

A Killer 4661

Chapter 4661: : One hit kills (7th more)

Tang Xiaolong was furious in an instant!

I bought a watch last year!

Give you all kinds of soul chicken soup, you still have to make a ***** fish, is this interesting?

Originally, I already claimed to be holding the boxing way and didn't want to kill your dog son easily. Are you still ***** addicted?

Blast?

Come, let's show you Xiaolongye blew himself up!

Tang Xiaolong's fist slammed hard, and a strong spiritual force instantly poured into the arm of the King of Fighters!

With the influx of this strong spiritual power, the King of Fighters discovered that his entire arm was dismembered instantly!

Pieces of meat the size of snowflakes flew in the air, and the square of Yecheng Huangzun Mansion was instantly full of blood.

And that strong spiritual power was advancing extremely fast along the body veins of the King of Fighters, wherever this spiritual power went, the veins in the body of the King of Fighters were instantly frozen.

"No! Impossible...what kind of magic is this? Can it still prevent me from exploding? Hahaha, even if you know magic, it is impossible to prevent me from exploding! I will take you to ***** together!" Zun laughed wildly, he had completely fallen into a state of madness, and his body began to swell in an instant, as if it were a balloon being blown up.

Tang Xiaolong's face showed a solemn expression!

No, I have to catch up. If my spiritual power can't completely control his heart veins before the King of Fighters blew himself up, then this Yecheng might be completely destroyed. Maybe there are people I want to protect Tang Xiaolong. May suffer!

At the same time, Li Tian was ordering Void Yasha to send Situ Ningbing and others to the space of Void Yasha!

"Master Li Tian, you should hide first!" Xukong Yasha said to Li Tian with some anxiety.

"Don't worry about me, save other people first, I have the spear of heaven!" Li Tian said.

Void Yasha also wanted to save everyone, but it found that he seemed to be able to save one person at most.

In this Yecheng, even the powerhouse of the emperor's level can only teleport a few hundred meters, and the teleportation of Void Yaksha cannot save everyone.

"What to do, Master Li Tian!" After Void Yasha sent the nearest Situ Ningbing into the space, there was no way to continue to save others, and he could only call Li Tian anxiously for help.

Li Tian was anxious, but after being taken over by the obscene god, now Li Tian couldn't use teleport, even standing up and walking dangling!

"Damn it, if there is a domain master-level strong here, as long as you use the domain and control the Ten Boxing Kings in his domain, you should be able to solve the problem!"

"or....."

Li Tian suddenly thought of another solution to the problem.

"Obscene God, help me, I want to absorb the Emperor of Ten Fists and **** all his spiritual power away!" Li Tian said to the Obscene God.

The obscene **** shook his head and resolutely said: "Boy, I advise you to hide, because you now have no way to get to the front of the king of fighters, and if you want me to absorb the spiritual power of the king of fighters, I can only Occupy your body again!"

"Then you take my body..."

"Boy, if I occupy your body twice in a day, I will probably not be able to withdraw all of it, and then your body may be completely occupied by me! So, I refuse!" said the obscene ****.

"However, if you can bear this kind of pain and be willing to absorb the spiritual power this time, maybe we have other ways!" said the **** of obscenity.

"What nonsense, speak quickly, do it!" Li Tian shouted at the obscene god!

The obscene **** nodded slightly and said, "Boy, hold back!"

As soon as the words of the obscene **** fell, Li Tian's body instantly pierced a long sword, and this long sword is the treasure of the elders of materials!

When the Evergreen Longsword stabbed out, it brought out the towering giant tree and the nine giant vines entwined on the towering giant tree!

"Boy Li Tian, use your spiritual power to spur the long sword, let the nine giant vines entangle the body of the Ten Fist Kings! This may be our only way!" said the obscene god.

Li Tian clasped the Evergreen Longsword tightly, and constantly used his spiritual power to move the long sword.

I have to say that obscene **** is... asshole.

As a god, can you come up with such bad ideas? The material elder's spiritual power is the wood element, while Li Tian's spiritual power is the water element and the black fire. This water system can also help the towering trees and nine giant vines. But what about the black fire?

On the Evergreen Longsword, a black fire gushed out in an instant. If it were not for Li Tian's control, the towering giant tree and nine giant vines would probably be burned by the black fire in an instant.

"Hahaha, let me take one last look at you humble and poor creatures, hahaha..." The King of Fighters laughed wildly.

Then the body of the King of Fighters burst open!

However, the result was not what the King of Fighters wanted to see, but his body was instantly divided into seven or eight pieces, and then the seven or eight pieces of body instantly turned into pieces of old meat!

call!

"Fortunately caught up!"

Tang Xiaolong slumped on the ground, panting heavily, regardless of the pieces of flesh and blood falling down like snowflakes!

"Xiaolong... is it you?" Li Tian said, holding the Evergreen Longsword, looking at Tang Xiaolong in disbelief.

Tang Xiaolong wanted to stand up, but after working hard a few times, he slumped on the ground.

"Hey, little boss, can you only allow you to kill a domain master-level powerhouse, but can't you allow me to kill a royal-level powerhouse?" Tang Xiaolong said.

One hit kills, Tang Xiaolong only used one punch to completely decompose the King of Fighters into pieces!

This powerful ability seems to be no weaker than the seven forty-nine purple electric dragons released by Li Tian's "Blue Clouds"!

Moreover, don't forget that although the realm of the Ten Fist Kings is only the Emperor, his strength is not weaker than the average domain master!

"Haha, my little dragon can only kill the emperor in seconds. Now you are the strongest king of fighters in the nether world! From now on, our brothers can finally walk sideways in the nether world!" Li Tian moved slowly and walked towards him. Tang Xiaolong!

The Emperor of Ten Fights was killed, and the most affected was the Emperor of Promise!

In Yecheng, the Emperor Wuji is now helpless!

As soon as he thought of this, Wuji Huangzun immediately put away the Wuji Yin and Yang Fish Formation, turned and fled!

Although the small hot pot saw through the Wuji Huangzun Wuji Yin-Yang Fish Array, but wanted to kill the Wuji Emperor in a short time, it couldn't do it. After a few steps, he couldn't catch it, so he could only give up.

The little hot pot returned to Li Tian and Tang Xiaolong very unhappy, and kept grumbling, complaining about why he is not the strongest of the emperor rank.

...

The powerhouses on the edge of Yecheng City Pool are really crazy this time!

"One hit kills? The King of Fighters seems to be about to explode, but he didn't even do it. Li Tian these guys are too tough!"

"Who said no? It seems that this time the Super God Family will take up the Nether Academy and Li Tian, I am afraid it will not take the slightest advantage!"

"Yes, after this battle, Li Tian's name will surely resound throughout the Netherworld! The next time Nether Academy will announce the ranking of the domain master-level powerhouse and the royal-level powerhouse, it is possible for those who are ranked first. It is Li Tian and his brother Tang Xiaolong!"

"Hey, it's too early for you to be happy, don't you realize that the battles of the domain masters around Yecheng have stopped since just now?" At this moment, Donggong Ancient Sword suddenly sneered.

Chapter 4662: : Attack of the Super Domain Master (8th)

A word from Donggong Ancient Sword awakened everyone in an instant.

That's right, when the King of Fighters shouted to explode, the battle around Ye Cheng almost ended in an instant.

Yecheng Chengdong's battle is the master of the broken tower and the master of the Yinmoyin Bull!

These two strong-to-powerful domain masters fought, it was really shocking, the east of Yecheng City has become a ruin, all the jungle was completely destroyed and disappeared, the mountains turned upside down, and the land was blown upside down. Several times.

But this is the battle, it stopped just now!

Who was defeated? Or is it that both lose and lose together?

No, if it is said that the two domain masters of the East City died together, what about the other three directions of battle?

Could it be that the other domain owners also died?

Huh!

Huh!

Huh!

Huh!

Four figures appeared one after another around the strong onlookers. These four figures were the Lord of the Broken Tower, the Great Emperor Zichuan, the Lord of the Mountain and the Lord of the Blood Territory. The appearance of these four domain masters was terrible, their clothes were shattered by the shock, and their bodies were covered with wounds and blood!

Thinking of the previous battles, these domain masters still have lingering fears.

The Nether Beast domain masters of the Nether Realm are really **** difficult, with a strong body and sturdy fighting style. Fighting with those Nether Beast domain masters is almost impossible to gain an advantage.

Fortunately, there are no dangers, and now everything is over!

The strong men who saw these domain subjective onlookers started the 38th mode again. There was a lot of discussion again.

"It's the Blood Domain Lord and they won! Now Li Tian and the others are going to die!"

"Yes, the four domain master-level powerhouses were wiped out. Even if they won the battle of the imperial-level powerhouse in Yecheng, they would not escape death in the end!"

"But I'm very curious, why didn't I feel how the battle of these domain master-level powerhouses ended? Is my cultivation level too weak, or because these domain masters are too strong!"

