

A Killer 4651

Chapter 4651: : Evolution (2)

Golden spiritual power kept pouring out of Xiao Qingwa's body, and the speed was getting faster and faster!

A vertical gold thread gradually appeared in Xiao Qingwa's two eye pupils, and then, the gold thread began to gradually expand towards both sides.

And Xiao Qingwa's body still kept rumbling noises, and even many people could hear the sound of broken bones in Xiao Qingwa's body.

"Look, the Nether Beast's body is cracked. Could it be that this Nether Beast can't bear the spiritual power of the Frost Territory Lord, and its body will burst and crack?"

Sure enough, the sharp-eyed people who eat melons saw some clues. At this time, hundreds of cracks appeared criss-crossed on Xiao Qingwan's formidable body. The flesh and blood in the cracks were blurred, but the flesh and blood were still in a fast The level of the horizon is trembling.

The blood flowed along the cracks in Xiao Qingwa's body, and it took almost a minute or two before Xiao Qingwa's body was stained red by the blood!

A smile appeared on the corner of Yu Shuang's mouth, who was still not dead. He wanted to make a sound to curse Xiao Qingwa, but tragically found that he had difficulty breathing, let alone making a sound!

"Damn ghost beast, I was once a domain master-level powerhouse. It's really lard to cover your heart. Even if I fall to the emperor's realm, it won't be something that low-level ghost beasts like you can swallow wantonly... Ha Haha, today I want you to bury me!" Yu Shuang's throat trembled a few times without making a sound, and could only curse Xiao Qingwa viciously.

It's just that only he can understand his mind.

Xiao Qingwa was also suffering at this time, and this kind of suffering was much heavier than Li Tian's previous 'thousand swords and ten thousand cuts' from Lord Frost and Red Slash.

Little Qingwa felt that his body was about to explode. The pain made him want to hit and die in this square. Little Qingwa was only two years old. Whether it was from the age of a ghost beast or a human, it was all small Baby, this is the first time he has suffered such pain.

Roar!

Xiao Qingwa suddenly raised his head and roared, but its footsteps were completely messed up, trampling on the ground wantonly without his control.

Unfortunately for Yu Shuang, a pool of flesh and blood was trampled on after cursing the little blue tile.

The little blue tile rushed around like crazy!

boom!

With a loud noise, Xiao Qingwa's body slammed into the towering tree of spiritual power released by the elder material elder's Evergreen Longsword. The towering tree only dropped a few leaves and was not moved at all.

boom!

Xiao Qing Wa turned his head and slammed into the Promise Yin Yang Fish Array released by Wuji Emperor. The Promise Yin Yang Fish Array only fluctuated slightly, but Xiao Qing Wa still did not break.

It was also unlucky. The bitter Sea Emperor who had been frightened by Xiao Qingwa's madness just hid to the side and watched the show. He was thankful that Lord Yu Frost finally rushed to the street, and his secret would never be known. But Xiao Qingwa suddenly rushed towards him again.

The Bitter Sea Emperor can only face it with a bitter face!

As soon as he fought, the bitter sea Emperor's face immediately showed a hint of surprise.

After this little blue tile swallowed the spiritual power crystallization from the Frost Emperor, his cultivation seemed to have increased a lot, but at this time the attack of the little blue tile was messy, like a headless fly ramming it.

After several consecutive shots, Emperor Kuhai easily avoided the bite of the little blue tile, while Emperor Kuhai took the opportunity to leave a few bone-deep wounds on the body of the little blue tile.

"Hahaha, my Bitter Sea Emperor has really come and gone! This Nether Beast bite to death the Frost Territory Lord, and if I can kill this Nether Beast, does it mean that in the eyes of these onlookers, my cultivation? To be better than the Frost Domain Lord, no, much stronger than the Frost Emperor?" Kuhai Emperor thought in his heart.

Thinking of this, the Emperor of Bitter Sea did not retain the slightest, and the spiritual power in his body continued to gush out!

These spiritual powers flew into the air, as if snowflakes were already slowly falling to the ground!

Emperor Bitter Sea's spiritual power can be condensed into sea salt, and when these snow-like spiritual powers fall on the small blue tile, it is completely just sprinkling salt on the wound.

Little Qingwa became more and more painful, and even gave up attacking the Emperor of Suffering, and kept rolling on the ground!

It's just that, now on the ground where the King of Bitter Sea and the Little Blue Tile are fighting, there is already a faint white layer, like snow, but these are also the spiritual power of the King of Bitter Sea.

The more the little blue tile rolled, the more the white crystals fell into his body.

After all, the little blue tile is a ghost beast, even if its cultivation has now reached the realm of the emperor, but its IQ still stays at the two-year-old ghost beast.

When he couldn't bear this kind of pain, Xiao Qingwa's claws scratched his body innocently!

puff!

hiss!

Every time Xiao Qingwa's sharp claws fell on his body, a large piece of flesh and blood would be scratched off by himself, and the blood and flesh fell on the ground, staining the snow-white ground red, especially dazzling.

"Tsk tsk, it's so cruel!"

"Yes, it's like a snake swallowing elephant. It seems that although this Nether Beast will be trampled to death by the Frost Territory Lord, it will also be swallowed by the Frost Territory Lord's spiritual power cultivation base crystal, but can it be absorbed by him, This is hard to say!"

"After all, it is a low-level animal ghost beast, this situation is also normal!"

"Poor little guy, what I met was King of Bitter Sea! What the King of Bitter Sea is best at is to sprinkle salt on people's wounds. The sea salt condensed by spiritual power is not ordinary. The little guy may live by himself. Sick to death!"

"No one can save it at this time, just accept your fate!"

"I thought I could watch a great scene of the evolution of a golden-eyed lion, but I didn't expect to see only one lion committed suicide!"

The bitter sea Huangzun's face involuntarily showed a little bit of color, and the spiritual power released from his body became more and more. I saw his figure shuttled back and forth in mid-air, and the sea salt condensed from the spiritual power on his body also fell. more and more.

At this time, Xiao Qingwa's body was already covered with white sea salt, and only a trace of red could be seen at the wound, and Xiao Qingwa's movements were getting slower and slower.

The golden spiritual power rushing out from the wound of the little blue tile was getting slower and slower!

"Hahaha, let me make a salt-baked green lion for everyone today!" Kuhai Huangzun felt that he was securely winning, and shouted triumphantly to the crowd.

Immediately afterwards, those stray spiritual powers quickly rolled together and fell back into his right hand, forming a large white crystal rod that was more than ten meters in length, and this rod was uneven, somewhat spiky. Great feeling.

drink!

Emperor Kuhai roared, and the spiritual power crystal rod in his hand slammed into Xiao Qingwa's body heavily.

Click!

There was a crisp sound of bone fracture from Xiao Qingwa's body, and the blood flowing from the body that had been completely covered by the white sea salt quickly dyed the sea salt red!

The little blue tile didn't move!

drink!

drink!

drink!

The bitter sea emperor gradually relieved, and the movements in his hands were getting faster and faster!

Chapter 4652: : Evolution (3)

"It's over!"

"Well, it's indeed over! The body of this ghost beast has been smashed into meat, even if the gods come, I am afraid it will not be saved!"

"It's really feng shui turns. In a blink of an hour, the little ghost beast has become the dead soul of Emperor Kuhai!"

"After that Tang Xiaolong and the King of Fighters fisted, now it seems that they are both losers! The King of Fighters is already trapped in a thick layer of ice. Whether it can be released from that ice layer is not certain, but Tang Xiaolong is sinking into the ground , Seems to be unable to move at all!"

"If there are no accidents, the defeat of Li Tian and others is a foregone conclusion!"

Li Tian was swallowed by the giant vine of the mysterious man in the mask.

The small hot pot is trapped in the Wuji Yin Yang Fish Array, and there is no hope of breaking the array.

Tang Xiaolong sank into the ground and hadn't moved for a long time.

Xiao Qingwa's body became a mass of flesh and blood, and he couldn't die again.

The vicious dog was also trapped by the Huanglou Huangzun's nine-story yellow building, unable to break free.

Youanrou was completely suppressed by the giant domain master who was also the domain master, and could not get out.

The mutant crow and the Thunderbird Emperor are still fighting in the air, and they seem to be the only ones who have the advantage!

"I don't know what the situation of the Yin Mo Yin Niu Territory Lord, Tian Gang Flame Limo Territory Lord, Earth Demon Heaven Eagle Territory Lord, and Female Territory Lord outside Yecheng City are. The legion is annihilated!"

Donggong Ancient Sword and Donggong Hidden Sword let out a sigh, with a relaxed expression on their faces.

The veteran is the best!

This material elder does not lose the elder of the Nether Academy, his strength is indeed strong!

Lord Yu Shuang and his Red Slash clone had no choice but to take Li Tian. Once the material elder shot, he had completely controlled Li Tian.

