

A Killer 4531

Chapter 4531: : Real Warrior

This wait is nearly half an hour!

Li Tian entered the sea like a clay cow, and there was no news!

There are nearly 20 rooms in this female residence, but only two female classmates live in them. These two female classmates are in the upper academy, which is also very powerful.

One of them is the eldest daughter of the Star Territory Lord, named Xingchen Xiaoyue, who has been in the Nether Academy for about a thousand years, and now has the eighth-level peak realm of the Venerable.

The other is the eldest princess of the Canghai Empire, named Canghai Sangtian, who has been in the Nether Academy for about 800 years, and now also has the eighth-level pinnacle realm of the Venerable.

In addition to these two female classmates, each of them brought a female entourage to His Holiness.

Both of these female entourages have the cultivation base of the ninth level of the sage!

Li Tian, a little guy who was only at the Venerable Sixth Level of the Early Stage, wrote Li Tian as the Venerable Level Five in the first few chapters. I hope you understand, how could it be possible to enter this girl's residence silently?

"This is unscientific? This is an upper-class college. Even if these two female classmates are asleep, it is impossible not to feel that a strange man has mixed into the residence, right? Even so, these girls' entourages Wouldn't it be sound asleep?"

Fifth Shuiyue is a little confused!

In Fifth Shuiyue's mind, she even thought whether Li Tian would have fascinated a certain beautiful female classmate, no, the ugly female entourage was rolling the sheets with that female entourage!

Thinking of this, the Fifth Shuiyue became more and more calm!

Long hair, short knowledge!

If Fifth Shuiyue knew that Li Tian had the two large spaces that could accommodate living creatures, the Qiong Spear of the Sky and the Void Yasha, it was estimated that she would not be full of confidence and would slowly follow Li Tian.

Fifth Shuiyue slowly walked towards the girl's residence.

As she got closer and closer to the girl's residence, her body released a powerful wave of spiritual power.

Within ten seconds, two black figures rushed out of the girl's house.

It is the two followers of the vicissitudes of life and the stars of Xiaoyue.

A long sword condensed by spiritual power appeared in the hands of these two followers. In the process of flying to the Fifth Water Moon, they clearly saw the appearance of the Fifth Water Moon and immediately dispelled the spiritual power long sword.

Falling in front of Fifth Shuiyue, he bowed his bow and said, "I don't know if Elder Shuiyue arrives late at night, what's the point!"

Although they possessed the ninth-level initial realm of the Venerable, but in front of Fifth Shuiyue, they didn't have enough to look at them, so they were naturally respectful.

"Don't be polite!"

Fifth Shuiyue's gaze swept over the two entourages, and asked suspiciously: "Did you not find any suspicious people just now?"

"No!"

"This is impossible! Go and wake me up your master, I want to inspect the residence!" Fifth Shuiyue said angrily.

The two entourages did not dare to stop, and walked back to the residence quickly, waking up the two directors on the first and second floors respectively.

The vicissitudes of life and the stars, Xiaoyue, sleepy eyes.

The vicissitudes of life is already more than eight hundred years old, but she looks like a girl of seventeen or eighteen years old, with a baby face, and she smiles with a sweet feeling.

She was only wearing a thin dress that was as thin as a cicada's wings. Through the dress, she could see that she was not wearing underwear. A pair of small steamed buns stood slightly upright, and each small steamed bun seemed to have an immature pink cherry.

Happy together!

Star Aria's youth looks sweeter and more mature than the vicissitudes of life. From the looks of it, it should be the same as the Fifth Water and Moon in the years, and the weapon of the Fifth Water and Moon is the same.

She was also wearing a pink blouse that was as thin as a cicada's wings, but under this blouse, Xing Chen Xiaoyue was still wearing a white chest wrapper. Unfortunately, the murder weapon was so spectacular, even if Xing Chen Xiaoyue wanted to cover it, there was no way to cover it completely.

"Elder Shuiyue, what is going on? I heard the entourage say, is there a male classmate who has mixed into the girl's residence? Is it mixed into our residence?" The vicissitudes of life asked suspiciously.

The vicissitudes of life involuntarily looked at the stars and Xiaoyue, when her eyes fell on the bulging chest of the stars and Xiaoyue, her eyes involuntarily showed a trace of darkness, and then she rubbed her chest vigorously. .

"Why are you looking at me? Do you think there are still people who dare to enter my Xingchen Xiaoyue's room?" Xing Chen Xiaoyue glared at the sea with some dissatisfaction and said.

The vicissitudes of life spit out his tongue slightly, and said with a smile: "Compared to me, I believe that male classmates will like your... murder weapon more!"

"you....."

Fifth Shuiyue snorted coldly, interrupting the conversation between the two girls.

"There is a disciple named Li Tian who has entered your girl's residence. I advise you to hand over the disciple, otherwise, even if you have the life to keep the disciple, I am afraid you will not have the life to enjoy it! "

No matter how sophisticated the two female classmates, Fifth Shuiyue still believes she saw it!

"Hmph, if Elder Shuiyue doesn't believe us, then just search it!" Xingchen Xiaoyue said coldly.

"It's not that I don't believe you two, but I don't believe in all of you! From now on, I will conduct a thorough search of your small building! Before my search is over, I will use the domain to control the entire small building. Don't walk around!"

When Fifth Shuiyue said this, she had already released the domain, trapping the entire small building in the center.

Then the Fifth Shuiyue began to release divine consciousness, constantly appearing in the field she released!

"No?"

"How is this possible? Am I wrong?"

The Fifth Shuiyue searched it for the first time with God's consciousness, but found nothing.

Oh, except for some strip-shaped melons and fruits resembling cucumbers and eggplants on the bed of a certain surviving venerable, nothing was found.

Fifth Shuiyue doesn't believe it, release his divine consciousness again, search!

The result is the same!

The Fifth Water Moon can only give up!

She was wondering if she was really wrong, but she didn't want to give up like this and started searching for other girls' houses.

This night, all the residence buildings in the upper academy and the first-class girls' residence area were searched by Fifth Shuiyue, but Li Tian seemed to have disappeared out of thin air.

On the morning of the second day, when Li Tian was still asleep in the space of Void Yasha, the heroic deeds of Li Tian had spread throughout the upper academy.

"Have you heard? Yesterday, a real warrior entered the residence of a class A girl. It is said that the Fifth Shuiyue elder saw him and went to search for it himself! But the result was not even a single piece of hair found!"

"Is it impossible? Could it be that the male student has reached the state of supernatural transformation, and even the elders can't search it out? Could this be fake news!"

"Fake your sister! This is the vicissitudes of life that the girl personally said, and the girl also offered a reward for the warrior who dared to enter the girl's home!"

Chapter 4532: : A dismal life

The Nether Academy and Upper Academy had been turned upside down, but Li Tian didn't know it. In the space of Void Yasha, Li Tian went to Windsor after waking up.

Li Tian wants to talk to Windsor.

Windsor is very polite to Li Tian, and even cooks himself personally, making a sumptuous dinner for Li Tian.

But Windsor was determined and insisted on returning to the earth world.

This meal Li Tian ate was dull and tasteless!

Liu Yihui, an otaku, also came to eat.

This cargo was ruined by Li Tian.

No need to work, no need to make money, indulge in the Internet all day.

I don't like to practice or exercise. Now my body has gradually begun to feel good.

After seeing Li Tian, Liu Yihui showed extreme enthusiasm, and even pestered Li Tian to tell the story of the dark forest.

"Didn't you like to watch the Internet before? Why did you start to care about my affairs?"

"Hehe, watching the Internet can no longer satisfy my strong desire for yy, and I have read a few books that are eunuchs and unfinished. I am strongly dissatisfied with the author who has no morals. Therefore, I decided to write it myself!"

Well, Li Tian has been completely defeated.

Although Li Tian has not written it before, he also knows that writing is definitely not easy.

It's like eating. Adult men can eat a few bowls of rice every day, but these bowls of rice from planting to harvesting and finally turning into rice is definitely not a simple sentence.

Of course, for those authors who have no morals, contempt must still be contemptuous!

Since Liu Yihui has such hobbies and can spend his life, Li Tian will not object!

Li Tian stayed in the space of Void Yasha and told Liu Yihui a few days!

These stories are legendary enough, from the city to the journey, from the journey to the end times, and from the end times to the fantasy!