"Because more powerful people have appeared, all domain master-level powerhouses can no longer dominate the battle!" said a domain master-level powerhouse.

"Could it be... Is it the existence of the Super Domain Lord? Donggong? Sanlu? Or is the Xiuyu and the White Horse Super God Family also participating in the battle?"

"No matter who it is, as long as the super domain master-level powerhouse appears, Li Tian and others will definitely be finished!"

"Hey, don't you think that it is not only Li Tian and others who are finished, but there should be others!"

"What do you mean? Cang..."

The strong man stopped talking! At this time, the four domain masters, the ancient sword of the East Palace, and the hidden sword of the East Palace have slowly encircled the Canghai Great Emperor and the Star Domain Master!

As a domain master-level powerhouse, they can see and listen to all directions. Although they are fighting outside the city, what happened inside the city is also clear.

It doesn't matter whether the Great Emperor Canghai and the Master of the Star Territory are against them, it doesn't matter. What is important now is that they want to kill the chicken for the monkeys, and want to use the Great Emperor of the Sea and the Star Territory to establish their power!

The faces of Emperor Canghai and Star Domain Master couldn't help showing a bit of bitterness.

Just now the two of them have realized that they are dangerously close!

When the powerhouse of the super domain master appeared, the Great Emperor Canghai and the star domain master wanted to leave here.

However, the two of them were blocked by Donggong Ancient Sword and Donggong Hidden Sword, which caused them to escape the plan and go bankrupt.

Since you haven't escaped from this vortex, you must have the consciousness of escape!

"What? Don't the East Palace Super God Family still want to keep me here? Does it depend on you?" The Star Domain Master sneered and said.

The Dragon King domain master with a sense of justice also stood beside the star domain master, and said: "It's enough, the Eastern Palace Super God Family can't cover the sky with just one hand, now there are super domain master level powerhouses appearing, end this farce sooner. !"

The views of the Dragon King domain master were immediately recognized by the other two domain master-level powerhouses!

They can't offend the Super God Family, but it doesn't mean that they have no right to speak. Now they just want to make their voices heard.

"Don't worry, how could we take the initiative of the Great Emperor Canghai and the Star Domain? But Master Buchan Donggong invited the powerful people to go to the square and continue watching the theater!" The blood domain master sneered.

"Donggong Buchan, doesn't it mean that the elders of the Nether Academy have already rushed to the Donggong and Sanlu family? Why is Donggong Buchan still on the battlefield?"

"You said that the super domain master of the Nether Academy, or the super domain master of the super ***** family of White Horse and Xiuyu will rush over to join in the fun?"

"Hey, people don't have enough hearts to swallow an elephant, today we can see a super domain master level powerhouse, we should be satisfied!"

While speaking, these strong men were surrounded by six domain master-level strong men, and once again returned to the square in front of Yecheng Emperor's Mansion!

Yecheng Huangzun Mansion Square, which has suffered so many battles, has been dilapidated, and the entire square is almost flat and undamaged.

And the ruined square in this square is full of flesh and blood.

The vast majority of these flesh and blood are the result of Tang Xiaolong, the abnormal emperor, who killed the Ten King of Fighters in a single punch, and a small part came from the Lord of Frost Territory.

Broken flesh, strong ***** smell, can make people sick!

At this time, Donggong Buchan stood standing on the square, and under his feet were the Lord of Yin Mo Yin Niu, Lord of Tian Gang Flame, Lord of Earth Buzzard, Lord of Female, Lord of Underworld (Youdark)!

Opposite Donggong Buchan, Li Tian, Tang Xiaolong, Little Hotpot, Vicious Dog, and Little Blue Tile stood!

On Li Tian's side, the strongest domain owners have fallen, leaving only the emperor-level powerhouses and vicious dogs.

Donggong Buchan was looking at Li Tian, with a mocking smile on the corner of his mouth, and said: "You are Li Tian? It looks ordinary, and there is no three-headed or six-armed man, but he heard that Lord Yu Frost was killed by you , Even the waste of the material elder was killed by you. How did you, a fellow of the Emperor Realm do it? Tell me, tell me?"

Li Tian's gaze fell on the domain master of Donggong Buchan Jiabian, and he did not answer Donggong Buchan's words.

"Are you worried about the life and death of your helpers? Hey, don't worry about it, they still have a breath now, they can't die for the time being! But the result will be like this later, it's not necessarily! Now we continue to talk about you!"

"Aren't you very good at fighting? Come continue to challenge the domain master here, let's fight with the blood domain master first. I heard that there is a deep blood feud between you, and you will never die! If you can kill the blood domain master, I can release Drop a domain owner under my feet!"

Donggong Buchan kicked the body of the Yin Demon Silver Bull Territory with his feet and said with a sneer: "How about? I gave you a good chance, right?"

Chapter 4663: : Uncle debut (first more)

As soon as Donggong Buchan's words fell, a sneer suddenly came from the crowd.

"Can you still order Bilian? Is this the style of the Donggong Super God Family?"

The voice sounded very abruptly. The onlookers didn't know who dared to explain Donggongbu with this attitude, with a trace of horror on their faces looking around.

"Who is it? Stand up for me!"

Donggong Buchan's eyebrows twitched slightly. As Transcending Domain Master, he can now be said to be the most powerful existence in Yecheng. The strongest of these onlookers is just Domain Master. How can they? Dare to use this attitude towards him.

This is looking for death!

Donggong Buchan turned his head abruptly, looking angrily in the direction of the voice.

The powerhouses who were swept by Donggong Buchan's sight, involuntarily stepped back a few steps, and dropped their heads one after another, and did not even dare to look at Donggong Buchan.

This is what Donggongbu explains!

As an important member of the Donggong Super God family, Donggong Buchan needs to enjoy this feeling of being feared.

"Who was talking just now? If you have the ability to say such things, don't you have the ability to stand up? Hidden head and tail, this is not the work of the strong!" Donggong Buchan said.

"Hey!"

The sneer just now sounded again.

Donggong Buchan suddenly turned his head to the other side, staring coldly at the powerhouses in this direction.

"To bully the less, to bully the weak! The current Donggong Super God Family really doesn't want Bilian!" The sneered voice did not stop because of Donggong Buchan's anger, and continued: "Super domain master level powerhouse, six A domain master-level powerhouse, why do you want a Li Tian who only has the realm of the emperor to challenge you?"

"Don't the Donggong Super God Family want to play? Yes, I will give Li Tian children a year. After one year, no matter what Li Tian's cultivation level is, I will let you have enough at that time!"

Huh!

Huh!

The two domain master-level experts of Donggong Ancient Sword and Donggong Hidden Sword instantly teleported to an onlooker, reaching out and grabbing the powerful person whose cultivation was only in the mid-level ninth realm.

"No... it's not me, it's definitely not what I said! Even if you give me some courage, I don't dare to anger the Donggong Super God Family!" The strong man struggled with fear.

Donggong Buchan nodded slightly and motioned to Donggong Ancient Sword and Donggong Hidden Sword to release the guy.

At this moment, the cold voice came from the mid-level ninth-level venerable of the Venerable:

"Hey, the Eastern Palace Super God Family is really powerful! Just now it was about to scare me to pee..."

"Asshole, it's not you the fuck?"

Donggong Ancient Sword and Donggong Hidden Sword suddenly turned around and furiously punched and kicked the ninth-level intermediate expert of the Venerable. As the beating began, the sneer voice stopped abruptly.

call!

The other strong onlookers withdrew a few steps back, and breathed out at the same time.

Fortunately, this desperate guy was caught, otherwise others might also be implicated.

After a violent beating, Donggong Buchan's face returned to the triumphant expression just now, pointing at Li Tian, smiling and saying, "Now there is no time for you to think about it!"

As he said, Donggong Buchan slowly raised his right arm and stretched out his index finger, and a bright light appeared on his index finger!

This strong light is thin and long, just like a laser!

Donggong Buchan slowly pointed his finger at the head of the ninth-level mid-level expert, and said with a sneer: "I'm afraid you don't want your friends to be like him!"

Speaking directly, the strong light on Donggong Buchan's finger shot out more than ten meters forward, and instantly passed through the eyebrows of the strong man who had been kneeling on the ground and begging for mercy!

Whoosh!

The glare disappeared instantly.

A red dot appeared on the middle of the eyebrows of this strong man, and then a ray of blood slowly flowed out, and the strong man reached out his hand and touched the middle of his eyebrows, and then slammed! Falling to the ground, the dead can't die anymore!

"Dead! Venerable's ninth-level mid-level powerhouse died like this! This...this is the strength of the super domain master level powerhouse!"

"This guy is guilty of death, who told him to be disrespectful to the Donggong Super God Family?"

"That's right, but because of this sentence, I lost my life, isn't it too..."

"Quickly shut up! The Netherworld has always respected the strong, the weak eat the strong, don't you understand this yet?"

"Right....."

However, at this moment, the cold voice sounded again.

