

A Killer 4561

Chapter 4561: : The experience has begun (2)

Seeing Li Tian's face, Zi Chuanyan's face was almost black, this guy couldn't wait to insert his head into his crotch, and appear in front of Li Tian as an alien.

"Yeah, isn't this Young Master Zichuanyan? I didn't expect you to be in this team. We are really good friends!" Li Tian said while looking at Zichuanyan with a smile on his face.

The students around Zi Chuanyan saw Elder Li Tian, they were so happy, they wanted to rush up and hug Li Tian's thigh.

Several students who did not know why looked at Zi Chuan Yan with some envy, and said in a low voice: "The son of the Zi Chuan Empire is Niucha, and even the elders can call them by their names. I am afraid that the elders will even connect us to the small countries behind us. I can't even call the name of the kingdom of the Lord!"

"Fool, there's something to envy about this. Didn't you hear that Zi Chuanyan angered Elder Li Tian, and was beaten by someone sent by Li Tian to get fat for three months. If you dare not come out of the residence, he is probably carried on a stretcher if you can see him now!"

"Really? Li Tian is an elder-level powerhouse. How can he treat a student like this? Don't the dean and senior elder of Nether Academy ignore Li Tian?"

"Don't be kidding, if you let the dean and the elder know what Zi Chuanyan has done, m.. what happened, Zi Chuanyan would have been expelled from the college!"

"I've also heard about it. I heard that Elder Li Tian has coveted our goddess Star Aria for a long time. He once risked a huge risk to sneak into the residence of Star Aria and spend a good night with the goddess, but Zi Chuanyan, an idiot, would even miss Star Aria. Go to confession..."

Except for a few students like Zichuanyan, the other students didn't know why Li Tian hated Zichuanyan.

Zi Chuanyan knew that he could not hide on the fifteenth day of the first day of the new year. He raised his head and looked at Li Tian, and said, "Elder Li Tian, you can't kill people but no one's head. I admit that the past is my fault, and I have already paid for it. For the price, please elder Li Tian not to remember the villain, don't embarrass me anymore!"

When Zichuanyan said this, the two followers behind him walked around and stood in front of Zichuanyan. At the same time, they bowed to Li Tian and said, "Our two followers apologize to Elder Li Tian on behalf of Emperor Zichuan. Hope Elder Li Tian has a lot of Haihan!"

These two followers came from the Zichuan Empire, and their cultivation bases are not weak, and they have reached the early stage of the ninth level of the Venerable. Therefore, when the two of them said this, although the actions and content were all requests to Li Tianhaihan, their tone was full of arrogance.

Especially when they saw that Li Tian's cultivation was only in the early stage of Venerable Sixth Level, the arrogance and ridicule had been completely revealed on their faces.

"Good talk, good talk! This time we are going to experience in the dark forest. Legend has it that the dark forest is even the strongest of the domain master realm. There will be no bones when

entering. Therefore, it is best to protect Young Master Zichuan Yan to avoid any accidents. The elder is sad!" Li Tian said.

There was a trace of anger on the faces of the two followers, but they soon returned to normal.

At this time, all the students had already started landing the aircraft in accordance with the assigned team.

These flying vehicles looked like airships from the outside. The whole body was black. There were a total of eight flying vehicles suspended neatly in the sky above the Nether Academy.

The students began to land on the aircraft in order.

Each aircraft is about to carry 10,000 students, which shows how big the aircraft is.

Entering the aircraft, Li Tian knew that the aircraft had a total of twelve floors, and the bottom ten floors each could accommodate 1,000 people. Each floor here was densely packed with seats.

The top two floors are equivalent to the VIP floor, where teaching assistants and teachers live and live.

Every two teaching assistants live in a room, and each teacher lives in a room. There are also dining areas, entertainment areas, training areas, meeting areas, etc., which is really everything.

But Li Tian is even more powerful, he has a whole floor alone.

There is even a swimming pool on this floor!

At this time, Li Tian will certainly not forget the fake public for private benefit.

Situ Ningbing, Tang Xiaolong, the vicissitudes of life, and Xing Chen Xiaoyue in the upper academy were all invited by Li Tian to the top floor as guests.

As for their entourage, I'm sorry, Li Tian does not have this habit.

The vicissitudes of life felt more face-saving, and his arms around Tang Xiaolong were greasy and crooked, got up in the enviable eyes of other students, and walked to the top level.

Xingchen Xiaoyue wanted to pretend to be cold and arrogant, and wanted to refuse Li Tian's invitation.

But she was really fed up with the environment in the ten floors below.

The air was filled with the smell of sweat and fart from students of various races.

Especially those inferior male students from the lower academy, staring at her as if they wanted to eat her.

What's even worse is that there is a male student who reached into her crotch in front of her, looked at her obscenely, and kept groping for something with his hands.

Xing Chen Xiaoyue can't say anything yet. If she goes to trouble those students, those inferior colleges will stretch out their sticky hands and say frankly that Xing Chen Xiaoyue has persecution delusions.

So after receiving Li Tian's invitation, Xing Chen Xiaoyue came to the top level unceremoniously!

The aircraft took off slowly, began to accelerate steadily, flew forward, and soon flew out of the sky above Nether Academy.

Speed up and fly forward.

It takes three days and three nights from the Nether Academy to the destination dark forest at the fastest. This is the reason why the aircraft can fly straight through any empire or kingdom of the Nether Realm.

The flying speed of the elder in charge is not slower than this aircraft. It took nearly seven days to fly back from the Nether Academy with Li Tian.

These three days and three nights were definitely relaxing days for Li Tian.

When Li Tian jumped into the swimming pool in his swimming shorts, the vicissitudes of life and the stars and Xiaoyue looked at Li Tian dumbfounded.

"This... Elder Li Tian, how are you doing this?"

"What's wrong? You can come down and play if you want!"

Li Tian looked at the stars and Xiaoyue, imagining the appearance of the stars and Xiaoyue in a swimsuit, and thought with regret: "I knew I should take them to the sea of crying, so I can feast my eyes!"

"Elder Li Tian, this pool is not a place to swim and bathe. This is the center of the entire aircraft's water supply system. The water here is to be supplied to the entire aircraft!" Xingchen Xiaoyue said.

"What can I do? I don't know how to drink this water anyway!" Li Tian said calmly.

Well, Xingchen Xiaoyue admitted that she was defeated by Li Tian!

When I thought that the students from the ten or so levels below would drink Li Tian's bath water, Xing Chen Xiaoyue felt such a sense of pleasure in her heart.

Seeing Xing Chen Xiaoyue's sulky expression, the vicissitudes of life kicked Xing Chen Xiaoyue into the pool.

"I can't swim! Help!"

Who could have imagined that Xingchen Xiaoyue fell into the pool, slapped the water in a panic, and kept screaming.

The vicissitudes of life did not have the consciousness to save the stars, Chen Xiaoyue, and looked at Li Angel, as if telling Li Tian that he must seize this opportunity.

Then, the vicissitudes of life led Tang Xiaolong directly into the room and happily went to make a doll.

Wow!

A strong and powerful arm embraced Xing Chen Xiaoyue's waist from behind, ah, well, a little bit higher than the waist, and grabbed Xing Chen Xiaoyue from the water.

Xingchen Xiaoyue only felt a tingling on her chest, and before she knew it, her underside was already soaked!

Chapter 4562: : Test

Xingchen Xiaoyue felt her blushing and hot, and said furiously: "You... Elder Li Tian... Take your hand away!"

With the eighth level of Venerable Stars and Moons, how could it be possible to be trapped by this little water?

Even if she stayed in the water for dozens of minutes without her breath, it would not have any impact on her safety. It was just that Xing Chen Xiaoyue was kicked into the water by the vicissitudes of the sea, and Xing Chen Xiaoyue could not swim, it would be a little flustered.

Once Xing Chen Xiaoyue calmed down, she could jump out of the water in an instant.

Now Xingchen Xiaoyue asked Li Tian to take his hand away, and Li Tian immediately released his hand.

But as soon as Li Tian released her hand, Xing Chen Xiaoyue firmly grasped Li Tian's arm, and both arms desperately wrapped around Li Tian's body.

The girl Xingchen Xiaoyue is completely drenched with her clothes on her body, and her huge **** are more obvious. At this moment, this girl shamelessly wraps Li Tian around her body, especially the pair of huge breasts. Rubbing against Li Tian's body, this Li Tian, who had made his heart stop water, was also heartbroken.

"Let go! Let go!" Li Tian shouted.

But Xingchen Xiaoyue grasped tighter, not letting go.

Li Tian's arm forcefully threw the girl Xing Chen Xiaoyue out of the water.

After Xingchen Xiaoyue's body left the water, her body instantly seemed to regain her strength, her body rotated a few times in mid-air, and then landed steadily on the ground.