If Liu Yihui could write these stories, it would definitely not be worse than what Liu Yihui saw!

In order to increase the cultivation of Liu Yihui and Windsor, Li Tian did not hesitate to give them some treasures he had exchanged for wine from the dark forest.

If these treasures that enhance spiritual power cultivation are used properly, it will be easy for Liu Yihui and Windsor to break into the realm of cultivation.

Li Tian can only help them so much. As for how much their cultivation base can grow, this is beyond Li Tian's grasp!

After staying in the space of Void Yasha for about four days, Li Tian walked out of the space.

...

For these powerful cultivators who have a life span of several thousand years and tens of thousands of years, four days are just a few seconds away.

The upper academy, after four days of fermentation, is now more lively.

The leaders of the upper academies regard the vicissitudes of life, the stars and the moon as the goddesses they want to guard, and they are eager to stand by these goddesses day and night.

It is a pity that the upper academy is not a middle or lower academy, and these women in the upper academy are not women in the lower academy either!

These boys who consider themselves to be leaders, let alone enter the girls' residence, they don't even have the qualifications to enter the first-class girls' residence.

They can only sigh.

The women in the upper academy can freely enter and exit the girls' residence, but they can't even find Li Tian in the fifth month, let alone them.

Of course, the most positive thing is the vicissitudes of life!

This woman is the first and only one to offer a reward!

And in these four days, with her entourage, she almost turned the entire first-class girl's residence upside down.

"Princess, no one has seen that person before, maybe this is just a prank by the elder Shuiyue!" Her entourage said.

The vicissitudes of life shook his head and said: "No! Didn't you see that Elder Shuiyue also came to our residence area every day? You should know that on weekdays, these elders are all gods and dragons. It's been hundreds of years in this college, and has never seen an elder behave like this!"

"The little one really can't figure it out. Where is the disciple hiding?" said the entourage.

"Huh! It's better not to let me find him, otherwise, this princess will definitely **** this disciple first and then kill, then **** and then kill!" The vicissitudes of life said to herself dissatisfied.

"Princess, you are a princess, how can you be so unobtrusive, if Xing Chen Xiaoyue heard it, we should laugh at our Canghai Empire for lack of background!" said the entourage.

"Haha, this princess has such a true temperament, who would be hypocritical like her!" Cang Hai Sang Tian, with a mocking expression on the corner of her mouth, paused, Cang Hai Sang Tian continued: "Don't think I don't know you! I'm afraid you have not been honest all these years. Is there any in the lower academy that you have thought of?"

"The princess must not make fun of it!" The entourage blushed, and said shyly.

"Hey, you are still free! You can also go hunting in the lower academies. As long as they are good-looking and strong male classmates, they may become your prey, but I, we..." Sang Tian sighed, thinking in her heart.

There are too many people who want to set up an archway as a bitch, especially the women of the upper academy.

But the vicissitudes of life do not want this.

Entering the Netherworld Academy is not a dream of vicissitudes of life, even if her current cultivation base has reached the eighth level of the venerable peak, she is still unhappy.

There are many imperial tools like the vicissitudes of life in this high-class academy.

If they can break through to the realm of the emperor, then their existence will bring great help to the empire and the state of the nobleman, and their status in the empire and the state of the nobleman will be quite lofty, and they can pass them. Live the way you want.

However, if they can't break through to the realm of the emperor, then their final result is to die in Nether Academy, and finally enter the back mountains of Nether Academy and become a handful of loess.

This is their bleak stranger, tragic fate!

Why are they not men?

Since the vicissitudes of life cannot resist, then they can only accept the arrangement of fate!

As for Li Tian, the disciple who dared to break into the girl's residence, to her, it was a wave of waves in her peaceful fate.

Within a few seconds of entering the residence, the vicissitudes of life and her entourage felt a strange energy fluctuation in the air.

At this moment, huh!

Li Tian's figure appeared in front of the vicissitudes of life!

"Deng's disciple..." The vicissitudes of life screamed in excitement, but she only lasted for less than a second.

Immediately, two powerful coercion fell on Li Tian, completely controlling Li Tian.

"Haha!"

The vicissitudes of life and excitement are as if the female gangster who has been hungry for a long time met a legendary pervert. She ran to Li Tian and pulled out a ribbon from her, stretched out her hand to bind Li Tian, and carried Li Tian to her. Run in the room.

"Xiao Zun, give you a three-month holiday! During these three months, don't bother me!"

Chapter 4533: : You are not kind

Li Tian was a little surprised!

Li Tian had been bound by the vicissitudes of life, the little Pi Niang, and brought into her room, Li Tian didn't even react!

It's hard to understand that I was kidnapped?

Listening to this little Pi Niang, it seems that this little Pi Niang wants to do something shameful with me, Li Tian!

Do I refuse this kind of thing? Still decisive?

Shouldn't this kind of thing be a man's initiative?

Of course Li Tian likes to be active. Passive is not Li Tian's habit.

However, it seems good to try passive occasionally!

After all, the vicissitudes of life, this little Pi Niang is not ugly, but also quite charming.

Of course, the most important thing is this little Pi Niang's figure, which is really great!

If you don't consider this little Pi Niang's age and not too plump upper circumference, closing your eyes is definitely a treat.

It's just that if it's been ruined by this girl like this, this...

Li Tian hesitated, whether to resist!

...

Entering Xiao Pi Niang's room, the first thing you see is a huge solid wood bed!

Well, the vicissitudes of life and her entourage occupy the first floor of this girl's residence. This room is Xiao Pi Niang's bedroom!

The bed in front of you is square, four meters long and four meters wide. It is antique. Just looking at this big bed, you can see the lofty status and noble status of the vicissitudes of life!

Even if this kind of bed sleeps three or four people at the same time, it will not be crowded at all!

You can also roll around happily.

boom!

Xiao Pi Niang directly threw Li Tian on the big bed.

Weak strength and no human rights.

Li Tian, a rough man, was easily thrown on the bed by the sweet girl.

Fortunately, the bottom layer of the bed is covered with several layers of thick animal skins. The animal skins are covered with golden yellow blankets from the Imperial Palace of the Canghai Empire, and the blankets are covered with some soft cotton fabrics and silk.

Li Tian was thrown on this bed, and apart from feeling soft, he did not suffer any harm.

Li Tian bowed like a caterpillar and flinched back and said, "What do you want to do? Don't come over, or I'm going to call!"

"Hahaha, aren't you what a warrior like you should do? Since you dare to sneak into the girls' residence of the upper academy, then you have to do well to endure this girl's residence that has been sealed for hundreds of years. Women Longing!"

"Hey, I am very happy when you call like this, you can continue to call! However, here is my vicissitudes of life, in Nether Academy, this is equivalent to the domain of my Canghai Empire, without my consent, who Dare to break in without authorization?" The vicissitudes of life said with a wicked smile.

Beast, actually wanted to do that kind of shame to Li Tian!

The vicissitudes of life now are not a bit ladylike, but more like a mature woman!

It seems to have been hungry for hundreds of years..., Uh, well, she was the one!

"There is no happiness to barely, or we can cultivate and cultivate our relationship first, drink some beer, eat some crayfish, and then sit together to talk about life, and then do strange things!" Li Tian said.

The vicissitudes of life showed a sweet smile and said: "Don't worry, wait for the raw rice to cook mature rice, let's talk about strangers!"

Li Tian is almost crying, this little Pi Niang is determined to eat him!

Otherwise, she can eat it, anyway, when the time comes, after I surrender this little Pi Niang, then this little Pi Niang will not obediently bow down under my jeans?

No, no!

This little Pi Niang is not like Fifth Water Moon.

Fifth Shuiyue just wanted to use the beauty trick to keep Li Tian in the Nether Academy, and this little Pi Niang was really playing.

If Li Tian is really eaten by the vicissitudes of life, with Li Tian's ability, the vicissitudes of life will definitely be addicted by then. Then it will be very difficult for Li Tian to see the sky again, and I am afraid that he will only become this little Pi Niang's **** slave!

If this is really the case, then it's really going to happen!

"Little girl, I am a man, even if you really want to do such a shy thing, I can't ask for it! But if you know my true identity, I am afraid you will not dare to move me so easily!" Li Tian said with a mysterious expression.

The vicissitudes of life were really taken aback by Li Tianhu.

