

A Killer 4671

Chapter 4671: : Uncle leaves (3rd more)

It was Li Tian who appeared on the square of Yecheng Huangzun Mansion to bow to his eldest brother: Purple Flame Thunder Bear!

Seeing the purple flame thunder bear, the onlookers involuntarily took a breath!

Especially the domain masters among the onlookers, their cultivation base is stronger. At this time, they are a few kilometers away from the purple flame thunder bear, but they can feel the unintentional emission from the purple flame thunder bear. The powerful force that came out.

"Another super domain master exists! Tsk tsk, this guy is probably Donggong Buchan's opponent that the uncle said! But I don't know who Donggong Buchan and this guy have stronger cultivation bases!"

"The existence of the superdomain master... it turned out to be the existence of the superdomain master. I did not expect that today we would be fortunate to see the existence of two superdomain masters, as well as a god-level uncle who can kill the superdomain master. Up!"

Ziyan Thunder Bear quickly scanned the square for a week.

Those onlookers in the distance, whether they are the ninth-level of the venerable, the emperor, or the domain master, these strong are too weak in the eyes of the purple flame thunder bear, he will not look at them with his eyes.

When Ziyan Thunder Bear's gaze swept across Donggong Buchan, his disdain was reduced. Ziyan Thunder Bear could feel that Donggong Buchan's strength was not weak. A conservative estimate might be almost the same as that of the elder.

When the Ziyan Thunder Bear looked at Donggong Buchan, Donggong Buchan was also looking at Ziyan Thunder Bear.

With eyes facing each other, sparks were already shining in the eyes of the two superdomain master-level powerhouses.

Newborn calves are not afraid of tigers. Although Ziyan Thunder Bear can feel the pressure from Donggong Buchan, it hasn't been long before he broke through to the superdomain master realm. He is about to fight with a superdomain master. Yan Lei Xiong didn't pay attention to Donggong Step.

"What are you looking at? Do you want to fight?" Ziyan Thunder Bear said simply and roughly.

Buchan Donggong felt that he was bitten by a dog.

What the **** is this?

What do I think of you? Can you see Lao Tzu, can't Lao Tzu see you anymore?

"Fighting? Can I still be afraid that you will fail?" Donggong Buchan said disdainfully.

In the distance, the little hot pot on the vicious dog, Tang Xiaolong saw the purple flame thunder bear suddenly appear, as if seeing a bright light in the dark, they could also feel that the purple

flame thunder bear is much stronger than before. I can feel the strength of Ziyang Thunder Bear's cultivation base and Donggong Buchan's strength.

"Old Xiong, the little boss is trapped in the blood formation in front of you, save the little boss!" Tang Xiaolong shouted at Ziyang Thunder Bear.

Ziyang Thunder Bear knew his purpose of coming here, saving Li Tiancai was the most important thing. As for the fight, he could stay after Li Tian was rescued.

"Huh! I will rescue my Li Tian brother from the old bear, and I won't have a date with you too late!" Zi Yan said with a cold snort to Donggong Buchan with disdain.

The eyes of the purple flame thunder bear fiercely looked at the **** domain master's spirit pool blood sea formation!

As a super domain master, the purple flame thunder bear can see the key to this big formation at a glance.

"Small bugs, I want to trap my brother too!" Ziyang Thunder Bear suddenly raised his arm, and a cloud of purple lightning blasted towards one of the ribs of the spirit pool blood sea formation!

As long as the ribs are destroyed, this spirit pool blood sea formation will be broken!

Seeing that the purple lightning was about to hit the rib, Donggong Buchan instantly teleported to the front of the rib, and reached out to grab the purple lightning released by the purple flame thunder bear in his hand, lifted it up and grabbed it hard, crushing it!

"Hey, in the face of the provocation of the super domain master-level powerhouse, our Donggong Super God family will never back down! Don't you bear stuff wanting to fight? Now, let me Donggong Buchan tell you this barbaric thing, what Because there are mountains beyond the mountains, there are others outside the people!" Donggong Buchan said disdainfully.

When Donggong Buchan said these words, his body immediately released a powerful energy.

The powerful people who watched immediately felt that time had suddenly slowed down, and even the tone of Donggong Buchan's speech seemed to be lengthened.

This is the ability of the super domain master class powerhouse!

The cultivator-level powerhouse's ability is 'heavy', the venerable-level powerhouse's ability is 'instant', the domain master-level powerhouse's ability is 'domain', and the superdomain master-level powerhouse's abilities are close to supernatural powers.

Therefore, in front of the super domain master level strong river, the abilities of the domain masters, venerables, and cultivators are completely inadequate. As long as they display the super domain master level powers, their abilities can be destroyed in an instant.

The purple flame thunder bear, who is also the main depository of the super domain, immediately became angry. He roared at the sky and stretched out his finger to explain to Donggong: "If you fight, you will fight. Is your grandpa Xiong still afraid that your tortoise son will fail?"

With this roar, Donggongbuchan's ability to be displayed was destroyed by this roar, and the powerful people onlookers instantly returned to their normal state.

"Just... what happened to us just now? Why do I feel that Donggong Buchan's intonation is stretched, and Donggong Buchan's movements seem to be a lot slower?" The person named Yuan Fangqiang said in a bit of surprise.

"I...I also feel this way. Is this the ability of the super domain masters? But why do I feel that this ability seems to be very tasteless, and there is not much use? It is not as good as the domain masters of the domain. Domineering!" Another Venerable ninth-level early realm expert said.

The Lord of the Dragon King involuntarily took on the role of a popular science instructor.

"Poor boy, your current cultivation base has not yet reached the realm master realm. You naturally think that the realm of the realm master realm is the most powerful, but didn't you just discover that you can use this ability in the super realm master-level powerhouse? At the time, did all of you seem to have been used to hold the body? In your eyes, their movements are much slower, but in their eyes, you are forbidden! Who do you say is stronger! "Lord Dragon King said.

"But, doesn't the 'domain' used by the domain master-level powerhouse also have this effect?"

The Dragon King domain master did not completely veto the ninth-level powerhouse of the Venerable, and continued: "Yes, the domain master's domain has this effect, but the domain master-level powerhouse has a limited range of domains. At best, the domain can control the entire square, and it won't have any influence outside the square."

"But what about the superdomain master-level powerhouse? Just now, the entire Yecheng was within the superdomain master-level powerhouse! If Donggong Buchan wanted to kill us just now, the hundreds of powerhouses here, I'm afraid it will be in an instant My head has moved!"

Guru!

Hundreds of powerful people above the ninth level of the Venerable were frightened and swallowed at the same time. The beautiful picture is not to be wanted!

In the entire square, the only person who was not affected by Donggong Buchan's release ability was the god-level uncle. At this time, he grinned and showed rotten teeth, without the demeanor of a master.

The god-level uncle's sight moved from the spirit pool blood sea formation to the dark distance again, muttering to himself: "He is coming soon, I have to go. Li Tian boy, don't let me down..."

Before he finished speaking, the god-level uncle had disappeared!

And there are Donggong Buchan and Ziyan Thunder Bear who disappeared with the uncle of the **** level!

Chapter 4672: : Xiuyu lonely (fourth more)

What does this mean?

The god-level uncle is gone?

Donggong Buchan also left?

How did even the super fierce who just appeared on the stage go? "

The strong onlookers are a little dumbfounded!

"Don't read it, we are not qualified to watch super domain masters fighting!"

"Why...no, why? Isn't our cultivation base not high enough to allow us to look up to them?"

"Look up? The gods fight, and the mortals suffer! The battle destructive power of the super domain master-level powerhouses is extraordinary. They really fight here, the entire Yecheng will be destroyed, and we are also very likely to be affected by the fish pond. !"

"In that case, my psychology is much more comfortable! God-level uncle is really handsome! But there are still some regrets in my heart..., the battle of the super domain master-level powerhouse!"

The strong onlookers all came to watch the play. Today's battle is already exciting and lively enough. Whether they can see a more exciting play, it has little effect on them.

