

## A Killer 4521

### Chapter 4521: : Nether Academy (1)

When Li Tian and his four domain masters, good friends and brothers, were silent on the top of the holy peak and penetrating the stele, there was a great sensation in the human society of the Nether Realm that could disrupt the balance of power of all parties in the Nether Realm. event.

The fuse of these major events is Yu Frost Emperor.

This former domain master powerhouse, after thousands of years of silence, suddenly broke out and broke through to the domain master realm again! And the weapon in the hands of the Lord of Frost is the "Red Slash" that Li Tian brought back from another world!

It was the first time the Frost Territory Lord broke through to the Territory Lord, the four great emperors of the few non-venerable kingdoms in the Underworld, the Canghai Empire, the Zichuan Empire, the Haoyue Empire, and the Qinshan Empire, announced that they had broken through to the realm of the Domain Lord.

There were five more domain masters in the entire Netherworld in an instant!

However, even more dazzling things are still happening.

The first is the Colosseum. In a large-scale beast fighting event, the Colosseum showed many spectators the two ghost beasts of the ninth-level peak realm of the Venerable.

Immediately after the North and South Chamber of Commerce was attacked, the two worship elders broke out of the power of the imperial state, and strongly announced that they had at least the imperial-level powerhouse.

Then there are Wuyue Auction, Houde Chamber of Commerce, Warcraft Bounty Hunter Organization... and more than a dozen organizations also announced that they have the worship of the emperor.

In addition to the other seventeen emperors that existed before, now there are nearly forty emperor-level powerhouses exposed.

This was only exposed voluntarily, and more organizations and those strong in the Venerable Kingdom were still waiting and watching, and did not reveal their strength.

Immediately afterwards, the Netherworld Academy, which had been silent for thousands of years, released the latest list of domain owners and emperors.

Through this list, some people's conjectures are also confirmed laterally.

Nether Academy is located in the eternal capital of Fengyun Empire, and it is a special existence in the Nether Realm.

Before the long-haired woman descended on the Nether Realm, there were so many talents in the Nether Realm, and the Nether College published a list every five years.

This list is divided into two parts: the human list and the animal list.

Five hundred domain masters and five hundred emperors with the strongest cultivation base in the Netherworld will be registered in the list of people.

And based on the cultivation base, age, equipment, chances, and potential of these domain masters or emperors, and make analysis.

There are as many as 500 people who can make the list, plus the Emperor has 1,000.

But there are very few who can be analyzed by the Netherworld Academy. Often these analysts, if they do not fall, will have a great possibility of breakthrough in the next five years.

The emperor became the domain master, and the domain masters became the existence beyond the domain master.

Beyond the existence of the domain owner, they will no longer log on the list, and unless they show up on their own, they will become silent.

As for those emperors, they used to be the strongest ones, but once they broke through to the realm of the domain master, they would also be ignorant of everyone, unless they could once again enter the top 500 domain masters.

This is the list of people.

The beast list is much simpler. The beast list only records the domain master level ghost beasts that have reached the realm of the domain master and have appeared in the human world.

This list also roughly ranks the strong in the animal list, but only ranks the top 100.

However, when the long-haired woman descended on the Ten Thousand Gods Mountain, the domain masters and super domain masters of the entire Netherworld experienced a massacre. Almost all of the top 500 domain masters and the top 500 domain masters fell. Or just disappeared. Afterwards, Nether Academy did not announce the list of domain owners and emperors.

This time, it is the first time that Nether Academy has published a list after thousands of years.

It's just that this time there is only a list of people, and the domain owner list and the emperor's list are only exposed to these strong people, and these strong people have not been ranked!

This makes those who are eager to understand the true strength of the Nether Realm can not help but feel a little disappointed.

But even so, the Netherworld would have gradually boiled if the boiling water pot was opened.

...

Three months later, a guest came to the summit of the holy peak.

This guest looked like he was in his 60s or 70s, with a childlike appearance and a tough body.

He was wearing a white long gown embroidered with green bamboo, a light blue crown scarf on his head, and a feather fan made of feathers that he didn't know what kind of ghost beast was in his hand.

Looking at this person from a distance will give people a sense of gentleness and powerlessness.

But when he walked in, Li Tian and others discovered that this man was tough.

First of all, such a guy climbed the holy peak, but there was no trace of scars on his body, and there was no dust on his clothes.

Furthermore, every time this guy fanned the feather fan in his hand, Li Tian and others could feel a strong energy coming out of his feather fan.

Also, even if this guy is surrounded by four domain masters including the Purple Flame Thunder Bear Domain Master, his face is calm and light, without the slightest expression of tension, but there is a playful expression in his eyes.

"I believe that several domain masters will not do anything with me! Let me introduce myself first. I am the elder of the Nether Academy. This time I was ordered to come to the dark forest and come to the top of the holy peak to watch the sea and watch the sunrise, so, Even if you practice again, just treat it as if I don't exist!" The elder in charge said lightly.

The domain master of the purple flame thunder bear and the master of the Tiangangyan raccoon domain are like enemies and dare not slack in the slightest.

The elder in charge did not talk nonsense with a few domain owners. Sitting on the west end of the summit of the holy peak, he found a small case less than two feet in his hand, took out a set of exquisite wine utensils, and then sat on the floor with his legs crossed. Looking at the west, pouring and drinking.

"Have you heard of Nether Academy" Li Tian asked suspiciously.

Tian Gang Yan, Li Yuyu, shook his head slightly and looked at the back of this powerful man in confusion.

Domain Master Ziyang Thunder Bear thought for a while, and said: "I have been to the human world and witnessed the long-haired woman with my own eyes during the Battle of Wanshen Mountain, but I have never heard of this academy! But... I can feel that his cultivation is far beyond us, I'm afraid... I'm afraid he already exists beyond the domain master!"

The elder in charge turned his head to look at the Purple Flame Thunder Bear Domain Master, looked up and down at the Purple Flame Thunder Bear Domain Master, and said: "Have you ever been to the human world? Well, in this way, you are barely qualified to enter the beast. Listed!"

"Beast Ranking? Are you talking about the Beast Ranking? I... I finally remembered the Nether Academy!" The Purple Flame Thunder Bear Domain Master said excitedly: "I didn't expect that I could also enter the Beast Ranking. Does that mean I am about to Breakthrough? Become an existence beyond the domain master?"

"You really think too much. With your current cultivation base, you can barely rank 99th, or 100th, on the beast list. There are many ghost beasts in the realm of domain masters than before!" The elder in charge said.

"Impossible! In the dark forest, my Purple Flame Thunder Bear is already the most powerful existence!" The Purple Flame Thunder Bear Domain Master said unconvinced.

The elder in charge glanced at him disdainfully, slowly picked up the wine glass, drank a glass of wine, and said, "Hehe! Five years from now, when the Nether Academy releases the latest animal list, you will understand!"

"Netherworld Academy, it will be busy again soon!"

Chapter 4522: : Nether Academy (2)

Domain Master Ziyan Thunder Bear still wanted to talk to the elder in charge, but the elder in charge said nothing.

Although the pen elder of the Nether Academy entered the dark forest, he looked down on the Nether beasts in the dark forest from the bottom of his heart, and looked down upon the domain masters crowned by monkeys.

The elder in charge slowly tasted the wine, looked at the west, and watched the setting sun parallel to the sea of clouds, dyeing the sea of clouds into a sea of fire, and completely ignored and full of contempt when he spoke to the Purple Flame Thunder Bear Domain Master several times in a row.

But the domain master of Ziyan Thunder Bear did not dare to have the slightest displeasure.

"This wine smells like Niulanshan?"

Li Tian and the four domain masters couldn't be more familiar with each other, and the \*\*\*\* of the earth vulture domain master swallowed a mouthful of water and asked.

The elder in charge was even more proud.

He entered the dark forest this time just to confirm whether the masters of the Nether Beast Domain who had been to the human world were still alive.

After entering the dark forest, he was attracted by the smell of wine, and following the smell of wine, he found the current tavern of the third son of the netherworld.

The elder in charge is a big figure in the dark academy. He may have heard the names of Ye Cheng Huangzun and others, and he naturally wouldn't know the younger generations like the Third Young Master.

If you want to drink fine wine, the elder in charge will buy it. The metal coins he brought in are not recognized at all, and naturally you can't even buy a glass of wine.

For this reason, the elder in charge can only reluctantly cut his love and exchange a treasure he had previously obtained from the dark forest for a few bottles of Niulan Mountain.