"You mean, what is your real identity?"

"I didn't want to reveal my true identity. Since you asked, then I will tell you the truth. Do you know the Fifth Water Moon? It is an elder in the Nether Academy..."

"I know, if it wasn't for Elder Shuiyue chasing you to our girl's residence, we wouldn't know of your existence. Hey, why, don't you tell me that you are her student, are you chased by Elder Dr. Shuiyue's tofu? killed?"

Li Tian got some useful information from the vicissitudes of life.

"Student? Hahaha, you underestimated me! To tell you the truth, I am the man of the Fifth Water Moon!"

Now Li Tian can also hide in the space of Void Yaksha, and now he is in the vicissitudes of life, unless he hides in the space of Void Yaksha for a lifetime, the next time he comes out of the space, Li Tian Still fall back on this bed.

That's hard work!

Therefore, Li Tian must face the immediate problem.

If he can keep the vicissitudes of life sweet, Li Tian can take the initiative.

When the vicissitudes of life, the little Pi Niang, will do the internal response, it is not impossible for Li Tian to leave the Nether Academy.

"No...impossible! How could Fifth Shuiyue look for an underground soft-footed shrimp like you as a man!" The vicissitudes of life didn't believe Li Tian's words, but she couldn't help but asked curiously.

"Do you know what love is? Love is not only a comparison of strength, not only a status, but also not just a love between boys and girls! Love makes people blind, you should have heard of this truth!"

Seeing the vicissitudes of life, Li Tian nodded slightly, and Li Tian went on to say, "Besides love, what reason is there for the elders of the Nether Academy to abandon everything and chase me desperately?"

"You can restrain my people, or you can force me, but this is possession, desire, not love!"

"If you just want to possess a man, then I can let you be a bride every night, I can summon many men casually, and I don't bring heavy samples every day, I promise to make you feel good!"

"If you want the comfort of love, then I can introduce my brother to you!" Li Tian said.

Everyone is an adult, and some topics are just fine. There is no need to cover up!

Is the vicissitudes of life lack of men?

Yes!

But not all!

The vicissitudes of life are more hopeful for the comfort of the soul!

Huh!

A black but exceptionally strong figure suddenly appeared on the big bed of vicissitudes of life!

After absorbing the beast crystals of the domain master level, Tang Xiaolong's cultivation base has improved a lot, and now he has reached the second-level peak state of the sage!

Compared to the cultivation base, the beast crystal seemed to have inspired certain genes hidden in Tang Xiaolong's body. In just a few months, Tang Xiaolong's body had increased by more than ten centimeters!

Tang Xiaolong is now a lot thinner than before, but his height has reached nearly 1.8 meters. Coupled with his black and strong muscles, it is extremely attractive to many women!

Especially the vicissitudes of life, this little Pi Niang!

Seeing Tang Xiaolong who suddenly appeared on her bed, his eyes lit up, and there was a strange feeling in his heart, as if Tang Xiaolong had fallen from the sky.

"You...you can actually summon...?"

Tang Xiaolong said with a sad face: "Little boss, you are not kind..."

Chapter 4534: : Not the point

"Xiaolong, you don't have to thank me, this is what I should do!"

"I thank you, I thank you and the whole family...oooo!"

Tang Xiaolong had just appeared on the bed of the vicissitudes of life, and a pressure fell on him. The eyes of Tang Xiaolong were obviously much hotter than those of Li Tian!

If it hadn't been for Li Tian to get in the way here, I am afraid that the vicissitudes of life would have already rushed forward, and Tang Xiaolong would have eaten enough!

The vicissitudes of life sweetly tied Tang Xiaolong to the bed, then turned to look at Li Tian and asked: "You...Do you think I am a fool? Fifth Shuiyue will look at you? That woman is going to be a demigod. In order to become this kind of existence, she is constantly working hard to cultivate!"

"This is not the point! The point is my brother, hey, how do you feel about my brother? If you feel that he is not suitable, I can also introduce you to other brothers..." Li Tian said with a smile.

If he can do things like betraying his brothers in an upright manner, Li Tian is also an unprecedented one!

"He...very good. Although this cultivation level is really hard to get out, he is much better than the men in the upper academy of the Netherworld Academy!" The vicissitudes of life said with a sweet smile like a girl.

"Woo...!"

Tang Xiaolong was so touched that he cried!

After cultivating ten levels of body refining, the body has become black, short and thin, and his appearance has completely changed. He has been called a black monkey for more than ten years.

Now that this woman praised him so sincerely for his good-looking appearance, Tang Xiaolong suddenly had a consciousness that he wanted to die for the vicissitudes of life!

The sky blends with the earth fire, after the mysterious female lily, Tang Xiaolong finally has a second spring!

The two looked at each other affectionately. When their eyes met, the electric light flickered, completely ignoring the existence of Li Tian.

Some people may feel this is a bit of a bullshit!

Okay, what can you do?

For example, everyone may be more acceptable.

For example: When going to school, many people and classmates can't bring out the spark of love, but if there is a transfer student who transfers to another school, then the transfer student will not be ugly, and the psychology of many people will fluctuate. stand up.

The vicissitudes of life are in this state.

Those male classmates in the upper academy, either the emperor, the son of the landlord, or the prince of a certain empire, everyone is brilliant, and Laozi is second in the world, no one dares to recognize the first The appearance of one.

Not to mention the aesthetic fatigue after watching them for a long time, and seeing them feel a little nauseous.

...

Tang Xiaolong was relieved by the vicissitudes of life, and the two of them established a good relationship in just a few hours. At this time, they were holding hands, shoulder to shoulder, sitting on the bedside of the bed. Wife expression.

"Hey... you guys and dogs, let me go!"

What does it mean to have a maiden and forget my buddy? This is how Tang Xiaolong is now!

The vicissitudes of life said that she is very rare for Tang Xiaolong, and is afraid that Tang Xiaolong is one of her dreams. If Li Tian is released, Tang Xiaolong will suddenly disappear.

Tang Xiaolong said to the vicissitudes of life, then don't loose Li Tian, it doesn't matter if Li Tian is tied for a few more days.

Li Tian tried to use brute force to break free from his shackles several times, but was mercilessly despised and ridiculed by the vicissitudes of life!

The ribbons that were bound to Li Tian turned out to be the spirit-binding silk that is unique to the Nether Realm. The tenacity of this thing is stronger than the beast tendons of the ninth-level ghost beast. If Li Tian exerts his spiritual power, the spirit-binding silk will Absorb these spiritual powers!

What a shame!

The strong man in the early stage of the sixth level of dignified venerable is helpless with a pair of silk!

Li Tian can only ask Void Yasha!

"Young Master Void, dear, please take me into the space and help me untie the spirit-bound silk!" Li Tian communicated with Void Yasha with his heart.

"Cut, the guy who betrayed my brother is not worthy of being our master!" Xukong Yasha said disdainfully.

"My day! You guys dare to do this to me!"

...

The matter of the upper academy did not reach the middle and lower academies, so Situ Ningbing didn't know that Li Tian had entered the Netherworld Academy.

In the past few days, Situ Ningbing felt that it was quite a long time. She lived like years every day. Zichuanyan's harassment has intensified!

In the past, Zi Chuanyan just blocked Situ Ningbing at the door of the girls' dormitory, and then hit the window of Situ Ningbing's dormitory with small stones.

There are dozens of rooms in a building, each of which is only ten square meters in size, where four students live, it is really not worthy of the name of residence, it can only be called a dormitory.

Now Zi Chuanyan actually bought the other three female students in Situ Ningbing's dormitory, so that these three female students did not return to the dormitory for a long time, and deliberately isolated Situ Ningbing.

Then Zi Chuanyan took the opportunity to climb the window, and wanted to enter Situ Ningbing's dormitory and do something wrong with Situ Ningbing.

Fortunately, Situ Ningbing had never relaxed. As long as Zi Chuanyan dared to climb the dormitory, Situ Ningbing would not hesitate to use Qingyun Qi Jue to release a few lotus flowers to attack Zi Chuanyan.

Zi Chuanyan was embarrassed by the attack of Situ Ningbing, his clothes were covered with ashes, and even his hair was swallowed by the purple lotus.

The arrogant Zi Chuanyan couldn't help but become angry: "Smelly bitch, what are you pretending to be innocent in front of Lao Tzu? You are already an old woman who has been slept by a man, and you pretend to be a fart! You make Lao Tzu happy Will not lose a piece of meat!"

