

A Killer 4551

Chapter 4551: : Find the Difference Team (2)

Liu Guangshuai looked at Li Tian and said, "I'm afraid you've found the wrong person. The students in the upper academy are all second-generation students. Many of them are the imperial emperors and the domain masters. The Shangqing Kingdom behind our brothers is just an ordinary It's just the kingdom of the world, many people we can't afford."

"Furthermore, you can see our cultivation base, which is slightly stronger than you. We can't deal with a role that is too powerful! So, you still have to be smart!"

When Liu Guangshuai said so, Li Tian realized this problem.

Zi Chuan Yan, his father, is the Zi Chuan Emperor of the Zi Chuan Empire, he is a real domain master-level powerhouse, and Li Tian hasn't even heard of the kingdom of Shang Qing that these bald brothers are talking about.

"In that case, then I will leave." Li Tian turned around and left.

Liu Guangku blocked a step forward and stood in front of Li Tian, and said, "What's the hurry, at least you should tell us who you want to beat first! Even the descendants of the domain masters and the descendants of the empire, although our brothers have no guts. And ability, but others have this ability."

"Zi Chuan Yan, the eldest son of Emperor Zi Chuan." Li Tian said truthfully.

Brother Liu Guangshuai glanced at each other, involuntarily breathed a sigh of relief, and said in unison: "It turns out that 4ding4dian4 Xiao4 said, .23.0♂ is this waste!"

Li Tian was happy when he heard it.

Judging from the disdainful tone of the Liu Guangshuai brothers, they were not surprised by Zi Chuanyan.

"How? It seems that everyone has a way to deal with him?" Li Tian asked.

Liu Guangshuai said first: "It depends on what kind of effect you want and how much wine you make. If it's just one bottle or two, then you won't have to open your mouth. Although our brother is short of wine, it will not be because A few bottles of fine wine offend a descendant of the domain owner!"

"Hahaha, I can give you six bottles of this Niulanshan wine, but I can give you more of the other fine wines to ensure that all the wine used for this party is consumed!"

"As for the effect I want to achieve, this is also simple, as long as I don't recognize him by hitting it! Oh, yes, today Zi Chuanyan just suffered a severe injury, I am afraid that within a few days, you can't see Come to his face!" Li Tian said.

The bald brothers discussed with each other, and Diantou agreed.

...

The bald brothers are quintuplets of the same milk.

Don't underestimate that they are only descendants of the Shangqing Kingdom. They feel that their status in the Nether Academy is probably not high, but what Li Tian did not expect is that these bald-headed brothers entered the Nether Academy five or six years ago. .

They can be said to be relatively senior level students in the upper and middle academies of this Nether Academy.

It is precisely because of this that this bald brother turned out to be a member of the Nether Academy Love Alliance.

The Qingyi League is a very old organization in the Nether Academy. It is said that the founder of the Qingyi League is a certain elder in the Nether Academy.

After becoming a member of the Qingyi League, the members have an additional layer of contact with each other.

Don't underestimate this level of ties. This may cause the two countries that were at war with each other to turn big things into small things because of this level of ties.

Therefore, being able to become a member of the Affection League is one of the ideals of all members of the upper academy.

just. This Love League only accepts male members. If you want to become a member of this league, you must have three members jointly recommended and approved by the current president before you can become a member of the league.

Because the five bald-headed brothers are quintuplets, the five of them can only be regarded as a member of the League.

What only surprised the five bald-headed brothers was that they were ready to accept Li Tian's sigh and surprise when talking about the League of Love, but Li Tian seemed to be completely ignorant.

This makes the bald brothers feel as uncomfortable as a punch on cotton.

Li Tian told the bald brothers about the goal he wanted to beat, and he took out a box of Niulanshan Erguotou and gave it to them. Then he took out a few jars of beautiful cotyledon leaves and wine made in Liu Jimeng's winery.

The bald brothers were full of joy and left happily holding the wine.

...

Three days later, it was the first day that Li Tian was authorized to become the elder of the Nether Academy.

After several days of continuous practice, and by taking various internal and external healing medicines, Zichuanyan was finally able to move freely.

In fact, Zi Chuanyan's injury was not a good one, and now that he is walking, there is still some pain in his body.

However, Zi Chuanyan couldn't stay in bed all day, and tomorrow was the authorization meeting for the newly promoted elders. Zi Chuanyan also wanted to find out who was the **** who cheated him.

"Damn, don't let me know who that **** is, or I must want you to look good!"

Zi Chuanyan picked up the pen and paper, huh! Huh! Huh! Wrote a letter quickly.

The Netherworld has a chamber of commerce that specializes in sending letters and items. This chamber of commerce also has branches outside the Nether Academy. This chamber of commerce is one of the few chambers of commerce in the entire Netherworld that can use aircraft to fly in any kingdom or empire.

Only such a chamber of commerce can send out the letter as soon as possible, otherwise Zichuanyan is worried that when the Emperor Zichuan receives the letter, he will have to go out to practice.

As soon as Zi Chuanyan limped out of the second-class boy's residence, the five bald heads came towards him fiercely.

The cultivation of these five guys was average, so Zi Chuanyan didn't put them in his eyes, but what made Zi Chuanyan more concerned was that these five guys even carried a golden badge on their chests.

"Affectionate League?"

Zi Chuanyan knew the strength of this Alliance of Love and Justice, so he lowered his head and didn't want to provoke them.

But Zi Chuanyan does whatever he fears!

One of the bald heads suddenly walked up to Zi Chuanyan and punched Zi Chuanyan in the head.

"Do you ***** look down on our bald heads?"

Zi Chuanyan feels wronged, but his entourage has given away. Now he is a bare one, and his cultivation is not as strong as the other party. Even if he is beaten, he can only say with a strong smile: "No, no, absolutely There is no such thing, I definitely did not look down upon you all!"

"No? Then why did you see our heads underneath? You obviously look down on us!" Liu Guangqiang jumped up and threw another punch at Zi Chuanyan's head.

Zi Chuanyan started crying in pain, raised his head and looked at these fierce bald heads, and said bitterly: "Sand got in the eyes just now, there really is no lower head!"

"What? You said that we are fools in your eyes? Fuck your sister!" Liu Guangshuai put Zi Chuanyan down with one kick and said with a few kicks.

Zi Chuanyan fell on the ground, covered his head with his hands, raised his head and said, "You got it wrong, I haven't said that!"

"This ***** actually said that we are deaf, that's just to scold us again! Brothers crush him!"

There was no need to greet the bald brothers, and he fought and kicked Zi Chuanyan again. Soon, Zi Chuanyan returned to the appearance he had three days ago.

Chapter 4552: : Find the Difference Team (3)

A few students from the upper academy couldn't understand these five bald men bullying Zichuan, and rushed over in angrily...Joined the team of fat beating Zichuanyan, and hit Zichuanyan with another punch and kick.

"Damn, I told you to insult my goddess. Last time I was not there, I will make up these feet today!"

...

Zi Chuanyan felt that he must have been a dog in his last life, and he was a male dog!

Otherwise, how could he be so sad that so many people targeted him?

First, a liar used a broken piano to deceive two followers of the Venerable Eighth-level cultivation base, and then his head was caught by the door, and he actually went to show love to the stars and Xiaoyue.

Today, Zi Chuanyan feels a little better about himself. Just out of his home, he was beaten up by this bald group of five. He couldn't even see the ***** passerby, and joined the team that beat him.

Zi Chuanyan really wants to look up to the sky and roar: God, my sister!

I don't know how long it took, Zi Chuanyan felt the punches and kicks that fell on him weakened.

When he looked up again, the group of five bald heads and those passersby watching the excitement didn't know when they had already left.

This time, Zi Chuanyan could only bear it independently without Li Tian, a lovely descending angel to stop the atrocities of the Bald Five.

Had it not been for the two kind-hearted classmates who passed by to help Zi Chuanyan, Zi Chuanyan probably wouldn't even have the strength to go back to his home.

