens of meters high.

Bend the bow and set the arrow, the arrow once again faced Li Tian's direction.

however.....

Li Tian is gone!

There were no blood stains on the ground, and there were no traces of flustered escape on the ground.

After the arrow shot by Young Master Mu Yun passed through the trunks of several big trees, it stuck on the trunk of a giant tree.

"What about people? How did he hide?"

Young Master Mu Yun didn't panic, he was still calm and terrible.

A miss, his mind began to quickly analyze the reason why Li Tian avoided.

"Is it teleport?"

"The arrows shot by my venerable fifth-level expert will exert a certain pressure on the lower-level venerable. As long as his expression is in a trance for a tenth of a second, it will be difficult to escape!"

"Doesn't he even have such a moment of fear when facing my arrow?"

If it were not for Mu Yun to know that this dark forest imprisoned the Venerable's power very much, and let the power of the Venerable level perform teleportation and coercion in this dark forest would greatly reduce the power, Mu Yun would even suspect Li Did Tian teleport and escape?

This is not a sniper war!

Li Tian's figure suddenly disappeared. Mu Yun did not dare to stay too much on the tree trunk. His gaze quickly swept across the eyes of his followers, and he had found it through the sight of these followers. Li Tian!

"It seems that I underestimated you, facing the arrow I shot, I was able to avoid it."

"But it's over! You hide in the tree trunk and think you are safe, but your sight is completely blocked. But I can easily know where you are hiding through the hints in the eyes of my followers. So, no matter how strong you are, you will definitely die!"

Mu Yun sneered, then drew out a feather arrow again, and slammed an arrow at the trunk where Li Tian was hidden.

Boom!

The speed of the arrow is as fast as lightning!

Young Master Mu Yun did not stop, stretched his right arm back, grabbed three feather arrows again, and placed them on the strong bow at the same time, shooting three arrows at Li Tian.

Boom!

Boom!

Boom!

Three arrows in a row, a total of four feather arrows, each of which is less than ten meters apart.

These four feather arrows were forged into a red thread, and shot at the trunk in front of Li Tian like a red electric light.

Duh!

The first arrow hit the trunk, pierced the trunk in an instant, and shot a bowl-thick perforation in the trunk.

Then the arrow rushed towards Li Tian's leg with a red light!

If shot by this arrow, Li Tian's leg would surely fly in an instant.

Even if Li Tian can use the weapon in his hand by luck to pick up the first feather arrow, there are still three feather arrows behind the first feather arrow.

However, what shocked and surprised the venerable followers of Young Master Mu Yun was that Li Tian seemed to have predicted that Mu Yun would sneak attack him. There was a sneer at the corner of his mouth, and the spear of Heaven in his hand suddenly moved forward. As soon as the arrow of the first arrow passed through the trunk, the tip of the spear of Heavenly Qiong in Li Tian's hand had already been sent to the arrow.

Zizi!

Four small purple electric pythons got out of Li Tian's arm and swam forward along the Qiong spear of the sky. The moment the arrow touched the spear of the Qiong sky, the purple electric python got into the twilight. In the arrow shot by Master Yun.

boom!

The first feather arrow exploded, and the red spirit power ran away wantonly, like a smoke bomb exploded.

Then there were three consecutive explosions.

Young Master Mu Yun's expression was startled, his pupils slammed, and he looked at Li Tian through the perforation in the trunk in surprise.

"No... it's impossible! My arrow can shoot a powerful person at the sixth level of the sage, how could it be easily broken by this guy?"

In a panic, Young Master Mu Yun didn't slow down his hand movements. His figure moved quickly on the trunk, raising his hand and bending his bow, ready to shoot at any time.

However, Li Tian disappeared again under his watch!

Young Master Mu Yun's eyes were centered on the spot where Li Tian appeared just now, and he quickly searched within a range of five or six meters.

No!

No!

No one here!

Young Master Mu Yun had to look at his followers again!

"Here! Humph, this time, let you try my Seven Star Catapult!"

Young Master Mu Yun stretched out his hand for the first time, grabbed four feather arrows, and at the same time shot at the trunk where Li Tian was avoiding, then grabbed three more feather arrows at the fastest speed and shot Li Tian again.

Boom!

Boom!

The sound of the bowstring was a little smaller than that of the leaves falling, but the sound was like running thunder in Master Mu Yun's ears.

Seven feather arrows, four in the front, three in the back, slightly in sequence, shot towards Li Tian in seven directions from top to bottom, left to right.

"How do you hide this time? How do you break?" Young Master Mu Yun said with a sneer.

Chapter 4432: : Type shi to come (1)

Seeing the seven-star ejection launched by Master Mu Yun, the faces of a dozen of his followers showed shocked expressions. .

The tree trunk blocked Li Tian's sight, but Li Tian showed his mind in an instant, allowing him to clearly feel the threat coming.

"A few feather arrows..."

Li Tian put his feet on the ground a little, and continuously teleported.

Duh!

Seven feather arrows hit the trunk of the giant tree one after another. There was an instant burst of sound on the trunk of the giant tree that was hugged by two people, and then the trunk of the giant tree slammed to the side.

Li Tian's teleportation had already teleported a distance of five or six meters, and once again teleported, causing his figure to flash out by five or six meters.

However, while the seven feather arrows shot through the trunk of the giant tree, they did not continue forward according to the designed trajectory. Instead, they turned abruptly in mid-air, just like a galloping wild horse, which was violently twisted by the tamer. Similarly, the seven feather arrows turned to Li Tian again.

burst!

burst!

Where the feather arrow passed, the dead leaves rolled up on the ground exploded.

Within a few hundred meters of the surrounding area, there was dust from the explosion of dead leaves everywhere, and the sound of constant explosions made people feel frightened.

"I despised you!"

Li Tian couldn't help narrowing his eyes slightly, and he paid more attention to Young Master Mu Yun in his heart.

The momentum is like a tiger.

When Young Master Mu Yun's Seven Stars ejected, it was the most powerful. Even the strongest of Venerable Level 5 and 6 needed to be dealt with. Unfortunately, Li Tian was hiding behind the tree

trunk, although he could feel the seven stars ejecting feathers. The power of the arrow, after all, was resisted by the giant tree trunk and weakened a bit, so Li Tian could use teleport to avoid it.

Of course, if Li Tian is to be on the safe side, he can also communicate with Void Yaksha through his mind, and let Void Yaksha bring him into the space. In this way, even if Young Master Mu Yun is so powerful, there is no way to take him.

Now, Li Tian has escaped Young Master Mu Yun's first attack.

Although that Yujian turned to Li Tian, Yujian's arrow power was still very strong, but it was much weaker than before.

Li Tian kept using teleportation to evade from side to side, and at the same time, using Xuantian fingering, he kept ejecting gas bombs to attack the seven feather arrows.

boom!

boom!

With the improvement of Li Tian's cultivation level, Li Tian's Xuantian ***** is no longer what it used to be. Li Tian dare not say that his Xuantian ***** is more powerful than the feather arrows shot by Young Master Mu Yun, but at least Li Tian's It is not a problem for Xuantian ***** to shoot through the trunk of a giant tree.

Of course, Li Tian wouldn't expect his Xuantian ***** to be able to fly those seven feather arrows, as long as he could weaken the speed and power of those seven feather arrows, he would be satisfied.

Do it all at once, second time tired, third time exhausted.

The seven feather arrows shot by Young Master Mu Yun were powerful, but they were weak. If they couldn't shoot Li Tian quickly, the power behind them would continue to weaken.

What about Li Tian?

Li Tian is the father of shameless style of play.

Hundreds of Xuantian ***** air bullets were shot on the seven feather arrows, and the power of that arrow could only continue to weaken.

Those servants of Master Mu Yun were dumbfounded.

In their hearts, Li Tian is definitely a brazen person.

"You chose to escape? Could you ***** be more shameless?"

"Are you the ***** venerable? Can't you face it upright like a man?"

"Shameless, shameless, I have never seen such a shameless person!"

The curses of these followers came from the ears, but Li Tian's mouth showed a victor's smile.

"I'm not a stupid man, he knows that this arrow is powerful, and he greets him. Isn't that a stupid act?"