It's just a pity that this material elder used to be a member of the Nether Academy, otherwise he might be able to absorb into the Super God Family.

At this point, Donggong Ancient Sword and Donggong Hidden Sword instead hoped that the two fellows, the Great Emperor Canghai and the Star Territory Lord, could jump out and continue to challenge the bottom line of their Super God Family.

But the Great Emperor Canghai and the Star Domain Master did not continue to give them two opportunities.

It's over!

The domain masters and emperor forces in the Netherworld must be re-divided!

...

Inside the giant vines of the towering giant tree, Li Tian was embedded in one of the giant vines like nails. Li Tian's body, limbs and the spear of the sky in his hands were also completely wrapped by the vine, the whole tree. Only Li Tian's face appeared on the vines, these giant vines were entwined with each other, and Li Tian's face was close to another blue giant vine!

Several giant vines are twisted together like giant pythons.

The horror of plant power completely exceeded Li Tian's expectations.

When his Heavenly King Spear smashed down, it smashed a giant vine into ashes!

It's just that the giant vine was released by the material elder's spiritual power through Evergreen, and the vitality of the giant vine was only tenacious and far beyond Li Tian's expectations.

Although Li Tian and the Heavenly Qiong Spear in his hand broke the giant vine, Li Tian was also swallowed by the giant vine.

Li Tian smelled a faint green grass scent released from the giant vine. When he smelled this scent, Li Tian's nervous reaction gradually slowed down.

Seven or seven forty-nine purple electric dragons disappeared one by one, and the black flame went out after burning for a while.

Several giant vines were tightly twisted together, and Li Tian could feel several terrifying powers restraining him. Under this terrifying power, even giant rocks would be crushed instantly.

Where the scent of green grass stimulates the nerves, Li Tian can't even release the most spiritual energy.

This feeling is as if your brain is still clear after being drunk, but the alcohol has paralyzed your body, your hands and feet are constantly calling, or it is like an anesthetic injection.

At this time, Li Tian really wanted to kill the thief, and was powerless.

Li Tian was anxious.

He didn't know what was going on outside when he was trapped in this giant vine. In the Li Tian army this time, Li Tian's cultivation is not the strongest, but Li Tian's combat effectiveness is definitely not weak.

Li Tian understood that if he was trapped for a second, the danger of others would increase by one point.

Of course, what made Li Tian even more frightened was that the giant vine was constantly eroding Li Tian's body, and some silk-like roots were drilling into Li Tian's body.

As long as these roots pierce into Li Tian's body veins, they will slowly absorb the spiritual power in Li Tian's body veins.

If Li Tian cannot escape from this giant vine, then he will become the nourishment of this giant vine!

"Obscene God, find a way to save me!" Li Tian said to Obscene God with his heart.

The obscene **** said with a little disdain: "Boy, just admit it like this? If you can't break free, give me your body!"

"Okay! Please!" Li Tian said readily.

"Ok?"

It was a surprise to molest God!

"Stop talking nonsense, fast!" Li Tian roared.

"Okay, endure it, prepare to endure the pain!" said the **** of obscenity.

In an instant, Li Tian felt the wicked liquid rock collapse and began to quickly occupy his body veins.

A kind of piercing pain made Li Tian almost gritted his teeth, but Li Tian tried to resist screaming!

Immediately afterwards, Li Tian felt that the roots of the giant vine were pouring into his body like crazy!

...

In the square in front of Yecheng Huangzun Mansion, the material elder looked up at the towering tree growing from the Evergreen Longsword and the giant vines entwined around the tree.

The material elder knew that Wannianqing could give him a stronger combat effectiveness, but he was still not sure whether Li Tian was dead now.

"Whether you are dead or not, let me work harder!" The material elder said almost gritted his teeth.

A surging spiritual power pours into the Evergreen Longsword again, and the towering ancient books and winding giant vines are nourished by nourishment, and the spiritual power exuded is even more domineering.

At this moment, the material elder suddenly felt a strong suction from the eternal young sword, as if he wanted to **** all the spiritual power in his body.

The material elder was shocked and subconsciously let go of his arm.

Then the material elder saw an extremely terrifying scene, that towering giant tree, several hundreds of feet long giant vines were drawn into Li Tian's body at a speed visible to the naked eye!

The Evergreen Longsword was also dragged into the air, poof! The earth pierced Li Tian's body with a sound, and then, Li Tian seemed to be performing a magic trick, and even sucked the Evergreen Longsword in.

"Monster! Li Tian's mother is a monster!" The material elder was scared to pee!

Also about to be scared to urinate is Emperor Kuhai!

Just now, in order to show his strength, Emperor Kuhai used a big stick to smash Xiao Qingwa's body, and the flesh and blood flew all over the place. It was so cool!

Click!

When Emperor Kuhai's big stick hit Xiao Qingwa's head, that Xiao Qingwa's head was like a smashed eggshell, instantly golden light shone.

Then, a one-foot-sized little green tile with green oil like fluff all over his body and circles of golden pupils jumped out of the ***** head.

Cute goods!

However, the powerful killing intent emanating from this cute animal made the body of Emperor Kuhai tremble involuntarily.

"This... is this the Golden Eyed Lioness?"

Chapter 4653: : Self-inflicted do not live (1)

Woo!

Little Qingwa stared at the golden pupils, and bared his teeth at the Emperor Kuhai!

A powerful murderous aura continued to spread from Xiao Qingwa's body. The bitter sea Emperor who was followed by Xiao Qingwa didn't want to lose his reputation as the emperor, but facing the current Xiao Qingwa, his heart couldn't help but produce something in his heart. A sense of powerlessness!

Before the battle began, Emperor Kuhai had already desperately wanted to escape.

Little Qingwa did not give him this opportunity at all!

Little Qingwa's body leaned back slightly, and suddenly rushed forward!

Whoosh!

A green shadow faster than lightning flashed in the eyes of Emperor Kuhai, Emperor Kuhai wanted to parry and counterattack, but as soon as the big stick in his hand was raised, the figure of Xiao Qingwa returned to its original position again.

However, Emperor Kuhai could feel a slight pain in his chest.

The Kuhai royal family lowered his head and saw that his chest shirt had been torn apart, but there was an egg-sized wound in the torn shirt, and a piece of flesh and blood from the wound had disappeared.

Blood slowly leaked from the wound, and Emperor Kuhai's heartbeat could not help speeding up.

"How is it possible? Even if this Netherworld has evolved to a golden-eyed green lion, it is only the realm of the emperor, how can its speed be so fast?" Emperor Kuhai thought in horror.

The little blue tile has reached the realm of the emperor, and its body is dozens of times smaller than before, but the speed of the little blue tile has also increased seven or eight times.

The Bitter Sea Emperor is a powerhouse at the Emperor level. When facing the small blue tile, the weight he cast has no effect on the small blue tile. So far, he can use instant to escape from here, but he has a little Hesitated but was already taken the lead by Xiao Qingwa!

Ooh! ~

There was a trace of blood on the corner of Xiao Qingwa's mouth, still baring his teeth at Emperor Kuhai!

There are two ways to go in front of the Emperor of Bitter Sea. First, to protect the glory of his Emperor, even if you die here in battle, you have to fight against Xiaoqingwa. Second, it is important to save your life. Shi Zhan Shun escaped from here at the fastest speed!

Obviously, Emperor Kuhai thinks that his glory is more important without life, and when he casts his teleport, he escapes hundreds of meters away in an instant.

Of course, the Emperor of Bitter Sea escaped Yecheng directly by teleporting, and escaped from the kingdom of Yecheng Emperor. Unfortunately, the hapless Blood Domain Lord and others occupied Ye City and set up a large formation in Ye City, unless the Domain Lord Compared with the powerhouses in the super domain master realm, the maximum distance for others to teleport in Yecheng is only a few hundred meters!

Is this distance of several hundred meters bitter enough to escape?

If his opponent is an ordinary emperor, or a ninth-level expert of the emperor, the emperor of bitter sea can escape from Yecheng effortlessly. Unfortunately, the opponent he encounters is Xiaoqingwa, who has only two on each end. The year-old Nether Beast is a Nether Beast whose cultivation strength is stronger than his Bitter Sea Emperor!

Whoosh!

At the moment when the Emperor of Bitter Sea is teleporting, the little blue tile has rushed to the place of the Emperor of Bitter Sea at a faster speed!

The bitter sea emperor had just appeared hundreds of meters away, and the shadow of the little blue tile had already jumped over!

The Langya big stick in the hand of Emperor Bitter Sea slammed towards the small blue tile, but the little Qingwa was more flexible, and his forelimbs lightly tapped on the big stick with fangs, and rushed towards Emperor Bitter Sea at a faster speed!

This time the speed was faster, and the murderous aura on Xiao Qingwa's body had been completely released.

Emperor Kuhai only felt that the wound on his chest became more painful. He lowered his head and found that Xiao Qingwa's mouth had torn his chest apart. When he lowered his head, Emperor Kuhai could see his beating heart. !