Zi Chuanyan continued to be rough and unbearable, and he couldn't see that he possessed any royal aura.

"Yes, that's right! Our Lord Zi Chuanyan is the one who speaks, as long as you take care of him well, he promises that he won't continue to pester you, and no one will dare pester you in this lower academy by then!"

"If you continue to resist so stubbornly, then don't blame us adults for being impolite to you, then...hehe..." There was a smirk on the faces of these followers, facing Situ Ningbing's dormitory. Shouted the window.

When Zi Chuanyan first saw Situ Ningbing, he really moved her heart.

But for women in the lower academy, he also has a playful attitude. At the beginning, Zi Chuanyan's thought was that as a woman he had played, at least he would let Situ Ningbing have a good result.

It is absolutely impossible to enter the Zichuan Empire and become a princess as Gigi Lai said!

However, after buying Gigi Lai, Zi Chuanyan knew that Situ Ningbing had a man named Li Tian, Zi Chuanyan was full of anger at Situ Ningbing.

Zi Chuanyan felt that Situ Ningbing was pretending to be tall, and he wanted to use the most violent means to tear off Situ Ningbing's hypocritical coat.

"Master Zichuanyan, do you want us to take action to force this little ***** out of the dormitory?" Said his entourage.

Chapter 4535: : Stars and Xiaoyue

Zi Chuanyan sneered and said, "I told you to go in, do you dare?"

"No... dare not!"

"Don't dare you to do anything nonsense? This is not the Zichuan Empire, we have to keep a low profile! A low profile!"

In the Nether Academy, the followers of Zi Chuanyan who only had the eighth-level peak of the Venerable and the initial cultivation base of the ninth-level Venerable had only a medium level of cultivation, almost equal to the strength level of the teaching assistants.

The teachers in the academy who teach cultivation bases basically have domain master-level cultivation bases, and the elders' cultivation bases even surpass domain masters. Once they really anger the college, their cultivation bases are simply not enough.

If the cultivation base is not enough, and it is not low-key, the final result is only a dead end.

Zichuanyan dared to do a fortune in the lower academy because he was the emperor of the Zichuan Empire, and he was also a powerhouse at the domain master level. The academy would still give the scholars of the upper academy a little privilege.

Even so, Zi Chuanyan only dared to block Situ Ningbing outside the girls' dormitory. When he was climbing to Situ Ningbing's dormitory and encountering Situ Ningbing's strong counterattack, Zi Chuanyan could only retreat.

Don't dare to go too far!

If Zi Chuanyan really let his entourage enter the female dormitory, then the result can be imagined.

"Don't worry, this woman is a turtle in the urn. If I want to, I can sell a few female students from the secondary college at any time, and let them enter this dormitory at that time and bring her out!"

"But this is meaningless, isn't it? I want her to come out of this dormitory voluntarily, kneel between the king's legs and suck... Hahaha, when the king is cool enough, I will naturally let you try!" Zi Chuanyan said with a lewd smile.

"Then we will wait for this day, hahaha!"

...

When Situ Ningbing was troubled, Li Tian was also troubled.

Li Tian thought he betrayed Tang Xiaolong, and when Tang Xiaolong captured the vicissitudes of life, they could leave this damned place.

However, Li Tian found that he was too naive.

Compared to betraying his brother, Tang Xiaolong is no worse than Li Tian!

Now Tang Xiaolong is obsessed with sweet love, Li Tian in his eyes is almost transparent!

Sometimes, Tang Xiaolong also voluntarily asked Li Tian to enter the space of Void Yasha, giving him a chance to be alone with the vicissitudes of life.

Li Tian guessed that Tang Xiaolong and Cang Hai Sang Tian must have rolled their sheets on that super big bed.

Otherwise, when Li Tian came out of the void of Yasha, how could he see a rippling expression on Tang Xiaolong's face?

Li Tian asked Tang Xiaolong to ask Cang Hai Sang Tian to send them away from the Nether Academy, but Tang Xiaolong rejected Li Tian on the grounds that he was discussing cultivation issues with Cang Hai Sang Tian.

"Little boss, this Netherworld Academy is Longtan Tiger Lair. If you want to leave here, you have to take a long-term plan. Now let alone leave the Netherworld Academy, I am afraid it will be difficult for us to leave this girl's residence!" Tang Xiaolong said.

"I heard Xiaotiantian Canghai say that there are at least fifty or sixty people in the area where girls of the first class live with a cultivation base of seven or above. If you add entourage, this number will double."

Li Tian looked at Tang Xiaolong with a black line on his face, thinking in his heart: "Do you want to lighten your face? It's only a few days before it's called the vicissitudes of life and sweetness!"

"Also, Elder Shuiyue will come near this residence from time to time, so don't say that we leave the Nether Academy now, even if we stay in this residence, we must converge our spiritual power, or you know it!"

Although Li Tian didn't want to stay in this girl's residence, he could only accept it.

However, what happened next completely exceeded Li Tian's expectations.

Xingchen Xiaoyue came uninvited and broke in directly.

"Who allowed you to break into my room without authorization? Please go out immediately!" The vicissitudes of life suddenly broke free from Tang Xiaolong's hand, and he appeared beside Xingchen Xiaoyue and shouted angrily.

Xingchen Xiaoyue showed a disdainful expression on her face, pointed at Li Tian and Tang Xiaolong, and said, "Are you sure you want me to go out now?"

"Can't let her leave here!" Li Tian said nervously.

The vicissitudes of life fought back instantly, turned around and directly blocked the stars and Xiaoyue in the room, and said with a sneer: "Damn! Don't do or stop, take down this lady, we will **** and then kill, then **** and then kill! "

"Hmph, you don't have that function!" Xingchen Xiaoyue said with a sneer.

"And I....."

"Just you! Hmph, let's not say whether the three of you are my opponents, but as long as you dare to use your spiritual power to attack me, I believe Elder Shuiyue will definitely be here as soon as possible!" Xingchen Xiaoyue smiled slightly , Said.

The vicissitudes of life changed a smile, and the tense atmosphere just disappeared.

"It's just a joke with you, why bother? You come to me to find me what's the matter? Let's go out and talk!" said the vicissitudes of life.

"Looking for you? Haha, I'm here to find him! If you can lend him to play for a few days, maybe I will close one eye and pretend not to see it!"

"It turned out to be like this! You can take him away. Just play as you like. I'm not interested in him!" said the vicissitudes of life.

Li Tian suddenly felt bad.

Lao Tzu is not a toy. Whoever wants to play can play!

Besides, can men borrow?

Li Tian looked at the uninvited guest who suddenly appeared before him, with a smile on his face involuntarily.

This girl's appearance is handsome, especially that nai, and the magnificence of his mother, I am afraid that it is not much more than the fifth water moon.

Xingchen Xiaoyue has the same figure and weapon as Li Xiubin, the female anchor of Bangzi Country before the end of the world. As for the appearance, Xingchen Xiaoyue looks like a light mature woman in her thirties, a young woman, but a bit better than Li Xiubin. charm.

"I am determined not to let the little boss leave me! If you have to play, you just play with me!" Tang Xiaolong said with a righteous expression.

Li Tian knocked Tang Xiaolong on the head!

This product is really bad!

"Tang Xiaolong, you bastard! Will I give it to you when you want it?"

"give!"

"Can various positions satisfy you?"

"can!"

"Then you still want to follow this girl? If you dare to say one more thing today, I will immediately throw both of your brothers to Elder Shuiyue?" Said the vicissitudes of life.

I rub, the dialogue between these two people is too sturdy, right?

Isn't this a piece of the earth world? Did Tang Xiaolong also tell this story to Pi Niang?

"The Buddha said, if I don't go to hell, who will go to hell? I have already pushed my brother into the fire pit once. How could I let my brother enter the fire pit again? This time let me come!" Li Tian said in front of Xingchen Xiaoyue.

Xingchen Xiaoyue showed the winner's smile, turned and walked out.

Li Tian hurriedly followed, admiring the beautiful figure of this woman from behind.

"Li Tian! Li Tian, a genius who can shock the entire Nether Academy's elders with a poem, you can make me find it!" Xing Chen Xiaoyue suddenly turned her head and said with a sneer on her face.