In the distance, Li Tian took Situ Ningbing and witnessed the whole thing with his own eyes.

Seeing Zi Chuanyan fat beating, Situ Ningbing's hatred for Zi Chuanyan was slightly less.

"Ningbing, there are still four months left, four months later will be the practice month of the Netherworld Academy, and then it will be the death of his Zichuanyan!" Li Tianyin said coldly.

"His Lao Tzu is after all Zichuan the Great, a domain master-level powerhouse. Now, will we provoke a domain-master-level powerhouse..."

"I Li Tian doesn't cause trouble, but I am absolutely not afraid of trouble! Zi Chuanyan has already hit my wife with a crooked brain. If I can bear this tone, then I am not Li Tian!"

"Since the Great Emperor Zichuan gave birth to such a brute son, then he has to pay for his son. If he insists on asking me to settle accounts for this brute son because I killed him, then I don't mind even he cleans it up!" Li Tian said pretentiously.

Situ Ningbing looked at Li Tian, this man who had only the sixth-level cultivation base of the Venerable gave her full confidence.

She believes in Li Tian!

...

The next day, the Nether Academy was full of lights and colorful, and it was very lively.

Beginning yesterday, the elders of the Netherworld Academy began to set up the Academy Complex, in order to welcome the extremely festive day of the Academy!

Although the Nether Realm does not have the technological civilization of the earth world, in terms of architecture, because of the existence of the magical race of the Ethereal Race, many buildings in the Nether Realm are more magnificent than the earth world.

For example, the complex of the Nether Academy.

The complex is located between the four peaks and is an aerial building built with four peaks as pillars.

From a distance, the complex seems to be suspended on top of these four mountain peaks, quite magnificent.

This complex has been built for more than tens of thousands of years, but there is no sign of dilapidation in this museum. From this perspective alone, the virtual spirits of the Netherworld are much stronger than the earth world in terms of architecture.

In the early morning, the students from the upper, middle and lower schools of the Netherworld Academy began to walk into the complex, and then took their seats according to their respective colleges, teachers, and teaching assistants.

The comprehensive pavilion is a huge comprehensive pavilion that can hold more than one hundred thousand people, which is almost the same as the one hundred thousand people stadium in the earth world.

There are light curtains on the east, west, south, and north sides of the complex. At this time, the pictures appearing on the four light curtains are the rostrum in the center of the complex.

Li Tian couldn't understand why there were no wires and cables, or video recording equipment, so why these pictures appeared on the light curtain.

At this time, the old dean, great elder, pen elder, Fifth Shuiyue and others were already sitting under the rostrum, and even the faces of these elders were filled with inexplicable excitement.

Nether Academy hasn't held this kind of event for thousands of years. For this event, all the elders who are doing it have also prepared for several days.

This grand meeting is mainly to empower Li Tian, the new elder, and another important purpose is to use this opportunity to let these elders come up with their poems that they have created in the last few hundred years and thousands of years. Show the text to the teachers and students of the whole college!

Let all teachers and students of the whole college can appreciate it. Of course, for these ordinary teachers and students, this is also an extremely rare opportunity!

The elder in charge is the host of this event.

The elder in charge said a few words briefly and announced the official start of the authorization activities for Li Tian.

Nether Academy is really hard work, not playing tricks, the first item is to authorize Li Tian.

Li Tian was invited to the stage, and the old dean came to the stage and personally handed out a palm-sized wooden plaque representing the identity of the elder of the Nether Academy in cyan.

"Elder Li Tian, we are very optimistic about you, and hope you can create more poems! Can make even greater contributions to the Netherworld Academy!"

"At the same time, I hope that your personal strength cultivation will also be more improved. If you want to reach the realm of surpassing the domain master within five thousand years, you should be able to do it? In the future, when you are fine, you can double cultivation with Fifth Shuiyue!" Said with a weird smile unceremoniously.

On the four huge light curtains in the southeast, northwest and northwest, Li Tian's authorized figure appeared at the same time, and there was a cry of surprise from the originally quiet stand.

"Fuck, can't it be a mistake?"

"Isn't this kid the same guy who beat Zichuanyan the other day? How did he become the elder of Nether Academy?"

"Are my eyes blind? How could this kid He De be the elder of our Nether Academy?"

"What the **** are the old dean and these elders doing? To make a fellow in the early sixth level of the Venerable become an elder, isn't this funny again?"

A few days ago, many male students from the upper academy met Li Tian. At that time, they only regarded Li Tian as a student of the academy, but within a few days, Li Tian turned into the youngest elder in the legend.

This makes it difficult for them to accept.

The most unacceptable is the group of five bald heads.

The five bald heads looked at the light curtain dumbfounded, and then looked at the rostrum in the center of the complex.

"Isn't this guy a liquor dealer? How did he become an elder? I'm not dreaming again!" Liu Guangshuai said to himself.

Snapped!

Liu Guangshuai's bald head was slapped heavily by Liu Guangku, and a red palm print immediately appeared on his shiny head.

"Fuck, why are you hitting me?"

"I will help you confirm if you are dreaming!"

"Oh, thanks!"

Chapter 4553: : On the vulgar

Also shocked are the vicissitudes of life!

"My day, I lost it! I knew I was throwing this guy down, so I am now the madam of the dignified elders!" The vicissitudes of life said with a drooling girl looking at Li Tian.

"What are you talking about?" Tang Xiaolong, who was sitting in the vicissitudes of life, glared at her and asked.

"Haha, husband, husband, dear, I am teasing you!" The vicissitudes of life said with a happy face holding Tang Xiaolong's arm.

Although Tang Xiaolong's cultivation level is not very high, Tang Xiaolong has made the vicissitudes of life feel the pleasure of being a woman. Now, to Tang Xiaolong, the vicissitudes of life are compliant.

Tang Xiaolong's current status is a student of the upper academy. Naturally, this was arranged by the elders of the Nether Academy Presbyterian Association for Li Tian. At the same time, Situ Ningbing also entered the upper academy.

As for the three women in Situ Ningbing's dormitory, they didn't wait until Situ Ningbing returned to the dormitory, so they couldn't get Situ Ningbing's forgiveness. They had secretly escaped from the Nether Academy a few days ago.

Waiting for them must be miserable.

...

Li Tian accepted the authorization and officially became the elder of the Nether Academy.

Standing on the rostrum, Li Tian accepted the cheers of the mountains and the tsunami.

The old dean graciously invited Li Tian to perform a show. Li Tian was not polite. He picked up the guitar and sang and played while holding the guitar. It was the **** the opposite side who looked over at the pompous song.

The guy who sang this song in the Netherworld Academy had been beaten by the bald quintet, and he was still lying on the bed in his residence. If Zi Chuanyan saw today's scene, he might have had his heart to die!

Li Tian is very coquettish, jumping and hopping on the guitar.

It is a pity that the people in Netherworld Academy are not cold to this kind of song, and it has not aroused many people's interest. Even the elders in the audience frowned and shook their heads.

"What are you singing! Go on!"

"Sure enough, there is shady, how did such a stuff become an elder?"

"This guy won't be the **** of the old dean, right?"

The students on the stage have everything to say. If the audience students in the audience can throw bricks, Li Tian will receive tens of thousands of bricks this time, and at least he can build a few houses.

Li Tian is very unwilling!

Damn, you can't appreciate the beauty of pop songs. It seems that I can only offer another piece of mine.

"Ahem! I'm just warming up. I didn't expect everyone to be so shameless. In that case, I can only create a poem that you can appreciate!" Li Tian thought in his heart.

After singing a song, Li Tian wanted to continue, and was dragged off the stage by the elders and others.

"Elder Li Tian, what are you singing? That poem is so vulgar, how can you be in such an elegant hall?" The material elder said with a gloomy expression.

Li Tian was a little unhappy at first, but when he saw the material elder look like he was leaning on the old and selling the old, he even taught him a lesson, and he suddenly felt unhappy.