Young Master Mu Yun stayed too.

Li Tian's style of play made him feel very helpless, and at the same time, he also saw the shortcomings of his so-called seven-star ejection.

If Li Tian continues to be so shameless, then his seven feather arrows will not succeed, and the danger to Li Tian will be minimized.

"No, I won't let you hide so easily!"

Young Master Mu Yun stretched his hand toward the quiver again, but only the last feather arrow was left in his quiver!

Seeing the last feather arrow, Young Master Mu Yun hesitated!

"Damn dark forest, if we can all perform coercive attacks, with level suppression, I can turn this **** into a hornet's nest!" Young Master Mu Yun thought unwillingly.

Yes, this is what makes the dark forest special.

More mysterious areas than the Laika Desert taboo.

Li Tian's figure constantly flickered in the woods, and Xuantian **** kept attacking the seven feather arrows.

boom!

boom!

Suddenly, when the air bomb fell on a feather arrow, the arrow of that arrow shook.

Li Tian's eyes lit up, and the smile on the corner of his mouth became thicker.

"The tiger doesn't show off his might, are you a sick cat when I am Laozi? Let you taste the power of Laozi's black flame!" Li Tian cursed in his heart.

Li Tianjiang shook the Heavenly Qiong Spear in his hand. Facing the seven feather arrows this time, he did not retreat but instead moved forward.

At the same time, more than a dozen purple electric dragons with black flames flew out of the Qiong Lance of the sky, and almost at the same time enveloped the shot feather arrows.

boom!

The seven feather arrows exploded continuously in mid-air.

Seven Stars ejection was broken!

"Take it to death! Kid!"

At this moment, Young Master Mu Yun's scream suddenly came from behind Li Tian. Li Tian's body slid forward and turned around abruptly, only to see Young Master Mu Yun's strong bow slashing like a sharp sword. he!

..

Chapter 4433: : Type shi to come (2)

The mantis catches the cicada and the oriole is behind.

When Li Tian was destroying Young Master Mu Yun's seven feather arrows, Young Master Mu Yun appeared behind Li Tian silently.

However, there is no use for eggs.

You said that you **** appeared silently behind Li Tian, and you just gotta attack it directly. The ghost is called Mao!

It seems to be afraid of others not knowing that you are attacking.

Li Tianzhen was anxious about Young Master Mu Yun's IQ, sneered, his legs were a little bit underground, and he took a half step back.

Young Master Mu Yun's strong bow ran across Li Tian's forehead and cut off a few long hair.

However, the Qiong Spear of the Sky in Li Tian's hand suddenly drew back and slammed it heavily on Young Master Mu Yun's strong bow.

Cang!

A metal-like impact sounded, and the Qiong Spear in Li Tian's hands was safe and sound, but the strong bow in Master Mu Yun's hands had been deformed.

In addition, there are still black flames remaining in the Qiong Spear of the sky, the bowstring of the strong bow in Master Mu Yun's hand, Boom! It broke with a cry...

"My nine-star moon eclipse bow..." Young Master Mu Yun stared at the ruined strong bow with a stunned expression. His expression on his face was uglier than that of a dead father and mother. Although the tears had not flowed out yet, he was already crying.

This powerful bow is called Jiuxing Lunar Eclipse, a gift from Master Mu Yun's master.

The material of the nine-star lunar eclipse bow is not particularly outstanding, but this strong bow is inlaid with nine thumb-sized stars.

Xingyao stone is a kind of magical gemstone that can store spiritual energy.

It is said that when the nine-star lunar eclipse bow is pulled to the full bow, it will stimulate the energy of the star flares, and then emit the lunar eclipse power. Even the eighth-level power of the Venerable, it is difficult to resist the nine-star lunar eclipse bow The strongest blow.

It is a pity that Young Master Mu Yun has limited abilities. He has not drawn a full bow so far.

However, this does not affect the position of the Jiuxing Lunar Eclipse Bow in his heart, and even he makes the full bow to be his goal. He always hopes that one day he can exert the greatest power of the Jiuxing Lunar Eclipse Bow, and fortunately other empresses. Exhale in front of people.

However, now the bow body of this nine-star lunar eclipse bow is deformed, the bow string is broken, and a good male is almost a waste!

"You stay with me..."

Young Master Mu Yun yelled out these words brainlessly, but Li Tian kicked his feet in exchange.

This is: if you steal a qiang and attack a jian, you will be beaten.

Li Tianke doesn't care if he loves the treasure or not, since he is stunned, Li Tian will certainly not let go of this opportunity.

The power of this foot is not strong, but Li Tian carried a dozen purple electric dragons on his legs. Although this electric dragon did not get into the body of Mr. Mu Yun, many purple arcs swam in. In his context.

Li Tian's foot possessed a power that absolutely did not belong to the mid-level fifth-level realm of the venerable. With this foot, Master Mu Yun felt that his whole body bones had been kicked off.

For an instant, Young Master Mu Yun wanted to mention the spiritual power in the running context, but found that the spiritual power in his context was a bit unstable at this moment.

puff!

Young Master Mu Yun's throat was hot, and a mouthful of blood spurted out.

Li Tian is not soft-hearted, huh! In a moment, he teleported to Master Mu Yun's side, and the Qiong Spear in his hand slammed forward to the position of Young Master Mu Yun's neck, piercing slightly downward.

Blood flowed out of his neck in an instant, and Young Master Mu Yun could feel the mighty power of the spear in Li Tian's hand. This was a power that had surpassed the low-level living power of his venerable fifth level.

"me....."

Young Master Mu Yun wanted to admit defeat, but he was not reconciled.

The Jiuxing Lunar Eclipse Bow was destroyed, and if his master were to know about it, then he would lose the trust of his master, and his status in his father's kingdom would plummet from then on.

It's even harder to think about turning over.

Of course Li Tian didn't want Young Master Mu Yun to admit defeat right now, otherwise there would be no way to honor what he said.

Taking advantage of this opportunity, Li Tian had the most legs to attack at the same time, continuously kicking Young Master Mu Yun's abdomen.

When Li Tian attacked, he always paid attention to prevent the purple electric dragon from pouring into Master Mu Yun's body, otherwise the purple electric dragon would be able to kill the turtle son instantly.

Of course, Li Tian can control the purple electric dragon, but he can't control the purple arc released from the electric dragon.

The crackling purple electric arc kept pouring into Master Mu Yun's body. Master Mu Yun felt that the spiritual power in his veins was boiling, and his body trembled involuntarily, as if he had lost control of his body.

boom!

boom!

boom!

Li Tian kept attacking with his legs. Young Master Mu Yun was suffering from this kind of pain, but he could only maintain this humiliating posture, otherwise the Qiqiong Spear in Li Tian's hands could pierce his throat instantly and end his life. .

Li Tian has communicated with Xukong Yasha through his mind, and is ready to bring He Feng and others out at any time.

Those followers of Master Mu Yun are all stupid!

"what's up?"

"What happened?"

"I don't know. Just now, the young man was chasing this kid, why did the form change in an instant?"

"This change is coming too fast!"

"What the ***** are you doing? Hurry up and save the son!"

"You guys go to deal with that woman and... I rub, where are the woman and the black monkey? How come they disappeared?"

When these venerable followers were distracted, Li Tian had already entered the Ji Di Xing Yasha to take Xue Ji, Tang Xiaolong and Meng Guang underground.

"It doesn't matter that woman, save the son is important!"

These entourages rushed to Li Tian one after another.

"Go ***** let go of my son, or I will shoot you to death!"

"Asshole, stop!"

These venerable followers rushed towards Li Tian, while shouting loudly.

Some followers even bent their bows and set arrows, aiming their arrows at Li Tian.

Li Tianwan smiled.

It's really a group of funny comparisons. Don't you know that Young Master Mu Yun is now in Lao Tzu's hands, and if Lao Tzu uses spiritual power in his hands, there will be more than a dozen purple electric dragons entering Young Master Mu Yun's body?

"Fucking assistants, don't come here..." Young Master Mu Yun cried out crying.