"The weak eat the strong, the strong are respected, but when has the Nether realm been so unruly! The Nether realm is divided into two worlds, the cultivator and the non-cultivator, and the strong above the cultivator level are not allowed to attack ordinary people for no reason. Has this iron law of the world been forgotten by everyone?"

"This guy is bullying and bullying. As a powerful ninth-level venerable man, he actually shot at ordinary people who have no cultivation skills, raped their wives, and beheaded the weak. Damn such a person!"

But this time, the person who said this did not hide.

This is an uncle who seems to be in his fifties. Wearing a gray-brown gown, he walked out of the crowd slowly, pointing his finger at the corpse, and calmly counting him. Crimes.

"Who is this guy? How dare to treat the Super God Family like this!"

"It seems to be the president of a certain small chamber of commerce, but why does he still stay in Yecheng?"

"I remember, this guy is the president of the Southern Chu Chamber of Commerce, his name seems to be Chu..., Chu..., suddenly I can't remember!"

Li Tian was already a little dumbfounded.

Wasn't this uncle the god-level uncle who stopped him in the first place, beat him up, and then helped Li Tian refine the spiritual power he absorbed and let Li Tian break through to the realm of the emperor?

How could he appear here?

Donggong Buchan was excited, sneered, and instantly teleported to the god-level uncle's side, stretched out his hand to grab the god-level uncle's shoulder, and sneered and said: "Hey! So you know Li Tian, that's good! It was you just now. I'm fighting the injustice for Li Tian, then let me learn the tricks of the big scary old guy."

While talking, Donggong Buchan's hand holding the shoulder of the god-level great **** flashed a few lights instantly!

This light is the same as the light released by Donggong Buchan assassinating that ninth-level mid-level powerhouse just now!

This is an attack by a powerful person beyond the domain master level. If Donggong Buchan is willing, it seems that he can let this uncle's body die in an instant!

However, at this moment, the god-level uncle suddenly reached out and grabbed Donggong Buchan's wrist, and easily unscrewed Donggong Buchan's wrist, and then the light on Donggong Buchan's palm disappeared instantly.

The god-level uncle sneered and said: "Want to shoot at me? At least the patriarchs of the four super **** families must come here at the same time! Just your stuff, let it go!"

"Your opponent will arrive at Yecheng soon, and there will be a time for you to play! Now, let us continue Li Tian's dealings with the blood domain masters and other domain masters!"

Chapter 4664: : Send you on the road (2nd more)

Donggong Buchan didn't know the origin of the old guy in front of him, but the dragging tone of his words made Donggong Buchan very upset!

"Old thing, shameless, you still want the patriarchs of the four super **** families to take action, you are not qualified!" Donggong Buchan was very angry, as he roared, he immediately released a powerful energy. fluctuation.

Donggong Buchan is an important figure in the Donggong Super God Family. One can go to the Underworld alone to visit the White Horse Super God Family. He is a strong man in the Donggong Super God Family. His cultivation is naturally the highest in the Dong Gong Super God Family. Named!

Moreover, the spiritual power explained by Donggongbu is not the ordinary five-element spiritual power, but the rarer light spiritual power!

At this time, Donggong Buchan's whole body is glowing, like a small sun, instantly shining the whole Yecheng like daylight, while Donggong Buchan's energy is too strong, and the powerhouses around him are instantly Lost the resistance.

Puff!

Puff!

Those powerhouses below the realm of the domain master knelt to the ground one after another, even the powerhouses at the domain master level released their strongest defenses at the same time to avoid being attacked by the Donggong Step.

Li Tian, Tang Xiaolong and others have also knelt to the ground!

Their cultivation has never reached the realm of the domain master. In addition, they have gone through a fierce battle. At this time, Li Tian and Tang Xiaolong are almost in a state of collapse, so how can they bear this? The energy released by the super domain master!

"Oh? I looked down on you a little bit! I didn't expect that the East Palace Super God family is not all rubbish!" There was a surprised expression on the face of the god-level uncle, and he continued: "However, what do you mean? Is it because you want to kill everyone here? Uncle I don't agree with you this way!"

As soon as Uncle Super God's words fell, the uncle slowly raised his fist and slammed a punch at Donggong Buchan's head!

This punch seems to be much weaker than the one punched by Tang Xiaolong and the King of Fighters, but when this light and fluttering punch fell on Donggong Buchan's head, Donggong Buchan was beaten to his knees. Fell to the ground.

The strong light of spiritual power that Donggong Buchan had just released was also instantly extinguished, and Ye Cheng was once again covered by darkness.

Huh!

Huh!

All the strong were panting heavily, and even the domain masters who had not kneeled just now were sitting on the ground. They seemed to be hell, looking at the super **** uncle dumbfounded.

"Who is this guy?"

"When did such a powerful person appear in the Netherworld?"

"It's terrifying! Donggong Buchan's strength is terrifying to the extreme, and this uncle's strength is even more terrifying!"

"It turns out that the uncle just said that the patriarchs of the four super **** families are not bragging!"

"Compared to this uncle, how do I feel that my cultivation base is weak and pitiful!"

At this time, the hearts of these strong men have already been set off by stormy waves, and the eyes of the uncle are envied and horrible!

Donggong Buchan was a little confused by the punch of Uncle Super God.

"This... how is this possible? I am a powerful existence beyond the realm of the domain master. In the Super God family, my strength can already be ranked in the top ten, but... but who is this guy? Knock me down?"

"No, this is not true. I heard that this guy is just the president of a certain chamber of commerce. How could his cultivation be so powerful?"

Donggong Buchan's right palm supported on the ground and bounced from the ground suddenly, and at the moment it bounced, Donggong Buchan's body glowed again, and hundreds of beams shot at the god-level uncle at the same time!

"Old guy, I still wanted to keep you, but since you are so insane, then I can only let me send you to die!" Donggong Buchan thought with a sneer in his heart.

The distance between Donggong Buchan and the uncle was less than two feet, and the speed of the light arrow that Donggong Buchan released had reached the speed of light, and the uncle in front of him was absolutely unable to react.

Once shot by this light-edge arrow, this uncle's body will be melted away by this light-edge arrow!

"Disappear, old man!"

However, almost at the moment Donggong Buchan bounced, the god-level uncle's fist hit Donggong Buchan's head again, and Donggong Buchan was knocked to the ground again.

What made Donggong Buchan couldn't believe it was that the bright arrow shot from his body disappeared instantly as the fist fell.

Ye Cheng Guangcheng fell into the darkness again.

"Little thing, I definitely don't want to say it again if I have said it once. If you dare to challenge my psychological bottom line, then don't blame me for being rude to you!" God-level uncle said with a sneer.

This sneer was like ice, making Donggong Buchan feel a fear of death!

Donggong Buchan's two arms supporting his body were trembling slightly. After his cultivation reached the realm of the domain master, this was the first time he felt the fear of death!

At this time, Donggong Buchan suddenly sounded the White Horse King Kong said that his Donggong Buchan's face was already showing death. Am I going to die by this old guy today?

The former Donggong Buchan was fearless, but now he thinks of dying under the hands of a god-level uncle, he can't help but feel more and more frightened. He feels his body is shaking so much. Originally, there was light in his heart, but this At that time, there was a shadow unconsciously.

"Donggong Buchan, can you speak well now?" The god-level uncle still smiled.

Donggong Buchan gritted his teeth and said fearfully: "But...Yes, wait...Wait one year later, until Li Tian's cultivation reaches the realm of the domain master, I...I will let the blood domain master fight Li Tian again! "

"I didn't want to intervene in the affairs of your Super God Family and Nether Academy, and wanted to go along with the flow. But because of you, I suddenly changed my mind! Now, Blood Domain Lord, you are ready to die!"

With that said, Uncle Super God suddenly released Donggong Buchan, and instantly teleported to Li Tian's side, kicked Li Tian with his foot, and then, amidst the stunned surprise of many onlookers, he was fattened by Li Tian. beat!

"Does this uncle still have a bit of humanity? Li Tian fought with two domain master-level powerhouses. It is a miracle to stand now. He actually wants Li Tian to fight the blood domain master!"

"You said let Li Tian fight with the Blood Domain Lord, and you old fellow rushed over to face Li Tian with a fat beating. What do you mean? Are you not afraid that you will always kill Li Tian by mistake?"

"And Li Tian! Can you be a little bit of ethics? After being beaten by this uncle, are you still addicted to being beaten? You're still groaning comfortably! It's really **** bones, no wonder we It turns out that we can't reach the height of Li Tian because we haven't cultivated Li Tian's low energy!"

Do not understand the darkness of night during the day!

The onlookers do not understand Li Tian's coolness!

The fat beating of the god-level uncle was helping Li Tian refine the spiritual power he absorbed from the Frostland Lord.

At this time, Li Tian could feel the warmth in his body, even the bones that were grasped by the material elders were growing rapidly!

After a fat beating, the spiritual power that Li Tian absorbed from the Frost Territory Lord was completely refined. Although the realm of cultivation still stayed at the Emperor, Li Tian was already full of blood and resurrected.