But Tang Xiaolong, Xiao Hotpot and others are different. They also count on Ziyang Thunder Bear to turn the tide!

"Which side of the god-level uncle is it?" Little Hot Pot asked, looking at Tang Xiaolong dumbfounded.

Tang Xiaolong said with some dissatisfaction: "How do I know that he is over there! He rescued the little boss from Donggong Buchan's men, but now the little boss is trapped in that **** formation, why didn't he take action? Help?"

"The most important thing is that the purple flame thunder bear rushed to Yecheng all the way, which hasn't played the role that he should play, why was he also taken away?"

Purple flame thunder bear, super domain master realm exists!

He is the most powerful helper of Li Tian team.

He came out after a thousand calls, but he was taken away by the god-level uncle as soon as he showed his face. This is completely the rhythm of running a dragon!

Is this pair of enthusiastic expectant audiences?

...

Yecheng Huangzun Venerable Kingdom!

A few hundred miles away from Yecheng, there are several towering peaks, which are called misty peaks!

This misty peak is called grace, but in fact it is a place where birds don't shit. The few trees are like hairs on a bare head, and they look extremely shabby.

Of course, the reason why Miao Miao Peak is called Miao Miao Peak is because it was once the place where the largest cultivation faction of the Venerable Kingdom was located.

In the eyes of ordinary non-cultivators, the Misty Sect is definitely the Daquan in Yecheng, but their head cultivation is only in the realm of cultivators.

The tree fell down and scattered!

Venerable Yecheng Huangzun's kingdom was destroyed, and the many cultivators of the Misty Sect moved and fled Yecheng Venerable's kingdom overnight, and this misty peak was also deserted.

Between the peaks, a few wooden houses stand alone!

A crescent moon hung on the top of the mountain, putting a layer of mystery on these buildings!

Huh!

God-level uncle appeared on the top of Misty Peak!

In the darkness, you can also see the god-level uncle's left and right hands each lead a person, but it is the super domain master-level powerhouse Donggong Buchan and Ziyang Thunder Bear!

Whoosh!

Whoosh!

Donggong Buchan and Ziyang Thunder Bear were thrown out like sandbags by the god-level uncle. The figures of the two strong men turned a few times in midair and landed smoothly.

Facing a god-level uncle whose strength is far better than them, Buchan Donggong and Ziyang Thunder Bear have grievances, but they dare not speak.

But their eyes have already betrayed them.

Especially the Purple Flame Thunder Bear, his eyes were full of anger and stared at the uncle of the **** level, as if to say: How powerful is it? We are also super masters, how can we do this to us!

The god-level uncle completely ignored the eyes of Donggong Buchan and Ziyang Thunder Bear.

He sat on the roof of the main hall on the top of the mountain and said with a cold expression from a high place: "I brought you here to tell you that as a superdomain master, you must have the consciousness and consciousness of a superdomain master. be magnanimous!"

"Although Ye Cheng has been abandoned, after this major event, the deeds of the powerful men's fighting spread throughout the Nether Realm, and Ye Cheng will be very lively."

"Yecheng will be the main tourist destination operated by our Chamber of Commerce in the future. If it is destroyed by you in this way, your sins will be serious!"

"Aren't you fighting? Just fight here! Maybe your battle can create a brand new tourist destination, such as Donggong Buchan falling to the ground, or the purple flame thunder bear falling to the ground!"

"Old Monster Chu, you are really a businessman!"

"It's really vulgar that you have taken advantage of the battle at the Super Domain Master Level!"

"Unbearable!"

Suddenly a voice came from the darkness, in this dark night, in this silent valley, it seemed extraordinarily abrupt!

The moment this sound came, a black shadow walked out of a thatched hut, and sat calmly on the stone bench in front of the thatched hut, slamming the fan in his hand casually.

Donggong Buchan and Ziyang Thunder Bear two super-domain master-level powerhouses involuntarily showed a trace of horror on their faces.

There are people here?

Why didn't they find it?

The god-level uncle had a calm expression and said to the black shadow: "Our Chamber of Commerce has no way to compare with the Super God Family. There are hundreds of thousands of people in the Chamber of Commerce waiting to be fed. Can I not do anything?"

Donggong Buchan has already seen clearly who the dark shadow is!

This person is no one else, but the current patriarch of the Cultivator Super God Family: Xiuyu is lonely!

What makes Donggong Buchan's ecstasy is that the strength of this lonely fish repairer is probably above the realm of the super domain master!

Based on the current performance of Xiuyu Silent Chat, Donggong Buchan fully believes that Xiuyu's lonely cultivation base can compete with the god-level uncle in front of him!

There was a hint of joy on his face involuntarily, and he walked a few steps quickly, bowed and said to Xiuyu lonely: "Donggong Buchan pays homage to the senior Xiuyu! The younger generation is ordered by the clan's grandmother to go to the Underworld to set up the senior Yuyu. , It's just that the senior fish repairman wandered all over the world and couldn't see it. I didn't expect to meet here tonight. The junior is really lucky!"

"Wandering around the world? Little Yuer, does this kid call you a bald donkey?" The god-level uncle immediately said gleefully.

"Old Monster Chu, does it have to be a bald donkey to travel around the world?" Xiuyu feintly asked.

Then Xiuyu looked at Donggong Buchan lonely, looked at him up and down a few times, and then said: "Since ancient times, heroes have been born as teenagers. As expected, the Donggong family has produced a few young talents..."

Donggong Buchan's heart immediately felt a bit proud. It seemed that La Xiuyu's solitude should have no problem as an alliance, so that he would have no worries and could fight Ziyang Thunder Bear with all his strength.

But at this moment, the cultivator's lonely voice turned and continued: "White Horse King Kong has no other abilities. The ability to face is definitely the first in the entire Nether Realm. He is right. You really show death! You don't need to fight anymore, just wipe your neck and kill yourself!"

"I wish to bet and lose! Old Monster Chu, I will take a trip for you now, and please move to the Underworld!"

"it is good!"

After that, the lonely Xiuyu and the uncle of the god-level teleported and disappeared at the same time, leaving only Donggong Buchan and Ziyang Thunder Bear in the cold wind.

"Or you can kill yourself, I thank you and your family!" Ziyang Thunder Bear untimely handed out a machete to Donggong Buchan!

Chapter 4674: : The battle of the super domain master (fifth more)

Dead face?

Wiping his neck and committing suicide?

How can this be!

Lao Tzu is the Donggong Buchan who has the strength of the super domain master!

And Lao Tzu's opponent is just a ghost beast that has just broken through to the super domain master realm!

What makes Donggong Buchan really angry is that he and the Ziyang Thunder Bear have not yet started fighting, just because of the white horse King Kong's face, Xiuyu Lonely has concluded that he will die today under Old Xiong.

This is the real insult!

Donggong Buchan's heart is full of anger. He desperately needs to prove his strength and prove that Xiuyu Jichao and White Horse King Kong are also idiots who make mistakes!

Seeing the scimitar handed by Ziyang Thunder Bear, the corner of Donggong Buchan's mouth was slightly tilted upwards, reaching out at lightning speed and grabbing the blade of the scimitar, only to see Donggong Buchan's palm with a slight force, that sharpness The incomparable blade suddenly turned into a pool of molten iron.

"Suicide? Don't be kidding! Lao Tzu is a super domain master power!"

"Smelly bear, I want to thank you Donggong step, thank you this idiot for coming here at this time!"

"Tonight, I am going to behead your dog's head, carry your dog's head to the Underworld, and visit the White Horse Super God Family, and give your dog's head as the best meeting gift to the White Horse King Kong, let his idiot know that I am going to explain it Strength!" Donggong Buchan said grimly.

Hum!

Buchan Donggong immediately released a strong coercion!

Yes, this coercion did not fall from the sky, but was released from Donggong Buchan's body!

But Donggong Buchan slammed his hand, drew the purple flame thunder bear in front of him, and punched the purple flame thunder bear!