Chapter 4536: : The youngest elder in history (1)

Li Tian was surprised!

How did the star and Xiaoyue know that he would write and copy poems?

Li Tian didn't ask, he pretended to be deep, and continued to follow Xing Chen Xiaoyue.

Xingchen Xiaoyue paused for a moment, smiled slightly, didn't speak, as if nothing had happened, twisted her waist and continued to walk forward.

Return to the second floor and come to the room that belongs to the stars and the moon!

"go in!"

Li Tian didn't resist, opened the door and walked in.

The layout of Xingchen Xiaoyue's room and the vicissitudes of life were completely different. Entering the room, Li Tian felt as if he had walked into the library, with bookshelves on both sides of the house.

There are various books on the shelves.

There is no bed in the room!

Li Tian couldn't help being a little disappointed. He still imagined that the stars and Xiaoyue would threaten him like the vicissitudes of life.

If this were the case, Li Tian would not hesitate to choose from Xingchen Xiaoyue.

Li Tian turned his head, his gaze fell between the plump peaks of the stars, the moon and the moon. He quickly moved away and said, "This is your residence?"

"Are you a little disappointed?" Xingchen Xiaoyue asked in a playful manner.

"Slightly! But more I feel that you are so pitiful..." Li Tian said.

"Poor?"

"Poor! As a woman, your life is so boring, with the blue light scroll every day, is there any other color in your life?"

"You do not understand!"

"The blossoms are worthy of being folded and the branches should be folded. Don't wait for the branches to be folded without flowers." Li Tian said pretentiously.

Xingchen Xiaoyue repeated Li Tian's two poems again, her eyes could not help but light up.

She walked quickly to the desk, picked up a writing brush on the desk, swiped a few times on a piece of paper, and wrote the two poems.

Putting down the pen, holding the paper, Xing Chen Xiaoyue looked at it for a long time, sighed, looked up at Li Tian and said: "You are really a rare talent, and you are a chapter!"

"Exceed awards, awards, I am not as good as you said! I am just slightly more talented than ordinary geniuses, you must not like me, or I will be very upset!" Li Tian shamelessly To say.

"Don't worry, I am not interested in men!"

Li Tianxin in this sentence is really cool!

What a pity, such a good figure, such a beautiful face, such a plump weapon...

Not even interested in men.

The room was quiet, and for a moment, Li Tian broke the silence.

"How did you know that I was in the vicissitudes of life in the vicissitudes of life? Also, you want me to come here not just want me to appreciate your figure!" Li Tian said.

"Everything is impermanent, there must be a demon. The vicissitudes of life is looking for your whereabouts every day. The past few days have suddenly been hiding in the room, and her entourage is not in the building. Something abnormal!"

"Also, you and the dark guy, although the two are converging their spiritual power, but the past few nights, there were several times when the vicissitudes of life of the sweet guy's spiritual power was surging!"

It turns out that Tang Xiaolong has an affair with the vicissitudes of life. Tang Xiaolong also knows how to constrain when he is going to do things between men and women. However, the vicissitudes of life of the forbidden fruit is completely released, and his spiritual power is surging. Would betray her.

"Two men and one woman, you guys really know how to play!" Xingchen Xiaoyue said playfully.

I rub! Misunderstood!

When Tang Xiaolong and the vicissitudes of life were passionate, Li Tian was hiding in the space of Void Yaksha!

"I did not mean!"

"You don't need to explain to me, and I am not interested in listening to your passion stories!"

Li Tian was full of black lines, and he couldn't clean it after jumping into the Yellow River!

Xingchen Xiaoyue sat back in her chair, picked up the poem she had just written on the table, and shook her head involuntarily and sighed: "It's a pity! You have such a literary talent, so you don't know how to love yourself. It's a pity that the Fifth Shuiyue elders I will value you so much!"

"What? Fifth Shuiyue? You...you..."

"Don't worry, I'm just on behalf of Elder Fifth Shuiyue, here to talk to you. I want to know how you are willing to join Nether Academy?"

"Join Nether Academy? I never thought of it!" Li Tian said.

"I advise you to think about it, otherwise your brother who is not slender in autumn will suffer. And, I am afraid you don't know it now? Your woman Situ Ningbing is also in the Nether Academy now!" Xingchen Xiaoyue sneered. Said.

"What? This..."

"Oh, let me speed you one thing for free. Your woman is now being entangled by a certain elder brother of the upper academy. If you don't join the Nether Academy, there is no way for the Nether Academy to stand up for her, so you advise you to be the best Decide early!"

Li Tian had seen the roster in the elder's room before, and knew that there was a freshman named Situ Ningbing in this college, but he did not expect that Situ Ningbing was actually in this Nether Academy.

However, the safety of Tang Xiaolong and Situ Ningbing pinched Li Tian's veins. Even if Li Tian knew that he was being threatened, he had to compromise!

"My requirements are not high, but you can't be the lord! I want to see the Fifth Water Moon Elder!" Li Tian said.

As soon as Li Tian's words fell, Elder Fifth Shuiyue pushed in through the side door next to the bookshelf.

When Fifth Shuiyue walked, her murder weapon trembled slightly and came to Li Tian. She deliberately leaned her body on Li Tian, holding Li Tian's arm, and sealed Li Tian's arm between her murder weapon. , Shaking the giant ru up and down, with a smile on his mouth.

"Li Tian, you are so willing to leave others alone and run away like that. You really make people sad for a long time!"

Fairies, fairies!

Li Tian's arm rubbed in the gully, his body actually reacted honestly!

My day!

You are the elder of Nether Academy, why are you so unreserved in front of female classmates?

Li Tian tried his best to make Tang Xiaolong sell his hue, but in the end he returned to the original point. Li Tian doubted that after the fifth water moon, he would use the excuse of discussing poetry and prose to harass him frequently.

Thinking of this, Li Tian's heart suddenly felt that his life was bleak for an instant.

Is Li Tian happy?

no, absolutely not happy!

In front of Fifth Shuiyue, even if Li Tian had a physical reaction, it was a sin, let alone any other thoughts!

"Elder Shuiyue, I'm really welcome when you are like this!" Li Tian said with a blushing face.

"Okay, you can be as impolite as you are!" Fifth Shuiyue, the ladyboy continued to sandwich Li Tian's arm between her double rus, and said triumphantly.

"Well, am I wrong? I will join the Nether Academy, but I definitely can't be a student. Unless you promise me that I can become the elder of the Nether Academy, I can sit on an equal footing with you, otherwise I will die on your chest today. Here, I will not compromise either!" Li Tianshi said with a big mouth.

Chapter 4537: : The youngest elder in history (2)

"Haha!" The answer to Li Tian was a sneer from Fifth Shuiyue.

"You really dare to think that your cultivation level is not as good as an assistant in a lower academy, and you still want to be an elder? I advise you to give up such unrealistic ideas. If possible, I will try to let you in. In the middle school, I can make an exception to guide you in your cultivation at that time!" Fifth Shuiyue said.

When this girl said this sentence, she used the arm of Li Tian from the Shuangfeng family to clamp it, making Li Tian unable to extricate herself!

My day, it's so weird!

Isn't the Shuangfeng two **** of meat? How can you make this kind of action!

Li Tian couldn't help remembering that there was a famous milk shaking sister on the Internet before the end of the world!

"I really want to try it!"

Li Tian didn't bother to take care of the solution proposed by Fifth Shuiyue.

Li Tian's requirements are very high and excessive. Fifth Shuiyue is definitely not qualified to make any promises. In that case, why should Li Tian waste his tongue and wait for Fifth Shuiyue to report his request to Netherworld Academy!

If Netherworld Academy really wants to keep him, it will naturally give Li Tian a chance to bargain.

Xingchen Xiaoyue looked at Li Tian like an idiot.

The elder of the Netherworld Academy is a symbol of strength, an extremely noble existence.

The elders of Nether Academy are super beings living in seclusion in the Academy!

Once these elders enter the world, even if they are powerful empires, powerful domain masters will look up to others and treat these elders respectfully.

And Li Tian?

"Ha ha!"

This is Xingchen Xiaoyue's attitude towards Li Tian.

A fellow who only had the early stage of the sixth level of the Venerable, how could he dare to become an elder of the Nether Academy?

...

Li Tian was taken away by Fifth Shuiyue.

At least more than a dozen beautiful female classmates have seen this scene with their own eyes.