Li Tian's mind turned, thinking of the vulgarity and elegance that a non-famous comedian in the earth world said before the end of the world!

"Elder Material Supplies, I want to ask you, what is elegance? What is vulgarity?"

"The poems and songs are elegant, you are so vulgar!" The material elder said disdainfully.

Li Tian nodded slightly, and then said: "Yes, listening to poems and singing is elegant, watching my song interpretation is vulgar; watching the body art is elegant, the couple telling pornographic jokes is vulgar; drinking tea is elegant, eating garlic is vulgar."

All the surrounding elders noticed Li Tian's expression, and their attention was completely attracted by Li Tian's words. They wanted to know what Li Tian would say next.

Li Tian sneered and said, "Mr. Gorky taught us, go to your grandma's legs!"

The material elder didn't know what kind of chicken Gorky was, whether it was some kind of high-level monster in the dark forest, but the material elder knew that Li Tian was scolding him, and couldn't help but said angrily: "Li Tian! You... how dare you dare? scold me?"

Li Tian didn't seem to have seen this fool at all, and continued: "What is Ya and what is Vulgar?"

Many elders did not pay attention to the material elders, and continued to stare at Li Tian.

"Good teeth are elegant, and people are vulgar. A good word is a good word. This word is pronounced elegant!"

"Correct"

Many elders nodded at the same time.

"Say it out of your mouth, it's okay if you're full, and you sit there and talk about it. This is Ya; a single person has a grain and a grain of whole grains. This word is vulgar! Eating and drinking Lazard is vulgar."

The old dean and the great elder also nodded at the same time.

"People can be silent, that is, you don't need elegant things, but you dare to say that you don't eat or drink Lazard?"

"You can't live without this vulgarity! Elegance and vulgarity, vulgarity and elegance complement each other. Drinking coffee is garlic, and the sky is always the same! Don't **** pretend to be grandson in front of anyone!" Li Tian said.

Li Tian heard this cross talk many times before the end of the world. If someone praised it, the effect would be better. But today Li Tian said it by himself. Although the effect is lacking, he still talks about the material elders with a full face. Bright red, can't speak for a long time!

As soon as Li Tian's voice fell, the old dean took the lead to applaud, followed by other elders applauding, and then the other students in the complex stood up and applauded Li Tian.

Especially those students from the lower academy!

With this stand-up comedy by Li Tian, the atmosphere in the venue was immediately fired up. Later, after several elders took the stage, they sang the poems they created by singing.

Different from concerts, these elders' cultivation bases are really powerful. When they sing poems, they condense the spiritual power in the body into a brush with the thickness of a bowl, and then let this spiritual power brush write them in the air. Poems sung!

The atmosphere in the entire venue was more enthusiastic, and the students of the academy sang along with excitement.

The material elder sat down and sullenly, but stared at Li Tian resentfully in his eyes, wishing to eat Li Tiansheng alive now.

"Li Tian, the material elder Jiaxuan must report, you have to be careful in the future! Why don't you move to my residence recently, let's do repairs together?" Fifth Shuiyue sat next to Li Tian and said to Li Tian.

Li Tian shook his head slightly and said, "No way, in this Nether Academy, I don't believe that he dare to do anything to me?"

"In the Netherworld Academy, he will naturally not embarrass you openly, but be careful that he wears small shoes for you. From today onwards, I move to your residence. We are dual-cultivation partners. Always separate like this is not conducive to our cultivation!" Yue changed the subject and said.

Whether Li Tian agrees or not, Fifth Shuiyue has already decided so.

On the stage, the elders came on stage one by one and began their coquettish performances. Almost every elder on stage could arouse cheers from the students.

Soon it was the turn of the material elders to take the stage, but the material elders left the scene early!

"This bastard, dare to do this on such an important occasion!" The Great Elder thought rather uncomfortably.

"Or let me come! I just discussed the vulgarity and elegance with the elder of the material, and I just felt it, and created a poem. Now I will sing it to everyone using the vulgar singing method the elder of the material said, please taste it!" Li Tian said with a sneer.

Chapter 4554: : Great benefit

Hearing Li Tian said that he had created another poem on the spot, all the elders present were shocked again.

The output of Li Tian's poem is too high, right?

This is only ten days. How many poems has Li Tian created in succession? The most important thing is that the poems that Li Tian creates every time are classics, far stronger than the painless groans of other elders.

There was a trace of triumph on the face of the elder in charge, an expression that everything was expected by him, as if the creation of Li Tian's poems had a great relationship with him.

Of course, in a strict sense, it is true.

If there is no elder Li Tian who writes, he would not appear in the Nether Academy, and if Li Tian did not appear in the academy, there would naturally be no current poetry.

"Old Dean, look at..."

"What are you waiting for? Please invite Elder Li Tian to come on stage and sing for us the poems he created on the spot!" The old dean said with a kind smile on his face, touching his beard.

With the consent of the old dean, Li Tian jumped onto the rostrum as soon as he was upright.

"Look, Elder Li Tian is on stage again!"

"I don't know what kind of surprises Elder Li Tian will bring us!"

"I'm so excited. Today we can see so many poems and witness the poems written by Elder Li Tian himself. We are so lucky!"

Li Tian stood in the same place and turned around, his gaze slowly swept across the comprehensive hall to place the students, then he coughed gently, and said: "Next, please enjoy the famous talent in the Netherworld, the youngest elder and the first in the history of Nether Academy. Li Tian, the dual-cultivation partner of Wushuiyue, and the spiritual mentor of mankind, brings you a song for water tune.

Li Tian was shameless, even scared of ghosts.

This series of titles were all sealed by himself, especially this guy even said that he was the fifth Shuiyue double repair partner in front of so many people, and in order to worry about misunderstanding by others, Li Tian also deliberately put Double repair partners say double repair **** partners!

Fifth Shuiyue sat down, clenched his fists, and was blushed by Li Weather's face. I really wished to rush up to beat Li Tian fatally.

Fifth Shuiyue didn't treat Li Tian with any kindness, but she didn't want her special identity to be announced.

It's okay now, Li Tian directly blocked the face of tens of thousands of people and spoke out. It must be a few months before the name of Li Tian, the newly promoted elder, will appear in the major empires and venerable kingdoms. , And this name will also carry this special name.

"Asshole, I can't spare you!" Fifth Shuiyue whispered angrily.

Li Tian did not feel the anger of Fifth Shuiyue at all, waved his guitar strings, stretched his finger in the direction of Fifth Shuiyue, and said to Fifth Shuiyue: "Shuiyue, I will be responsible for you! This poem , I want to give it to you!"

In the upper academy student area, Tang Xiaolong felt that he was about to vomit.

It's great to be able to be such a shameless little boss!

Tang Xiaolong turned his head and looked at Situ Ningbing, and saw that Situ Ningbing was not at all displeased by Li Tian's frivolity, but instead looked at Li Tian with expression, as if Li Tian was playing and singing to her.

"When is the bright moon? Ask Qingtian about the wine."

"I don't know the heavenly palace, what year is this eve?"

"I want to go back by the wind, and I fear Qiong Lou Yuyu will be too cold from the heights. When I dance to figure out the shadow, how does it seem to be in the world?"

"Transfer to Zhu Pavilion, Di Qihu, and sleepless."

"There should be no hate, what is the best way to do it?"

"People have sorrows and joys, and the moon is cloudy and clear. This matter is hard to come by in ancient times. I hope that people will last forever, and we will be together for thousands of miles."

This poem was originally written by Su Shi.

A female star who had married three times before the end of the world sang this song.

Unlike this female star, although Li Tian didn't sing out of tune, Li Tian sang a bit more frantically. For these practitioners in the Underworld of Hell, Li Tian's singing style can make them feel better.

It can be said that this poem by Li Tian accidentally sang the ***** of these audiences. For a while, tens of thousands of students, teaching assistants, teachers, and elders in the entire complex reached a climax at the same time!