Huh!

The Qiong Spear of the sky returned to his hand. Li Tian shook, pointed at the blood domain master, and said pretendingly: "Blood domain master, I will send you on the road!"

Chapter 4665: : Killer (3rd more)

To be honest, when the Blood Domain Master saw Li Tianman's blood resurrection, he was already worried!

The Lord of the Blood Domain really loves Xue Zhengxin, and even the Lord of the Blood Domain regards Xue Zhengxin as his own son. No, it is more spoiling than his own son.

As for why the Lord of the Blood Domain is so pampered by Xue Zhengxin, I will not discuss it here!

However, what Xue Zhengxin entered was just a battlefield of death, and he died!

How could the Blood Domain Lord not be angry with Li Tian!

To say that among so many domain masters, only the blood domain master and the Zichuan Great Emperor really hate Li Tian.

The two domain owners can't wait to turn Li Tian into adult oil to light the lamp!

However, the blood domain master also knew that Li Tian's strength was extraordinary.

Regardless of Li Tian, the animal's cultivation base is only in the realm of the emperor, but Li Tian is a fierce who can continuously kill the Frost Territory Lord and Material Elder.

The blood domain master also understands that, precisely because of this, this is the best opportunity to kill Li Tian!

Once Li Tian's cultivation reaches the realm of the domain master, Li Tian's strength will be stronger, and when the blood domain master wants revenge, it will be even more difficult.

Moreover, the current Blood Domain Master and Li Tian are truly immortal. Even if the Blood Domain Master does not fight Li Tian today, it is difficult to guarantee that Li Tian will not come to his blood domain master in the future!

The Blood Domain Master slowly stood up, staring at Li Tian with a fierce look.

"Go! Blood Domain Lord, go to me! Now I allow you to kill him!"

The dead fellow is not dead, Donggongbu explained that the god-level uncle really did not intend to kill him, as long as he does not do anything extraordinary, no matter what he says, the god-level uncle will completely ignore him, Donggongbuchan Immediately encourage the blood domain master.

"Blood Domain Master, you are a long-established domain master in the Netherworld. Your cultivation strength is among all domain master-level powerhouses, and you are considered outstanding. Now, your chance for revenge is here! Kill Li Tian, Do you have the strongest domain owner!"

Not to mention, the sentence Donggongbu explained is quite reliable!

Li Tian is the strong man who defeated the domain master in Frost and devoured the material elder domain master. If the blood domain master can kill Li Tian, then the blood domain master is definitely the strongest domain master.

"Master Donggong is right. You are the strongest domain master in the Netherworld! Now the opportunity to stab the enemy is right in front of you. Use your most domineering attack to slay Li Tian and avenge the son of Xuezhengxin!" Zichuan The emperor is also encouraging the blood domain master.

The Great Emperor Zichuan is also in the realm of the domain master, but he has self-knowledge. He knows that if he is to fight Li Tian, he will lose out in all likelihood!

Now that Li Tian can be eliminated with the help of the blood domain master, why would Emperor Zichuan not be happy?

People don't kill themselves for their own sake. They are all ten thousand years old foxes. Don't pretend to be a demon.

The Lord of the Blood Domain naturally knew the ideas of Donggong Buchan and the Great Emperor Zichuan, but the Lord of the Blood Domain had no reason to back down!

war!

war!

The blood in the blood domain master's body was burning, and his eyes were like burning flames, staring at Li Tian Ling Ling.

The other onlookers involuntarily stepped back slowly to make room!

Tang Xiaolong and Little Hotpot put the fallen Yinmo Yin Bull Territory, Tiangang Flame Lizard Territory, Earth Devil Tianji Territory Lord, Female Territory Lord, and Youanrou on the back of the evil dog, and then let Xiaoqing Wa guarded them and flew aside to watch the battle.

...

In the center of the square, Buchan Donggong and Uncle Chaoshen also withdrew dozens of meters back, leaving the stage to the Lord of the Blood Domain and Li Tian.

"Li Tian, you are definitely a rare genius in the Nether Realm in thousands of years. If it weren't for the death of blood Zhengxin in your hands, I would never be your enemy! Unfortunately, there are not so many ifs in the Nether Realm, since you Kill my blood Zhengxin, then you will bear the anger of my blood domain master!" said the blood domain master.

The corner of Li Tian's mouth was slightly upward, and he let out a sneer from his nose.

Killing the blood Zhengxin Li Tian has no regrets, if time goes back, give Li Tian another chance, Li Tian will still kill the blood Zhengxin!

There is no right or wrong when fighting life and death!

Seeing the disdain on Li Tian's face, the blood domain master showed a hideous expression on his face, and said, "Boy, how does it feel to slay a domain master-level powerhouse? Do you feel that you are already standing? The peak of the Netherworld?"

"Hey, it's not bad, after I will kill you too, I believe this feeling will be stronger!" Li Tianzheng said relatively.

"Hahaha, arrogant kid! Before the battle of the Ten Thousand Gods Mountain, there were so many domain masters in the Netherworld. At that time, any domain master-level powerhouse would be

embarrassed if he did not kill several domain master powerhouses of the same level. Said that their realm has reached the domain master!"

"Therefore, you are not the only one who has killed the domain master-level powerhouse! Today, let you see the true strength of my blood domain master! Arrogant boy, don't be scared by Lao Tzu's methods in a while. Come on!"

When the blood domain master said these words, he slowly raised his right hand, and his right hand had already condensed a short sword of spiritual power.

puff!

The blood domain master slammed this spiritual power knife into his chest, and blood spurted out from his wound and sprinkled on the ground!

Li Tian looked dumbfounded.

Isn't this blood domain master having a brain problem?

Does he think that Li Tian would be afraid of him like this?

You have the ability to chop off your head!

Buchan Donggong had an excited expression on his face, his hands clenched into fists.

"Hey, I didn't expect that the blood domain master still has a killer? It seems that this time will be uncomfortable enough for Li Tian!"

The god-level uncle's brow furrowed slightly, his eyes fixed on the blood domain master.

"I didn't expect this blood domain master to hide such a trick, Li Tian boy, if you can defeat the blood domain master this time and absorb the spiritual power from him, you should be able to break through to the domain master!"

In the distance, the other powerful onlookers were also startled by the actions of the blood domain master.

This feeling is like when your opponent has not touched you during a fight, you yourself grab a brick and slam it on your head hard to make your cheeks and clothes red with blood.

"Is this the strategy of the Blood Domain Master? He wants to use this self-harming method to improve his morale and intimidate Li Tian?"

"I'm so stupid, this is a battle at the domain master level. Who is like a street gangster in the world of ordinary people? I suspect there must be something strange in it! Yuan Fang, what do you think!"

The man named Yuan Fang was a mid-level ninth-level strong man. He gave a wry smile and said, "What the **** can I see, of course I see it with my eyes!"

A more terrifying smile appeared on the face of the Blood Domain Lord, and he pulled the blade down forcefully!

hiss!

Following the movement of the blood domain master, his abdominal cavity was opened with a huge opening!

"Boy, look good, don't blink your eyes!"

Heiwuwu's blood was constantly flowing out of his abdominal cavity, and the Lord of the Blood Domain put away the spiritual power blade, grabbed both sides of the cut with both hands, and used it to pull outwards, exposing his abdominal cavity!

Bloody and horrible!

"Fuck, you are so perverted..." Li Tian almost didn't vomit, and couldn't help cursing!

Chapter 4666: : Domain Master Blood Baby (4th more)

Have you seen the abdominal cavity of an old hen?

Sometimes, when the old hen is killed, many fertilized eggs that have not completely turned into eggs will be found in the abdominal cavity of the old hen. These fertilized eggs may be large or small, densely hanging in a certain position inside the abdominal cavity of the old hen.

And now, in the abdominal cavity of the blood domain master, there is also such a scene.

But the blood domain master is not the old hen, but the old monster!

There are several human-shaped embryos of different sizes in the abdominal cavity of this cargo!

These embryos were wrapped in plasma, and their whole body was crimson. What was even more frightening was that when the blood domain master tore open his abdominal cavity, these blood embryos opened their eyes and stared directly at Li Tian.

I go!

Fortunately, there are still a lot of powerhouses on Yecheng Square, otherwise the sight is enough to make Li Tian tremble!

But even with the presence of Donggong Buchan, God-level uncle, and other strong players, Li Tian still felt his hair and bones damaged, and he felt a chill on his back, as if something was blowing cold wind on his back. .

Oh shit!

Do you want to be so scary?

Do you want to be so scary?

This blood domain master usually looks like a dog, but he didn't expect this guy to be so perverted.

What kind of race is this guy?

There was a trace of dirty blood flowing out of the corner of the blood domain master's mouth, his head slightly lowered, his eyes showed a fierce light, and a grinning smile came out of the corner of his mouth, and said, "Boy, are you scared?"

In addition to feeling horrible, Li Tian still feels sick more!