When I saw Li Tian, these beautiful female students couldn't help being a little disappointed.

Li Tian in reality is far from the image of tall, handsome and martial artist in their minds.

They could feel that Li Tian's cultivation was very weak, and he only had the poor Venerable Sixth-level early stage.

Disappointed, these female classmates began to speculate again: What is Li Tian's ability to escape Fifth Shuiyue's search.

And is Li Tian hiding in whose room in this residence?

The vicissitudes of life? Or the stars and the moon?

On the same day, there was a rumor that a good cabbage was bowed by a pig in the home of a class A girl.

Rumors say that the vicissitudes of life and the star Xiaoyue were brutally murdered by Li Tian, and the three lived happily together in their homes.

And all this, the vicissitudes of life and Tang Xiaolong don't know.

The two are still addicted to the two of them.

The rumors stop at the wise, but the IQ level of these female students in the Nether Academy is obviously not enough to distinguish the truth from the rumors, and even these female students have contributed to it.

Many male students in the upper academy who secretly like stars, Xiaoyue and the vicissitudes of life are mad. These two female students are goddesses in their hearts, and they can only be seen from a distance.

I didn't expect to be so ruined by a little man!

These male students, one by one, were filled with indignation and wanted to show Li Tian's color. Unfortunately, since Li Tian was taken away by Fifth Shuiyue, there has been no news at all!

...

Li Tian was put under house arrest.

This time Li Tian was trapped in the old dean's room, and at least eight assistants who reached the realm of the emperor were staring at Li Tian in turn for 24 hours.

Even if Li Tian wanted to pee, these emperors would follow him.

Several coercion always fell on Li Tian, for fear that Li Tian would escape again.

There were even two domain master-level teachers who used the domain to control Li Tian in their domain.

In this case, Li Tian was said to want to escape, even if he wanted to enter the space of Void Yasha.

On the other side, in the office of the old dean's residence, all the elders in the Nether Academy gathered here again.

In just ten days, the old dean unexpectedly issued the dean's order again. This is something that has never happened in the history of Nether Academy.

These old guys have been holding meetings for days and nights.

The first issue is of course whether Li Tian is qualified to be an elder of the Nether Academy.

At the beginning, almost all the elders opposed it.

If Li Tian, who only has the sixth-level elementary realm of the Venerable, becomes an elder, it will definitely be an insult to the other elders of the Nether Academy and an insult to the Nether Academy.

But Li Tian is too restless.

On the first day under house arrest, Li Tian randomly copied a short song line by Cao Cao, the hero of the Three Kingdoms:

Wine and song, life geometry?

For example, the morning dew has a lot of suffering.

Generosity should be regarded as generosity, unforgettable worry.

How to relieve worries?

Only Dukan.

Green Zijin, Youyouwoxin.

But for the sake of the king, I have been pondering it so far.

Yo Yo Lu Ming, the Ping of the Wild Food.

I have guests, harp blowing Sheng.

It's like a moon, when can I stop?

Worry comes from it and cannot be cut off.

The more you pass through the mountains, the uselessness exists.

Qikuo talks about banquet, thinking about old grace.

The moon is sparse, and the black magpie flies south, winding around the tree three times.

The mountains never get too high, and the sea never gets too deep.

Zhougong spit and feed, and the world is home.

When this poem was copied to the elders, the elders sighed for Li Tian's extraordinary talents, but at the same time, they could feel the burning pain in their faces.

Just now they were still vehemently opposed to Li Tian becoming an elder, and Li Tian hit them in the face with such a poem.

Especially in the last few sentences, the mountains are not tired of high, and the sea is not tired of deep. Zhougong spit-feeding, the world returns to heart, it is even more heart-warming.

The translation of these sentences is: The mountains will never be too high, and the sea will never be too deep. Treating talented people with an open mind like Zhou Gong will definitely win the support of the world.

Coincidentally, the old dean is surnamed Zhou!

These few words are deep in the heart of the old dean!

"We are not sticking to one pattern to drop talents. Our Netherworld Academy is an open academy. You can't refuse to admit this genius to join our Nether Academy because of Li Tian's weak personal cultivation!" The elder in charge couldn't hide his excitement.

The elder touched his beard and said faintly: "Li Tian is indeed a young talent. We will not refuse him to join, but according to my idea, it is enough for our college to have a few people in the middle school. Elder? This is too joke!"

"Yes, I also agree with the opinion of the Great Elder! A guy with only the sixth rank of Venerable, even if his talent is excellent, but his cultivation base is too low after all. You must know that the name of the elder of the Nether Academy does not only represent him Individuals represent our entire Nether Academy."

"Furthermore, in another half a year, it will be a trial competition among the three major colleges of Netherworld Academy. Every elder will lead a team to the trial. If Li Tian becomes the elder of the academy, can he take it to the trial with his cultivation? Can't do it?"

At this moment, the door of the office was knocked open again, and an assistant teacher held a piece of animal skin in his hand and said excitedly: "Old dean and elders, Li...Li Tian has another new work!"

Chapter 4538: : The youngest elder in history (3)

The meeting room is quiet.

The faces of all the elders showed a strange color.

What does Li Tian want to do?

One slap in the face is not enough, is it impossible to slap again?

You know, among the elders present, those who are more than nine years old practice Confucianism.

Confucianism and Taoism are the most sacred. They can feel spiritual power in the lines of ancient poems. As long as they can understand these ancient poems, it will be of great benefit to their cultivation.

Last time, Li Tian's creation of Jiangjinjiu greatly benefited them.

After a few days of study, they even felt the depth of the wine. During the study, several of the elders actually felt vaguely that there was a breakthrough in the bottleneck that had trapped them for thousands of years.

It is precisely for this reason that Nether Academy pays more attention to Li Tian!

The old dean personally ordered Li Tian to be found out.

Nether Academy searched for Li Tian at all costs, and then a lot of information related to Li Tian was queried.

Including Li Tian in the dark forest and the dark soft, the domain master level ghost beast, and the Lycra desert, naturally, the female domain master and Situ Ningbing, who was sent by the female domain master to the Nether Academy, were naturally found.

In a few days, they could actually find out more information about this name, and from this aspect they could also reflect the powerful influence of Nether Academy in the Nether Realm.

When Li Tian appeared in the girls' residence, he was actually discovered by Fifth Shuiyue.

The Fifth Water Moon domain has been covering the entire first-class girl's residence, but Li Tian and others' cultivation is too weak to feel it.

And the Fifth Shuiyue doesn't want to stun the snake!

What surprised Fifth Shuiyue was that there were other secrets in Li Tian's body.

Such as Tang Xiaolong!

At first, Fifth Shuiyue thought that Tang Xiaolong was just a puppet-like existence, but when Tang Xiaolong and Canghai Sangtian did some wonderful things, Fifth Shuiyue felt a little uneasy!

Before that, Li Tian disappeared out of thin air again.

This made Fifth Shuiyue a little uneasy immediately.

Fifth Shuiyue felt that she couldn't understand Li Tiankan at all, and she even began to conceive whether Li Tian possessed a god-level space treasure that he could hide from at any time.

Fifth Shuiyue also had some selfish thoughts, and did not tell the old dean of her guess.

In the past few days, these elders have been arguing non-stop, and a few elders, including the Fifth Shuiyue and the elder in charge, have resolutely stood in support of Li Tian becoming the elder of the Nether Academy.

Li Tian's will enter the wine made them feel amazing, the two short poems written by Li Tian to Xingchen Xiaoyue also made them feel rare, and Li Tian's short songs made them feel shocked.

However, the elders represented by the great elder still opposed Li Tian to become an elder.

Now Li Tian is here again!

"What poem is this time?"

"Xia Ke Xing" said the assistant.

The old dean raised his head slightly and said, "Read!"

The assistant teacher was very excited, and the hand holding the animal skin was trembling slightly, and his eyes showed excitement. He cleared his scared throat and adjusted his posture again. Then he said:

Zhao Keman and Hu Ying, Wu Goushuang Xueming.

The silver saddle illuminates the white horse, rustling like a meteor.

Kill one person in ten steps, never stay for a thousand miles.

Hello.

I am free to drink Xinling, take off my sword and knees before crossing.

Will Zhi Zhu Hai, hold on to persuade Hou Ying.

Three cups of Turanuo, Wuyue is light.