When Li Tian sang this poem, the old dean unexpectedly released his spiritual power and condensed it into a huge brush. Using his spiritual power as the pen and ink, it was more than ten meters above Li Tian's head. To write this poem!

While Li Tian sang, the whole venue was quiet and terrifying. Everyone closed their mouths, staring at the light curtain, staring at the poems written by the old dean with spiritual power, and staring at the soulful Li Tian singing. .

After singing a song, the whole venue was still in silence.

At this moment, a powerful spiritual wave suddenly came from somewhere in the stands.

boom!

"Fuck, someone broke through!"

boom!

"I'm ***** again, someone broke through again!"

boom!

"I'm still fucking..."

From the stands, there were constant energy fluctuations.

Within a few tens of seconds after Li Tian finished singing, more than seventeen or eighteen students made breakthroughs at the same time because they reached a climax.

These students are mainly concentrated in the lower academies. These students don't have the same treatment as they are today. Not to mention the elders, even the teachers who have reached the realm of domain masters don't see many teachers.

Of course, this does not mean that they broke through because they heard Li Tian's singing.

The most important thing is related to their cultivation, and after reading and singing the poems of the elders just now, they have already seen the path to breakthrough. Li Tian's poems are at best a drug introduction.

...

The old dean stood up and bowed to Li Tian who was standing on the stage.

"This poem is definitely a work of God! It fully deduces the contradiction in my heart and desire of the cultivators who want to cultivate and break through into the realm of God!"

Immediately, the elders stood up one by one, and kept applauding at Li Tian!

This poem by Li Tian outlines a picture of the sky and gods in their minds, benefiting these elders to varying degrees.

Of course, the students in the stands also benefited!

Their benefits are more direct and rude!

boom!

boom!

boom!

The breakthroughs made by the dozen or so people just now were just the beginning, and in the next few minutes, others continued to break through.

The lower academy still has the most students, but there are also students in the middle and upper academies making breakthroughs.

Bald Liu Guangku only felt that there was a strong gas in his body continuously flowing through his body, and with the flow of this gas, his abdomen was still a little painful!

"I feel that I have to break through! All are ready!" said bald Liu Guangku.

The other bald brothers immediately stared at the bald Liu Guangku attentively, with an expression of excitement on their faces involuntarily.

At this moment, a **** came from Liu Guangku's buttocks! There was a sound of the earth, and then a strong smell filled the surroundings.

Liu Guangshuai sniffed his nose vigorously, and said, "This guy seems to be farting!"

Several other bald heads looked at Liu Guangshuai with idiotic eyes, and said, "I still need to taste it? This is a fart!"

Chapter 4555: : Apply for hands and feet

The new elders authorization meeting and the elders performance meeting of the Nether Academy came to a successful conclusion.

Originally, the old dean was full of confidence and planned to take the stage with writing and singing Li Tian's "Into Wine" as the finale, but he did not expect to be disrupted by Li Tian, his grandson.

The old dean didn't even have a chance to take the stage.

Not only the old dean, but after Li Tian, no elder dared to jump up and sing his own poems, lest he be compared and invisibly humiliated by Li Tian.

Even so, this is a triumphant conference, a successful conference.

According to statistics after the meeting, a total of 327 people broke through on the spot this time.

A few days after the conference, more than 1,500 people broke through.

On the evening of the end of the conference, Li Tian's residence once again became a gathering place for many elders.

Li Tian found that the elders of the Netherworld Academy were very thick-skinned. In order to drink Li Tian's Niulanshan wine, regardless of whether Li Tian invited them or not, they came cheeky.

Of course, these guys will not come empty-handed, they will more or less bring gifts.

What makes Li Weather angry is that among the guys, there are nine of them with poetry and calligraphy works, and these works are all fucking. You are Li Tian's Jiang Jinjiu, Duan Gexing, Xia Kexing, or Li Tian just now When does the song head of the water tune song have a bright moon?

Could it be more shameless to be a human being?

Of course it can, such as the material elder.

This guy still targeted Li Tian everywhere during the day. At night, he even came out cheeky, and this guy seemed to want to drink to bankrupt Li Tian, sitting in the corner and drinking silently. Li Tianna who drank was called a pain. !

If it wasn't for the face of the old dean and the elder, or for the face that Li Tian couldn't beat him, Li Tian would definitely turn his face on the spot.

...

In any case, Li Tian became the most popular elder among the elders in the entire Nether Academy.

Within a few days, Li Tian's song of water tune has become the most popular song in the Netherworld Academy when there is a bright moon. Almost all students have memorized this poem.

In the college, there are shook their heads everywhere reading and appreciating this poem, hoping to achieve a breakthrough in the realm of cultivation.

Love the House and Wu, the girl opposite Li Tian sang in the venue saw it. After experiencing countless contempt and ridicule, it turned into a brainwashing divine tune. Those students would hum a few words intentionally or unconsciously.

Even, because of the unlucky guy Shi Chuanyan, this song has now become a divine comedy for picking up girls.

In the upper, middle and lower three colleges, there will always be students holding a coke-tailed piano from the Netherworld. They also want to hold the guitar to pretend, but unfortunately, there is no such instrument in the Netherworld, facing the favorite girl. Play this song.

It doesn't matter whether you can succeed or not, what matters is temperament!

Li Tian became a man of the Nether Academy!

Li Tian became the idol of male classmates!

Li Tian became the dream lover of the female classmates!

In the past few days, almost all the students have been waiting for the academy's decision.

According to past experience, the elders of the Netherworld Academy can take on teaching tasks, just like the academicians in the universities of the earth world can also teach.

But to the disappointment of the students, Nether Academy's decision turned out to be for Li Tian, the newly promoted elder, to serve as the deputy dean of the Nether Academy Library.

The same is the dean. The old dean is in charge of the entire Nether Academy. The actual identity of Li Tian, the dean of the library, is actually the librarian, and the **** is the deputy!

The library is located in the center of the upper, middle and lower three colleges. It is a six-story building. This building can be said to be the tallest building in the entire Nether Academy.

The dean of the library is the old dean concurrently. There are two deputy deans, one is Li Tian and the other is vacant.

Under the deputy dean, there are six assistants.

The cultivation bases of these six assistants have reached the ninth-level peak realm of the Venerable. If these guys are placed outside the Nether Academy, they will be the powerhouse of the emperor.

Li Tian took office and began a life of boredom in the library.

What makes Li Tian feel uncomfortable is that there are only six assistants in this library, but three of the six assistants are not like Li Tian at all.

It has been several days since Li Tian took office, and none of the three assistants showed up.

This is completely ignoring Li Tian, the new vice president.

Li Tian wanted to teach the three teaching assistants a good lesson, but he couldn't even see anyone, how could he teach them?

And even if the three teaching assistants Li Tian had met, they seemed to ignore Li Tian, and clearly told Li Tian that his deputy dean did not have the right to manage these six assistants.

"Then what rights do I have?" Li Tian couldn't help asking curiously.

"You are the deputy dean of the library, so naturally you have the right to manage these books!"

"Aren't you taking care of these books?"

"Yes, our responsibility is to take care of and maintain this book, and your responsibility is to manage!"

"Fuck, manage your sister, what's so good about these books? Can these bamboo slips grow bamboo shoots? Will these pieces of paper fly away by themselves? Can these pieces of stone grow

legs and run away on their own?" Li Tian thought. I was unhappy, and even suspected that he could become an elder.

But whether he was angry or not, Li Tian didn't have the courage to find the old dean, and pointed to the old dean's nose, unless he didn't want to live anymore.

The library is open to the public, but students from lower-level colleges can only read books from the first-story library, while students from secondary colleges can read the first and second-tier books.

By analogy, the upper-class colleges are on the first, second and third floors, the teaching assistants are one, two, three, and four, the teachers are one, two, three, four, and five. Elders can read all books.

Li Tian is free. He can stay in the library, and of course he can go to the academy to harm female students, such as Situ Ningbing, or Xingchen Xiaoyue.