For these bottles of Niulanshan, the elder in charge pays special attention and love. Every time he takes them out, he slowly tastes the wine, and he can taste the wine for half an hour.

Hearing these territories talking about this wine now, his heart was naturally proud.

"Yes, it is Niulanshan. Have you ever drank it?"

"I've had a fluke! This wine is good, but as far as I know, there are better wines in the tavern. That's a well-deserved divine wine!" Li Tian said.

The elder in charge looked at Li Tian suspiciously, nodded and said, "Yes, you are right. There is indeed a better wine in the tavern, but the price to change for that wine is not small!"

"The old gentleman is so powerful, as long as the old gentleman wants it, they dare not give you a good wine?" said the Yinmoyin cattle domain master.

The elder in charge seemed to have been insulted, and gave a vicious look at the Lord of Yin Mo Yin. The Lord of Yin Mo Yin suddenly felt like falling into an ice cave. All the hairs on his body were erected, and even breathing became extremely difficult. .

After a while, the pen elder sighed again and said, "You wait for the ghost beast, but don't know how to teach. Since I am the pen elder of the Nether Academy, how can I do this kind of bullying?"

"I'm a scholar! What I follow is the way to become a holy and a god. How can I give up my belief in cultivation for a few pots of wine? How can I be like a vulgar beast like you!"

The dark forest, no, it should be the law of the whole underworld that the weak eats the weak.

For these powerhouses, whether it is wine, beauty, or treasure, they can be solved with powerful force. To put it more popularly, it is to grab!

However, Nether Academy is a special existence.

Their approach to cultivation is also completely different from the other powerhouses in the Nether Realm and the Nether Beasts.

As for the existence of such a high-competitive writing elder, it is indifferent to do such things.

Therefore, even if the elder in charge is greedy for a cup, he can only exchange the treasures he carries for wine.

"Yes, yes, yes! I'm waiting for vulgarity, I'm waiting for beasts!" Domain Master Ziyan Thunder Bear nodded quickly and said.

Hearing that the pen elder was full of disdain and contempt for the four domain master brothers, and even he was despised in it, Li Tian's heart suddenly felt a little unhappy.

What are you pretending to be?

I drank Niulanshan, the lowest price among Laozi Litian Tibetan wines. Now I am pretending to be deep and full of cultural connotations.

Since you can pretend, I will pretend to be one for you too!

Li Tian flipped it casually, and there was a stack of crystal clear jade bowls in his hand!

These bowls were brought from the earth world. When drinking in the space of Void Yasha on weekdays, Li Tian uses the bowls!

Several domain master brothers looked at Li Tian cross-legged on the ground and placed the bowl in front of him. The Yin Mo Yin Niu Domain Master asked, "This is... begging?"

Li Tian almost spurted out a mouthful of blood and went to beg for your sister,

"Brothers, sit down! I invite you to drink!"

When it comes to drinking, the faces of these four domain masters can't help but show joy!

The amount of fine wine they exchanged was originally not much, and they had already ruined it before coming to the Holy Peak.

After arriving at the Holy Peak, several domain master brothers also wanted to ask Li Tian for some wine to drink, but because Li Tian was quietly practicing, they were too embarrassed to bother.

Hearing Li Tian's invitation to drink, the throne domain master brother suddenly became a beast, sitting cross-legged in front of the bowl placed by Li Tian, staring straight at the jade bowl with a look of expectation.

Li Tian flipped it over, and there were already two more bottles of Moutai in his hand.

Open the bottle cap of Moutai, and the wine is full of fragrance.

"Good wine! This...I have seen this wine at the auction. It's really good wine!" Domain Master Ziyang Thunder Bear said excitedly.

Gudong!

Gudong!

Li Tian filled five jade bowls!

As soon as the elder in charge smelled Moutai wine, he could immediately smell that Moutai was softer and more fragrant than his Niulanshan wine. Looking at the jug in his hand, he was unavoidably moved.

What's more, the Moutai in Li Tianyu's bowl has a slight energy fluctuation, while the energy fluctuation of Niulanshan is almost invisible.

The elder in charge took a sip of the wine in the hip flask, suppressing the gluttons in his belly, and looked at Li Tian and the others with some embarrassment.

"Who is this youngest guy? It seems that his cultivation is only the sixth level of the Venerable. What did he climb this holy peak? I didn't pay attention just now. Now it seems that this little guy appears here. It's weird."

"This wine is really good, I am afraid it is much better than the one I bought from the Dark Forest Tavern, but where did this little guy get these wines!"

The elder in charge was wondering about Li Tian's identity, and his face showed a trace of disdain.

"What does this guy want to do? Does he want to use fine wine to make friends with me? If that's the case...? Humph, I can drink wine, but I want to make friends, hahaha, you are not qualified!"

Li Tian didn't know the thoughts in the mind of the elder in charge. He picked up the wine and clinked glasses with the four domain master brothers, and drank a bowl of wine.

"Good wine! Good wine!"

"Hahaha, it really is a good wine! This is so much better than the Niulanshan we drank before!"

Several domain owners were excited, Li Tian flipped through them and took out a few bottles of Moutai!

The elder's eyes are almost straight, and he thumps his chest and thinks: "Civil, guilty, this kind of wine is for tasting, how can you taste good or bad like a cow chewing peony?"

However, Li Tian and others did just that.

Li Tian drew two bowls of wine in a row, with a slight flush on his face, and said excitedly: "If there is wine, how can there be no poetry for fun? Let me chant a poem to cheer you up!"

"Poetry? Brother Li Tian still chant poetry?" The faces of the brothers of the domain masters were full of doubts.

The elder in charge heard Li Tian's words, as if he had heard the funniest joke in the world.

Are there poems in the Netherworld?

This must be true!

Because the Nether Academy in the Netherworld emphasizes the sacredness of Confucianism and Taoism, and cultivates the sages, domain masters, even sages, demigods, etc.!

"If your boy chants poems, then I can take you to the Nether Academy to continue practicing! If your boy chants nonsense stuff, then I will let you know the price of insulting Sven! "

Li Tian stood up abruptly, flipped it, and then another bottle of Moutai, opened Moutai, Li Tian held the bottle and gulped and drank.

After a moment of contemplation, Li Tian raised his arm, pointed it sharply into the sky, and sang loudly:

You don't see, the nether water comes from the sky, rushes to the sea and never returns.

Don't you see, Gaotangmingjing has white hair in sorrow, and the morning is like a blue silk and snowy evening!

You must be happy in life, don't make the golden bottle empty to the moon.

I am born to be useful, and come back when my wealth is gone.

Cooking sheep and slaughtering cows is fun, and you will have to drink three hundred cups.

Master Cen, Dan Qiusheng, will be drinking, not stop drinking.

A song with Junge, please listen to me.

Bells, drums, and jade are not expensive, but I hope I won't wake up after being drunk.

In ancient times, sages and sages were lonely, and only the drinker kept his name.

In the old days, Wang Chen had a feast of peace and joy, and he fought for a long time.

What is the master's word for less money, it is necessary to sell to the king.

Five-flowered horses and golden fur, Hu'er will exchange fine wines, and sell them together with you... Ten thousand... Gu... Worry!

The poem is Li Bai's general in the Tang Dynasty, and it has been memorized, but the entire top of the holy peak has been quiet for a few minutes!

"This...this is the poem? Although I don't understand what the Li Tian brothers sing, but after listening to the poem, my heart will feel a surging feeling! It seems that the spiritual power in the veins of the body is active! "Ziyan Thunder Bear Domain Master said excitedly.

The Tiangangyan raccoon domain master nodded fiercely, with some tears in his eyes, and said: "Yes, I...I feel this way too. No wonder this old gentleman from Nether Academy calls us animals! This... The power of poetry!"

The landlord Tianjiu domain master and Yinmo Yinniu domain master didn't even understand the content of Li Tianyin's poems, but they heard a majestic feeling, a feeling of arrogance.

The elder in charge was even more shocked!

This poem is completely different from the poem in the Netherworld, but the elder in charge also felt a powerful force, even when Li Tian sang this poem, the elder in charge couldn't help but dance with him.

It's like... it's a song and dance!

"Poetry, this is a new type of poem. I just listened to this poem once, but I feel that the spiritual power in my veins has begun to be spoiled! If... if I can make such a poem, then I Will it break through to the realm of sacredness?" The elder in charge thought intoxicated.

Chapter 4523: : Nether Academy (3)

After pretending to be forced, Li Tian sat down again and continued to drink with a few domain master brothers.

The elders who hold the pens claim to be honest gentlemen and will not bully the weak with guns, and Li Tian does not need to be afraid of the elders.