The water ticked down from her hair and clothes, and the curves of the wet body of Xingchenxiao were more attractive. Through the thin shirt, you could see the blood-spraying weapon on the chest of Xingchen Xiaoyue. See the looming black jungle below the groin of the stars and the moon.

At this time, a certain part of Li Tian's body reacted very strongly. Li Tian didn't dare to look any more, turned his head and got into the water.

Li Tian would give up such a good opportunity. It seems that this is not Li Tian's style!

Situ Ningbing stood by and watched this scene, shaking his head constantly.

"Come with me, in Li's room, there are some of my clothes!" Situ Ningbing said to Xingchen Xiaoyue.

Regardless of whether Xingchen Xiaoyue was willing or not, Situ Ningbing turned around and left.

Xingchen Xiaoyue bit her lip, looking at Li Tian's sturdy body swimming in the water, her heart beating wildly, hesitated, Xingchen Xiaoyue still followed Situ Ningbing away.

Coming to Li Tian's room, Situ Ningbing took out her clothes and let Xingchen Xiaoyue choose.

Many of these clothes are clothes from the earth world, but more are clothes that conform to the aesthetics of the underworld.

Xingchen Xiaoyue chose a set of clothes she liked, took off her wet clothes, and changed into the clothes she chose.

The clothes are quite beautiful, but the **** of Xingchen Xiaoyue cannot be completely covered by the clothes. The full two peaks spread the clothes, revealing two halves of white meat balls, and the white meat **** are It is a deep gully.

Situ Ningbing is a woman, but it does not mean that women will not appreciate the beauty of women.

"Your figure is really irritating, there should be many male students chasing you in the Nether Academy?" Situ Ningbing asked.

"Chasing? Do you mean to like it?" Xingchen Xiaoyue asked.

"Like is to like, chasing is to put into action!"

"Oh, a guy chased me a few months ago, but was beaten to death by elder Li Tian, and then moved on... as if it was gone!" Speaking of this topic, Xing Chen Xiaoyue was a little bit sad.

As a goddess-level existence in the upper academy of the Netherworld Academy, except for Zi Chuanyan, a brainless guy who chased her, no one was chasing her anymore, which made Xingchen Xiaoyue's heart somewhat lost.

Entering Nether Academy, Xingchen Xiaoyue has only one purpose, and that is to become a powerhouse at the emperor's level at least, but in this long learning and cultivation process, Xingchen Xiaoyue also hopes that someone can warm her girly heart.

However, perhaps because Xing Chen Xiaoyue is too cold and arrogant, or perhaps other male students feel that there is no hope of chasing her, Xing Chen Xiaoyue has never felt the taste of love.

Precisely because of this, when Li Tian's hand accidentally touched her breast, Xingchen Xiaoyue actually felt a little tingling in her body.

"What a poor fellow! Do you want to be an old woman like Fifth Shuiyue?" Situ Ningbing said bluntly.

Situ Ningbing didn't know why, but she didn't feel particularly good about Fifth Water Moon.

In particular, seeing Li Tian seduce Li Tian with the appearance of the Fifth Water Moon, and it made Situ Ningbing feel his scalp numb.

Therefore, in the words, Situ Ningbing was not polite to Fifth Shuiyue.

Xingchen Xiaoyue recalled the verse that Li Tian wrote to her: "The flowers can be broken and the branches should be broken, don't wait for the flowers to be empty!"

However, if she couldn't become a powerhouse at the emperor and domain master level, Xingchen Xiaoyue knew that she could not control her own destiny.

However, Xingchen Xiaoyue did not want to be an old woman like the Fifth Shuiyue.

Puff!

Xingchen Xiaoyue laughed and said, "You are the first person in Nether Academy who dared to call her like that! If Fifth Shuiyue knew that she was called an old woman, she would have to be mad!"

Situ Ningbing also laughed.

The two women quickly merged into one another and became like girlfriends who talked about everything.

"Ningbing, what kind of person is Elder Li Tian?" Xingchen Xiaoyue asked.

Xingchen Xiaoyue could guess that Li Tian and Situ Ningbing must have a close relationship, but she didn't want to be like Fifth Shuiyue, knowing that Situ Ningbing was Li Tian's woman.

"He? Just a man, a great man!"

"It's really amazing, the youngest elder in the history of the Netherworld Academy, a man with a limitless future!" Xingchen Xiaoyue said with gleam in her eyes.

"Do you want to follow Li?"

"What? Follow Elder Li Tian?"

Xingchen Xiaoyue's face flushed, she didn't expect Situ Ningbing to ask her this question.

"A woman's youth is very short. No matter how high or strong her cultivation is, she must eventually find an arm that can hold her."

"No...no need!" Xingchen Xiaoyue refused in a panic.

Situ Ningbing was just testing the stars and Xiaoyue.

Li Tian invited Xingchen Xiaoyue to this level, which shows that Li Tian has some ideas about Xingchen Xiaoyue.

There is still a lack of powerful helpers around Li Tian. Youanrou is the mid-level ninth-level realm of Venerable, and Xiaoqingwa has also broken through to the ninth level of Venerable. But apart from these two, the other Situ Ningbing and Xue Ji, Ye Meijing, and Liu Jimeng couldn't help Li Tian much.

If the beautiful woman in front of him could help Li Tian, and Li Tian really wanted to push Stars and Xiaoyue down, Situ Ningbing would not object.

At this time, there was a sudden violent shaking of the aircraft, and then an early warning whistle sounded inside the aircraft.

"No, the aircraft has been attacked!" Xingchen Xiaoyue jumped up suddenly, exclaiming.

Chapter 4563: :despair

Li Tian jumped out of the pool the moment he heard the aircraft alarm.

Regardless of getting dressed, he randomly approved a coat, and a teleport appeared in the aircraft's posture compartment.

There are already several assistants and teachers in the cockpit of the aircraft.

The faces of these teachers were horrified and disturbed, and the bodies of several assistant teachers were trembling slightly.

When these guys saw Li Tian's dressing, their expressions were startled, and then there was a relaxed expression on their faces, but they still saluted Li Tian politely.

"What happened? Why did the aircraft vibrate suddenly? Did it encounter an attack?" Li Tian asked shortly.

"Returning to Elder Li Tian, look outside the window!" said one of the teachers, pointing out the window.

Through the windows of the aircraft, Li Tian could see that the sky outside was red, with meteorites falling from the sky continuously.

Each meteorite carried a scarlet flame tail across the sky and hit the ground hard.

The meteorite hit the ground, smashing into countless large craters, dusty and smoky, the jungle in the distance has already burned a raging fire, and the flames in the jungle are spreading around.

It's a meteorite shower!

"Is our aircraft damaged? Will it affect our flight?" Li Tian asked.

The teacher shook his head slightly, and said, "This aircraft is made by the craftsmen in the Netherworld. The metal materials used have a strong memory function. As long as the aircraft is not destroyed on the spot, even if the aircraft is broken. Or cracks will slowly recover."

"But..., this meteorite rain is still falling. If we rush forward, I am afraid it will be dangerous! If the aircraft is destroyed in mid-air, the students of the lower academy in this aircraft may not be able to escape."

"Then make an emergency landing!" Li Tianxia ordered.

Although this Netherworld aircraft has a cockpit, there is no driver in the cockpit.

Strictly speaking, this kind of aircraft is already an unmanned high-tech that the earth world cannot fully achieve.

As long as Li Tian enters the password, the aircraft will automatically change its course or advance to an emergency landing.

After being hit by two meteorites again, the aircraft finally made an emergency landing in a jungle.

According to Li Tian's order, a dozen teaching assistants and ten teachers all flew in mid-air, using their cultivation bases to destroy the meteorite falling on the aircraft.

boom!

boom!

boom!

Huge energy fluctuations are constantly coming from the sky.

The spiritual impact released by a dozen or so Venerable ninth-level powerhouses is still quite terrifying. The meteorite with a large millpan suffered from this spiritual impact and instantly exploded into a pile of fragments in mid-air, smashing towards the ground.

Huh!

Huh!

More than a dozen upper academy students who reached the eighth-level peak of the Venerable did not use Li Tian's organization, and spontaneously formed a second vitality net, continuously smashing those spiritual fragments.

The students in the aircraft kept fleeing. When the aircraft encountered a shock, they were already in panic and anxiety. Although Li Tian, the elder of the Nether Academy, screamed desperately to let these students not be confused. , But with little effect.

boom!

A meteorite fell and hit a crowd of dozens of students. These dozens of students were smashed into flesh in an instant. Their bodies were ignited by the flames on the meteorite and quickly burned into powder.

The meteor shower appeared too suddenly, and everyone was caught off guard.

The students of the Nether Academy, even the proud children of the upper academy, will inevitably panic when encountering this situation.