But before Li Tian had time to harm the female students, the lady at Fifth Shuiyue came to the library.

This girl made a good excuse, saying that she wanted to repair with Li Tian.

If it hadn't been for Li Tian's hand to touch Fifth Shuiyue's waist, and yet to feel the elasticity of the girl's skin, the girl would grab her wrist by Fifth Shuiyue, twist it hard, and kneel down on Fifth Shuiyue. In front of Yue, Li Tian almost believed it.

"Fuck me, you girl is so authentic, didn't you say that you should double cultivation with Laozi? Why do you treat Laozi!

"You are a murdered mistress, don't you want to be a widow as a woman?" Li Tian cursed with painful nose and tears.

"Who said that double repairs must be done manually?"

"Fuck, last time I was in the middle of the middle academy's woods, I kissed you and touched you. At that time, you looked like you were enjoying yourself. Why can't you move your feet now?"

"Last time you agreed with me! But not this time!"

"Then I apply now!"

"It's too late, but... If you can take me to the underground library, I might be able to meet your request!" Fifth Shuiyue deliberately pressed Li Tian's head against her plump double peaks, like a molestation To say.

Chapter 4556: : Underground Library (2)

"Underground library? What is this place?" Li Tian asked.

Fifth Shuiyue was startled. She didn't seem to have thought that Li Tian would not know this place. However, Fifth Shuiyue concealed it well and said with a slight smile, "You are the deputy dean of the Tibetan Academy. You don't even know this place. know!"

"I wiped it, I just came to the library for a few days. I only know that the library has six floors. Is there a basement under our feet? I really don't know this! If you want to go, I will take it now. You go!" Li Tian said.

Fifth Shuiyue let go of Li Tian, smiled and said, "It's not necessary anymore. When you are fully familiar with the Tibetan Academy, I will come to you again!"

"Then our double repair?"

"I'll talk about it next time!" Fifth Shuiyue said with a charming look at Li Tian, the lady who was extremely seductive.

Fifth Shuiyue didn't stay in the library for too long, and told Li Tian of her thoughts, then turned and left.

Not long after Fifth Shuiyue left, the elder in charge also came to the library.

"Elder Li has become the deputy dean of the library. I haven't had time to congratulate him. I paid a special visit today to congratulate Elder Li Tian on his promotion. It is really gratifying!" The elder in charge said to Li Tian.

Li Tian's face was almost swollen from being beaten. What's so gratifying to stay in this place where the birds do not shit!

"The elders in charge should not laugh at me. I would rather stay in the academy and flirt with the beautiful female students!" Li Tian said helplessly.

"Elder Li doesn't understand this, do you know why there were two deputy deans in the library before you became an elder, but they were always vacant?" the elder in charge asked.

"Hehe, because no one wants to come here to be the vice president of this bird!"

"Why don't you think about why the dean of this library is the old dean concurrently? I saw Elder Shuiyue just now. If I guessed correctly, then Elder Shuiyue would have to ask you for it!" said the elder in charge.

"how do you know?"

"How do I know, I'm afraid that the only elder in the entire Nether Academy is Brother Li Tian. You don't know the importance of this library!" The elder in charge looked around and saw that there was no one else on the left and right. The elder in charge said in a low voice: "You know Who is the former dean of the library?"

"Who? Isn't it the old dean?"

"No! It's Chu Jiangnan!"

This is the second time Li Tian has heard this name.

Li Tian only knew that Chu Jiangnan used to be an elder of the Nether Academy, and later defected from the Nether Academy, where he went unknown.

Later, Li Tian also asked other elders, wanting to hear about Chu Jiangnan's deeds. Unfortunately, no matter which elder he was, he would immediately change his face as soon as he heard Chu Jiangnan, and he avoided talking about Chu Jiangnan.

Even the fifth water moon!

"Elder writing, I'm really curious, what kind of person is Chu Jiangnan? Why did he defect from Nether Academy again?" Li Tian asked.

A trace of panic flashed across the face of the elder pen, and waved his hand again and again, saying: "We won't talk about this, we won't talk about this!"

"Elder Li, before I took you into the Nether Academy, I promised to let you study the Nether Beast Art, but you also know that there is no Nether Beast that reaches the realm of the domain master in our academy, and there is no special subject for this."

"So, if you want to learn the Nether Beast Art, you can only rely on your self-study. I will first take you to the top of the library to find some materials and documents on the Nether Beast Art. You can study by yourself. If you encounter any difficulties in the learning process, you can also come to me!"

After that, no matter Li Tianwei forced the elders to seduce them, the elders would avoid talking about Chu Jiangnan.

Li Tian could only change the topic, from Chu Jiangnan to the library, and gradually to the underground library.

However, the elder in charge has become a frightened bird, and he is very cautious in answering Li Tian's question, because when it comes to the underground library, the elder in charge is acting stupid.

There is no way, Li Tian can only give up.

Looking at the ghost beast texts in front of him, Li Tian had a familiar feeling, as if he had seen these ghost beast texts elsewhere.

Li Tian thought of Situ Ningbing, and wanted Situ Ningbing to study these ghost beasts together with him, so that Li Tian could master the ghost beasts quickly.

However, when Li Tian thought about taking these materials and documents out of the sixth floor of the library, he found that these books and documents carved on stone tablets or animal bones could not be taken out anyway.

It was as if there was some magical power in these books that prevented Li Tian from doing this.

"Elder Li, don't do it in vain. If you want to study by yourself, you can only study here. You can't get these books out of the library unless your strength reaches the realm of the old dean!" said the elder before leaving. .

The elder in charge is gone, and only Li Tian is left on the sixth floor of the entire book group.

"I still don't believe it!"

Li Tian tried to send these things into the space of Void Yaksha, but it turned out that Li Tian could easily enter the space of Void Yaksha, but these animal bones and stone pieces were not brought in by him.

Li Tian wanted to send Xue Ji or other people in the space of Xuyacha to the sixth floor of the library, but he couldn't do it either.

This is probably not the problem with those books, but there are some constraints in this library!

The reason why Li Tian can enter this layer, and can easily enter the space of Void Yasha, is probably due to Li Tian's identity.

In this way, Li Tian could only start to learn by himself.

The matter of the underground library was also left behind by Li Tian.

I have to admit that Li Tian is not learning material, especially this kind of ghost beast literature that looks familiar but has no idea what it is. Li Tian probably taught himself for a month. Li Tian consulted various literature allusions. Finally Only dozens of characters were recognized.

In this month, Fifth Shuiyue visited Li Tian twice, but did not ask about the underground library, as if she had never mentioned it before.

Of course, Fifth Shuiyue did not mention the matter of Shuangxiu with Li Tian, even if Li Tian mentioned it, she would quickly distract the topic.

The elder in charge came once, to instruct Li Tian to study the Nether Beast Art.

The old dean came once and gave Li Tian a one-foot-long metal key. He didn't say anything, but asked Li Tian to keep it safe.

Not long after the old dean left, the elder also came to the library to find Li Tian.

"It's really weird. The library in the past was deserted, as if all the elders were hiding from the library, but since Elder Li Tian became the deputy dean of the library, our library seems to have become incense. Even the great elder is here!"

"It's very strange. Although this library does not limit the elder who can come, and the elder can not come, but the elder seems to be the first time we have come here in these thousands of years since we entered the library!"

"Is the great elder also for that matter? If this is the case, then it seems that the great elder is ready to exert his strength!"

Chapter 4557: : Underground Library (3)

"Then let's wait and see!" said several assistants in the library.

Li Tian still stayed on the sixth floor of the library, accompanying the ghost beasts every day.

No matter who the visitor is, whether it is the old dean or the great elder, Li Tian is not too fond of them.

If they want, then they can sit on the ground, sit beside Li Tian, and study the ghost beasts with Li Tian. Of course, if they want to discuss poetry or practice with Li Tian, Li Tian will not keep it.

If they find it difficult to accept Li Tian's negligence, then I'm sorry, they just turn around and leave.