Every time he yelled a word, his throat would come into close contact with the tip of the spear of the Qiong Spear of the sky, and he would remember the pain a little bit more.

But he dare not stop shouting.

He remembered that Li Tian's request was only to divide half of his followers, and these followers would be fewer. Compared to his life, they were completely insignificant!

Obviously, Master Mu Yun overestimated the IQ of these followers.

When Young Master Mu Yun yelled these words, one of the Venerable followers became nervous, Boom! With a sound of the earth, the bowstring in his hand loosened, and the feather arrows were already flying towards Li Tian's back!

Chapter 4434: : Type shi to come (3)

Hearing the faint sound of the bowstring, Young Master Mu Yun's hanging heart sank to the bottom.

Oh, you **** sent me to play with me!

If I die here, I will not let you go as a ghost!

However, at this moment, several figures suddenly appeared behind Li Tian.

The coercion released from each of these figures is very powerful, with at least the Venerable Sixth level cultivation base.

Cang!

With a violent swipe of a short knife in He Feng's hand, the feather arrow released by the entourage was flew out by He Feng with a single knife, and then unbiasedly shot Young Master Mu Yun's leg.

what!

what!

Young Master Mu Yun screamed twice in a row.

The first sound was because the arrow hit his leg, and he hurt.

The second sound was because he was in pain, and his upper body was slightly turned upwards. As a result, his neck hurts even more.

"Sorry, I did it on purpose!" He Feng sneered and said to Young Master Mu Yun.

Ooh!

Of course Young Master Mu Yun knew that this product was intentional.

But this arrow was not made by He Feng, and if you want to blame him, you can only blame his followers.

"Kill him!" Li Tian said.

Although Li Tian is safe and sound, Li Tian's heart is full of anger.

If he hadn't been prepared, he would either be injured this time, or he would have to give up control of Young Master Mu Yun and teleport to avoid him.

He Feng nodded slightly.

Huh!

Huh!

The figure of a spirit soil robber flickered twice in the woods, and instantly appeared next to the Venerable who suddenly cast Lengjian.

Hand up and down!

The follower's head had been cut off, and he rolled a few times on the ground.

"Venerable...Venerable six-level powerhouse!"

The faces of the other followers showed horror involuntarily.

That's right, the coercion and teleportation exerted by the dark forest on the venerable have the effect of imprisoning, but the stronger the strength, the lower the impact.

The teleportation distance of this Venerable Sixth-level strong spiritual soil bandit is much longer than that of Li Tian's teleportation, and one teleportation can move fifty or sixty meters.

The other entourages bowed their bows and set up arrows, aiming their attacks at He Feng, Li Tian, and several other spiritual land bandits.

The other spiritual soil bandits teleported out at the same time. These spiritual soil bandits at the sixth level of the Venerable can also teleport a distance of fifty or sixty meters each time they teleport. When the followers of the Venerable reflect, They have already appeared in front of the followers.

The sixth level of the Venerable is compared to the fifth level of the Venerable. In terms of strength, it can be completely crushed.

In the battle of the venerable level, the strength of each level differs by not a little bit.

For example, Master Mu Yun's Venerable 5th-level powerhouse can completely crush ordinary Venerable-level 3 pinnacle powerhouses.

It's a pity that he met Li Tian!

We must know that although Li Tian's cultivation is the highest level of Venerable's third level, the spiritual power in Li Tian's body has already surpassed Venerable's fifth-level powerhouse. In addition, Li Tian's blue clouds against the sky, ordinary Venerable fifth level. It's really not his opponent.

boom!

boom!

No matter what happens behind Li Tian, his only goal is Young Master Mu Yun.

Manly man, he does what he says.

Since he said he was going to **** Young Master Mu Yun, Li Tian had to work hard in this direction.

Young Master Mu Yun is like a woman who has been living a life, unable to resist, can only bear it silently, and also learn to enjoy.

The venerable follower who shot the arrow just now died. Young Master Mu Yun was not angry. Instead, he felt that the guy was more than dead. His life is in Li Tian's hands. He didn't dare to continue betting.

Who knows where the next arrow will hit his body?

"Stop the fuck, do you really want Lao Tzu to die here?"

"Hurry down the arrow, hurry down!"

Those followers were afraid that Young Master Mu Yun would die in Li Tian's hands, but at the same time they were also afraid that they would die in the hands of these spirit soil robbers who appeared suddenly. They looked at each other and put down their bows and arrows.

Li Tian did not stop.

He kept attacking Young Master Mu Yun.

At this moment, Li Tian suddenly heard a weird sound coming from Young Master Mu Yun's body, and immediately afterwards, a stench radiated from a certain part behind Young Master Mu Yun's body.

evil!

He really beat Young Master Mu Yun out!

Li Tian didn't have the slightest sense of accomplishment, but felt a little sick.

Young Master Mu Yun was ashamed, and suddenly he felt like he wanted to.

He tried to slam his neck on the Qiong Spear in Li Tian's hands several times, but he couldn't get this cruelty.

"You kill me! Bastard!"

"Woo, I've never seen you bully so much!"

Young Master Mu Yun cried, very sad.

The followers looked at each other, not knowing what happened, but soon they also asked about the faint smell of shi, and then these followers also had a feeling of thinking about it.

"It's so **** embarrassing, why don't you die so fucking?"

"In a moment you give me to this guy with a spear, and let me follow your beaten master like you. My **** face is panicked!"

These followers thought in their hearts.

Li Tian smiled.

"Master Mu Yun, I won! I would like to bet and lose, is it time to fulfill your promise?"

"Hey, don't you always lie on the ground and don't move, or you stand up and we two choose together?" Li Tian said with a smile.

Young Master Mu Yun was ashamed.

Lying down is **** uncomfortable enough, if you stand up, do you still have to let that thing flow from his two trouser legs?

"You choose...you choose, I have no opinion..." Young Master Mu Yun said.

"Hahaha, then I'm not welcome! Those who are willing to follow me, Li Tian, stand to my left, and those who do not want to follow me, Li Tian, can continue to stand in place!" Li Tian shouted.

Wow!

Among the dozen or so followers of Master Mu Yun, a dozen of them ran to the left of Li Tian, and only four or five stood in place. A few seconds later, those followers also stood to the left of Li Tian.

"Bad son, Lao Tzu treats you very well, and now everyone betrays Lao Tzu!" Master Mu Yun cursed in his heart.

"Young Master Mu Yun, how can this be good, do you choose? The person you want to take away? Just give me the rest?" Li Tian said with a sneer.

"No...no need! These are your people! As long as you let me go, my people will be yours!" said Young Master Mu Yun.

This situation was unexpected by Li Tian!

That being the case, Li Tian didn't have to rush to exterminate, as long as these followers were sent into the space of the Heavenly Qiong Lance.

As for Young Master Mu Yun, I'm sorry, Li Tian is unwilling to take in those who were beaten out.

In the surprised eyes of Master Mu Yun, Li Tian sent all these followers into the space of the Qiong Lance of the sky one by one, so that the 30-odd Venerable 5th-level spiritual soil bandits in the space of the Qiong Lance of the sky would be well. Entertain these guys.

Xue Ji, Tang Xiaolong and Meng Guang emerged from the ground.

"Little boss, let me take care of this guy! See if I can play his shi again!" Tang Xiaolong said with a sneer.

Chapter 4435: : Dangerous approach

"You...you guys, how can words not count?"

"I...I have given you all the followers! You...you are shameless..." Young Master Mu Yun was really scared, his voice trembling a little.

"Shameless?" Li Tian sneered, kicked Young Master Mu Yun's face, and said: "You ***** dare to molested my woman, isn't it shameless? You use the Venerable fifth-level cultivation base to deal with me. Venerable's third-level cultivation base is not shameless?"

Young Master Mu Yun was kicked, and there was a fiery pain on his face.

His eyes were filled with fear and despair, and he supported his body with his hands and kept moving backwards.

After the initial warmth, the excrement has now become cold.

It's okay if Young Master Mu Yun doesn't move, the knowledge of those things maintains a certain form, and only needs to change clothes quickly.

But as Young Master Mu Yun moved, the cold and slimy thing began to make intimate contact with his skin.