Who can't pretend to be?

In the space of Void Yasha, there is not only the Internet!

As long as Li Tian is willing, Li Tian can ask Xukong Yasha to read to him the most famous Tang poems and Song Ci in the earth world, and then Li Tian pretends to perform it in his own way.

The Lord of the Purple Flame Thunder Bear, the Lord of the Sky Buzzard, the Lord of the Heavenly Gang Flame, and the Lord of the Yin Devil Silver Bull Territory, seeing the shocked appearance of the elders in charge, they admired Li Tian even more!

Yes, it is worship!

It's like people who don't have much knowledge always admire talented people.

As for the writing elders, they sneered!

Put an egg!

Our little brother Li Tian is not as good as our little brother Li Tian, you can install woolen yarn!

A poem by Brother Li Tian makes you fascinated, what right do you have to pretend in front of us!

As for the wine you cherish, it is nothing but Niulanshan.

What we are drinking now is 8000-year-old Moutai!

This pot of Maotai is enough for you to drink in Niulan Mountain for a year.

That night, Li Tian and the five others drank two boxes of Maotai and were full of wine and food. The brothers fell asleep.

The heart is full of joy.

As for the writing elders, he is completely immersed in Li Tian's general wine and cannot extricate himself from it!

...

At midnight, Li Tian, who was sleeping, was suddenly awakened by a strange song.

Moon stars are rare.

Under the moonlight, Li Tian saw the elder in charge holding a feather fan, his figure fluttering in the moonlight, his mouth making a low voice, as if a shaman was singing a spell.

And that voice turned out to be reciting Jiejingjiu!

The dance moves of the elders are chic and elegant, giving people a particularly light feeling.

Li Tian saw a powerful spiritual force surrounding the elder in charge like silk, fluttering back and forth with the dance of the elder in charge.

If the elder's spiritual power is brown, then Li Tian's mind will definitely think that music and chocolate are more suitable for rainy days. This ad.

This spiritual power is as gentle as silk, but Li Tian dare not even show the atmosphere!

"What a powerful force this is! It is much stronger than the domain master level, and seems to be several times stronger than the purple flame thunder bear domain master! Is this the existence of transcending the domain master?" Li Tian thought in his heart .

The moonlight sprinkled on the black lacquered stone stele, and the energy released by the moonlight also became like a silk thread with the dance moves of the elders. It surrounds the yellow-level stone stele east of the small stone house. The force fluctuated slowly, and the starlight appeared like stars.

The starlight gradually twisted, and soon turned into some weird runes!

This rune is not the same as Li Tian saw during the day. The rune Li Tian saw during the day was the tadpoles that introduced the four stone steles, but now these runes seem to be some kind of microorganisms, or It's the same as some insects.

Li Tian knew that these words were extraordinary. If he could read these words, maybe Li Tian would be able to penetrate the four steles. It would not be impossible for him to be extraordinary.

It's a pity that Li Tian can't read the text above at all!

Just as Li Tian was anxious, the elder in charge suddenly took the action, and flew to Li Tian lightly, saying: "You can see these words clearly? It seems you are really extraordinary!"

"What kind of words are these? Why am I totally disgusting!" Li Tian asked.

"This is the ghost beast text! It is a type of text created by the demigod of the holy peak. It is precisely because of the creation of this type of text that this one can break through to the state of the demigod."

"Unfortunately, this demigod originally wanted to promote this kind of words among all the nether beasts in the nether world, but in the end his wish was not fulfilled. This kind of words only existed in those nether beasts living in human society. Among the masters of the beast domain! Otherwise, with his cultivation and epiphany, he might achieve a higher level!"

The elder in charge seemed to be coaxing a minor child with a weird smile.

"Do you want to learn this kind of script? If you want to learn this kind of script, you can follow me to the Nether Academy! Only in the entire Nether Realm can humans master this kind of script, if

you want to penetrate these four stone tablets , It's best to master this kind of writing. Especially you!"

"How did you know about this? Why have these ghost beast texts never appeared before? Are these ghost beast texts appearing because of you?" Li Tian asked.

The elder in charge nodded slightly, and said with a smile: "Yes! Your cultivation is too weak to resonate with these four steles. If you want to penetrate here, I am afraid it will not be effective in a short time!"

"As for these ghost beast texts, yes, it's because of me! These four steles are equivalent to four treasure troves of cultivation step by step according to their levels, but to open the treasure troves on this stele, you must have a key!"

"What's the key?"

"There are two kinds of keys. The first one is for a strong person like me. With the display of cultivation base and release of spiritual power, it will naturally resonate with the stone monument, which is equivalent to opening the door of the treasure house."

"The second type is the Nether Beast Domain Master whose cultivation level must at least reach the peak of the Domain Master. As Nether Beasts, as long as they reach this level, they may have some special information when they penetrate the stele!"

"So, if you want to penetrate this stele, based on your current cultivation base, it is completely futile. There is only what special information the owner of the Purple Flame Thunder Bear domain might get in a short time, and officially began to penetrate!" The elder said.

That's it!

No wonder Li Tian has been here for three months, but in these three months, Li Tian's cultivation has not changed much.

On the contrary, the Purple Flame Thunder Bear Domain Master always felt as if something was calling him.

In these three months, Li Tian was in vain!

"But, don't be discouraged. As long as you can master the Nether Beast Art, you will also have the opportunity to penetrate this stele, but your cultivation level will be stronger then you will almost reach my level! So, if you don't mind, , I want to take you to the Nether Academy to study the Nether Beast Art!"

"If I have reached your realm to be able to comprehend the stele, then I really don't understand the effect of learning the ghost beasts! Don't go, don't go!" Li Tian said disdainfully.

The pen elder was blushed.

"You kid, you really don't know the blessings of being in the blessing. In the entire Netherworld, only the emperor and the eldest son of the domain masters are eligible to enter the Nether Academy. Moreover, if you want to go to the Storm Valley, Nether Cry Sea in the future , This dark beast text must also be learned!" said the elder in charge.

Chapter 4524: : Nether Academy

"The underworld beast text is the text of the underworld beasts in the dark forest?"

"Not bad!"

"There should be other ghost beasts in the dark forest that understand this kind of text?"

"Not bad!"

"In that case, why do I have to enter the Nether Academy?"

"No...No, Nether Academy is the highest institution in the entire Netherworld Realm. Just enter the Nether Academy, you will have the supreme honor, and there are many masters and strong people in the Nether Academy. No matter who can point you, you will Benefited a lot!" said the elder in charge. ,

"If someone points me, can I become the existence beyond the domain owner?"

"It... depends on your talent!"

"Can the supreme honor make those domain masters and emperors jealous of me? Don't you dare to trouble me easily?"

"No! But at least no emperor and domain master dare to disrespect Nether Academy!"

"Then what's the use of so many eggs? I have my four domain master brothers in the dark forest, and no domain master dares to be arrogant and domineering in front of me. Of course, the arrogant and domineering domain master has been killed by me. Kill! So, you still continue to drink your wine here, admire your beautiful scenery, finish drinking, and admire the perfect scenery, then go back quickly! Don't bother us to continue penetrating this stele. Maybe two years later, I have nothing to do, I might go to Nether Academy!" Li Tian said with a smile.

The elder in charge really wanted to hit Li Tian with a punch in the face.

This kid is really ignorant. If Nether Academy enrolls students publicly, the students who apply for the Nether Academy will join together every year, let alone go around the Nether Realm four or five times, but why is this damned boy reluctant to go?

The elder in charge is unwilling to give up such a talent as Li Tian, who is capable of literary and military skills, and continues to know his emotions and reason, but no matter what the elder in charge says, Li Tian always holds the belief: Don't go!

If the elder in charge was arranged by the long-haired woman, just like He Feng and others, Li Tian might choose the Nether Academy, but it is obvious that this elder in charge is not, then why did Li Tian go to the Nether Academy?

The elder in charge is finally angry!

"Boy, are you really unwilling to go to Nether Academy?"

"Yes!"

"Well, in that case, don't blame the old man for being rude to you!"

"Hehe! You can't be weak with a gun..."

"shit!"

With a shake of the elder's feather fan and a fall of his long sleeves, the sleeves of the elder's sleeves began to stretch, like a ribbon with a powerful energy, curling up Li Tian.

Li Tian struggled a few times. He couldn't get away completely. He couldn't help but feel a little anxious. He shouted loudly, "Old man, what are you doing?"

"Brothers, get up and save me!"