All this has changed too fast. From the beginning of the battle to the moment when the sky is about to go dark, the battle situation in Yecheng has flipped several times!

The Emperor of Bitter Sea, a long-standing expert of the venerable level, was completely powerless under the attack of the golden-eyed lion!

These melon-eating crowds onlookers stared at the situation in front of them dumbfounded, all closed their mouths, and no strong man dared to jump to conclusions at will!

Emperor Kuhai wanted to escape, but he was entangled tightly by the little blue tile, but within a few tens of seconds, the little blue tile had torn out dozens of wounds on his body.

Xiao Qingwa is definitely the master who has grudges and will avenge him. This little thing used his sharp teeth to bite a piece of spiritual power sea salt from the sea salt stick in the hands of Emperor Kuhaihuangzun, and directly stuffed it into the heart and chest of Emperor Kuhaizun.

Emperor Kuhai finally knew how irritating it was to sprinkle salt on the wound, and the pain made Emperor Kuhai feel desperate!

"Little thing, why don't you kill me! Why don't you kill me now!" Emperor Kuhai shed his head, tears screaming at the little blue tile who was constantly biting his flesh and blood.

Hearing the painful cry of Emperor Kuhai Huangzun, the powerhouses onlookers trembled involuntarily!

"When you see this little thing in the future, you must avoid it. You must not provoke this little thing. Otherwise, with the character that this little thing will repay you, there will be absolutely no good fruit!"

In this battle, it was Xiao Qingwa who became famous first!

On the other side, Li Tian inhaled the towering trees, several giant vines, and Evergreen long swords into his body, and then there was a hint of unsatisfied expression on his face.

Huh!

Li Tian suddenly appeared in front of the material elder with a teleport!

Although the material elder was frightened by the appearance of the monster displayed by Li Tian, as a once super domain master, he is still a domain master level powerhouse, and his performance is not flustered!

The hands of the material elder were in claws, and the turquoise spiritual power kept entwining his claws, and then he slammed towards Li Tian!

Click!

Click!

The sharp claws caught Li Tian's shoulders, and instantly smashed the bones of Li Tian's shoulders.

The Heavenly Qiong Spear in Li Tian's hand also stabbed at the material elder.

"Hey, little thing, do you think that the idiot's routine against Lord Frostland can be useful to me? Hahaha!" The material elder was able to laugh wildly.

I saw that when the Qiong Spear of the sky pierced the abdomen of the material elder, the abdomen of the material elder appeared and turned into a hollow, and a few green vines stretched out in this hollow!

These vines were entwined on the Qiong Spear of the sky without any spiritual power fluctuations, and violently dragged Li Tian's body towards the material elder.

Then these vines continued to entangle Li Tian, and the green spiritual power on the two sharp claws of the material elder had entered Li Tian's crushed shoulders. Those green spiritual powers took root on Li Tian's shoulders, instantly like bamboo shoots after a rain. Dozens of green bamboos grow!

"Boy, you are not the only person in this world who can absorb the spiritual power of others, so let you be the fertilizer for my green bamboos! Hahaha" The material elder laughed wildly.

A weird smile appeared on Li Tian's mouth, and he said in a very strange voice: "You cannot live by committing sins!"

Chapter 4654: : Self-inflicted do not live (2)

What does this mean?

Are you stiff when you die?

Could it be that it has absorbed Divine Youth and absorbed the silly fork?

Is this act of death really good?

The material elder knew that Li Tian was very strong, and he did not dare to give Li Tian a chance to fight back!

Once the material elder gritted his teeth, his arms again surged with surging spiritual power, just like irrigating those green bamboos, flowing in again along Li Tian's scapula that had been scratched.

Soso!

More than a dozen green bamboos grew out of Li Tian's shoulders, and the roots of those green bamboos instantly grew Li Tian's muscles and blood vessels.

"Who commits sins and can't live? Li Tian, I want you to die today. It is not someone else who appears before you. It is my material elder. Because of the humiliation you and I have suffered, I will use your life today. Also!" Wu Zhi, the material elder, said with a grinning grin.

"You can't live by yourself!" Li Tian repeated this again with that strange voice, and then Li Tian's face suddenly became gloomy, revealing a weird sneer that was crippling.

What do you mean?

Suddenly, there was a trace of alertness in the heart of the elder material, he wanted to let go of Li Tian!

But at this moment, the green bamboos that grew from Li Tian's shoulder blades began to wither quickly, and the bamboo leaves turned yellow at a speed visible to the naked eye, and then they fell down.

Before the bamboo leaves fell to the ground, they were already broken into powder, and disappeared completely without a trace when blown by the wind.

At this time, the body of the obscene **** controlling Li Tian finally showed its fangs, and thousands of spiritual power tentacles drilled out of Li Tian's shattered shoulder blades, wrapping the materials tightly!

At this time, the wound on Li Tian's shoulder armor was getting bigger and bigger, as if two more blood basin mouths had suddenly grown on Li Tian's shoulder.

This is not the most terrifying. What's even more terrifying is that those spiritual power tentacles are actually pulling the body of the material elder, and constantly walking into the wound, as if Li Tian has become a cannibal monster, desperately again The elder swallowing supplies.

The onlookers were really frightened by Li Tian this time!

People-eating ghost beasts have seen many of these powerful men, and human-eating plants also exist in the dark forest, but it is the first time they have seen Li Tian, who devours plants, and Li Tian, who devours living people!

"This...what kind of monster is Li Tian? This kind of ability is really abnormal!"

"Who said no? Those tentacles absorbed the spiritual power of the Lord of Frost, and then swallowed this mysterious man's spiritual power towering tree, swallowed his weapons, and now even this man has been swallowed! This is to Against the sky!"

The faces of Donggong Ancient Sword and Donggong Tibetan Sword were very ugly. They used to think about assisting the Lord Yu Frost and the masked material elder to kill Li Tian together.

But now, even if they gave them some courage, they didn't dare to appear by Li Tian rashly!

Fighting against other strong people, even if you die, at least you can leave the corpse, and fight Li Tian, but you won't even keep the corpse!

After the material elder was entangled by the tentacles extending from Li Tian, he felt that the spiritual power in his body was completely out of his control.

The material elder did not want to die, he was struggling constantly, but like a flying insect falling on the spider web, no matter how the material elder struggled, he could not get rid of it.

The fear of death began to spread in the heart of the material elder!

"I...I can't die here, I don't want to die! Let me out! Let me out!" The material elder twisted his body, but the tentacles on his body became tighter and tighter.

The material elder felt that his bones were about to be crushed, and it took a long time for him to gradually adapt to this feeling, but at this moment, those tentacles first entered his seven orifices.

The material elder is really afraid that he will be sucked away by the tentacles like Yushuang Domain Lord, causing his cultivation to plummet again. But he waited for a long time, and these tentacles did not continue to absorb his spiritual power.

I don't know how long it took, the material elder felt the tentacles holding him stop.

The material elder felt that he had come to a very vast space, and the tentacles entwined with the material elder gradually relaxed. The material elder tried to break free from the shackles of the tentacles, but found that he could not do it at all.

Soso!

The material elder released a ray of spiritual consciousness, wanting to see where he is trapped now, and whether it is possible to leave here alive.

Divine Sense drilled out of the gap in the entangled tentacles and slowly spread to the surroundings.

"This...what is this place? How could my towering giant tree, my nine giant vines, and my evergreen sword appear here?"

"I remember that these things have been absorbed into Li Tian's body? Could it be...Is it that I have entered Li Tian's body now?"

"If this is the case, doesn't it mean that I have lost the opportunity to escape? No... I definitely don't admit my fate! Even if I am going to die, I will pull Li Tian as a backstop!" The material elder thought of blew up in an instant.

"Hey! Don't do anything in vain. If you want to explode, you will wait for the next life! Oh, sorry, I remembered wrong, I am afraid you will never have a chance, because you will be sucked cleanly by me, Including your physical body, spiritual power, and soul! Hahaha!" A weird voice suddenly sounded in the mind of the material elder.

This voice is very familiar to the elders, and it is the voice that said "self-inflicted and cannot live" from Li Tian's mouth.

"You...you are not Li Tian..." the material elder said.

"Yes, it seems that you are not too stupid! You should be proud of being able to die under the hand of my uncle, because I'm a man called a god!" said the **** of obscenity triumphantly.

In Li Tian's heart, an ocean-like lake, a small island appeared in the middle of the lake. If you look closely, you will find that this small island is actually the long sword Evergreen of the Material Elder, and on this Evergreen, one Towering trees, and nine giant vines entwined on the trees!

Under the big tree, there is a threatening **** like a rock. The tentacles extending from this rock are sticking into the material elder trapped in the giant vine, and it feels like a drip of infusion, but the difference is that at this time, The spiritual power in the material elder is slowly flowing towards the **** of obscenity!