However, the students in the upper academy still have seen some things in the world after all, and they quickly stabilized, and under the leadership of several teaching assistants to appease the panicked students.

The students of the lower academy, most of their cultivation is in the realm of cultivators. At this moment, they were gathered together, trembling all over, looking at the sky with desperate eyes.

Li Tian felt a little numb on his scalp.

It's because there are falling meteorites everywhere in the sky within his sight.

Densely dense, like raindrops.

If it weren't for the ten teachers who reached the realm of the domain master, Li Tian at this time would have abandoned the aircraft and hid in the space of the Void Yaksha.

Snapped!

A finger-sized meteorite hit a male student's head. The male student just groaned and fell to the ground. A blood hole appeared on his head, constantly red and white. Liquid flowed from the blood hole.

Wang Changqing just followed Li Tian to protect Li Tian's safety.

From time to time, Wang Changqing would fly up violently, crushing the meteorite that was about to hit Li Tian.

"You also go and help those teachers, one more person has more strength!" Li Tian ordered.

Wang Changqing glanced at Li Tian, but did not answer Li Tian, his complexion remained unchanged, and his feet did not move at all.

"What? Do you dare not listen to my orders?"

"My duty is to follow you and protect your safety. As for the safety of others, I'm sorry, I don't have that obligation and right!" Wang Changqing said.

Hearing Wang Changqing's words like this, Li Tian felt happy.

Before, Li Tian was worried that Wang Changqing, a domain master-level powerhouse, could not be used by him. It seems that this guy is quite loyal to Li Tian!

"Wang Changqing, the students are the future of the academy. Their lives are more important than mine. I order you to protect them!" Li Tian said pretentiously.

"Then ask Elder Li Tian to punish me! In my eyes, you are the future of the academy!" Wang Changqing said firmly.

Li Tian wanted to send Tang Xiaolong and Situ Ningbing into the space, but the two of them did not agree, insisting on following Li Tian.

For the sake of safety, Li Tian could only bring out the dark and soft little blue tiles.

Youanrou is a mid-level ninth-level powerhouse of the venerable. If she appeared on weekdays, she might have attracted the attention of others, but now the scene is a bit chaotic, and no one really noticed her.

On the contrary, the appearance of the small blue tile caused a riot.

"Fuck me down, this is Lao Tzu's mount!" Li Tian jumped on Xiao Qingwa's back and said with an arrogant expression.

Seeing the golden-eyed green lion thinking of being well-behaved at Li Tian's feet, these students gradually calmed down.

"It turns out that Elder Li Tian is also deeply hidden. Although this golden-eyed green lion is not fully adult, it is already a ghost beast of the ninth level of the Venerable. Elder Li Tian only has the cultivation base of the early sixth level of the Venerable. It is really mysterious and unpredictable to be able to tame this ninth-level ghost beast!"

"Mysterious fart! If our instructing elder were other elders beyond the existence of the domain master, these meteorites would not hurt us at all. Now that many people have died and hurt so many people, you will pay back one by one. Elder Li Tian brags about slapped horses and sings praises, your cheeks are really thick!" Zi Chuanyan lowered his head and said dissatisfiedly.

This **** is really an idiot. Can Li Tian not listen to him with his head down?

At this moment, there was an exclamation from the students who had calmed down. All the students stared at the sky dumbfounded, and then these students suddenly started thinking about fleeing around.

Li Tian looked up and saw several meteorites the size of hills appeared in the sky.

If this meteorite fell, the aircraft would definitely not be able to keep it.

In the face of this situation, the others were really unreliable, and the teaching assistants and teachers who were flying in mid-air ran away quickly.

"Elder Li Tian, I will take you away!" Wang Changqing said while dragging Li Tian.

Li Tian knew it was over, and such a big accident happened the first time he was a guiding elder.

I am afraid that at least half of the 10,000 students he brought out will die here.

Huh!

Li Tian appeared behind Zi Chuanyan with a teleport, and his fist slammed into Zi Chuanyan's body with dozens of purple electric dragons.

Zi Chuanyan, who was running away, let out a scream, and his body was quickly swallowed by the purple electric snake.

The huge meteorite accelerated again, and the red-eating flames dyed the sky red.

At this time, Li Tian first thought of Situ Ningbing and others. After holding them, the Heavenly Qiqiang Spear had already appeared in their hands. Regardless of whether they wanted to, they directly took Situ Ningbing and Tang Xiaolong, Stars and Xiaoyue, the vicissitudes of life, Xiaoqingwa, etc. were all sent in.

As Li Tian's mind moved, Di Xing Yasha had already appeared on Li Tian's shoulders, jumped into the ground instantly and dived into the soil.

Wang Changqing looked at Li Tian in surprise, his eyes full of shock.

He was not shocked at Li Tian's possession of a space artifact, but at the weapon in Li Tian's hands.

This weapon is recorded in the books of Netherworld Academy. If Wang Changqing's guess is correct, the weapon in Li Tian's hand is that of the long-haired woman in the Battle of Wanshen Mountain.

Li Tian has no time to explain to Wang Changqing.

This meteorite was as huge as a hill. As the meteorite continued to fall, Li Tian could feel that the meteorite was probably much larger than he had imagined.

And when this meteorite fell, a powerful aura of destruction was pressed down from the sky.

boom!

Li Tian felt that the air in the sky was burning, and the distortion of the gas made Li Tian feel that everything in front of him was unreal.

This momentum is not much weaker than the pressure exerted by the Venerable fifth-level strong.

These students, the number of people who can escape from this falling meteorite is definitely not many.

Li Tian can escape by himself or hide by himself. Li Tian is not a god. He has no ability to blast the falling meteorite with one punch.

But Li Tianneng rescued the students around him who had not escaped.

Huh!

Huh!

Huh!

Li Tian kept sending these students into the space of the Qiong Lance of Heaven.

"Fuck it, don't run, come to Elder Li Tian!" Wang Changqing's eyes were red, shouting to the students who were panicking and fleeing.

But no one can listen to his words.

The meteorites are coming closer!

The scorching flame instantly caused all the vegetation on the earth to start to burn. The sky, the earth, and the air seemed to be burning.

Fear and despair fill the world directly.

The crying and shouting seemed so pale.

Lord? Domain owner? In this case, it also appears weak.

boom!

Three huge meteorites fell, the huge aircraft was instantly decomposed, and the ground shook suddenly.

Chapter 4564: : Desperate (1)

The three largest meteorites fell, and some basin-sized meteorites fell sporadically in the sky.

The sky gradually returned to normal, but the sky was still red.

On the ground, it can no longer be described as a mess, it is completely hell, a remnant image.

These three meteorites fell down and completely disappeared from the original mountain peak on the ground of the Netherworld. Three huge deep pits with a diameter of more than ten kilometers appeared on the ground.

Smoke and dust fly all over the sky, covering the sky.

The flame was burning uncontrollably, and the entire jungle in front of him had completely turned gray-black.

At the top of the mountain a few hundred kilometers away, the students from the upper academies and the middle academies, and the entourages from the Nether Academy who had the strength above the Venerable Level 5, gathered here in twos and threes.

Their faces were gray and ragged, and their bodies were trembling involuntarily.

The assistants and teachers in the aircraft team escaped unharmed.

When panicked, these assistants and teachers were the first to escape, but they rarely had two or three people together, they were all alone.

Seeing these teaching assistants or teachers, the frightened students had numb and painful expressions, or their faces were crying, or they were crying silently for the assistant teachers or teachers of these Nether Academy.

"Count the number of people!"

A yin and yang teaching assistant shouted at a student whose hair was burned by the flames.

"Old... Teacher, there are only eleven people on this mountain including you!"

"Eleven? How come there are so few?" the assistant teacher asked with an ugly expression.

A student whose cultivation level has reached the eighth level of the Venerable said with a sneer: "When danger comes, some people run faster than anyone else. If it weren't for our cultivation level, I'm afraid it's on this mountain. Fewer people!"

The teaching assistant was a little embarrassed, but the embarrassment passed by.

"Teacher... shall we go to another mountain to find other students? Or?" A female student's clothes had been torn and burned and it was almost impossible to block the spring light. At this time, she stretched out her arms to cover her chest with a blank expression. Asked indifferently.

The assistant teacher glanced into the distance, and the smoke had completely blocked his vision.

"We'd better leave here as soon as possible and go to the nearest Venerable Nation for help! The old dean and elder will definitely rush here if they get news!" said the assistant.

...

At the same time, on the top of the mountain near the three huge deep pits, almost all teaching assistants and teachers were giving the same order.

For teams without teaching assistants and teachers, the student with the highest cultivation level is the team leader.

Smashed into pieces, hurried to safety.

No one thinks of Li Tian, no, even if someone thinks of Li Tian, no one is willing to venture into danger to find Li Tian and the others.