"You shout, it's useless even if you break your throat! Don't say that these four domain master brothers can't wake up now, even if they can wake up, they are not my opponents, and they dare not attack me. So, you kid, just accept your fate!" The elder in charge said with some pride.

While speaking, the elder penist pulled his sleeves abruptly, Li Tian was completely trapped in the sleeves, and then Li Tian flew over, unexpectedly, like a bundle of firewood, was carried behind his back by the pen elder.

The pen elder strode to the edge of the cliff, and reached out his hand to collect his wine table, jug, and wine glass.

"Old man...old man, if you have something to say, there is no problem that can't be solved!" Li Tian said.

"Boy, it's too late for you to have this kind of consciousness now! Old man, I will not use a gun to bully the weak, I am not infatuated with the weak, I just invite you to be a guest at the Netherworld Academy!"

After finishing speaking, the elder in charge jumped and jumped down from the top of the holy peak!

Woo!

Woo!

The strong wind kept ringing in Li Tian's ears, Li Tian could feel him and the old man falling

If you fall at the current speed, Li Tian and the old man will fall. The premise is that they can safely land on the circular platform. If they cannot safely fall on the circular platform, then the consequences will be even more visible. .

Huh!

Huh!

Li Tian was backed by the elder in charge, and he felt that the elder in charge's legs had tapped twice on the smooth mountain twice in a row, and then he slammed forward, and his body floated out in an instant. Several hundred meters.

I rub!

It's dangerous now, and it must not fall on the ring platform.

"Old man, I have no grievances or grudges against you. Even if you can't think about it, you can't take me to your funeral! I'm still an old virgin!" Li Tian said shamelessly, crying.

If Duanmuying and Bai Jing heard this, Li Tian's ears could be twisted into red.

If Li Mu and Li Bai heard this, they might even have a heart for death!

"Hey, your little devil's mouth is really poisonous, old man, since I can come to the top of the holy peak without a problem, can I still encounter unexpected events when I go down the mountain?"

"Besides, if you are still an old virgin now, then you should go to Nether Academy. In Nether Academy, there are many beautiful ladies from ancient families and princesses from the powerful empire of Nether Realm. If you are capable, You can also attack the elders and teachers in the Nether Academy!"

The elder who writes is definitely a boring old man.

Speaking of the topic, his chattering box was completely opened, and he couldn't stop it at all.

Through the words of the elders, Li Tian learned something he didn't know before.

It is easy to go down the mountain and difficult to go up.

In the beginning, Li Tian and others had to endure all kinds of pains in order to climb the holy peak.

But now from the top of the holy peak to the half-mountain near the ring zone, it took only ten minutes to fall halfway down.

Whoosh!

The elder in charge fell into the sea of clouds with Li Tian on his back, and the dark saint crow living on the huge metal chains in the sea of clouds at night was awakened by this sudden object.

Fluttering!

Fluttering!

Countless dark saints flapped their wings and flew.

Li Tian didn't know if the mutant crow was around here, and now Li Tian was too busy to take care of himself, and could only let the mutant crow continue to be the king of these dark saints.

Sure enough, as soon as he entered the lower half of the holy peak, the familiar demigod might once again landed on Li Tian.

Li Tian felt his skin swell and his bones creaked!

However, the elder who was writing was safe and sound, and he still had a calm appearance, especially the sullen appearance of fanning Li Tianhen's teeth.

"Boy, the power of this demigod still has some influence on you domain owners and the little things below the domain master. For me, it has almost no effect! So, rest assured, we will definitely land safely!"

The elder in charge said: "Boy, you can start to imagine your future coquettish life in Nether Academy!"

Chapter 4525: : Nether Academy

The imperial capital of the Fengyun Empire, the outskirts of the southwest city, Fengyun Mountain, and the Netherworld Academy.

Although Nether Academy is located within the borders of the Fengyun Empire, it does not belong to the Fengyun Empire, that is, it is not held by the Empire, nor does it share the concerns of the Empire.

The only advantage that Fengyun Empire can get is that even the Emperor has a little right to get a place in the Nether Academy every few years!

It is precisely because of this that the Great Emperor Fengyun also has a position in the Netherworld.

Some people may wonder, Fengyun Empire, this name is already an empire, why is it a permanently neutral country?

This needs to be traced back to the history of the Nether Realm tens of thousands of years ago. The former Fengyun Empire was extremely powerful, and the Empire Emperor was a powerful existence beyond the level of the domain master. The military emperor was ambitious and continued to expand the empire through years of battle. territory.

However, whether it is the earth world or the underworld, there is no eternal sun never setting empire.

With the fall of the old emperor, the Fengyun Empire declined rapidly.

The land that was looted back was constantly eroded, and the imperial army was almost slaughtered by other empires or the Venerable Nations.

In the end, the coalition forces of other empires and the Venerable Nation even broke through the imperial capital of the Fengyun Empire!

If it weren't for Nether Academy to stand up and speak, I'm afraid Fengyun Empire would no longer exist.

Since then, Fengyun Empire has become a permanent neutral country!

However, the name of the empire remains the same, but the territory of the empire is only the capital of the imperial city, and the Fengyun Empire will never allow the imperial army to be owned, and even the cultivation base of the imperial emperor is restricted to the ninth level of the venerable.

In this case, the empire had nothing but respect for Nether Academy.

...

Nether Academy is definitely not a paradise on earth.

The Netherworld Academy has been passed down for tens of thousands of years, and now there are nearly 100,000 students, faculty, and miscellaneous objects in the academy.

This 100,000 students accounted for about two-thirds, or about 70,000.

Another third of these 70,000 students are the descendants of the ancient families, powerful empires, emperors, and domain masters mentioned by the elders. They are the eldest sons and eldest daughters with special status and possess Supported by this powerful family and empire.

Before entering the academy, these people's cultivation is already good, and there are countless strong people who have reached the realm of the venerable.

After careful guidance from the academy, these people's cultivation has improved even faster, and the best of these people have reached the eighth or ninth level of the Venerable.

The college they are in is called the upper academy!

Another one-third of the students are talented people from the Nether realm recruited by the Nether Academy one after another. These one-third of the students can only rely on the academy to allocate them or go out for experience.

However, because these students are talented and hard-working, their cultivation bases are not weak. There are also countless strong people at the Venerable level, and there are not no strong people at Venerable level eight or nine.

This guy's college is a secondary college!

The most bitter thing is the last third, these guys can enter the Nether Academy is a coincidence of various chances.

This coincidence includes the descendants of teaching assistants and teachers in various colleges, relatives and friends of elders, and various secret transactions.

These students have average cultivation talents, and there are not many people who can reach the level of the venerable in their cultivation, let alone the powerhouses of higher levels.

Of course, these students didn't come to the Netherworld Academy solely for cultivation.

In the Netherworld Academy, a hundred flowers bloom and a hundred schools of thought contend. In addition to cultivation, there are various disciplines, just like a comprehensive university.

These students can learn what they need to learn here, such as arithmetic, such as architecture, etc.!

It is precisely because of this that these students will not spend too much time studying in the Netherworld Academy. As long as they have studied for several decades, they will basically leave the academy and enter the major families, empires, and venerable kingdoms to seek a share. Suitable job.

And the college where these people are located is called the inferior college!

That's right, it's upper, middle and lower. With these third-class colleges, students in the college are also divided into upper, middle and lower third classes.

Situ Ningbing was the last third, and the college she was in was also the lower academy.

Situ Ningbing followed the female domain master for nearly a year. The female domain master only protected Situ Ningbing's safety, and guided Situ Ningbing's practice very little.

Of course, because of Situ Ningbing's practice of Qingyun, the female domain master can also be limited.

Although Situ Ningbing is theoretically a clone of the female domain master, Situ Ningbing and the female domain master only have some similar memories.

The two of them did not have the telepathy between Li Tian's clone and the deity, and even because of Situ Ningbing's living environment and growth experience, there was gradually a gap between the two.

In less than a year, the female domain master was fed up with Situ Ningbing, so she stuffed Situ Ningbing into the Netherworld Academy.

Anyway, safety is guaranteed in Nether Academy.

As for other things, this is not something that the female domain master should consider. As long as Li Tian and others reach the ninth level of the venerable, and can protect the safety of Situ Ningbing, she has done what she promised that woman.

...

Situ Ningbing is very annoying!

Her cultivation base has been in the early stage of Venerable Level 3 for several months, and she has entered a bottleneck period.

If you followed Li Tian in the past, Situ Ningbing could also discuss with Li Tian. With Li Tian's mastery and talent for Qingyun, she might be able to give her some pointers.