There is no spiritual fluctuation, it looks like a simple punch!

But Ziyang Thunder Bear's eyes involuntarily showed a panic expression.

Roar!

The body of the Ziyang Thunder Bear instantly turned into a giant bear with a height of more than four or five feet. Numerous purple lightning flashed from the fur of the old bear's body, converging into a strange pattern.

Old Xiong lifted his huge paw and patted it to Donggong!

boom!

A loud bang came from Donggong Buchan's fist and Ziyen Thunder Bear's paw, and a strong force was bounced out of their fists.

This powerful force was nothing but the surplus of the two super domain master-level powerhouses, but wherever the force passed, the rock on this misty peak instantly shattered into powder.

And the huge body of Ziyen Thunder Bear flew out instantly.

boom!

boom!

boom!

The body of the purple flame thunder bear bounced on the ground several times, and several big pits were knocked out in the rock on the top of this mountain!

Ziyen Thunder Bear got up from the ground, shook his head abruptly, his eyes were bloodshot, and he stared at Donggong Buchan like a lantern.

Zichuan Yan Lei Xiong patted He Donggong Buchan's fist's paw just now, and the skin had already cracked a few holes, and blood was flowing continuously along the mouth, and the fluff on the paw was dyed red.

"Is this the strength of a superdomain master level powerhouse? My old Xiong's cultivation realm has also reached the superdomain master realm, and I have already awakened the ghost beast rune. How could I be so vulnerable? ?"

With one move, just one move, the Purple Flame Thunder Bear was already injured, which he had never expected before!

A smile appeared on Donggong Buchan's face, raised his fist and shook in front of him, and said triumphantly: "A beast is a beast, even if your cultivation level reaches the domain master and the super domain master realm, forever Can't get rid of the identity of a beast!"

Roar!

Ziyen Thunder Bear angrily shouted at Donggong Buchan.

With this roar, a purple lightning with a bowl-thickness blasted from his mouth!

At this time, the Ziyen Thunder Bear was like a laser cannon.

This purple lightning illuminates the top of the entire misty peak!

Huh!

Donggong Buchan's figure flashed, and easily escaped the purple lightning!

boom!

A mountain on the edge of the main peak of Misty Peak, after being bombarded by the purple lightning from the Purple Flame Thunder Bear, collapsed in half in an instant, and huge stones kept falling down the mountain.

The Ziyen Thunder Bear's strength is not inferior, and he cut a mountain easily!

It's a pity that I didn't hit Donggong Buchan!

Whoosh!

Donggong Buchan's legs lightly tapped on the ground, and his body was rubbed with purple lightning, rushing towards the purple flame thunder bear!

Facing Donggong Buchan, the angry Ziyang Thunder Bear did not retreat, but screamed, his limbs rushed on the ground, his claws left marks more than half a foot deep on the rock, and rushed towards Donggong Buchan!

The figures of two super domain masters met in mid-air!

There is no fancy spiritual attack, just a simple fist relative!

boom!

boom!

boom!

Donggong Buchan blasted twelve punches in succession, without exception, all of these twelve punches were blocked by the sharp claws of the purple flame thunder bear! Ziyang Thunder Bear would not stand and be beaten. When resisting Donggong Buchan's fist attack, he opened his mouth wide with purple lightning on his sharp teeth, and bit towards Donggong Buchan hard!

"A beast is a beast. Without martial arts, there is only the simplest bite!" Donggong Buchan showed a mocking expression, his body flashed one after another, avoiding the biting attack of the purple flame thunder bear.

The Ziyang Thunder Bear's big mouth bit on the ground, like an excavator, and instantly bit a rock pit with a diameter of more than three to four meters on the rock.

Those rocks were bitten into gravel, small stones in Ziyang Thunder Bear's mouth!

The purple flame thunder bear landed, but at this time he had at least three or four criss-cross wounds on his two front paws, and the blood on the front paws had already dyed the hairs red.

Tick!

Tick!

The blood kept dripping down!

"Her face? Hahaha, it's just a beast who luckily broke through to the super domain master realm. With your current strength, there is no danger to me at all!" Donggong Buchan shook his head and said.

It seems that Donggong Buchan is quite disappointed with the strength of Ziyang Thunder Bear!

"The number of Nether Beasts in the Nether Realm is probably not much smaller than that of humans, but for so many years, it is humans who have always ruled the Nether Realm! No matter what realm your cultivation reaches, you can only serve as human pets!"

"Do you know why?"

"because this!"

Donggong Buchan didn't wait for the Purple Flame Thunder Bear to answer him, raised his fist and slammed it to the ground!

boom!

There was a loud noise, and the main peak of the misty peak collapsed under the bombardment of Donggong Buchan's punch!

...

Yecheng, Huangzun Mansion Plaza!

The god-level uncle has left, and the domain masters such as Donggong Ancient Sword and Donggong Hidden Sword have once again become the strongest cultivation bases in Yecheng.

For them, Uncle Super God, Buchan Donggong, and Purple Flame Thunder Bear disappeared at the same time, which is absolutely delightful to see.

After all, the other domain masters of the Li Tianjun regiment are still in a coma, but their domain masters all retain their combat power.

The Great Emperor Zichuan looked in the direction of the vicious dog with a grinning smile: "If you can't kill Li Tian with your own hands, let me personally chop off Tang Xiaolong's head and give Yan'er your funeral!"

Chapter 4675: : Black Smoke Group shot (6th)

Emperor Zichuan was also forced to helpless!

The Great Emperor Captured Mountain was only here to help. He didn't want to offend the super **** family, but he didn't want to offend the god-level uncle.

After the appearance of the Purple Flame Thunder Bear, Emperor Qinshan completely turned into a crowd of onlookers!

The reason for this is very simple. It turns out that not only the Super God family has super domain master-level powerhouses, but the Li Tian army also has them. This allows the capture mountain domain master to choose to protect himself!

The Master of Broken Tower Domain didn't say anything, but he also deliberately or unintentionally avoided the Great Emperor Zichuan and the ancient sword of Donggong, and moved closer to the onlookers again.

You can't count on others, the Emperor Zichuan can only count on himself!

The handsome people are still sober, but the ugly people are sleeping. This is the best opportunity for Emperor Zichuan.

Once the female domain master, the dark domain master and others wake up, there is no chance for him to get revenge!

If the waste of the blood domain master is delayed, maybe even the blood domain master will suffer!

Just do it!

Huh!

Emperor Zichuan instantly teleported to the back of the vicious dog, and shouted at Tang Xiaolong: "Success to death!"

Whoosh!

A white shadow flashed past, and the Great Emperor Zichuan didn't realize where the white shadow came from. He was drawn by the white bone tail of the vicious dog, and the whole person flew out!

The back of the vicious dog is not something anyone can stand on!

The little hot pot wanted to take the initiative to invite Ying, but when he saw Emperor Zichuan, he died!

Now, only Tang Xiaolong is qualified to fight against the domain master-level powerhouse.

In the same emperor realm, Tang Xiaolong can already beat the main powers of the domain, and the small hot pot is still making soy sauce. When he thinks of this, the psychological of the small hot pot becomes even more sad!

Fortunately, when Tang Xiaolong was watching the battle just now, he had already passed the baptism of several bottles of green trees, his wounds were already healed, and his spiritual power had recovered a lot!

"Little Qingwa, help me!"

Tang Xiaolong took the little blue tile in his arms and whispered to the little blue tile. Seeing the little blue tile nodded happily, Tang Xiaolong immediately hid the little blue tile in his skin, and then pretended to be forced Yelled: "Emperor Zichuan, let Tang Xiaolong come to ask you about your tactics!"

After shouting, Tang Xiaolong jumped from the back of the vicious dog, and a teleport had already appeared in front of Emperor Zichuan.

boom!

Tang Xiaolong's iron fist slammed at the ugly face of Emperor Zichuan.

...

What is it like to find a needle in a haystack?