Everyone sweeps the snow in front of their own house, and keeps others in charge.

At this time, people are selfish, and no one wants to care about the lives of others.

...

In the smoke, the meteorites that fell from the sky burned quickly in the flame. As the flame burned, the meteorites continued to split, and finally turned into fist-sized stones, and then quickly disappeared to the ground.

It's just that these meteorites are still surrounded by dense smoke and dust, and no one has noticed this phenomenon.

Whoosh!

Whoosh!

Whoosh!

A group of figures instantly appeared on the top of the mountain peaks near these three deep pits. It was the famous emperors and domain masters in the Netherworld.

These emperors and the domain masters actually felt it as early as those meteorites fell from the sky, and they had already appeared in nearby places hundreds of kilometers away.

But these emperors and domain masters did not stop the falling of those meteorites.

Of course, they can't stop it with their abilities.

You must know that in this Nether Academy team led by Li Tian, there are eleven powerful existences at the level of domain masters. They can deal with those basin-sized meteorites, but they can't deal with the three largest meteorites. To.

At that time, the teachers of the domain master realm simultaneously used the domain, trying to create a domain belonging to them in the space layer where the meteorite fell. Unfortunately, the domain created by these domain masters was instantly given by the powerful meteorite. destroy.

These domain master teachers in the Nether Academy cannot do it, and naturally these ordinary domain masters in the Nether Realm cannot do it either.

These domain masters did not completely stand by when they saw it. At least when they saw the students led by teaching assistants and teachers fleeing from here, they still saluted politely. Some domain masters even took the initiative to ask those assistant teachers and teachers. , Have you seen their children.

Standing on the top of a mountain, Emperor Zichuan looked at the tragic scene in front of him, slightly worried about his eldest son, Zichuan Yan.

"There are two ninth-level powerful protectors around Yan'er, there shouldn't be any accidents!" The Great Emperor Zichuan thought in his heart.

This was the first time that Emperor Zichuan appeared in front of other emperors and domain masters as the domain master. Although Emperor Zichuan was concerned, he did not show his illness, with a trace of cold arrogance on his face.

His gaze swept across the students of Nether Academy who kept flashing past him. Only when he saw the assistant teacher, teacher, and Emperor Zichuan of Nether Academy, his expression slightly returned to normal.

At this moment, the Great Emperor Zichuan saw the two ninth-level powerhouses he had sent to Zichuanyan, but there was no Zichuanyan around these two powerhouses.

"Isn't it an accident?" The Great Emperor Zichuan felt a hint of anxiety in his heart.

Huh!

The Great Emperor Zichuan teleported to appear next to the two followers of Zichuan Yan, blocking everyone's path, and asked: "Where is Yan'er? Where is my Yan'er?"

Seeing Emperor Zichuan, the two entourages showed a trace of horror on their faces. They thumped and fell to the ground, knocking their heads like garlic, crying to Emperor Zichuan crying: "If you go back to your lord, Gongziyan... Killed by Elder Li Tian of the academy, his bones are gone!"

At first Li Tiancheng killed Zi Chuanyan indiscriminately, but what he did was not perfect.

The two followers of Zi Chuanyan, as well as several students from the Nether Academy, witnessed this scene.

It's just that the students of the Netherworld Academy were either smashed into flesh by the meteorite, or their life or death was unknown.

"Presumptuous, how can Nether Academy allow you to slander like this? Elder Li Tian is in a dangerous situation to save other students. Now life and death are unknown, you dare to slander Elder Li Tian like this." This team is led by a teacher.

The teacher's surname is Huang, and his single name is a single stone. It has been thousands of years since he reached the realm of the domain master.

In addition, there is a powerful Nether Academy behind him, and although he is polite to the Zichuan Empire, he is not so polite to the two followers.

"I want to ask you when you see that Zi Chuanyan was killed by Elder Li Tian in your eye?" Huang Shi asked with a sneer.

"This one, and this one, I have seen both of my eyes!" Zi Chuanyan's entourage pointed to his eyes and said with certainty: "It's not just me, he also saw it, there are several others. Students have seen it too!"

Huh!

Huang Shi appeared next to the follower in an instant, and a strong coercion fell from the sky and landed on the follower. Then Huang Shi immediately created another domain with his body as the center!

And Huang Shi's right hand held two hooks like hooks, piercing the eyes of the famous follower.

Chapter 4565: : Desperate (2)

The Great Emperor Zichuan was taken aback. He didn't expect the teacher of the Netherworld Academy, who has always been known for being gentle and elegant, would suddenly do something.

These two followers are the ninth-level powerhouses, and there are no more than fifty powerhouses like this in the entire Zichuan Empire. The Zichuan Great Emperor still respects these powerful venerables.

More importantly, if this teacher beheaded this entourage in front of him, then his reputation as Emperor Zichuan would surely be greatly impacted.

"stop!"

The Great Emperor Zichuan shouted and stretched out his hand to intercept Huangshi's attack.

However, when Emperor Zichuan took the shot, he realized that he was already in the domain of Huangshi.

drink!

The Great Emperor Zichuan roared and instantly released a strong spiritual power from his body, trying to break through the domain of Huangshi.

As a result, the actions of the Great Emperor Zichuan were obviously slower.

what!

At the moment when the Emperor Zichuan broke the Huangshi domain, the entourage of Zichuan Yan already let out a scream.

Two of his eyes had been picked out by Huang Shi with two fingers, and blood flowed from his eye sockets, flowing down his cheeks continuously, which was extremely miserable.

Huang Shi slammed the two eyes to the ground, and wiped the blood from his fingers on the clothes on the shoulders of the entourage. He sneered and asked: "Now, you tell me that you are the eye Until Elder Li Tian killed Zi Chuanyan?"

"Too much bullying!" The Great Emperor Zichuan roared and punched Huangshi.

Huangshi didn't panic, turned around and patted a palm.

boom!

Two domain master-level powerhouses fought, although it was just a simple punch and a palm, but the power was not small.

Huang Shi's body jumped back seven or eight meters, while the body of the Great Emperor Zichuan was shaken back seven or eight steps.

The distance to retreat is quite similar, but the strength of the two can also be seen.

"My lord, you have to call the shots for me! Gongziyan was indeed killed by Elder Li Tian of Nether Academy. The younger one saw it with his own eyes!"

This follower said misfortune from his mouth, and a word made him lose his eyes, and his cultivation has also fallen because of losing his eyes. At this time, he can only rely on the Great Emperor Zichuan.

The muscles on Emperor Zichuan's cheek beat a few times before slowly suppressing the anger in his heart.

"I see! Young Master Yan will not die for no reason. I don't believe that an elder from the Nether Academy can cover the sky in the Nether Realm!" The Great Emperor Zichuan said angrily.

The other emperors and domain masters who rushed here watched with interest the battle between Emperor Zichuan and Huangshi, but no one stood up to stop it. In their eyes, the Great Emperor Zichuan was a powerful person at the domain master level, but he wanted to compete with the profound Nether Academy, but it was still too far.

Emperor Huangshi and Zichuan had no grudges, and he didn't need to gouge out the two eyes of the follower.

However, when Huangshi was in danger, he left Li Tian and escaped by himself.

This thing is somewhat shameful.

If Li Tian could survive this catastrophe, then for the assistants and teachers who followed Li Tian, what they chose to escape would be very important.

However, if Li Tian were to die in this catastrophe, the old dean and elder who attached great importance to Li Tian would inevitably spread anger on these assistant teachers and teachers who followed Li Tian.

Huang Shi didn't have much friendship with Li Tian, but even less with Zichuan the Great.

At this time, he stood up to protect Li Tian's reputation, even if the old dean and elders would accuse him at that time, he would consider it as appropriate.

What's more, although Elder Li Tian doesn't have much personal friendship with Huang Shi, he is after all the elder of Nether Academy.

As the elders of the Nether Academy, how could they be so slandered by them.

In Huangshi's eyes, if Li Tian started to kill Zichuanyan, then there must be a reason to kill Zichuanyan.

Even if Li Tianzhen did this, it would be slander.

...

Li Tian didn't know what happened here.

At this time, Li Tian had fallen into desperation.

The smoke in the huge pit continued to permeate. In the mud that continued to go down several hundred meters in the deep pit, the bodies of Li Tianhe Dixingyacha were wrapped in meteorites that had fallen from the sky and merged into the ground.

After the meteorites melted into the ground, they continued to penetrate underground, but when they met Li Tian, these meteorite fragments and powder condensed together again.

At this time, these meteorites once again turned into giant meteorites like mountain peaks, and Li Tian was trapped in the rock like a rock monkey. !

Can you imagine this kind of picture?

Li Tian now looks like a small animal in amber, the difference is that he can breathe and is still alive.