Uh!

It's disgusting to think about it.

Young Master Mu Yun felt sick to death.

As a dignified son, as a Venerable fifth-level powerhouse, he was beaten out, and he is still fighting those shis, which is really disgusting.

However, nausea is better than losing your life!

"No... don't come... don't come, my father is Venerable Mu Wu, he is a magnificent Venerable eighth-level peak powerhouse, if you..."

Young Master Mu Yun blocked the nine-star lunar eclipse bow in front of him, and subconsciously took out the last feather arrow in the quiver behind him, but when he wanted to bend the bow and use the arrow, he thought of the nine-star The Lunar Eclipse Bow has been destroyed by Li Tian.

Thinking of this, Young Master Mu Yun was even more desperate while sad.

The destroyed nine-star lunar eclipse bow is not as practical as an ordinary sword, at best it is a crooked fire stick!

"Fuck me, I'm scaring me, let's get you!"

Tang Xiaolong stretched out his hand and grabbed the nine-star lunar eclipse bow.

"Little boss, the few gems on this bow are good, hey, give me this thing!" Tang Xiaolong had already resorted to ten-fold refining when he was speaking, and fold the bow directly to complete the nine-star lunar eclipse bow. The last piece of star shining stone was all deducted.

Young Master Mu Yun was dumbfounded.

What kind of character is this black monkey?

This full nine-star lunar eclipse bow requires at least tens of thousands of catties, and this black monkey can destroy the entire bow with bare hands.

"My Xing Yaoshi!" Young Master Mu Yun still feels distressed about his Xing Yaoshi at this time.

Young Master Mu Yun's sight suddenly fell on Xue Ji.

Xue Ji now flutters in white clothes, like a fairy in the mortal world, spotlessly clean, people can't help but want to blaspheme. But Young Master Mu Yun no longer has that kind of thought.

"This girl, please, forgive me! The reason why I disrespect the girl is all because of the beauty of my girl. I really can't help it. Fortunately, I did not do anything substantial to the girl. Hurt, please ask the girl to intercede for me, and forgive me this time!" Young Master Mu Yun begged for mercy, crying.

"I'm going to your grandma!"

Originally, Li Tian shot Young Master Mu Yun out of shit, and his anger had already disappeared by more than half.

But when he heard this kind of brain-dead words from Mr. Mu Yun, he immediately stopped being angry, and took Tang Xiaolong's hand from the nine-star moon eclipse bow that had been condensed into a twist, and kept greeting him with force. .

"If your sister, your sister, and all the women in your family are beautiful, then can I find it hard for me to greet your women kindly with my body?" Li Tian cursed while smoking the grandson.

As Li Tian's brother, Tang Xiaolong was already very angry. Now he beats the dog, naturally he will not be merciful. I don't know when this guy has a soft whip in his hand.

This soft whip was left to him by the mysterious female Lily as a memorial.

Tang Xiaolong's soft whip technique was really terrible. He had originally aimed at Young Master Mu Yun's head, but accidentally pulled him between Young Master Mu Yun's legs.

Snapped!

The clothes in that area turned into fragments and splashed, and a blood stain leaked from the underwear. Young Master Mu Yun suddenly felt that he had lost some of his functions and screamed like a female species.

"Little boss, I'm sorry, the first time I used the whip, I was unskilled, and I didn't control my strength." Tang Xiaolong said with a grin.

Snapped!

Snapped!

Snapped!

After several consecutive lashes, Li Tian did not see that Tang Xiaolong was embarrassed at all.

"Lord Li Tian, take a break when you are tired, let me come!" Meng Guang said actively.

"Skills can be killed and not insulted, you... don't deceive people too much, if you are careful I blew myself up, then none of you will want to leave here alive..." Master Mu Yun cried.

"Blode? Good! You **** blew yourself up? If the **** dare to blew up, then I will treat you as a man!" Meng Guang looked down on this bag!

Blew up, simple to say, but how many people really dare to blew up.

Even scared of death, let alone blew up.

The human death lamp goes out, but the soul is saved proudly.

Just like Tang Xiaolong, even though Tang Xiaolong was already dead, when the Sixiang old man found Tang Xiaolong's body, he used secret techniques to bring Tang Xiaolong back to life.

Moreover, both the earth world and the nether world believe in reincarnation.

As long as the soul exists, there is a chance for reincarnation.

However, if it explodes, the body will be destroyed, the soul will be destroyed, and there will be no possibility of reincarnation forever.

Blasting is not just a matter of courage.

What's more, Young Master Mu Yun is afraid of death, and he has no courage to let him commit suicide.

"Woo"

Young Master Mu Yun's clothes were tattered, and there were wounds all over his body, looking terrible.

"Li Tian, kill him! Let's leave here early! I always feel a little restless, don't make any accidents!" Xue Ji said.

Xue Ji is not a Virgin, and she doesn't care about the life and death of Young Master Mu Yun.

"What can happen? This is a dark forest. It's normal to die a few powerful experts at the venerable level! Besides, we have He Feng by our side, ordinary ghost beasts, there is really no way we can do it.!" Li Tian said confidently.

Having said that, Li Tian still gave orders to Tang Xiaolong and Meng Guang.

"Little dragon, do it!"

As soon as Li Tian's words fell, two powerful energy fluctuations suddenly appeared several kilometers away, and the powerful energy fluctuations were still rapidly approaching where Li Tian was.

Danger approaching!

"Venerable ninth-level powerhouse! Let's retreat..." He Feng said with a frightened face.

Chapter 4436: :identify

Li Tianzhen feels like a dog!

After a few minutes, he was beaten back to his original shape in a **** instant before he had time to kill Young Master Mu Yun.

This is just the outer layer of the dark forest, what the excitement of the ninth-level masters come to join in!

Although I don't know what the two ninth-level veterans came here for, there is still a sense of crisis in Li Tian's heart. He doesn't want to risk drinking beer and talking about life with these two ninth-level veterans.

Huh!

Li Tian grabbed Xue Ji and Tang Xiaolong with his left and right hands at the same time, sending them into the space of Void Yasha. Those who had not yet come rushed Meng Guang and He Feng into the space of Void Yasha, and felt that those two powerful forces had approached!

Meng Guang looked at Tang Xiaolong and Xue Ji who disappeared before his eyes, with a touch of sadness in his heart.

A feeling of being a stepmother was born in Meng Guang's heart.

In a crisis, Li Tian would definitely send Xue Ji and Tang Xiaolong away first.

This is understandable.

After all, it was Xue Ji who slept with Li Tian, not his Meng Guang. After all, it was Tang Xiaolong who was born to death with Li Tian, not his Meng Guang.

Understanding belongs to understanding, and acceptance belongs to acceptance.

Meng Guang had already prepared for it, but it was inevitable that there would be a feeling of loss in his heart!

"When am I Meng Guang..."

Huh!

Li Tian threw Meng Guang into the space of Void Yasha.

...

Unlike Meng Guang, Young Master Mu Yun was already desperate!

He didn't want to die tragically here.

Even more unwilling that his sturdy body would be the same as the shi he pulled out, rot in this dark forest and become food for maggots!

This picture is so beautiful that Young Master Mu Yun dare not imagine.

Now, the two powerful energies that appeared suddenly approached, causing Master Mu Yun's eyes to flash suddenly.

This is the desire to live, the desire to live.

escape!

Must escape!

Now you have a chance!

At the moment when Li Tian sent Xueji and Tang Xiaolong into the Void Yasha, Young Master Mu Yun crawled on the ground and continuously teleported to escape from Li Tian's control.

"Haha, as long as I escape here, my Young Master Mu Yun can make a comeback! As long as I wash in vain and change into clean clothes, who knows that I was beaten out?" Young Master Mu Yun thought in his heart.

However, the extreme happiness leads to sorrow, and Young Master Mu Yun is still happy too early.

He had forgotten that besides Li Tian, there was also He Feng, the Venerable Seventh-level master.

Before Young Master Mu Yun had time to rejoice to escape from Li Tian's palm, he was kicked to the ground by He Feng, who was overtaking him.

"Damn, where to escape!"

He Feng stepped on Young Master Mu Yun's neck.