This question is asked by Li Tian now, and Li Tian has the most authority to answer!

A sea of blood, endless!

Want to find a few ribs in this sea of blood, this is almost the same as finding a needle in a haystack!

This is the bad idea of molesting God!

"You stupid pig, this is a big formation of the blood sea! Since it is a big formation formed with the ribs of the blood domain master, then the ribs will definitely not be in the middle of the blood sea. You swim towards the blood sea and follow the blood sea. On the coast, you can definitely find ribs!" said the **** of obscenity.

Li Tian is speechless!

Had it not been for him to come and easily hide in the Qiong Lance of the Sky, he would have been sliced into sashimi by those Blood Infant Domain Masters at this time!

What makes Li Tian feel disgusting the most is that his Heavenly Qiong Spear is now in the hands of the Blood Domain Lord!

In other words, as long as Li Tian leaves the space of the Qiong Lance of the sky, he must directly face the blood domain master and his four little monsters, the blood infant domain master!

This kind of sheep's mouth is occasionally fresh for it, but if you do too much, it is meaningless.

Especially every time he goes out, Li Tian has to be injured and come back, which is even more meaningless!

The gods are unreliable, especially the obscene gods, he doesn't even know what they are pretending to be!

Li Tian didn't want to become a eunuch, nor did he want to become a sashimi, so he could only continue to think about countermeasures and see what cards he still had not played.

But Li Tian thought for a while, but didn't think of a suitable one!

The most suitable one can only hide in the space of the Qiong Lance of this day.

"There is Void Yasha outside, and now there are god-level uncles, their safety should be guaranteed, right?"

"Our goal this time is to rescue the three sons of the Netherworld and their fathers. According to the current situation, we have successfully over-fulfilled the task! In that case, let me cultivate in this space for a few days!"

"Didn't the blood domain master refine and trap me? Then let him be trapped. Anyway, it's not my spiritual power that consumes!"

"Hahaha... I rub! Why is there so no confidence in my heart?" Li Tian found out that he was smiling fake!

The obscene ***** is active again.

"Boy, still use my method to become a swordman, oh, no, it's a human-shaped sword. The blood domain master who is guaranteed to fight you can kneel down to beg for mercy and call your father!" said the obscene god.

When Li Tian thought that there were thousands of beautiful women eagerly waiting for him to retreat, he felt that this method of insulting God became more and more abhorrent!

Suddenly, Li Tian thought that he really had a card in his hand!

"Black smoke ball! Hahaha, why did I forget this little thing?"

Heiyan Tuaner used to be a strong man who followed the Great God Death Monkey, even if his strength was poor, he was still a demigod or a quasi-god-level powerhouse after all.

When conquering the black smoke group, that little guy's strength was not enough.

But Li Tian is still very optimistic about the speed at which the black smoke group can recover!

Even the little hot pot has reached the realm of Emperor Sovereign. After so long of cultivation, this black smoke group should at least reach the realm of domain master!

The domain master can not say that he can kill the blood domain master, at least he can become Li Tian's helper.

The one who breaks the formation may really count on it!

Thinking of this, Li Tian floating in the lake couldn't help but dance with his hands.

Li Tian heard Wang Changqing talked about Black Smoke Tuaner, and he also knew the location and location of the volcanic island where the Black Smoke Tuaner was located.

Whoosh!

Li Tian flew out of the lake and continuously teleported to the volcanic island in the black smoke group.

...

In the sea of blood in the spirit pool, the anger on the face of the blood domain master is getting thicker!

He has long coveted Li Tian's Heavenly Jade Spear, but when the Heaven's Jade Spear really fell into his hands, the Heavenly Jade Spear was still under Li Tian's control. Even if the spear was in his hand, it was nothing but one It's just a big toothpick.

"Kill him! You must kill him! As for killing him, the heavenly spear can become an unowned thing, and I can hit the heavenly spear!" The blood domain master thought in his heart.

Thinking of getting the artifact of the Heavenly Qiong Spear immediately, the blood domain master seemed to have seen his hope of breaking through to the existence of the super domain master, and the anger on his face turned into a smile.

It's just that the smile didn't last long before it became angry again!

"In my spirit pool blood sea formation, it is a shame that my blood domain master and four blood infant domain masters shot at the same time, but it can still make Li Tian live to the present!"

"As long as I get this artifact, your little things are useless! Let your little things make the best use of them and die with Li Tiantong!" The blood domain master glanced over the four blood infants. The domain master thought with a sneer.

At this moment, a cloud of black smoke suddenly floated out of the Qiong Spear of this day, instantly enclosing the Blood Domain Lord and the four Blood Infant Domain Master wheels!

Chapter 4676: : Kill them

The Blood Domain Lord was shocked!

What the **** is this black smoke?

The Qiong Spear of the Sky is an artifact, how come this artifact is burning?

Although the blood domain master's guess is somewhat different from the actual situation, it is almost the same.

Thick billowing smoke continuously emerged from the Qiong Lance of the Sky, and at the moment when the black smoke wheel covered everyone, the Qiong Lance of the Sky in the hands of the master of the blood domain was like a red-hot soldering iron, all red!

The temperature of the Qiong Lance of this day has reached a thousand degrees or more in an instant. The hot temperature burned the palm of the blood domain master, making a screaming sound, and the air immediately filled with the smell of singe pig hair.

Although the blood domain master's reaction was fast enough, he condensed a cloud of blood-colored spiritual power on his palm and protected his palm, but his reaction was still half a minute slower.

A sharp pain came from the palm of the blood domain master.

The Blood Domain Lord could feel that the muscles in his palm had been roasted into coke by the red-hot spear of Heavenly Qiong. As long as you buckle it lightly, the coke will fall down, and the bones in the palm are clearly visible. !

The Blood Domain Lord is not afraid of pain!

Think about how the four blood infant domain masters came out of the blood domain master's abdominal cavity in the first place.

Besides, the Qiong Spear of this day is an artifact!

Sacred artifact, how many artifacts can there be in the two continents of the Nether Realm?

The four super **** families have artifacts, the Nether Academy has artifacts, and there may be artifacts in other ancient families.

However, no matter whose divine tool it is, it is regarded as the treasure of the town clan, and the blood domain master has no chance even if it wants to be infected.

And what about the spear of the day?

The Blood Domain Lord had already coveted as early as the battle of Ten Thousand Gods Mountain!

Now, it takes no effort to break through the iron shoes and find no place to find it. The Qiong Spear of the day is already in hand, even if the blood domain master puts this arm on, how can he let go so easily!

"Hey, Li Tian boy, have you been so poor? After hiding in the Qiong Spear of this day for so long, you came up with such a stupid way?"

"Hahaha, stupid, but really stupid! Lao Tzu is a domain master-level powerhouse, do you want to let Lao Tzu let go if you want to use this trick? Dream!"

"As long as the spear of the sky is in Lao Tzu's hands, I see how you can escape from my palm!"

This black smoke came from the Qiong Spear of the Sky, and there was only one explanation for the Blood Domain Lord in this black smoke group, and that was Li Tian, a rascal ghost.

The master of the blood domain held the blood blade in one hand and held the blood blade horizontally in front of him, and in the other hand he held the spear of the heavens, with a mocking expression at the corner of his mouth, and said: "Li Tian, if you are a man, don't hide. , Fight

dignifiedly! These little tricks can be used against the emperor-level powerhouses. They are too low-level to use against me!"

The blood domain master believed that now the Qiong Spear of the Sky is in his hands, Li Tian is like the grandson monkey in the palm of the Buddha, no matter what his ability, he can't escape his Five Finger Mountain!

Of course, the Blood Domain Lord didn't know the story of Sun Monkey and Wuzhishan either.

However, the blood domain master still thinks the problem too simple, this black smoke is not Li Tian's trick to fool people.

When the Blood Domain Master spoke, the Heavenly Qiong Spear in him became more and more red, the deeper the temperature on the Heavenly Qiong Spear, the higher the temperature on the Blood Domain Master, and the spiritual power surrounding the Blood Domain Master's palm had begun to boil!