Li Tian didn't know if his head was caught by the door or kicked by a donkey. Why did he choose to let Dixing Yasha drag him into the dirt instead of hiding in the void of Yasha.

IQ is flawed!

Of course, Li Tian cannot predict the future.

If it hadn't been for the meteorite to control Li Tian, Li Tian would have already left the ground and went out.

Huh!

Huh!

Li Tian was panting heavily.

It is strange that Li Tian can breathe freely in this meteorite.

Could this be related to the travel of Yasha from the ground?

But why did the Dixing Yasha now have no response, it is really the same as the small insect in the amber.

Li Tian tried to use his spiritual power several times, hey, let alone, this meteorite does not affect Li Tian's spiritual power.

Li Tian wanted to use his ability to break open the meteorite, but Li Tian continuously released dozens of purple electric snakes on his two arms, and released dozens of black flames to attack the meteorite.

But every time Li Tian performed an attack like a mud cow into the sea, Li Tian did not break the meteorite's surrounding him.

On this meteorite, Li Tian felt a wave of energy that was stronger than the energy fluctuations in the elders and the elders!

"This energy should have reached the power of a demigod!" Li Tian muttered in his heart.

The thought of being trapped by a meteorite possessing the power of a demigod made Li Tian's mood suddenly not beautiful.

"Damn, I won't turn this into amber in the future? A few years later, someone dug up this meteorite and saw that I was already dead in the meteorite. Would they send me to a museum for collection?"

Well, Li Tian thinks too much.

And Li Tian doesn't want to die!

Li Tian used his mind to continuously Void Yasha, but in this meteorite, Li Tian and Void Yasha were completely isolated.

Li Tian fell into an unprecedented desperate situation!

"Your sister, I don't want to die! I knew I was hiding in the library to continue studying the ghost beasts!"

Li Tian didn't want to give up, nor would he give up!

On Li Tian's two arms, powerful purple electric snakes and black flames were continuously released to attack the meteorite.

It is still a mud cow entering the sea.

Zizi!

Zizi!

Li Tian couldn't give up, he was burdened with the safety of too many people.

...

I don't know how long it took, the spiritual power in Li Tian's body veins had been exhausted.

Because he couldn't absorb spiritual power from the outside world, all the spiritual power released by Li Tian was fed back from the lake in his heart.

I don't know how long it took, Li Tian could feel the water surface of the spiritual lake in his atrium slowly descending.

But Li Tian couldn't break the meteorite at all.

Li Tian thought desperately: "Damn it, am I going to die here, Li Tian?"

Chapter 4566: : Desperate (3)

Darkness fell, and the sky still showed a gray dark red.

Most of the flames on the ground have been extinguished, and the sporadic flames are still burning, which are no longer dangerous.

Here, I have to mention the main heroes who extinguished wildfires: the Lord of the Ice Territory and the Lord of the Dragon King.

These two domain masters arrived a little later than Zichuan the Great and the others. After their two domain masters arrived, they did not stand by and did not participate in the direct struggle of the domain masters, but took the initiative to perform exercises, destroy the jungle, and fight. Mountain fire, rescue.

Lord of the Frozen Domain, formerly known as Han Bing.

The special spiritual power of the Ice Element is the current Patriarch of the Han Family, one of the oldest families in the Netherworld.

The Lord of the Ice Territory is humble and rarely participates in the struggles of other territories and emperors in the Netherworld.

It has been more than five thousand years since he reached the realm of the domain master. Over the past few thousand years, he has appeared only a few times.

The Lord of the Dragon King is not a dragon.

Ordinary water system spiritual power is enshrined in the palace of a certain little venerable kingdom in the underworld.

The Dragon King domain master is powerful, and some people speculate that his cultivation level may have reached the realm beyond the domain master, but few people have seen the Dragon King domain active player.

It has been nearly ten thousand years since he became the domain master, but he still serves as the consecration of that small state of the Lord.

Compared with several other imperial emperors, blood domain masters, star domain masters, etc., the dragon king domain masters and the ice domain masters appear to be much taller and stalwart.

After Huangshi and other teachers and teaching assistants from Netherworld Academy ensured the safety of the students, they also joined the fire fighting and self-rescue team, otherwise they would not be able to extinguish and control the flames so quickly.

However, the thick smoke in the sky did not dissipate, especially when the meteorite fell to the ground, and the smoke and dust that was thrown up was still slowly drifting around.

Cover the sun all day!

Whoosh!

Whoosh!

A dozen figures fell on the ground.

It was the old dean of the Nether Academy, Dasheng Elder, and the other twelve elders, including the Fifth Shuiyue, the writing elder, and the material elder who followed them.

"Old... old dean!" Huang Shi appeared in front of the old dean instantly, shouting in a hoarse and choked voice.

After Huangshi defeated Emperor Zichuan, he did not get too entangled with Emperor Zichuan, so he organized the students to participate in fire fighting and self-rescue.

After this long time, Huang Shi's clothes were worn out, and even his eyebrows and beards were scorched a lot, and his face was also black, and there were smudge marks everywhere.

"Huangshi? How is the situation now?" the old dean asked.

Huang Shi swallowed his saliva, and said with a trembling voice, "Dean Hui, our aircraft was destroyed by a meteorite. All the teaching assistants and teachers escaped alive, but the students and the entourages of the academy, Less than a thousand have escaped!"

"Where is Elder Li Tian?" The Great Elder asked.

"Li...Elder Li Tian didn't escape to save the students, and now he is alive and dead!"

A sentence of life or death made the old dean and elders feel a tremor in their hearts.

It only took more than half a year for Li Tian to enter the academy, but they and Li Tian have already established a certain relationship, especially the old dean and the elder, they cultivated Li Tian secretly, and even gave the keys to the underground library. Li Tian.

A sad expression appeared on the old dean's face and said, "First continue to put out the fire and save yourself, the elder in charge, the Fifth Shuiyue, each of you with a few teachers, enter the core area of the meteorite fall and search!"

"Elder, please take the other elders to try to get rid of the dust and smoke that the wheel covers over this land!"

The elders of the Nether Academy took their orders and followed the requirements of the old dean.

...

The old dean of the Netherworld Academy arrived in person, and the emperor and domain masters on the scene stepped forward to salute and inquire about the safety of their children.

The emperor and the domain master of the Netherworld have a long life span. In this long life, in addition to cultivation, they always do something meaningful, such as: planting seeds.

Like Zichuan the Great, he is a super planter.

This guy controls the Zichuan Empire, and every twenty years, this guy will choose beauties in the empire to supplement his harem.

Even he himself does not know how many people are in the harem of Emperor Zichuan, but the number of land he has cultivated in the past few thousand years is unknown, and the number of his children is conservatively estimated to exceed 1,000.

These imperial lords and domain masters have a large number of children, so it is difficult for them to treat their children like human beings in the earth world, and even some imperial lords have personally killed their children.

It's just that the children who can enter the Nether Academy are their eldest sons or eldest daughters. After all, quintuplets like the five-headed group are a minority. In addition to the particularity of the Nether Academy, these emperors and domain masters treat them His eldest son and daughter are still more important.

Among the emperors and domain masters present, only the children of Emperor Zichuan, Emperor Canghai, and Star Domain Master were in this aircraft, and the life and death were unknown.

Oh, no, the Great Emperor Zichuan already knew that Zichuanyan had died in the hands of the villain Li Tian.

Emperor Zichuan suppressed the anger in his heart and asked the old dean: "Can we have a festival between our Zichuan Empire and the Nether Academy?"

"No! I wonder why Emperor Zichuan asked this question?"

"Very well! Then I would like to ask, why did the Netherworld Academy want to indulge the elders to insult my eldest son, Zi Chuanyan? What's even more annoying is that Li Tian, a thief, even took advantage of the meteorite falling from the sky, and everyone panicked and killed me Children?" Emperor Zichuan asked angrily.

The old dean's eyes twitched slightly, and a sneer appeared on his face, and said: "The Great Emperor Zichuan, you are the emperor of the Zichuan Empire, you are a powerful person at the domain master level. Can you speak with evidence?"

"Certificate? My letter here is the evidence! This is a letter from my son Zi Chuanyan handwritten to me, telling that he has been bullied and humiliated in recent months, and two of his followers were also beheaded by thieves like Li Tian." Emperor Zichuan took out a letter and said.

The old dean didn't finish, and let Emperor Zichuan continue.

"I won't listen to one-sided words, but in order to protect Zichuanyan's safety, I still sent two ninth-level masters to the Nether Academy to protect Zichuanyan's safety..."

With that, the Great Emperor Zichuan pulled the entourage whose eyes had been dug out to the old dean.