But now Li Tian doesn't know where he is.

Cultivation is just one of the troubles.

It has been a few months since Situ Ningbing entered the Netherworld Academy, but she hasn't seen the guidance and assistant teachers of cultivation now, and there is no way to receive the training materials allocated by the academy.

These cultivation materials are not high-end things, at best they are a little bit of spiritual soil!

If it were before, Situ Ningbing would not put this little spiritual earth in his eyes at all.

However, now that Li Tian is not by his side, and the female domain master hasn't given her any training resources, this spiritual soil is particularly important.

This is only Situ Ningbing's second worry.

The real biggest worry is that in recent days, Zi Chuanyan, the prince of the Zi Chuan Empire, has shown great sexual interest to Situ Ningbing, and always comes to pester her.

Zi Chuanyan's cultivation is only at the fifth level of the Venerable, but when this guy entered the academy, he followed two Venerable eighth-level powerhouses, plus his Laozi suddenly announced to be a domain master level powerhouse a few months ago. , Which made his status in the college's students also increased.

When a person's confidence swells, he will naturally do something extraordinary.

For example, Zi Chuanyan will follow the students of other upper-level colleges to hunt for girls in lower-level colleges!

Of course, in their name, this is called hunting.

Nether Academy has such a fine tradition in history.

Once the female students of the lower academy are targeted by the beasts of the upper academy, these female students basically have no good results.

This is why the number of female students in lower colleges is so scarce.

Of course, if you look ugly, you will be relatively safer.

However, Situ Ningbing is a stunning beauty!

Now Situ Ningbing didn't even dare to go out of the dormitory. The \*\*\*\* Zi Chuanyan and his entourage had been blocking Situ Ningbing outside the dormitory for a few days.

Situ Ningbing also had three other girls in the same dormitory. Two of them had comedic effects. Even if they took the initiative to send them to the door, Zi Chuanyan would not take a look.

The other girl, with a plump expression and a slight beauty, was hiding in the quilt, showing a round face, looking at Situ Ningbing sadly and said, "Trouble you to solve this trouble yourself, okay? Because you let the other girls in this dormitory be threatened with you! I haven't seen my brother for three days!"

Chapter 4526: : Nether Academy

This fat girl is called Gigi Lai!

Eh, to be honest, if she is insulted by her figure and appearance, this name is a bit insulting.

The brother Gigi Lai said was a student named Wu Shaojia from the Middle School of the Netherworld Academy. He was probably over a thousand years old, and he now possesses the first-level Venerable Realm.

Such a level of cultivation is of course not enough in the middle school, it can only be regarded as commonplace.

However, in the eyes of the students of the inferior colleges, the realm of the first level of the venerable is already a very powerful existence. At least if Wu Shaojia wants to stay in the college, he has the qualifications to apply to become an assistant teaching in the inferior college.

And if he leaves the college, Wu Shaojia can get a good job whether he goes to the ordinary state of the Lord, or to the ordinary family or the chamber of commerce.

And Gigi Lai studied makeup, which is equivalent to the beauty of the earth world.

There will be a big difference between the two, whether they are present or in the future, and it is precisely because of this that Gigi Lai has a close eye on Wu Shaojia.

But now, because of the appearance of Zi Chuanyan, Gigi Lai has also been trapped in the dormitory for three days.

"Sorry!" Situ Ningbing apologized.

"I want you to solve this problem yourself. Otherwise, what's the use of apologizing? What if Brother Jia misunderstands me and ignores him? What if our marriage blows up? At least you can afford it?" Said bitterly.

My day, the eight characters have not been written yet, this guy has already said that the marriage is on.

"I can only say I'm sorry, I won't rush out because of a word of yours and put me in danger!" Situ Ningbing said.

Gigi sat up abruptly, jumped off the bed, and stared at Situ Ningbing angrily, and said, "What does it mean to put you in danger because of a word of mine? It's obviously because of you that you put me in danger??"

Gigi's cultivation is only in the realm of cultivation. Situ Ningbing was originally unwilling to talk nonsense with Gigi. Now this guy is aggressive, but Situ Ningbing's heart is a little more tired!

"With all due respect, distance produces beauty. If your brother really likes you, these few days will make him miss you more and his feelings for you will not change." Situ Ning said with a cold smile. .

Situ Ningbing knew that Gigi and that Wu Shaojia had already had multiple physical relations. This is not a secret in the lower academy. Situ Ningbing's subtext is: If Wu Shaojia dislikes Gigi, he just regards Gigi as his. With venting tools, even if Gigi pesters Wu Shaojia every day, Wu Shaojia will have a day of fun!

"Hey, you still have reason? Don't think you have the strength of the realm of venerable, I will be afraid of you, I am your predecessor. Also, in this Nether Academy, it is useless to be beautiful!"

"In the past, there were a lot of people who were prettier than you in the lower academy, but in the end they were nothing more than a venting tool for the guys from the upper academy! You..." Gigi's eyes were full of disdain, and he snorted coldly. After two sounds, the picture of Situ Ningbing falling under Zichuan Yan's hip was automatically filled in his mind.

Situ Ningbing did not argue anymore.

Gigi's words are correct, Nether Academy is not a paradise on earth, and the rules of the jungle in the Nether Realm are also applicable here, otherwise there would be no division of upper, middle and lower third-class colleges.

The death of a few insignificant students in the lower academy is nothing more than normal, and it may not even attract the attention of the elders in the academy.

And the teaching assistants and teachers of the lower academies have a strong cultivation and strength, and may not be as strong as the followers of the strong ones in the upper academies. In this case, these guys will open one eye in order to protect themselves. , Close one eye and pretend to see.

Thinking of this, Situ Ningbing finally knew why she hadn't seen the teaching assistant in the past few months.

When Gigi saw that Situ Ningbing stopped talking, she was even more proud.

"In fact, you don't need to worry about it. With your beauty and cultivation, you are completely likely to enter the middle school. If you go to Zichuan, as long as his father Zichuan the Great can say something for you, maybe you can easily transfer to a secondary college!"

"Even if you can't transfer to a secondary college, it is not difficult to fascinate Zichuan Yan with your beauty, you may even become the future princess of the Zichuan Empire! I can't hope for this kind of thing, you still refused!" Gigi really said sourly.

Situ Ning sneered and said: "Don't say it is the princess of the Zichuan Empire, even if the emperor of the Zichuan Empire asks me to be the emperor, I will not fall in love with him! My man is an indomitable man!"

"You have a man? How is your man's cultivation level?" Gigi Gigi asked with excitement and gossip as if hearing some great secret.

"Like me, the Venerable's third-level early stage!"

"Oh, then you should tell Zi Chuanyan clearly, maybe he will lose interest in you!" Gigi Lai said with an imperceptible sneer.

Will Zi Chuanyan lose interest in Situ Ningbing? Gigi does not know, but Gigi does know that if Zi Chuanyan really knows that Situ Ningbing has a man of the third level of the Venerable, then Zi Chuanyan will most likely send his entourage. He went to kill the man, and then took Situ Ningbing as his own.

However, in contrast, Situ Ningbing's position in Zi Chuanyan's heart will drop a lot, and it is entirely possible that he will become a tool for venting!

Thinking of this, Gigi Lai's heart was still a little excited, and she kept fanning the flames next to Situ Ningbing's ears, asking Situ Ningbing to find Zi Chuanyan.

Situ Ningbing didn't pay attention to Gigi Lai, sitting on her bed, looking out the window, thinking about how to overcome this difficulty.

...

Li Tian was secretly remembered by the elder in charge of the Netherworld Academy, and was left in his room, restricting Li Tian's personal freedom.

Then the elder in charge went to the Dean of the Dark Academy excitedly to report his harvest in the Dark Forest this time, especially Li Tian.

Li Tian was trapped in the room. The room looked like it was repaired with huge rocks. There were slight spiritual fluctuations between the huge rocks. Li Tian tried to get out of the room several times, but whether it was the door or the window, Li Tian Can't get out.

"Netherworld Academy, it is really extraordinary, I can actually feel in this room the feeling similar to the small stone house on the top of the holy peak!" Li Tian sighed secretly.

Anyway, he couldn't get out, Li Tian was free and wandered around in this suite.

There are seven or eight rooms in this suite of the elder in charge of the writer on two floors, including a study room, exercise room, meeting room, reference room, storage room, etc.

Li Tian advanced into the study room and saw that most of the books in the study room were animal skins, a few of which were bamboo slips, and some were made of rough paper.

"Hey, let me first see if there are any practice secrets in this study!"