"Hey, boy, let me introduce the origins of these treasures to you first, so that you can be mentally prepared! The biggest treasure in this body, he is from the Concentration Domain Lord, as for the Concentration Domain Lord's body That part, hey, you can use your imagination as much as you want!"

"This slightly smaller body is from the old demon of Shangjing, he is also a domain master level power! This is the nine-day domain master, this is the wind and frost domain master..."

The blood domain master, like a few treasures, introduced these blood babies to Li Tian one by one, and every time they introduced one, the blood domain master showed a smug expression on his face.

The god-level uncle looked gloomy when he heard the words of the Blood Domain Lord, turned his head to look at Donggong Buchan, and asked: "Donggong Buchan, do you still remember to concentrate on the Domain Lord, the old demon of Shangjing, the Lord of the Nine Heavens, and the Fengshuang Domain. Lord, these powerful?"

When Donggong Buchan heard these names, he was very excited.

These powerful domain masters, almost no one knows their names, but thousands of years ago, even tens of thousands of years ago, when these powerful masters were still alive, their names were as high as the sky, compared to today The name of the twenty domain masters is much louder.

You must know that when there were a large number of domain masters in that era, as long as the domain masters could be called, their strength was not weak.

"Concentrating on the domain master, the peak realm of the domain master, is almost the same as the super domain master. The concentrating domain master is seeking the way, regardless of mundane things, our Donggong super **** family wants to draw him into the family, but he refused!"

"The old demon of Shangjing, the mid-level realm of the domain master! Before the battle of the Ten Thousand Gods Mountain, the old demon of Shangjing killed and swallowed five strong mid-level masters of the domain, and became famous for a while."

"The Nine Heavens Domain Master, after the Battle of Ten Thousand Gods Mountain, he was definitely one of the most powerful domain masters in the Nether Realm at that time. This guy is known for his powerful defensive capabilities, but he can directly resist the powerful one from the earth world with a full blow. !"

"The name of the Master of Wind and Frost seems to be much smaller. That's because the Master of Wind and Frost was the sect of the Sanlu Super God family at that time. It is very difficult to be famous, but among the sects of the Sanlu Super God family, the Master of Wind Frost Territory His cultivation base can also be ranked in the top three!"

Every time Donggong Buchan explained a domain master, the onlookers would let out an exclamation.

In their opinion, since the blood domain master can kill these legendary domain masters and turn them into blood infants for use by the blood domain master, the strength of the blood domain master is probably beyond their imagination. !

The god-ranked uncle nodded slightly and said, "I thought that these strong men died in the Ten Thousand Gods Mountain, or in the hands of the strong man in the earth world, but didn't expect them to become the secret weapon of the blood domain master! Sure enough, I underestimated the Blood Domain Master!"

The blood domain master enjoys this feeling!

Although his appearance is tragic to death, there is a smile on his face!

The blood domain master seemed to be speaking to his child, looking down at the blood infant in the abdominal cavity, and said: "Hey, although you are not mature yet and have not reached the most complete form, your strength should be able to reach it. The realm of the domain master!"

"It is because of the kid with the gun in front of you that made you return to this wicked world prematurely, so if you have any anger, just shoot it at this kid!"

The Blood Territory Master pulled the four blood infants one by one from his abdominal cavity, and placed them on the ground steadily, and then said: "Every strong man, come to life now! Use my flesh and blood and my spiritual power to let you All are resurrected, and all you have to do is one thing, kill this kid in front of you!"

The Lord of the Blood Territory crossed his left and right hands, grabbed the two ribs on his chest, and slammed it outward!

laugh! laugh!

As the four ribs were pulled down, jet black blood kept spraying out, and the blood domain master seemed to be fighting a dog and handed the four ribs to the four blood babies who had fallen to the ground.

Those blood babies are really like dog babies, quickly tearing the flesh and blood from the ribs, and then swallowing them into their stomachs, while the remaining ribs in their hands have become weapons!

Don't underestimate the ribs on the blood domain master. The blood domain master's ribs contain strong spiritual power. At this time, these ribs are in the hands of these blood infants, and they are a sword of the gods!

Wow~

Wow~

The four blood babies made ambiguous sounds, holding the sharp blades of spirit bones, piercing the blood sacs under their feet, allowing the black blood to flow out slowly, and then rushed towards Li Tian with teeth and claws.

Whoosh!

Whoosh!

The four blood babies are like virgins and moving like rabbits.

As soon as his feet left the ground, his body shot at Li Tian like a cannonball.

"I wipe! What kind of ghost power is this?"

Li Tian can feel the powerful fluctuations of spiritual power from these blood infants. Even the weakest blood infant, his ability has reached the peak of the emperor, and even reached the realm of the domain master.

Faced with the attack of four domain master-level blood infants at the same time, Li Tian did not dare to neglect the slightest.

drink!

Li Tian roared, seven or forty-nine purple electric dragons sprang out from Li Tian's right arm, coiled around Li Tian's body, coiled on the Qiong Lance of Heaven.

But in the gaps between the scales of these purple electric dragons, black flames faintly flashed.

"Come on, bastards!"

Chapter 4667: : Lord of the Blood Domain (5th)

Whoosh!

Whoosh!

The spirit bone blades in the hands of the four domain master-level blood infants slashed towards Li Tian at the same time, and Li Tian did not retreat, but instead moved forward, the spear of the heavenly spear in his hands slammed upwards, blocking the slashing of the four blood infant domain masters. .

Cang!

Cang!

The sharp blade of the spirit bone slashed on the Qiong Spear of the sky, making a metallic crashing sound.

call!

On the Qiong Spear of the sky, four purple electric dragons raised their heads at the same time, turned and attacked the four blood infant domain masters!

The four Blood Infant Domain Masters didn't seem to think that Li Tian could be slashed with a single move. The moment the spirit bone blade smashed Li Tian's Qiong Spear, their bodies flew out suddenly.

And the spirit bone blades in their hands simultaneously slashed towards the purple electric dragon that was biting at them!

Huh!

Huh!

Huh!

The purple electric dragon's head was directly cut off by the sharp blade of the spirit bone. The purple electric dragon in the different part of the head changed into a purple arc, flashing a few times in the air, and disappeared!

And these four Blood Infant Domain Masters made a 720-degree rotation of Thomas in mid-air, and slowly landed on the ground, falling in the four directions behind Li Tian's body, plus Li Tianzheng. The blood domain master in front, these five domain master-level powerhouses have surrounded Li Tian in the center!

Hum!

The powerful coercion that looked around fell from the sky and directly fell on Li Tian!

The domain master-level powerhouse exerts coercion, and that strength is naturally extraordinary. Although Li Tian's cultivation has reached the realm of the emperor, it is also not lightly smashed by this coercion.

Li Tian felt as if his head was hit by a hammer, and his body was swaying and he almost fell to the ground!

Hum!

On Li Tian, a force of coercion was suddenly released, blasted upwards, and the four powerful coercions broke apart in an instant!

This coercion was not released by Li Tian, but was released by an obscene ***** when Li Tian almost fainted! If it weren't for the obscene ***** to help Li Tian, Li Tian is likely to have a big deal here!

The Blood Territory Lord, who has used his spiritual power to temporarily stitch his body's abdominal cavity, has a hideous expression on his face. Seeing Li Tian's flaws and a sneer at the corner of his mouth, he stretched out his right hand and instantly used his ***** spiritual power to condense into a handle and grow long. , A blood blade more than a foot wide.

drink!

The blood domain master shouted, teleporting, huh! Blood Domain Lord Shunjian appeared in midair less than three meters away from Li Tian! And the blood blade in his hand smashed Huashan with a force, slashing towards Li Tian heavily.

"I wipe it!"

Li Tian grasped the Qiong Lance of the sky with both hands. As the spiritual power on Li Tian's arm rose in anger, the seven or forty-nine purple electric dragons stretched out to the distance, and the Qiong Lance of the sky seemed to grow instantly. , Has become thicker several times!

Then Li Tian vigorously swung his spear from the sky in a baseball position.

boom!

The swords and guns intersected and there was a loud noise!

The huge impact force made Li Tian feel that his arms holding the Heavenly Qiong Spear were a little numb, and several small wounds broke out at the tiger's mouth!

The blood blade in the hands of the blood domain master was intact, but two purple electric dragons on Li Tiantian's Qiong Spear were cut off.

Whoosh!

But the Lord of the Blood Territory was also uncomfortable. His body was bombarded by this powerful energy and flew out, and even the wound he had just sewn with spiritual power burst open!

What about Li Tian? The ground beneath his feet sank two inches in an instant. If Li Tian hadn't stepped back a few steps to relieve his strength, I'm afraid Li Tian's legs would sink into the ground!

"Li Tian is indeed non-human. Facing the siege of five domain master-level powerhouses at the same time, he didn't lose the wind at all. If I were to be replaced by me, I'm afraid I would be killed by the blood domain master with a single blow!"

"Cut, if it were you, the blood domain master probably didn't need to use spiritual power to condense the blood blade, let alone cast his secret skills to release the blood infant with the domain master realm!"