It has been more than two months since Li Tian entered the Netherworld Academy. In these two months, apart from copying a few poems, Li Tian was unable to achieve anything, and his cultivation progress was very limited.

But these two months have also allowed Li Tian to gradually understand and familiarize himself with the Netherworld Academy.

Nether Academy is a small society.

Here is the same as the Netherworld, there is struggle, there is intrigue.

For example, the Fifth Shuiyue, in front of so many elders, said that he would form a double repair with Li Tian. It stands to reason that the Fifth Shuiyue should have a good impression of Li Tian, or it may be that he liked Li Tian.

But the fact is that the Fifth Water Moon is using Li Tian. As for what the Fifth Water Moon wants to achieve through Li Tian, Li Tian does not know, nor does he want to know.

Another example is the old dean. Li Tianneng became the intern elder of the Nether Academy. It can be said that the old dean has made great contributions, and the old dean arranged Li Tian as the deputy dean of the library.

According to this situation, the old dean seemed to attach great importance to Li Tian, but unfortunately, except that the old dean gave Li Tian a key, he didn't talk about anything, including the underground library.

Another example is the Great Elder. The Great Elder originally strongly opposed Li Tian's entry into the Nether Academy and becoming an intern elder, but when everything became a foregone conclusion, the Great Elder did not embarrass Li Tian.

No, today the elder also came to the library to meet Li Tian in person.

Seeing that Li Tian was studying the ghost beasts, the elder did not disturb Li Tian.

The great elder was sitting on the ground four or five meters away from Li Tian, holding a scroll of ancient bamboo slips in his arms, reading with gusto, he did not take the initiative to talk to Li Tian, nor did he break the silence.

This state of the two of them lasted for two days and two nights, and finally Li Tian couldn't help it. Li Tian stood up and moved his muscles and bones.

The elder also put down the ancient book, and stood up to move his muscles and bones.

"Elder, wouldn't you just come to the library to read books?" Li Tian asked.

The Grand Elder nodded slightly and said, "Yes, I am here to find you!"

"Look for me? What's the matter? It shouldn't be that you also want to go to the underground library, or you have something to keep for me, right?" Li Tian asked.

The elder laughed a few times and said, "Did the old dean hand you a key?"

"How would you know?"

Li Tian took out the key from the skin and asked with a puzzled look: "Do you know the purpose of this key?"

"Know some!"

"Isn't it the key to open the door of the legendary underground library?"

The old dean left Li Tian the key, only that the key was handed over to Li Tian to keep it. As for the purpose of the key, he did not say how to deal with the old dean.

The Great Elder looked at Li Tian with a smile on his mouth.

He also took out a key from the skin.

The key is exactly the same as the key in Li Tian's hands, regardless of its size.

"Elder Li, don't you feel strange?"

Li Tian nodded slightly.

"You didn't guess wrong, I also gave you this key, and you will leave this key to Elder Li Tian for your safekeeping!"

The elder squeezed this key into Li Tian's hand while he was speaking, regardless of whether Li Tian was willing to accept it.

"Can you tell me the purpose of this? Both you and the old dean handed over the keys to me. It won't bring me a murderous disaster, right?" Li Tian said.

"No!" The elder paused, seeming to be thinking about how to explain to Li Tian. After a while, he continued: "After you became the deputy dean of the library, you should have heard of the underground book collection. Things about the museum?"

"I didn't know before, now I know, but I haven't been there yet!" Li Tian told the truth.

"The former dean of the library of the Netherworld Academy was Chu Jiangnan. You already know that Chu Jiangnan finally defected from the Netherworld Academy?"

"Yes!"

The elder nodded, with a calm expression on his face said: "In fact, there is nothing to hide. I will tell you the history of the Nether Academy. Maybe it will help you a little too!"

"According to speculation, this Nether Academy was founded by a superpower 180,000 years ago, and this superpower was the first dean of the Nether Academy."

"According to book records, this superpower has already ascended into the God Realm in the daytime about 100,000 years ago. It is a pity that this power has almost related the Nether Realm and the Academy before it soars into the God Realm. His information is completely erased, so we can't accurately judge who this might be."

"According to research speculation, this library was built by the Xuling clan before the great power soared. The specific reason for building the library is unknown, and the two keys in your hand are only one of the keys to open the door of the underground library. Two!"

"Two of them? Are there other keys?" Li Tian asked.

"This is not the point. Now that the key is in your hands, let me examine your understanding and judgment. You can guess what is in the underground library?" the elder asked.

Li Tianzhen wanted to kick the elder out of the library.

Guess the fuck?

Tell me how to guess this?

But now you can't guess, but the great elder stared at him eagerly.

"It's definitely not ordinary books, it won't be gold and silver treasures, and it won't be practice exercises. If I'm not wrong, the underground library is actually a cover!"

A gleam of light flashed in the eyes of the great elder, and he nodded continuously and said, "You continue!"

"Is it the gate of the restricted area?" Li Tian thought in his heart.

Suddenly Li Tian thought of a possibility, and Li Tian was shocked by his own thoughts when he thought of this possibility.

There have been various secret realms in the history of the Netherworld, but these secret realms have gradually disappeared into the long river of history for various reasons.

There is only one death battlefield secret realm in the Netherworld.

"Is the underground library actually the door to another secret realm? And this secret realm is suitable for the noble-level powerhouses to try?" Li Tian boldly said his guess.

The great elder jumped up like a cat stepped on its tail, with a hint of excitement on his face, and said to himself: "It is possible, it is completely possible! If this is the case, everything will be possible. It makes sense!"

Li Tian was stunned, and he suddenly felt an urge to scold his mother.

"Fuck, you don't know what the ***** is in this underground library, isn't this a waste of Lao Tzu's feelings?"

Chapter 4558: : Underground Library (4)

"Do you want to visit the underground library?" the elder asked.

Li Tian's expression was dazed, and he was stuck with the elder in doubt.

"Don't get me wrong, we only have two keys, no one can enter the underground library, but this does not affect us to go outside the library, I think you, as the deputy dean of the library, you are qualified to go outside the underground library Go to visit!" said the great elder.

Li Tian did not refuse any more.

The underground library is located underground, which sounds like nonsense.

Well, this is nonsense.

But if the undead elder brought Li Tian to this underground library, Li Tian would never find the entrance to the underground library.

This library building has a staircase on the east and west, and the two stairs are pedestrian stairs leading upstairs.

And in the south of this library, behind Li Tian's residence in this library, there is a staircase hidden behind several rows of bookshelves.

This staircase was built downwards, and these rows of bookshelves happened to completely block the staircase, so if you weren't interested, who would have thought that there would be a downward staircase here.

The library on the first floor is open to the students of the lower academies, and there are only a few lower academies here on weekdays.

And these bookshelves are made of a certain material, and they are placed using a magical rule. Even if ordinary people want to push the bookshelves, they can't do it.

Perhaps you will be thinking about what mechanism should be here.

But the fact is that there is no mechanism here at all. If you want to go down the stairs, you can only push open the bookshelf.

According to the description of the great elder, there are at least four to five hundred such layouts in this layer of the library. Even if the elders in the Nether Academy know that there is an underground library, they may not be able to find it here.

Even if they can find it here, they may not be able to open the bookshelf. Even if they can open the bookshelf, they cannot enter the underground library.

The great elder pushed aside the bookshelf, and Li Tian followed the great elder down the dark stairs.

The bookshelf quickly restored to its original state after Li Tian and others entered the stairs.

There is no emergency light in the corridor.

And this black is really black, spreading like ink.

"Elder Li Tian, have you discovered the difference here? Yes, in the outside world, even if the darkness can't see the five fingers, it still looks like daylight to us cultivators. However, the darkness here is real. It's dark, but don't worry, the stairs are quite neatly constructed, and there are no debris here, you can rest assured to go!" said the great elder.

Li Tian nodded slightly, and suddenly remembered that nodding in the darkness was useless, and then said, "Thank you for the reminder of the elder!"