Click! The powerful force instantly trampled on Young Master Mu Yun's neck.

Young Master Mu Yun let out a scream, blood was constantly pouring out of his mouth.

The strong life force of the Netherworld is extremely tenacious, and Young Master Mu Yun's neck has been trampled off, but he has not died yet.

It is impossible to make a sound and speak normally. Young Master Mu Yun has a long mouth, and his eyes are full of horror holding He Feng's leg.

Huh!

Huh!

Two consecutive figures fell in the woods where Li Tian was.

Those who came were the Venerable Nanlan Peak and the Venerable Youhua Yao who pursued the Venerable Nanlan Peak.

As the ninth-level powerhouse of Venerable, the teleport distance of Venerable Nanlan Peak and Venerable Youhua Yao is much longer than that of He Feng and others.

This is mainly because the confinement of the outer layer of the dark forest is limited. When the cultivation of these venerables is stronger than this kind of confinement, the outer layer of the dark forest also has much less restraint on them.

Powerful people like Li Tian and Tang Xiaolong who are at the third level of subversion and below are the most restrained in the outermost layer of this dark forest. If they use a gravity attack, they will be instantly offset by the confinement of the dark forest.

Like Li Tian teleporting here, he can teleport a distance of about ten meters at most at a time, while Tang Xiaolong wants to teleport like it, at most three or four meters.

As for Venerable Level 5 powerhouses like Master Mu Yun, the restraints they receive are slightly smaller than those of Li Tian, but that is also relative. They will also be able to offset most of them by the imprisonment of the dark forest when they perform gravity attacks here can be ignored.

This is the reason why Young Master Mu Yun could not use gravity to attack Li Tian.

And when the cultivation of these venerables reached the seventh level of venerables like He Feng, their restraints in the outermost layer of this dark forest were already relatively less, and their coercive attacks had already had a certain effect.

However, it is far from being powerful outside the dark forest.

As soon as Venerable Nanlan Peak appeared, he immediately noticed Li Tian, He Feng, and Young Master Mu Yun who was trampled by He Feng.

Huh!

Huh!

Several coercions fell on Li Tian and others at the same time.

Li Tian didn't know Venerable Nanlan Peak, but he saw a touch of déjà vu on Venerable Nanlan Peak's face. After thinking for a long time, Li Tian finally remembered that Venerable Nanlan Peak and him were The first cultivator killed in the death battle is somewhat similar.

"Broken!" Li Tian cried secretly in his heart.

However, Li Tian has also experienced all kinds of life and death, even if his heart is a little flustered, but his face shows a few calmness.

Venerable Nanlan Peak used coercion to control Li Tian and the others, and his gaze slowly swept across the faces of Li Tian and others.

According to the signal source, Venerable Nanlan Peak has been chasing Li Tian for several days, but this is the first time he has seen Li Tian!

"A few of you, have you ever seen this person?" Venerable Nanlanfeng raised a painting in his hand and asked.

The painting was originally painted by those alcoholics for Nanlan Peak, and it is a portrait of the black monkey Tang Xiaolong.

However, Li Tian couldn't flatter the painting skills of ordinary people in the Netherworld. In the entire portrait, except for the black skin, Li Tian couldn't tell that the portrait was actually painted by Tang Xiaolong.

Li Tian shook his head slightly!

He Feng also shook his head slightly!

Venerable Nanlan Peak cast his gaze on Young Master Mu Yun again.

He didn't know Young Master Mu Yun, and naturally he didn't care about Young Master Mu Yun's life and death. Seeing Young Master Mu Yun's miserable appearance, he couldn't help frowning slightly!

"what!"

"what!"

Young Master Mu Yun couldn't speak, but his eyes were flickering, and he kept pointing his finger at Li Tian.

Li Tian's heart sank.

When Young Master Mu Yun pointed at him, Li Tian suddenly wondered if the portrait in the hands of Venerable Nanlan Peak was Tang Xiaolong.

Fortunately, Tang Xiaolong had been sent by him into the space of Void Yasha. Fortunately, He Feng broke Young Master Mu Yun's neck, otherwise....

Venerable Nanlan Peak focused on Li Tian again.

It's better to kill by mistake than to let it go. This is the true idea of Venerable Nanlan Peak. He doesn't care if this is a personal grievance between Master Mu Yun and Li Tian. Since Master Mu Yun pointed his hand at Li Tian, then he has no reason to let him Li Tian left here alive!

"The waste is left, you two can leave here! I will give you ten seconds to leave here!" A smile suddenly appeared on Venerable Nanlan Peak's face.

Chapter 4437: : Turn danger to bargain (1)

Young Master Mu Yun is very sad!

When Venerable Nanlan Peak took out the portrait, he could tell at a glance that the person in the portrait was Tang Xiaolong.

For Young Master Mu Yun, who has been intoxicated by the painting and calligraphy circles of the Netherworld for a long time, he can clearly recognize the characters on it even if the portrait painting technique is a bit poor.

Of course, regardless of whether Young Master Mu Yun knew him or not, he would definitely point the finger at Li Tian in order to survive. Only in this way could he survive.

However, what made Young Master Mu Yun hurt was that Venerable Nanlanfeng had let Li Tian and He Feng go, and let him stay.

"what!"

"what!"

Young Master Mu Yun was very anxious, he kept making vague voices in his mouth, and pointed his fingers at Li Tian constantly, with an anxious expression on his face.

Li Tian and He Feng didn't know that Venerable Nanlan Peak's gourd sold medicine. They looked at each other, but didn't move!

Venerable Nanlan Peak also didn't mean to explain to Li Tian, he just started the countdown!

"Ten...Nine..."

Seeing that the appearance of Venerable Nanlan Peak did not look like a fake, He Feng immediately shouted at Li Tian: "Go!"

Li Tian and He Feng thought about galloping in the middle layer of the dark forest.

The two of them had just left the ground, but at a distance of five or six meters, the pressure released by Venerable Nanlan Peak suddenly increased and fell on Li Tian and He Feng again.

"Hey, it really is you! You really killed my brother!" Venerable Nanlan Peak said grimly.

It turns out that Li Tian was stabbed by a spirit tracker. If Li Tian is still and does not operate his spiritual power, Li Tian will not release the signal source, and Venerable Nanlan Peak will not be able to distinguish where Li Tian is. Location and direction.

However, as long as Li Tian uses his spiritual power, his body is a huge signal source.

The reason why Venerable Nanlan Peak was willing to let Li Tian go, he just wanted to judge whether Li Tian was the murderer.

Of course, even if Li Tian is not the murderer, Venerable Nanlan Peak doesn't care about his life or death.

Controlled by the pressure again, Li Tian and He Feng showed horrified expressions on their faces at the same time.

"This...Is there any misunderstanding in this?" Li Tian quickly defended.

"Misunderstanding? Hey, there is absolutely no misunderstanding!"

Huh!

Venerable Nanlan Peak teleported to Li Tian, looked at Li Tian carefully, and said with a sneer: "The spirit tracker made by the skilled craftsmen of the middle-earth clan of my Venerable Nanlan Peak has been successfully developed to the present. There has never been a mistake in this year!"

"You are very good! Even the younger brother of Venerable Nanlan Peak dare to move, and you dare to kill him. My brother's cultivation talent is a bit worse, but he can also cultivate to Venerable immediately. Cultivation base! In order for him to break through to the realm of the venerable as soon as possible, I agreed to him entering the battlefield of death!"

"But... But I didn't expect that such a stupid decision of mine would have ruined his life! Do you know how I spent the past ten years? Originally, because I had to wait for five hundred years, I waited until death. When the mystery of the battlefield opens again, I will be able to avenge my brother, but I didn't expect you to have come out of the battlefield of death!"

"Today, I must take care of you well to pay tribute to the spirit of my brother in the sky!" said Venerable Nanlan Peak.

"No... this is definitely a misunderstanding! The Death Battlefield will only open once in five hundred years. Even the domain master-level powerhouse can't let the Death Battlefield open in advance, so there must be some misunderstanding here! Maybe your brother is still dead now in the secret realm of the battlefield!" He Feng insisted.