"I still have this self-knowledge, and now we are discussing Li Tian! Who do you think Li Tian and the Blood Domain Lord might win more?"

"Is this still going to be said? If you don't consider this uncle's factor, of course it is the Blood Domain Master! Five powerhouses of the Domain Master level, this is not a joke, even if Li Tian is strong, his cultivation is after all Only the realm of the emperor! The emperor is called the emperor because his cultivation level has not reached the realm of the domain master!"

"What you said is reasonable, but I still hope that Li Tian can win! With the cultivation base of the emperor's realm, consecutively wounding the Frost Domain Lord, devouring the Mask Domain Master, and beheading the Blood Domain Master. People excited!"

Because of the appearance of the god-level uncle, the onlookers are not afraid of the ancient sword of the east palace and the hidden sword of the east palace. For a while, all of these onlookers hope that Li Tian can win.

To them, the Super God family is like a temple on the top of the Pantheon Mountain. To these powerful people, it is emptiness and ethereal. Although it exists, it can't help it and touch it!

Li Tian is more grassroots!

And in Li Tian, let them see a kind of power!

spit!

Li Tian suddenly spit out bloodshot saliva on the ground.

With this blow, Li Tian repelled the Blood Domain Lord, but Li Tian still suffered some damage!

There are two main reasons for this:

First, for the cultivation of the blood domain master, he does not lose as one of the strongest among the domain master-level powerhouses. The strength of the blood domain master alone is much stronger than that of the frost domain master, let alone It is said that there are four blood infant domain masters who cooperated with the blood domain master to attack Li Tian.

The second is that with the help of Uncle Li Tian, although he has refined the spiritual power absorbed by the Lord of Frost Territory, his body seems to have recovered, but the current Li Tian is definitely not Li Tian in the best condition!

It makes sense for Li Tian to be injured in one blow!

Li Tian's expression became more solemn, and his brain quickly analyzed the strength of the blood domain master and his four blood infant domain masters, trying to find their weaknesses.

With one blow and one round, Li Tian has been forced into such a desperate situation. This is the first time Li Tian has encountered it!

Huh!

The blood domain master slashed the blood blade in his hand to the ground with a satisfied smile on his face.

"Boy, now you know the difference between the emperor and the domain master level powerhouse? Just your cultivation base, that is, you dare to fight against the ordinary domain master level powerhouses in the end of the Netherworld! If you lose 10,000 Years ago, scum like you was immediately dropped by the meeting people!" The blood domain master said with a sneer.

If you lose, you don't lose, even if Li Tian has been suppressed by the power of the blood domain master, Li Tian still has to be stronger!

"Hey, in ten thousand years, I can be killed by other domain masters. I don't know this. Just your blood domain master plus these four scarlet monsters can't help me Li Tian!" Li Tian said with a sneer.

The Blood Domain Lord laughed even more!

"Poor boy, don't you think I have spent tens of thousands of years, using my body and spiritual energy to raise these treasures to help me? Hey..."

As soon as the voice of the blood domain master fell, a **** light suddenly rose from the ground and went straight to the sky!

And Li Tian was completely covered by this blood light!

Chapter 4668: : Lingchi Blood Sea (1) (6th)

Seeing this **** light, Donggong Buchan suddenly looked at the blood domain master, but saw that the blood domain master's feet did not know when there was an extra fleshy rib.

This rib was inserted on the ground, and formed a big formation with the ribs pierced into the ground by the other four Blood Infant Domain Masters!

These five ribs all came from the blood domain master, and at this time, blood light spiritual power flashed directly back and forth on these five ribs, and there was an additional five-pointed blood light array on the ground.

"I didn't expect that the real killer of the blood domain master turned out to be this great formation. Tsk tsk, the spiritual power released from this great formation can make me, a powerful person beyond the domain master, feel lingering in my heart!"

"It seems that the blood domain master is not only conspiring to the domain master realm, maybe his big formation was originally prepared for the super domain master level powerhouse, but Li Tian, the poor child just happened to hit it!" Donggong Buchan thought.

In the distance, the powerful onlookers were completely shocked by the various dazzling skills displayed by the blood domain master.

"What is the blood domain master planning to do?"

"Idiot, don't you see that this is a big battle?"

"Array? What's the use of this? I have never heard of an array that can trap a domain master-level powerhouse!"

"First of all, Li Tian's cultivation has not reached the realm of the domain master. It is entirely possible that he will be trapped by the big formation! Second, don't underestimate the big formation. Some big formations have strong attack power!"

"Lord Dragon King, are you kidding me? In the past thousands of years, I have never heard of a large array of attacks!"

The Dragon King domain master couldn't help shook his head slightly, and said, "It seems that I have to do some simple science for your ignorance! Let you know what kind of world the Netherworld was like tens of thousands of years ago!"

"Tens of thousands of years ago, in the world of cultivators in the Netherworld, a hundred schools of thought were contending, a hundred flowers blossomed, and all kinds of cultivators emerged. You should know that there are still Confucianism practitioners in the Netherworld Academy. They cultivate Wenqi. You can improve your cultivation."

The onlookers nodded slightly, and some of the elders of the Nether Academy were no strangers to this kind of cultivation method.

The Dragon King domain master continued: "In the Nether Realm tens of thousands of years ago, there were still formations! These formations used a variety of big formations to improve their own cultivation, using the big formations to trap their opponents and kill them. So, there are many big formations that attack!"

"The four super **** families in the Nether Realm now..."

The Lord of the Dragon King said here and stopped immediately, then changed the subject and continued: "In addition to the four super **** families, there are also some mysterious families. These mysterious families may not be as powerful as the super **** families, but each mysterious family There is a strong heritage in China!"

"In the past tens of thousands of years, the inheritance of formation cultivation has not been broken. Every few hundred years, several powerful formation cultivation practitioners will be born to attack the cultivation base of the emperor's realm. It is just that for some reason, these formation cultivators have not broken. Not reaching the height of their ancestors, so for ordinary cultivators, the formation cultivators will not show up!"

As mentioned above, the Dragon King Domain Lord himself came from a very old family, and he knew more about these ancient things than ordinary powerful men, emperors, and even domain masters.

"Now I will analyze the big formation of the blood domain master. This is a big formation made up of five blood domain masters' ribs as the array material. Just now, the blood was soaking up to the sky. You can see that this big formation is the master killing. The big array..."

The Lord of the Dragon King is spreading basic knowledge to the strong, and the god-level uncle frowned. His sight is higher than that of the Dragon King Domain Lord, and he can see that this great formation is even more dangerous than the Dragon King Domain Master said!

This formation is extremely dangerous to Li Tian, and even to any domain master-level powerhouse, but for the god-level uncle, he has seen more dangerous formations than this!

If the god-level uncle wants to break through this formation, he only needs to move his finger, but he has helped Li Tian too much, and he can no longer sell to help Li Tian, otherwise...

The god-level uncle involuntarily raised his head and looked at the sky in the distance, thinking in his heart: "Is a unicorn a thing in the pool, Li Tian kid, now it's up to you to see if you can survive this level, if you survive it, your kid will fly." Soaring to the sky. In the Netherworld, no one under the super domain master will be your opponent, but if..."

...

In the big formation, the sky is red blood, endless!

Li Tian was suspended in a thick sea of blood. Although Li Tian did not sink, Li Tian's body seemed to be a lone boat in the vast ocean. The thick blood could be surging by the waves at any time. The sea is overturned!

Li Tian wants to calm him down, but he always feels eyes staring at him in this thick sea of blood. It seems that as long as he shows a trace of fatigue, the owner of that eye will swallow Li Tian like an evil monster. .

Li Tian wants to fly!

A strong man above the Venerable Level 2 can fly, but Li Tian can't fly at all. The sticky sea seems to have endless suction power, just like sucking Li Tian into this sea of blood.

calm!

Be sure to calm down!

This is an illusion!

This is just an illusion!

Li Tian kept admonishing himself in his heart.

At this moment, huh! Huh! Four figures descended from the sky of blood light, and landed lightly on the surface of the blood sea, and these four figures were the four Blood Infant Domain Lords.

Ooh!

Wow!

Li Tian didn't know what the four blood infant domain masters were expressing in this human-incomprehensible language, but after these four guys appeared, the surface of the blood sea swayed more severely, as if it were the entire blood sea. It's all boiling!

Immediately, three blood infant domain masters rushed towards Li Tian in a triangular manner!

The spirit bone blades in the hands of the three blood infant domain masters disappeared, but there was a mini version of the blood blade in their hands!

The blood blade slashed across the sea of blood and quickly slashed towards Li Tian's head!

My day!

At this time, Li Tian seemed to be sinking deep into a swamp, with only two arms exposed, there was no way to float on the sea like these blood babies.

Li Tian could only constantly wield the Heavenly Qiong Spear to resist the attacks of these Blood Infant Domain Masters!