The blood domain master finally realized the danger!

The blood domain master struggled for a while, he didn't want to let go of this artifact, but if he continued to hold on to it, his arm might really not be able to keep it!

No, Li Tian was still trapped in the **** formation of the spirit pool, he could not escape with his wings. As long as I can kill him, the Qiong Lance of this day will be mine sooner or later, there is no need to be quick!

Thinking of this, the Lord of the Blood Domain suddenly threw the Qiong Lance that day into the distance!

Whoosh!

The Qiong Spear of the sky whirled in mid-air, and the black smoke group around the Qiong Spear of the sky had already condensed into a human form when in mid-air.

No, the black smoke group is not a person, but a monkey!

This is not an ordinary monkey, I saw that the black smoke group condenses that monkey's whole body is composed of red lava, the fluff on the whole body is actually a burning flame, and his armor is billowing black smoke!

The weapon in the hands of this monkey is the crimson spear of heaven! What's even more exciting is that under the monkey's feet, there is a cloud of black smoke and lava!

"This is the black smoke group? This is the **** great saint!" Li Tian, who was suspended in the sea of blood, was completely speechless when he saw the black smoke group's changes.

At this time, Li Tian's heart was both excited and excited, and of course there was a little worship!

The young man of China in the earth world, who has not worshiped the lawless and boundless sage?

Even if Li Tian is already shining, but when he saw the appearance of the Great Sage condensed into the black smoke group, he was still excited to death, and he wanted to rush to the black smoke group to give him an autograph!

Of course, this excitement only lasted a moment.

This black smoke group is not a great saint after all!

Li Tian guessed that the black smoke group's cultivation base can reach the realm of the domain master and can transform like a ghost beast, and the reason why he chose this form is more because of his previous master, the lawless ***** monkey!

At this time, Li Tian couldn't help but want to give the black smoke group a thumbs up, and even wanted to match it with some music, making it even more powerful!

In the distance, the Blood Domain Master and his four Blood Infant Domain Masters were equally dumbfounded!

What is this?

Li Tian even hid such a...monkey in the Qiong Spear weapon of this day!

The blood domain master's eyebrows twitched slightly, and he sneered a few times and said, "Li Tian, this is your killer? Hahaha, just ten monkeys!"

"Don't say it is a monkey, even if it is ten monkeys, a hundred monkeys, even if it is a hundred thousand monkeys, I am trapped in this spirit pool blood sea formation, there is only a dead end!"

"The spear of the day is mine!"

The huge blood blade in the hands of the blood domain master waved towards Li Tian, and the four blood infant domain masters plunged into the blood sea and swam towards Li Tian quickly, while the blood domain master's feet were on the blood sea, like a dragonfly touching water. Rush to Li Tian!

Shoot people first, shoot horses, capture thieves first!

Li Tiancai is the most important key. As long as he kills Li Tian, all of this will be solved. Moreover, now that the Qiong Spear of the sky is in the hands of the monkey, Li Tian can't escape even if he wants to escape!

Li Tian suddenly felt like he was going to die!

Damn, the domain master-level powerhouse fights, and the ***** are you picking up soft persimmons?

However, this time Lao Tzu won't shrink back. If you want to hurt Lao Tzu, you must pass the black smoke group first!

Li Tian pretended to point forward: "Black smoke group, kill them for me!"

Chapter 4677: : The Power of Gods

The black smoke group's figure flashed and stood in front of Li Tian.

Majestic and imposing!

Facing the siege of the blood domain master and the four blood infant domain masters, the black smoke group snorted coldly, not taking them seriously!

Huh!

Huh!

This black smoke group played with Li Tian's Qiqiong spear of the sky as a stick of a monkey. It looked a little more handsome than when Li Tian was used as a spear!

Of course, there is a big factor in this because the Tianchi Qiong spear in the black smoke group's hands is red, as if it has been added, it looks natural and powerful, and naturally adds a lot of color to the black smoke group.

Facing the attack of the blood domain master and the four blood infant domain masters, the black smoke group did not retreat but moved forward. The figure flashed forward and fell from the sky. The spear of the sky in his hand slammed into the sea of blood!

boom!

There was a loud noise, and a piece of white heat, like an arrow, sprayed out from the spear of heaven!

The Lord of the Blood Domain who was the first to bear the brunt, when the black smoke group smashed this stick, suddenly an unprecedented fear occurred in his heart!

The domain master-level powerhouse, when danger comes, subconsciously put the blood blade in his hand in front of him.

At this moment, the white heat sprayed from the Qiong Spear of the Sky cut through the surface of the Sea of Blood, and instantly blasted in front of the Lord of the Blood Domain, hitting the blood blade heavily!

Click!

The blood blade in the hands of the blood domain master is an aura weapon blade that can withstand the full attack of the domain master-level powerhouse. At this moment, when it collided with that white phase, it was instantly blasted into the worst.

The white energy did not stop rushing towards the body of the blood domain master!

The blood domain master's face was full of unbelievable expressions, his pupils protruded like a ghost, and the blood domain master had already condensed a layer of blood mist in front of him!

This blood fog was also condensed from the spiritual power he released, like a blood-colored high wall blocking the blood domain master. And the blood master's feet lightly touched the blood mist, and the figure quickly retreated!

boom!

There is no doubt that the white gas just touched the high blood fog wall, the wall was completely collapsed, and instantly turned into water vapor and floated up.

Bai Qi continues to rush forward!

Super fast!

The Blood Domain Lord is not an idiot, he wants to teleport away from this straight line, but he finds that his teleportation cannot be displayed at all before this white air.

Between the electric light and flint, the blood domain master subconsciously blocked his arms in front of him.

Huh!

Bai Qi, who had become the end of the storm, easily cut off the arms of the blood domain master, and cut open the blood domain master's abdominal cavity, and then disappeared!

Do you think this is over?

At the moment when the white gas disappeared, the entire blood sea seemed to be boiling.

With this white line drawn on the surface of the sea of blood as the center, it splits in two instantly!

The tumbling blood-colored sea water continued to flow to both sides. In front of the black smoke group, the blood sea seemed to be cut in half by a knife, and even the blood sea bottom was exposed!

And the Blood Infant Domain Lords who were still hiding in the sea of blood and hurriedly swam towards Li Tian, instantly flew from under the surface of the sea of blood, their bodies seemed to have been blown up by explosives, ***** and bloody!

What is even more frightening is that these four little monsters have completely fainted at this time, just like dead fish jumping out of the water by a mine, without any consciousness.

Whoosh!

The black smoke group's figure flickered a few times in mid-air, and the spear of the sky in his hand slammed into the four blood infant domain masters who were still in mid-air!

The Qiong Lance of the sky was hot. At this time, the four Blood Infant Domain Masters seemed to be four pieces of rotten meat wearing iron braces, making sizzling noises, and a smell of charred in the air.

And the bodies of the four Blood Infant Domain Lords were constantly twitching on the Heavenly Qiong Lance!

dead?

The four blood infant domain masters have not died yet, but for the time being they have no ability to continue to pose a threat to Li Tian and Hei Yan Tuan!

The blood domain master is going crazy!

Who is this monkey?

I am afraid that this strength has surpassed the existence of the super domain master level powerhouse, right?

Li Tian, you bastard, you clearly hide such a killer feature, why did you take it out until now!

Lao Tzu's blood infant domain master, Lao Tzu's arms, Lao Tzu...

The blood domain master suddenly realized that the blood sea seemed to be insecure at this time. If the monkey came here again, he might die here!

"Fortunately, although this monkey is powerful, it has not broken my spirit pool blood sea formation, hahaha, as long as my blood domain master does not die, you will always be trapped in this great formation!" Thinking of this, blood The domain owner's arms that had been cut off suddenly plunged into the sea of blood and disappeared instantly!

...

After a few minutes of boiling, the sea of blood gradually returned to calm!