Li Tian sneered and immediately turned the study upside down.

These books are written in ordinary goods, almost all of them are reproductions.

But let's not say that there are many information in these books that Li Tian has not heard before!

Li Tian squeezed all the books in the study into the space of Void Yasha, and waited for time to read it later.

Coming out of the study, Li Tian went to the storage room again.

There are a lot of things stored in the storage room, and if you look at it from the eyes of ordinary people, many of them are considered sea treasures.

But if it was compared with the treasure Li Tian had obtained in the dark forest, the difference was really not a star.

Seeing the poor and good things in the storage room, Li Tian embarrassedly... put them away again.

After that, Li Tian entered the reference room.

After entering the data room, Li Tian knew what the elders were.

"Mom Dan turns out to be a student file manager, what kind of pretense is it going to pretend!" Li Tian looked at the student information in the library, picked up a volume of information, flipped through it a few times, and said disdainfully.

Chapter 4527: : Council of Elders

Li Tian was full of disdain for the elder in his heart, but when he saw so many student materials in the Nether Academy, he was still full of surprise, even shock!

Wu Shun entered the Netherworld Academy at the age of fifteen, reached the state of the nobleman at the age of twenty, and continuously broke through for a hundred years later, reached the realm of the domain master before the age of two hundred, and then left the Nether Academy and inherited the throne. After five hundred years of fighting, he established He became the first empire in the Netherworld and was hailed as the Great Emperor Wushun.

Li Ming, entered the Nether Academy at the age of seventeen, reached the state of the nobleman at the age of thirty-five, broke into the realm of the domain master at the age of five hundred, and after leaving the Nether Academy, he practiced witchcraft and became a generation giant! He has slaughtered twelve domain masters in a row, the emperor is countless, and is called the old demon Li Ming!

Deng He, 19 years old...

Looking at these names, Li Tian's heart was full of horror.

No wonder the Netherworld Academy will become a special existence in the Netherworld. Just by looking at these names, you can know that the Netherworld Academy is really full of peaches and plums, with disciples all over the entire Netherworld.

Fortunately, everyone in this volume of information in Li Tian's hands has fallen, otherwise Li Tian's heart would definitely be hurt.

This information represents the intrepidity of the students in the Netherworld Academy. It is the best way to pretend to be forceful and face-to-face. Take out a volume at will and show it to outsiders. 3, m.. can definitely stun outsiders, but unfortunately these information For Li Tian, there is not much attraction, and after turning the basics at will, Li Tian can no longer stand it.

What Li Tian wants to see more is the legendary list of people and beasts, but Li Tian has not found it after searching for a long time!

Li Tian returned to the elder's study, sitting on the large wooden chair covered with ghost animal skins, resting his feet on the wooden table in front of him, leaning Erlang's legs, closing his eyes slightly, slumbering.

Li Tian can do two things with one heart, even at this time, Li Tian is also practicing.

It's just one mind and two purposes, and it can't be used all for cultivation. It's really boring. Li Tian's eyes are constantly looking at the furniture in the room.

Compared with the furniture of the earth world, whether it is a table or chair or anything else, it is not so exquisite, but these furniture are just one word: big!

Coupled with the fact that they are made of solid wood, these furniture will give people a rough feeling, and even some furniture has a slight spiritual fluctuation, which makes Li Tian dare not look down on the workmanship of these furniture.

Li Tian saw a roll of half-spread animal skin lying in a half-opened drawer, and Li Tian reached out and picked it up.

"It turns out to be a roster for new enrollment! Maybe my name will appear on this roster in the future! Let me get to know these freshmen first. If I really stay in Nether Academy, I will at least have Li Tian Be the new-born boss!" Li Tian thought in his heart.

"Yan Daode, female, third-level cultivator...Fuck, this name turned out to be a woman? You better not let me see you, otherwise I will see you hit you once!"

"Wang Zhaoren, female, the first level of venerable..., I fuck, it's female again, this name is really..., well, I was wrong, look at the name of the three sons of the netherworld, I shouldn't be wrong about the name of the netherworld with hope!"

"Situ Ningbing, female, Venerable Level 3..., hey, this guy has the same name as my eldest wife, and even his cultivation level is the same. Unfortunately, my eldest wife is following the female domain lord! But I will pay attention to you. , If pretty...hehe!"

"..."

Li Tian has read the information of the newcomers who have recently entered the Netherworld Academy, but the elder in charge has not yet come back, so bored, Li Tian turned out a ballpoint pen and began to write his information in the newcomer's information.

"Li Tian, male, Venerable Level 5 cultivation level, classmate Li Tian can only use one word to describe it, that is: handsome. If you have to add two words to this word, it is: very handsome, super handsome !"

"This classmate is the most handsome man in my Netherworld Academy since its establishment..."

Li Tian has already blown out of the Nether Academy, blowing into the entire Nether Realm, and filled the entire animal skin with shameless words. If the last animal skin is not enough, Li Tian can still blow out of outer space and into the entire universe.

No way, men just have to be confident!

...

Meeting room of Nether Academy!

The old courtyard elders in the Netherworld Academy sat in the top position steadily.

The old dean is a human being. He doesn't know the exact geometry of his age. It's just that he is now full of hair, and the skin on his face and arms are wrinkled as if they have been soaked in water for a long time. He lowered his head slightly, as if he was about to fall asleep. , Squinted his eyes.

But at this time, the eyes of the old dean flashed from time to time, which fully proved that the old dean was pretending!

"There has not been such a meeting for thousands of years. Why did you suddenly hold a meeting of all elders today? Aren't you really confused?" When the old dean started, the chief elder's face was full of displeasure. Expression, whispered.

The great elder is completely covering his ears.

Although his voice was low, all the elders who were doing it could hear clearly.

Of course, he did it deliberately!

The old dean hadn't asked about the Netherworld Academy for thousands of years, and now he, the great elder, is in charge of the Netherworld Academy.

All the elders, if they choose to follow him, they will naturally get better treatment in the Nether Academy. As for the elders like the writing elders, they can only do things like managing student files.

Over the past thousands of years, the great elder has no difference from the dean except that his name is still not the dean.

However, about half an hour ago, an order was suddenly issued from the office of the old dean, but he was brought back to reality.

There is only one dean in Nether Academy, and he is still the great elder!

After the great elder finished his grievance, he stopped talking.

At this time, elders came in one after another, and from time to time there were people in the conference room whispering about something.

Seeing the old dean, these elders began to whisper in their hearts.

A few months ago, the great emperors of several great empires declared that they possessed the realm of domain master cultivation level. This can be said to be a major event for thousands of years. The old dean did not speak, and in the end it was the elders meeting held by the great elders.

But what happened today?

The great elder winked at an elder opposite him, and the material elder who was in charge of the Nether Academy's cultivation materials distribution immediately understood.

"Old dean, what important thing has happened, and there will be a meeting of all elders? You know I just learned something recently, but I'm at a critical juncture in my practice! If the election of the new dean, I think I will Don't participate anymore!" said the material elder.

"What's the hurry? Since the old dean issued the dean's order, it must be an important matter for you and the entire college. If you leave now, don't blame the old dean for regret at that time!" To say.

#### Chapter 4528: : Council of Elders

"Today, the dean issued an order to gather all the elders together. Perhaps the old man made a fuss. It's okay. The old man hasn't held a presbytery meeting for many years, so today I will make a fuss!"

"A few days ago, the elder in charge went to the dark forest and met a young wizard in the dark forest!" The old dean slowly raised his head, trying to express his excitement in a calm tone as much as possible, and continued. "This young wizard has been brought back to the academy by the elder in charge. Today we are calling you here to appreciate the poems made by the young wizard, and the other is to hope that you can give full play to your talents and keep the young wizard in our academy. Used!"

"Young wizard? A wonderful verse?"

The great elder repeated these two words, with expressions of disdain and contempt on his face, then sneered a few times, and continued: "If there is a young wizard in the Great Empire, maybe we will believe it. As for the dark forest? Huh? Humph! Poor mountains, evil waters and many beasts, even if those ghost beasts that reach the realm of the domain master can transform into human forms, they are vulgar and difficult to break away from the habits of beasts!"

"These ghost beasts can understand etiquette, justice and shame, and they can understand cultural education. This is really rare! Those who can understand our human writing and knowledge, I am afraid that only a few of the ghost beasts who live in human society can do it. As for the poems? Don't tease the old dean! With so much time wasted, it's better to care about Nether Academy!"

How the Great Elder hoped that the old dean could abdicate and let him be virtuous, and when he said the last time, his tone was inevitably full of sour sadness.