"But I didn't expect this to happen in the Netherworld Academy under the leadership of the old dean. Li Tian personally killed Zi Chuanyan, my son's entourage witnessed it with his own eyes, and the teacher of your academy, Huang Shiyu, in order to conceal The truth is, relying on the strong to bully the weak, he cruelly dug out the eyes of the entourage. Isn't this evidence?" The Great Emperor Zichuan said angrily.

The old dean nodded slightly and said, "Now that Elder Li Tian is dead or alive, even if the eyes of this follower are dug out, this is still his one-sided statement. If you want to get justice, wait until you find Elder Li Tian. At that time, I will take Elder Li Tian to the Zichuan Empire in person to explain to you!"

"This....."

Chapter 4567: : Desperate (4)

Li Tian is missing!

Also missing with Li Tian were more than 8,000 students from the Netherworld Academy and meteorites that fell from the sky.

This is the result that the elders of the Nether Academy and many domain masters and emperors saw after entering the core area after the smoke and dust of the wheel cover in the sky were gradually dispersed three days later.

Being missing is nothing more than a nice psychological comfort.

Everyone on the scene understood that the chance of surviving from the falling meteorite like a mountain was lower than the chance of these students ascending in the daytime.

The faces of Emperor Zichuan, Emperor Canghai, and Star Territory were particularly ugly!

But seeing a missing meteorite, their hearts have a little more hope.

But why did this meteorite disappear?

In the history of the Netherworld, there has been no meteorite falling, but the number of meteorites is very small, at most three or two, and the size of meteorites is also very small, and it is quite good to have the size of a grinding disc.

But no matter how many, no matter how big or small, those meteorites have never disappeared.

These emperors and domain masters looked at each other, and the elders and deans of the Nether Academy were also at a loss.

Why did this meteorite disappear?

Is it true that meteorites are not meteorites, but solid ice?

Vaporized during the burning process?

This is the last explanation given by the old dean, and it seems that there is only the past that this explanation can best explain.

But those emperors and domain masters had their judgments and thoughts in their hearts.

For the next ten days, these elders in Nether Academy have been searching for survivors.

It is a pity that they were very injured. Except for the survivors who had escaped at the time, in the core area where the meteorite fell, let alone survivors, there was not even a complete corpse capital.

More corpses have been completely swallowed by the flames, some corpses have been completely carbonized, and only a few corpses have left scattered pieces of corpses. Under such circumstances, who can believe that Li Tian is still alive?

This incident was the most tragic death in the history of Nether Academy. So many students died and disappeared, especially those from the upper academy. Nether Academy had to give an explanation to those venerable kingdoms, empires, and kingdoms.

Just as the attention of all the powerhouses in the Netherworld was focused on the disappearance of the meteorite, at this time another major event occurred in the Netherworld.

The Secret Realm of Death Battlefield is open!

The secret realm of Death Battlefield was opened once in five hundred years, and now it has not been more than twenty years since the last secret realm was opened, but why did the secret realm suddenly open?

No one can answer this question.

This may be good news for those practitioners who missed the last time they entered the secret realm, but when they rushed to the secret realm entrance with all their hardships, they found that they made things simple.

The secret realm was opened, but their masters of the cultivator level could no longer enter the secret realm of the death battlefield.

"What's the matter? Isn't the entrance to the secret realm already opened? Why can't we enter? Do we have to wait another five hundred years?"

"That's right, who can explain to me, since the people inside can walk out, why can't the people outside walk in?" The monks who arrived here complained suspiciously.

But who can explain to him, can explain to him?

At the entrance of the secret realm, there are constantly masters of cultivators and venerable masters coming out of it, just like those practitioners who want to enter the secret realm, these cultivators and venerables who come out of the secret realm are also a head. Foggy.

They looked suspiciously at the people who suddenly appeared next to them, with expressions of disbelief on their faces.

"What's the matter? Am I not trying in the death battlefield? Why do I suddenly appear here?" A cultivator asked in surprise.

"I... I don't want to leave the battlefield of death, I will die! Oh, let me in!" Several refugees were crying and wanted to turn around and rush into the secret realm, but they were bounced back by the invisible wall.

The faces of a group of naked cultivators, with only a few pieces of cloth covering their lower body, were full of stunned expressions. The next second they suddenly puffed and fell to the ground, crying with tears streaming down their faces: "Finally escaped. Now, thank God, let us finally escape from the battlefield of death alive."

"Woo, I would rather be an ordinary person in the future than enter the death battlefield. The inhuman beasts in the death battlefield even grab clothes!"

Among the naked crowd, only one person did not kneel to the ground. The big gun under his hip stood upright, but he did not have the slightest shame.

This guy turned out to be a powerful person at the venerable level.

"Who saw my wife? Who saw my wife! God the thief, I am circling you, I am loving my wife, why did I suddenly appear here?" The naked Venerable was angry Shouted.

Seeing this, the crowd of onlookers already knew the truth.

The Secret Realm of Death Battlefield was opened in advance, but the opening this time was completely different from the previous one.

People outside cannot enter the death battlefield, and people inside the death battlefield cannot stay inside.

These cultivators and venerables who suddenly appeared at the entrance of the secret realm were all brought out by an invisible force without exception.

At this time, a Venerable with a lizard head appeared in the crowd.

Venerable Lizard Head was in a trance, and after a while, there was a hint of joy on his face.

"I actually came out of the battlefield of death alive, haha, in the past ten years, I have lived in fear..."

"This is not the time for me to sigh, I must rush back as soon as possible and wrap Master Kanglubu's news of the death of Kang Erfu!"

"Li Tian, soon you will know what will end up offending Master Kang Lubu!"

Huh!

Venerable Lizard Head disappeared.

Not long after Lord Lizard Head disappeared, Lord Bingchan appeared.

Venerable Bingchan was injured by Li Tian, he changed back to his original shape and escaped a catastrophe, but the wings on his body were also snatched by Li Tian.

"I actually returned to the Netherworld! Haha, I unexpectedly returned!"

Venerable Bingchan looked around, but did not find Li Tian's figure, and then let out a breath.

"This may be God's arrangement. Li Tian, aren't you in the battlefield of death to rule the king? I think how long can you be arrogant now when you return to the underworld!"

"Despicable boy, I will let you know that I am more despicable than you!"

"Slaying the fifth-level son of the Wuji Emperor, and killing the descendants of the blood domain master, the son of the blood Zhengxin, just these two, I will be enough to kill you hundreds of times!" Venerable Bing Chan said with a sneer.

Chapter 4568: : Desperate (5)

Wuji Huangzun's heart is full of anger!

The secret realm of the death battlefield suddenly opened, and the practitioners and venerables in the secret realm walked out of the secret realm.

However, half a month has passed since the time has passed, the secret realm has completely disappeared, but the Emperor Wuji hasn't waited for Young Master Wuji!

None of the entourages sent by Emperor Wuji to protect Master Wuji came back!

There is only one explanation for this situation, that is, Young Master Wuji and his followers have died in the secret realm.

who is it?

Who is it?

How dare to attack Xiao Wuji!

The spiritual power on Wuji Emperor's body was surging, and the upright hair instantly appeared in two spiritual colors, one blue and one red.

At this moment, a follower came to report.

"Sir Huangzun, there is a nobleman who came out of the secret realm outside Huangzun's mansion to see him, he said he knows the news of Master Wuji."

The Emperor Wuji raised his eyebrows and said, "Call him in!"

For a moment, Venerable Bingchan was brought in.

Seeing Venerable Bingchan, Emperor Wuji couldn't help showing contempt, and said with a sneer: "The ninth-level cultivator guys dare to pretend to be the powerful, do you know the fate of playing the emperor?"

Venerable Bingchan was beaten back to his original form in the battle between Venerable Broken Heart and Li Tian, and now he only possesses the ninth-level peak realm of the cultivator.

Puff!

Venerable Bingchan knelt on the ground and quickly said: "There is no great person, the villain will never dare to play with the adults. It turns out that the realm of the villain is indeed the venerable, but because of the sneak attack by the villain, the realm has fallen!"

The Emperor Wuji did not continue to entangle him. At this time, he lifted his chin slightly and stared at the kneeling Venerable Bing Chan with a downward gaze and said: "You said you know the news about my Little Wuji? Is it true or not?"

"In return, Master Wuji... Mr. Wuji has already been beheaded in the death battle!"

boom!

When Wuji Emperor heard this news, his body instantly released a powerful murderous aura, causing the entire hall, no, the temperature of the entire Wuji Emperor's palace to drop instantly.

"who is it?"

Venerable Bingchan, who was kneeling on the ground, was silent, and tremblingly replied: "It's Li Tian! I was also attacked by Li Tian, and that's why I fell!"

"Li Tian? A very familiar name!"

The Emperor Wuji frowned, and quickly recalled in his head, which domain lord Li Tian was, or a descendant of the Emperor.