However, in this sea of blood, Li Tian felt that these blood infant domain owners were faster and reacted faster!

Moreover, these Blood Infant Domain Lords seem to have a good mind, and they have always maintained their attack in a triangular manner. Li Tian's hand of Heavenly Qiong Spear can at most resist the attacks of two Blood Infant Domain Lords at the same time, and it will inevitably be subject to another one. Attack of the blood infant domain master.

Huh!

Huh!

Li Tian was slashed by the Mini Blood Blade in an instant on his back!

A wound that was half a foot long and half an inch deep appeared on Li Tian's back, and Li Tian let out a scream!

The blood flowed from the wound and fell into the blood sea, and the blood sea surging more and more.

Huh!

The Lord of the Blood Domain appeared on the surface of the sea of blood in front of Li Tian. His whole body was blood red, as if he had been salvaged from blood. Seeing Li Tian, the Lord of the Blood Domain showed a wild smile on his face, holding a giant blood blade high. , Severely chopped off Li Tian's head!

"Li Tian, get on the road!"

Chapter 4669: : Lingchi Blood Sea (2) (first more)

The blood blade in the hands of the blood domain master was gloomy, as if thousands of souls had been imprisoned in that blood blade, Li Tian had already felt the fear before the blood blade fell!

Huh!

Li Tianqi's whole body strength pierced the Heavenly Qiong Lance towards the blade of the blood blade.

Cang!

The spear of the sky collided with the blood blade, and a metal-like impact sounded.

Li Tian's lower body was floating in the sea of blood, and with the powerful slashing power on his back, he immediately pressed into the sea of blood!

As this powerful slashing force fell, the surface of the sea of blood was immediately cut into a gully several meters long and more than one meter deep!

However, the sea of blood is surging, and this gully disappears instantly!

Guru!

Guru!

Li Tianze has sunk into a sea of blood!

Li Tian, holding his breath, will not drown in this sea of blood yet.

But with this sticky blood, Li Tian couldn't open his eyes at all!

In this environment, Li Tian couldn't judge the danger in this sea of blood at all, let alone fight the blood domain master and his four blood infant domain masters.

At the critical juncture, Li Tian turned it over and turned out the water bead he got from the underground palace of Wangta Temple.

Li Tian didn't know whether the water bead was useful in this sea of blood, but at this time Li Tian could only use a dead horse as a living horse doctor.

Li Tian blocked the blood-stained water-repellent drop to his mouth, slightly opened his mouth, and contained the water-repellent drop in his mouth. Li Tian's movements are not unpleasant, but because Li Tian is now in a sea of blood, no matter how fast Li Tian's movements are, a small amount of dirty blood still flows into Li Tian's mouth.

Hum!

A transparent protective layer with a diameter of more than two meters appeared instantly around Li Tian's body. This transparent protective layer blocked all the blood from the protective layer.

Li Tian knelt on the ground, stretched out his hand to wipe the blood off his face, opened his eyes slightly, and saw through the protective layer that there were blood stains all around his body. At this time, Li Tian seemed to be there. Diving in a sea of blood is average.

The difference is that there is dirty blood everywhere in this sea of blood, without any creatures!

"Boy Li Tian, I have to take a look at you today. I didn't expect that if you swallowed such a big mouthful of dirty blood, you would still be able to act as if nothing had happened, tsk tsk, there are more and more men!" Sounded in Tian's mind.

The obscene **** was absolutely deliberate. When he was highly focused, Li Tian didn't realize the blood he swallowed. Now that he was being molested, Li Tian suddenly felt a strong pungent and disgusting. The smell spread in his cavity.

Moreover, the dirty blood seemed to have the effect of paralyzing Li Tian's nerves. After the dirty blood entered Li Tian's mouth, Li Tian felt his tongue numb, as if he had completely lost consciousness.

"Obscene god, **** you which pot is really not open and which pot! Can't you think of a way to deal with the Lord of the Blood Domain?" Li Tian's mouth still contains a water drop, and he can only hold back his heart. Feeling secretly nauseous.

The obscene **** seemed to have succeeded in a conspiracy. He smiled triumphantly and said, "Li Tian boy, what do you think these **** things are?"

"Stained blood? This is dirty blood, what else can it be!" Li Tian said with some dissatisfaction.

The Obscene God looked disappointed, shook his head, and sighed: "It's terrible to have no culture. Everything between heaven and earth can be described by energy, such as fruit, spiritual power, and blood!"

"Strictly speaking, the dirty blood in front of you is just another form of the spirit power of the blood domain master manifested through the great array! As long as you can understand this, it is actually too simple to deal with this dirty blood. Up!"

"Simple? Then you tell me what to do?" Li Tian asked.

"Hey, if I were you, I would have swallowed all the dirty blood without hesitation. The spiritual power contained in these dirty blood is conservatively estimated that it doesn't have to be the spiritual power of an emperor's realm. It's even possible. Reach the spiritual power possessed by the domain master realm!"

"Boy Li Tian, you think, if you swallow all the dirty blood, your spiritual power will increase, but the spiritual power of the blood domain master will weaken. One can go down and the other will change. Isn't it easy to deal with the blood domain master? "" the **** of obscenity said.

If the **** of obscenity could appear in front of Li Tian now, Li Tian would definitely not hesitate to slap the **** of obscenity!

Swallow this dirty blood? You can come up with this kind of loss trick!

This is an endless sea of blood, and I have never heard of anyone who can drink the water in the sea!

At this moment, the blood domain master and the four blood infant domain masters have also entered the blood sea!

The Lord of the Blood Territory entered the sea of blood without being affected by the sea of blood at all. This sea of blood was like his air.

Seeing the bubble-like protective layer around Li Tian's body, the blood domain master couldn't help showing a look of surprise on his face. He walked towards Li Tian slowly, a trace of greed flashed in his eyes and a sneer on his mouth, and said: " You really surprised me. I didn't expect you to be at ease in the sea of blood in my spirit pool! Since you like diving in the sea of blood so much, then I will let my blood infant domain owners play with you!"

While the Blood Territory Lord was speaking, the four little fairy-like Blood Infant Territory Lords swam to Li Tian quickly in the sea of blood.

This Spirit Pool Blood Sea is the home ground of these Blood Infant Domain Masters, and their swimming speed is actually a bit faster than that of Sailfish.

In this sea of blood, Li Tiansi had no advantage. Seeing these Blood Infant Domain Masters rushing towards him, Li Tian could only turn around and flee.

It's just that this huge protective layer around Li Tian's body greatly hindered Li Tian's swimming speed, but in a flash, the four Blood Infant Domain Masters had already rushed around Li Tian respectively.

Huh!

Huh!

Huh!

These four ***** raised the mini-blood blades in their hands against the protective layer released by the water-preventing bead, and then cut a few times.

The protective layer released by the water avoiding bead could not withstand the slash of the domain master-level powerhouse, and it was instantly shattered, and the blood poured into Li Tian, and Li Tian's eyes were again narrowed.

In a daze, the Qiong Spear in Li Tian's hands continuously pierced these blood infant domain owners!

But as mentioned earlier, the viscosity of this sea of blood can slow down Li Tian's shots, while those of the blood infant domain masters are like a fish in the water, unaffected by them!

In addition, there are four Blood Infant Domain Masters here, how many Domain Masters can Li Tian resist the attack?

Huh!

The Mini Blood Blade hit Li Tian's back again, and cut another wound on Li Tian's back.

The dirty blood penetrated into Li Tian's wound, and Li Tian instantly felt a tingling in his back, which made Li Tian forget the pain from the wound.

"Damn!" Li Tian cursed secretly.

Huh!

Huh!

It was another seven or eight swords. At this time, the water-repellent beads once again formed a small protective layer, covering Li Tian's head, so that Li Tian would not be blinded.

But facing the siege of the Blood Infant Domain Lord, even though Li Tian tried his best to avoid and counterattack, two knives fell on Li Tian's left and right arms.

The dirty blood immediately surrounded the wound. Before Li Tian could feel the pain, he was already infected by the dirty blood.

A feeling of numbness made Li Tian's arm unable to exert all his strength!

"Is Li Tian going to die here today? Damn! Obscene god, your uncle, think of a way!" Li Tian roared at the obscene god.

Chapter 4670: : God can play (2nd more)

"Idiot! Can't you escape if you can't beat it? Isn't the weapon in your hand the spear of the sky is a fire stick?" said the obscene ***** with disdain.

When death is approaching, you still pay attention to what kind of spirit, what kind of integrity, this is definitely a dead end!

Since Li Tian couldn't find a way to deal with the blood domain master for the time being, then just hide!

At least you can't die because of physical injury, arm poisoning, or lack of resistance!

At this time, if you talk about a big hero, and would rather die than surrender, then it is definitely pretending to be forced.

Huh!

Li Tian's figure disappeared instantly!

Having treated Li Tian as a desperate situation, and seeing that he could easily behead Li Tian, the Blood Domain Lord who received his head suddenly became a little messy?

"People... people? How could this ***** disappear suddenly?"