"Is it a wonderful poem? You will know it right away! The elder in charge, please memorize it again loudly and emotionally for everyone!" said the old dean.

The elder in charge slowly stood up, flipped it, and there was already a hip flask in his hand.

In order to make the recitation verses more impressive, the elder in charge definitely drink a little alcohol, so that he can integrate into his feelings more quickly.

The elder in charge took a few sips while holding the hip flask, and the aroma of the wine immediately began to permeate the meeting room.

"Good wine! Really good wine!"

The spirit of these elders couldn't help being shocked just by smelling the wine.

"Where did you buy this wine? Give the old man a few pots of such fine wine!" The elders seemed to be more interested in fine wine than poetry, and said directly to the elder who wrote.

The elder in charge brewed his feelings for a while, lifted the hip flask in his hand into the air, and said loudly: "You are not there, the water of the netherworld rushes from the sky to the sea and never returns..."

When the first verse of the elder in charge was finished, the entire conference room was completely silent!

This spirit, this spirit shocked the elders present, and stunned the great elder!

As the writing elder kept reading the verses aloud, the elders felt that the spiritual power in their hearts was also flowing with the verses!

However, this flow is not smooth.

Just like in a smoothly flowing river, some hidden reefs suddenly appeared, and the spiritual power in this vein will also have a small whirlpool!

The elders know that this is because they don't know much about the verse!

If they can fully understand the verse, this uncomfortable feeling will be eliminated.

be quiet!

The verses of the elders have been read aloud, and the conference room is still quiet.

The old dean's gaze slowly swept across the faces of the elders, and when he looked at the faces of these elders, they frowned, sometimes rejoiced, sometimes confused, and sometimes sighed.

The elders are completely silent in this kind of verse.

It was just like the elders and deans who wrote the verses when they heard this verse.

The old dean nodded in satisfaction, thinking in his heart, if this verse was what he did, he might have a better understanding of Confucianism and Taoism, and breakthroughs in the cultivation realm would not be impossible.

The old dean shook his head slowly.

The human heart is not enough. Since the heavens let the Netherworld Academy encounter such a genius, it is to give the old dean a chance, how can he have other insatiable ideas.

"Everyone, how about this verse?" the old dean said calmly.

One stone stirred up a thousand waves, and the elders immediately became excited.

"Good poem! It really is a good poem! It is really a young wizard who can make such a verse! The elder, where is this young man now? I wonder if we will have the honor to meet?"

"That's right, if this kind of genius can stay in the academy, it is really the best. The old man still doesn't understand this verse. It would be great if he could let this young man explain it to us!"

"Ahem!"

The old dean pretended to cough, and the meeting room suddenly became quiet again.

"The elder in charge has already brought the young man back to the academy. It's just that the young man is so proud and doesn't seem to be interested in our Nether Academy. Therefore, in addition to the appreciation of poetry, the most important purpose of this meeting is to want you to think about it. How to keep that young man in the college!"

While speaking, almost all the elders' eyes fell on a glamorous young woman who seemed to be in her early thirties at the very edge of the conference room.

"Gluck"

Seeing so many people looking at her, the young woman giggled. What she smiled was the trembling of flowers, especially the pile of murder weapons on her chest. The one that trembled was called a cruel!

Guru!

There was a few drooling sounds in the meeting room.

The young woman laughed even more brazenly!

This glamorous young woman is named Fifth Shuiyue, the elder in charge of life in the Netherworld Academy!

Uh, you read that right!

It was this mature young woman who laughed wildly and looked charming and enchanting, and was the elder of the lives of these tens of thousands of students in Netherworld College.

Fifth Shuiyue is definitely the idol and lover of all the male students in Nether Academy!

I don't know how many boys would have \*\*\*\* for Fifth Shuiyue in their sleep, but absolutely no one dared to show it in front of her.

no matter who!

According to rumors from Nether Academy, it is said that a young and handsome academy elder once confessed to Fifth Shuiyue and was rejected by Fifth Shuiyue on the spot.

The young elder was furious, and wanted to forcefully do something to Fifth Water Moon. As a result, the young elder left Nether Academy the next day. It is said that someone later met the elder in a certain imperial palace, but the young elder The elder has become the chief \*\*\*\* in that imperial palace!

Looking at Fifth Shuiyue, the elder in charge shook his head slightly, thinking to himself: "Boy Li Tian, didn't you say you are an old virgin? Then you have to seize the opportunity! The old man can only help you here. !"

...

"Ahee! Ahee!"

Li Tian sneezed several times and twitched some noses. Li Tian said with some dissatisfaction: "I wiped it, why isn't that old man coming back? If you don't come back, be careful that the little master sets a torch to burn the broken house!"

Crunch!

The door was pushed aside from the outside, and a woman who walked like a water snake came in gracefully.

Chapter 4529: : Fifth Water Moon

Looking at this woman, Li Tian felt that his bones were crisp!

"It's really your mother who is all over the country and the city, and it brings disaster to the country and the people!"

The beauty of this woman is completely different from the beauty of Situ Ningbing, Xueji, Duanmuying, Ouyang Shiqing, Bai Jing, Ye Jingjing, and Liu Jimeng.

Looking at this woman, Li Tian felt a strong desire to indulge in this woman's arms.

In Li Tian's mind, a scene of Wei Xiaobao seeing the queen mother undressed suddenly appeared in the movie Star Master Lu Ding Ji.

Immediately after a line, Li Tianshun said: "Let me do it! Let me do it!"

Yes, this is desire!

Li Tian was involuntarily full of possessive and aggressive desires for this woman!

This woman slowly came to the opposite of Li Tian, her upper body crawling softly on the wide table, like a water snake without bones, she even gave Li Tian a slight wink and said, "What do you want? do?"

A pair of huge murder weapons!

Very big, Li Tian's palms are definitely beyond his control!

But it's beautiful!

Because this woman crawled on the opposite side, Li Tianneng could see that after squeezing, a bottomless ravine appeared in Xue's murder weapon, and people couldn't help but want to enter the ravine to explore!

Oh my day!

Li Tian felt that the blood in his body was flowing very fast. When the nose was hot, it seemed that the nosebleeds were flowing down!

Li Tian twitched his nose quickly, then wiped it with his hand!

Nothing!

This is an illusion!

An illusion of wanting a nosebleed!

The woman smiled idiotly and said: "I am the fifth Shuiyue, the life elder of the Nether Academy, and I will be responsible for your life in the Nether Academy! You can call me Shuiyue or Xiaoyueyue! "

The voice of Fifth Shuiyue was very soft, like a soft feather, scratching Li Tian's palm, Li Tian's body skin, and Li Tian's heart.

Puff!

Puff!

Li Tian felt his heart beating wildly!

"Elder Life, isn't it...hahaha"

Li Tian thought of some beautiful pictures in his mind.

In the picture, Li Tian is naked and is entwined with a white python. The python has two legs wrapped around Li Tian's waist. Li Tian holds the python's buttocks with both hands...

Well, let's continue to tell some positive stories!

Fairy! This fifth water moon is definitely a fairy-like existence!

Li Tian did not dare to look directly at Fifth Shuiyue's body, especially the pair of murder weapons.

But Li Tian felt that a strange part of his body was extremely excited!

"Report... report! I can't hold back anymore, I want to pee!" Li Tian didn't dare to look at Fifth Shuiyue, raising his hand and said.

Fifth Shuiyue smiled idiotically, as soon as she turned her body, she leaped gently on the table top, reached out her hand and gently stroked the position of Li Tian's neck, and slowly stroked it down along this position, saying: "I am Your life teacher, would you like me to accompany you?"

Oh, this \*\*\*\*\* fairy, don't you know that this will kill people?

"No... no more!"

"Okay, then you go and come back quickly, teacher, I am here waiting for you!" Fifth Shuiyue said.

Li Tian was like an amnesty, bent over, pouted, and rushed out like a duck.

Looking at Li Tian's funny figure, the last smile on Fifth Shuiyue's face disappeared and turned into a faint sneer.

"Men, they are all the same! If I add a little extra care, this kid might be completely indulged in my body. At that time, let him stay in this college, it will not be a matter of words!"

Fifth Shuiyue's face showed a trace of lust, but this trace of \*\*\*\*\* did not last long, she found that Li Tian had gone and did not come back!

"Damn boy, it's not when you are riding to pee, fantasize about doing blasphemous things to me, if that's the case, I must pull your skin off! Unless you kid can make a song Give me poems that satisfy me!"

...

Li Tian came out of the elder's house and did not go to the bathroom!