"Yes! I, Li Tianren, said lightly. Even if your Venerable Nanlanfeng wants to kill me today, I would not regret my death, but even if I die, I must let me understand. I am a three-level master, I am How could it be possible to enter the battlefield of death?" Li Tian defended Liansheng.

Venerable Nanlan Peak suddenly hesitated!

Li Tian and He Feng are very reasonable.

Since the death battlefield secret realm was discovered to the present, it has been following the opening and closing of a cycle of five hundred years. There has never been an exception. Even the powerhouse of the emperor and the domain master has no way to change this rule.

In addition, it is absolutely impossible for a powerful person at the Venerable level to enter the battlefield of death. Li Tian's current cultivation base is at the highest level of Venerable Level 3. In the subconscious of the Venerable Nanlan Peak, a person's cultivation base talent is stronger. , Nor can it break through from the realm of cultivators to the three-level pinnacle realm of the Venerable in just ten years.

"Caring is chaotic, even the sophisticated instrument will always be confused! You can't influence good people!" Li Tian said again.

"Is it really me wrong? Is my brother really still on the battlefield of death? No, I would rather kill 10,000 people by mistake, and definitely not let him go! Whether or not my brother is still on the battlefield of death, this Li God, I will kill first!" Venerable Nan Lanfeng made a decision instantly.

Li Tian had seen a trace of killing intent on the face of Venerable Nanlan Peak.

"What to do? My current cultivation base is really too weak. There is no way to break through the gravitational pressure of the ninth-level venerable powerhouse. Am I going to die here today?"

"But fortunately, fortunately, I, Li Tian, still has a clone in the earth world. Even if my deity dies here, as long as my clone still exists, then the people in the three small Yasha and the spear of heaven will not will die!"

"But... but I'm so unwilling! This feeling of being pinched like an ant at will is really too bad!"

"If I have enough strength, then I can protect Situ Ningbing. If I have enough strength, I won't let anyone hold it. If I have enough strength..."

Li Tian's arms trembled slightly.

This is not fear, anger, or fear.

Venerable Nanlan Peak was about to make a move, and suddenly, another coercion fell from the sky.

Hum!

This coercion was extremely powerful, and it was also the coercion that the Venerable ninth-level strong could release, and instantly broke the coercion that the Venerable Nanlan Peak exerted on Li Tian.

It was not someone else who made the shot, but the Youhua Yaozun who stood by and watched the show.

"You Hua Yao Zun, what do you want to do?" Nan Lan Feng turned angrily to look at You Hua Yao Zun.

"Hahaha, do I still need to report to you what I want to do? This is the dark forest, not the kingdom of your Venerable Nanlan Peak! I will not let you kill the people you want to kill. The person you want to save, I want him to die!" Youhua Yaozun said with a charming and enchanting sneer.

Speaking of Youhua Yaozun once again exerted its pressure and suddenly fell on Young Master Mu Yun.

"Woo, who the **** did I provoke!" Young Master Mu Yun was crushed and fell to the ground like mud, thinking sadly.

Hearing Youhua Yaozun's words, Li Tianjuan suddenly tightened.

"Does this Youhua Yaozun also like Lao Tzu? Lao Tzu's charm is not so great, right?"

"Don't be passionate. You don't take a **** and take pictures of yourself. You've been disfigured by the black mud. You Hua Yao Zun will appear here. I think it's You Hua Yao Zun to Nan Lan Feng Zun. The reader has an idea!" He Feng battered.

Chapter 4438: : Turn danger to bargain (2)

At the moment when Venerable Youhua Yao used pressure to break the coercion of Venerable Nanlan Peak, Venerable Nanlan Peak once again used pressure to control Li Tian.

The two ninth-level masters flirted with each other, but it was Li Tian, He Feng, and Mu Yun who were suffering.

Li Tian and He Feng were better, after all, they were not injured, but Young Master Mu Yun kept screaming.

"Youhua Yaozun, don't make me angry! I have to kill this person today!" Venerable Nanlan Peak said with a sneer.

Youhua Yaozun smiled, enchantingly raised his sleeves to cover half of his cheek, and said: "If you follow me, I will kill this person for you. If you are already rejecting, hehe, then you really can't kill this person. !"

"Hahaha, there are a few people in the Netherworld that my Venerable Nanlan Peak cannot kill, but this does not include this **** who only has the third-level peak realm of Venerable!"

Venerable Nanlan Peak burst into strong spiritual power fluctuations in an instant, and his clothes swelled up completely, looking like a balloon blown fat by the wind.

"What a powerful spiritual power fluctuation, you won't lose to the ninth-level powerhouse!" He Feng exclaimed!

"I'll rub, is it time for you to marvel? This ***** is going to kill us!" Li Tian said.

Hearing Li Tian cursing him as a bastard, the corners of Venerable Nanlanfeng's mouth moved slightly.

"Damn it, even daring to curse me after death!" Venerable Nan Lanfeng said with a sneer.

"I'm ***** all the women in your family. Whether I scold you or not, you have to kill Lao Tzu. Why didn't I scold you!" Li Tian scolded even more joyously, taking everything he could imagine and could not imagine. The filthy and cursing words all fell on Venerable Nanlan Peak.

Wang Ba Laozi, damn, I have already explained to you, you have to kill me! Don't let Lao Tzu escape, I bah, even if you kill Lao Tzu's deity, sooner or later Lao Tzu's clone of the earth world will find today's place.

"Haha, good, good scolding! Then I can't keep you alive!"

The clothes on Venerable Nanlan Peak burst suddenly, as if a balloon was blown to its limit and exploded. The yellow spiritual power rushed to Li Tian like a bursting torrent.

The spiritual power of the ninth-level master of the Venerable is extraordinary. This surging spiritual power torrent instantly destroyed the giant trees around the Venerable Nanlan, and swept Li Tian and He Feng into the mountain torrent.

Li Tian, who was involved in spiritual power, felt that the spiritual power of his body began to flow involuntarily, and these spiritual powers gushing out from the acupoints of his body, the most red mixed into this spiritual torrent.

"Hey, today I want to ***** both of you dry, so that you two will become waste without a trace of spiritual power, and then I will make yours the hardest!" Venerable Nan Lanfeng said with a sneer.

The spiritual power possessed by Li Tian's body is much stronger than the spiritual power released by Venerable Nanlan Peak. The spiritual power lost from Li Tian is completely negligible.

It was not the surging spiritual power that made Li Tian truly jealous, but the hundreds of sword-like spiritual power fish!

Spiritual swordfish!

These spiritual power swordfish are probably only over an inch long, but this spiritual power swordfish has a half-inch-long small sword in front of its forehead, a small spiritual power sword.

At this moment, these spiritual swordfish are swimming towards Li Tian and He Feng in the mountain flood. Once these spiritual swordfish pierce the bodies of Li Tian and He Feng, then these spiritual swordfish will devour their bodies, and Will increase the leakage of the spiritual power of their two bodies.

"Spiritual power is released, spiritual power is transformed!"

This is the power of martial arts.

Of course, Li Tian's Qingyun Qi Jue is also a martial skill.

It's just that Qingyun Qi Jue can only control seven or seventy-nine purple electric dragons, and as much spiritual power as Li Tian's heart and lakes, Li Tian can control only limited.

...

Venerable Youhua Yao could not help changing color slightly when seeing the power displayed by Venerable Nanlan Peak, her graceful and noble face.

"I didn't expect that although this Venerable Nanlan Peak was at the ninth level of the Venerable's initial cultivation base, it was only a thin line away from the ninth level of the Venerable. Hey, I am a little languid, but...but... why am I? I like him more and more"

"Since he wants to kill this kid, then I will let him kill. I can't make my Nanlanfeng relative really sad because of such an inconspicuous kid!" You Hua Yaozun thought.

Li Tian was a little desperate.

He also counted on Venerable Youhua Yao to continue to help, but now Venerable Youhua Yao is a dead lady who has fallen in love, and his eyes changed when he watched Venerable Nanlan Peak.

As long as it is to win him one second of freedom, no, even for half a second, Li Tian will not hesitate to hide in the space of Void Yaksha, hiding him for ten or eight years first.