The material elder now understands what is meant by self-inflicted crime!

He originally wanted to use his cultivation ability to absorb Li Tian's spiritual power, but he didn't expect the mantis to catch the cicada and the oriole. Now he has become an obscene spiritual 'drink'.

The material elder can't die if he wants to die now. He can only watch the spiritual power in his body's veins continue to flow to the rocky guy next to him, and can only watch his cultivation base start to plummet.

The Threat God has returned the control of Li Tian's body to Li Tian, and now Li Tian is urgently dealing with the wounds on his two shoulder armors.

"Obscene god, you are a bastard! The spiritual power of this material elder was swallowed by you, but it almost destroyed my body! If this happens again next time, you will never think about controlling my body again!" Li Tian said dissatisfiedly.

The obscene **** suddenly became a little unhappy, and said mockingly: "What you said is as if I want to control your body. This material elder's spiritual power can also be given to you, but can

you swallow it? Insatiable, be careful. The body can't bear it, causing it to explode! You will first fully refine the spiritual power absorbed from the Frostland Master!"

Li Tian stopped talking!

Although his body was severely damaged, he did not bloodshed to get rid of this powerful fellow, the material elder.

The only thing that made Li Tian upset was that the spiritual power of the material elders now belongs to the ***** of obscenity!

But at this time Li Tian didn't care about so much.

We can't absorb all the powers of the domain master level, can we not absorb the powers of the emperor level?

"Domain master, domain master realm, I'm here, Li Tian!" Li Tian's eyes quickly swept across the square.

At this time, the small hot pot that was beaten passively everywhere, the temperless small hot pot that was beaten, finally broke out!

Chapter 4655: : The small hot pot goes wild (1) (first more)

Promise Yin and Yang Fish Array.

Since falling into this big battle, Little Hotpot has been beaten by Wuji Huangzun and is quite temperless!

The man made the knife and I was the fish!

Little Hot Pot felt as if he had been ***** in his hands and feet, and there was no way to display his full strength.

And Wuji Huangzun also showed his ability to hide in the dark sneak attacks to the fullest.

puff!

puff!

puff!

The Wuji Yin-Yang long sword in the hands of the Emperor Wuji would pierce the body of the small hot pot from time to time, and every time the long sword was pulled out, a series of hot lava would be brought out from the small hot pot.

It's like blood!

After the initial panic, the small hot pot gradually calmed down!

Little Hot Pot was in the darkness, and couldn't tell when and in which way Emperor Wuji would attack him again.

At the beginning, the little hot pot pinned its hopes on Li Tian, hoping that Li Tian could end the battle as soon as possible and save him from the deep waters.

However, as time went by, Little Hot Pot knew that Li Tian and others might have also fallen into a hard fight.

It is better to ask for yourself. Since Li Tian cannot be counted on, then the small hot pot must learn to save himself.

After all, his little hot pot is also a powerful person at the Emperor level.

The small hot pot began to lay out slowly, continuously spraying magma around.

These magma disappeared into the darkness and fell on the ground without causing any danger to Wuji Emperor.

From the perspective of the situation, Wuji Huangzun has all kinds of advantages, all kinds of small hot pots.

However, before he knew it, the layout of the small hot pot had been completed, and his sprayed magma almost occupied the entire yin fish ground of the Promise Yin Yang Fish Array.

Although the small hot pot still hasn't found the flaws of the Wuji Yinyang Fish Array, there is a smile on the corner of the small hot pot's mouth, because the rocks on the ground are like the skin of the small hot pot, and the small hot pot can already feel where the Wuji Emperor is. s position.

"Laugh? Why does the Rock Fire Clan laugh? Has the Rock Fire Clan found the flaw in my big array?" The smile on the face of the little hot pot fell in the eyes of Emperor Wuji, making Wuji Huangzun's heart feel It's hairy for a while.

impossible!

Soon the Emperor Wuji overthrew his thoughts.

"The Yanhuo Clan is now in the Yin Yu, his sight, smell, hearing, etc. are almost all invalid, how could he find the flaws in my big array?"

Bluffing when you die!

Thinking of this, Wuji Emperor's face also showed a slight smile.

Although the Wuji Emperor's cultivation cannot absorb the other's spiritual power like Li Tian and the material elders, and use the opponent's spiritual power for his own use, he cannot use the scattered spiritual power trapped in the nine-story yellow building like the Huanglou Huangzun. Consolidate the big formation, but Wuji Huangzun can divide the spiritual power of the small hot pot through his unique method.

It's just like pulling off the cocoon, as long as the Wuji Emperor is given time, the Wuji Emperor can unknowingly draw out all the spiritual power of the whole body of the small hot pot!

The onlookers couldn't feel the horror of the Wuji Emperor, but the small hot pot in the Wuji Yin Yang Fish Array felt clearly. He knew that his spiritual power was constantly being consumed.

And these spiritual powers have been transferred to Wuji Yinyang Yuyangyu by Wuji Emperor using the big formation. If the small hot pot breaks through the big formation, then those spiritual powers will not be able to return to the body of the small hot pot.

"Hey, even if you are also an emperor-level powerhouse, even if your body is not afraid of swords, even if you have no trend of defeat, but in my big battle, you are just a tiger that has lost its minions, and you will never escape. Die!"

Huh!

The Emperor Wuji shook the long sword in his hand, a little bit with his feet, and slammed into the back of the small hot pot.

Just as the long sword was about to pierce the body of the small hot pot, the small hot pot suddenly turned around and showed a weird smile to the Wuji Emperor, and the red magma iron fist of the small hot pot hit the Wuji Huangzun heavily.

The eyes of the Promise Emperor revealed a trace of fear!

He pierced the body of the little hot pot with this sword, and would not kill the little hot pot. He could not even damage the little hot pot. But if the magma iron fist of the little hot pot fell on him, then he would be a powerful emperor. , It will inevitably be hit hard.

The Wuji Emperor's wrist flicked, and the spiritual power long sword changed from offensive to defensive, and instantly stood in front of him.

boom!

With a loud noise, a powerful force smashed the long sword like a sledgehammer. The spiritual power sword was instantly blasted into a bow, and then shattered into spiritual power fragments, while the small hot pot's magma iron fist attack was slightly reduced, and it still rushed. Emperor Xiang Wuji.

Hum!

At this moment, the Wuji Yin Yang fish pattern on the Wuji Emperor's long gown flashed a ball of light, and the Wuji Yin Yang fish pattern floated out of his body, blocking him like a shield.

boom!

The magma iron fist of the small hot pot landed on this pattern, smashing the Promise Yin Yang fish shield to pieces again.

Wuji Huangzun took the opportunity and slammed his body backward and disappeared into the darkness again.

"How is it possible? How did the Yanhuo clan judge my attack? Is my Promise Yin Yang Fish Array already invalid for him? Impossible, absolutely impossible, this must be a coincidence, it must be an accident!"

The simple blow of the small hot pot made Wuji Huangzun a cold sweat.

However, as soon as Wuji Huangzun's body landed, he saw the small hot pot punch again. A ball of red magma the size of a foot blasted from the fist of the small hot pot, and shot at Wuji Huangzun at the speed of a cannonball.

The scarlet magma was swallowed by the darkness as soon as it escaped from the fist of the small hot pot, completely solidified and turned into a rock.

"Isn't this a coincidence?" The Wuji Emperor was a little messy in an instant, a long sword condensed in his hand again, his wrist flicked, huh! Cut the rock with a sword and cut the rock in half.

"Just let me test you again!"

The Emperor Wuji's feet are a little on the ground, and he is constantly running around the small hot pot, and the long sword in his hand has been aimed at the small hot pot!

"This time, I will chop off your head with a sword!"

Huh!

Huh!

Huh!

The Emperor Wuji attacked three swords in succession, and the first sword of these three swords was not accidentally cut on the neck of the small hot pot, almost cutting off the head of the small hot pot.

But before the two swords behind fell on the small hot pot, the magma iron fist of the small hot pot blasted towards the Wuji Emperor.

Fortunately, the Emperor Wuji had prepared it a long time ago, but the magma fist of the small hot pot was still the Wuji Yin-Yang fish shield released by the Emperor Wuji once again.

Then, the small hot pot began to chase the Wuji Emperor!

"This...Is this ***** an emperor-level powerhouse? His spiritual power has been harvested so much by me, but why is this ***** still so strong? This is in my Wuji Emperor's Promise Yin Yang Fish Array. !"

"I don't accept it! I don't accept it!"

Chapter 4656: : The small hot pot goes wild (2) (2nd more)

The attention of the onlookers who have been determined to shut up is attracted to the small hot pot and the Wuji Emperor, and these powerhouses are full of doubts.

"What's the situation? Why did the Yanhuo clan suddenly resurrected with blood?"

"How did the Promise Emperor do it? As an emperor-level powerhouse, is it appropriate to be crushed and beaten by the Yanhuo Clan like this?"