With little golden stars in Li Tian's eyes, he was still silent in his worship of the black smoke group!

"This is the strength of the black smoke group? Has this guy's cultivation level reached the realm of the super domain master?"

"No, I'm afraid it has reached the realm of a demigod, but this ability, I am afraid that even the uncle of the **** level will not let it go!"

"I knew that the black smoke group is so strong, I **** sent him out a long time ago, where else needs to be abused like a dog!"

Li Tiandi swam towards the black smoke group, with an idiot smile on his face, and his tone of voice to the black smoke group became a bit humble.

"Hei Yan Tuan, I really didn't expect that your cultivation is already so strong? Tsk tsk, have you reached the realm of the super domain master? How far is it from breaking through to the demigod?" Li Tian asked.

After one blow, the black smoke group has changed back to its original appearance, but his body is more clear at this time, as if it were a villain painted with ink.

Hearing Li Tian's words, the black smoke group showed a trace of embarrassment.

He released black smoke and wrapped the four Blood Infant Domain Lords wearing the Qiong Spear of the sky. As the black smoke flashed through a few lava hot pots, the four Blood Baby Domain Lords immediately made a few noises. Scream.

Some black foam fell from the black smoke. So far, the **** domain master carefully planned for a long time, and the blood infant domain master who has been raised by his body for thousands or even tens of thousands of years has fallen!

Heiyan Tuaner handed the Qiong Spear of the sky back to Li Tian, and said with a shy expression: "Master Li Tian, don't make fun of Heiyan Tuaner anymore. My current cultivation level is The realm of the domain master, although the realm of cultivation is a bit higher than yours, but the cultivation may not be as powerful as you!"

How could Li Tian believe the nonsense of the black smoke group!

"Is it interesting? Is it interesting? Just how strong your blow is, I don't need to say! Tell me how strong your current cultivation base is. Let's break through the blood formation and rush out to take the blood. The Lord, they will kill a chicken and dog!" Li Tian said excitedly.

"I am the realm of the domain master. As for the blow just now, it was because I used the gods in the Qiong Spear of the Sky! There are three drops of the gods in the Qiong Spear of the Sky, and I have already used one drop!" Er said seriously.

"God? What the hell?"

"When the cultivation base breaks through to the realm of the gods, you can use the drop-like spiritual power condensed by your natal spiritual power, which is called a god. The spear of the sky

has a total of three drops of gods. At the time, you can use the gods to display the power of the demigods!"

"and so....."

Li Tian is really dumbfounded!

Such a good opportunity to pretend to be robbed by the black smoke group!

More importantly, the black smoke group was forced to pretend, but the blood domain master escaped!

My great sage!

My god!

"Black smoke group, I choke you to death!" Li Tian's unwilling scream was floating in the blood above the sea.

Chapter 4678: : Mysterious Woman

The top of Misty Peak.

The battle of two super domain master-level powerhouses is too powerful!

At this time, the thatched cottage on the top of Misty Peak had already been bombed and disappeared, and the altitude of the entire Misty Peak was reduced by at least 100 meters because of the battle between these two powerhouses.

Of course, to be precise, this can no longer be called a battle. More accurately, it can be described as being beaten.

Now the Ziyen Thunder Bear is almost beaten into a dog by Donggong Buchan!

Donggong Buchan's attack looks very simple, and it is completely different from the fancy attack of the Purple Flame Thunder Bear!

But Ziyen Thunder Bear has no way to hurt Donggong Buchan!

At this time, Ziyen Thunder Bear knew that the strong in the super domain master realm were also divided into strengths.

If the cultivation base of the super domain master realm is compared to a talent, the old bear has a good talent, but there is no way to fully display it.

In the past, the old Xiong encountered such opponents in the dark forest. At that time, he was faster than his talent, his cultivation base, and whose reaction was faster. Although Old Xiong did not dare to say that he was the strongest in the dark forest, In the area where he was, he basically walked sideways!

However, today, the old bear is finally beaten into a dog!

But the old bear is a bear!

Even if he is beaten as a dog, he must continue to fight!

Because Old Xiong knew that if he fell, then his brothers in Yecheng would really not be able to survive!

"Grandma is a bear! If you let Lao Tzu learn martial arts, you must beat the grandson in front of you as a grandson!" While bearing the attack from Donggong Buchan, Lao Xiong found balance in his heart!

Donggong Buchan another punch, blasting the purple flame thunder bear tens of meters!

"Tsk tsk, don't you beast afraid of death? Now that I have been attacked by Lao Tzu, there is no power to fight back. Can't you obediently submit to Lao Tzu's feet and become Lao Tzu's mount?" Donggong Buchan said.

Ziyan Thunder Bear was panting heavily, and his wounds had gradually spread from his two front paws to his whole body.

There are at least hundreds of criss-cross wounds, ***** and shocking!

The old bear grinned in pain!

Hearing Donggong Buchan's words, Ziyan Thunder Bear showed a self-deprecating smile on his face, and said: "Brother Li Tian told me that you must have dreams if you don't even have dreams, what's the difference with Xianyu!"

"Since the god-level uncle, White Horse King Kong, and Xiuyu Liao said that you have a dead face, then I can only believe their words, what if their words become true?"

The corners of Donggong Buchan's mouth can't help but twitch a few times!

"I have already said that King Kong White Horse is an idiot, and the loneliness of fish repairing is even more an idiot! The face is dead? Who is the face? Hahaha, how much power do you have now? Tsk tsk, look at you now Poor dog, I can take your dog's life at any time!" Donggong Buchan said.

Ziyan Thunder Bear wanted to laugh, but he just grinned, but he pulled the wound on his bear's head, making it more painful, and Ziyan Thunder Bear's smile turned out to be uglier than crying.

Ziyan Thunder Bear shook his head and said: "My old bear is a ghost beast, then you call me a beast, I can't argue. It's just...hahaha, you keep calling me Laozi, I am a little beast, then What about you? Aren't you an old beast?"

"Hahaha, you can call yourself an old beast in the future!"

Ziyan Thunder Bear knows that he might lose today, but if you lose, you don't lose!

Since Donggong Buchan is quite a brute, he will follow the flow to satisfy Donggong Buchan's little wish!

Donggong Buchan was even more angry, pointing to the purple flame thunder bear grimly and said: "Okay...ok! Today I will let you see the side of my animal..."

Hum!

Donggong Buchan's body once again released a strong gravitational pressure. With the release of these gravity pressures, Donggong Buchan's murderous aura grew stronger and stronger!

Eastern Buchan no longer wanted to talk nonsense with the Purple Flame Thunder Bear. He was going to kill the Purple Flame Thunder Bear. He had to go to Yecheng with the head of the Purple Flame Thunder Bear, and then kill all the Li Tian army in Yecheng!

"God-level uncle? I puck! White Horse King Kong? I puck! Cultivators are lonely? I puck! Don't you all want Li Tian to survive? Hey, beasts won't be what you want!"

Donggong Buchan's body was like a ghost in the dark, and he rushed to the purple flame thunder bear in an instant!

This speed made the Purple Flame Thunder Bear feel astonished!

However, this was the first step. Donggong Buchan's feet lightly tapped on the ground again, and his body sprinted upwards, and the iron group hit the Ziyang Thunder Bear's abdomen heavily.

"The sky is falling apart!"

"Drive me!"

boom!

When Donggong Buchan's fist landed on the skin of the purple flame thunder bear, a cross-shaped wound appeared in the bear skin on the abdomen of the purple flame thunder bear. As the gravity attack on the fist increased, the cross-shaped wound quickly moved towards the four sides. Tearing in all directions.

In the beginning, the wound was only the size of an adult fist, but in a flash, the wound had reached two to three feet long, and the depth of the wound was three inches!

If it weren't for the thick skin of the purple flame thunder bear, just this punch would be able to completely blast the purple flame thunder bear's abdomen.

Ouch!

The moment Ziyang Thunder Bear felt the pain, he tried his best to retreat and evade, and patted his sharp claws toward Donggong.