The Lord of the Blood Domain released his divine consciousness and looked for Li Tian's figure in this sea of blood. Unfortunately, he only saw the Qiong Spear of the sky that had sunk into the bottom of the sea, but Li Tian seemed to be ***** and disappeared like this.

...

The inner world of the Heavenly Spear!

It is always quiet and peaceful, and the people in the three cities lead a carefree life.

Li Tian stumblingly walked out of the Giant Stone Temple without letting Venerable Beishan follow him.

Li Tian is a loser now, and he doesn't want Venerable Beishan and others to see him embarrassed.

Huh!

Li Tian's figure disappeared from the entrance of the Giant Stone Temple again.

"Master Li Tian gets hurt from time to time?" Venerable Beishan asked suspiciously.

"I was injured! Lord Li Tian was covered in blood, and there were wounds on his back and arms, but from the point of view of the wounds, the injury was not serious, but this time the adults' opponents are all in the realm of the emperor and the domain master. The strong!" said Venerable Dongshan.

"Unfortunately, our cultivation base is still too weak to help Master Li Tian!"

"You said we should tell other adults about Li Tian's injury?"

"What we can do now is to cheer and pray for Li Tian secretly..."

...

Huh!

Li Tian teleported to the sky above the largest freshwater lake inside the Qionglance!

Then Li Tian's body became a free fall, directly descending from the sky, plunged into the cool lake water!

The lake was clear, and all the blood on Li Tian's body was washed away instantly.

A group of swimming fish was frightened by Li Tian and fled around, and disappeared without a trace in an instant.

Li Tian floated weakly on the lake, looking at the sky, feeling the washing of the wound by the lake.

The wind and the waves were calm, if it weren't for fighting in his heart, Li Tian, lying on the lake at this time, seemed to be at ease.

"You can't hide for a while. Outside of the **** sea of blood, there are god-level uncles for the time being. The safety of the dark and soft should be guaranteed, but I can't hide in this heaven forever. In the space of the spear, right? A way to deal with the blood domain master must be figured out as soon as possible!" Li Tian thought anxiously.

The obscene voice came again: "Little Li Tian, would you like to think about my plan again?"

The plan of obscene God is to let Li Tian drink the blood of the blood sea like a fool. What kind of **** plan is this **** thing, even a person with a low IQ would not do it like this!

"You can try one for me?" Li Tian said angrily.

The obscene **** said excitedly: "Is this serious? Li Tian boy, the blood in the blood is the strongest spiritual power. Don't say it, I really have a way to absorb this spiritual power!"

"God, if you have a way, why didn't you say it earlier? You see, I am beaten up like a dog in the water, how can you bear it? Now you can say, how can I absorb the blood? Do you want me to do it again? Loan your body?" Li Tian asked.

The obscene **** shook his head and said: "No need, no need, but you need to endure more pain!"

Then the obscene **** began to talk about his methods.

"Boy Li Tian, do you remember the Evergreen Sword that you got from the material elder?"

Li Tian nodded.

"I really envy your boy's **** luck. This 10,000-year-old sword is not an ordinary commodity. If I am not mistaken, this 10,000-year-old sword is also an artifact!"

"Artifact?"

Li Tian suddenly became a little faint?

"This...Is my **** luck too good? The weapon hiding from the material elders is still a divine weapon? No, it's an insult to God. I think that weapon is very ordinary, why is it a divine weapon? You don't You might be wrong!"

It's a little unhappy to molest God!

"Boy, who is the **** of the two of us? Am I still wrong? The material elder's cultivation is not weak, and he is considered a strong person in the realm of the domain master, but his ability is also capable of spurring this eternal young sword. That's it."

"Didn't you notice that even if the Evergreen Longsword is out of the hands of the material elder, the towering trees and nine giant vines that grew from the Evergreen Longsword still exist? And the material elder's cultivation base has not been lost. Long sword and suffer losses!"

Thinking about it this way, it really is true.

For now, the Evergreen Longsword is like an island suspended in the spiritual lake of Li Tian's heart, and the towering giant tree and nine giant vines still exist!

"Okay! Even if you are right, how can I absorb the sea of blood?"

Speaking of this, Li Tian suddenly thought of an unreliable way, which is to pour all the seawater in the blood sea into the space of the heavenly spear, so that even if the blood sea has more spiritual power, the heavenly spear The space is enough to fit!

But Li Tian soon overthrew this unrealistic idea.

Let's not talk about the method used to send the blood of this sea of blood into the Qiong Lance of the sky, even if there is such a method, Li Tian can't let the people in the three cities in the Qiong Liao of the sky suffer death!

"Boy Li Tian, your luck is against the sky. According to my observation and analysis, this eternal youth artifact is one of the few artifacts that can be perfectly integrated with the human body!"

"Now, you control these nine giant vines, slowly enter the veins of your body, and then control the roots of the towering giant tree into your body! Don't look at these big trees and giant vines, in fact, these things are also part of the Evergreen Sword ."

"Now, let your body merge with the Evergreen Longsword to truly achieve the unity of the human sword, you can use the power of this Evergreen Longsword. The roots of this giant tree will become your body hair, and the giant vine will interact with you. When his limbs are fused, you can absorb the spiritual power in the blood sea to your heart's content!"

"The realm of the domain master can no longer stop you, your goal is the realm of the super domain master, a demigod, a quasi-god, a god!" The more you speak, the more excited you are, the more excited you are!

Li Tian's eyes are straight!

God knows how to play!

Not to mention that, as long as Li Tian's cultivation reaches the realm of the domain master, is it not fun to kill the blood domain master?

"but....."

I rub!

Hearing these two words, Li Tian knew that there was no good fart in his belly!

"Farts!" Li Tian said dissatisfiedly.

The **** of obscenity did not have the same knowledge as Li Tian, and then said: "I'll use the words of your earth world to describe it. When you are fully integrated with the Evergreen Longsword, your body shape will change to a certain extent, and then you will no longer It's you, but the swordman!"

"Oh, I'm sorry, you may not like this word very much, maybe you can accept it more with a human-shaped sword! The most important thing is that since then, a woman has no relationship with you, and you basically bid farewell to your sexual life!"

When he thought that he had so many wives like flowers and jade, he would be a widow, and Li Tian would no longer be able to do anything ashamed, Li Tian was furious in an instant!

"Obscene god, you are a bastard! Is this a **** thing done by humans? Since the everlasting youth is an artifact that can be integrated with people, then leave you to fuse! You bitch!"

"Hey, Li Tian boy, you are still too young! Can that kind of shy thing work for a lifetime? Is the temptation to become a **** than the shy thing bigger?"

you are not a fish, how to know the joy of fish?

For any man, that kind of thing should still be quite important!

The obscene **** continued without understanding: "Besides, do you think I don't want to fuse with the evergreen artifact? It's a pity that I am not a **** human, just a meteorite! Oh, even if I can become a human form, I can't get rid of the fact that I am a meteorite!"

"The shy thing, the baby really wants to do it!"

Hearing the obscene **** claiming to be a baby, Li Tian almost vomited.

Fuck your sister!

Is it because you are not humane, so you have to turn Lao Tzu into an eunuch?

"If this method doesn't work, then you have to force it to break the formation! You have to be prepared to keep getting hurt and keep hiding in the space to heal!" said the **** of obscenity.

Li Tian let out a sigh of relief.

Damn, there are other ways!

Compared with not being able to do shy things, even if the body is injured more, what is it?

"Li Tian, have you noticed that after entering the sea of blood, the weapons in the hands of the blood infants have changed from the ribs of the blood domain master to the blood blade?" the **** of obscenity asked.

"Yes, but what does this have to do with breaking the formation?"

"Stupid boy, if I'm not wrong, the ribs in the hands of the blood infant domain owners were the key to the formation. That is to say, there are at least four ribs in this sea of blood. As long as you can find these ribs, If any blood domain master's rib is destroyed, this big formation will not break itself!"

The flames of battle started to burn in Li Tian's chest.

Break the line!

Destroy the ribs of the blood domain master!

Not for anything else, just to continue doing shameful things!

The **** of obscenity continued and said seriously: "You don't have much time, Li Tian, you have to hurry up to heal your injuries! And you have to adapt to the battle in the blood sea as soon as possible, otherwise you have not found the ribs of the blood domain master. Will be cut into pieces by the Lord of the Blood Domain and the Lord of the Blood Infant Domain!"

...

Outside the **** formation of the spirit pool of the Blood Territory Lord, the onlookers looked at the **** formation on the square of Yecheng Huangzun Mansion. In their eyes, they could only see

the blood in the great god, and the **** smell was pungent. I can't see what is going on inside the big formation.

The smile on Donggong Buchan's face grew stronger and stronger: "Hey, it seems that the **** Li Tian is completely trapped in this big formation. It's just a matter of time before death!"

At this moment, with a strong wave of spiritual power, a burly shadow appeared on the square!

"Hahaha, brother Li Tian, my old bear is here too!"