If it is a descendant of the domain master, Wuji Huangzun needs to take a long-term plan, but if it is only a queen, then the Wuji Huangzun must bury Li Tian as the son of Wuji.

"Which domain master's descendant Li Tian is? Do you know?"

Venerable Bingchan slowly raised his head and said: "In response to the adults, Xiao Xiao did some small investigations in the death battlefield, knowing that Li Tian is not any emperor or descendant of the domain lord, but... but this Li Tiandao also had some means to bow to the Third Young Master in the death battlefield."

"The third son of the Netherworld? Are the three impeccable guys from Emperor Yecheng, Emperor Dragon and Emperor Zhao Family?" Wuji Emperor asked.

If three emperors are involved at the same time, the Wuji emperor's psychology is also a little drummed.

Venerable Bingchan said with the heat and iron: "Returning to your lord, that Li Tianzhen is full of evil, relying on the backing of the three sons of the Nether, he has repeatedly attacked all the sons in the death battlefield, and even the blood of the descendants of the master of the blood domain has died In Li Tian's hands! After the villain leaves here, he is about to report to the Lord of the Blood Domain!"

...

Venerable Bing Chan said that he would do it, and after seeing Emperor Wu Ji, he went to visit the Lord of the Blood Domain.

Pushing the death of Xuezhengxin all on Li Tian.

"My lord, the death of Master Xue Zhengxin was so miserable..., oh, Master Xue Zhengxin had already entered the underground palace in the death battlefield. He had discovered the secret of the palace, but he was attacked by the evil thief Li Tian!"

"Impossible! There are dozens of Venerables around Zhengxin Haier, and I also gave Zhengxin a few Demon Blood I Ching Pills. In the event of a crisis, there will be at least three Venerable Level 2 powerhouses!"

The blood domain master also knew that Xue Zhengxin would encounter misfortune in all likelihood, but he didn't believe that an unknown Li Tian would be the murderer of Xue Zhengxin.

"My lord, there is absolutely nothing to say about the little ones! The evil thief has the third son of the Netherworld and his followers as helpers. In terms of the number of nobles, there is no less than the number of the followers of the Xuezhengxin. In addition, the evil thief is not moral, and suddenly After launching a sneak attack, Young Master Xue Zhengxin was caught off guard."

"Later, Master Xue Zhengxin swallowed the Demon Blood Yijing Pill, but the evil thief Li Tian also had the helper of the Venerable Second-Class Powerhouse, and finally Master Xue Zhengxin died tragically in the hands of the evil thief Li Tian, and even the bones were not left!" Here, Venerable Bingchan cried bitterly.

Snapped!

The Blood Domain Master slapped a palm on the table beside him, and the table made of the hardest wood in the Netherworld was smashed to pieces by this palm.

"Li Tian? Third Young Master Nether! If you don't kill you, how can Xue Zhengxin look at him!"

...

In the entire Netherworld, there are many experts who want to kill Li Tian.

But the first question that stood in front of these powerhouses was who Li Tian was?

The name of the elder of the Netherworld Academy is also called Li Tian, but these strong men did not connect the two of them together.

The only clue is Li Tian's beloved brother, the third son of You Ming.

But when the secret realm was opened, the three sons of the ghost did not appear!

Will the Third Nether Lord die in the secret realm?

Absolutely not, because in the death battlefield, all the great emperor and the descendants of the domain master did not have the ability to kill the combination of Li Tian and the three sons of the Netherworld.

Then there is only one truth, the Third Young Master Nether and the others have entered the Nether Realm in silence.

If you want to find Li Tian, you must find the third son of You Ming.

In order to deal with the three masters of the Netherworld and the three emperors behind them, the Lord of the Blood Domain, the Promise Emperor, the Emperor Xiyu, the Emperor Huanglou, the Emperor Lei, and the ninth-level mid-level strong Kanglubu secretly united Are together.

There is no impermeable wall in the world.

As one of the people who followed Li Tian's movements the most, Yu Shuang Domain Master arrived at the news in the first place.

"Li Tian in the death battlefield, Li Tian in the earth world, and Li Tian in the Nether Academy, will these three be the same person?" Lord Yu Shuangyu said with a gloomy expression.

After receiving the Red Slash, Emperor Yushuang returned to the realm of the domain master again within a short period of time. This long-lost feeling made the master of the domain very excited.

However, the Lord Yushuang was not satisfied with this.

He knew that Hong Zhan hadn't completely surrendered to him, and if he wanted to completely subdue Hong Zhan, he had to kill the original owner Li Tian.

"Master Yu Shuang, they are definitely the same person, both of them are my enemy Li Tian! I can promise!" The corpse who had two legs scrapped by the lame man could only move on a sliding seat under him Said coldly.

Lord Yu Shuangyu raised the corner of his mouth slightly, sneered, and said: "If this is the case, then I will help them and let Emperor Zichuan join in. It is good that Li Tian has not been killed by the meteorite, otherwise, I really want to See if Nether Academy can continue to shelter Li Tian!"

Chapter 4569: : Desperate (6)

Li Tian didn't know what happened outside.

Li Tian is trapped underground by a meteorite and cannot protect himself.

Li Tian is more uncomfortable than the Monkey King who is imprisoned at the foot of Wuzhi Mountain. At least the Monkey King has his head exposed and can breathe fresh air, but what about Li Tian?

In this dark environment, Li Tian has almost forgotten the existence of time and his own existence.

Wanting to escape from this cage-like hell, Li Tian has never stopped thinking about it.

However, no matter how Li Tian tried, it was useless.

Li Tian didn't expect this meteorite to be so weird. At the beginning, Li Tian released the purple electric dragon and released black flames to attack the meteorite. But later, the meteorite seemed to come alive and automatically sucked the body of Li Tian Spiritual power.

The surging spiritual power that once made Li Tian proud, but he couldn't feed this weird meteorite.

The spiritual power in Li Tian's body veins has been exhausted, and the broad spiritual power lake in his heart that is as wide as the sea has dried up, and the blood spiritual source previously buried at the bottom of the lake has also been exposed.

As for the seven forty-nine small fishes in the lakes and veins in the past, because of the exhaustion of spiritual power, they never condensed.

The veins in Li Tian's body are still like a big river. The only difference is that there is no water in this wide river before, instead it is replaced by a black flame like a silk thread.

At this time, the blood spirit source was slowly releasing black flame spiritual power.

These black flames kept running, causing Li Tian to lose his life because of the exhaustion of his spiritual power.

But even this trace of black flame spiritual power would be swallowed by the meteorite.

The spiritual power was exhausted, but fortunately Li Tian's cultivation level did not fall. This was the only place that made Li Tian happy.

Huh!

Li Tianchang sighed, slowly opened his eyes, saw the darkness in front of him, and closed his eyes in despair.

"How long?"

"Can I escape from here?"

Li Tian was thinking about this question in his heart.

Li Tian felt that he was getting closer and closer to death.

This is a desperate situation Li Tian has never encountered before.

Even in the underground palace in the battlefield of death, Li Tian was not as desperate as he is now.

...

Time goes back to when the meteorite fell.

When Wang Changqing saw the Heavenly Qiong Spear in Li Tian's hands, he was completely shocked!

"This...this weapon..."

Yes, Wang Changqing recognized the weapon in Li Tian's hand.

Although it didn't take long for Wang Changqing to break through to the realm of the domain master, as an assistant in the Nether Academy, he always studied the history of the Netherworld in his spare time.

What fascinated Wang Changqing most was the Battle of Wanshen Mountain.

The story of the Battle of Wanshen Mountain, the long-haired woman in the story, and the weapon in the hand of that long-haired woman have been recorded in history by the Netherworld Academy.

Every time I read about a battle that has become the eternal nightmare of the masters of the Nether Realm, Wang Changqing's heart will be full of blood.

A powerful woman, with her own power, killed thousands of domain masters in the Netherworld, and a strong existence beyond domain masters. This is any man, no, it should be said that any cultivator wants to dream. The height reached.

When a man should appear in that kind of place, even if he is finally wiped out by the mysterious woman, it is worth it.

Who is that woman? Is it a demigod? Quasi God? Or is it God?

What is the weapon in her hand? Is it a treasure? Is it a spirit weapon? Or an artifact?

These are the research directions of the elders of the Nether Academy.

There is no image of that woman in the books recorded in the history of the Nether Academy, but the woman's weapon is clearly depicted.

However, Wang Changqing never thought that this weapon would appear in Li Tian's hands.

When Wang Changqing was shocked, she just thought in her heart, perhaps it was just a coincidence, or it was just a similar appearance.

But in the next second, Wang Changqing suddenly appeared in a completely unfamiliar place.

Along with Wang Changqing, there were hundreds of students from the Netherworld Academy, including Xingchen Xiaoyue, Sang Hai Tian Tian, Situ Ning Bing, Tang Xiaolong.