"Yes, he is the emperor, isn't the emperor of the netherworld so weak now?"

"Look at what you said, it seems that the strong rock fire clan is not in the realm of the emperor! Besides, before the emperor of the rock fire clan was slinged by the Wuji emperor, you didn't feel wrong. Do you feel inappropriate to fight Wuji Emperor?"

This seems to be true, but because Wuji Huangzun is a long-famous Huangzun-level powerhouse, in the past history, Wuji Huangzun has proven himself with his strength.

In the hearts of these powerhouses, they are more inclined to Wuji Huangzun, just like fans of Wuji Huangzun, and naturally hope that Wuji Huangzun abuses small hot pots.

However, the facts at this time were not as they wished.

After the small hot pot is backlogged, the anger must be released. In addition, in the current Wuji Yin-Yang Fish and Big Array Yin Yu, the advantage of Wuji Huang Zun has disappeared. On the contrary, this has become the home of the small hot pot. .

boom!

boom!

boom!

The crimson magma iron fist kept slamming on the Wuji Emperor. The Wuji Emperor was completely panicked, and could only stop using the Wuji Yin Yang Fish Shield to stop it!

At the beginning, the Wuji Yin-Yang fish on the gown worn by the Emperor Wuji was bright in color, and even in the dark, the pattern was particularly dazzling.

It's a pity that as this Wuji Yin Yang fish shield was constantly bombarded, the pattern on the gown worn by the Emperor Wuji had become a little gloomy, and even the Wuji Yin Yang fish design became blurred.

This gown is a masterpiece of Wuji Emperor, a work of his many years of cultivation.

With this gown, the Wuji Emperor can withstand three full blows from a domain master-level powerhouse, which is equivalent to giving the Wuji Emperor a three chances to escape under the domain master-level powerhouse.

But now, Wuji Huangzun is only facing Huangzun-level powerhouses, and he is already so embarrassed.

It stands to reason that as a royal-level powerhouse, Wuji Huangzun and Little Hotpot should not be so far apart. Unfortunately, the strength of Little Hotpot seems to completely restrain Wuji Huangzun.

The Wuji Emperor's attack caused limited damage to the small hot pot, making him miss the dominant time for so long.

boom!

Another punch came!

The hot magma iron fist smashed the Wuji Yin Yang fish shield in an instant. Although the darkness of the Yin Yu kept swallowing the flames on the iron fist, the fist still fell on the body of the Wuji Emperor.

boom!

The hot magma still injured Wuji Huangzun's body, Wuji Huangzun only felt a pain in his skin, and the spiritual power gown on his body began to burn at this moment.

Wuji Huangzun was shocked, his feet dropped a little on the ground, and his body flew back into the darkness instantly.

The spiritual power gown of the Promise Emperor burned faster and extinguished faster, but in an instant, the flame was completely swallowed by the darkness!

Rao is so, Wuji Emperor is also very scared!

"Nemesis, this mixed ball rock fire clan is the nemesis of my Promise. Now in this Yin Yu, this mixed ball has completely adapted to this illusion. If it doesn't work, I have to move my position and hide in the Yang Yu!"

Wuji Huangzun has no intention of fighting, his figure flashed, his feet were tapped on the ground several times, and he galloped towards the Yin Yu's white eyes. The Wuji Emperor's body just stood on the Yin Yu's white eyes, his body seemed to be plunged into quicksand The same, disappear instantly.

For a second, Wuji Huangzun has appeared in the yang fish of the Wuji Yin Yang Fish Array.

That punch just now was the first time that the small hot pot had been trapped in the Wuji Yin and Yang in the Great Array for so long, and it attacked the body of the Wuji Emperor! The little hot pot was about to take advantage of the heat and continue to chase the Wuji Emperor, but in just a few seconds, the Wuji Emperor disappeared again.

"Where is this ***** guy hiding?"

The little hot pot felt the rocks on the ground, but found that there was no shadow of Wuji Huangzun where these rocks were.

This made the anger that the little hot pot was about to vent was suffocated alive, as if a punch was hit on the cotton, it really made the little hot pot feel like he wanted to vomit blood.

...

Li Tian fell to the ground weakly, his left and right shoulder bones had been crushed by the material elders, with the help of the threatening god, Li Tian reluctantly cleaned the wound with the green tree, and did a simple dressing.

But even so, Li Tian's two arms still felt that they couldn't use their power.

Fortunately, after the Lord of Frost Territory was bitten to death by the small blue tile, the cultivation base of the Red Slash clone of Lord Frost Territory plummeted, and Hong Zhan changed back to the original appearance of the Demon Sword.

Li Tian stopped Void Yasha in real time!

Huh!

Hong Zhan fell from the sky and plunged into the ground of the square.

Li Tian's eyes were a bit angry, staring at Hong Zhan, and said coldly: "Hong Zhan, do you remember me Li Tian?"

The hilt of Hong Zhan shook slightly, and he didn't know whether Hong Zhan was nodding or shaking his head!

However, Li Tian could feel that Hong Zhan's knife still released a kind of resentment towards Li Tian, and he didn't know whether this was due to Yu Frost's residual consciousness or because Hong Zhan himself was full of anger towards Li Tian.

"Hong Zhan, are you so qualified to treat me with this kind of attitude? If you are not brought back from another world to the earth world without me, you will be exiled to another world forever! And, don't forget that I am your master !" Li Tian shouted at Hong Zhan angrily.

The powerful people onlookers are stupid!

Strange things happen every year, especially today. It is the first time that many strong men have seen someone talking to Weapons.

However, at this moment, Hong Zhan's blade was slowly drawn from the square!

Huh!

A red light flashed, that Hong Zhan actually flew in front of Li Tian, and the blade slashed towards Li Tian's neck!

"Ah!~"

"The Lord Yushuang Domain has appeared!"

"Fuck, Li Tian is probably going to die now!"

However, Hong Zhan's blade stopped abruptly at a distance of less than two or three centimeters from Li Tian's neck, but that blade's sword energy had already cut a wound on Li Tian's neck.

The blood ran down the wound!

Li Tian could feel the anger on Hong Zhan's body. This anger was sent by the sword spirit of Hong Zhan, not from the lingering sense of the Lord of Frost Territory!

Hong Zhan's blade was shaking, and he uttered a series of calls, as if he was hesitant!

Li Tian closed his eyes, feeling Hong Zhan's anger!

With the anger Li Tian felt, Li Tian's body seemed to go into darkness instantly.

"Where is this? What does it taste like? Could it be..."

Li Tian suddenly felt that Tang Feifei's body appeared before his eyes!

Everything is understood!

Li Tian was the owner of Hong Zhan, but when Li Tian decided to let Hong Zhan be buried with Tang Feifei, and left Hong Zhan in the ground, it made Hong Zhan feel that he was abandoned.

There was also a trace of anger towards Li Tian, and it was this trace of anger that allowed the Lord Yushuangyu to take advantage of it!

"Sorry, it is my fault!"

"I didn't think about your feelings! I'm sorry! If you think that continuing to kill me can eliminate your anger, then continue to kill me!"

As an orphan, Li Tian can most feel the feeling of being abandoned. When he said this, tears flowed down his cheeks involuntarily.

Hum!

Buzzing!

Chapter 4657: : Love in a lifetime (3rd more)

The frequency of Hong Zhan's vibration is getting faster and faster, and the blade of Hong Zhan is getting closer and closer to Li Tian's neck!

Just now, Li Tian sent it with feelings, and those few words said the truth, but...If Hong Zhan really dared to cut it down, Li Tian would definitely avoid it, and then would definitely exile Hong Zhan into the turbulent void.

For Li Tian, Hong Zhan was just a weapon, just a weapon for him, even if the sword spirit of Hong Zhan had awakened and had human-like consciousness, it was powerless.

Who would lose his life for a demon knife?

Even if Lord Yu Frost knew that he would lose his life because of Red Slash, Lord Yushuang would definitely not choose Red Slash.

Li Tian's words are beautiful, this is giving Hongzhan a chance!

Buzzing!

It can be seen that Hong Zhan is very hesitant, and there is a whine from the blade!

At that time, Hong Zhan was only 0.01 cm from Li Tian's throat, but after a quarter of Zhuxiang, that Hong Zhan would follow Li Tian desperately.

Because Li Tian decided to tell a lie!

Although Li Tian told countless lies in his life, I think this one is the most perfect.

"I used to have a sincere love in front of me. I didn't cherish it. I regretted it when I lost it. The most painful thing in the world is nothing more than this. Your sword is cut in my throat. Don't Hesitating. If God can give me a chance to do it again, I will say three words to it: "I love you". If I have to add a time limit to this "love", I hope it will be 10,000 year."

With the heavyweight lines and the perfect acting skills of Li Tian's true feelings, Li Tian did not believe that Hong Zhan could not resist the temptation of this lie.

Hong Zhan really trembled more severely, and the wailing voice became like a woman crying.