It's just that Youhua Yaozun can't count on it anymore.

hiss!

At this moment, several spiritual swordfish pierced Li Tian's body instantly.

The skin on Li Tian's body was cut by that spiritual power sword, blood flowed, and spiritual power began to flow uncontrollably toward the mountain torrent.

Looking at He Feng, his face was pale.

As Venerable Seventh-level powerhouse, he was controlled by Venerable Nanlan Peak's spiritual power torrents, and he did not even have the slightest resistance. The spiritual power of his body was sucked away by a tenth in just a few seconds.

The more He Feng resisted, the more serious the loss of his body's spiritual power.

When the spiritual power swordfish began to attack him, the spiritual power of his body was completely out of control.

The spiritual power was sucked, and Venerable He Feng's realm had fallen below Venerable sixth level in less than a minute.

"It's over! It's really over this time!" He Feng thought desperately.

He wanted to blow himself up, but even if he blew himself up, it was unlikely that he would injure Venerable Nanlan Peak. Instead, he would involve Li Tian.

...

The bones of Master Mu Yun's whole body seemed to be broken, and the pain was unbearable, but when he saw Li Tian and He Feng being attacked by Venerable Nanlan Peak, he was dying to death, and a smile finally appeared on the corner of his mouth.

"Haha, there are powerful entourages around you, but you are the first to die, and the final winner is still my son, Mu Yun! Hit out my shi and wait until your spiritual power is taken by Nanlan Fengzun When the person **** cleanly, Lao Tzu will have to beat you out, and you will also have to eliminate those by yourself!" Young Master Mu Yun thought viciously.

Venerable Nanlan Peak showed an expression of enjoyment on his face.

Inhaling the spiritual power of a Venerable's seventh-level body, there is not much that can finally be transformed into his own spiritual power. It was Li Tian that surprised him.

The spiritual power of this guy Li Tian is even stronger than that of Venerable Seventh-level He Feng!

"It's really unexpected. If I absorb all the spiritual power of Li Tian's body and transform it into my own spiritual power, will it be possible for me to break through to the ninth-level realm of the Venerable?"

"Whether my brother is alive or not, today you Li Tian is dead!" The face of Venerable Nan Lanfeng became more and more excited.

However, at this moment, he suddenly saw a few strands of black flame-like spiritual power pouring out of Li Tian's body, starting to burn the spiritual power torrents and spiritual power swordfish he released!

Venerable Nanlan Peak's face suddenly changed: "No...impossible! This guy... turned out to be... the source of blood spirit..."

Chapter 4439: : Turn danger to bargain (3)

Li Tian feels unusually uncomfortable!

More than a dozen spiritual swordfish kept cutting his body, and those spiritual swordfish swallowed his skin, causing the spiritual power in his body veins to flow out completely uncontrollably!

Several times, Li Tian wanted to control the seven or seventy-nine fish in the vein to wander out of the vein and transform into a dragon to fight the aura swordfish. However, the difference in strength caused the little fish of Li Tian to wander out. , Was divided by the spiritual swordfish.

At this moment, several black flames in Li Tian's veins suddenly began to surge outwards uncontrollably!

The black flame originates from the source of blood spirit.

This black flame is overbearing and abnormal. In Li Tian's context, even if Li Tian controls it, it will shake the mountain with Li Tian's original spiritual power.

Now, these aura swordfish are like the keys to open the beast cage, causing the black flames to surge wildly!

Spiritual power is not divided into strong or weak, only the amount!

But once the spiritual power is transformed into a shape, it is a contest of martial arts!

Venerable Nanlanfeng cultivated the swordfish Canghailu. If Venerable Nanlanfeng can practice this martial art to the extreme, then the spiritual power he releases should be as soft as the sea, but vigorous, not as it is now. Mountain torrents are generally domineering!

Of course, if Venerable Nanlan Peak could cultivate to the extreme, the swordfish after the aura that he released would not only be an inch in size.

Li Tian's blood spirit source, he has not yet practiced martial arts to control these black flames, but the dominance of this black flame does not belong to the mountain torrent!

boom!

boom!

These black flames are like gasoline burning on the surface of the water. Venerable Nanlan Peak wants to use his torrent-like spiritual power to extinguish these black flames. Although the black flames are equally overbearing, they are more powerful than those of Nanlan Peak. There is still a lot of difference in the spiritual power of the mountain torrents.

However, this black flame is endless, even if it is extinguished by the spiritual power of those flash floods, more black flames are released from Li Tian, but they are becoming more and more vigorous!

As the spiritual power of those mountain torrents absorb more and more spiritual power from Li Tian's veins, and as the spiritual swordfish will break through the wounds on Li Tian's body, the more and more they love, the black flames have spewed out completely uncontrollably.

"Good! Good! Good! Hahaha, I didn't expect that Nanlan Peak would have such a chance, even if I can't get the blood spirit source, as long as I can absorb all the spiritual power in the blood spirit source, then why can't I become What about the strong at the domain master level?"

"It's just that you can't become a domain master-level powerhouse in a short period of time, and it's just around the corner to become an emperor-level powerhouse!" Venerable Nanlan Peak's face showed a frantic joy.

In the distance, Venerable Youhua Yao's eyes straightened.

Black flame, this is Li Tian's name for the spiritual power in the blood spirit source!

But as one of the few ninth-level masters in the Netherworld, the Venerable Youhua Yao knew that the specific name of the spiritual power in this blood source should be called the dark ghost.

"Blood Spirit Source! Blood Spirit Source!" Youhua Yaozun's eyes flickered, and he kept repeating words in his mouth.

"Venerable Nanlan Peak I do what I want, and the blood source is also what I want! However, if Venerable Nanlan Peak absorbs the spiritual power from this blood source, then my Venerable Youhua Demon will be able to fight for nothing. Up!"

Youhua Yaozun quickly figured out.

"Blood spirit source! As long as I can get the blood spirit source, I may become a domain master-level powerhouse. When that happens, let alone the master of Nanlanfeng, even other emperors, who dare not obey my orders. !"

drink!

Venerable You Hua Yao roared, and the clothes on his body like a large flower bed sheet flew from him like a flying carpet to the mountain flood spiritual power released by Venerable Nanlan Peak.

More than a dozen spiritual swordfish rushed out of the torrent of spiritual power instantly, cut the intact clothes into pieces, and all fell into the torrent of spiritual power.

A sneer appeared on the face of Venerable Youhua Yao, his hands were knotted, and those fragmented clothes seemed to have come alive. With the help of the spiritual power of the torrents of Venerable Nanlan Peak, they changed into a sea of flowers.

Flowers are not ordinary flowers, they are also formed by spiritual power.

Like a peony but not a peony, like a rose but not a rose.

Those flowers fell and took root instantly in the spiritual power mountain torrent, and they started to absorb the spiritual power of the mountain torrent released by Venerable Nanlan Peak, which made the enchanting flowers grow faster.

Soon, human faces, ears, noses, eyes and mouths appeared on these flowers.

puff!

The mouth is a big mouth with blood, sharp teeth grow out of the flower, and the canine teeth are interlaced, which looks terrifying.

Youhua Yaozun, if there is no such means, how can he take on a monster character!

Piranha?

No, not all!

The flower opened its blood basin and slammed its mouth toward Venerable Nanlan Peak.

"Youhua Yaozun, do you dare to intervene?"

Venerable Nanlan Peak was refreshing, and that Venerable Youhua Yao suddenly intervened, not only robbed and sucked all the spiritual power he had just absorbed, but started to absorb the spiritual power he released from the mountain flood.

It is tolerable or unbearable, uncle and aunt can not bear it.

Also a ninth-level powerhouse of Venerable, Venerable Youhua Demon is only slightly stronger than Venerable Nanlan Peak. On the way, Venerable Nanlan Peak was harassed by Venerable Youhua Yao, and Venerable Nanlan Peak also Just tolerate it and let it go.

But now this Venerable Youhua Yao has already begun to ***** the spiritual power of Venerable Nanlan Peak, which Venerable Nanlan Peak absolutely cannot agree to.