What makes Wang Changqing's face covered with black lines is that among the students in this writing, except for Tang Xiaolong, all the others are women.

That is to say, when Li Tian offered a helping hand and sent these students into the space of the Heavenly Spear, he also selectively rescued.

These students looked up suspiciously, and found that they were in a huge huge stone temple. The temple was really magnificent. Even if the hundreds of students were inserted in an instant, it was still empty.

In the middle of the temple stands a magnificent idol.

Let these students observe the surroundings suspiciously, and soon their sights fell on the idol.

"Elder Li...Li Tian, this idol turned out to be Elder Li Tian!" I don't know which student first discovered that this idol was somewhat similar to Li Tian and shouted in surprise.

Wang Changqing looked at the statue, and sure enough, the statue was really Elder Li Tian.

"Woo, it was Elder Li Tian who saved us! I...are we safe?"

"Woo, let's not die! Scared the baby to death!"

For the rest of his life, several female academies from the lower academies cried with joy.

"This is where?"

"Why are we here?"

"I remember when the giant meteorite was about to fall, it was Elder Li Tian who appeared next to me instantly, stretched out his hand and patted me, and then I appeared here!"

"It must be Elder Li Tian who rescued us and sent us here, but where is Elder Li Tian now?"

These students were grateful to Elder Li Tian and talked about.

"Sure enough!" Wang Changqing couldn't help clenching his fists secretly, thinking in his heart.

Wang Changqing saw Qiong Spear of the sky and guessed Li Tian's identity.

Suddenly appearing in this temple now confirmed the judgment in his heart.

What moved Wang Changqing was that Li Tian gave up his life to rescue so many students in such a crisis. Although they were all female students, some people might say that Li Tian is an elder and he is obliged to help these students.

But at that time, other teaching assistants and teachers abandoned the students and fled on their own. This made Li Tian's spirit more precious, and Wang Changqing sincerely admired Elder Li Tian.

Xingchen Xiaoyue looked around, but did not find Li Tian's figure, her heart tightened slightly.

"To live!" Xingchen Xiaoyue said in prayer with her fists.

As for whom Xing Chen Xiaoyue is praying for, only her own psychology is clear.

Wang Changqing looked at Situ Ningbing and Tang Xiaolong, and saw that there was no surprise on their faces. It seemed that this was not the first time they appeared here, and he suddenly understood in his heart.

"Situ Ningbing, you have a close relationship with Elder Li Tian. You are more familiar than us here. From now on, these students will be managed by you. What do you think we should do next? Where?" Wang Changqing walked to Situ Ningbing Beside, said respectfully.

Chapter 4570: : Warning

All the students in the temple involuntarily looked at Situ Ningbing.

"Who is she?"

"I seem to have met her. I remember she used to be a student of our lower academy, but she was transferred to an upper academy for no reason!"

"Did you not hear clearly just now? She seems to have caught the line of Elder Li Tian. It should be a sacrifice in exchange for the opportunity to enter the upper academy!"

"Shameless!"

"shameless!"

Among these students, only the vicissitudes of life and Xing Chen Xiaoyue knew about the relationship between Li Tian and Situ Ningbing. As for the students of the other lower academies, they did not know.

So when Wang Changqing uttered that sentence, these students couldn't help but muttered in a low voice.

Where there are people, there are rivers and lakes. This principle applies at any time, any space, and any plane.

Of course, these students didn't dare to say their thoughts aloud, they could only hide in the crowd and mutter in low voices.

As for the students of the lower academy, the possibility of capturing Elder Li Tian with an ordinary cultivation level and ordinary body appearance is zero. In this case, all they can do is add to the heart of Situ Ningbing.

"Shut up! If anyone has any opinions on my approach, I can raise them loudly, what is the ability to hide in the crowd and say cool words?" Wang Changqing roared and reprimanded severely.

The megalithic temple was quiet.

These students didn't understand why this former assistant, now with the strength of the domain master, would respect Situ Ningbing so much. Is this assistant also coveting Situ Ningbing's beauty?

No, if you want to be greedy for beauty, the stars and the vicissitudes of life are no worse than Situ Ningbing! Especially Xingchen Xiaoyue, her figure is hot, it is not comparable to Situ Ningbing!

When Wang Changqing was watching Situ Ningbing, Situ Ningbing was also watching Wang Changqing.

Situ Ningbing's heart was slightly disturbed, this kind of anxiety came from Wang Changqing.

Wang Changqing is a powerhouse at the domain master level. In the Netherworld, aside from the elders of the Nether Academy, Wang Changqing's cultivation can be regarded as a super existence standing at the top.

Now, he was sent by Li Tian into the Qiong Lance space of this day, no one's cultivation base can surpass Wang Changqing, he is now the absolute strongest in this space.

If there is any bad idea in Wang Changqing's heart, he can completely rule the entire space of Qiong Liao in the sky.

If Li Tian were in this space, Wang Changqing might still be afraid of Li Tian.

But time has passed for a long time, but Li Tian has not entered this space. This shows that Li Tian should be encountering some difficulties now that he can't get away in a short time.

Situ Ningbing's brains turned quickly, and he quickly thought of a way. The corners of his mouth turned up slightly, his gaze slowly swept across the crowd, and finally fell on Wang Changqing, saying: "Since Assistant Professor Wang made such arrangements, I would be more respectful. Fate. Just now, you must be very curious about where we are now, so I will stand up and explain to you!"

"Before entering here, many of you should have seen a spear weapon held tightly in the hands of Elder Li Tian. This spear weapon is called the Qiong Spear of the Sky, which is the mysterious woman in the Battle of the Pantheon. A weapon used by the strong!"

Wow

Upon hearing this, the students started talking in an instant.

"Yes, I vaguely remember that Elder Li Tian indeed has a spear weapon in his hand!"

"I didn't expect Elder Li Tian to have such a background. Is there any connection between Elder Li Tian and the mysterious strong woman?"

"The youngest elder in the history of the Netherworld Academy is indeed a well-deserved reputation!"

Situ Ningbing raised his hands and pressed down slightly. After everyone's voices of discussion gradually decreased, he continued: "The Heavenly Spear is a divine tool, and our current position is in the space of the Heavenly Spear. Middle! In the space of the Heavenly Qiong Spear is a special existence independent of the Nether Realm, and here is an independent world!"

"This... how is this possible?"

"Is it so impossible? The Sky Spear is a divine tool, and it is not impossible to have an independent world in the divine tool!"

"Be quiet, everyone! You can also see that there is a statue of Elder Li Tian here. This world is Elder Li Tian's Kingdom of God space. As long as Elder Li Tian is safe and sound, this Kingdom of God space will be stable. If Elder Li Tian falls, then This space will collapse, and everything in the space will be drawn into the turbulence of the void!"

Situ Ningbing paused, and then said: "But please rest assured, this space is stable now, indicating that Elder Li Tian is safe and sound, but if you want to leave this space and return to the Netherworld, you still need Elder Li Tian to personally send everyone. Go out, otherwise no one will want to leave here."

Situ Ningbing said this to the smart Wang Changqing.

Her meaning is very simple, that is, to tell Wang Changqing that this is the space of the Qiong Spear of the sky, but it is also the space of Elder Li Tian. Elder Li Tian is still alive, he better not have any bad thoughts.

"Before you entered this space, I have entered this space countless times. I can tell you with certainty that we are not the only people in the space of the Sky Spear."

Tang Xiaolong had already guessed Situ Ningbing's worries, and followed Situ Ningbing's words and continued: "Yes! In this space, there are now three cities, each with at least a hundred thousand people, and , In these cities, there are many powerful venerables."

"So if you want to be safe, I'd better converge a little bit, otherwise, if there is any conflict, you will be at your own risk!"

Speaking of Tang Xiaolong, he jumped on the back of the small blue tile and rode out of the giant stone temple.

Wang Changqing looked at the backs of Tang Xiaolong and Xiao Qingwa, gave a wry smile, and shook his head slowly.

"If there were no poems by Elder Li Tian, I, Wang Changqing, would still be an assistant teacher at the imperial level. I feel that Elder Li Tian is too late, so how could I do what you are worried about?"

"How don't you believe me, Wang Changqing, is Wang Changqing the kind of ungrateful person? But it's really no wonder that now my Wang Changqing's cultivation is the strongest among everyone?"

Everyone walked out of the giant stone temple, and under the leadership of Situ Ningbing, marched towards the city controlled by He Feng. A few kilometers away, many students saw the magnificent city architecture and couldn't help but marvel.

Sure enough, there is a city in this space!

As a domain master level powerhouse, Wang Changqing can also feel the spiritual power fluctuations of the noble level powerhouse in the city.

Wang Changqing's heart became more and more curious, how many secrets there are behind Li Tian!