Li Tian was shocked. He had seen the sword spirit of Hong Zhan. Why is Hong Zhan's wailing sound like the cry of a woman? Is this an illusion?

In any case, Li Tian decided to use the next skill to completely subdue Hong Zhan!

Huh!

Turning it over, an acoustic guitar has fallen into Li Tian's hands. Li Tian held the acoustic guitar in his arms and gently plucked the strings.

The strong onlookers are crazy!

What's going on?

Isn't this kind of picture too inconsistent?

Li Tian was still plucking the strings, and then sang the ending song of "Journey to the West" with his unique voice: "The Love of a Lifetime"!

Yesterday and today I will not come back

The color becomes pale when the red face falls

Love is still there

Wish to wait for you to drift outside the white clouds

Love makes people sad

Destiny cannot be changed in the world

Let go can't love again

Is this an arrangement from heaven

Lover leaves and never returns

Silent sigh, love is no more

Although the flowers will fall apart

But will reopen

It's like the love of the world is outside the white clouds

Love makes people sad

Destiny cannot be changed in the world

Let go can't love again

Is this an arrangement from heaven

Li Tian's voice is not good, and his singing skills are average. But when he sang this song, Li Tian's heart was thinking of Tang Feifei's figure, thinking of Tang Feifei's voice and smile, thinking of Tang Feifei becoming The picture of the corpse puppet finally dying in his arms.

Feeling lonely in the depths of love, Li Tian couldn't help leaving a few tears in the corner of his eyes.

These tears are not acting, but Li Tian's feelings and true feelings!

When Li Tian's singing voice came out, the onlookers saw Li Tian as if he was a lonely man trapped by love. The eyes of this man were full of tenderness.

The onlookers were quiet, even the Donggong Ancient Sword and the Donggong Hidden Sword did not say a word, no one wanted to make a certain noise to destroy this mood!

In the distance, You Yin Rou, who was fighting with the Giant Domain Master, was knocked to the ground, and the Giant Domain Master's huge palm was slapped towards You Yin Rou at a rapid speed.

At this moment, the Giant Domain Master heard Li Tian's piano and Li Tian's singing.

The giant's domain master who had already forced You Yin Rou into death's huge palm suddenly stopped when he was less than one meter away from You Yin Rou!

Youanrou doesn't know what's going on, so she can play bow and arrow quickly!

Whoosh!

A heavy arrow with golden spiritual power directly shot through the palm of the giant domain master and through the arm.

A cloud of blood mist burst into the giant palm of the domain master instantly, and then the rocks on his arm fell one after another, and the trees, flowers and plants on the rocks began to wither instantly!

But the giant domain master opened his palm and placed it on the dark soft, so as not to let the falling rocks, flowers and trees hit the dark soft!

At this time, You Anrou also heard Li Tian's piano and Li Tian's singing!

"Could it be that the giant domain master suddenly stopped because he heard Li Tian's singing? This is too amazing, right?"

The Giant Domain Master looked at Li Tian on the distant square. Hearing Li Tian's singing, he suddenly exhaled a suffocating breath and said to the dark soft, "I lost!"

"You Yinrou hasn't reacted yet!"

The Giant Domain Master didn't know if You Anrou heard him, and he didn't want to say more at this time.

There was a kind of loneliness and sadness in his eyes that had never been before, and the big tears kept flowing down, like a waterfall flowing down a hill.

Li Tian is an amazing man, the Netherworld has such a man to be more lively!

"The strength of my giant domain master is also top-notch among all domain masters. I have never convinced anyone before, but today, after hearing this song by Li Tian, I can't afford the least desire to fight! I lost, today I lost under Li Tian's hands, I have no regrets for losing!" The Giant Domain Master thought in his heart.

"However, the promoters behind today's incident are the Eastern Palace Super God Family. Now that the Lord Yu Frost has been beheaded, the Eastern Palace Super God Family will definitely not let it go. There is only so much I can do. Do it yourself!"

Huh!

Thinking of this, the giant domain master disappeared with a teleport.

After the rest of his life, Gloom and soft couldn't help letting out a long breath!

This is the first time Youanrou fought with the Giant Domain Lord, but she didn't expect that the battle would be so free of suspense.

At this time, You Yinrou felt her whole body sore and collapsed to the ground.

Li Tian's singing still floated above Yecheng, and Yecheng was unusually quiet in the setting sun.

"No matter how many women there are in your heart, I can feel that your love for these women is sincere! Following you, I am gloomy and soft without regrets!"

...

Sing a song!

Hong Zhan is still floating around Li Tian's neck.

I don't know if Li Tian's words and the song Red Zhan can be understood, this is no longer important!

Li Tian seemed to bid farewell to the past of the earth world, and the guilt in his heart for Tang Feifei and other women also disappeared with this song.

"Hong Zhan, come back!"

Li Tian gritted his teeth, stretched out his hand, and grabbed the hilt of Hong Zhan.

Li Tian's palm just touched the hilt of Hong Zhan's knife, but Hong Zhan let out a whine!

Whoosh!

Hong Zhan flew out and disappeared into the sky!

Chapter 4658: : Xiaolong's Boxing (1) (4th more)

Aha~ I finally lost you, in a crowd...

Well, not poor anymore!

Li Tian watched Hong Zhan fly away, feeling a little lost in his heart.

Love words are spoken, love songs are sung, and Li Tian is more attentive to Hong Zhan Li Tian than to his woman, so there is no way to keep Hong Zhan, then Li Tian can only hehe!

The love song Li Tian sang was not useless, at least Tang Xiaolong stood up firmly, raised his **** to Li Tian, and said hello to Li Tian.

Those jokes on the Internet before the end of the world are repeated in Li Tian and Tang Xiaolong today. That is a joy in Li Tian's heart!

Of course, the battle is not over yet!

Li Tian wanted to stand up pretendingly, and shouted at the onlookers: "Is there a king law? Is there a law? Who else!"

But seeing the look of Donggong Ancient Sword and Donggong Hidden Swords staring at him, Li Tian still didn't have the courage to act like this.

It is no coincidence that the book was not written. When Tang Xiaolong was 'awakened', the thick ice layer that fell on the King of Fighters also made a click! Click! Sound, and then big chunks of ice kept falling down.

This is the rhythm to kill Tang Xiaolong!

Tang Xiaolong jumped up abruptly, closed his eyes slowly, and opened them quickly.

Then, under the gaze of many strong men, Tang Xiaolong's iron fist kept falling on these falling ice cubes!

Lift weights lightly!

Every punch Tang Xiaolong shook seemed to have at least tens of thousands of tons of power, but when Tang Xiaolong's fist finally landed on the ice cubes, those ice cubes were not damaged at all, but flew lightly. To the distance, and then slowly fell to the ground.

The masters present with the weakest cultivation base also possessed the ninth-level early stage of Venerable. Seeing Tang Xiaolong's performance, he involuntarily squinted his eyes and stared intently at the punches.

A faint smile appeared on Emperor Canghai's face involuntarily.

Even if Tang Xiaolong is on the ground, the Great Emperor Canghai still believes that Tang Xiaolong will not admit defeat and will definitely stand up. Now Tang Xiaolong has proved the Great Emperor Canghai's conjecture with his performance!

"This kid is really a genius, he can actually understand boxing during the battle..." The Great Emperor Canghai said to himself.

For the words of Emperor Canghai, the other strong men around him immediately sneered.

This is also called comprehension?

Although the former Tang Xiaolong was not the opponent of the King of Fighters, after all, a man who can withstand the King of Fighters and Six Punches is considered a rare powerhouse, but now?

Tang Xiaolong's fist is an embroidered pillow.

Don't look at every punch of Tang blasting out majestic, but even the ice can't be broken. Isn't this a step backward?

Of course, this is also the mind of these strong people.

Whoever feels free will go to argue with a domain master-level powerhouse, besides, Tang Xiaolong's cultivation base has nothing to do with them.

These powerhouses just want to watch the excitement, and by the way, see what kind of development the Netherworld will have in the future.

...

boom!

The ice cube on the King of Fighters almost fell. When his body gradually regained consciousness, he immediately blasted a few punches at Tang Xiaolong, but the body of the King of Fighters was still a bit stiff at this time. It aimed at Tang Xiaolong, but finally landed on the square.

boom!

boom!

The ground of the square was trembling constantly, Tang Xiaolong's face was as usual, he was already hitting the falling ice cubes, in Tang Xiaolong's eyes, it was as if the King of Fighters did not exist.

"Good boy, dare to despise me so much. Today I give you time to despise me. After my body is fully recovered, I will let you know the consequences of angering the King of Fighters! The next four punches will definitely bring you down. The arrogant kid is blasted into scum!"

The King of Fighters is the King of Fighters in the Netherworld, and the king of masters with fists. Even the domain masters must be polite to the King of Fighters by three points, which shows his status in the Netherworld.