The steps of the stairs kept going down, and I don't know how long he walked. When Li Tian counted to more than 900 steps, a faint red light gradually appeared in front of him.

Continue to walk down, the red light in front of them is getting clearer and brighter, and gradually Li Tian and the great elder can rely on this red light to see the corridor clearly.

Continuing down, there are a total of 999 steps. Before finishing the steps, Li Tian already felt a warm warmth.

The elder is not explaining, and Li Tian is not asking.

After walking up the steps, a corridor with a length of more than one kilometer appeared in front of him. The corridor was red, and the end of the corridor was the red light.

"Just ahead!" said the great elder.

When he said this, the face of the great elder involuntarily showed a sacred expression.

Walking through the kilometer corridor, the eyes suddenly open up.

A magnificent stone gate appeared here, and the red light in that corridor was released from this stone gate.

Li Tian was shocked by the sight before him.

This is not a stone gate. To be precise, this stone gate looks better like flowing lava.

This is not magma either. If it is magma, how can it condense into such a form?

Li Tian can feel the spiritual power fluctuations on this magma stone gate, these spiritual powers contain huge energy, pressing his hand on the crimson stone gate, the stone gate will immediately pass through with a hot feeling, but it will not hurt the skin on Li Tian's palm, but then there was a strong repulsive force.

Li Tian's body was shot and flew out in an instant. If the great elder hadn't caught Li Tian with quick eyesight and hands, Li Tian would have been shot directly out of the one-kilometer corridor.

"Li Tian, it's useless. There is no way to open this door except with a key!"

"Have you seen, here... and here... these are all keyholes. Unfortunately, there are seven holes in this stone wall, and we only have two keys."

Seven keys?

Li Tian thought of a certain anime from Dongying Island, and he could summon the dragon by looking for seven dragon balls.

Li Tian looked at these keyholes and asked, "Isn't it possible that no one has ever opened this underground book collection door since the great power soared in the daytime in Netherworld Academy?"

"Yes! Someone once opened this door in the history of Netherworld Academy, but after opening and entering this door, those people never came back!"

A smile appeared at the corner of Li Tian's mouth, and the key given to him by the old elder swayed in his hand, with an expression of disbelief.

"I know you don't believe me, then I will show you a magical thing! You insert the keys I gave you into these keyholes in order, and you will know what will happen after a while!" Said.

Li Tian just noticed that the keys in his hand are in order, just like the stars on each dragon ball on the dragon ball, there are some threads on this key, and these threads can only be inserted into the keys when they correspond to the threads on the stone gate. go with.

If Li Tian stuffed what the Great Elder gave him into the corresponding keyhole, the key could be turned, but the stone door could not be opened.

"Don't do it in vain, you must find all seven keys to open the stone gate! You leave this key in the keyhole now, don't move it, you will see a miracle in a while." The elder said.

Li Tian listened to the words of the great elder and left the key in the keyhole. After about ten minutes, the key suddenly disappeared.

"This... how is this possible? How could the key disappear?" Li Tian asked hurriedly.

The elder smiled and opened the skin bag he was carrying, and took out a stone box from the skin bag.

Seeing this stone box shining with red light, Li Tian seemed to understand something.

Sure enough, after the great elder opened the stone box, Li Tian saw that the key of the great elder had actually appeared in the stone box.

"God is not magical? Isn't it horrible? It's so amazing, it's so horrible!" The Great Elder also stuffed the stone box into Li Tian's hands, and said earnestly, "Do you understand something now?"

Chapter 4559: : Underground Library (5)

What do you understand?

I understand your sister!

Whether it is the old dean or the great elder, it is not a good thing to be a ***** thing!

There are only two keys, and this stone door can't be opened. What's the use of this key?

Especially the old dean, this old fellow gave Li Tian the key, but he kept the stone box.

If Li Tian didn't enter the underground library with the great elder, and didn't know this kind of magical thing, then sooner or later if the old dean gave Li Tian, he would have to return to the old dean's stone box!

"Understood!" Li Tian pretended to be very injured and said.

The great elder turned on the pretense mode and shook his head and said: "You don't understand! Do you think I am instigating your relationship with the old dean?"

"Is not it?"

"Neither! You are too unbearable to think of my great elder. Didn't you just ask me if anyone has opened this stone gate and entered behind it?"

"Yes!" Li Tian nodded and said.

"In fact, there is a person who has entered this stone gate, and he has returned safely. Guess who this person is again?" the elder asked.

"Could it be Chu Jiangnan?"

"That's right! It's Chu Jiangnan! About 100 years, m.. Chu Jiangnan, many elders in Nether Academy know that he defected from Nether Academy, but few people know why Chu Jiangnan defected from Nether Academy."

"Because of the secret behind Shimen?"

"Very likely! You already know that you need seven or eight keys to open this stone gate. Before, the old dean, me, and Chu Jiangnan, each of us three had a key, and the other four keys have been lost, so who are we? I never thought about opening this stone gate!"

"Until one day, Chu Jiangnan suddenly asked me and the old dean to borrow our keys to study the laws between these keys, and see if we can open this stone gate!"

"Then you gave it?" Li Tian asked.

"Why not? You know that Chu Jiangnan is a student personally selected by the old dean and me. You know that he was just a few years old when he entered the Netherworld Academy. The old dean and I have no lover in this life, nor A child, so we treat him as our child!"

"Chu Jiangnan is definitely the most talented guy in the history of the Netherworld Academy. Can you imagine it? It took less than five thousand years for this guy to cultivate from an ordinary person who has just come into contact with cultivation to an existence beyond the domain master level. !"

"At that time, Chu Jiangnan was the youngest elder in the history of Nether Academy!"

"The old dean even thought about giving the position of the dean to Chu Jiangnan, and I am willing to give the position of the elder to Chu Jiangnan!"

"Do you know? If we did this in the first place, then Chu Jiangnan now is the Nether Academy. No, it should be the most powerful person in the entire Netherworld!"

"For your children, will you be on guard? I won't, nor will the old dean!"

"We lent the key to Chu Jiangnan because we trust Chu Jiangnan extremely. But what we didn't expect was that Chu Jiangnan had secretly found the other five keys."

"and then?"

"Then? Chu Jiangnan entered this stone gate smoothly. When the old dean and I remembered to look for Chu Jiangnan, we couldn't find Chu Jiangnan in Nether Academy."

"Later, the two of us thought of the underground library. When we came to the underground library, we saw five stone boxes neatly placed in front of this stone gate, and each stone box contained a key!"

"The next thing, as you can guess, the old dean and I checked our stone box and found that our key did not know when it was returned to the stone box."

"The two of us inserted the key into the keyhole and opened the stone door..."

"and then?"

"But we didn't expect that we would release a demon! The former flattering Chu Jiangnan disappeared, and a vicious Chu Jiangnan came out from behind the stone gate! That **** wounded me and the old dean and took five of them. The stone box of the key, defected from the Nether Academy!"

"When you opened the Shimen, didn't you see what was behind the Shimen?" Li Tian asked.

The Great Elder couldn't help but feel a little angry, and said to Li Tian: "Is this the point? Is this the point? Shouldn't you care about the life and death of the old dean and me?"

"Damn, you two are alive and kicking now, you must be fine!"

The elder sighed and said, "What you said is not wrong. Chu Jiangnan's cultivation base far exceeds us, but it didn't kill us. It's just that the stone box with the key was robbed by him. I'm leaving. When the old dean and I can move, the stone gate has already been closed, and the keys on the stone gate have already returned to the stone box!"

"What then? Should this be a revenge story?" Li Tian asked.

"Vengeance? Don't be kidding. After Chu Jiangnan defected from the Nether Academy, how can we get revenge? Besides, with the old dean and me, our cultivation base is not as strong as Chu Jiangnan, how can we get revenge?"

"Since then, the old dean, who was so confused after announcing that Chu Jiangnan had defected from the Nether Academy, he never took care of the Nether Academy again. And during that time, the battle of Wanshenshan took place in the Netherworld. , The number of experts in the entire Netherworld has drastically reduced, and our Netherworld Academy also fell silent.