Well, there is no bathroom in this world!

You can call the cottage, you can call the toilet, you can call...

Feel free! It means this!

Li Tian turned his head and glanced at the house where the elder was in charge, and then chuckled a few times.

"It's a \*\*\*\*\* stunner, but it's a pity that this kind of stunner is not fortunate!"

From Fifth Shuiyue easily entered the house of the elder in charge, Li Tian knew that this woman's cultivation base was at least the same level as the elder in charge!

This kind of existence beyond the domain owner can't be subdued by the little Li Tian.

If Li Tian really did something offensive to Fifth Shuiyue, Li Tian suspected that Fifth Shuiyue could make his death miserable by simply clicking his finger.

Moreover, Li Tian is definitely not the kind of person who does brainless things when the worms go to the brain.

The elder in charge trapped Li Tian in the room, and after not coming back for so long, it was the Fifth Shuiyue who finally entered the room.

No need to think about it, this is a beauty trick!

Of course, if the cultivation base of Fifth Shuiyue is weaker than that of Li Tian, then Li Tian can reach out and send Fifth Shuiyue into the space of Void Yaksha.

Hahaha, when the time comes, the pants will not be recognized. It is estimated that Fifth Shuiyue will even have the heart to die!

Unfortunately, there are not so many ifs!

Since there is no blessing, Li Tian would not think about it.

When he entered the Nether Academy, Li Tian had already paid attention to the layout of the Nether Academy.

But after Li Tian came out of the elder's room, he still felt a little messy.

"Where the \*\*\*\* is this!"

Netherworld Academy is not a university in the earth world. There are no tall buildings, and buildings that can be built to three floors are already considered high-rises.

The Netherworld Academy is located in the mountains, so many buildings are built on the mountain. Coupled with the large number of people in the Nether Academy, this makes the Netherworld Academy cover a very wide area, and it occupies more than dozens of square kilometers in the Fengyun Mountain Range. Up.

The place where Li Tian is now is Fengyun Mountain where the elders are located. The residences of the elders have been built in different places in the Fengyun Mountain range according to the preferences of the elders.

Li Tian tried to fly, and the elder in charge of the writer flew Li Tian into the academy!

But as soon as Li Tian jumped up, his feet were off the ground, he immediately felt a strong pressure on him, and with a slap, Li Tian fell heavily to the ground.

"The power of half god! I rub, this Nether Academy also has the power of half god! Sure enough, every legend exists, there must be his special place!" Li Tian was a little dumbfounded, thinking in his heart.

Looking up, through the lush woods, Li Tian saw a white building on the top of the mountain range where he was.

Li Tian said to himself: "That building looks like the old dean's house that the elder in charge said! In that case, then..."

## Chapter 4530: : Goddess Residence

Do you think Li Tian will go to the building where the old dean is?

Haha, Li Tian is not stupid!

The elder in charge and the Fifth Shuiyue are already strong people like the master of the Purple Flame Thunder Bear domain, and the old dean is estimated to be stronger than them!

Doesn't Li Tian go to that place by himself?

"In that case... it's better for me to stay far away!"

"The elder in charge said that there are nearly 70,000 students in this college. If I mix into these students, it will not be easy for them to find me!"

"It's best if they can't find me, it's better to forget my existence, so that I can leave the college slowly!" Li Tian thought in his heart.

Of course, Li Tian can also hide in the space of the Void Yasha, or the space of the Sky Spear.

Just do it, Li Tian ran down the mountain happily!

...

When night came, Nether Academy was already plunged into darkness.

The sporadic lights make it even more dark in the mountains!

Fifth Shuiyue looked at the pen elder who appeared in the room, his face was ugly!

This little \*\*\*\*\* didn't believe her words, and even ran away. The evil Fifth Shuiyue posed various coquettish poses in this room, thinking about taking Li Tian in one fell swoop.

As a result, Li Tian did not show up, and the fifth Shuiyue's head-scratching posture was actually seen by the elder in charge.

The pen elder blushed, and quickly searched the room for a few times without seeing Li Tian, and then asked anxiously, "What about Li Tianren? What did he say? Has he agreed to stay in the college?".

Fifth Shuiyue glared at the elder, and said coldly, "No!"

"No, you mean you failed? How could this be possible? There are men who can't be taken down by Fifth Water Moon?" The elder in charge exclaimed!

Thinking of Li Tian bending over and pouting his \*\*\*\*\* back, Fifth Shuiyue can be sure that Li Tian definitely had an idea for her at the beginning, but why did Li Tian escape?

"He must be a man, more man than all the men in the Netherworld Academy! At least he dares to react in front of me, do you dare?" Fifth Shuiyue said with a sneer.

In front of the Fifth Water Moon, it is best not to react, otherwise, the result will be ugly! Thinking of the young elder back then, the elder in charge shivered involuntarily.

"Li... Where's Li Tian?"

"Ran away!"

"Escape? He was brought back from the top of the holy peak in the dark forest with all my hardships!"

"What about running away? Can he still get out of this Fengyun Mountain?" Fifth Shuiyue continued unceremoniously: "Leave it to me, give me a few days, I will definitely return you a complete Li God! The old dean, please explain to you!"

Speaking of Fifth Shuiyue turned and walked out of the elder's house.

Standing in the small courtyard of the house, Fifth Shuiyue looked up at the stars in the sky, with a slight smile at the corner of his mouth: "The top of the holy peak? His cultivation level can even reach the top of the holy peak. The more interesting!"

"Li Tian, you little bastard, my Fifth Shuiyue is serious now! You are waiting to bear the murder of my Fifth Shuiyue's peerless weapon!" As he said, Fifth Shuiyue shook her triumphantly. Peerless weapon!

...

Li Tian is lost!

After walking out of the elder's house, Li Tian followed a path down the mountain, but as he walked, the path disappeared and Li Tian was completely lost.

Ok!

Li Tian could only use the phrase that there is no way in the world, and if there are more people walking, there will be a way! Come to comfort himself.

Li Tian felt as if he had come to a primitive jungle, surrounded by tall trees and thorns everywhere.

I don't know if it's because these trees and thorns live under the demigod's majestic wheel cover, these trees are actually harder than steel, and the thorns are like iron wires.

Even if Li Tian kept using the Heavenly Qiong Spear to open the way, the clothes on his body were still in a mess.

The most important thing is that these thorns seem to have a special effect. As long as Li Tian's body skin is cut, Li Tian can feel his physical strength loss very quickly.

It is physical strength, not spiritual strength.

So now, although Li Tian has few wounds on his body, he is already a little exhausted!

"It seems that I think of this Netherworld Academy too simple!"

"How about I go back the same way now? And then from Fifth Shuiyue? If my kung fu performance in bed is good, can I increase my impression points, and then make Fifth Shuiyue obsessed with me...?"

"Okay, I think more, I still want to think about a little real problem! These trees and thorns seem to be endless, I won't die here finally exhausted?" Li Tian suddenly felt a little fear in his heart.

At this moment, Li Tian finally passed through a piece of thorns again, and some buildings appeared before his eyes!

Most of these buildings are only two stories high, and the main color of the buildings is green, as long as the reason is that these buildings are covered with such thorns.

It can be seen through the outside windows that each building has only a dozen rooms, a few rooms still have a faint light, and more rooms are completely dark.

"This should be the academy, and I don't know what academy it is. At least it seems that I am in the right place!" Li Tian dragged his tired body towards the building closest to him.

When he came to this building, Li Tian saw that the door of the building was open, and some words were written messily on the door.

"There is a vicious dog inside, please do not enter!"

"Goddess residence, the animal stopped!"

"In the past ten years, fifteen perverts have been killed in front of this building, please think twice!"

Looking at these words, Li Tian couldn't help but slightly reveal the female dormitory in the courtyard! Although I am not a gentleman, but also... well, what can I do if I go in! "

Li Tian is really exhausted!

And this building is all girls' residences.

So Li Tian has no other choice!

Of course, Li Tian didn't want to live in the same room with those girls!

Entering the building, Li Tian hid directly into his room in the space of Void Yasha. He first took a shower happily, then smeared some green trees on his body, and fell asleep!

What Li Tian didn't know was that a few minutes after he entered the girl's house, the figure of Fifth Shuiyue also appeared in front of this building.

"What a guts! This is the residential area of the hundreds of girls with the strongest cultivation bases in the upper academy! You kid really has the courage of the bear heart and the leopard, and dare to enter the residence of these female nerves! Let me Take a look at how your dog was beaten up!"

Fifth Shuiyue said with a sneer.