Avoiding the attack of the piranha, Venerable Nan Lanfeng then slapped a palm, and slapped the piranha with a wave of tidal power.

boom!

The piranha flower was blasted into shards in an instant, fell into the mountain torrent spiritual power, and was turned into self-use by the mountain torrent spiritual power of Venerable Nanlan Peak.

"Hey, Nan Lanfeng dear, the slave family is just playing with you, why do you need to be so serious? You make you want to play seriously, then the slave family is with you!" Youhua Yaozun said coquettishly.

The two ninth-level masters of the venerable have already blasted dozens of moves between you and me. They did not dare to blast Li Tian into shards, so as not to destroy the blood source. So the corresponding power is limited.

But even so, the outer layer of this gloomy forest was a huge tree but suffered.

Within a few seconds, hundreds of towering giant trees were blasted to pieces.

As for Young Master Mu Yun, when this guy saw Li Tian being controlled and the two ninth-level powerhouses fighting with great joy, he resisted the pain and performed teleportation, and he escaped by this guy.

For this kind of ant-like existence, neither of the two Venerables paid attention to it.

Li Tian and He Feng are now overwhelmed, and there is no way to stop Young Master Mu Yun from escaping.

He Feng was miserable. Within a few minutes, his cultivation base fell again and he had fallen to the fifth level of the Venerable. Now he was confused and had only one thought in his heart, to protect Li Tian from escape!

If he is sucked down, his cultivation level will continue to fall, and it may even affect his life!

Fortunately, with the intervention of Venerable Youhua Yao, Venerable Nanlanfeng couldn't do two things with one heart. Although he was still controlling Li Tian, all those spiritual swordfish faced the Venerable Youhua and started to attack!

"Li Tian...flee..." He Feng, who was confused, shouted at Li Tian.

Escape, but how can I escape?

Chapter 4440: : Turn danger to bargain (4)

At the same time Li Tian had this idea in his heart, a light suddenly shot from a distance.

Light?

No, this is not light, but an arrow!

This arrow is light, as fast as light!

Whoosh!

This arrow flew over in the blink of an eye, and shot the torrent of spiritual power between Venerable Nanlan Peak and Li Tian and He Feng with one arrow!

Then the arrow shot on the ground, the whole ground shook violently, and then a violent explosion occurred!

boom!

The violent spiritual power came out from the arrow, and the surrounding land quickly disappeared and carbonized with the arrow as the center!

The dead leaves and the branches of the giant trees that had fallen on the ground were wiped out in an instant, completely disappearing without a trace. At this moment, it seems that the space in this dark forest has been distorted.

A large pit with a depth of more than ten meters and a circumference of more than forty meters suddenly appeared in the dark forest.

And in the center of this big pit is the arrow that flies over!

At the moment when the direct connection between Venerable Nanlan Peak and Li Tian was severed, Li Tian's spirit was in a trance, but Li Tian immediately reacted, and instantly hid in the space of Void Yasha with ecstasy!

call!

call!

Li Tian was panting heavily. He originally thought that his avatar was going to be here today, but he didn't expect that there would be a time when the danger would be turned away.

In the space of Void Yasha, Tang Xiaolong, Xue Ji and several other spirit soil bandits immediately surrounded.

"Little boss, what's the situation outside? Why are you so embarrassed?" Tang Xiaolong asked anxiously.

"Get out of me!"

Windsor had already rushed over from her room, roared, and drove the bandits aside.

Seeing that almost no inch of Li Tian's skin was intact, almost all of them were thumb-length wounds. These wounds seemed to have been cut one by one with a blade.

The blood, clothes, and wounds were glued together, looking terrible.

Xue Ji clenched this fist, it was naturally clear what was happening outside Void Yasha, but Li Tian refused to let Void Yasha say that these people in the space of Void Yasha would never know.

Windsor and Liu Yihui take over Li Tian.

Windsor's face was gloomy.

Many people know exactly what Windsor has about Li Tian over the years.

It is precisely because of this that when Li Tian invited Windsor to follow him to the Netherworld, Windsor did not refuse.

Windsor sat beside Li Tian, first cut Li Tian's clothes with scissors, and then carefully peeled it off from Li Tian. Looking at the thousands of small wounds on Li Tian's body, all the onlookers involuntarily sucked up. Take a breath.

What happened outside that caused Li Tian to suffer such serious injury? Even the most cruel criminal law is nothing more than a thousand cuts.

Windsor is uncomfortable.

Everyone in the earth world knows that Li Tian is powerful, that Li Tian has supreme rights, status, and wealth, and he also knows that Li Tian has several wives who are all over the country.

However, how many people can know the pain Li Tian has endured?

Everyone envied Li Tian's achievements, but they had thought of how much pain Li Tian has endured!

Windsor, she is not only grateful for Li Tian, but also full of admiration for Li Tian.

Li Tian is a man worthy of her respect and respect.

She understands Li Tian, she loves Li Tian!

Windsor gently pressed both palms on Li Tian's wound, and began to treat Li Tian with medical powers!

but.....

This wound is not a wound separated by a knife, but a wound cut by the spiritual power swordfish of Venerable Nanlan Peak. Even now, there are still slight spiritual power fluctuations on this wound.

Windsor's abilities have an effect, but...the effect is not the same as before. It can quickly restore Li Tian's wounds.

Windsor is crying!

She was very anxious, tears of anxious tears rolled in her eyes, and finally they shed.

"My God..., I'm sorry, I..."

There was a smile on Li Tian's face, and he resisted the pain and wiped the tears from Windsor's face. The tears instantly penetrated into Li Tian's wound, and the stung Li Tian grinned in pain.

"Don't cry! It's not your fault!" Li Tian said.

Liu Yihui has also come to Li Tian. Seeing that Windsor's abilities are helpless to Li Tian, he has no other choice but to use the simplest method: disinfection and suture the wound!

Of course, if the whole body is stitched up and down, then Li Tian doesn't know how many stitches he needs to sew.

Those wounds exceeding one inch were all sutured, and those not exceeding one inch were treated slowly by Windsor.

This method is undoubtedly a novelty to the spiritual land bandits of the Netherworld. They curiously watched Liu Yihui shuttle up and down Li Tian with medical needles.

But as a result, Li Tian could only endure the pain.

"Venerable ninth-level powerhouse, really powerful, the wounds caused to me are helpless without expecting Windsor's abilities!" Li Tian thought in his heart.

Li Tian also knew that the Venerable Nanlan Peak was eager to absorb the spiritual power from him, so he didn't hurt the killer.

Otherwise, with the strength of Venerable Nan Lanfeng, Li Tian could be killed instantly.

After nearly an hour of busyness, Li Tian was covered with bandages and gauze. Li Tian was like a mummy, wrapped tightly.

Windsor became the woman behind Li Tian and began to treat Li Tian with abilities.

Xue Ji is Windsor's assistant and keeps sweating Windsor.

"Little boss, what happened outside?" Tang Xiaolong asked.

Li Tian let out a suffocating breath and said roughly what he knew, but Li Tian didn't say about the matter of his blood source.

It's not that Li Tian didn't believe in these spiritual robbers, it's just that more is worse than less.

"Venerable ninth-level powerhouse? And are the two Venerable ninth-level powerhouses? Then how did you escape, little boss?" Tang Xiaolong asked with a look of surprise.

How did you escape?

Li Tian is actually not quite clear.

When the light flashed, Li Tian's sanity was still a little tranced, when he reacted, he had subconsciously hid in the space of Void Yasha.

"Although the danger has been turned into a panic and hid in the space of the Void Yasha, this is really troublesome."

"The fact that I have a blood source in my body has been known by at least two ninth-level masters, and more importantly, the venerable Nanlan Peak can still know my location and can chase me down at any time!

"What should I do next? Did I really hide in this void of Yasha for ten or eight years?" Li Tian thought in his heart.

Suddenly, a Venerable Sixth-level spiritual soil robber said: "Where is Chief He Feng? He still doesn't know whether it is alive or dead!"

Hum!

Li Tian felt dizzy in his head.

I just tried to escape for my life, but forgot He Feng!

"Go out to save He Feng?"

save? Or not save!

This is a problem!