However, Ziyang Thunder Bear's claws with purple lightning only hit the rocks on the ground, but Donggong Buchan teleported back dozens of meters away.

"Hey, do you feel that this time the wound is bigger and deeper than the previous one? What is it to leave some blood? I will let you see your intestines and internal organs continuously flow out of your abdomen in a while!"

Donggong Buchan smiled grimly and said, "Tsk, I'm really a beast! I'm so excited when I think of this kind of scene!" Hahaha!"

The Misty Peak was extremely quiet, and Donggong Buchan suddenly let out a hideous sly smile, which made the whole darkness feel a little bit terrifying.

However, something more terrifying happened at this time!

The dim light of the new moon was not enough to illuminate the top of the misty peak. On a huge strange stone, a mysterious woman suddenly appeared!

call! A gloomy wind blew, and the mysterious woman's long hair fluttered with her robes!

"The dignified East Palace Super God Family, it's interesting to have such a beast!" the woman said in a cold voice.

Donggong Buchan's eyes were full of horrified expressions, he subconsciously stepped back two steps, pointed at the mysterious woman, and said: "You...you...you are not already..."

The woman showed a slight smile and slowly jumped off the boulder, but she didn't touch the ground. She walked with her legs in the air, as if there was a path in the void of air!

"I...didn't die! But today you are going to die! Because you...have a deadly face!" The mysterious goddess made a palm with her right hand, and a smile appeared at the corner of her mouth.

Huh!

A piece of purple light slid across Donggongbuchan's neck like a sharp blade!

Gululu!

Donggong Buchan's head fell to the ground and rolled a few times!

puff!

A cavity of blood spurted out from his neck, as brilliant as fireworks at midnight!

Donggong Buchan, die!

Chapter 4679: : "Heaven's Falling and Earth's Cracking"

Ziyan Thunder Bear is a little confused!

What's going on?

Donggong Buchan is very powerful. The Purple Flame Thunder Bear is beaten even by a dog, but what about this time?

I lost my head!

"Is this the face of death in the legend? It seems that White Horse King Kong is not talking nonsense, Xiuyu is lonely, and the god-level uncle is not wrong, but Donggong Buchan did not die in my old bear's hands, but died in In the hands of this mysterious woman! But who is this guy?"

The purple flame thunder bear lives in the dark forest all year round. It cannot be described by the frog at the bottom of the well, but it is also ignorant!

If he knew the woman in front of him, he would have killed thousands of domain master-level powerhouses, hundreds of super domain master-level powerhouses, and injured a few thousand years ago at Wanshen Mountain. The super fierce fish of the lonely strong, it is estimated that Ziyan Thunder Bear can be scared to pee now!

Even if the Ziyan Thunder Bear didn't know who the woman was in front of him, the current Ziyan Thunder Bear was already trembling all over with just relying on the method of killing Donggong Buchan just now.

boom!

Ziyan Thunder Bear sat slumped on the ground, breathing heavily, looking at the mysterious woman in awe!

The mysterious woman didn't mean to attack Ziyang Thunder Bear. She pointed to Donggong Buchan's head, and Feng Danyun said softly: "You killed Donggong Buchan. This head is counted on your head!"

What do you mean?

Giving people a head, this kind of good thing...No, this is the rhythm of the scapegoat!

Although the old bear is a bear, he is not stupid like a bear.

On the contrary, when Lao Xiong's cultivation reached the realm of the domain master, his intelligence was already fully utilized, and he was still much smarter than ordinary people.

Now, although Donggong Buchan is dead, but behind Donggong Buchan is the entire Donggong Super God family. If this head is counted on the old Xiong himself, then the Donggong family will inevitably come to the old Xiong for trouble.

But who is Lao Xiong? He is a super domain master, even if he is beaten into a dog by Donggong Buchan, he still exists as a domain master!

If there was no such mysterious woman, he would probably be hanging here today. What happened to the mysterious woman now?

I'm so proud of me!

"Hey, although I don't know who you are, but I rushed to save me, my old bear's life is yours! You said that this head is counted in my name, then counted in my name!" Zi Yanlei Said the bear.

The mysterious woman nodded slightly and continued: "Li Tianneng has a brother like you, that is his blessing! If Kuafu and I..."

When the mysterious woman said this, a sad expression suddenly appeared on her face, but this expression also flashed by, and soon her face returned to calm.

"You... do you know who I am?" Ziyang Thunder Bear did not notice the half sentence behind the mysterious woman, but was attracted by the previous sentence and asked in surprise.

"Of course, I know that you are the Purple Flame Thunder Bear, as well as the Lord of Yin Mo Yin Niu, the Lord of Tian Gang Flame, and the Lord of Heavenly Buzzard. You are all Li Tian's brothers! Just because of Li Tian's words, You came to Yecheng at the risk. You are all Li Tian's life and death brothers! All are heroes standing upright!" said the mysterious goddess.

Ziyang Thunder Bear touched his head and said with embarrassment: "I didn't expect my old bear to be so famous in the human world, hahaha..."

With a wave of the mysterious woman's hand, Donggong Buchan's head flew lightly into the purple flame thunder bear's grasp, and then stretched out her fingers and hooked gently, and a roll of animal skin flew out of Donggong Buchan's arms.

"This is Donggong Buchan's martial arts and boxing technique "Heaven Blow and Earth Crack". This martial skill is about opening and closing, and it is suitable for you to practice! Since Donggong Buchan was killed by you, this martial skill It's up to you to handle it!"

With that, the roll of animal skin flew into the hands of Ziyang Thunder Bear lightly.

Martial arts!

Martial arts!

"Heaven's Fall and Earth"!

"Heaven's Fall and Earth"!

Ziyan Thunder Bear clasped this set of boxing animal skin rolls tightly, and it was an excitement in his heart!

Because he didn't understand martial arts, he was abused into a dog. Now that the martial art has reached the hands of his Ziyan Thunder Bear, how can he not be excited? Think about it again after he cultivates this martial art, his Ziyan Thunder Bear can also be like Donggong Buchan, lightly picking the super domain master-level powerhouse, Ziyan Thunder Bear is already excited!

boom!

At this moment, the mysterious woman's outstretched palm was clenched into a fist, and Donggongbuchan's headless corpse instantly burst into a cloud of blood.

Strong!

This mysterious woman is too strong!

I am afraid that Xiuyu is lonely, and the cultivation base of the god-level uncle is not as strong as this woman!

But who is this woman? It should not be Li Tian brother's friend!

Hey, Li Tian brothers are really suave, and there are always powerful women who stand for him!

Tsk tsk, it seems that my old bear still needs to work hard to fight for... Forget it, is it better for me to practice this martial arts to the extreme and hard to beat?

The mysterious woman could probably guess what Ziyan Thunder Bear was thinking, but Ziyan Thunder Bear smiled slightly and said: "You still have to go back to Yecheng as soon as possible with Donggong Buchan's head, and rescue Li Tianwei early!"

The Lord Yushuang Territory was beheaded, the material elders were swallowed, and Donggong Buchan was beheaded. This time the Donggong family as the super **** family was a complete failure, but as the super **** family, their background is unimaginable Donggong Buchan has no way to shake their foundation!

Donggong Buchan is the leader of the strong generation of Donggong Super God Family. Now Donggong Buchan is dead, Donggong Super God Family will know this result in an instant.

They will certainly not give up!

In order not to have many dreams at night, let the Purple Flame Thunder Bear rush to Yecheng early to save people, the flash talent is the right answer!

"Yes... Yes! I'm just..."

"Tell Li Tian, if he wants to see me, let him come to Wanshen Mountain to find me..."

Ziyan Thunder Bear's words were not finished yet, but he was interrupted by the mysterious woman's words. When Ziyan Thunder Bear looked up for the mysterious woman, the mysterious woman had disappeared, leaving only her voice still in the misty peak. Reverberating!