"The old dean is extremely self-blame. He thinks that the reason why Chu Jiangnan has become like this is entirely because of his failure in education. Of course it is his reason. If this old man doesn't give these keys to Chu Jiangnan, what? So many things will happen?"

"However, this stubborn old thing is standing in the pit without shit, standing in the position of the dean, but not caring about anything. For these thousands of years, if I hadn't been struggling to support the Netherworld Academy, I am afraid that these elders in the Nether Academy have already left the academy, and they have ruled their kings and hegemony!"

Li Tianzhen wanted to look at the big elder.

What is behind this stone gate?

Why did Chu Jiangnan change his temperament?

Why did Chu Jiangnan defect from Nether Academy again?

There were 180,000 years ago, why did that great power block this stone gate?

If these problems cannot be solved, blaming anyone here will not work.

"Has Chu Jiangnan soared into the God Realm?" Li Tian asked.

"I don't know, maybe he has entered the God Realm, maybe he is still hiding in the Nether Realm to continue practicing! But, these are not important, the important thing is how can we open this stone gate! Unlock the thousands in my heart and the old dean Years of confusion!" said the great elder.

"This is why you gave me the key?" Li Tian asked with a mocking look.

Chapter 4560: : The experience has begun (1)

Li Tian didn't know what the great elder and the old dean thought. Could it be that Li Tian's body was full of overlord air, so that the old dean and the great elder could accept and worship?

Don't think about it, Li Tian knows he thinks too much.

But if you don't think so, Li Tian really doesn't understand why the old dean and elder will value him.

Open this stone gate?

It's not easy!

Could it be that Li Tian, a small character with only the Venerable Sixth-level cultivation base, was going to find Chu Jiangnan in the vast Netherworld?

Then, with the domineering spirit in him, let Chu Jiangnan obediently teach the other five keys?

Who will believe this?

But whether others believe it or not, the great elder believes it! The old dean also believed it!

After the Great Elder left, Li Tian resumed his life of studying ghost beasts.

This kind of life is very hard, but when he thinks of the mysterious stele on the holy peak, Li Tian is immediately full of confidence.

Perhaps after unlocking the mystery of the ghost beasts on the stone tablet, Li Tian can enter the small black room, and in that small black room there are neatly placed stone boxes with five keys.

But Li Tian knew he was dreaming! , M..

...

It is Zi Chuanyan who is more bitter than Li Tian.

For three consecutive months, as long as Zi Chuanyan walked out of the second-class boy's residence, he was immediately beaten by other members of the Alliance of Love and Justice, including the Bald Five!

For three months, Shi Chuanyan felt longer than in the past three years.

Every time he was beaten, Zi Chuanyan didn't know how he returned to his home. During these three months, Zi Chuanyan had mastered a set of methods to heal his pain through practice. After continuous practice, Zi Chuanyan got a blessing in disguise. , Broke through to the sixth level of the Venerable.

Venerable's cultivation at the sixth level might not prevent Zi Chuan Yan from being beaten, but Zi Chuan Yan's confidence has already swelled.

"As long as I don't beat Lao Tzu to death, Lao Tzu must post the letter! When Lao Tzu's entourage rushes to this Nether Academy, I see you **** who dare to do anything to me?"

The confident Zi Chuanyan walked out of the second-class boy's residence with the letter he had already written, and just walked out of the residence area, he was really blocked by the bald group of five.

Zi Chuanyan thought about all the reasons he had offended the five-headed group in the past, and felt that everything he was doing today was normal, and it seemed that he did not offend the five-person group.

But Zi Chuanyan was still stopped by the group of five bald heads.

"Boy, why don't you wear a hat?" Liu Guangku asked Zi Chuanyan coldly.

Zi Chuanyan immediately took out a black hat from his skin and put it on his head.

"Hey, this kid is smart! Why doesn't the kid wear a green hat?"

Zi Chuanyan immediately took out a certain green hat from his skin and put it on his head instead.

Zi Chuanyan is determined to pay attention, without saying a word, or he will be misunderstood by these guys and laugh at them, and then get a fat beating.

And after three months of fighting wits and courage, Zi Chuanyan already knew all the problem routines of this group of five bald heads.

"Damn, this kid has become smarter! What about the big brother?" Liu Guangku asked.

Liu Guangshuai looked at Zi Chuanyan, shook his head slightly, and said, "What else? Our Affection League is not bullying people at will. Since there is no reason today, let him go for the time being!"

After Li Tian became the deputy dean of the library, the group of five bald heads continued to block Zichuanyan and beat Zichuanyan according to Li Tian's previous agreement.

As for the fine wine, Li Tian's good brother Tang Xiaolong will give them the fine wine they want after each completion.

In the past few months, the bald-headed five-member group and those guys from the Affection League have been drunk.

It wasn't Li Tian's fine wine. Those guys tasted dull and tasteless. In order to continue to maintain the status of the bald five-member brothers in the League of Love, these guys can't wait to stop Zichuan Yan once a day.

Seeing Zi Chuanyan breathe out, Liu Guangshuai sneered at the corner of his mouth and said, "Do you know who you are offending? Do you know why we always stop you here?"

Zi Chuanyan shook his head, but did not speak yet.

"Fuck me, I'm talking to you, you dare to be so arrogant and ignorant, he is looking down on our five bald brothers, is mocking us, brothers, beat him!" Liu Guangshuai said.

Zi Chuanyan really wanted to verbally scold the five bald brothers.

Nima's, anyway, I always want to beat Laozi, so do I need to find any excuses for Mao?

It was another fat beating. The beating Zichuanyan had a blue nose and a swollen face. Fortunately, this time, Zichuanyan's acting was very similar, and the bones were not broken by the beating.

The group of five bald heads walked away proudly, Zi Chuanyan fell to the ground like a dead dog, and began to think about this issue seriously in his heart.

"Who am I offending!"

Zi Chuanyan returned to his residence, washed a bit, and visited other students who lived in the same residence with him. After paying a lot of treasures, Zi Chuanyan finally knew who he had offended.

Li Tian!

It turned out to be the new elder Li Tian!

"It turns out that the guy who lied to me was Li Tian, the elder of the newly promoted Nether Academy, and that Situ Ningbing turned out to be Li Tian's wife. How can this be good? I have been beaten for three months, but Situ Ningbing But his anger has not disappeared, what should I do now?"

This thing has gone viral.

Yan Zi Chuan Presbyterian thought there was a level at which the College of guy staring at him every day, every day, finding fault beat him, Yan Zi Chuan feeling is no love, really want one killed in the residence.

No way!

"Never sit still and wait for death. You must contact the emperor as soon as possible, otherwise once the experience month is reached and there is no strong follower by my side, then Elder Li Tian will definitely not let me go!"

"It's better to let the father come to the Netherworld Academy in person and bring me back from here. No, no, this matter must not be let father know, otherwise even if I return to the Zichuan Empire, my future will only be humiliated and Through the misery."

Zi Chuanyan soon thought of a way, wrote a letter, and once again asked the other students in his residence to help him post the letter.

Then Zi Chuanyan hid in the residence and began to practice, not rushing out of the residence.

...

Time passed, and another two months passed in a blink of an eye.

The practice month of the Netherworld Academy has finally arrived.

Nether Academy's experience month is defined as half a year, a total of six months, and the purpose of the experience is three respectively, namely, the dark forest, the sea of death, and the valley of the wind.

Each experience team has a total of 1,000 people, including 300 students from the upper academy, 400 or 300 students from the secondary academy, and 300 or 400 students from the lower academy.

Each experience team has a team leader and two deputy team leaders, a teacher who has reached the realm of the domain master and two assistants, and every ten experience team has an elder-level powerhouse as a guide.

Coincidentally, Li Tian, who just came out of the library, happened to be the instructor elder of the experience team where Zi Chuanyan was.