After the dazzling ears are hot, the mood is born.

Handan was first shocked to save Zhao with a gold gavel.

Qianqiu two strong men, Xuanhe Daliang city.

It's not ashamed to be a hero in the world.

Who can close the book, Baishou Taixuanjing.

Everyone here, no matter who has the strength is far stronger than the traditional knights, and those so-called knights are no more than ants in their eyes.

But this chivalrous line made them feel surging.

Especially the sentence: Killing one person in ten steps, not staying for a thousand miles, it also makes the spiritual power of many elders present wantonly change. These elders unexpectedly unconsciously condense the spiritual power to condense a picture of knighthood, suspended Above the huge conference room table.

Just like the stereo projection.

The assistant teacher's cultivation was in the realm of the venerable, and it was only a fine line from the realm of the domain master.

But this line of separation made him feel as if he was separated from the sky and the earth.

When Li Tian created this chivalrous line and read it boldly, he felt that this chivalrous line was an opportunity for him to wait for thousands of years of breakthrough.

But he has been trapped in it to no avail.

When he read aloud the knights with affection, and then saw the pictures of knights gathered by the elders with their spiritual power, the assistant teacher Mao Sai suddenly started to fall into contemplation completely.

"Enlightenment! This kid is so lucky that he can enter the epiphany state!"

"Yes, I'm afraid that soon our Netherworld Academy will be able to give birth to a teacher with the realm of a domain master!"

While feeling gratified, the elders also felt a little envy.

When they reach their level, it is too difficult and too difficult to have an epiphany!

At this time, several of these elders stood on the side of the writing elder and Fifth Shuiyue. They did not express their support for Li Tian to become the elder of the Nether Academy, but they were no longer opposed.

"Episode? Huh, how much is the relationship between this assistant's epiphany and Li Tian's poems? I'm afraid only this assistant can understand it. It's too early to draw a conclusion now!"

"I will express my attitude again. I am determined to agree to Li Tian as an elder. I can take a step back and allow Li Tian to enter the upper academy. My bottom line is that he can become an assistant teacher at most!" said the elder.

The great elder has given way, but the elder in charge still insists that the appearance of Li Tian can change the Nether Academy, and still insists that Li Tian enter the Nether Academy and become the elder of the Academy.

The debate continues.

Ten minutes later!

Suddenly, powerful spiritual power descended from the sky, and the faint spiritual power became substantial, flooding into the body of the enlightened teaching assistant!

At first, the clothes on this assistant teacher fluttered, as if they were being blown by a strong wind, but in an instant, the strong spiritual power completely tore his clothes into pieces.

Spiritual power is constantly walking around him!

suddenly!

boom!

There was a loud noise, and the teaching assistant suddenly opened his eyes. A domain outside his control completely covered the entire conference room. He broke through and entered the domain master realm!

With a wave of the old dean, the domain released by the newly promoted domain master was easily destroyed.

Cough!

The old dean coughed deliberately, drawing everyone's attention to him, and then said: "I agree with Li Tian to become the elder of the Nether Academy!"

"Old Dean!" The Great Elder exclaimed somewhat dissatisfied.

"Needless to say, I have already decided! Li Tian's current cultivation base is still very weak, let him start with the trainee elder first, and give him five thousand years. If within five thousand years, he cannot reach Go beyond the existence of the domain master and invite him out of the presbytery!"

Chapter 4539: : The youngest elder in history (4)

The old dean's speech is tantamount to a conclusion.

The elder still wanted to refute, but when he heard the old dean coldly snorted, the elder did not dare to say more.

"So now we start to vote with a show of hands, and I don't agree with Li Tian becoming the elder of the Nether Academy!" said the old dean.

The old dean is also an old fox. If he said that he would raise his hand if he agreed with Li Tian becoming the elder of the Nether Academy, perhaps many of these people would be afraid to raise their hands because of the existence of the great elder.

However, now that the old dean said this, the venue was one-sided. Except for the great elder raised his hand, the other elders did not raise their hands.

"Haha, then this matter will go through! Go and invite Elder Li Tian into the conference room!" The old dean smiled and said to the assistant who had just broken through to the realm of the domain master.

The assistant nodded, turned and ran out.

The elder in charge was so excited, a hanging heart finally landed steadily, let out a sigh of relief, and a triumphant smile appeared on his face!

Although Li Tian was forcibly taken into the Nether Academy, no matter what, the elder in charge is equivalent to Li Tian's guide in the Nether Academy.

Now Li Tian may have complaints about the elder in charge. Once Li Tian knows the role of the elder, Li Tian will definitely be grateful to the elder in charge.

Of course, the elder in charge not only needs Li Tian's psychological gratitude, but also hopes that the relationship with Li Tian can be harmonious.

As long as the elders and Li Tian have a harmonious relationship, he can study any new creations that Li Tian has at that time.

Of course, it is not only the elder who writes, but also the Fifth Shuiyue who wants to enter the waters.

This lady knew that Li Tian had a god-level space treasure, and she knew that Li Tian's identity was probably not just as simple as the investigation of Nether Academy.

Fifth Shuiyue guessed Li Tian's identity, and also secretly decided to get closer to Li Tian.

If necessary, Fifth Water Moon can even consider sacrificing hue!

The old dean hasn't met Li Tian yet, but he pays special attention to Li Tian. According to the treatment of the official elder of the Nether Academy, he assigns a residence to Li Tian.

When Li Tiangang became an intern elder, he had an independent residence in the Mid-Levels. Even the other elders felt jealous.

According to the regulations of the Netherworld Academy, the old dean lives at the top of Fengyun Mountain, while the other elders are arranged from top to bottom in the order of the elders in the academy.

As for the vast majority of trainee elders, they are absolutely not qualified to live in Mid-Levels.

The elders present here, when they were still intern elders, they all lived at the bottom of the mountain, near the upper academy.

Of course, the residence at the bottom of the mountain is also a one-house residence, but the feeling in my heart is really totally unclear.

The old dean also arranged some things. He decided to formally grant Li Tian the title of intern elder in the upper academy seven days later. At that time, he would also issue an elder wooden plaque to Li Tian!

"Old Dean, isn't this inappropriate? There has never been a precedent in the history of Netherworld College that specially awarded elder wooden plaques to trainee elders, not to mention that it must be awarded in front of all teachers and students of the upper academy! I disagree!" Said the elder.

The elder squinted slightly and asked, "Who else disagrees?"

The great elder winked at the material elder sitting across from him. After seeing this, the material elder tapped his finger on the table in front of him, stood up and said, "Old dean, this is not a question of disagreement!"

"What's the problem?" the old dean asked.

"You must know that every elder wooden sign in the Netherworld Academy needs to be strictly designed and produced. The last time an intern elder was promoted to an elder, the production cycle of the elder wooden sign alone was more than ten years. I have no spares here. The elder wooden sign! So..."

A gleam flashed in the eyes of the old dean, and an imperceptible sneer appeared at the corner of his mouth, and said, "So, if there is no elder wooden sign, I can first give my elder wooden sign to Li Tian..."

All the elders in the conference room showed surprised expressions.

The old dean's words were not finished, the great elder stood up abruptly and said with a serious expression: "No! The old dean, your elder wooden sign symbolizes the entire Nether Academy. It's extraordinary. How can you easily give it to others? What?"

"Yes! For so many years, the old dean has been handed over to the great elder to manage the college, and he has never given this wooden sign to the great elder. How can he Li Tianhede, how can he bear the old dean and your elder wooden sign?" The material elder said.

"I remember your predecessor, when Chu Jiangnan defected from the Nether Academy, his elder wooden sign stayed in the academy, modify the elder wooden sign of Chu Jiangnan and hand it over to Li Tian!" said the old dean.

Speaking of Chu Jiangnan, the temperature of the meeting room suddenly dropped dozens of degrees, and the entire meeting room seemed to be out of the ice. All the elders suddenly calmed down and stared at the old dean dumbfounded.

Chu Jiangnan, the old dean even mentioned Chu Jiangnan!

You know, Chu Jiangnan is the shame of the Nether Academy, and the old dean's heart hurts!

If it weren't for Chu Jiangnan, the old dean would not temporarily hand over the management of the academy to the great elder.

The old dean seemed to have nothing happened, and continued: "If there are no other objections, the meeting is over. After Li Tian arrives, I will invite Elder Li Tian to explain the three poems he created. Those who are interested can listen to it!"