The purple flame thunder bear changed into a human shape. At this time, he was naked. Under the faint moonlight, he could see wounds everywhere on his body, which was shocking!

The purple flame thunder bear easily pulled out a few bottles of green trees from the space ring, and sprinkled them on his body!

These green trees are sponsored by the tree king elves. The tree king elves have no way to participate in this battle. They can only use this way to express their feelings.

Regarding this, Ziyang Thunder Bear is also welcome, almost evacuating the tree elf clan, and the tree emperor who looked at it hurts!

Ziyang Thunder Bear sent Wuji into the Space Ring again, and pulled out a suit of clothes from the Space Ring, quickly put it on, picked up a wooden stick on the ground and inserted it into Donggong Buchan's head!

"Hey, brother Li Tian and Lao Xiong are really here to save you!"

Huh!

Chapter 4680: : Break the array

Yecheng, Huangzun Mansion Square.

The Lord of the Blood Territory escaped from the spirit pool blood sea formation in embarrassment!

The blood domain master's abdominal cavity was cut open, and his arms were cut off. Even his four blood infant domain master followers didn't even take care to bring it out. It was as miserable as it looked!

Seeing the appearance of the blood domain master, the onlookers were shocked!

"What's the matter? Why did the blood domain master become so miserable?"

"What happened in this blood sea formation? How could the blood domain master lose his arm in embarrassment?"

"Is it Li Tian again? Li Ritian, this guy is going against the sky!"

"Yu Shuang Domain Master, his clone domain master, and the masked domain master, now even the Blood Domain Master and his four monster domain master followers are defeated. Li Tian is just a strong leader in the Emperor Realm. It's just that, has he reached the strength to sling the domain owner?"

"More importantly, the blood domain master was in his spirit pool blood sea formation just now, which means that Li Tian's cultivation base has been greatly restricted, and the blood domain master's cultivation base has been greatly improved. Next, still the result!"

"Li Ritian, please take my knees!"

"Now the god-level uncle, Donggong Buchan, and Li Tian's super domain master helper are not in this Yecheng Square, it depends on how the Donggong Super God family and their helpers treat Li Tian? The sky is cut into mud, so continue to follow the meaning of Donggong Step and continue to single out!"

"Come on, is this called heads-up? It's obviously a **** death! Go up one to die,...no, it's one, go up to a pair of deaths, a strong person in the realm of the domain master, who else is Li Tian's opponent!"

Although, they still don't know what happened in the blood domain master's big formation, but now these onlookers unanimously believe that Li Tian had the last laugh.

Donggong Ancient Sword and Donggong Hidden Sword glanced at each other, and they both saw a trace of panic in each other's eyes!

The two of them came here to help Lord Yu Frost Territory, but now Lord Yu Frost Territory has been beheaded.

Later, it was the material elder of the Nether Academy, but the material elder was shorter than the Lord Yu Frost. At this time, Donggong Buchan rushed to the scene and personally presided over the overall situation.

After the god-level uncle took Donggong Buchan and was taken away by the god-level uncle, the blood domain master provoked the main beam, but now even the blood domain master has been defeated, so who else can stand alone?

Donggong Ancient Sword?

He is simply not named in the Donggong Super God Family!

Donggong hidden sword?

His cultivation is only the realm of the domain master, at best it is a small follower!

Emperor Zichuan?

I was still being joked, this teaser possesses the strength of the domain master realm, but Tang Xiaolong who has dealt with the emperor realm is helpless, and has not yet decided the outcome!

The sights of the Donggong Ancient Sword and Donggong Hidden Sword quickly swept across the crowd. Both of them hoped that the two allies of the same front, the Shattered Tower Domain Master or the Great Emperor, could take the initiative and move closer to the Super God Family.

However, the Territory Broken Tower and Emperor Qinshan had no such thoughts at all. The two of them directly avoided the eyes of the Donggong Ancient Sword and the Donggong Hidden Sword, pretending to be innocent!

...

At this time, the blood domain master was almost about to collapse!

As a person who can rank among the top super powers among the masters of the Nether realm, the blood master has never put any domain master in his eyes, even if it is a female domain master, the blood domain master never placed it. In the eyes.

But now, the blood domain master is so embarrassed.

The Lord of the Blood Domain looked numbly at the onlookers. He felt a deep malice in the eyes of these strong men. He felt that these strong men were laughing at him and pitying him!

Huh!

The blood domain master teleported into the crowd in an instant, and put his foot on a powerful ninth-level early-stage master!

boom!

A mass of bloodstained spiritual power envelops the strong man at the ninth level of the nobleman. In the bloodstained spirit power, the strong man at the ninth rank of the nobleman just screamed, and then there was no movement.

This Venerable ninth-level early powerhouse was just curious to come to Yecheng to watch the show, but he did not expect to suffer such an accident.

"Hey, laugh at me? Despise me? Have mercy on me? You are worthy of rubbish? Even if all the limbs of my blood domain master are cut off, I am also a domain master-level powerhouse!" The blood domain master vomited towards this one. A mouthful of water, but a pool of blood flew out of his mouth.

The Dragon King's face was a little unhappy, and he said with a cold snort: "Blood Domain Lord, victory or defeat is a common matter for soldiers! I would like to bet. Since you have lost the battle with Li Tian, then don't hurt the innocent!"

The Blood Domain Master looked at the Dragon King Domain Master, with a mocking expression on his face involuntarily: "I can't lose, and I can't lose, I am the Blood Domain Master, a dignified Blood Domain Master!"

The eyes of the blood domain master were red. At this time, he had lost his mind, and he staggered around, seeming to fall at any time.

Seeing the appearance of the blood domain master, the onlookers of the powerful people retreated one after another, and only the emperor and the domain master-level power remained in the square.

The blood domain master looked at the blood sea formation in the spirit pool, the muscles on his face beating slightly.

"Li Tian, you killed me!"

"If it weren't for you, my blood domain master is the most powerful domain master in the Netherworld. As long as I continue to practice for thousands of years and successfully cultivate the blood infants in my body, then my body will be the spirit pool blood sea formation. It may impact the super domain master realm!"

"But..., but..., you ruined my body, you ruined my cultivation, you ruined my plan! It's over... it's all over... Hahaha!"

The blood domain master suddenly laughed, this laughter was exceptionally harsh, and it spread into people's ears, making people shiver involuntarily.

"Li Tian, I admit that you are very powerful, you are the most powerful emperor I have ever seen!"

"But how can this be? You are still trapped in my spirit pool blood sea formation. Now, I want to destroy my formation, I want to destroy you!"

"Hahaha, the final winner is still my blood domain master!" The blood domain master screamed like a wounded beast!

Tick!

Tick!

The black blood plasma dripped from the blood domain master's severed arm and slashed chest. The spiritual power in his body had begun to drift out without his control, and the smell of blood permeated.

"Go to die Li Tian! Go to die Li Tian!"

The Blood Domain Master staggered forward a few steps, came to the ribs used to arrange the big formation, and sat on the ground.

The Lord of the Blood Territory smiled grinningly, and he was muttering words in his mouth, as if he was singing an ancient mantra. With this weird singing, black blood plasma kept flowing from the corner of his mouth.

The snow-white teeth were all stained red with blood plasma, and with the grinning smile of the Blood Domain Lord, the whole picture was strange and abnormal.

Following the chanting of the Blood Domain Lord, a string of weird blood-colored words appeared on his white ribs used for array formation.

These words emerged from the bones underground, and at this time, they were spiraling upwards slowly around the bones.

"Look, what is the blood domain master doing?"

"What are you doing? The Lord of the Blood Domain is breaking the formation! It seems that he wants to be trapped in the formation of Li Tian and the blood sea formation of the Lingchi to die together!"

The faces of Donggong Ancient Sword and Donggong Hidden Sword showed a trace of relief, and both of them thought at the same time: "Blood Domain Lord, you are doing a beautiful job. Even if you die, you have to pull Li Tian as a backstop!"

Li Tian, is at stake!