But today, the King of Fighters actually stumbled on Tang Xiaolong, and Tang Xiaolong used the emperor Canghai's "Nine Changes of Mystery" to freeze his body. This has made the King of Fighters feel embarrassed enough, and now he is attacking. Tang Xiaolong was actually ignored by Tang Xiaolong. It was like sprinkling salt on the wound of the King of Fighters and stabbing a knife in the heart of the King of Fighters.

The King of Fighters continued to bombard this Tang Xiaolong with anger. The King of Fighters did not deliberately bombard Tang Xiaolong, but seized the time to reserve spiritual power and prepare for his seventh punch!

Gradually, a smile appeared on the face of the King of Ten Fights, and finally he couldn't help laughing again: "Boy, if you have the ability, take my seventh punch!"

boom!

The fist of the King of Fighters fell from above, and when the fist fell, the spiritual power on the fist of the King of Fighters actually burned!

This is not a fist, but a meteorite falling from the sky!

At this moment, the meteorite had the smell of an obscene **** when it landed. The powerful pressure made all the strong in the square look sideways, and everyone held their breath, wanting to see how Tang Xiaolong took this punch.

The obscene **** who was constantly refining the spiritual power of the material elder seemed to have also noticed the punch of the Ten Fist King Zun, but soon he shook his head and continued to refine the material elder in Li Tian's heart.

When the Great Emperor Canghai saw the punch of the Ten Boxing Kings, his face changed involuntarily, and he subconsciously shouted at Tang Xiaolong: "Tang Xiaolong! Be careful!"

When the Great Emperor Canghai yelled these words, Tang Xiaolong finally raised his head, with his feet on the ground a little bit, and blasted a punch at the fist of the Emperor of Ten Fights like a meteor.

This punch seemed extremely simple. When he blasted this punch, the Great Emperor Canghai saw Tang Xiaolong's whole body instantly release countless ice lights.

This square instantly felt like a double sky of ice and fire.

The air above three meters is hot, the hot fist of the King of Fighters seems to be able to ignite the air, and the space below three meters, as well as the ground, seems to be frozen.

boom!

The two punches finally fell together, and the burning spiritual power of the King of Fighters was rapidly melting the ice light, but the ice light continued to shoot out from Tang Xiaolong's fist!

One second...

Two seconds...

Three seconds...

Both fists are in a stalemate like this!

However, the strong people present felt that the hot feeling was gradually fading, and the entire square, no, even the entire Yecheng seemed to enter the winter in an instant.

"Blue is better than blue. I didn't expect Tang Xiaolong to practice my "Nine Changes of the Profound Cold", and his comprehension of the exercises is better than me! It seems that I am betting right this time!" Thought a little smugly.

The King of Fighters could hardly believe everything in front of him!

He had just freed himself from the ice blasted by Tang Xiaolong and had already cast his seventh punch, but this punch was so easily broken by Tang Xiaolong, which made the King of Fighters almost want to vomit blood!

Do not!

"I am the king of fighters in the underworld. I can't accept such a result! Boy, you forced me, you forced me to use my tricks! Now I will use three punches to agree with, and use my strongest last three. Fist into a punch, destroy you, a lifeless kid, and destroy the entire Yecheng!" The King of Fighters roared.

Chapter 4659: : Xiaolong's Boxing (2) (5th more)

When the King of Fighters shouted these words, his other hand clenched into a fist, and he slammed two punches into his chest!

boom!

boom!

These two punches are just ordinary two punches, but even ordinary two punches are not something ordinary people can bear!

These two punches can at least make the strong man of the ninth level of the venerable be wiped out in ashes, and fall on the tenth king of fighters himself. It is also uncomfortable. The two punches completely shattered his clothes, and the broken pieces of cloth were like butterflies. Flying.

"Why? You don't need to take off your pants if you can't fight!"

"Please don't be funny, okay? Do you think that all the powerhouses of the emperor rank are like you? And take off their pants?"

"If I guessed correctly, this should be the secret technique of the King of Fighters, and it should also be the killer of the King of Fighters!"

"Tang Xiaolong is really powerful, and he can force the King of Fighters to use his assassin!"

"The domain master Yushuang was killed, the mysterious mask domain master was swallowed, the giant domain master has fled Yecheng, and the situation has been completely reversed. The victorious Li Tian is leaning toward Li Tian. Does this Ten King of Fighters need to work so hard? ?"

"You know what Mao, this is the battle of honor, it is the battle of the strongest king of fighters in the nether world, hey, how can a little rookie like you in the early stage of the ninth level of Venerable know what honor is?"

"Well, if I want to lose my life, I would rather be my rookie!"

"So you are still a rookie in the early stage of Venerable's ninth level, and Tang Xiaolong, Li Tian and others are already in the realm of the emperor, but they have the strength not to lose to the domain master!"

...

The deeds of the King of Fighters will not change because of the words of the onlookers!

Two consecutive punches fell on his chest, and even the King of Fighters himself could hear the sound of his chest ribs being broken by him!

But how can this be!

The King of Fighters is now going to show his most gorgeous attack!

After a few punches fell, the King of Fighters raised his head fiercely, pouting a few bites of blood into the sky!

puff!

puff!

These mouthfuls of blood spurted out, floating and spilt, like a rain of blood falling down.

These rains of blood fell on the body of the King of Fighters, and then continued to flow down along the naked body of the King of Fighters, and the area where the blood was flowing immediately flashed a red light, and the blood seemed to be alive and red. Runes are average.

Whoosh!

Whoosh!

When these blood can move freely, they will continue to gather towards the right arm of the King of Fighters, one by one!

The more the blood gathered, the right arm of the King of Fighters seemed to be bloodshot, gradually turning red, and the whole arm of the King of Fighters became a bit stronger than before.

The other blood that did not fall on the King of Fighters turned into burning spiritual power in the process of falling!

The sky fire started a prairie fire. These **** flames containing rich spiritual power seemed to completely melt the ice sheet released by Tang Xiaolong!

The battle has entered a fever!

Tang Xiaolong's complexion was as usual. He looked up at the face that was distorted by the Secret Technique of the Emperor of Ten Fights. He couldn't help sighing and shook his head again!

After fighting, coma, and awakening, Tang Xiaolong had a new understanding of his boxing skills!

In the past, Tang Xiaolong practiced "Ten Refining Body". At that time, his fist was a destructive fist. With the continuous improvement of his cultivation, every punch he blasted out was a multiplication of strength, and every punch could easily End the lives of other people!

It's just that there is always a limit to cultivation, and Tang Xiaolong's fist has a limit, just like facing the Ten Boxing King, Tang Xiaolong is always at a disadvantage!

Even if Tang Xiaolong combined "Xuanhan Nine Changes", the lethality of Tang Xiaolong's fist was still limited.

Tang Xiaolong could not defeat the King of Fighters, and could not give the King of Fighters a fatal blow.

In the process of coma, Tang Xiaolong seemed to have returned to the underground palace of the Watchtower Temple again, and once again saw the same clan waiting for him to return. In the process of communicating with those same clan, Tang Xiaolong suddenly realized!

His fist is a killer, and his fist was born to kill other strong men.

However, his fist is also not a killer, his fist is to protect his family, to protect the most important person in his life!

Thinking of this, the problem that has plagued Tang Xiaolong for many years is solved!

And Tang Xiaolong had a deeper understanding of his martial arts.

Now, the King of Fighters is fighting for his reputation, and Tang Xiaolong is fighting for protection!

For the sake of fame this belongs to desire, for protection, this belongs to love!

Of course, Tang Xiaolong's epiphany is also closely related to Li Tian's "Love in a lifetime". Therefore, after Tang Xiaolong woke up, in order to express his feelings for Li Tian, he put up his noble middle finger!

"Put down the butcher knife and become a Buddha on the spot! The King of Fighters, you are not my opponent!" Tang Xiaolong said calmly to the King of Fighters.

"Hahaha, there must be a degree of pretence, now my tenth king of fighters is ready for the strongest blow, boy, you will bear my strongest blow, go to ***** and continue to pretend to be forced!" He raised his right fist, and then blasted Tang Xiaolong heavily.

The sky was already dark, and the entire Yecheng had fallen into darkness.

However, when the strongest three punches of the Ten Boxing Kings fell in agreement, many onlookers clearly felt that the entire Yecheng was illuminated by this punch.

The fist has not yet fallen, the dark sky has changed color, and the earth is trembling slightly.

The onlookers showed horrified expressions on their faces. In order to avoid damaging the fish pond, they kept jumping back, only to escape several kilometers away in a flash.

"So strong! The power of this punch has probably reached the strongest blow at the domain master level, right?"

"More than that, I feel that at least there is the power of emperor-level powerhouses to explode!"

"This Yecheng won't really disappear with a punch of the King of Fighters?"

"The self-destruction of a powerful emperor is probably even more powerful than this. After this punch, Ye Cheng is probably dead!"