When the meeting was over, the elder turned and walked towards the door of the conference room.

...

The assistant teacher who just broke through to the realm of the domain is named Wang Changqing!

Wang Changqing used to be a student in a secondary academy. Later, because of his talents, he broke through to the realm of the emperor and became a teaching assistant in the academy.

As a teaching assistant in the college, Wang Changqing has already felt satisfied.

Although he always had a dream of a domain master in his heart, he never dared to dream it.

Now this domain master dream has come true.

Wang Changqing knew that this was because of Li Tian. Without Li Tian, he still didn't know when he would be able to break through to the realm of the domain master, or he would not be able to break into the realm of the domain master until he died.

The grace of dripping water will be reported by the spring.

Although Li Tian only has the sixth-level elementary realm of Venerable, Wang Changqing already treats Li Tian as his mentor in his heart.

Therefore, when he took Li Tian to the meeting room, Wang Changqing was full of respect for Li Tian.

Seeing the great elder coming out of the conference room from a distance, Wang Changqing whispered to Li Tian: "Elder Li, this is the great elder of the academy. He doesn't seem to appreciate you very much, and is most opposed to you becoming an elder. It's him too!"

What surprised Li Tian was that after seeing Li Tian, the great elder did not show the slightest arrogance, and he could even say that he was quite polite to Li Tian.

"Congratulations to Elder Li for becoming the youngest elder in the history of the Nether Academy. This is a blessing for the Nether Academy. It is also an honor for me to meet the youngest elder, Zhao Gufeng!"

"Now I have some important things that need to be dealt with. After Elder Li is awarded the elder wooden card, I will definitely invite you to visit the mansion!" The elder said politely.

Chapter 4540: : The youngest elder in history (5)

The actions of the great elder were beyond Wang Changqing's expectations, and even beyond Li Tian's expectations.

"Thank you for the great elder's love, I will prepare the best wine and wait for the great elder to come!" Li Tian said with a smile.

The two exchanged a few simple words, the elder drove away, and Li Tian turned and walked towards the conference room.

Upon entering the conference room, Li Tian received a warm welcome.

As the youngest elder in the history of the Netherworld Academy, even if only the title of the intern elder is hung, it is enough to make Li Tian's name resonate throughout the Netherworld Academy, so that Li Tian's name is enough to make those empires of the Netherworld an emperor, Those emperors and domain masters of the Venerable Kingdom value it.

"Li Tian, come and sit here!"

The old dean waved to Li Tian and let Li Tian sit in the position of the elder.

Li Tianneng guessed the idea of the old dean, hesitated for a moment, and sat down according to the old dean's request.

In the meeting room, the expressions on the faces of the seventeen elders were a little mixed, and they looked at Li Tian meaningfully.

Anyway, Li Tian was young, Li Tian pretended not to know anything, and didn't want to know.

The old dean personally explained to Li Tian the decision of the Nether Academy Presbyterian Association and the arrangements for the next week.

"Li Tian, are you satisfied with this arrangement?" The old dean looked at Li Tian peacefully and asked like a kind old man.

Li Tian nodded quickly and said: "Satisfaction is far beyond my expectations! The old dean, elders, the brat did not dare to make such an unreasonable request, but did not expect that the old dean and the elders would have a large number of people. The boy was really terrified to agree to this unreasonable request from the boy."

Hypocrisy is the ultimate hypocrisy.

At this young age, it was so hypocritical, which made these old and undead people in Netherworld Academy suddenly feel like the waves behind the Nether River pushed the waves forward, and the waves before them were shot dead on the beach.

"Hahaha, you kid, where is the fear, it is clearly to force the palace! One poem after poem creation, the real fear is that we are right! Now your requirements have been met, shouldn't you come to meet us? What about the small request?" The old dean said with a smile.

"Just mention what the old dean and elders have. I know everything, kid!" Li Tian said.

The old dean nodded and smiled: "Then you will first explain to us your creations of 'Jianjinjiu, Danza Xing, and Xia Ke Xing'. These verses are too profound, and it is difficult for us to understand!"

Li Tian is also welcome, although this poem was not made by him, but it was said from his mouth after all!

Naturally, Li Tian will come to explain to them.

In fact, this is also the fault of Li Tian. These poems were made by ancient people in the earth world, and when they were directly used in the Nether Realm, they would inevitably be missed.

For example, the names of two people who have appeared in Jiangjinjiu: Master Cen, Dan Qiusheng.

The two were originally friends of Tang Libai.

When Li Bai wrote this poem, these two guys should have been drinking and bragging with Li Bai.

But when Li Tian was at the summit of the holy peak, he hadn't considered this situation at all. He simply changed the water of the Yellow River to the water of the ghost.

Now that the old guys here brought it up, Li Tian only knew the fault.

"This is indeed the name of the two, but it is indeed a false name. The elder in charge knows that when I wrote this poem, I was talking to the four domain masters in the dark forest. Although they are domain masters, they are after all. Beasts, if they write their names directly into the poem, it will inevitably have some influence on the whole poem!"

"At that time, I saw the elders who wrote the elders swaying lightly and his demeanor. I couldn't help but have a little more respect for the elders, and I also longed for the elders to be able to sing for wine, so I created these two false names. Here I express my respect to the Netherworld Academy and the elder in charge!" Li Tian said.

This is totally nonsense.

But the elder in charge likes to listen to these words, and the other elders in the Nether Academy like to listen, and the elder dean also likes to listen.

In the next explanation, Li Tian explained the other questions and answers about the earth world by the elders in illusory ways such as fantasy and dreams.

This explanation lasted for less than two hours, and the elders were already satisfied.

Two of the elders were quite rewarding and left the meeting room on the spot, claiming to start practicing in retreat.

Before these two elders left, in order to express their gratitude to Li Tian, Li Tian had become the elder of the Nether Academy, and each gave Li Tian a gift.

What an elder gave to Li Tian was a shriveled fruit, claiming that this fruit can increase cultivation, and has a very significant effect on the Venerable below the fifth level.

Another elder gave Li Tian a demon blood Yijing Pill.

Seeing the gifts given by these two elders, Li Tian couldn't help feeling a little shabby.

You are the elders, but the most dazzling existence in the entire Nether Academy, looking at the entire Nether Realm, it is definitely at the peak and most powerful peak!

But is this gift worthy of your name?

Li Tian has harvested too much in the dark forest, making him a bit picky in his eyes. He is completely in the blessing and knows no good.

You must know that these things can be taken out by these elders. If any of these things flow out from the Nether Academy, it may cause many powerful experts of the noble level to ***** them, and even the nobles will fall because of this.

Li Tian's inadvertent performance was seen by the old dean.

The old dean originally wanted to take out a gift, and waited seven days later to give it to Li Tian. Seeing Li Tian's appearance, the old dean gave up his thoughts.

The old dean deserves to be the dean, guessing that Li Tian is not too cold with this kind of thing, and immediately adjusted the plan.

"Wang Changqing, you just broke through to the realm of the domain master, and let you be a teaching assistant a little bit awkward. If you don't mind, you will follow Li Tian from now on, and you will be the assistant of Elder Li Tian from now on!" said the old dean.

Wang Changqing looked surprised and repeatedly expressed his willingness.

Nonsense, although Li Tian is an intern elder, but Li Tian's future in the Nether Academy is absolutely limitless. It is definitely better to grow with Li Tian now than to wait for Li Tian to become an official elder and then want to follow him. .

"Old Dean, Elder Li Tian has just entered the Nether Academy, and I will inevitably have some ignorance about the Nether Academy. I am Elder Li Tian's guide. I have an obligation to help Elder Li Tian get acquainted with the Nether Academy as soon as possible. My home is just around the corner. If there are other free residences, let Elder Li Tian live here. If Elder Li Tian has any problems at that time, I can also explain and communicate with him and solve them," the elder in charge said.

The elder in charge is the old dean, and the old dean will naturally not refuse.

"can!"

"Old Dean, the cultivation level of Elder Li Tian is only at the early stage of Venerable Sixth Level. In terms of spiritual power cultivation, I can discuss and exchange ideas with Elder Li Tian. I want Elder Li Tian to become a cultivation partner. Please ask the old courtyard. You must agree to my request!" Fifth Shuiyue said.