The obscene god's face in Li Tian's heart finally showed a solemn expression.

"Li Tian, this destructive force is probably going to reach the strongest attack of the domain master realm. If you can't bear it, hide it, not ashamed!" said the ***** of obscenity.

hide?

Where to hide?

My brother Tang Xiaolong is fighting for me now, but I am hiding. Is this fair?

No, Li Tian will never hide!

Just leave the brothers' things and do it once...

Click!

Click!

The ice cube that Tang Xiaolong blasted away lightly just now shattered from inside at this moment.

Li Tian noticed that these ice cubes weren't splattering randomly when they broke apart, but these ice cubes were falling lightly like snowflakes on the side!

A piece of snowflake fell on Tang Xiaolong's palm, and Tang Xiaolong gently clenched it into a fist, and then several snowflake patterns appeared on Tang Xiaolong's fist.

"Ten King of Fighters, have you seen those snowflakes? Now let me pick you up and let you feel my Tang Xiaolong's boxing!"

Chapter 4660: : One punch super respect (6th more)

Tang Xiaolong also blasted a punch!

It looks like a simple punch, but this punch is full of Tang Xiaolong's understanding of boxing!

The strongest blow of the Ten Boxing Kings, the three punches coincided with Tang Xiaolong's punches!

Hiding far away, the onlookers closed their eyes subconsciously, and even some of the ninth-level experts continued to teleport and fled outside the city.

However, when the two fists collided, it was exceptionally quiet!

There is no imaginary scene of Mars hitting the earth, the two seem to be frozen, standing in place.

"What's going on? Isn't this my illusion? Isn't this the strongest blow from the King of Fighters?"

"This is not an illusion. I think we should have been played by the King of Fighters and Tang Xiaolong! They are kidding us!"

"Could it be that the King of Fighters and Tang Xiaolong have known each other before, they are the closest good friends (ji) friends?"

"Nonsense, isn't it true that they fought you to death just now? It's just that the strongest blow is too trifling, it's boring than Tang Xiaolong's fist blasting the ice cubes just now!"

...

On the square, when Tang Xiaolong and the King of Fighters fisted, the other groups of combat members continued to fight.

Emperor Xi and Yu's cultivation is not weak, but Situ Ningbing in front of him does not seem to be weak. In addition, Emperor Xi and Yu have more soy sauce attributes, which is not like fighting Situ Ningbing, so both There was a tie.

But to be honest, Emperor Xi Yu's heart is a bit messy.

The death of Yushuang Domain Lord had a great impact on Emperor Xi and Yu.

The domain master level powerhouse, said to die and die, this is not the case at all as Yu Frost Domain Master, Blood Domain Master, Zichuan Great Emperor, etc. said.

Compared with life and death, the grievances between Emperor Xi Yu and Li Tian can be ignored.

When the masked mysterious domain master was swallowed by Li Tian, Emperor Xi Yu was completely messed up.

He feels that his opponent is not human!

Before this battle, these guys didn't show their mountains or dew water, but when the battle really started, Li Tian and his stoppers seemed to have taken medicine, all of them were dying!

After seeing the giant's domain master teleporting 'escape', Emperor Xi Yu no longer had any desire to continue fighting.

Huh!

Emperor Xi Yu forced Situ Ningbing back with one move, and quickly said: "It's getting late, I'm going home, otherwise my wife will definitely suspect that I am raising a vixen outside, and I won't be able to tell by that time! So, our battle ends here today!"

Regardless of Situ Ningbing's answer, Emperor Xi Yu turned around and left.

His figure flickered for several consecutive times, and the moment he escaped from Yecheng, he teleported and disappeared, leaving Situ Ningbing alone swaying in the wind.

Until Emperor Xi and Yu disappeared, Situ Ningbing still didn't react, what the **** did she encounter in a few days.

Situ Ningbing has seen Tu Dun, Water Dun, Huo Dun, and Urine Dun for the first time. It is the first time that Situ Ningbing has seen his fearful wife escape, and the one who said this is actually a powerful person at the Emperor level.

But believe it or not, Situ Ningbing believed it anyway!

...

Emperor Kuhai does not have such good luck as Emperor Xi and Yu!

In recent days, when he came to "Auntie", Xiu-Zhen was not as strong as Emperor Xi and Yu, and his opponent was Xiaoqingwa, who was stunned, and he didn't know what it meant to just accept it.

The Emperor of Bitter Sea is really 'the baby's heart is bitter, but the baby has bitterness and can't tell.'

Xiao Qingwa, the two-year-old little ghost beast, seemed to be fighting with Emperor Kuhai deliberately to hone his fighting skills, and would not give Emperor Kuhai a chance to escape.

Cats and mice were like cats and mice, and it was only when the King of Fighters blasted the strongest blow, Xiao Qingwa was a little negligent, and actually...played the King of Bitter Sea to death!

In that case, Xiao Qingwa was not polite, tearing at the corpse of Emperor Kuhai, looking for something he could utter.

Poor Bitter Sea Emperor, who could have used soy sauce in the first place, but had to take this muddy water trip, but now he lost his life and contributed to the cultivation of Xiaoqingwa!

...

To use one word to describe Huanglou Huangzun is hard work.

This guy is even harder than Li Tian!

Huanglou Huangzun is the only one who has endured the wheel fight among the many emperors.

First, Tang Xiaolong was shot three arrows by the Lord of the Underdark, and then the Huanglou imperial family was beaten by the small blue tiles and vicious dogs. If it weren't for the point-sending players like Emperor Kuhai, Xiaoqing tiles and Huanglouhuang were attracted. Zun may be even harder.

Seeing the other emperors and domain masters walking away one by one with their lunch boxes, Huanglou Huangzun felt that he was really in the wrong place.

What makes Huanglou Huangsun feel unbearable is that this vicious dog has clearly not reached the ninth level of the venerable, but the strength of the vicious dog is extremely sturdy, if it were not for the strongest defense of the nine-story yellow building, the yellow building Huangzun really suspected that he would also take the lunch box and leave.

Huang Lou Huangzun also thought of killing the evil dog at first, at least to maintain his reputation as the Emperor, but as the battle time passed, Huang Lou Huangzun did not hesitate to overthrow his original idea.

Take the opportunity to use the nine-story yellow building to trap his opponent, the vicious dog.

Then Huang Lou Huangzun did not hesitate, then turned around and fled.

The action of escaping, how unrestrained, unrestrained and personable, is definitely leading the new trend of Huang Zun's escape.

After the Huanglou Huangzun escaped a few kilometers away, he received his magical powers, released the evil dog, and then used teleport!

...

The opponent of the mutant crow, Thunderbird Emperor, was about to vomit blood.

He is the emperor's entourage of the Blood Domain Lord, and the Blood Domain Lord and Li Tian have an antagonism.

As long as the Blood Domain Lord is still fighting outside Ye City, Emperor Thunderbird dare not escape!

Otherwise, the Emperor Thunderbird won't be able to eat and walk around after the fall.

Therefore, the Thunderbird Emperor fully utilized his strength, striving to be able to only grit his teeth and fight the mutant crow.

There is another reason for King Thunderbird to vomit blood. His opponent, the mutant crow, is more difficult to deal with than the legendary Phoenix bird. The Phoenix bird can be reborn from Nirvana and claims to be unkillable.

And his opponent, the mutant crow, is another kind of abnormality. The mutant crow's spiritual power is constantly flowing. The decisive battle until the evening, the mutant crow is still full of energy!

Of course, this is mainly because there is an artifact hanging around the neck of the mutant crow, the pure blue glass heart that Li Tian and the mutant crow got in the underground palace of Wangta Temple.

Emperor Thunderbird didn't want to die, couldn't escape, and couldn't beat the mutant crow, so he could only deceive.

Facing a strong lightning from the mutant crow, when his body was about to touch the lightning, the Thunderbird Emperor pulled off several feathers on his body, let the lightning strike his feathers, and he teleported Hiding in the rocks.

"Your sister, let me take the time to rest, and watch the situation by the way!" The Thunderbird Emperor curled up and thought in his heart: "If the Blood Domain Master and other Domain Masters win, then my Thunderbird Emperor will stand. I jumped out again to wave the flag and shout for them! And if the Blood Domain Lord and others have also fallen, then I'm sorry, my Thunderbird Emperor can only wait to collect the corpses for you in the future!"

...

puff!

The King of Fighters spurts blood again!

This time the blood spurt was not because of the sequelae of his bombardment of his chest, but he did not expect that his strongest blow of the King of Fighters would be blocked by Tang Xiaolong with a simple punch!

"I am the King of Fighters..., I... I don't believe anyone can block my strongest punch..."

puff!

The King of Fighters spouted blood again!

Tang Xiaolong said: "Put down the butcher knife..."

"Leave your mother! Can you block my strongest blow, and can you block my blew? Hahaha, the emperor's blew up! Let you bear the emperor's blew up! ...Hahaha!"
